

**FROM THE  
HOPPER**

BY HOP JR.

Mr. and Mrs. Cary Joe Magness proudly display the plaque presented him Monday night by the Texico-Farwell Lions club for being chosen as the outstanding Lion of the year in the local club. The presentation was made at the clubs annual Ladies Night and officer installation Monday night, the banquet was held at the Clovis Country Club. Cary Joe served as president of the club the past year.

**Texico Business Department  
Receives Special Award**

An award of honorable mention was received here Monday by members of the Texico shorthand I and II classes and their teacher, Mrs. Fred Danforth.

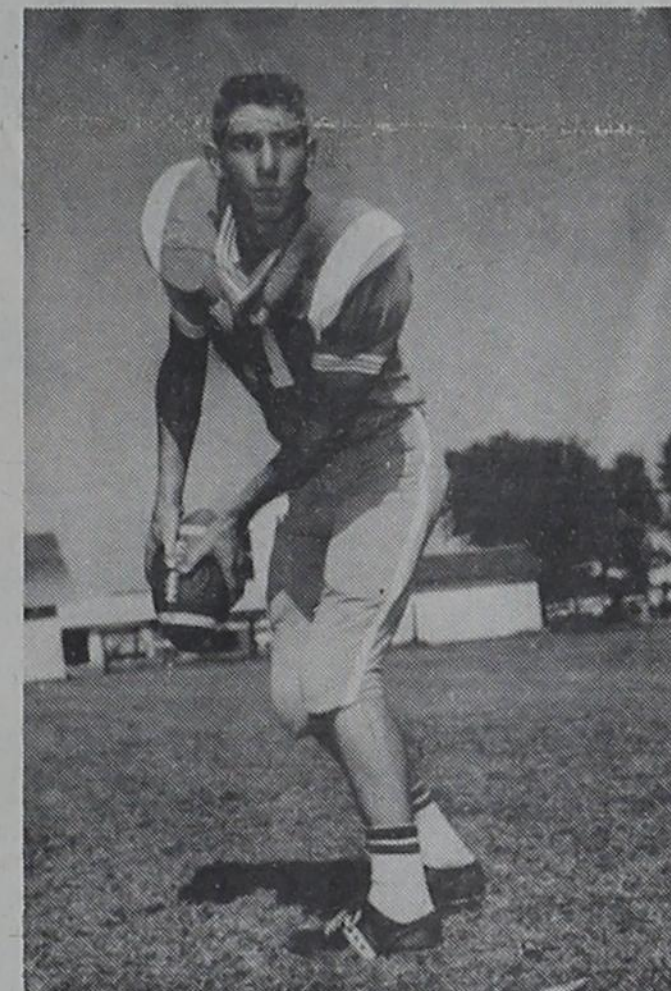

The order of Gregg Artists Certificate of honorable mention was "presented for shorthand specimens of exceptionally meritorious work in the 1961 annual shorthand writing contest. A total of 15 papers of shorthand penmanship were submitted in the 48th annual International OGA contest. These papers were graded on fluency and accuracy.

Individual specimen from Texico rating the highest was written by Sharon Thompkins and she was awarded a gold OGA pen.

This is the second year for Texico's shorthand students to submit entries in the international contest.

"Winning an excellence banner (the top award) at the State Commerce Club convention, at Highlands in April makes two special honors won by this department this year," states Mike Trower, business education club president.

Students submitting entries and receiving membership certificates along with the class honor were Donna Osborn, Leslie Winsper, Sue Martin, Jeannette Duncan, James Watts, Iwana Taylor, Betty Westberry, Amie Chandler, Barbara Raulle, Jeannene Campbell, Beverly Cassady, Patsy Widner, Beulah McDaniel, Ardella Nickaboine and Miss Thompkins.

BENJY DIAL--CARROLL HUGGINS

**Dial, Huggins Chosen  
For Greenbelt Bowl**

After years of playing together, two Farwell boys will be on opposite teams in the annual Greenbelt Bowl football game to be played in Childress on August 12.

Benjy Dial and Carroll Huggins, outstanding Farwell backs, have been selected for the classic role from a field of outstanding players in an area that covers the Texas and Oklahoma Panhandles, Western Oklahoma, the South Plains and parts of North Central Texas.

Dial, a 180 lb. quarterback, who has been named all-district the last two years, was on the second all-regional team last year, and was the second most valuable player in the Panhandle this year, will play on the East Team in the game.

Huggins, a 185 lb., halfback, was named all-district the last two years, received honorable mention at all-state last year, and also received an honorable mention All-American this year. He will be on the West Team.

Both boys have also been nominated to play in the annual Sodbuster Game, an all-star game that will be played in Amarillo sometime this summer.

Before being picked the boys all were notified of the NCAA ruling that prohibits a high school senior playing in an all-star game unless he wants to forfeit a year of college competition.

The boys either are not going to attend NCAA schools, do not care whether they are penalized when they reach college, or do not plan to play football in college, any-

**Senate Runoff Saturday**

The field is a bit smaller than it was in the first election, but Saturday is the "big day" in the special U.S. Senate race, as Texas voters go to the polls to decide on one of the two candidates in the runoff.

Polls will open at 8 a.m. and close at 7 p.m. for all Parmer County citizens who will join in choosing either William A. "Bill" Blakley or John Tower to complete the unexpired term of Lyndon Johnson.

A light turnout, considerably smaller than the record number of voters who went to the polls in the first go-around, is expected.

County political leaders haven't been too successful in stirring up much interest in

the race between the two conservative candidates, Blakley, who wears the Democratic label, and Tower, the Republican.

Through Monday, only three persons had cast absentee ballots, according to Hugh

Moseley, county clerk. Absentee voting is normally a good indication of voter interest.

Blakley is currently the interim U. S. Senator, being appointed to the position by Governor Price Daniel after Johnson resigned to become vice-president.

In the first election, which had a field of 70 candidates, Tower polled the most votes both in the county and in the state. Blakley, who was second in the state-wide balloting, was third in Parmer County with 257 votes, behind Tower's 417 and Will Wilson's 314.

Polling places and the election officials at the eight county precincts are as follows:

Black: Community Center--Mrs. Glen Roberson, Mrs.

Dick Rockey and Mrs. Ellis Tatum.

Fritona: City Hall--Clyde V. Goodwine, Hoyt Smith and Mrs. Carl Fairchild.

Bovina: American Legion Hall--Tom Rhodes, A. E. "Bud" Crump, and Mrs. Earl Richards.

Farwell: Court House--Albert Smith, J. T. Coburn and Mrs. Lexie Branscum.

Lazbuddie: School House--Roy Daniel, Cecil White, and Mrs. E. A. Parham.

Oklahoma Lane: Community Building--Harold Carpenter, Avis Carpenter and Clarence Johnson.

Rhea--Parish Hall--Melvin Sachs, Jack Patterson, and Raymond Schueler.

Lakeview--Otho Whitefield home.

**Honors,  
Awards  
Revealed**

Five Texico seniors, Jeannene Campbell, Glendon Moss, Gary Singleterry, Iwana Taylor and Patricia Patterson, members of the Texico Chapter of the National Honor Society, were presented with their gold cords and gold tassels which were worn at graduation Monday afternoon at the school honor assembly.

Leslie Winsper, another senior, was presented with a leather brief case by members of the honor society for trying his best and accomplishing a great deal although not in the honor society.

Dwight Turner, president of the student council and student body, presided at the assembly which began with the pledge to the American flag, and the invocation by Larry Richardson.

Johnny Green presented ribbons to winners in the "little" Wolverine track meet held recently at the school. The intramural meet had four divisions: first grade, second and third grades, fourth and fifth grades, and sixth and seventh grade. Ribbons were awarded to first, second and third place winners in the 25 yard dash, 50 yard dash, 75 yard dash, 100 yard dash, broad jump, high jump, softball throw and chin up.

FIFTIETH YEAR

SECTION 1

**Miss Hadley, Moss  
Named Texico Most  
Beautiful, Handsome**

Coronation of Jean Hadley as most beautiful girl and Glendon Moss as most handsome boy highlighted the annual Wolverine Variety show held Friday evening in the Texico School auditorium.

Miss Hadley, a junior, is the daughter of Mr. and Mrs. John Hadley. She is vice-president of the junior class, a member of the pep club and basketball teams, and was on the annual staff. She is also in the school chorus, and sings with the triple trio.

Moss, who is the son of Mr. and Mrs. Jim Moss, is a senior. He was salutatorian of the graduating class, a member of the National honor society, and received a letter for scholastic achievement this year. He was also recognized in the annual as Who's Who in math and English and recently received an award for outstanding work in American history.

Runners up for the honor were Sharon Thompkins and Donald Caillouet, second place; and Kenneth Murdick and Betty Westberry, third place.

Miss Hadley and Moss were crowned by Pauline Servatius, co-editor of the Wolverine, who acted as Mistress of Ceremonies for the show. She presented a bouquet of red roses to Miss Hadley, and a boutonniere to Moss.

The coronation climaxed the show which had featured songs, skits, and dances.

The 1961 Wolverine, the school annual was presented after the show, with several other honors revealed in it.

Receiving the honor of best all around student was Dwight Turner, a junior, and the son of Mr. and Mrs. Taft Turner. Turner is a varsity softball, basketball and track man, maintains an "A" average, is a member of the national honor society, president of the student council and student body, and was recognized as the student with the best personality.

Receiving the best personality honor along with Turner was Donna Kay Osborn, daughter of the O. E. Osborns.

Named most popular students in the high school were Bill Reid and Donna Kay Osborn.

Carol White was also recognized in the year book for being the 1961 homecoming queen.

Billy Hukill was named best sport, and Jeannene Campbell was DAR good citizen.

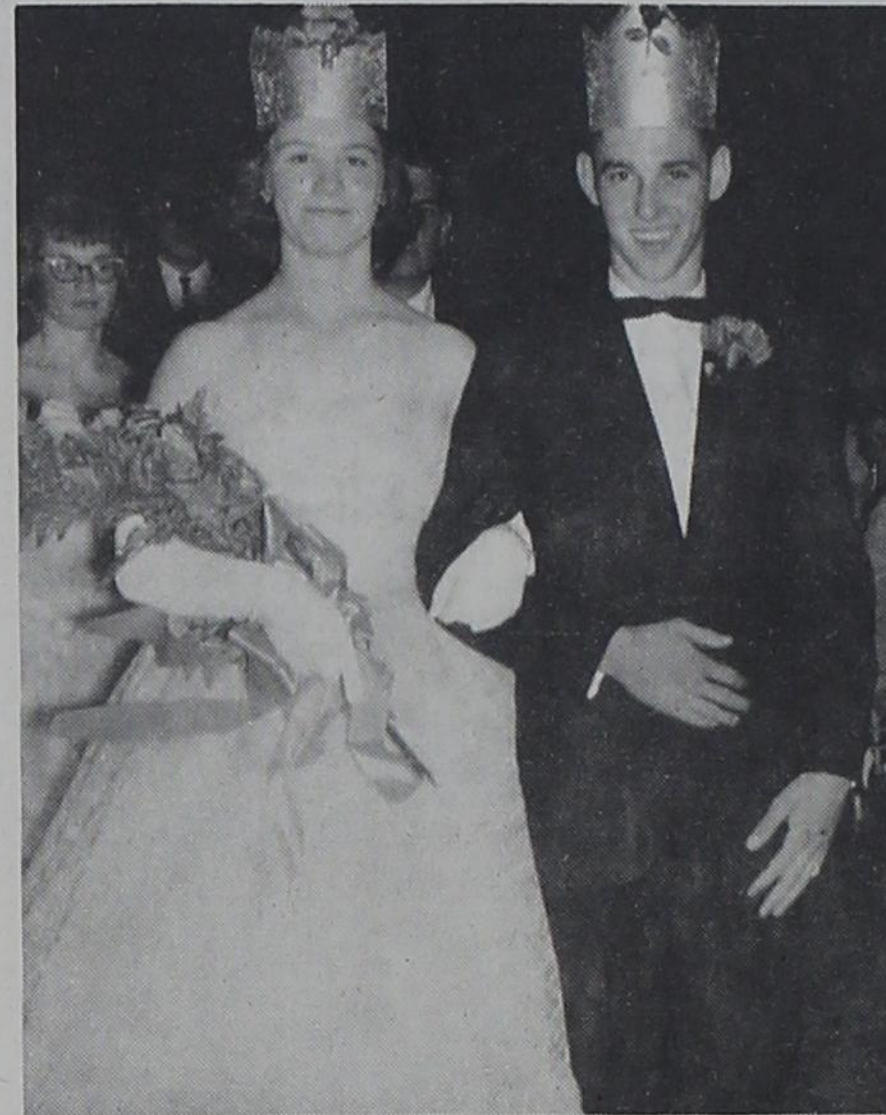

Band sweetheart, Sharon Thompkins was given a special place in the music section, and Dwight Turner and Kenneth Murdick were named best athletes.

Murdick and Patricia Patterson were pictured as basketball king and queen, and FFA sweetheart was Trudie Lambert, with Darwin McLeod as FFA Prince Charming.

Ten seniors were named to Who's Who with Lea Spears in bookkeeping, Kenneth Murdick, journalism and music; Koleta Doshier, music; Leslie Winsper, journalism; Donald Caillouet, music; Patricia Patterson, English and music; Jeannene Campbell, English and social science; Glendon Moss, English and math; Michael Trower, music and Gary Singleterry, English and music.

Making the Who's Who list from the junior class were Leon Kelley, agriculture, Kit Doran, math and English; Dwight Turner, science, math and English; Donna Osborn, shorthand; Beverly Cassady, English; Larry Richardson, math; Beth Peyton, home economics; Kenneth Chappell, Spanish; Judy Lovett, home economics and English and Ronald Watts, Spanish.

Two sophomores made Who's Who in English. They were Jean Morris and James Watts. Carol White made Who's Who

MOST BEAUTIFUL, MOST HANDSOME of Texico high school, Jean Hadley and Glendon Moss, are pictured above after being crowned at the annual Wolverine variety show Friday evening.

**Swimming Pool  
Opening Set**

Sunday, May 28, will be opening day for the New-Tex swimming pool in Texico.

Dan Truelove will be the manager of the pool this summer. The pool will open at 1 p.m. each day and will close at 8 p.m. Admission will be 25 cents for children under 12 and 40 cents for adults. Red Cross qualified lifeguards will be on duty at all times.

The pool has been repaired, cleaned and filled with water for the past several days in preparation for the pool opening.

**Benjy Dial Named  
Outstanding Senior**

Benjy Dial, son of Mrs. Clytie Dial of Farwell, received the loving cup for being the outstanding member of the graduating class at Farwell at commencement exercises Friday evening.

Dial, an all around student at the school, is a member

of the national honor society, was one of the captains of the football team, received the chamber of commerce award and outstanding football player awards at the athletic banquet, and has been a member of the

**Students Receive Awards At Farwell Honor Assembly**

Seventy-two perfect attendance awards were presented at the Farwell honor assembly Friday afternoon, with 44 grade school students, nineteen junior high students, and nine high school students receiving the awards.

A special award was presented to Jean Reed for being selected DAR good citizen. Mrs. A. D. Smith presented her with a pin and certificate for receiving the honor.

Students with high scholastic standings were presented with scholarship medals. Receiving the medals from the senior

class were Emalee Tucker, Darlene Hromas, Judy Billingsley, Tommy Wurster, Tommy Williams, Cathy Bell, Gwen Veretto, and Jean Reed.

Juniors receiving the honor were Christine Paine, Peggy White, Iris Goldsmith, Jolene Donaldson, Robert Tomlinson, and Patricia Durham.

Six sophomores, Bobby Atkinson, Barbara Bieler, Doris Donaldson, Patricia Landrum, Barry McCuan and Paula Wine-gart received medals, while five freshmen, Sherri Austin, Janice Meeks, Jane Bradshaw, Reha Lesly and Jimmy Terrell received the honor.

Junior high students, seventh and eighth graders, named were Mary Coffey, Maudie Stancell, Bruce Little, Melynda Ritchie, Delton Wilhite, Diane Lovelace, Viane Lesly, Charles Kitten, Kenneth Webb, Mikala Austin, Donna Rundell, Carolyn Blair, Jack Walker, David McDonald, Doyle Johnson, Larry Gregory, Donna Dunn, Teresa Quickel, Judy White, Johnny Atkinson, Jerry Field, Linda Phillips, Laura Gray and Ronnie Smith.

**Jerry Henson To Receive Degree**

ABILENE--Jerry Henson of Farwell has received one of the awards for highest scholastic average in the Department of Bible at Hardin-Simmons University.

Henson, 21, is the son of Mr. and Mrs. F. Clay Henson of Farwell. He is to receive his bachelor of arts degree, with major in Bible, from HSU May 29.

**Chamber To Meet**

The Farwell Chamber of Commerce will have its regular meeting on Wednesday, May 31, at 7:30 p.m. in the City Hall.

The meeting ordinarily would be Tuesday, but that is a national holiday and chamber officials scheduled the meet for Wednesday.

**Church Of Christ News**

Brother Bob Lemons of Canyon will be guest speaker Sunday, May 28 at the local Church of Christ. Brother Lemons preached for a number of years in South Dakota and for the past three years has been doing missionary work in Belgium at Brussels.

Everyone is cordially invited to attend the services and hear Brother Lemons preach.

**John McCuan To Graduate**

John Gordon McCuan, son of Mr. and Mrs. Dale McCuan of Texico, is among the 175 candidates for spring graduation at Eastern New Mexico University.

McCuan will receive a bachelor of Arts degree in education at the commencement exercises Thursday evening, June 1. Baccalaureate services are set for Wednesday evening, May 31. Both events will be at 8 p.m. in the University Stadium.

**200 Attend Dinner For Wood**

Approximately 200 persons attended the dinner held in honor of Rev. J. R. Wood at the Oklahoma Lane Methodist Church Sunday.

Persons from Amarillo, Rosedale, Earth, Slaton, Farwell, Bovina, Lubbock, Anton, Kress, Plainview and Eldorado, Colorado attended the affair to honor the pastor who is retiring in June.

Rev. Wood and his wife will move to Lubbock.

**Miss Hughes To Graduate**

Abilene (special) Jeanette Hughes, Abilene Christian College senior from Farwell, is a candidate for the Bachelor of Science in Education degree, awarded at ACC commencement exercises Monday, May 29.

Miss Hughes, who has studied in elementary education, is the daughter of Mr. and Mrs. B. V. Hughes. She graduated from Farwell high school in 1957.

At ACC, she is a member of Delta Theta, women's social club, and has been a cheerleader this past year.

A boy entered the candy store with his mother and when the proprietor handed him a piece of candy, he hurriedly popped it into his mouth.

"Well, what do you say?" his mother asked as she shook him. "Charge it," he replied.

**Area Students To Graduate At Texas Tech**

Three Area Students, Jo Ann Williams Liethen, Gerald Don Hardage and Margaret Verner McCary, are among the 900 students who will receive degrees at commencement exercises at Texas Tech, May 29.

Mrs. Liethen is a business education major, Mrs. McCary is an English major, and Hardage is a civil engineering major.

**Hot Dog Supper Set For Friday**

Members of the MYF of the Hamlin Memorial Methodist Church will sponsor a hot dog and pie supper at the church from 6 to 8:30 Friday, May 26.

Cost of the supper is 75¢ for an adult plate, and 50¢ for children under 12. Everyone is invited to attend. Proceeds will be used to defray expenses for the summer Methodist youth camp.

GERALD HARDAGE

**Gerald Hardage To Get Degree In Engineering**

Gerald Hardage, son of Mr. and Mrs. Walter Hardage former residents of Farwell who now reside in Lubbock, will receive a bachelor of science degree in civil engineering at Texas Tech commencement exercises May 29 at 8 p.m.

Baccalaureate services are Sunday, May 28 at 8 p.m. in the Lubbock coliseum with Dr. J. Chess Lovern, pastor of the First Methodist Church as guest speaker. Justice H. L. Sebring, Stetson University, St. Petersburg, Florida will give the commencement address.

Hardage and his wife plan to move to Fort Worth in June where he will be employed by Corps of Engineers. He is a graduate of Farwell High School.

The trouble with many filing systems is the stuff in them.

# Baseball-Size Hail Causes Crop Damage

Hailstones the size of baseballs wreaked havoc with several wheat fields in the southcentral and southeast parts of Parmer County during a brief storm last Thursday afternoon.

While the hail didn't cover too large an area, where it did strike farmers felt some harsh effects.

The storm extended from an area northwest of Bovina through the Oklahoma Lane

and Clay's Corner regions on in to the Lazbuddie community. Other parts of the county missed the hail, but did receive some badly needed moisture, ranging in amounts from a trace to 1 1/2 inches.

One of the farms hardest hit by the devastating hail was that of A. W. Gober in the Oklahoma Lane area. Gober had 100 acres of wheat which was a total loss.

Damage to some other farms

in the area was equally as bad, while others were hurt only slightly.

In the area around Oklahoma Lane, hailstones were reported the size of baseballs and one stone, which was picked up shortly after the storm at the Gober farm, reportedly measured nine inches in diameter.

There was also extensive damage to houses and farm buildings, and motor vehicles which were not under cover.

Two pickups at the Oklahoma Lane Farm Supply had the windshields broken and both vehicles were badly battered by the hail.

Also, the steel roof of the farm supply store was damaged. The heavy pelleting hail loosened some of the metal sheeting and left large-size dents.

There were also some fields of young cotton in the area which received the brunt of the storm, but fortunately it is still plenty early for re-planting.

It is hard to determine just how wide-spread the damage was, since the hail seemed to jumped about as it carved its path through the area. Some fields received severe damage while others just a short distance away were only slightly stripped or not hurt at all.

The storm cloud started coming up out of the northwest about midafternoon, and hit with all its fury between 4:30 and 5 p.m.

Other storm clouds the same day, and the following day, Friday, weren't quite so turbulent. Some of them brought only welcome moisture, and others started boiling up and then drifted away before unleashing any moisture on this immediate area.

Area-wide, the storm was

not considered too much of a blow to crop prospects, and some farmers were of the opinion that the region as a whole benefited more from the moisture than it was hurt by the hail.

Some of the farms which were hit by the hail, however could hardly have received a more devastating blow.

## HD Council Meets

Mrs. Ralph Price of the Black home demonstration club was elected council THDA chairman when the county HD council met Monday in the district courtroom of the courthouse in Farwell.

Mrs. Price will attend the state convention in San Angelo on August 9 and 10 along with Mrs. Vernon Symcox of the Oklahoma Lane club and Mrs. Lewis Gore of the Northside club.

During the business meeting plans were completed for the accessory and posture training workshop to be held at the Oklahoma Lane community building on June 1 at 8 p.m. The training will be open to all girls and women in the county who are interested in learning to walk, sit, and stand properly and to apply makeup and choose proper accessories for their costumes.

KING-SIZE HAIL STONES are displayed by Alan, seven year old son of Mr. and Mrs. A. W. Gober. The stones were still quite large Monday afternoon when this picture was taken, but considerably smaller than they were when being picked up following Thursday's hail storm. They were preserved in the family refrigerator. The one at right measured nine inches in diameter when it was first picked up after the storm.

## SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH  
No man lives wholly unto himself. The responsible man works for the well-being of his family, his loved ones, his community and country. By his actions, he seeks to earn the respect and friendship of his neighbors--and the blessings of the Lord. In thoughts expressed, he hopes to guide his children wisely and lend good counsel elsewhere as the opportunity appears.

The hallmark of civilized man is the concern he expresses for his fellow man. And this concern nurtures the spirit of responsible people at work on the land.

The way man manages his land affects his fellow men.

into the sky and may move it hundreds of miles in the form of giant dust storms. It abrades as it passes. It damages where it falls.

Rains falling on unprotected land collect and gather force as the water moves down hill seeking outlet in the rivers and oceans. As the gathering waters speed downward, they cut into the soil, leaving rills which widen and deepen into gullies. The unhindered waters dissolve the soil and become mud-laden rivulets and streams. Finally they deposit their burden of lifeless sediment over fertile bottomlands and over roads, in harbors and riverbeds, and almost always in a form and manner worse than useless.

The steward of the soil, by his care, would spare his neighbors near and far from the consequences of such waste.

The steward knows, as he conserves the soil, that other men and other families depend now and forever on the produce of an ever-fruitful land. He recognizes that the Earth is the Lord's and that it was placed here for the benefit of all His children. And so the steward serves God as he serves men everywhere.

IN VARIOUS STAGES of production throughout the Parmer County area this week is the grain sorghum crop, which is undergoing a vast change this year. In the picture at left, one farmer is in the process of planting his seed, and at right, another farmer is already checking a good stand. Weldon Fulgham, near Friona, is the farmer who planted his maize early (on April 10) and already has a good stand from double-row planting. Some farmers have not yet signed up for the one-year emergency government program, which calls for laying out at least 20 per cent of their previous acreage, and others are postponing some planting until a later date. At any rate, farmers are well along in planting the crop for the first time under restricted acreage. Planting is estimated to be better than half complete.

# Deadline Nears For Feed Grain Sign-Up

Parmer County producers of corn and grain sorghum were reminded this week by Prentice Mills, county ASC office manager, that next Wednesday, May 31, is the final date for signing up for the one-year emergency program.

"We are more than 75 per cent through and not too busy now," Mills says.

Mills also says that his office is now ready to start making initial payments for laid-out acreage.

If a farmer has already signed an "intention to participate" in the feed grain program, he can pick up his payment, at the ASC office, Mills says.

"If there is more than one person interested in the farm, it will be best for all of them to come at the same time, if possible," Mills points out. The ASC office manager

also announced that his office will accept applications during the month of June from farmers who plan to carry out an ap-

proved conservation practice on their farms in July, August or September, and need ACP cost-sharing.

## COUNTY 4-H NEWS

By LARRY FLOWERS  
Doyle Johnson called the club to order. Mike Camp gave the pledge. The minutes were read and approved. The club decided to meet during the summer. Our first meeting will be July 8th, at 7:30 p.m. As of yet we haven't decided where to meet. A committee was appointed to try and decide on where to meet.

Larry Flowers and Bruce Little gave a demonstration on "How to Prevent Bindweed," and Chemicals to Destroy It.

Joe Jones took the club to some fields that had some or a lot of bindweed.

## HOW U. S. SENATOR Wm. A. BLAKLEY STANDS FISCAL RESPONSIBILITY

Senator Blakley opposes continued deficit financing and increased national debt. For sound fiscal policies, balanced budget, economy in government and controlled spending. Believes government must see that a sound dollar is maintained.

## Parmer Included In Proposed Milk Marketing Agreement

Establishment of a federal marketing order to regulate milk handling on the High Plains will be considered at a public hearing in Lubbock, June 6, the U. S. Department of Agriculture announced today.

The hearing will be open at 10 a. m. in the Navajo Room, Caprock Hotel, Lubbock. It was called at the request of the North Texas Producers Association, Inc., and the Central West Texas Milk Producers' Association, which together represent more than two-thirds of the producers supplying the market. Additional proposals in regard to the proposed marketing order have been submitted by handlers.

The proposed marketing order would establish minimum prices which handlers distributing milk in the marketing area would be required to pay producers. It would not regulate retail prices.

The following 19 counties in Texas have been proposed for inclusion in the marketing area: Bailey, Castro, Cochran, Cottle, Crosby, Dickens, Floyd, Gaines, Garza, Hale, Hockley, Kent, Lamb, Lubbock, Lynn, Motley, Parmer, Terry, and Yoakum. Major cities in this area are Lubbock, Plainview, Brownfield, and Levelland.

Under Federal milk marketing orders, milk is classified by the use made of it, values are assigned for milk used in each classification, and producers are paid an average price per hundredweight based on the class values and the amount of milk used in each classification.

Proposals for a marketing order in the Lubbock-Plainview area would establish two classifications: Class I would include all milk used for bottling (fluid) purposes, and Class II would include milk used for

manufacturing or livestock feed and inventories of fluid milk products, along with a shrinkage allowance.

Proposals from both co-operative associations call for a marketwide pool, under which returns from all handlers' sales of all classes of milk would be pooled and distributed at a uniform rate per hundredweight to all producers supplying the area. Both proposals include base-excess plans for figuring uniform prices during the flush production season.

After hearing evidence on the various proposals at the public hearing, USDA may recommend

a marketing order for the area. Such a recommended order would be submitted to handlers and producers for exceptions. Any exceptions would be considered in framing a final order on which producers would be asked to express approval or disapproval. Approval of two-thirds of the producers voting would be required before USDA could put the marketing order into effect.

Copies of the notice of hearing may be obtained from the Hearing Clerk, Room 112, Administration Building, U. S. Department of Agriculture, Washington 25, D. C.

GOLDEN ACRES

TE55

Best bet on dry land

"Seems like the drier it got, the better my TE 55 liked it." That's what one grower said about this popular Golden Acres Hybrid.

Try it on dry land or irrigate if you like. It's got a strong, short stalk for real standability and easy combining. Big producer!

BOTH PREFERTILIZED

GOLDEN ACRES

TE66

Amazing record

Summer storms in South Texas? High winds in the Panhandle? TE 66 stood up to both and remained standing when fields of other brands went down.

Yields record amounts of grain too. Seed very big and very palatable to livestock. Ask your neighbor. He knows the TE 66 record.

GOLDEN ACRES

is the successful brand of hybrid grain sorghum

# For the big acreages . the McCormick No. 181

**cuts swaths up to 18 feet with inside capacity to thresh out all the grain**

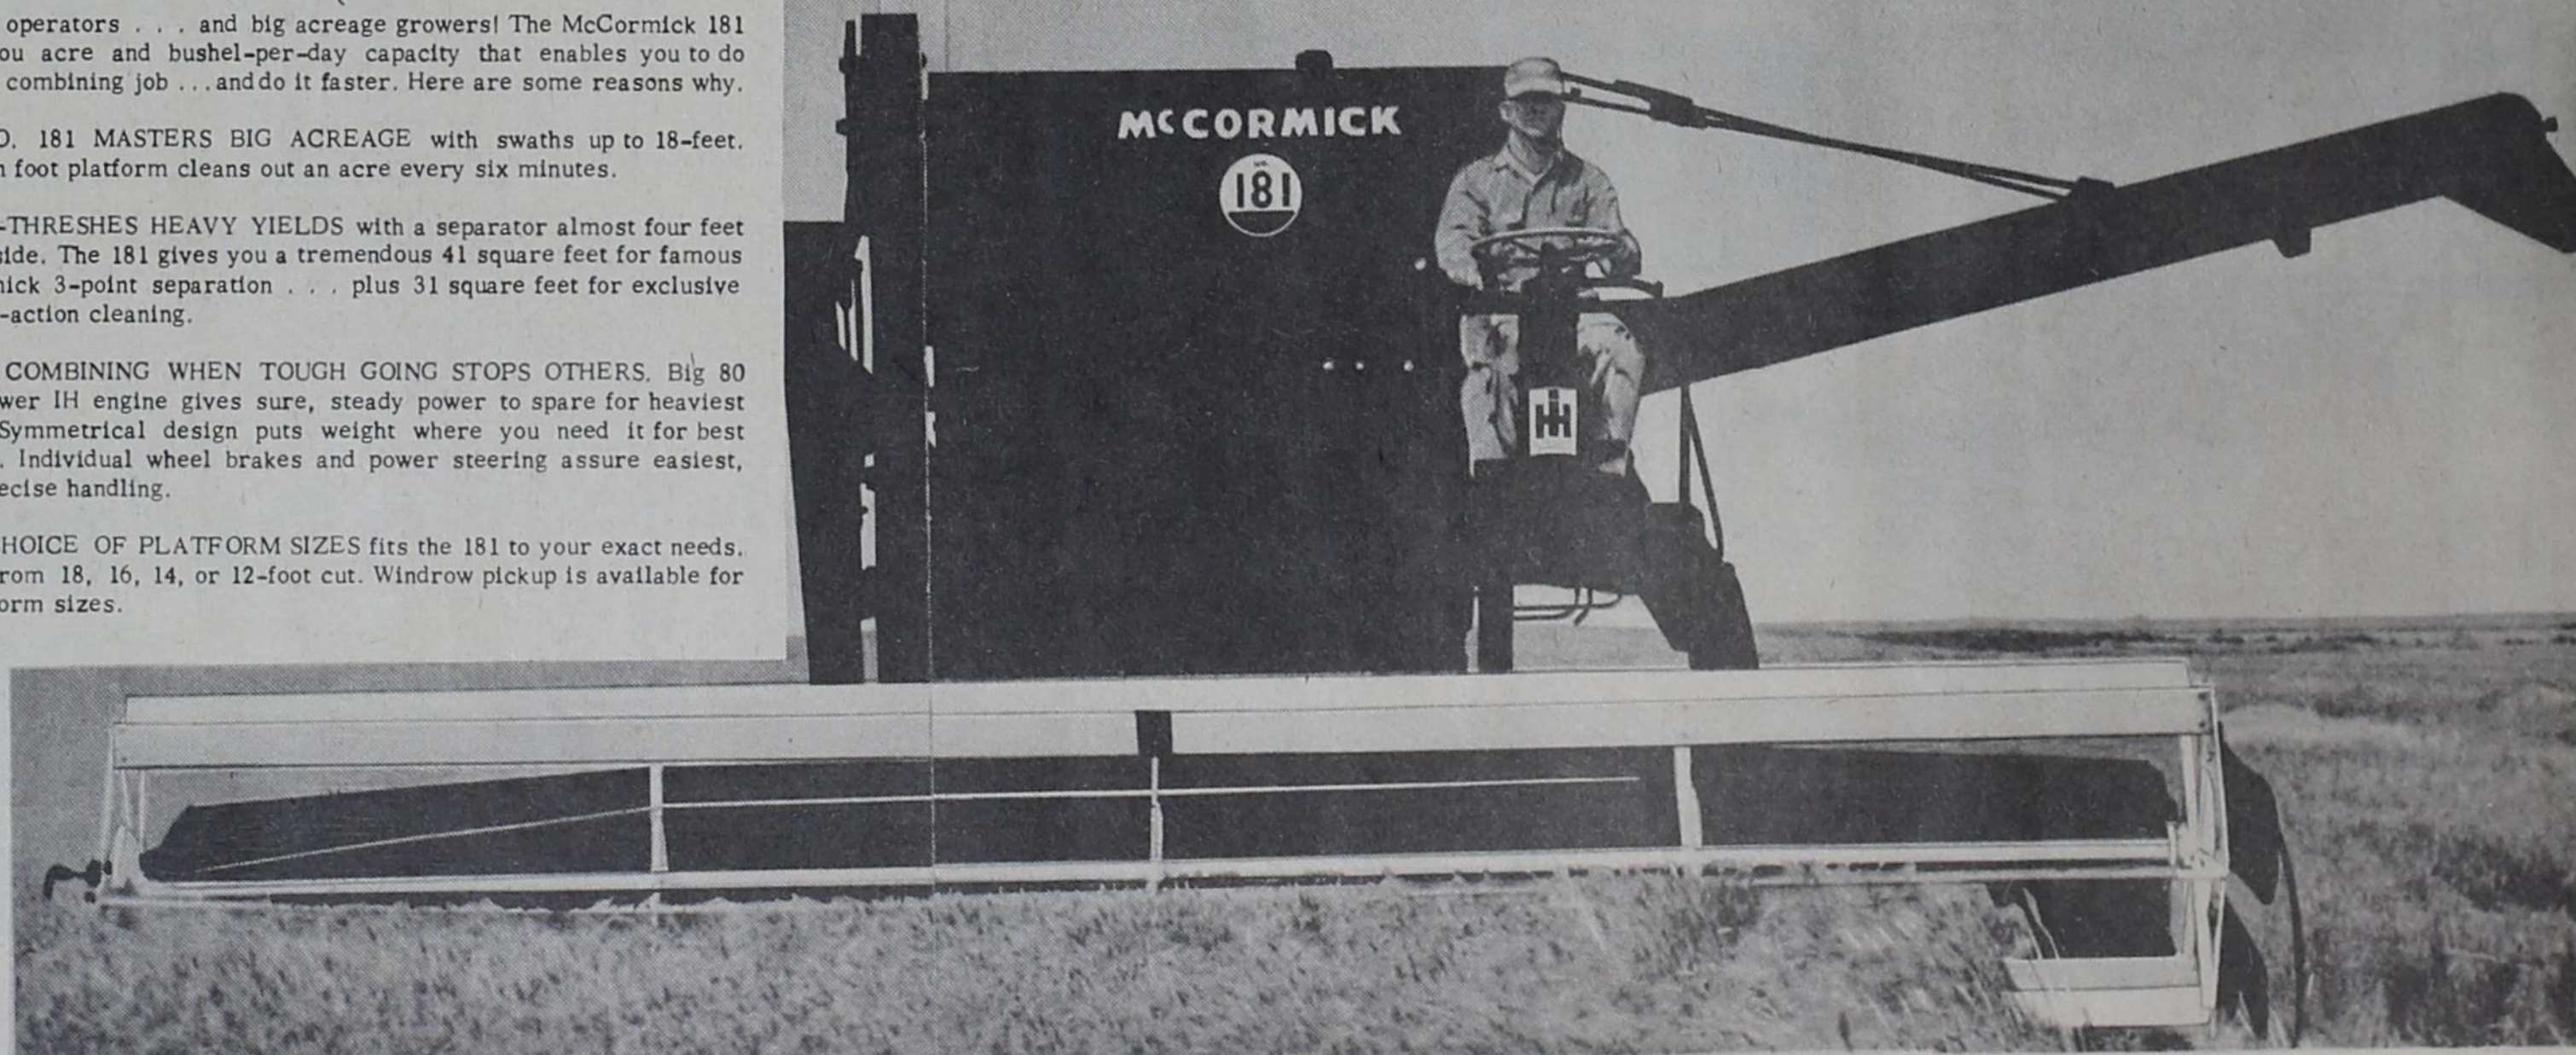

Custom operators . . . and big acreage growers! The McCormick 181 gives you acre and bushel-per-day capacity that enables you to do a better combining job . . . and do it faster. Here are some reasons why.

THE NO. 181 MASTERS BIG ACREAGE with swaths up to 18-feet. Eighteen foot platform cleans out an acre every six minutes.

CLEAN-THRESHES HEAVY YIELDS with a separator almost four feet wide inside. The 181 gives you a tremendous 41 square feet for famous McCormick 3-point separation . . . plus 31 square feet for exclusive opposed-action cleaning.

KEEPS COMBINING WHEN TOUGH GOING STOPS OTHERS. Big 80 horsepower IH engine gives sure, steady power to spare for heaviest going. Symmetrical design puts weight where you need it for best traction. Individual wheel brakes and power steering assure easiest, most precise handling.

WIDE CHOICE OF PLATFORM SIZES fits the 181 to your exact needs. Select from 18, 16, 14, or 12-foot cut. Windrow pickup is available for all platform sizes.

## County Gets Brucellosis Petition

The Texas Animal Health Commission announces the receipt of Parmer County petition for Type II Brucellosis Control.

Proclamation by the Governor No. 154 has been issued and a hearing set for July 17, 1961, at 9:30 A.M., in the office of the Texas Animal Health Commission, State Office Building, Austin, Texas.

All those in favor of or in opposition to the designation of this County as a Type II Brucellosis Control Area are invited to attend. If no opposition is presented, Parmer County will be designated as a Type II Control Area effective August 22, 1961.

As of May 16, 1961, veterinarians in Parmer County are eligible to receive free vaccine from the Animal Disease Eradication Division, Agricultural Research Service, U. S. Department of Agriculture, for use in vaccinating cattle in that County. Livestock owners should contact their veterinarians for further information concerning the vaccine.

# County Weed Control Program is On Tap

A weed control program for all interested farmers of the area is scheduled for Monday night at 8:30 in the community room of Friona State Bank. Joe Jones, Farmer County

Agent, asks that everyone interested in weed control in Farmer County, or anyone with ideas on how to rid the area of field bindweed and other noxious weeds, come out and join the discussion.

Various speakers who will appear on the program, and their topics, are as follows: J. T. Jones, chairman of the Farmer County Weed Control Committee--"Objectives of the Farmer County Weed Eradication Program."

Archie G. Martin, supervisor, Hale County Weed Control District--"Weed Control Districts, Their Operations and Effectiveness."

Joe Jones, county agent--"History and Accomplishments of the County Weed Control Program."

Roy Crawford, vocational agricultural teacher at Bovina High School--"Where Vocational Agricultural Departments Fit into the County Weed Control Program."

Ronald E. Mock, of the Santa Fe Railroad, as well as representatives of the Farmer County Commissioners Court, Bovina, Farwell and Friona city commissions, the highway department, county ASC committee, and the Soil Conservation District have been invited to report on programs of the past and their weed control programs for 1961.

## HD Agent's Notes

BY MISS ETTIE MUSIL

June is just around the corner and we shall be reading about and going to June weddings. Preparing for the big day is only one major job for the newlyweds-to-be. This is for you the couples, parents, and friends of the couples.

Ever stop to think how much money newlyweds invest in home furnishings -- especially furniture? Or how many times a costly suite or piece of furniture chosen in a hurry, turns out to be a "white elephant?"

Selection of furniture reflects taste and judgment as well as a financial investment. Do be careful in your choice of furniture as it will pay dividends in savings and satisfaction.

The keynote of today's furniture is comfort, simplicity, flexibility and usefulness. If you will be moving much, your furniture should be designed to meet the changing needs of the family. And don't forget that it should be scaled to the dimensions of today's home. Large bulky furniture just won't fit a small scale room.

Newlyweds may be confused by all the possibilities and wonder where to spend and where to save on furniture. Specialists suggest spending as heavily as budget wisely on such items as a sofa bed, spring and mattress, and lounge chair. These are necessities and long term investments. Buy good permanent storage units, such as chests of drawers which can be used anywhere in the house.

Favor open stock rather than whole suites of furniture. It is often smarter to buy separate pieces that look well together, yet have a personality of their own, than to buy two or three piece sets.

Choose design carefully. Comfort is not a matter of the size and amount of upholstery, but one of clever design. Look for graceful, simple lines and good construction. You also need to consider the care and upkeep of the furniture. Will you have to be careful constantly that it does not get scratched easily especially if the family has to move often?

Furniture should be appropriate to your way of living. The furnishings should have the same general feeling so that they will be appropriate to each other in design, texture and color. Did you know that you can assemble pieces of any period in one room? You can combine light and dark finished woods, too. Just be sure to let one period and one finish dominate.

If you need any further help in choosing furniture for the bedroom and living room do let me know. We have reference training in selecting kitchen large appliances, too. Do call on me for any choice of furniture for your home.

We could mention a few words of caution on installment buying. If used wisely, credit may be very important to a young family to permit the purchase of furnishings and equipment. But it can become dangerous. The use of too much credit will lower the level of living. Families who often use installment credit may find themselves carrying several time payment accounts at one time. Further credit in the form of a bank loan may be obtained to consolidate these debts. Interest on a bank loan is less than the carrying charges on installment purchases.

Installment credit enables an individual or family to have things now, rather than wait years until cash would be available.

**NEW ELECTRIC HOME FREEZERS AND REFRIGERATOR-FREEZERS BRING BIG SAVINGS — AND EXTRA FOOD FRESHNESS — TO SOUTHWESTERN HOMEMAKERS**

Every family can now enjoy the advantages of buying food when prices are low — or preserving home grown fruits and vegetables. The new electric home freezers or combination refrigerator-freezers make this food saving possible — save money, too. For the smaller families, the refrigerator-freezer is the answer. These combinations will provide freezer space for up to 200 pounds of food. And the real beauty of it all is that, in many of these models, you get nearly twice as much refrigerator-freezer capacity in the same amount of space that old refrigerators used. Big family or small there's a freezer for you — with big money savings.

**THE BEST REFRIGERATION — ELECTRIC, OF COURSE**

**5 PLASTIC BOWL COVERS FREE!**

That's right. Public Service customers who see a freezer or refrigerator-freezer demonstration now from their Reddy Kilowatt Dealer will receive five attractive and useful bowl covers. Get them now — while they last.

# Time To Begin Early Cotton Insect Control

Parmer County Agent Joe Jones this week advised farmers to keep a watchful eye out for thrip on the young cotton plants, and to begin early-control measures as soon as needed.

Thrip is the insect that normally causes the most widespread damage on early cot-

ton, Jones says. Heavy infestations of thrips on cotton may delay plant maturity for a few days to a few weeks.

Thrips normally cause heaviest damage from the time a plant emergence until early squaring. That's why it is important for farmers to continually check the young plants.

The first sign of thrip damage on newly-emerged cotton is wilted, wrinkled, blackened leaves and terminal growth. The number of thrips and time of occurrence varies from season to season, Jones says.

Thrip control measures should be started as soon as damage is apparent on the seedling plants. Sprays should be applied at 7-day intervals.

Farmers who want more information on early-season insect control, and recommend sprays, can pick up brochures from the county agent or most of the cotton gins in the county. The brochures, titled "Guide for Controlling Cotton Insects," were prepared by the Texas Agricultural Extension Service.

## WITH THE COUNTY AGENT

JOE JONES

When you poison THRIP it does not mean you are against THRIP, it means you are for cotton. Let me suggest you be for cotton enough that you examine it three or four times a week and know what is happening to your crop. THRIP can begin damaging seedling cotton when it emerges and some say they are finding them on the young plant under the crust. At any rate don't wait around until you are hurt before doing

something about it. Keep in mind a day lost anytime during the growing season cannot be made up. We need every day we can get.

I have checked some 1960 plantings of N. K. 37, Bermuda the past 3 weeks and found they winter killed like we had been told it would. If you plan to do any bermuda grass planting, looks like you will have to sprig midland bermuda. Bill Liston, with the Soil Conservation Service, went over one field with me and he agreed it was no good. If you want to know more about it come by or see Bill in the S.C.S. office in Friona.

Field bindweed is in full bloom and will soon have mature seed. Let me suggest you get after it now before the seed is mature. Every seed crop just prolongs the number of years it will take to rid your land of this weed. Last week several of us looked at a few of the plots Santa Fe poisoned in 1960 and found their work to be very successful. Mr. Ronald E. Mock did the job, so congratulations to him for a fine job. He also informed us he would be back soon to do clean up work around the areas treated in 1960.

I see a lot of double row seedling of grain sorghum, so let me remind you to keep the seeding rate down when using narrow rows. Experience to date indicates 7 to 10 pounds is plenty, even with narrow rows. The narrow rows give better plant spacing when the seeding rate is kept down. If the rate is increased to much the better plant spacing is off set by the extra number of plants.

Be sure and take a close look at the water use pattern for cotton in next week's Farm & Home Section. This will show you why irrigation should begin about the first white bloom and end by August 20. Plans are to include a similar water use pattern on grain sorghum soon.

Hope to see you at the Weed Control meeting in the Community Room of the Friona State Bank, Monday night, May 29, at 8:30. The County Weed Control Program will be discussed.

### NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

We know that dryland farmers are hoping for rain soon and we join these people in prayer for that rain. The winds we have had have made critical the condition of many wheat fields that held great promise two or three weeks ago.

Secretary of Agriculture Freeman has conceded that he could probably get any kind of committee he wanted for his proposed "farm committee program." This means that he would have full power in writing whatever program he wanted to give the farmer, a power never even suggested by any previous secretary.

Because we believe it is critically important that American

farmers do something right now about their future as farmers, we are quoting the following from Facts For You, prepared by Bill Wedemeyer, director of Research & Promotion for Texas Farm Bureau:

"On April 20, the farm organizations listed below met in Washington D. C. and agreed to support the general objectives of the Agricultural Act of 1961 introduced that week by Senator Allen J. Ellender and Harold Cooley (Representative.) They signed a joint statement supporting the bill. Here are the organizations referred to: American Cotton Producers' Ass'n.; American Tung Oil Ass'n.; Grain Sorghum Producers' Ass'n.; National Ass'n. of Wheat Growers; National Corn Growers' Ass'n.; National Farm Organization; National Farmer's Union; The National Grange; and Plains Cotton Growers.

If you are a member of one of these groups named above or have any influence with these organizations, you owe it to yourself and God, and country to contact them immediately and use what influence you have persuading them to remove their support from the Agricultural Act of 1961 as introduced by Senator Ellender and Representative Cooley."

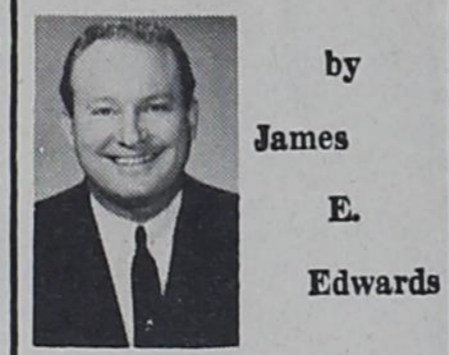

(None of the above organizations have national representation through state organizations in all states. Farm Bureau, which does have nationwide representation has consistently opposed the legislation referred to.)

Consider this: "Yea, my reins shall rejoice, when thy lips speak right things." Proverbs 23:16.

The multi-million dollars lost annually by the livestock industry because of animals being bruised is an unnecessary waste. Care in working, loading, unloading and transporting livestock will protect animals from costly bruises, reminds Lloyd Bergsma, extension livestock marketing specialist.

### FOOTSAVING EDUCATION

**Wouldn't The Going About In Stocking Feet (Which You Recommend) Cause An Awful Lot Of Colds?**

I don't recommend the back-to-nature footwork in homes that have cold floors. Where the floors are warm there is a very good likelihood that shoeless children will have fewer colds than well shod ones. A shoeless child (or adult) necessarily stands more erect and breathes more deeply than one whose posture is tilted by shoes. It is common knowledge that the oxygen of the air we breathe is one of the best germicides there is. The deeper we breathe, the more oxygen we supply to our blood stream and the more oxygen there is carried by the blood the fewer the germs that will multiply to cause the cold.
