Texans To Vote On Amendments

Voter interest is running extremely low in the upcoming Texas special election to vote on three proposed constitutional amendments. Tuesday, Nov. 6, is election day and according to Bonnie Warren, county clerk, only one absentee ballot had been requested since absentee voting began October 17.

Polls will be open from 7 a.m. to 7 p.m. and Farwell voters will cast their ballots in the county courtroom. Judge for the election will be Mrs. Albert Smith with Mrs. Billie Blain serving as clerk.

Below are brief explanations of the proposed amendments:

Amendment number one on the ballot, if adopted, would change the term of office for notaries public from two years to four years. It would also allow notaries to apply directly to the secretary of state for appointment instead of applying through the county clerks.

The reasoning for this bill, according to its supporters, is that extending the term and appointing for the state and not the county will reduce government personnel and reduce costs to both the notary and

the government by reducing renewals and reappointments.

Opponents say the convenience and personal contact that is found in county clerks' offices would be lost if the secretary of state took over all responsibility for appointing and reappointing notaries public. They also fear an increase of state control over a function that has been handled successfully at the local level.

Amendment number two on the ballot, if passed, would establish legislative review of the state-agency rule making process through committees of

either or both houses of the legislature.

Proponents of this amendment suggest that more responsive state government will be achieved with the close and constant supervision of the state. They also say that the rule making authority was given to the state agencies by the legislature, so it should be able to review agency rules which have the same effect as laws.

Adversaries of the second proposed amendment say it is an infringement upon the (Continued on Page 2)

Two Kinds Of White

The new owners of Oklahoma Lane Gin, Inc., Mr. and Mrs. Wayne Smith and Keith, pose with the first bale of cotton ginned at their facility while Tuesday afternoon's snow swirled around them. Their first cotton was harvested

from the farm of James Sides in the Oklahoma Lane community. The cotton had been stripped on the afternoon of October 29 and was ginned that night. Smith said that the cotton had received some early

hail damage and that it had matured very early making it ready for harvest at this date. The two bales, which weighed a total of some 970 pounds, were harvested from less than two acres, Smith said.

Oct. 29 --

Oklahoma Lane Gin Gets First Cotton

The first cotton reported ginned in the area for 1979 was at the Oklahoma Lane Gin, Inc., east of Farwell who ginned its first two bales Monday, Oct. 29.

New owners of the gin, Wayne and Carole Smith, were pleased to report a 24 percent turnout of the two bales ginned from the farm of James Sides in the Oklahoma Lane community.

The cotton was stripped about 2 p.m. Monday and was

ginned later that night, Smith said, adding that the bales averaged about 490 pounds. Sides received a premium for having the first 1979 bale ginned at the Oklahoma Lane facility. The cotton was from GSA 71 seed and the two bales were stripped from less than two acres of land, according to Smith.

The gin owner said the cotton had received some early hail damage causing it to mature a bit early, thus

making it ready for early harvesting.

Mr. and Mrs. Smith are newcomers to the Farwell-Oklahoma Lane area, having moved here from Albuquerque only a few weeks ago. They purchased the gin facility from Floyd and Wanda Coates.

The Smiths have two sons, Mike who is a 17-year-old senior at Farwell High and ten and one-half year old Keith who attends Farwell Elementary.

Rites Held Tuesday For Billy Dollar

Funeral services for Billy Gene Dollar, 50, of Farwell were conducted Tuesday afternoon, Oct. 30, at the First Baptist Church of Farwell with Mort Cross officiating.

Burial was in the Oklahoma Lane Cemetery with Steed-Todd Funeral Home of Clovis in charge.

Mr. Dollar, a long time resident of the Farwell area, died Sunday in Muleshoe following an illness of several months.

He was born October 15, 1929, in Purcell, Okla., and moved with his family to Oklahoma Lane in 1936. He

was married to Reta Rundell in 1948 at Oklahoma Lane and moved to Farwell that same year.

Mr. Dollar is survived by his wife Reta of the home; three sons, Dennis of the home; Bruce of Stratford, Tex., and Warlick of Graham, Tex.; two daughters, Mrs. Polly Miller of Rockhill, S.C., and Natalie Dollar of San Angelo; his parents, Mr. and Mrs. W.H. Dollar of Farwell; two brothers, Bob Dollar of Farwell and Buell Dollar of Burnet, Tex.; one sister, Mrs. Betty Sue Shavor of Paducah, Tex.; and four grandchildren. Pallbearers at the final rites

were John Lovelace, Pete Fulcher, Marlon Inman, W.O. Chadwick, Walter Kaltwasser and Billy McClenney.

No School At Farwell Nov. 9

Farwell students will enjoy a holiday from classes on Friday, Nov. 9, while the faculty has an in-service day.

Classes will resume at the regular time on Monday, Nov. 12.

Farwell Council --

Approves Fire Chief; Receives New Audit

In the regular meeting of Farwell City Council this week councilmen met with Joe White and R.T. Langston on matters concerning the Farwell Volunteer Fire Department.

White had recently been elected by the department as new fire chief and he met with the council to get its approval of this election. The council passed a motion to appoint White as chief.

In other matters White and Langston questioned procedures they were to take in order to have work done on the fire trucks and equipment. The council informed the men that as long as the work was something that must be done the firemen were to make arrangements for it. However, they did stipulate that if anything very extensive and costly was to be done the council would like to be informed beforehand.

The purchase of a pager system that has been in question between the fire

department and council was brought up, but since the council had previously ruled to table any action on the matter for six months, no action was taken.

The councilmen went into executive session with City Auditors Jim Berry and Mark Ryburn to discuss the audit they had done and to discuss recommendations the auditors had for the city.

Executive session was also held with city employees

Charles, Berl and John Johnson concerning personnel matters.

City Water Superintendent Dee Hammit appeared before the council to request funding to attend a water school to be held in Lubbock on November 6, 7 and 8. The council gave its vote of approval.

In other action the council voted to purchase a seven-foot tractor blade from Farwell Farm Supply and to buy a

culvert from Bob Thurman. Hammit requested permission to install a pop-up sprinkler system in the city park and pointed out the (Continued on Page 2)

Texico United Way Reaches \$1134 Mark

Mrs. Dardanella Helton, chairman of the United Way Campaign drive in Texico, reports that although the goal for this year was not reached, a total of \$1134 has been collected to date.

The local chairman expressed appreciation to community

residents for their support in the United Way efforts and added that anyone who has not made a donation and would like to do so may call her at 481-3222.

Mrs. Helton says, "Thanks to you it works, the United Way."

Eubank, Lonsdale Crowned At Farwell Homecoming

Gina Eubank, daughter of Mr. and Mrs. J.W. Eubank, and Max Lonsdale, son of Mr.

and Mrs. Eugene Lonsdale, were crowned Farwell Homecoming Royalty of 1979 in

ceremonies last Friday at Farwell High School gymnasium.

Last year's queen, Karyn Elaine, daughter of Mrs. Billie Blain, crowned Lonsdale and presented him a plaque of a football helmet in blue and white. The 1978 senior football king candidate Kayle Watts, son of Mina Sheets of Farwell and Billy Watts of Lubbock, crowned the new queen. She was presented a bouquet of red roses.

The queen and her attendants wore silver and rhinestone tiaras presented to them by the football players and each attendant received a long stem red rose and a gold neck chain from the players. The male candidates each received football plaques in Steer blue and white from the cheerleaders.

Also vying for the title of queen and serving in the royal court were Karen Magness, daughter of Mr. and Mrs. Ted Magness; Robin Vinton, daughter of Mr. and Mrs. Robert Vinton; Dondra Gerles, daughter of Mr. and Mrs. Don Gerles; and Tammy Obenshain, daughter of Mr. and Mrs. Harlin Obenshain.

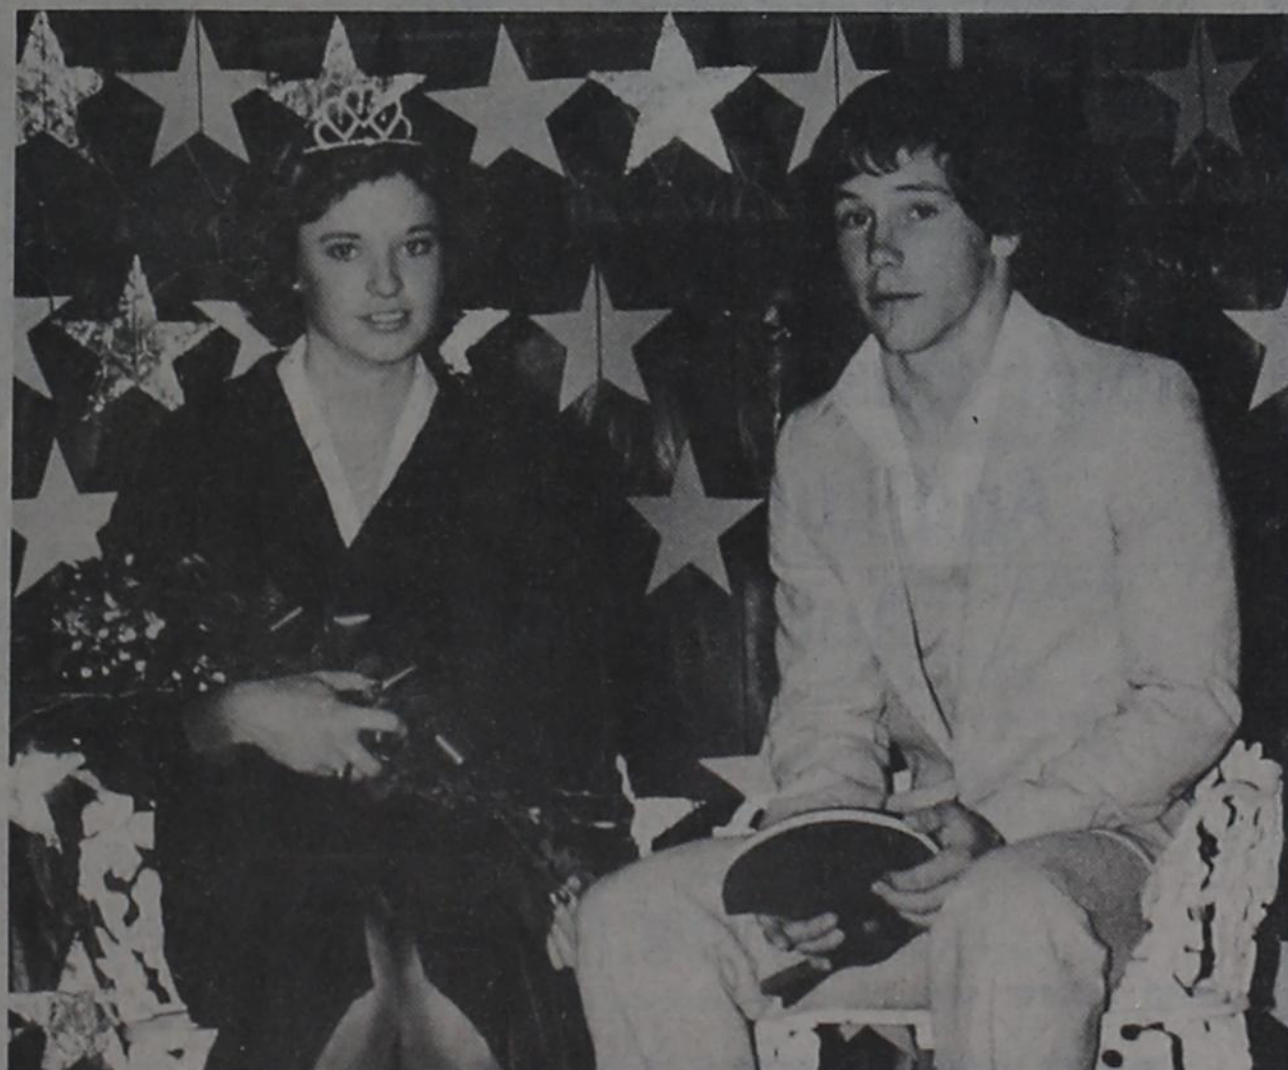

King candidates were Byron Mayfield, son of Mr. and Mrs. Billy Mayfield; Alex Paez, son of Mr. and Mrs. Rafael Paez; Willie Martin, son of Mr. and Mrs. Bill Martin; and David Daniel, son of Mr. and Mrs. Luciano Daniel.

The candidates were introduced at the beginning of the

pep rally and coronation ceremony took place near the close of the activities.

Football Mom And Dad

Farwell Steers football team started a new homecoming tradition this year by electing a Football Mom and Dad from the school faculty. The team members selected those persons they felt had contributed most to the team throughout

the football season. Named to receive this year's honors were Pat Owen and Willie Roberts. They were presented footballs autographed by the Steers. The presentations were made at Friday's homecoming pep rally.

URELY
ERSONAL

by John

Harold Runnels has long been one of our favorite Congressmen. We take this opportunity to reprint this praise of Harold. We lifted it from the Lovington Leader and will leave the opening paragraph of Hop Graham's column intact for your information.

"Melba Hamby has called our attention to a column written by Otis Pike of the Newhouse News Service. None of the Newhouse newspapers circulate in the New Mexico area (this was clipped from Birmingham) but the column will be of interest to our readers:

WASHINGTON - There was a story on "60 Minutes" Sunday about the debacle which our strategic oil reserve policy has become. Our current policy, you may recall, is to pump oil out of the naval petroleum reserves which we have had since Teddy Roosevelt's day and use it to drive our cars, yachts, jets and snowmobiles.

To assuage our consciences, our policy also is to pump a lot of other oil into some large empty holes in the ground in Louisiana and Texas.

As if this nonsense weren't laughable enough in concept, the bills are now coming in and the details are hilarious if you're too weary to weep. A program scheduled to cost \$6 billion two years ago is at \$40 billion and climbing. The oil isn't there - and if it were, the pumps to get it out aren't there anyway.

I hereby offer the administration some free advice - put Harold "Mud" Runnels in charge. The administration will ignore the advice. Harold Runnels, you see, would make a miserable bureaucrat. He hates shuffling papers - doesn't even like reading them much. Besides, he's probably on the administration's computerized hit list.

"Mud" Runnels is a congressman from the state of New Mexico - allegedly a Democrat, although the White House would argue about that. He votes with the Democrats on large issues - like electing the speaker of the House - and votes with the Republicans on the tiny ones - like the budget and defense spending.

In a Congress replete with the possessors of great inherited wealth on one hand and Boy Scouts who have never had any income except at the public will on the other, Harold is unique. He has a lot of money, but earned it the hard way.

He drives a Model A Ford to remind him of where he came from and a Continental Mark V to remind him of where he is. A magazine called New Times once listed him as one of the "10 dumbest congressmen" in America. I'd put him in charge of our strategic petroleum reserve because he knows as much about oil as anyone in America and more than anyone in Congress. You should be so dumb.

New Times confused intelligence with education, a common failing of liberal publications. Congressman Runnels' formal education ended in 1942 when he graduated from Woodrow Wilson High School in Dallas County, Texas. He decided to make his fame and fortune in Washington, D.C. His first entry was not auspicious.

In a voice rough enough to polish diamonds, he explains, "My daddy loaned me the money for the bus ticket and the \$3 for my leather strap suitcase. I stayed at the Raleigh Hotel and my first night there I got kicked out of the lobby because I didn't have a jacket. It was the first night I'd ever been away from home."

Fame and fortune became a job as a clerk-typist with the FBI, from which he was liberated by World War II and the Army Air Corps. After the war, disappointed by Washington, he settled in Magnolia. (Continued on Page 2)

prevents blowouts and carries the cuttings up to the surface. A barrel of good mud costs more than a barrel of oil and Harold provides it to Texaco, Mobil - all the big ones. He has grossed well over \$1 million providing the mud for just one well.

"Jimmy Downs was the smartest man I ever knew and he only finished third grade," says Harold. Harold sold the five theaters and left Magnolia, for the oil patch in Lea County, N.M., known to geologists as the heart of the Permian Basin.

"The good Lord and his country been so good to me I can't hardly stand it," says Harold. New Times magazine went broke last year. And the people of New Mexico for the first time in history sent a representative back to Congress without opposition.

Harold got into the mud business "by nickels and dimes." Mud, more delicately called drilling fluid, must be pumped down to the drilling bits. It lubricates, cools,

Winners of floats in the Homecoming parade held Thursday were announced. The senior class float won first place, FTA won second place, and junior high won third place and a special recognition ribbon for their float.

During halftime ceremonies the 1979 Homecoming Queen and her court were presented. The girls were escorted across the field by their fathers after being driven around in antique cars loaned by Mr. and Mrs. Orie Jones of Farwell. Also presented were three former Homecoming Queens, Jeanette Ford, 1959; Joann Johnson, 1960; and Melody Sheets, 1970.

Pat Owen provided the welcome and introduced all the candidates. She and Coach Randy Adrian announced the Queen and King.

In non-school entries, the Farwell Booster Club float won first, Hughes Auto Parts won second, and Acteens of First Baptist Church of Farwell won third.

land abuse by land speculators. To be eligible for a loan guarantee, the applicant must be a U.S. citizen and a Texas resident for five years, have a net worth of less than \$100,000, excluding the value of his residential homestead, intend to use the land for farming or ranching purposes, and have the necessary education and training in the type of farming and ranching they wish to pursue.

The third and final amendment up for vote on the November 6 ballot will establish a guaranteed loan program for the purchase of farm and ranch land by persons at the entry-level of agriculture.

Supporters of this amendment believe it will aid rural and urban trade by increasing the number of family-type farms and ranches, which have decreased by 50 percent since 1940.

This program will aid persons who otherwise would be unable to meet the high price of agricultural land and the extremely high down payment on such land. Loan guarantees will be issued to qualified borrowers through the sale of \$10 million in general obligation bonds of the State of Texas.

Opponents feel that a state-guaranteed loan program in which the state assumes the risk of default interferes with the traditionally free market place and is an unreasonable assumption of risk without tangible benefits to the state.

The program is to insure the revitalization of family farms and ranches and to prevent

Ford Forges Ahead In Football Race

Doyle Ford correctly predicted the outcome of 10 games in last week's football guessing race and forged into first place, edging Mrs. E.A. Key who has held sole possession of

that spot for two weeks and was joint owner the week prior to that.

Mrs. Key now shares second place with Champ Porter and Dale Sikes.

Young Sikes also predicted 10 games correctly last week, but was 20 points off the tiebreaker to put him in second place for the weekly standing. Ford was off only 10 on the tiebreaker.

Third place weekly money went to Mark Cole who also guessed 10 right, but missed the tiebreaker by 42 points. They were the only three persons to score 10 points.

In a week that saw lots of scores of five and six by the predictors, only six persons called as many as nine games

properly, including Rocky Ford, Rhonda Kirkland, Alma Lingnau, Delbert Lingnau, Eugene Mathis and Jim Walker.

In third place overall this week with 62 points are Jack Allan Kirkland and his mom, Sue Kirkland. Jack Kirkland is sole owner of fourth place with 61 points while Reba Kirkland, Tim Lusk, Donnie McDonald and Jerry Roddam share fifth place with 60 points each.

Games seemingly giving the prognosticators the most problems this week were the

Vega-Kress showdown, Friona vs. Morton tilt, the Arkansas-Houston and the Viking-Tampa Bay games.

Four weeks remain in the contest with each week's predictions growing more complicated as teams get down to the "nitty-gritty" of their seasons and more upsets loom in the making.

Remember that your entry must be postmarked on Friday to be eligible for that week's scoring. Or, entries may be brought to the Tribune office by 5 p.m. Friday.

Chamber Hears Banquet Report

Attendance was low at the regular meeting of the Farwell Chamber of Commerce Tuesday noon. Reports on progress of getting a speaker for the annual Chamber Banquet were given. It was reported that several prospective speakers had been contacted but that no definite decisions or arrangements had been made.

Pudge Rose reported that Dr. William Lewis who is serving an internship in Philadelphia had been to Farwell and seemed to be very interested in possibly taking up practice here when he finishes his internship next July. Rose

also reported that he had the opportunity to talk to several Muleshoe doctors who expressed their pleasure of having Dr. Kermit Coy Little practicing psychology in the area.

An announcement of the upcoming Muleshoe 20th Annual Christmas Parade was made and the Farwell Chamber expressed a desire to have Border Town Days Queen, Kelly Dobbs, to represent Texico-Farwell in it. Kelly was contacted and expressed her willingness to participate. The parade is to be held December 1.

Questions

Often Asked

About Your Eyes

Q: I dread trying to select a new eyeglass frame since I cannot see how I look with my eyeglasses off. Is there anything new that can help this?

A: Yes, there is. Many have this same problem and up to now there has not been a satisfactory solution. Mirrors that magnify help a little for some. Clip-on lenses which approximate the patients prescription have been tried, but this only distracts from the new frame.

In our office, we have solved the problem by using closed circuit television ... one of those electronic wonders.

Q: How does it work?

A: The patient tries on a new style frame and a TV camera records their picture in a closeup shot on video tape. Several different styles of frames may be tried on and recorded in full color. The patient then puts their old eyeglasses on and the video tape is played back instantly on a TV monitor where the patient can see themselves and make a selection best suited to their facial characteristics and needs.

Q: That sounds good ... how successful has it been?

A: We have had it only a few months, but so far it has been very successful and our patients have been very enthusiastic about it.

Q: Is it true that some frames look good on some faces and the same frame is not flattering at all to another facial type?

A: Yes. This is why we have so many styles of frames from which to choose. Our frame stylists continue to study facial characteristics in order to help the patient select a frame that will accentuate their good features and play down any features which are not so good. Closed circuit TV has been a great help to our frame stylists as well as to our patients. They can literally demonstrate to the patient which frame looks best and why.

Q: Do other offices have closed circuit TV in their displaying area?

A: To our knowledge, there is only one other office in this area which has closed circuit TV. Eventually many more will be installed, but right now it is a new idea.

First For Ford

Doyle Ford, left, received first prize check of \$7.50 and congratulations from Tom Nichols of Security State Bank, one of the contest sponsors, in last week's area merchants football contest. Doyle made 10 correct predictions as did second and third place win-

ners, Dale Sikes and Mark Cole, but his 10 points off the tiebreaker brought him into first place. Sikes was 20 points off the tiebreaker and Cole was 42 points off. This week's win also put Ford in the lead of the overall contest with 64 points.

116 New Cases Of Rabies Reported In September

Rabid bats continued to increase during September to pose another threat to humans as the 1979 rabies epidemic continues in Texas, according to the Texas Department of Health (TDH).

During September, 116 new cases of rabies were reported by TDH to bring the year's total to 945 confirmed cases in animals. One Texas-acquired case resulted in a human death.

With an upsurge of 30 cases during September, the number

of cases of bat rabies rose to 79 for the year, edging ahead of dogs (65) and cats (43).

As cold weather moves in and bats begin migrating southward in search of warmer temperatures, the chance of exposure by humans increases, reports the Bureau of Veterinary Public Health of the State Health Department.

All bats should be avoided, especially those which may be attached to low trees and shrubbery or those found on the ground. Appearances of

bats in the daytime is a strong indicator that they may be infected with rabies.

All wild animals which appear friendly should be avoided, according to Dr. Foy V. McCasland, chief of the Bureau of Veterinary Public Health of TDH. He advised all hunters to be wary of any strange-acting wild animal.

Skunks, which live close to human habitations, have accounted for 692 of the 945 cases of animal rabies in Texas this year, said Dr. McCasland. Several people have been bitten by skunks this year.

Fortenberry Hears Cases

Parmer County Judge Paul Fortenberry has heard four cases since last report.

Bill Gerald Cardin, 17, of Texico, was charged \$50 plus court costs for theft, and Rojelio Caballero, 18, of Friona was assessed a fine of \$200 plus court costs and three days for driving with a suspended license.

Frank Weir Lillard, 61, of Friona was fined \$100 plus court costs and 10 days probated for six months for driving while intoxicated.

David Burks, 27, of Amarillo, was fined \$1.00 plus court costs for theft by worthless check.

Atty. Gordon Green Speaks To LYH

Attorney at Law, Gordon Green, was the guest speaker at the regular meeting of the Lazbuddie Young Homemakers on Thursday, Oct. 4. He explained the making of wills and their importance to young families.

His talk was interesting and informative, report the club members, and he answered many questions from the members. Lazbuddie Young

Homemakers Club expresses its appreciation to Mr. Green. Mrs. Steve Foster of Oklahoma Lane was present to ask the group's help in a project to save the zoo in Clovis. She explained the drive which is underway not only to keep the zoo in Clovis, but to insure more humane treatment of the animals, better living conditions, veterinary care, a qualified zoo keeper, and the

addition of more animals. The club agreed that this is a worthwhile project, and several members volunteered to be on the committee. They are: Mrs. Rick Seaton, chairman; Mrs. John Mitchell, co-chairman; and Mmes. Kirby Burch, Dave Engelking, Skip Magby, Darrell Mason, Bill Morris and Doyle Weir.

Mrs. Darrell Mason called the meeting to order. Plans were finalized for the Buried Treasure booth at the Lazbuddie Halloween Carnival. It was decided that the "treasures" will be buried in corn; it will cost 25c a child; and most of the workers at the booth will be dressed as pirates. Mrs. Jerry Barber and Mrs. Nicky Nickles volunteered to pick out the toys.

Mrs. Rick Seaton drew the door prize which was purchased by Mrs. John Mitchell. Refreshments were served.

Members present were: Mmes. Jerry Barber, Kirby Burch, Wade Cargile, Jim Collum, Dave Engelking, Robert Gallman, Kevin Hall, Donnie McDonald, Skip Magby, Darrell Mason;

Also, Mmes. Clay Mimms, John Mitchell, Nicky Nickels, Harrol Redwine, Jimmy Dale Seaton, Rick Seaton, Dwayne Sexton, Tim Smith, Dale Vise, Doyle Weir; and Mrs. Bill Morris, advisor.

Halloween Party Held By 4-H'ers

Texico 4-H Club met for its monthly meeting and a Halloween party on Monday of this week.

The Halloween theme was carried out in the decorations of witches, black cats and spider webs.

The group enjoyed a scavenger hunt, going through a

haunted house, and bobbing for apples. Those present then decorated pumpkins from scrap material.

Refreshments of apple cider, witches brew, hot chocolate, cake and popcorn balls were enjoyed by 26 members, leaders and parents.

Mrs. Roberts Hosts Friendship Class

Friendship Sunday School Class of Farwell First Baptist Church met Monday in the home of Leatha Jo Roberts.

The meeting was opened with prayer with Marie Cox in charge.

The devotional, "Dedicated Hands," was prepared and presented by Pearl Gerie. Members attending were Estellene Billington, Marie Cox, Pearl Gerie, Elsie Hardage, Bessie Landrum, Beulah Williams, Elsie Tarr, Edith Crawford, Sally Chandler,

Alma Sledge and hostess Leatha Jo Roberts.

2-0 District Record --

Steers Win Over Springlake-Earth With 27-21 Homecoming Victory

by Virgie Rater

Farwell Steers remained undefeated in District 3-A play with a 27-21 homecoming win over Springlake-Earth Wolverines last Friday night.

The Steers, now 2-4-1 overall and 2-0 in district play scored 13 points in the third quarter to take a 27-15 lead and shut down the Wolverines in a valiant but too late rally in the fourth quarter.

Wolverine Kevin Riley was the first to put a score on the board with a one-yard run in the first quarter and the P.A.T.

kick by Raymon Olvera put the Wolverines seven ahead of the Steers.

A fumble recovery by Wolverine Mike McCarty soon put the ball back into Wolverine hands, but the Steer defense was able to hold them and the Steers took control of the ball.

Max Lonsdale made an eight-yard rush and Boyd White was able to get a first down for the Steers in the next drive. James Castleberry carried for another eight yards but a 15-yard holding penalty against the Steers brought forth a punting situation.

With only 2:10 remaining in the first quarter the Wolverines took possession of the ball, but after two carries they fumbled and Lonsdale recovered for the Steers on their own 38-yard line.

After a near miss when Mark Owen fumbled the ball but then recovered it, Lonsdale picked up seven yards on a third and three situation. Waverly Coates picked up a first down and with only two seconds remaining in the first quarter White made a 24-yard dash for the Steers first touchdown. A run for extra points was no good so the score at the end of the first quarter was Farwell 6, Springlake-Earth 7.

Starting the second quarter of play, Wolverine Kenneth James was downed each time he tried to gain yardage and Ricky Smith and Olvera had no luck as Steers Byron Mayfield and Mac Langford stayed on top of them.

In the second series of play in the second quarter the Steers were unable to maintain possession of the ball even with

the help of a 15-yard personal foul penalty against the Wolverines.

Springlake took the punt but was again unable to get a first down and again pulled in a 15-yard penalty for offensive pass interference. With a fourth down and 25 situation Springlake took their final time out in the first half with 3:35 remaining in the half.

Wolverine Biff Below punted the ball out of bounds on the 27-yard line and Farwell took possession at that point.

After a series of quarterback keepers by Owen and several good carries by Lonsdale the Steers were able to tack another six points on a run by Owen and Lonsdale added another two by running for the extra points.

With the Wolverines again in possession, Mayfield intercepted the ball in a Wolverine third and five situation.

Farwell took a time out with only five seconds remaining in the half and had time for only one attempted pass before the end of the half. Score at halftime was Farwell 14, Springlake-Earth 7.

As the third quarter of play started, Langford kicked the ball into the end zone so the Wolverines took over on the 20-yard line. However, they soon fumbled and Farwell recovered.

Castleberry was soon in for a

Farwell touchdown on a 35-yard run and Langford kicked for the extra point. The score was 21-7 with 9:46 remaining in the third quarter.

Wolverine Louis DeGrate was soon to shorten the Steer lead with a steady drive, but the P.A.T. attempt was no good so they only realized six points.

Kickoff by Raymon Olvera was captured by James Castleberry who ran 96 yards for a spectacular Steer touchdown. Langford's kick for the extra point was no good.

With the Wolverines taking possession again DeGrate, James and Wright made a valiant effort, but tackles by Willie Martin, Waverly Coates and Craig Kaltwasser stopped them dead in their tracks.

Farwell took over on the Wolverine 25, but a 15-yard clipping penalty followed by a fumble cost them the ball.

Jim Gonzales, Wolverine quarterback, gained 16 on a keeper but a fumble by DeGrate lost the ball for them as Langford recovered it.

Five yards were stepped off against Springlake on an offside penalty after the Steers took possession. The Steers picked up enough yardage to maintain the ball until the end of the third quarter.

The Steers got a 15-yard holding penalty which put them in a third and 17 situation and they lost control of the ball for lack of a first down.

In a fourth and 14 situation for the Wolverines, with 4:51 remaining on the clock, an incomplete pass lost them possession of the ball.

Farwell was only able to pick up eight yards in the next series and picked up two five yard penalties for delay of game.

The Steers relinquished the ball to the Wolverines on the Steer 45-yard line and a 15-yard roughing the passer penalty against the Steers placed the Wolverines on their own 40-yard line.

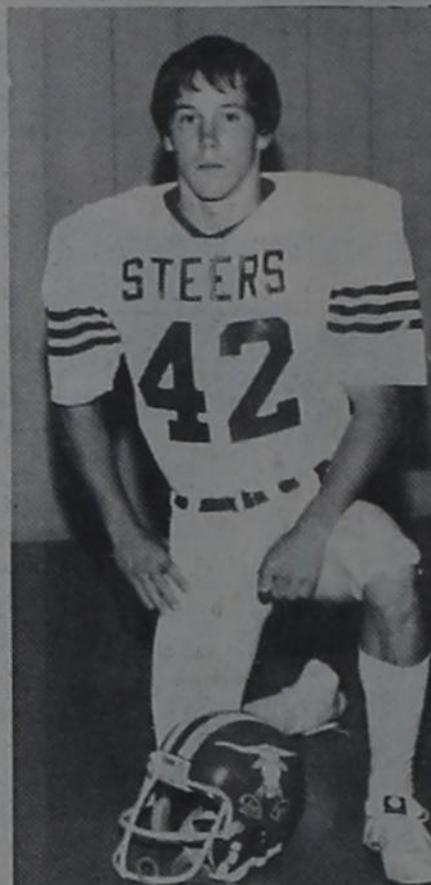

With a hard drive by the Wolverines they were able to get over the goal line with only 58 seconds remaining on the clock. Drive for points-after were good for two and the final score was Farwell 27-Springlake-Earth 21.

Three offside penalties a-

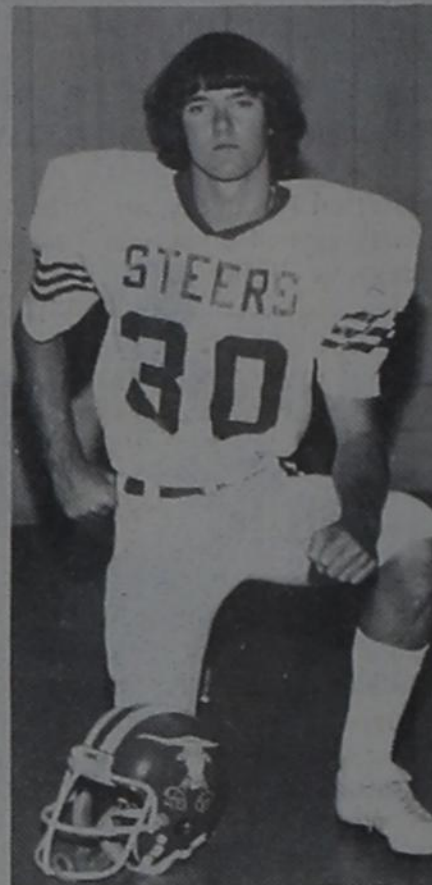

gainst the Wolverines as the Steers fell on the ball was all there was time for before the final buzzer sounded.

Steers Of The Week

MAX LONSDALE

JAMES CASTLEBERRY

Max Lonsdale was awarded honors as Defensive Steer of the Week and the "Big Hit Award," this week. Max had 19 tackles in the Steer-Springlake-Earth game. He also had 22 carries for 116 yards rushing in that game.

James Castleberry captured kudos from the Steer coaching staff this week and was named Offensive Steer of the Week. James made a 96-yard run-back for a touchdown in the third quarter and had already scored a TD on a 35-yard run. James was also given the "Win Award" for the week. He had eight carries for 64 yards excluding his 96-yard run-back.

Traditional Bonfire

"You can't keep a good man down" seemed to be the Farwell freshman class motto as they gathered wood for the Homecoming bonfire for the second time. Wood which had been gathered for the bonfire was burned by culprits in the

early morning hours of Thursday before the pep rally was to be that night. Freshmen students were dismissed from school Thursday in order to rebuild it, and with the help of many parents and Steer sup-

porters did just that. At the rally the Steer band and cheerleaders led fans in cheering the Steers to a hoped-for victory and a Springlake-Earth Wolverine was burned in effigy.

Farwell Jr. High Teams Lose To Springlake-Earth

Farwell seventh grade football team lost 18-6 to Springlake-Earth last Thursday when they met on Springlake turf.

Roger Robertson scored from about 20 yards out for the Yearlings and the Farwell team played a closer game than the score indicated, says Coach Larry McDorman.

Farwell held the Springlake team to six points in the second half and ran all over the field, but couldn't push the ball in for more scores. Penalties also hurt the Farwell team said coach McDorman.

In eighth grade football action the Farwell team played well enough to win, McDorman said, but just could not cross

the goal line. They were in scoring position two or three times but came away from the game with a 6-0 loss.

The last play of the game Farwell was on their hosts' 15-yard line and tried a pass but it was incomplete. Coach McDorman said, "All the team played well."

The team has a tough game coming up this Thursday with Bovina but McDorman expects his team to be ready to play.

Coach Adrian Pleased With Homecoming Win

Coach Randy Adrian stated that the Farwell Steers had come a long way since their first game this season and that in Friday's Homecoming game against Springlake-Earth the team looked like a completely new team.

Friday night's win put the Steers in a first place tie with Kress. Kress plays Hart tonight (Friday) and Farwell travels to Bovina to play.

In comments on tonight's upcoming game against Bovina, Adrian said, "I think

we'll beat up on them. The boys really want this win." The annual Bovina-Farwell game is a rivalry game and Bovina will also be after a win.

So far this season Bovina has only won one game and has only scored 12 points this year. However, when Bovina and Farwell meet on the field all records can be thrown out because each team will fight to the finish for this one.

Adrian stated, "I would like to express my appreciation to Steer fans for the big turn out last week. The boys noticed the large crowd and were really pleased by it, too."

Farwell JV Falls To Springlake-Earth 20-6

Farwell JV traveled to Springlake-Earth in hopes of another victory but were hampered by the loss of a few of their players to illness and some bad fumbles.

The only score made by Farwell was TD by Ralph Paez on a five-yard run. The extra point failed.

Coach Martin says the team is back in healthier shape now and he thinks they will play a good, hard-hitting game against Bovina. The team wants to get back on the winner's track, he says.

First Place Float

Farwell Steers Booster Club won first place for business entries floats in the Homecoming parade. The float depicted all aspects of sports with different equipment used

in each activity. Winning second place in the business category was Hughes Auto

Parts, and the Acteens of First Baptist Church won third.

Upcoming Sports Events In Texico And Farwell

Tonight (Friday) will be Parents' Night at Wolverine Stadium when Texico hosts Melrose. Game time is 7:30 p.m. MST. This is the last regular season game for the Wolverines.

Farwell JV, 7th and 8th football teams were to play on Bovina turf yesterday (Thursday).

Lazbuddie Longhorns will host the Whiteface team at 7:30 p.m. CST tonight (Friday).

Texico volleyball girls started district volleyball tournament action today (Friday).

Jack-o-Lanterns And Pumpkin Pie

Preparations for Halloween pumpkin pies is Marty Moss, son of Mr. and Mrs. Freddy Moss. Assisting are other students of the morning kindergarten group, including from left, Matt Foster, son of Mr. and Mrs. Gary Foster; Ray Haseloff, son of Mr. and Mrs. Michael Haseloff; Brian Johnson, son of Mr. and Mrs. Randy Johnson; and Mike Lingnau, son of Mr. and Mrs. Edwin Lingnau; and Marcia Cole, center, kindergarten teacher. The pumpkins were donated by Lingnau Farms. Shown with the finished jack-o-lantern are Kirk Lingnau, son of Mr. and Mrs. Delbert Lingnau, and Joy Morton, daughter of Mrs. Jeanne Morton. Kirk and Joy are students of Mrs. Cole's afternoon kindergarten class.

Pumpkin pies were baked by the students with assistance from Mrs. Cole and were served as refreshments Wednesday following their costume parade.

Make Plump Pumpkin Seeds For Spicy Treat

Pumpkin seeds are a great by-product of your Halloween pumpkin. They go well in vegetable dishes, breads, desserts or snacks. "But pumpkin seeds are often overlooked as a source of phosphorus and potassium," says Mae Martha Johnson, Extension food and nutrition specialist at New Mexico State University. "Salted or spicy flavored roasted seeds are easy and inexpensive to make at home." Just follow these easy directions: Boil one and one-third cups of water and three tablespoons of salt, stirring until the salt is completely dissolved. Pour the water over one-half pound (about two cups) of raw pumpkin seeds placed in a bowl. Cover and let stand at room temperature for 12 to 24 hours. Drain liquid from seeds. Spread seeds evenly over a 10 by 15 inch baking dish. Bake in a 350 degree F oven for 25 to 35 minutes or until the seeds are dry and puffed with kernels separated in the center. Stir frequently during cooking and cooling. Store in an airtight container. The roasted seeds will stay fresh up to 10 days, Mrs. Johnson says. If you want to cut out some of the salt in your diet, try flavored pumpkin seeds. Follow the same directions but omit salt from the boiling water. After draining the soaked seeds, sprinkle with one-half teaspoon of either onion powder, garlic powder or chili powder. Mix until well distributed and bake as in the first recipe.

FIRE CALLS

October 26 Texico Volunteer Fire Department was called to 619 South Rose to extinguish a grass fire. No damage was reported. October 27 the department made a run one mile south of Texico where a stubble fire had gotten out of control. October 29 the Texico ambulance was called to 120 Ellie Street to transport Junior Selman to Clovis High Plains Hospital. Farwell Volunteer Fire Department made three fire runs and had one ambulance call. October 24 at 4:39 a.m. wood gathered for the Farwell Homecoming Bonfire was ignited and the department was called to put it out. October 25 the Farwell ambulance was called to the east side of Farwell at the intersection of U.S. 70 and Road 292 to transport a car wreck victim to Clovis High Plains Hospital. October 27 the department went to a fire in Lariat where weeds near the Lutheran Church were on fire. No damage was reported. October 29 a grass fire was reported behind Rose Drug. The department extinguished the flames and no damage was reported.

Trick Or Treat

Witches, clowns, goblins, monsters and other creepies made their appearances at the Farwell Convalescent Center Tuesday night to take part in the Center's Halloween Carnival. A fortune telling booth, trick or treating, a kissing booth, and bingo for cakes were just part of the fun in store for residents and guests. Those who were brave enough to get out in the first snow of the season had a good time at the carnival.

In Wichita Falls -- Agriculture Secretary Sets Public Meetings

Secretary of Agriculture Bob Bergland will preside over a meeting to be held on December 6, 1979 in Wichita Falls, Tex., to give the public a chance to discuss the future "structure" of American agriculture. The meeting, to last from 9 a.m. to 5 p.m., will be in the Wichita Falls Activity Center, 10th and Indiana. Leroy Johnson, Chairman of the Board for Parmer County Soil & Water Conservation District, said the meeting is

one of ten scheduled across the country to give people a chance to discuss issues affecting the future of agriculture. "Structure," broadly defined, includes such issues as number and size of farms, and how they vary by region and type of operation; ownership and control of resources, including the form of business organization, its tenure and purchasing and marketing arrangements; degree of production specialization and how it affects managerial and technological requirements; barriers to entering and leaving and farming; and social and economic characteristics of farm operators and owners. The Wichita Falls program will include statements by pre-scheduled speakers and impromptu comments or questions from the audience. Persons wishing to address the meeting should send a request as soon as possible to Project Coordinator, Structure of Agriculture, USDA, Washington, D.C. 20250.

Bullock Against Proposed Federal Value-Added Tax

Texas State Comptroller Bob Bullock said last week that the adoption of a 10 percent, federal value-added tax would be the sneakiest blow to the American public since Pearl Harbor. "It's the income tax wolf in sales tax sheep's clothing," Bullock said, saying, "it has the complexities of the income tax system and the regressiveness of a high sales tax." Bullock said the proposal by U.S. Representative Al Ullman, House Ways and Means

Committee Chairman, borders on tinkering and financial experimentation that could result in a tax Frankenstein. The tax would be 10 percent of the value each manufacturer or distributor adds to a product or service in each stage before it reaches the marketplace. The tax would finally be included in the sales price and as a result consumers would never know what part of the price covers the tax. "Consumers will absorb the tax and it will fall hardest on lower and middle income groups. Business will absorb a new set of federal tax filings and paperwork. And the economy will absorb a little more disruption." "The only winner," he said, "seems to be the federal treasury which will be raking in 10 cents on the dollar for every product and service in the country." Bullock said he did not think the offset measures -- tax cuts for businesses -- would be a good trade-off for a national sales tax. "If Congress wants to cut taxes, they don't need to link it to a value-added tax," he said. "Let's face it, they want a new tax to pay off the billions of dollars we now owe as the result of deficit spending," Bullock said. He said the cost of products sold in Texas would be dependent on the "value-added" by out-of-state manufacturers and distributors. Everything is going to cost a heck of a lot more if this new federal tax passes, he said.

Former Resident In College Play

Steve Scott of Hedley, Tex., formerly of Farwell, is to play the role of Bill Starbuck in the upcoming production of "The Rainmaker" being presented by the drama department of Clarendon College. The romantic western by Richard Nash takes place in the west where a paralyzing drought is facing a man, his two sons and his only daughter. The men worry as much about their dying cattle as they do their sister and daughter becoming an old maid. Her brothers try every possible scheme to marry her off, but without success. Nor is there any sign of relief from the dry heat. Then suddenly out of nowhere appears a clever man who calls himself a rainmaker and promises to bring rain for \$100. Not only does rain come, but so does love. Farmers and ranchers who lived during the 1930s will surely enjoy this western play. Performances are scheduled Sunday, Nov. 4, at 2 p.m., with evening performances on Monday and Tuesday at 7:30 in the Clarendon College Harned Sisters Fine Arts Building. All tickets are \$1.50.

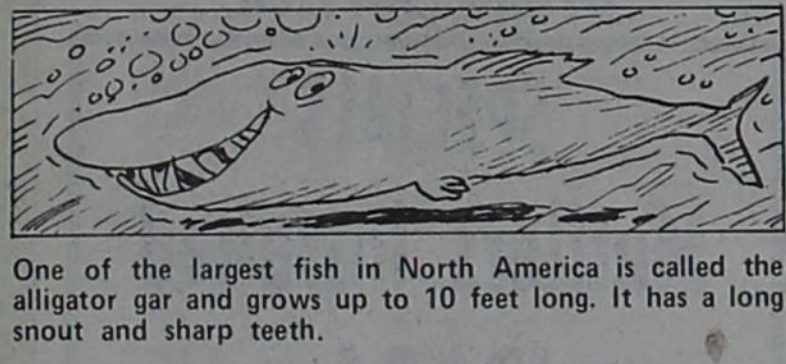

Friendly Witch

Students of the Farwell Church of Christ day school were treated with a surprise visit from the "Friendly Witch" Monday as they made preparations for a 'trick or treat' outing. Students taking part in the fun while hiding behind their masks were Clay Corn, Lillie Penada, Chris Phillips, Brandon Baker, Joanie Hernandez, Jody Mahaney, Stephen Horner, Janie Hill, Sue Ann Malone and Monica Padilla. Cheryl Harper portrayed the 'friendly witch.'

Hartzog Elected To Angus Assn.

A.L. Hartzog, Jr. of Farwell has been elected to membership in the American Angus Association, reports Dr. C.K. Allen, executive vice-president of the national organization with headquarters in St. Joseph, Mo. The American Angus Association, with some 38,000 active life and junior members, is the largest beef cattle registry association in the world. Its computerized records include detailed information on nearly 10 million registered Angus. The Association records ancestral information and keeps records of production on individual animals for its members.

One of the largest fish in North America is called the alligator gar and grows up to 10 feet long. It has a long snout and sharp teeth.

Pooh And Friends

Winnie the Pooh and a cast of his friends were chosen to make up the Junior High float in the Homecoming parade. The junior high students won third place with their float and also were presented with a special recognition ribbon at the pep rally Friday.

Farwell Flag Corps

Farwell High School Band organized a flag corps on September 29. Their first opportunity to perform for the public was October 26 at the Farwell-Springlake-Earth football game, which was Farwell's Homecoming game. The Corps will perform for the final three football games this season. Sponsors for the group are Mrs. Peggy Sudderth and Mrs. Don Lovett. Members of the Corps are, from left, Cathy Lovelady, Toni Spears, Marcy Lovvorn, Rhonda Spears and Trini Garcia. Kneeling, from left, are Co-captain Rhonda Sudderth and Captain Jeanette Gilliam.

FOOD focus
 Mae Martha Johnson
 Extension Food Specialist
 NEW MEXICO STATE UNIVERSITY

Dear Food Focus:
 My home-grown tomatoes have a really tough skin. Is there an easy way to remove it?

Tough But Tasty

Dear Tough:
 This is sometimes a problem with vine ripened tomatoes, but they are very easy to peel. Wash the tomatoes, then immerse them in boiling water for about 30 seconds. Cool quickly under running water or in ice water and the skin will slip off easily.

You can also peel peaches easily using this same method.

Dear Food Focus:
 I bought an expensive brisket for a dinner party and my husband broiled it. It was as tough as shoe leather. Can you tell me which steaks can be broiled or grilled and which should be cooked with liquid?

Don't Broil The Brisket

Dear Don't:
 The most tender steaks and the most suitable for broiling are the tenderloin (filet mignon), porterhouse, T-bone, club and sirloin. The filet is all tenderloin with no bone and little fat. The others have varying amounts of tenderloin, fat and bone.

The sirloin is usually the least tender but it is popular for families because of its large size. The sirloin tip is a boneless steak and less tender than a regular sirloin. You may be happier with a sirloin tip if it is cooked using moist heat.

Round and chuck steaks are less tender steaks which cook better with liquid. Top round is sometimes tender enough for broiling. Round and chuck steaks, either blade or arm, can be broiled if they are marinated or treated with a meat tenderizer first.

Dear Food Focus:
 Just briefly what is the difference between crepes and blintzes?

Crisp and Sweet

Dear Crisp:
 Crepes and blintzes are both made from very thin pancakes sometimes called French pancakes. Crepes are usually cooked on both sides and may be filled with any number of foods to be used as appetizers, main dishes or desserts.

Blintzes are cooked only on one side. They are filled with a special cottage cheese filling, rolled and sauteed in butter until golden brown and sprinkled with a topping such as cinnamon sugar. They may be served also with sour cream.

Spirit And Sunshine

The Future Teachers of America Club of Farwell High School won second place in the Homecoming parade with its

float depicting Sunspread and Spirit Jam. Three members of the club rode on the float to aid in spreading sunshine and

spirit among onlookers. The senior class of Farwell won first place in the school division with their entry.

TWO MINUTES WITH THE BIBLE
BY CORNELIUS R. STAM PRES. BEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60635

THE PURPOSE OF THE LAW

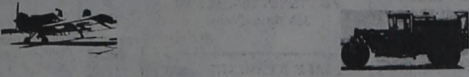

"Therefore by the deeds of the law there shall no flesh be justified in His sight..." (Romans 3:20).
It is strange that so many sincere people can so misunderstand God's written Word as to suppose that He gave the law "to help us to be good" or "as a rule of life."
The law was not given to help us to be good, but rather to show us that we are sinners and need a Savior. Romans 3:22,23, says that "there is no difference, for all have sinned and come short of the glory of God." How foolish, then, to look to the law for help. It is not the function of the law to help the criminal, but to condemn him. Thus the Bible teaches that the law was given:
"That every mouth might be stopped, and all the world might be brought in guilty before God" (Romans 3:19).
"For by the law is the knowledge of sin" (Romans 3:20).
"The law entered that the offense might abound" (Romans 5:20).
"That sin by the commandment might become exceeding sinful" (Romans 7:13).
"It was added because of transgression" (Galatians 3:19).
This leads us to the conclusion: "Therefore by the deeds of the law there shall no flesh be justified in His sight" (Romans 3:20).
This makes sense, for doing a few good things cannot right the wrongs we have done. Good is what we should do, hence should not expect additional credit for it.
But, thank God, "Christ died for our sins" (1 Corinthians 15:3) and "by Him all who believe are justified" (Acts 13:39).
"Therefore we conclude that a man is justified by faith without the deeds of the law" (Romans 3:28).
Therefore being justified by faith, we have peace with God through our Lord Jesus Christ" (Romans 5:1).
