

Italian Prisoners Sample 1 of 4 'Freedoms'

Italian prisoners captured on the El Alamein front while Marshal Erwin Rommel was driving towards Alexandria, only 80 miles from El Alamein, sample one of the Four Freedoms—Freedom From Want. They are opening cans of American corned (willy) beef shortly after their arrival in camp behind the lines. Meats, biscuits and water are issued prisoners immediately.

Saturday Designated County Junk Day

Farwell School Begins Session Monday

Parmer Tops Quota In August Bond Sales

Parmer county again topped its quota in the sale of War Bonds and Stamps for the month of August, it was announced here today by G. D. Anderson, chairman of the War Bond Committee.

Anderson went on to add that the county had never as yet failed to meet an assigned quota. Speaking of the September assignment, however, he admitted that it "looks tough".

The September quota has been set at \$15,400, Anderson said, which is an even one hundred dollars above the August figure.

The August quota was \$15,300, and total sales reported to date for the month just closed amounted to \$15,911.25.

Chairman Anderson said that sales chiefly had been made to the large purchasers in the past and he expressed the opinion that most of these large buyers had taken up about all they could stand for the present, and appealed to the small investors to take a more active part in the purchases during September.

"Unless we can get a number of smaller investors to the county to buy bonds this month, I fear that we will not make our quota," he emphasized.

HOUSES FILL UP

Residential rental property in Texico-Farwell has been filling up at a rapid pace during the past two weeks. Practically every vacant house in Texico was rented last week. This week the tenants swamped Farwell with the result that no modern houses are left vacant.

This influx of tenants has been occasioned by the overflow from Clovis, where hundreds of new families are being moved there to engage in the erection of one of the nation's largest air bases.

Gulf Storm Brings Rain

All of Parmer county and adjoining counties was drenched the first of the week by heavy downpours of rain, believed to have been the result of the tropical storm that swept the Texas coast Sunday and Monday.

The rain fell in a slow steady downpour throughout most of Monday and a greater part of Tuesday. Records kept by J. C. Temple show that 2.46 inches of moisture has fallen here since last week, to bring the total precipitation to 5.94 for the month of August.

The rains are reported to have extended far into New Mexico, bringing relief to parched range conditions and crops.

Feed crops throughout this area, already assured by rains of early in August, are now described as "the best ever" and farmers are already beginning to wonder how it is to be harvested with a serious labor shortage in view.

Much wheat sowing has already been done and it will take on added impetus when fields are sufficiently dry to permit operations.

Worms Increase
Leaf worms in cotton fields, which were menacing cotton prospects before the rains early this week, are on the increase, farmers report. Most farmers have sprayed their fields as many as two times only to have fresh rains wash the poison off before it could destroy many of the pests.

MOVING TO OREGON

W. C. Triplett, formerly connected with the firm of Triplett Bros., pioneer Texico merchants, this week loaded out his household goods for Eugene, Ore., where the family will reside. Mrs. Triplett has been in that city for the past few weeks and he remained here to dispose of some property interests and wind up other detail matters.

Once we read the fashions to see what was going on; now we read them to see what's coming off.

Just as The Tribune went to press this morning, Supt. Carter announced the resignation of Mrs. Helen Swygart, leaving one vacancy in the faculty.

A complete faculty was listed for the Farwell school this week, despite numerous resignations which have continued to plague local officials during the past few weeks.

Three members have been added to the roster since last week, Supt. J. T. Carter states. They are: Mrs. Helen Swygart, of Albuquerque, a former Clovis teacher; Miss Roberta Lee Childress, of Canyon, who holds her B. A. degree from WT and has taught one year in Kress; and Miss Marjorie Stubbs, B. B. A. from WT, whose home is in Canyon.

The complete faculty, with their duties, is as follows:

Mrs. A. W. Johnson, primary; Mrs. Pat Terry, second and third; Mrs. Swygart, fourth and fifth; Mrs. Harry Whitley, sixth and seventh; high school, T. A. McCuiston, agriculture; Miss Dorothy Shaw, home economics; Miss Childress, English, speech and music; Miss Stubbs, commercial; Craig Lynn and Mr. Carter, diversified subjects.

High School Registers Friday

Supt. Carter announced that high school students would be enrolled on Friday, Sept. 4, at the following hours:

Seniors: 9 to 10:30 a. m.
Juniors: 10:30 to 12 noon.
Sophomores: 1 to 2:30 p. m.
Freshmen: 2:30 to 4 p. m.

West Camp students, he added, may all register in one group and return home. Registration of grade students will be conducted on the initial day of the new term, Monday, and school will be dismissed at noon on that day.

Cafeteria To Operate

Continuation of the school cafeteria was announced this week, with the first meal of the current term to be served on Tuesday, Sept. 3. Mrs. J. H. Stone will be in charge.

Sixteen Parmer County Registrants Accepted

Parmer county added another list of fighting men to the ever-increasing Army of Uncle Sam last Tuesday when sixteen of the boys sent from here to the Induction Station at Lubbock were accepted.

These men are now on furloughs and will be required to report to Fort Sill, Okla., departing by bus from Farwell on the morning of Sept. 7 at 9:45.

Those accepted at Lubbock, following their Army examination, are Walter Albert Karl Kaitwasser, Omer Darvel Kelton, Fred William Helmke, William James Jones, Elmo Foch Tipton, Hillard Lindley Shields, George Edward Garlets, R. B. Seaton, Paul Mayo Griffith, Albert J. McClure, Marvin William Coffey, Gilbert Jacob Carl Schueler, Clarence Eugene Bell, John Roland Silvertooth, Herbert Ray Quisenberry, transferred to this Board from Hunt county; Ben Rule, transferred to this Board from Willacy county.

* Transferred to other Boards for induction, and notice of acceptance has been received here.

Few traffic jams are caused by people rushing to buy things they see advertised on billboards.

The county-wide drive for scrap metal was at pretty much of a standstill the first of this week, due to heavy roads occasioned by an almost two-day rain throughout Monday and Tuesday, members of the County Salvage Committee announced today.

But, it was pointed out by officials, the wet spell is calculated to prove a boon to the efforts to collect all the scrap metal of the county in that farmers, driven from their fields by the rain, will have an opportunity to collect the discarded metals about the farm and bring it to the concentration centers at a later date.

Operators of collection depots reported this week that last weekend the turn-in of old metal was "fairly heavy" and they, too, anticipated increased movements when road conditions will permit.

Erping Scrap In Now

Chairman Olan Schlueter of the Salvage Committee today issued another appeal to every farmer in the county to exert every effort possible to bring in scrap metal at once. He estimated that not less than 40 tons of discarded farm machinery alone was lying idle on the farms of the county. "This metal," he said, "would go a long way in helping to bring a speedy victory after it has been converted into implements of war."

Saturday, Sept. 5, has been designated as Junk Day in Parmer County, and the Committee earnestly hopes that there will not be a pound of scrap metal left on the farms of the county after that day.

Farmers are urged to take their metal to Friona, Bovina or Texico, where collecting depots have been opened and an average price of \$6.00 per ton will be paid for the accumulations.

Improvements Made At Baptist Church

Besides undergoing a face-lifting process, in which the exterior of the building is being given a coat of stucco, the Baptist church has been receiving other needed improvements and repairs during the past few days.

At present workmen are covering the building with tar paper and screen wire in preparation for a coat of stucco to be applied. New window frames and windows, as well as new doors, have been installed, and the interior of the main auditorium redecorated.

Work was started several days ago, but due to labor shortage, it has been progressing slowly.

Shortage of Fireboys Looms For Department

With four regular firemen already gone from the Texico Volunteer Fire Department and a prospect that another will leave shortly, Fire Chief Ira Selman stressed the importance of new recruits Tuesday night at the regular weekly meeting of the firelads.

Experienced firemen are being called to defense work and Chief Selman gave it as his opinion there would not be an experienced man left here by the first of the year. He urged the enlistment of local men to man the department's equipment on the home front.

"We will be glad to train new men as long as we are here," Selman said, but stressed the point that the prospects were not encouraging for any of the regulars to be here very long.

Harvest Day Festival Scheduled for Oct.

Parmer County's Harvest Day festival will be held in Bovina on October 10th, it was definitely announced this week, by County Agent Garlon A. Harper and Demonstrator Elsie Cunningham, who are acting as general chairmen of the affair.

Since large fairs, providing they are held, will be inaccessible to a good number of farm people due to tire shortage, the Parmer county celebration will be in the nature of a combined county fair and county-wide picnic, officials announced.

Exhibits of all types of garden produce, canning etc., are being considered by women of the home demonstration clubs, with Mrs. A. H. Boatman, Mrs. Roy Karr and Mrs. Thad Watkins, members of the county council, acting as supervising chairmen for the arrangement of the booths.

County Agent Harper is conducting the drive to line up a good display of all types of crops grown in the county, along with livestock, poultry and hogs.

Visiting speakers have been invited for the occasion, with two acceptances already on hand. C. Hohn, assistant state agent, and E. R. Eudaly, extension service dairyman, have written that they will be present and replies are pending from other specialists. K. J. Edwards and Miss Kate Adele Hill, district agents, will attend.

In addition, an invitation has been extended to Congressman Eugene Worley to make an appearance at the festival.

Sugar Stamp Is Good Until November 1st

The current sugar stamp, No. 8, which became valid for the purchase of sugar last Saturday, will be accepted by merchants through October 31st, according to John Armstrong, chairman of the County Rationing Board.

Still in accordance with the "one half pound per week" per person ruling, the stamp is good for exchange of cash for five pounds of sugar—and officials are indicating that it would be a wise move on the part of the housewife to redeem only one family stamp at a time, in order that the apparent "abundance" would not lead to excessive use—which would in turn mean that the last few days of the period might be sugarless.

GUARD AT AIR FIELD

R. A. Hawkins, former Farwell grain dealer, writes this week that he is now a guard at the air field going in three miles west of Childress, Tex., where the Hawkins are making their home. He states that there are 2400 acres or more in the plant, and "it looks like it will be covered with runways, hangers, barracks and hospitals."

RENEWALS COMING IN

Renewal subscriptions to The Tribune have been coming in at a very satisfactory rate during the past week in response to statements sent out 10 days ago. Statements were mailed to some 70 subscribers, and up to the present more than half that number have sent in their renewals.

Delinquent subscribers will be removed from the list after this week unless renewals are forthcoming, the publisher announced today.

In addition to the renewals, quite a number of new names have been added to the list during the past week.

More Selectees Are Ordered For Exams

Another contingent of Parmer county selectees, a number of them married men, have been ordered to appear for their first screening test before Dr. V. Scott Johnson of this city, on or before Friday, Sept. 4, it was announced today by draft officials.

The Local Board has scheduled a meeting for Saturday afternoon of this week to pass further on the classification of these registrants, if they succeed in passing their first physical test.

Those listed to appear for their first physicals this week are:

Marion William Adams, Therman Lee Glasscock, Ralph Hempton Palmateer, Bob Allen Knight, Floyd C. Brookfield, Elbert Ellis Landrum, Albert Quincy Cannon, John Spivy Dial, Norman Iven McLaughlin, S. D. Rule, Doyal Eugene Chapin, Denis Fleet White, Joe Chirnick, Travis Winston White, Claude Lorane Lillard, Sylvester Alexandra Fangman, James Ross Braxton, Norman Mack Baker, Bryan Wilson Smith, John Samuel Hays, Veron Leon Billingsley, Clyde Doyle Norwood, Henry Noel White, Lee Thorsland, Berthold Butler Christian.

*These registrants are listed as delinquents at the office of the Local Board and anyone knowing their whereabouts should report same to Mrs. Bessie Lee Henneman, clerk of the Local Board, or advise them to contact her at once.

CARDS ISSUED

Two Red Cross cards certifying completion of special work were issued this week to Miss Elsie Cunningham, on nutrition and canteen, and to Mrs. Edna P. Elms, on nutrition, officials of the Parmer County Chapter of the American Red Cross have announced.

NEW SIDEWALK

Sterlyn Billington is adding a new concrete sidewalk in front of his barber and beauty shop in Farwell this week.

Texico Opens Monday, Good Enrollment Seen

Approximately 245 students were enrolled at the Texico school the past Friday, when registration was held for all grades, and Supt. B. A. Rogers reported on Tuesday that things were "going nicely, although a bit crowded in the grade rooms."

As is the custom at the school, the heavy enrollment fell in the grades, where Rogers estimated that "nearly 200" were attending the first of the week, with more expected. No definite figures were on hand but the school head stated that between 50 and 60 high school students had been entered.

Faculty Complete

Despite the last minute mad rush for teachers over this area, the faculty of the school is complete, the superintendent went on to say, with the final addition to the group being Mrs. Dixie Dickenson, who formerly taught at West Camp and Midway. She is handling the fifth and sixth grades.

Other than Mrs. Dickenson and Supt. Rogers, staff members include Mr. and Mrs. C. E. Sanders, Miss Maude Pearson, Victor Stout, Mrs. H. Arnold and Miss Sadie Burns.

Supt. Rogers went on to state that should enrollment continue to grow "and we can show that it is an emergency" the local school will be granted another teacher for the year.

Lunch Room To Open

A definite date has not yet been set, but the hot lunch room project of the school will again be in operation, through the combined efforts of the Texico Community Club, the WPA and the Surplus Commodities Corporation.

It was thought likely that Mrs. Sleta Hall, who supervised the local eating room at the school last year, would again be named as head.

The school is minus a janitor, Supt. Rogers said, with the resignation of Stanley Stewart, but it was thought that one would be named shortly.

SHOP TO BE CLOSED

Karl Gast, operator of Karl's Garage in Farwell, has announced that his shop will be closed from Sept. 6 through the 21st. Mr. Gast will leave Sunday for California to visit relatives.

SUFFERS STROKE

J. C. Banks, Sr., of the Oklahoma Lane community, suffered a slight stroke the latter part of last week and has been quite ill since that time. His children from Oklahoma Lane and Corpus Christi have been summoned to his bedside.

Saturday.
Mrs. Clarence Smith, Miss Marie Langer, Wayne Smith and Joe Lawrence Langer spent a very enjoyable evening skating at Farwell Sunday. Others from Bovina were Patsy and Jean Danner, Inell Elliott, Howard Looney, D. C. Looney, John Eddy Bonds, Walter Blalock. Congratulations to Mr. and Mrs. Jack Williams of Clovis on the birth of a daughter, last week. Mrs. Williams is the daughter of Mr. and Mrs. O. W. Rhinehart. Congratulations to Mr. and Mrs. Rouel Barron on the birth of a son, Thursday. Congratulations to Mr. and Mrs. Rochell on the birth of a son Wednesday.

PLEASANT HILL

Vacation is over, everyone is anxious to be back at work. So school started Monday with a larger enrollment than any recent year.

Little Bobbie Scarbrough has returned to Levelland, where she will attend school.

Maurice Clark is moving back to our community. He has bought the old Hockenhull place.

John Hightower is working at the airport.

Farmers are becoming uneasy about getting their feed cut, there's been so much rain lately.

Grady Pierce and family have moved to Clovis.

Mr. and Mrs. Pearl Singleterry and daughter visited in Hereford Sunday.

Mr. and Mrs. Hermon Horton visited the Spencer Jarrels Tuesday.

OKLAHOMA LANE

Mrs. Keith Pigg and children are vacationing in Austin with her mother.

Visitors in the Lee Sudderth home over the weekend were Mr. and Mrs. Eddie Roden and daughter of Phoenix, Ariz., Mrs. Harvey Condren and children of Houston and Mr. and Mrs. Arlin Hartzog of Lubbock.

Miss Opal Foster and Edwin Foster made a trip to Sundown, Thursday, where Miss Foster began her teaching duties on Monday.

Bill Hanna, who has been in California for a few weeks, returned to his home Sunday.

Honoring Mr. and Mrs. Ray Hubbell on their 38th anniversary, Sunday, in the Oscar Hubbell home were Mr. and Mrs. Olen Hubbell and daughter of Helena, Okla.; Mr. and Mrs. Oris Hubbell and daughter, Mr. and Mrs. Oscar Hubbell and daughter, Mr. and Mrs. Milton Henson and family and Mr. and Mrs. Charlie Summers and sons.

Mr. and Mrs. Herman Henson spent Sunday with Mr. and Mrs. Clifford McGuire.

Mr. and Mrs. Ernest Foster were Sunday visitors in the James Roach home.

Charlie Johnson of Clinton, Okla., is visiting in the Levi Johnson home.

Mr. and Mrs. Fred Paine and Mr. and Mrs. Turner Paine and son spent Sunday afternoon in Clovis.

Mr. and Mrs. Lester Vincent are to leave today for Helena, Mont., on a business trip.

Mr. and Mrs. Bill Hubbell and Mr. and Mrs. Turner Paine were in Clovis, Monday night.

Mr. and Mrs. Tom Lindop and daughter visited in Texico with Mr. and Mrs. George Atchley Monday.

Mrs. Lester Vincent and Mrs. R. B. Summers were Clovis shoppers Monday.

TO ENLARGE SHOP

Ollie Williams announced today that he was making plans to enlarge his work shop at his garage in Farwell, located in the old Zip service station building. He plans to enclose the driveway and use it for a work shop, he said.

SANTA FE CARLOADINGS

The Santa Fe System carloadings for the week ending Aug. 29, 1942, were 23,213 compared with 22,326 for the same week in 1941. Total cars received from connections were 12,164 compared with 9,009 for the same week in 1941. The total cars moved were 35,377 compared with 31,335 for the same week in 1941. The Santa Fe handled a total of 35,438 cars during the preceding week of this year.

Mrs. Woodrow Lovelace and Mrs. W. A. Kessie were weekend visitors in the home of the former's parents, at Friona.

"AIN'T WE EVER GOIN' RIDING ANYMORE?"

Good Americans have given up joy-riding for the duration. They realize that all-essential tires must be used only for vital transportation . . . for going to work . . . for necessary shopping . . . for getting to and from places where other forms of transportation are inadequate or non-existent.

Your car was a peacetime luxury; now it is a wartime necessity. The economic life of the country, and our victory effort, may depend on how long you make your tires last, on how well you take care of your car.

The Phillips 66 Service Man will gladly help you. He will inspect your tires for cuts and bruises, check air pressure, and criss-cross them with the spare every 3,000 miles. He will check your radiator, battery, and air filter. He will lubricate your car from tip to toe. Then, with Phillips 66 Poly Gas and Phillips 66 Motor Oil, your car and your money will both go farther.

You know that Phillips 66 Poly Gas is the favorite of millions of car owners, that it is famous for pep and mileage. So try a tankful for yourself and find out just how good today's Phillips 66 Poly Gas is.

Kube-May Vows Read In Lubbock, 22nd

Miss Aline May of Westbrook, Texas, and Ludwig Kube, formerly of the Oklahoma Lane community were quietly married on Saturday, August 22nd, in Lubbock.

Rev. W. L. Lascel, pastor of the Redeemer Lutheran Church of this city, read the vows.

Attendants to the couple were Arthur May, brother of the bride, and Miss Ima Richards.

Mrs. Kube is the daughter of Mr. and Mrs. H. L. May of Westbrook, while the groom is the son of Mrs. Mary Kube of Oklahoma Lane. Both are graduates of Texas Tech at Lubbock.

Mr. and Mrs. Kube are making their home in Borger, where he is a production engineer with the Phillips Petroleum Company.

Pie-Bond Supper To Be Held Sept. 11

Sponsored by the American Legion Post at Friona, the Oklahoma Lane community will act as host on September 11 to a combination pie and war bond supper, it has been announced.

The evening get-together will be held at the school house, where pies will be auctioned, with the purchaser taking the equivalent of his bid in stamps or bonds.

A program by school students will open the affair, and all persons in the community, as well as those from other districts who wish to attend, are asked to be on hand at 9 o'clock.

Two other such affairs, held recently at Friona and Lazbuddie, have netted a good turn-in on the county quota of war bonds and stamps, and G. D. Anderson, county chairman of sales, has announced that there will be plenty of bonds and stamps for all who wish to buy.

Picnic For Soldiers Hits Slight Snag

The picnic supper planned for the soldier lads of Clovis last Sunday afternoon by ladies of the Home Demonstration Clubs struck a slight snag when the guests of the afternoon failed to appear . . . all due to a quarantine slapped on the khaki lads by the commanding officer.

Capt. Albert S. Roberts, Lt. Morgan B. Davidson and Sgt. Rufus B. Overlin drove over from Clovis and expressed regrets over the "unavoidable circumstance" that left the boys behind.

More than 150 Farmer county citizens, principally from in and around Bovina, came with filled baskets and an old fashioned picnic supper was spread at the Highway Park just out of Bovina. After the meal was finished, many baskets of fried chicken, salads, cakes and pies were sent to the quarantined honor guests.

Home From Bula

Rev. E. J. Sloan returned Sunday from Bula, where he had spent the past several days engaged in an evangelistic campaign. He reports a very good meeting, with thirteen additions to the church during the period.

Miss Jane Branson of Amarillo, was a weekend guest of Miss Nancy Henderson.

WHAT

is this thing they call "Personality?"

One man says, "She has a nice personality," and means she has a disarming smile and impish ways. Another man saying it about the same girl might mean he likes the way she wears her hair.

PERSONALITY is made up of those qualities which favorably impress another. Strive to bring out all your best features. Your hair, complexion, hands, figure . . . nothing can be overlooked!

VANITY FAIR

HAZEL ANGLIN

Home Socials Continue In Texico-Farwell

Ripples of the "diminishing party" project of the local Methodist ladies continued to spread in social circles throughout the latter part of last week, with a number of parties reported and others yet to be held.

Waffle Supper Given

Mrs. Marty Ezell acted as hostess on Tuesday evening at her home, entertaining with an informal waffle supper. Guests at the affair were Misses Lorene and Bernice Hodges, R. B. and Marty Ezell, and the table featured lovely appointments.

Luncheons and Dinner

Two luncheons were on the calendar, with Mrs. E. J. Sloan holding a one o'clock affair on Friday, at which Mrs. Anne Overstreet, Mrs. B. E. Nobles, Mrs. Henry Selman, Mrs. Ralph Humble, Mrs. Fay Crow, Mrs. Charley Summers and Mrs. Floyd Park and daughter, Belva, were guests.

Mrs. Park also acted as hostess to a luncheon party, with Mrs. Charley Lovelace, Mrs. Roy B. Ezell and Mrs. Sloan enjoying the affair.

On Friday, Miss Frances Presley of Oklahoma City and Mrs. Ray Farris of Clovis were guests of Mrs. Henry Selman, when a lovely chicken dinner was enjoyed in the Selman home.

Sewing Social Thursday

An afternoon of sewing and visiting was in order at the home of Mrs. Roy B. Ezell on Thursday afternoon, at the conclusion of which the hostess served a lovely salad plate. Attending were Mrs. C. M. Henderson, Mrs. G. W. Atchley, Mrs. J. M. Crow and Mrs. G. W. Lambert.

Mission Festival Held At Lutheran Church

A special program, in the form of a mission festival, was held Sunday at the Immanuel Ev. Lutheran Church at Rhea, with a good crowd in attendance.

Rev. Reece, of the Littlefield church, delivered the mission sermon. A dedicatory service was observed for the new church organ.

The church contribution to the mission fund for the day amounted to \$150.

Luncheon Will Be On Sept. 8th

Mrs. Earl Booth this week again called attention of club members to the fact that the Texico-Farwell Woman's Club would open its fiscal year on Tuesday, September 8th, with a one o'clock luncheon.

Each member is asked to bring a covered dish, and the affair will be held in the home of Mrs. Booth, with Mrs. Sam Rundell acting as associate hostess.

To FSA Meeting

FSA Supervisor Earl Fine and Home Supervisor Edna P. Elms will be in Amarillo Monday and Tuesday of next week, in attendance at a meeting of FSA workers. Mrs. W. A. Kessie will be in charge of the local office during their absence.

Musical Program Given

A special musical program was presented by the Wesleyan Choristers at the Methodist Church Sunday night, under direction of Mrs. Marty Ezell. Historical basis of old songs was read by Wanda Boss, with Theda White and Muggins Graham pantomining the action, while the young choir assisted in the background. An excellent attendance was noted.

Home From Houston

Mrs. W. W. Bigham and daughters, Margaret and Willie Mae, returned home Saturday from a visit with relatives at Houston.

Visitors Leave

Mrs. Dallas Irwin and son, Nelson of Fort Worth, who have been visiting in the S. G. Billington home the past few days, are leaving today for Littlefield and Lubbock, where they will visit a few days before returning to their home. Mrs. Irwin is Mr. Billington's sister.

Mr. and Mrs. W. L. Cain, parents of Loyd Cain, visited in the latter's home over the weekend, en route to their home in Glazier, Tex. They were returning from San Diego, Calif., where they had been visiting since the latter part of June.

Mrs. M. C. Roberts left Saturday for Abilene, Texas, where she paid a brief visit to her son, Pvt. Bill Roberts, who is in the Air Corps and stationed at Coleman.

Mrs. Willie Williams of the West Camp community arrived home the latter part of last week from a visit with relatives at Clinton and Hollis, Okla. She returned home with Mr. and Mrs. Johnnie Williams, who made a trip to Hollis last week.

45,000-Ton Aide for Uncle Sam

Mrs. Henry Wallace, sponsor at the launching of the 45,000-ton battleship, Iowa, receives the christening bottle from Captain Kennedy, superintendent of the Brooklyn navy yards. The launching of the big battleship, the greatest bulwark of democracy afloat, was made seven months ahead of schedule. The Iowa will have a main battery of 16-inch guns.

NEWS FROM OUR BOYS IN CAMPS

AT MOFFETT FIELD

Devere (Bub) Roberts, son of D. K. Roberts of this city, has been transferred to Moffett Field, Calif. His father states this week, Bub is in the medical detachment, and is now connected with the aviation arm of the Navy.

TWO MAKE PILOTS

Clark Walling and Woodrow Lovelace, Army Air Corps volunteers, have been accepted for training as pilots following their recent induction, and assigned to Texas training fields. The third local boy, Jimmie McElroy, who was called recently, has been enrolled as a navigator and assigned to California.

VISIT ENSIGN ROGERS

Mrs. B. A. Rogers and twin daughters, Peggy and Jean, returned Sunday from Corpus Christi, where they had visited for several days with Ensign Allan R. Rogers, who is located at the Naval Air Station in that city. Allan has been in the service for some time, and is expecting a promotion soon, his parents state.

ON FURLOUGH

Cpl. Herman Rutledge is here from Portland, Oregon, visiting friends and relatives in Texico. He is scheduled to leave today to report back for duty after a furlough of 15 days.

AT CAMP BARKELEY

Cpl. Lynn Westbrook, son of Mrs. R. S. Hines of this city, is now stationed at Camp Berkeley, Calif., and writes that he likes camp life fine.

TO FOREIGN SERVICE

T-Sgt. C. W. Bigham, son of Mr. and Mrs. W. W. Bigham of this city, who has been stationed at Fort Bragg, with the Air Corps, is believed to be on the high seas headed for foreign service, in the opinion of family members here.

BATES LIKE CAMP LIFE

B. B. Bates, Bovina farmer reports that his three boys—all of whom enlisted at the same time—are enjoying camp life. Earl is taking officer training at New London, Conn and says it is lots of hard work. Robert L. is stationed at Galveston, where he is a yeoman in the Navy while Junior, also at Galveston, is in the coast guard.

IN LOUISIANA

S-Sgt. D. D. Moffett writes he is quite busy in Leesville, Louisiana, and wishes to say hello to all his friends.

EXPECTED HOME

Jim Cleve Dixon, son of Mrs. Ruby Dixon of this city, is expected to arrive home on a brief furlough this weekend. He is located at the U. S. Naval Training Base at San Diego, and is connected with the medical corps.

Mrs. C. C. Perryman and daughter, Mary Bell, of Lubbock, left on Tuesday morning for their home, after visiting several days with her sister, Mrs. Earl Booth, and family in Farwell.

Mrs. Arthur Davis of Kirkwood, Mo., who has spent the past few months with her mother, Mrs. W. T. Snell, left Thursday for her home. Her sister, Mrs. Clif Goodfellow of Wenterville, Mo., arrived Wednesday to be with Mrs. Snell.

American Legion Asks Information on Boys Now in Armed Forces

Roy Price of the Friona Post American Legion, has this week requested that all persons in the county who have not previously sent in information on family members now in the service, do so immediately.

The Legion is compiling an accurate record of all Farmer county boys who are now in any branch of the service, and this will be kept on hand at the Post in Friona for future reference, Price states.

He asks that the following information be turned in, along with the name of the boy: date and place of birth, date of enlistment, camp at which he is stationed, serial number, company number, and all other pertinent data. He also requests a small kodak picture, preferably in uniform.

This information should be addressed either directly to Mr. Price at Friona, or to the Friona Post American Legion.

'42 Car Tags To Serve During '43 In Order To Conserve On Steel

Now is the time for all good men—and women—to come to the aid of their automobile license plates.

The 1942 tags are in for the duration, apparently, and a little elbow grease by way of cleaning and waxing will ease their long-range job.

The state highway department has settled on a policy of one by four inch tabs for 1943, the tabs to be bolted on the present 1942 plates after they are obtained through regular registration channels.

Apparently the same or a somewhat similar policy will be followed as long as the war lasts but right now department officials are happy enough to have settled the 1943 problem, a months-long headache.

What about 1944?

Said one official who prefers to remain anonymous:

"If the paint on your car is as bad as mine you won't be worrying about licenses or any other part of the car in 1944."

He does, however, recommend taking good care of 1942 plates just in case. They are made of comparatively thin steel and need aid in battling the elements.

Regular cleaning and application of preservative—wax or shellac—will help unless you live on the coast. There nothing will help. The damp air defies most any protective measures.

The 1943 tabs will be black and gold, the colors the reverse of 1942 parent-plates. The tabs will have black background and gold letters. Each will bear a serial number and the name of the state in addition to designation of registration years.

Regular twin plates are out for the duration because of the steel shortage for such purposes. Forty tons of steel will suffice for 1943's baby tabs whereas 800 tons normally are fed into prison system machines for the manufacture of Texas license plates.

The prison system retains the job under the revised plate specifications necessitating alteration of dies and other machinery used in former years.

Where did the 40 tons of steel come from?

Fortunately, the prison system, which also makes tags and signs for other governmental agencies, had enough of working stock on hand.

Tire Conservation Must Be Intensified

John Armstrong, chairman of the Farmer County War Price and Rationing Board, made it plain today that all motorists are going to have to intensify tire conservation, and that many persons on the eligible list for tires and retreads are going to be disappointed, because of the quota shortage.

"Both truck and passenger car tire allotments have been reduced sharply for September," Armstrong explained, "and we're obliged to make these reduced quotas serve only the most essential needs."

He pointed out that these reductions come at a time when all vehicles, especially trucks, are working overtime to meet the heavy demand for the fall movement of farm crops and for wartime construction and industrial production.

"The result will be that our board will have to apply the eligibility preference yardstick with even more severity," he said. "The shoe will pinch in many cases, but we hope everyone will take these decisions with a wartime spirit of patriotism and know that we are trying to do our duty honestly and impartially in a national emergency."

The state OPA headquarters has advised the county board, Armstrong added, that from now on, monthly quotas will reflect a sharp downward trend, in order to stay within the year's rubber quota.

ST. JOHN'S EV. LUTHERAN CHURCH

Lariat, Texas

Rudolph Weiser, Pastor
14th Sunday After Trinity
Sunday School and Bible Class at 10:45 a. m.

Divine Service at 11:30.
Instruction Class meets at the church on Thursday at 2:30 p. m.

Sunday school teachers meet, at night, at Kaltwasser home.

"Let us therefore come boldly unto the throne of grace, that we may obtain mercy and find grace to help in time of need." Hebrews 4:16.

Of Interest to Farmers

By John Martin, Administrator Parmer County AAA

All Counties To Receive Feed Wheat

Farmers in any Texas county can obtain feed wheat this year.

Feed wheat will be distributed directly by the Commodity Credit Corporation or through the regular channels of trade, B. F. Vance, chairman Texas USDA War Board has announced.

Producers may have wheat delivered at their customary shipping point upon proper certification that it will be used for feeding livestock and poultry, but purchase of wheat at some delivery point outside the immediate community will require proper approval and identification from local county AAA committee.

"Producers who truck livestock and produce to a point outside their immediate territory may find it advantageous to bring back wheat on the return trip," the War Board chairman said.

Large distributors and processors will be required to designate the area they propose to serve, Vance said and explained that a nominal feed wheat price will be established for the point at which CCC makes delivery. Refund claims may be made by the distributors and processors if the county feed wheat price at final point of delivery is less than their feed wheat cost plus appropriate transportation cost.

Through recent congressional action, 125,000,000 bushels of CCC wheat at 85 percent of parity price for corn have been released for feeding purposes.

CCC Prefabricated Grain Bins

At the present time we have approximately 80 bins stored at different points in the county which may be bought by producers for \$225 and \$270 for storing wheat, grain sorghums, etc.; however, the quota of grain bins for Texas is almost exhausted, and when these bins we have on hand are used we have no assurance of getting more. If you desire one of these bins, please contact the AAA office in Farwell as soon as possible while we still have the bins on hand.

Small Grain Goes Under Purchase Order Plan

Wartime demands on the AAA farm program reached into the small grain bin last week.

Under a new plan set up by the state AAA, farmers who have surplus oat, rye and barley seed may sell it to their neighbors for seeding this fall with cost of seed later deducted from buyers' AAA payments.

Already, producers are operating under similar plans for construction of terraces and obtaining winter legume seed and superphosphate.

"Small grain is one of the best means we have of protecting land from severe erosion during the rainy season of the year," Fred Rennels, assistant administrative officer of the AAA in Texas says.

In addition to protecting land when erosion is most severe increased small grain acreage likely will reduce the percentage of land devoted to row-crop production and increase the growing of summer legume crops, he said.

Flexibility of AAA programs to encourage additional plantings of winter cover crops will also pay off in increased livestock products because fall-sown grain affords grazing during that part of the year when grazing is scarce, the official said.

TIRE BOARD REPORT

At its meeting on August 26, the Parmer County ration board authorized the following tire, tube and retread certificates issued.

Levi Johnson, two passenger tires.

H. P. Bishop, two obsolete trailer tires.

R. L. Karr, two obsolete trailer tires.

A. T. Kersey, one passenger tire.

John W. Wilson, one passenger tire, one tube.

L. H. Saunders, two retread passenger tires, one tube.

C. E. Talkington, two retread passenger tires.

T. Manderscheid, two retread passenger tires.

E. T. Brady, two retread passenger tires.

W. S. Menefee, two retread trailer tires.

R. L. Kimbrough, two retread trailer tires.

L. J. Johnston, two retread trailer tires.

Travis Brown, one retread trailer tire.

A. U. Hurst, two retread pickup tires.

Jim Mears, two retread trailer tires.

F. L. Carson, one retread pickup tire.

H. L. Jones, two retread pickup tires.

Buck Bradshaw, two truck tires.

Jack Dunn, one tractor tube, two tires.

Eddie Smith, one pickup tire, one tube.

Robert Leach, one truck tire, one tube.

Henderson Grain & Seed, one truck tire, one tube.

Earl Drake, one pickup tire, one tube.

Gordon Massey, one pickup tire, one tube.

E. V. Isham, one pickup tire, one tube.

Howard Splawn, two pickup tires.

Bob Hammonds, one pickup tire, one tube.

Selden Warren, one pickup tire, one tube.

A. E. Taylor, two truck tires, two tubes.

Buford Rule, one pickup tire, one tube.

G. C. Taylor, one pickup tire.

R. B. Summers, one pickup tire, one tube.

Claud Heath, one truck tire.

Rudolph Kube, one pickup tire.

D. B. Ivy, two pickup tires, one tube.

Otis Massey, one binder tire.

Paul G. Renner, one truck tube.

Parmer Co. Pct. 1, one truck tire, one tube, maintainer.

A. A. Crow, one truck tire, one tube.

C. E. Crume, two pickup tubes.

10 Delinquents Are Ordered To Report

Mrs. Bessie Lee Henneman today listed 10 Parmer county registrants as delinquents and reported them to the State Director of Selective Service for failure to comply with Selective Service notices mailed them. Specifically, the registrants are charged with failure to return their occupational questionnaires on the date specified, August 29th.

Notices of suspected delinquency have been posted and mailed to following boys, all of whom are among the young men registering on June 30:

T. Foster Watkins, Herbert Williams, Cordell Hullet Brown, Lester Earl Prather, Ian Murry Hendrickson, Benny Williams Mann, William Crayton Starr, Chester Morris Ryan, Ivan Lewis Williams, Cecil Ray Rochelle.

These boys are required under Selective Service regulations to report to their Local Board, at their own expense, by mail, telegraph, or in person on or before Sept. 7, 1942, at 12 o'clock noon. Registrants residing in this county will be required to report by Sept. 5, while those living at present at remote distances will be given an additional two days. Mrs. Bess Henneman, clerk, stated. Failure to report as ordered will mean that their names will be turned over to the Federal Bureau of Investigation, it was announced.

Tribune Job Printing Is Best

"They're from the War Manpower Commission—they're looking ahead."

By Garlon A. Harper

County Agent Texas A. & M. Extension Service

Total war means nothing less than total use of all manpower and resources. This simply means that each of us must do everything we can in helping to win this war, whether we are in the armed forces, on the farms, or in the great industrial factories. The above cartoon illustrates very clearly the need for every true American today regardless of our limitations, our ages, or our chosen vocations, we must be ready to do everything we possibly can.

We know that before long the physically fit young men will nearly all be in the armed forces. Many of our farmers are facing this future with quite a lot of apprehension. They see no way to carry on vital agricultural production with such a shortage of farm labor as we have in prospect this coming harvest and more especially for the 1943 crop. This is something that we have no control over. There is a war to be fought and it is going to take men to fight it, so we might as well get ready now to face a lot of things we have never faced before. We must not let our agricultural production drop because of this lack of labor. We must plan ahead to carry on with all these handicaps and still increase our production of those crops which are necessary in winning the war. Some of the ways to do this is to plant crops which can be harvested by machinery. Make the best possible use of what machinery we do have by trading use of it. Organize what labor we do have so that the best possible use may be made. This might be done by registration of labor needs and available labor. Another thing we can do is to work harder and longer. I know this is a thing which farmers are already doing, but we should just remember that every lick in the field is a lick against slavery to the Axis.

You have agricultural agencies which can help you with your needs—use them to the fullest extent. The U. S. Employment Service can help supply you with what available migratory labor there is. Your Extension Service can help you with planting to save labor and proper use of machinery for longer use.

PLANT BLUEBONNETS NOW

COLLEGE STATION—Persons who desire to beautify their yards or flower beds with Texas' state flower next year should plant bluebonnets now. To grow and bloom successfully, bluebonnets should be planted in a sunny, well drained spot, says Sadie Hatfield, specialist in landscape gardening of the A. & M. College Extension Service.

Bluebonnets do not like to be disturbed by cultivation. They can be transplanted, but it is better to plant them where they are to grow. In parts of the state where it is too cold during the winter months for them to grow in the open, they should be started in flats, cold frames, or small pots and set in the open as soon as the ground thaws. The state flower is very resistant to cold and will thrive during spring freezes.

NUTRITIOUS SCHOOL LUNCHES—A PATRIOTIC "MUST"

By Elsie Cunningham

Home Demo. Agent Extension Service Texas A. & M.

An adequate diet for growing children is of utmost importance.

Not only many of the ills of childhood, decayed teeth, stunted growth, etc., but some of the physical disorders of later life have been traced to lack of proper nourishment during the early years.

Particularly in rural territories, where pupils have to start early and sometimes walk considerable distances, a warm nourishing lunch is necessary to keep the children physically fit and mentally alert.

In spite of the many problems which have been encountered the hot school lunch program in Parmer County is on the upward trend—not down.

According to the best information I have been able to secure, hot lunch rooms will be operated this year in schools at Bovina, Farwell, Friona, and Lazbuddy. Congratulations! Give yourself a pat on the back for you are doing a big thing to help in this national emergency.

Now don't think that just because you haven't equipment, or space, or help enough to prepare a whole noon meal you can't do something to improve the lunch in your school.

Maybe you can serve one substantial dish, such as a stew or a soup, to add to the lunch children carry from home, as was done last year in the Lakeview school. Or maybe this one hot dish would be cocoa, because that takes even less equipment. But even that is a great improvement over an all-cold lunch.

And if it is absolutely impossible to have anything hot—carried lunches can often be greatly improved with a glass of milk. Or a serving of fruit. Or maybe a nutritious sandwich filling can be made at school and put on bread that children bring with them—this was the plan followed last year by teachers at Black.

While out at Rhea, parents sent prepared food in a glass jar which was set into a pan of hot water by the teachers and heated just before noon. So, you see, there are several ways in which lunch can be improved.

With increasing prices it behooves us to cast an eye to the future. Each

Worms Sabotage Egg Production

Worms in your laying flock are insidious saboteurs that have as their objectives wrecking egg production. Safeguard egg production—round up these enemy agents; use Dr. Salsbury's Rota-Caps—they lay a "drag net" that few worms escape.

FOX SCHOOL SUPPLIES

As usual, we will be headquarters for SCHOOL SUPPLIES this year. We invite you to make our store your stopping place when you are needing supplies for the school room.

FOX DRUG STORE

FOX FOX

penny increase in charges for school lunches eliminates another child from the benefits. Let's do everything humanly possible to keep these lunches well balanced and low in price.

The folks out at Lazbuddy have launched a project which I recommend to all of you. Parents have been asked to can 10 quarts of tomatoes, green beans or spinach for each child they have enrolled in school this year. This plan gives all equal responsibility and opportunity and works a hardship on no one.

How about canning up those surplus vegetables for your school lunch room to keep the price of the lunches within the reach of all? Maybe you could have a community "canning bee" for the benefit of the school lunch room—this plan is being considered in Bovina.

Perhaps you prefer to give fresh foods such as peas, tomatoes, etc. right from the garden. I am sure the supervisor will be glad to accept them. Let her know in advance what you have and when you can send it in order that she may make plans to use it.

Let nothing go to waste this year! If our democracy is to be safe, we must work together in meeting nutritional needs of its children.

LEASES TAILOR SHOP

Zene Merrell of Amarillo, who has been employed at the City Cleaners for the past several weeks, has leased the shop from Jack Wallace, taking over management on Sept. 1. Mrs. Wallace and son will move to Clovis, where Mr. Wallace is employed by the Santa Fe.

Good Lumber is hard to get

GOOD LUMBER IS HARD TO GET AND MANY ITEMS ARE FROZEN

We are doing our dead level best to serve you with all your lumber needs, in so far as government regulations will permit.

We are like you—we want to win the war as quickly as possible—and get back to regular business.

But until the war is won all of us need to do our best to contribute to that end by doing without many things which the government needs for our fighting men on the far-flung battlefields of the world.

Bring us your lumber needs and we will do our best to fill them under the present restrictions.

Plenty and Paint, Varnish, Wall Paper

Up to the present, we are experiencing no difficulty in getting plenty of Paints, Varnishes and Wall Paper, which could be taken as a hint that now is a mighty good time to make use of these items.
