Water Main Bursts; Texico Without Water

For a period of almost 24 hours last weekend, residents of Texico manipulated water faucets in a vain effort to get even a trickle of water.

Water officials said that corrosion and vibration of trains was probably the cause of the broken line.

Workers in Parmer County began their solicitations for the annual Red Cross drive this past week, it has been announced.

Clouds Bring Hopes But No Moisture To Rain-Hungry Region

Heavy layers of clouds have been hanging around over this region most of the time for the past several days teasing rain-hungry residents.

A trace of rain fell here Sunday night, and thin coverings of snow were in evidence Monday.

Most of the moisture in the Parhandle area is reported along the northern tier of counties and over into Oklahoma, where readings of up to a half inch have been reported.

The Amarillo weather bureau has predicted "light to reasonably heavy moisture" for the plains country before the close of the present week.

Land-Watering Goes Forward In County

Land-watering in preparation for getting the soil in condition for spring planting has begun in earnest over this area as growers fired up their irrigation pumps.

Irrigation farmers are taking time by the forelock and getting their fields in condition for planting operations just as soon as the soil has warmed up enough to insure germination of the seed.

Dryland farmers, most of whom have sufficient moisture to permit spring plowing, have also had their tractors in the fields the past several days.

New Station To Open In Texico March 15

S. J. Winegeart and Gene Orand announced today that their new service station in Texico would observe its formal opening on Saturday, March 15.

The new business, which has been under construction for the past several weeks, will be known as Border Service No. 2. It is located at the intersection of Highways 60 and 70 in Texico, just across the street from the parent station.

Phillips 66 products will be featured. As a special inducement, one gallon of gasoline will be given away free with every 10 gallons sold a customer on opening day, it was announced.

IS DRIVE CHAIRMAN

Red Cross Drive in Curry County began last week, it has been announced by Annie Lee Chumley, executive secretary, and Frank Bueler, 1952 fund chairman.

Mrs. Crystal Moss has been named drive chairman in Texico.

John Christian and J. B. Sudderth, both students of Texas Tech in Lubbock, were weekend visitors in the homes of their parents.

Clear The Tracks, Boys, Fire Trucks Coming!

If the local autoists don't clear the path for the local fire trucks from now on, it certainly won't be because they have not been alerted.

Otis Huggins, secretary of the local department, announced today that a total of fifteen sirens had been ordered for use on the autos of the fireboys.

Just how many of the screaming electric horns will be used by the fire-eaters, Huggins would not venture to say, but every member of the department who drives his own car to a fire will be provided with one, he added.

Red Cross Workers Begin Parmer Drive

Workers in Parmer County began their solicitations for the annual Red Cross drive this past week, it has been announced.

Loyde Brewer, drive chairman, stated that all workers have been appointed in surrounding communities. Vernon Estes is county chairman and worker for Bovina.

Rainbow girls in Friona, Farwell and Bovina have made plans to help with the drive in the three towns. The girls gained \$193.63 the past Saturday in Farwell, and reports from the other two towns were unavailable.

The drive is to conclude at the end of the month. Goal is \$2000, one-half of which stays in the county with the other half going into the national foundation.

First Phases Farm Road Begun Monday

The first phases of the farm-to-market roads that will lead into Bovina from the north and south were begun Monday when the contractors moved machinery on the job just south of Bovina.

The first undertaking will be cutting a canal on Running Water Draw, just south of Bovina, to channel the water under one large bridge that will replace the two smaller bridges now in use.

Bell, Braden, Barker & Gilvin, Inc., Amarillo contractors, were awarded the contract for the two roads in Austin on Feb. 20. One route, FM-1731, will begin at Oklahoma Lane and run north to Bovina, where it will tap Highway 86 in the south part of town.

Sixteen Cases Include One Felony Offense

Sam Lewis, city magistrate of Texico, reports one felony case and 15 misdemeanors, which were heard in February in the justice court.

John V. Billingsley of Clovis, entered a plea of guilty to forgery and was committed to jail on default of \$1000 bond, to wait action of district court. He was later sentenced to 12 to 14 months in the state prison, Lewis says.

Other cases for February included: one case of speeding on highway 60 in the state of New Mexico, fine, \$10 plus court costs; five cases of overloading on New Mexico highways, fine \$10 to \$25; ten cases of evading the port of entry, fine, \$25; three cases of failing to stop at the Port of Entry for inspection, fines, \$25.

Magistrate Lewis reports no violation of city ordinances reported in February.

Hospital Beds Are Offered By Legion

Officials of the local American Legion today announced that two hospital beds were now ready to be offered for service to the people of this community.

The only requirement for use of the beds is that the user sign an agreement assuming responsibility for any damages done to the beds. They are not equipped with mattresses, but regular half size mattresses will fit them.

Modern bowling was introduced into America by the Dutch.

Fail To Get Jury In Tulia Livesay Trial

Judge E. A. Bills of the 64th District Court dismissed the special venire of 180 men at Tulia Tuesday morning when it became apparent that a jury could not be secured for the trial of Thomas E. Livesay, 30-year-old Amarillo smelter worker, charged with the murder of Joshua Blocher, 85-year-old hermit of Progress.

After an all-day session in which 51 talesmen were examined on Monday not a single juror was accepted, and Judge Bills ruled a mistrial in the case. He has not decided where the case will be tried, but it became apparent to court observers that a jury could not be obtained in the 64th district, where the case has had wide publicity.

This is the second mistrial in the case. After the hearing was transferred to Farwell from Muleshoe in January efforts to obtain a jury here failed when only three men were selected from a special venire of 120 men, whereupon Judge Bills ordered the trial transferred to Swisher County.

Livesay is charged jointly with Lester D. Stevens in the murder of "Old Josh" Blocher last August. Stevens went on trial at Muleshoe in December and was assessed the death penalty for his part in the slaying. Severance in the Livesay and Stevens trial at Muleshoe was granted by the court when Livesay became ill and was recovering from an appendicitis operation when the case was called.

The two Amarillo men were indicted by a Bailey County grand jury last October, following their arrest in Amarillo. Blocher was beaten and left in a cotton field to die after the pair allegedly beat him on the head with a pop bottle and a gun on August 11 of last year. Blocher's body was found four days later.

Robbery was believed to have been the motive of the slaying. But the Amarillo smelter workers, in a signed confession, admitted that they obtained only 13 cents from the pockets of the aged Progress resident. About \$10,000 in maul, currency was found in the one-room shack of the old hermit by court-appointed searchers after Blocher's death.

Notices Posted For Texico Bond Vote

Public notices were posted in Texico this week, calling for the special election in the city on Tuesday, April 1st, at which time the voters will determine the fate of a \$12,000 bond issue to be used in the improvement and extension of the water distribution system.

Only qualified residents of the Town of Texico, who have paid a property tax in the city during 1951, will be allowed to participate in the election, officials have advised. Polling will take place at the city hall.

In addition to casting their votes in the bond election, Texico voters will also select four new city officials at the same time. Two new trustees, a mayor and clerk are to be selected.

Deadline Nears For Trustee Candidates

County Judge A. D. Smith, who is ex-officio county superintendent of schools, today called attention to the approaching deadline for filing names of candidates for school trustees in the county.

April 5 is the date of the election he said, adding that certification of candidates must be made ten days prior to the election date. Up to noon Wednesday only Lazbuddy had filed the names of candidates.

The names of two candidates for county trustees had also been filed with the county superintendent. Matt Jesko has been certified as a candidate for county trustee from Precinct No. 4, and W. M. Sherley is listed as the county-at-large candidate.

With three to be elected in the Lazbuddy district, the names of eight have been certified. They are Nelson Ned Foster, D. B. Ivy, Virgil Teague, C. C. Graef, Calvin Clark, Frank Hinkston, Jack Smith and Archie Tarter.

GOOD RAINS IN OKLA.

J. F. Barnett, formerly of Bovina, who now lives at Muskogee, Okla., is here this week looking after business matters. He says that good rains have fallen in his section lately and conditions are very encouraging. Wheat around Guthrie and Kingfisher is showing exceptional promise, he reports.

County School Fund Gains In Royalty And Lease Money

The Parmer County Permanent School Fund was enriched more than \$14,000 on Monday when the Commissioners Court sold royalties and leases on Parmer County school lands, located in Gaines and Andrews Counties.

Ben Harwit of Midland, paid into the school fund a total of \$14,282.50 for royalties and leases on 1,372 acres of land located in the above counties. For a consideration of \$1,000 cash bonus and a rental of \$1.00 per acre per year, Harwit was granted a lease on 664.125 acres of the land. On a second deal, the Midland operator paid \$75.00 per acre for an undivided one-fourth non-participating term royalty interest to all oil royalties and other minerals on 708.4 acres, for a total consideration of \$13,282.50.

Money derived from the sale of the lease and royalties will be invested in Series G government bonds, and the interest from the bonds will be divided among the schools of the county on a scholastic basis.

Parmer County owns three leagues of land in Gaines and Andrews Counties, which was set aside as Parmer County school land by the State of Texas when the county was organized. Until recent years the income from the land has been a mere trickle, with the proceeds being confined to grazing rentals.

With the discovery of oil in the two south plains counties, the income has been increased considerably. County Judge A. D. Smith said today that the Permanent School Fund of the county was approximately \$356,000. Most of this money has been invested in government bonds, with cash on hand and money loaned to Precinct 1 for purchasing a road maintainer representing rest of the fund.

Texico Road Boosters Plan Trip To Santa Fe

In an effort to determine the status of the Texico-Rosedale farm road running north from Texico, through Pleasant Hill to Rosedale, a delegation of road boosters plan to be in Santa Fe on March 27 for a conference with the New Mexico Highway Commission.

Two separate delegations were in Roswell and Santa Fe last week in the interest of getting this piece of road paved, but met with little success. Chief concern now seems to be centered on the question of whether the route is a state highway road or a farm-to-market road.

M. C. Roberts, Texico grain dealer, said today that some officials contend that the route is a state highway, while others claim that it belongs in the farm-to-market classification. "We are going to Santa Fe to see what the road status actually is," Roberts said.

He said that he expected eight men from Texico along the route to be in the group when they went to Santa Fe. "The temper of the people is getting a little tough," Roberts asserted, after recalling that this road project has been "kicked around" for the past several years.

Public School Week Listed As Successful

Jack Williams, superintendent of Farwell schools, reported a good response from local citizens, to Public School Week, sponsored the past week at the local school.

Between 75 and 100 patrons were guests in the school cafeteria on the three days designated for visitors in the lunchroom, and better than 200 persons were on hand for the open house held Thursday night.

Several tours were arranged through all departments of the school, where work of the students was on display for parents to see. The tour included grammar school rooms, high school departments, and the home economics building where refreshments were served.

New Mexico Voters Register In Texico

New Mexico voters who will want to participate in the forthcoming primary election in Curry County on May 6 and the general election in November, are required to register on or before April 7.

Mrs. Ruby Stone at Stone's Variety, announced today that registration books were now open at her place of business and she will be glad to register any New Mexico voters for the coming elections.

**36,000 Texas Drivers May Lose Right to Drive**

By JIMMY BANKS  
IN DALLAS NEWS

AUSTIN—The man responsible for enforcing the new drivers' financial responsibility law believes it will cost approximately 36,000 Texans the right to drive this year.

He is J. B. Alderdice, chief of the safety responsibility division of the Department of Public Safety.

"Between Jan. 1 and Feb. 10, we received reports on approximately 7,600 accidents which caused injuries or at least \$100 property damage," Alderdice said Wednesday.

"About 50 per cent were covered by insurance. The others will have to settle any claims arising from those accidents and also prove they can pay for any future damage they inflict. If they can't, their drivers' licenses and automobile registrations will be suspended."

Alderdice said a lot of Texans have the wrong slant on the new law.

"Many believe their first wreck is free—that they won't lose their driving privileges for failure to pay damages in their first wreck," Alderdice said.

"They think all they have to do is go down and take out a liability insurance policy after they have an accident. But they have to settle any claims that result from that first

wreck, too."

Alderdice is convinced the law is a good, workable one with teeth in it. He said it already had resulted in more out-of-court settlements and has caused a 125 per cent increase in the reporting of accidents.

Alderdice expects an even larger increase in accident reports and he believes about 20 per cent of them will result in license and registration suspensions.

Because of Texas' certificate of title laws, a registration suspension prohibits selling the car. Thus, if a driver is unable to pay for damages caused by his car he can not drive or sell his automobile. And he must send the license plates to the Department of Public Safety, which prevents anyone else from driving it.

A driver involved in an accident which results in injuries or \$100 property damage has ten days to report it. Then he has sixty days to prove his financial responsibility.

Regardless of whose fault the accident was, he must also get the other driver to sign a release or else deposit with the Department of Public Safety (if he has no insurance to cover it) enough money to pay for damage to the other person's car. If the other driver does not file a damage suit within a year, the money is refunded.

"Just because a person is fined in traffic court for negligent driving does not mean he can't bring a civil suit against the other driver involved in an accident," Alderdice said. "The two things are entirely separate."

Alderdice also said the new law puts the burden of proof on the individual.

"It is different from criminal law," he explained, "where a person is considered innocent until proven guilty. Under this act, a person is considered unable to pay for damages until he proves he can."

Alderdice said forty-four other states have similar laws and that the Mississippi Legislature is considering one. The New York law, he added, is similar to Texas' and it resulted in 98,000 New Yorkers losing the right to drive last year.

**Legion Discusses Coming Activities**

Members of the local American Legion decided to sponsor a dance at the Legion hall on March 22, when they met in regular session Monday night. Further details on the affair are to be released later.

# No Space Wasted in Compact Plan

Good design can make a small house seem big. This house has three bedrooms and a large living room but only 835 square feet of floor area—well under the minimum size for which materials are controlled. It is Plan No. Y-238 of Architect Herman H. York, 115 New Hyde Park Rd., Garden City, L.I., N.Y.

The architect specifies a roof of asphalt shingles for economical long life and protection from the weather. Asphalt shingles are made in a variety of colors that would blend well with the stonework at the front of the dwelling and the prominent chimney at the side.

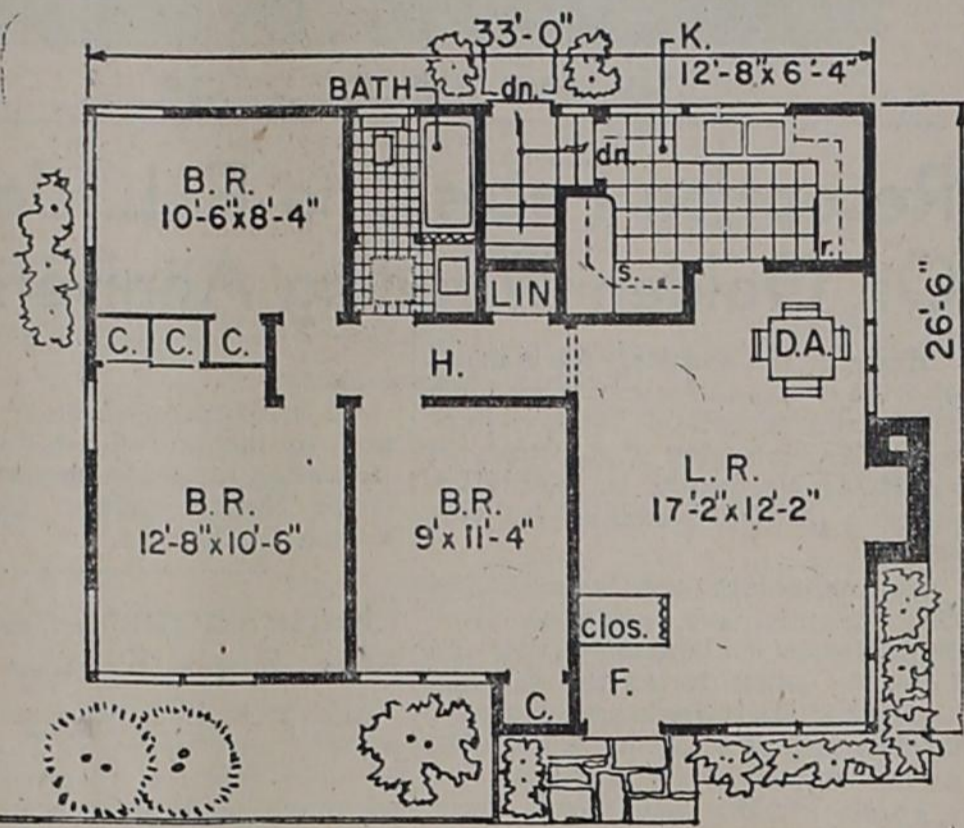

One of the most convenient features of the plan is the novel "semi-split" bath. A heavy folding screen can be pulled out to shut off the lavatory from the rest of the room.

A 6-foot-high living room coat closet acts as a partition to shield the main area of the room from cold air when the front door is opened. This closet is built of hardwood plywood, faced with attractively figured wood veneers that add the fundamental charm of wood to the room's decor.

One wall of the living room also is paneled in hardwood veneer. This gives a permanent, easy-to-clean surface that needs no further decoration.

The hall is big enough to separate the bedroom-bathroom area from the living room-kitchen part of the house but is short enough not to waste space. The house boasts a fireplace which the architect considers to be an indispensable feature for a house of any size.

Detailed building plans are available from Herman H. York, 115 New Hyde Park Rd., Garden City, L.I., N.Y. Refer to Plan No. Y-238.

## Now's the Time To Win Your Man, Girls, Discovers Reporter

BY JO SONDRAG MAGERUS

Girl, are you worried about catching your man? Well, this is leap year and you have an opportunity to be the aggressive type and propose to the "object of your affections."

Do you know when and why leap year started? As you know, each year has 364 1/4 days. The name "leap year" is perhaps due to the notion that the calendar takes a leap of one day every fourth year to make up for the extra 1/4 day each year.

Of the custom for women to woo during leap year, no satisfactory explanation has ever been offered. In 1288 a law was enacted in Scotland that, "During the year known as leap year, a maiden lady of both high and low estate shall have liberty to ask the man she likes to be her husband. If he refuses to take her to be his lawful wife, he shall be fined the sum of 1 pound or more, as his estate may be. Unless he can make it clear that he is betrothed to another woman; then he shall be free." A few years later, a like law was legalized in Gen-

oa and Florence.

And, although it is not a law now, it has been passed down as a common belief that the woman may propose during leap year.

But, even if you don't get your man in this year, there is one bright ray in this gloomy picture:

Suppose you were a woman in Ladakh, Tibet. There, a woman not only marries her heart's desire, but all of his brothers, as well. One should really "look before leaping" into matrimony there. While the women have become accustomed to managing 3 or 4 husbands through generations of experience, when there are 6 brothers or more, it must become difficult to honor and obey so many!

So be thankful! It is better to live alone than with SIX HUSBANDS!!!

## Fertilizer Troubles Ahead Unless Deliveries Increase

The slow movement of fertilizers from manufacturing, mixing and storage plants to farms is developing into a serious situation, Joe Jones, county agent, says. Word has been received from the National Fertilizer Association calling farmers' attention to this situation that threatens to curtail the industry's ability to deliver the tonnage of fertilizers that will be needed to produce the 1952 crops.

Right now fertilizer factory storage space is being taxed on, resulting in a curtailment of maximum production. Transportation problems may further complicate the situation when the heavy buying season hits. Even though no actual shortage of fertilizers may exist, farmers may not be able to get the kinds nor amounts they will need.

Fertilizers can be successfully stored on the farm, says M. K. Thornton, agricultural chemist for the Texas Agricultural Extension Service. Most any shed on the farm can be used for storage provided the roof does not leak and the fertilizer is stacked so that air can circulate around the bags, says the specialist.

Taking delivery now will help clear up the plant storage problem ease the transportation situation and at the same time will permit farmers and others to get the kind and amounts of fertilizers needed to produce the 1952 crops.

### Texas Farmers Lead In Comfort

AUSTIN—We knew it all along, but now it's official—the average Texas farmer has it all over his neighbors in other states for efficiency and comfort.

Texans, with the largest number of electrified farms in the nation, are reaping the benefits of the equivalent of three dozen robot servants in mechanical conveniences and power facilities, estimate Minneapolis-Honeywell researchers.

For example, in a special study they found that Texas leads the nation in the use of automatic heating systems, warming themselves with more than 194,150 modern gas space heaters alone. Gas ranges are in use in 45,000 homes and some 39,352 homes have automatic water heaters, again putting the state among the pacesetters in use of such work-saving equipment. Furthermore, they pointed out that such other automatic aids to living comfort as deep freezers, automatic dishwashers and laundry equipment are virtually standard items in the homes served by the rural electrification system.

Texas, with the most farm homes using electricity—265,195 to be exact—is out front in making rural life more comfortable than city living was ten years ago.

Statistics indicate that 1800 thunderstorms bellow over the earth's surface every instant.

### Marine Leaders Class Open To College Men

Denver Colo.—Membership in the Marine Corps Platoon Leaders Class is now open to all college men between the ages of 17 and 25.

Enrollment in the PLC Program will ensure the new Marine of being allowed to remain in college until he receives his degree. Training prior to graduation from college will be limited to two summer training periods of six weeks each. Upon completion of college, the PLC will receive a commission as Second Lieutenant, and will then be sent to school for five months training as an officer. After completing the five months of officer schooling, the new officer will be assigned to one of the hundreds of different jobs open to Marine officers.

## To Our Friends

This notice is to let our friends and the general public know that we have purchased the Phillips 66 Station just east of the Piggly Wiggly Store in Farwell. We have purchased the interests of Weldon Rodgers and Ernest Brock who were former operators of the station, and we will now be in complete charge.

We want you to know that we pledge the best and courteous service possible, and we extend to you a friendly handshake of "HOWDY" and invite you to come in and visit us.

Of course, we will feature a full line of Phillips Products, including the famous Phillips gasolines—no better manufactured. If you want a wash, grease and clean-up job, your gas tank filled, or just want your tires aired up and your windshield cleaned, come in and see us.

Your friends,

## Texico-Farwell Seniors Honored With Semi-Formal Social Affair

"Sitting on top of the world" was the theme for the banquet at the Texico-Farwell Baptist church, given in honor of Texico-Farwell seniors Tuesday night. Decorations and the program carried out the theme.

On the speaker's table, a large world globe was featured, with minute figures in caps and gowns perched atop it. On either end of the table were candles with gowned seniors on the central candle. The secondary tables had a similar decorative scheme. Nut cups were small black senior caps, with green tassels for the Texico students and blue tassels for Farwell attendants, carrying out the school colors.

Rev. C. M. Fields, pastor of the church, gave the invocation. Misses Nancy Aldridge and Kayla Felts then sang "You're Sittin' On Top of the World." Mrs. C. M. Fields presented the welcome address in behalf of the church and Alva Jane Moss of Texico gave the response.

Attendees were then entertained by musical students from Hardin-Simmons College. Loretta Gillette of Joplin, Mo. and Bill Cole of Arlington, Texas sang three duets, accompanied by Betty Baker of Albany. Numbers included "Where My Caravan Is Resting", "Oh Lovely Night" and "Lover, Come Back To Me."

Speaker was Prof. W. C. Ribble, also of Hardin-Simmons, who discussed "Is What We Think Today Important?" The professor stated that the citizens of today find themselves in a confused world, therefore people should inform themselves so they will know what to believe. "Communism is on one hand and Christianity is on the other," Ribble says.

According to Ribble, Americans live in the ideal situation, yet one sees crime and immorality. The Christian way of life verses the anti-Christian. Ribble read the definition of the Bible, taken from a Communist dictionary, saying "a collection of fantastic legends without a scientific basis."

One of the causes of the confusion in the world, Ribble states, is the underlying force of technology. "In 1912, it took me 21 days to go from Crosbyton to Groom, today, I drove from Abilene in six hours. We don't measure distance by miles, we measure it by time—how long does it take you to get somewhere?"

The speaker pointed out that Americans can't live tomorrow as they live today, they will have to learn to adjust. "Tomorrow is going to be a very interesting world, but

we must remember that governments come and go, but people go on forever," was Ribble's statement in urging that people get to know one another.

In conclusion, Ribble quoted the scripture "get knowledge, but with all of your getting, forget not understanding."

Menu for the banquet was planned and prepared by women of the church. It included fried chicken, gravy, green beans, creamed potatoes, pineapple salad, hot rolls, butter, pecan pie ala mode and tea.

Members of the Daughters of Ruth Sunday School class who served were: Peggy and Betty Donahue, June and Irene Hardage, and Sue Medley.

Attending the banquet were: Jane Moss, Bobbie Williams, Mary Lou Hatcher, Mr. and Mrs. Kenneth Livingston, Margie Reid, Marsha Reid, Lueta McKillip, Mr. and Mrs. F. D. Stout, Agnes Goforth, Mr. and Mrs. Agrie Jones, Jo Ann Spurlin, Nancy Aldridge, Kayla Felts, DeLores Goldsmith, Koleta Smith, Marcia Foster, Katherine Magness, Wilma Nell Smith, Darrell Norton, Neal Walls, Charles Phillips, Jesse Corburn, Donald Jesko, Kennard Harris, Andre Palmateer, Charles Ott, Vernon Lewis, Richard Hapke, Jo Veta Billingsley, Georgia Rundell, Jack Williams, Rex Pool, Donald Pipkin, Leon Meeks, Bobby Joe Crume, Rose Hines, Neva Sparks, Rev. and Mrs. C. M. Fields, W. C. Ribble, Loretta Gillette, Betty Bakers, Bill Cole, and Jeanne Dudley.

## Vinyard Pupils To Play At Hereford

On Saturday, Mrs. Florence Vinyard will take a group of her students to Hereford to play in the National Federated Club Music Festival.

Students to go include: Carolyn Fenn, Beverly Sue Meyer, Elaine Meyer, Peggy and Jerry Gammell and Susy Barnett, all of Clovis; Loyd Cain Jr., Johnny Lovelace, Barbara Beiler, Donna Stewart, Sharon Hendrix, Gaily Hadley, and Gloria Dial, all of Farwell;

Also Joy Redden, Nita Beth and Verna Marie Estes, Sondra Rhinehart, Lexie Stevens, all of Bovina; and Sally Osborn and Don Lewis of Friona.

Others will play in the New Mexico Federation at Las Cruces on April 19.

## Mrs. Vinyard Attends National Convention

Mrs. Florence Vinyard of this city attended the 76th annual meeting of the Music Teachers National Association in Dallas February 24 through the 28th.

"This was the first time the association had met in the south—so to say that it was an event for most of us, would be putting it mildly," Mrs. Vinyard says. Of nearly 5000 members, 2000 were present. General assemblies, and sectional meetings were held at the Baker and Adolphus hotels.

Registrations and sight-seeing was slated Sunday, and an Oratorio was given at the First Methodist Church that evening. Roy Underwood, head of music in Michigan university, is president and presided at meetings.

University of Texas string quartette gave a musical program and attendants were feted with a barbecue at the Student Union building of Southern Methodist university.

This was followed by a concert by Dallas Symphony orchestra, and a reception at McFarlin auditorium.

Many composers were present; and on Wednesday evening, A Cappella Choir of North Texas State College of Music was presented, following a banquet. The choir was composed of over fifty boys and girls.

## Final Plans Discussed For Male Wedding

## NOTE FIFTIETH ANNIVERSARY

MR. AND MRS. F. L. JONES

## Reception Fetes The F. L. Jones On Golden Wedding Anniversary

Home of Mr. and Mrs. Agrie Jones of Texico was the scene of an open house and reception, Sunday, honoring Mr. and Mrs. F. L. Jones of the House community in celebration of their fiftieth wedding anniversary.

Approximately one hundred and fifty friends and relatives from New Mexico, Oklahoma, Texas, and Colorado called during the day and signed the guest book presided over by Mrs. Delbert Dunn of Portales, granddaughter of the honorees.

Three of Mr. and Mrs. Jones' children were present for the occasion; one daughter, Mrs. George Wright of Ontario, Oregon, was not able to attend. Those present were: Agrie Jones, Texico; Pete Jones, Clovis; and Mrs. C. E. Withers, Denver, Colorado.

Brothers and sisters of the honorees who attended were: Mrs. Stella West, Wellington, Texas; Mrs. Ella George, Shamrock, Texas; Sam Young, Hollis, Oklahoma; Mrs. Ethel Brickley, Shamrock, Texas; Roy Young, Wellington; Mrs. Dolly Gordon, and Foy Jones, Floyd.

The refreshment table covered with a lace table cloth over gold satin, featured a centerpiece of yellow roses and jonquils surrounding a wedding ring. On either side was the five tier cake topped with a bride and groom and the punch bowl.

Presiding at the punch bowl was Mrs. James McBee of Portales, and serving the cake was Mrs. Marion Hughes of Elida, both are granddaughters.

An outstanding feature was a miniature buggy placed on the guestbook table holding a bride and groom dressed in the style of fifty years ago. Flowers occupied the front of the buggy. This scene illustrated the wedding of Mr. and Mrs. Jones.

After a majority of the guests had assembled Lona Mae Jones, granddaughter, sang "I Love You Truly". Following this the two youngest grandchildren, George Withers and Kathryn Jones, presented gold watches to Mr. and Mrs. Jones, gifts from the sons and

daughters. All gifts received by the couple were on display during the day. Floating hosts for the event were: James McBee, Delbert Dunn, and Marion Hughes.

## Housewarming Honors Mrs. Roth, Friday

Mrs. T. E. Roth, who recently remodeled her home in Texico, was honored with a surprise "housewarming" on Friday night. Hostesses were Mesdames Dot Camp, Buddy Pearce, Ansel Doolittle, Minnie Paul, Rita Dollar, Jeanean Grisham, Margie Fought, Margie Watkins and Glenda Carpenter.

Punch and cake were served by the hostesses; and attendants played "42" and visited. The honoree received many gifts.

Attending the housewarming were: Mr. and Mrs. Russell Johnson, Mr. and Mrs. Joe Camp, Mike and Dale; Mr. and Mrs. Ansel Doolittle and Deborah; Mr. and Mrs. Murray White and girls; Mr. and Mrs. Ed Blain; Mrs. John Gant; Mrs. Alta Fought, Mrs. Don Fought, Diane and Larry; Mrs. Olan Schluefer; Mrs. Hugh Tucker and Phyllis; Mrs. B. A. Kelly, J. C. Leon, Allen and Phyllis; Mrs. Harry Baker.

Sending gifts were: Mesdames L. A. Pearce, D. G. Seale, F. S. Thigpen, Jim Grissom, Jerry Paul, Glenda Carpenter, Donald Watkins, D. J. Brown, Ruby Stone, and Miss Jeanne Dudley.

Mr. Hamlin Overstreet and Mrs. Anne Overstreet attended an engagement announcement tea for Miss Jerry Burran in Clovis the past week.

**Promotions Given To Gas Co. Men**

Two officials of Southern Union Gas Company have received promotions, according to an announcement made today by C. H. Zachry, Dallas, Texas, president of the gas company. They are James C. Reid, vice president and operating manager and member of the board of directors, and H. N. Oldham, assistant operating manager, both of Dallas.

The company's board of directors elected Reid to the newly created position of executive vice-president and Oldham, vice president and operating manager.

Reid, who joined the 23-year-old utility more than 16 years ago, first served as assistant operating manager of Southern Union's West Texas and New Mexico properties, with headquarters in Santa Fe. He moved to Dallas in 1937 to head the company's engineering department. The following year he was made a vice president and director, and since 1943, he has served as director, vice-president and operating manager.

A native of Dallas, Reid attended Southern Methodist University one year before entering Yale University, attending that school on a scholarship awarded him by the American Chemistry Society. He received a bachelor of science degree in industrial engineering.

He is a member of Tau Beta Pi, honorary engineering fraternity, as well as numerous organizations in the gas industry.

Oldham, also an engineer, is a graduate of the University of Arkansas. A native of Oklahoma, he worked for the Oklahoma State Highway Department before he joined Southern Union more than 17 years ago.

After brief service in the gas company's home office at Dallas, he served as industrial engineer at Santa Fe and as assistant district manager of the company's southeastern New Mexico district at Carlsbad before becoming district manager, the position he held 13 years.

He moved to Dallas in April 1950 when he was appointed assistant operating manager, a position created to help meet the demands occasion-

ed by Southern Union's rapid expansion and future growth, Zachry said.

Continuing expansion necessitated creating the executive vice presidency and the elevation of the two officials, Zachry further stated.

Oldham is a member of the American Institute of Mining and Metallurgical Engineers and well-known organizations in the gas industry. In Carlsbad, he served as president of the chamber of commerce, member of the school board, and was active in Boy Scout work and other civic affairs.

Southern Union provides natural gas service for more than 200,000 directly served customers in 54 towns and cities of Texas, New Mexico, Colorado and Arizona.

**Few Candidates Listed For Office In Parmer**

Politics in Parmer County still seemed to be rather lukewarm this week, with no opponents listed in any of the county races. Present officials in all county offices are asking for re-election.

Included in the list of candidates seeking return to office are E. R. Day, commissioner, precinct 1; C. H. Jefferson, commissioner, precinct 2; E. L. Billingsley, commissioner, precinct 3; H. L. Ivy, commissioner, precinct 4;

Chas. Lovelace, sheriff-assessor-collector; Loyde Brewer, county and district clerk; Mabel Reynolds, county treasurer; A. D. Smith, county judge.

Mrs. A. D. Smith was in attendance at a DAR meeting in Portales last Wednesday.

**Are You Waiting For A Space Ship?**

BY BETTYE BRIDGES

Would you like to reserve a seat on a space ship to visit Mars, and many other planets? It seems as if several of the Texico teachers would enjoy such a trip as this, which would prove to be exciting and adventurous, when the polls were taken this week.

Mrs. B. A. Rogers stated, "The scientists have invented so many things that it is entirely possible."

Mrs. N. W. Peyton thinks there will be space travel, but no interplanetary travel.

Mrs. Alvis Patterson believes there will never be interplanetary travel.

Mrs. Frank Seale said if time exists long enough, we may have interplanetary travel.

C. B. Stockton, stated "Yes, I think there will be interplanetary travel in the next 30 or 40 years."

Mrs. Leroy Faville says that it could be possible, but not in her time.

Mrs. C. B. Stockton, believes there will be interplanetary travel, but not in our time.

E. U. Scott: "Yes, it is very possible."

Agrie Jones stated, "I doubt if there will ever be. But I refuse to be surprised if a man from Mars should come down tomorrow—Many things thought impossible 50 years ago have come to pass."

Mrs. Agrie Jones thinks that she doesn't know enough about the question to make a statement.

George Hill says that "those type of things have been revolving in my mind every since I started teaching school."

John Adams: "Yes, it is entirely possible."

Curtis Miller thinks there will probably be interplanetary travel in the next 40 or 50 years.

Mrs. Jimmie Allman stated, "No, I don't think so."

Carl Schmitt, when interviewed by this reporter, laughed and asked

if they were selling tickets, and wanted to buy one if they were selling them.

Schmitt continued that he thought that there would be interplanetary travel in the next 100 years.

These are the opinions of the Texico teachers on the subject matter. "Do you believe there will ever be interplanetary travel?" Now is your turn, reader, to answer this question which someday in the near future may exist.

**13 HIROSHIMAS!**

When the white-hot glare over Hiroshima faded away, the world trembled at the thought—one blast, 78,150 lives!

Yet since the turn of the century one million lives have been wiped out on the highways of our country. It would take the death-dealing power of thirteen Hiroshimas to equal that slaughter. All the American military deaths since Lexington, after 176 years, just equaled at the end of 1951 the toll of automobile deaths since 1900.

And death continues to ride the highways at an increasingly alarming rate. 35,000 killed in 1950! 300,000 in the ten years since Pearl Harbor! Last year more than 100 lives sacrificed to speed and carelessness every day! 5,000 injured every day!

You ask: What can I do about it?

You and 60,000,000 other drivers can do everything about it. You can be a safe driver alert to danger, sensitive to the killing power of speed. You can be a courteous driver considerate of other drivers and pedestrians.

Your contribution toward reducing this wanton waste of life on the highways, this calamitous toll of injuries and destruction of property, is your own effort to drive and walk safely and the common sense you use behind the wheel.

## OUT FOR FROGGIE BASEBALL

Donald Ford, left, talks it up with a couple of buddies before practice with the TCU Horned Frogs at Ft. Worth. Ford, a former athlete of Farwell High School, is in his second year at TCU and is shooting for a berth on the varsity baseball team, although he attends TCU through a football scholarship. Teammates are George Petrovich, center, and Bill Barnes, right. All three are outfielders.

## Texico Athletic Teams Boast of Total of Thirty-one Trophies Won Since 1949

Athletic teams at Texico school have won a total of thirty-one trophies since the beginning of the 1949-50 school year. Last year was the most profitable year with the athletic teams winning a total of 18 trophies. In '49-50, seven trophies were won, and this year 6 trophies have been won with track and volleyball season yet to go.

The senior high girls have won the largest number with ten, while the senior high boys are second with 9. The junior high girls have won 7 and the junior boys have won 5.

The senior high softball teams, both won second in the County Tourney, while both junior teams failed to place in 1949-50. In basketball, the junior girls won first in the County Tourney, and the senior girls won second. The senior boys won a sportsmanship trophy in the District Tourney.

In the County Track meet in 1950, the junior boys won second in their division, and the senior boys failed to place. In volleyball, the senior high girls won first in the County Tourney, and the junior high girls failed to place.

Last year, the senior high boys softball team won first in the County Tourney, and also won the Traveling Trophy. The junior high girls won first in their division of the County Tourney, and the senior high girls won the Traveling Trophy. The Traveling Trophy is presented to the team having the best record in conference play.

In basketball last year, 9 trophies were won by Texico squads. The junior high boys won three, winning second in the County Tourney, third in Eugene Field Invitational Tourney, and Consolation in Bovina Invitational Tourney. The junior high girls won two trophies by winning first in County Tourney, and Consolation in Bovina Invitational Tourney.

Both senior high teams won two trophies each in basketball. The girls winning third in the County Tourney and Consolation in Farwell Invitational Tourney. The boys won third in District Tourney and the Sportsmanship Trophy in the County Tourney.

Last year's senior high track team won three trophies in as many track meets. They won first place in the Melrose Invitational Meet, and first in the County Meet. They won second in the District Meet. The senior high girls won second in the

County volleyball Tournament, and the junior high girls won second in their County Tourney, also.

This year, the junior high girls won second in County Softball Tournament, and the senior high girls placed second in county tournament and are tied with Rosedale for the Traveling Trophy.

In basketball, the senior high girls won first in the Friona Invitational Tourney, and Consolation in the Bovina Invitational. The junior high girls won second in the county tournament and second in the Farwell Invitational Tourney. The junior boys also won second in the Farwell Tourney.

### Three Tracksters Go To Fort Worth Meet

Three members of Farwell high school track team will participate in Southwestern Recreational Track Field Meet, sponsored in Fort Worth by the city, this weekend. Tommy Hestand, coach, says.

Rex Pool will be entered in the mile race; Donald Jesko will run the half-mile and Frank Gulley, will vie for honors in the 440 and the 100 yard dash. All three of the men are returning lettermen from last year.

The complete Farwell track team will go to a meet in Big Spring next weekend, March 22. Returning lettermen include the three named above; Jesse Coburn, 440, 1/2; Ronny Dial, high jump, 1/2; Dennis Raney, sprints; and Teddy Magness, 440.

Squadmen are: Cassidy, hurdles; Vernon Willard, weights; and utility; Clarence Kube, weights; Marvin Walden, 440; Leon Langford, weights; Lynn Carpenter, sprints; and Charles Phillips, 440.

Gulley and Raney were on last year's relay team that won third in regional; and Coburn won third in half; with Pool winning third in mile.

"The boys are in pretty good shape, and they should make a pretty good showing at the Farwell invitational tournament March 28," Hestand adds.

Mr. and Mrs. Ray Ford and family were guests in the home of her mother, Mrs. Travis Brown and Ysleta, the past weekend. They reside in Hart.

### Spring Football Begins Early Next Month

We are making a few plans for spring football season," Coach Tommy Hestand at Farwell schools said today. Workouts will begin about April 9.

Seven lettermen on the squad will be graduated this year, including Pike Jordan, Jesse Coburn, Donald Pipkin, Doyle Vaughan, Darrell Norton, Charles Phillips and Bobby Joe Crume. Two other boys, Calvin Barber and Vernon Pense, moved away.

"A large sophomore class is coming up, however," Hestand says, "so we will have more boys out for spring training than before."

### Grandfather Passes Away At Stamford

Miss Jane Adams, instructor of home economics at Farwell schools, received word Tuesday that her grandfather, George Ross, 81, of Stamford, had passed away at the hospital there. Mr. Ross had been ill for a period of time. He had been a resident of Stamford for approximately 32 years.

Funeral services were to be held Wednesday afternoon at the Stamford Baptist church.

Miss Adams and her brother, Seth, a student at Eastern New Mexico university in Portales, left Tuesday afternoon to attend funeral services.

### Varied Program Given At Texico Farm Meet

Thirty members and four visitors were present for regular meeting of Texico Farm bureau, held Monday night in the Texico school lunchroom. Olan Schlueter, vice chairman of the group, presided over the meeting, Mrs. W. H. McDaniel, reporter, says.

A report on the membership drive was given, and Buck Raulie, Eddie Hudson and Levi Reid were listed as new members, giving the group a total of 52. Jim Grisham of Roberts Seed Co. presented two education films on the kind of implements used in seed cleaning and other facts.

Three Texico EFA boys, Sonny Cox, Jerry Johnson and Kenneth Reid, h ten gave a demonstration on the control of rats and mice. They are under the direction of Carl Schmitt, agriculture instructor at Texico schools.

To conclude the program, Lester Snider of Clovis, discussed fire insurance and its benefits.

Members decided to invite all Curry County candidates to the next session, to be held on April 14. Cake and coffee were served by the women of the group, and games of "42" and visiting concluded the session.

It was reported that Favilles, Olan Schlueter, Dick Doshier and Luther eParce have installed irrigation wells.

### LUNACY HEARING

W. C. Falwell, 78, of Friona, was adjudged insane in a lunacy hearing in county court here Tuesday morning. He was committed to an institution at Wichita Falls for treatment, with his own family taking him to that city.

### Elementary Tourney Begins Tomorrow At Eugene Field

Texico's fifth and sixth grade boys will go to Clovis tomorrow to play in the Eugene Field Elementary Tournament. "The Texico squad will play Elida in their first game," Curtis Miller, coach, said today.

"Starting five for Texico will be picked out of six boys. Jerry Henson, Dicky Adams, Jerry Reid, Larry Winkles, Buddy and Joe Spears," Miller said.

Other teams entered in the tourney are: Eugene Field, La Casita, James Bickley, from Clovis; Ranchvale, Rosedale, and Field.

### Local Boys Receive Sergeant's Rating

Two local boys, Cpl. Bill Johnson and Cpl. Bill Christian, received their sergeant's ratings in February. Both boys are in the medics and serving with the 45th division in Korea.

Sgt. Johnson is the son of Mr. and Mrs. Russell Johnson of Texico; and Sgt. Christian is the son of Mr. and Mrs. Rochelle Christian of Farwell.

### Lariat Revival Service Begins Friday, March 21

Revival services at the Lariat Church of Christ will open Friday night, March 21, it has been announced here.

J. V. Davis, minister of Levelland, will conduct the series of gospel meetings, which will continue through March 30. Services are planned twice daily, at 11 o'clock in the morning and at 8 o'clock each evening.

### Jones and Brewer Go To Dimmitt

Loyde Brewer and Joe Jones attended the Legion zone meeting, held in Dimmitt Tuesday night. The program consisted mostly of business discussion and reports. It was announced that Amarillo and Canyon are now in this zone. Roy Ivy of Vega presided over the meeting. Refreshments of cake and coffee were served by th host group. Next meeting will be April 8 in Farwell.

### Wilson Food Store Has Big Sales Day

"The biggest business we have ever done in our five years in Bovina," commented A. W. Wilson of the Wilson Food Store in Bovina last Saturday at the conclusion of his two-day anniversary sale.

Wilson said that his store was crowded all day Friday and Saturday with people taking advantage of the special prices in effect on those days. Saturday afternoon five large baskets of staple groceries were given away to the following persons:

F. O. Turner, C. A. Philpot, Mrs. W. E. Williams, Mrs. Bass Elliott and Mrs. E. C. Berry. Ellen Berry, daughter of the latter named lady, drew her mother's ticket from the large box of coupons.

## Girls Lose Regional Game to Claud Team

The Bovina high school girls team lost their first game in the regional tournament last Thursday when they were defeated by the sextette from Claud. Claud, defending state champions, went ahead to win the region and will again represent this region at the state tournament in Austin this week. The Claud girls had one of the smoothest teams seen this year and are considered to have a good chance to repeat this year as state champs.

The Claud girls took the lead early in the game and were able to hold that lead and continue to build it up throughout the game. Final score was 49-25. The Bovina girls couldn't seem to get started and they didn't play as good ball as they did in the regular season or the district tournament. Claud had an 11-6 lead at the end of the first quarter and had built up a 22-10 lead by the half. They continued to build up their lead all during the last quarter.

The game wasn't a slow-played game, but it was slowed down in time by the great number of personal fouls called during the game. Bovina was charged with 29 fouls while Claud had 24. Bovina couldn't hit from the free toss line and missed 15 out of 25 charity tosses. Claud made 15 out of 30 tries.

Avesy and Welch of Claud each accounted for 15 points while Mor-

ison tossed in 14. Newton was high scorer for Bovina with 11 points while Young scored 10. Donna Smith, five-foot Bovina forward, couldn't get a shot away from the court with the taller Claud guards who really pressed the Bovina forwards.

The regional tournament was held in the beautiful new field house on the campus of WTSC. It is one of the nicest courts in this section of the country. There are three complete courts on the floor with one outlined in green, one in orange and one in brown. The numerous lines caused a little confusion for all the girls teams. They would be outside or across the center line and never realize it because of so many lines. They would also stop suddenly when they approached a line before realizing that it was for another court.

Bovina is quite proud of their girls team this year and are hoping they can return to regional next year and go on to state.

## Al Kerby Enters Dog In Show, Wins Third Place

The Panhandle Bird Dog Association held their annual spring field trials on Saturday and Sunday at Buffalo Lake. They had the puppy and derby trials on Saturday. Al Kerby of Bovina entered his male setter, Spec, in the puppy division and brought home the third place trophy.

"This was the first time he had entered a field trial and needless to say he was really grinning when he returned home with that trophy," Mrs. Kerby says. It helped him feel a little better over the fact that he had an accident in his pickup on Friday night when he was returning from the drawings in Amarillo and mashed in a couple of fenders.

Roylene Hawkins of WTSC visited over the weekend with her parents Mr. and Mrs. Roy Hawkins.

## CONSTRUCTION BEGINS

The construction crews started moving into Bovina Monday and construction was due to start Tuesday on the new black top for the farm-to-market roads north of Bovina and south to Oklahoma Lane. Jim Bell of Amarillo is the contractor. It will take several months for the completion of the two jobs.

## U Down Independents Go To State Tourney

The U Down independent girls team is making plans to leave at Thursday noon for Temple, Texas, to take part in the state TAAF tournament for women. Different business firms and individuals in Bovina are making it possible for the girls to make the trip.

The team won second in the TAAF tournament held two weeks ago in Amarillo and will be representing Dist. 1 in the tourney. They were to be notified Wednesday night or Thursday morning who they will meet in their first game. The tournament will be played Friday and Saturday.

The team will play at least two games, since both championship and consolation brackets will be drawn up.

Members of the team are Sara Wilkerson, Alice Englant, Dorothy Moorman, Janean Grissom, Pat Read, Jeanne Kerby, Irma Jo Englant, Bonnie Warren, and Joa Dawn Horton. A. V. Warren is their coach.

## Cpl. Johnson Wins Infantryman Badge

IN KOREA—Cpl. Edward H. Johnson, son of Mr. and Mrs. E. F. Johnson, Bovina, Texas, has won the Combat Infantryman Badge, symbol of the front line fighting man, while serving in Korea with the 45th Infantry Division.

The badge shows a tiny Revolutionary War flintlock rifle mounted against a blue rectangle which is surrounded by a wreath.

The Oklahoma National Guard Division left the U. S. early in 1951 and trained extensively on the Japanese island of Hokkaido before it was committed to Korea in December.

A rocket launcher gunner in the 180th Infantry Regiment's Company K, Corporal Johnson entered the Army and joined the 45th Division in November 1950.

## New Students Bring Enrollment to 28

Three families with a total of 12 school-age children moved to Bovina the past week.

Mr. and Mrs. W. W. Wilcox moved to Bovina from Hereford. They have three children in school: Willa Mae, 15; Ruby, 13; and Alan Ray, 8.

Mr. and Mrs. Jaquess moved from Littlefield to Bovina. They have five school-age children: Willis, 10; Evelyn, 7; Glenna Dene, 13; and Doris, 12.

Mr. and Mrs. C. A. Fillpot moved from Abernathy to Bovina and have two daughters, Nadine and Joann, in high school; and Charles, who is in the sixth grade.

This brings new enrollment since the first of the year to a total of 28.

## CENSUS PLANNED

March is the month that school census will be taken all over the state. The Bovina census will begin this week in the visitation to the home. If parents are not at home, a blank will be left and it should be filled out and turned in to the superintendent's office.

Although the school does not derive state funds based on this census as it has done in previous years, it is very important that every child be on the census roll in order to enroll them next fall.

## COMPLETES BASIC

PVT. JOHN W. TABOR

## John Tabor Completes Lackland Air Course

Pvt. John W. Tabor, 23, son of James Emmett Tabor, has completed his AF basic airmen indoctrination course at Lackland Air Force Base, the "Gateway to the Air Force."

Lackland, situated near San Antonio, is the world's largest air force base, site of Air Force basic training, for men and women, headquarters of the Human Resource Center, and home of AF's Officer Candidate School.

His basic training prepared him for entrance into Air Force technical training and for assignment in specialized work. The course includes a scientific evaluation of his aptitude and inclination for following a particular vocation and career.

## WORK PROGRESSES

Work on the new city Hall and fire station is progressing with the front section of the brick veneer completed. The building is going to be a modern structure, and officials say the brick front will add a lot to the appearance of Bovina's main street. Work on the building should be completed in another two months. A. G. White, local contractor, is in charge of construction.

## Bovina Schools Dismissed Friday

The Bovina Schools will be closed Friday in order that all the teachers may attend the teachers meeting of District I in Amarillo. Some 2000 teachers and school administrators are expected to attend this meeting.

The theme of this one-day session will be "Education for Freedom." A few of the many speakers will be Mrs. Erma Pixley, supervisor of moral and spiritual education on Los Angeles Schools; Supt. Virgil Rogers of Battle Creek, Mich., who will explain "The Teachers' Role in the Improvement of Education;" and the Hon. John Brett, presiding judge of the Oklahoma Criminal Court of Appeals.

## Young Boys Offered Scholarship at Wayland

Roy and Denzil Young went to Wayland College at Plainview last week at the invitation of the head basketball coach of the college to try out for basketball scholarships. Roy will be given a scholarship as long as he makes the traveling squad and Denzil will receive a scholarship for the first semester.

The two boys have not decided whether they will take the scholarships and attend Wayland or make other plans. They are the sons of Mr. and Mrs. E. H. Young of Oklahoma Lane and are both seniors in Bovina High School.

Jimmy Ware, Billy Ray Derrick, and Jerry Jones were home over the weekend from Texas Tech.

The Womens Society of Christian Service met Monday afternoon at 2:30. Mrs. Caldwell had the program on dedication.

The Committee on Nominations met Monday afternoon and named the committees for next conference year. The committees are to be elected or rejected by Quarterly Conference which convenes Sunday morning following the service.

Dr. Earl G. Hamlett, district superintendent of Amarillo will preach at the 11:00 hour Sunday.

The regular monthly church night will be Wednesday March 19. It is hoped all our church family will be present.

Sunday ushered in the fourth annual observance of the "Week of Dedication." The Methodist Youth Fellowship will have the program Sunday night.

The pastor will continue the sermon series, "Jesus Points the Way" through Easter Sunday. Then a special series will begin daily through April 20 (10 a.m. and 7:30 p.m.) Rev. J. Ray Lawyer of Sentinel, Okla., will do the preaching. Rev. Lawyer was with the local church in a preaching mission last November.

A gradual increase in church and Sunday school is noted during the Lenten Season. More people were in church Sunday than any Sunday previous since Rally Day, last September.

A cordial invitation is extended to all not worshipping elsewhere to attend the services at the Bovina Methodist Church.

## SCHOOL WEEK SUCCESSFUL

National School Week started off with a large attendance of parents Wednesday. Approximately 85 parents ate at the cafeteria Wednesday free of charge and about 50 attended the assembly program Wednesday morning. Many parents went home about 1:30 in the afternoon, while others remained at the school until dismissal.

## Visit In Tatum

Mr. and Mrs. J. R. Glover spent last week in Tatum, New Mexico visiting with their son and his family, the Arval Glovers. Their son and family brought them home on Saturday. They stopped in Portales and Mrs. Glover's brother, Claud Kerby, came to Bovina with them. They spent Saturday night in Bovina and returned to their homes on Sunday.

### Third Grade Members, Cub Scouts In Program

The PTA met Monday night at the school with the third grade and the Cub Scouts in charge of the program. The Scouts presented a pantomime, "Winning of the West" showing the early settlers, covered wagons, and an Indian attack with the Scouts coming to the rescue.

The third grade presented an operetta entitled "Lemonade Stand." The girls were putting up a lemonade stand so they might buy swings for a park. Trouble started when the boys decided to sell pop and candy next to the stand. However, they decided to combine the two stands and their funds and the story ended with the children buying the swings and the program closed as the children were swinging and playing, and singing the lemonade song.

Charlotte Hromas presented a tap routine. The boys sang, "The Molasses Song" while they ate bread and molasses and the girls sang "Slow Poke" with Roger Ezell acting as Slow Poke.

During the business meeting new officers for the coming year were elected. Mrs. Cecil Berry will head the PTA as president, Mrs. Floyd Montgomery will be vice-president, Mrs. Gene Snodgrass will serve as secretary, and Mrs. Earl Stevenson will be treasurer. There will be only one more PTA meeting this school year and everyone is urged to attend this meeting.

Tommy Horton, his daughter and granddaughter, Mrs. Pete Frizier, and Danna Kay, were here over the weekend from Amarillo. Mr. Horton is receiving medical treatment there. They returned to Amarillo on Sunday.

Clinton Tidenberg of the Walker Air Field at Roswell spent the weekend with his parents, Mr. and Mrs. H. L. Tidenberg.

### Bovina Auxiliary Makes Plans for Girls' State

Girl's State committee of the American Legion Auxiliary in Bovina and appointed members of the Bovina high school faculty meet this week to select a candidate to attend Girl's State session planned in Austin, June 16-22.

Only 300 girls are being accepted at the sessions this year. Mrs. Bill Liles, president of the Bovina Auxiliary says. The meetings are slated at the State School for the Blind. Girls will be housed in fire proof dormitories and will be under the supervision of the Legion and Auxiliary there. More details will be released later.

The Bovina Auxiliary is now making plans for a kidnap breakfast to finance the trip for the Girl's state delegate. The Legion will sponsor a Boy's State representative.

### Mrs. D. C. Looney Is Club Hostess

The Half Century Club met for its regular session Thursday afternoon in the home of Mrs. D. C. Looney with Mrs. Scott Levins as co-hostess. Nine members were present.

It was voted during the business meeting to donate \$25 for the resuscitator for the fire station. Otho Hammonds and Billy Ray Horton were present to demonstrate the resuscitator to the group. They also voted to take a box of clothing for the nursery at the Parmer County Hospital in Friona.

Refreshments of coffee, tea, cookies, and salad were served at the close of the afternoon.

### Freshman Class Has Party Friday

The Freshman class of the high school had a party on Friday night. They met at the school gym where they played basketball. After the basketball, they had refreshments of sandwiches, cookies and pop, and then went to the Mustang theatre for a show.

Students attending were Alfred Moody, Donald Ray Barron, Willis Hoppingardner, Don Owens, Jerry Newton, Margaret and Marcella Verner, Evelyn Steelman, Sandra Patton, Sandra Jefferson, Lucy Brito, Wannette Turner and Nadine Fillpot. Sponsors were Mr. and Mrs. Clovis Ratliff.

Mrs. Mollie White underwent surgery at the Parmer County Hospital in Friona on Wednesday. She is doing well, but is not allowed any company.

Mr. and Mrs. Clyde Pomroy and family and Mrs. Bula Pomroy of Azle visited friends and relatives here over the weekend.

whose names, residences and addresses are unknown and the respective unknown heirs and legal representatives of all the above named parties, defendants, and their heirs and legal representatives, the unknown owner or owners of the hereinafter described property and their heirs and legal representatives, whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiff—herein for taxes.

You are hereby notified that suit has been brought and is now pending in the Honorable District Court, 64th Judicial District, Parmer County, Texas, wherein The State of Texas, County of Parmer, are plaintiffs; City of Farwell is impleaded party defendant; and M. L. McAter, Mrs. M. L. McAter, C. J. McElroy, Mrs. C. J. McElroy, F. W. McElroy, Mrs. F. J. McElroy, and their unknown heirs, assigns and legal representatives are defendants, by the filing by said plaintiff of a petition on the 29th day of February, 1952 and the file number of said suit being No. 1246 and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property, to-wit:

Lots 13 and 14, Block 13, Original Town of Farwell, Parmer County, Texas, together with interest, penalties, cost, charges, and expenses of suit which have accrued and which may legally accrue thereon.

The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows: The State of Texas, \$49.46; County of Parmer, \$58.88; and Farwell Consolidated Ind. School District, \$101.66. Total: \$210.00

The names of all taxing units which assess and collect taxes on said property not made party to this suit are none.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

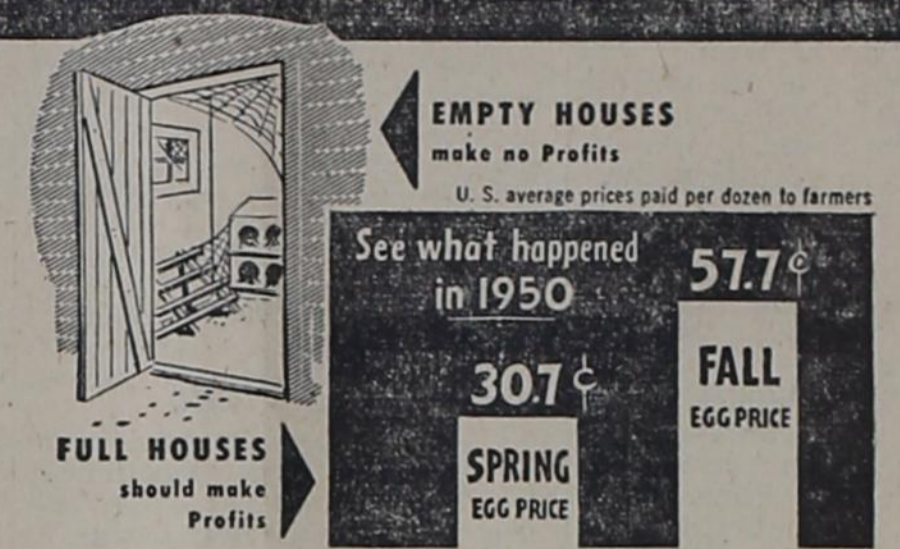

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may, upon request thereof, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the same being the 14th day of April, A.D. 1952 (which is the return day of such citation), before the honorable District Court of Parmer County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due

the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties and costs, allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Farwell, Parmer County, Texas, this 29th day of February, A.D. 1952. Loyde A. Brewer, Clerk of the District Court, Parmer County, Texas, 64th Judicial District. (SEAL)

**Cerebral Palsy Clinic Slated In Lubbock Soon**

A clinic for the examination of cerebral palsied children will be held Monday, March 17, at the Cerebral Palsy Treatment Center 3502 Avenue N, Lubbock.

Orthopedic specialists from Midland, Plainview, and Lubbock, a neuropsychiatrist, pediatrician, eye specialist, and a dentist will be present to examine children.

Cerebral palsy is sometimes referred to as spastic paralysis or birth injury and may be evidenced by the child's inability to sit alone, stand alone, walk or hold objects at the age these things are accomplished by the average child. Research has shown that treatment is most effective if started within the first few months of the child's life although children respond to treatment begun at a much later age.

Parents planning to bring children to the clinic are requested to register the children at the Center prior to the date of the clinic. Information regarding the clinic may be obtained by writing Miss Elinor Guza, or calling Lubbock 5-6541.

**Bettie Foster Pledges Delta Beta Epsilon**

ABILENE—Bettie Foster, McMurry College student from Farwell is one of 11 women who have been chosen to pledge Delta Beta Epsilon, women's social club for the spring term.

The bid to pledge the club was issued to her, following a rush period of two weeks, when parties were given by the four clubs, Delta Beta Epsilon, TIP, Gamma Sigma, and Kappa Phi.

Bettie, the daughter of Mr. and Mrs. Tom Foster of Farwell, is a freshman student. At Farwell High

School, from which she graduated in 1950, she was Band Drum Major.

Peggy Whitson from Midland heads the Delta Beta Epsilon group, which now has 16 members other than the 11 new pledges. Organized in 1944 Delta Beta Epsilon "works toward the advancement of democracy and friendliness on the campus."

**"It Was a New Idea to Me, Too"**

When I heard of running irrigation water up hill, I poo-pooed the idea. But with the use of irrigation tile I was convinced that it was not only easily possible, but it proved a great saving over a period of time.

There is no evaporation . . . no broken ditches . . . no loss by absorption and you put the water where you want it . . . even across the field at a long distance. It's the only way for me now!

MR. AND MRS. OSCAR POPE

## Mr. and Mrs. Oscar Pope Married 50 Years, Will Celebrate Sunday with Reception

It was on a Sunday afternoon back in 1902, that Mr. and Mrs. Oscar Pope were married, and to commemorate that event, the couple will celebrate their Golden Wedding anniversary on another Sunday, 50 years later. A reception will be held at the Pope home near Friona on March 16, and friends and relatives from over the surrounding area, will be special guests at the event.

All the Pope children are to be on hand for the reception, as are their six grandchildren and two great-grandchildren.

Mr. and Mrs. Pope were married at Thomas, Okla. at the Methodist parsonage, when she was 16 years of age and he was 24. Rev. Benton Goff performed the ceremony and Ollie Goff and Ethel Houston were the attendants. The young couple traveled to the minister's house in a horse-drawn new shiny buggy. The bride wore a blue silk dress, fashioned with a tight bodice and a gored skirt, and trimmed in cream-colored lace. Asked if she still has the dress, Mrs. Pope says "no, I let my sister wear it out."

The couple relate that they became acquainted with each other when he was visiting his sister and she was visiting her cousin. He came by the home of her hostess, where they were introduced. "And Mrs. Pope and the cousin went buggy riding with me that day," Mr. Pope says, "but she had a date with another boy that night." However, the young couple began dating and "went together" two years before they were married.

After their marriage, the Popes didn't remain in Thomas but a short while. They traveled by covered wagon to the land where Mr. Pope had filed claim, in Day County, where they lived for three years. "Our first home didn't have a floor in it when we arrived," Mr. Pope says. They had brought lumber with them and stayed in the wagon until they could floor the one-room house.

Traveling with another couple, the group had camped the night before reaching their destination in Day county. A group of people from the south were also campers, and Mr. and Mrs. Pope can still remember how much enjoyment they received from listening to the southern brogue. Particularly they recall the expression that the man used, "he would carry the mule to water."

From Day County, the Popes and their one child traveled by train to Eugene, Oregon where they lived

for two years and Mr. Pope worked in a sawmill. They then returned to Thomas for one year, and bought a place in Arapaho, Okla. where they remained for five or six years, before going to Tipton for 14 years. "We had just been scattin' around all this time," Mrs. Pope quips.

The couple then bought syndicate land nine miles east of Bovina and stayed there for four years, before moving to their present home near Friona, where they have lived for the past 22 years, since 1930.

"We came to Parmer on December 26, 1925," Mrs. Pope related, as she explains that when they moved to the county, there were no highways, people merely traveled across country. They did travel by car, however. The Popes had purchased their first automobile about 1915, and were "thrilled to death," but Mrs. Pope remembers that she had the mumps and couldn't ride in the new machine for a while.

After moving to Bovina the Popes sons and the father broke sod night and day, Mrs. Pope says, and she remembers one time when the husband got lost, and couldn't get home until daylight.

Asked about their reaction to 50 years of married life, the pleasant couple say that the span of time seems short. "The years have slipped away mighty fast. We've had our ups and downs, but we've had lots of fun too," Mrs. Pope says. "But if anyone tells you that they haven't had any troubles in their married life, they are telling a story," Mr. Pope advises.

The oldest Pope child finished high school at Tipton, and two daughters and another son completed work at Friona schools. The children began education in a one room school house, but transferred to a consolidated school the next year. A wagon bus, which was pulled by a mule team, took the children to and from the family home, a distance of about five miles.

Six children were born to the Popes, but the eldest daughter, Marie, passed away after a siege of diphtheria when she was only four years old. Another child, Lloyd, passed away at the age of 35.

Other children are Coy of Crane, Texas; Alva of Grand Falls, Texas; Mrs. Vivian Talbot of Friona; and Mrs. Velva Strate. All children are married and have families. Grandchildren include Donald Lee and Coy Lynn Pope. Coy Lynn is married and has a daughter, Connie, first grandchildren of the Popes.

Also, there are grandchildren,

Patsy Pope, Mrs. Edd Url Lutwell, who has a son, Gary Scott, and Billy Ray Pope of Corpus Christi. "It will be the very nicest anniversary to have all my family together," Mrs. Pope says.

## Grade School Program To Be Given Tonight

The all-grade school program will be presented Thursday evening, March 13, in the high school gymnasium at 8:00 o'clock.

The admission will be 50c and 25c and will be used to purchase athletic and playground equipment.

The first and second grades will present a Rythm Band; the third, fourth and fifth grades will present Rythm Activities. Miss Margie Burnett will have charge of this part of the program.

Mrs. Johnny Nazworth will present the sixth and seventh grade girls in pyramid building and the boys of the sixth and 7th will put on an exhibition of tumbling, under the direction of Mr. Baker and Mr. Jarbo.

The band and the chorus will then present a short concert. Earl Hise is the Band Director.

The Girl Scouts and the Rainbow Girls will help with the Red Cross Drive. They will have tables set up down town on Saturday where donations can be made.

## Honor Roll For Second Six Weeks

Mr. and Mrs. Cliff Gibbs and Wayne left Friday for Vernon where Mrs. Gibbs father is seriously ill.

## Methodist Revival Begins March 16

The Methodist revival will begin on Sunday, March 16, and will continue through Sunday March 23, it has been reported.

Rev. Alsie Carlton, pastor of the First Methodist Church in Big Spring, Texas will be the guest evangelist. Rev. David Binkley, former pastor of this church who is now serving at Anson, will be the song leader and youth worker.

Prayer Service will be held each evening from 7:30 to 8:30. This will be concluded with a twenty-four hour Prayer Vigil on Friday Night.

The sermon, "Is There a Revival Coming?" will be given at the Saturday night service.

The public is invited to attend all services.

On Tuesday through Friday during the revival, the men will cook and serve breakfast at 9:45 to those who cannot attend at a later hour. At these meetings Rev. Alsie Carlton will be the speaker.

## Local Students To Participate in Festival

The Seventh District Texas Federation of Music Clubs will be held March 15 at Hereford. Miss Mattie Mae Swisher is general Director for the Seventh District Junior Festivals.

Teachers who will have piano pupils participating are Mrs. Cayce Dunn, Mrs. Caldwell and Mrs. L. F. Lillard. Miss Swisher will have voice students entered.

The program will start at 8:00 o'clock with the program put on by the people who are to do the judging.

## Spring Frolic Honors Basketball Squads

Saturday, members of the Friona Basketball squads were entertained with a spring frolic by the Chieftain Mothers Club.

Games of volley ball and basketball were played under the direction of Coach Cook and Robison. These games proved to be quite a bit of fun as the teams were made up of both boys and girls and the girls rules had to be followed.

The refreshment table was decorated with a center piece of jonquils.

Sandwiches, cookies, and punch were served to Betty Zon Ashcraft, Lamona Neff, Donna Miller, Margie Haws, Mary Joyce Renner, Dean Buske, Joyce Miller, Cleta Rea Stowers, Joan Agee, Deniese Magness, Gay McFarland, Carol Blackburn, Patsy Bandy, Glenn Reeve, Kenneth McLellan, Teddy Fangman, Ross Miller, Doyce Barnett, D. O. Robason, Arnold Fangman, Darrell Robbins, Jimmie Robason, W. A. Tinney, M. C. Osborn, Jim Dixon, Ben Jordan, Virgil Phipps, Gary Crowd, Mr. and Mrs. Raymond Cook and Cathy Fay, and Mr. and Mrs. Cecil Robison, Freya and Janet.

Mrs. C. W. Dixon and Mrs. Claud Blackburn were in charge of the refreshments and Mrs. H. T. Magness and Mrs. Ralph Miller were the entertainment committee.

Mr. and Mrs. L. M. Crow and Mrs. Johnny Nazworth were weekend guests of Mr. and Mrs. Roy Johnson of Odessa.

### Basketball Statistics Released for Girls

Coach Robison reports that the Friona Girls ended their basketball season with a record of 10 wins and 11 losses over the seasons play.

The girls won consolation trophy in the Friona invitational tournament.

Three of the girls were singled out and given awards for their playing. Joyce Miller was named on all district team as a guard; Donna Miller was picked on the Friona Invitational Tournament Team; and Denise Magness was named on the Bovina Invitational Junior All Tournament Team. Each of these girls was awarded a gold basketball.

The free throw record for the team was 525 attempts with 197 made for an average of .376.

Denise Magness hit 59 out of 140 for a 42.1 average.

Margie Haws connected with 45 out of 109 attempts for an average of .413.

Donna Miller attempted 172 and connected with 67 for a .389 average.

The girls who lettered this year are: Jimmie Sue Fallwell, Denise Magness, Oleta Lloyd, Patsy Bandy, Donna Miller, Beverly Sue Jones, Mary Joyce Renner, Gay Ann McFarland, Margie Haws, Laura Nell Hardesty, Joyce Miller, Nancy Clingan, Norma Thomas, and Bessie Ferguson.

### Senior Play Proclaimed Successful Production

"The Black Derby", given by the Senior Class of '52 was acclaimed a big success. Given to almost a full house, it was a play that kept the audience in laughter and suspense.

No one part could be singled out as being the best because it took all to make the play, but probably the most talked about part was Detective Wimple played by Max Wells. His favorite saying was that they would have to get up early to put anything over on him, and then when the lights went off and came back on, he would be without some article of his clothing.

"It was a grand play and gives the next senior class something to live up to," a reporter says.

The class made about \$300, which will be used to help pay the expenses on the senior trip.

### Chiefs Defeat Squaws By Scant 14-13 Score

On Monday night, the Squaws played the Chiefs in a basketball game that surpassed any game yet played.

The spectators were kept in laughter and screams by the antics of the boys, who had to play girl rules and shot with their left hand if right handed and their right if left handed.

The final score was 13-14 in favor of the Chiefs.

The second game of the evening was played between the Teachers and the Outsiders. The score of this game was 36-31 in favor of the teachers.

Between the two games, cakes and pies were auctioned off by Bill Sheehan. Proceeds of the game and the auction will be used to buy jackets for the basketball girls.

Mr. and Mrs. R. H. McFarland and family of Tucumcari were visiting relatives in Friona this week.

### Friona City Election To Be Held April 1

Friona will have a City Election on the first Tuesday of April, which will be April 1st. At the deadline for filing names for the ballot, only 3 names had been filed.

Charles Allen, cashier at the Friona State Bank, had been listed as candidate for mayor.

As candidates for commissioners, H. K. Kendricks and Raymond C. White had been named. Mr. Kendricks is the Phillips 66 Wholesale Dealer and Mr. White is with the Herring Implement Company.

Mayor Mack Bainum and Commissioners Welch and Maurer declined to place their names on the ballot. Although the deadline for names to appear on ballot is passed, names can still be written in on the ballot.

### FRIONA SCHOOLS CLOSE

The Texas State Teachers Association of District 9 will meet in Amarillo on Friday March 14.

The program will begin at 9:00 o'clock with a general assembly. In the afternoon there will be sectional meetings with each teacher attending the section of his or her interest.

A short night session will be held with prominent Educational Directors as speakers.

All of the Friona Teachers plan to attend.

### Vocational Teachers Of Area 1 Meet

The Vocational Agriculture Teachers of Area 1 met for skill day at Canyon March 8. There are 93 vocational agriculture teachers in this area and approximately 50 of them were in attendance at this meeting.

Shamrock F.F.A. had as their skill the blocking and trimming of pork carcasses. This was the team which beat Friona and went to state. The Friona boys gave as their skill the Lumpy Jaw operation. This was the demonstration which the Friona boys were asked to present.

Ben Jordan, D. O. Robason, Darrell Robbins and Mr. Gee attended this meeting.

### HOSPITAL NOTES

Admitted were: Francis Applegate, medical, Friona; Catherine Dunn, medical, Friona; Mrs. Bob Williford, medical, Bovina; Will Jones accident, Friona; Mrs. N. C. White, medical, Friona; H. F. Brewer, medical, Friona; Mrs. Clyde Fields, O.B., Friona; Mrs. Connie Cline, O.B., Friona; Sedra Ratliff, medical, Friona; E. W. Sandel, medical, Bovina; Raymond Euler, medical, Friona; Mrs. Buck Wilburn, O.B., Friona; Mrs. Albert Davis, medical, Friona; Mrs. L. M. Baker, medical, Friona; and Mrs. Rudolph Renner Jr., medical, Friona.

Dismissed were: Mrs. P. L. London, Jimmy Allen, Will Jones, Mrs. Roy Slagle, Sedra Ratliff, H. F. Brewer, Mrs. M. F. Hall, Catherine Dunn, Mrs. Joe Spurgeon and baby boy, Mrs. Clyde Fields and baby boy, and E. W. Sandel.

### BEGIN CLEAN-UPS

With spring on the way, it would seem as though some of the merchants of Friona are getting their spring cleaning and painting underway.

The City Drug Store has a new paint job inside and out.

Across the street, they are busy cleaning up the trash left when an old land mark of Friona was moved out, and Welch-Blackburn has had the wooden awning removed.

### DEADLINE IS MARCH 26

March 26th is the deadline for placing names on the ballot for the School Trustee Election.

This election will be held at the high school in Friona on April 15, for the purpose of electing 3 school trustees.

F. W. Reeve has been appointed as manager and will elect two judges and two clerks to assist him in holding election. A person may place a name on the ballot simply by sending a written application to the local school-board secretary, Arthur Drake.

### NEW HOMES IN FRIONA

Mr. and Mrs. Paul Strickland are building a new home on Prospect Avenue.

Mr. and Mrs. Marvin Lawson are building on Woodland Avenue.

Mr. and Mrs. Tolbert Stowers are building in the West Loop Drive Addition.

Mr. and Mrs. Roscoe Parr are moving in a house which will be located on Ashland Avenue.

Mr. and Mrs. W. A. Tinney have been doing some adding and remodeling to their home on Washington Avenue.

### CONSTRUCTION PROGRESSES

Mr. Caffey reported construction work on the new high school as progressing very rapidly. All walls that are to be torn down are razed and the new brick is being laid. All foundations have been laid according to schedule.

Barring unforeseen difficulties and trouble, the contractor will have the building ready for use sometime during August.

### RECEIVES PLAQUE

Champions from 41 counties gathered in Amarillo on Saturday for the Globe News Spelling Bee. Miss Janice Miller, daughter of Mr. and Mrs. Roy V. Miller of Friona, winner of the County Spelling Bee, represented Parmer County.

Janice was spelled down, but received a plaque showing her as county champion.

Mrs. F. W. Reeve was in Amarillo Thursday visiting with her daughter and family, Mrs. J. H. O'Rear.

### Progressive Study Club Presents Show

The Progressive Study Club presented a style show Thursday night at the Club House.

Mrs. Thelma Coffee was narrator for the program.

Models for the children's wear were Carol Coffee, Debbie Knox, Mary Ann Boggess and Audrey Slagle.

Casual clothes and evening wear were modeled by Deann Buske, Lammon Neff, Betty Zon, Ashcraft Gay, McFarland, Mary Bell McGlothlin, Mary Joyce Renner, Margie Haws, Joyce Miller, and Sally Osborn.

Mrs. Mamie Lou Welch, Mrs. Tilden Slagle, Mrs. H. L. Outland, Mrs. Fern Sanders, and Mrs. Mary Boggess modeled suits and afternoon wear.

Miss Denise Magness modeled dresses of the year of 1930. These dresses were furnished by Mrs. Pearl Kinsley.

Refreshments were served to approximately 60 guests by the social committee, Gloria Knox, Margie Herring, and Mary Nell London.

Clothes modeled in the show were furnished by Foster's and Knox's Ready-to-Wear of Friona and the Little Fashion Shop of Hereford.

The dinner given by the Progressive Study Club Friday night was well attended.

### 'The Hillbilly Courtship' Slated March 18th

The Modern Study Club will present "The Hillbilly Courtship" on March 18 at 8:00 o'clock in the high school auditorium. It is a 3-act comedy play which is really packed with laughs, publicity releases say.

The characters are: Ma Peppin, Ruth Edelman, Emma Peppin, Melba Miller, Lulu, Lorraine Welch, Seadie, Doris Boggess, Bridget, Lucille Lotta, Louis, Weldon Dickson, Wash Jeddo, John Parish, Pappy Stilby, Tom Jarbo, Luke Stilby, Cecil Robison, Sol, Earl Hise, Parson, J. B. Taylor.

Admission will be 75c for adults; 50c for high school; and 25c for grade school.

Friona Masonic Lodge No. 1332 A. F. and A. M. met Tuesday night at the Masonic Hall. It was a regularly stated meeting.

### Two Cub Scout Meetings Noted Past Week

The Cub Scouts of Den I paid a visit to the Friona State Bank. Then they returned to Mrs. Osborn's home where their cub books were checked.

Cubs who were present at this meeting were Jimmie Anthony, Larry Anthony, Dee Taylor, Owen Drake, Joe Reeve, Larry Crow, Robbie Neelley, Frankie Spring, Robbie Osborn, Den Chief Harris Dunn and the den mothers, Mrs. Frank Spring and Mrs. Ilene Osborn.

Den II met Saturday afternoon at Mrs. Bainum's home. The boys finished the clothes rack and took them home with them. After practice on their stunt for Pack meeting, the achievements were checked. The meeting was closed with the Living Circle and the Pledge of Allegiance.

Boys present were T. E. Parson, Wayne Brewer, Royce Talley, Bob-

by Sanders, Carl White, Glendel Jones, Jimmy Ray Bainum, Larry Elmore, Johnny Miller, Den Chief Dudley Bainum.

### Hobo Party Given

Mr. and Mrs. Vance Crume entertained with a hobo party Friday night. Supper was served from tin plates and coffee cans were used as candy dishes.

"42" was played during the evening.

Guests were Mr. and Mrs. Clyde Sherrieb, Mr. and Mrs. A. W. Anthony, Mr. and Mrs. J. K. Anthony, Mr. and Mrs. Ernest Anthony, and Mr. and Mrs. W. H. Graham of Farwell.

Mr. and Mrs. Paul Strickland and Cpl. Ray Strickland were in Amarillo on Wednesday to attend the Fat Stock Show.

## Students Get Holiday Friday, Back Monday

School youngsters of the Farwell School will have a holiday, Friday, while their teachers and school administrators will be in Amarillo for the annual District convention of the Texas State Teachers Association. Speakers will include prominent national and state educators and laymen.

General sessions for the entire assembly will take place at 9 a.m. and 7:45 p.m. in the Amarillo Municipal Auditorium. Sectional meetings are slated for Friday noon and afternoon in various school buildings, churches and hotels in the city.

Opening speakers for the first general session will be Mrs. Erma Pixley, supervisor of moral and spiritual education in Los Angeles City Schools and Superintendent Virgil Rogers of Battle Creek, Michigan. Hon. John A. Brett, Oklahoma City, presiding judge of the Oklahoma criminal court of appeals, will address the evening general session.

Several groups have scheduled luncheons, including the Classroom Teachers' Association at 12:30 p.m. in Fellowship Hall of the First Methodist Church; and the Panhandle School Administrators' Association at 12:15 p.m. in the crystal ballroom of the Elfring Hotel. Mrs. Fred Parnell, vice-president of the state classroom teachers group, will address the instructors, Supt. Virgil Rogers is guest speaker for the administrators.

Officers of District IX are headed by Principal R. B. Norman of Amarillo High School, Supt. W. B. Harris of Groom is vice-president; Mrs. Thomas Haynie, dean of girls at Amarillo High School, is secretary; and L. B. Penick, Tulsa school supervisor, is treasurer.

Other members of the district executive committee are M. W. Graves, Stinnett; Dr. Ruth Lowes, West Texas State College, Canyon; Mrs. Lois Sublett, Borger; and Miss Mary Foreman, Memphis.

District IX members of the state executive committee are Supt. E. A. Wooten, Canyon; Supt. Lawrence Brotherton, Gruver, and Miss Margaret Jones, Pampa.

"Education for Freedom" is the conference theme.

## Thoughts While Not Thinking

Had quite a bit of protest from the freshmen. Seems that they don't think they're superior to the eighth grade. Okay, okay. We did, and we're just as typical a class as you'll find anywhere.

Did you know that Brahms didn't wear a necktie because his beard was so long it wouldn't show anyway.....ever get real tickled in church or a serious class or discussion and DIE to laugh but didn't quite dare? You can go into the most unusual contortions to keep from giggling out loud.

Why do so many people in this neck of the woods have such a poor opinion of ENMU? Everyone you talk to at school gives a very profound "Ugh!" when it's even mentioned. Seems to me we should all be honored to have a University right in our backyard. Come to think of it, maybe that's why so many people do dislike it so much. Guess the thoughts of "Going Away to college" seems more thrilling. Anyway, I like the University.

How many of you have been through the new building? Ever so often Jack takes a tour through to see the sights, and everyone seems to like it. Rumor has it that we won't be able to get in it this year at all. Sure hate that. The present crop of seniors deserves to be in it just as much as anyone else. Don't like for people to say they hope we won't get in it till next year.

Did you ever watch Ruby make faces? That poor girl can twist her normally pretty features into some of the most wierd expressions imaginable! Enough to scare you out of three years growth, at least.

Pointless jokes are making the rounds at FHS. You know the one about the guy who went into the cafe and ordered a big plate of cabbage. The waitress said they hadn't any cabbage, but would lettuce do just as well? Okay. So when she brought out a huge plate of lettuce, he commenced to stuffing it in his ears. Why? Well, there wasn't any cabbage, was there?

Compared with the British inch, the American inch is two millionths of an inch too long; which is the least we Americans have ever stretched anything.

## Texas Schools Face Critical Period

AUSTIN.—Texas schools are facing one of the most critical periods in their history, Charles Tennyson, executive secretary of the Texas State Teachers Association, said today as he outlined pressing needs for new buildings and more teachers over the entire state.

The school population, particularly on the elementary level, is growing at an alarming rate, he pointed out. For example, births in Texas in 1945—this year's first graders—numbered 156,000. In 1947, births in the Lone Star State jumped to 197,000, an increase of 65,000. If this additional group could be divided into classes of 30 children each, Texas would still need 2100 additional teachers and classrooms in just the first and second grades.

And the birth rate continues to climb. In 1950, live births numbered 203,678, and the number for 1951 will exceed that figure.

In addition to the birth rate, educators worry about the size of the graduating class as compared to the number of children entering first grade. For instance, this year 156,000 youngsters crowded into first grade rooms over the state, but only 90,000 graduated from the eighth grade. This left already over-burdened teachers with 66,000 additional children to accommodate in one year.

"The gain is going to continue to increase until at least the 1956-57 school year, Tennyson added. "By that time, the elementary schools must take care of 300,000 children in addition to the ones now enrolled. If 75 per cent of this number enters public schools, it will mean 8654 additional classrooms."

The average cost of each classroom and related facilities now exceeds \$28,000. Thus Texas must spend \$242,312,000 for buildings and facilities alone if the children are to have desirable schools. And this does not take into consideration the need for new facilities to replace undesirable buildings and to relieve already over-crowded conditions. A recent survey made by the Texas Education Agency shows that Texas needs to spend \$540,294,500 to bring school buildings, facilities, sites and buses up to ideal conditions.

After the 1956-57 school year, the elementary enrollment over the state should begin to level off, but high schools will then face the problems of increased enrollment.

Texas does not face the educational problem alone. A nose count among elementary children over the entire nation showed that grade school population rose nearly three million from 1947 to 1950. In October 1950, the U. S. Census Bureau reported that enrollment in all schools and colleges was at an all time high of slightly over 30 million persons. This represents a fifth of the nation's total population and half of the population between 5 and 29 years of age.

## "Senior Freedom" Set For Area Competition

Cast members have been selected and rehearsals have begun for the one-act play, "Senior Freedom" to be presented as interscholastic league contest play for Farwell, at Friona on March 21. Mrs. Hershel Arnold is directing the production.

Cast members for the production include: Buil Dollar, as Juan, a wounded soldier; Nancy Aldridge as Dolores Sarveda; Dennis Raney as Luis, a stranger; Kayla Felts as Gina, a servant; and Joan Spurlin as Bruna, an old woman.

The play takes place during the uprising of a people against their tyrannical ruler. According to the publicity release, the play "Senior Freedom" reminds that "we are given hope that so long as there is one man who can keep a trust, freedom shall not die."

Dollar, Raney and Miss Aldridge were members of last year's play cast which placed first in area competition. Dollar was named best male actor, and also received commendation at regional contests.

### SENIOR NEWS

The Seniors wish to thank everyone for coming to the play and especially want to thank Ben Smart for the use of furniture. The play was very successful. We made \$169.25. The Seniors had a short class meeting Thursday to decide on where they are going on their senior trip. They have decided to go to Colorado Springs. We are looking forward to this trip very much.

The Seniors were invited to attend the Annual Texico-Farwell Banquet March 11 honoring seniors both Texico and Farwell. It was given by the Texico-Farwell Baptist church.

## 'Here Comes Charlie' Presented Friday Night

Playing to a capacity crowd night, seniors of Farwell schools presented their annual play, at the high school auditorium. Title of the production was "Here Comes Charlie."

Charles Phillips, cast as Uncle Aleck Twiggs, an easy-going old hillbilly who was suddenly "draped into serciety"; and Delores Goldsmith, as his self-appointed ward, also from the hills, presented convincing portrayals, with their antics carrying the humor in the play.

The plot of the presentation centered around a reasonably wealthy young man, who, through a series of circumstances, found himself with a 17-year-old hillbilly ward. Wanting to be honest and to keep his word, he refused to let all his society friends disrupt his plan to help the ward. His aunt who managed his home, his fiancee and others ridiculed him for not sending the young hills girl, and her socially uneducated Uncle Aleck back to their old home. The struggles, schemes, and incidents blended into a funny series of events.

Wilma Nell Smith as the Irish cook in the Elliott home, mastered the brogue for her part; as did Jesse Coburn as Officer Tim McGill, her sweetheart. Katherine Magness played the arrogant, dominating aunt to perfection, and in a complete character reverse, presented a pleasant, meek appearance in the last act.

Playing Larry, the young business man, who was henpecked by his aunt, his fiancee and other close associates, was ably portrayed by Bobby Crume, and Ted Hartley, his old college pal, was Vernon Willard, who was sarcastic, and a woman hater. Haughty, conceited and vain Vivian Smythe-Kersey was played by JoVeta Billingsley, with proper disdain for all with whom she associated. Lueta McKillip's presentation of her mother, Mrs. Caroline Smythe-Kersey, gave one an insight into the mercenary traits of both women. The son, Rex Pool as Mortimer, appeared throughout the play as a bored playboy, who was completely dominated by his mother.

Between acts numbers featured little Priscilla Arnold with two vocal solos; and the high school boys quartet in vocal numbers, with special musical arrangements also.

Announcer for the play was Joan Spurlin. Doyle Vaughn headed the publicity; ad committee was Joella Lovvorn and Georgia Rundell; and stage manager was Donald Jesko.

Mrs. Heschel Arnold directed the production.

## Receives Royalty On Writing New Nursery Rhyme

BY NANCY ALDRIDGE  
 The students of Farwell School would like to take this opportunity to congratulate their superintendent on his fine work on the discovery of a new nursery rhyme.

Superintendent Williams modestly says, "Oh, it was just as easy as falling off a log."

Everyone has heard the familiar:  
 Jack be nimble  
 Jack be quick  
 Jack jump over the candle stick.

Upon deciding that this was far to old, Williams composed:  
 Jack be cruel  
 Break the rule  
 Jump into the old cess pool.

Mr. Williams wrote the poem while helping to fill in the front yard of the school grounds. It seems he was on top of the cess pool in a truck weighing approximately 6000 pounds (filled to the brim with new dirt) when all of a sudden he started going down. Williams and truck went about 2½ feet into the.

The rest of the day was spent with shovels and boards trying to get them out of the.

## Chorus To Give Contest Numbers

Farwell high school chorus, directed by Mrs. Erma Jobses, will give their first presentation of numbers to be presented in area contests, at the regular meeting of the Farwell Parent-Teachers association tonight (Thursday).

Included in the numbers will be "Sanctus" by Schubert; "Lift Thine Eyes to the Mountains" by Mendelssohn; "Oh Shepherdess Fickle" and other special numbers.

Mrs. Tom Foster will conduct a quiz on "What Makes Good Schools".

Hostesses for the meeting will be Mesdames Webb Gober, Loyd Cain, Ed Hardage, Walter Hardage, Charlie Hromas, J. W. Billingsley, R. D. Hensley, J. I. Gober, Raymond Martin, Buck Bradshaw, Frank Doshier, Tinnie Doshier, and L. S. Pool.

### FRESHMAN NEWS

"We are very proud of our boys, they have been good in sports, won all their football games, and winning second in the junior tournament in Bovina in basketball," Peggy Hardage, freshman reporter, says.

A class party was held recently and members attended a show in a group. Sponsors were Mr. and Mrs. Otis Branscum and Mr. and Mrs. Edd Hardage.

## Band Members Receive Jackets

The Junior and Senior members of the FHS band ordered their band jackets on Wednesday, February 23. After many weeks of anxious hoping and speculation they arrived and were presented before the entire Band on Friday, March 7.

The Band Council decided in a recent meeting that the jackets would be standard and the juniors lettering in band would receive their jackets their junior year so that they would have an opportunity to wear them their senior year on band trips as well as to school and "around."

The jackets are white satin with a blue satin stripe on the sleeve. A blue lyre with a small white "F" inter-woven in it composes the letter.

Seniors receiving jackets are: Marcia Foster, drums; and Rose Hines, majorette.

Juniors are: Dennis Raney, trumpet; Howard Jenkins, trombone and band captain; Nancy Aldridge, clarinet and majorette; and Kayla Felts, saxophone and drum major.

The director, Mrs. Erma Jobses, also ordered a jacket, stating that it would be the first she had ever received.

The band is working on several pieces for the contest coming up in April, and also for the Concert which is April 18. Those for the contest are "College Life" a march by Frantzen, and two overtures, "Bagdad" and "Allan-a-Dale."

The contest numbers will be included in the concert, as well as "Magic Isle" "Festival" "salutation" and many others.

## Home Ec Girls To Go To Plainview

In regular meeting of Farwell Future Homemakers of America Monday night, attendants discussed the area meeting to be held in Plainview on March 22. A majority of the girls plan to attend the all-day instructional and social sessions, Miss Jane Adams, instructor, says.

Following the business session, Mona McDorman presented a short program on beauty hints, including a study on application of make-up. Junior students then served refreshments of Cokes and candy.

### CHORUS NOTES

The FHS Chorus will present a program of musical numbers at the PTA meeting March 13. They will appear in their new robes, of which they are all very proud.

Among the numbers to be sung, are their Contest numbers. The contest, by the way, will be either April 28 or 29. The contest numbers are "sanctus" by Schubert, "Lift Thine Eyes" by Mendelssohn, and "O, Sheperdess Fickle," a French Bergette. Some of the other numbers to be sung at the PTA meeting are "Jubilate" by Dimitri Borniansky and "Tamborine Dance" by Johannes Brahms.

Bob Page is due to come over from ENMU to clinic the chorus on March 19. He is very well liked here, and the chorus is looking forward to his visit.

Due to many conflicts that always come up at the end of school, the operetta, "Chonita," has been postponed until May 2. This delay will give the chorus and principle characters more time to work up the more difficult numbers in the production.

## Wolverine Theme Revealed this Week

"Theme for the Wolverine annual of 1951-52 is 'All the world's a stage, and all the men and women, merely actors,'" announced Mrs. Agrie Jones, annual sponsor. The theme is carried out by nine division pages. Each division page features a stage drawn by Mary Lou Hatcher, editor. Six division pages contain pictures of class officers of the freshmen, sophomore, junior, senior, seventh and eighth grades. The others contained pictures of the elementary teachers and students of high school. The bodies for the pictures were also drawn by Mary Lou.

"The Wolverine" has 88 pages," stated Mrs. Jones. The Wolverine contains 31 pages of individual pictures of the faculty, staff, and students. Snapshot pictures of high school and grade school cover six pages. One page has pictures of Texico in 1907 and 1952.

There are 13 pages of favorites, Best All Round, Most Popular, Band Sweetheart, Wolverine Beauty, beauty candidates, D. A. R. Pilgrim and Who's Who. Eight of these pages are a continuous tone.

Favorites are: Margie Reid, Charles Ott, Kennard Harris, Doris Leavell, Jo Sondra Magerus, James King, Arlye Crooks, Catherine Bell, Roxie Henson, Paul Crooks, Shirley Stover, Kenneth Reid, and Marvin Pendergrass.

Who's Who are: Margie Reid, Doris Leavell, Jo Sondra Magerus, James King, Roxie Henson, Bobbie Williams, Koleta Smith, Mary Lou Hatcher, Phyllis Tucker, and Kathryn Curd.

Jo Sondra Magerus, James King, Robert Tucker, Koleta Smith, Margie Reid, and Mary Lou Hatcher were chosen Best All Round.

Most Popular boy and girl are Margie Reid and Arlye Crooks.

Beauty candidates are: Margie Reid, Catherine Bell, Koleta Smith, Roxie Henson, Bessie Vaught.

FFA Sweetheart and FHA Prince Charming, Margie Reid and Ronnie Ferguson respectively, were chosen by the FFA and FHA clubs.

Other pages contain pictures of Student Council, Boy's and Girl's State, '51, school music, sports, FFA, seniors' baby pictures, junior-senior banquet, FHA, school buildings and ex-graduates who are now in the service.

The Wolverine will arrive in Texico April 17. At this time the Band Sweetheart and Wolverine Beauty will be revealed with a crowning ceremony.

## Texico Athletic Fund Is \$264.44 In Red

According to a financial statement of the Texico Athletic fund, released by Supt. Agrie Jones this week, the "Texico fund, to date, is \$264.44 "in the red". Jones continues that this does not mean that the school owes money to anyone, because the debts incurred by the athletic department have been taken care of by money from other funds.

In other words, the Superintendent says, the school is "robbing Peter to pay Paul". He explains that the practice cannot continue from year to year, and the only remedy for the situation is for more people to come and back the teams.

"We should be very thankful for several parents who took their cars on many ball trips this year," he continues. Jones, the coaches and many of the teachers also went on most of the trips. None charged for

gas or other expenses. It was pointed out that receipts from county and district tournaments have not yet been received.

During the entire season, to date, \$861.49 have been taken in with expenditures of \$1125.93.

Gate receipts were \$579.74; \$120 guarantees were received from other schools; and sales of season tickets netted \$161.75. The Texico school paid \$157.50 of guarantees to other schools, and paid officials \$259.40. Listed under expenses was \$44.78 and \$664.25 for equipment.

## Plant Good Seed For Top Crop Yields

Farmers will need to use "every trick in the bag" to meet the production goals which have been set for 1952, County Agent Joe Jones says. The planting season is approaching in most sections of the state and farmers are reminded by L. C. Coffey, associate agronomist for the Texas Agricultural Extension Service, that only top quality seed should be used for seeding the 1952 crops.

He points out that certified seeds are usually the best seed of particular variety available. These seeds come from fields that have been inspected during the growing season, have been properly handled at har-

vest time, cleaned, tested for purity and germination, and properly stored.

The blue tags attached to each sack of certified seed carry accurate information about the quality of the planting seed. These tags are issued by the State Department of Ag-

riculture for use on seed which have met certain high standards of purity and germination. In 1951, blue tags were issued for 91 varieties of 15 different crops grown in Texas.

Although certified seed may cost slightly more than other seed, the added expense is offset by the assurance of purity higher percentage of germination and varieties that are adapted to Texas conditions, says Coffey. Seed of questionable germination and purity may not be cheap at any price.

Coffey urges farmers to get the seed that will be needed for this year's crops now while supplies are adequate. Last minute seed shoppers may find the stocks depleted and thus will be forced to plant whatever is available. The use of poor quality planting seed may prove to be a year-long handicap in meeting production goals warns Coffey.

## Sixth Grade Writing Project Is Explained

Pupils in the sixth grade of Texico schools have extensive drill of 20 minutes each day to improve writing and correct writing faults. The students do two of Kettle's penmanship retrace work sheets daily. Also, the use of ink is emphasized.

"Most of the students are learning to write neatly in ink," stated Mrs. N. W. Peyton, teacher.

Jones Says Treating Cotton Planting Seed is Good Insurance

The 1952 agricultural crop goals call for the highest production on record Joe Jones, county agent, says. They can best be met if every acre of cropland is put to its best use and weather conditions are favorable. Cotton producers have been asked to produce a 16 million bale crop in 1952 and Texas farmers will play a mighty important role in this undertaking.

According to Fred C. Elliott, cotton work specialist for the Texas Agricultural Extension Service, every "trick of the trade" will have to be used if the goal is met. Good management, insect control and the full utilization of labor and machinery must be used in the production operations.

Good management begins early and stays late, says Elliott. A mighty important management practice, he adds, is treating the planting seed. The scarcity of labor just adds to the importance of getting a good stand of cotton on the first planting. Replanting is an expensive job and can often be avoided by the simple process of treating the planting seed. Treating kills seed borne diseases, protects the seed and seedlings from diseases which may be in the soil and gives a better stand of cotton, he says.

The two worst cotton seedling killers in Texas are angular leaf spot and soreshin. In the Blacklands of Texas, angular leaf spot ranks next to root rot as the number one hazard in cotton production, says Elliott. It first shows up on the leaves of the young seedling and appears as a small, green, water-soaked spot that resembles a bruise. If damp weather sets in after the seedlings come up, the disease spreads over the entire plant and unless the planting seed was chemically treated before planting, many of the plants may be killed. The disease effects the fruiting habits of the cotton plant and carries through to the older plants where it appears as angular spots on the leaves and as bacterial rot on the bolls.

Soreshin shows up as a brown diseased area on the stem of the cotton seedling either above or below the ground line and it causes shriveling of the plant tissues which kills the plant.

At the Temple Agricultural Ex-

periment Substation, Elliott says cottonseed treated with either two or five per cent ceresan gave from 25 to 30 per cent better stands than did untreated seed. The plants showed less angular leaf spot and yielded more than 50 pounds of lint cotton per acre than did the plots planted with untreated seed. Seedlings from treated seed usually make much more rapid growth during the early growing season, adds Elliott.

For cotton producers who are not familiar with the process of treating cotton planting seed, Elliott suggests that they visit their local county agricultural agent for in-

formation on the chemical to use and methods for doing the treating job. He points out that producers who have large quantities of seed to treat might find it economical to have the job done by a commercial operator.

Regardless of who does the job, he says, be sure that the seed are covered with the treating agent and that the right material is used. America and her world allies need every bale of cotton that can be produced in 1952 and Elliott urges cotton farmers to use the best known production practices so that maximum yields can be obtained from every acre planted.

Miss Frances McGlothlin, 12-year-old daughter of Mr. and Mrs. W. E. McGlothlin, fell at school on Wednesday and broke her nose. Frances has been able to continue with her school work.

Mr. and Mrs. James R. Collier had as their guests Sunday Mr. and Mrs. Lee Renner and Mr. and Mrs. Glenn Harrelson.

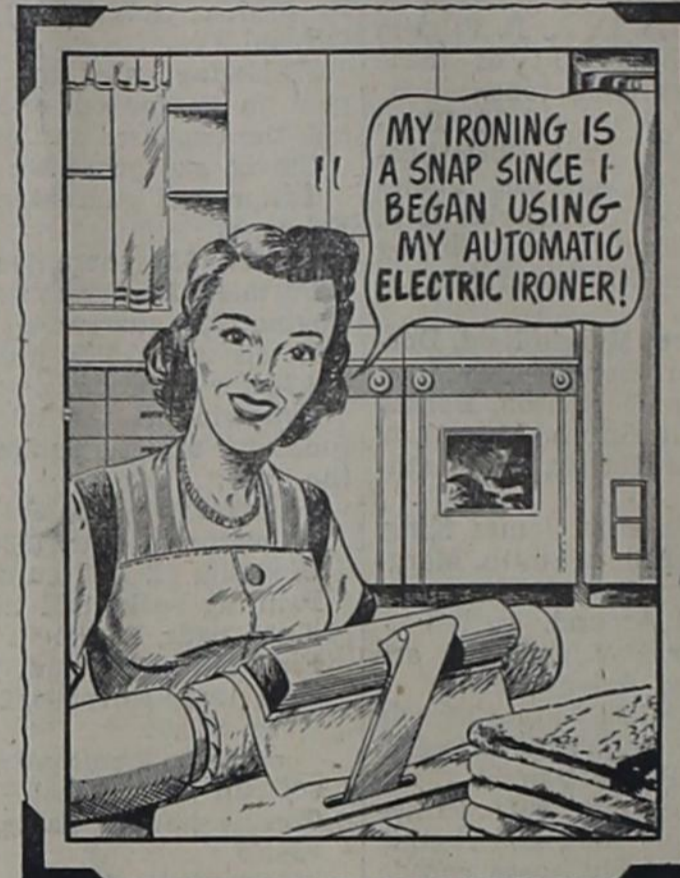

Wright Williams, manager of the Cotton Gin, reports that all cotton has been ginned and that the gin has been closed.

Mrs. Ross Terry accompanied her sister, Mrs. R. S. Johnston and mother, Mrs. Roberts of Clovis, to Temple to visit a sister.

OLD-FASHIONED LIVING

MODERN LIVING

MODERN LIVING IS ELECTRIC LIVING!

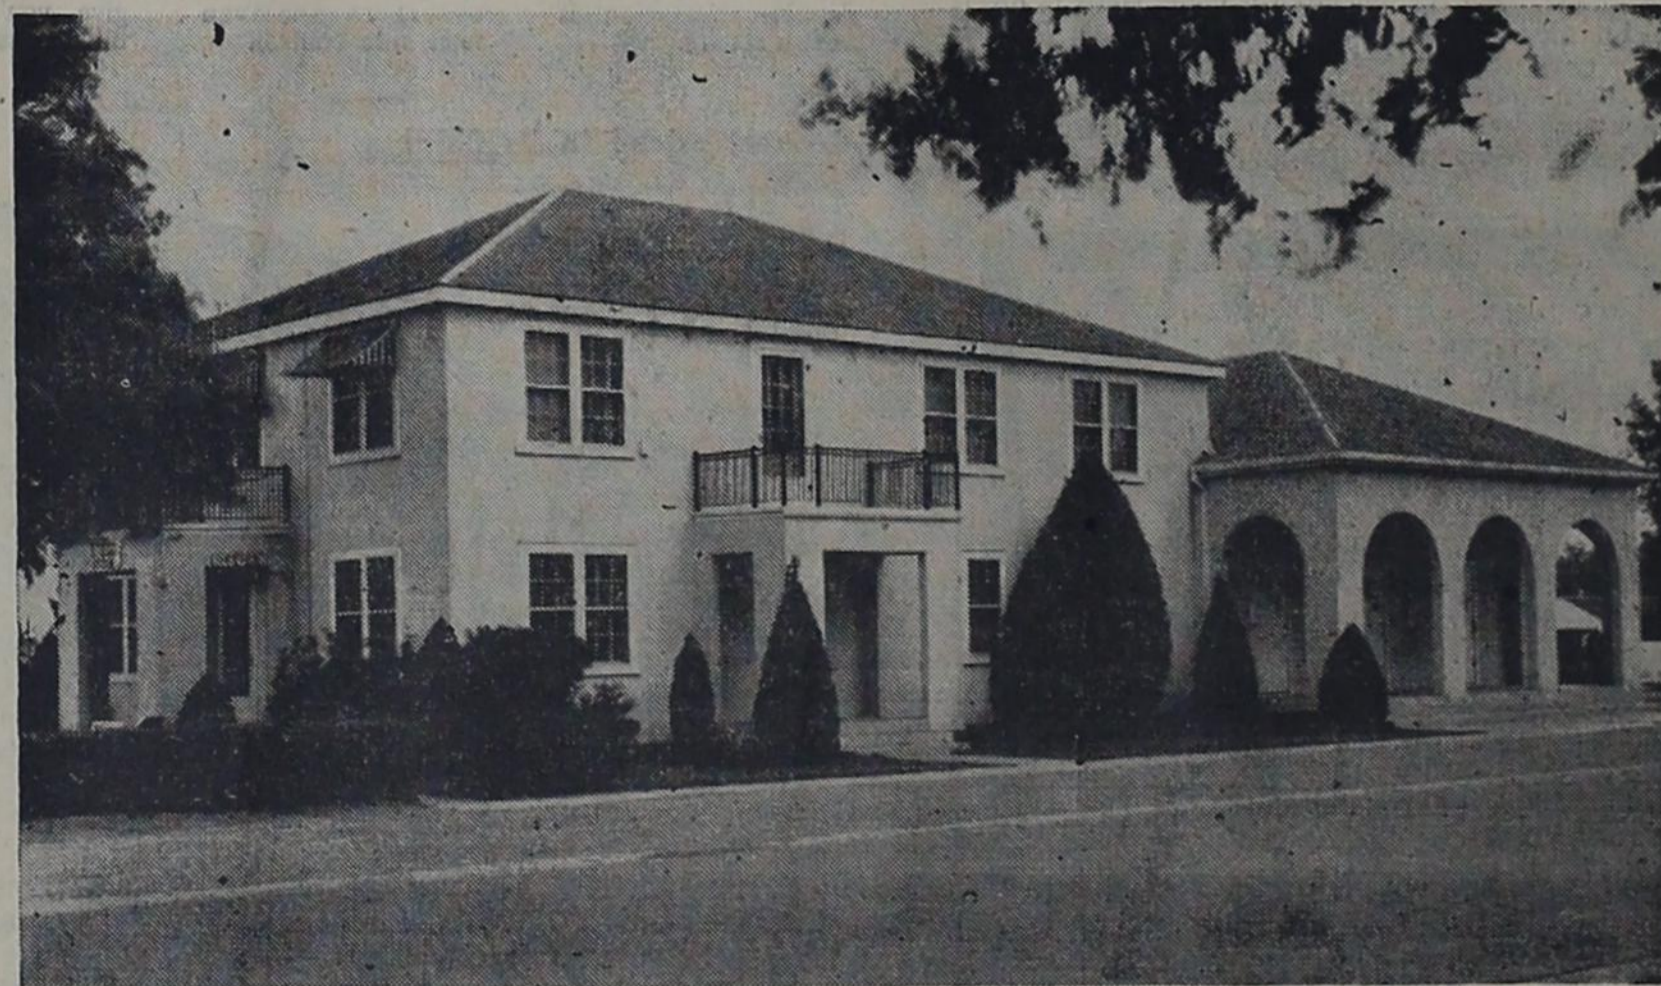

Old fashioned ironing was a back breaking job. The iron had to be heated, and changed, and the job seemed almost endless. But with modern living — electric living — ironing becomes a pleasant household task. Your automatic electric ironer will handle any ironing assignment, too, from flat work to ruffles.

Modern living is electric living. Electric living is pleasant living. See your electric appliance dealer now and see the modern automatic electric ironers he displays. Electrify your ironing and enjoy it!
