

Local Man, Rex Kyker, Holds Evangelistic Services

Rex P. Kyker, a man who was born and grew up in Texico-Farwell, has been invited to be the evangelistic speaker for the local congregation at the Church of Christ during their spring meeting, set for March 14-20.

For Rex, now professor of speech at Abilene Christian College, it will be a homecoming since he preached his first sermon in the local church in 1937. He was graduated from Farwell High School in 1938 and after working locally for one year he attended ACC where he was graduated in 1943.

Following graduation from college he became pastor of the Ballinger Church of Christ for a short period before returning to ACC as a member of the faculty. He has been with the college ever since that time, except for two leaves of absence while doing graduate work.

He holds the master's degree from the State University of Iowa and a Ph. D. degree from

the University of Florida. He has been head of the speech department at ACC since 1957.

Rex is married to the former Christine White and they are parents of five children, three girls and two boys. He is currently preaching for the church at Gatesville, and also teaching at ACC. With 29 years of experience as a preacher, he is widely known as a lecturer, educator, and minister. He is active in the work of Kiwanis International and is Governor-Elect of the Texas-Oklahoma District of Kiwanis.

Minister Kyker has expressed his delight as being invited to return to his "own" congregation where he grew up and did his first preaching to "hold a meeting." He has preached at Lariat, Bovina, Friona and numerous nearby churches.

Minister Paul Wilkinson, pastor of the local congregation, said, "We are glad to have Rex back home and we extend a cordial invitation to all our

friends to hear this local man during the week.

Services will be held twice daily, Sunday services will be at 10:50 a.m. and 6 p.m., with morning services beginning on Tuesday at 10 a.m. Evening services will be held Monday through Saturday at 7:30 p.m.

REX KYKER

Queen Coronation Highlights Spring Concert At Texico

Highlighting the spring concert of the junior high school and high school bands at the Texico school will be the coronation of a "Band Queen" for this school year. Queen candidates are Zadene Burris, Janet Wilson and Linda Armstrong.

The spring concert for the two bands will be presented Friday night, March 18, 8 p.m. in the old gym (school auditorium). Price of admission is 75¢ for adults, 50¢ for high school students and 25¢ for students grades -16. Tony McGowan is music director.

Numbers presented by the junior high band include: "Day-Dreaming," "Little Scotch Suite," "The Plainsman," and "Empire State Salute."

Personnel in the junior high

band are: Connie Autrey, Donna Chumley, Alan Haile, Harold Hall, Johnny Hammond, Kenneth Hultman, Dallas Laceywell, Kathy Lockhart, Becky Lockmiller, Diane Looper, Jo Pearce, Kim Pearce, Jeanette Powell, Carla Richardson, Vickie Richardson, Bob Ridgley, Melva Ridgley, Kathy Stanley, Deborah Sharp, Gary Wilson, Linda Wilson, Ronnie Winegeart, Judy Yell and Terry Yell.

The high school band will present the following numbers: "High Scorer," "Avalon Nights," "Celebration," "Highlander Suite," "Morning in Galloway," "Pomp and Chivalry," and "Callant Eagle."

Members of the high school band are: Linda Armstrong, Terry Armstrong, Betty Au-

rey, Billy Baldrige, Danny Billingsley, Zadene Burris, Jan Chumley, Larry Duncan, Duane Foreman, Billy Haney, Anna Herrington, Bobby Lockmiller, and Terry Lovett.

Also Danny Pearce, Betty Potts, Rex Richardson, Bobby Russell, Curtis Smith, Patricia Smith, Don Stone, Mitchell Turnbough, Marty White, Billy Wilson, Janet Wilson, John Winegeart, and LaWanda Yell.

And Zadene Burris, Larry Duncan, Janet Wilson, Marty White and Rex Richardson are members of the Tri-State band. Band officers include Linda Armstrong, Zadene Burris, Rex Richardson and Janet Wilson.

The general public is invited to attend the concert for an evening of fine music.

1000 Attend --

Science Fair Huge Success

The first Science Fair in the history of the Farwell School came to a close on Tuesday evening at 9:30 p.m. It was called a great success by the science faculty at the school. Some 120 science displays were viewed during the two-day period by well over 1,000 persons, with 655 viewing the exhibits on the first day of the affair.

Jarvis Brown, high school science teacher and sponsor of the fair said, "The adult attendance was much greater than had been anticipated and it was certainly greatly appreciated."

Brown said, "It is certainly gratifying to see such community support and we wish to thank those who contributed so much in time, materials and support to the ultimate success of the fair." Among those singled out for special thanks by the science teacher for their sup-

port were Hamlin Memorial Methodist Church, First Baptist Church, Crume Lumber and Supply Co., Campbell Electric Co., State Line Tribune and KZOL Radio.

Judging of the exhibits was made by two Clovis science teachers, in order that the judging be as impartial and objective as possible. Brown and James Craig, junior high school principal and co-sponsor of the fair, stated that they agreed with the judges in general.

"Awards will be made at a later date, when the ribbons arrive, since it was not possible to predict the number needed prior to the judging," Brown said. No final decision has been made as to which, if any, of the fair winners will be entered in the Regional Fair at Amarillo.

Winners in the various divisions are as follows:

Senior division: 1st - Doyle Johnson and Jimmie Mace, with their construction of a "Light Box." 2nd - Mike Camp and Larry Gregory, construction of a "Spectrum Pyramid." 3rd - Ronnie Usery and Bill Roberts, "Fossil and Petrified Wood display." 4th - David Meeks, Ricky Lunsford and Calton Wilkinson, with a display of sugar being converted into alcohol by a process of fermentation.

In the junior high school division the awards were more numerous due to the large number of entries.

1st place (two awards) Roger Patrick and Hal Haynie, with an experiment of the "Effect of Magnetism on Rats," Lynn Jones and Mike Hanna, with an

THE STATE LINE TRIBUNE

"OFFICIAL PUBLICATION OF PARMER COUNTY"

EIGHT PAGES

FIFTY FIFTH YEAR

10 CENTS

For Voting --

Residents Have Until March 17 To Register

All residents of Parmer County, who have not paid a poll tax in 1966 but who desire to vote in the 1966 elections, have until March 17 to register in order to qualify to vote in the elections, according to the recent session of the Texas Legislature which outlawed the poll tax as a pre-requisite for voting. Registration began on March 3.

However, all persons must register in order to be able to vote. As late as Monday only 14 persons had taken the

opportunity to use the free registration in Parmer County, according to Hugh Moseley, county tax assessor-collector.

Moseley said, "The office will be kept open from 8:30 a.m. until noon on Saturdays (regular office hours) and county residents desiring to register should plan to visit the office during those hours."

According to a release from the office of Attorney General Waggoner Carr, "All persons subject to paying a poll tax during the period which ended

on Jan. 31, in order to be qualified to vote in the 1966 elections, but who did not pay the poll tax or obtain a not paid poll tax for voting in federal elections, should register now."

Persons holding a paid poll tax receipt, a receipt stamped (poll tax not paid) for voting in federal elections, or those who have received an exemption certificate do NOT need to register and should not be allowed to do so.

The report continues, "After

additional study by this office (Attorney General) it is concluded that this new construction of the new law is consistent with the intent of the Legislature which acted in accordance with the Federal Court decree which struck down the poll tax as a pre-requisite to voting. These over 60 people could have like-wise qualified by buying a poll tax and should now have the opportunity to register to the same extent as those persons mentioned previously."

Texico Chamber Plans Community Census

Fourteen members of the Texico Chamber of Commerce discussed a community census to provide information to go with the brochure which is to be produced in the near future. Discussion centered around the type of questions to be asked, to provide the information that a prospective business, desiring to locate in Texico, would like to know about Texico and the surrounding trade territory.

President Bill Christian appointed a committee with A. D.

McDonald as chairman to study the proposed questionnaire. Other members of the committee are Bill Roth, Loren Wilson, Leroy Faville and Olan Schlueter.

James Pierce, chairman of the brochure committee, gave a report on the type of brochure to be produced and the Chamber voted to sponsor a two color 9"x14" four fold pamphlet.

Elmer Teel, chairman of the street sign committee, reported, with the report discussed

and considered. No action was taken.

Next meeting of the body will

be on April 5 in the hospital room of Texico Branch of the Citizens Bank.

Huffman Athletic Banquet Speaker

Burl Huffman, freshman football coach and head basketball coach at Texas Tech, will be speaker at the annual Athletic Banquet at the Farwell School.

The banquet will be held in the Farwell school cafeteria on March 26, 8 p.m. Price of tickets to the affair, to which all area residents are invited, is \$1.75 per person. The banquet will be catered by Underwood's of Lubbock.

Awards will be presented to the outstanding football player; the outstanding basketball player (boy and girl); hardest blocker and tackler; the principal's award, which goes to the football letterman who has the highest academic average while carrying a full load of studies.

In addition the Chamber of Commerce award will be presented to a senior, boy or girl, with the recipient required to have no grade lower than 70.

have a B average or above, must have lettered in at least two sports or be outstanding in one sport. The sportsmanship award will be presented by the Student Council to a student (boy or girl).

Tickets to the banquet may be obtained from any member of the pep club or Odus Walser, sponsor of the organization.

Lions Set Merchandise Shoot

The Texico-Farwell Lions Club has scheduled a "Merchandise Shoot" for Sunday, March 13, with proceeds to go to the Lions Club "Sight Conservation Fund."

A good attendance is encouraged.

Services Held For Alex Jesko

Funeral services were held from St. Anthony's Catholic Church in Hereford on Tuesday morning for Alexander J. (Alez) Jesko, 68, who passed away in a Hereford hospital Sunday afternoon following a heart attack. Rosary was read at 9 a.m. on Tuesday morning with Father Claver Glibin of Bovina officiating. Burial was in St. Anthony's Catholic Cemetery at Hereford.

Mr. Jesko, a longtime resi-

dent of the Lazbuddie community, is survived by his wife; five sons, Donald, Clovis, Lee Dennis, Wayne, Larry and Kenneth, all of Muleshoe; four daughters, Elaine and Deborah of the home, Jenny of Kansas, and Mrs. Billie Jean Glenn, Amarillo; brothers, Ed, and Matt of Hereford, Steve, Clovis, and Joe, Friona; sisters, Mrs. Helen Fangman, Friona, Mrs. Ben Keolzer, Dalhart, and Sister Felicita S. A. of Graymore, N.Y.

Hal Graham Wins Top Award In Lovington Science Fair

Hal Graham of Lovington, N.M., received top award in his division for his entry in the Lovington Fair over this past weekend. Hal, 10, is a fifth grade student and son of the W. H. Grahams, former Farwell residents. Hal received a blue ribbon.

He demonstrated the differ-

ence between alternating electrical current and direct current by tests on treated cloth, and by utilizing batteries for direct current, and a train transformer for alternating current. Cloth was treated with a solution of cornstarch and potassium iodide, to show contrasts.

Freshman Class Sponsors Food Sale, Saturday

Farwell freshman class invites all of the area housewives to visit either the local Piggly Wiggly Store or Capital Food Market on Saturday, March 12, to obtain their cakes and pies for the weekend.

The class will be sponsoring a "Food Sale," featuring cakes and pies at both of the stores, beginning at 8 a.m. on Saturday. The sale will continue throughout the day or until all of the pies and cakes are sold, according to Randy Johnson, class president.

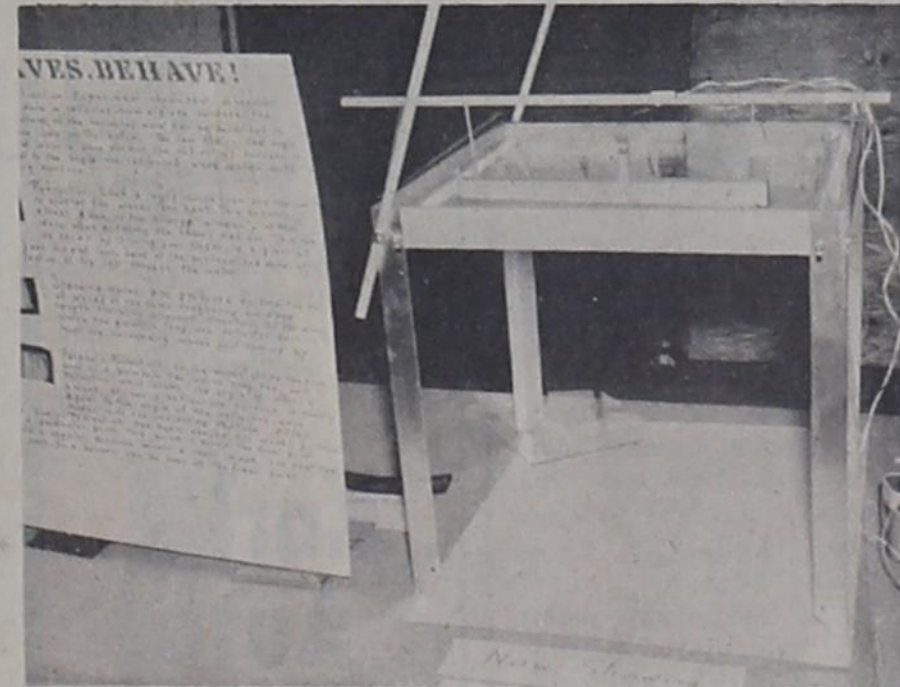

Sponsors of the class are Toby Booth and Jarvis Brown.

experiment of the "Effect of Mirrors on Mice." 2nd - Cecilia Aquilera, a replica of an Edison dictaphone. 3rd - Ruth Ann Blankenship, Juanita Samaneigo and Tina Rundell, a working model of the Human Heart. 4th - Debra Wardlaw, working model of the Human Arm. 5th - Billy Bourlon, a "Heat Resinator."

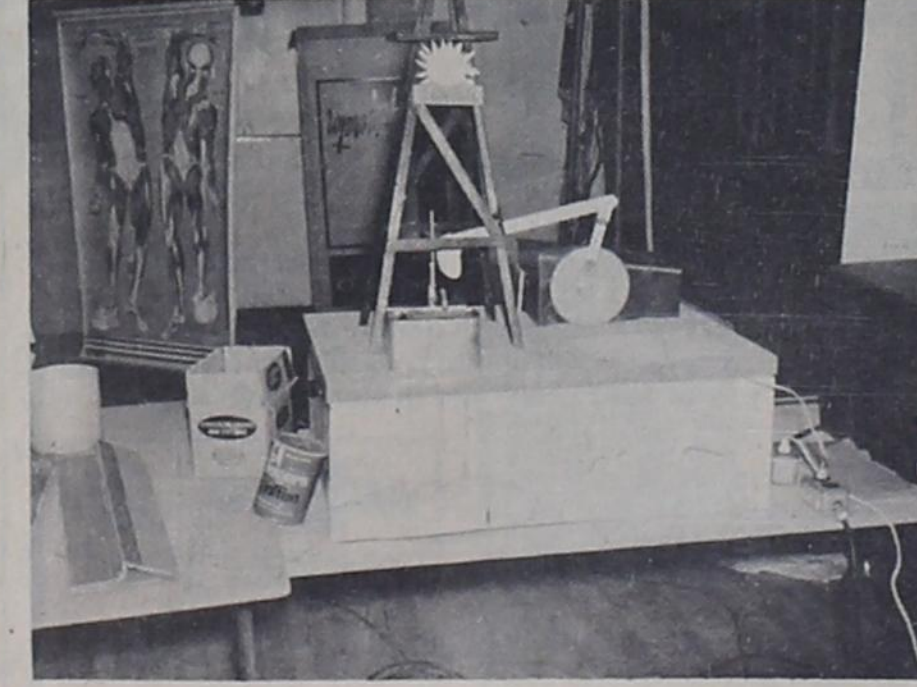

First four places in the sixth grade division went to: 1st - Donny Campbell and Terry Cra t, with a working model of an oil well. 2nd - Ronny Walker, with an experiment of "Mutations of Hairless Mice." 3rd - Kim Snider and Linda Suttle, with a model of the "Solar System." 4th - Douglas Athas and Kirk McFarland, with a model of the Human Ear.

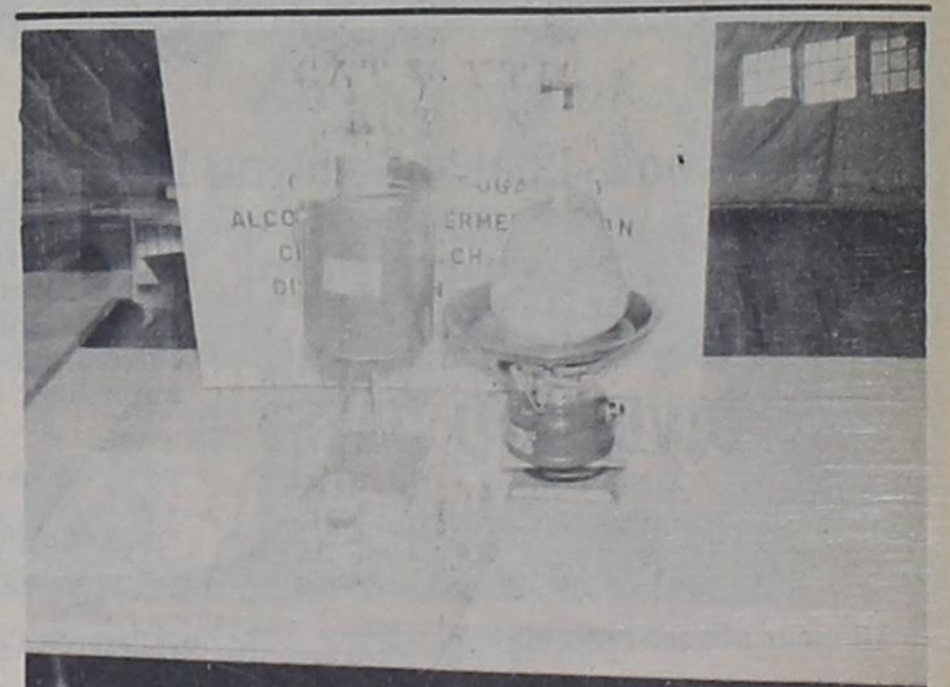

One of the projects which drew much interest from spectators at the Farwell School Science Fair was the exhibit of James Symcox and Dennis Ensor, which portrayed a "Stream Erosion Table," showing the effect of water erosion on farm lands with a down hill surface.

WAVE REFLECTIONS -- Delton White and Charles Kitten, seniors, made and exhibited this intricate machine to show the "Wave Reflections" in the "Law of Reflections" for the Science Fair. A large poster bearing the title "Waves, Behave" tells about the effect of reflection on waves. Visitors were able to see for themselves, through the exhibit, the effect of the light reflections.

OIL WELL DEMONSTRATION -- This oil well, powered by electricity, was one of the first place winners in the sixth grade division at the Farwell School Science Fair, this week. The oil well was made and exhibited by Donnie Campbell and Terry Craft. Also judged a first place winner in this division was an experiment on the "Effect of Mirrors on a Rat" arranged and exhibited by Lynn Jones and Mike Hanna.

MINIATURE STILL -- Cal Wilkinson, Ricky Lunsford and David Meeks demonstrate how to turn sugar into alcohol, by a process of fermentation, in their miniature still which was on exhibit at the Science Fair this week. Ingredients for the "brew" was sugar, malt, water, and corn meal. The exhibit was entitled "Catalytic action."

In County --

County Agents Report Shows Agriculture Worth \$66 Million

According to a report compiled by County Agricultural agent Joe VanZandt recently, agricultural worth in Parmer County in 1965 stood at \$66,100,000.

The crop production in 1965 including government payments through ASCS amounted to \$49,100,000 with another \$17,000,000 added to the economy

by the raising of cattle, sheep and swine.

The county's number one cash crop, according to VanZandt, was grain sorghum, which grossed \$20,000,000, averaging 6,500 pounds of grain per acre on 181,000 acres.

Cotton was the number two crop in the county, adding \$8,000,000 to the economy and pro-

ducing an average of 666 pounds of lint and seed on 41,000 acres. Wheat grossed \$6,000,000 averaging 52 bushels per acre on 77,800 acres.

Sugar beets, raised for the second time on a large scale in the county, added another \$1,250,000 to the farm income, and averaged 21 tons to the acre on 6,000 acres. Vegetables brought in \$3,000,000

on 5,900 acres and miscellaneous crops grossed \$2,750,000 on 40,795 acres.

Government ASCS payments during the year amounted to \$8,100,000, the county agent reports.

Parmer County has 1250 farms, managed by some 900 farm operators. Croplands total 352,495 acres of which 345,955 are irrigated and 6,540

dryland. A total of 4,700 acres are in the soil bank, with 102,014 acres listed as idle.

The county has 2,825 irrigation wells. Estimated county population in 1965 was 11,500 and bank deposits in the three county banks, located at Farwell, Bovina and Friona, totaled \$15,938,221, according to the report compiled by VanZandt.

On The Farm In Parmer County

By JOE VANZANDT
County Agent

Have you had your soil tested lately? There has been 83 soil tests made since February 16 at the Extension Service Soil Testing Lab at Lubbock for Parmer County farmers. We recommend having soil test made every 2 years as a fertilizer management practice. Applying fertilizer according to soil test recommendations from the Extension Soil Lab has been proven to be the most economical rate of fertilizing to give the most net profit.

Some farmers are eyeing liquid fertilizers this spring -- but many have questions about their use.

Liquid fertilizers can be applied as individual materials or as mixtures of one or more of the plant nutrients. Most liquid, mixed fertilizers containing two primary elements--nitrogen and phosphorus. Producers should keep in mind that it requires the same number of pounds of nitrogen and phosphorus from liquid sources to produce a given yield, as required from dry fertilizer.

Where conditions permit, liquid fertilizer should be applied in bands below the surface in the same manner as dry fertilizers.

An advantage of liquid fertilizer is ease of handling. Liquid fertilizers can be handled by mechanical methods (gravity, pump or air pressure) to avoid lifting and carrying of fertilizer bags. With proper equipment, liquid fertilizers can be applied very accurately and combine easily with many herbicides, fumigants, and insecticides.

Disadvantages of liquids are that they require special application equipment and storage facilities; and some nitrogen solutions must be handled under pressure. Also, with variations in temperature there is some chance the dissolved solids may "salt out" resulting in clogging of storage facilities and application equipment.

Most agronomists agree the use of liquid fertilizer will continue to increase, but any advantage they enjoy lies in convenience and ease of handling and not in any special agronomic value.

Many questions are being asked about the need for including micronutrients in fertilizers. This question has no simple answer. Current soil and tissue tests are not adequate for most micronutrients. Laboratory procedures for zinc are generally better than for other micronutrients. Plant analyses provide more accurate information but are expensive, difficult to use in comparing different crops, and apply to fertilization of the following rather than the current crop.

Deficiencies of zinc and iron have been observed or suspected in one or more regions of Texas and are the most probable micronutrient deficiencies encountered.

Adding economical rates of iron compounds to the soil has not given satisfactory results on a field basis. The best approach to correcting iron deficiency still appears to be foliar sprays. For more information about rates get Extension Folder L-435.

IRON CHLOROSIS.

Iron deficiency is most likely to occur in our soils containing free calcium carbonate or caliche.

Zinc deficiency may occur where topsoil has been removed in land leveling.

We caution everyone against going out and applying micronutrients where deficiency symptoms have not been observed. Only small amounts of micro-nutrients are removed by a crop and you can lower your production if you get your micro-nutrients out of balance. Generally Parmer County crops have not shown any micro-nutrient deficiencies, so generally don't apply more than is being removed by the crops harvested.

Killed In Vietnam

Word was received by James Ussery on Tuesday of the death of a nephew, Harvey Wayne Jones, 18, in Vietnam. The lad, a Marine, was killed in combat, but no details have been received at this time.

1966 Grain Program Which Is Best?

By Prentice L. Mills

Approximately 40 per cent of the farmers in Parmer County have signed up to participate in the 1966 Feed Grain Program as of this date. A number of farmers are undecided as to whether to participate and, if so, to what extent.

The following examples may be useful in assisting a farmer to "weight out" the program for his farm: In these examples we use an average farm in Parmer County. The normal yield for the farm is 92 bushels of grain sorghum. The base acreage is 200. The price support payment is \$27.31 per acre and the diversion rate is \$52.44 per acre.

Example #1A - The price of milo is \$1.70 per hundred, producing cost is estimated to be \$45.00 per acre, the farm does not participate in the program and 200 acres of milo is grown on the farm. We assume that the production is 6000 lbs. per acre. 6000 lbs. at \$1.70 per cwt. X 200 acres = \$20,400.00 Gross
200 Acres X \$45.00 = \$9,000.00 Expense
Gross Net \$11,400.00

Example #1B - Same data as Example 1A but farm participates in program by making 20% diversion of 40 acres and plants 160 acres of milo.
Price Support Payment is 100 a. X \$27.31 = \$2,731.00
6000 lbs. at \$1.70 X 160 acres = \$16,320.00
Gross \$19,051.00
160 acres X \$45.00 = \$7,200.00 Expense
Gross Net \$11,851.00

Example #2A - The data is the same as in Example 1A; Except, we assume that the price received for milo is \$2.00 per hundredweight.
6000 lbs. at \$2.00 per cwt. X 200 acres = \$24,000.00 Gross
Expense is same as Example 1A = \$9,000.00
Gross Net \$15,000.00

Example #2B - Data is same as Example 1B with a milo price of \$2.00 per cwt.
6000 lbs. at \$2.00 per cwt. X 160 acres = \$19,200.00
Price Support Payment (always same) = \$2,731.00
Gross \$21,931.00
160 acres X \$45.00 = \$7,200.00 Expense
Gross Net \$14,731.00

Example #3A - Same as preceding examples 1A & 2A with a milo market price of \$1.90 per cwt.
6000 lbs. at \$1.90 X 200 acres = \$22,800.00 Gross
Expenses same as other examples = \$9,000.00
Gross Net \$13,800.00

Example #3B - Same as Examples 1B & 2B with a milo market of \$1.90 per cwt.
6000 lbs. at \$1.90 X 160 acres = \$18,240.00
Price Support Payment (same) = \$2,731.00
Gross \$20,971.00
Expenses same as 1B & 2B = \$7,200.00
Gross Net \$13,771.00

In the examples above we have assumed milo prices which are considerably above the loan rate which is \$1.50 per hundredweight for 1966. One person's guess is as good as another as to what the price may be for grain sorghum at harvest time next fall.

We have given no examples where an additional acreage (above 20%) is diverted under the program. Farmers can decide for themselves as to whether it is profitable to sign up for a diversion of acreage above the 20% minimum. The sign up period extends thru the last day of this month (March). Farmers who intend to participate are urged to come in and sign up at their earliest convenience in order to avoid the "last-minute" rush.

How ready-to-wear clothing can be adapted so handicapped children can dress themselves with ease is a problem solved by Easter Seals. Copies of an illustrated booklet that gives the answers is available from the Texas Easter Seal Society in Dallas.

Scholarships and fellowships awarded by the Easter Seal Society have financed advanced study for more than 600 doctors, therapists and other professional workers serving the physically handicapped. You help when you give to Easter Seals.

Letter To The Editor

(Continued from page 2)

that in order to have their exhibits completed for observance that they will have to be "caged in" to keep itchy fingered thieves off?

Also before the last period one of the balls was taken from their other exhibit. It's most disgusting and you wonder sometimes "What is our society coming to?"

If someone shows up with a (fairly dark and trampled) at the time it was used) 1923 silver dollar you'd almost feel assured it came from a Science Fair Exhibit.

Texico FFA Third In Swine Judging

With a total of 800 points in the Swine Judging Contest held at the Curry County Fair Grounds in Clovis Saturday for FFA and 4-H Club members from West Texas and New Mexico, the Texico FFA Chapter Swine Judging team finished third.

Members of the winning team were Dean Campbell, Roy McDaniel and Leslie Harrelson. Campbell was second high individual in the contest with

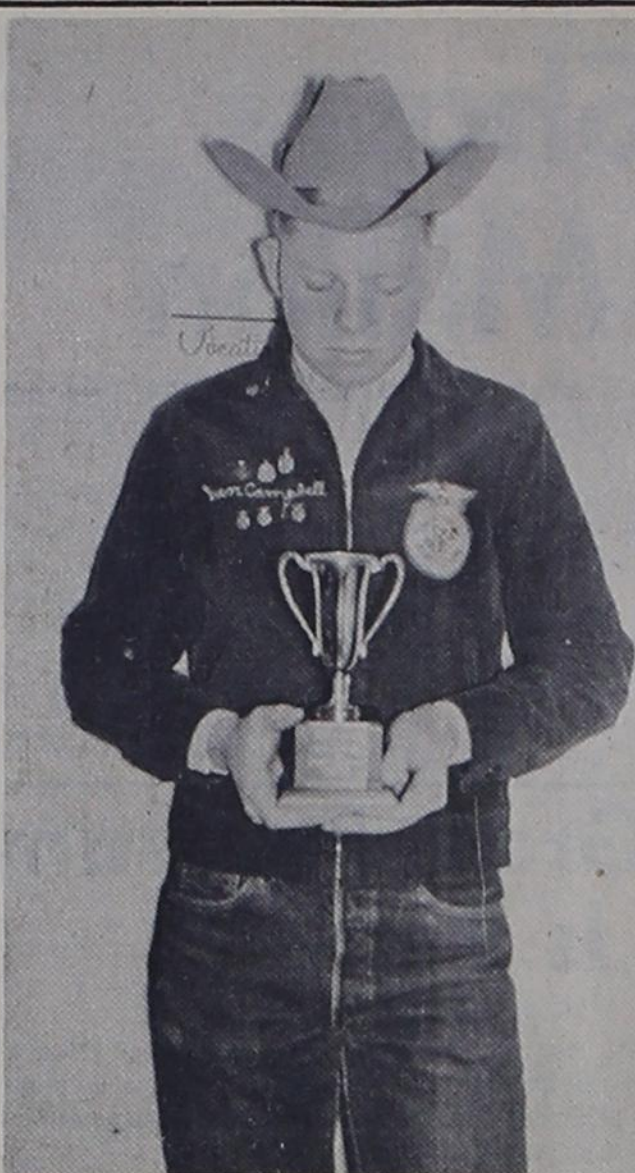

284 points. Both the team and Campbell received trophies.

Winner of first place in the event was a team from Lazbuddie with 808 points. Second place winner was a team from Littlefield with 804 points. The top four teams were from FFA Chapters; however, the fifth place team was a 4-H Club team from Parmer County.

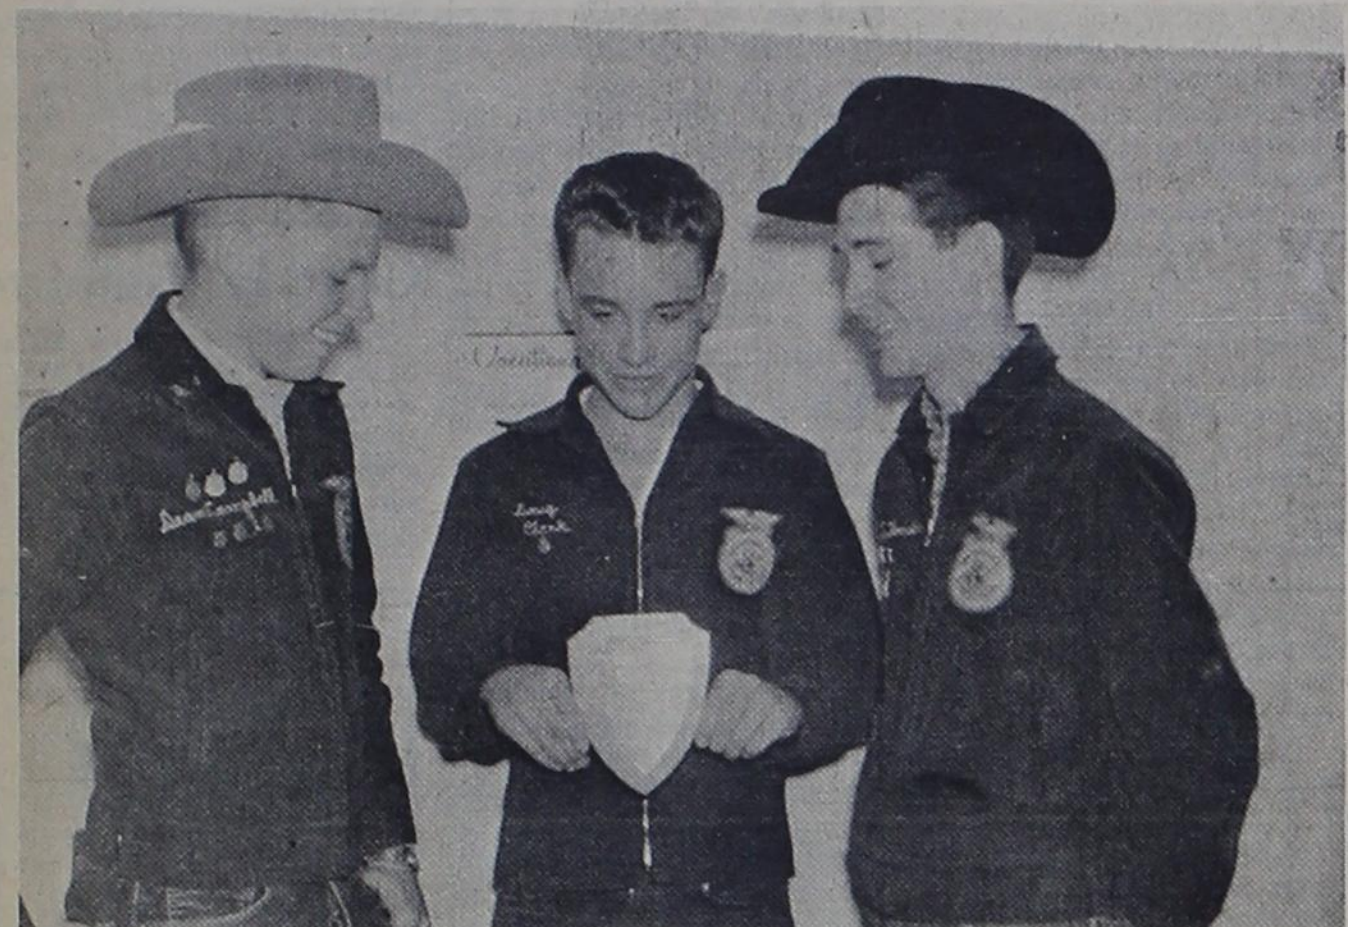

In fourth place was Happy FFA, 768 points; 5th place, Parmer 4-H, 757 points; 6th place - Happy, 741; 7th-Texico

4-H, 741; 8th-Clovis FFA, 733; 9th - Texico Greenhand FFA, 713; 10th - Happy FFA, 704; 11th-Parmer 4-H, 697; 12th-Ranchvale 4-H, 672; 13th-Clovis 4-H, 653; and 14th - Texico 4-H, 625.

High individual honors went to Ronald Hill from Littlefield, 288 points; second place to Dean Campbell of Texico and third place to Ron Mayfield, Lazbuddie. Both Campbell and Mayfield had a total of 284 points in the judging event.

SECOND HIGH INDIVIDUAL -- Dean Campbell, a member of the Texico FFA, won second high individual honors in the Swine Judging Contest held in Clovis on Saturday. Campbell had a total of 284 points, only four points less than the first place winner. Tying with Campbell for second place honors, but receiving a third place trophy, was Ron Mayfield of Lazbuddie, who was given the third place trophy on the basis of Campbell's having the most perfect scores. The loving cup was presented by Worley Grain of Farwell.

THIRD IN SWINE JUDGING -- This team of boys from the Texico FFA Chapter were winners of third place in the West Texas-New Mexico Swine judging contest held at the Curry County Fair Grounds on Saturday. Team members left to right: Dean Campbell, Roy McDaniel and Leslie Harrelson. The trophy was presented by Feed & Ranch Supply of Clovis.

Texico School Releases Honor Roll

Principal James Pierce has released the honor roll for the Texico School for the fourth six weeks grade period.

The juniors with seven persons listed lead the school with honor students. Juniors listed include Linda Armstrong, Jill Billington, Leslie Harrelson, Susan White, Pam Fitz, Betty Niece and Sharon Peyton.

Seniors listed are Terry Lovett, Joe Patterson, and Veda Wilson.

Sophomores are Janet Wilson and Brenda Sims.

Beverly Williamson was the only freshman listed on the honor roll.

Eighth grade students listed include Glenda Kelley, Susan Murrell and LaWanda Yell.

Seventh graders are Wesley Clark, Betty Potts, Kathy Watson, Marty White and Billy Wilson.

Only two more grade periods remain before the end of school, with school due to dismiss on May 25.

Rayon, made chiefly from wood, was first manufactured commercially about 60 years ago.

Texico Tracksters Participate In Practice Session

Coach C. B. Stockton of Texico announces that the Texico track and field team will try their luck, for the first time this season, in a practice meet in Fort Sumner on March 18.

Trackmen returning to the team from last year are Joe Patterson, Jimmy Webb, Bobby Joe Stewart, Leslie Harrelson, Jim Hill, Weslie Raulie, Bobby Spearman, Keith Crooks, David Duncan and Gary Meier.

Sophomores out for the track and field events include Roddy Pearce, Larry Combs, Junior Ortiz, Manuel Martinez, Lathin Payton, Lynn Hughes, Johnny Gonzales and Freddie Sena. Billy Winkles a senior, is also participating.

"After the first meet is over

we can tell more about what each boy will be participating in," said the coach.

Students Receive Scholarship Awards

Three Texico high school seniors were listed for scholarships at the recent Eastern New Mexico University Talent Day, when more than \$10,000 was awarded to 79 high school

seniors who competed in the Talent Day Activities.

More than 400 high school students attended the all-day event. Students competing in the tests represented schools in 62 communities in New Mexico and West Texas.

Texico students listed for the honors were Veda Wilson, journalism, Joe Patterson and David Duncan, math and science.

Lt. Allan Lockhart Visits In Home Of Parents

Navy Lt. Allan C. Lockhart visited with his parents, Mr. and Mrs. John Lockhart, for a few days the past week.

The Lieutenant who has been stationed in Davisville, R.I., was enroute to a new assignment.

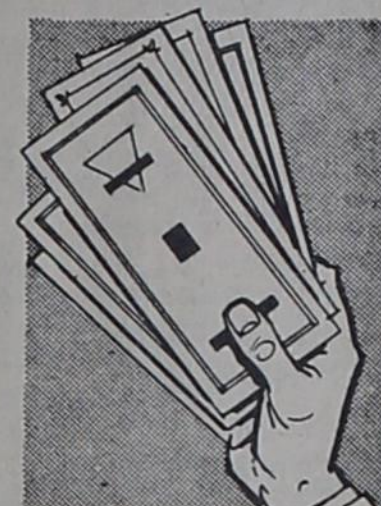

Visiting in the Lockhart home over the weekend were their daughter and son-in-law, Mr. and Mrs. Jon Schroeder of Lubbock.

Returns From Vacation

J. W. Crim of the Lazbuddie community returned home on Tuesday from a two-month stay in Laredo. He reports that it rained all the time he was in the Texas city.

He was accompanied on the trip by his sister, Mrs. N. D. Kelso of Alamogordo.

School Board Hears Report, Hires 1966-67 Faculty

At the Monday night meeting of the Farwell School Board members heard a report on the property-re-valuation from a representative of the McMorrin Company of Amarillo, who is in charge of the re-valuation program.

Following this report got down to its annual task of hiring teachers. First on the agenda was the reading of the resignation of several teachers, who have other plans for next year. Resignations were received from Mrs. Marjorie Bales, home economics teacher; Jarvis Brown, high school science teacher; Fred Goff, high school math; Hoyt Scott, junior high math; Mrs. Margaret Kennedy, fifth grade; Mrs. Hattie Boling, fifth grade; and Mrs. Linda Thompson, first grade.

English; Mrs. Sophie Davis, Spanish and high school library; Miss Donna Clapp, business subjects; Charles Turner, band; Mrs. Lenora Tatum, junior high English; Jerry Dee Owen, biology and junior high coach; Billy Adams, junior high history and coach; Johnny Willson, sixth grade; Mrs. Frances Boling, sixth grade; Mrs. Hattie Coffey, fourth grade; Mrs. Jo Springer, fourth grade; Mrs. Odus Walser, public school music and third grade; Mrs. Isla Rhea Huffaker, third grade; Mrs. Beth Miller, second grade; Mrs. Lauretta Pool, second grade; Mrs. Averil Cochran, first grade; Mrs. DeVilbiss, first grade; Jerry Mathis, vocational agriculture instructor.

Mrs. Katherine Lockhart was returned to the position of school nurse and Mrs. Frances Clarke will again be school counselor. Mrs. Velma McDorman will head the lunch room staff and H. R. Crook will be in charge of transportation.

The salary of Mrs. Georgia Lee Rundell, school secretary, was given a \$300 hike as she was re-hired. Mrs. Dorothy Eason, school tax assessor-collector, was returned to that office.

Contracts renewed at earlier meetings were those of W. M. Roberts, superintendent; Amos Tatum, high school principal; Jack Williams, elementary principal; James Craig, junior high school principal; Toby Booth, athletic director and head football coach; Vernon Scott, head basketball coach and assistant football coach.

Mrs. Joyce Hart who has been teaching in the school for the past few weeks was given a one-year contract to continue her work and Mrs. Charleen Hughes was hired for a one-year period.

Next regular meeting of the board will be the first Monday following the first Thursday in April.

Texico Boy Ranks High In FFA Work

The Texico FFA Chapter is quite proud of Dean Campbell, a 16 year-old junior in the Texico school, for his standing in FFA work.

Dean lives with his parents, Mr. and Mrs. Edgar Campbell, on a ranch and farm combination some 30 miles north of Texico. He is a great help

to his father in running the ranch.

Livestock projects for Dean since becoming an FFA member are many. During his first year, he had seven calf-cow pairs and a Hereford bull. During the second year he had 15 feeder steers, and four show steers. This, his third year, is a big one with two Poland China sows, a registered boar, 27 feeder pigs, 20 feeder steers and three show steers.

GOOD MONEY IN BEEF CATTLE — Dean Campbell, a junior in the Texico school and outstanding FFA member, has found that a project which makes him the most money is that of feeder-cattle. He watches closely the 30 head which he now has for any disease which might show up.

One of his show steers, an Angus, took Reserve Grand Champion trophy at the Curry County Fair. His fourth year is also to be a productive one since at the present time he has or has had, six show steers, 21 feeder steers, seven sows, 11 feeder swine and an additional registered boar. For two consecutive years he has won the showmanship trophy at the Curry County Fair.

Shop projects completed by the energetic lad include a nail-box, three-barrel feeder, six gates, another feeder, a stock trailer, and he is presently completing a branding chute.

As a greenhand FFA member Dean was recipient of the livestock award and the Star Greenhand award. He also attended the National FFA convention along with David Duncan that year. As a chapter farmer he again won the livestock award. He is presently serving as secretary of the Texico FFA chapter and last year served the organization as vice-president.

During his high school years Dean has been able to maintain approximately a "B" average. He is presently enrolled in vocational agriculture, sociology, typing and English III. He is making plans to run for a District IV office in the FFA organization this year.

His investment thus far in this fiscal year is \$6,120. Following high school graduation he plans to attend West Texas State University where he will major in agriculture. Following completion of his college

ATTENDS GUNNERS SCHOOL -- Dannie W. Lindop S.A., son of Mr. and Mrs. Tom Lindop, who recently enlisted in the U.S. Navy is now attending Gunner's School at Great Lakes, Illinois, after completing basic training at San Diego, Calif. Lindop's address for those wishing to write is Dannie W. Lindop S.A. 9997713, GM/A School S.S.C., Class 2616, Great Lakes, Illinois. Lindop is a 1964 graduate of Farwell High School.

Lazbuddie Teacher Submits Names For State FFA Degrees

Mrs. Earl Ellis, homemaking teacher in the Lazbuddie school, submitted the name of four Lazbuddie girls for state FFA degrees at a recent meeting. Girls whose names were submitted for the honor were Ramona Espinosa, Myra Morris,

Marquita Seaton and Joy Williams.

Mrs. Ellis also recently attended a Junior Service Conference in Tulia. Consultants for the workshop were Mrs. Ima Dora Haile, Area I supervisor; Dr. Willa V. Tinsley, Dean of Home Economics; Dr. Margaret Sillon, Home Economics educator; Dr. Thelma Leonard and Dr. L. Ann Buntin, both Home Economic educators from West Texas State University.

Ray Hammonds Receives Navy Commendation

Yeoman Seaman Roy G. Hammonds, USN, son of Mr. and Mrs. Bob Hammonds of Route 1, Farwell, has received the Navy Unit Commendation for his services while with the U.S. Seventh Fleet aboard the attack aircraft carrier USS Oriskany.

Oriskany was cited by the Secretary of the Navy for its outstanding performance in the Vietnam combat zone from May to December, 1965.

Her aircraft flew more than 12,000 combat missions over Vietnam and dropped nearly 10,000 tons of explosives on communist targets.

The carrier is operating out of San Diego, Calif., with the Pacific Fleet.

Vandalism In County

According to a report from the office of Parmer County Sheriff Charlie Lovelace, several acts of vandalism were committed during the weekend when irrigation well motors in the Bovina-Friona vicinity were damaged.

courses he plans to return to the ranch and form a partnership with his father or start an agricultural career independently.

Allen Breitenbach, reporter for the Texico FFA chapter, said, "The Texico FFA chapter is proud to have Dean Campbell on the roll and we have plenty of reason to be!"

MEET MR. WUNSTOP DUZZIT

The men in the locker room stared in amazement at the club's newest member who had just put on two pairs of golfing pants. Finally he noticed the stares and explained, "When I golf I always wear two pairs of pants just in case I get a hole in one."

Farwell Fifth In Track Meet; Good Times Turned In By Locals

Coach Toby Booth took 13 of his track and field hopefuls to Jal Saturday where they participated in their first track and field meet for the season. Each of the 13 boys qualified for the finals, a feat of which the coach is justifiably proud, since they were competing with such schools as Portales, Eunice, Clovis, Lamesa, Semonile, Jal, Ropesville, Plains, Wink, Jade and Andrews B. Lamesa won the meet. Farwell came in for fifth place.

The 440 relay team (Al Phillips, Craig Phillips, Cal Wilkinson, Jim Gray) - 4th; 110 dash-Cal Wilkinson, 4th, time 10.4 seconds; 220 dash-Cal Wilkinson, 5th, time 23.7 seconds; 440 yard dash-Jim Gray, 1st, time 53.4; low hurdles, Lewey Bradshaw, 5th.

8th, time 2.15 (considered good for a freshman); high jump, Jerry McCleskey, 4th; sprint medley, 4th (Jerry McCleskey, Al Phillips, Lewey Bradshaw, Lawrence Bryant), Lawrence Bryant, a sophomore, ran a real good 880 in this, commented Coach Booth. Mile relay, 2nd (Johnny Schell, Lester Gray, Lupe Garza, Jim Gray) 3.40, real good time, says the coach.

The meet on Saturday was a dual meet with high school, junior colleges and universities competing. Colleges competing in the meet included Texas Western, Abilene Christian College, New Mexico Military Institute, Odessa Junior College and the ACC Freshmen.

Farwell tracksters will be competing in Roswell this Saturday and on the following Saturday, March 19 the varsity team will be competing at Hale Center while the freshmen will be in competition at Friona.

Also high hurdles-Lewey Bradshaw, 5th; 880 dash, Lupe Garza, 2nd, time 2.10; Lester Gray-5th; Randy Crook,

Farwell Gym -- Volleyball Tourney Set March 14 - 19

The Athletic Department of the Farwell School will hold a volleyball tourney in the Farwell High School gym Monday, March 14, through Saturday, March 19.

A concession stand will be operated by the athletic department during the tournament with pop, candy, popcorn, sandwiches, and coffee for sale.

There will be a men's, women's, high school boys, high school girls, junior high boys and junior high girls division, according to James Craig one of the coordinators for the event.

Trophies will be awarded in each of the divisions for first, second and consolation places. Junior high games will be played first each day.

Each team shall consist of eight members and no person shall play on more than one team; entry fee is \$5.00 per team. Admission is 25¢ per day per person, players included. Players will play best two out of three games (one hour time limit). There are two courts and games are scheduled every 30 minutes.

When you give to Easter Seals, you help provide skilled care and treatment for crippled children and adults. You also support research that may lead the disabled to happier, more productive lives.

When you can't see them, you can almost feel they're in the room with a Long Distance call. Go ahead. Call now.

Invitation To Reception

Friends of Mr. and Mrs. G. H. (George) Lindop are reminded that they are invited to attend a reception, at the Lindop home, 604 2nd Street, Sunday, March 13, 2 to 5 p.m. honoring them on the occasion of their 50th wedding anniversary. Hosting the reception will be Mr. and Mrs. Tom Lindop, Mr. and Mrs. Joe Davis, Mr. and Mrs. Barthell Ford and Mr. and Mrs. David Lindop, children and grandchildren of the honorees.

Uncle Ray's "Hot Air"

With Violet cuddling in his arms
He drove his car -- poor silly,
Where once he held his Violet,
He now holds his lily.

There are two times in a man's life when he shouldn't speculate; when he can't afford it, and when he can.
Don't speculate, trade at Uncle Ray's and be sure!

Ray Mears

Hwy. 70-84
-FARWELL-

FRIENDS INVITED -- Friends of Mr. and Mrs. H. M. Hopper, longtime residents of the Pleasant Hill Community, are invited to attend a reception in their honor, 2-5 p.m. (MST) at the Pleasant Hill Community Center, Sunday March 13, marking the occasion of the 65th wedding anniversary of the couple. A "money tree" will be presented to the couple instead of gifts. Hostesses for the social are Mesdames Cecil Porter, J. E. Moberly and Oral Palminter.

Attend Biennial Convention Of Kappa Delta Pi

Mr. and Mrs. Donald Jones, accompanied by Peggy Waters and Dr. Thomas MacOwan, faculty counselor of West Texas State University, recently attended the 25th Biennial Convention of Kappa Delta Pi in Houston. Kappa Delta Pi is a national honor society in education. Judy (Mrs. Donald) Jones is president of the local chapter at WTSU. She and Miss Waters were delegates to the convention and Dr. MacOwan was sponsor.

Their time was limited;

therefore, they were unable to see many of the points of interest, but they did attend a rodeo and stock show at the Astrodome, rode the Ship Channel and saw the Battleship Texas and San Jacinto Monument. They also visited with an uncle and aunt of Jones in Freeport where they visited the Dow Chemical Company and other points of interest.

Russell Todd Christian Arrives March 8

Mr. and Mrs. Troy Christian announce the arrival of their third child, a son, on Tuesday, March 8. Other children are a son, Vic, and a daughter, Charmy. Paternal grandparents of the child are Mr. and Mrs. C. C. Christian.

Visits Locally

Visitors in the home of Mr. and Mrs. Robert Shuman and Mr. and Mrs. Henry Haseloff and children, Bob, Mark and Joe, over the weekend were Mr. and Mrs. George Williams and children, Angela, Faralyn, and Chris, of El Reno, Okla. Mrs. Williams is a daughter of the Shumans and a sister of Mrs. Haseloff.

Weekend Guests In Cooper Home

Guests in the home of Mr. and Mrs. L. L. Cooper last weekend were Dr. and Mrs. Robert Parkey of Irving and their son and family, Dr. and Mrs. Larry Cooper and children of Albuquerque. Children of the Larry Coopers are visiting this week and next week in the home of their grandparents while their parents and Dr. and Mrs. Parkey are vacationing in Old Mexico.

Farmerettes Meet Twice

The January meeting of the Farmerettes Club was held in the home of Mrs. Leon Billingsley with eight members in attendance.

The program, on "Increasing Crimes against women and how they might protect themselves better," was provided by an Amarillo detective. Concluding the program was a reading, "A Recipe for a Happy New Year" by Mrs. Billingsley.

Attendees at this meeting were the hostess, Mrs. Billingsley and Mesdames Herman Gerles, Harold Carpenter, Donald Christian, Troy Christian, Bill Meeks, R. E. Blankenship and Wendol Christian.

The February meeting, a one o'clock luncheon, was held in the home of Mrs. R. E. Blankenship. Tentative plans were made for a party in March, to be held in the home of Mrs. Bill Meeks in Farwell.

Attending the luncheon were Mesdames Lawrence Cooper Bill Meeks, Leon Billingsley, Wendol Christian, James Roach, Donald Christian, Herman Gerles, Harold Carpenter, R. E. Blankenship and Delbert Garner.

School Lunch Schedule

AT TEXICO

Mrs. F. Barker Celebrates 73rd Birthday

Mrs. Fred Barker celebrated her 73rd birthday on Saturday with children and grandchildren as guests for a coffee in the afternoon.

Mrs. Barker was feted with a luncheon at a Clovis restaurant at the noon hour with four of her daughters as hostesses. Following the luncheon the group returned to the honoree's home for an afternoon of visiting.

Birthday cake was served with coffee during the afternoon.

Attending the luncheon were the honoree, Mrs. Barker, Mrs. Loreta Bradford and Mesdames

Elmer Langford and Carolyn, E. R. Coffman, Alice, Gaye and Dawn, Lester Harrelson, Jim Moss, Jerry Henson and Jarilyn.

In addition to those attending the luncheon afternoon visitors included Mr. and Mrs. Jimmy D. Moss, Mike, Jeris and Rick, Clovis; Glendon Moss and Larry Scott of Portales.

Melody Coffman, Friona, called to wish her grandmother a "Happy Birthday." Several cards and letters of congratulations were also received by the birthday honoree.

Children's Devotional Topic For Companion Class

Companion Class of Texico First Baptist Church met in the home of Mrs. Charles Bradley on Thursday evening for a salad supper and business meeting.

The devotional was given on "Children" by Mrs. Leon London, who used as basis for her discussion, Proverbs 22:6. Each of the class members brought her favorite salad for the meal and the hostess furnished the beverage.

After a short business ses-

ion, visiting was enjoyed by Mesdames Dee J. Brown, Leon London, Johnny Hammit, Tena Roth, David Axe, Milton Aubrey, Truman Kittrell, C. H. Webb, Clarence Swan and Nathan Tharp.

Golden Circle Class Hears Various Reports

Golden Circle Sunday School Class of Texico Baptist Church had a dinner meeting at a Clovis restaurant recently with nine members in attendance.

Opening prayer was given by Mrs. T. J. Tipton, and Mrs. Nora Day gave the closing prayer. Mrs. John Hill presided over the business meeting. A report was heard on the projector which the class has ordered for use by the church. It has been ordered and is due to arrive shortly.

Plans were completed for the banquet which is being held for the Texico seniors tonight. There was some discussion of remodeling the beginners Sunday School classroom, but no action was taken and the matter was tabled until a later date.

Mrs. Willie Wall resigned as assistant teacher and vice-president of the class and Mrs. Murray White was appointed to fill the vacancies.

Attending the meeting were Mesdames Nora Day, J. O. Morris, Jack Watts, Frank Smith, T. J. Tipton, F. S. Thigpen, Ray Stone, Johnny Chappell and Willie Wall.

Aunt Of Local Woman Dies

Funeral services were conducted last Sunday for Mrs. Effie McWright, 83, of Alba, Texas, who passed away on Friday after a lengthy illness.

Mrs. McWright was a sister of the late Conda Jones, and aunt of three Oklahoma Lane women, Mrs. Zula Rundell, Mrs. Maudie Primrose and Mrs. Ruby Billingsley.

Wichita basketball game, which was won by Wichita in a second overtime.

They also visited briefly with Wayne Hudnall who is a student at the university.

MARRIAGE ANNOUNCED -- Announcement has been made of the marriage of Miss Betty Eddins of Ft. Worth and Don Ford also of Ft. Worth, former Farwell resident. The couple was married in a 6 p.m. ceremony on January 29 in Ft. Worth. They are making their home in Ft. Worth where she is employed as a secretary and he is an insurance adjuster with State Farm. Parents of the groom are Mr. and Mrs. R. S. Ford, Farwell.

Whats Cooking At Farwell School

MONDAY: hot beef on bun, gravy, pickled beets, lettuce salad, peanut butter cookies, milk.

TUESDAY: tuna salad, French fries with catsup, macaroni and cheese, carrot strips, hot rolls, butter, honey, milk.

WEDNESDAY: pinto beans, hot tamales, potato salad, onion, cornbread, butter, ice cream sticks, milk.

THURSDAY: hamburger, lettuce, pickles, onion, mustard, cheese slices, potato chips, chocolate cake-iced, milk.

FRIDAY: pork chops, creamed potatoes, green beans, lettuce and tomato salad, hot rolls, butter, grape jelly, milk.

That tired sluggish feeling

If your car's battery seems unwilling or unable to get your car off to a fast start on cold mornings, it may need a re-charge . . . or need replacing.

In either case your Phillips 66 Dealer is prepared to help you. He'll help you get the most out of your present battery by servicing it carefully. But if you need a new one he can supply a powerful new Phillips 66 Trop-Artic* Battery.

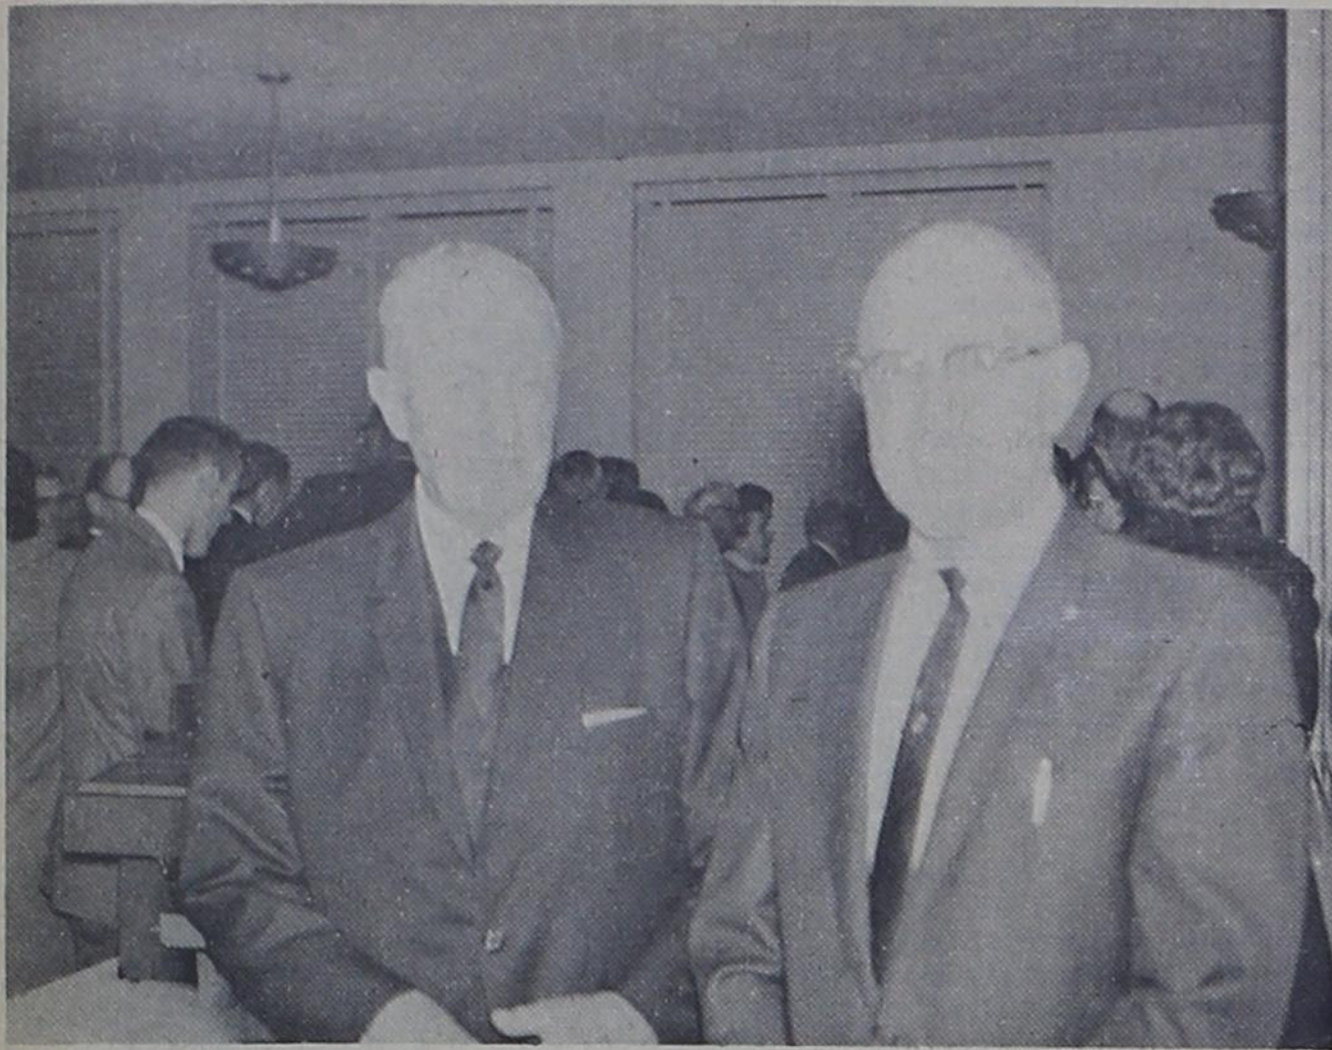

In a battery it's performance that counts! You can depend on the performance of a Phillips 66 Trop-Artic Battery.

BANQUET SPEAKER -- An estimated 150 area residents heard Wes Izzard, Amarillo newspaperman, comment on the world situation, the new Texas Legislation doing away with the poll tax, and various other timely matters at the annual Chamber of Commerce banquet on Thursday night. Izzard visits with Pat Patrick, newly installed Chamber president, following the banquet.

At Home In Parmer County

By CRICKET B. TAYLOR
County HD Agent

TIME AND ENERGY - are two of our most valuable resources and the way that you use them depends on what is most important to you. Every day we hear homemakers complain about not having enough time for all they want to do - and they are always tired. Time and energy will run out when we try to crowd too much into a day. For example would you get more satisfaction from working with a group of young people or from watching TV or working in the yard. You must choose which is more important to you and your family because time and energy does not permit both.

GUARD AGAINST BROWN SPOTS

If brown spots or holes appear in your dress when you iron it, it may be because a small battery was formed at the spot where the damp dress touched two different metals as you ironed it.

Two metals in a zipper - usually aluminum in the teeth and copper or nickel-plated copper in the slide -- can act as electrodes. The salt in liquid starch serves as carrier of electric current in the wet garment.

Or it may be caused by the minerals in the water you use for dampening. The resulting

combinations forms a small amount of acid. Nothing happens until you apply a hot iron. Then you get the brown spots and holes.

Zippers made of one metal, or nylon zippers, will eliminate this problem. So do wash and wear fabrics which don't require dampening.

4-H ACTIVITY

Six 4-H girls met in the home of Mrs. Roy Miller recently to work on their home improvement project. Their lesson was a study of good storage which included drawer arrangement and good closet storage. Their project will include also a study in color harmony, room arrangement, selection of pictures. Each girl will have her own special activity that she will work on according to her need.

NEW METHODS FOR YEAST BREADS

Who does not like the smell of homemade bread on a cold winter day (or any day for that matter)? The art of bread making has almost become obsolete, but the new "cool rise" method of making yeast bread has been developed and interest is greater due to the short time it takes to prepare. Homemakers may want to spend a total of 45 minutes to make two loaves of bread but not two hours by the old process. Call 481-3619 or come by the office if you are interested in this method.

Minor Injuries Result From Thurs. Accident

A collision at the intersection of Ave G and 4th Street in Farwell on Thursday afternoon sent one person to the hospital and caused an estimated damage to the vehicles involved in the amount of \$1,700.

Admitted to Clovis Memorial Hospital with cuts and bruises was Gerry Thompson, 21, driver of the panel truck owned by Flowerland of Clovis. Driver of the other vehicle, a pickup, involved in the accident was Nathan L. Tharp, 79, Texico. Damage to the panel truck was estimated at \$1,500 and damage to the Tharp pickup was \$200.

Undergoes Surgery

Judge J. Roy Thornton, Farwell Justice of the Peace, was scheduled to undergo surgery in Parmer County Community Hospital in Friona this morning at 9 a.m.

There was no report on his condition at press time.

Weight Reduction Workshop

Beginning this week, Mrs. Cricket B. Taylor, Parmer County H. D. Agent, is teaching a Weight Reduction Workshop throughout the month of March and continuing through April 11.

All of the meetings, which will be held in Friona, will include a roll call, weighing in, general discussion and meal planning session.

The meetings began on Tuesday with a Friona doctor discussing "The Why, What, and Dangers of Obesity" and the H. D. Agent discussing "Meal Planning for a Good Reducing diet."

The March 16 meeting will include "Danger of Fad Diets, Food Fallacies, and Superstitions" by the doctor or Mrs. Taylor with a physical education teacher giving pointers on "Exercises to Tone and Firm muscles."

At the March 22 meeting Rosa Roberts will speak to the group. Topic for her discussion will be "A Week at Main Chance Beauty Salon," after which Mrs. Taylor will direct the group in discussing "Cooking for the Dieter" and assist the group with menu plans.

Calendar Of Coming Events

SATURDAY, MARCH 12
Track Meet - Farwell to Roswell
