Two Trustees To Be Elected Saturday

Residents of the Farwell Independent school district are reminded that Saturday, April 2, is the time to vote for school board trustees.

The election will be held at the county courthouse with the polls to open at 8 a.m. and close at 7 p.m. Albert Smith will be election judge. Clerks will be Mrs. Oris Huggins, Mrs. Ann Smith and Jesse Coburn.

Two trustees will be elected to fill the places being vacated by James W. (Pat) Patrick and Bill Prince. Patrick has consented to run for re-election, however, Bill Prince declined to have his name appear on the ballot. Karl J. (Smoke) Gast and Harry Sheets are the other candidates for the race.

Also appearing on the ballot will be the name of Wendol Christian, Oklahoma Lane, who is running for County School Trustee at Large.

In the Lazbuddie school district the names of five men appear on the ballot for trustee positions. Names on the ballot are Reaford Wenner, Fred M. Burch, John L. Seaton, Don McDonald and Alton Morris. Gene Smith's name appears on the ballot for county school trustee for precinct No. 4.

OK Tire Store Open For Business

The OK Tire Store owned by Billy Watts, next door to Watts Oil Co., is now open for business. Dave Neely who has 11 years experience in this line of work, and who has been employed by Boyd Brake Shop in Clovis for one and one half years, is in charge of the front end.

The shop will feature complete front end alignment, brake work, trumatic tire trueing and balancing, mufflers, shocks, and tractor and truck flat service. A special feature of the business is a free pick up and delivery service to residents of Texico and Farwell.

Assisting Neely in the shop will be Bobby Sharum and Leo Holley. All of the equipment at the shop is new and modern, with the facilities equal to those found any place in the entire area.

Grand opening for the store will be held in approximately two weeks, says Watts, who stated that our motto is "Where you can retire at any age."

The Last Roundup Is Banquet Theme

Theme of the athletic banquet held at the Farwell cafeteria on Saturday night was "The Last Roundup" with the program dedicated to the graduating seniors on the athletic squads.

Entertainment was provided by Ed Hardage at the organ and Fred Chandler on the guitar. Special vocal selections, "Ragtime Cowboy Joe," and "These Boots Were Made for Walking," were sung by Rene' Walser and Edith Ann Walling, accompanied by Charles Turner, music director, at the piano.

Speaker of the evening was Burl Huffman, freshman football coach and head baseball coach at Texas Tech. Huffman, who was introduced by Supt. W. M. Roberts, was accompanied to the banquet by Leon and Jerry Lovelace, sons of Sheriff and Mrs. Charles Lovelace, and graduates of Farwell High School who are now playing football at Tech.

Coach Huffman told what a fine job the "Lovelace Boys" are doing for Tech, before leaving the thought with his audience that athletics is a vital part of American education. "Leadership must be taught if the nation is to survive," he said, "and athletics teach emotional stability and physical stamina."

Awards were presented during the evening to the outstanding football player, the outstanding basketball player "boy and girl", hardest blocker and tackler, sportsmanship award, principal's award to the football player with the highest scholastic average, and the Chamber of Commerce award.

Recipient of the outstanding football player award and boys basketball player award was Larry Gregory, Melynda Ritchie, who was ill and unable to attend the banquet, was recipient of the girls' basketball player award while Ricky Lunsford and Donna Dale received the sportsmanship award. Donna Dale received the Chamber of Commerce award. Others nominated for the Chamber award were Larry Gregory, Doyle Johnson and Diane Lovelace. James W. Patrick, president of the chamber, presented the award to Miss Dale.

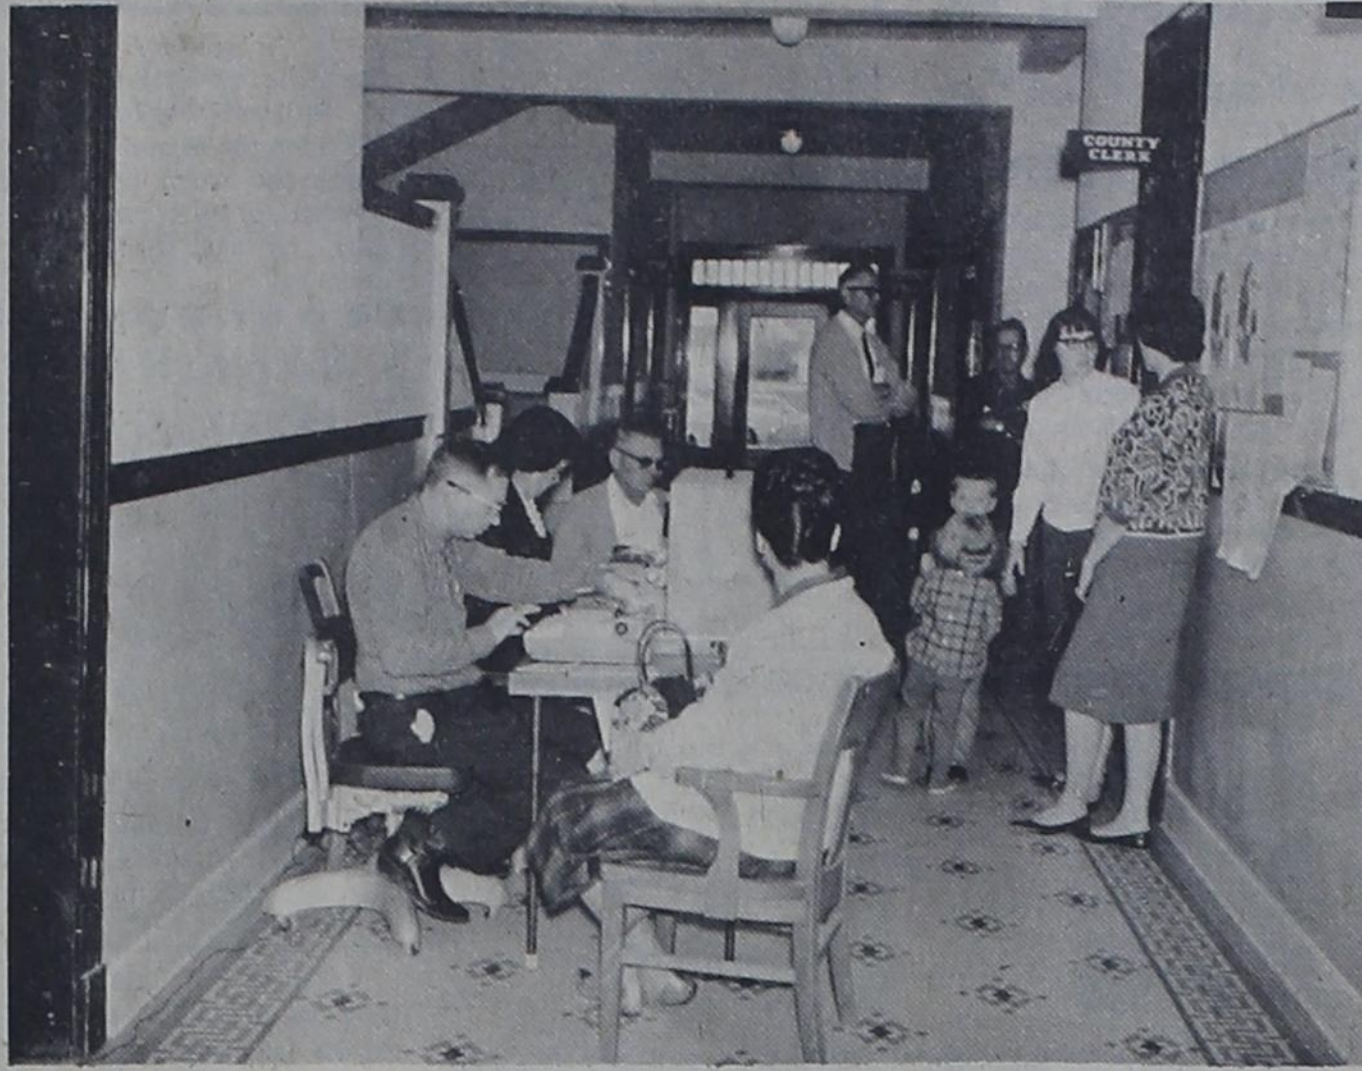

Coach Vernon Scott gave special recognition to the captains of the girls' basketball team, Diane Lovelace, Maudie Stancell, Melynda Ritchie and Donna Dale. Captain for the 1966-67 team will be Nelda Winegeart with Kathryn Gober and Jackie Gast serving as co-captains.

Captains of the 1966-67 boys' basketball team will be Johnny Schell and Bobby Field. 1965-66 captains were Doyle Johnson and Larry Gregory.

Kyle Sheets, son of Mr. and Mrs. Harry Sheets, was recipient of the principal's award, with Charles Wade Norton receiving the "Hardest blocker and tackler award."

Larry Gregory, speaking for the athletic teams, presented Coaches Vernon Scott, Toby Booth and Bill Adams, with plaques bearing the inscription "For a job well done - from the Farwell Steers." These three coaches and junior high coach Jerry Dee Owen were presented with checks from the Farwell Quarterback Club, by Supt. W. M. Roberts, in appreciation for their work during the year.

WAITING IN LINE -- Parmer County residents, as usual, were waiting in long lines at the courthouse early this week to secure their car tags before the April 1 deadline. A booth had been set up in the hall at the courthouse to speed up the process, with other clerks working in the office.

Baptist Set Revival April 17-24

Spring revival at the Farwell First Baptist Church is scheduled for April 17-24 with Rev. Gene Hawkins of Lockney as evangelist. Song leader will be Odus Walser, music director of the local church and a teacher in Farwell High School.

Services will be held twice daily, at 10 a.m. and 8 p.m. Prayer meeting will be held each evening at 7:30 p.m. A nursery will be provided for all services.

Rev. Gene Hawkins is a native of Texas, born and reared in the Panhandle. He attended college at West Texas State University, Wayland Baptist College and Southwestern Seminary. He has pastored churches in New Mexico and Texas and

has held revivals in various places in the southwest and in the mission fields.

At the invitation of the Home Mission Board, he and his wife took part in the Trans-Pacific Crusade in 1965 serving in churches in Christchurch, New Zealand. From there they went to Tokyo, Japan, to preach at the invitation of the New Life Crusade Committee of Texas.

Rev. Hawkins has been pastor of the Lockney First Baptist Church since 1961. The church is one of the leading churches of the Plains area and has been outstanding in supporting and maintaining some eight different pioneer mission churches and increasingly gives to the Cooperative program of South-

Jaycees Sponsor Easter Egg Hunt

For the third consecutive year the Farwell Jaycees will sponsor a gigantic Easter Egg hunt for the small fry of Texico-Farwell and the surrounding area. The hunt is scheduled for 2:02 p.m., Saturday, April 9.

Jaycees will hide 10,000 individually wrapped Easter eggs and nine prize eggs in the 20 acre plot of land, belonging to

Roy Harvey Snodgrass, three blocks south of the bowling alley. The prize eggs will be large plastic eggs.

Children finding the prize eggs will receive a merchandise gift. Funds for the hunt are being donated by Twin City merchants.

The hunt will be held in three areas, with a hunt arranged for the babies up to five

years of age; another for the six to eight year age group; and the third for nine through 12 year age group. Three of the prize eggs will be hid in each of the areas.

Fred Chandler, president of the Farwell Jaycees, invites all local youngsters to make plans NOW to attend the Easter Egg Hunt on April 9.

PTA Plans Meeting Tuesday, Will It Be The Last?

The Farwell PTA will meet on Tuesday evening, April 5, in what could well be its last session if enough interest is not shown at this time to warrant continuing with the PTA program.

If enough interest is shown, by attendance at the meeting, then a new slate of officers for next year will be elected from those in attendance at the meeting and plans will be made for the coming year.

In a recent meeting of the nominating committee, Rev. J. L. Bass, PTA president, Mesdames R. W. Anderson, M. A. Snider Jr., Bob Hart, Lauretta Pool and B. J. Roberts, a decision was reached to not present a slate of officers for the coming year due to the lack of interest in the organization in the past.

Recently a questionnaire was sent home with the students, one to each family, asking the questions: Do you wish to continue with the PTA? If so, will you support it with your presence at meetings and otherwise? When would you prefer to have the meetings? Out of 300 questionnaires sent home with the students, only 110 were returned to the school and out of that number only 41 indicated that they wished to continue with the organization. Of this number only 36 indicated that they would support the organization to the fullest. Afternoons were preferred for the meetings by 19 persons with 17 indicating that the evening meetings were fine.

However, many persons indicated that even if the PTA is dropped they would like to see the "Yule Card" project, which

has been a project of the PTA for a number of years, continued to raise funds for the library.

At the Tuesday night meeting a program on the library will be brought by Mrs. Davis, librarian. The group will also be given a tour of the library facilities.

Plan now to attend this meeting and make your wishes known. Meeting time is 8 p.m.

Pancake Breakfast Set April 17

Sunday, April 17, has been selected as the date for the annual Lions Club "Pancake Breakfast". The meal will be served in the Farwell school cafeteria from 6:30 a.m. until 9:30 a.m.

Price of the breakfast is 65¢ for children under 12 and \$1.00 for adults.

On The Farm In Parmer County

By JOE VANZANDT County Agent

Commercial vegetable growers were reminded that copies of a new guide covering insect control recommendations for 1966 are available from the County Agent's office.

MP-675, "Texas Guide for Controlling Insects on Commercial Vegetable Crops," was prepared, he said, by entomologists of the Texas Agricultural Extension Service and that the control recommendations are based largely on research conducted under Texas conditions.

The revised publication is intended as a guide for growers producing vegetables on a commercial basis who are equipped to apply some of the more toxic material without hazard, Home gardeners were reminded that they should continue to follow the recommendations outlined in L-642, "Control of Insects in the Home Garden." Copies of this publication are also available from the County Agent's office.

It's not too early, the county agent said, to begin the planning for the "battle with the bugs" on this year's vegetable crops whether in the home garden or on commercial acreages.

Importance Of Phosphorus The major element phosphorus is required by all plants. With the possible exception of nitrogen, no other element is as critical in the growth of plants as is phosphorus.

Faces Cattle Theft Charges

According to reports from the Parmer County sheriff's office, a Bovina man, Don Bandy, has been arrested and turned over to Quay County authorities at Tucumcari, to face charges of cattle theft. He appeared in Tucumcari on March 17 where his bond was set and met, and he was released to await action of the Grand Jury.

After returning to Parmer County the man was again arrested by local officers for Deaf Smith County officials on a burglary charge. He has been taken to Hereford to face the burglary charge.

been heavier by 15 pounds but net returns lower because of higher maintenance costs. But Supt. Paul Marion believes a modified drylot system will become increasingly more popular with stockmen because more cows can be kept on fewer acres and when grass and temporary pastures are used, the modified system can be competitive with present grass production methods.

Another big event for 4-H members is now history -- that of the County Food Show in which 30 girls in the food project work competed for top honors Saturday, March 26, in Bovina School Cafeteria.

Four clubs in the county were represented. This was the first experience for some of the girls. In this contest, each girl had an opportunity to show what she had learned, in her project work as well as tell about her food work.

It is through Adult 4-H leaders and parents that this event was made possible. The work of these people contributes toward the development of good food habits of our girls and boys and their cooperation is greatly appreciated.

Saturday, April 16, the District Food Show will be held in Canyon. The senior girls, who won high honors cannot participate for District awards due to rules that they must have completed three years of food work, but these girls, Jan Jamison and Shirley Smith of the Friona Club are county award winners.

The winners in each of the 4 basic food groups were: Fruit & Vegetable Group - Senior - 1st. place, Shirley Smith; Junior - 1st place - Kim McDonald; 2nd place, Nancy Bush. Meat Group - Senior - 1st place, Jan Jamison, Junior - 1st. place, Deborah Harding; 2nd place, Nancy Blackstone. Bread & Cereal Group - Juniors - 1st place, Joyce White; 2nd place, Patty Mills. Shades Of The Old West

One might believe the old West is coming to life again after talking with Sheriff Charlie Lovelace, only this time it's hog rustlers, not cattle rustlers, who are causing the trouble.

The sheriff arrested Guadalupe Rodriguez, 45, near Friona Saturday on a charge of stealing nine hogs from Jim Clements, also of Friona.

Rodriguez is in jail awaiting grand jury action. His bond has been set at \$1,000 on the charge.

SNIFFLE-CHASERS Wouldn't you rather eat a tangerine or sip its juice than take a pill to relieve your sniffles?

Cold sufferers should welcome this good news from the U. S. Department of Agriculture. At the Florida Agricultural Experiment Station recently researchers were studying how plants use nitrogen from fertilizers when they made an exciting discovery. They found that tangerines contain the decongestant synephrine in an abundant amount.

Prior to its discovery in nature, synephrine was made in the laboratory and medically prescribed as a stimulant and decongestant for the relief of colds. Since 1927, it has been recommended for children and adults in minimum doses of 100 milligrams. An equivalent amount is contained in only 8 to 12 ounces of tangerine juice, the researchers explain.

Although citrus fruits have long been recommended for warding off colds, there is the new possibility that eating tangerines can give relief from sniffles after you catch a cold. So reach for a tangerine or some vitamin C rich food instead of a "sweet morsel", when tempted to nibble. It has much less calories too.

Establishing Permanent Pastures

Farmers who are thinking about planting warm season grasses should now be preparing their seedbeds. This includes warm season grasses such as Switch grass, Midland Bermuda, Indian grass, Side-oats Gramma and others.

Cool season grasses such as Tall Fescue and Western Wheatgrass should already be planted. However, these grasses would probably do all right if planted now.

Preparing a good seedbed is one of the most, if not the most important, job in establishing permanent grasses, says R.J. Sanderson of the Lazbuddie Community who has Midland Bermuda already established. A good seedbed is free from weeds, fine-textured, firm and moist. Weeds are usually destroyed by growing row crops or a small grain the years preceding seeding to pasture and by cultivation frequently following the harvesting of the crop.

There are many different ways in which to prepare a good seedbed. Probably as good a method as any consists of 1. plowing as far in advance of seeding as possible; 2. disking; 3. harrowing one or more times to level up the field and smooth down the surface, and 4. cultipacking or rolling. A properly prepared seedbed should be firm, the firmer the better from the standpoint of moisture conservation of small seeds.

The actual seeding operation is usually done by drilling, either by a grass drill or some grasses may be drilled with a regular wheat drill. Drilling is the preferred method of seeding, for it insures more uniform placement of seed in both depth and amount of seed per acre and results in a more uniform stand. Since most grass seed are small they should not be covered deeply—usually about one fourth inch is enough depth for the seed.

Controlling competition is another job in the establishment of permanent pasture. A good solid stand will not be obtained unless the weeds are kept down. This is usually done by mowing or spraying.

Like animals, for best results, grasses must be fed properly throughout establishment and thereafter. It is not necessary that they be fertilized at or prior to seeding time. It is usually desirable to top-dress pasture at intervals in the spring and fall, depending on degree of grazing. Fertilization should be based on soil tests.

Many good pastures have been established only to be lost through over-grazing. Nothing contributes more to a good pasture establishment than controlled grazing. First year seedlings should be grazed lightly or not at all in order that they may get a good start.

Cost-share assistance is available in establishing permanent pastures at 80% cost, through Great Plains Conservation Program. This program is administered by the local Soil Conservation Service personnel in Friona.

New Lease On Life Due To Easter Seals

DESERVE CREDIT — Raymond Guzman gives much credit to his sisters, Antonia, seated, and Rosa, who took such "good" care of him following the operation on his back. They spent many hours doing all the things that are necessary for the comfort of one who is confined to bed.

Raymond Guzman, 15, who at one time was told that the chances of his ever being able to walk again were slim, is now well on the way to complete recovery and anxious to get back in school, thanks to the efforts of the Farwell school nurse, his teachers, and most of all the Crippled Children's Society, which is supported by the sale of Easter Seals.

Raymond, who came to the United States from Mexico with his parents in 1961, is a fifth grade student at Farwell. He makes his home in the Oklahoma Lane Community with his father, Jose; sisters, Antonia and Rosa; and brothers, Daniel, Mateo, and Felimon. His mother passed away in 1964. Jose Guzman is employed by Aubrey

Heathington in the Oklahoma Lane Community.

Last year (1964-65) at the beginning of school the school nurse noticed a curvature of the spine when giving Raymond his annual checkup which had not been evident the previous year when he had enrolled for classes. She immediately called the attention of Raymond's teachers to the illness and they joined her in checking into possible treatment for him.

Through their combined efforts they were soon in touch with the Crippled Children's Society in Austin. Authorities of the Society advised the nurse to take the lad to an orthopedist in Lubbock for further examination. After the Lubbock orthopedist had thoroughly examined the

boy he advised that Raymond be taken to the Institute for Rehabilitation and Research at Houston for further examination.

Both the Lubbock orthopedist and the specialist who examined Raymond at Houston agreed that he was in need of an operation and would probably not walk again, due to the illness. The lad was allowed to return home following the examination in June and it was not until last August that he returned to Houston to have the spinal operation, paid for by the Crippled Children's Society.

He was placed in a body cast following the operation, and after two weeks was allowed to return home, where he remained in bed for the next six months. Most of the six months was spent flat of his back, since he was unable to move and could only be rolled from side to side with no motion on his part. After a four month period he was allowed to stand, with assistance, and was finally allowed to try walking, for no more than five minutes.

Gradually the walking time was increased until he was walking as much as 40 minutes per day, with assistance. On March 15 he was returned to Houston where the cast was removed, with the specialist advising the lad to stay up and walk as much as possible. He can sit only for short periods of time, but must either stand or lie down to rest much of the time.

Raymond now spends much of the time walking around the farm with rest stops spent in a prone position for 15 and 30 minute periods several times each day. He can walk as far as one half mile at a time now.

The specialist, who operated on Raymond, stated on the boy's last visit to Houston, "You will probably be as good as new, but you must continue to return to Houston for annual check-ups for the next five years." He will be allowed to return to school in the fall.

Raymond's father, Jose, believed the curvature of the spine to be the result of an injury when the child pulled a bicycle over on top of him at an early age, but specialists agree that the curvature is probably the result of a severe illness which the child suffered at an early age.

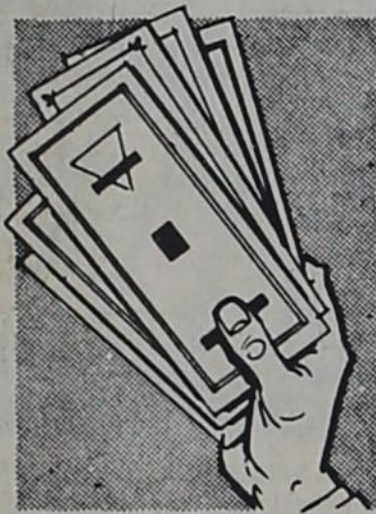

Raymond, a happy, smiling lad, was named class favorite in his fourth year at the Farwell school, where he had to begin all over again, upon moving to the United States due to the language barrier. He had been a fourth grade student in his home town of Guanajuato, Mex., prior to coming to the U.S.

The lad speaks English as fluently as most of the children who are natives of this country. He has a special flair for

Banquet arrangements were made by the Pep Club, under direction of Odus Walsler. It was served by the eighth grade girls who were dressed in western attire.

Approximately 135 persons were in attendance.

Vehicle Inspection Deadline April 15

The director of the Texas Department of Public Safety reported today the owners of more than one and one-quarter million motor vehicles still need to have them safety checked at official inspection stations before their current inspection stickers expire April 15.

Col. Homer Garrison, Jr. said this means Texas' 5,350 inspection stations must col-

lectively check over 65,000 vehicles per day in order to meet the deadline.

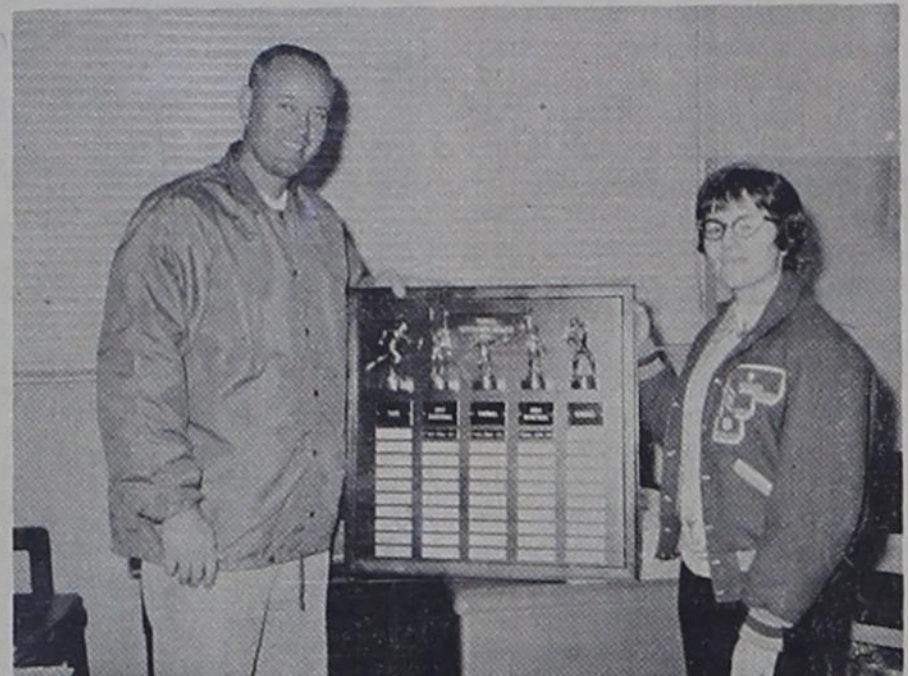

"This breaks down to an average of 12 cars per day per station," Garrison said. "And though this may seem like a small enough number to run through each station, it adds up to a total of over 1,378,000 individual vehicles."

He pointed out that the load on some inspection stations is greater than on others, resulting in the development of frustrating waiting lines in some places as the deadline approaches.

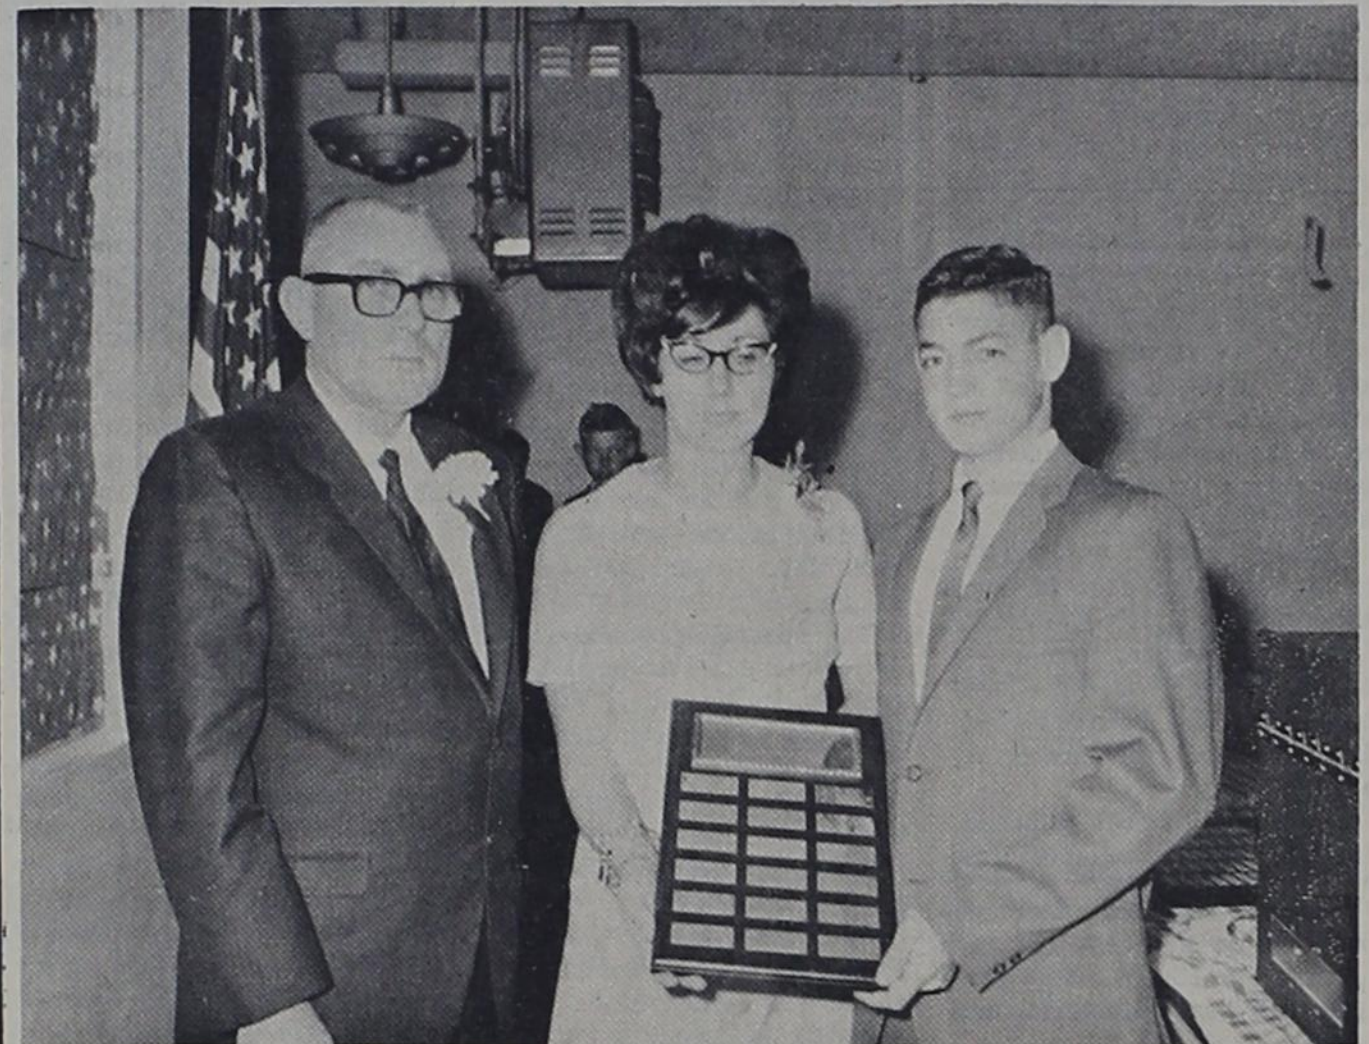

Latest figures indicate that so far during the 1966 inspection period approximately 2,815,000 vehicles have been inspected. This is 308,000 more than for the same period during the 1965 period when 2,507,000 were safety checked. It is estimated that some 200,000 to 250,000 more vehicles will be inspected this year compared to 1965.

"This gives us a gain of some 50,000 vehicles over last year's inspection period," Garrison said, "which is less than one day's total."

"Those drivers who consistently have their vehicles checked early and more than once during the year, such as before long trips, are to be commended for guarding their own safety as well as that of others on our streets and highways."

OUTSTANDING BASKETBALL PLAYER -- Melynda Ritchie, who was named as the Outstanding girl basketball player at the annual Athletic Banquet on Saturday night, and who was ill and unable to attend the affair, was presented with the award when she returned to school this week, by Coach Vernon Scott.

SPORTSMANSHIP AWARD -- High School Principal Amos Tatum presents the "sportsmanship award" to Donna Dale and Ricky Lunsford. The awards are given annually by the Student Council to the athletes who have displayed the best qualities of sportsmanship during the year.

Begins Serving Life Sentence As Habitual Criminal

For the second time since Sheriff Charlie Lovelace has been in office, a man has been taken to Huntsville to begin serving a life sentence for being a habitual criminal.

First man sentenced on the charge was John Bussell on a cattle theft charge in 1959. Last week Bobby Lynn Horn, 26, Friona, was taken by the sheriff to Huntsville to begin serving a life sentence on a habitual criminal charge, outgrowth of numerous sentences for forgery.

Horn's court appointed lawyers, Doyle Elliott and Richard Collard, both of Friona, had appealed the sentence but the jury sentence was upheld by the court and a motion for a new trial was denied.

On two previous occasions Horn had been sentenced from Parmer County on forgery

charges and once from Coleman County. Each time he had passed numerous checks with the last checks passed in Friona.

Also taken to Huntsville to begin serving sentences were Montgomery Rucker, 22, Clovis and Stanley Allen, 21, Clovis, who were each sentenced to three-year terms in the penitentiary for burglary. They were convicted of burglarizing the Texas Company, Watts Oil Co., Tide Chemical, and Worley Mills in November, and Farwell Fertilizer in September.

Arnulfo San Miguel, 20, who was convicted of forgery, was also taken to Huntsville.

Hosea Mendoza was returned from Edinburg for a hearing on probation revocation after being charged with destruction of private property. He also faces a charge of burglary.

Accept Bid On Air Conditioning

At the Monday meeting of Parmer County Commissioners the bid of Pioneer Natural Gas Co. in the amount of \$3,000 was accepted for installing air conditioning in the district courtroom.

Commissioners also accepted the bid of West Texas Equipment Co. for the purchase of a motor grader for the Lazbudie precinct. Total cost of the grader was \$22,476. Trade-in allowed was \$9,500 and net difference between the trade-in and the total cost was \$12,976.

Bids on the cars for the sheriff's department were opened and have been taken under advisement.

All other business was of a routine nature, with minutes of the last meeting accepted and bills for the previous month approved.

House Destroyed

A fire of unknown origin destroyed the house on the Clark Billingsley farm on Sunday while the occupants of the house, the Andy Costello family, were attending church in Lariat.

The house, located three miles south of Lariat, was almost entirely enveloped in flames when it was first noticed by Joe Siminacher, a neighbor. Seminacher hurried to the house

and tried to go in to remove some of the articles, but the intensity of the heat kept him at a distance, and the house and all of the contents were destroyed. Only two weeks ago the garage on the farm was destroyed by fire.

The Costello family have found a house one and a half miles west of their original home and have moved in, however, they are in need of many articles to be able to keep house. Mrs. Billingsley says that anything, sheets, bedding of any kind, cooking utensils or any other household item, will be appreciated and articles of clothing for family members are also needed.

SNELL'S BIBLE AND BOOK STORE 104 W 5th, would like to introduce Mary Sargent Williams (Mrs. H. T. Williams) a local author. In Mrs. Williams' powerful testament, 'THE TRUTH SEEKERS', published by Exposition Press, the author asks how do we find our place in God's Kingdom? What is Truth? What is eternal life? Her questions are resolved with the famous quotation from John 2:17: 'The World passeth away, and the lust thereof; but he that doeth the will of God Abideth forever!'

Written in plain language, this book will help the reader to know his right path and to obey his Christian heritage. Partly in autobiographical style and partly with rich, Biblical quotations, THE TRUTH SEEKERS gives precious advice. Much of it has been garnered from the author's lifetime experience and practice of Christian virtues.

Mary Sargent Williams was born in Texas but now resides in Clovis, N.M. She has lectured, spoken from Methodist pulpits, appeared on TV and published poetry. She has been president of the WCTU, New Mexico Home Extension World, Women's Society of Christian Service, and has worked for the Red Cross and the Farm Bureau. She is a lay speaker for the Methodist New Mexico Conference, and conducts a lively Sunday School Class of 'Truth Seekers.' Anyone who has 'lost his way' can turn to this readable and inspiring book and find, as Mrs. Williams has, God's will for himself. There will be an autograph party in honor of Mrs. Williams at Snell's Book and Bible Store in the near future, watch for this important date.

Mrs. Snell has a large selection of lovely books including The Albert Schweitzer Album and The Magnificent Defeat. Books by noted authors including Billy Graham, Eugenia Price, R. L. Middleton, Mrs. Charles Cowman and Grace Noll Crowell. There is a nice selection of children's Bible Stories, Treasure Chest and Leaves of Gold that would make lovely gifts for all ages, and any occasion.

Attend Our Autograph Party Thursday April 7th, 2-4 p.m. Mrs. Williams Will Be In The Store To Autograph Her Book.

Increase In Special Service Fees

Increases in money orders, insurance, registry, certified mail, and COD rates will become effective March 26, 1966, Postmaster J. R. Smart said today.

The cost of operating these five special services now exceeds revenues by \$60 million annually. The fee increases will narrow the cost-revenue gap by \$36 million, based on business handled in Fiscal Year 1965.

Fees for money orders, registry and COD were last changed in 1961; insurance and certified mail in 1957.

The fee changes, announced in the January 11th Federal Register and confirmed in the register on February 25th, are put into effect under the existing administrative authority of the Postmaster General.

The increases include: Money Order Fees: Domestic and international money order fees will be increased by 5 cents.

Insurance Fees: The minimum fee bracket will be increased from \$10 to \$15 and the minimum fee will be 20 cents instead of 10 cents. The revised insurance fees will be as follows: \$0.01 to \$15, 20 cents; \$15.01-\$50, 30 cents; \$50.01 - \$100, 40 cents; \$100.01 - \$150, 50 cents; \$150.01 - \$200 - 60 cents.

Registry Fees: The present 60 cents and 75 cents fees will be combined into a single fee at 75 cents for values up to \$1.00. Registry fees for articles valued in excess of \$100 will remain unchanged.

COD Fees: The present 40 cents and 50 cents fee brackets will be combined into one fee bracket at 60 cents for amounts up to \$10.

Certified Mail: The fee will be increased 10 cents from the present 20 cents per item to 30 cents.

Losses incurred in the operation of special services are paid from funds drawn from the Federal Treasury. The fee increases will shift a substantial portion of the special service cost borne by the public to the users of these services.

Texas has over 29 plants treating wood and is one of the leading states in the wood preserving industry. Properly treated poles, posts and timbers will last 30 or more years even though exposed to moisture, soil and insects.

The pulpwood needed to supply the newsprint for each Sunday issue of the Dallas News would require clear cutting seven acres of East Texas pine with average stocking.

GIRLS' TRACK SQUAD -- Members of the Farwell girls' track squad will be in Kress on Monday afternoon to participate in a three way cinder meet with Kress and Hart. Squad members back row left to right: Maudie Stancell, Donna Dale, Becky Strain, Nelda Winegart, Teresa Quicquel, Debbie Hargrove, Kathryn Gober and Jackie Gast. Front row left to right: Lana Mahaney, Kandy Meeks, Diane Lovelace, Roberta Chisman, and Melynda Ritchie. Other members of the squad are Patsy Wilhite, Vicky Kaltwasser, Sharon Busbice, Sharon Ensor, and all of the freshmen girls. Coach for the squad is Vernon Scott.

The annual value of shipments from primary timber manufacturing plants in Texas is \$211,700,000 in addition to \$114,800,000 value in shipments annually from secondary manufacturers.

District Receives Safety Award

Southern Union Gas Company's Clovis District has taken first place in the company's system-wide district safety contest. It marks the fifth time the district has been the leader in the contest's six-year history.

"The award represents the safety record in 1965 of all employees within the district. Because of their care in preventing accidents, this recognition is ours," J. Harvey Wilson, district manager, stated.

Throughout the past year, Clovis District gained 1,321 points from a possible 1,500. According to the scoring system, each of the company's nine districts may accumulate as many as 600 points by promptly and regularly submitting monthly safety meeting and accident experience reports. The remaining 900 points are given at the beginning of the year

and can be retained by preventing accidents.

Second and third place awards sent to the company's Rio Grande and Galveston Districts, respectively.

Wilson also has announced that the offices in Clayton and Farwell have been presented awards of honor certificates for having no disabling injuries and a 25 per cent reduction in non disabling, motor vehicle and public accidents in 1965.

The company's Clovis District brings natural gas service to Portales, Tucumcari, Clayton, Farwell, Texico and Clovis.

30 4-H Girls Participate In Food Show

Joyce White and Deborah Harding, both of the Farwell 4-H Club, took top honors in the junior division at the Parmer County 4-H Food Show in Bovina Saturday.

Joyce scored highest in the bread and cereal food group, Deborah took her honors in the meat food group.

Both Deborah and Joyce will compete in the district 4-H show for honors on April 16 in Canyon. Alternates for the district contest in the junior division are Patti Mills of Bovina and Nancy Blackstone of Lazbuddie.

High score winner in the senior division was Shirley Smith of Friona 4-H Club. However, Shirley is not eligible for competition at the district show in Canyon. Senior girls must have been in food group work for three years to be eligible. She is eligible for county awards. Second high scorer in the senior division was Jan Jamison, also of the Friona club. Jan isn't eligible for district competition.

Those participating in the Saturday 4-H Food Show and receiving ribbons were:

Bovina: Vivian Hise, white ribbon; Honey Mast, white ribbon; Patti Mills, blue ribbon; Kathy Shook, white ribbon; Ina Quintana, white ribbon; Nancy Hutto, red ribbon; and Ute Blacklock, white ribbon.

Lazbuddie: Karen Mimms, red; Kathy Coker, white; Ann Blackstone, blue; LeAnn Farley, red; Reta Davis, red; Diane Coker, red; Nancy Bush, red; Kim McDonald, blue; Nancy Blackstone, red.

Friona: Jan Jamison, blue; Lynn Wiedmier, white; Rhonda Bauer, red; Vickie Schueler, blue; Carleen Schlenker, blue; Shirley Smith, blue.

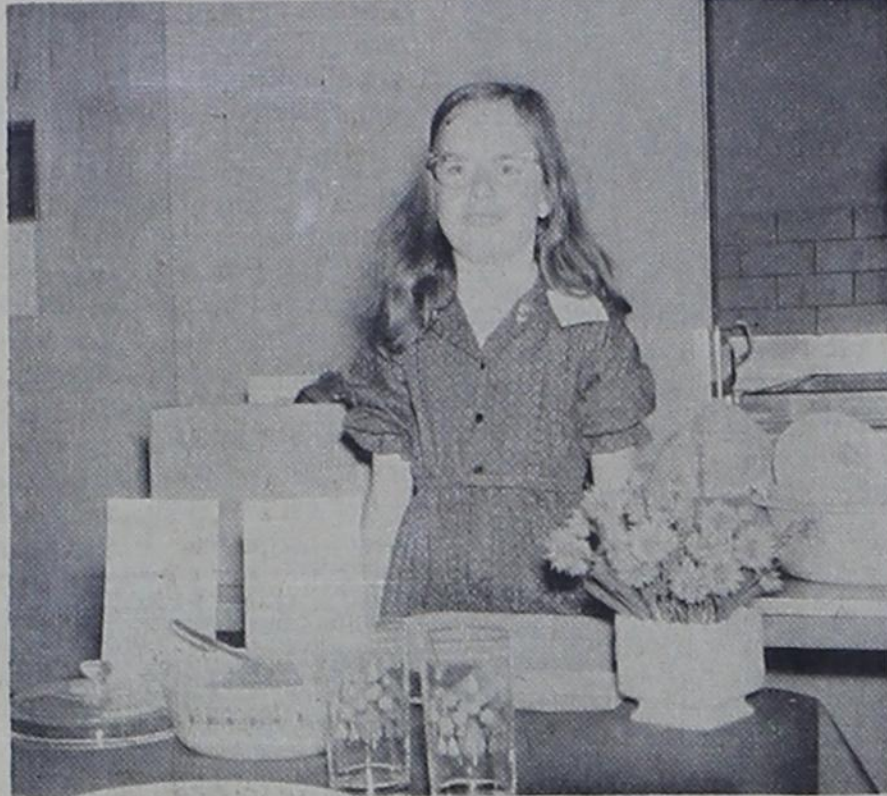

Farwell: Pamela Nance, red; Paula Martin, red; Joyce White, blue; Bessie Bowery, red; Lynn White, blue; Linda Howard, red; Deborah Harding, blue; and Kitty Warren, white.

Foods were prepared by each 4-H member and brought to the show and displayed with the appropriate table setting for the

meal in which food was to be served. A day's menu, including food from the basic four food groups, along with recipe for food to be displayed, were prepared by each girl.

Approximately 50 people attended the show. Judges for the food show were Mrs. JoAnn

Bray, home service advisor with Bailey Electric Co-op; Mrs. Pete Jesko, Mrs. Argen Draper, county home demonstration agent of Deaf Smith County; and Mrs. Laura Hickey, home service advisor, Southwestern Public Service Co., Clovis.

MEAT WINNER -- Deborah Harding of the Farwell 4-H Club took top honors at the county 4-H Food Show Saturday in the meat division. She is a junior 4-H member.

BREAD AND CEREAL WINNER -- Joyce White of the Farwell 4-H Club won the honor to represent Parmer County junior 4-H girls in district competition in the bread and cereal division. District contests will be in Canyon April 16.

Texico Teachers Have Party

Teachers in the Texico school gathered at Hap's in Clovis on Tuesday evening for a Dutch Treat meal and party.

Special guests at the social were members of the school board and their wives, and husbands and wives of teachers. Approximately 36 persons were in attendance. Games of forty-two were played during the evening.

In Virginia a town called Northwest is in the extreme southeast corner of the state.

Attend Caprock Convention Of Women's Clubs Shower Honors Recent Bride

Mrs. Mabel Reynolds, Miss Maude Hicks, and Mrs. Clytie Dial represented the Farwell Study Club at the Caprock District convention of Texas Federated Women's Clubs when it convened in Brownfield last week.

Theme for the convention was "Diamonds in Federation," and the state president of Federated Clubs, Mrs. J. L. Ginnings of Pilot Point, spoke to the group on this subject.

Some 300 delegates were in attendance at the two day meeting.

PRESS BOOK WINS SECOND -- This press book compiled and exhibited by the Farwell Study Club, with Mrs. L. R. Vincent as chairman of the committee, was winner of second place honors at the annual convention of the Texas Federated Women's Club, Caprock District last week. Other members of the press book committee were Mrs. L. S. Pool and Miss Maude Hicks.

Pressbooks from the district chapters were in competition at the convention, with Bovina winning first place on their entry. The Farwell Study Club was winner of second place. A picture "Seaside Solitude" painted and exhibited by Mrs. Mabel Reynolds was winner of third place.

Mrs. Elmer Scott of the Farwell Club served as district chairman of the Heritage Division, which includes the locating of old homes and old buildings in each community. The Farwell Club also placed third in this division, with Historical Markers to be placed on several buildings in this area at a later date. The Heritage Division works closely with the Historical Society in each county.

Homemakers Make Carpet Bags

The Texico Modern Homemakers club met in the home of Mrs. Jim Hughes on Tuesday at which time they made carpet bags from carpet samples and remnants. Mrs. Hughes and Mrs. T. J. Tipton gave the demonstration and assisted other members in making the bags.

During a short business session plans were made for attending the district extension meeting. Attending the meeting from Texico were Mesdames Frank Smith, T. J. Tipton, Paul Skaggs and Roy Rickstrew.

At the noon hour a covered dish meal was served to Mesdames T. J. Tipton, Perry Winkles, Roy Rickstrew, Jim Hughes, Frank Smith, and Paul Skaggs. Special guest for the luncheon was Geraldine Saunders, County extension agent.

SEASIDE SOLITUDE -- Winner of third place in the art division at the Caprock District Convention of Federated Women's Clubs, last week, was this picture "Seaside Solitude" painted and exhibited by Mrs. Mabel Reynolds, president of Farwell Study Club.

Mrs. Gary Skaggs, a recent bride, was honoree for a miscellaneous bridal shower in the community room of Citizens Bank in Texico on Thursday evening. Hostesses for the social were Mesdames Tena Roth, Roy Rickstrew, Loren Wilson, John Hill, T. J. Tipton, Howard Crook, Eddie West and Miss Veda Rudd.

The Easter theme was carried out in table decorations. Centering the serving table was an Easter Lily, surrounded by a nest of Easter eggs, rabbits and chickens in pastel shades. Punch was served with cake squares. The cake, iced in white was inscribed with the names "Pat and Gary." Presiding at the guest register was Veda Rudd and Mesdames John Hill, T. J. Tipton and Howard Crook alternated at the serving table.

FHA Reports On Projects

The Farwell FHA has participated in area 1 projects this year. One of the projects was that of "Valentines for Heroes," in which the girls brought candy, fruit drink mixes and Valentines and sent them to the boys in Viet Nam. During the period the Farwell FHA collected 26 pounds of candy.

Another project of the chapter was TUBFRIM. In this project the girls brought cancelled stamps, which were sent to the "Sons of Norway." The Sons of Norway then sell the stamps to stamp collectors and use the money derived from the stamp sales for research on tuberculosis.

READY FOR MAILING -- Farwell FHA members, Pat Skaggs, Ginger Hughes, Janis Billingsley and Jeanne Meeks, get stamps ready or mailing for TUBFRIM.

VALENTINES FOR HEROES -- Janis Billingsley, Sharon Ensor and Vickie Lunsford, members of the Farwell FHA, prepare a box of candy, fruit drink mixes and valentines for the boys in Viet Nam.

Hale Center Wins Springlake Meet

Hale Center won the Springlake-Earth track and field meet on Saturday in which the Farwell Steers were participating, with Idalou coming in second. Coach Toby Booth stated that

the Steers came in either fourth or fifth, with 14 schools in the meet.

Cal Wilkinson was 3rd in the 100 dash; Jim Gray, 2nd in the quarter; Lupe Garza, 5th in the 880; Larry Suttle, 3rd, discus throw with a distance of 119 ft. The mile relay team, Jim Gray, Lester Gray, Lewey Bradshaw, and Cal Wilkinson, were 4th.

The cindermen will travel to Kress this Saturday to compete in the Kress relays, according to Coach Booth.

FBLA Convention Set At Eastern

This weekend students from approximately 14 New Mexico schools will convene in Portales on the campus of Eastern New Mexico University for their annual state convention.

During the weekend students will choose officers for the coming year and will participate in contests in spelling, vocabulary, public speaking and parliamentary procedure. In addition "Mr. and Miss FBLA of New Mexico" will be chosen by a panel of impartial judges.

Present officers of the organization are Terry Lovett, Texico, president; Evelyn Gabaldon, Belen, vice-president; Gary Meier, secretary, Texico; Betty Boyd, treasurer, Carlsbad; and Pam Voight, reporter-historian, Carlsbad. Derrell Bulls, assistant professor in business administration at Eastern, is state chairman of the organization.

Representing Texico in the "Mr. and Miss FBLA" contest will be Terry Lovett and the Misses Sharon Peyton and Veda Wilson. Teams from Texico will also be entered in all of the other events. Miss Wilson and Lovett will enter in the public speaking contest. Mrs. N. W. Peyton is FBLA director in Texico.

Attend State Council Meeting

Officers of the Farwell High School Student Council attended the 30th annual conference of Texas Student Councils last weekend at the Lawrence D. Bell High School.

Theme for the three-day meeting was "Why Me?" Speakers were Gerald M. Van Pool, director of National Association of Student Councils of the national association of Secondary-School Principals; Walter M. Casey, Sales Analyst-Lecturer president, Edmont Hotel, Beaumont; and Dr. John Furbay, Educator, world traveler, "Philosopher with the Global Reach."

The latter of the speakers holds something of a record, and one which should stand for some time since he made 66 lectures in 65 days in 25 countries of the world. He told the assembly, "Call it the jet age, the Global age, the Atomic age or anything you wish, but it's Our Age."
