Will Land Breaking Pay this Year?

by FLOYD CRUME
A number of farmers have asked the question lately as to whether it would pay them to break their land this year with a breaking plow. The main facts that have prompted them to ask this question, as most of us know, are the high moisture condition of the soil and being late in being able to start the plowing operation.

Nature has a better way of breaking down hardpans and poor soil structure than has yet been devised by man. For the first time in several years we have an opportunity to see this in operation.

On the other hand, should we decide to plow the land with it as wet as it now is, we would not only lose the effects of nature but would place a hardship on the plowed depth that would act just like a seal. We would decrease our water intake rate greatly in this way.

GAS LINE INSTALLATIONS

Expansion of Natural Gas Mains again makes it possible for many farmers to obtain full benefit from the advantages of this fuel.

FOOD IN '58

Food supplies in the new year are expected to be large—almost as large as those of 1957, according to the U. S. Department of Agriculture. A strong demand for food from consumers also is expected next year, following the spending pattern that has marked recent high employment years.

Retail prices of food may average a little higher in '58, especially during the first half of the year. This will be partly because of the strong demand for some foods that will be in shorter supply, such as beef and eggs, and partly because marketing charges will be higher.

Total meat supplies in 1958 will be close to the near-record high of 1957 but there will be a larger share of pork and a smaller share of beef and veal. Retail prices of meat may average higher at least until mid-year when the heavier supplies of pork start coming to market.

We'll be eating more chicken. In fact, consumption in the new year is expected to break records. The increase will be in commercial broilers. Retail prices of chicken are not expected to average higher but egg prices are due for a rise. We'll have fewer eggs at least until late summer. There will be fewer laying hens.

Milk production is expected to increase next year. Retail prices of milk and dairy products are not expected to change much.

Large supplies of processed fruits and vegetables will be on markets through the winter and spring months. Given average weather in southern grow-

ing areas, winter and spring markets should have good supplies of fresh vegetables. As for fresh fruits, there'll be more apples, oranges, and grapefruit on markets in winter and spring months than last year.

CLOTHING COSTS

Prices are heading upward on some clothing items in '58, according to extension clothing specialists. However, because of competition in the field, manufacturers and retailers are drifting away from across-the-board increases to pricing by item. Another hopeful note is the fact that this competition will produce a greater variety of clothing in the medium and better prices lines. More than ever before, careful shopping will help to cut clothing costs.

Competition in a price field sets the level of quality you get. At a given price the product must include one or more such features as: style, fit and comfort, workmanship, strength and durability, resistance to shrinkage, color fastness, special features such as washability, crease resistance, etc. All this makes label information very important. Directions for care should be given and carefully followed by customers.

Delegates Report On FB Conference

Gilbert Kaltwasser, Parmer County president, and Donald Christian, director from Bovina, attended a conference of county Farm Bureau presidents Monday and Tuesday, January 20-21, in Waco.

County presidents from 125 counties all over the state met to discuss methods of improving the organization on the county level and to set up standards for measuring achievements.

The county leaders were grouped into seven "task forces" to analyze the following phases of the county Farm Bureau: organizational structure and procedures, membership acquisition and maintenance, policy development and commodity program, policy execution and legislative program, service-to-members program, local projects and activities, and information and public relations.

Each of the seven categories was given a total valuation of 100 points for use in determining recognition awards for county Farm Bureaus each year. Heretofore these awards have been based only on membership accomplishments. Now, a county organization will have to "measure up" to high standards in all phases of Farm Bureau activity to be eligible for recognition awards.

The overall purpose of the conference was to strengthen the entire Farm Bureau organization on all levels by building more effective county Farm Bureaus.

Christian and Kaltwasser were also selected to sit on Texas Farm Bureau's Commodity Conference following the president's conference. Christian was a member of the field crops committee and Kaltwasser was on the water committee.

One Break-In In Lazbuddie

One break-in in the county was reported to Parmer County law officers this week, and further investigations were being made.

Mae Mahon of Lazbuddie reported that someone had entered her home while she was away over the weekend. She had discovered nothing missing, however.

Lovelace said early this week that upon investigation, officers found that the screen door had been cut and the glass was removed from the front door. But the glass had been replaced, so Mrs. Mahon didn't discover the break-in until Monday.

HUB COMMUNITY SALE—This aerial photo of the scene at the Hub Community Center Wednesday of last week shows the capacity of such a sale to attract a large crowd. Estimates say that 2,000 persons attended the sale.

Hub Community Sale Big Success

A whooping success is reported of the Hub community sale, staged Wednesday of last week at the community building.

Conservative guessers say that 2,000 persons attended the sale or other community activities.

A large attendance—more than 100 persons—was registered at the county-wide Fair-Bureau meeting Tuesday night. Bureau officials were pleased with the turnout, and cause the program to contain an "all meat" variety would a minimum of entertainment.

It was a policy of committee meetings in which the members do not attend was encouraged.

The Farwell Junior 4-H Club met at school on Thursday January 23. The meeting was called to order by Ronny Henson, president. Alan Bushice, pledge leader, led the club in the 4-H Pledge. Leon Lovelace, secretary, read the minutes of the last meeting.

Members voted to help the March of Dimes. Ronny Henson appointed a committee to see Cary Joe Magnus about the March of Dimes. On the committee are Leon Lovelace, Murrell Smith, Charles Carter, Jim Morton, and Ronny Henson.

Following this Gilbert Dale and Scotty Mount gave a demonstration on hog feeders. After the demonstration the different phases of it were discussed.

Bobby Pruitt and Dudley Robinson will give a demonstration at the next meeting. Melvin Lingau, Jimmy Terrell, and Murrell Smith will also give demonstrations at the February meeting. Joe Jones showed a small red cedar tree like is available through his office for farmstead planting. Cost is \$3.00 per hundred and they must be ordered by March 1.

Jones showed pictures on the 4-H club summer camp, the Lazbuddie stock show, and 4-H members' crops.

A county stock show for the 4-H clubs of Parmer County was discussed.

The meeting was then adjourned.

Lazbuddie Junior Boys 4-H Club met Monday, January 27, at school. The meeting was called to order by Gary Mac Brown, president. The minutes of the last meeting were read by D. H. Foster. The pledge was led by Lloyd Bradshaw. Business was then discussed. Richard Chitwood and James Brown of the Senior 4-H Club gave a demonstration on the equipment necessary for fitting and showing a calf. Steven Young was elected county council delegate. Gary Mac Brown will give a demonstration on record books and Buddy Embury and Lloyd Bradshaw are going to give a demonstration on production of hybrid seed at the next meeting. Joe Jones, county agent, gave a talk on how to protect and care for small evergreen trees which can be ordered through his office for \$3.00 per hundred. Order must be in before March 1.

Lazbuddie Senior 4-H Club met on January 27 at school. Richard Chitwood, president, called the meeting to order. Cooper Young led the group in the 4-H Pledge. Cooper Young, secretary, read the minutes of the last meeting. James Brown gave a report on the county 4-H council meeting in the agent's office January 18. James Brown and Richard Chitwood gave a demonstration on "The Show Box," or equipment necessary for fitting and showing a calf. Joe Jones, county agent, discussed the boys' demonstration and gave some more about the show box. Jones showed some slides on the Lazbuddie Farm Tour and the 4-H camp. Jones also showed a small red cedar tree like the ones available for farmstead windbreaks. He has order blanks in his office. Trees cost \$3.00 per hundred and must be ordered before March 1.

salt. Then cover with boiling water and pressure about one hour at 10 pounds pressure. Store with other home canned foods and serve at any time you desire.

Since liver is one of our favorites, we would like very much to share our favorite recipe with you. It has been used so much the name has worn off, so for your recipe file it will just have to be filed under "Liver." Remove the skin from the edges of two pounds of sliced liver. Pierce the edges lightly with a fork to prevent curling while cooking. Season with salt and pepper.

Dip into flour and drop each piece into hot fat and fry quickly until browned. Then add 4 medium onions, chopped fine, tops of 4 green onions, a sprig of parsley, one tablespoon vinegar, and four tablespoons water.

Cover and cook slowly over a medium flame until onions are well cooked. Serve with creamed potatoes or other vegetables. This recipe will serve a family of six amply.

For a dessert that is different, try this recipe for an unusual pie.

BUTTERMILK PIE

1 cup sugar
1/4 cup cornstarch
1/4 teaspoon salt
2 1/2 cups buttermilk
2 eggs, separated
1/2 cup chopped cooked prunes
1 nine inch baked pie shell
Combine sugar, cornstarch, spices, and salt in saucepan. Gradually stir in buttermilk and beaten egg yolks. Add prunes, and cook, stirring constantly until mixture thickens. Boil one minute. Pour into pie shell; chill well. Serve with topping of whipped cream or meringue of two egg whites (left from filling) and 1/4 cup sugar.

It will not be very long now until fresh rhubarb will be in plentiful supply. For a very pretty salad which is sure to make a hit with every member of the family, use this recipe for Ruby Red Salad.

2 cups rhubarb—fresh or frozen
1/3 cup sugar
3/4 cup water
2 tablespoons unflavored gelatin
3/4 cup cold water
2 cups frozen, sweetened sliced strawberries
1 1/2 tablespoons lemon juice
8 pineapple slices, drained
Combine rhubarb, sugar, and water. Cook slowly until just tender. Soften gelatin in hot rhubarb mixture. Add strawberries and lemon juice; chill until slightly thickened in refrigerator. Pour into 1 quart mold. Chill until firm. Unmold on pineapple slices arranged on lettuce cups. Serves eight.

Carrot skins may be removed by dropping them in boiling water for five minutes. Then drop them in cold water and the skins will slip off.

When making congealed salad that calls for drained fruit, never throw the juice down the drain. Place it in a container in the refrigerator and use in punch.

If you have juice left from canned pickled fruits such as crab apples, pears and peaches, it may be used to baste smoked ham. The juice will give the baked ham a spicy flavor.

Read the following bit of advice somewhere. Don't know for sure whether it will work or not, but if it will, it is surely something all homemakers will be glad to learn.

To prevent paint odor, add one ounce of pure vanilla extract to a gallon of paint and stir well. The vanilla does not harm the color and can be added to any paint.

THE HAPPY HOMEMAKER
BY JUNE FLOYD

If you are one of those homemakers whose husband and children enjoy dried beans of any kind and it is hard for you to find time to cook them as often as you would like, try this method.

Soak the beans overnight. The following morning put them into jars, add pork, ham, or whatever seasoning you desire, and
