A NEWSPAPER OF AND FOR TEXICO-FARWELL, AND CURRY COUNTY, N. M., AND FARMER COUNTY, TEXAS.

Vol. 3, No. 22.

Texico, New Mexico, Wednesday, July 16, 1919.

Subscription Price \$1.50

A MAN'S PRAYER

May I never forget, that in business, there is more than sale, exchange, price and payment. For there is the sacred faith of man in man. And so may I live and conduct myself that others may repose perfect confidence in me, and never have cause for regret.

Teach me that there is 16 ounces in every pound, thirty-six inches in every yard, and one hundred cents in every dollar. That nothing short of these will measure up to the highest standard of integrity.

Should I be tempted to do wrong to sell less than value received, to refuse or return merchandise without the sellers consent, to deduct discounts in excess of the amount due me. Or make claims for allowances which I am not entitled. May there be ever present inward purpose, that conscientious intent and desire that sacred justice should triumph. And may I never swerve from the right, frank, straightforward, conscientious course, for any consideration. Help me to understand that nothing less than one hundred cents on the dollar, will pay my honest debts. And that extravagance is a crime when I am owing money I am unable to pay. Open my eyes that I may see the injustice of compromise settlements. And may I ever remember that a Bankrupt discharge offers no relief from the cause of the equity between man and man, and of truth and of right action in the world. Deafen my ears to the jingle of tainted coin, and guide me, that I may ever look both customer and creditor in the face and have nothing to conceal.

Then at last, when the day of drawn shades and fragrant flowers, of quiet footsteps and hushed voices, when the wheels crunch on the gravel walk, and the neighbors whisper "How natural he looks," make the ceremony short and the epitaph simple. "HERE LIES A MAN."

The Postmaster has advice from the department to the effect that regular Air Mail service, (daily except Sunday) has been established between Chicago, Ill., and Cleveland, Ohio, and that this service will advance the delivery of letters to Cleveland, Ohio, and Boston, Mass., sixteen hours, and at Albany and New York, N. Y., and Springfield, Mass., six hours. Where it is desired that letters go via Air Mail from Chicago, patrons should use Airplane stamps or ordinary stamps at rate of 6 cents per ounce or fraction, and letters should be conspicuously marked "Air Mail."

REVIVAL SERVICES AT BAPTIST CHURCH

The revival services will begin at the Baptist church Sunday, July 20th. The preaching will be done by the pastor, with Leon M. Gambrell of Amarillo, Texas, leading the singing. He comes highly recommended as a singer and choir leader.

Everyone is invited to attend the services.

Those who will help in the singing (no matter what may be their church connection) are urged to attend and take part in the singing.

F. S. ACREE, Pastor.

Mr. Beard, who has been visiting his son in Elida for a few days, returned here Tuesday. Mr. Beard is the father of Mrs. Nabors of this place.

REVIVAL SERVICES AT THE BAPTIST CHURCH

The following is a recommendation of the man who is to lead our singing. Come and hear him and help in the singing:

To Whom It May Concern:

This is to certify that I have known Leon Gambrell, now of Amarillo, Texas, for the past five years and gladly testify as to his ability and devotion in singing the gospel of the Son of God. He has a mellow sweet baritone voice and has a marvelous effect upon audiences everywhere. Many unsaved are convicted and brought to repentance through his wonderful solos. I have been an evangelist and pastor for twelve years and have had ample occasion to observe and judge singers and their work. In my sincere opinion Gambrell has but few equals and certainly no peers in the Southern Baptist Convention. He is eminently successful in getting up large and enthusiastic choirs wherever he goes and my, how his choirs do sing! His life is wholly consecrated to God, and he is a man of sterling worth as a personal worker in revival campaigns. His conduct is absolutely above reproach and he is destined to bless thousands of lives as the years go by. He should be kept everlastingly busy at his great task for which God has so richly endowed him. Pastors and evangelists should use him in their campaign for souls. He is God's man and will render good service anywhere.

Most sincerely,
(Signed) ELMER RIDGWAY,
Pastor First Baptist Church, Frederick, Oklahoma.

HURLEY ITEMS

Another good rain fell Sunday night. Wheat and oats harvested. Row crops are doing well. Grass excellent, and cattle fat on the ranges. Mrs. W. E. Kercheval of Slaton, Texas, is visiting at Hurley and Farwell. Mrs. Kercheval formerly lived at both places and has many warm friends at both places. Mr. Kercheval will arrive Wednesday to visit a few days and return with her.

Mr. Hill, of San Angelo, spent a few days in Bailey County the first of last week and while here bought several cars of ewes, and contracted for several thousand lambs for fall delivery. He reports conditions in the south plains are excellent and says that the country is not one-fourth stocked.

Mr. Mayfield accompanied his mother to Amarillo on her way to visit another son.

The Hurley Broom Co. received an order from a Dallas firm for a car of brooms and are working overtime to get them out. Mr. Fons went to Portales, where he purchased a car of broom corn.

A geologist was working out Bailey County last week, but we have not heard his report.

L. R. Cox has received a wire from the Salvation Army stating that his son, Alban, had arrived at Camp Merrel, New York, from overseas.

Mrs. George T. Dickson of Clarksville, Texas, is here visiting her son, County Treasurer M. Dickson. Mrs. M. Scaff, sister of Mrs. Dickson, also of Clarksville accompanied her mother here for a visit.

THE WATER SITUATION

Wishing to give both sides of the water question a fair deal, we print the following communication:

Amarillo, Texas, July 11, 1919. Texico-Farwell News, Texico, N. M. Gentlemen:

We have before us a copy of your paper dated July 9th, and I note the article on third page with reference to water works.

The situation was not thoroughly understood by the party writing this article, and doesn't correctly interpret existing conditions. It is the intention of the company to make every proper and just allowance where failure in service is due to any fault of ours, and if the customers will use reason in making their claims there will never be any difficulty on that score.

Regarding second paragraph of this article, you state that the city claims that we have a franchise and we claim not, and that it is a matter for the courts to straighten out. This is in error, we do not believe the city makes any claims on the franchise applying to the water works. And it is not a question for the courts to settle, since we would not enter into any legal controversy if that was necessary to furnish service, since the proposition is not worth taking to courts if it cannot be handled otherwise. The facts are, the city owns all the water pipes, none being our property, and the conditions of the pipes are well known to every consumer.

We offer some suggestions, one of which was that if some satisfactory arrangements would be made for transferring the title to what little piping there now is in Texico to our company with suitable franchise, we would make proper and necessary extensions and improvements. The other was to sell the City of Texico water at wholesale prices at the state line, and they handle the distribution to customers. So far as we know neither of these suggestions have been acted on in any way.

It is a fact, thoroughly understood by the Council, and probably most of the citizens, that the company cannot put any extensions on, or replace old pipe with new and hold any title to same while the city owns the water system. It is a well known fact that the only piece of pipe of any consequence or value in Texico is the short piece of new main four inch pipe running up to the block in which the bank is situated. And replacement of the remainder of the piping in Texico would cost as much, or more, as it would to put in a new water works system.

Under the present conditions the water work situation has been a source of considerable loss to the company, because of the many leaks bringing about waste in water, and the heavy expense in labor in repairing temporarily leaks and looking after other trouble. We have been continuing to furnish water at a loss, thinking probably that the Council would in due course of time act on the above suggestions, either of which could be made the basis for a very reasonable and equitable contract, and in the meantime the good citizens of Texico would be getting what water service we could furnish under the circumstances, and, also, have fire protection, even though we were losers.

One of the main points to keep in mind is that we will not enter into any legal controversy or fight on the proposition, since it can be settled otherwise, if a settlement is desired, and the whole proposition is considered from a point of reason and justice.

Something should be done before winter sets in, as the piping is not good for another cold winter, and the citizens remember the trouble experienced last winter.

You may use any of the facts set forth in this letter as you see fit, or use the letter as a whole if you like.

Trusting this explains the situation from our viewpoint, we are,
Very truly yours,
JAW-OV J. A. WRIGHT.

WELL KNOWN NOVELIST DEAD

Knoxville, Nebr., July 8.—John Fox, Jr., well known novelist, died at his home at Big Stone Gap, Va., today after a brief illness, of pneumonia. His leading books were considered to be "The Little Shepard of Kingdom Come," "Trail of the Lonesome Pine," "The Kentuckian," and "The Heart of the Hills."

J. B. Coltharp was a business caller in Clovis Friday afternoon.

TEXICO FARWELL CHAUTAUQUA

The following Chautauqua program will be rendered on July 26-27-28-29:

OPENING DAY
Afternoon
The Fighting Yanks—Concert.
Dr. W. T. S. Culp—Lecture—"The Lamp of Aladdin."

Night
Dr. W. T. S. Culp—Lecture—"The Greatest Things a Man May Know."
The Fighting Yanks—Concert.

SECOND DAY
Afternoon
Our Woman Specialist, Miss Mason—Lecture—"Home Making."

The Columbians—Concert.
A Woman's Conference, "The House Around the Corner," conducted by Our Woman Specialist in "Household Engineering."

Night
The Chautauqua Director, Dr. G. W. Henry—Lecture—"The Problems of the Unprepared."

The Columbians—Concert.

THIRD DAY
Afternoon
Florence E. Besley—Lecture—"The Red Cross—A Record and a Prophecy."

The Bellino-Taylor Company—Entertainment.

Conference on "Home Care of the Sick," conducted by Florence E. Besley—an officially assigned Red Cross Nurse.

Night
The Chautauqua Director, Dr. G. W. Henry—Lecture—"Pushing Back Horizons."

The Bellino-Taylor Company—Entertainment.

LOCUST GROVE NOTES

Well, a much appreciated rain fell Sunday evening and night, which was certainly fine on the crops. Prospects are good for more rain.

Road working is going on south of the school house today (Monday). We have an excellent road from Texico to the school house and they expect to grade it on to the county line this summer.

Mrs. Landon of Duncan, Okla., is here visiting her son, Orman, and friends. Mrs. Landon and family lived in this community several years ago.

Mr. and Mrs. Ebb Randol and Mr. Boss and Mr. Meyers visited at Mr. P. M. Owens' Sunday.

Several attended the show at Texico-Farwell Tuesday and Wednesday night.

There was a meeting of the Farm Bureau at the school house Friday night. Mr. McNabb, Market Specialist for New Mexico, and Mr. Peterson of Portales made some very interesting and instructive talks.

Mr. and Mrs. Sam Randol visited at Mr. Vaughan's Wednesday afternoon.

Mr. Goedeke and Mr. Russel were looking over their crops Monday morning.

County Agent Peterson was driving over the community Tuesday afternoon.

BILL AND WILL.

Dr. E. B. Atwood, for a number of years secretary of the Baptist Board of Missions of New Mexico, with headquarters in Albuquerque, passed through Texico-Farwell last Thursday. He was accompanied by his family. They were enroute to Plainview, where he will assume the presidency of the Wayland Baptist College. While here he looked up Rev. Nix, and as they were hot and dry, the freezer of ice cream, which had just been made by the local preacher, was quite a feast for them. A pleasant hour was enjoyed by all, after which they resumed their journey, feeling much refreshed.

F. A. Cooke left for Apache Canyon Wednesday on a sort of a reconnaissance, preparatory of the survey of the Tucumcari-Texico road. He was accompanied by D. L. Harding and son Barney. F. R. Neal took them over in a car. They returned to Texico Sunday.

CLOSING OUT SALE

We are closing out our entire stock of furniture at cost.
PORTER FURNITURE CO.

An ice cream social was held at the West Camp school Thursday night of last week, the proceeds were applied on the payment for an organ for the Sunday school at that place.

PLEASANT HILL REVIVAL CLOSURE

The Baptist revival conducted by Rev. J. F. Nix at Pleasant Hill came to a successful close last Sunday night. There were six additions by baptism and two by letter.

Bro. Nix won a place in the hearts of all the people. His sermons were greatly enjoyed and resulted as usual in great good.

Bro. Nix is not only a strong preacher, but as he says himself, "I was a man before I was a preacher." He is a man among men.

The Pleasant Hill community is greatly benefited and helped by this meeting. The Baptist church is enthusiastic that they have Bro. Nix for the present to preach for them.

Some of the best singing that we ever had was heard during the meeting. Everybody was ready and willing to help and it was a great choir that sang. Also much special music was enjoyed from time to time.

The outlook for religious work and development in this community is splendid now.

THE BOOK OF BOOKS

The word "Bible" means "the book." "There is but one Book."—Scott.

The Old Testament was originally written in Hebrew on scrolls of parchment, linen or papyrus.

The Septuagint, or first translation, was the work of learned Jews, known as "the seventy," at Alexandria, about 285 B. C.

The New Testament was originally written in Greek.

The first translation of the entire Bible in English was by John Wycliffe about 1380.

Now it is translated in more than 500 different languages.

The very first book printed from movable type was the Bible. This work was done by Johannes Gutenberg in 1456.

The Bible is credited to about thirty authors, covering a period of 1600 years.

The Bible contains sixty-six books, 1,189 chapters, 31,173 verses, 773,746 words and 3,566,480 letters.

Psalms 118-8 is the middle verse in the Bible.—Signs of the Times.

Mrs. Otho Murphy came down from Amarillo Thursday morning to take little Jeanette back with her. Miss Jeanette has just returned from Hot Springs, where she had been for treatment of rheumatism. She seems to have completely recovered.

LECTURER

Dr. W. T. S. Culp, the first day's lecturer of the Ratcliffe Chautauqua program, is an orator of the first order, a veteran platform worker, a gifted thinker and educator, who combines wit with wisdom, practical sense with eloquence. He comes to our town with a reputation for inspiring leadership, an apostle of sunshine, who lends his fine philosophy of life to the promotion of the community spirit.

The Ratcliffe program for 1919 hails the dawn of a new day. The quickening of American ambition, following the war against autocracy, is to be seized while fervor is white heat and shaped into a nation-wide crusade for Education. Education and more Education, Education in Health, Honor and Efficiency, so that no enemy without or within can deprive us of the right to Happiness.

The lectures are understood to be charged with vim, novelty humor, dash and big hearted enthusiasm.

The lecturer's afternoon topic will be "The Lamp of Aladdin." He will analyze us in his mental laboratory, and show us an upward way.

"The Greatest Thing Men May Know," his evening topic, is big with possibilities. With humor and illustration, he will establish the solid meat of his educational topic. To teach every child to think and to know the things worth while in life and finally attain the only thing worth knowing is the aim, in short, to transform Ignorance into Efficiency with a Soul.

NOTICE

The Board of the Villige Trustees have appointed the following officers to hold the election in the four separate additions, namely: Heb Smith, Clark Smith First; Clark Smith Second, S. A. Temple, to be held on the 22nd day of July, 1919 as follows:

Heb Smith Addition—Judges: Fred Doose and C. H. Haber. J. S. Acree and A. Chauchon.

Clark Smith First—Judges: R. S. Triplet and Melvin Brown. Clerks: B. O. Faville and M. C. Fooks.

Clark Smith Second Addition—Judges: D. F. Wulfman and T. A. Brown. Clerks: F. R. Neal and O. C. Scott.

F. A. Temple Addition—Judges: G. W. Dyer and J. F. Vinyard. Clerks: Bob Vinyard and C. R. Parks.

J. F. McGREW, Mayor.
Attest:
J. B. COLTHARP, Clerk.

SERVICE

We are after the account of farmers and stock farmers in the eastern part of Curry and Roosevelt Counties particularly and assure you we are still living up to our reputation of taking care in the proper manner of all our customers. You may need small loans to run for a short time or you may need large loans which you will expect to be renewed from time to time. We assure you we will be glad to handle your business along these lines as long as general conditions will permit well regulated institutions to do so.

When you have money, deposit it with us, and when you need money we will be glad to assist you.

Entered as Second-class Matter, October 27, 1916, at the postoffice at Texico, N. M., under the Act of Congress, March 3, 1879.

There never has been a more triumphal entry to any city or country, as when the Savior of men, entered Jerusalem on that memorable occasion. There has been many a triumphal march since then; of queens, of kings and of different rulers, but if we have gleaned the dispatches aright, the entrance of that great man, Woodrow Wilson, into our country, and his country, on his return from the peace table, where were gathered the most important assemblage, in all human history, was not the most important since that time.

Woodrow Wilson, the greatest man alive today, whose counsel was sought by all nations, and whose counsel was adhered to by that great assembly, came back to his, the greatest country on the face of the globe—came back to us an humble servant of his great people.

In all the glory that came to him, both abroad and at home, he at all times, refused to accept it for himself, but instead gave it to our noble boys, who went over the top, and those who were not accorded that privilege, and men and women at home as well.

It is believed by not a few, that Woodrow Wilson was raised up for this momentous occasion as was Moses in Bible times. By his unselfish counsel and actions, it appears that this belief was not far wrong.

There are a lot of two-by-four politicians, who are endeavoring to make political capital out of his actions

How's Your Hen House?

Clean, Snug and DRY?

That's the way to keep hens laying.

And that's the way hen houses and barns remain when covered with

TEXACO ROOFING
the roofing that defies rain, sun and snow. TEXACO ROOFING is ready to lay. It is easily applied. Simple, complete instructions and a liberal supply of roofing cement are packed in each roll.

R. H. Kemp Lumber Co.

and deeds, but time will tell, and these narrow-minded individuals will be relegated to the rear, when the opportunity affords for the citizenship to assert itself. Public men who put partisanship ahead of patriotism, will soon be lost sight of. Woodrow Wilson, our president, the man of the age.

A most pleasant sight came under our notice a few days ago, one that should be witnessed more often, but that which is seldom seen. A young man, with his sister, were walking arm in arm, exhibiting as much love, as if they had been common lovers. In this day and age, a boy, as a common thing, thinks it too "sissified" to show any love for their mother or sister. Of course they could kiss their mother or sister at home and give them an occasional hug, but to show any affection in public—! Oh, my! that would be ridiculous; but the same boys could give attention to other girls or women, who would be a disgrace to any society, for hours at a time, without even showing a tint of a blush. For the lack of love exhibited in the home, many times, drives girls and women to seek love elsewhere, and of course disgrace follows. Were we picking husbands for our girls, we would search the homes, and find boys who were not afraid to love and caress their sisters and mothers in public. We do not believe in making a show, but when a young man or young girl, without any pretense of show, are not afraid to show home affection, regardless of where they are, we enjoy the sight. As a general thing, the boy or girl, who has the proper home training in that line, will not come to anything bad.

Furniture and Kitchen Supplies at
Batter Hardware Co.
THE STORE THAT STAYS

NOTICE

We have on hand a large, fresh stock of Grogan Mineral Water, which is far beyond a doubt Nature's Unsurpassed Remedy for Liver, Kidney, Bladder, and Stomach trouble and all catarrhal conditions, a natural water fresh from the wells that is stronger in its effects and more beneficial in its results than even the highly fortified and concentrated waters.

We are now in position to offer this water to you F. O. B. Clovis, N. M., at \$5.50 per crate of twelve one-half gallon bottles, refunding you \$2.00 for return of crate and bottles which makes the water actually cost you \$3.50 for six gallons.

If you are suffering from any of the above mentioned troubles, We insist that you give this water a trial. Why keep on in the same old rut paying out \$10.00 to \$50.00 per month for something that has failed to cure you? We have letters of recommendation on file from people of about 15,000 satisfied customers; to give you copies of the letters would make a book and we do not have the time and money to furnish you this for which we are sorry.

Any further information desired will be gladly furnished upon application.

CLOVIS NEW MEXICO

HIGH PRICES FOR BIG WRITERS

The three modern writers whose incomes from their literary work are said to be the greatest in the world, are Rudyard Kipling, Sir Arthur Conan Doyle and Arnold Bennett. Doyle had difficulty in selling for \$125 his "A Student in Scarlet," the story in which Sherlock Holmes first appeared. The eventual return from this story, however was about \$50,000. Some ten years ago, Doyle revived the character of the famous detective and sold the American serial rights in the stories for sixty cents a word.

When Kipling came to New York from India he vainly tried to sell such stories as "The Man Who Would Be King," and "The Drums of the Fore and Aft" for \$50 each. Later he received \$25,000 for the serial rights of "Kim." While the most Robert Louis Stevenson could get for his writings was six-pence a word, Kipling and Doyle can get six times that much.

Dickens was a tremendous earner. At his death his fortune amounted to about one-half million dollars and it is calculated that in about thirty years activity he earned three times that sum. Sir Walter Scott got \$40,000 for one volume, at a time when money had five times its present purchasing power. James Whitcomb Riley's "An Old Sweetheart of Mine" is said to be the greatest money-making poem ever written and the best paid piece of literary work ever published, considering the number of words. Counting all forms in which it has appeared it has brought in more than \$500 a word.—Detroit News.

A bountiful rain fell here Sunday afternoon. East of town the rain fall was almost as much as it was a year ago, the lakes being filled. While the row crops were not suffering, yet the rain was mighty thankfully received.

A REMARKABLE COUPLE

Major Charles G. Baird, killed in France, made a will in which he wrote this tribute to his wife:

"At this time I want to say to the world that my wife, in my estimation, is the most perfect woman I ever saw, heard, or knew of. She is endowed with marvelous courage, a very strong will; and an intensely big ideal of honor.

"Her love has never at any time diminished, but has grown always, until I feel that it has reached a point that can be reasonably considered the acme of perfect love. I am the richest of men, in that I am blest with the truest, most honorable, and loving wife in the world."

Undoubtedly Major Baird was blessed with a wonderful wife. The Major added in his will that he had never broken a pledge or promise to his wife, nor had he ever deceived her or told her a falsehood, except as was necessary to please and surprise her in connection with some gift.

Certainly Mrs. Baird also had a wonderful husband. — Albuquerque Herald.

TIME TO VANISH

One night—one morning rather—Mr. Brown returned just as dawn was breaking.

"What time is it?" called the sleepy spouse.

"A quarter to 11, my dear," replied Mr. Brown.

His wife turned on a light and looked at an alarm clock that stood near her bed. It showed twenty minutes past 4.

She took her husband to task, whereupon he put on his coat and hat and started out in a dignified manner.

"Where are you going?" she asked. "I am going away," he replied.

"Away, never to return! When things have come to such a pass in this house that you, the wife of my bosom, will rather believe an ordinary, tin half-dollar alarm clock instead of your loving husband, it is time I left for parts unknown."

WHAT'S THE NEWS? \$150. a yr.

OLD NEWSPAPERS HELP GET CAR OUT OF MUD HOLE

A resourceful motorist whose car has been stuck in the mud does not always have to fall back on a pair of mules to get free. In such an emergency the United States Tire company proved valuable.

The first calls for having stored away somewhere in the car a stack of old newspapers. When the car gets stuck and the wheels refuse to take hold, feed it some of the old papers between the tires and the mud. Usually only a few will have to be worked in before the wheels will begin to grip and the car start forward. This method of handling a difficult situation is so simple and so uniformly successful, that every motorist should know of it and carry a pile of old newspapers, unless he is equipped with some other apparatus for such a contingency.

For genuine Ford Service and Ford parts come to Peoples Auto Supply Company.

Mr. De Oliver accompanied her mother, Mrs. Lewis to Clovis Saturday for a short visit.

J. S. Carter's wife and son have been visiting with relatives in Oklahoma.

Mrs. F. W. McElroy left for Cisco, Texas, Saturday morning for a visit with her daughter, Mrs. Lois McCoy.

Lopate Coltharp, who has been home for a few days, returned to Slaton Saturday morning, where he will resume his position as brakeman.

The children's program which was to have been given at the Methodist church Sunday night was postponed on the account of rain. It will be given tonight (Wednesday). All are invited.

F. R. Neal tells us that he has made an improvement in his lantern, thus able to give his patrons better service. He is showing some fine pictures. Come and see.

Mrs. Donaldson, who has been visiting at the home of her sister, Mrs. M. Dickson, left for her home in Slaton Saturday morning.

Mrs. Costello, who has been keeping house for Dave Johnson for the past few months, while her husband was overseas, left for her home in El Paso Wednesday.

Mr. Sherman Clingan and wife have moved here from Wagoner, Oklahoma, locating in Farwell. We welcome them among us.

Robert Le Sage, of the Peoples Auto Supply Company, went to Oklahoma City last week to see about a shipment of a car load of trucks as well as a car load of Ford cars, all of which are practically sold.

We have heard of the candy man. Well we have one among us now, and all should keep sweet. Mr. Mimms, traveling salesman for the J. E. Bryant Candy Company of Amarillo, has moved here from Lubbock. He with his family will occupy the W. D. Monroe residence.

Mrs. F. R. Farcher and son Alfred came in from Ardway, Colorado, Friday. Mrs. Farcher is a sister of F. J. and J. P. Doose and Mrs. Haber of this place. They will visit here for a few weeks and then go to Galveston, accompanied by Mrs. Haber, where they will visit with their mother and sister. From there they will go to Wichita Falls, where they will visit for ten days or two weeks. They will then make a visit in Oklahoma and Kansas before their return.

Be a Booster and buy a Chautauqua ticket.

Miss Lillian Williams was a Texico visitor Sunday.

W. J. Linquest doffs his hat to his better half. He thought that it couldn't be done, but after quite a few friends had dropped in on his Friday evening, one by one, and the ice cream was delivered, some one asked him how old he was. It then dawned upon him that another birthday had rolled around. He was (censored) years old. A pleasant evening was spent in their home. Music, rook and 42 were indulged in.

Mrs. M. A. Jenkins-Roberson left for her new home in Vanadium, N. M. Her many friends are sorry to lose her as a neighbor, but wish her happiness in her new home. The News will keep her posted as to the doings in this community.

F. S. Peck and family of Cameron, Missouri, who had been visiting the home of Mrs. Peck's parents, Mr. and Mrs. W. F. Newton, north of town for the past few weeks, started for their home Thursday via automobile. They have a good chance to see the possibilities of this country, and went away very much impressed with the same.

Have you taken into consideration that the pictures at the Criterion are as high priced as you will see in Clovis or other near cities? "Daddy Long Legs" costs Manager Neal \$35 to put it on the screen. "Hearts of the World" costs the same. "Common Clay" \$34.00. Patronize home institutions.

A number of P. & O. farm implements are used in this section of the country. It will be news to the farmers to know that the plant at Canton, Illinois, the home of the Parlin & Orndorf factory, has been taken over by the International Harvester Company, they taking charge last week.

Mrs. J. M. Kindred met with a painful and unfortunate accident Tuesday of last week. While walking around her home, she slipped and fell. In falling she threw out her arms to catch herself, when both bones of her left fore arm were broken. Dr. Foote was called and attended to the broken members. She seems to be getting along fairly well, considering her age. Her many friends sympathize with her in the unfortunate affair.

Do you want the broom factory here? You will notice in the Hurley items, where Mr. Fons has received an order for a car load of brooms to be shipped to Dallas. It will not take much to get it. In fact it will not take any gift outright, only a small accommodation. Will we allow it to slip from us, and let another community get it? Some city will get it soon, and why not that place be Texico?

The Chautauqua committee met Saturday afternoon to perfect the organization. The new chairmen appointed were Hamlin Overstreet, to head the ticket sales; R. K. Howard as Booster director; F. J. Doose to look after the erection of the tent, seats, etc., and Mac D. Nobles to attend to the admission at the tent. Each citizen is asked to fall behind this effort, so that it will do the most possible good, and to insure the backers of the same against having to dig down to balance the account after the last performance is given.

THE CHURCHES

Methodist
Sunday school—10:00 a. m.
Preaching services—11:00 a. m. and 7:30 p. m.
Epworth League meets at 6:30 p. m.

Prayer meeting and choir practice Wednesday night at 8:30.
Ladies Aid 3:30 p. m., Thursday.
You will find a cordial welcome to all our services.
J. S. ACREE, Pastor.

BIG WHEAT CROP NOW BEING HARVESTED

Wheat cutting was commenced in Curry County last week and by the latter part of next week, if the weather remains good, the greater part of the crop will be cut. This week the threshers commenced running and wheat has commenced rolling into Clovis. Most of the grain this year will be sold direct from the thresher, or as near so as the farmers are able to haul it to town, as the price is standardized and there will be no advantage in holding the grain.

Lester Stone, manager of the Clovis Mill & Elevator Co., informed the News this week that the price paid for No. 2 wheat will be \$2.02 per bushel at the mill in Clovis, while No. 1 wheat will be \$2.05. This price is standardized by the government. Speaking about this year's crop Mr. Stone said: "I figure that a conservative estimate of the amount of wheat that will be raised in Curry County this year will be sufficient to value the crop at \$1,000,000. Of course this will be purchased by several different towns, but the crop will actually bring this much money into the hands of the farmers of Curry County. We are going to be taxed to our capacity to take care of this big crop, but we are now ready to go and ready for the wheat to commence rolling in, and it will be coming in too, in fine shape the latter part of this week. The Clovis Mill & Elevator Co. can store 30,000 bushels in Clovis and the fact that we will constantly keep the grain moving will without doubt prevent a congestion of the grain here. The government this year fixed the price to be paid to the farmer. The miller grades the wheat and in case of any dissatisfaction over the grade a sample of the grain is sent to the government graders and their test counts and both parties must stand by the grading. This insures the farmer an actual standard price for his grain that he can depend upon."

GEOLOGICAL SURVEY CONSIDERS NEW MEXICO

The United States Geological Survey has issued a bulletin in which the geology of Eastern New Mexico is discussed with reference to petroleum prospects. The bulletin says there are many domes and arches that may be reservoirs of oil.

The general structure of Central-Eastern New Mexico is that of an eastward dipping monocline but there are local reversal of dips due to domes and arches, or anticlines, some of which are rather prominent. Only a few of the many localities where these structural features appear to be favorable to the storage of gas or oil, if either exist in this region, can be mentioned. In Guadalupe County the unlifted beds, which are 2,500 feet thick, are of Permian and Pennsylvanian age, the latter beds lying on granite at a vertical depth of 2,000 feet or more. On Pintada Creek there is a smaller dome involving the same strata, and a slightly less pronounced dome is indicated in the same canyon a few miles above Pintada postoffice.

There are several broad, low arches says the survey, in the strata in the northeast corner of this county and in adjoining parts of San Miguel, the next county north. In Quay County a broad, low anticline in the red beds passes a short distance east of Tucumcari and extends for some distance north and south of the Rock Island Railroad. In De Baca County the strata dip nearly due east in general, but a few local reversals of dip suggest that minor domes or arches may be found when a detailed survey is made. Lincoln County is traversed by a broad anticline that lies east of the Sierra Blanca structural basin and passes near Lincoln. In the western part of Lincoln County there are several domes that appear to be favorable for the storage of oil, although there is no visible evidence that they contain oil.

In the eastern part of Socorro County there is a notable elongated dome three miles northeast of Carthage coal mines, which brings up the Mesaverde coal measures; at Prairie Springs there is a dome in the limestones of Permian age. The plunging anticline at the north end of the Oscura Mountain uplift is also in the

The Sweetest Story Ever Told

Cast Includes
Lillian Gish and Dorothy Gish

The love romance of a boy and a girl living in a village in Northern France; the happy, peaceful surroundings of Nature; the world unmarred by War. Then, like a thunderbolt, comes the invaders, the call to arms of France and of England; the first conflict when the grey-clad Germans flood the country; the desperate defense of the French; the advance of the German forces into France and Belgium; the capture of the very village where the Boy and Girl had spent so many happy years; the horrible brutalities and indignities inflicted by the Germans; the savage treatment of women and young girls who fall into their hands; all this and more of the tragedy of France and Belgium, until, at the end of the story, AMERICA, THE LAND OF FREEDOM, SENDS HER SONS TO JOIN THE WAR FOR HUMANITY AND FOR CIVILIZATION.

"Hearts of the World" is a stirring and inspiring presentation of a love story of the Great War. It will draw tears to your eyes and thrill every drop of blood in your body; you will share the sorrows of those who were in the midst of the Great World War, and go forth again into the world, proud and happy that YOUR COUNTRY took its rightful place in the Great War.

eastern part of this county.

All test wells sunk in this region should be carried entirely through the sedimentary series, which in the domes and anticlines mentioned is from 2,000 to 3,000 feet thick and at intervals from top to bottom contains coarse sands, some of which may be oil bearing.

RURAL MAIL PATRONS PLEASE TAKE NOTICE

CLOSING OUT SALE

We are closing out our entire stock of Furniture at cost.

PORTER FURNITURE CO.

Knights Not All Noble.

Not all knights belonged to the sublime order of chivalry. The pages of history tell of wild robber knights, who came out of their mountain castles to loot monasteries and rob the merchants who passed with their wares from town to town. Strange legends are woven about the careers of some of these fiery marauders. It is said that one of them, with the easy and comfortable name of Thedat Unverferden von Wallmoden, was in the habit of using Satan himself for a steed when he rode out with predatory intent. A grim contrast was this class to the splendid youths who buckled on their swords in the cause of religion and right.

Bells Famed in History.

In Spain the famous bell in the church of St. Nicholas at Velilla in Aragon only rings at times of public calamity. The bells of China, which are usually of great size, are hung in towers and are used for denoting the five watches of the night. The "Jacqueline" of Notre Dame, Paris, one of the sweetest-toned bells in the world, is used only on great holidays on account of its age, having been cast in 1400. In Venice the semi-triumphal arch leading from the square of St. Marks to the Rialto is crowned by a bell with a bronze Vulcan standing on each side of it. These statues strike the bell hour by hour with ponderous maces.

"HEART'S OF THE WORLD"

The Sweetest Story Ever Told—Supreme Triumph of D. W. Griffith.

Very few people have any conception of the immense amount of money that must be thrown away in the making of a great picture spectacle such as D. W. Griffith's supreme triumph, "Hearts of the World." In all 120,000 feet of film was exposed and photographed and yet only 12,000 feet are shown. Thousands upon thousands of feet of film that represented months of thought and labor and many thousands of dollars in expense had to be thrown away in order to reduce this wonderful picture to a single evening's entertainment. The saddest days of the great producer's career were those when with his camera man and assistants he sat down to cut this precious film. Every inch was so dear to him and it was like parting with his heart's blood to see it thrown ruthlessly into the discard. But it had to be, for altho every foot was rich in material it would have kept an audience thirty hours in the theatre to see every foot of picture that had been made. It required almost as much genius to cut the film as it did to conceive the story and produce it. And there is where the

master mind of Griffith came in again for his arrangement of the scenes he plays upon the hearts of his audience like a violinist on his instrument. One minute he has the blood surging around your heart with excitement, the next you are laughing at some charming bit of comedy and almost in the same breath you are moved to tears of sympathy for the heroine and her friends. D. W. Griffith is the master of the world when it comes to picture spectacles. He almost makes them talk and he is the only producer who does not make one regret the absence of the voice. "Hearts of the World" will be seen in this city at the Criterion Theatre, Thursday, July 17th. If you miss the opportunity you will never forgive yourself.

* **BOVINA ITEMS** *

(Too late for last week.)

The Fourth was spent in various ways by the Bovina people. Some worked in the harvest, while others attended the celebrations at Amarillo and Y. L. ranch. Among the Amarillo visitors were Mulkey Ezell, Ray

THE FIGHTING YANKS

The Fighting Yanks are expected to make the Chautauqua atmosphere vibrate with the vim of their musical and dramatic entertainment as the program feature for the afternoon and night of the first day.

This organization includes four of Uncle Sam's soldier boys who were talented musicians and comedy entertainers before they went "over the top", and who have enlarged their vision and enriched their repertory with the human contacts that trench and European camp life afford. Out of the trenches have come new gleams of humor, new dashes of fun, new bits of the dramatic element of life, and new melodies and soul refrains.

These musical-soldier boys will inject virility into the concert program, and, with their varied pattern of instrumental music-making, vocal flights quartet ensembles, monologs, comedy passages-at-arms, and glimpses of trench reaction, The Fighting Yanks promise to be a snappy and colorful battery of entertainers.

The quartet will appear in uniform and will maintain the military flavor throughout their numbers, though the afternoon and the night performances will be quite distinctive in conception and in matter.
