

Court Has Busy Week

Three civil cases were tried in district court at Farwell last week and at the end of the five-day fall court session, two decisions had been rendered and there was one hung jury.

Seven cases had been on the docket for the session, presided over by Judge E. A. Bills, but three of the cases were settled out of court, reports Hugh Moseley, district clerk. The one remaining case will be heard at the next session, probably after January 1.

A 12-member jury voted in favor of Plaintiff Paul D. Tullis, of Anton, in a sale of property

dispute with Vernon Bartlett of Petersburg. The dispute involved \$5,200 placed in escrow by Bartlett for partial payment on 160 acres of land owned by Tullis near the Lakeview community.

The sale transaction was never completed and Tullis sought the escrow money for damages occurring at the time he started to vacate the land for the new owner. Attorneys for the defendant sought to prove that there was an error in the property abstract.

Following the trial, a judgment was rendered against the

defendant. The judgment is pending approval by Judge Bills.

Making up the jury panel in this case were J. B. Sudderth, Sterlyn Billington, Vernon Jamison, Virgil M. Ferguson, Ray Martensen, Mrs. A. L. Kerby, Sam Bailey, James D. Roach, Cassey W. Perkins, Eddie R. Hutto, Spencer Hough and Miss Opal Perry.

In a case styled Harris E. Dunn vs. E. T. Jennings of Benger Air Park, the jury could not reach a unanimous decision so a retrial is scheduled at a later date. Dunn is seeking payment for a personal injury to his

left hand while employed at Benger Air Park.

Members of the jury panel in this suit were P. L. London, James T. Bailey, Dick Gerles, Jack Patterson, Mrs. Boone Allison, James Ussery, Roy Beardin, William F. Bandy, Ira Clyde Fields, J. R. Coccannouer, Joe Camp and Charlie Hromas.

In the first court trial heard early last week, J. E. Hardage was awarded payment of \$580.80 from C. A. Workman of Olton. The payment was for services rendered at Hardage's business, Farwell Fertilizer.

Two Tied For Contest Lead

Upsets in football games during the past week end took their toll of participants in the Farwell business football contest and the ranks have thinned somewhat after the third week.

Two men, Dempsey Alexander and T. J. Kittrell, are tied in the race for the two Cotton Bowl football tickets, both having picked 22 winners in the first 30 games. Three contestants, who have picked 21 winners are Dale McCuan, Loyd E. Smith and Bobby Hapke.

Five persons who have named 20 winners are Weldon Rundell, Bobby Hart, Eugenia Murray, Liz Phillips and Calvin Murray.

Last week was a rough one for all of the contestants, as the majority of those submitting entries picked only four or five winners of the 10 games. Winning the contest was Mrs. Truman Kittrell, who was the only person getting seven correct. She missed on the Bovina-Whitharral, Texas-Nebraska, and Abernathy-Hale Center games.

Four persons picked six winners and it took the tie-breaker score to determine the other winners. Charles Dannheim and Bobby Hapke were each off nine points on the score, so they tied for second and third place. Dannheim guessed the score at 20-12 and Hapke's prediction was 22-14. The other two persons who picked six winners were Alexander and T. J. Kittrell.

It was the third straight week for a member of the Kittrell family to win the contest. T. J. won the first one and Rubie Craft, T. J.'s sister, won the second.

Texico Wolverines Take Two Victories

The Texico Wolverines picked up their first and second wins of the season with a 19-12 victory over the Grady Bronchos last Thursday and a 2-1 victory over the Logan Longhorns Friday.

Because of the trouble Grady had with its pitching staff, 22 Wolverines reached first via "walk" route. The Wolverines scored in every inning except the first and third, and had two big innings (second and sixth) with six runs in each.

The Wolverines played errorless ball Friday afternoon against the Logan Longhorns and won 2-1. They got their two runs in the fourth inning when Bill Reid was driven in by Freddie Taylor, and Charley Morris stole home after a wild pitch.

The Longhorns got their run in the second when Kenneth Murdick gave up a walk and a hit. Murdick pitched both games for the Wolverines and gave up five walks Thursday afternoon in the game with the Grady Bronchos. Friday afternoon he gave up one hit and two walks which held the Longhorns to one run.

The Wolverines have won two and lost one so far this season. They will play the House Cowboys Friday afternoon.

REELING OFF YARDAGE in the fourth quarter of the game with Lazbuddie is Farwell Steer quarterback Benjy Dial. The Steers had stopped the Longhorns on the one-yard line and on Farwell's first-play Dial ran it out to the 27.

Steers Hard-Pressed By 'Horns

Living up to their advance billing, the Lazbuddie Longhorns pushed the high-stepping Farwell Steers to the limit Friday night, before bowing 23-6.

Halfback Carroll Huggins provided the Farwell team with the offensive punch necessary to win the game and on four occasions the Steer defensive unit rose up to stop their neighbors from the county's eastside inside the 15 yard line.

As the game opened, it looked like the large crowd which lined both side lines was going to be treated with a side open offensive show. The game was only a couple of minutes old when Huggins took a Longhorn punt on the 25-yard line and galloped all the way down the side line for a score.

A pair of key blocks was all the Steer speedster needed and he went the distance untouched. Quarterback Benjy Dial kicked the extra point and the Blue and White was on top 7-0.

The Longhorns were not to be outdone and seconds later fleet halfback Odis Bradshaw broke away from a pack of would-be Farwell tacklers and ran 79 yards for a touchdown. The attempted run for the extra points failed and the score was 7-6 with the game less than four minutes old.

Farwell then took the ensuing kickoff and on the first play from scrimmage, Huggins was off and running again. This time he took a handoff from Quarterback

Dial and rambled 64 yards for a TD. Fullback Jerry Lovelace plunged over for the extra points to give the visiting team a 15-6 advantage.

These two quick touchdowns by Farwell proved to be the difference, because from that point on the Steers had few opportunities to score. The Longhorns controlled the ball through much of the remainder of the game and it was not until late in the final quarter that Farwell pushed across its final tally.

With Bradshaw and halfback Freddie Savage leading the way, Lazbuddie kept the ball in Farwell territory almost constantly until the fourth quarter. From their own end of the field 20 yard line, the Longhorns had little trouble moving against the Steer forward wall, but as they neared the goal line their drives would be stopped.

Once during the second period, Lazbuddie was stopped on the two yard line and just before the half ended a drive was stymied on the 10. It was the same story in the third quarter as twice more the black-shirted boys drove near the goal line but never quite had the necessary punch to score.

Finally, in the fourth period the Steers were able to muster a sustained 80-yard drive which was climaxed when Dial drove over from the 1-yard marker. Lovelace again added the two extra points by driving through the middle of the line.

Twin City Bands To March At Fair

Members of the Texico and Farwell high school bands are making plans to be in Lubbock Monday, September 26, for the opening of the 43rd annual Panhandle-South Plains fair.

More than 30 high school bands in the Lubbock area are expected to compete for \$600 in cash prizes. A parade will wind its way through downtown Lubbock and proceed to the fair grounds.

This will be the second time for the Texico band to compete in the Lubbock parade. Last year they placed second in their division, winning \$50.

Bands from the entire South Plains area, including Eastern New Mexico, will be judged on the basis of marching-playing qualities observed in interscholastic competition.

The parade begins at 10 a. m.

This past Monday the Texico band marched in the Tri-State

Texico FFA Booth Second At State

A fair booth, depicting how the threat of bloat can be reduced among cattle, won second place for the Texico FFA Chapter at the New Mexico State Fair in Albuquerque and two Texico lads had champions in the livestock judging.

The judgments took place Monday and the exhibits will be on display at the fair through the remainder of this week. For its winning entry, the Texico FFA received \$100.

A booth, sponsored by the Roswell FFA, won first, and Clovis had the third place entry.

Texico's two champion entries in the livestock division were the Berkshire boar and

sow. The boar was an animal owned by Richard Ridings and the sow was entered by Alfred Stover.

In addition to their winning entries, Ridings had three other animals which placed in the competition and Stover had two.

Five other Texico boys won honors with their livestock but their exact placings were unavailable at press time. The boys were Lee Spears, Vernon Thigpen, Jerry Ridings, Ronnie Curry and Leon Kelley.

All of these boys are in Albuquerque this week along with their advisor, James Pierce. They will return home this week end.

'Mom And Dad Night' Fri.

Each week since the football season opened, the Farwell Steers' opponent has been a little tougher than the previous one, and this week will be no exception.

The Morton Indians, a Class AA team from the South Plains, will meet the Steers Friday night, which has been designated as "Mom and Dad Night" by Coach Dempsey Alexander.

All parents of the football boys who will be suiting out for the Steers will have a special reserved section along the side line, next to the Farwell bench. Numbers corresponding with those on the shirts of their sons will be displayed on the backs of the chairs. The parents will also be recognized at half-time.

Friday's game will be the first big test for

Steers, who are ranked eighth among the state's Class A powers. The Indians had an open date last week and prior to that they had won one game and lost one.

In the season opener, they lost 22-14 to Sudan, Farwell's co-favorite in District 3-A. Then, the following week they rolled over Whiteface 28-6.

For the second straight week, the Farwell team will not be at full strength because of injuries. Tackle Jimmy Cain is still recovering from a back injury and Leon Lovelace will be out with a knee injury he received in the Lazbuddie game. Lovelace is the second-string quarterback and a defensive starter for the Steers.

P-TA Changes Meeting Date

Farwell P-TA held their first meeting of the year Monday night in the school cafeteria.

A short business meeting was held and group singing was enjoyed. Mrs. Mary McWilliams, English instructor, brought the program.

The room count was a tie between Mrs. Florence's second grade and Mrs. Cain's first grade.

There were 64 memberships taken. The membership contest will run until Oct. 18. Mrs. Gilbert Kaltwasser, chairman, urges everyone who plans to join, to sign up before Oct. 15 if possible. Memberships can be bought from Mrs. Gilbert Kaltwasser, Mrs. Walter Kaltwasser, Mrs. Harold Travis, or Mrs. Bunk Phillips.

The meeting date was changed from the third Monday night to the third Tuesday night of each month.

Officers of the P-TA served spudnuts, coffee, and punch to approximately 40.

Mr. and Mrs. Jerry Henson spent the week-end visiting their parents, Mr. and Mrs. Milton Henson and Mr. and Mrs. Jim Moss. The Hensons are from Seymour. Mrs. Jimmy Henson and Jay came with them and also visited with the Hensons and in Clovis.

Farwell Ladies Attend Meeting

Delta Xi Chapter of Delta Kappa Gamma met in Hereford Sept. 17, at the Aikman Elementary School for a workshop meeting and covered dish luncheon.

The president, Mrs. Fleeta Terry of Bovina, who attended

the Delta Kappa Gamma International meeting in August, brought the highlights of the trip and the social activities offered by the host city, Bal Harbour, Fla.

Each committee met in separate groups to plan the year's work. Following the committee's final reports, a covered dish luncheon was served to the members. The tables were decorated with green and red sweet peppers which were grown by Mrs. Leta Kaul of Hereford.

Delta Xi members were invited to attend the birthday banquet to be held in Plainview Oct. 1, at the Hilton Hotel.

Members from Farwell attending were Mrs. John Boling and Mrs. John Zahn.

Hospital Notes

Mrs. E. R. Coffman entered the Clovis Memorial Hospital Sunday suffering from asthma.

Mrs. D. O. Rolland and Pete were in Lubbock Monday where Pete consulted an eye specialist. The 16-year-old junior was suffering from an allergic condition of the eye, and is doing fine now.

Mrs. Guy Cox, who underwent major surgery a couple of weeks ago, was returned to her home in Farwell Monday. Her daughter, Mrs. Bunk Phillips, reports her condition as "fair."

John Porter, who underwent surgery last week at Northwest Texas Hospital at Amarillo is reported to be doing well. He hopes to be released by Sunday.

New Officers For Rebeccas

Election of officers was the main business for the Rebeccas when they met at the home of Mrs. John Porter earlier this month for their class party.

Those elected were: Mrs. Johnie Williams, president; Mrs. Ed Hardage, vice-president; Mrs. Willie Roberts, secretary-treasurer; Mrs. Willie Hardage, assistant secretary-treasurer; Mrs. Elmer Scott, recording secretary and reporter; group captains Mrs. Elbert Landrum and Mrs. O.C. Petree. Mrs. W. W. Johnson was selected as teacher with Mrs. Clyde Magness for assistant. Mrs. Harry Whitley will serve as class ministriss.

The devotional was given by Mrs. Asa Smith and was titled, "Recipe for Christian Living."

Those attending were Mesdames M. F. Green, Mabel Reynolds, Ed Hardage, Walter Hardage, Dick Gerles, Johnie Williams, Willie Roberts, Buck Bradshaw, Amos Tatum, Clyde Magness, Asa Smith, John Boling, Willie Hardage, and the hostess, Mrs. Porter.

Life Is Worth Your Living

By Robert O. Tomlinson

"For all the promises of God find their yes in Christ. Our religion is the religion of kept promises, exceeding great and precious promises of God. Now, such a life is not "easy, quick religion," for religion of kept promises is the religion of the cross, and with patient endurance, we find the promises true.

The Christian religion will eventually take everyone to the cross, not forsaken by God, but will find in our relationship to Christ, the YES of all God's promises.

The precious promises of God that find their YES in Christ are: 1. Strength--not less than needed, but sufficient strength, and whatever comes we know that we will have his presence to give the needed strength. 2. Guidance--If we are sensitive to the presence of God, then we can be guided by Him. The living Christ says, "Lo, I am with you always." 3. Grace--The sweetest word of our faith and of life. It is the gift of God; His love; His forgiveness; and His presence. It gives strength for any task. 4. Satisfaction of heart--The body craves exercise, the heart craves peace, the flesh seeks sin, but the heart seeks purity.

The heart wants to know it is guided by God, then the heart has satisfaction and you find that life is worth your living.

BUT NICE

A teacher took over a new class; "What's your name?" she asked one little boy.

"Jule," he replied.

"Not Jule," she said, "You shouldn't use contractions. Your name is Jusius."

Turning to the next boy, she asked, "What is your name?"

"Billious," he replied.

Lutheran Church News

Last Sunday, 13 Walther League members met for a social get together at the home of Mr. and Mrs. Wilbur Kalbas. After feasting on watermelon, the group went bowling and then returned for sandwiches.

The Lutheran Woman's Missionary League will attend the zone rally at Littlefield today. Pastor Sander is pastoral counselor for the zone. This will be an all-day affair.

Sept. 25, the sermon theme will be, "Christian Education." This will be promotion day for the Sunday School and they will be followed by a chicken barbecue at 6 on the church grounds for the congregation and friends.

Mr. and Mrs. Jerry Darby are now living in Lubbock where he has enrolled as a freshman student at Texas Tech. His wife, the former Doris Rolland, is employed in the tax offices there.

Mr. and Mrs. W. J. Matthews and Mr. and Mrs. George Schuman attended the democratic rally at Nogal, N. M., Sunday and heard Senator Lyndon Johnson speak.

Farewell Dinner-Shower At Church

The Texico Baptist Church held a basket dinner Sunday in honor of the C. C. Morgans, who are moving this week. Approximately 50 were in attendance.

The Morgans were also surprised with a shower of gifts. Those attending spent the afternoon visiting.

Mr. and Mrs. Ken Hanks and Tommy, Roswell, spent the night in Texico-Farwell last Saturday.

Miss Carolyn Martin Becomes Bride Of Jackie Stancell

A formal ceremony at 8 p. m. Sept. 9 united in marriage Miss Carolyn Faye Martin, daughter of Mr. and Mrs. L. E. Martin of Muleshoe, and Jackie Wayne Stancell, son of Mr. and Mrs. Jessie Stancell of the West Camp community.

The double-ring ceremony was read by W. R. Tittle, minister of the Muleshoe Church of Christ. Vows were exchanged in the Tittle home before a wedding arch of greenery accented with blue wedding bells and white carnations. The arch was flanked on either side by blue and white candles with glitter and baskets of blue gladioli.

Maid of honor was Phillis Milligan of Muleshoe and Dewayne White of Lariat served as best man.

Maudie Stancell, sister of the groom, and Ray Lynn Tittle of Muleshoe were the candle-lighters. They wore dresses of blue and white and each wore a white carnation corsage.

Given in marriage by her father, the bride wore a full length princess gown which came to a point and was full pleated in the back. Made of white poie de sole the gown

had a fitted jacket with Queen Anne neck and long tapered sleeves trimmed in buttons. The bride's head piece was of fitted lace and trimmed in seed pearls with a shoulder length veil. Her bouquet of white gardenias featured long streamers of white satin ribbon.

For something old, she carried a white Bible given to her by her mother. Her dress was something new, and for something borrowed, she wore a strand of pearls borrowed from Phillis Milligan. For blue, she wore a garter given her by a friend, Karen Smallwood of Wilcox, Ariz.

Mrs. Martin, mother of the bride, chose a fitted royal blue wool dress with black accessories and a white carnation corsage.

Mrs. Stancell, mother of the bridegroom, wore floral printed silk with black accessories and also accented by a white carnation corsage.

A reception in the Tittle home followed the ceremony. The table was laid with a white linen cut work cloth over blue. The three-tiered wedding cake was topped with the traditional bride and groom figurines. Gold flatware and white milk glass punch bowl with candles on either end completed the table decor.

For the wedding trip to California, Arizona, and New Mexico the bride chose a floral blue satin dress, black feather hat and blue shoes and purse. Upon returning from their honeymoon, the couple took up residence at West 19th and Avenue B in Muleshoe.

The bride was a senior in Muleshoe High School and the groom was graduated from Farwell in 1958 and is now engaged in farming in the West Camp community.

Those attending the wedding were: Mr. and Mrs. Jessie Stancell, Grandmother Stancell, Mr. and Mrs. Dewayne Loyde, Mrs. Marshall Milligan, Phillis Milligan, Bennie and Maudie Stancell, Dewayne White, Ray Lynn Tittle, Bro. and Mrs. W. R. Tittle, Mr. and Mrs. L. E. Martin, and R. C. Cline.

Former Resident Married In Plainview

Bethel Baptist Church in Plainview was the scene of the wedding of Miss Verna Louise King of Ackerly and Robert Tucker of Cheyenne, Wyoming, September 2. Tucker and his parents, Mr. and Mrs. Hugh Tucker of Plainview, are former residents of Texico. The bride is the daughter of Leonard H. King and the late Mrs. King of Ackerly.

Double-ring vows were read by Rev. R. L. Swanner before an altar decorated with yellow candles on an arch of greenery, and flanked by baskets of bronze mums and yellow gladioli. Candela completed the arrangement.

Mrs. W. A. Ware, Clayton, N. M., was organist and Don Thompson of Plainview sang "Calm As Night," "Because," and "The Wedding Prayer." Mrs. Ware is a sister of the bride.

Given in marriage by her father, the bride wore a formal gown of ivory brocaded satin. The princess design was fashioned with a Queen Anne collar and fitted sleeves extending to points over the hands. The skirt featured a soft bustle at the dropped waistline, and a chapel train. She carried a cascade of ivory mums atop a white Bible.

Old was a penny in her shoe; new, her bridal ensemble; a hoop skirt was borrowed and traditionally she wore a blue garter.

Best man was Melvin Terry, cousin of the bridegroom from Farwell, and ushers were Jess Terry of Enoch, uncle of the bridegroom, and Deryl King, brother of the bride from Brownfield. Paul and Margaret Ware were candlelighters and flower girl was Kathy Ware, nephew and niece of the bride from Clayton. The young ladies wore rust saaten frocks with puffed sleeves and bowed cummerbunds. Gold mums were carried by the flower girl.

Miss Mary Hellon King of Ackerly, sister of the bride, was maid of honor and was attired in a dress of old gold saaten with rounded neckline, bouffant sleeves and full skirt. Her accessories were brown and she carried a cascade of bronze mums.

For her son's wedding, Mrs. Tucker wore a slubbed silk ensemble of old olive green with a green velvet hat and black accessories. Her corsage was of bronze mums.

A reception was held in the fellowship hall of the church. A three-tiered wedding cake topped with a miniature bridal couple, centered the table, which was laid with lace over yellow.

Completing the table decor was the punch service, a bronze mum bouquet accented by flanking yellow tapers and yellow and brown napkins inscribed with the names "Verna and Bob." Baskets of yellow gladioli and bronze mums flanked the serving table.

At the wedding book was Miss Barbara Tucker, sister of the bridegroom, and Misses Pat Mitchell and Norma Vernon of Plainview and Miss Barbara Britton of Brownfield presided at the serving table. They wore brown dresses with corsages of bronze mums.

For a wedding trip to points in Texas, New Mexico and Colorado, the bride chose a navy blue suit with black and white

Of Interest To THE WOMEN

From left to right: Mrs. James Terrell, president of the Farwell Study Club, is shown with Mrs. A. E. Boyd, guest speaker, and her daughter, Mrs. Madge Wood, both from Plainview.

District President Speaks At Farwell Study Club

The Farwell Study Club opened its 1960-61 club year Monday evening when members and special guests met together in the Home Economics Cottage for a salad supper. Mrs. James Terrell, going into her first year as president of the club, conducted the session.

"Caprock" is the new name of the local federated district. Included are 19 counties and 96 study clubs.

Mrs. A. E. Boyd, president of the district, was speaker of the evening. Mrs. Boyd's home is in Plainview. She was accompanied by her daughter, Mrs. Madge Wood, also of Plainview.

The theme of Mrs. Boyd's talk was "New Dimensions-Woman's Responsibilities in a Free Society." She pointed out that the woman's touch is felt in many areas of interest-even in politics, as evidenced by the teas being arranged in honor of wives of politicians. Home is a base of security, she pointed out, and there again woman is at the helm.

She also said, "Another realm for club women is the spiritual. Her second loyalty is to the church. Her third important duty is to her community. The study clubs in the community should serve as a medium for keeping abreast, keeping the mind alert."

Study clubs have long been actively interested in the field of mental health. Other projects have taken up the estab-

Ice Cream Social Fetes Husbands

The Texico Woman's Club entertained their husbands and children with an ice cream social for their first meeting of the season.

Home made ice cream and cake were served to the John Adamases, B. A. Rogerses, Rip Snodgrasses, Milton Hensons, Charles Stocktons, Leroy Favilles, Judge Stones, and Jim Mosses.

Also Mrs. Grace Sanders, Mrs. Avis Patterson, Elmer Teel, Mr. and Mrs. Gerald Wilkinson and children, Mr. and Mrs. Paul Crooks and Jana, and Mr. and Mrs. Perry Winkles and family.

The remainder of the evening was spent in playing "42."

The next meeting will be Oct. 17, with Patricia Patterson giving a report on Girl's State.

Plans Made For Busy October

Mrs. M. C. Roberts, educational director, entertained members of Theta Rho chapter of ESA with a Mexican supper previous to the first business meeting of the fall season.

Social events and plans for the coming weeks were the subject of discussion, with Mrs. John Getz, president, directing the meeting.

Mrs. Dudley Hargrove was named secretary to replace Mrs. Bill Glenn who moved to Amarillo recently. Mrs. Ted Magness was selected as chapter correspondent.

Mrs. Mark Liethen and Mrs. Joe Jones became members-at-large and Miss Jimmie Lou Wainscott, who has moved to Edinberg, submitted her resignation from ESA.

Plans were made for a chuck wagon supper in the home of Mrs. Gilbert Watkins, to honor husbands and special guests on October 1. Mrs. Bill Prince will be hostess to a coffee at 10 a. m. October 7; a model meeting is slated in the home of Mrs. Don Williams October 10.

Next meeting will be a social in the home of Mrs. W. H. Graham. Planning the program are Mesdames Watkins, Joe Helton and Bert Williams.

Home Safety Drive Opens BOWLING LEAGUES

An intensive accident prevention campaign, calling attention to hazards found in the home and the means of eliminating them, has been scheduled from September 26 to October 15 by Southern Union Gas Company in cooperation with several co-sponsors.

According to Elmer Teel, local manager for the gas company, the program is now in its fifth year in many of Southern Union's service areas. It will be conducted locally through a series of newspaper ads and articles and materials which are available for showing to civic clubs and other organizations as well as for distribution to the public.

A cartoon-styled booklet entitled "Is Your Home Safe?" will be used in connection with the campaign and is now available to interested groups and persons. Free copies may be obtained by writing Southern Union at Farwell or by calling 481-3632.

Teel pointed out that Southern Union's safety campaign is aimed at eliminating all types of accident hazards in the home with special emphasis placed on the misuse of heating equipment.

In this connection, he noted that with the winter months just ahead, this is the best time to check your heating equipment for safe and economical operation. Your heating equipment should always have a source of fresh air and the gas should burn with a bright blue flame. In addition, you should use only metal connectors approved by the American Gas Association for gas appliances rather than rubber hoses. If equipment needs adjusting, Teel advised, call a licensed plumber, heating contractor or the gas company.

The tallies for each team will list the team name, games won, games lost and average in that order.

Clubs Organize At Texico School

Club work in Texico High is off to an early start with the organization of four clubs last week.

The Business Ed. Club met with 14 members. Officers are as follows: Michael Trower, president; Sue Martin, vice-president; Sharon Thompkins, secretary; Donna Osborn, treasurer; and Leslie Dyer, reporter. Program chairmen are Jeannene Campbell and Beulah McDaniel.

The committee to decorate the bulletin board in Business Ed. Department are Barbara Raulie, Beverly Cassidy, Ardella Nickabone, James Watts, Jeanette Duncan, and

Mildred Hukill. April is the tentative date for the Business Ed. banquet. Students have been asked to bring \$1 to take care of the expenses of the banquet.

With 18 members, the Home Ec. Club met and elected officers: Jean Hadley, president; Sonja Myers, vice-president; Iwana Wilson, secretary-treasurer; and Pat Wall, reporter.

Voting by secret ballot the Press Club elected Leslie Dyer, president; James Halsell, vice-president; Pat Wall, secretary-treasurer; and Kenneth Murdick, reporter.

Bill Reid, senior, third year student, will serve the FFA this year as president. Other officers are Don Reid, vice-president; Billy Hukill, secretary; Bill Roth, reporter; Terry Miller, sentinal; Jerry Walker, treasurer; Richard Ridings, chaplain; and James Pierce, advisor.

Twenty-eight boys belong to the club.

To take the stand as president in the Science Club will be Glendon Moss. Other officers are James Halsell vice-president; Betty Westberry, secretary; and Kenneth Murdick, reporter.

All clubs will meet on the following dates with the exception of the Press Club: September 12, October 17, November 28, January 30, March 13, and May 1.

Press Club meetings are scheduled for the following dates: September 14, October 19, November 30, February 1, March 15, and May 3.

Band Director Attends Meeting

TEXICO (Special) - Fred Danforth was among the approximately 20 band and choral directors attending the South-eastern District Music Teachers Association meeting Saturday morning in Roswell High School building.

Due to conflicts of dates in the state high school activities association, the group voted to change their music festival dates to March 18 in Artesia for the chorus and April 15 at Eastern New Mexico University for the bands. Texico had organizations entered in both of these festivals last year.

The group approved a new rules manual which places schools in various classes, according to enrollment, for the festival.

New Mexico will host the National Music Educators Convention this year, with Albuquerque as the selected city.

"Our state is very fortunate to receive this honor and every band and choral director should plan to attend," stated the district president. Usually the distance to the national meetings prohibits many of the New Mexico music teachers from attending.

Anton Man Fined \$25 For Assault

John Henry Ford, a 23-year old Negro from Anton, was fined \$25 and court costs last week for aggravated assault. He was arrested by the Farmer County Sheriff's Department Wednesday and tried Thursday in J. R. Thornton's justice of peace court at Farwell.

The assault was on a woman, who lives near Farwell.

One other arrest made by the sheriff's department involved a Friona man, Allen Reece Gipson, 50. Gipson was picked up in Farwell Sunday and charged with drunkenness. He was fined \$20.50 in justice of peace court Monday.

One wreck was also reported by the sheriff. The accident occurred at 9 a. m. Sunday at the intersection of Highway 60 and the state line road in Farwell. A 1959 Ford, being driven by Monroe Vinson, Muleshoe, collided with a 1961 Volkswagen being drive by Don Owen of Amarillo.

Owen was travelling west on 60 and Vinson was approaching the highway from the north. The Muleshoe man pulled onto the highway into the path of the oncoming car. Vinson was cited for failure to yield right of way.

Damage to both vehicles was estimated at \$100.

at the Texico high school softball field.

The highschool girls chalked up one win and one loss in the first games of the season. Thursday they lost to Grady by one point in a thrilling overtime game played at Grady.

Georgina Lambert pitched the entire game. Texico jumped to an early lead as they came across with a run in the first, but fell behind in the second, fourth and fifth innings when the Grady lasses pushed across four runs.

Texico's girls made another stab at victory with two in the fifth and one in the sixth. The score stood 4-4 until the eighth inning when Grady managed to push a run across for the winning run.

Friday afternoon the tables were turned as the Whirlwinds held on to a one run lead to win over the Logan girls. Logan collected two runs in the second inning and held on to the lead until the fifth when two Texico runs came across. The third one was added in the sixth inning. Georgina Lambert again was pitcher.

The junior high boys and girls teams have each played two games with one win and one loss. The boys won over San Jon 13-12 and lost to Grady 9-3. The girls lost to Melrose 9-8 and won over Grady 16-6.

ence and the total destruction of godless Communism in America and throughout the world."

While these are not all of the beliefs that were listed, they will give you a general idea of what this independent organization stands for. Most of the principles set forth are sweeping, far-reaching proposals which are so bold that they would have to be labeled as

radical.

Radical in the sense that they are so different from the general trend in America today. However, it doesn't take a brilliant historian to see that many of these principles are the same ones that motivated this nation's founding fathers.

Because the independent doctrine varies so much from the thinking of most of our average citizens and politicians, this new organization does have a formidable task.

A person's first thought would probably be that they don't have much of a chance. The odds are too great.

Of course, there are a great number of people, I'm sure, who share their general views. In Texico-Farwell I've found a sizeable element which shares some of these beliefs and many of them have been lamenting that they do not know what to do about the situation which exists in this country today.

If these people are firm enough in their convictions that they want to do something about it, they may now be able to find a home. The opposition is great, but the only way to stop the fast-moving socialistic express is, for those who are opposed to it, to try and do something about it.

B Team Wins Second Game

In a game at Farwell stadium last Thursday night, the Farwell B team rolled over Bovina's B team 30-0. It was the second straight win for the Steer second-stringers who defeated Clovis the previous week, 6-0.

The Farwell Junior High team made it a clean sweep for the night. They topped the Bovina juniors 14-6 to even their season's record at 1-1. The Yearlings lost their first game to Gattis Junior High of Clovis, 26-6.

WITH THE COUNTY AGENT

JOE JONES

Mr. Mock with Santa Fe Railroad was by my office this week to report that they were well pleased with results they got using Benzabar on bindweed on the railroad. He feels 95% of the weeds are killed where they treated on 36 miles of road between Farwell and Summerfield. Two miles was under water and was not treated, but he plans to complete the job in 1961 by getting the two miles missed and going back over the other.

Don't forget you are to report any bindweed along the right-of-way to your station agent in Farwell, Bovina, Friona or Black. The station agent will in turn report the plot to the Division Engineers Office in Amarillo.

cants have been more effective in preparing cotton for stripping.

1. What is a desiccant?
A. A desiccant is a chemical material applied to cotton for the purpose of drying the leaves in preparation for stripper harvest of the open bolls.
2. How do desiccants differ from the action of true defoliants?
A. Desiccants do not cause all the leaves to fall to the ground. Because of faster action on the tissue of the leaf, it may dry and stick on the stalk.
3. What are the recommended desiccants?
A. Pentachlorophenol and Arsenic Acid, usually 75%, have been very effective.
4. When should the desiccant be applied?
A. Cotton should be fully mature, 60 to 80% open and preferably 90% open. "Penta" is applied with diesel oil after the dew dries. Arsenic Acid is applied with water and can be applied under conditions of higher humidity than "Penta."
5. What is the cheapest material for use as a desiccant?
A. Commercial preparations containing about 75% arsenic acid.
6. Is Arsenic Acid poisonous to man and animal?
A. Yes, it is very poisonous and the safety directions on the manufacturer's label should be followed. It is also corrosive to equipment. Sprayers should be flushed with water and baking soda solution after each spraying. Black pipe is less corrosive than galvanized. Copper, aluminum, etc. is still less corrosive.
7. Is there a safer material to desiccate cotton?
A. Penta (Pentachlorophenol) is safer and does a satisfactory job with favorable weather (hot and dry), but is more likely to require two applications. A shower before penta completes its action reduces its effectiveness.
8. How do you tell if a second application is necessary?
A. At the McGregor Experiment Station, they recommend retreating if more than 4% of the old leaves are still green. The better grades will pay for second treatment.
9. Can the cotton field be grazed after desiccation?
A. The answer is no, especially if arsenic acid was used. Also, if the stalks are shredded, the insect situation will be improved.
10. Is there any danger from drift in spraying desiccants?
A. A wind will drift the desiccants if it is strong enough. Arsenic Acid may drift into grazing areas and endanger livestock. Home plantings, vegetable, flowers, shrubs and trees might be damaged by any desiccant.

SOME FARMERS are as religious about keeping weeds out of their grain sorghum fields as they are their cotton. Actually, it all depends on the situation. The weed infestation, the crop prospects, and the going rate for hoe hands are some factors to consider.

Continuing on a course similar to years past, the 1960 grain sorghum crop in Parmer County will most likely be the "biggest ever."

There are more than 250,000 acres of grain sorghum in the county this year and most of the fields are covered with large, heavy heads, which are rapidly reaching maturity. A few sample loads of grain have already been harvested and combining is expected to begin in earnest within the next two

or three weeks.

Last year saw an all-time high production of better than 20 million bushels, and this year's harvest should at least be as good and it will probably exceed that total, according to the pre-harvest estimates.

Increased grain sorghum production has been a trend for a good many years, especially during the last decade, which has seen huge increase in the number of bushels harvested. This has come about not so much from increased acreage as it has been from improved farming methods.

In 1950, on irrigated fields the average yield was 2,500 pounds per acre, while in 1960 the sorghum fields are expected to yield an average of 4,500 pounds. That's an 80 percent increase of per acre yields.

According to Parmer County Agent Joe Jones, increased yields have come about mainly because of: 1) fertilizer, 2) better land preparation, 3) improved watering methods, 4) improved varieties and 5) generally better farming methods practiced by everybody.

The average yields on irrigated fields during the past few years would hardly have been considered possible a decade ago.

However, this phenomenal grain output has not been a real bright spot of the county's economy, in spite of the fact that, of more than 400,000 acres of irrigated farmland in Parmer County, the biggest percentage is planted into maize.

Since 1955, the government price support has been declining regularly and last year it dropped to an all-time low of \$1.32 per hundred pounds. That's less than half of what the price support was a few years ago, so the harvesting each year of bumper crops has not made for more money in the sorghum-producers pocket.

In fact, the net profit has been somewhat less.

Improved farming methods naturally cost the farmer more

money to produce his crop and it has been questionable whether the market price warrants all the money and effort that goes into it.

There has been considerable talk about trying to replace grain sorghum with other crops, and this has been done on a relatively small scale. One of the most recent efforts has been the growing of vegetables, and while this and other "new" crops have met with some suc-

cess, none of them has even begun to dent the large sorghum acreage.

So, once again, in spite of the sliding price, grain sorghum is the county's "money crop."

And, thanks to all the improved farming methods, as well as a most favorable growing season, the 1960 crop will quite likely make for new figures in the record books and overflow Parmer County's vast storage facilities.

Annual Soil Conservation Tour, Banquet Planned

Plans have been completed for the annual soil conservation tour and banquet. These two events are looked forward to with a great deal of enthusiasm by farmers and businessmen in this area. Those making the tour will have an opportunity to see many of the latest innovations in farming.

worked out for the tour which will begin at the Soil Conservation Office in the American Legion Building in Friona. The entourage will leave this office at 1:15 p. m. Monday, September 26. Joint sponsors are the Soil Conservation District, the Extension Service and the Soil Conservation Service.

visited are those of Arthur Drake, Elmer Euler, Bruce Parr and George Warner. Projects that will be viewed and discussed include lake pumps, concrete pipeline repair, sugar beets growing and several varieties of grain sorghum and grasses being grown for seed and growing.

of the annual essay contest. Tickets for the banquet may be secured from Steve Messenger, secretary, or any of the following Soil Conservation District supervisors: A. L. Black, Bruce Parr, T. O. Lesly, Dean McCallum and Robert Calaway.

During the afternoon there will be a rest stop and Gifford Hill Western will serve refreshments.

Anyone in the area who is interested in learning more about farming practices will be welcomed on this tour.

Guest speaker at the annual banquet in the Friona High School Cafeteria at 8 p. m. Tuesday will be Max Carriker, state representative from Roby. A musical program will be directed by Mrs. Roy V. Miller Sr.

Awards will be presented to those who have done outstanding work in soil and water conservation and to the winner

Recharge Continues To Pay

Seventy-nine acre feet of water was drained by gravity flow into the underground water sand from the playa lake on the High Plains Research Foundation at Halfway between July 4 and August 4, 1960. Since June 19, 1959 one hundred and eight-five acre feet of lake water has been stored in the underground sand from the lake.

The value of one acre foot of water applied to cotton has been estimated at \$65.00 an acre foot. If this 185 acre feet of water had been used to irrigate cotton the value of the water thus applied would be \$12,025.00.

This water thus stored was saved from evaporation and added to the underground water supply for future irrigation. This added water supply will be the first used in subsequent irrigations.

The recharge process, bench leveling, and other water conservation research will be displayed at the Foundation's Fourth Annual Field Day on Wednesday afternoon, September 14th.

The HAPPY HOMEMAKER

BY JUNE FLOYD

Many homemakers are busy at this time of year putting the finishing touches on canning and freezing vegetables and fruits for winter use. It would probably be surprising to know the amount of food that has been preserved and stored during the past few months in this area.

Possibly the most popular by-product of home grown tomatoes is tomato juice. Green tomatoes are used in various kinds of relish. For a green tomato relish that is very tasty, try the following recipe:

RELISH SPREAD
 1/2 gallon green tomatoes, ground
 1 pint green peppers (sweet), ground
 1 pint red peppers (sweet), ground
 1/2 pint ground onions
 5 teaspoons salt
 1/4 teaspoon celery seed
 1 pint vinegar
 1 pint sugar
 1 quart mayonnaise
 1 pint prepared mustard
 Mix tomatoes, peppers, onions and salt. Allow to drain overnight in a cloth bag. Add celery seed, vinegar and sugar. Cook 25 minutes, stirring oc-

asionally. Let cool and stir in mayonnaise and mustard. Pour in jars.

Another tasty relish is VEGETABLE CHOP RELISH

12 medium onions (4 cups ground)
 12 medium potatoes (4 cups ground)
 1 medium head cabbage (4 cups ground)
 12 green peppers (5 1/2 cups ground)
 6 red peppers (2 3/4 cups ground)
 1/2 cup salt
 6 cups sugar
 2 tablespoons mustard seed
 1 tablespoon turmeric
 4 cups cider vinegar
 2 cups water
 Mix all vegetables and sprinkle with salt. Let stand overnight. Drain. Combine remaining ingredients and pour over vegetables. Heat to boiling point and simmer three minutes. Seal in hot jars immediately. Makes 8 pints.

or any cleaner.

Two pies that are very simple to make yet different from the usual run of pies are good for right now or will be very good for that Thanksgiving or Christmas dinner you are making plans for.

CRANBERRY CASSEROLE PIE

Pastry for single crust pie
 2 3/4 cups sugar
 1/2 teaspoon salt
 1/4 cup flour
 3/4 cup water
 4 1/2 cups cranberries
 Juice and rind of 1 lemon
 Line baking dish (6 1/2 x 10 inches) with pastry. Combine sugar, salt, flour; gradually blend in water and heat to boiling. Add cranberries; cook until skins begin to pop. Remove from heat; add lemon juice and rind.

Cool 1/2 hour. Pour into pastry-lined pan. Top with triangles of pastry. Bake in hot oven (425 degrees F) 35 minutes. Cool pie on rack. Cut into 6 squares for serving.

MERRY CHRISTMAS PIE

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Next Monday afternoon, September 26, the annual "Soils and Crops Tour" will be held. This tour will be conducted by the Soil Conservation District, the Extension Service and the Soil Conservation Service.

The tour will form at the Soil Conservation Service office in the American Legion building in Friona and will leave at 1:15 p. m. to visit the farms of Arthur Drake, Elmer Euler, Bruce Parr and George Warner. Projects to be visited include lake pumps, concrete pipeline repair, sugar beets and various varieties of grain sorghum and grasses grown for seed and grazing.

Refreshments for those making the tour will be provided by Gifford Hill Western.

The annual Soil Conservation district banquet will be held Tuesday evening, September 27 in the Friona High School cafe-

thick. Remove from heat; add softened gelatin, stirring to dissolve. Chill until mixture begins to thicken. Add flavorings. Fold in whipped cream. Beat egg whites until foamy; gradually add remaining 1/2 cup sugar, beating until stiff. Fold into pastry shell and chill until firm. Fill remaining coconut on top. Makes 6 to 8 servings.

teria. Guest speaker will be Max Carriker, state representative from Roby.

Awards will be presented to those who have done outstanding work in the field of water and soil conservation and also to the essay contest winner. A musical program will be directed by Mrs. Roy V. Miller Sr.

Tickets for the banquet may be obtained from the following SCD supervisors, A. L. Black, Bruce Parr, T. O. Lesly, Dean McCallum and Robert Galaway or from Steve Messenger.

Talley Utilizes Profit Planned Lake Pump

Calvin Talley, who farms over a section of irrigated land northwest of Friona is pretty proud of his Byron Jackson lake pump which was recently installed on his land by the Farmer County Pump Company. The four-inch BJ pump, powered by a 1950 Ford 6-cylinder combine motor, is pumping 1,100 gallons of water per minute through 1,000 to

7,000 feet of concrete pipe which reaches almost every part of the Talley property. The pump is installed on a tank, dug by Talley who is in the earth-moving business in addition to his farming activities, and stores tailwater from approximately 15 irrigation wells. This "waste" water enables this pump to operate con-

individual should take the initiative in developing industry and family income interests. The view of Farm Bureau people, from the individual member to the national level, is that the individual should be given the opportunity to seek his level of livelihood by exercising his initiative in the realm of private or public employment.

That is, if he wants to work for the other fellow, who chose to invest his funds and try, through good management and judgment, to increase the value of the investment, he can do so, without asking anyone but the employer. If that individual wants a better income than he started at, he should be entitled to higher pay when he demonstrates to his employer that he is making his employer more than he was when he started.

If the employed individual is not making his employer more than when he started, he should understand that another man, who may not have been working as long as he, may be entitled to an increase in pay because he is willing and able to produce more. And, if the employer needs to increase or decrease his number of employees to suit the needs of his productive machine, he should have that right.

Resolutions being prepared by Gilbert Kaltwasser and his committee for the consideration of Parmer County members include reiteration of one that has been presented before: allowing the farmer, whose income fluctuates greatly because of natural, uncontrollable conditions, to average his income over a five year period for income tax purposes.

Probably to be presented, is a resolution calling for the elimination of the "Weed Spray Law" which requires possession of a certificate that

Farm Production Expected To Remain High In 1960

John McHaney, extension agricultural economist, has recently completed an analysis of the 1960 economic situation as compared to the economic situation of 1959. Agricultural production, business conditions and other economic factors affecting agriculture are compared by the specialist.

Another year of high agricultural production is forecast by McHaney. He says that the total crop output in the United States will probably equal the all-time highs of 1958 and 1959, and that the total production of livestock and livestock products will probably be close to that of last year. 1960's wheat crop will probably be the third largest on record, McHaney continues.

The supply of feed grains

shows the number of acres to be sprayed, but offers no protection to those who may be damaged because of the spraying. The certificate costs ten cents per acre.

Farm Bureau members believe that every farmer should inform himself of the activities of farm organizations in the area, and become a member of the one he believes to be operating in the interest of a better America and a better agricultural opportunity for all farmers. Farm Bureau makes every effort it can muster to get the ideas of its members so that those ideas will be the policies guiding the legislative and other activities of the organization at all times.

You are urged to be in attendance at the annual Parmer County Farm Bureau Convention at the Oklahoma Lane Community Building on the night of October 6, 1960.

Consider this: Even a child is known by his doings, whether his work be pure, and whether it be right. Proverbs 20:11.

and other concentrates will probably exceed last year's record supply. Rice supplies for the 1960 marketing year, which began August 1, are expected to be below those of last year.

A smaller number of layers and tighter egg supplies will probably keep egg prices for the rest of 1960 higher than those of a year earlier. Hog slaughter for the rest of 1960, McHaney continues, should remain below that of a year earlier and prices should begin to improve.

In his comparison of business economic conditions, the economist reports that personal income for the second quarter of 1960 showed an increase over personal income for the same

period of last year. Civilian employment for the second quarter showed an increase over the same three months of 1959.

This same period showed retail sales and sales of the food group gained over last year. Industrial production, however, remained about the same for the second quarter of both years.

On the debit side, housing starts and construction outlays for the month of June showed a decrease from June, 1959, levels. Unemployment and consumer credit outstanding for June of this year were higher than for the same month of 1959, McHaney says.

Results Of Silage Feeding Program Announced

A recent study has revealed that when silage instead of hay was fed to dairy cattle, 5 pounds less total digestible nutrients (TDN) were required to produce 100 pounds of 4 per cent milk, reports A. M. Meekma, extension dairy husbandman of the Texas A&M College System.

Although cows ordinarily eat more hay than silage on a dry-matter basis, nutrients from silage are apparently used for milk production more efficiently than those from hay, the specialist continues. Although the reason for this more efficient use of silage nutrients is not known, the fact that the efficiency does exist tends to offset the lower dry-matter intake found when silage is given as the only forage.

The specialist adds, however, that for best results some hay should be fed along with silage.

Recent tests have also shown, Meekma continues, that almost 10 per cent more dry matter

can be recovered in silage made from finely chopped forage instead of coarsely cut forage.

How Much Can I Pay For A Bull?

Are you planning to buy a new beef herd bull and wondering just how much you can afford to pay for one? Tom Prater, extension farm management specialist, says that you can pay up to \$976 for a beef herd bull that will increase your calves' weaning weight by 15 pounds, assuming 24-cent calf prices. This figure would rise to \$1,108 with 30-cent calves, and it would decrease to \$910 with 21-cent calves.

These calculations are based on the assumption that you would pay \$450 for a bull of the same quality as your present herd—a bull that would neither increase nor decrease weaning

weights of your calves, Prater explains.

The computations are based on genetic expectations and the actuarial determination present values of future production. It is assumed that 20 offspring from the selected sire will be sold each year, and that 5 offspring from the daughters will be sold each year for 5 years. The daughters' offspring average weaning weight is increased by 17 1/4 pounds.

The selected herd sire is kept in production for three years.
