

FROM THE HOPPER

BY HOP JR.

Jac Kennedy went to Paris and now all the American women not only are stuck on her hair-do, but want to drape their shape like her also. At least, so say the fashion reporters in the newspapers.

It always amazes me to see the things that motivate style and fashion in this country. I think it makes an interesting study in the foibles of human nature.

I don't mean to suggest criticism at the ladies for the vacillations in their tastes. After all, the psychologists tell us menfolk that it's all for us that they squeeze and pad and paint and drape their physical selves. That's not much consolation when the effect on the family budget is noted, but I guess we fellow really wouldn't want it any other way.

This is probably just another sign of age creeping up on me, but it seems like women are getting better looking every year. I'm not sure whether the fashion and cosmetics people get credit for this manifestation or whether it has a biological connection, but at least it's an interesting trend to watch. Men's styles are subject to change too, although I can't see that they differ as violently as women's from one season to the next. I say a guy at the swimming pool the other day who looked like he might have been assembled in sections.

His arms were red, as were his legs from the thighs to the ankles. It didn't take much detective work to figure out that this fellow had likely exposed himself to the onslaught of summer in a pair of Bermuda shorts and short-sleeve shirts. I hope he manages to get a nice even tan after his blister peels off.

Something that's hardly ever seen anymore around these parts is the towheaded boy with a big white X in the middle of his sun-browned back. That's another style that's gone by the boards for menfoks, or we should say young menfoks.

When I was in gradeschool the standard and accepted regalia was a pair of Big Smith overalls. Throw in socks, shorts, and a T-shirt, and a boy was in business in those days. Today, I notice that the boys in the Graham household are forever looking for their belts. And, Mama Graham will testify that she can never keep the buttons on their shirts and trousers.

Levi's may have replaced Big Smith in the schoolroom, but I'll venture to bet the striped, tough old overalls are not forgotten. In fact, they are so utterly practical for boys that some day they are certain to stage a comeback.

Their advantages were pretty obvious. First of all, they meant to Mom and Dad that the problem of growing a foot in a year, which any American boy can do with ease, did not necessarily mean a change in wardrobe. And to Mom and Dad, this used to be danged important.

You see, with Big Smith overalls, you buy them new extra big for the boy. You roll up the legs and take up the slack in the suspenders, and he's all fixed. There's nothing more to do. Nobody worries about the waistline in a pair of overalls, it's the length that counts. And as fast as the boy grows, Mom can unroll the legs and Dad can slip the clasps on the suspenders, and there you have a perfect fit all the time.

The way the clothes people make jeans for boys nowadays is a crying shame. They are so tight with their material that the parts fit him to the skin in just about every department. So, he usually outgrows his clothes before he wears them out.

We have handled this problem at the Graham household by having three little brothers to keep handing down to, but as a practical matter it probably would be just as cheap to buy more jeans.

Besides, a boy just can't get along without pockets to carry important things in, and what you can put in a pocket of skin-fitting jeans isn't anything to brag about. It's a fact that today a boy has to stand up to get his hand in his pocket to fetch his knife. That ought not to be.

There was no such calamity with Big Smiths. The front pockets were tremendous in size and always accessible. Good-sized back pockets were thrown in for good measure.

(Continued on page 8.)

Members of the street improvement committee of the Farwell Chamber of Commerce inspect proposed street signs to be erected in Farwell. Pictured from left are Jerry Bradshaw, Hurshel Harding, Dutch Quickel and Bill Christian.

City-Chamber Cooperate On Proposed Improvements

Officials of the City of Farwell and the Farwell Chamber of Commerce have agreed to cooperate on some much needed improvements to the city.

Street signs have been ordered for all intersections in the city and will be placed on the posts present signs are on. The chamber will bear two-thirds of the purchase price of the signs and the city one-third. Erection of the signs at all intersections will be by the city.

The Chamber and City are also in agreement on the erection of large signs over the highways leading into Farwell, welcoming travelers to the city. This project will be accomplished with the cooperation of the Texas Highway department.

Other projects proposed by the Chamber, and under study by the city officials, is a park, complete with tables, shade and restroom facilities on the block south of the county courthouse, and the installation of vapor lights along highway 70-84 through the city.

Also, additional paving is being discussed.

Texico School Names Top Ranking Students

The names of Texico's top ranking students have been released from the office of the high school principal, Paul Frederich.

Each year grades have compiled in the high school classes to find the student in each room with the highest average. Names of the top pupils are engraved on the school honor plaque which is kept in the trophy case.

In calculating the scores, an A plus is 12; an A, 11; A minus, 10; B plus, 9; and a B, 8.

The six top students are Iwana Wilson Taylor, senior; Dwight Turner, junior; Linda Palmtreeer, sophomore; Terry Niece, freshman; Cynthia Spence, eighth grade; and Veda Wilson, seventh grade.

Iwana Taylor, senior with the highest average, compiled a 10.833 average this year. She was active in many school functions as well as maintaining a high scholastic standing.

Glendon Moss, son of the Jim Mosses was second in the senior class with a 10.000 average. Moss was salutatorian of the graduating class, receiving the honor on the basis of his scholastic standing throughout high school.

Third high in the senior class was Gary Singleterry, son of Mr. and Mrs. Glenn Singleterry, who had a 9.500 average. Singleterry graduated as valedictorian of the class.

Dwight Turner, with a 10.250 average, is top student in the junior class. Turner is the son of Mr. and Mrs. Taft Turner.

Judy Lovett, daughter of the Troy Lovetts, was second with a 9.7000 average; and Vicki Lovett, daughter of Mr. and Mrs. Roy Lovett, was third with a 9.500 average.

Number one student in the sophomore class was Linda Palmtreeer with a 9.7000 average. Second scholastically was Georgina Lambert with an 8.800 average, and third was James Watts with 8.700.

Terry Niece was top freshman student for the year, with a 10.100 standing. Kathleen Smith was next with a 9.375 average, and third was Jackie Hughes with an average of 8.875.

Cynthia Spence and Sarah Beth Walker tied for first in the eighth grade with averages of 11.167, but Miss Spence received the honor on the basis of her six weeks test grades. Miss Walker was given second, and third was Gwinette Lovett with a 10.750 average.

Veda Wilson, daughter of the Loren Wilsons, was Texico's highest ranking student, having a 11.500 average for the year. Her average is half way between an A and A plus. Besides being a top student, Miss Wilson, a seventh grader, takes part in various school activities.

Behind Miss Wilson in second place was Teresa Luce with a 10.667 average, and Terry Lovett was third with a 10.083 grade average.

Six Twin City Teachers Awarded Scholarships

Six Twin City teachers will spend the summer as students instead of teachers, after being awarded special scholarships for summer study.

The scholarships were equally divided between the two schools, with three Texico teachers and three Farwell teachers singled out for the fellowships. Sites where the various teachers will study will include Puerto Rico, Wyoming, Indiana, Texas and New Mexico.

John Adams, social science and Spanish teacher at Texico will spend seven weeks at the University of Puerto Rico at San Juan, attending an institute for the study of Spanish. This is the second section of this institute which had its beginning last summer. Only those who attended last summer may study in this section.

The institute will be composed of 53 teachers from over the United States. The Texico teacher is the only one from the Rocky Mountain region.

Adams, who has taught social science and Spanish in the Texico school for 13 years, will apply the credit earned to his doctor's degree. He received his master's degree from Eastern New Mexico University, Portales.

Bob Teel, science instructor in the Texico school system for the past two years, will attend the University of Wyoming at Laramie.

His scholarship, coming from the National Science Foundation, will enable him to study radiation biology.

There will be 20 persons participating in the eight weeks' study which begins June 19.

Similar studies are being conducted at the University of Kansas and the University of New Mexico.

The third Texico teacher, Gerald Wilkinson, will receive graduate credit on a scholarship from the National Science Foundation. He will study mathematics at Purdue University, La Fayette, Indiana, July 18 to August 11.

Wilkinson has taught mathematics in the local school for three years, coming to Texico from Swink, Okla. His wife, Olena, teaches fourth grade at Texico.

Calvin Murray, mathematics instructor and coach at Farwell for the past 8 years, received a National Science Foundation fellowship to study at the University of New Mexico this summer.

The eight-week course will begin June 21 and run through August 15.

Murray, who received his master of education degree at West Texas State College at Canyon, will apply credit received from the summer course toward a second master's degree, which will be in math.

Two years ago, he received similiary summer work at West Texas State College.

Eugene Dew, high school science teacher at Farwell for the past three years, will attend an eight-week science institute at Eastern New Mexico University in Portales.

Dew was the recipient of a similiar scholarship to study at Southwestern at Weatherford, Oklahoma, last summer. He will begin studies June 12.

Farwell's third teacher to receive a scholarship was Jack Gray, director of the high school band this past year.

Gray received a scholarship in counseling, and will study at Stephen F. Austin College at Nacogdoches.

No further information was available on Mr. Gray's scholarship.

Funeral Today For W.D. Howard Sr.

Funeral services for Walter D. Howard Sr., a resident of Texico since 1959, were conducted at 2 p.m. today (Thursday) at the Farwell Church of Christ. Burial was in Lawnhaven Cemetery with Steed Funeral Home in charge of arrangements.

WALTER D. HOWARD

Mr. Howard, who was 64 years of age, passed away Monday evening in the Clovis Memorial Hospital after a sudden illness.

Survivors include his widow, Ethel; two sons, W. D. Howard Jr., of Texico and Bob Howard of Clovis; two daughters, Mrs. L. C. Turner of Farwell and Mrs. Don Kennedy of Clovis.

Also surviving are one brother, J. C. Howard Sr., of Texico, one sister, Mrs. Bue-lah Smith, Lexington, Oklahoma, and seven grandchildren.

Mr. Howard had various business holdings in Clovis for the past thirty years.

Pallbearers were nephews and honorary bearers included Joe Sisler, Frank Meier, J. T. Gunn, R. B. Worthington, Jess Britt, E. C. Armstrong, N. L. Tharp, John Aldridge and Sam Aldridge.

SNOW? IN JUNE? Not really, but just enough fall to look like snow. Michael Kent Gast, son of the Smokey Gasts, is looking for a "snowball" fight, after making a ball from hailstones, gathered in the yard after Saturday afternoon's storm. Little damage was reported in the Twin Cities, however, several farmers reported heavy crop losses.

118 Notaries Public Appointed In County

Hugh Moseley, Parmer County clerk, this week released the names of 118 county citizens who have received appointments as a Notary Public.

Of the total, seven persons received their appointments for the first time and 111 were re-appointed for the new term beginning June 1, 1961 and ending June 1, 1963.

The notaries are as follows:

- | | |
|---|---|
| John Aldridge, Sam Aldridge, Charles E. Allen, Oneda Allen, John Baca, C. S. Balnum, Flake Barber, Ruby Barnett, Oscar Baxter, O. D. Bingham, Dean Blackburn, Christian Braxton, Loyde A. Brewer, Aubrey Brock, Earlene Bullock, R. J. Camp, Lee A. Campbell, E. R. Coffman, Douglas Connelly, John R. Cook, Zola Cranfill, Mary Lea Crume, R.G. Davies, Nell Davis, I.V. Day, Weldon Dickson Pearl M. Dodson, Joe B. Douglas, Arthur M. Drake. | Mrs. Dorothy Eason, Maudene Edelman, Warren Embree, Dan Ethridge, Frances Euler, Raymond Euler, June Floyd, James P. Fortenberry, Jean Gilliam, Robert N. Ginsburg. |

Services Today For Mrs. Carrie Faville

Mrs. Carrie Faville, resident of Texico for more than 25 years, passed away Tuesday morning at 9:30 in the Clovis Memorial Hospital where she had been a patient since April 29.

Mrs. Faville who was 89 years of age at the time of her passing, moved to this area in 1910 with her husband, the late Baker O. Faville, after they had traded land they owned near Carlsbad for Texico's only drugstore, which is now operated by their son, Leroy.

Mrs. Faville was born on February 24, 1872 on a farm near Nashus, Iowa. She was one of four daughters born to Mr. and Mrs. I. Hake.

She and her late husband were married on December 14, 1904,

MRS. CARRIE FAVILLE

and celebrated their golden wedding anniversary in 1954 shortly before he passed away.

Mrs. Faville, a member of the Central Church of Christ in Clovis, is survived by one son, Leroy of Texico, a granddaughter, Mrs. Sherron Shawn Stephens both of Canyon.

Funeral services were conducted today, Thursday, at 3 p.m. in the Charles V. Steed Memorial Chapel with the Rev. R. C. Bolton, former minister of the First Christian Church in Clovis, and Ebb Randol, minister of the Farwell Church of Christ, officiating.

Burial was in Lawnhaven Cemetery with Steed Funeral Home in charge of arrangements.

Pallbearers were Alvin Mace, John Armstrong, Paul Wurster, Olan Schleuter, Loyd Cain and Truman Kittrell.

Bible Schools Provide Activity For Youth

Devotionals, handcraft, singing and games are but a few of the things that have been occupying boys and girls in the twin cities, as churches in the surrounding area have their vacation Bible Schools.

CALVARY MISSIONARY BAPTIST CHURCH Bible school began on May 29 at the Calvary Missionary Baptist Church in Texico, and will close Friday, June 9, with a program at the church at 8 p.m.

Theme for the school is "Living By God's Time." The closing program will include skits, talents and songs and a display of handcraft.

HAMLIN MEMORIAL METHODIST CHURCH Mrs. Joe White, superintendent of the Methodist Vacation Bible School reported that 67 youngsters enrolled at the school which began June 5.

An open house and tea will conclude the school at 4:30 Friday afternoon.

Pupils have been meeting from 9 to 11 a.m. each morning. FARWELL FIRST BAPTIST CHURCH One hundred pupils registered on the first day for Vacation Bible School at the Farwell First Baptist Church. The school began Monday,

June 5 and will close June 9, with commencement Friday evening at 8. Rev. J.L. Bass is principal for the school. OKLAHOMA LANE METHODIST CHURCH Mrs. Donald Christian is superintendent of the Oklahoma Lane Methodist Church

(Continued on page 8.)

Park Proposed For Farwell

The Farwell Chamber of Commerce has received an OK from county officials to build a city park on county property immediately south of the courthouse.

They have also been promised a cash donation for the project, but much more will be needed to complete it.

This is a project that every civic organization and every citizen of Farwell should get behind. Rest rooms have to be built, tables need to be erected, there is landscaping to be done, and year-after-year maintenance.

Such a park will keep many citizens right here in town when

(Continued on page 8.)

Contests To Begin At New-Tex Pool

"Goldfish" contests will begin Tuesday at 3:00 at the New-Tex swimming pool in Texico, according to pool manager, Dan Truelove. Several goldfish will be turned loose in the water at that time, and free passes for a week will be given to each person catching a goldfish. The contests will be held each Tuesday.

Another new feature at the pool will be adult night, which will begin Thursday at 5:30. At that time only adults or children accompanied by adults can swim.

The pool, located four blocks north of Wheeler Avenue (Clovis highway) on the State Line road, opens each day at 1 p. m. and

closes at 6:30. However, Truelove says opening on Sunday will be set back to 1:30 in the near future. Admission is 40¢ for anyone thirteen or older, and 25¢ for anyone under thirteen.

Vernon Thigpen, son of Mr. and Mrs. F. S. Thigpen of Texico, and Bill Roth, son of Mrs. Tena Roth also of Texico, are lifeguards. Both have completed the Red Cross course on life saving and water safety.

One rule pointed out by Truelove, is that every woman or girl must wear a bathing cap while swimming. The rule is set up by the state, along with other rules, which are in effect at the pool.

Rural Letter Carriers To NM State Convention

"A Wonderful Convention" was the remark made by rural letter carriers from this area who attended the 1961 annual convention of the New Mexico Rural Letter Carriers and its Ladies Auxillary held June 2, 3 and 4 at the Alvanado Hotel in Albuquerque.

A highlight of the convention was the philatelic exhibit, the priceless stamp collection from the Post Office Department in Washington, D. C.

National officers at the convention were H. F. Alfrey, National Committeeman, Godley, Texas; and Mrs. Rial Rainwater, Executive Board Member from Cushing, Okla.

Postal officials attending were Carl H. Pollock, Acting Organization Management Officer, Denver Regional Office, Denver; Leland Mitchell, New Mexico Field Services Officer, Albuquerque; William Obrist, Postal Inspector, Denver District Office, Albuquerque; Emmitt Gone, Field Officer, Albuquerque; and Postmaster, John McFarland, Albuquerque.

Guest speaker at the joint opening session was Robert Griego, New Mexico State Highway Department C. H. Pollock of Denver was speaker for the banquet.

Children attending the convention had a full schedule as well as the adults, with a trip to the zoo, swimming pool, movies and appearing on the children's program on TV Friday all in their schedule.

Outstanding event of the ladies meeting was the presentation of the new auxillary banner which replaced the 26 year old banner which had been displayed at 24 national conventions and 26 state conventions.

The new banner was designed by an artist member, Mrs. Ralph Rodriguez, Santa Fe.

Theme for the Ladies' convention was "The Benefits of Being an Auxillary Member." Mrs. Rial Rainwater and Mrs. Walter J. Decker, past National Auxillary President from Ft. Sumner provided leadership for the programs.

Officers who will serve the New Mexico Rural Letter Carriers Association during the 1961-62 year include Loren Wilson, Texico, secretary-treasurer. Mr. Wilson was re-elected to the position, having served in that capacity last year.

President is A. B. Perkins, Lovington; E. J. Bible, Dexter, vice-president; and executive board members are Richard Lotz, Roswell; Jimmie Woolley, Gladstone; Robert Newell, Albuquerque; and Mrs. Roy Brooks, Anthony. NuMex editor is Melvin Burns, Texico; Chaplain, Clyde Nihart, Lake Arthur and Provident Guild Director, Mrs. Marvin Purcell, Floyd.

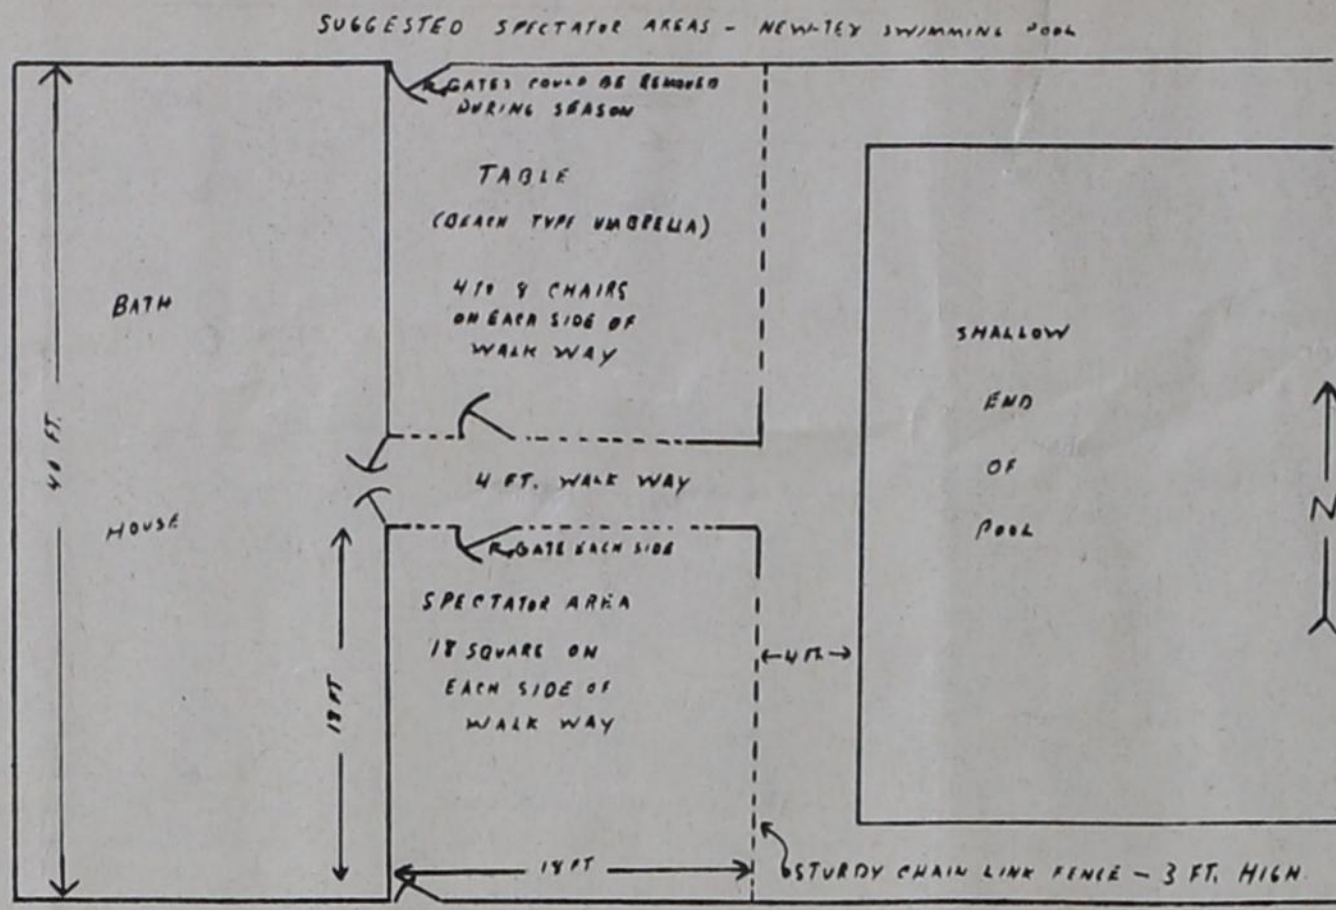

Mrs. Loren Wilson from Tex-

ico was re-elected president of the auxillary, with Mrs. Melvin Burns, also from Texico re-elected secretary-treasurer. Mrs. Jimmie Woolley, Gladstone is vice-president and executive board members are Mrs. Richard Lotz, Roswell, Mrs. Robert Newell, Albuquerque; and Mrs. B. A. Cook, Deming, Provident Guild co-director, Mrs. J. F. Cannon, Elida.

Rural carriers, their wives and families attending the convention from Texico included the Melvin Burns and Loren Wilson families.

Mrs. Loren Wilson will be the New Mexico Ladies' delegate at large and Loren Wilson, the association delegate, to the National RLCA convention in August. The convention will be held at the Hotel Dinklen-Plaza, Atlanta, Georgia.

IT PAYS TO BE HEALTHY
Follow These Tips

N. L. Tharp, prominent Texico citizen, has received an OK from the town of Texico and the New Mexico Department of Health on his proposed spectator area improvements at New-Tex Swimming pool in Texico. Tharp will build and donate to the pool two 18-square-foot spectator areas between the bath house and pool. The area will be fenced with 3-foot chain link fence, have tables and chairs and will be shaded. Construction will start immediately.

"Dear John: Come home. Forgive and forget. I have destroyed that cherry pie recipe.--Betsie Ann."

District Manager Gives Tips On Social Security

Social security benefits may now be paid to survivors of workers who died between March 31, 1938, and January 1, 1940, if the worker had at least a year and a half of social security work before he died, says Hal Geldon, Manager of the Amarillo Social Security Administration District Office.

Before the Social Security Amendments of 1960, no monthly benefits were payable to the survivors of a worker who died before 1940.

Under the new law, if such worker had worked under social security for at least a year and a half, benefits are payable to his widow and dependent mother at age 62, to his dependent father at age 65, and to his disabled children who were disabled before they became age 18. This is true even if the family had collected the "lump sum" at the time he died.

Pleasant Hill

BY MRS. BUCK TAYLOR

Miss Carol Brown, bride-elect of Clyde Dyer, was honored with a wedding shower in the home of Mrs. Noma McCullough recently.

Homeowning Can Be Hazardous Too!

The racing car driver knows the hazards of his profession because his life depends on it.

But too often the homeowner may not be fully aware of the hazards he faces—an overloaded circuit, a careless match, or a spark from a neighbor's burning trash, could leave his home in ruins.

A tornado or explosion could wipe out his home and property.

Put your mind at ease today. Call an expert who knows ALL the hazards of homeowning. Call your local Capital Stock agent for a thorough analysis of your property insurance needs.

Reed-Carter Vows May 25

Miss Lillian Ann Reed, daughter of Mr. and Mrs. R. N. Reed of Farwell, became the bride of Ronald Dwayne Carter of Clovis, in a double ring ceremony performed by the Rev. William Hughey in the Aldersgate Methodist Church on May 25.

The groom is the son of Mr. and Mrs. E.E. Carter, Route 3, Greenacres in Clovis.

Pianist for the service was Mrs. Zimmie Carter from Albuquerque, sister-in-law of the bridegroom. She accompanied Miss Barbara Parsons who sang "The Lord's Prayer."

Baskets of palms on either side of the altar decorated the church. The gold cross on the altar was flanked by candelabra.

Given in marriage by her father, the bride wore a floor-length gown of white lace over satin, which was designed by her mother. The dress featured a high collar and long sleeves which tapered to points at her wrists. The ensemble was accented by a pleated bustle in back.

She carried a bouquet of orchids and rosebuds on a white ribbon. Her illusion veil also served as something borrowed—from Mrs. Zimmie Carter.

Sister of the bride, Joy Reed, was maid of honor. She wore a gown of blue flounced tulle over satin. A huge blue satin bow complemented the floor-length gown. Zimmie Carter from Albuquerque served as his brother's best man.

For her daughter's wedding, Mrs. Reed chose a lavender dress accented with hand embroidery. A lavender hat and white accessories completed her ensemble.

The groom's mother was also attired in lavender eyelet embroidery with a large

lavender hat and bone accessories.

Ronnie Reed, cousin of the bride from Farwell, and George Zigger Jr., were ushers.

Fellowship Hall of the church was the setting for a reception which took place immediately after the ceremony.

Mrs. Zimmie Carter provided music for the occasion. Joy Reed attended the guest book and Misses Beverly Reed and Billie Lightfoot served traditional wedding cake and punch from a table which was centered with a white flowered centerpiece.

For going away, the bride chose a two piece blue linen dress with white accessories.

Miss Reed attended school at Texico, and was graduated in 1957 from West Fork, Arkansas. She also attended Texas Tech College in Lubbock, the University of Arkansas at Fayetteville and Eastern New Mexico University in Portales. Before her marriage, she was a teacher in the West Fork public schools.

The groom is a 1951 graduate of the Lowell, Oregon high

The Women's Page

ANITA HENSON, Society Editor---Phone 481-3681

Mary Sanders Weds Robert Hukill, June 3

Miss Mary Sanders and Robert Hukill were united in marriage by Rev. Jimmy McGuire at the West Camp Baptist Church Saturday, June 3 at 3 p.m. Parents of the couple are Mr. and Mrs. Lewis Sanders of Muleshoe and Mr. and Mrs. Charles Hukill of Farwell.

The bride, given in marriage by her father, wore an afternoon dress of white lace over satin which featured short sleeves and a billowing skirt. The scalloped neckline was outlined with miniature roses.

A pearl studded tiara held her fingertip veil of illusion, and she carried a white Bible topped with a white orchid, blue feathered carnations and white stephanotis.

Mrs. Doyce Hutson, sister of the groom, was matron of honor, and best man was Doyce Hutson, brother-in-law of the groom.

Other members of the wedding party were Sharon Kay Henderson, flower girl, and Bryce Pate, ring bearer. Karen

Stevens registered guests. Traditional wedding music was played by Billy Fields who accompanied Dorothy and Virginia as they sang "Whither Thou Goest," "I Love You Truly," and "The Lord's Prayer."

For her daughter's wedding Mrs. Sanders wore a greensuit with beige accessories. The groom's mother complimented her blue dress with white accessories. Both women wore corsages of gardenias and feathered carnations.

For traveling the bride chose a blue dress with white accessories and wore the orchid from her bridal bouquet.

Miss Sanders is a graduate of Muleshoe High School, and her husband graduated at Farwell. He also served in the navy. The couple is making their home in Lubbock where he is employed.

"Civil Defense" Topic For Meet

"Civil Defense" was the topic chosen by Joe Jones, county agriculture agent, when he addressed the Oklahoma Lane Farmerette Club and their husbands Saturday evening.

Jones showed pictures in illustrating his talk. Miss Ettie Musil, county HD agent, followed up Jones' talk with a discussion on preparing foods for a fall out shelter.

Following the program, a short business meeting was conducted. Refreshments of barbecued hamburgers and all the trimmings were served by the host and hostess, Mr. and Mrs. Leon Billingsley.

Companion Class Meets Tonight

The Companion Sunday School class of the Texico Baptist Church will meet at 8:30 tonight, Thursday, in the home of Mrs. Frances Boling.

All members are urged to attend the meeting.

Pre-Nuptial Shower Given Miss Sprowls

A shower honoring Miss Patsy Sprowls before her marriage to Jerry Dee Owen Sunday, took place Thursday afternoon at the Farwell First Baptist Church.

Lilac and orchid, chosen colors of the bride-to-be, were

used throughout in decorations. A white crocheted cloth over orchid covered the serving table which was centered with an arrangement of orchid, lilac and white flowers in a crystal vase. Lilac candles in crystal holders flanked the central arrangement.

Individual squares of white cake iced in white and topped with tiny orchid flowers were served with grape punch, nuts and mints by Belva Christian and Mesdames Don Pool and Derrell Norton. Orchid napkins with the names "Pat & Jerry" were used.

The honoree, her mother, Mrs. Mem Sprowls, and the bridegroom-elect's mother, Mrs. Dee Owen, received corsages made from kitchen utensils. The women helped Miss Sprowls open gifts.

Hostesses were Mesdames Otis Huggins, Bill Hubbell, Bruce Blair, L. S. Pool, Raymond Martin, Derrell Norton, Don Pool, Willie Roberts, Sterlyn Billington and Roy Calvert.

Guests were registered by Susie Trantham. Those attending and sending gifts included Mesdames A. N. Walls, Larry Cooper, R. C. Harriman, Ruby Meeks, Nadine Langston, Foster Stephens, Ollie Utsman, Ruth Routon, Ida Singleberry, Joann Getz, Elizabeth Turner, Johnnie Williams, Wanda Walker, Wilfred Quickel, Jim Moss, Jerry Henson, Harold Carpenter, Clytie Dial, John Zahn and Mabelle Lobban.

Also Carolyn Routon, Roy

and Donna Dunn, Ronnie and Randy Walker, Annabelle Hillock and Ruby, Gladys and Darlene Hromas, Pearl Gerles, Alta Gerles, Buelah McWilliams, Irene Henson, Lois Smith, Carolyn Henson, Doris Johnson, Beverly Obenshaif, Mae Porter, Tommie McCuan, Dixie Jesko, Ann Smith, Martha Curtis, Marian Ghormley, Pauline McDonald, Thelma Alexander, LaMoin Williams, Alice Lovelace, Addie and Walter Simpson, Mrs. O. C. Petree, Bob and Jo Hammonds, and Prof. and Doris Morton.

Also Mr. and Mrs. Don Pool, Mr. and Mrs. L. S. Pool, Mrs. Roy Calvert, Mrs. Eddie Ramm and Slice, Mr. and Mrs. Everett Christian, Barbara and Gerald Clancy, Mr. and Mrs. Mark Nall, Audie McManigal, Mrs. Effie Johnson, Belva Christian, the Vic Venables, Harry and Alta Sheets, James and Sharon Norton, Dave and Angela Daniels, Pat Smith, the Floyd Tranthams, Eunice and Jim Standley, Ella Ruth Williams and Roy Carr.

Also the V.F. Schells, Mr. and Mrs. Roy Sprowls, Charlie Sprowls, Valentine Carthage, Jan Greer, Daphna Reed, Mr. and Mrs. Mem Calvert, Mr. and Mrs. Eldridge Calvert, Mr. and Mrs. Gilbert Routon, Mr. and Mrs. Bill Swartwood, Mr. and Mrs. Charlie Rea, Mr. and Mrs. Bud Greason, Mr. and Mrs. J. O. Hyer, Mr. and Mrs. Sonny Graham, Mrs. Betty Stewart and Mr. and Mrs. A. H. Owen.

MR. AND MRS. L. C. CRUMP

L.C. Crumps Have 25th Anniversary

Mr. and Mrs. L. C. Crump of Texico will celebrate their 25th wedding anniversary Saturday, June 10.

The Crumps moved to Texico in 1935 from West Camp where they had made their home since 1948.

Mrs. Crump was born September 6, 1901 to Mr. and Mrs. J.M. Boyles. She grew up in Osage County, Oklahoma.

He was born in 1894 in Montague County, Texas and grew up in Crosby County. His parents were Mr. and Mrs. Frank Crump. His mother is still living, and resides near Hub.

Mr. and Mrs. Crump first met at White Deer in 1935.

They were married on June 10, 1936 at Socorro, New Mexico.

Mrs. Crump has one son, Louis Wilbur Warren, who lives in St. Joseph, Missouri. He and his wife have four children. Mr. Crump has five children, Norvel and Gay who live in Washington State, Leroyce and Guy from Lubbock and Mrs. V. G. Ramsey of Gallup. He has 8 grandchildren.

Mr. Crump works for Bailey County, precinct 2, driving a maintainer. He has done maintainer work most of his life, working for Lubbock and Bailey counties and for the state of Texas.

Miss Aldridge's Engagement Revealed

The engagement and coming marriage of Miss Nancy Ann Aldridge is being announced by her parents, Mr. and Mrs. John H. Aldridge of Farwell.

Miss Aldridge is now a sophomore at Western Reserve University College of Medicine, Cleveland, Ohio.

She will be married to Mr. Robert Edward Mehler son of Mrs. Frank R. Mehler and the late Dr. Mehler of New London, Iowa, on Saturday, June 17. Mr. Mehler is a junior at the same Medical College.

The Marriage will take place in St. Luke's Episcopal Church in Columbia, Missouri. A number of friends and relatives will attend.

Visitors in the Jim Moss home Monday were Mr. and Mrs. Carl Schmit from Kirtland, New Mexico.

THE HIGH PLAINS FARM AND HOME

Farmers Eye Clouds As Harvest Nears

ALREADY UNDERWAY In Farmer County this week is barley harvest, with the cutting of wheat not far off. Here, Earl Drake cuts a field of the golden-ripe small grain near Friona. Other fields of barley throughout the county are also being harvested, and it is expected that wheat harvest will start next week.

With one eye on the clouds, and the other one on the rapidly-ripening wheat crop, Farmer County farmers this week were getting ready for another harvest season.

The wheat crop as a whole, throughout the country, appears to be one of the best in a long while, and if (that's a big if) the weather is favorable, combines will probably start moving into the fields next week.

Already barley is being harvested in the county, and generally the yields have been good—a good sign that the wheat should also yield exceptionally well.

That is, it should, provided the crop can be harvested before the hail gets it.

Hail-laden thunder clouds have been bouncing around over the area for the past couple of weeks, but fortunately for the area as a whole, the storms have been spotted and damage hasn't been too widespread.

A few farmers have had their entire wheat crop wiped out by the isolated storms which, where they did strike, have been as devastating as any on record. Other farmers have suffered only slight crop damage.

Despite the numerous thunderstorms, however, in many places in the county there has been hardly any moisture.

Most recent of the hail storms to hit the area came late Saturday afternoon. Boiling up out of the northwest, the storm apparently first hit in central Curry County, then moved southeastward through Texico-Farwell, the Lariat area and on into Bailey County.

In Texico-Farwell there was a lot of small hail during the storm, which lasted for 30 minutes, but while it blanketed the area with tiny white pebbles, crop damage was not considered too extensive.

When the storm reached the Lariat area and neared Bailey County, however, the hail stones grew larger and were a little more destructive.

Baseball-size hail pelleted the area around Buck Gregory's

farm near Lariat, causing extensive damage to buildings and stripping a 215-acre field of potatoes.

There was also some wheat damage in this area, but not much, since this sandy-land area is more of a cotton area, having very little wheat acreage.

There was also some cotton damage in the area, but just how much could not be determined.

Some fields were damaged to the point where they had to be

re-planted, while others appeared as though they would come along all right.

Most widespread damage from Saturday's storm was in the Muleshoe area, and other parts of Bailey County.

Dick, age three, did not like soap and water. "Surely you want to be a clean little boy, don't you?" asked his mother.

"Yes," he tearfully agreed, "but can't you just dust me?"
... Santa Fe Magazine

NOT MASHED, BUT STRIPPED POTATOES are what Buck Gregory had on his farm following Saturday afternoon's hail storm. Baseball-size hail stones severely damaged this 215-acre field of spuds, and also caused extensive damage to several steel buildings on Gregory's farm and to his house.

WITH THE COUNTY AGENT

JOE JONES

This year's feed grains program gives us a real opportunity to clean up some of our Johnsongrass infested land. If land is badly infested summer fallow will be the cheapest program to follow. To do an effective job the grass must never get over 10 inches tall. This means cultivating at a shallow depth ever two to three weeks and perhaps more often at first. I know a lot of Johnsongrass land has been cleared up with disc type plows, but sweeps do a better job when set with a good overlap and kept sharp. Johnsongrass should be allowed to make some growth following each sweeping. The reserve food supply of the roots is used up making the new growth. If the sweepings are timed right the reserve plant food can be used up and yet the plants be cut off before they put any reserve back into the roots. A good guide to follow would be sweep when the largest grass is in the 6 to 10 inch stage.

If you plan to spot treat you can do a good job with Sodium Chlorat at 5# per square rod. Sodium dalaphon 2# per 10 gallons of water applied to Johnsongrass between the 6 and 10 inch stage will also do a good job. Usually 2 to 3 sprayings with dalaphon at about 2 week intervals will eradicate the grass. I have several good publications on Johnsongrass and bindweed control you can have for the asking. One of these bulletins is on the use of Herbicidal oils which can be very effective when used correctly.

We have a lot of interest in Soybeans this year. In checking over records of the past it looks like you can expect to average 25 to 35 bushels per acre. To date research work shows little to no increase in yield from fertilizer. It might be a good idea to leave the fertilizer off at seeding and plan to sidedress later if your beans yellow. Be sure to inoculate with the special soybean bacterial

culture. Many farmers have doubled the recommended rate of culture and report much better nodulation with the result being healthier plants and increased yields. The Hill and Lee varieties have both done good here in the county. Perhaps other non-shattering varieties have also, but I have observed these two rather close and know they have done real good. June 15 is plenty early to seed and 60 pounds per acre is a common seeding rate. Some prefer more seed and a few drop down to 40 pounds seed per acre.

Every year quite a few people find the use of hormone type herbicides like 2-4-D a must. If you are in this position you are reminded a permit for its use is required. These permits can be secured from Gene Cupp, State Department of Agricultural, 2814 34th Street, Lubbock, Texas. I have application blanks and I'm sure all firms handling these herbicides have these blanks. The best time for applying 2-4-D to grain sorghum is when it is 6 to 12 inches tall. Grain sorghum can be severely injured when smaller than 3 inches in height and 2-4-D should not be used on grain sorghum when it is in the advanced stages, particularly in the bloom stage.

If you failed to get fertilizer on your cotton and plan to sidedress now is the time to apply it. Cotton should be sidedressed in June before the first waterings which usually come in early July.

The Costume . . . Double-Fashion

Dress plus jacket—the Jeanne Durrell success formula for summer at home or traveling. The slim sheath is a wonderful fashion by itself, can take you everywhere from morning to night. Add the jacket with its buttons and beautifully made play-like buttonholes and you're ready to take off for a flight to Hong Kong. Brass and grey, or lemon with coral. Sizes 10 to 20.

Swimming Pool Grand Opening This Weekend

Grand opening of Friona's new indoor swimming pool is slated this Saturday and Sunday, reports Truett Johnson, owner of the \$60,000 recreational facility.

Special attraction for the opening will be a swimming exhibition by the Scuba Divers of Amarillo. The performance is scheduled for 9 a.m. Saturday.

The public is invited to visit the pool both days, and will be asked to enter the "Name the Pool Contest." A six-month

pass will be presented to the winner of the contest.

Free coffee, Cokes and doughnuts will be served all Saturday afternoon.

The heated pool, which is to be open the year-around, was recently completed and has been in operation for about three weeks.

Lay-Out Acreage To Gross County Farmers \$3 Million

98 Percent Sign-Up In Grain Program

Almost every eligible farmer in Farmer County signed up for the one-year emergency feed grain program, and payments for acreage taken out of production will total approximately \$3,200,000, says Prentice Mills, Farmer County ASC office manager.

Participation in the program among county farmers was probably the highest on the Plains, Mills said following the sign-up deadline last Wednesday.

Of the 1,232 farms in the county eligible for the program, contracts were written on 1,208, Mills says. This represents 98 per cent participation in the program.

About the only farms which weren't included in the program were those with very little grain sorghum acreage, Mills says.

Farmers have signed "intent to participate" agreements on 254,987 acres of grain sorghum and corn, with 93,681

acres of the total designated for diversion to a soil-conservation practice.

The intended lay-out acreage is 36.37 per cent of the total. Mills estimates, however, that once measuring is complete, the actual diverted acreage will be adjusted down to 28 or 30 per cent.

Under the program, the diverted acreage can be adjusted down to as low as 20 per cent on each farm.

Acreage measurements will start next week, Mills says, and "We'll probably be rolling at full blast by around June 18." Both the lay-out acreage and the planted acreage will have to be measured, Mills says.

The \$3,200,000 figure, which farmers will be paid for their diverted acreage, was based on the estimated 28 per cent actual lay-out, Mills says.

Of this amount, \$1,300,000 has already been paid to farmers in initial payments, Mills

says. About 80 per cent of the farmers asked for the first payment, which was half of the total amount they are to receive for participating in the program.

The remainder of the amount will be paid to farmers after they have met all requirements of the program.

On the lay-out acreage, most farmers will probably go the summer-fallow route, getting the land ready for wheat or barley this fall, Mills says.

Some will plant a soil-building crop this summer and plow it under next fall, and some will wait and plant a winter soil-building crop.

Only a few farmers are planting their diverted acreage to castor beans or sesame, Mills says.

22 Women Attend Furniture Workshop

Refinishing old furniture can be quite a hobby. At least this is the hobby of the Antique Club in Friona.

Twenty-two members and visitors of the club took part in a refinishing furniture workshop recently conducted by the home demonstration agent, Miss Ettie Musil.

During the workshop Miss Musil asked, "Before attempting to refinish old or scarred furniture asked yourself the question 'Is the furniture worth it?' If it is, then you'll need much patience to do a good job."

First step in refinishing furniture is to remove old paint or varnish. Any good paint or varnish remover may be used. Be sure to work in a well-ventilated room. A work table should be well protected with news papers or plastic cover sheets.

A new emery screening was used to sand the maple high stool that was used in the demonstration. Garnet and flint paper can be used, also. Rub the surface with a fine sand paper or triple or four 0 steel wool. See that the surface is smooth and free from dust before putting on the new finish.

The agent showed the group how penetrating sealer can be applied with nylon hose or any lintless fabric. Penetrating wood sealers or sealer stains are being used increasingly on furniture, wood walls, and floors. The sealer sinks into the wood and fills cavities of the wood cells. It becomes part of the wood rather than building up a glossy coating on the surface.

Allow the sealer stain to soak into the wood for two or three minutes and wipe off with a clean lintless cloth. Repeat the application in 24 hours allowing the sealer to dry. Before the second coat is applied rub the first coat gently with four 0 steel wool. No other varnish, lacquer or shellac is used by this refinishing method. Three to five coats may be applied to chairs and legs of furniture and 9 to 21 coats on table tops.

Attending the workshop were Messrs and Madams Bill Flippin, Dick Habbinga, M. H. Sylvester, C. L. Vestal, O. C. Jones, Tommie Jones, Howard Ford, Raymond Adams, Windhoun Hardage, Elvie Jennings, C. B. Looper, and Mrs. Ellis Tatum and Mrs. Deaton.

SOIL CONSERVATION DISTRICT NEWS

Do you have a hardy, climbing perennial with arrow-shaped leaves and trumpet-shaped, light pink flowers growing in your field? If you do you have a problem. This is field bindweed, one of the most feared weeds in Texas. In many localities this weed is called "possession vine" because of its aggressiveness and persistence. The plant is a trailing vine that grows along the ground, but climbs readily if supported. The stems vary in length from as short as a few inches up to as long as three feet.

Patches of bindweed 1/2 acre or less can be eradicated economically with soil-sterilizing chemicals. These chemicals act through the soil and their effectiveness depends on rainfall following application. Two to four inches of water within one month after application is

FOOTSAVING EDUCATION

by James E. Edwards

Can I Check The Fit Of My Children's Shoes?

There are two simple ways of detecting outgrown shoes. They are not as reliable as having the feet remeasured but are infinitely surer than the old toe-hunt method which only ruins the toebox of the shoe.

One is to hold the shoe under a lamp so you can see the foot print on the insole. If the shoes are long enough there will be a light area ahead of the mark made by the great toe.

At the risk of being considered a wise guy, the writer suggests counting the toe marks. Five is par for the foot but the majority of shoes show only four. The missing digit is the little toe which is forced to ride in a pocket of the upper which hangs over the outside edge of the shoe. Five-toed feet that make four-toed footprints should be shod in "straight-last" shoes.

The second check is simply to put your hand in the shoe, palm upward, to see if the great toe is digging a hole in the top of the toe box. The above mentioned footprint may show a light area ahead of the great toe only because the toe of the shoe is too shallow to allow the foot to advance any further. The force required to dig such a hole is sufficient to bunionate the great toe.

Edwards' SHOE STORE
 FORMERLY OLIVERS
 512 MAIN
 CLOVIS, N. MEX.

usually sufficient to back the chemicals in the soil. If the chemicals are not backed into the soil, they may blow away. Applying the sterilants to wet soil in August or September gives the best results because wind movement is usually low and rainfall higher than usual during these months. Sterilants should be spread ten feet beyond the infested area in order to kill all of the lateral roots.

Some chemicals that may be used are: (1) Concentrated Borax (2) Atlatide (3) Polybor Chlorate (4) Karmex W and (5) Sodium Chlorate.

The ASC has a cost-share to anyone that has bindweed on their farm. This is 50% on the cost up to \$75. per acre. For details contact your local ASC office.

GOLDEN ACRES

Best bet on dry land

"Seems like the drier it got, the better my TE 55 liked it." That's what one grower said about this popular Golden Acres Hybrid.

Try it on dry land or irrigate if you like. It's got a strong, short stalk for real standability and easy combining. Big producer!

BOTH PREFERTILIZED

GOLDEN ACRES

Amazing record

Summer storms in South Texas? High winds in the Panhandle? TE 66 stood up to both and remained standing when fields of other brands went down.

Yields record amounts of grain too. Seed very big and very palatable to livestock. Ask your neighbor. He knows the TE 66 record.

Open Evenings And Sundays By Appointment.

The HAPPY HOMEMAKER

BY JUNE FLOYD

Every homemaker knows that there are many different ways to cook chicken as there are chickens to cook, but most of us enjoy trying new recipes whether they be for cooking chicken or mixing a cold drink. The newest, and one of the best ways, I've tried cooking chicken was relayed by Mrs. Bill Hannold, who said Mrs. Cayson Jones gave her the idea. It is so simple that it is really hard to believe.

Cut a fryer into regular frying pieces, salt as desired and roll in Hi-Ho cracker crumbs. Put small amount of cooking oil or shortening in baking dish and place chicken in the dish. Place dish in 325 degree oven and cook one hour without cover.

Another "home grown" recipe that you will want to clip and use often is Mrs. Frank Griffith's recipe for Banana Nut Cake. Cream 1/2 cup shortening and 1 1/2 cups sugar.

Add three bananas and mix well. Dissolve 1 teaspoon soda in 4 tablespoons sour milk and add to mixture. Add two beaten egg yolks and 2 cups sifted flour.

Mix well then fold in stiffly beaten egg whites. This cake may be baked in two layers or in loaf pan. Bake in moderate oven until well done.

Serve warm or use your favorite frosting.

Another baked dish that you will want to serve over and over again is Baked Bar-B-Q Pork Chops. Salt and pepper 6 pork chops and place them in a baking dish. Cover with sauce and place cover over the dish before cooking in a moderately slow oven 325 degrees for 2 hours. Turn once during the cooking period. If desired, the cover may be removed and the chops browned under the broiler near the end of the cooking time.

For the sauce:
1 cup tomato catsup
1 tablespoon A-1 sauce
1 tablespoon Worcestershire sauce
1 tablespoon chili powder
1 tablespoon sugar
2 tablespoons vinegar
Combine all the ingredients, mix well and pour over pork chops.

A mile of good fence costs about \$500, and a major item in this investment is the posts. For this reason, advises Bill Smith, extension forester, posts need to be selected with care.

Leaders Training Conducted

Have you ever thought of flameproofing pot holders, kitchen curtains, aprons, or children's clothing to prevent many serious fires or burns? "It can be done" stated the home demonstration agent, Miss Ettie Musil, in a leader training Friday afternoon, May 19 in the Friona State Bank Community Room.

Six volunteer leaders of the Parmer County Home Demonstration Clubs attended the training. A skit was written by the agent on "Fire Fighting and Fire Prevention."

Demonstrations presented included comparison of dangerously frayed electric cords, and faucet adapters to be used on kitchen, laundry or bathroom faucets in case of fire.

To flameproof pot holders, curtains, or any clothing, a solution can be made by dissolving one pound of crystalline borax and 13 ounces of boric acid in 2 gallons of water. After it has thoroughly dissolved, cool it to room temperature. Dip the articles or clothing into the solution to wet thoroughly and wring it by hand. Flameproofing does not prevent fires, but it does reduce the hazards of the fires.

Leaders trained are Mrs. L. D. Taylor, Mrs. Ralph Shirley, Mrs. Edmund Kitten, Mrs. W. T. Magness, Mrs. Roy Huddleston, and Mrs. Franklin Bauer.

Local county extension agents now have information available on the Peace Corps. Persons interested in details on how the program will operate; how to file an application; who is eligible, can obtain this information from the local office of the county extension agents.

HD Agent's Notes

BY MISS ETTIE MUSIL

Food just couldn't taste any better eaten outdoors. Even though most or all of the food is cooked in the kitchen, that outdoors atmosphere just adds so much to the taste.

Whether you are planning a camping trip, a picnic, or a meal in the backyard, food cooked in aluminum foil is delicious and easy to do. What's more, your summertime dishwashing helpers will like the idea that you can bake and serve in the foil and save on dishwashing. That's always a welcomed idea.

For best results carefully wrap vegetables, meats and fruits in a piece of foil large enough to allow for drug store wrap. Place food in the center and add butter or fat and seasonings. Fold the edges of the foil until tight on the food. Double the layer around the food for repeating the process with another piece of foil.

Now you are ready to place the package or packages directly on a bed of hot coals. Never use a flaming fire unless when you are using a reflector oven.

Cooking time will vary with type of firewood and wind strength. Turn food package at approximately half its cooking time. Recipes can give only approximate time so you'll need to check for doneness.

No need to use extra paper plates. The aluminum foil makes it easy to serve directly from the wrap. What more could you ask for!

We have a good supply of a free bulletin "Outdoor Cookery" that includes many ideas for suggested meals. A few recipes included in the bulletin are grilled bacon-wrapped wieners, broiled steak, barbecue sauce, corn on cob, hobo dinner, top-o-grill corn bread, potato salad, and barbecued spareribs. Call or write me and we'll be happy to send you a copy.

Of course, chiggers and mosquitoes seem to go along with picnics and outings. You don't have to be bothered with chiggers in your lawn. Those

tiny little pests can be sprayed or dusted for control. For treating small areas of lawn use a compressed air on knapsack sprayer. Sprays of chlordane, toxaphene or lindane may be applied to infested grass and ground litter. An emulsion spray usually gives better results than dusting. Apply 2 1/2 to 3 quarts of spray per 1,000 square feet.

If dust is used, apply 5 percent chlordane at 40 to 50 pounds per acre. Twenty percent toxaphene at 10 to 15 pounds per acre may be used. This would be approximately one pound per 1,000 square feet. Follow directions on the label of the chemical.

Do you often wonder why mosquitoes seem to prefer you over someone else? If you do, you are not alone. Research entomologists in more than one country are trying to find the answer to why mosquitoes and other insects are attracted to man and animals. In the mean time we can use a number of mosquito repellents that are on the market. When used according to directions on the label, they give several hours protection from mosquito bites.

Last week while in Lazbuddie I stopped to see Mrs. Scotty Winthorn. While out in the yard we saw so many mosquitoes flying around looking for victims. I noticed the lawn mowers were truly busy trying to cut down the grass growing in lawns and vacant lots. Tall grass and weeds, water puddles, tin cans, and holes in trees make ideal living quarters for mosquitoes.

Nine Adult Leaders Finish "Favorite Foods" Training

Nine more 4-H adult leaders are now trained to teach 4-H club subject groups of Unit 1, Favorite Foods. At least one leader from each of six 4-H girls' clubs attended the training recently in the Friona State Bank Community Room. Training was conducted by the home demonstration agent, Miss Ettie Musil.

Leader and member guides were used in training the leaders in the first four lessons. Lessons taught were "Easy-do-Chocolate Fudge," "Sandwich and Banana Milk Shake," "Peanut Butter Cookies," and "Apple-Celery Salad."

Two additional leader trainings will be conducted for the remaining eight lessons in the guide books. The purpose of this 4-H foods and nutrition program is to help 4-H members to develop skills or the "know-how" in planning, purchasing, preparing, and serving or good tasting, attractive and nutritious meals.

Other lessons included in Unit 1 are Cooking Vegetables, Meat Salad, Drop Biscuits, Peach Delight and Orangeade, Milk Drink, Broiled Wiener Sandwich, and Pudding Desserts.

Leaders trained are L. H. Schilling of Friona Sr. 4-H Club, Mrs. T. O. Lesly, Mrs. B. N. Koelzer and Mrs. Davis Gulley of Lazbuddie Sr. 4-H Club Girls, and Mrs. Walter Kaltwasser of Farwell 4-H Club Girls.

Leaders of the Rhea 4-H Club Girls are Mrs. Roy Huddleston and Mrs. Carl Schlenker. Mrs. W. H. Evans in leader of the Friona Jr. 4-H Club

Girls and Mrs. Glenn Annear is leader of the Lazbuddie Jr. 4-H Club, Friona Jr. 4-H Club and Friona Sr. 4-H Club.

are needed in the Lazbuddie Jr. 4-H Club, Friona Jr. 4-H Club and Friona Sr. 4-H Club.

As the girls need more adult leaders, volunteers are requested to contact Miss Musil in the Courthouse in Farwell.

Pink And White Motif Used At Pre-Nuptial Shower

Pink and white set the color scheme Friday evening, when Miss Joyce Gillean, bride-elect of Bill Merrill, was honored with a pre-nuptial wedding shower.

Pink roses in a double crystal bud vase centered the serving table which was draped with a white lace cloth over pink. Pink candles in crystal holders flanked the central arrangement.

White cake and pink punch were served in crystal serving dishes by Mesdames Barney Harding and Ruth Reid.

Assisting Miss Gillean in opening her gifts were her mother, Mrs. James Gillean, and the bridegroom-elect's mother, Mrs. Lynn Merrill.

Hostesses for the occasion which took place in the home of Mrs. Opal Wilson, were Mes-

dames Wilson, Allie Burris, Ann Francis, Ruby McDaniel, Virgie Harding, Ruth Reid and Anna Curry.

Attending besides the hostesses were Mesdames Russell Johnson, Guy Cox, Jim Moss, Arlye Crooks, Claudene Wertges, Jack Gillean, Wesley Engram, R. M. Sutton, James Sutton, Ray Sharp, John Hadley, Raymond Hadley, W. J. Matthews, Melvyn Thomas and R. L. Estes.

Also Misses Gia Crooks, Terry and Cherryl Wertges, Paula and Alice Sutton, Connie Sharp and Karen Hadley.

Demonstration Highlight Club Meet

A covered dish luncheon and a demonstration on making purses were highlights of an all-day meeting of the Pleasant Hill Home Extension Club last Thursday.

Mrs. Martha Heinz was hostess for the affair which was attended by thirteen members.

The demonstration, given by Mesdames Frank Hempke and Lowry Winkles, had been taught at one of the county workshops.

Attending were Mesdames Martha Heinz, Tom Burnett, Euel Hart, Lowry Winkles, Eric Pierce, Frank Hempke, John Range, Mason Neeley, Floyd Bocox, H. M. Hooper, Maurice Clark, Donald Clark and Pearl Singleterry.

Valeria Meier Runner-Up For State Dairy Princess

Miss Valeria Meier, Curry County's entry for State Dairy Princess, was named runner-up for the honor and presented with a \$100 scholarship at the state contest held Saturday in Albuquerque. Ann Parks from Gallup, representing Dona Ana County, was named State Dairy Princess.

Five judges from throughout New Mexico judged the eleven contestants on three main points.

1. Sincerity--in the ability of a contestant to speak for milk and other dairy products effectively.

2. Attractiveness and personality.

3. The ability of a contestant to act natural.

Each girl was interviewed separately by the judges, with the winner announced following a formal banquet Saturday evening.

Miss Meier, daughter of the Frank Meiers of Pleasant Hill, is a prelaw major at Eastern New Mexico University, where she will be a sophomore in the fall. She was accompanied to Albuquerque by her parents.

The Pleasant Hill Extension Club, who sponsored Miss Meier in the county contest, the County Farm Bureau and the Dairy Association paid expenses for Miss Meier and her parents. The organizations also presented her with a corsage for the banquet.

MISS VALERIA MEIER

Mrs. Garner Gives Lesson At Class Meet

"Reading" and how the Bible affects each person life, was the theme for a devotional given by Mrs. Howard Garner Monday evening when the Rebecca Sunday School class of the Farwell First Baptist Church met in the home of Mrs. Sterlyn Billington.

Mrs. Garner pointed out that the Bible is the best selling book on the market, and that reading good literature reflects on the way people live.

The meeting was opened with a prayer by Mrs. Elsie Hardage, and Mrs. Johnnie Williams, class president, had charge of the short business meeting.

Refreshments of ice cream and angel food cake were served by co-hostesses, Mrs. Billington and Mrs. O. C. Petree.

Attending the meeting were Mesdames Johnnie Williams, Clyde Magness, John Bolling, Harry Whitley, E. G. Williams, Clyde Dial, Willie Hardage, Dora Johnson, Willie Roberts and Miss Maude Hicks.

Smith Completes Basic Training

Lackland AFB, Tex.--Airman Billy D. Smith, son of Mr. and Mrs. Odom Smith of Farwell, has completed his initial course of Air Force basic military training here. He has been selected to attend the technical training course for Communication and Relay Center Equipment Repairman at Sheppard AFB, Texas.

Airman Smith is a graduate of Farwell High School.

Airmen at Lackland are selected for specialized training at Technical schools on the basis of their interest and aptitudes. They are reassigned to the school after five weeks of basic training. At the technical schools they are given additional military training along with the technical instructions.

Upon completion of special technical training at an Air Force Technical Training Center, airmen are assigned to operational units of the USAF Aerospace Force.

JOTTIN'S By Jeanne

A school teacher asked the pupils to write a short essay and to choose their own subjects.

A little girl turned in the following paper:

"My subjek is 'Ants.' Ants is two kinds, insects and lady uncles.

"Sometimes they live in holes and sometimes they crawl into the sugar hole, and sometimes they live with their married sisters.

"That is all I know about ants."

I was all set to brag about my strawberries until the hail Saturday afternoon changed my plans. I still think I was raising a pretty fair strawberry garden, and the plants may survive after they recover from the bruises.

But I suppose I'd better give credit where credit is due. If Gladys Hromas hadn't given me the plants and told me how to care for them, the Grahams wouldn't have been enjoying such good strawberry short-cake.

Back to little girls--another newspaper printed a letter written on "newspapers." A young lady was the author of this one.

"Newspapers. We need them so we can know who reks and who drowns and who shoots somebody. And who wants a house or who dies or gets a baby. It tells if your dog is lost. They are good on shelves and to make hond fires. They also do good under a baby's plate and to keep dogs offa things. You can wrap potato peelings in 'em. You can put one when you defrostr. They tell about shows and how things are."

She covers the subject, don't you think.

Uncle Ray's 'Hot Air'

A man's ability is usually rated by the way he finishes, not by what he starts.

One way to avoid losing your shirt is to keep your sleeves rolled up.

We can always live on less, when we have more to live for.

You can always live on less by shopping with us... We give you more for your money.

Insect Control Program Slated

Early season insect control, irrigation, diseases and harvesting of cotton, will be the outline of a meeting at the Farwell School Cafeteria Friday night at 8:30.

Raymond King, Entomologist of Lubbock, and the local county agent, will bring area farmers up-to-date on the latest developments in these fields.

Coffee and doughnuts will be served and all area farmers are invited to attend. The program is being sponsored by Cooper Gin of Farwell.

with his father Friday. He was taken to the Methodist Hospital in Lubbock, and is still confined there, although he is reported to be improving.

Laura Temple is confined in the Parmer County Community Hospital in Friona, following a fall at her home Monday morning in which she cracked her hip. She is reported to be resting some better, and will probably be able to return home in about ten days.

Formal Opening Set Wednesday

A formal opening has been scheduled for Wednesday, June 14, at Gladys' Ready-To-Wear in Farwell.

Patrons can register Tuesday and Wednesday for door prizes to be given at a drawing at 5:30 p.m. Wednesday. Complete details can be found in an advertisement appearing elsewhere in this paper.

The store is owned and operated by Gladys Hromas. It formerly was known as Linda Kayes.

Hospital Notes

Dexter Garner, 6 year old son of Mr. and Mrs. Delbert Garner of Oklahoma Lane, was seriously injured when he fell from a tractor he was riding

Texico House Numbers Are Assigned

Residents of Texico can now find out exactly where they live. A house numbering project by the Mountain States Telephone Company and the City of Texico has been completed with every business, residence and lot assigned a number.

The city has been divided into four sections, with Wheeler Avenue dividing North from South and College Street dividing East from West. Texico residents can check a map in the Texico City Hall if they are in doubt as to what number their residence has.

"We are real pleased with the cooperation the citizens and city officials of Texico have given us in this effort," R. W. Brittain, manager of Mountain States Telephone office in Clovis, said Wednesday.

The company will start a similar project in Farwell next week, and will put house numbers, along with phone subscribers names, in the new phone directory to be published in August.

Bible School-- Bible school which began on June 5. She reported that fifty-four pupils enrolled on the first day of the school which is held each afternoon from 4 to 6 p.m. The school will end on June 14th.

OKLAHOMA LANE BAPTIST CHURCH
Bible school at the Oklahoma Lane Baptist Church began May 29, and continued through June 7, with the closing program held Wednesday evening at 8 p.m.

Seventy-six pupils enrolled in the eight day school according to Rev. Carl Coffey, principal.

TEXICO FIRST BAPTIST CHURCH
The Texico Baptist Vacation Bible school closed Wednesday evening, with a program at 8 p.m. at the church.

The school, which began May 29, had one hundred twelve pupils to enroll.

Lutheran Church

Vacation Bible school began last Monday and will continue through the 16th, with a picnic held on the last day. Closing service will be held Sunday evening, June 18th at 7 p. m. At that time children will give the program and relate some of the truths they have learned. Refreshments will be served.

Sunday School training classes met Wednesday evening. The Walther League will meet Sunday evening for a regular meeting.

Thursday evening, June 13, men of the church will conduct a meeting at which men of the Rhea congregation will be guests. A speaker from the Lutheran Laymen's League will highlight the evening.

Janice Meissner returned home after graduation June 4, from Concordia College at Austin. She will leave soon for a summer course at River Forest, Illinois. She will then teach in Albuquerque in the fall.

Mrs. Walter Kaltwasser and her three children left for a visit in England today.

Wife: "I cannot understand, John, why you always sit on the piano stool when you have company. Everyone knows you cannot play a note."

Husband: "I'm aware of it, dear. Neither can anybody else when I am sitting there."

Singing School Scheduled At Lazbuddie

Denton Thompson of Clovis, California will conduct a singing school at the Lazbuddie Church of Christ, June 12 through 18.

The school will be held twice daily at 10 a.m. and 8:30 p.m. Everyone interested in attending the school is invited to do so.

Lions Attend Convention

Several Lions Club members from Texico-Farwell and their wives attended the various activities at the New Mexico State Lions Club convention held in Clovis over the weekend.

Attending from here were Mr. and Mrs. John Getz, Mr. and Mrs. Joe Helton, Mr. and Mrs. Otis Huggins, Mr. and Mrs. Elmer Teel, and Mr. and Mrs. Lenton Pool.

Hoppers--

and there was always that watch pocket for secret messages and even an occasional dollar watch.

On top of that was a whole row of pockets at the top of the front flap that was just great for the bulkier articles that every boy must occasionally carry. This flap also had a sleeve or two for pencils.

As if this weren't enough, the factory stuck on a loop for carrying hammers and pocket on the side of a pair of pliers. By time a boy got all these pockets loaded it was all he could do to walk.

Fully equipped, the American boy in a pair of Big Smith overalls was the world's best prepared. And perhaps the happiest.

BUCKET SEATS ALONE DO NOT A MONZA MAKE

■ Gee! ■ Little did we know, when we introduced the Corvaire Monza last year, that we were starting a Big Thing. We just thought it would be pleasant if you could buy a car that treats you, the driver, like you want to be treated. ■ The bucket seats, of course, are the most obvious evidence of our desire to please you. But they're not the most important thing. No sir. What's really vital is the way a Monza handles—something nobody in the U.S. has yet copied. Or can copy. Because Corvaire is the only rear-engined car made in this country, and you know what that means: steering light as thistle-down. (You even park this one more easily, it steers so briskly.) Beautifully balanced braking—the car stays level even under panic braking, which we hope you'll never have to do. Traction and more traction, so you don't become a stick-in-the-mud. The kind of cornering that's sheer joy to experience. ■ You get more: a fully independent suspension that blots out road shocks before they can ruffle you. Clean, crisp styling. Thoroughgoing economy, from purchase price to operating cost. ■ You're not going to be satisfied with bucket seats alone, are you?
