**Issue was a sell-out**

Odds and ends today, folks: Well, our special 75th anniversary issue of the Tribune was a sell-out. We had ordered 200 extra copies and they also are all gone. The last ones were bought last Friday. Four copies went to family members of Keith Levy, of Plano, Texas. His dad, T.E. Levy, was a county commissioner in the 1930s, he said. What I feel real good about ordering those extra copies is that I guessed on the right amount. At first, I had planned to just have an extra 100; that would have been bad. So it turned out okay and the folks who wanted more copies were able to get them.

Once again, thanks for all those nice comments about that issue. It was truly a community project.

The paper work has gone through this month on the transfer of the baseball park used by Farwell-Texico Youth Baseball.

The park is on Santa Fe Railroad land and approval was needed from the railroad. Johnny Atkinson handled the legal matter for the Texico-Farwell groups.

Thanks, Johnny, it was appreciated.

We're moving along on setting up our new printing company. The parts, supplies and equipment we've ordered has been arriving and we're only lacking three or four pieces to begin practicing on our own equipment.

Meanwhile, Betty Jean Castleberry has been going twice a week to a nearby printer to learn the business. And we've hired Barbara Franse, of Texico, to work with us, too. Barbara (Mrs. Johnny Franse) learned printing at a vocational trade school and will be a big help to us.

We got our paper cutter into our building last week. It weighs about three-quarters of a ton -- and that was a process! One thing for sure, we'll never move it out.

If all goes well, we hope to be able to announce our opening of Texico-Farwell Printers in December. But we plan to practice a lot first so we can do good work when we open.

If you see that big trophy in the Tribune's window, it's the one that Texico School and the Texico community won for sportsmanship. It's a traveling trophy and is voted on by coaches and athletic directors in Texico's class.

The past two years, Cloudercraft won it. This year Texico was picked. It will be in our window for a couple of weeks, then moved to another local business.

Congratulations, Texico, on an outstanding award.

I've been watching the baseball playoffs this week and I cringe every time they talk about the "Miracle Mets of 1969. It was a team that came from far back in the final month of the season to win the league, then went on to World Series victory.

Permit me to set the record straight. It was not that the Mets were that great; it was that the Chicago Cubs pulled a folding act.

That year, I watched on TV 75 of the first 77 games the Cubs played. They had an all-star infield -- Ron Santo, Don Kessinger, Glenn Beckert and Hall of Famer Ernie Banks -- plus future Hall of Famers Billy Williams and Fergie Jenkins.

They had about a 9-game lead on Sept. 1, just breezing toward the league title. The Mets were far back and had little hope of making up ground.

## Patterson totals 9 to win grid contest

In what may be the lowest total to ever win a weekly Area Merchants Football Contest, the victory last week went to Cindy Patterson, with 9 right.

The scores were kept down due to surprising upsets. Texas Tech, a big underdog, shocked eighth-rated Arkansas. Then SMU stunned highly-rated Baylor. And LSU upset Georgia. And undefeated Eastern New Mexico University lost its Homecoming game to Abilene Christian.

There were 11 entrants with 9 answers right, but Mrs. Patterson won the first place prize of \$10 due to being closest to the tiebreaker. She was 1 point off -- with Farwell beating Bovina, 19-0.

Winning the second place prize of \$5 with 9 right was Randy Davis, who was two off the tiebreaker.

Others with 9 right were Anissa Edwards, Ron McWilliams, Robin Foster, David Woods, Willie Roberts, Modine Parker, Mrs. B.L. Harding, Bobby Ford, and Cindy Cargile.

With 8 right were:

Charles Aycock, Lynn Burton, Rick Castaneda, Guy Conee, Diane Dannheim, Doris Eckhardt, Farwell High English III, Wesley Farmer, Tommy Fulcher, Don Gartin, David George, Al Gonzales, Louise Green, Buck Gregory, Kent Harding, Lonnie McFarland.

Also, Christy Pena, Noni Pitts, Tex Smith, Rusty Stover, Vernon Thigpen, Rhonda Webb, John Franse, Scott Brown, Gerald Hardage, Lance Akers, Michael Lovell, and Duane White.

The game results besides the ones already mentioned were Hagerman over Texico, Friona over Muleshoe, Littlefield over Dimmitt, Oklahoma over Texas, Dallas over Washington, New York Jets over New England, Cleveland over Kansas City and Atlanta over LA Rams.

And here's a look at the leader

Cindy Patterson of Farwell, winner of last week's football contest, receives her cash prize from Pat Landrum, of Farwell Insurance, one of the contest sponsors.

board for the overall 12-week contest:

- 49 -- David Lynn and Cheryl Scott.
- 48 -- Don Gartin, Steve Kittrell and T.J. Kittrell.
- 47 -- Rex Cumpton, Joannah Gartin and Esther Ketcherside.
- 46 -- Damon George, Stephen Ketcherside, Mark Owen, Roger Robertson, Kent Armstrong, Donnie McDonald and John Franse.
- 45 -- Roy King, Roy Perales, Millie Phares, Champ Porter, Brian White, Jody Ketcherside, Janene Berry, Wesley Davis, Ralph Franse, Steve Franse, Buck Gregory and Doyle Green.
- 44 -- Thad Phillips, Noni Pitts, Jana Roberts and Rhonda Webb.
- 43 -- Cotton Robertson, Ruth Scott, Sherilyn Thigpen, Vernon Thigpen, Devin Vaughan, Gordon Waldrop,

Robbie White, Dolores Williams, Terry Winkles, David Woods, Richard Engelking, Jamey Berry, Kay Bethel, Wade Cargile, Billy Roberts, Farwell High English I, Farwell High fifth period health, Doris Herington, Marshal Pool and Dick Pylant.

All entries must be turned in at the Tribune office before 5 p.m. Friday (today) or, if mailed, must bear a Friday postmark.

The grand prize of the 12-week contest will be two tickets to the Dallas Cowboys - Chicago Bears game Dec. 21 in Dallas. The prize also includes lodging at the Regent Hotel, transportation to and from the stadium and \$50 spending money -- to the person with the most points at the end of the remaining weeks.

## Farwell may change city tax

Taxes, utility bills and a city police officer were the main topics at Friday's Farwell City Council meeting.

On taxes:

Mayor Chris Gikas said state legislation allows cities to change the way its taxes are levied. Specifically, this means that the city can increase its sales tax in order to reduce its personal property tax.

Councilman Fred Chandler supported such a change, noting it would mean that everyone would pay the sales tax, not just property owners.

--Bought 100 decals for the Neighborhood Watch program at a \$12 cost.

--Agreed that the sign at the cemetery would note "Farwell, Texas" on it and be called "Sunset Terrace Memorial Cemetery." The new fence is almost complete. City employees will paint it. There's a low spot on the fence due to the land grade and this will be fixed.

--Received two bids for a new side door to City Hall. The council accepted the low bid of Clovis Glass and Mirror at \$565.

--Heard Gikas announce that the new sewer plant contract has been okayed by the Texas Water Board. The contract was let to the low bidder, Panhandle Construction, Lubbock, for \$344,848. Work will begin this month.

The city was informed by Sen. Phil Gramm that the Farwell grant money was increased \$43,247 due to inflation. This means that the costs are higher than when the grant was announced three years ago and the state will pay for the increase.

## Farwell school tax rate stays the same

The Farwell School Board Tuesday night voted to keep its tax rate for the coming year the same as this year's -- \$1.1976 per \$100 valuation.

This was a difficult decision for the board because indications are that the schools will face the possible loss of some state funds next year.

This means that the board may be faced with raising taxes up to 5 percent next year. So the board debated whether to keep taxes the same this year -- and face up to a 5 percent hike next year, or raise taxes 2 or 3 percent this year, followed by a similar hike next year.

The board took into account the current difficult economic times and decided not to raise taxes now. And it hopes this won't backfire via a hefty raise next year.

School taxes have not been raised in three years.

In other business, the board voted to start a pre-kindergarten program as soon as a teacher is hired.

The program is for non-English speaking children and those who qualify for free or reduced lunches. It's for four year olds. Twelve youths have qualified and agreed to

participate.

The board voted to change its liability insurance to the Texas School Services Foundation. Its current insurer is phasing out of that area.

The board agreed to put in new thermostats in the junior high and replace some of the gymnasium lights.

The board agreed to contract with the Amarillo Region 16 service center for a computer system to handle curriculum programs and help with diagnostics. It costs about \$3,700. The first program to be put in will be math.

The schools plan to add part-time helpers in the maintenance and cafeteria areas.

Texico controlled the ball the whole second half and moved well but just couldn't score, said Williams. "I was proud of how they played the whole four quarters."

## A special thank you

On October 3rd the "Texico All Activity Booster Club" sponsored a barbecue dinner for the Texico/Springer football game. The dinner was one of the many fund raising projects that the Booster Club presents each year.

Much hard work and preparation went into this dinner and "most of everything" was donated by many "caring" individuals who helped make our dinner a success.

We would like to give a big "Thank You" to all the mothers who baked and cooked for us; to Bennie at Capitol Foods for preparing the delicious barbecue; to Mr. and Mrs. Pomper for their encouragement and support; and last but not least the Booster Club members and volunteers who helped set up the dinner, serve, and clean up afterwards.

We love you all and couldn't do it without any one of you.

## A satire

# The rest of the story

By Steve Stephens

Four hundred years ago Christopher Columbus left his native Italy to seek a capitol investment for an uncertain sailing venture from King Ferdinand and Queen Isabella of Spain.

Since the future status of the investment tax credit was still uncertain, Ferdinand was immediately opposed to the idea. Isabella, however, was an amateur historian and poet and knew, somehow, that the timing was just not quite right.

Over and over in her mind she sought out the perfect rhyme; no future generations could have a

fool-proof way to remember the venture of this bold explorer.

"In fourteen hundred, eighty-six Columbus was in quite a fix. No, no, no," she thought to herself, "there's nothing poetic about that."

Isabella looked into future years for the perfect rhyme. The rhyme of '87 and heaven was tempting; but '88 brought to mind the rhyme "too late." '89 seemed hopeless and nothing rhymes with '90. She was again tempted to rhyme '91 with "just begun"; but the thought of '92 and "ocean blue" struck just the right poetic note.

"In fourteen hundred, ninety-two Columbus sailed the ocean blue."

"That's it!", she thought to herself.

So six years later, when the status of the investment tax credit was certain, she convinced Ferdinand to support young Columbus. And that's why 1492 is a year we will never forget.

In actuality, Ferdinand and Isabella did not receive news of Columbus' amazing discovery until October 15, 1492. Immediately, after arriving on the New World Island.

Chris made his way to the local post office to send an "Express Mail" letter to the royal family.

But the natives were so excited about being "discovered" that they declared it a national holiday -- and since it was a Monday; the post office was closed.

When the news of Columbus' discovery finally reached Spain, the King was furious. All this time he thought Chris was intending to sail to China; and now he would be in trouble for misappropriating funds. So, the king erased the tapes of his conversations with Columbus and pretended to know nothing of this "unauthorized venture."

No one, not even Christopher Columbus himself, was ever told that a new world had been discovered, until after Columbus died. The truth is Spain had accumulated a large federal deficit and could afford neither a parade nor another national holiday. The Nina, the Pinta, and the Santa Maria were put in dry dock and no one has ever seen them since.

And now you know the rest of the story.

# What to do with captured General Santa Anna?

**1836: MONDAY, OCTOBER 17.** In a manifesto issued at the northern Mexican stronghold of Matamoros, near the mouth of the Rio Grande River, 25 officers of the army stationed there, including the commander-in-chief General Juan V. Amador, and Major General Adrian Woll, affirmed their loyalty to Jose Justo Corro, an interim President of Mexico during the captivity of President Antonio Lopez de Santa Anna, and unanimously stated their desire to renew the Texas campaign once the ransom or release of Santa Anna can be secured.

Santa Anna and two aides, Colonel Juan N. Almonte and Colonel Gabriel Nunez, are currently imprisoned at the plantation of Dr. James A.E. Phelps, called Orozimbo. Santa Anna's private secretary, Ramon Martinez Caro, was previously a prisoner, but was released September 13 because of his non-military status. Orozimbo is about 45 minutes above Velasco on the Brazos River, a few miles above Columbia. The prisoners are guarded there by a detail under Captain William H. Patton.

Until October 8 the prisoners were shackled with ball and chain, ordered on August 17 after a plot to rescue them had been detected and prevented. While they were being held at Veslãc, a young Spaniard named Bartolome Pages, who owned a wine shop there, managed secretly to get a letter from Santa Anna recommending him to the Mexican consul in New Orleans as a means of escape. The consul advanced him 5,000 pesos to charter a small American schooner, the Pasaic, load it with supplies, and sail for Texas. Pages found that the prisoners had been moved to Orozimbo, and when he tried to contact them there, he raised the guards' suspicions. He was arrested, along with the Pasaic's captain and another passenger. Incriminating papers were found on Pages and he was imprisoned. The others were released. The shackles were then ordered, but with the convening of the First Congress earlier this month, marking the advent of civil government in Texas, an interim President David G. Burnet felt that it was safe to order their removal.

The military has made two attempts to remove Santa Anna from President Burnet's jurisdiction. The first was on June 3, after Santa Anna had been placed on the Texas ship Invincible for return to Veracruz in accordance with the terms of the Treaty of Velasco of May 14. He was removed by army volunteers and returned to captivity. Shortly afterward, a contingent under Colonel Henry Millard was dispatched to convey Santa Anna to the army to face a military trial and certain execution. This was abandoned.

## COMBEST COMMENTS

by Congressman Larry Combest

The United States Congress recently voted to overhaul the nation's federal tax code. This so-called "tax reform" legislation will ultimately impact each and every taxpaying citizen.

I voted against the bill and I would like to tell you why:

Tax reform was born with three basic goals in mind -- fairness, simplicity and economic growth. These are goals I share and have worked for since I was elected to Congress. Unfortunately in the 22 months that followed, this tax bill became the focus of too much political rhetoric and too little careful review.

Let me say from the beginning that there are portions of this legislation that I like. There is obvious good in tax law changes that reduce marginal tax rates and eliminate tax loopholes and special preferences. For us in West Texas, however, the good just doesn't outweigh bad.

I visited with and heard from thousands of people in the 19th District in an attempt to have their input and thoughts about this tax bill. It became evident that Washington, D.C. was caught up in "tax reform euphoria" -- West Texas was not. From Dimmitt to Denver City, main street merchants, farmers, oil producers and people from all walks of life expressed their fears and opposition to the bill.

I share this concern and believe the tax bill will unfairly penalize us in West Texas. We will lose our state and local sales tax deduction. Farmers lose their income averaging deduction, investment tax credits, and much of their farm equipment depreciation. Those planning for the future lose a sizable portion of their IRA deduction. And as consumers, we ultimately lose by paying higher prices when our shop keepers and store owners are forced to pass along their higher taxes.

Ed For By Combest Congressional Committee, P.O. Box 10667, Lubbock, TX 79408

Lamar has strongly supported the army's position. He wrote a lengthy and impassioned plea to President Burnet and the Cabinet urging Santa Anna's execution. He had violated "all of the principles of civilized conflict," Lamar charged, with a "revolting policy of extermination and rapine, slaying the surrendering, and plundering whom he slays." He is thus no more than "an abhorred murderer," and "forfeits the commiseration of mankind."

Because of this pressure, the prisoners were transferred to Orozimbo for greater safe-keeping. Key Texian figures, including Burnet, President-elect Sam Houston and General Stephen F. Austin, are convinced that Santa Anna is worth more to Texas alive than dead. Burnet has stated that even though he believes "no confidence could be safely reposed in a Mexican," he is convinced that Santa Anna will work for Texas independence after his release, because it is in "his own highest political interests, and the best interests of Mexico, too."

Texian forbearance in the treatment of Santa Anna has brought favorable comment from other nations. U.S. General Edmund P. Gaines wrote to General Houston on August 3: "No inconsiderable portion of your fame, resulting from your late campaign, the great victory at San Jacinto, will be found in your magnanimity and moral courage displayed by you in preserving the lives of your prisoners, and more especially the life of President Santa Anna." On September 4 U.S. President Andrew Jackson also wrote to Houston: "I take the liberty of offering a remark or two upon the report which is current here, that Santa Anna is to be brought before military court, to be tried and shot. Nothing now could tarnish the character of Texas more than such an act as this."

It is understood that Santa Anna is presently urging Burnet and Houston to send him to Washington, that he may assure the U.S. government that the annexation of Texas would not create overwhelming difficul-

Another frightening aspect of this tax reform legislation is that there are predictions and rumblings in Congress of raising the individual rates again in an effort to meet deficit reduction targets. Just one week before the House voted on the tax bill, House Ways and Means Committee Chairman Dan Rostenkowski (D-ILL) said, "We all know that we're going to raise taxes." Mr. Rostenkowski did stop there, saying, "I have long been a strong proponent of tax increases to shrink the deficit" and "everyone knows we will eventually need a tax increase...the increase in revenue should come through higher, progressive rates on income."

Increasing individual tax rates on the heels of repealing individual deductions would result in individuals paying more taxes than ever before. I fear that this tax bill will make it easier to force even higher taxes on the American people. It echoes the old Democrat philosophy of tax and spend, tax and spend.

I do not believe that this tax legislation is the best that Congress can do. If we are ever going to truly reform our tax code we should do the job right. The American people expect more and we in West Texas deserve more from the United States Congress.

ties with Mexico. However, it is doubted that Santa Anna will have much influence with the present Mexican government. As early as May 20, less than a month after his capture, Mexico issued a decree annulling any stipulations entered into by Santa Anna while a prisoner.

## At SPS, our vehicles go that extra mile, too.

Careful vehicle maintenance is one of the many ways we save money and keep electric costs down. We also use by-products like coal ash as a gravel substitute and treated sewage water in our cooling towers.

SPS people are doing everything they can to keep the cost of electricity as low as possible.

## Conservation plans stressed

Here's a note from the Soil Conservation Service:  
The Food Security Act of 1985

The Farwell Study Club Saturday hosted the Caprock District 26th annual fall board meeting and workshop of the Texas Federation of Women. Officers attending were, back row from left, Hazel Akins, treasurer; Murriel Landers, second vice president, and Peggy Squyres, secretary; and front row from left, Dora Alderson, president-elect; Zareta Winn, president, and Mary Wicker, first vice president.

(farm bill) disqualifies farmers from certain USDA farm programs if you produce crops on highly erodible land without following a conservation plan approved by the local conservation district, or you produce crops on newly converted wetlands. The provisions that apply are commonly known as swampbuster, sodbuster, and conservation compliance.

These are the USDA farm programs for which your eligibility may be in jeopardy: price and income supports, disaster payments, crop insurance, Farmers Home Administration loans, Commodity Credit Corporation storage payments, farm storage facility loans, and other programs under which USDA makes commodity-

related payments, including annual payments made under the Conservation Reserve Program.

According to Bill Donham, District Conservationist in Friona, 24 of the 34 soil mapping units in Parmer County will be considered highly erodible. Most of this land is located around the draws and lake areas. Donham stated, "Several large areas around Farwell and Lariat will probably be affected because of the sandy surface texture of the soil."

About 22% of the land area in Parmer County will be considered highly erodible, but all of that land is not in cropland at the present.

Comments must be received on or before Oct. 27, 1986 to be assured consideration. Comments should be addressed to: Director; Cotton, Grains, and Rice Division, USDA/ASCS, P.O. Box 2415, Washington, D.C. 20013. For more information contact the local office of any USDA agency.

# The world's most sensitive natural gas detection device.

If you have a nose, you have all the equipment you need to detect odorized natural gas leaks. Actually, gas is completely odorless in its natural state; the people at Southern Union Gas add the distinctive smell before it's distributed to customers' homes and businesses. That unique odor tells you when something isn't quite right—and that makes your nose the ideal device for alerting you to possible gas leaks.

Natural gas is one of the safest forms of energy available, and you can

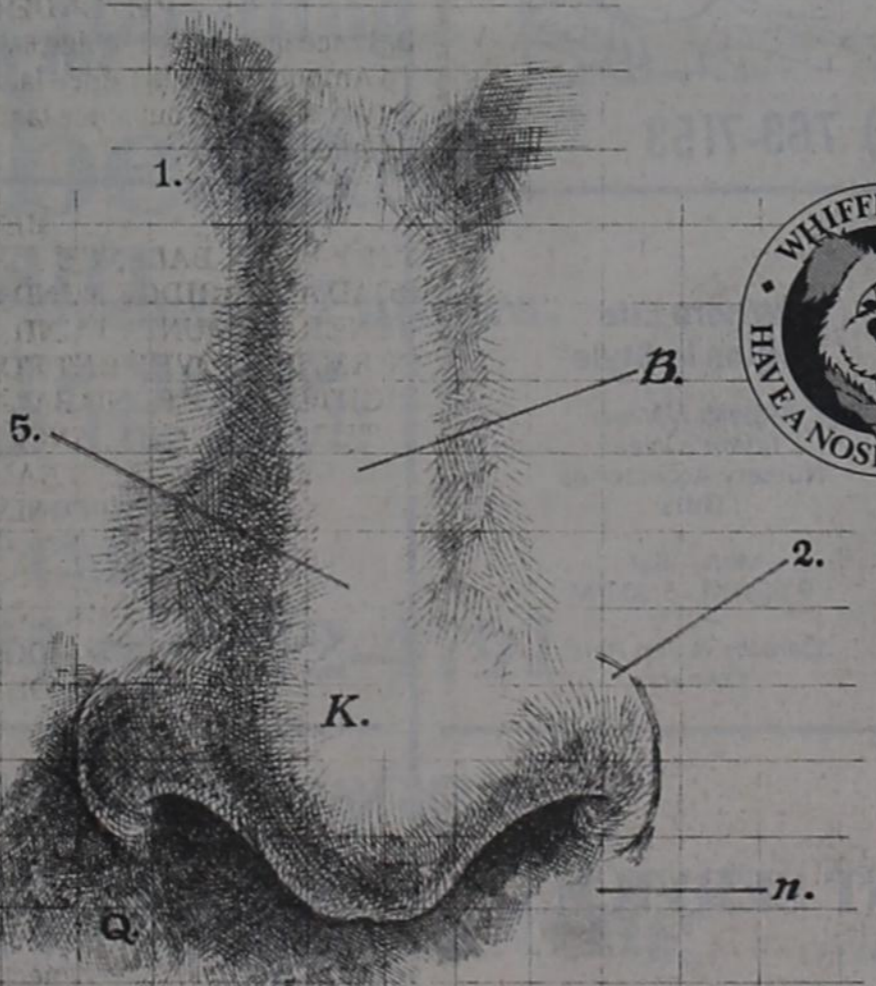

help the people at Southern Union Gas keep it that way by having a nose for safety. When you let us know you smell gas, you give us the opportunity to locate and stop the leak right away, helping us to avert any potential danger and to conserve natural gas energy.

Southern Union Gas asks that you follow these three common-sense steps if you ever smell gas:

- If the odor is faint, check to see if a pilot light is out or if a burner valve is partially turned on. If you cannot find the source, leave and

- call us at once.
- If the odor is extremely strong, leave the premises immediately. Don't light a match or switch anything on or off. Call us from a neighbor's telephone at once.
- If you smell gas outdoors, walk away from the immediate area, and call us at once.

A safety message from the people at Southern Union Gas.

Texico won, 11-15, 15-0, 15-3. Their record is 5-2.

### FFA school attended

Five FFA members from Texico attended a Leadership Training School at Melrose Friday.

The boys learned about the duties of their offices, their responsibilities as leaders, about working together and FFA promotional information.

The theme was, "Together we can, together we will."

Kay West went with the boys as sponsor.

# Farwell dampens Bovina

It was a wet, wet night last Friday as Farwell and Bovina went at it on a squishy Roberts Stadium field. The Steers prevailed, 19-0.

The win put Farwell at 1-1 in District and 3-2 on the season.

With sheets of rain falling, the game opened with Bovina winning the toss and electing to kick off. Farwell was stopped after three short runs and punted. Bovina gambled on a fourth down play and made it but then Farwell's Jerry Cole recovered a fumble on the 50.

Halfway through the quarter, the

rain stopped. But neither team could move effectively and the quarter ended after Bovina recovered a Steer fumble on the Farwell 30.

Bovina was stopped by a tough defense, highlighted by a quarterback sack by Danny Rubio. Bovina punted to the Farwell 5 and the Steers were unable to move the ball.

Then came a key play. Jeff Atkinson boomed out a 52-yard punt, rolling to the Bovina 37. That got Farwell out of a hole.

## Farwell Junior High defeats Bovina

Farwell Junior High defeated Bovina last week, 34-0.

In the first quarter, Dale Rubio scored on a five-yard run and Monty Delgado scored the two point conversion.

In the second quarter, Delgado scored on a five yard run and Shawn Stewart scored the two-point conversion. Then Stewart scored on a 30-yard run. Making the score at halftime 22-0.

In the third quarter, Stewart scored on a 20-yard run.

In the fourth quarter, the highlight of the game came when Michael Arce intercepted a pitch and ran 90 yards for the final touchdown.

This makes Farwell 2-0 in District.

Coach Gary Cates said that this was a big district win for Farwell. "We played a sluggish offense, especially in the first half," said Cates, "And I don't think that this was one of our better played games. But I can't complain too much with such a big win."

Cates said that the boys played a better offensive game in the second quarter and that defensively they played another good game.

Cates said that Bovina played hard with a seventh grade team and only a couple of eighth graders playing. "We just outmatched them."

Farwell will play Whiteface at Farwell at 5:30 p.m. Oct. 16.

Both teams exchanged possessions. Then Farwell got a break. On fourth down, the Bovina punter got a bad snap and Jaime Mendoza tackled him on the Bovina 14.

Two plays later, Jason Schilling ran for a 15-yard TD. The kick by Roy Perales was good. With two minutes left in the half, Farwell led 7-0.

In the third quarter, Bovina and Farwell both played strong defense. Farwell had two 25-yard runs by Steve Lara and Actkinson but Bovina recovered a fumble on its 32.

Bovina punted to the Farwell 5, then recovered a fumble on the 10. But Cary Stancell gained a quarterback sack, two end runs gained nothing and a pass fell incomplete.

The rest of the quarter saw more fumbles, due to the slippery field conditions. In the fourth quarter, Bovina had the ball on the Farwell 23 and attempted an option toss. But Mendoza intercepted the pass and ran 77 yards for a TD. The kick was no good and Farwell led 13-0 at the 9:22 mark.

Bovina later fumbled on its 25 with Actkinson recovering. The Bovina ball carrier lost possession after a hard hit by Carey Stancell.

Then, Actkinson carried to the 4 and David Woods scored on an end run. The kick was no good and Farwell led 19-0 at 5:49.

"The boys did a tremendous job defensively. They held Bovina to no positive offense and did a heck of a job of it," said Coach Rex Cumpton. Cumpton said that Farwell had six boys who had double figures in tackles and one defensive player, Jaime Mendoza, who scored a touchdown. "It was a well played defensive game," said Cumpton.

Cumpton said that offensively there was not much production due to the weather. Wet conditions made it hard to hang on to the ball and made the field very muddy and slippery. "We just couldn't get cranked up in the first half," said Cumpton.

"The second half was better," said Cumpton, "but again wet conditions slowed us down."

Farwell will play Whiteface tonight at Whiteface at 7:30 p.m.

Cumpton says that he expects a good game, if they play good defense. "Whiteface will be running the same offense that a couple of teams have hurt us with."

# Hagerman stops

By Janice Jenkins

less.

Hagerman defeated Texico, 17-0, Friday.

The first quarter of play ended with the score tied 0-0. Texico played pretty well defensively, but could never make the big play. Hagerman exploded late in the second quarter when quarterback David Flores burst right up through the middle on a sneak that ended as a 43-yard touchdown run. Hagerman has a quick team and there were some mistakes that they took advantage of.

In the third quarter, Hagerman added a field goal. Texico was able to move the ball on the Hagerman defense, but was not able to make the big plays. Getty sacked for a loss, not recovering fumbles and not being able to hold on to the ball for an interception kept Texico score-

less. With only 30 seconds left in the game, Hagerman added another touchdown to their score, beating Texico 17-0. The loss drops Texico to 1-1 in 2-A District and 2-5 for the season.

Texico will host Melrose tonight at 7:30 p.m. Melrose is rated No. 1 in district.

Coach David Lynn said, "At times we played well, but the big factor was that we never really got good field position. We always had the ball on our end of the field. Hagerman kept us bottled up and we just never did get to make the big play when we needed it."

"Hagerman won the game legitimately. They won it in just about every way, in the physical battle, scoring battle and possibly even with some mistakes on the part of the coaches," said Lynn.

"We have to regroup again," said Lynn. "But with our standing in District at 1-1 we probably are in as good a shape as anyone to win the next ball games."

"We have to play our best this week, because Melrose is a tough team," said Lynn.

## Big Lick Award

The recipient of the Big Lick Award in Texico is Ken Murphy. Murphy is a defensive end for the Wolverines. He received the honor for being one of the leaders on the field, one of the better offensive linemen, for making seven tackles in the Hagerman game and for making a big play at a crucial time defensively.

## Hamilton scores 21 in Texico win

In the Clovis girls' basketball league, the Wolverines beat the Roadrunners, 43-14, Saturday and brought them to a 6-0 season.

Scoring were Marsha Hamilton, 21 points; Virginia Terrazas, 12; Ruth Terrazas, 6; Micki Fenn, 2, and Natasha Shaw, 2.

The Texico teams met Saturday and the Wolverines defeated the Bearcats, 32-4.

Scoring for the Wolverines were Virginia Terrazas, 22 points; Marsha Hamilton, 6, and Kathy King, 4. Scoring for the Bearcats were Terri Akers, 2, and Laura Vega, 2.

On Oct. 18 the Wolverines will play the Wildcats at 9 a.m. in the old gym. The Bearcats will play the Silver Streaks at 10:15 in the new gym.

## Texico plans cleanup

The Texico City Council voted Tuesday to open the city dump free to city residents Oct. 25 so they can haul in debris or large trash items.

The council also plans to run its trailer once through the alleys and pick up such items that day.

In other business, councilman Bryan Kube said there have been problems with the city cemetery in that the map is inaccurate "and people are being told that lots are open, then finding bodies buried there."

Councilman Steve Chancy added that the lots are being sold too cheaply and that a lot of Clovis people are buying them for that reason.

Mayor John R. Hadley will look into the problems.

R.B. and Myrtle Stratton received permission to remove enough curbing for their driveway on Garwood.

City Marshal Dave Wheeler received permission to attend the state's Police Chiefs Association meeting Nov. 13 in Albuquerque.

City Clerk-Treasurer Marie Christian announced that the last revenue sharing allotment of \$1,836 has been received. The program has been stopped.

Wheeler talked of the great amount of time needed to do his job. He said he made 11 investigations, such as for thefts and burglaries, last month.

It was suggested that part-time help would be good to have.

But Hadley said it was doubtful that part-time help could be afforded. And Chancy suggested that Wheeler cut back the amount of time he spent at high school ball games, noting that it wasn't part of his job.

Last month, Farwell Mayor Chris Gikas had tossed out the idea of the two cities sharing the cost for a policeman. But Wheeler said this was impossible because a police officer could not be certified in two states, and he was certified in New Mexico.

## Life Line units installed

The first Life Line Emergency Response Unit was installed Tuesday at the home of Minnie Ramm in Farwell.

Present at the installation were Susan Farrell of the Lutheran Social Services of Texas; Mrs. Ramm's son and daughter-in-law, Ernest and Mary Alice Ramm; Ophell McDonald; Pat Rose; Francis Kube and Mildred Haseloff.

Francis, Pat and Mary Alice are training to be installers and interviewers. Their job will be to fill forms, interview applicants and install units.

The applicant also is asked to name responders, people in the family or trusted friends. These responders are given a key to the person's home and notified to go and check on the person in question in case it is not possible for the person to get help on their own.

After the unit is installed, a test is ran to be sure that the unit is working correctly. A call is made to the center in Lubbock to notify them of the test and the recipient of the unit's card is then pulled and verified.

When the button on the system or the manual button is pushed, this sets off the phone at the center, the phone goes dead on your end, because a computer at the center takes control of the phone line to ensure that the person needs help. A light and buzzer on the system reports that the center has received your message.

If the person does not respond, then a responder is notified. The center will then call back a second time to see if the responder needs help. Responders can all the emergency number and receive help or notify the center. A final buzzer will help to let you know that they have received the message.

The timer on the system is set morning and night. A buzzer will sound to warn you if the button is not pushed to reset the system.

If for some reason the person is going to be away for overnight or longer, there is a button on the system that will shut the system off. The system has a battery back-up in case of a power failure. The battery will usually run the system for 48

hours. Then it will signal that it is halfway run down so that the batteries can be replaced before they quit working.

This system activates at a distance as far as 200 feet. There is no charge for the installation and the unit is donated by the Lutheran Social Services. The monthly charge is \$21.75 a month.

Madge Peiman of Farwell also had a system installed in her home. Tuesday.

### Potato crop insurance okayed

### Marriage Licenses

There were two marriage licenses issued by the Parmer County Clerk's office last week. Marriage licenses were issued to William Wade Kent and Cindy Michelle Roberts, and Robert Eugene Wise and Patty Ann Steele.

Members of the Wolverine Band at Texico Junior High proudly display the trophies and plaque that they won for winning first in the Albuquerque State Fair Parade and the Ruidoso Aspencade Parade. The students are, from left, standing, Graciela Orozco, Chad Dunsworth,

Jaime Estrada, Pete Fuentes, Diana Blaine, Amy Chadwick, Dwayne Hamilton, Josefre Gonzales, William Edwards, Kenny Shaw, Missy Hall and Chad Barnes. Front row kneeling are Dawn Lasiter, Jessica Gutierrez and Becky Lasiter.

### Wolverine Band takes firsts in two state parades

The Texico Wolverine Band has been busy this fall. In addition to the halftime performances at the home football games, they have marched in two parades. On Sept. 7, the band marched in the Albuquerque State Fair Parade and won first place in Class A. They also compared well among Class AA bands, where they would have placed second behind Zuni. Judges for the parade were Win Christian (flags, rifles, and general effect), Thomas Dodson (music), and Ron Lipka (marching). The flag and rifle corps, under the direction of Mrs. Anna Southard, received an A plus rating from their judge for their performance in the parade. After the parade, the students enjoyed a swim at the Four Seasons Motel and visited the Coronado Mall. The Sate Fair Parade was broadcast statewide over Channel 7 from Albuquerque, and the video tape of the parade will be shown at the Texico Schools Open House Nov. 6. The band also marched in the

Ruidoso Aspencade Parade Oct. 4, and won first place in their class. The Wolverine Band also had made plans to march in the ENMU Homecoming Parade in Portales Saturday, but were prevented by bad weather and bus problems. The members of the Wolverine Band will be selling almond, caramel, and crunch chocolate candy bars to help raise money for their band activities this year. The students use the money they make to pay their entry fees for solo contests, state band festivals, band rent, bus driver expense, end-of-school awards, band pictures, equipment, and uniform accessories. The candy bars sell for 50 cents.

**Runnels visits**  
Lt. Gov. Mike Runnels of New Mexico paid a visit to Texico City Hall last week where he greeted Clerk-Treasurer Marie Christian and Marshal Dave Wheeler. He also visited several businesses in Texico. Runnels, a Democrat, is running for the U.S. House of Representatives.

### Sheriff's fees raised

The Parmer County Commissioners voted Monday to approve the county sheriff's department to raise its fees for various services. Fees will range from \$15 to \$50 for services such as serving citations, subpoenas and summonses. The action was taken on the recommendation of Sheriff Bill Morgan who said local fees were lower than other jurisdictions.
