**Farwell Area --**

## Hay Cubing Process Put Into Use Here

Alfalfa cubing, a relatively new process to the area has been put into use in the Farwell area by the Prince-Abbott firm, which is managed by W.D. (Bill) Prince of Farwell assisted by Jerry Dennis.

The firm began operation of the cubing machine in the area in May and will continue the operation until around the first of October, according to Prince. With the new process the alfalfa is allowed to dry to a certain extent before cutting and windrowing. This is the same process used in ordinary baling; however, the similarity stops there. When using the cuber,

after hay has been cut it is immediately cubed, instead of allowing time for the hay to wilt. The cubing machine is taken into the field and within hours the hay can be put into storage.

The cuber picks up the hay, funnels it into the grinding process, and the results are then forced by extreme pressure and heat, through a die ring and out into the hopper. The hopper can be lifted to truck bed height to insure ease in handling. The cubes fall from the hopper much as milo does from a combine hopper. Prince says the cuber was built specifically for use with alfalfa.

The hay comes from the machine in small, hard nuggets approximately 1 1/4 inches by 2 inches long. Outside texture of each cube is mostly slick and hard, showing that it has gone through the moisture, pressure, and heat processes which seals them together.

Storage is not a problem since cubes can be maneuvered so much easier than conven-

tional bales. The cubes can be lifted by belt loader, as are bales, but they can also be dumped or scooped into feed or storage areas. In short, they can be stored anywhere.

Hay cubing is the area will continue through September, according to Prince, who expresses himself as well pleased with the first season's operation.

**HAY CUBING --** Albert Lee, one of the five men employed by the Prince-Abbott firm in its hay cubing operation, works at the Loyd Stevens farm south of Farwell operating the cubing machine. The machine, in one process, picks up and manufactures the freshly cut alfalfa into cubes. The firm has two machines in operation in the area south of Farwell, where most of the cubing has been done this year. The operation began in May and is expected to continue through September.

**With Portales Rams --**

## Steers Slate Scrimmage

The Farwell Steer football squad began getting in shape for the coming football season early this week. They are holding practice sessions twice daily through this week. One a day practice sessions will be held after the beginning of school Monday, Aug. 25.

The squad is slated to meet the Portales Rams in a scrimmage game Aug. 26 in Portales. Another scrimmage is set for Sept. 4 when the Steers and Hereford Whitefaces meet on the local field.

Coach Toby Booth, head football mentor, expresses himself as "well pleased" with the enthusiasm of the young Steer squad. They are an energetic and enthusiastic group of boys who will be trying hard," he said.

Assisting with the coaching duties are Vernon Scott, Larry Taylor and Jerry Dee Owen.

## Sales Continue Through August

The Theta Rho chapter of ESA Sorority will continue its rummage sales through the remainder of this month, according to Mrs. JoAnn Liethen, president.

The sales are held each Saturday, 3-5 p.m., in the building, formerly the Ford garage, directly east of Art 'N Such on Main Street.

Persons who have items to contribute for the sales are asked to call any member of the organization and the items will be picked up. Items may also be left at the State Line Tribune office.

## Immunization Shots Required --

Teachers will notify students of other supplies they will need at that time.

Prior to the beginning of school, all students should have the required immunization shots, including tetanus, polio, diphtheria, smallpox, and typhoid fever.

New Mexico immunization laws state, "No student may attend school longer than one month unless he has been immunized as required by law." This is true of all students, not only first grade, say school officials.

After the beginning of school, names of students and parents who have not had the required shots will be reported to the Curry County Health Department, who will in turn report them to the District Attorney for prosecution, as required by law.

**In Tribune --**

## Merchants' Football Contest Begins Soon

Begin now to study up on your football teams and make plans to enter the annual guessing game the Merchant's Football Contest, which is slated to begin on Sept. 12.

The contest, which is sponsored by local business firms, will appear each week during the coming football season in the pages of the State Line Tribune. Each week during the contest a list of ten high school, college or professional games will appear on the contest entry blank, in addition to the Steer game which will be used only as a tiebreaker. Contestants must pick a winner in each of the games. In addition, they must also pick a score on the Steer game to be used as a tiebreaker in case of two or more persons calling the same number of correct games.

Make plans to enter the contest which will begin soon in the Tribune.

**Texico School --**

## Football Workouts Begin

Football workouts began in Texico Wednesday of last week, Aug. 13, for approximately 25 boys who will be trying their hand at the game for the first time this year. Coaching the team is Jimmy Wynne, assisted by Mike Navidomiskis.

For the first five days the boys have worked out in shorts, getting in shape for the regular program. They were issued pads following practice Monday evening. Regular practice will continue each evening at 7 p.m. until the beginning of school Monday, Aug. 25. The team which will be known as the "Wolverines" will play a regular schedule of games this fall. First of the games is set

for Sept. 19 at which time they will collide with Vaughn at Vaughn. First home game is slated for Sept. 26 when the Wolverines meet the Melrose Buffaloes.

Prior to the first regular game, the Wolves will play several scrimmage games.

Texico Booster Club is busy this week completing work on the field including installation of goal posts and remainder of the fence. All persons who wish to contribute their services in the fencing project are asked to be on hand today, Thursday, Aug. 21.

Football has not been played at Texico school since 1937 but

many persons in the area are looking forward to the return of the sport.

## FBI Investigates Switch Tampering

Ed Farmer, local Santa Fe agent, states that the Parmer and Curry County sheriffs officials have been joined in their investigation of a "switch tampering" incident by the Santa Fe Special Services and the FBI.

The incident occurred Monday night when a lock on a switch was broken and reversed with the indicator bent to reflect a clear signal (which was false). This particular incident did not cause an accident, but could easily have done so, according to Farmer, who states that the "switch tampering" incident is a Federal offense.

## Aquatic Show Rehearsal Set

Persons who wish to participate in the aquatic show which will be staged as part of the entertainment for the next family night at Farwell Country Club are asked to be at the club pool Monday evening, Aug. 25, at 7 o'clock for rehearsal. Children who wish to participate in the show must have the written consent of their parents before they will be allowed to participate.

Anyone desiring additional information on the show or the rehearsal should call Ted Glenn, Jr., Sheila Garner or Nancy Patschke.

Next family night at the club is slated for Saturday, Aug. 30 at 8:30 p.m.

**Farwell First Baptist Church --**

## Cliff Harden Is Choir Director

Cliff Harden will assume duties at Farwell First Baptist Church Sunday, Aug. 24, as music and youth director, according to information released by Rev. J. L. Bass, pastor of the church.

Harden, a graduate of Wayland Baptist College, attended Eastern New Mexico University prior to going to Wayland where he received a degree in music last year. While attending the college he was music director at Silverton and also at the Summit Avenue Baptist Church in Amarillo. Last year he taught music in the Lockney Schools and also served as music director of Lockney First Baptist Church.

As a student at Wayland, Harden was a member of the International Choir which annually tours the United States and foreign countries, giving performances. He also served as director of the Inspirational (volunteer) Choir at Wayland for one year.

He is married to the former Peggy Martin, daughter of Mr. and Mrs. Raymond Martin of Farwell. They are parents of

two children, Jason, age two, and Mark Wayne, six weeks old.

In making the announcement of Harden's association with the local church, Rev. Bass said, "We are looking forward to having him with us and are expecting great things to happen in our church through his work with the youth and choir."

CLIFF HARDEN

JAMES O. CRAIG

## Local Teacher Listed In Personalities Of The South

The name of James O. Craig, principal of Farwell Junior High School, is among those appearing in the 1969 edition of Personalities of the South.

Recipients of this honor include governors, senators and congressmen of the various southern states, educators, leading businessmen and business women, members of the state legislative bodies, civic leaders, farmers, ministers, officers and officials of trade organizations, leading sports figures, and many other individuals who, because of past achievements and service to their community and state, are recognized as personalities of the South.

Craig has been a member of the faculty at Farwell Public Schools for the past ten years, having taught high school history for two years before becoming junior high principal. He holds a bachelor of arts degree from Wayland Baptist College and a master of education degree from Eastern New Mexico University.

In addition to his school work, Craig has farming interests and is active in civic organizations. He is a member of the Texico-Farwell Lions Club where he has held every office in the local group and has also served as zone chairman and youth exchange director for District 40X of Lions International. He is a member of Hamlin Memorial Methodist Church and serves on the official board of the church. Craig has served as president of the Parmer County Teachers Association for the past year, prior to which he served as vice-president of the group. He has also been active in the Texas State Teachers Association.

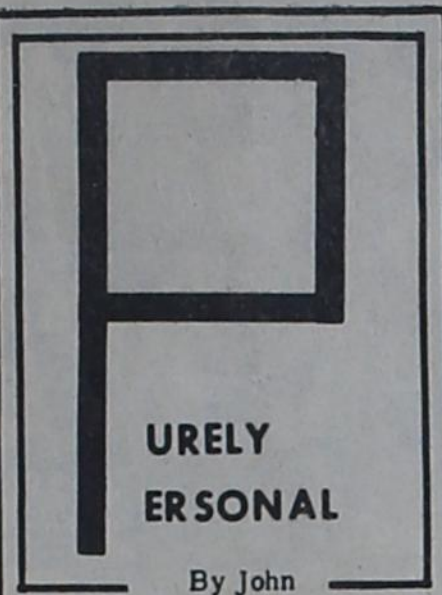

## Youth Invited To Attend Luau

All young people of the community are invited to a luau at the home of Mr. and Mrs. Jack Kirkland Friday at 8:30 p.m. The luau is being sponsored by the Youth Department of Farwell First Baptist Church.

Sponsors are Mr. and Mrs. Jack Kirkland, Mr. and Mrs. Jim Wiman, Mr. and Mrs. Vernon Scott, Mrs. Pearl Gerles, Mrs. Reta Dollar, and Mrs. Bill Craft.

**DECISIONS** were in order early this week as head football coach Toby Booth, right front, and his assistants, Vernon Scott, front left, and Jerry Dee Owen and Larry Taylor checked the roster of players for this season. Steer workouts began Monday and are continuing daily at 8 p.m. until the beginning of school. The Steers play their first scrimmage game with Portales on Aug. 26 at Portales. First game of the season is set for Sept. 12 when the Steers meet the Friona Chiefs, their cross-county rivals, in Friona.

Weather throughout the entire Southwest has been abnormally hot this summer. This fact is very apparent to everyone and needs no special comment from this corner. However, the unmistakable signs of fall are in the air.

Have you noticed the subtle shadings of many of our trees presaging the constantly changing seasons? The working of old Mother Nature is not fooled by prolonged hot spells or other weather oddities. When the time comes to prepare her wards for winter, she begins the process according to her age-old time-tables. From comments that have come to our ear, we suspect that a normal or even slightly early frost would not be amiss this year.

For those whose eye is not attuned to nature's signals of fall, the ear has wanted to it the unmistakable bloodcurdling cry of the football neophyte as he struggles to impress his coach with his ardor, e'lan and desire. This fall phenomenon had ought to impress upon the most avid of summer's devotees that fall is indeed just around the proverbial corner.

\*\*\*\*\*

For the untrustworthy generation, those over thirty that is, the days, months and years seem to pick up momentum and slide past at an ever increasing rate. We frequently get to visit with a young man who has finished his college career and has entered life's list as a wage earner and family provider. Usually it seems to us that this lad just yesterday was playing football for the Steers and adding his adolescent voice to the fall symphony of football sounds. Ah me, how one football season comes around so quickly after the other has just ended.

\*\*\*\*\*

We'll we won't have long to wait as our spendthrift legislators must face the lick-log and tell the taxpayer how big a bite they are going to soak him for this legislative session. For what they cost us meeting every two years, we couldn't stand the tax gaff if these zealots of the public weal met in annual sessions.

We recently received a resolution of the West Texas Chamber of Commerce. The sense of the resolution was that in the long run only the ultimate consumer pays taxes and that by "hiding" taxes on business, the consumer is fooled as to why the cost of goods and services go up constantly. We think this is a good resolution and one that deserves more publicity than it will get.

A favorite trick of the liberal tax-and-spend politician is to holler for business taxes and to leave the poor citizen alone. This is pure political chicanery and ought to be rammed down their throats at every opportunity. Corporations do not pay taxes; businesses do not pay taxes; only the ultimate consumer, the people who buy, pay taxes.

Inflation would stop tomorrow, the dollar would return to a stable value, and "good old" prices would return tomorrow if we could cut our tax load 50%. We realize the improbability of this ever coming to pass, but we can dream. Can't we?

**Pioneer Dies**

Graveside rites were held at the old Farwell Cemetery Sunday afternoon for Mrs. Florence Golladay, one of the last remaining true pioneers of this area. Rev. Joe Fasel, rector of St. James Episcopal Church in Clovis, officiated at the rites and burial was directed by Sherwood Mortuary.

Mrs. Golladay was born in Victoria, Tex., March 30, 1879. She moved with her parents, the late Mr. and Mrs. W. H. Nickols, to Parmer County and settled at Bovina in 1898. She was married to John Armstrong at Bovina in 1900. He passed away in 1908 following which Mrs. Golladay and son, John Armstrong, moved to Farwell in 1909.

In 1919 Mrs. Armstrong was married to James Golladay and the family moved to Oklahoma, returning to Farwell in 1924 and settling south of Farwell where Mrs. Golladay made her home with her son until being hospitalized some two years ago. She was a member of the Episcopal Church.

Survivors include the son, John Armstrong; three grandsons, Robert Armstrong, Johnny Armstrong and James Armstrong; and one great-granddaughter, Michelle Armstrong.

## 23 Participate In Golf School

A total of 23 boys and girls participated in the first junior golf school at Farwell Country Club, according to Gene Deeds, pro at the club. Deeds was assisted by his wife, Sis, in instructing the classes.

Children from six to 13 years of age participated in the six-day school, which was held on Aug. 5, 6, 7, 8, 12, 13. During the classes, students were instructed in basic fundamentals of golf, rules of golfing, and etiquette of golfing. At the completion of the course, boys and girls who had attended as much as 50% of the sessions were presented with certificates of completion, after they had successfully passed an oral test.

Boys and girls completing the course included Keith Herinton, Randy Herington, Stanley Herington, Rowdy Chandler, Joe Deeds, Tim Norton, Charla Norton, Terri Boling, Kie Watkins, Gaye London, Patti London, LeeAnn Williams, Brad Jones, Russ Jones, William Rundell, Thad Phillips, Mark Gurley, Tami Haseloff, Phill Baker, Steve Scott, John Scott, Bradley Owens and Steve Owens.

## Practice, Merchandise Shoots Slated

The second in a series of practice shoots will be held at the Lions Club trap, north of Texico-Farwell on the State Line Road this Sunday, Aug. 24, beginning at 2 p.m.

The following Sunday the local Lions club is sponsoring a merchandise shoot at the trap. Each round will be \$1.00 per person and merchandise will be given as prizes to winners of each round.

Dove season will open in the area on Sept. 1. Therefore, all marksmen or would be marksmen, are invited to attend the shoots and get in readiness for opening of this season.

Oswell (Buddy) Jones is confined to Clovis Memorial Hospital following a heart attack Sunday evening. His condition is listed as "fair".

Howard Crook has been confined to Clovis Memorial Hospital since suffering a heart attack Monday evening. His condition is listed as satisfactory. However he will be confined to the hospital for at least another week after which he will be required to have a complete rest.

## Farwell Faculty Complete

Faculty at Farwell school has been completed with the hiring of Mrs. Cindy Fuqua as Special Education Teacher, according to W.M. Roberts, superintendent. Mrs. Fuqua is no stranger to the Farwell school system as she taught language arts in the upper elementary grades last year. She had resigned at the end of school to go abroad but has since decided to remain in Farwell.

Students in the elementary grades, junior high, and sophomores and freshmen will register from 9 a.m. until 12 noon today (Friday). Juniors and seniors registered Thursday, Aug. 21. Regular classes are slated to begin Monday morning at 8:30 a.m. Classes will be dismissed each day at 3:55 p.m.

Lunch will be served in the school cafeteria Monday for the first time this year. No lunch will be served on Friday; however busses will run to bring the children to school Friday morning. Students will be returned home by noon Friday.

## Farwell Arena Association Wins First Place Trophy

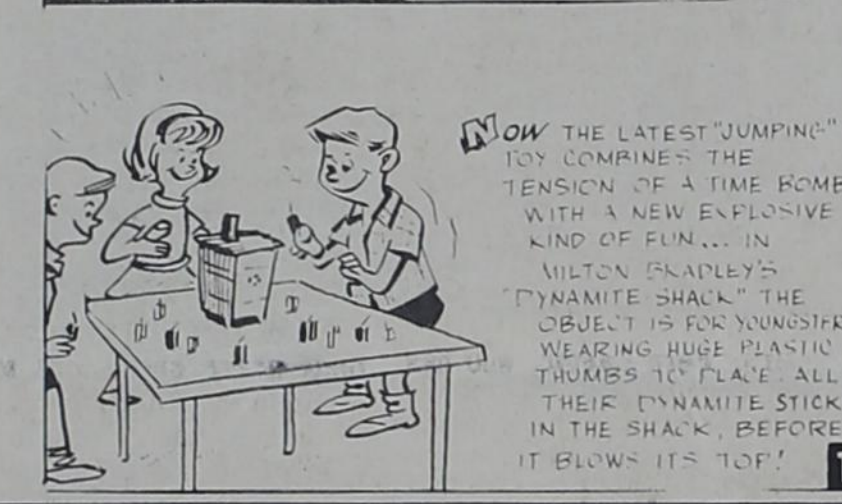

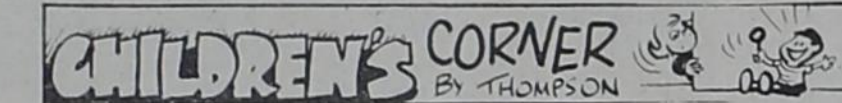

Farwell Arena Association was recipient of the first place trophy presented to "posses" participating in the Bull Town Days parade in Bovina last week.

The mounted riders were led by a small team of matched mules (Jack and Jennie) pulling a small wagon, followed by Border Town Days Queen Cecilia Trimble, the color bearers,

the junior members of the organization, and finally the senior posse members.

The group was given the first place trophy on basis of its neatness and attendance. Approximately 20 members participated in the parade.

Plans are underway for the group to participate in several other parades in the area this year.

## 1970 Wheat Program Provisions Announced

The 1970 national wheat acreage allotment has been cut 12 per cent. Individual farm allotments will be cut about the same, announced Prentice Mills, Parmer County ASC office manager.

The minimum diversion will be 30.3 per cent of the 1970 farm wheat allotment. No payment will be made on this acreage. This acreage has already been taken off the 1970 farm wheat allotment. A producer may divert an additional 50 per cent of the 1970 wheat allotment for payment, about 63 cents per bushel, Mills says. Wheat certificates will be

paid on 48 per cent of the projected production on the 1970 farm wheat allotment. For 1969, certificates are being paid on 43 per cent of the projected production at \$1.52 per bushel. The option under which a producer can substitute the planting of wheat for feed grains or feed grains for wheat in any combination will be available. Whether barley will be included in the feed grain program in 1970 will be determined and announced later.

Payments will be subject to any limitation that might be required by Congress in the Department of Agriculture appropriations.

### EXAMPLES

No. 1 Minimum Diversion - 1970 Wheat Allotment - 100 Acres  
1970 Wheat Yield - 30 Bushels  
Minimum Diversion - 30.3 Acres (100 Acres X 30.3%)

Wheat Permitted - 100 Acres  
Wheat Certificate Acres - 48.0 Acres (100 Acres X 48%)  
Wheat Certificate Payment Rate - \$45.60 (30 bu. X \$1.52)  
Wheat Certificate Payment - \$2188.80 (48.0 Acres X \$45.60)

No. 2 Same farm diverting additional 50%:  
Minimum Diversion - 30.3 Acres (100 Acres X 30.3%)  
Additional Diversion - 50.0 Acres (100 Acres X 50%)  
Total Diverted Acres - 80.3 Acres

Wheat Permitted - 50.0 Acres (100 Acres - 50.0 acres, additional diversion)  
Diversion Payment - \$945.00 (63¢ X 30 Bu. equals \$18.90 X 50.0 Acres)  
Certificate Payment - \$2188.80 (48.0 Acres X \$45.60)  
Total Payment - \$3133.80

## Laura Doshier Competes At State 4-H Horse Show

Laura Doshier, Farwell 4-H Club member, was one of 240 4-H'ers participating in the State 4-H Horse Show held in Sweetwater August 14-16. Nineteen other 4-H'ers from District I Panhandle Area of Texas also represented their various counties in the show.

Laura had her registered quarter horse gelding, Salty Red Star, entered in the halter class, pole bending and barrel race.

Pole Bending was the event in which Laura made her best showing. Laura and 14 other boys and girls qualified for the finals. After all points were totaled, Laura placed eleventh. A total of 94 contestants were entered in the pole bending event.

Jr., accompanied Laura to the state contests.

## Receives Promotion

Joe C. Primrose, son of Mr. and Mrs. Lowell Primrose of Farmington, formerly of Farwell, and grandson of Mrs. Maud Primrose of Oklahoma Lane, has been promoted to the rank of airman first class. He is stationed at Lowery AFB in Denver. He is married to the former Cathy Henson of Farmington.

Primrose is employed part time at Radio Station KOXI and is also manager of the Titans Little League Baseball Club which sports an undefeated record.

Primrose will soon be assigned to overseas duty, according to his grandmother.

## Why do people who can afford any central heating system almost always pick the least expensive?

95 percent of the centrally heated homes in this area that cost over \$50,000 are heated by natural gas. Obviously, their owners could have bought any system they wanted. Why natural gas? Because people with money demand the best, even if it happens to cost less. How is natural gas best? Five ways: (1) Fresh. Gas systems bring fresh air in from outside, heat it, and distribute it through your home. (2) Even. Gas systems circulate fresh air evenly to every corner of the house: no hot spots, no cold spots, no stale air, no odors. (3) Clean. Gas systems filter the air sky-blue clean. (4) Dependable. Gas is famous for its dependability: gas gets through

regardless of the weather. Gas lines are down underground where high winds and heavy icing can't get at them. (5) Economical. Gas systems heat for 1/2 the cost of electric systems, and even people with money do not object to saving money. And of course, you don't need expensive additional insulation when you heat with gas. Result of all this excellence: 95 percent of the over-\$50,000 centrally heated homes in this area are heated by natural gas. Happy P.S.: 95 percent of the centrally heated under-\$50,000 homes in this area also do it with gas!

Southern Union Gas Company

If you want the job done right do it with gas.

**YOUNG CHAMPS**--Steve Owens, left, champion of the peewee division of the weekend golf tournament at the local country club, and Russ Jones, net winner, recently completed the golf school at the club.

## School Boy Tourney Winners Named

Steve Owens, son of Mr. and Mrs. Don Owens, was gross champion of the elementary or peewee division of the golf tournament held at Farwell Country Club last weekend. Russ Jones, son of Mr. and Mrs. Joe Jones, was net winner in a play-off with Kelly Joe Deeds and Keith Herington.

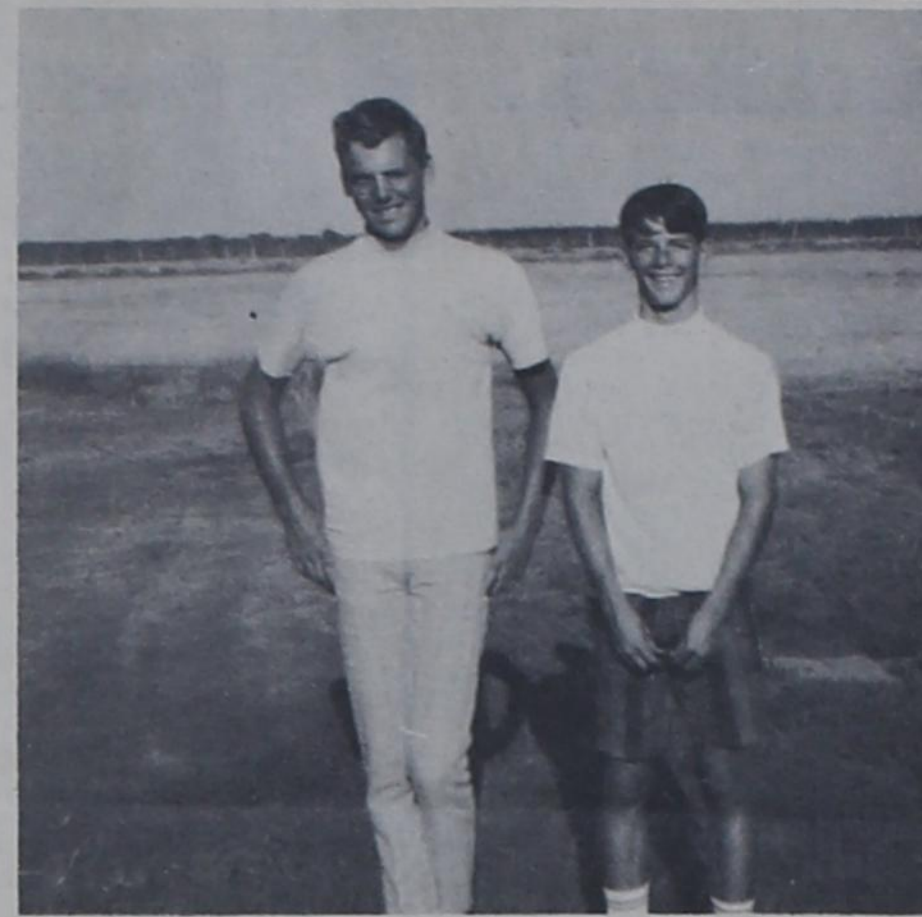

In the junior high school division of the tournament, Kevin Hargrove was gross champion followed by Greg Skarda, who

defeated William Rundell in a play-off. In the high school division, Clint Deeds took the gross championship while Jack Kirkland was net champion.

The tournament was played at the country club Friday and Sunday. Gene Deeds, pro at the club, extends thanks to Ometa Scott, Doris Herington and C.J. Huffaker for assisting with the peewee division of the tournament.

**A GOOD GAME**--Kevin Hargrove, champion, right, and Greg Skarda, net winner of the junior high school division of the golf tournament at the country club discuss their game following end of play last Friday.

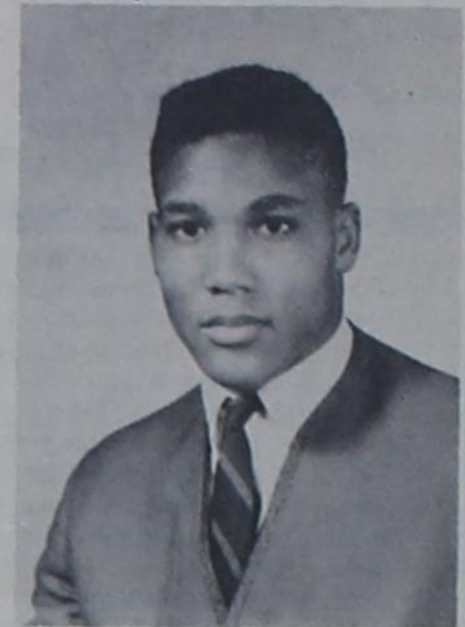

**MIGHTY HAPPY**--Clint Deeds, left, champion, and Jack Kirkland, winner in the net division, of the high school golf tournament at the club Sunday afternoon seem "mighty happy" about the whole thing.

## Vernon Bland Arrives At Ft. Lewis

Announcement has been made that Vernon Bland, son of Rev. and Mrs. Lawrence Bryant of Farwell, has arrived at the

reception center at Ft. Lewis, Wash., as a member of the U.S. Army. He will be assigned to an army base within the next few days, according to his parents.

Bland, a 1967 graduate of Farwell High School, attended James Connolly College at Waco, before enlisting in the Army.

VERNON BLAND

## Spends Several Days At Brother's Bedside

Mrs. A. B. Bell returned from Boulder, Colo., Monday where she had been called by the serious illness of her brother, Robert Hines. Hines suffered a series of heart attacks, but is showing improvement at this time. However, he will remain hospitalized for at least three more weeks and will be confined to his home for several months.

A. B. Bell was accompanied to Colorado to return his wife home by his daughters, Mrs. Darlene Bowman and Mrs. Carol Martin, and Carrie Ann Bowman.

## Visit Lockhart Home

Guests in the home of Mr. and Mrs. John Lockhart and Kathy this week are Mrs. Jon Schroeder and children, Jerry and Kimberly Kay, from Houston. They arrived late Sunday. Before returning to Houston they will visit with Jon Schroeder's parents in Plainview.

## Nationwide Youth Basketball Program Organized

America's favorite home grown sport has finally gone all the way. Little Dribblers, Inc. (a non-profit organization) has been formed to provide league play and tournament play leading to a world's championship for boys age nine to 12.

The Little Dribblers was formed following an eight year experimental program in Levelland, by a group of youth-sports minded men. The tests achieved astonishing results. Little Dribbler boys tremendously improved the calibre of junior high and high school play following their "Graduation." The program is designed to fill

the lull period following Christmas. League play commences about February 1 and will continue to the championship tourney during the Easter holidays.

One of the strong points of Little Dribblers is that no merchant sponsorship is needed and the program is entirely self-supporting.

League play and tournament play have been designed to eliminate conflicts with school and other established youth programs.

Organizational work is being done now in order to assure that all preparations will be made in time for local leagues to begin play. If you are interested in forming a league in your locality, please write: LITTLE DRIBBLERS, INC. Box 1180, Levelland, Texas 79336, or telephone (area code 806) 894-4939 or 894-5455.

## Sugar Beet Growers Directors Meet

Board of Directors of the Texas-New Mexico Sugar Beet Growers Association, Inc. met Thursday, Aug. 14, at 6:00 p.m. in Hereford with W.M. Hott, Texas State ASCS Office; D.W. McElwrath, State Executive Director; Frank H. Hinkson and Eldon G. Schuhart II, members of the State ASC Committee; and Terry Harman, farmer fieldman of District 2. Also in attendance were County ASCS office managers of Moore, Dal- lam, Castro, Parmer, Oldham and Deaf Smith Counties, and Eddie Daniels and Bruce Brown from Holly Sugar Corporation, and James W. Witherspoon.

Jay Boston, president of the Association, presided. James W. Witherspoon, executive secretary, welcomed the visitors.

It was pointed out by Hott that under the law, insofar as Texas is concerned, the proportionate shares of sugar beet is based on land history and not personal history. He also discussed the probability of a cut in beet acreage for 1970 in view of the imposition of acreage restrictions for the year 1970.

The Secretary of the U.S. Department of Agriculture has not determined the procedure with reference to the cut in acreage for 1970, but one plan suggested is 90% of the 1969 accredited acreage. Another plan under consideration is 70% of the 1969 acreage and 30% of the average accredited acres for the years 1967 and 1968. California, however, is urging a plan of 90% of the highest year of production for the past five years. Witherspoon stated that the California plan would not be helpful insofar as the Texas-New Mexico area is concerned, and that the most favorable plan would be the second plan above outlined of 70% of the 1969 crop plus 30% of the average of the years 1967 and 1968.

BY MARY LEE

According to an authority on men's wear, the style influence of the hippies is waning fast. Praise be! The upcoming group of 16 to 18-year-olds who will have a sizable say in youth fashions are expected to be more individualist than conformist.

Although the hippy didn't want to conform to the "establishment" he did look like a carbon copy of every other hippy. Happily, the new young crowd has a different slant. In a recent poll, they actually favored a return to short and medium hair lengths.

\*\*\*

And that reminds me, what happened to the Nehru look? That came and went fast, too; Not one appears in the men's wear collections for fall. But there is a wide variety of styles and silhouettes to please the fashionable male.

You can choose a six-button, double-breasted coat with a bit of Edwardian flare, or a long four-button single-breasted jacket with wide notched lapels. If you want to be with the very latest, however, you'll choose a long, shapely, single-breasted jacket with wide lapels and lower button placement to show off lots of shirt front and tie.

## Parmer Has 8 July Accidents

The Texas Highway Patrol investigated eight accidents on rural highways in Parmer County during the month of July, according to Sergeant W. E. Wells, Highway Patrol supervisor of this area.

These crashes resulted in six persons injured and an estimated property damage of \$9,322.00.

The rural traffic accident summary for this county during the first seven months of 1969 shows a total of 71 accidents resulting in two persons killed, 45 persons injured, and an estimated property damage of \$55,502.00.

The 1969 Texas Legislature has provided for a year-round Motor Vehicle Inspection program. Beginning September 1, 1969, the present 1969 inspection stickers will have a numerical insert corresponding to

the month of issuance that will be inserted on the face of the sticker corresponding to the month of issuance. The sticker will be placed in the lower left-hand corner of the windshield.

All 1969 stickers bearing a numeral insert will expire at the end of the month a year from now, 1970. All 1969 stickers bearing no numeral insert will expire on April 15, 1970.

Beginning January 1, 1970, the inspection stickers issued will have an orange background and bear an insert numeral corresponding with the 1970 month of issuance and will expire at the end of the month one year from the month of issuance in 1971.

The Legislature added two items to be inspected--the exhaust system and the exhaust emission system. The new inspection fee will be \$2.

**BULL TOWN DAYS VISIT** --- Sheb Jersig of Clovis, left, visits with Mr. and Mrs. Ray Ford of Farwell prior to the Bull Town Days barbecue Friday afternoon in downtown Bovina. Ford is showing Jersig an antique key-wind pocket watch which was in style before the turn of the century.

## HOSPITAL REPORT

Mrs. Fern Castor, who has been hospitalized in Clovis since suffering a heart attack some two weeks ago, is responding to treatment and is in satisfactory condition. However, she will be confined to the hospital for several more days and then will be confined to her home for a complete rest for some time.

## Fire Deaths

NEW YORK - Every 24 seconds a fire breaks out somewhere in the United States, and these fires take a human life every 44 minutes, reports the Insurance Information Institute.

**At Home In  
Pomer  
County**

By JANICE MILLER  
County HD Agent

For those of you who enjoy home sewing and are interested in the latest fashions, remember the style show, Thursday night, August 21. It is sponsored by Pomer County Home Demonstration Council and will feature the all cotton wardrobe of the National Cotton Council. Plan to be at Friona High School Auditorium at 8 p.m. for this event.

If your toilet cookware has discolored - boil one cup water, a half cup liquid laundry bleach and two tablespoons baking soda in the pan for five minutes.

Do you have trouble with stains in your glassware?

Cleaning and stain removal often trouble owners of antique glassware, but they can be problems for everyday glass articles, too. Glass never is stained permanently, the Glassware Institute of America says. It has a hard, smooth, non-absorbent surface that stains cannot penetrate.

**Fire Calls Answered**

Neither of the local fire departments has answered calls during the past week.

Mr. and Mrs. Raymond Martin spent the weekend visiting in Spur with their daughter and son-in-law, Mr. and Mrs. Bobby Atkinson.

**A PLACE TO PRAY**  
Man can, and should, pray anywhere. God has placed no limitations on his communing with him.  
Our Lord has said, "... Ask and ye shall receive." God listens when we seek him, no matter where, however he desires that we gather together in prayer too. "... mine house shall be called an house of prayer for all people."  
The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

**This Costs Texans \$ 2 MILLION A DAY**

**YOU HELP PAY THE BILL**

The way cars are being wrecked and the way folks are being injured and killed in traffic accidents, it looks like this year's Texas traffic toll will top \$800 million. This figures out to be more than \$2 million a day and that is a lot of money!

When you pay for your auto insurance you help pay this bill because most of your insurance rate is for the amount of money insurance companies pay for traffic accidents. Add to this the amount they pay for autos destroyed or damaged by collision, fire, hail, theft and pilferage. Lower these amounts and your insurance costs will go down. Raise these amounts that insurance companies must pay and your auto insurance costs will have to go up. It is as simple as that.

- Here are three ways to cut your auto insurance costs.**
1. Help reduce the number of Texas traffic accidents. You can do this by driving the very best you can and by insisting that traffic laws are enforced in your town, county, and state. Let your Mayor, County Officials and Governor Smith know that you want all traffic laws enforced.
  2. Help cut down on car thefts and vandalism by locking your car and taking the keys whenever you park. Always try to park your car in a safe place.
  3. Ask your insurance agent to show you how you can save money on your auto insurance by taking full advantage of the Driver Education, Two Car and other discounts now offered in Texas.
- Auto insurance costs will be cut in Texas after accidents and their costs go down. You and other motorists of Texas can bring this about . . . if you really want to. IT IS UP TO YOU!

# Marion Busbice Bride Of Steve Harrison

In an impressive ceremony in the home of the bride's parents on August 6, Marion Kay Busbice became the bride of Charles Steve Harrison of Clovis.

Parents of the couple are Mr. and Mrs. Pershing Busbice of Farwell and Mr. and Mrs. Charles Harrison of Clovis.

The Rev. J. L. Bass, pastor of Farwell First Baptist Church, read the double ring service which was attended by close friends and family members.

Mrs. Wilson of Bovina provided appropriate nuptial selections at the piano and also accompanied soloist, Radford Oscar Venable of Bovina, who sang several selections.

Sharon Busbice of Clovis, sister of the bride, served as maid of honor. Best man was Mike Smith of Clovis. Roxie Harrison, sister of the groom, served as ringbearer. The maid of honor was attired in a bonded crepe dress of medium blue styled similarly to that of the bride. She carried a single long-stemmed white mum.

The bride, given in marriage by her father, was attired in a street length dress of white bonded crepe, designed with an empire waistline and long full sleeves. Her shoulder veil was of white lace. She carried a Bible arrangement of white stephanotis surrounding a single white orchid. The Bible was a gift of the First Baptist Church YWA group.

Following tradition, the bride carried pennies minted in the year of her birth and that of the groom for something old; new was a pearl necklace, a gift from the groom; borrowed was the wedding veil; and blue was the traditional blue garter.

For her daughter's wedding, Mrs. Busbice wore a bonded crepe sleeveless dress of orange designed with a dropped waistline. Accenting the dress were matching accessories and a white cymbidium orchid corsage.

The groom's mother, Mrs. Harrison, was attired in a

## Host Cookout

Mr. and Mrs. N. W. Peyton were hosts to a cookout in the backyard at their home in Texico for members of the "touch shorthand" class from Eastern New Mexico University last week.

Nine people from the class and the instructor, H. A. Foss, attended the social.

## Attend Anniversary Celebration

### In Littlefield

Mrs. True Bell and Mrs. Loyce McCleskey attended a golden wedding anniversary celebration on Littlefield Sunday afternoon for Mr. and Mrs. Dan Cotham.

They were accompanied to Littlefield by Mrs. Clytie Dial, who visited in the home of a sister and brother-in-law, Mr. and Mrs. Leonard Huber.

## Cassady's

### Have Guests

Recent visitors in the home of Mr. and Mrs. C. A. Cassady have been Mrs. Marcella Loyd and children, Bruce, Carey, Ray Don and Teresa Cassady, from Cortez, Colo., Mrs. Phil Cassady and children, Monty and Melinda from Gruver; Mrs. Doyle Cummings and children, Terry, Lisa and Kirk from Friona; and Mr. and Mrs. Robert Gamble and children Bryan Keith and Douglas from Clovis.

**YEAST BREAD**  
2 cups scalded sweet milk  
1 tablespoon salt  
6 cups sifted flour  
2 tablespoons shortening  
2 tablespoons sugar  
1 package dry yeast.

Dissolve yeast in 1/4 cup lukewarm water; stir in salt, sugar and shortening. Add scalded milk and let stand until shortening is melted or until mixture is lukewarm. Add 3 cups flour to mixture and beat until mixture is smooth; add yeast and stir well, then add remaining flour. Knead dough until it is smooth. Place in greased large mixing bowl and cover; allow to stand until double in bulk; work down and allow to rise a second time until double in bulk.

Work down and shape into loaves or rolls as desired. Allow to rise again. Bake rolls in hot oven until golden brown. However if bread is made into loaves they should be cooked for 15 minutes at 400 degrees after which heat should be lowered to 350 degrees and bread allowed to bake for an additional 45 minutes. When rolls or

## Wedding Reminder

Residents are reminded of the wedding of Miss Linda Hemke and James Lee Calaway. The ceremony will be at 2 p.m., Saturday, August 23, in Bovina United Methodist Church.

## Have Guests At Cabin

Guests of Mr. and Mrs. A. T. Watts at their lake cabin at Conchas for the past ten days have been Mrs. Watt's sister and brother-in-law, Mr. and Mrs. J. D. Kirkpatrick, Jr., and their children, Ronnie and Vickie, from Wichita Falls. The two families were joined for the weekend by Mr. and Mrs. Billy Watts, Cindy and Kayle of Farwell and Mr. and Mrs. Phillip Tate, Tobin and Terri of Clovis.

## Harrelsons Have Second Son

Mr. and Mrs. Lester Lee Harrelson announce the birth of their second son Friday, Aug. 15, at Clovis Memorial Hospital. The little boy, who weighed 8 lb. 1 oz. at birth, had been named Benjamin Shawn. Older child in the family is two-year-old Kyle. Grandparents of the infant are Mr. and Mrs. Lester Harrelson of Encino and Mr. and Mrs. Vincent Stallard of Fort Sumner.

## Peggy Eason Visits In Gladewater

Peggy Eason, who is spending the summer with her mother, Mrs. Dorothy Eason, while on vacation from Wayland College where she is a senior student, spent last weekend visiting in Gladewater, with Melinda Smith, a college friend. She returned home Sunday evening.

## Attend Wedding

Mr. and Mrs. 'Dutch' Quickel accompanied by their daughter, Teresa, and Mr. and Mrs. I. W. Quickel of Bovina were in Cedar Hill, near Floydada, attending the wedding of Cheryl Jean Campbell, daughter of Mr. and Mrs. Vance Campbell of Cedar Hill, and Mike Stark, son of Mr. and Mrs. C. E. Stark of Irving, Saturday night.

## Relatives Visit In Huggins Home

Weekend guests in the home of Mr. and Mrs. Otis Huggins and Roy include Mr. and Mrs. Boots Deathridge, Jackie and Lavon, and Mr. and Mrs. Gary Deathridge, all of Mesquite, Tex.; Mr. and Mrs. Clarence Martin and Mrs. C. D. Carter, all of Friona; Mr. and Mrs. Bill Pugh, Frederick, Okla.; and Carrol and Dennis Huggins of Clovis.

# Peimans Serve 21 Seasons At Lutheran Church Camp

During the past 21 years, Rev. Herbert F. Peiman has served in almost every capacity at the Christian Camp in Ceta Glen Canyon, some 25 miles southwest of Canyon, Tex. Mrs. Peiman has also served in various positions. This year was no exception and the Peimans returned home from two weeks of camping last week.

At the final banquet, the couple was presented with a plaque in appreciation for work with the campers during the past years.

Peiman has served as dean, Bible class lecturer and counselor, devotional leader, and as business manager. He has been

business manager for the past ten years. In addition to his duties as business manager, Peiman conducted Bible class and worship services at the family retreat and was speaker at the youth banquet.

Topic for his talk at the banquet was "The Generation Gap," a paraphrase of Psalm 37:25, "I have been young, and now I am old; I have kept my eyes open, and I have learned a few things." Peiman stated that he has indeed learned in the three-quarters century of his life span that "the generation gap is as old as the human race and each generation passes the world on to the next

in about the same mess in which they took it over. The 'Now Generation,' has plenty of opportunity to make the world a better place if only they will put their youthful energy into work in that direction," he concluded.

Mrs. Peiman has served as head of the volunteer kitchen staff for the youth camp since the beginning of their camping experience. In addition, she has served as consultant for the youth camp, the children's camp and the retreat.

This year the youth camp had 110 registered campers and a staff of 22; the children's camp had 100 campers and a staff of 32; and the family retreat drew 75 persons. Campers from the Lariat church included the Peimans, and Nancy, Alta and Ruth Ramm, Cheryl and Linda Gohlke, Mark and Joe Haseloff, Harold and Conda Jones, Kevin, Bruce and Craig Kaltwasser and Bryan Kube.

**IN GRATEFUL APPRECIATION-----** Rev. and Mrs. Herbert F. Peiman of Lariat were presented with this plaque, decorated with the Lutheran coat of arms and two Olympic torches, at a youth banquet at Ceta Glen Christian Camp recently. The inscription reads "To Rev. and Mrs. Peiman in grateful appreciation for the many years of untiring and devoted service to the Camping Program of the Lutheran Church-Panhandle-South Plains Camping Association." The Peimans accepted the plaque from Rev. Melvin Herring of Pampa, dean of the Youth Camp.

## Peyton Family Has Numerous Guests

Guests in the home of Mr. and Mrs. N. W. Peyton during the past two weeks have been Mr. and Mrs. Howard S. Wright and daughter, Sue, Wichita Falls; Mrs. Ellen Daniels, Lubbock; Mr. and Mrs. Jon Schlenker, Santa Maria, Calif.; Mr. and Mrs. Eary Daniels, Addis, La.; Mr. and Mrs. Dale Daniels, Pat, Tim and Melissa, New Orleans, La.; and Mr. and Mrs. Harry Hynes, Oceanside, Calif.

## Visit In Dial Home

Recent guests in the home of Mrs. Clytie Dial have been Mr. and Mrs. Ronnie Dial and children, Shelly and Roger, from Albuquerque; Mr. and Mrs. A. C. Henneman, and children, Vickie and Scott, Amarillo; and a sister and her children Mrs. William N. Hoggatt, Dale and Donna, also from Amarillo.

## Vacations In Several States

Mrs. Nora Day recently returned from a summer vacation spent visiting family members in Florida, Utah, California and Hawaii. She also did a bit of sightseeing in the various places. Mrs. Day left on vacation early in June and returned to her Texico home late in July.

## Uncle Ray's "Hot Air"

Then there was the computer that refused to work until it was promised at least two circuit breaks a day.

My neighbor is a faddist with a slight mental quirk. He will jog five miles, with gusto But ride five blocks to work.

Run or ride to Uncle Ray's for Better Values.

# Increase Efficiency By Allocation Of Resources

By James A. Hinsley  
In 1966, one U.S. farmworker supplied the food and fiber needs of 40 persons, compared with 23 in 1957 to 1959. Today there are fewer farmers and more people. With this trend continuing, the dependency for food needs will increase thus increasing the responsibility and importance of the individual farmer. Likewise there are only about 2.5 acres of cropland per person; and if population continues to increase, by 1975 there will be only 2.2 acres; by 2000 we will have 1.6 acres per person. In a nation of almost 2 1/3 billion acres of land some people feel soil conservation is an unnecessary job and with that much land why worry anyway. Every year we are losing 1.1 million acres of cultivatable land to non-agricultural uses. Another 400,000 acres is being lost to erosion.

In a nation of 48 million surface acres of fresh water, exclusive of the Great Lakes and border water, water supply has become an acute problem in certain areas. With the depletion of the water in the Ogallala formation at a rate of about four feet per year, the allocation of this resource and specifically water conservation also become increasingly important to us here on the High Plains. It is not that we do not have enough land or enough water, or

enough of all the resources we need and will need as far as we can predict. It is rather that we are not making the best use, the wisest allocation, of these resources.

Even though the responsibility of resource allocation and conservation lies with the user, his use affects all people either directly or indirectly. In order to obtain optimum benefit from our resources they must be efficiently managed so as to contribute to optimum production or use in accordance with their capabilities. This resource allocation and resource conservation are inseparable if we are to maintain, much less increase our productivity. To maximize profit at any level of production, optimum resource allocation must be accomplished.

Resource allocation must be flexible to accomplish this goal. Habit and fear are the main barriers to flexibility. Resource conservation can be flexible and should be considered in a complete plan of resource allocation. To increase production one or more resources must either be increased or its efficiency of utilization increased.

If you wish any assistance to increase efficiency through resource conservation please contact the Soil Conservation Service located in Friona.

## School Lunch Schedule AT TEXICO

MONDAY: hamburger on bun, cheese slices, lettuce, tomatoes, onions, baked beans, peach cup, milk.

TUESDAY: steak and gravy, creamed potatoes, tossed salad, hot rolls, butter, fruit gelatin, milk.

## FCIC Is Aid To Farmers

Federal Crop Insurance Corp., a non-profit agency of the USDA, stands ready to provide insurance to wheat growers here in case of crop failure, reports George Clark, field representative for FCIC from the district office at Lubbock. Changes have been made in the wheat insurance program for 1970 in 10 of the 29 Texas and New Mexico counties where it is available. Bushel guarantees have been increased in nine counties and rate adjust-

ments have been made. Only dryland wheat programs are affected.

"All changes are relatively minor in nature and are done periodically in each of the 39 states where programs operate to keep them abreast of production trends, increasing costs and actual loss experience," Clark reports.

The Farmer County program has no change. Under FCIC's plan, farmers are guaranteed an established quantity of good quality grain. If freeze, excess heat, flood, insects, wind, disease or any of 120 natural hazards drop yields below the guarantee, Federal Crop Insurance pays a cash loss.

These payments come in farm communities largely dependent upon an agricultural economy and at a time when the earning power of farmers is below normal due to crop losses. Thus, the money tends to stabilize local farm buying power at a time it is most needed.

More than 2,353 acres of irrigated wheat are protected in the county under the program for 1969 and FCIC hopes even more can be protected for 1970. The plan is entirely voluntary, Clark says.

## Bookmobile Is Coming

Thursday, August 28 -- Progress, 8:30-9:30; Oklahoma Lane, 9:50-10:50; Rhea Community, 12:00 - 1:30; Black, 2:30-3:30.

Friday, August 29 -- Hub, 8:45 - 9:45; White's Elev., 10:00 - 11:00; Lazbuddie, 12:00 - 1:00; Clay's Corner, 1:15-2:15.

Saturday, August 30 -- Farwell, 8:45-11:45; Friona, 1:00-4:00.

## H. D. Clubs Slate Fashion Show

Parmer County Home Demonstration Clubs are sponsoring a style show at Friona High School auditorium Aug. 21, 8 p.m. Admission to the event is 75¢ for all persons over 12 years of age; persons under 12 will be admitted free of charge.

"Cotton for all occasions" will be the theme of this traveling collection of fashions from the cavalcade of cottons, which is a loan service made available by National Cotton Council and McCalls Patterns. It is offered as a demonstration of the versatility in home sewing information and the latest trends in fabric and pattern styling.

## FIGHT BACK!

**NITROMITE** by Nitrochem

Fight the price/cost squeeze on your wheat with NITROMITE, Shamrock's fine brand of anhydrous ammonia. A preplant application of NITROMITE speeds early growth, producing lush, high-quality forage (and plenty of it!)—an important factor if you plan to graze cattle this winter. And the cash crop? NITROMITE delivers the most usable nitrogen per dollar to help increase yields without increasing cost appreciably. So come harvest, even if prices are low, you make out. If they're good, you'll be the big winner. Put down NITROMITE now. It'll give you a fighting chance in the marketplace.
