

Farwell Chamber honors four

A packed house enjoyed the annual Farwell Chamber of Commerce banquet and awards ceremony last Friday.

Nearly 300 folks crowded into the Farwell Convalescent Center to be entertained by the western music of the Flying J Wranglers from the Flying J Ranch in Ruidoso, N.M.

The Wranglers, led by James Hobbs, a Farwell High graduate, also featured his wife, Cindy; bassist Greg Carey; a fiddler who was 1986 World Champion; and "Red" Gilliam, who had performed with the "Sons of the Pioneers."

The Wranglers perform six days a week from Memorial Day through Labor Day at the ranch's chuckwagon supper and western show in Ruidoso.

Honored at the awards ceremony were: Troy Christian, Farmer of the Year; Dorris White, Teacher of the Year; Dora Verner, Woman of the Year, and Ed Corn, Man of the Year.

Chamber officers are: Joe Hughes, president; Anne Norton, vice president; R.W. Anderson, treasurer, and Dutch Quickel, executive secretary.

Decorations for the banquet were provided by ESA Sorority. Farwell cafeteria prepared the meal. Steaks were prepared by Joe Jones, Johnny Actkinson and Fred Chandler. Farwell Junior High students were table servers. The invocation was offered by Rev. Rich Stephens. The benediction was given by Rev. Rick Sullivan. Music was provided by the Farwell High Band, directed by Craig Zinck. Tables and chairs were placed by the ag students of Richard Montgomery.

Here were the introductions given by last year's award recipients:

Ed Corn

The gentleman we are honoring tonight as 1989 Man of the Year was born May 30, 1949, in another country. His family lived in El Paso, Texas, until 1952, when they returned to his native land, where he attend a pre-school and began learning his second fluent language. In 1954 his family returned to El Paso and resided there until moving to Parmer County in March 1955.

He began his experiences in Parmer County on a farm, and he made friends with other boys his age. Typically, they chased skunks, fought with hoes and had "adventures" on the school bus. To earn extra money for his model car

Honored by the Farwell Chamber of Commerce were, from left: Troy Christian, Farmer of the Year; Dorris White, Teacher of the Year; Dora Verner, Woman of the Year, and Ed Corn, Man of the Year.

building hobby, the young man began to shine shoes at Emmett Tabor's barber shop.

Also, in April 1961, he left for a summer vacation to be with his grandparents in his native country. He got along so well with his language and customs that a telegram was sent back to his parents requesting him to stay for the rest of the year. Thus, he lived with his mother's parents while he attended 7th grade. Upon returning to the United States, he finished school at Bovina, graduating in 1967.

Following high school graduation, he attended U.T.E.P. on the engineering work-study program with White Sands for one year, and then Texas Tech for a year. After this, he transferred to West Texas State University, where he

received a Bachelor of Science degree in industrial arts education in 1972.

In the meantime, our Man of the Year married. He and his wife lived in Friona for awhile, where our honoree taught industrial arts for two years before he began farming near Farwell. In August 1978, he and his family moved into their present home in Farwell.

The man we are honoring has long been active in church. After being members of the Oklahoma Lane Methodist Church, they now are members of the First Baptist Church of Farwell, where our Man of the Year is active in Sunday School and serves as substitute teacher to the adult men's classes.

He was a member of Parmer County Young Farmers. He has served as assistant scout master for Farwell Troop 200. His interest in young people led him to serve on the Farwell School Board for seven years, three of those as secretary.

Our award recipient is an active member of the Texico - Farwell Rotary Club, where he is president-elect. He enjoys the Rotary's association with foreign exchange students because he can relate to their experiences, having attended the 7th grade in Germany.

Hard working farmer, concerned citizen, devoted husband and father, encourager of his friends and neighbors - Edward William Corn is our 1989 Man of the Year.

Dorris White

Dorris White, one of Farwell School's most-active promoters of things educational, sport related, and professional for Farwell Schools, has been nominated by her peers for "Teacher of the Year - 1989."

Dorris' goal seems to be like the vow taken by those admitted to citizenship in the old Greek city states: "To leave the community in which I live and serve better for my having lived and served there."

Her first involvement with Farwell Schools came when she entered the first grade with Mrs. Cain as her teacher. She continued school here and after graduating from Farwell High in 1963, she obtained a B.B.A. degree from West Texas State University.

Border Banter

Pageau is doing okay

Odds and ends today, folks:

Michael Day, Farwell's hot-shooting guard, earned a spot on the Class 2A All-South Plains listed in the Lubbock newspaper.

Here are the jacket winners for the first two weeks in the giveaways sponsored by Helton Oil: Jimmy Curtis of Farwell and Jerry Cass of Rhea.

The giveaways are continuing through the end of this month.

The first meeting to plan this year's Border Town Days will be Monday, April 3.

We'll run a big story on this next week to remind folks to attend the most - important planning session.

I met with Shandra McIntosh, BTD vice president, last week to go over preliminary plans and things look pretty good. As always, BTD will be held the last Saturday in July.

Remember, BTD is open to ALL area residents so if you would like to join our committee watch for next week's announcement - and come!

Here are the enrollment figures for the four Class 2-A teams in the state basketball finals at Austin:

El Maton Tidehaven, 192; China Spring, 279; Edgewood, 218, and Farwell, 141.

So you can see that Farwell, the smallest Class 2-A school in Texas, often will be facing squads from schools twice its size.

Speaking of school size, New Home, one of the Class A semi-finalists, had an enrollment of only 45.

I stopped by Little Mexico in Texico last week: Ron Pageau is doing wonders with that place.

I'm sure you've seen all those little "houses" going up for the flea market, which has done super business. And a lot of cleanup has been done, too, to improve the site.

Ron told me of all sorts of ideas he has for expanding his place. It looks like he will succeed and we're glad of it.

Letter To The Editor

Past Steer teams recalled

Dear Editor,
I would like to personally like to congratulate the 1988-89 Farwell Steer Basketball team on their tremendous success this season. Breaking that barrier and storming into the state tournament for the first time in history was quite an accomplishment for a little town that is rich in tradition in basketball.

Based on my own personal experiences in Farwell's tradition, I would like to share some memories. It amazes me that I don't think Farwell has ever had a player over 6'3" and has always run into those teams with extreme height advantage. But yes, Farwell has put them away, and if we didn't everybody knew they had been in a dog fight.

I can remember when all this tradition started taking place: in the 1960's when, in my belief, the best high school basketball coach ever, Vernon Scott, started his era. I remember this short little Farwell team. Charlie Dannheim, Larry Gregory, Johnny Actkinson, Jerry Childs, Warren Gossett, among others.

That 3 game playoff with Springlake-Earth was as exciting basketball as anyone could imagine. Yes, Farwell prevailed against the taller Wolverines. The Bi-District game was as equally exciting against Petersburg. Pre-game warm-ups, Farwell fans were in awe as those Buffaloes, 4 or 5 of them, dunking that ball one after another. But, put that speed and muscle of Dannheim and Actkinson and the fingertip shooting of Gregory, and you got the Steers headed for the Regional Tournament.

Incidentally, Larry (Gregory), I notice you have taught your form well to your present Steers. Keep up that good work. Gruver did have a hot game against the Steers in Regional putting a barrier on Farwell getting to regionals but unable to capitalize.

Success continued through the 60's with the likes of Greg Hargrove, Kyle and Gene Sheets, Bobby Fields, Johnny Shell, Lewey Bradshaw among others between 66-68. The Steers have had a record of District championships throughout the years. Carrying out the tradition in the late 60's were the likes of Danny Prince, Dean Stovall, Gene Sheets, Lawrence Bryant and more.

This leads me into the era I am really familiar with, 1972. Yes, the 3 game play-off with Vega for district. And probably the most memorable game of the decade- Bi-District. Coach Scott made believers out of us in a game facing all the odds. Lorenzo 35-0. No 1 in the state.

Result: Steers running, running, and running some more, beating a team no one gave us a chance against 73-70. Teamwork almost identical to the present Steers. Brett and Kevin Hargrove, Larry Erwin, Kevin Hardage, Mike Travis, Doug Johnston, Johnny Boling, Randy Gregory, and Rod Johnston. We did break a barrier that year. Farwell had never won their first game at regional. We accomplished that by beating Petrolia.

That final game against Sanford-Fritch was so disappointing. I know everyone to this day still feels that game should have been ours. I can still see our fans from Farwell who backed us all the way. Some of whom I saw at the play-off games this year. I believe that's what you call tradition.

On through the 70's and 80's, Farwell fans can still recognize names like Duke Kirkland, Greg Taylor, Mike Woods, Brad Jones, Russ Jones, Leslie Curtis, and so many others that have that Big Blue, Blue Thunder, White Lightning and most of all that feeling of Steer Power in our hearts.

Way to go Steers of 88-89. You're continuing the tradition. I enjoyed watching you guys play Seagraves, Quanah, and Haskell. Ya'll had a super team and I see where it's going to continue. From the Coach Scott era on into the Coach Gregory era. (Ask Larry where he learned how to coach like he does). I see one more barrier to conquer, and I feel it will happen soon - a state championship. With the players we have, the coach, and all the support and tradition I know I'll have my heart in Austin when it happens. Keep up the good work Steers.

Next year as your season goes on, remember the new hearts of tradition that are out there with you. Those seniors, your teammates, that helped break that one barrier, and will help conquer the last one. Dustin, Michael, Curtis, and Jeff, welcome to a good group of people - Steer Mania.

Day named All-State

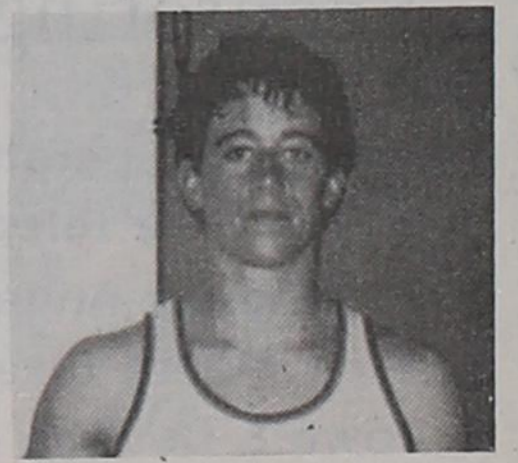

For perhaps the first time in Farwell history, a Steer basketball player has been named first team All-State by the Texas Association of Basketball Coaches, Larry Gregory reports.

Receiving the honor was senior guard Michael Day.

The 5'9 guard joins a Class 2-A team which also includes two 6'4 players and two 6'8 players. Of the five, two played in the state tournament - Day and Chris Grice, of Tidehaven.

Also, Scott Scaff of Bovina was named first team All-State in Class A.

Day, Scaff and Brian Glover of Lazbuddie will play in the Golden Spread All-State Tourney in Amarillo in late April.

Odds, ends

 Mark this on your calendar: the Texico Chamber of Commerce annual banquet will be April 25 at 7 p.m. MST at the Texico school cafeteria. We'll have an interesting speaker from Eastern New Mexico University on the program. More on this later.

 Remember the note I put in my column a couple of weeks back about the lack of someone to tow and repair cars here? Well, I found out why: the cost of insurance has skyrocketed. End of story.

 It's time for me to make my annual prediction on who will win the World Series.

I've been following the Cactus League games closely and I am now in a position to affirmatively state that the Chicago Cubs will win it!

Yes, I know I've made this same prediction for the past 40 years and the Wrigleys have yet to make it into a World Series.

But you never know. It was a most interesting Farwell Chamber of Commerce banquet for Gwen Corn.

Of the four winners, three were related to her, including hubby Ed. And the fourth winner, Dora Verner, lived near her for many years before Gwen moved to town; and Dora now lives within 100 yards of her!

When you see Colleen Stover, ask her about the practical joke that got pulled on her last week; it was a lulu!

Speaking of the Farwell banquet, Rev. Mac Bearss just doesn't seem to have much luck.

Last year, he sits in the back row and it's the last to go through the food line. This time around, he's in the front row and - you guessed it - he

again was in the last group to get food.

 On April 8, the Texico - Farwell Knights of Columbus will be out seeking donations for the retarded citizens during the 14th annual K of C Tootsie Roll drive.

All the donations go to this charity, with 90% staying locally and 10% going to the Association of Retarded Citizens of New Mexico.

The tootsie rolls are not being sold; they are being passed out to persons in hope of receiving donations in return.

 Lazbuddie Fire Chief Glen Lust reports that the fund-raising dinner they sponsored raised about \$10,800 for the volunteer fire department. The money will be used to build a new building.

Right now, Lazbuddie has a building which holds four vehicles. It needs space for 6. They also need to put some vehicles in the Clay's Corner area. The new building would solve both problems.

"I hope we will be able to build before it freezes next winter," said Lust.

The family of Frank Galvan would like to take this opportunity to thank everyone for the kind expressions of sympathy, food, flowers and thoughtfulness during our time of sorrow upon his son Albert's death. Special thanks from our hearts to Frank Ancira, Bacilio Ancira, Gloria Escobedo, Rebecca Garcia, Moses Ancira Jr., David and Cecilia Ancira for the special roles they played during our hardship. Also, we wish to thank the Texico Goodwill Baptist Mission, the congregation of San Jose Catholic Church, Benny Yruegas and the Outlaws for their support. Words, alone, seem so insufficient to express our heartfelt gratitude. May God bless each and every one of you.

First Baptist Church of Farwell

Chamber

In following years, she received a Master of Education from Eastern New Mexico University. Never one to think education is complete, Dorris continued to attend classes at ENMU, Texas Technological University and the Region XVI Service Center in Amarillo.

Over her teaching career, she has been willing to take on many extra-curricular activities. The pep club for three years and the Farwell High cheerleaders for eight years have been a main focus.

Directing the yearbook for six years for the school is an ongoing project with scheduling, photographers and the record of the year's activities. Class sponsorship for 17 years is an experience every year and Dorris has completed these successfully taking six senior trips along the way.

Her family is a contributing factor to her success as a vibrant and energetic person. Dorris' parents, Sterling

and Dorothy Donaldson of Oklahoma Lane, encouraged education and ethics. All of their five children received a college degree.

Robert White, who she married on Feb. 14, 1965, is a community-minded person also, and supports her in all activities. They have two daughters - Dana, a student at Texas Tech, and Angie, a junior at Farwell High. An outstanding characteristic Dorris has is that she can balance her love and dedication to her family's interests and continue with the activities required for school.

She has taught 17 years in Farwell. Four of these years were in the English program for the junior high. The remaining 13 have been in the high school business program. This program has expanded under her leadership and consists of typing, shorthand, accounting, office procedures, business law, personal business management and word processing. In addition to these courses, computer and photo journalism expand the curriculum.

When the UIL competitions begin in the spring, she encourages and works with students in the events related to the business area. These students perform well in competition and over the years many have advanced to regional competition.

Students respect Dorris White. One student said, "Mrs. White's classes are hard. She makes you do it right, but she doesn't make you feel stupid." Students seem to admire her sense of humor as well as her demand for perfection. Her fellow teachers also respect her knowledge and sense of cooperation. She never seems too busy to help both student and teacher - particularly on the computer, which is a new activity for this generation.

An outstanding request and honor was made for Mrs. White. She gave an inservice workshop in Friona on "Classroom Management." This was an outstanding presentation and well attended by many educators in the county. Another professional activity she has performed was serving on committees to improve Farwell Schools' instructional program. The most memorable of these was the 5-Year Priorities Plan developed in 1985 under the leadership of W.M. Roberts. This required hours of meetings and reports and served as a valuable tool for the progress of the school. Currently, she serves on several committees including School Improvement Plan, writing curriculum, and textbooks.

She is a past member of Texas State Teachers Association and served as secretary of that organization one year. She currently is a member of the Texas Association of Community Schools and serves as Farwell's contact person with Parmer County Teachers' Credit Union.

Dorris has lived in the Farwell community all her life. She is an active member of the Baptist church, has taught Sunday School, and sings in the choir. Farwell and Farwell High School can be proud to have such a person reared and educated here. She is an asset to our school and community and it is with pride that we at Farwell High nominate Dorris White as "Teacher of the Year - 1989."

Troy Christian

The 1989 Farmer of the Year was born in the Oklahoma Lane Community. He attended school at Oklahoma Lane and Farwell, graduating from Farwell High School where he was active in FFA, basketball and football.

He married a Bovina girl, and he and wife Lillie have three children, two boys and a girl. They also have three grandchildren.

He is a member of the official board of the Hamlin Memorial United Methodist Church.

He is active in community affairs, serving as a member of the Farwell Hospital District Board and as a member of the Soil Conservation Service Board. He also is a member of the board of directors for two groups - Holly Sugar and the Plainview Production Credit Association.

He and his sons currently farm 20 circles in the Oklahoma Lane community. The 1989 Chamber of Commerce Farmer of the Year is Troy Lynn Christian.

Dora Verner

Our Woman of the Year was born at Manitou, Okla., and grew up to go to school at Holton, Okla. It was a one-room school. Then she went to high school at Fredrick and attended Southwestern Teachers College. From there, she taught in Fredrick.

She married Walter Verner June 27, 1925. Six children were born to the couple. And so far there are 13 grandchildren along with 15 great-grandchildren.

She moved to Oklahoma Lane in 1933. She was a member of the Baptist Church and also a teacher, pianist, and held offices in the Home Extension Club. She moved to Farwell in 1974 and joined the First Baptist Church. She has held all the offices in W.M.U.

She held all the offices in the Senior Citizens organization. She is a volunteer delivering Meals on Wheels and helps at the Farwell Convalescent Center, playing the piano, mending, shopping, running errands for patients. She is a member of the Volunteer Auxiliary and helps "shut-ins."

Her hobbies are traveling, "42" and fishing. In choosing a motto that would fit her, it would be "I am here to serve and fill the need of others, wherever I can find that need."

Fire Calls

Both the Texico and the Farwell Fire Departments answered two calls during the week ending March 22.

On March 17, Farwell put out a grass fire on the railroad right of way along highway 60 east of Farwell at 12:36 p.m., and a grass fire on

March 20 at 600 Ave. F at 6:04 a.m.

Dyer, Smith top contest

Merlene Hill has announced the winners of the Farwell High School String Art contest.

Each year math students design projects that use mathematical principles to make artistic items.

"String designs give experience in mathematics; they develop an important awareness of some important geometric concepts such as symmetry, point, segment, angle, triangle, circle, hyperbola, and parabola.

"The total contribution of mathematics to the craft of string art is impossible to measure. Students need to see that mathematics, like other disciplines, can be beautiful; the mathematics underlies much of the design and art of our culture," said Mrs. Hill.

Victor Loya, of Toddle Tykes, was curious to see this six foot long boa constrictor. Jason and Gaylen Sudderth and Jeremy Hernandez looked on in wonder.

Zoo visitors

Marge Moore of Hillcrest Zoo in Clovis paid two calls in Farwell recently.

She spoke to elementary school students at Farwell Elementary School about predatory animals. She brought specimens of several predators with her and she told the students about their habits.

Later in the week she paid a visit to Toddle Tykes Child Care Center where she showed the students a variety of animals. There she stressed the fact that wild animals do not make good pets, and that the children should not pick up wild animals without parental guidance.

As the medic at the Hillcrest Zoo, Mrs. Moore has had to treat many of the animals. She showed the students the owl with an injured wing, and the sparrow hawk with a broken foot.

This domestic rat was a hit among the tykes. They especially enjoyed seeing the mother rat's 15 babies which were each about 1" long. Shown are: Shay Ford, Christy Clift, Cassie Street, and Tanner Williams.

Jamboree scheduled

The Floyd Lions Club is busy making the final arrangements for their 39th annual country jamboree.

The Jamboree started in 1950 and became a yearly affair. The show will be March 23, 24, and 25 in the Floyd High School gymnasium.

Entertainers have been holding practice sessions every weekend since mid January. Thirty-four solo, duet or group vocalists will perform with the Floyd Jamboree Band as back-up. Featured performers, selected by audition, come from surrounding towns.

The doors will open at 6 p.m.(MST), and there will be no advance or reserve seat tickets sold.

Baptist adult board meets

Gladys Hardage and Irene Stephens of Farwell attended the Baptist Senior Adult Encampment Board meeting on March 16 at First Baptist Church in Lubbock. Mrs. Hardage is on the board, and Mrs. Stephens was a guest at the meeting.

The group is planning a senior citizens camping experience in May of this year.

Rev. J.L. Bass of the South Plains Association opened the meeting with prayer. Then the group enjoyed lunch together before they began their business meeting. Merle Waller of Littlefield also represented the Llanos Altos Association at the meeting.

Losing Your Freedom Of Choice Is A Bitter Pill To Swallow.

Your insurance plan may be limiting your freedom of choice by restricting which pharmacies can fill your prescriptions. If so, you may be running the risk of not getting the quality of service your family deserves.

This could restrict your ability to receive advice on your prescriptions from your regular pharmacist. Or hamper you in having your prescriptions filled locally.

And that could be a big headache.

Choosing a pharmacist is as important as choosing your doctor or dentist.

When you're evaluating a medical insurance program, make sure it offers you or your employees freedom of choice in selecting a pharmacy.

Be sure to ask your benefits manager if your current health plan is non-restrictive.

Freedom of choice-it's your prescription to better health.

Christian, Roberts re-elected

Wendol Christian and Jerry Roberts were re-elected to the Board of Directors of the Deaf Smith Electric Cooperative at the group's annual meeting on March 18.

In the management report to members, James Hall reported that 1988 was a good but not great year for the cooperative. During the first 8 months, wet weather caused irrigation to decrease; that translated into a decrease in electricity purchased. During the last four months of the year, irrigation and fuel purchases increased.

The cooperative netted \$400,000 as compared to \$100,000 for 1987. In 1988, the cost of fuel purchased from Golden Spread Electric Company decreased. At the same time, there was an increase in the sale of fuel.

The cooperative plans to change its rates for irrigation in 1989 to a strictly kilowatt

hour charge instead of a \$4 charge. They will also change from a 10 horsepower minimum to a 5 horsepower minimum on the irrigation rates.

Hall suggested that consumers call the office and find out when their meters will be read.

The cooperative also plans to decrease the rate for total electric homes.

The proposed rate changes should go into effect in April.

Hall reported that equity in the cooperative is up again this year, and the financial indicators show that the cooperative is in sound shape.

Following the business meeting, Patty Bryant, President of the National Rural Electric Womens' Association spoke.

She noted that in the days before rural electrification it was the women who wanted electricity; they were the

ones who knew the drudgery of life without electricity. In many cases women went out to collect the \$5 to get charters for electric cooperatives because they wanted washing machines and refrigerators for their homes.

Mrs. Bryant noted that many middle aged people do not remember a time without electricity. She and representatives of the 4,000 volunteers in NREWA set out to write a book about how rural electrification got started, and how it works today.

She went on to tell about NREWA's current activities including: sponsoring national projects, sponsoring activities, and encouraging women

to enter politics. They have produced several health and safety programs which can be shown in schools. They sponsor youth contest. They work to promote excellence in rural life.

Why have a separate organization for women? According to Mrs. Bryant, 1. Women use the bulk of the electricity in the home. 2. Women often pay the electric bills. And, 3. Women are receptive to health and safety programs.

GREETINGS..

After much consideration, we have decided to "cast our lot" with the people of the Texico-Farwell community as successors to Mr. and Mrs. D. W. Bagley, as wholesale representatives of the Phillips Petroleum Company.

Having had considerable experience in the oil and gas business, we feel that we are not entering a field with which we are unfamiliar. However, we realize that getting acquainted in an entirely new community is no small undertaking.

And for that reason, we are sending each of you of this community this greeting. We want to know each of you better . . . we are going to make your acquaintance just as rapidly as humanly possible. We want to extend you an invitation to drop in and get acquainted whenever it is convenient for you.

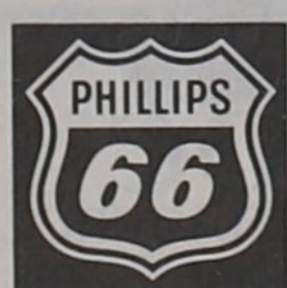

With your cooperation, we believe that it will be possible for us to continue the highly efficient service that you have enjoyed in the past, and to that end we solicit a continuation of your loyal patronage.

Light snow falls here

Monday night's snow flurries brought a dusting of snow to the Twin cities, but the moisture content did not fill much space in the local rain gauges.

Rose Longley at Farwell Feed Yard noted that about 1 1/2 " of dry snow fell there. She did not measure the actual moisture content of the snow.

Lonnie McFarland reported that the snow brought only a trace of moisture to the rain gauge at the Sherley Anderson Elevator in Lariat.

Scott Brown at the Sherley Anderson Grain Elevator in Lazbuddie reports about .05" of moisture from the snow that fell there.

But local farmers are glad to see even a little moisture this time of the year.

The Resurrection of Jesus as a Jerusalem Newspaper Might Have Reported It

JERUSALEM, MONDAY, MARCH 27, 33 A.D.

JESUS IS RISEN FROM THE DEAD

Grave in the Garden Reported Empty

Man of Galilee Influenced Many

Last Friday Jesus of Nazareth was put to death by crucifixion. Today the population of this capitol city was rocked by the startling news that he is alive! Who is this man who has made such an impact on the whole city and country?

Born in the city of Bethlehem about 33 years ago, Jesus spent most of his childhood and youth in Nazareth. He lived with his parents, Joseph and Mary, attending the regular Jewish schools and assisting his father in the carpenter shop.

It is reported that the popular preacher had an intense interest in people. On one of his trips to Jerusalem ten men afflicted with leprosy came to him for help. He directed them to report to the priests for inspection. It was on their way to the temple that they were healed.

Certainly a person who can heal a disease such as leprosy would be considered a desirable member of society.

While he and his disciples were resting in the plains near Bethsaida, over five thousand people came out to see and hear him. We are told that Jesus fed the whole group with five loaves of

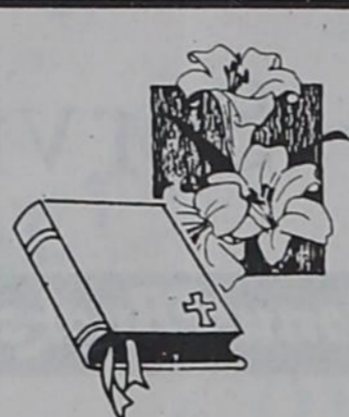

bread and two fish. It is no surprise that they wanted to proclaim him king at this point in his ministry.

When the daughter of Jairus died, we are told, she was restored to life by the words: "Damsel, I say to you, arise." Some of his followers tell us that even though his friend Lazarus had been dead four days, he called him back to life with the words "Lazarus, come forth." It is not surprising that someone who apparently has power over life and death should be heralded as the Son of God.

Although his ministry was marked with concern and compassion for the masses, he nevertheless did take exception to many of the pronouncements and the activities of the leaders of the church. Because of this attitude, the church leaders refused to accept him.

Religious lawyers sought to discredit him in the eyes of the public. When this failed, they plotted his death. Persuading one of Jesus' own followers, Judas Iscariot, to betray him, they succeeded in a conspiracy which ultimately ended in his death.

But did they really succeed? Today it seems that even death could not silence Jesus of Nazareth. While opposition leaders are vigorously seeking to silence the startling reports of his resurrection, there are many others who now are certain that Jesus of Nazareth was not only sent from God, but that he is God Himself.

From The Editor's Desk

We had a different editorial prepared for today's issue. But the news of the events of yesterday changed our plans.

With great interest we had followed the capture, trial and crucifixion of Jesus of Nazareth. After He was buried on Friday, we turned to other things. But early yesterday morning, word came to us that this Jesus had returned to life.

What the events of the past weekend will mean to the world is rather difficult to ascertain on the day after Christ's resurrection. From this vantage point, it appears that we can expect great things. Some of the faithful followers of Christ remember the many prophecies concerning the Messiah's coming. Yesterday's events, according to reliable reports, indicate that the Messiah is none other than the risen Christ.

We are told that over four thousand years ago, the Lord reminded Abraham that the members of the Lord's church would be as numerous as sands upon the seashore. Does this mean that the message of the Messiah would cover the whole earth?

It is reported that on last Thursday night as Christ met privately with His disciples in the upper room, He prayed to God, saying, "Neither pray I for these alone, but for them also which shall believe on Me through their word."

Could it be that the news of Christ's resurrection will be proclaimed throughout the world?

Will the message of Jesus Christ invade the powerful strongholds of Greece and Rome?

Is it possible that the risen Christ will become more important than the god Jupiter, or that Socrates and Plato will fade before this One who said, "I am the Son of God?"

It might be well that we all heed the words of the angel, "Why seek ye the living among the dead? He is not here; He is arisen! Remember how He spake unto you when He was yet in Galilee, saying, 'the Son of Man must be delivered into the hands of sinful men, and be crucified, and the third day rise again.'"

Highlights of Jesus' Trial

Early Friday morning Jesus of Nazareth was brought by church-officials in Jerusalem to Governor Pontius Pilate for trial. Five days before, great multitudes of Passover-pilgrims and common people had welcomed Jesus of Nazareth to Jerusalem as the Christ, the King of Israel.

Church authorities expressed fear that such a popular acclaim might easily lead to insurrection and bloodshed. High priest Caiaphas suggested that it would be better for one man to die than for the Jewish people to perish.

The charge brought by the church leaders before Pilate, was that Jesus was stirring up rebellion against the Roman Government by claiming to be Christ, a King. When examined by the Governor, Jesus said: "My kingdom is not of this world....Everyone that is of the truth heareth My voice."

Pilate ruled that teaching truth is no crime against civil government. King Herod, who was in Jerusalem at the time, agreed that Jesus of Nazareth was not guilty of organizing rebellion against civil authorities.

The Governor invoked the custom of pardoning

a prisoner at the Passover-feast. When given a choice the people called for the release of Barabbas and demanded the crucifixion of Jesus. To pacify the Jewish leaders Pilate had Jesus scourged and crowned with thorns, but to no avail. The church-leaders threatened to accuse Pilate of disloyalty to the Roman Emperor, if he failed to sentence Jesus to be crucified. Pilate agreed to do so after symbolically washing his hands to disavow any responsibility of the matter. Thereupon, the accusers expressed willingness to assume the blame by saying: "His blood be on us."

As the procession of the condemned made its way through the crowds on the way to Calvary, Jesus faltered under the weight of his cross. The soldiers drafted the services of a Passover pilgrim, Simon of Cyrene, to carry Jesus' cross. Of this man little is known except that he has two sons, Rufus and Alexander.

Only once did Jesus pause to speak. He then said, "Daughters of Jerusalem! Weep not for me, weep for yourselves and for your children." Briefly he spoke to them of the destruction which He said would come to the holy city of Jerusalem.

Reaching Calvary four soldiers then crucified Jesus and cast lots for His clothing. At the direction of Pilate the soldiers placed the superscription on his cross: JESUS OF NAZARETH, KING OF THE JEWS.

Eyewitnesses Testify To Resurrection

Early yesterday morning several women set out for Joseph's garden to complete the task of anointing Christ's body. They kept asking each other, "Who shall roll away the stone from the door of the sepulchre?"

When they came to the grave they saw that the stone was rolled away. They could hardly believe their eyes, for on the stone was a most unusual person. He was dressed in a pure white garment and his face was as brilliant as lightning.

It is reported that this was an angel and that he told the women, "Fear not, for I know that you seek Jesus who was crucified. He is not here; for He is risen as He said. Come see the place where you and the others put His body. Now go quickly and tell His disciples that He is risen from the

dead, and He will meet you in Galilee." The women left the grave and as they returned to the city they were met by the risen Jesus whom they immediately recognized.

Another follower of Jesus, Mary Magdalene, also came to the grave early yesterday. Mary remained at the grave and was very dejected over the absence of Christ's body. She even accused a man, whom she thought was the local gardener, of stealing the body. To her utter surprise, this man was none other than the risen Christ who identified Himself by calling her by her name.

Last evening, Jesus appeared to ten of his disciples in Jerusalem. These appearances of Jesus verify that He is truly risen from the dead.

Last Words Of Jesus Unusual

The death of Jesus of Nazareth was unlike any other death. Even the words of this dying man were extraordinary.

After Jesus was nailed to the cross and the cross was placed in an upright position, He prayed for pardon and forgiveness for His enemies. A Roman soldier remarked, "Usually we are cursed to death in hell."

A conversation took place between Jesus on the center cross and the thief who was crucified on His right. The thief apparently recognized in Jesus more than criminal traits as he asked to be remembered by Him in His kingdom. The thief received the answer, "Today you shall be with Me in paradise."

Great concern was expressed about the darkness which prevailed for three hours, from noon to three in the afternoon. Out of that darkness Jesus was heard to cry in a tone of anguish and intense suffering, "My God, My God, why have You forsaken Me?"

It became apparent that Jesus was going through more than physical suffering in His body. There appeared to be a deeper anguish and suffering that went beyond the torment of crucifixion.

A few minutes before His death he shouted, "It is finished!" That appeared to be a shout of victory. Was it a victory just to die? Or was there some other victory or accomplishment He gained through this suffering and death?

At this time analysts are trying to piece together these words of Jesus of Nazareth to determine what meaning they carry. The question being asked is, "Was Jesus giving His life in place of others rather than dying for any crimes He had committed?"

Events in Nature Cause Concern

Phenomena in nature during the past few days have caused the citizens of the area no small concern.

Friday from noon till 3:00 p.m. this city and all the region, possibly the whole world, was shrouded in darkness. Never before in the history of man, as far as can be determined, has the midday sun been completely darkened. This phenomenon was not an eclipse of the sun, since the Passover is held during the period of the full moon, thus making the eclipse impossible.

Two earth tremors of considerable intensity were reported. It seems uncanny if not ominous, that the first quake occurred precisely at the moment Jesus of Nazareth died. The time of the second tremor coincides with the time the Roman guards reported the tomb was opened and found empty.

Such happenings certainly challenge rational and scientific explanation. Can it be that history will pronounce these events "acts of God?"

dead, and He will meet you in Galilee." The women left the grave and as they returned to the city they were met by the risen Jesus whom they immediately recognized.

Another follower of Jesus, Mary Magdalene, also came to the grave early yesterday. Mary remained at the grave and was very dejected over the absence of Christ's body. She even accused a man, whom she thought was the local gardener, of stealing the body. To her utter surprise, this man was none other than the risen Christ who identified Himself by calling her by her name.

Last evening, Jesus appeared to ten of his disciples in Jerusalem. These appearances of Jesus verify that He is truly risen from the dead.

Judas Iscariot Suicide Victim

Late Friday night a body was found hanging from a rope at the outskirts of Jerusalem. The dead man has been identified as Judas Iscariot, the treasurer of the disciples of Jesus of Nazareth.

Judas had contracted with the church officials to betray Jesus into their hands for thirty pieces of silver. Once the deed was done, Judas apparently was plagued with guilt feelings.

It is reported he tried to return the money to the church officials but they were totally unconcerned. This refusal to accept his offer sparked the traitor's suicide.

Secret Follower Interviewed

Nicodemus, a teacher of religion in Jerusalem, has come out openly in support of the cause of Jesus of Nazareth. One of our reporters secured an interview with the aging religious leader who is rumored to have assisted with the interment of the body of Jesus in Joseph's garden.

It was revealed that Nicodemus has had an increasing conviction that Jesus is the Messiah. On occasion the two met secretly.

In answer to our reporter's questions as to why he considered Jesus to be the promised Messiah, Nicodemus read the following words from Isaiah: "He is despised and rejected of men; a man of sorrows, and acquainted with grief; and we hid as it were our faces from him; he was despised and we esteemed him not. Surely he hath borne our grief, and carried our sorrows; yet we did esteem him stricken, smitten of God, and afflicted. But he was wounded for our transgressions, he was bruised for our iniquities; the chastisement of our peace was upon him; and with his stripes we are healed. All we like sheep have gone astray; we have turned every one to his own way; and the Lord hath laid on him the iniquity of us all."

Turning from the prophecy, Nicodemus stated, "I can't help believing that these words, as well as many others in the prophecy speak of Jesus Christ. You reporters covered his trial. You were out there on Golgotha when they crucified him. You saw how they manhandled him, how they scoffed and mocked him. What do you think?"

"It may cost me my position; it may even cost me my life, but I can't keep still any longer. I'm ashamed that I haven't spoken out sooner."

"When I recall the events of his life and the words of the scriptures about the Messiah, I cannot but say that this Jesus is the promised Son of God, our Messiah!"

This page is presented with the prayer that the blessings of Easter may continue in your life.

Great Excitement in Emmaus

Late Sunday afternoon a young man, Cleopas, related a strange experience he had earlier in the day.

According to Cleopas, the crucified Messiah is not only alive, but has been seen, talked to and dined with, all during the past twelve hours.

A stranger joined Cleopas and a friend as they traveled to Emmaus. This trio discussed the recent events in Jerusalem. The stranger seemed to be unaware of all the excitement of the last few days.

He asked Cleopas and his friend why they were so sad. Cleopas then explained that their sadness was because Jesus of Nazareth was put to death and even though it was reported that Jesus was alive, no one had seen Him.

When they arrived at Emmaus, they invited this stranger for supper. "It was during the act of blessing the bread that we recognized Him as the risen Christ," Cleopas claimed. "But before we could greet Him and express our joy, He was gone."

Returning to Jerusalem, Cleopas and his friend met with Jesus' disciples and reported what happened on their trip to Emmaus.

Peter and John related their experience of that morning. They had rushed to the tomb when they heard of the possible resurrection. They found the tomb empty, but identified the grave clothes as those used to wrap Jesus' body for burial.

Suddenly Jesus Himself stood in their midst and said, "Peace be with you."

Charges Church Trial Fake

Charges were made today that the trial of Jesus of Nazareth before the Church Court last Friday was not legal. In an exclusive interview, Joseph of Arimathea, a member of the Sanhedrin, claimed that the death sentence was not unanimous and that a gross miscarriage of justice was committed.

Incensed over the action of the court and claiming an innocent man had been condemned, the eminent counselor referred to the following five improper actions of the court:

1) It is illegal to begin court action at night; yet the first appearance of Jesus before the court took place at approximately two o'clock in the morning.

2) It is illegal to hold court on Friday, the day before the Sabbath, or on the day preceding a high festival; yet Jesus was tried on Friday, the day preceding the Passover.

3) It is illegal to try a prisoner without benefit of defense; yet no witnesses were called in defense of Jesus. (The counselor claims that he called this point specifically to the attention of his fellow-jurists, but that it was denied)

4) It is illegal to try a man and to pronounce capital punishment within one day; yet Jesus was apprehended, arraigned, tried and crucified within less than eighteen hours.

5) Finally, it is illegal to pass the death sentence on the testimony of one witness alone; yet Joseph claims that none of the witnesses for the prosecution agreed in their testimony against Jesus, and STILL the court condemned him!

The jurist claimed that he refused to vote for condemnation at the trial. Among other obvious reasons, he stated that he is convinced that Jesus of Nazareth is actually the promised Messiah, the Hope of Israel! For this reason he made the new sepulcher in his spacious garden available for the burial of the Nazarene. He also stated that for the same reason, Nicodemus, a respected teacher of religion, assisted in the final rites for Jesus in the garden late Friday afternoon.

Centurion Testifies

The centurion, who was in charge of the crucifixion of Jesus of Nazareth and responsible for preserving law and order, gave what may be considered the most eloquent testimony of all in regard to the person who was crucified on Calvary's hill.

He had been a silent witness to all that happened. When questioned soon after the events of Friday, he spoke with conviction. He stated that there had been a great miscarriage of justice, since the words and actions of the man crucified were not those of a man guilty of crime.

When asked who he thought the crucified man was, he replied, "To the best of my knowledge, He was, as He Himself said, the Son of God." That this sort of testimony should come from a man trained in the rigors and discipline of the Roman army is indeed surprising. It is proof that the death of Jesus of Nazareth has had an impact on all with whom He came in contact. Could it be that this confession of the centurion will encourage other centurions to confess Jesus as Lord and Savior?

Reluctant To Condemn Jesus

Checking the transcript of the trial held last week in Pilate's court, this reporter notes that the governor was very reluctant to order the execution of Jesus of Nazareth. The flow of events proves that the Governor placed himself in an awkward position before the church leaders. It must be said nonetheless that had Pilate been

more a judge and less a politician, only two men would have been crucified last Friday.

It is quite apparent that from the time of the preliminary examination until the final signing of the death warrant, Pilate was convinced that the prisoner was innocent of the charges preferred. He sensed that the charges were merely a cover-up and that it was envy that motivated the insistence upon the death sentence of Jesus.

Throughout the trial one can hear Pilate stating "I find no fault in him at all."

It is interesting to note that the esteemed governor sought justice. Hearing that the governor of Galilee was in the city, he sent the prisoner, who was a Galilean, to Herod. However, after examining Jesus, Herod gave the verdict "Not Guilty."

It was at this time that the Governor invoked the use of the age-old Passover custom of releasing a criminal from jail. Shrewdly he selected Barabbas, a hated and dangerous killer. The governor thought that society would not want this crazed rebel and murderer back in circulation. To his distress the leaders persuaded the crowd to ask for Barabbas' freedom and Jesus' death.

Sensing that the crowd would be satisfied with nothing less than blood, the judge compromised justice and ordered the innocent prisoner scourged. Dripping with blood, disheveled and thorn-crowned, Jesus was presented to the crowd as Pilate announced: "Behold, I bring him forth unto you that you may know that I find no fault in him. Behold the Man." Again the crowd would not be pacified. The Governor finally reconciled himself to the fact that neither compromise nor reason would satisfy the mob.

It was then that the opposition took command calling out: "If you release this man, you are not the emperor's friend." Was this a veiled threat? Would Pilate's past misdeeds be reported to Caesar? Reluctantly but deliberately, he washed his hands before the mob, saying: "I am innocent of the blood of this just Person; see to it yourselves." Reluctantly he signed the death warrant for Jesus of Nazareth. Justice finally had been trampled into the dust. Pilate had sold out to the opposition.

This raises some interesting questions: Will Rome condone such action in its courts? Can Pilate continue as Governor? What, in fact, does the future hold for Pilate? Time alone will tell.

Jesus' Burial Near Calvary

Friday afternoon at 3:00 p.m. Jesus of Nazareth died.

Joseph of Arimathea requested permission from Pilate to bury the body in his new tomb which is close to Calvary. The Roman governor granted the request.

Because of the lateness in the day and the approaching Sabbath, the preparation of the body for burial was not completed.
