Texico council doesn't want 'jake braking'

The Texico City Council met Tuesday and discussed the noise abatement ordinance.

It was said that Marshal Kelley Brophy already has authority to regulate jake braking by trucks in town.

Matt Meeks is checking into getting some "No jake braking" signs to put up in the city.

In other business the council:

- Heard councilman Oran Jay Autrey state that the papers are in order to annex property along Avenue F; all that needs to be done is have the landowners sign them.

- Hear Brophy state that a survey was done in regards to Maria Esparza's petition to remove stop signs; and that when he conducted the survey he didn't note anything other than a few random cars make rolling stops.

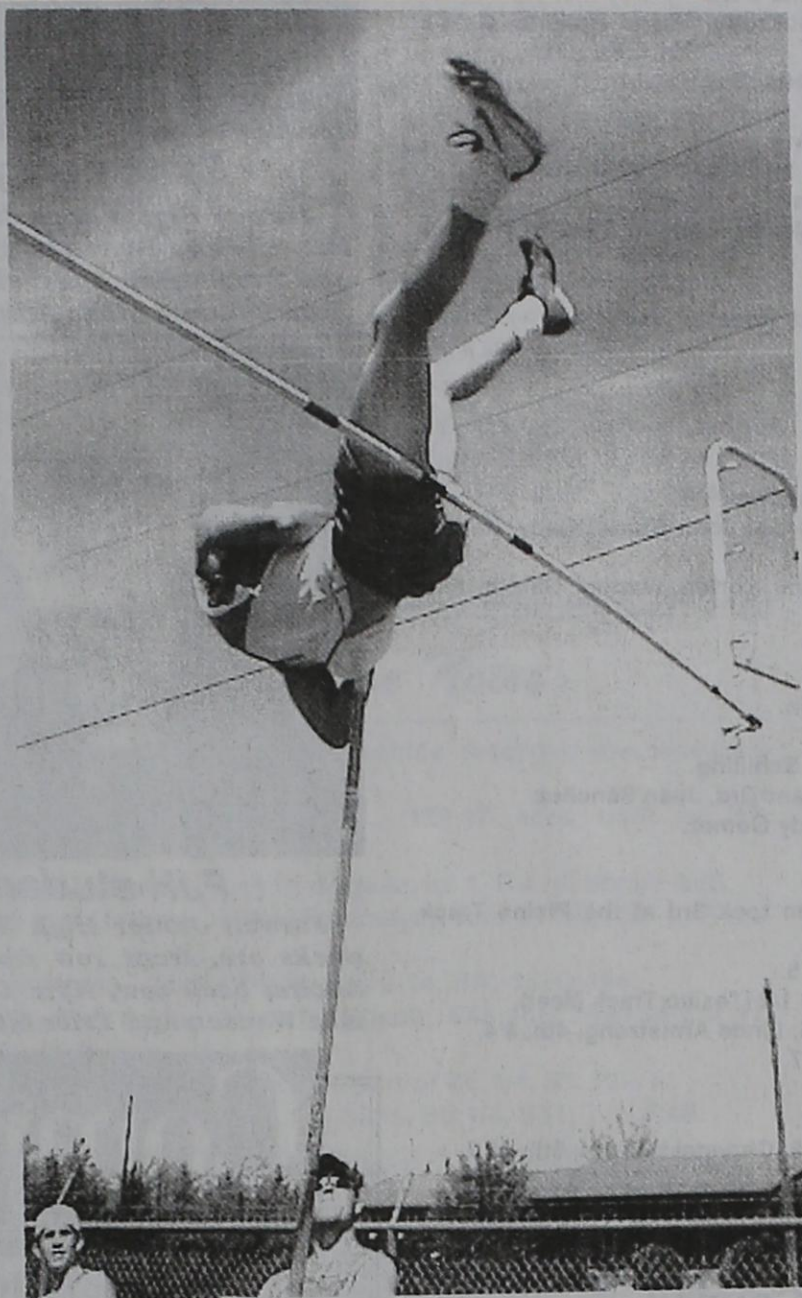

They have decided to leave this for the next meeting.

- Discussed Shaun Autrey's mobile home. The council once again talked about meeting with him about the aesthetic code review.

- Gave Ralph Autrey another 6 months to have his mobile home on the Skaggs property.

- Heard councilman Dean Henninger state that Texico will be receiving new street

Parmer County Cotton Growers Cooperative gin to expand

by Monica Cantu

It looks to be a great season for cotton growers in and around Parmer County -- and the Parmer County Cotton Growers Cooperative is definitely going to be making some major changes.

Expansion-wise. Manager Ron Riley says that they are going to be expanding the gin, therefore expanding capacity as well.

To expand capacity, they will be adding another overhead, cleaning equipment and 2 lummus 170 gin stands.

"And this," says Riley, "will bring our capacity to 60 bales an hour." That compares to the 28 to 30 bales that were being ginned last fall.

They are also increasing the pump capacity which, in turn, will increase press capacity. "So a lot of bales are going to fall out of the back," Riley jokes.

Riley says that there will be no need for any outside construction to take place. The people he has on staff will be able to handle the job sufficiently.

Last year, Parmer County Cotton Growers Co-op ginned close to 31,000 bales and Riley says that they could have been able to gin 8,000 to 10,000 more if they could have gotten to it in a timely manner.

With the expansion they will be able to gin 45,000 to 50,000 bales this year.

Parmer County farmers are expected to plant between 25 and 35 percent more acres of cotton. This increase of volume is a key reason for the expansion.

"It will be great for the communities," Riley states. They will be hiring another 5 or 6 people when the construction is over. "And potential customers can have their cotton ginned quickly and efficiently," added Riley.

Riley encourages people to come out and look for themselves at how things are turning out.

Crawford signs with West Texas

Farwell Lady Blue point guard Ashley Crawford signed a letter of intent on Wednesday to play ball at West Texas A&M. Farwell to halt band program

The Farwell School Board on Tuesday voted 4-3 to discontinue the band program.

In favor of the decision were Steve Kaltwasser, Mark Schwertner, Gary Patterson and Ronald Byrd.

Opposed were Teresa Ancira, David Norton and Mike Woods.

Participation in band had declined greatly in recent years. A poll of current high school students in band was taken recently and it showed that more than half of those in band were not planning to participate next year, said Supt. Larry Gregory.

Gregory said Farwell Schools is facing a \$400,000 cutback due to this year's lower enrollment. Currently, there are 517 students -- a drop of 51 from last year.

State officials have told Farwell to expect 470 students next year. So Gregory and the board are looking at cost savings now.

The current band instructor, Jody LaChance, was hired during the current year on a

Texico hires two principals; Lynn resigns

The Texico School Board on Tuesday hired two new principals and accepted the resignation of head football coach Dave Lynn.

David Hutton, current Muleshoe superintendent, will replace Rob Hollis as Texico High principal. Hollis is looking to enter the ministry.

Lazbuddie accepts two resignations

The Lazbuddie School Board on Tuesday accepted the resignations of Rebecca Williams, social studies and English, and Ellen Gallman, home economics.

Staff was re-hired, including auxiliary, secretaries, etc. Carolyn Scott was rehired as business manager.

Christa Rossan was okayed as a substitute teacher.

Since there are only three candidates for the three school board posts, with no write-ins, the election was cancelled.

The weather day was changed from April 17 to April 20 after a poll of teachers was taken. This allows for a 5-day Easter holiday.

Student transfers for 2000-2001 were approved. These are the students (38 of them) already enrolled at Lazbuddie.

Two Farwell High FFA judging teams won district and will compete at state. Above is the wool judging team of Shelby Teltschik, Mark White, Ty Gonser and Jeff Davis. Below is the cotton judging team of Luke Schwertner, Waylon Bowery, Crystal Crist and Leslie Hardage.

of Diane Cooper.
 Thus, Texico Schools now has three openings: head football coach, home economics teacher, and a Title 1 elementary position.
 In other business, the board:
 -- Heard that the school plans to hire a few students for summer help.
 -- Noted that the new gym plans are still in the drawing stage. Once the school submits a 5-year plan to the state, and after a state visit here, it looks like the state will help Texico with some extra funds

it needs to complete the gym project.
 Also, Texico officials will hear later this week on whether the recent state legislative session yielded any extra monies to Texico School.
 "The dust is not settled yet on this," said Supt R.L. Richards.
 -- Re-affirmed its decision not to accept Texas students.
 Texico School nurse Karen Stevenson, who lives in Oklahoma Lane, had asked that her youngster be allowed to attend Texico Schools.

 At the meeting, keeping the band program was supported by Mrs. LaChance and three parents -- Mrs. Wade Cargile, and Mr. and Mrs. Ricky Armstrong.
 Gregory stressed that his recommendation to drop the band program was not done lightly. "A lot of thought was given to this; many meetings were held," he noted.
 In other business, the board:
 -- Heard a complaint by parent Glenda Bly over her son being disciplined for

saying "Oh my God" in a junior high classroom.
 The board will have a special session on Tuesday morning to prepare a response to her.
 There is a possibility that Mrs. Bly may contact the American Civil Liberties Union over how the situation was handled by the teacher and junior high principal.

Congratulations to our scholars!

A big congratulations to Lazbuddie Schools on their UIL "SWEEP"!

All three Lazbuddie schools -- elementary, junior high and high school, won their UIL divisions.

That's just great!

Folks, I know newspapers seem to put a priority on athletics, and, frankly, that's what interests most folks.

But academics should come first. Always.

So it's a pleasure to use this space to give credit to the youngsters who excelled at district UIL.

And Farwell High was no slouch at UIL district competition either.

The number of Farwell High students who earned the right to advance to UIL regional doubled over last year's total -- from 7 to 14.

Way to go, scholars!

I saw an Associated Press article in a daily paper last week that caught my eye -- and it is of utmost importance to all our readers!

It seems that the sun and six planets will line up in a configuration next month that "could shift the Earth's poles and trigger earthquakes."

The end is near!

The end is near!

Time to go to the mountain tops, again.

Folks, if you believe in astrology, it means the world is about to end (again).

I realize that a lot of folks believe in astrology and "signs." I don't. I believe it's pure mythology. But, heck, a lot of people believe pro wrestling is real, too.

So if you believe in astrology and pro wrestling, it's time to go to the mountain top.

Y'know, it's hard writing stuff like this and keeping a straight face.

I mean -- we are about to find out how God *really*

There's phrenology, where you can tell about a person by looking at the shape of his head (oh, yes, a lot of people firmly believe in that!).

And there's palmistry, where you can tell the future by the lines in your palm.

Folks who believe in that really crack me up.

Anyway, that's the way it is -- astrology, palmistry, pro wrestling, phrenology and others of that ilk. Millions of people swear by them.

It's a big world...

When we talked about Christa Bass's birthday last week, we said she lived in Lazbuddie. Nope, it's West Camp.

Let's hear it for astrology. Of course, there are other methods to determine the future, besides using the horoscope -- which is always right!

The Latest

She was glad to get all the phone calls. Now you need to ask her about the special presents she found at work!

I saw a nice statistic in our of my press newsletters that cheered me up.

As we all know, with the spreading of various forms of media, such as the Internet, daily newspaper circulation throughout the U.S. has declined a great deal.

But in the past decade, weekly community newspaper circulation has risen 63 percent nationwide. And, yes, the Tribune's circulation has gone up, too.

The Farwell EMS received a surprise inspection from the Texas Department of Health and they passed with flying colors, reports Paul Fulcher.

The Lubbock newspaper keeps track of the area prep track leaders.

One Farwell High student is mentioned:

In the boys' high jump, Derek Goettsch leaped 6'4 -- good for a tie for 4th place.

The New Mexico State

Legislature has passed a bill approving full day kindergarten for low-income schools.

Texico School Supt. Dr. R.L. Richards said he doesn't believe that this bill will affect Texico Schools this coming year.

USDA officials have estimated that the 2000 crop cotton plantings will total about 15.6 million acres based on their most recent survey.

The March survey has differed from the final plantings by an average of 450,000 acres over the past 20 years.

Texico Schools To Sponsor Community Health Fair

On Friday, April 28, 2000, Texico Schools and RCC-6 will sponsor a **FREE** Community Health Fair in conjunction with Kindergarten registration. Activities are scheduled from 9:00 a.m. to 11:00 a.m. MST in the Educational Complex.

Community Health Fair Activities include:

Kindergarten Registration

(required for all fall kindergarten pupils).

Pre-School Screening

is available for infants through 4 years of age.

Parents must bring their child's birth certificate, Social Security card, and shot records for the screening and registration.

Fingerprinting will be available for children with Child Identification. The Public Health Dept. will conduct Blood Pressure and Immunizations. All activities will be located in the Educational Complex.

We encourage the entire community to attend this year's Health Fair activities.

Fulcher may seek commissioner's post

Paul Fulcher, of Oklahoma Lane, is looking to run for the Parmer County Pct. 3 (Farwell area) commissioner's post on the Republican ticket.

The spot is vacant since it was learned that incumbent Jerry Davis was ineligible to seek re-election because he voted in the Democrat primary last month.

If Fulcher is approved by the state GOP committee, he will have to win election as a write-in candidate.

Ed Corn won the Democrat nomination for the post in a primary battle with Ronald Byrd.

Financial Focus

by Glen O'Rear

For many people, the word "estate" still implies vast wealth. But all of us will have estates, no matter what level of financial resources we end up with.

The big questions you need to answer are: *Is your estate big enough to generate estate taxes? If so, what can you do to reduce these taxes for your heirs?*

If your estate is worth less than \$650,000 in 1999, you can pass the entire amount free of estate taxes, to your heirs. (Over the next several years, this figure will increase, in stages, to \$1 million.)

You may think that \$650,000 is a lot of money, which it is. But when you consider that this threshold includes all your assets -- savings, investments, retirement plans, insurance policies, cars, home -- you can see that it's attainable.

Your heirs will have to pay a minimum of 37 percent in estate taxes on every dollar over \$650,000 -- and this tax rate can go all the way up to 55 percent.

Fortunately, there are ways to combat this heavy tax burden. By setting up a properly structured *living trust*, you and your spouse will each be able to claim the \$650,000 exemption, thereby allowing your heirs to receive up to 1.3 million, free of estate taxes.

You can use the living trust concept to achieve other goals. Suppose you'd like to give a substantial sum of money to a charitable organization, but you're not sure you can afford it. You may be able to solve this dilemma by setting up a *charitable remainder trust*.

If you have an appreciated asset, such as a stock or a piece of land, you can transfer it to the trust, which then sells the asset at full market value.

The trust then uses the proceeds to invest in incoming producing assets, out of which you will receive a lifetime income stream. When you die, the remaining assets go to the charitable organization you've chosen.

By establishing this type of trust, you'll receive three types of tax benefits. First, you'll avoid paying capital gains taxes, because you won't own the asset when it's sold.

Second, you'll reduce your current income taxes, because you'll receive a charitable income tax deduction.

And third, you'll reduce your estate tax liability, because you've shifted an asset out of your estate.

Living trusts and charitable remainder trusts can be complex, so you will need to consult with your legal and tax advisers before taking action.

The First Baptist Church of Farwell will host the annual Easter sunrise service at 7:30 a.m. on April 23.

There are still a few more positions available for boys and girls wanting to play T-Ball this spring and summer in the Farwell Little League.

The requirements are that the child live in or attend school in the Farwell School District.

Cost of play for the season is \$20 and this includes the price of the uniform t-shirt, cap and insurance. Scholarships are also available for those not able to pay the registration fee.

If you would like to sign your child up, please contact Gary Patterson at the Farwell Banking Center at 481-9580 or Ruth Owen at (806) 925-6613.

All games are played in Muleshoe. The season begins April 29. Transportation to the games can be arranged if needed.

Another note about the Farwell Little League: any businesses or individuals willing to provide sponsorships or donations would be greatly appreciated. The sponsorship and donation monies help fund the League for the cost of uniforms and player insurance. Hopefully in the future, these monies will also help fund a baseball park in Farwell and the umpire training and game fees.

If you would be willing to help the Farwell Little League, please contact Gary Patterson at 481-9580 during the day and 825-2094 evenings.

Herbicide Offers Consistent Grass Control Year After Year

Sometimes it is tempting to wait and treat weeds and grasses late in the season after others have emerged. That way, you could get them all in one shot, right? Wrong. The early ones are now too tall for effective treatment and your strategy has backfired. Plus, competition with weeds during the crop's crucial, early stages can rob yields before you realize there is a problem.

Early application of an effective post-emergence herbicide allows you to treat immature weeds, further protecting the yield and quality of your crop.

The ideal post-emergence herbicide should:

- provide excellent control of annual and perennial grass species
- allow growers to create their own weed control program with tankmix flexibility
- be rainfast within hours of application
- work in any and all tillage programs.

For years, FUSILADE® DX herbicide has been one of the most popular post-emergence treatments for controlling rhizome johnsongrass and other tough perennial and annual grasses in cotton and soybeans.

Fusilade DX controls grasses by translocating through surface tissues and traveling to the growing points in the stems and roots, where it stops growth within hours. To use Fusilade DX effectively, apply to johnsongrass before it reaches the top of your boots, or about 8 inches high. Target annuals when they're toe-high.

This herbicide's flexibility allows you to broadcast, band and direct or spot spray in any tillage system. Also, Fusilade DX easily tank mixes at a variety of rates with other herbicides for expanded control. In cotton, tank mix Fusilade DX with insecticides for timely, convenient insect control.

For the best control of grasses and weeds in cotton and soybeans year after year, count on Fusilade DX.

Contact your local ag chem retailer for more information about Fusilade DX by Zeneca Ag Products.

Farwell Convalescent Center Chit Chat

by Debbie Parmer, Activities Director
 Volunteer week is April 9-15 this year. We will be honoring our volunteers with an appreciation banquet on Friday eve, the 14th, at the Holiday Inn in Clovis.

Our theme this year is "Stars among us... Celebrate Volunteers!" We have a special program planned for our special volunteers. We want to take this time to thank our volunteers for all they do for the residents at FCC.

Making life better and more enjoyable is what it is all about. Giving our residents something to look forward to is what the volunteers do.

No matter how much time a volunteers gives, whether it be once a month or once a week, and in no matter what aspect they volunteer, their time is so special and very much appreciated.

We are planning our Annual Easter egg hunt. It will be April 22nd at 2 p.m. for ages 3-10. Kids, plan to attend! Bring your baskets. Refreshments will also be served and we will have a very special visitor!

Speaking of volunteering, the United Pentecostal Church is doing devotions for us 2 times a month now! Thank you to David Williams for coordinating their devotions and thanks to all those who help with the devotions.

Thanks to Mr. and Mrs. Dwight Waldo of Clovis, each resident on the special care unit have a special stuffed Easter bunny. Mr. and Mrs. Waldo also provided plenty of stuffed animals for us to give as Bingo prizes for a while.

We also want to thank Lauri Betts, and her youth group of New Light Baptist Church for remembering our residents with stuffed animals. We have really added more fun to our Bingo games!

Returning once again to the topic of "volunteers," if you have extra time on your hands or you want to share a special talent with some very special people, call Farwell Convalescent Center at 481-9027.

May God bless each and every volunteer at FCC. We appreciate each one!

Have a wonderful and safe Easter! Until next time, Debbie Parmer

Members of ESA Theta Rho sorority would like to express their heartfelt thanks to all the businesses and individuals who supported our efforts to raise money for the Multiple Sclerosis 2000 Walk held April 10, 2000, in Amarillo.
 God bless you for having such a giving heart.
