Banter

(Continued from Page 1)

giving the chance to work at the State Line Tribune when Mike called up to Farwell High looking for an intern.

I was surprised to find that several teachers had actually recommended me. Wow, people actually thought I could do this!

I mean I'd talked about being a journalist in the future, but to get this experience so quickly was a godsend. The opportunity just sort of fell into my lap.

Now I have to let you in on a little secret, I'm notorious for being a major procrastinator. I mean I'm the Queen of putting things off until the last minute!

Just ask my friends and family. I knew I needed to find a summer job but I thought, "I'll just find one later."

You see I come from a long line of hardworking, organized, on-the-ball type of people. Apparently, I was the exception to the rule.

Veronica, my eldest sister, was valedictorian of her high school class. She went on to study Business Management at West Texas A&M in Canyon, keeping a perfect grade point average. Now she works at the American Quarter Horse Association.

'Relay for Life' approaches

The Parmer County Relay for Life Cancer Walk is approaching.

Teams have been formed and survivors are preparing to lead us into a successful relay on June 11 at the Friona Chieftain Field. There are 21 teams with over 300 participants to be at the track and walk, play games, and have a fun time all to raise money for cancer research.

The coordinators want everyone to know you are invited to share all or part of the night at this community activity. There will be food, games and entertainment from 7 p.m. on June 11 until 1 a.m. on June 12. There will also be silent auctions, raffles and entertainment.

Last year (our first year), the Relay raised \$18,500 and our goal this year is \$21,500.

There are additional ways you can contribute to cancer research besides participating as a team member. There is a raffle for a 20" Flat Screen TV DVD/VCR. Combo-tickets can be purchased by contacting Dana Campbell at 250-2378 or you can see Casey or Myra at Friona State Bank.

Luminarias are \$5 each and can be purchased by contacting Jyl Grimsley at 250-5700. These are used for the ceremony at 9:30 p.m. All walking will cease as the Luminarias are lit and the names of those cancer survivors or loved ones lost to cancer will be read and remembered.

Sonic Drive-In will be donating 50% on all ice cream sales from 3 p.m. closing on June 7.

There will be games for little kids - Plinko and a Jumping Castle, just to mention a few; for those a little older, volleyball, water wars, dunking booth.

New Texas Band will again provide entertainment, along with other local talent.

For any questions call 250-5700.

My other sister, Maggie, graduated salutatorian in high school. She also attended WTA&M and changed her major 3 times. From Pre-Med, to Physical Therapy, and finally she decided on the nursing field. Yippie, I'm not the only scatter-brained one in the family; no offense, sis!

My parents are the best! My mom, Amparo, is a dedicated homemaker. She's raised all her daughters to be strong, independent women.

My dad, Epifanio, is a living testament to the American dream. He's made huge sacrifices so that his family could have a better life.

Both of my parents have always instilled in us that education is the only way you can succeed in life.

This fall, I begin my senior year at Farwell High School. It should be a fun, exciting, and hectic time. After that, I hope to attend college somewhere in Texas.

I'd like to study either Journalism or Psychology. I'm looking forward to a rewarding learning experience working at the Tribune.

Hope ya'll like my stuff!

And from Mike Pomper:

I was watching a TV commercial last week that really got to me.

It stressed that New Mexico police would have a crackdown on motorists who were not wearing seat belts.

Well, I support wearing seat belts, and police need to watch out for any drivers who break the law.

But... Why is the state spending money promoting this type of "crackdown?"

Why are there not TV commercials saying that police are going to have a "crackdown" on rapists, robbers, burglars and murderers.

Y'know, I have seen a lot of commercials over the years stressing how police are going after seat belt "violators."

But why is it that I don't recall a single such TV commercial saying that police are going after rapists, robbers, burglars and murderers.

Why is that? Sometimes I wonder about our priorities...

Just a thanks to all who came over to the paper on my 60th birthday for punch and cookies.

And a special thanks to Cynthia Thigpen who baked a great cake in honor it for the Farwell Chamber of Commerce lunch that day.

Sorry, gals - but there is no finer cook in the area than Cynthia Thigpen!

(Boy, am I gonna be in trouble with the missus, now...)

I always like to update my predictions (as opposed to most columnists who want you to forget their awful choices).

At the beginning of the NBA season, I said the LA Lakers would be the champions.

We shall see...

Specializing in commodity futures & options trading

by Bryon Fillpot

5-28-04

LIVE CATTLE: Prices have continued to move higher over the last couple of days. Beef prices dropped about \$4 and futures prices rallied about \$4. Technically, the market broke out to new territory this week, but this is the first time in almost a year that we've seen futures go premium to cash. There are changes taking place which may change the market into June.

FEEDER CATTLE: Cash feeders remain strong and although the board was up over the last couple of days, the market did not show as much strength as seen in the Live Cattle prices. There are some adjustments being made mostly likely because the spread between the nearby feeder and fed cattle prices is the widest ever seen this week. The spread is trading about \$22.00 at this time.

CORN: The market took a dip after showing some strength early this week, but was able to recover into Friday's close. The long Holiday weekend may have generated some of the selling pressure along with lower soybean prices. A move above the \$3.06 level next week would indicate higher prices. Pressure from cheap soybeans may keep prices under the gun for a while longer?

SOYBEANS: Looking at the recent collapse in prices makes most everyone question the "beans in the teens" phrase? The trends are still down and are not likely to change until something fundamentally changes. Weather may be a factor, but at this time weather seems to be adding some of the pressure? Chinese demand dried up fast above \$10 and down the market goes!

WHEAT: Short term trends turned back down this week after making several attempts to trade back higher. Improved weather conditions and reports of very good yields down south have brought about another round of selling. The 15 year seasonal tendency is down into mid July and prices should move down into the \$3.50 area before making a bottom.

COTTON: Prices tested some major support again this week and held. It seems like every time something positive gives prices a boost, the next day is hit with another round of selling! The general consensus at this time is that acres are down substantially, from earlier USDA estimates. This should eventually support the market. Crop conditions at this time look very good.

Futures and Options Trading involves risk of loss and may not be suitable for everyone.

Reason #43 to buy a Valley.

Valley pivots hold their value.
Have you tried to locate a USED Valley? It's hard. A typical 15-year old Valley retains a larger portion of it's selling price vs. the competition.

That's money in your pocket when it's time to sell.

For all of the other reasons, ask your dealer about the Valley Value.

Church starts care package program

The Bovina Church of Christ is offering to send complimentary care packages to Bovina's loved ones and friends serving overseas in the military service.

The church's project came about after an idea session, with Gina Prather suggesting this.

The church collected items through a contest with its three Brothers Keepers groups. The winning group (headed by Jim and Kay Swafford) will get a fried chicken dinner served to it on June 6 by the other two groups.

The congregation of 50-60 folks came up with almost 1,000 items, plus \$330, so far. "We support our service people and we don't want them to think we have forgotten them," said Mrs. Swafford.

If you would like a care package sent to someone, call her at 251-1015 with the name and military address.

We've got two couples from the area that I know attended the World War II Memorial dedication in Washington, D.C. last weekend -- Jack and Ona Patterson and Marion and Dixie Carson. We can't wait to here from them when they return.

Linda Dopp, who was the driver in the school bus accident Thursday south of Bovina is recovering from her injuries at home. She has three cracked ribs, a hole in one of her lungs that is healing on its own, and a bruised spleen. The accident was bad enough, but we are thankful it wasn't any worse.
