

# THE STATE LINE TRIBUNE

"OFFICIAL PUBLICATION OF FARMER COUNTY"  
NUMBER 22 SEVENTY-FIRST YEAR 25 CENTS

The silly season apparently never ends. Somebody, somewhere, somehow is always running for political office. Last week we received the world shattering announcement that Harold Huff of Knoxville, TN will run for the office of President of the U.S.A.

In his announcement, Mr. Huff says, "In my opinion, there is no way that our leaders can make wise decisions about development or progressing in industry, manufacturing, energy, mining, oilfield, construction, safety, unemployment, and other American needs if they have no background knowledge in these fields."

Lest you write Huff off as a nut, he does say on Social Security, "I am for a strong Social Security and Medicaid Program, especially for the aged, for which this Program was originally adopted." Right on Candidate Huff — right on. Huff also states that any financial or moral support will be appreciated. We will lend him some moral support. In this land of opportunity it is always good to see somebody other than the professional hucksters interested in the political process.

Some 56 persons participated in the Walk-A-Thon held Saturday in Farwell, sponsored by student council members of Farwell High School and Junior High School. The Walk-A-Thon was staged to raise money for Carlos Nicolas, 15-year-old Farwell freshman who is undergoing medical treatment for bone cancer. The funds raised will go to assist in payment of these medical bills.

Site of the Walk-A-Thon was the block around the Farwell Post Office, and students, faculty, staff, and parents participated. "We would like to thank all who worked and walked in the Walk-A-Thon. They really worked hard," says Kay Stanton, high school student council sponsor. "A special thanks to Cynthia Thigpen and Charlotte Donaldson for their help," she added.

A total of \$1162 in pledges has been turned in from those persons who walked Saturday, but all the money has not been collected and turned in, so it is not known the total amount raised.

Farwell junior high students will set another time for their Walk-A-Thon, as many of these students were participating in basketball games on Saturday and were unable to walk for their pledges. Cans have been placed in businesses in the Twin Cities for donations and an account

has been set up at the Security State Bank in Carlos' name for those who wish to donate there. Several other groups including Boy Scout Troop 439 have had or are having projects to aid in this cause. Carlos will be traveling to Houston for treatment every two weeks for awhile and attending school on a part-time basis when he is able. He did attend school on Monday of this week for part of the day, but he will need daily transportation to and from school in the future, and he will need some special equipment. Anyone who has ideas or wishes to help is urged to contact Kay Stanton at Farwell High School, 481-3351.

Ronald Reagan made an eminently sensible remark the other day that immediately got the liberal left in a tax tizzy. He opined that the income tax on corporations ought to be eliminated. We immediately heard that Ronald was again pandering to the "rich" at the expense of the "poor." Hogwash compounded by venality. As we have again and again stated — corporations do not pay tax, the consumer pays tax. Yes Virginia, all the costs of doing business, including taxes, are in the final price the consumer pays, even sales tax. It is a tenet of socialistic faith that corporations are blood sucking vampires, and that profits are to be raided against at every opportunity. Yet these corporations, with their profits, have given us a standard of living far above an absolute monarch's wildest dreams only 100 years ago.

Corporate profits are generally measured in only a few pennies per dollar of income, but they are vital to the success of the American Dream. Profits provide the wherewithal for business expansion, capital replacement of plants and equipment, carrying of credit, and providing the stock and bond holders a modest return on their invested savings. Millions of people have invested in corporate stocks and bonds to finance their retirement, and they are in effect taxed twice on the same income. Once at the corporate level and again at the personal income level. Simple justice demands this onerous practice stop. Reagan sees this, the liberal left does not.

If they had rock and roll in his day Van Gogh would have cut off his other ear.

God save the United States. Congress is in session.

## Death Scene

Three members of a Farwell family were killed in this two car accident on U.S. Highway 60 Monday afternoon about 4:20 p.m. Extremely icy roads were blamed for the crash which claimed the lives of Mrs. Rosa Rodriguez and two of her sons, five-year-old Armando and nine-month-old Rodolfo.

According to the investigating Texas Highway Patrol Officer, Louis Flores, the Rodriguez vehicle, right, was traveling east when it started skidding on the ice-covered highway and slid into the path of an oncoming car which was driven by Charles R. Bronaugh

of Muskogee, Okla. Raymundo Rodriguez, driver of the Ford LTD, and another son, three-year-old Alvaro, are being treated for injuries at Clovis High Plains Hospital. Bronaugh was treated for a broken nose and facial lacerations and was released.

## Three Persons Killed - -

# Icy Roads Blamed In Fatal Accident Monday

Icy roads, blowing snow and hazardous driving conditions were blamed for the Monday afternoon automobile accident northeast of Farwell which claimed the lives of three Farwell area residents. Louis Flores of the Texas Highway Patrol investigated the accident.

Killed in the two-car collision near the intersection of Farm Road 292 and U.S. Highway 60 near Sunset Terrace Memorial Cemetery at Farwell were Mrs. Rosa Rodriguez, five-year-old Armando Rodriguez, and nine-month-old Rodolfo Rodriguez, all of Route One, Farwell.

Mrs. Rodriguez and Armando were pronounced dead at the scene, and Rodolfo was

pronounced dead approximately an hour after arriving at Clovis High Plains Hospital.

Raymundo Rodriguez and three-year-old Alvaro Rodriguez were transported to Clovis High Plains Hospital, where they remained for treatment Wednesday. According to the investigating officer, it was believed that Rodriguez had internal injuries and the three-year-old son sustained bruises.

According to Officer Flores,

the accident occurred about 4:20 p.m. Monday, when the Rodriguez vehicle, a 1978 Ford LTD driven by Raymundo Rodriguez, and traveling east on the highway, went out of control and started skidding sideways on the icy road way.

Charles R. Bronaugh of Muskogee, Okla., was traveling west and could not avoid colliding with the Rodriguez vehicle which was coming toward him broadside. The impact left the vehicles jam-

med together in the north ditch.

Bronaugh sustained a broken nose and facial lacerations. He was treated at the Clovis hospital and released.

No citations were issued, DPS Trooper Flores said, adding, "There was an inch or two of ice on the road, and no one was really at fault."

Besides the icy coating on the road, visibility was practically nil at times because of the blowing snow.

## \$1162 In Pledges - -

# Walk-A-Thon Draws Good Participation

Some 56 persons participated in the Walk-A-Thon held Saturday in Farwell, sponsored by student council members of Farwell High School and Junior High School.

The Walk-A-Thon was staged to raise money for Carlos Nicolas, 15-year-old Farwell freshman who is undergoing medical treatment for bone cancer. The funds raised will go to assist in payment of these medical bills.

Site of the Walk-A-Thon was the block around the Farwell Post Office, and students, faculty, staff, and parents participated.

"We would like to thank all who worked and walked in the Walk-A-Thon. They really worked hard," says Kay Stan-

ton, high school student council sponsor. "A special thanks to Cynthia Thigpen and Charlotte Donaldson for their help," she added.

A total of \$1162 in pledges has been turned in from those persons who walked Saturday, but all the money has not been collected and turned in, so it is not known the total amount raised.

Farwell junior high students will set another time for their Walk-A-Thon, as many of these students were participating in basketball games on Saturday and were unable to walk for their pledges. Cans have been placed in businesses in the Twin Cities for donations and an account

## A Family Affair

It was a family affair for Mrs. Harold Charlson and her three children, Nicole, Casey, and Jamie, from left, when they participated in the fundraising walk-a-thon held Saturday in

Farwell. Joining the group and holding on to Mrs. Charlson's hand is Valerie Mace, daughter of Mr. and Mrs. Jimmie Mace. Farwell high school and junior high student councils

sponsored the event to raise money for Carlos Nicolas, Farwell freshman, who is undergoing treatment for bone cancer.

## Friena Show Barn - -

# County Stock Show Sale Sat.

The annual Farmer County Junior Livestock Show has been in full swing since Wednesday of this week in the Friena Community Center and Livestock Barn.

Climaxing the livestock show tomorrow (Saturday) will be the livestock sale which will begin at 1 p.m. Larry Potts will preside at the sale.

Judging of barrows and lambs was to begin Thursday,

and judging of the heifers and steers was to begin at 9 a.m. today (Friday).

Don Mackey of Oklahoma, well-known hog breeder, was to judge the barrows, and Ed Garnett, Extension Service official from Vernon, was to judge the lambs.

Judging the heifers and steers will be Jimmy Walker of Vega, Oldham County Extension Agent.

Superintendents for the show are Rick Seaton, barrows; Gene Schueler, steers; and Carrol Cook, lambs.

General superintendent for the show is James Sides, and assistant superintendent is John Taylor.

All trophies, ribbons, and banners to be awarded during the show were to be furnished by the Farmer County Farm Bureau.

## Around The Twin Cities

Farwell School Board will convene Monday, Feb. 7, at 8 p.m. in the superintendent's office.

Farwell Country Club Ladies Association will meet Monday, Feb. 7, at 7:30 p.m. in the clubhouse.

Twin Cities Ministerial Alliance will meet at 7 a.m. CST Tuesday, Feb. 8, in Luce's restaurant.

Texico City Council will convene their bi-monthly session on Tuesday, Feb. 8, at 6:30 p.m. MST in city hall.

Texico School Board will meet Tuesday, Feb. 8, at 7 p.m. MST in the high school lounge.

Texico-Farwell Senior Citizens will have their bi-monthly potluck supper and games night on Thursday, Feb. 10, at 5 p.m. MST in the Center in Texico.

## Re-elected To Texico School Board

Only 35 voters in the Texico Municipal School District braved the cold and icy weather to cast ballots in the Texico School board election Tuesday, Feb. 1, in the Community Center.

Running for the two positions on the board were incumbents Herman Gerles, in position one, and Johnnie Rucker, in position two.

Position one is a full six-year term on the board. Gerles had served one full six-year term and in seeking the second term, was elected to that position with 27 votes.

Roy Harvey Snodgrass received four write-in votes for position one, Gary Singleterry received one write-in vote for that place, and John R. Hadley also received one write-in vote in position one.

Position two is a two-year term, and Johnnie Rucker will be sitting on the board for his first elected term as he received 34 votes. Rucker was appointed to fill the position to complete Mike Spearman's unexpired term when he moved to Colorado last year.

Texico School Superintendent James Pierce reports that there were no absentee votes cast.

Same song, 10th verse. The final remnants of the nine-inch snow left in the area around January 20 and 21 had just about melted when Ol Man Winter socked the Twin Cities area with another blast of cold temperatures, freezing rain, and approximately two more inches of snow.

Area folks had just gotten most of the snow off their yards and some had just had their vehicles cleaned up when the newest storm arrived. Monday's blast hit with freezing rain which quickly covered streets and highways making driving extremely hazardous all over the area. Later in the day the rain turned to snow and some two inches fell before the storm ended.

Three members of a Farwell family were killed in a two-car collision which occurred on icy U.S. 60 just northeast of Farwell late Monday afternoon.

In contrast to the last storm which fell almost straight

down with little drifting, this week's blast was accompanied by strong north winds which caused much drifting of the powdery stuff, especially on rural roads going east-west. Farwell Schools were closed Tuesday because of the hazardous conditions, and the basketball games scheduled for Tuesday night were also cancelled.

A spokesman at Sherley-Anderson-Pitman elevator in Farwell reported about 2½ inches of snow in town with two inches reported at the Sherley-Anderson elevator at Lariat. In Texico, Walter Curd reported receiving approximately two inches. "It's really hard to tell," he said, "it drifted over here."

Martin Chandler of the Farmer County ASCS office in Farwell said, "This last snow didn't do too much for the farmers. Most of what we got didn't stay put, it just blew around. The last three snows before this did a lot more good. It fell nicely and melted

evenly, giving the moisture we need."

According to Chandler, who said he had talked with some of the older area farmers, this has been the best year, moisture-wise, since the early 1930s.

Although winds continued from the north Tuesday making an unpleasant chill factor, much melting had occurred by late afternoon. But area residents weren't getting their hopes up concerning a warm spell, since weather prognosticators were saying that we could expect more of the same about Thursday or Friday.

There's an old wives' tale that says an area will have as many snows as the number of the day that the first snow falls in that season. Well, that being the case, hang onto your long-johns because the first snow of the season fell here the week of November 20. So looks like we could be at about five and counting down. Oh well, it could be worse. You could live in Amarillo.

## Snow Boat

Snow-covered boats make for a depressing picture for area residents who have had about all the snow job they want this winter. Twin Cities residents were greeted with another snowstorm Monday when the freezing rain turned to snow

later in the day and covered the area with another two inches of whiteness. Drifting caused by the north wind accompanying the storm made driving treacherous in rural areas, and streets in town were hazardous until some melting

occurred late Tuesday. Martin Chandler of the local ASCS office reported that this spell did not leave much moisture in the area. More cold temperatures and snow were predicted for later in the week.

## Sheriff's Department Reports Three Arrests

Parmer County Sheriff Bill Morgan reports that on Thursday, Jan. 27, George Martinez of Farwell reported the theft of a Top Cat bicycle. The bike is yellow with spoked wheels and wide tires, and was taken sometime the preceding day.

Wednesday, Jan. 26, Truitt Hardage of Farwell reported to the sheriff's office that some windows were broken out of his house in town and at an apartment.

Three arrests were reported by the sheriff's office this week.

Lillian Carr, 34, of Muleshoe

was arrested on Thursday, Jan. 27, by Friona Police Department officers for DWI. She was fined \$150 plus court costs and given 30 days in jail with 180 days deferred adjudication.

Also on January 27, sheriff's officers arrested Jack Charles Miller, 33, of Muleshoe for disorderly conduct. He was fined \$200 plus court costs.

Dickie Ray Coster, 36, of Muleshoe was also arrested on January 27 for disorderly conduct. He was fined \$200 plus court costs.

## FIRE CALLS

Farwell Volunteer Fire Department reported three calls this week.

On Sunday, Jan. 29, the ambulance was called to transport a resident at Clovis High Plains Hospital.

The ambulance was called to assist in transporting victims of a two-car accident which occurred on U.S. 60 Monday afternoon, Jan. 31.

Also on January 31, the ambulance was called to another Farwell residence to render aid, but no one was transported.

Texico Volunteer Fire Department ambulance was called to Texico High School Wednesday, Jan. 26, to transport a student to Cannon Air Force Base Hospital.

Thursday, Jan. 27, the ambulance transported a Texico resident to West Plains Hospital in Muleshoe.

The ambulance made two calls on Sunday, Jan. 30. The first was to South Florence Street to transport a resident to the Muleshoe hospital, and the second call was to South Rose Street to transport a resident to the Clovis hospital.

## Walk-A-Thon Workers

Keeping track of the walkers, laps, money, and pledge sheets was a full time job for the workers assisting in the Walk-A-Thon for Carlos Nicolas. Flo Davis, center, teacher's aide,

and Kay Stanton, right, high school student council sponsor, were kept busy Saturday as some 56 participants walked the block around the Farwell Post Office, which was the

selected route for the Walk-A-Thon. The fund-raiser was sponsored by the Farwell high school and junior high student councils.

## Emergency Loans Available At FmHA County Offices

Emergency loans for farmers, ranchers, or aquaculture operators are now available through county offices of the Farmers Home Administration (FmHA), announces Billy R. Boling, FmHA County Supervisor.

Boling asks that those who need farm credit as a result of hails, heavy rains, and high winds to make their needs

known at the Farmers Home Administration office at Farwell.

Applications for assistance in the disaster stricken counties will be accepted by Farmers Home Administration until October 20, 1983, for physical and production losses.

FmHA loans covering actual physical and production losses

may be used to replace installations, equipment, or buildings, (including homes) lost through this disaster. Funds may be used to buy feed, seed, fertilizer, livestock, or to meet interest and depreciation payments on current real estate and chattel debts.

"Funds can be used for essential operating and living costs," Boling said.

## Geologist Talks To Prayer, Share Group

The area Farmers Prayer and Share Group met at Oklahoma Lane United Methodist Church on Saturday, Jan. 29, for its monthly fellowship and sharing time. Attendees were served a Mexican dinner by the hosts, Joel Ware, church pastor, and Wyatt Carpenter, pastor of Oklahoma Lane Baptist Church.

The group of 17 persons in attendance took up a special

offering for Carlos Nicolas, collecting \$75 to be added to the fund for medical treatment for the 15-year-old Farwell freshman student who is suffering from bone cancer.

Guest speaker at the gathering was Bob Covington of Shamrock who is a petroleum geologist, working as an independent oil and natural gas producer in Shamrock. He shared with the group about

how he had come to make the Lord a part of his business. He also told what area farmers could expect in 1983 and in the future concerning gas prices and availability.

Time for next month's meeting of the group will be announced later.

## County 4-H Members Exhibit Animals In Hereford Event

Thirty-eight Parmer County 4-H'ers exhibited livestock at the recent Hereford Stock Show. Barrow exhibitors and their placings are as follows: In the Berkshire drive, Geretta Hutchins, Farwell 4-H, had the first place heavyweight which was also named Breed Champion; Roger Billingsley, Oklahoma Lane 4-H, had the second place heavyweight; Eric Williams, Farwell 4-H, had the fifth place heavyweight; and Teresa Rose, Farwell 4-H, had the fifth place lightweight.

In the Chester drive, Clint Kelley, Farwell 4-H, had the third place lightweight; John Cass, Friona 4-H, had the fourth place lightweight. Another exhibitor in this drive was Sindy Preston, Friona 4-H.

In the Duroc drive, Blake Kelley, Friona 4-H, had the fourth place heavyweight. Other exhibitors in this drive were Melanie Gallman, Michael Elam, Shannon Cochran, Susie Preston, and Shelly Salyer, Friona 4-H; and Kevin Owen, Farwell 4-H.

In the Hampshire drive, John Cass, Friona 4-H, had the second place lightweight; and Beverly Burton, Friona, 4-H, had the second lightweight. Other exhibitors in this drive were Daylen Gallman and Kattie Weatherly, Friona 4-H; and Sharlet Johnson, Bovina 4-H.

Amy Jo Murray, Oklahoma Lane 4-H, exhibited in the Spot drive.

In the Yorkshire drive, Corbin Riethmayer, Friona 4-H, had the second place lightweight; and Beverly Burton, Friona 4-H, had the third heavyweight; Darren Haseloff, Oklahoma Lane 4-H, also exhibited in this drive.

In the Cross class, Ashlee Gee, Friona 4-H, had the second lightweight; Vandi Tarter, Lazbuddie 4-H, had the third lightweight; Dana Haseloff, Oklahoma Lane 4-H, had the fourth lightweight; Aaron Weatherly, Friona 4-H, had the

first mediumweight which was also the Breed Champion and Reserve Grand Champion. Glenda Ellis, Friona 4-H, had the third place mediumweight; Danna Ralston, Farwell 4-H, had the fourth place heavyweight; and Brent Riethmayer, Friona 4-H, had the fifth place heavyweight; Joe Dan Tarter, Lazbuddie 4-H, had the sixth place heavyweight.

Others exhibiting were David Boozer, Bovina 4-H; Greg Salyer and Guy Ellis, Friona 4-H; Keith Smith, Oklahoma Lane 4-H; and Daniel Hutchins, Farwell 4-H.

Lamb show placings were: Guy Ellis, Friona 4-H, first

place lightweight Southdown, which was also Reserve Breed Champion; Joe Dan Tarter, Lazbuddie 4-H, second lightweight Suffolk; and Devera Rhodes, Friona 4-H, lightweight Hampshire.

Also, Kassie Weatherly, Friona 4-H, third mediumweight fine wool cross; Chad Rhodes, Friona 4-H, fourth lightweight fine wool; Dustee Gee, Friona 4-H, fourth lightweight Suffolk.

Other lamb exhibitors were Glenda Ellis and Ashlee Gee, Friona 4-H; and Vandi Tarter, Lazbuddie 4-H.

Steer exhibitors were Zed Stewart and Charles Johnson, both of Bovina 4-H, and Rod Britting, Friona 4-H.

## Former Houston Astros Star Urges Car Batteries Safety

Bob Aspromonte, who starred for years on the baseball field with the Houston Astros, is now starring in a television public service announcement by the Texas Society to Prevent Blindness on the dangers of working on car batteries and he believes in his message.

On April 4, 1974, Bob had just jumped started a friend's car and was disconnecting the cables when the battery he was working on exploded. He spent the next 30 days flat on his back in a hospital bed with sandbags on both sides of his head. "I have never felt so scared and sick in my life," he said. "I knew I had been blinded in my right eye the minute it happened."

Bob was fortunate. His left eye was not damaged and after

four long years and four separate operations, doctors have miraculously restored about 40% of the vision in his right eye. "I do feel fortunate. I feel very fortunate to be here and to be able to see at all today," he said, "that's why I am glad to have the opportunity to try to help others avoid the same kind of pain and suffering that I went through."

Prevent Blindness reports that over 12,500 people were treated in hospital emergency rooms around the country for battery related eye injuries in 1981. Most of these injuries resulted from the use of jumper cables and 90% of them could have been prevented with the use of protective eyewear.

A survey, conducted by the Society, on automobile battery

eye injuries between January 1 and March 31 of last year revealed some interesting tendencies. Of the 96 injuries reported by Texas ophthalmologists, 77 were caused by the use of jumper cables. All 96 victims were male and 86 of the 96 were between the ages of 20 and 50.

As a result of his experience, Bob Aspromonte is helping the Society to kick off their annual public information campaign this winter.

"Winter is by far the worst time for this type of injury," Aspromonte said. "A battery is always dangerous and safety eyewear is essential anytime you work around one, even if you're not using jumper cables," he concluded.

When jump starting a dead battery, the Society suggests the following procedures:

**Before attaching Cables:**

\* Put out all cigarettes and flames!

\* Make sure cars don't touch. Set both cars' parking brakes and automatic shifts to PARK (manual transmissions to NEUTRAL). Turn ignition OFF.

\* Add battery water, if needed. REPLACE CAPS, cover with damp cloth. Don't jump

start if fluid is frozen!

\* Do not jump start unless both batteries are negatively grounded and the same voltage. American cars are either 12-volt or 6-volt. Check owner's manual.

Attaching the Cables [Do in order listed]:

\* Clamp one jumper cable to positive (+) pole of dead battery. Then clamp cable's other end to the positive (+) pole of the good battery.

\* At good battery, clamp second cable to negative (-) pole. Then clamp cable's other end to dead car's engine block on side away from battery.

\* Start car with good battery — then start the disabled car.

\* Remove cable from engine block and other car's negative pole. Then remove cable from positive poles.

The Society, an affiliate of the National Society to Prevent Blindness, has available a bright yellow vinyl sticker that lists these jump procedures. The sticker can be kept in the glove compartment of the car or affixed onto a clean surface under the hood. To order a copy, send a self-addressed, stamped, business-sized envelope to Prevent Blindness, P.O. Box 20/20, Houston, TX 77252.

### Prevent Blindness

Bob Aspromonte, former Houston Astro, holds safety glasses and jumper cables while video taping a public service announcement on the potential dangers of automobile batteries. Aspromonte, who was

nearly blinded in a battery explosion, stars in the 30 second spot for the Texas Society to Prevent Blindness. The spot will air on stations across the state beginning the first of January.

## Wilhite Certified To Offer Federal Crop Insurance

Delton E. Wilhite of Farwell Insurance Agency in Farwell has achieved certification from the Federal Crop Insurance Corporation to sell and service insurance coverage on wheat, barley, corn, grain sorghum, sunflowers, cotton, and sugar beets.

According to F.W. Crouch, Jr., Field Operations Director of the FCIC, Wilhite earned the certification by participation in an intensive training program recently conducted in Clovis. He successfully passed examinations that required a knowledge of all aspects of the federally-backed insurance program, as well as of the coverage available for individual crops produced in Parmer and Bailey counties in Texas, and Curry, Quay, and Roosevelt counties in New Mexico.

The training and testing program was initiated in the fall of 1982 to assure a high level of professional competency among private insurance agents who offer Federal Crop Insurance to farmers in their communities, says the field director.

Federal Crop Insurance policies, which provide coverage against all unavoidable causes of loss, are designed to offer farmers an affordable way to protect the substantial sums of money which must be invested and risked to produce a crop. The insurance can also assure

TELL OUR ADVERTISERS

on your  
**1983 seed cost**

Pay for your Pioneer brand seed during Pioneer Days (February 7 - 12) and we'll knock off a full 10% from your seed bill.

That's like getting one bag free for every nine you buy. So even on borrowed money it's a good deal. Besides getting more for your money, you get these advantages:

- Assurance of the varieties you want when you're ready to plant.
- One less chore to worry about when you're busy in the spring.

Come see us during Pioneer Days. Save 10% and get a new cap just for paying for your seed or visiting with us about your seed needs.

## Boy Scout

### Troop 439 Report

by Scoutmaster Jim Gump

Adult volunteers at the Saturday night dance hosted by the Troop were Judy Gump, Ruthie and Gary Singer, Lupe and Mary Garza, Phyllis Coburn, Joyce Wilson, Linda Moss, and Sandy Starrett.

We owe a great deal of gratitude to Lonnie Woodruff with the Coca-Cola Co., Mr. and Mrs. Buster Terrell, Terrell Fund Raisers, and Mr. and Mrs. Gary Beavers and the rest of the Cold Country Band for their time and interest in our community and our Boy Scout Troop.

The dance went very well and everyone who attended had a good time, but the turnout was small. Hopefully, next time will be better.

The boys of Boy Scout Troop 439 are the cream of the crop, and I feel that all deserve recognition for all the hard work they have done. Members are Jimmy Gump, Kevin

Hogan, Brian Coburn, Jimmy Jack Singer, Frank Gump, Shawn Smith, Ron Wilson, Sammy Herrera, Daniel Terrazas, Eddie Longley, David Rubio, and Stephen Ketcherside.

Also, we greatly appreciate the help, effort, and interest of all the radio stations, TV 12, Clovis News-Journal, and especially Mr. and Mrs. John Getz and the rest of the State Line Tribune staff for their help and support for the community and our Boy Scout Troop.

### Federal Land Bank Sets Meeting

Arnold R. Henson of Austin will be the featured speaker for the annual stockholder's meeting of the Federal Land Bank Association of Muleshoe. The meeting is scheduled for 2:30 p.m. on February 8, 1983, in the Bailey County Coliseum at Muleshoe, according to Gordon Duncan, chairman of the board of directors.

Henson is a vice-president and treasurer of the Federal Land Bank of Texas. He has been with the Bank since 1972. Henson will speak to the stockholders on "the financial and fiscal operations of the Bank."

## Banker Advises Farmers

### To Be Smart Shoppers

"Farmers who survive 1983 will be ones who cut corners without cutting their jugular," says a leading Southwestern Panhandle agricultural banker.

In speculating on how Southwestern Panhandle area farmers can offset high interest rates and depressed crop prices, Hal Easley, vice-president of agricultural loans for First National Bank of Hereford, stresses, "Only producers who find ways to save on production expense and not put their yields in jeopardy will succeed in making a profit for the coming year."

"Farmers will have to become true bargain shoppers, just like other consumers who have learned to track down discounts and sales," he recommends.

Easley encourages agricultural producers of the Southwestern Panhandle area to seek out finance waiver programs, early payment discounts, and other money-saving deals now being offered in the agricultural marketplace.

"Something like a 10 percent discount on good quality seed now being offered by some seed dealers can give the farmer a real price break on a product he's going to have to buy if he farms at all," he says.

"You wouldn't want to jump at just any deal that comes down the pike," he points out, noting that farmers operating on borrowed money must carefully weigh the savings offered by the sellers against the interest to be paid on borrowed money.

"For example, if the savings offered by the farm supplier is big enough to offset the additional interest you might pay by buying early, then it's a good deal," he says. "But if the interest costs you more than you save, it's a bad deal."

Easley concludes that "saving 10 percent on seed costs in February when you're ordin-

arily paying for seed in April or May actually represents around 40 percent in annualized interest. Play that against production interest of 12 to 14 percent and you can see this is a good deal."

# Sweets At Valentine Season

Valentine's Day is meant for sweethearts. And men of all ages like chocolate and attention. This single layer cake is designed for the young and the young in heart to make and share with someone very special. It's scaled to one layer making it easy to box and wrap in love and lace.

Or for that special day if your young people are celebrating at a party, make the Chocolate Drop Cookies; and for those who may not be eating chocolate, bake a batch of Spice Crisps. All recipes are given here.

## VALENTINE CAKE

1 Valentine Cake  
1 recipe Rich Chocolate Frosting  
1 recipe Pink Decorator's Frosting

To assemble cake: Fold an 8 x 8 1/2-inch sheet of paper in half crosswise; cut out heart shapes. Place heart pattern on top of cake layer and carefully cut out heart shape with a serrated knife. Cut two small hearts from remaining cake pieces. Frost sides of cake with Rich Chocolate Frosting and then swirl frosting on top, reserving about 1/2 cup for small hearts and position on top of cake. Decorate cake with Decorator's Frosting, as desired.

## VALENTINE CAKE

1 1/4 c. sifted cake flour  
3/4 c. sugar  
2 tsp. baking powder  
3/4 tsp. salt  
1/4 c. corn oil  
1/2 c. water  
2 egg yolks  
1 tsp. vanilla  
2 egg whites  
1/8 tsp. cream of tartar

Sift flour, sugar, and baking powder and salt together into mixing bowl. Make well in center and add corn oil, water, egg yolks and vanilla in order given. Beat with spoon until smooth. Beat egg whites and cream of tartar until mixture forms very stiff peaks when

beater is raised. Gently fold first mixture into egg whites, blending well. (Fold, do not stir.) Pour batter into ungreased 9 x 1 1/2-inch layer cake pan. Bake in 350° F. (moderate) oven 25 to 30 minutes or until cake springs back when touched lightly with finger. Let stand on rack until cold. Loosen edge of cake with spatula and remove from pan. Makes 1 (9-inch) layer.

Decorator's Frosting: Mix 1/4 cup margarine and 1 cup confectioners sugar beating until smooth. Tint with food coloring. Makes about 1/2 cup or enough to decorate Valentine cake.

## RICH CHOCOLATE FROSTING

1/4 c. margarine  
3 T. dark or light corn syrup  
1/8 tsp. salt  
1/4 tsp. vanilla  
1/2 c. cocoa  
2 T. milk (about)  
2 c. sifted confectioners sugar

With a spoon, blend margarine, corn syrup, salt and vanilla. Stir in cocoa. Alternately add milk and confectioners sugar, beating until smooth and creamy after each addition. (Add enough milk to make good spreading consistency.) Makes enough to frost 1 layer or about 1 1/4 cups.

## CHOCOLATE DROP COOKIES

1 1/4 c. sifted flour  
1 tsp. baking powder  
1/4 tsp. salt  
3/4 c. margarine  
1/4 c. sugar  
3 (1-ounce) squares semi-sweet chocolate, melted  
1/2 c. light or dark corn syrup  
1 egg, slightly beaten  
1 tsp. vanilla  
1/2 c. chopped walnuts

Sift together flour, baking powder and salt. Mix margarine and sugar in large mixing bowl and blend in melted chocolate. Stir in corn syrup, then egg and vanilla. Stir in flour mixture until smooth. Add nuts. Drop by teaspoons onto well-greased baking sheet

2 to 3 inches apart. Bake in 375° F. (moderate) oven 8 to 10 minutes or until cookie springs back when touched. Store in loosely covered container. Makes about 3 dozen.

## SPICE CRISPS

1 c. margarine  
1/4 c. sugar  
1/2 c. light corn syrup  
2 1/2 tsp. baking soda  
1 tsp. cold water  
3/4 c. slivered almonds  
1/2 c. grated orange rind (medium fine)  
2 T. cinnamon  
1 tsp. nutmeg  
1/2 tsp. clove  
4 c. sifted flour

Mix together margarine, sugar and corn syrup in heavy saucepan. Bring to boil, stirring constantly. Cool. Mix baking soda and water. Stir into cooled syrup mixture. Mix in almonds, orange rind, cinnamon, nutmeg and clove. Add flour in thirds, mixing well after each addition. Chill dough until firm enough to roll out, about 2 hours. Roll small portions at a time to 1/8 inch thickness on floured board or cloth. (Keep remainder chilled until ready to use. Cut with 4-inch heart shaped or round cutter. Place on greased cookie sheet. Bake in 350° F. (moderate) oven until edges are lightly browned, 8 to 10 minutes. Makes 2 dozen.

Topics to be presented on "The Creative Woman" on February 8 and 12 include low sodium information, making ribbon belts, and stir-fry cooking. The show airs at 12:30 p.m. MST on Tuesdays and at 2 p.m. on Saturdays on KENW-TV.

The second part of the three-part series dealing with sodium will be presented by Hazel Wallace, consumer affairs officer with the Food and Drug Administration in Dallas.

Ribbon belts are very fashionable now, and the guest, Carol Bell, will demonstrate how to make an attractive \$8.00 ribbon belt for less than \$3.00. Carol is director of the sewing school at Ann Silva's Bernina Sewing Center in Albuquerque.

Have you ever tried wok cooking? The possibilities are almost endless. Home Economist Eileen Runyan will

demonstrate a basic mushroom stir-fry using an ordinary skillet to make all sorts of delicious variations.

On February 10, the topics will be breadmaking in a bag, and metric in the home. These topics will be aired at 12:30 p.m. on Thursday on KENW-TV. Evelyn Davis, Extension Home Economist in Tucumcari, will explain why the United States is changing to the metric system and how it will affect our daily lives. She has lots of amusing points to make as well as serious comments.

If you like homemade bread, this new technique will be especially interesting. It's called "breadmaking in a bag" and it eliminates much of the mess and clean-up, and it's lots of fun. The guest will be Ruth Morris, Extension Home Economist from Lovington.

MARK LUNSFORD

## Mark Lunsford Has Birthday

Mark Lunsford, who was three years old on January 25, celebrated his birthday with a party at the home of his parents, Micky and Leslie Lunsford, in Farwell on Sunday, Jan. 30.

His birthday cake featured a farm scene complete with tractor and farm animals decorating the confection. It was served along with homemade ice cream to the guests.

Attending were the honoree, his parents, his brother Landon and sister Marnie, his grandparents, Mr. and Mrs. Darrell Norton and Mr. and Mrs. Buster Lunsford, and his great-grandmother, Frances Norton, all of Farwell.

Also, Kim Norton, Foster Watkins, Jimmy, Susan, Jarrod, Julie and Paul Franse, and Laura, Brandon and Joshua Lunsford, all of Farwell; Denny, Phyllis, Adam, Wesley and Molly Lunsford of Lubbock, and Ray, Becky, Stephanie and Jennifer Norton of White Deer.

## Mrs. Joiner Hostess For Sorority Meeting

Alpha Rho Lambda chapter of Beta Sigma Phi met January 25 in the home of Sandra Joiner, with Gloria Hutchins as co-hostess. Pam Smith won the door prize.

In the business meeting, members voted continued support of the Beta Sigma Phi International funds (Loan, Scholarship & Endowment) and also voted to contribute locally to the fund established for Carlos Nicolas, who is receiving treatment for bone cancer.

The annual Valentine Dance will be held February 11 in Clovis, and members were brought up to date on plans for this event which is sponsored by the Clovis City Council of Beta Sigma Phi.

Peggy Goetsch presented the program which was a slide presentation along with information on the Eastern New Mexico Rehabilitative Services in Clovis.

Members present were Cynthia Thigpen, Gaye Roberts, Peggy Goetsch, Linda Foster, Nedda Travis, Gloria Hutchins, Pam Smith, Sheree Montgomery, Kendale Burch, Mary Ann Lingnau, Joan Johnson, and the hostess.

After the meeting, everyone enjoyed cheese ball and crackers, Mississippi Mud cake, spiced tea and coffee.

## Confection From Your Kitchen

There's something so gratifying when you make, wrap, and take a gift from your kitchen. Have a few empty tins on hand so that you can use them as gift containers for Coconut-Rum Balls, an easy no-cook confection.

Combine 4 cups vanilla wafer crumbs, 1 1/2 cups Baker's Angel Flake coconut and 1 cup finely chopped nuts in a bowl. Stir in one 14-oz. can sweetened condensed milk and 1/4 cup rum (or use 1/4 cup water and 1 teaspoon rum extract). Mix well. Chill 4 hours or overnight.

Drop from tablespoon into bowl of confectioners sugar to coat. Cover and store in refrigerator. Roll again in sugar just before serving. Makes 6 dozen. For best flavor, store 24 hours. Candies may be stored for several weeks.

## Sheree Montgomery Selected Alpha Rho Lambda Sweetheart

Sheree Montgomery has been selected as the 1983 chapter sweetheart for Alpha Rho Lambda chapter of Beta Sigma Phi sorority.

One of the founding members of Alpha Rho Lambda in Farwell, Sheree has served the chapter as corresponding/recording secretary and as extension officer.

Besides her duties as homemaker and mother of two

daughters, Sheree works part time for an accountant. She and her husband, Richard, who is vocational agriculture instructor at Farwell Schools, are members of the Oklahoma Lane United Methodist Church where Sheree sometimes plays piano, teaches the four and five-year-olds, and serves as chairperson of the social concerns and local church activities committees. She enjoys doing needle

point, and more recently she star quilted several Christmas gift items. She also bakes and decorates specialty cakes for all occasions. Her main vocation, however, is taking care of the two Montgomery daughters, Melody, age three, and two-year-old Sarah.

They all enjoy helping Richard on the farm, feeding their animals, attending livestock shows, and generally spending time with him.

SHEREE MONTGOMERY

## Texico Teacher, Nurse Attend Roswell Meeting

Juanita Hadley, teacher, and Jean Kreigshauser, school nurse, at Texico Schools attended the National Education Association of New Mexico's Southeastern Regional Coordinating Council in Roswell on Saturday, Jan. 29.

Mrs. Hadley, local organization president and member of the State Board, said, "Of the 32 locals in the Southeastern Region, 29 locals were represented at the meeting in Roswell. Some were local presidents and others were just interested members."

"The fall teachers convention will be in Albuquerque during the week of October 14 this year. Members of the NEA-NM and other educational organizations will be working together to make this year's convention the kind of old style state teachers convention it used to be," says Mrs. Hadley. "In the past few years, it has become a meeting for only NEA-NM members, we want all teachers to attend like they used to."

During the meeting in Roswell, members were notified that the state office now has a full time, qualified bookkeeper, Carol Romero, and they were assured that the financial errors will now cease.

Two important dates were decided on during the Roswell meeting:

February 19 will be the date of the Southeastern Regional Coordinating Meeting to be held in Clovis. The location has tentatively been set for the First Federal building on

North Prince.

Saturday, March 26, has been set for the date of the Spring Council session in Santa Rosa. Any member in the state is invited, and there will be no workshops, according to Mrs. Hadley.

The regional Hall of Fame will be conducted during the Spring Council session. The Hall of Fame is for members of NEA-NM who have served in local, state, and/or national NEA for most of their professional careers. Dale Schwartz, Texico elementary teacher, is the state chairman of the Hall

of Fame committee.

The state Hall of Fame will be held during the teachers convention in Albuquerque.

Mrs. Hadley said, "The legislature will be looking at proposed changes in the minimum standard of education. Educators and interested parents throughout the state need to be aware that some of the proposed changes are drastic."

She also reminds all employees of the Texico Public School system that there is no cut off date for membership to TEA. Membership dues will be pro-rated for the year.

## Area Artist Specializes In Portraits Of Children

Artist Jena Rawley-Whitaker of Hereford is a watercolorist specializing in portraits of

children. She will be introduced at a coffee in her honor on February 9 from 10 a.m. to

12 noon at the Farwell Country Club, hosted by Terri Nichols of Farwell. Some of the artist's work will be on display.

Terri commissioned the artist to do portraits of her sons, Logan and Jourdan, for her husband Tom for Christmas, and Terri was so pleased with the portraits that she wants to share her enthusiasm for the artist's work.

Artist Jena begins her work with children by photographing each child, taking 20-30 candid exposures. Then the client chooses the one which best expresses their interpretation of the child. The artist uses this slide as a guide for the portrait and uses the others for reference.

"Jena's work is different than any I've ever seen," says Terri, "as she does many action shots such as the children painting, playing ball, etc., and often paints the full length portrait of the child. These are her best, I feel."

Jena graduated magna cum laude from Texas Tech with a Bachelor of Fine Arts degree, and did graduate work at West Texas State University. Her works have been displayed in galleries in Texas and New Mexico, as well as in Michigan, California, and Louisiana.

The artist has had several one woman shows; in Midland, El Paso, Canadian, Hereford, and Ruidoso.

Jena has done individual tutoring in painting, art appreciation, photography, and painting classes for adults and children in oils, watercolor, and design.

Her husband is also an artist. They have two children, a daughter Elizabeth Ann who is four years old and a son Jenson Charles who is 10 months old.

Watercolor Portrait

This watercolor portrait of Meghan Scharbauer, daughter of Mr. and Mrs. Chris Scharbauer of Midland, is one of many children's portraits done by Jena Rawley-Whitaker of Hereford. The portrait artist

first photographs the children, taking as many as 20-30 action exposures of each child. She uses the selected one as a guide for the portrait and uses the others for reference.

## Hospital Notes

Juanita Foreman of Texico is in West Plains Hospital in Muleshoe where she is being treated for pneumonia.

in Muleshoe Sunday, Jan. 30, and has now been transferred to Lubbock for treatment. He is said to be "recovering nicely."

Audrey McCauley of Texico has been released from Cannon Air Force Base Hospital where she had been admitted for treatment and observation. She is now resting at home.

Fred Gerles of Farwell is in Clovis High Plains Hospital where he will be convalescing after surgery on a broken hip Saturday, Jan. 29. He is in room 305 and is allowed visitors. "He's doing just fine," reports Mrs. Dick Gerles.

## Convalescent Center - - Membership Drive Still Underway For Auxiliary

Farwell Convalescent Center Auxiliary is continuing its membership drive. Anyone, whether they have a lot of time, only an hour a month, or an occasional 15 minutes, is invited to participate.

Volunteers are always needed to help with holiday parties, play games, read to residents, and work in the Center's beauty shop. Many residents would love to be taken out for a short drive, an ice cream cone, or just a walk around the block.

Volunteerism is not just a female responsibility. Many of the men residents would enjoy

## Allen Roses Have Daughter

Mr. and Mrs. Allen K. Rose of Oklahoma City, Okla., are parents of their second child, a daughter, born Saturday, Jan. 8, in Oklahoma City.

The new arrival, who has been named Lynnee' Janine, weighed seven pounds, 12 ounces, and was 21 inches in length. She has one brother, Daron Keith, who is 3 1/2 years old.

Grandparents are Mr. and Mrs. Troy Lovett of Pleasant Hill, and Mr. and Mrs. Carl Rose of Norman, Okla.

an occasional trip to the coffee shop to hear the football and crop talk, to go with someone in a pickup to see how the wheat is coming along, or have a game of dominoes with the boys.

If you would like to be a member of this worthwhile organization, please call Nan Preston at 481-3645, or the Convalescent Center at 481-9027, or any auxiliary member.

## Receive Degrees

The Registrar's Office of Eastern New Mexico University announced this week that the following winter commencement graduates received special honors. A partial list of honor graduates were released earlier.

Area honor graduates are Debra Coffey, Texico, bachelor of business administration de-

gree in accounting, business information systems and business administration, honors; Bettie Martin, Texico, bachelor of music degree in music, honors and also a bachelor of music education degree in music education, honors; and Sandra Joiner, Farwell, bachelor of science in education degree in elementary education, cum laude.

The average lead pencil will draw a line 35 miles long.

17 Wins, 1 Loss - -

# Wolverines Add Two Victories Defeating Melrose And Floyd

Texico Wolverines upped their season record to 17-1 by winning two games over the weekend. Friday night the fans were treated to a prolonged game when the Wolverines and the Melrose Buffaloes fought through six overtime periods before the Green and White finally emerged victorious. In their second game they downed the Floyd Broncos 57-35, in a game played at Texico Saturday night.

The Wolverines and the Buffaloes got off to an even start in the first quarter as they began the second quarter 8-8 on the scoreboard. The second quarter saw the Wolverines pull ahead 21-14 by the half-time break.

In the second half, Melrose came from behind taking the lead 26-25 as the quarter buzzer sounded. At the end of the final period, the score was tied 35-35 and the first of six overtime periods began.

Each team managed to score two points in the first overtime period, making a second extra period necessary. Again, each team made two points making the score 39-39 as they began the third overtime period.

This period was filled with lots of action as the ball was taken from end to end with six points being made by each side, again tying the score 44-44.

In the fourth overtime, defense was the name of the game as both sides struggled for the lead. The teams failed to score and the fifth overtime began with the score still at 44-44.

The fifth overtime period came and went with each team adding two points to their scores and the game remained tied 46-46. In the sixth and final overtime, the Wolverines managed to gain a four-point lead, giving them the game 52-48.

Brad Steward led the Texico scoring with 20; Kevin West had 12; Joe Steward, 8; Earl Bibbs, 6; Bob Johnson, 4; and Terry Tubbs, 2.

Against Floyd the Wolverines had no trouble, outdis-

tancing their guests 16-5 in the first period and driving to a 27-7 halftime bulge. At the end of three quarters Texico held a commanding lead of 44-15 and coasted in for the 57-35 final score.

Terry Tubbs led the Wolverine scoring with 11; Danny Reid, 8; Joe Steward, 7; Kevin West, 6; Bob Johnson and Brad Steward, 5 each; Lynn Tubbs and Danny Powell, 4 each; Tobin Tate, Ronnie Dunsworth, and Billy Bibbs, 2 each; and Scott Elliott, 1.

Coach Scott Parker commented on the Melrose game, "We played pretty good except in the third quarter. They came back ready to play and we didn't, so we really should have won the game in regulation time. The boys kept their composure and stamina all through the game and that helped them win. I think it's good to have a game like that

in the season, it shows the boys that they are playing good teams now and really have to keep themselves together. "We had the best free throw record of the season, and at the end of the game, I wanted to have plenty of time to score. We didn't want to get into the position where we had to hurry, but we put them in that position a couple of times and they made it. We were a little off on the offensive end of the game, but we played the best defense of the season."

About the Floyd game, Coach Parker said, "Everybody got to play in the game. The Floyd team was young, but they tried to play with us and couldn't. It was a good game for us."

The Wolverines are to be in action tonight (Friday) at Elida, and on Saturday night will travel to Tatum for another district game.

## Texico JV Basketball

Texico JV boys hosted Floyd Saturday, Jan. 29, adding another victory to their list with a final score of 69-58.

Billy Bibbs led his teammates in scoring with 20, followed by Scott Elliott with 13. Danny Powell, Ronnie Dunsworth and Mark Meeks each added 8; Jeff Campbell made 4; and Doug Thornton and Lonnie Smith each made 3; and Tobin Tate made 2.

Coach Mike Littlejohn commented on the game, "We played a lot better against Floyd this time. They beat us by 12 points at Floyd, so it was a 23-point turn around. Billy Bibbs and Mark Meeks had outstanding games. Billy made 20 points, and had 9 rebounds. Mark made 8 points, had 13 re-

bounds, and 6 steals, a good defensive effort. Scott Elliott also had a good game with 13 points and 10 rebounds. It was a pretty good team effort."

Texico JV girls traveled to Melrose Friday, Jan. 28, coming home with a victory, 36-34.

Texico took the lead in the first quarter, but were tied 13-13 at the half. Competition was strong in the second half as Melrose pulled ahead in the third quarter, but the JV Lady Wolverines finally won 36-34.

Coy Jo Burk led the scoring with 9; Helen Jo Boorman and Lucia Jesko each made 8; Dana Morris, 6; Kelly Lynn, 3; and Loretta Gonzales, 2.

"We won in a barn burner," said Coach Roy King.

## Upcoming Sport Events

Farwell will host Olton tonight, Feb. 4, for games between varsity boys and girls and JV boys and girls. Games begin at 4 p.m.

Wolverines will travel to Elida tonight for varsity boys and girls and JV boys games, beginning at 5 p.m. MST.

Lazbuddie Longhorns will host Happy tonight for games between the varsity boys and girls, and the JV boys, with games to start at 5 p.m.

Texico Wolverines will travel to Tatum on Saturday, Feb. 5, for play between the varsity boys and girls and the JV girls. Games will begin at 5 p.m.

MST. Texico 7th and 8th grade boys will be participating in the Floyd tournament Feb. 7-9.

Farwell 7th and 8th grade boys and girls will travel to Springlake-Earth on Monday, Feb. 7, for games beginning at 5 p.m.

Farwell varsity Steers and Steerettes and the JV boys and girls will travel to Bovina on Tuesday, Feb. 8, for games beginning at 4 p.m.

Lazbuddie varsity boys and girls and the JV boys will travel to Nazareth on Tuesday, Feb. 8, for games beginning at 5 p.m.

## Home Ec Students Observe National FHA/HERO Week

The FHA/HERO chapter at Texico High School, an affiliated chapter of Future Homemakers of America, will join 12,500 other chapters in a nationwide celebration of FHA/HERO Week, February 6-12.

Celebrated as part of Vocational Education Week, this annual event gives FHA/HERO members an opportunity to show how their background in home economics and participation in Future Homemakers of America help prepare them for the future.

As part of the week's activities, the chapter's 13 members have planned a Teacher's Appreciation Day, a potluck lunch, and will put up bulletin boards on how FHA/HERO relates to each class.

"FHA/HERO Week," says Chapter President Anita Dimas, "gives us the chance to expand the traditional cookie baking image of home economics, and let the public know that our organization is concerned and doing something about nutrition and health, care for the elderly and handicapped, alcohol and drug abuse, community service, and leadership development."

Future Homemakers of America is a national vocational student organization with two kinds of chapters, FHA and HERO. FHA Chapters emphasize consumer homemaking

education. HERO Chapters emphasize home economics related occupations.

There are 12,500 FHA/HERO chapters and 4,000,000 members nationwide. New Mexico has approximately 2400 members in 100 chapters.

### Use of sunscreen before exercising not recommended

COLLEGE STATION — Sunscreens, although they seem to present no problems for most people, may do more to the body than prevent sunburn, says a Texas A&M University researcher who has been testing the effects of sunscreens on thermal regulation of the body during exercise.

Dr. George Jessup, associate professor of health and physical education and chairman of the Human Performance Laboratory, says that persons choosing to apply sunscreens before exercising in hot, dry or hot, humid climates run the risk of significantly elevating their skin temperature.

This increase in skin temperature causes an early onset of sweating and as a result important losses of body fluids occur that can lead to dehydration.

For 15-3 Record - -

# Lady Wolverines Split Melrose, Floyd Games

The Lady Wolverines of Texico split games over the weekend, winning one game by two and losing the other by the same margin to put their season record at 15-3. They stand at 5-1 in district play along with Melrose and Tatum who also boast 5-1 marks at this point.

In the first of the two weekend games the Lady Wolverines played the Lady Buffs of Melrose under the Melrose nets and lost by a 43-41 count.

The first quarter was played evenly with Melrose holding onto a 13-12 edge at the whistle. The Lady Buffs had increased their lead to 29-22 at halftime, and each team managed only six points apiece during the third period for a 35-28 count. In spite of Texico outscoring their hosts 13-8 in the final stanza, Melrose held on for the two-point victory.

Ruth Scott led the Green and White in scoring with 18. Tammy Powell had 15, and Cheryl Scott and Kathy Harrison each scored 8.

Coach Roy King said, "We didn't shoot very well in the first half, and lost our composure for about five or six minutes and went out of control and fell behind by 13. But we didn't quit, we came back and had a chance to tie the game two or three times in the last two minutes."

Saturday night the Lady Wolverines hosted Floyd and won by two with Ruth Scott shooting from 10 feet out at the buzzer to win the game 36-34.

Texico trailed 9-6 at the end of one period and the teams were deadlocked at 14-all at halftime. The teams battled the final two periods evenly with Texico outscoring their guests by two in the third quarter to take the edge by two going into the last period. Both teams scored 10 each with the shot by Scott at the buzzer making the difference.

Ruth Scott led the scoring with 14, followed by Cheryl Scott and Tammy Powell with 8 apiece, and Kathy Harrison with 6.

Coach King said, "We were really fortunate to win. I think we had a letdown after being so high against Melrose."

Texico will play at Elida

Friday night and will travel to Tatum for a game on Saturday night. Coach King said, "The Tatum game is a big game for us."

Besides the top three teams being tied at 5-1 marks, the other district standings include: Floyd, 2-4; Dora, 1-5; and Elida, 0-6.

## Texico Jr. High Results

Texico Jr. High boys traveled to Floyd Thursday, Jan. 27, and brought home a 20-14 win.

David Loera led the scoring for his team with 12 points; Dean Reid, Tim Harmon, Brette Taylor, and Jubal Pierce each added 2 points.

The Wolverines jumped to a 15-2 halftime margin and continued scoring to take the win 20-14.

The 7th grade boys will be

participating in the Floyd Invitational Tournament February 7, 8 and 9. Texico's first game will be Monday at 1:30 p.m. when they play the San Jon 7th graders. Other teams competing in the tournament are Grady, Portales 7th, Dora, Yucca 7th, Melrose and Floyd.

Games will continue through Tuesday and Wednesday with the championship finals set for 6 p.m. Wednesday.

your strongest choice

Superior strength and outstanding versatility is the quality that has made vinyl one of the most widely used man-made materials in the world. Bridges, skyscrapers, factories — wherever there is a need for uniform and lasting strength, you'll nearly always find vinyl.

These same characteristics make vinyl siding superior for exterior residential use. More than twice as strong as other sidings, it imparts outstanding durability to a home in a way that promises greater value, lower maintenance and an unusually rugged, lasting beauty.

To the homeowner who chooses vinyl siding, this superior strength means:

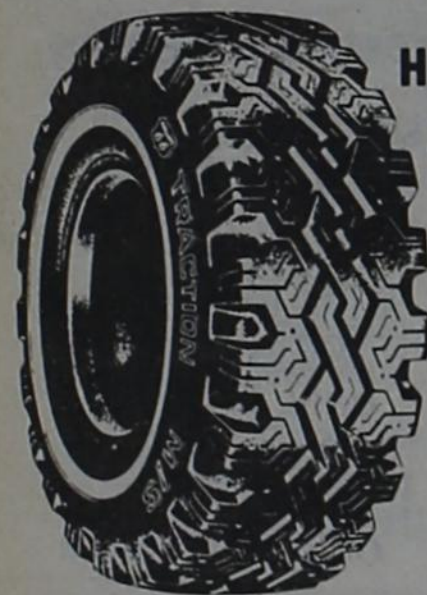

- Siding that goes on straight and true.
- Siding that is able to withstand punishment.
- Siding that is ruggedly handsome.
- Vinyl... clearly your strongest siding choice.

# Steers Upend Longhorns, Steerettes Fall To Hart

Farwell Steers and Steerettes were guests of the Hart Longhorn teams last Friday night for two important district games.

The Steers came away with a 59-33 win while the Steerettes were defeated 44-35 by the Hart girls.

In the girls' game Hart moved out to a 11-7 advantage at the end of the first quarter, and although Farwell outscored Hart by 2 in the second period, the host team held onto a 19-17 halftime margin.

The Steerettes only scored 5 points in the third stanza and trailed 27-22 going into the final quarter. In this period the Blue and White was outscored 17-13 to suffer the 9-point loss.

Suzahn Inman led the Farwell scoring with 12. Cynthia Ancira had 10; Jennifer Williams, 9; and Lezlie Castleberry, Kelly Davis and Elaine Vaughan each had 2.

Steerette Coach Vester Joiner said, "We played a good game. We shot 40 percent from the floor in the first half, but in the second half we only managed 20 percent."

The Steers had no trouble with the Hart Longhorn defense in the beginning minutes and rushed to a 21-8 first quarter bulge. At halftime they had increased their lead to 33-15. But the third quarter was a cool shooting period for Farwell when they only racked up 6 points, but a big 20-point effort in the final period put the game away at 59-33.

Jay Anderson led his team with 17 points and 16 rebounds for the night. Raymond Sierra scored 13 points and pulled down 18 rebounds. Manuel Cantu scored 10; Johnny Daniel, 9; Roger Robertson, 6; and Paul Fulcher, 2.

Mike Martin, Steer coach,

commented, "We played well and rebounded well, but free throw shooting was poor. The game was rough."

The Steers and Steerettes were scheduled to play Kress at Kress Tuesday night; however, the games were postponed until Monday, Feb. 7, because of the inclement weather. The JV boys will begin play at 5 p.m. Monday in the makeup games at Kress and the Steerette and Steer games will follow.

Tonight (Friday) the varsity teams are hosting Olton in district games. In addition to the makeup games with Kress next Monday, the Farwell teams will also be playing Bovina and Springlake-Earth to wind up regular district play next week. The local teams go to Bovina on February 8 and then host the Springlake teams on Friday, Feb. 11.

Farwell 8th grade boys brought home the championship from the Springlake-Earth tournament played last weekend.

The local 8th graders won their first game over Springlake-Earth 42-20 and then defeated the Amherst team 46-17 to win their first tournament of the season.

In their first game Farwell pulled ahead 20-8 at the half and held a 32-16 advantage at the end of the third period.

Jody Ketcherside was high scorer with 13; David Woods had 10; Roy Perales, 7; Steve Lara, 6; Jacob Lopez, 4; and Homer Anzaldua, 2.

"Balance scoring was the key in this game against Springlake-Earth's A team. We started pretty slow in the first quarter, but got going when we got them in a running game. Defensively we did a pretty good job, good performance by Danny Rubio. Offensively, Jody Ketcherside and David Woods both had an outstanding night," said Coach Lupe Valdarez.

In their next game Farwell played Amherst, defeating them with a final score of 46-17. Farwell had overcome their opponents by halftime with a score of 13-5, and went on to win the game by a large margin.

Danny Rubio was top scorer with 11; Jody Ketcherside had 10; Steve Lara and David Woods each made 8; Roy Perales, 5; and Devin Vaughan and Homer Anzaldua each added 2.

Coach Valdarez commented on the game, "Amherst is a young team with only one 8th grader on the squad. We had a good game overall. Danny Rubio was dominating under the boards. Most of his points came from offensive rebounds. Jody Ketcherside gave us another fine game along with Steve Lara and David Woods. Homer Anzaldua did a good job in the second half, especially on defense. It was our first tournament championship this year. Our record is 10-6. Next game is Bovina, we have been waiting for this showdown."

and Boney Nicolas made 1. Coach Valdarez commented, "The kids went against a very fine 7th grade bunch from Springlake-Earth. Joe Jaime did his job on offense and defense, yet it was not enough to offset their overall team balance. The kids did everything they could to keep it close. But Springlake-Earth is tough inside and outside. We have one more game against them at their place. Maybe next time we can stay close and even beat them at the end."

The 7th graders met the Springlake-Earth 8th B team next, and this time took the lead in the first half and went on to win 31-12.

Joe Jaime stayed on top of the scoring with 18 points; Boney Nicolas made 4; Andy Chisom, 3; and David Moseley, Jerry Cole, and Robbie White each made 2.

"We played their 8th grade B team for 3rd place in the tournament. The defense was outstanding as we were able to hold them to only 12 points. Joe Jaime went crazy on offense, most of those points came off the 4-corner offense. He was able to get a lot of easy lay-ups. Boney Nicolas and Andy Chisom both played pretty good, especially Boney, in directing our offense. Our next game is against Bovina, a team that beat us by one point at their gym. This time we hope to beat them here," said Coach Valdarez.

Farwell 8th grade girls played in the Springlake-Earth tournament beginning on Wednesday, Jan. 25, and lost both games.

In their first game they played Springlake-Earth, staying close to their opponents until the last, when Springlake-Earth came ahead to win the game 22-13.

The teams were fairly evenly matched by the half with a score of 3-8, Springlake leading. Farwell kept within sight of the opposing team until the final quarter, when they lost the game 22-13.

Monica Carpenter led the scoring with 5; Camille Buchenau, 4; and Shonda Foster and Ursula Dollar each made 2.

"We were close the whole game right to the end. Our shooting went cold in the second and fourth quarters and we didn't shoot well. That's when we got behind and could not catch up," said Coach Rex Cumpton.

Farwell girls played Amherst next in the tournament, taking a loss of 25-18. The score was 12-8 at the half with Amherst in the lead.

Shonda Foster led the scoring with 12 points; Alice Herrera, 4; and Monica Carpenter, 2.

"We stayed pretty close for the whole game, but could never get over the hump. We have pretty good team speed, but this is the first group we've found that we could not run with. The girls played hard, but had some cold shooting spells," said Coach Cumpton.

Farwell 7th grade girls also played in the Springlake-Earth tournament, losing to Springlake-Earth A team in the first game 28-4.

In the first half of the game, Farwell couldn't score, and their opponents pulled ahead ending the half 11-0. In the second half Farwell made four points to end the game 28-4.

Dee Ann Ray made 2 points, and Laura Wolfe and Juanita

Lara each made 1. "We weren't able to score early and could never get anything going. The girls played real hard and showed some bright spots," said Coach Cumpton.

In their second game of the tournament, the 7th graders played Springlake-Earth B team, winning 20-12.

Laura Wolfe led the scoring with 7 points; Kellie Anderson had 5; Juanita Lara, 4; and Robbi Fly, Kellie Foster, Dee Ann Ray, and Tonya Stehle each made 1.

Coach Cumpton commented on the game, "Super game for the girls. This was their first win and it came against a team that was a mix of seventh and eighth graders. The girls were taller than us, which is nothing unusual, but our girls overcame that. We got a good game out of everyone, including the girls coming off the bench. We had a real balanced group in this game with seven girls scoring points. This was also the first game that we really shot free throws well. We made over 50 percent of our free throws, which was by far the best percentage all year."

## Farwell JV Girls Lose To Hart

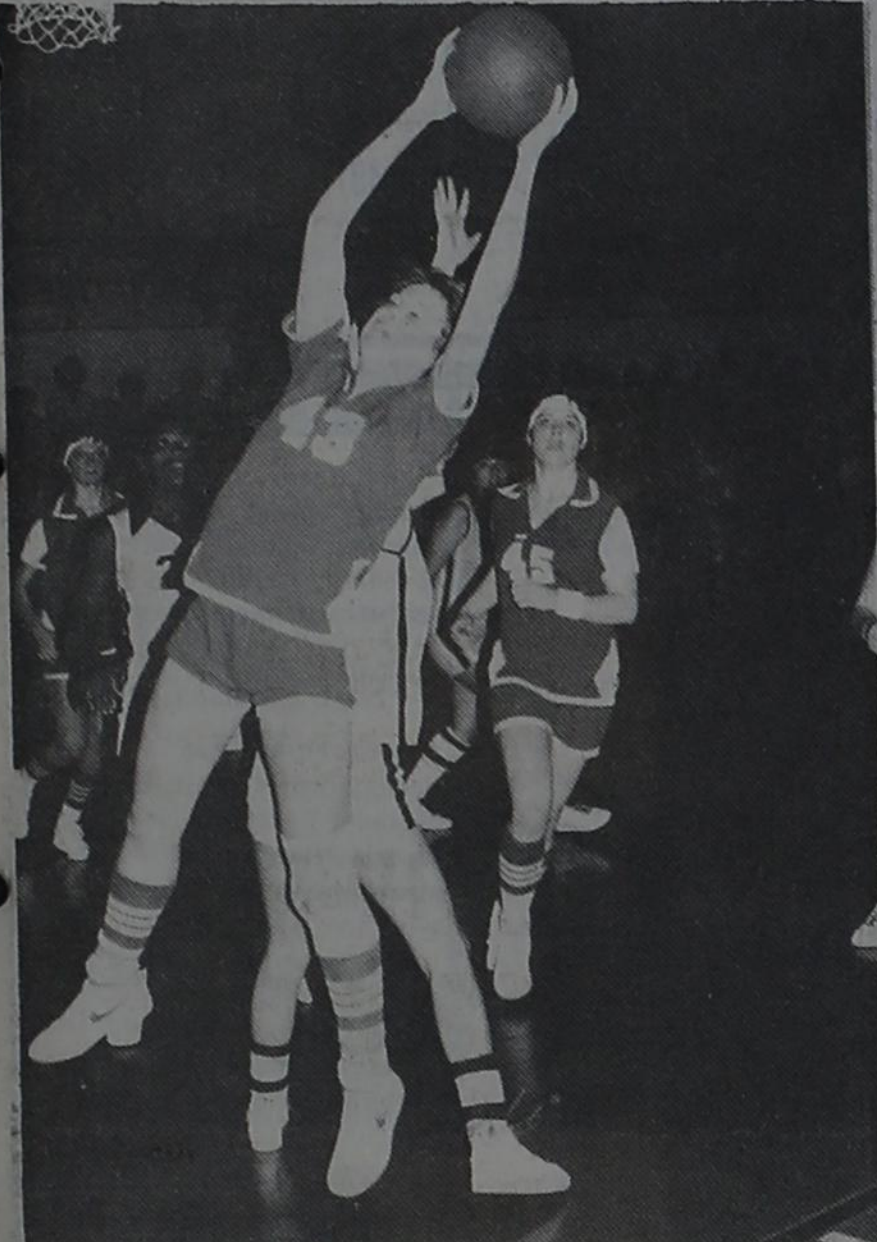

The JV Steerettes played Hart Friday, Jan. 28, losing the game 39-20.

Farwell JV fell behind in the first half with a halftime score of 21-8.

Sonia Chisom made 9 points; Sherilyn Thigpen, 4; Cheryl Stanton, 3; and Trina George and Sheila Smith each made 2.

"The girls hustled well, but shot only 4 out of 23 from the free throw line," said Coach Mike Martin.

The JV boys game with Kress on Tuesday night was cancelled because of the snow. The game will be played Monday, Feb. 7, at Kress.

**Williams Rebounds**

Steerette Jennifer Williams, No. 43, gets control of the rebound against the Hart defense in Friday night's game played at Hart. Running in at right to assist is teammate

Suzahn Inman, No. 45. The Steerettes lost the contest 44-35. Williams scored nine points in the district match while Inman made 12. [J.R. Ivins Photo]

**Cantu Cans Two**

Steer Manuel Cantu eases the ball up for a basket in Friday's encounter with the Hart Longhorns at the Hart gym. At right is Steer Raymond Sierra, No. 31. The Steers were victorious 59-33 in the district

game in which Cantu scored 10 points. Tonight [Friday] the Steers will see action against the Olton Mustangs in the Farwell gym. [J. R. Ivins Photo]

**Suzahn Shoots**

Suzahn Inman puts the ball up toward the basket as the Springlake-Earth Lady Wolverines await under the net for a possible rebound. The Steer-

ettes won the district match 63-29 at Springlake on January 25. Inman scored 20 points to lead her teammates to the victory. [J.R. Ivins Photo]

### Professor claims some mine owners may spend too much

COLLEGE STATION — Strip mine owners may be spending thousands of unnecessary dollars in the process of reclaiming some depleted mine sites, says a Texas A&M University landscape architect. Dr. Harlow Landphair, associate professor of landscape architecture, said under the right conditions many strip mined sites will revegetate with a minimum of help from man. Predictions are that a million acres of Texas land will be stripped in the next 40 or 50 years for the lignite coal deposits that lie beneath the surface.

### NOTICE OF SALE

STATE OF TEXAS  
COUNTY OF FARMER

By virtue of a writ of execution issued out of the 181st Judicial District Court of Randall County, Texas, on a judgment rendered in said court on November 7, 1977, in favor of BUNNETT/SMALLWOOD & CO., INC., and against MONTY K. CORBIN, in the case of BUNNETT/SMALLWOOD & CO., INC. V. MONTY K. ### NOTICE BY PUBLICATION

State of Texas  
TO: Jerry Lee Crenshaw,  
Respondent,  
GREETINGS:

YOU ARE HEREBY COMMANDED to appear and answer before the Honorable District Court, Farmer County, Texas, at the courthouse of said county in Farwell, Texas, at or before 10 o'clock a.m. of the Monday next after the expiration of 20 days from the date of service of this citation, then and there to answer the petition of Victoria Marie Crenshaw Jones, Petitioner, filed in said Court on the 19th day of January, 1983, against Jerry Lee Crenshaw, Respondent, and said suit being number 5246 on the docket of said Court, and entitled "In the Interest of Cynthia Ann Crenshaw, a Child," the nature of which suit is a request to terminate the parent-child relationship. Said child was born the 28th day of November, 1971, San Bernardino, California.

The Court has authority in this suit to enter any judgment or decree in the child's interest which will be binding upon you, including, but not necessarily limited to, the termination of the parent-child relationship, the determination of paternity, and the appointment of a conservator with authority to consent to the child's adoption.

Issued and given under my hand and seal of said Court at Farwell, Texas, this 20th day of January, 1983.

Marjorie Watkins  
Clerk of the District Court of Farmer County, Texas.

Published in the State Line Tribune, January 28, Feb. 4 and 11, 1983.

### PUBLIC NOTICE

On December 28, 1982, the Best Broadcasting Company, Inc., a profit corporation, filed an application with the Federal Communications Commission seeking authority to construct a new television station in Farwell, Texas, operating on Channel 18 with a power of 933,780 Watts from an antenna 465 feet above ground. The antenna and transmitter will be located 5.5 miles east-northeast of Bovina and 1.1 miles north of Highway 86, and the main studio will be located in Farwell, Texas.

The officers and directors of the Best Broadcasting Company, Inc., are: Gil W. Patschke, who owns 100% of the stock of the corporation, Jean M. Patschke, Olga Patschke, Lillian Paskett and Nancy Blair.

A copy of the application and any subsequent amendments or related material are on file and available for public inspection during regular business hours, Monday through Friday, at 205 9th Street in Farwell, Texas.

## TWO MINUTES WITH THE BIBLE

BY CORNELIUS R. STAM, PRES.  
BEREAN BIBLE SOCIETY  
CHICAGO, ILLINOIS 60633

### ARE YOU LISTENING?

The Apostle Paul had much that he yearned to teach the Hebrew believers—wonderful truths that would have thrilled their hearts—but these truths were "hard to be uttered" or difficult to explain to them, since they were "dull of hearing." The word "dull" in Hebrews 5:11 really means "slothful," or indifferent (as in Heb. 6:12). They were not merely hard of hearing, as we say, but were too lazy, too indifferent, spiritually, to pay attention. They were not sufficiently interested.

This is always a serious condition in the light of the fact that "God hath spoken," and that disobedience to His Word will be judged (Heb. 1:1,2; 2:1-3). Yet, alas, this is the condition of the professing Church today. The great majority of religious people are not sufficiently interested in what God has said to engage in diligent, prayerful study and, like those of Paul's day, still have to be taught "the first principles" of the Bible. They have remained babes, spiritually, unable to digest anything but "milk," and so remain

"unskillful in the Word of righteousness" (Heb. 5:12-14).

What has brought this condition about? Is it because our Bibles are being burned and the Church persecuted for reading it? Is it because God is unwilling to lead us further into His truth? Most assuredly not. It is because so many men of God in high places no longer have the single passion to know God's Word and to make it known. They could be as greatly used of God in teaching the Scriptures as their predecessors were, but they are "slothful of hearing" and hence can present their hearers with little that is of true value.

This, in turn, is reflected in the religious masses. They "love" their Bibles, but not enough to study them diligently and become workmen whom God can approve. Let us not be numbered among these. Rather, let it be our one great desire to gain a clear understanding of God's Word, rightly divided—for His sake, for our own sake and for the sake of the needy souls about us.

# Texico's This, That And The Other

by Journalism I Class

Kindergarten students in Mrs. Janice Jenkins' class have been studying the letters M, T, F and H, and the numerals 1, 2 and 3. Each student also learned the Humpty Dumpty rhyme. The class also sees films on Fridays.

Mrs. Kay Singleterry's third graders made organic fish for a bulletin board recently. The class is also making a "tree" of homophone words, (pear, pair). The class saw two films recently, one about the Soviet Union and one about London.

After kindergarten classes began, two classes moved to different buildings. The elementary Chapter I classes moved from the elementary building to junior high, and Mrs. Ima Gene Swinney's 8th grade junior high history class moved to the high school building.

Dale Schwartz's fourth graders are using a team-learning approach in their study of New Mexico. Class members are making pueblos, flags, and pottery.

Home Ec I students are working in Mrs. Janice Jenkins' and Miss Horne's kindergarten classes. Home Ec II

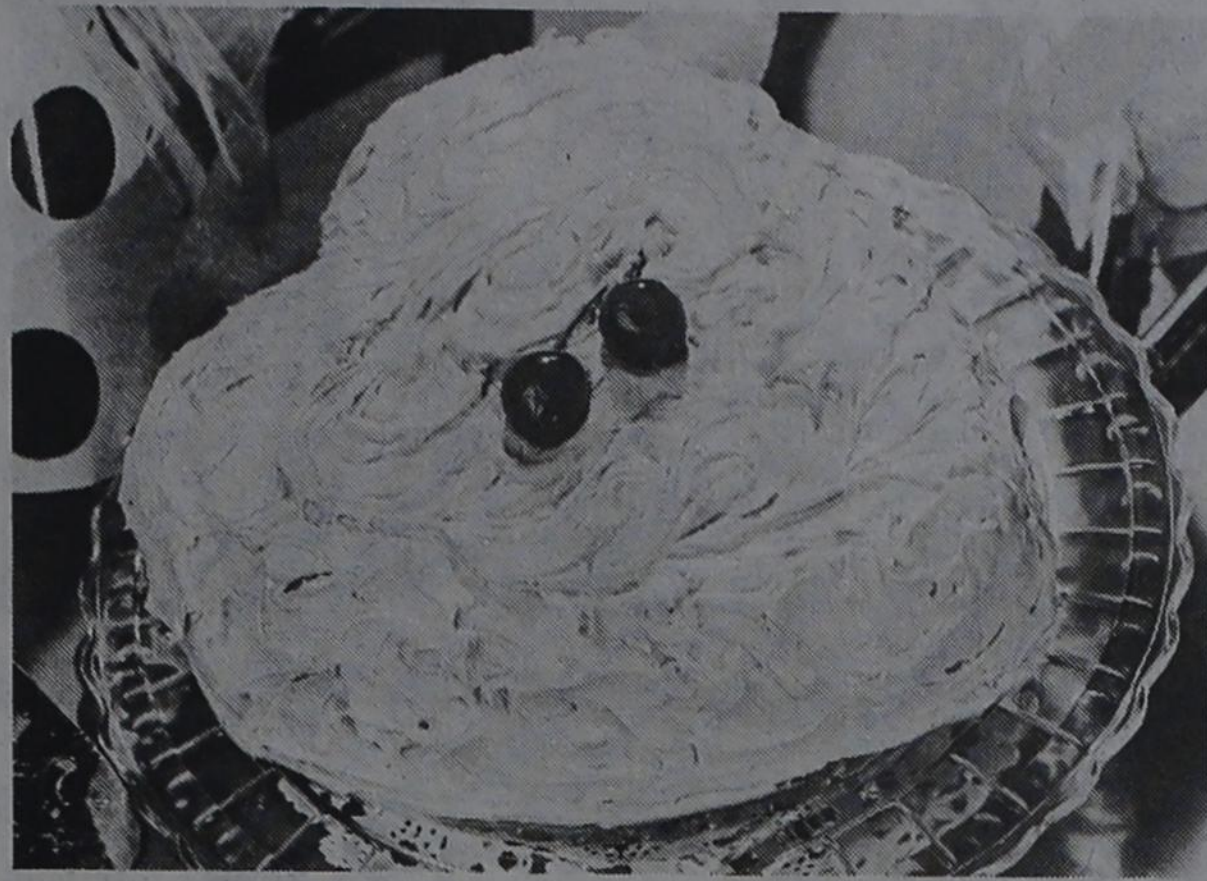

students are learning to decorate cakes, and they presented decorated cakes to Coach David Lynn and High School Principal Ken Shaw for their respective birthdays. Kendale Burch is the home economics instructor.

Mrs. Ann Liethen's business students have started to learn word processing on the computers. They have also been participating in New Mexico Vocational Week.

Texico High School Science Fair will be February 22, reports Mrs. Nadine Maben, high school science instructor. Parents and guests are welcome to visit the Science Fair.

Kay West and Juanita Hadley recently attended a one-day conference for English instructors from rural schools held in Clouderoft.

The conference was the first ever planned for teachers who instruct in rural schools, and it dealt with many of the problems teachers in these schools face. Instructors from New Mexico State University, New Mexico Tech, and Eastern New Mexico University presented the formal portion of the program, and then the teachers were invited to share ideas from their own programs.

A HONEY OF A VALENTINE-Perfect for a Valentine's Day party, this TAP Honey Chocolate Cake contains a rich serving of honey instead of sugar as a sweetener. It can be baked in two heart-shaped pans or two regular nine-inch pans. The recipe has been tested by Texas Department of Agriculture home economists.

## HONEY CHOCOLATE CAKE (For Your Valentine)

- 2/3 cup shortening
- 1 cup honey
- 2 eggs
- 2 cups sifted flour
- 1/2 cup cocoa
- 1/2 tsp. salt
- 1/2 tsp. soda
- 2 tsp. baking powder
- 1/2 cup buttermilk
- 1 1/2 tsp. vanilla

Cream shortening. Continue beating while slowly adding honey. Beat in eggs one at a time. Sift together three times flour, cocoa, salt, soda, and baking powder. Add to creamed mixture alternately with buttermilk and vanilla. Place in two 9-inch greased and floured pans or two heart-shaped greased and floured pans. Bake at 350 degrees for approximately 30 minutes. Let cool and top with favorite frosting. For special effect use a basic cream frosting tinted pink.

## SPS Announces Executive Changes, Stock Offering, Dividend

AMARILLO - Three finance department executive changes have been announced by Southwestern Public Service Company's board of directors, who also declared a regular quarterly dividend of 40 1/2

cents per share on the Company's common stock, and authorized the issuance of 1,400,000 additional common shares in an underwritten public offering at \$17 per share.

The board, meeting January 12, also declared regular quarterly dividends on all series of preferred stock.

Bill D. Helton, the Company's director of financial services and assistant secretary since 1981, was appointed SPS financial vice president. Helton succeeds Roger K. Owen, who becomes vice president, special projects. Owen has served as financial vice president since 1979. Lorene Lacer, the Company's supervisor of investor relations since 1981, was appointed an assistant secretary.

Helton, a native of Wheeler, Tex., and Owen, born near Vernon, Tex., both began their utility careers as linemen. Mrs. Lacer, the third woman in the history of the Company to be named an officer, joined SPS as a stenographer. She is a Wewoka, Okla., native.

The three-person finance department sets policies for day-to-day financial operations of Southwestern Public Service Company, and guides the Company's long-range financing.

The dividend on the common stock, \$1.62 per share on an annualized basis, is payable March 1, 1983, to holders of record at the close of business on February 15, 1983. The dividends on the preferred stocks are payable May 2, 1983, to holders of record at the close of business on April 20, 1983.

Net proceeds from the stock sale will be used to defray the cost of the Company's construction program, including the repayment of outstanding short-term debt incurred primarily in connection with the

program. Dillon, Read & Co. Inc. is dealer-manager of the underwriting group.

The Company's common stock is listed on the New York, Midwest and Pacific Stock Exchanges.

Southwestern Public Service Company primarily provides electricity to a population of more than one million in a 70,000-square-mile area in the Panhandle and South Plains of Texas, the Panhandle of Oklahoma, eastern and southwestern New Mexico, and southwestern Kansas.

## IRS Announces - -

### New Understanding Taxes Program

The Internal Revenue Service has announced a major redesign of its "Understanding Taxes" Program for 1983.

"Understanding Taxes" is a complete, free educational package, which teaches high school juniors and seniors important aspects of the Federal tax system. Approximately five million students used the course last year.

After a year long study, the new "Understanding Taxes" curriculum will include more information and skill development than ever before, the IRS said. The materials will now be

presented in a "modular" format, permitting teachers greater flexibility when scheduling and teaching "Understanding Taxes."

The curriculum will include a line-by-line explanation of the Form 1040A and a discussion of a basic Form 1040 and Schedule A for itemized deductions. However, new chapters will also cover such information as the economics of taxation, tax legislation and facts and fallacies about the IRS.

Student course books, teachers' manuals, special training visual aids and audio-vis-

ual materials are supplied free by the IRS. Teachers do not have to be skilled in tax law to teach this course, said the IRS.

Because of the changes in the program, the IRS has also developed a workshop to instruct teachers on the many uses of the "Understanding Taxes" curriculum.

The IRS advised high school administrators, teachers and parents interested in learning more about offering "Understanding Taxes" program to contact the Taxpayer Education Coordinator in Dallas at 214-767-1428 or toll free 1-800-492-4830 ext 1428.

"What'd folks plant around here this year?"  
"They planted a lot of XL-73 and XL-72aa."

**"Which did better...  
the XL-73 or the  
XL-72aa?"** "To tell you the truth, Herb, it was kind of a toss-up. Both are consistent, high-yielding numbers. Can't beat that XL-73 for top grain quality."

"Will you plant them again next year?"  
"I sure will. The way they yield and stand up to the weather, I can't afford not to."  
"What will you back 'em up with?"  
"I really like the way T1230 looks. I think I'll go with it."

"How do you think that mix will work out?"

"Should work out great. First of all, it'll let me spread the risk. And then too, plantin' several different maturities will sure take some of the pressure off at harvest time. Anyway, each of these numbers comes with a darn good track record."

"How good?"  
"Tell you what, Herb, you guys keep supplying my dealer with hybrids like these, and he won't hear any complaints from me."

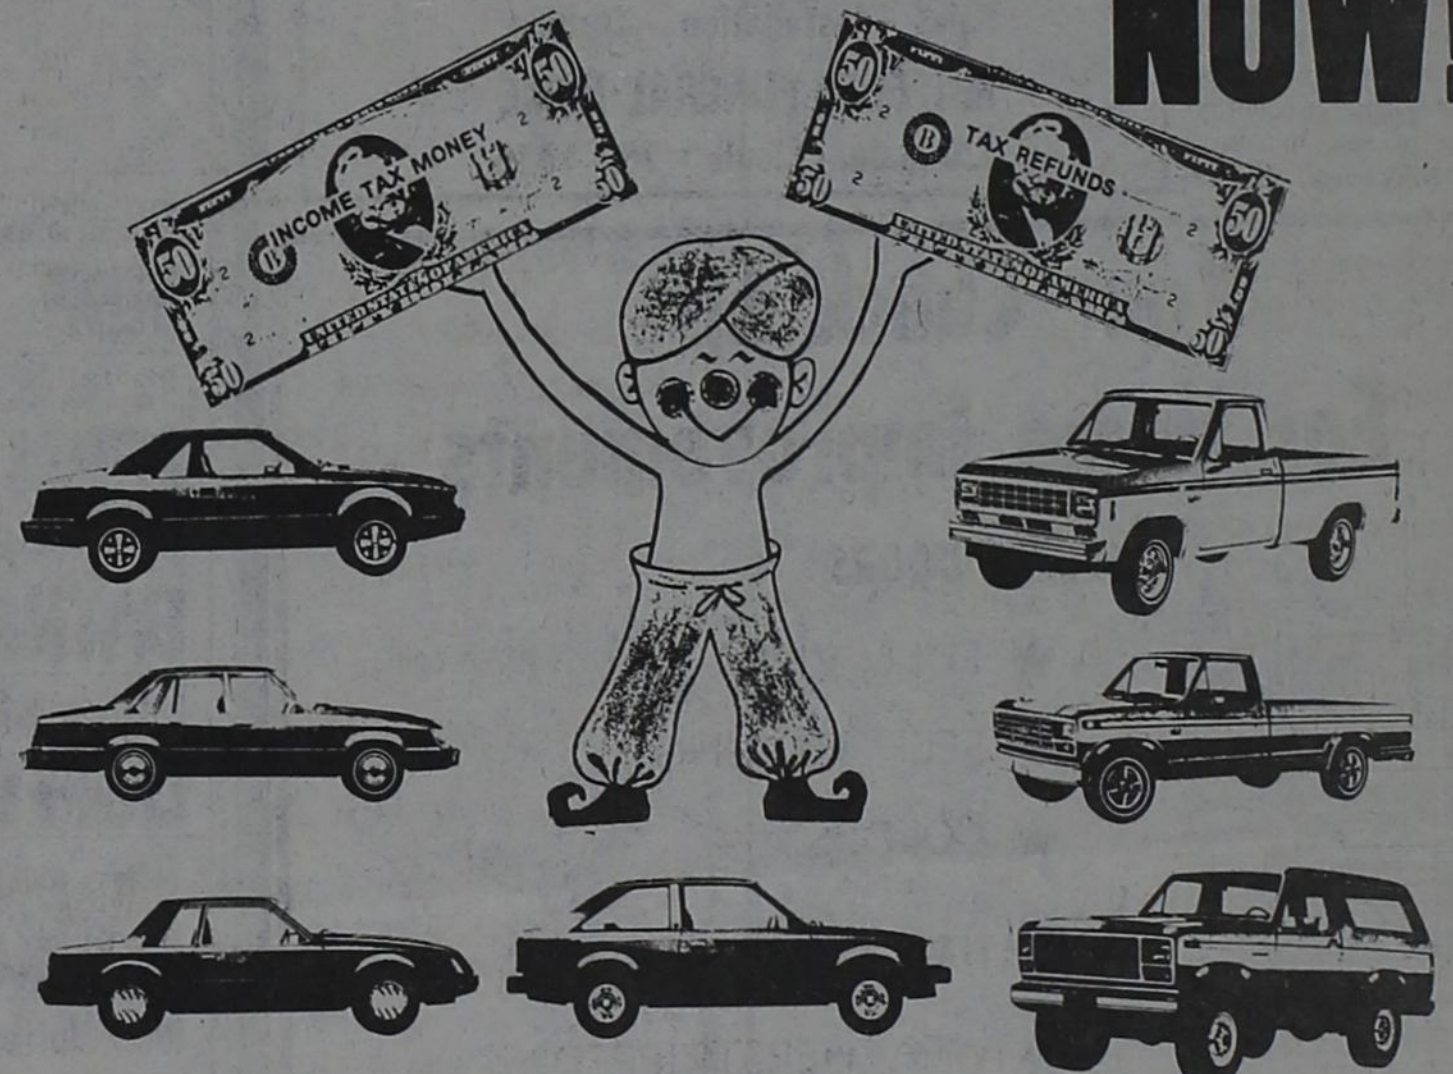

Herb Brown, Corn Product Manager for DEKALB-PFIZER GENETICS, talks with local corn grower about top-yielding hybrids.

**Oh No, Not Again**

Twin Cities boat owners are probably wondering if they'll ever get to use the vehicles again as they were once more covered by snow during Monday's storm which left approximately two inches of white stuff on the ground. The week's

frigid blast started with freezing rain early in the day, then turned to snow which stuck to the already ice-coated roads and sidewalks making driving and walking hazardous endeavors throughout the area. Although no highways were

actually closed in the immediate area, roads were slick and travel was discouraged. Three persons were killed in a two-car collision blamed on the icy conditions about 4 p.m. Monday east of Farwell on U.S. Highway 60.

**Soil Moisture Factor In Deciding PIK Program**

Southern High Plains farmers looking at the recent heavy snows and planning this year's farm operation or deciding whether or not to join the PIK program assuming good soil moisture conditions, better take a second look.

Mike Risinger, a soil scientist with the SCS in Lubbock, is working with the High Plains Water District to establish a large network of soil moisture monitoring sites over the 15 county area. At each site, aluminum tubes are set to a 7 foot depth and moisture readings are made with a neutron source. The data is used to compile annual pre-plant moisture deficit maps for the area.

Measurements made in Bailey, Cochran, Hale, Lamb, Lubbock and Lynn Counties during the first three weeks in December before the heavy snowfalls indicated subsoil moisture is again below average due to the shortage of fall rains. National Weather Service records at Lubbock show only 3.6 inches of total precipitation were received for August, September and October of 1982, as compared to the 72 year average of 6.6 inches for the same period.

But a re-check of eight typical sites in Lubbock County made on January 17 after the holiday snowstorms, to identify any change in soil moisture due to the heavy snow, showed

NO significant increase. Preliminary indications are that the area's subsoil moisture is still below average.

Ken Wigner, National Weather Service meteorologist at Lubbock explained the conditions. "The 10.7 inches of snow that fell at Lubbock airport between December 26 and January 1 contained a precipitation equivalent of only 1.12 inches. In addition, adverse conditions of low humidity, low temperatures and surface winds extended the time of snow thawing and allowed most of it to evaporate from the top surface and be lost into the atmosphere rather than melt into the ground." These conditions set a 14 day record for snow on the ground in Lubbock.

Ken reports that the January 20-21 snow storm dumped a total of 16.9 inches, but this contained a precipitation equivalent of only 1.64 inches of moisture. He observed there are currently no rapid losses of

moisture to the atmosphere, therefore a larger portion of this snow's moisture may filter into the surface. But he cautioned, "Traditionally, these kinds of snows do not add much to the soil moisture even though they are at record levels. We just don't see much improvement in deep soil moisture from any kind of precipitation during the winter."

Mike recommends that growers dig in their fields to check their own soil moisture before making major decisions.

Mike expects to again re-check enough typical soil moisture sites in the area to re-determine if there has been any significant change in moisture. These findings will be reflected in the 1983 pre-plant soil moisture deficit map which is now projected to be published by early March, perhaps before the deadline for making a decision on PIK.
