STOCKDALE DIRECTS WIN

Olton Tops Cats, 13-7

Game At A Glance

Olton's ball control offense, directed by premier Quarterback Steve Stockdale, and an inspired defense led the Mustangs over Littlefield's Wildcats, 13-7, at Olton Friday

The important District 3-AA clash juggled the standings, leaving Olton and Floydada in the driver's seat with 2-0

Littlefield joined Lockney, Abernathy and Dimmitt with a 1-1 mark in district play, still very much in contention.

BALL CONTROL was almost the whole story in the Littlefield-Olton battle, particularly in the second half when Olton had the pigskin on 34 of 54 plays.

The Mustangs did it with a balanced offense, as Stockdale completed 10 of 18 passes for 140 yards and Pony runners chalked up 113 more steps on the ground.

Littlefield, led by Ralph Funk's 32 carries for 150 yards, did most of its damage on the ground, but the Cats couldn't move when they needed it most.

LITTLEFIELD'S inability to convert short yardage situations on third and fourth downs probably was the key to the Wildcats' downfall.

Time and again, the inspired Olton defensive line turned back the Cats within

inches of first down yardage Olton took the lead, 6-0, on Stockdale's

screen pass to Tight End Keith Workman for a 38-yard touchdown midway in the first quarter.

The Wildcats, unable to convert two first half threats into points, got on the scoreboard just over a minute deep in the third quarter.

Funk went off tackle, with Guard Kenny Pratt and Tackle Rickey Sanchez clearing the way, and broke clear on a 68-yard touchdown run. When Larry Hobratschk kicked the point, it was 7-6 Wildcats.

Littlefield stopped Olton's next possession, and the Cats seemingly were on their way, when Funk returned a towering Stockdale punt to midfield.

But a 15-yard clipping penalty erased the punt return, moving the ball back to the Cat 26, and four downs later, Matt Giles punted 38 yards to the Olton 31.

THAT'S WHEN Olton started the gameclinching drive. A pass interference ruling gave the Ponies a first down at the Olton 46, and an offside penalty when Olton faced a fourth-and-one situation gave the Mustangs new life at the Cat 39,

A Stockdale pass to Tim Givens and two gains by the hard-running Marlos May advanced the ball to the Cal 28 Fr and ther

Then came what may have been the

biggest play of the night, when 135-pound Favian Minjarez gained about seven and fumbled. There was a wild scramble for the ball, but Olton recovered for a first down at the Littlefield 15.

The Cats stopped May for no gain, but Stockdale executed perfectly on the quarterback draw and raced the distance almost unmolested. Steve kicked the extra and Olton had its 13-7 lead with 2:01 left in the third quarter.

THE TD gave Olton the momentum, and the Mustangs didn't let the Cats out of Littlefield territory the rest of the game. In fact it was Olton driving again early in the fourth quarter, as Stockdale hit Workman again on a play that covered 38 yards to the Littlefield 26

The Mustangs rolled down to the Cat 13 See WILDCATS, Page 14

'OLD THINGS'

Mrs. Jarmon Real Collector

Mrs. Charlie Jarmon likes old things, and many of the things in her house are older than she is.

'And I'm 78-years-old," she said. "I think I do quite well for a person my age. See all that garden," she said, pointing out the back door. "It goes clear back to there, and I do all that work myself. We've got a little tractor out there and I can drive it as good as anybody. I can even ride a horse, she added. "My horse died a year and a half ago, but when we go to my husband's

brother's ranch I still ride. Mrs. Jarmon, or Ida, as her friends call her, agreed that a picture of her astride a horse would be something. Then taking an old-fashioned picture from a cabinet filled with antiques, she said, "I want to show you the prettiest thing in here. That's me when I was 16. And that's one of my fellers," she added with a laugh and a

youthful twinkle in her eyes. Mrs. Jarmon's garden is filled with flowers, fruits, vegetables and novelty plants. Because she just likes to keep busy, her cellar shelves are lined with more than 300 jars of canned food and a large deep freeze is filled with the harvest from her

"Oh, I don't mow the grass," she said,
"that's supposed to be Charlie's job. But

Mr. and Mrs. Jarmon have combined several of their "old things" in a bedroom. washstand and a dresser belonged to Jarmon's mother. A hand-carved wood and leather upholstered rocking chair that's been in the family 180 years, a wash bowl and pitcher and an antique light fixture are among the furnishings. But the real conversation piece is a china bed chamber, complete with an out-dated catalouge such as was common before the days of toilet tissue.

"That pot was once under President Eisenhower's bed," Mrs. Jarmon said. Before he was president.

The "slop jar" was given to one of Mrs. Jarmon's relatives years ago when he herded cows for the President "from sunup to sundown for a \$1 a day.

The Jarmons moved to Lamb County in 1925, and for many years Jarmon farmed 10 miles north of Littlefield. The couple moved into town about 25 years ago, and Jarmon is still active in a flying service business of crop dusting and spraying.

UNTIL NOW, Mrs. Charlie Jarmon hasn't had her picture in a newspaper. "I'll bet I look pretty with my pot," she said, referring to the old fashioned bedchamber at her feet. The relic was once a fixture under former President Eisenhower's bed, and the chair she is in is 180 years old. Still spry at 78 years of age, Mrs. Jarmon holds reddish-brown locks of Russian cotton, one of the novelty plants she grows in her back yard at 701 S. Sunset.

Rev. Hamblin To Head Salvation Army Campaign

Rev. David Hamblin, pastor of the First United Methodist Church in Littlefield has been selected as the 1971 campaign chairman for the Salvation Army. This announcement was made Friday by Doyle Patton local Service Unit Chairman for the Salvation Army in Littlefield

Rev. Hamblin has been active with the Salvation Army for a number of years. He is presently a member of the local committee and serves as the Welfare-Secretary. Before coming to Littlefield he was active with the Salvation Army in both Memphis and Dumas.

Rev. Hamblin was born in Paris, Tex., but graduated from high school at Shallowater and received his B.S. degree from McMurry College in Abilene, Texas. He married Wanda Todd and they have two children who now attend Littlefield

He has pastored churches in Abilene Sunray, O'Donnell, Snyder and Memphis

before coming to Littlefield. He serves as a member of many boards of directors including the School for retarded children in Lamb County, McMurry College, King's Manor at Hereford, the Board of Evangelism Northwest Texas Conference United Methodist Church, Member Committee on Worship Northwest Texas Conference United Methodist Church, directs Summer youth camp United Methodist Church, Board of Directors Littlefield Lions Club, Member of the Chamber of Commerce, a Boy Scout Committeeman, 32 degree Mason, and he has served as chairman Memphis Housing Authority and is on the

More than 600 persons had entered a guess in the Security State Bank's 'Freezer' Contest through Friday af-

Only one guess per person is allowed, and some dates guessed have passed. One optimistic soul, probably with cotton planted in late June, forecast the first freeze date as late as Dec. 19. But bank employees said most of the guesses are for the last two weeks in October.

The earliest freeze ever recorded came on Oct. 7 last year, and by this date a year ago, the Littlefield area had received snow flurries and the temperatures had dipped to the mid-twenties.

In 1969, the first freeze hit Oct. 13, dropping the mercury to 25 degrees. Seventy-seven years of temperature records show earliest freeze in this area

averages coming on Nov. 3 If there was no ice skim on the water trough this morning, there may still be time to get in on the guessing game.

Flea Market Spaces Ready

Spaces for the community garage sale-or more widely known as the Flea Market-are "going like hotcakes" according to Chamber of Commerce Manager Bill Payne.

The Flea Market is scheduled for all day Saturday, Oct. 16, on the parking lot in the 500 block of Phelps Avenue, and residents are invited to

set up booths in rented spaces. A \$3 rental fee, which will be spent for advertising, is being charged for a 15' x 20' space, and the space may be utilized for the sale of any type of

merchandise. "Already we have several spaces reserved for persons outside of Littlefield, and those interested are asked to contact the Littlefield Chamber of Commerce office, Box 507. Littlefield, 79339, or call us at 806-385-4451," Payne states.

Or-how to get this dishwasher FREE

Put clean electric heating in your single family residence and we'll give you an electric dishwasher to clean your dishes. You may choose either a built-in model or the convertible in your choice of colors - Dark Copper, Avocado, Harvest Gold, or White. We'll deliver it to your door and you take care of the installation as you see fit.

To qualify for this "most wanted" appliance, the dishwasher, you need only be a customer of Southwestern Public Service Company and put permanently installed, whole-house electric heating in your present or new home with installation beginning not later than December 1, 1971, when the offer expires.

Call us this week for complete information on the desirability of comfort electric heating. Don't miss out on the opportunity to receive an electric dishwasher free of extra cost!

Enjoy clean living in the electric climate.

P. S. If you already have a dishwasher-don't despair. We have a substitute you'll like.

BUT, DEFINITELY, there's a Meany among us. Name GEORGE, that is, Can't help but wonder if he came by that name accidently

He's the big boss of the AFL&CIO And, seems to be tryin' to live up to his name.

I'M SURE HE'D tell you that he's just tryin' to protect his interest in the organizations that he's runnin' but the fact remains that he's doin' about as much to discredit them as he is to help their

Organized labor is a giant among us. It has the possibilities of controlling our entire economy, whether we like to admit it or not. When it falls under the power of the greedy and unscrupulous, it can become a danger.

SURE, AND I'M IN agreement that labor should have some protection, but not to the point of shutting down our major industries. The point has come that you can't even get a job from these businesses, without havin' a union card. This not by the choice of the company, but by the cause of having to knuckle-under to the labor bosses' dictates.

COLLECTIVE BARGAINING is no more, as far as the individual job-hunter is concerned. You must work at union scale, or, you don't work!

You might just bear these things in mind when pricin' some items, or, services that leave you breathless. In our upward spiraling inflationary course. Labor is a very prominent factor.

MR. MEANY ISN'T bothered by this! All he wants is the biggest piece of pie. This is the big reason he's bad-mouthin' the President. He wants to recognize no power but his own. He gets carried away with his own importance!

I'm wondering if the anti-trust laws should be applied to labor, also?

BEAR IN MIND, that the same group is in charge of the manufacture of war materials and armaments, also. Will they be given the power to control the strength of our national defense, too? Their cost has become prohibitive!

I'm of the opinion that the whole of these labor groups aren't too proud of the behavior of their president. Time was when the laboring man was low in the education bracket. He was left at the mercy of the "Haves"

THIS IS NO longer true. The average laboring man is smarter and better informed than he was 20 years ago. He has enough intelligence to see what a misdirected giant can do to his country Yet, even the he recognizes this, he must play along with his union in order to hold

These people are just like you and me. They're Americans, probably patriotic taxpayers, concerned with the supporting of their families, and protecting the freedoms of our country, just as anyone

COULD BE THAT they'll become disenchanted with their top rider and unhorse him. And, further, they could come up with a red blooded American to replace him:

This all may be wishful thinking, but if such should happen, then, out of senseless turmoil could come sane stabilization of

THE TIME MAY BE when our wellbeing may depend more on the selection of a labor boss than it does on the election of the President of these United States!

THE FARMER'S WIFE

### Copping Out?

By LIBBY MUDGETT

GOT A NEIGHBOR a section or so over that just may have the right idea about everything.

But I don't think so. He says that he just quit reading a newspaper or listening to the news on the television or radio and it was amazing how much better he felt.

SAYS IT HAD gotten to where he got plumb sick, worried and depressed everytime he read or heard about "them fellers" so he just gave up the habit.

Well, he does have a point, and when I asked him what if everybody stuck their head in the sand like an ostrich, what did he think would happen, he said he doubted if it would make much difference.

I STARTED to differ with him and he reminded me that "them fellers" were pretty much doing as they pleased right now, in spite of all the people that were keeping up with them.

I started listing off the number of news items that came to mind, such as the Sharpstown mess, about some of "them fellers" that didn't get by scot free after the whistle bad been blown on them.

HE CHANGED TACTICS and said he didn't have much confidence in the news media, either, they were all so liberal they

I said that was a pretty general statement, there were all different kinds, and besides, coudln't he just get the facts and draw his own conclusions.

HE SAID he dang sure could, but it was his own conclusions that gave him headaches and ulcers.

I decided to do a little tactic switching myself and asked what he thought about

THERE WAS A violent explosion while he ranted and raved about long hair, long beards, unwashed bodies and other irrelevant things.

Finally, we got down to the basic idea that what he held against the real hippies the most was the fact that they were refusing to accept any responsibility or shoulder their part of any load.

1 TOLD HIM they themselves called it copping out" and he said that was a pretty good term for it.

I asked him what did he think he was doing by refusing to try to keep up with any

HE FIRED BACK it wasn't copping out he was doing, it was merely withdrawing from something he couldn't do anything

I reminded him he could still vote.

He said well, that was true, but he didn't have any real facts to make a judgement on, all he had was what "them fellers" wanted him to have, which was worse than

I SAID that was partly true, but he had a mind of his own, couldn't he sort of sift through all the folderal and make a

He said he'd been trying to do that all his life and look at the mess things were in

I ASKED WAS there somewhere else he would like to live

He said blankety blank no. So I tried to console him with the fact

that maybe his votes had been doing a lot more good than he had thought.

BUT HE REFUSED to be comforted and as far as I know, he's still doing his own form of copping out. Like I said before, he may be right, but I

don't think so.

WHEN MY RIGHT to do my own thinking with what facts I can try to sift out of the muck is gone, I'll join him. But not until then

## THE ABUNDANT LIFE People Adrift

WE HUMAN BEINGS, in order to live with satisfactory meaning and the proper sense of reality, must be anchored well We cannot permit ourselves to be cut adrift, and we are very foolhardy if we lift the anchors and set ourselves adrift.

This is not true living, because we need the things from which we would be trying to free ourselves.

SITUATION ETHICS, the philosophy which eliminates all absolutes and specifics, is mankind adrift. The distressful view that there is no fixed truth, that nothing is the same day after day, destroys all sense of life stability. In varying degrees, many people think

that it is impossible to know, in advance, what is right and what is wrong. These are people adrift.

OTHER DRIFTERS are the antiestablishment people; the people who cut themselves loose from everything that is generally considered good and true. They make themselves different just to

be different, and change just for the sake of change. There is an abundance of evidence that they are drifting, and they clearly reveal the misery and frustration which naturally accompany such waste of

City police investigated three wrecks last week.

Saturday night, Oct. 2, a 1968 Ford, driven southward on Phelps Avenue by Joe Walter Williams of Littlefield, was struck in the rear by a 1967 Ford, driven by James D. Jennings, according to the investigating officer's report. Monday morning, Dorothy Mensch Yandell of Littlefield was driving a 1963 Pontiac east on Fourth Street when a 1968 Ford pickup, driven by Clyde S. Hogue of Sudan, backed out from the curb and struck the Pontiac.

Friday morning, a 1964 Chevrolet pickup, owned by Melvin Williams of Anton was parked at the curb on West Sixth in the 500 block, when a 1969 Ford, driven by Berneimal W. Koller of Littlefield backed from the driveway and struck the pickup in the left door.

#### Lynn P. Barton To Participate In A&M Honors

Lynn Parker Barton of Littlefield is among 166 freshmen students selected to participate in the Honors Program at Texas A&M University.

Lynn is the son of Mr. and Mrs. Jack Barton, Star Route and he is majoring in math at

Dr. Herbert H. Lang, Honors Committee chairman and professor of history, pointed out the honors students are admitted by invitation only.

The program offers outstanding students opportunities to pursue a unique undergraduate study plan, including special course sections, directed reading, research projects and participation in honors colloquiums.

Honors sections of courses cover broader and more complex aspects of the subjects. The classes are small to allow class discussion of topics.

This program is part of Texas A&M's continuing effort to achieve academic excellence," Dr. Lang stressed.

### Hornets Fall To Vega, 26-8

The Sudan Hornets couldn't unsheath their stingers against undefeated Vega Friday night until the final quarter, and Vega kept its perfect record with a 26-8 roll over the Hornets.

The night belonged to Vega halfback Tony Cassetty who romped for 147 yards and three touchdowns in the Longhorn's stampede

The first score in the 3-A clash at Vega Friday night came when Vega QB Bronc May tossed a 19-yarder to Cassetty. Vega held on a series of downs and scored again on a 24-yard scamper by Dickie Robinson.

The Hornets scored on a 3-yard sneak by Sudan QB Bo Lance who passed to Roger Bellar for the extra points

Sudan is now 2-3 and 0-2. Vega is 5-0 and 2-0 Sudan hosts Hart this Friday at 8 p.m.

The Wolverines took the lead early Friday to drop Bovina, 7-0, in a District 1-A contest before a homecoming crowd at Springlake-Earth.

Larry Thomas charged three yards to put the final touches on the first Wolverine drive in the game and to score the only sixpointer of the night.

Hoyt Glasscock booted the extra point. The remainder of the game was a defensive duel as fumbles plagued both

The Wolverines recovered four of the five Mustang fumbles Springlake-Earth fumbled three times and was able to recover the ball each time.

Bovina did not receive a penalty during The Wolverines had two infractions, and

one cost them a TD as Hoyt Glasscock plowed over from the one-yard line. In the first down department,

In the third quarter Williams galloped. another 35 yards and another Bulldog TD, then senior end Bill Walthall connected on a 43-yard aerial from QB Couch for Meadow Friday night in Bulldog Stadium. The Broncos came to Amherst fired up

A rally in the second half by Amherst gave the Bulldogs an 18-8 win over

and got a six-pointer early in the first period but were quickly extinguished to a flicker as the Bulldogs dampened their spirits by coming back with touchdowns in the second, third and fourth quarters.

Danny Bringham scored the only TD for Meadow on a 15-yard run with 8:10 left in the first period.

The Broncos lined up to kick the extra point but passed instead for two points on a Bringham to Bobby Northern aerial.

A Bronco fumble recovered by Lonnie Burton set the stage for Amherst to get its first touchdown. The next play was a 15-yard pass from

Stanley Miller to Kim Harmon for a TD. The Bulldog two-point try was no good. Meadow led 8-6 with 10:52 left in the half. The remainder of the half was a ball

#### Dogs Please Exes With 66-19 Win

The undefeated Bula Bulldogs ran over winless Southland 66-19, Friday night before a packed homecoming crowd.

The scoring rampage was sparked by Ron Risinger as he opened the game with a 60-yard runback in 4-B, six-man football. Ron scored five touchdowns, 10 extra points and a couple of field goals for a total of 48 points.

Jim Risinger scored twice for Bula, one on a 20-yard run and the other on a 50-yard scamper

Steve Newton ran 40-yards for his contribution to the Bulldog score.

Bula will host Flower Grove for their last home game for this season Friday.

RALPH FUNK, the Wildcats' top ground gainer, picks up yardage but is downed by Olton's Robert Ahrens. Funk gained 150 yards for the night, including a 68-yard TD run.

#### Freshmen Tie: JV Falls, 28-0

Littlefield's Freshmen tied Abernathy, 8-8, but the Junior Varsity dropped a 28-0 decision at Abernathy Thursday night.

Buddy Jungman got the Littlefield touchdown in the Frosh game. One of Littlefield's top defenders, Jimmie Stanaford, suffered a knee injury in the clash, and he underwent surgery Saturday morning at Lubbock.

In the JV game, Kelly Pratt and Terry Bryson led the offense, completing 6 of 9 passes. Kenny Owens also did a good job of running, said Coach Lewis Boomer. Penalties thwarted most Littlefield offensive efforts, however.

Wildcat Safety Craig Ratliff suffered a mild concussion during the game and he was hospitalized overnight for observation, Coach Boomer said.

## Petroleum Production

Petroleum production continues to play a significant role in the economy of Lamb County with a direct input of \$968,131 last

According to the latest compilation of Texas Mid-Continent Oil & Gas Assn., the county in 1970 produced 269,376 barrels of crude oil valued at \$888,941 and 542,396 thousand cubic feet of natural gas valued at \$79,190. It ranked 172nd in value of petroleum produced.
