## TRUANT TRACTOR

### Traumatic Time

The old adage "All's well that ends well" was proved again Thursday to Mr. W. D. Terry, and they learned they got plenty of neighbors who will be helping hand, too.

The Terrys were gone from their home west of Anton just an hour or two Monday afternoon and returned home with their big 4010 John Deere tractor.

Boys Crews, Anton deputy, and other neighbors joined many of the Terry's neighbors in the Lums Chapel community with other neighboring friends and neighbors and combed the countryside for the tractor Terry had left behind in his back yard.

"I just couldn't believe it was Mrs. Terry said. Thinking a neighbor might have gotten stuck and moved it, area farms were checked. Some of the farmers who joined the search brought their own tractors in their fields first," Mrs. Terry said. (Terry) just laughed and asked them if it was good they thought that would do. The tractor was parked right in the back yard and that hadn't stopped someone from getting it."

Meanwhile back at the Farmers Co-op Gin in Whitharral, the Terry's son-in-law, Marion Polk, began asking those cutting or hauling grain in that area if they'd seen anyone with a tractor that fit the description of the lost Terry tractor.

A good while after Jimmy Hisaw had been asked about seeing the tractor he jumped up and snapped his fingers. "Wait a minute," he said, "I met a truck from Bryant's at Lubbock hauling a 4010 yesterday."

The Lubbock implement house was called. "Yeah, we got a tractor belonging to Ott Polk over there yesterday," the man on the other end answered.

"You just think you got Polk's tractor," they were told. "That was W. D. Terry's and that tractor has been reported stolen 24 hours."

"You know," Mrs. Terry said, "they had that tractor back out here in about an hour after they learned of their mistake. I just can't tell you how thrilled we were to get it back. We've always given people the benefit of a doubt and had faith in human beings. We never did really believe that tractor was stolen."

## County Farm Income Reaches \$67 Million

Although farming has not been the most profitable of occupations during the past few years, it has been more so in Lamb County than in many sections of the state.

Local farmers made bigger gains during the past period, from the standpoint of gross income for their products, than the

average, according to a nationwide survey released by the Standard Rate and Data Service.

It shows that their gross income in the past year was \$11,841,000 greater than it was in 1963.

They were able to increase their yield from livestock and poultry and produce larger crops, even though they had a smaller amount of land available to them, because of the government's acreage control programs.

The gain in production is attributed to more efficient operation, due in large measure to the increase use of farm machinery and to more intensive cultivation.

With the growing affluence of the population as a whole, there was a greater demand for agricultural products, both here and abroad. It created a rise in the price of many commodities, but the farmer and rancher got only a small part of the benefit.

The report lists Lamb County's gross farm income in the past year as \$67,413,000, as compared with the total five years ago of \$55,572,000.

These were the gross figures, before any allowances for taxes and operating costs.

The rise, which amounted to 21 percent, was greater than was chalked up in many farm areas.

Of the local income, approximately 75 percent came from the sale of crops and 25 percent from the marketing of livestock, poultry and dairy products. These figures are based upon the latest Department of Agriculture statistics.

The income figure also takes into account money received from the government and "income in kind," which is the value of home-grown products consumed on the farm.

Offsetting the rise in gross income in the last five years was the sharp increase in taxes, wages, fuel, feed and other production costs.

## MONDAY DEADLINE TO BALLOT

### Farmers Vote On Grain Fee

MRS. ADDIE LEE JONES

Grain sorghum growers in Lamb and 28 other High Plains and Panhandle counties will decide Monday whether they want to assess themselves a "check-off" fee to expand research and market promotion for their product.

The grain sorghum referendum ballots for the Oct. 6 vote includes names of two Lamb County men who have been nominated for the Grain Sorghum Producers Association Board. K. B. Parish of Springlake and Larry Witten of Olton are among 24 nominees for the board. Coy Grant who farms in the Whitharral-Levelland area is another nominee.

Monday is the deadline for producers to return ballots that were mailed to them Sept. 19. Ballots postmarked later than Oct. 6 will not count in the referendum.

At issue is a proposed assessment of not more than 5 cents per ton at the first

point of grain delivery to be used for research and promotion of new uses and new markets for U. S. grain sorghum.

The referendum requires a two-thirds majority vote in favor of the program for the check-off fee to go into effect.

If the proposition carries, grain sorghum producers will be automatically assessed not more than a nickel a ton for the research and promotion program. Any producer not wanting to go along with the program, however, may get his money back by requesting it. The referendum calls for a voluntary, not mandatory, assessment program.

The 12-man board of directors elected on this same ballot will administer the check-off funds and serve without pay as the governing board for the research and promotion activities. All nominees were contacted prior to their nomination by fellow grain sorghum producers, and agreed to serve if elected.

If the fund is established it will provide a continuing fund to pay for research into new uses and promotion activities such as advertising grain sorghum's advantages and bringing potential export customers here to see the uses of grain sorghum. Money will be spent to find ways of controlling insects and diseases, also.

Grain sorghum industry leaders see the best prospects for better prices in the worldwide expansion of markets, the concentration of commercial cattle feeding in the grain sorghum belt, and the development of new uses for grain and its by-products.

Grain Sorghum Producers Association executive Elbert Harp said the research and promotion program will "be aimed at improving the net profit in grain sorghum production."

It is hoped that eventually American grain sorghum will be in feed bins throughout the world. The GSPA and the U. S. Feed Grains Council already have been successful in developing the Japanese market into the largest export consumer of U. S. grain sorghum, with a 12 per cent annual growth rate.

Any farmer who didn't receive a ballot in the mail may pick one up at the county agent's office before 5 p.m. Monday.

Ballots will be counted by a committee consisting of the County Judge for each area affected, a representative of the Texas Agricultural Extension Service, a representative of the Texas Department of Agriculture, observers from the Grain Sorghum Producers Association of Lubbock, and other persons deemed necessary.

### Want To Be A Boy Scout?

All boys of ages 11 to 18 who are interested in becoming Boy Scouts are invited to Scout Night at the Littlefield Community Center next Tuesday at 7 p.m.

Boys and their parents are asked to attend so that boys may be enrolled in Scouting that night.

Opening ceremonies, demonstrations of varied Scout skills and an explanation of the Scouting program will be given.

## TO THE DOOR OF KNOWLEDGE

### Keeper Of The Keys

By NILAH RODGERS  
Leader-News Staff Writer

"When a mother tells me, 'I just can't get my little Johnny interested in books', Mrs. Paul I. (Addie Lee) Jones said, 'I feel sorry for Johnny. He'll have trouble all the way through school.'"

Mrs. Jones is junior high librarian and is co-ordinating the centralized libraries in Primary, Elementary I and II of the Littlefield schools.

"Reading is the key to education," she said, "I believe that with all my heart. If a child learns to read well and likes to read,

he'll make it. If he doesn't learn the reading skill and like reading, he'll have trouble in history, science, English—everything."

Littlefield students now begin using library skills in the third grade, or Elementary I level, where the books are catalogued and there is a file card. Mrs. LaMoyné Grissom is library assistant, and reads stories, helps students select books, teaches them how to find books using the card catalogue and shows them the difference between fiction and non-fiction.

"Last week LaMoyné read 'Petunia' a book about a goose," Mrs. Jones said. "Once she's read them a book, it's never on the shelves again. The students keep it checked out all the time."

Primary has a library, too, where library books are an important part of early education. The books there will be catalogued and file cards made next year

to teach students library use from grade one.

Mrs. Jones spends most of her time in her office in the junior high library, and Mrs. Grissom spends two days each in the elementary schools and uses Fridays as her work day.

Libraries no longer contain books alone. "Centralized libraries are now 'the thing'," Mrs. Jones said, "and the local library contains all visual aids—film strips, transparencies and records." The Littlefield library system follows this pattern with teachers coming to the library to check out these various aids.

"It isn't so much getting the money to buy these supplies anymore," Mrs. Jones said, "as it is getting people to use them. You have to educate the teachers. I know teachers feel they have so many things to teach, and they are jealous of their time."

### 'Miss Littlefield', Runner-Up Enter 'Miss South Plains'

Kathy Minyard, "Miss Littlefield", and her first runner-up, Tonya Bingham, will enter the "Miss South Plains" contest in Levelland Oct. 18.

Winner of the contest will vie for the "Miss Texas" title in Fort Worth later this year.

Several members of Littlefield's Chamber of Commerce have contributed gifts for the entry fees of the two girls.

### 4-H'ers Lauded

National 4-H Week begins today, and some 340 4-H members, 56 adult leaders, parents and scores of businessmen who support 4-H'ers throughout Lamb County have special recognition events planned for them today through Saturday.

Lamb 4-H'ers are among more than 3 million boys and girls in the U. S. who benefit from work projects where they learn something new or how to do things better.

The most popular projects in Lamb County include livestock, foods, clothing, crops, electricity, recreation and leadership, and these youths demonstrate the "Opportunity For All" theme for this year.

### Judge Re-Appointed

Municipal Court Judge Ben Noble was re-appointed to that office Thursday night when City Councilmen met in regular session.

His term would have expired Oct. 14, but he was appointed to serve another year.

Councilmen discussed at length the investment of surplus sewer funds into timed deposit, and recommended that City Manager Jim Shearer look into types of investment and make a report at the next regular council meeting.

Following a lengthy discussion of maps and an ordinance regulating the movement and parking of vehicular traffic on Delano Avenue and East 9th Street, near the intersection, councilmen approved the ordinance as recommended by the Texas Highway Department.

"No Parking" signs will be placed within designated areas near the intersection.

In other important matters of business, councilmen:

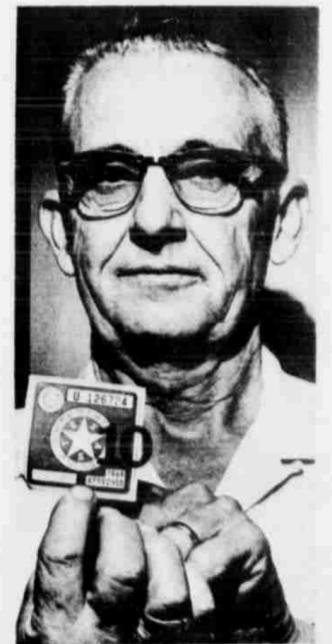

1. Read and approved minutes of the previous meeting.

2. Approved bills for payment.
3. Reviewed monthly department reports.
4. Considered and passed a resolution authorizing Mayor Chisholm to execute renewal of a note to the Security State Bank of Littlefield, for water line extension to the Keeton Industrial Site.
5. Discussed a delinquent tax case.

6. Considered and adopted a resolution providing membership for the City of Littlefield in the South Plains Association of Governments, and appointed Councilman Chester Harvey to serve as an alternate member to SPAG.

7. Authorized City Manager Jim Shearer to accept bids for one garbage packer unit and a truck chassis for a Dempster Dumpster unit.

8. Discussed the traffic movement and parking in the 300 Block of West 4th Street, and decided to establish parallel parking on the north side of that street and eliminate some parking spaces near intersections on XIT and LFD Drives.

THE NEW LOOK in vehicle inspection stickers includes the same old background with an added number to correspond with the month of the year. State regulations governing the stickers have changed, and inspectors are hoping the change will keep inspections trickling in, instead of coming all at once—the April 15 deadline. Elmer Hall holds a sticker which will expire in October next year. The usual request for earlier inspection is made by the Department of Public Safety.

4-H CLUB WEEK, Oct. 4-11, is proclaimed officially by Governor Preston Smith, looking on is John Pitts, state 4-H council chairman from Valley, and Christie Kovar, a member of the Texas 4-H council.

## Carmickle Named SPAG Director

City Councilman Paul Carmickle was elected second vice president of the South Plains Association of Governments at Lubbock during the first annual meeting of the General Assembly of that organization recently.

He will represent Littlefield and Lamb County as director-at-large on the Board of Directors. Primary goal of the South Plains Association of Governments is to maintain

and improve the quality of life for all people in the region, by promoting the orderly development of the total regional environment: economic, social and physical. The Association has no power to levy any character of tax whatever, and is a voluntary organization through which individual governmental units may coordinate their efforts.

Its recommendations are advisory—not mandatory. And

it is not in itself a government, nor does it seek to become one.

The Association will consider primarily such matters as are of area-wide or regional significance.

W. D. "Dub" Rogers, mayor of Lubbock, was elected president of the SPAG and Meldon Leslie, mayor of Tahoka, was elected vice president.

Governmental units represented at the meeting included, Littlefield and Lamb County, Lubbock County, City of Lubbock, Abertathy, Muleshoe, Crosbyton, Idalou, Shallowater, Slaton, Tahoka, Wolfforth, Hale County

## What The Leader-News Thinks

### Right Kind Of Demonstrations

INVOLVEMENT is a term heard a lot these days. Also DEMONSTRATION. Many of today's headlines involve youths who demonstrate.

Well, this week—Oct. 5-11, more headlines will be highlighting stories of youths who ARE involved and who DO demonstrate for what they believe in: 4-H.

This is National 4-H Week. It is observed by more than 3 million boys and girls from 9 to 19 years of age, and some 26 million men and women who once were 4-H members.

These 3 million youth represent every State and county in the United States. They are red, yellow, black and white. They are from Indian reservations, ghettos, big cities, sprawling ranches, suburbs, hills and valleys, farms and small towns. When they "joined" 4-H they agreed to learn-by-doing the 4-H way. And they have.

Backstopping these future citizens and leaders of our country are several million parents, aunts,

uncles, grandparents, volunteer leaders and the thousands of men and women employed by the Cooperative Extension Service who supervise and guide 4-H youth work. Also scores of private business enterprises have supported 4-H for half a century.

And that's a sizable number of men, women and children to be "involved" in a group "demonstrating" the merits of 4-H.

To them and to the boys and girls who have pledged: "My Head to clearer thinking, My Heart to greater loyalty, My Hands to larger service, and My Health to better living, for My club, my community, and my country."

we extend our congratulations and sincere good wishes for their success in "learning by doing." We look forward to their continuing DEMONSTRATION to show others how to prepare a better meal, grow better crops, raise better livestock, practice greater safety, to build a better way of life.

## THE ABUNDANT LIFE

### Evolution Theory

By BOB WEAR

EVOLUTION MEANS CHANGE, and all of us know that some things do change. It is also important to know that some things do not change, and some things do not change in the way some people say they do.

There are many theories about change, and there are some facts concerning change. We must always be sure that we keep the facts and the theories separated.

This is not being done; not as it should be. The tragic truth is that a growing campaign is being waged to teach "evolution theories" about the world and man as facts. (The details of this conspiracy will be given in a later article).

THE THEORIES OF "organic evolution" and "theistic evolution" are just "theories", and unproven theories at that.

They are not even "plausible or scientifically acceptable general principles, or a body of principles, offered to explain phenomena." They are hypotheses assumed for the sake of argument or investigation.

EVOLUTION, as it concerns mankind, it not a fact, and must not be taught anywhere at anytime to anybody as a fact.

To do so is intellectually dishonest and unworthy of academic integrity.

If it is going to be taught, it must be taught as a theory—an unproven theory.

LAMARCKISM IS A THEORY, the theory of organic evolution. Lamarck was a French naturalist who lived from 1744 to 1829.

Mr. Darwin, who accepted this theory, considered the theory of "natural selection" or "survival of the fittest" to be the most important factor in the theory of organic evolution.

DARWINISM IS THE THEORY of the origin and perpetuation of new species of animals and plants as accomplished by his theory of "natural selection".

There has never been any proof of such.

### THE PHILOSOPHER

## Increase Income

(Editor's note: The Sandhills Philosopher on his Johnson grass farm gets over into the field of sports this week. We're not sure he should.)

Dear editor:

I don't usually have anything to say about sports, it's too serious a field for me, I stick with Congress, farming, international affairs, metropolitan incompetence and things like that, but like a good many million other people I've been watching professional football on television and near the end of a game the other Sunday a sudden thought hit me.

The score was 17 to 21, the home team had the ball and the 17 points and needed a touchdown to win, a field goal wouldn't do it, but there were only 31 seconds left and the team had no times-out left.

The quarterback was passing successfully and the receivers stepping out of bounds to stop the clock, the fans were all standing up and roaring and the announcer was straining his voice, but it was just too far to the goal line and time ran out. A few more plays and they might have made it.

Now here's a situation the owners and players of professional football are overlooking, when you remember it's a cash deal all the way around for everybody on both sides.

EVOLUTION, AS IT RELATES to the origin of the world and man is not an established fact.

Even the people who think they believe the various theories do not and cannot agree among themselves.

SCIENCE HAS COLLECTED some facts about the past, but nothing to prove either "organic" or "theistic" evolution.

They have no "missing links" and their "fossil" theories are nothing but assumptions or guesses. Science, with all of its accomplishments, is very limited.

Science should be confined to the areas where it can function honestly, and true science is so confined. Science cannot say whether there is a God or not.

Science cannot honestly say that God did not create the world, nor can it "scientifically" say that man was not created in God's image.

DARWIN'S "THE ORIGIN of the Species" (1859) contains two principal hypotheses (guesses). One is "that evolution had in fact actually happened—that all present forms of life evolved from other primitive forms of life."

The other faulty view is "that the process of evolution is to be explained by 'natural selection.'" Both are guesses, with no basis in fact.

THE THEORY of "the survival of the fittest" failed to prove the "how of evolution". The work of Hugo de Vries concerning "genetics and mutations" revived the theory, but "mutations do not explain or justify the theory of evolution."

"The changes which occur in mutations are not progressive enough to explain the demands of the theory of evolution."

EVOLUTION, related to the origin of the world and man, is a theory, an unproven theory, not a fact; and cannot, in honesty, be presented as a fact.

## What Our Readers Think

### Expresses Thanks

Dear Editor: In behalf of Beta Sigma Phi, I would like to thank the citizens of Lamb County for making the Miss Littlefield Pageant a success.

Our appreciation also goes to the businessmen who purchased ads for the programs, sponsors of the contestants, and the numerous individuals who performed endless tasks.

We hope to see a Miss Littlefield reign next year, as the pageant is made an annual event.

Proceeds from the pageant are to be used for the scholarship of a local senior and civic projects throughout the year.

Also this year a \$100 donation was given to the Spies-Cristan Hospital Fund.

### NFO Identified

Dear Editor: What about N.F.O.? It is farmer's only hope to combat today's economy. Why? Because it gives farmers the tool to increase production costs on the market place like every other segment of the economy does.

What is N.F.O. doing and what is accomplishing? NFO is now 48 continental United States. Bargaining is going on through all over the country. Contracts with pricing included are being signed by processors and buyers of commodities.

What does this do? It is together a supply and the production moves into marketing patterns.

It makes the buyers companies that are not getting production bid up higher to the production they must have. The reason prices on commodities are much higher anyone predicted.

During the period from 1967 the gross national product rose from 290 billion dollars to 310 billion, an increase of 270 percent.

During the same period national income rose from 190 billion to 230 billion, an increase of 21 percent.

During this same period farm income (including government payments) rose from 13 billion to 14 billion (with a few dropping to 11 billion), an increase of .8 of 1 percent.

In order to receive this income of .8 of 1 percent of net income the American Farmer forced to increase his production expenses from 19 billion dollars to 34 billion, and his investments from 137 billion to 224 billion dollars.

Thank You,  
Mrs. T. R. Eoff

### Need Performers

Dear Sir: We would appreciate any write-up you might be able to give us on the following:

Lubbock Theatre Guild is holding auditions at 2:30 p.m., Oct. 4th and 5th, Lubbock Theatre Center for a benefit to the presented Nov. 11 and 12.

It is a fun thing, a gay extravaganza called "Burlesque 69". We want adult talent to entertain the family. There are places for singers, dancers, actors, magicians, jugglers, blue trumpet players, soft shoe dancers, Vaudeville acts, and anyone who can imitate Al Jolson or Charlie Chaplin.

We are in need of a chorus line of girls over 165 pounds with a sense of humor.

For more information, call SH 4-3681 or Mrs. Janis Giddes at SW 9-0336.

## Long, Cool Summer

I SEE DAYLIGHT at the far end of the tunnel. The long, hot summer so many predicted never materialized.

All the "experts" who were so certain many American cities would by now be in ashes were unduly pessimistic. What trouble there was did not begin to measure up to their exaggeration.

COMPARATIVELY, it was a cool summer.

During the first seven months of this year there were just seven incidents classified as "riots"; a year ago there had been 24.

Significantly, this year's incidents of violence have been in smaller cities and towns which had not "prepared themselves" as the police departments of big cities now have.

NOW WE ARE RETURNING to school. Again we are hearing an ominous prognosis for classroom and campus disturbances exceeding in scope and scale any heretofore. I'm betting against that.

Colleges and universities, caught utterly unprepared for the invasion of outside disruptors and the resultant epidemic of student anarchy, have since quietly "armed" themselves in preparation for this school year.

IN CALIFORNIA, two new laws now provide criminal penalties for anybody who returns without permission after having been ordered off a campus. Also, state financial aid is automatically revoked for students taking part in campus disorders.

Last year cost \$3 million in destruction of college and university property. This year, Notre Dame is offering an undergraduate credit course in nonviolence.

THE CONSERVATIVE Americans for Freedom (YAF) familiarized its membership in ways college students can take campus disturbances by taking disruptors to court.

The president of City College New York, Dr. Joseph Copen, says college administrators are committed on a campus. Officials must promptly sign pertinent information to police sign complaints.

He says, "It is totally irresponsible and irresponsible for administrators to attempt influence court decisions withholding evidence, by request for clemency or amnesty or by other actions that tend to obstruct or circumvent fair trials appropriate judicial punishment."

A PANEL OF NINE college presidents met in New York July, discussed how best to deal with disorders and plea themselves to "no negotiation under duress and no amnesty lawbreakers."

President Morris Abram Brandeis University said it "There will be less campus trouble this fall because students will be able to get away with it."

SO I'M BETTING that formula which kept the lid on Main Streets will similarly tend to stifle trouble on most campuses fairness and firmness.

Maybe our imaginative people will devise some diversion, but eating gold jamming themselves into tele booths, panty raids—and agitation for illegitimate causes going out of style.

Happy school year!

## Nose For News

By LIBBY MUGGETT

IF IT WEREN'T for the younger generation of under thirties, I just don't know how I'd ever understand modern society.

However, if you'll just go to the trouble of asking them, they are more than happy to explain everything to you.

"HEY, DID YOU SEE in the newspaper that...?"

"No. If you older people don't quit reading the newspapers, you'll never know what's going on. Don't you know you only read exactly what they want you to think?"

"Who's they?"

"Whoever's releasing that slanted news. Television's worse."

"THEN HOW AM I gonna ever know anything?"

"You won't."

"That's not true. According to that theory, I wouldn't even know who's running for office."

"Now you're getting with it. All you ever read is whose name they put up for that office, not who's really behind him and who will really run things if the name wins."

"WELL, I'LL PARTIALLY agree with that, but what I was going to ask was did you know that the Rice University annual is going to have two of their students appear in the nude?"

"Why?"

"That's what I was going to ask you."

"Well, why not?"

"FOR ONE THING, this particular boy and this particular girl were chosen by their fellow seniors as the most outstanding of last spring's graduating class."

"Maybe."

"The paper stated that...."

"There you go again. That "choosing" was probably as foreordained as the election of a local justice of peace. You're also getting off the point."

"WHAT'S THE POINT?"

"Where's the connection between being the most outstanding student and posing for

a nude photograph in the annual?"

"Outstanding students just don't DO that."

"You're wrong. It would take an outstanding student TO do that."

"WELL, THAT JUST depends on what you call outstanding."

"No, it depends on what the other Rice seniors considered outstanding."

"Uh, I suppose so. The paper also says they were both members of the Students for a Democratic Society and political activists on campus."

"That figures."

"THAT THEY WERE members of the SDS?"

"No. That the newspaper writeup would try to connect in some way the SDS and nude pictures. They both probably belonged to a dozen other organizations but those weren't mentioned, now were they?"

"Say, are you for the SDS?"

"The SDS stinks."

"THEN WHY ARE YOU taking up for them?"

"Who's taking up for the SDS? I just don't like slanted news, which is another way of saying I don't like today's news reporting."

"That's pretty silly. If it weren't for news reporting, you wouldn't have known anything about those two nude photos in the Rice annual."

"I still don't."

"I JUST TOLD YOU what the paper stated."

"But I haven't seen the annual and neither have you."

"Well, it's not out yet. The publisher held it up until he received written guarantees against liability for invasion of privacy."

"Surely you don't swallow that."

"WHY NOT? Rice is a pretty staid university."

"Staid? Rice? Where did you get that idea?"

"Uh, that's what the newspaper called it."

"I told you you'd never get the straight of things from the news."

## Time To MOVE UP

**I**n Promotion Time... Sunday School, Commencement time, every youngster longs for this time of year. They have done well and must be promoted. They are moving ahead, making progress in the teachings of God. In that there is delight. Perhaps promotion time should be just as important to adults as to the young. May we simply check our progress in Christian living. If we had to sum up our yearly promotion where would we be? Are we going to church more? Have we increased our giving? Do we help more in various church programs? Do our lives reflect deeper religious beliefs? Would our pastor give us a card? How about our relatives, friends and business associates? It is promotion time and can we meet the challenge? Can we truly say it is time for us to Move Up.

**You In The Church**  
The Church In You  
Some encouragement to get you started. First, make a list of the things you are doing in the church. Do you come to church? Do you give? Do you help in the church? Do you have a program of service to work on? Do you have a plan to work on? Do you have a plan to work on?

# OBITUARIES

## H. E. (PAPPY) LOMAN

Services for H. E. (Pappy) Loman, 81, a longtime Hart area resident, who died Thursday in Plains Memorial Hospital in Dimmitt, will be at 2:30 p.m. Sunday in First Baptist Church of Hart with Rev. C. T. Cunningham and Rev. G. C. Applewhite of Lone Star, former pastor of the Hart First Baptist Church, officiating.

Burial in Hart Cemetery will be by Lemons Funeral Home of Plainview.

Loman retired in 1966 after 50 years as a railroad telegraph operator. He began his career in Illinois in 1903 and was the first railroad telegrapher in Lubbock. He came to the Hart area in 1942.

He was a member of the Hart Methodist Church and an honorary charter member of the Hart Lions Club.

Loman was the Western Union operator in Hart and was the official U. S. Weather Bureau observer for the Hart area.

Survivors include his wife, Myrt, who is a regional correspondent for area newspapers, and several grandchildren.

## LONZO CLAYTON BEAVERS

Funeral services were held Monday, Sept. 29 for Lonzo Clayton Beavers, 53, at a country Baptist Church near Russellville, Ark. He was born Dec. 9, 1916, and died in a Russellville hospital Sept. 27, after a long illness.

He was a former resident of Lamb, Hale and Castro counties and a brother of Mrs. Fay Bussy of Littlefield.

Other survivors are his widow, Berniece, two sons, Clayton Ray and Clifton Beavers of Russellville, Ark.; seven brothers, Burl Beavers of Friona, Artie Beavers of Lazbuddie, Curtis and Clifford Beavers of Dimmitt, Lois and Ollie Beavers of Stella, Mo., and R. L. Beavers of Oklahoma City. Also surviving are four sisters, Mrs. Dorothy Parker, Hector, Mo.; Mrs. Mozell Powell of Dimmitt; Mrs. Rachael Coleman of Borger, Mrs. Mae Scheller of Olton, and two granddaughters.

## Theft, Vandalism

### Being Checked

City police are investigating a theft which was reported by Gene Nixon.

Taken from the Nixon pickup was a J. C. Higgins 12-gauge pump shotgun with a brown leather case, valued at \$185.

Police are checking out another vandalism report.

Edwin Hall reported four windows on the west side of his house had been broken out with bricks and three windows on the east side were shot out with a BB gun.

Three minor wrecks were checked since Wednesday.

Wednesday afternoon, a 1965 Plymouth, driven by Thomas Homer Hukill of Littlefield, bent and damaged a speed sign on West Delano Ave. while the vehicle was traveling west. The sign was struck with the right front bumper, fender, wheel and grill.

Minor damages resulted in a collision Thursday morning when a 1969 Opel, driven by Mary Lynn Moore of Littlefield, backed into a 1965 Chevrolet, driven by Betty Edwards Tischler of Littlefield.

The Moore vehicle was going to make a left turn onto East Ninth Street from South Farwell Ave., then backed from the intersection into the Tischler vehicle, which was stopped behind her.

A 1966 Ford, driven by Frances Baxter Lewis of Littlefield, and a 1963 Chevrolet, driven by Ray Vernet Jackson of Littlefield, were involved in a minor collision in front of the Post Office Friday afternoon.

Lewis was traveling east on West Sixth Street, when the Jackson vehicle backed from the curb and struck the Lewis vehicle on the right front bumper and fender. The trunk lid on the Jackson auto was damaged.

**WHAT'S YOUR GUESS? The U. S. Weather Bureau has issued a county-by-county table, listing the day that offers a 50 percent chance of the first frost of the 1969 season. The dates are an average based on records kept for a varying number of years in each county.**

**Witness Slate Plainview Meet**  
 The Littlefield Congregation of Jehovah's Witnesses is making preliminary plans to attend a three-day training program in Plainview.  
 Lloyd Lowery, presiding minister of the group, in discussing the announcement with the congregation, pointed to the recent "Peace on Earth" International assemblies of Jehovah's Witnesses as being an example of the type of convention planned for Plainview.  
 The announcement came at the conclusion of the weekly ministerial development school held at Kingdom Hall.  
 Lowery said that over 87,000 new ministers had already been baptized this year and each one has become active in preaching in his or her own neighborhood.  
 The pattern is the same for all who attend regular meetings, namely to participate in five meetings each week over 25,000 congregations throughout the earth and share what is learned with one's neighbor.  
 Family groups here making plans to attend a three-day gathering which is scheduled for the Plains High School Auditorium, Quincy St., Nov. 7-9.  
**A FAMILY AFFAIR**  
 Much of the 4-H program centered around the home family. Many parents and former 4-H members and their children to have the opportunities they enjoyed profited from during the youth. A successful program needs parents' cooperation and encouragement.

**PRICE'S POLL SHOWS**

**Voter Sentiment**

Congressman Bob Price's recent poll of residents of the 18th Congressional District of Texas reveals these statistics on voter sentiment of major national issues. The item by item accounting of results follows his remarks. The questionnaire was sent to every postal patron in the district, and percentages may not total 100 percent due to lack of response on the question. A significant portion of the results of the poll I sent to you in the 18th Congressional District in July are now in. I hope the response showed wide-spread interest in national issues as well as very definite trends in the thinking of those who responded. The results will be most helpful to me in representing the thinking of my constituents. All those who sent their responses have my heartfelt thanks. ## Santa Fe Stock Elliott-Hill Duroc Boar & Gilt Sale Set

The board of directors of Santa Fe Industries, Inc. has declared a quarterly dividend of forty cents (.40) per share being dividend No. 5 on the common capital stock of the company, payable Dec. 1, 1969, to stockholders of record at the close of business Oct. 24, 1969.

### AGRICULTURE

In the United States, agriculture employs the most people. Construction ranks second and health care facilities is the third largest industry.

Edward Elliott and Luther Hill are having their Duroc Boar and Gilt Sale Thursday, Oct. 9, beginning at 7:30 p.m. at the Littlefield Fair Barn.

This is their sixth production sale and FFA and 4-H members are especially welcome.

Elliott showed the Grand Champion Barrow at the Duroc Congress this year and there's

more like him in this sale, Elliott said. Luther Hill had a top set of gilts and boars at the National and West Texas Sales, and his pigs show ruggedness Hill said.

There will be several barrow pigs in the sale from five different sires. Waymon Lewis will have several head from Texas Sanman, the \$2,100 third place boar at Southwestern Duroc Congress Sale.

## Seagraves Hard-Pressed To Top Sudan, 12-6

By EMIL MACHA  
Leader/News Sports Writer

**SUDAN**—The Sudan Hornets and the Seagraves Eagles clashed here Friday night with a nip and tuck ground duel that finally netted the undefeated Eagles a 12-6 victory.

The big and well experienced Eagles met stiff opposition from the lighter Hornets.

The game began with a kick off by Hornet HB Jerry Bellar to Eagle HB Ricky Fields who was quickly brought down by FB Larry Hanna on the Seagraves 26.

Seagraves began ball control and weakened a hole in the Hornets right side. The Eagles poured enough yardage to get three first downs and finally a touchdown.

Seagraves forced a fourth down situation with 10 yards needed for a first and 37 yards for a touchdown. The Eagles got in punt formation and the ball was snapped not to the punter but to Eagle QB Eddie Knight who ran the 37 yards to score. The 2-point conversion try was no good. Seagraves led 6-0 with 7:23 left in the first quarter.

The Hornets' offensive began showing with the kick off return by Bellar to their own 33. Sudan kept the ball on the ground, with Hanna and Bellar charging through and around the line, eating up yards as they went.

The Hornets drove deep in Eagle territory with a 25-yard keeper by QB Rex Boyles.

Seagraves committed a foul and this set the ball 15 yards closer to the goal. Bellar charged through the right side of the line and into the end zone for a Sudan 6 pointer.

Sudan's first attempt on the extra point was interrupted by a Seagraves penalty. Only 1 1/2 yards out, Sudan went for two, but the try was no good.

With 5:08 seconds left in the first quarter the score was 6-6.

Seagraves began a combination of ground carries and pass attempts, but were quickly foiled by Hornet FB David Weaver, who intercepted an Eagle pass and charged back to the Seagraves 44.

Seagraves stubbornly dug in and after seven plays the Hornets were forced to give up the ball.

Seagraves began pounding yard after yard by running to the right, which seemed to be their strongest side. After plowing 67 yards in 14 carries, FB Donnie Hoover crossed the end zone. The pass for the extra two was incomplete, thus with 8:46 left in the 2nd quarter, Seagraves was ahead 12-6.

HB Harry Jefferson returned the kick off to the Sudan 37. From this point Sudan's Weaver, Hanna, and Bellar ground out the yards to the Eagle 28, but Sudan was forced to give up the ball on downs.

Seagraves began to try to reach pay dirt again by keeping the ball on the ground. In a last minute surge they attempted a pass in the end zone, but it was intercepted by Bellar.

Sudan, with the wind to its back, started passing. A pass from Boyles to end Shawn Potter found the Hornets again on the Eagle 45. Finally the ball was given up on the 36 after a 4th down play failed to net the necessary yards.

Seagraves was quickly jarred loose from the ball by a jolting charge by Gerald Chisholm, who recovered a fumble on the Sudan 46.

The third quarter started with Jefferson returning the ball to the Sudan 34. Bellar, Hanna, and Weaver began eating up yards before being stopped on the Seagraves 43. The punt was a high short one against the wind, and it was killed on the 24.

Seagraves had to give up the ball after meeting a stubborn defensive line led by Guard Larry May, who put a crushing

tackle on Eagle HB Kent Crutcher.

Sudan took control of the ball on their 24 and ground out yard after yard until a fumble on the Seagraves 33.

From this point on, with only a few minutes remaining in the third quarter, and the complete fourth quarter it was ball swap. Neither team was able to penetrate.

Sudan held the Eagles on a goal line stand in the last minutes of the game.

First downs were 18-13, Seagraves and the Eagles led in total offense, 273-183.

In the last five meetings between the two, Sudan has topped the Eagles twice. The Eagles remain undefeated in season play, while Sudan holds a 2-2 record.

PAUL DANFORD shook loose for three TD's in the Littlefield Junior Varsity win over Plainview, 26-18.

## Wolverines Romp Over Amherst

**AMHERST**—It was a bleak night for the Amherst Bulldogs Friday night when they played host to the Springlake-Earth Wolverines. At the final gun it was Springlake-Earth 47, Amherst 0.

Springlake-Earth's FB Terry Bridge carried for four touchdowns, with runs of 1, 3, and 27 yards and a pass from Mike Cleavinger that netted 50 yards.

The Bulldog defensive team, led by Bobby Clayton, dug in but was unable to hold the Wolverines.

Hoyt Glasscock scored two touchdowns and booted five extra points for the Wolverines. Willie Wilburn, a Wolverine end, ran 85 yards on a pass play from Cleavinger.

The Bulldog offensive team, led by Larry Edwards and James Moore plowed through the Wolverine line, but was unable to put a tally on the scoreboard.

The Wolverines gained 481 yards to 168 for the Bulldogs. Springlake-Earth is 3-1 for the season and Amherst is 0-3.

## Littlefield JV Raps Plainview, 26-18

Littlefield Junior Varsity staged a fourth quarter comeback on Paul Danford's fine running to whip the Plainview JV here Thursday night, 26-18.

Behind 18-14, the Cats scored on runs of seven and five yards by Danford.

Paul scored Littlefield's first TD on a 34-yard pass from Jay Trammell, and Lee Roy Danford scampered 27 yards with an intercepted

pass-fumble for the second score.

Littlefield led at the half, 8-6, and at the end of three quarters, 14-12. The two-point spread was on a conversion run by Paul Danford after the first touchdown.

Offensive standouts for Littlefield were Danford, Trammell, Delon Walker and Sid Jacobs.

Defensively, the Cats were led by Lee Roy Danford, Jerry Kemp and Scott McNeese.

Littlefield had 14 first downs, while Plainview had 19. Total offense was 371-249, Plainview.

Trammell hit two of 11 passes for 59 yards and Randy Trotter had two-for-two for six yards. Paul Danford caught two for 41 yards and Jim Graves one for 25.

In all, Paul Danford gained 149 yards on 21 carries. Porfirio Cristian picked up 36 on 12 runs.

## Frosh Downed By Levelland

Littlefield's Freshmen dropped a hard-fought 20-6 battle to Levelland there Thursday night.

Arturo Soria got the Littlefield touchdown on a five-yard run.

Defensive standouts were Jerry Cox and Manuel Aguilar for the young Wildcats. Levelland led in first downs 12-7, and in total offense, 191 to 125.

J. E. Johnson hit two of five passes for 30 yards for Littlefield, and Soria gained 70 yards rushing in 14 carries.

Allen Mackey caught two passes for 19 yards and Eddie Surret gathered in one for 20 paces.

## Kip Cutshall Hits Hole-In-One

Kip Cutshall has made his second hole-in-one.

"This time I had a reliable witness," Cutshall said. "Jim Tom Brittain was with me. The first time I made a hole-in-one about four years ago, Chick Conway was with me and no one believed either one of us."

Cutshall's lucky shot was with a number four wood on the 188-yard par-three ninth hole. Cutshall shot 35 on the nine-hole round, one under par.

Just to prove the shot wasn't a complete fluke, he went back the next day and got a 37-40 on 18.

## 7th Graders Play Monday

Littlefield 7th Graders will tangle in an intersquad game here Monday at 5 p.m. The Maroons will play the Whites.

## Whitharral Wings The Eagles, 13-6

The Whitharral Panthers' defense clicked Friday night and they brought down the Sterling City Eagles in a 13-6 win.

It was a night of recovery for the Panthers. Jarring the ball loose from the Eagles, the Panthers recovered the pigskin four times. Ronald Pence recovered two of the fumbles and Pedro Perez and Larry Gage were credited with other recoveries.

Both camps were scoreless at half time.

Early in the third quarter QB Johnny Graham passed an 11-yarder to Loyd Hoelscher for the first Panther TD. Monty Rodgers kicked through the uprights for the point-after.

The Panthers came back to score again in the third period when Graham went over from the three on a keeper.

Sterling City's lone touchdown came in the fourth on a two-yard run by Ishnael Vargas. The conversion attempt by Ray Escobar failed.

Special praise from Coach Kirby White goes to Pence, Perez, Hoelscher and Gage "for outstanding efforts both offensively and defensively."

Whitharral now stands 2-2. The Panthers open district play Friday night when they host Smyer at the Whitharral Homecoming.

## Time For Boys 8 To Punt, Pass, Kick

Boys aged eight through 11 are registering for the annual "Punt, Pass and Kick" competition at Mitchell-Ford, Inc., in Littlefield now through Oct. 10.

Local winners will be awarded first, second and third place trophies for each age group with 18 local trophies in all.

Boys winning in the local competition can go on to more

advanced competition at national finals games at the NFL Play-Off game in Ft. Lauderdale, Fla., and touring the Kennedy and the Air Space Museum.

Boys must be accompanied by a parent or legal guardian when they sign up for Punt, Pass and Kick. There's nothing to buy and you may end up a trophy winner.

## Olton Fumbles Cost In 3-AA Loss, 21-7

It was Friday the 3rd instead of the fateful 13th, but things couldn't have gone much worse for the Olton Mustangs first district clash on the Abernathy Antelope field with the Antelopes snaring the Mustangs, 21-7.

It was a night of fumbles for the Mustangs and the Antelopes capitalized on all of them, with two leading Antelope TDs.

Olton's lone touchdown came early in the second half on a 31-yard pass completion from sophomore QB Steve Stockdale to Barry Coward putting Olton on the Antelope nine. On the third down, Carlos Talamantez dived over from the five. Stockdale kicked the PAT and narrowed the lead to 14-7.

Olton fumbled and missed its chance for a comeback after the teams traded punts twice in the fourth.

In the "nothing went right" department, Olton's ground gains never gained, and Stockdale completed only eight out of 18 passes. In yardage gained, Olton racked up 62 yards in the first half

## Hunting Guides Now In Mail

The 1969-70 Texas Hunting Guide is now in the mail to license deputies and regional, district, and field offices of the Texas Parks and Wildlife Department.

The Department printed 600,000 of the guides which contain hunting season information on deer, turkey, javelina, squirrel, and quail.

Quail season and bag limit information in the guides is for general law counties only. Seasons and bag limits for regulatory counties will be set at the next Parks and Wildlife Commission meeting sometimes in October. Regulatory county information on quail will be published in a supplemental guide.

This year's guide also contains information concerning the special archery season which began in many counties October 1.

The guides are available from the Texas Parks and Wildlife Department, John H. Reagan Building, Austin, Texas 78701.

only to lose five of the second period.

Guard Larry Turner three recoveries, was the standout for the Antelope. Third Antelope TD was by a Bobby Klatt on a throw to end Ronnie Turner who scored with seconds left in the Turner booted all points after.

Offensive standout for Olton was Steve Stockdale completing 17 out of 18 attempts.

LITTLEFIELD'S CHARLIE HOLT scampers for the only Wildcat touchdown Friday night at Tulia. Holt scrambled from five yards out, whirling around a pile-up of Tulians who thought Holt handed off to his full back. Coming up too late for the stop are Tulia's Mike Gleason (80) and Jerry Dickens (11). Other Wildcats are Jerry Haberer (74), Monte Trotter (77) and Gary Garrison (62).

# Tulia Bomb, Field Goal Explode Cat Hopes, 10-7

dropped the bomb on Friday night and it like the Dickens. When the smoke cleared, the Wildcats saw the scoreboard flash a 10-7 Hornet victory at Tulia's home field.

That had been a tedious defensive stand-off and one-half quarters later exploded when the tall Mike Gleason led a 35-yard pass, and fullback Jerry Dickens off a great night with rushing runs that covered

stubborn Littlefield which time and time had set the Hornets on heels, held at the 5-yard line. On fourth down, he kicked a 22-yard field and the Hornets had their point margin with only to play.

With the big pass to and the resulting field Coach Deverelle Lewis' actually held the hand, despite having to some apparent doldrums bring their win over last week.

Cats never really got defense started, but the accounted for its best of the year, overall. The defensive corps Littlefield with opportunities, but only was the offense able to

chance came in the had quarter, when End Monte Trotter and Hornet punt, and the

Wildcats took over at the Tulia 27. Four running plays got 11, and QB Charlie Holt's only pass completion of the night moved the ball to the Tulia 7. HB Ralph Funk, needing a foot for a first down, got two hard-earned yards to the five.

Tulia's defense stacked up in the middle for two straight plays, but on third down, Holt faked to fullback Estrada and, while the Hornets buzzed all over the 218-pounder, circled the pile-up, scoring from five yards out.

Alan Newton kicked the extra and Littlefield and Tulia had a 7-7 ball game with 6:09 left in the first half. It stayed that way until Gleason's field goal with three minutes left in the game.

Tulia had picked up its only touchdown on the third play of the game, when Dickens, seemingly slowed near the line of scrimmage, bolted 50 yards to scrimp.

Gleason's extra had sent the hornets into a 7-0 lead with only 1:13 of the ball game played. Other than the 50-yard scoring run, Littlefield seemed to have Mr. Dickens under wraps, because he gained only 38 steps on his next 18 carries.

But the tough-running 175-pound fullback just kept plugging, and in the final six minutes of the game rolled for 72 yards in seven tries. In all, Dickens carried 26 times for 160 yards, all but two of Tulia's plus rushing yardage.

rusher could muster was Randy Mitchell's 37 yards on seven carries. The Hornets limited Funk to 28 on 10 tries and Holt to 30 on 18 trips. But the Littlefield ground offense, while not up to its usual standard, was well ahead of the Wildcat passing game.

Tulia defenders intercepted four of Holt's passes, and returned two of them inside the Littlefield 30. Both times the Wildcat defense rose to the occasion and snuffed out the threats.

Littlefield missed a chance for an early score with a minute to play in the first quarter, when the Cats had a first down at the Tulia one-yard line. After taking over at the Tulia 37 following a short Hornet punt, the Cats used two fine fourth-down runs to come within a step of the Tulia goal.

Holt ran 12 yards to the Tulia 14 for a new series, and Owens got 10 on an end-around, giving Littlefield a first down at the Hornet one. But the Cats failed to score, with the Tulia defense stopping two tries, and broken plays halting the other two.

The last Tulia pass interception came when Littlefield was knocking at the Hornet door early in the fourth quarter, after Defensive End Charles Carter recovered a Tulia fumble at the Hornet 29.

Three running plays gained only five, so on fourth down Holt aimed one goalward, but Tulia's Randy Pope intercepted at the Hornet 10. Tulia had its troubles with fumbles, the Cats' Jerrel Haberer covering two besides the one Carter landed on. Haberer's two alert recoveries stopped Tulia at the Cat 38 just before the half and at the Littlefield 16 midway in the third quarter.

down and seven at the Tulia 37. With only 6:30 left, the Cats elected to go for broke rather than punt. The fourth down play netted only two and the Hornets took over at their 35.

It was then that QB Don Payne threw the 35-yard gainer to Gleason, giving the Hornets a first down at the Littlefield 30. Two runs by Dickens placed the ball at the Littlefield 8. When the drive stalled at the five, Gleason kicked his game-winner.

Defensively, all the Wildcats stood out. Trotter was in on a gang of tackles besides blocking the Tulia punt, and Haberer and Carter were tough in addition to pouncing on loose footballs.

Others coming in for their share of tackles were Nose Guard Larry Purdy, Tackle Kim Kloiber, Linebackers Estrada and Mitchell, Rover Hickman, HB Holt and Safety Owens.

The middle of the Tulia line gave no quarter, and Dickens at linebacker and Gleason at safety were top defenders.

and literature, and can be bought to cover any subject.

Ninety-minute feature-length films can be rented for about \$50. "In the future we hope to use some money for such films as 'Born Free,'" Mrs. Jones said, "and show them in the auditorium so everyone will benefit."

By building a balanced collection, Mrs. Jones said she feels the library will be good for a long time. "I read hundreds of books in making book selections," she said. "I've read everything from 'Chitty Chitty Bang Bang' on." Mrs. Jones laughed.

She strives to keep books on hand that "are too easy for the students, on their level, and for those going on to college," and she is particularly careful about junior high literature. If books are considered classics, they are in the library, "but not always out on the shelf," Mrs. Jones added. "See those books there," she said, pointing to shelves above her office desk. "If a student comes in here and asks for a certain book, he can have it. There's 'To Kill a Mockingbird,' 'Laughing Boy' and 'To Sir With Love.' Many of these have been made into movies and the students have already seen the movie, so why not let him read the book?"

"Some are ready for books like 'Of Human Bondage' but many students check adult books out and bog down after 20 pages. There are others who are ready for hard reading. To get THE right book in THE right hands is the thing," she said, her deep brown eyes twinkling.

Mrs. Jones has been teaching in Littlefield 22 consecutive years, and taught two years before that "during the war when I didn't have one hour of

college work. And I was terrified," she said.

Mrs. Jones completed her college work by "following Paul when he was working on his master's, by taking correspondence courses, going to school summers and taking night courses."

She first went to college at Canyon one summer when Paul I. was working toward his master's. "And I never thought I'd get through," she said. She commuted to Texas Tech after that, going eight consecutive summers. "I never got to go one single regular school session," she said, "just at night, Saturdays and that stuff."

She began her Littlefield teaching stint as a sixth grade teacher in 1948 under Superintendent Hutchinson. After she got her degree, she taught English in junior high. When Littlefield needed a full-time librarian for accreditation, she went back

to school for 18 hours of library science for a library minor.

"And it's so fortunate that I did," she said, "because about the time I got my training, we got the government program that helped us build a really good library."

"Money spent for library books for elementary and junior high students is always worth more than it costs," Mrs. Jones concluded.

## Two Strains Of Flu Bug May Hit Area Residents

People living in Littlefield and the Lamb County area may be victims of two types of flu bugs this season, according to Dr. J. R. Fain, County Health Officer. "But we're not expecting major epidemics of any type influenza," he added.

Because Texas is one of six states that reported only regional or isolated cases of Hong Kong flu outbreaks last winter, Texans are likely to receive a visit from influenza this year, according to past history of the flu bug.

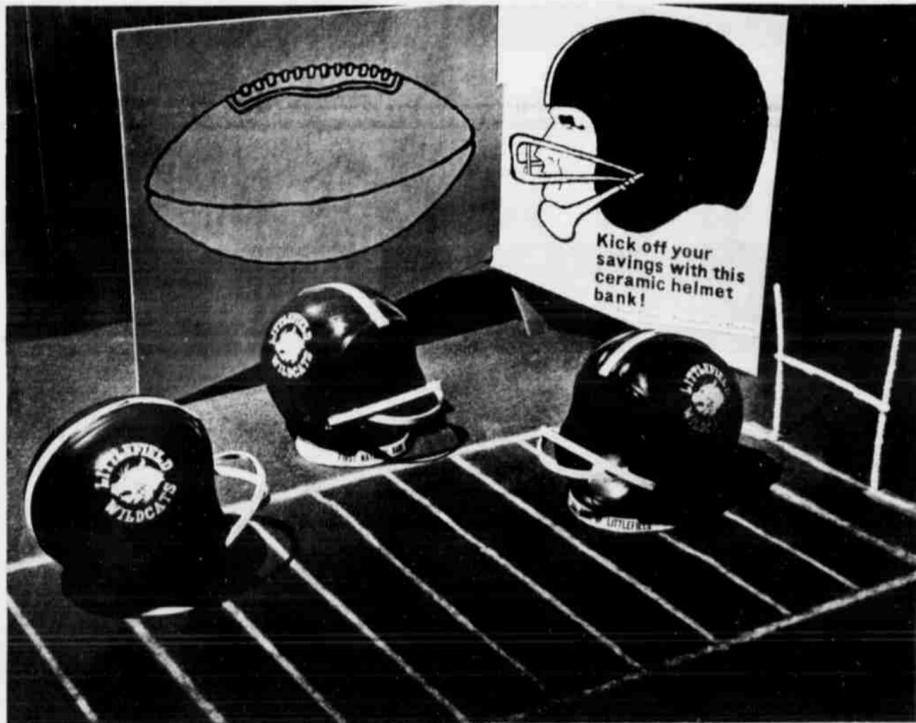

The Type-B virus struck mostly in the Midwest U. S. in 1968-69 and this means

that Texans are also more susceptible to Type-B this winter, Dr. Fain said.

But because of the oft-times ineffectiveness of flu vaccine shots, Littlefield doctors recommend preventive shots only for elderly persons and those in poor health. The recommended dose contains units of Hong Kong strain antigen and units of Type-B antigen for protection against both types of flu.

The National Communicable Disease Center, apparently for the first time, acknowledges the limited effectiveness of the vaccine, and said it "should be considered only for persons with certain chronic debilitating conditions."

## Tony Fontane Film Scheduled At Assembly

"The Tony Fontane Story", a filmed dramatic Christian musical, is to be shown at First Assembly of God Church Sunday night, Oct. 5, at 7:30 p.m.

"This film is the unbelievable, yet true epic of one of the world's greatest singers," Rev. H. L. Hallmark, pastor of the church said. The church is located at Hall and 14th Streets.

"Tony Fontane is a former recording, television, radio and stage star, who gave up a lucrative career to dedicate his life and talents for full time Christian service," Rev. Hallmark said.

"Tony's wife, the former Kerry Vaughn, was a professional actress and night club entertainer, and both are portrayed in the film," he said. "Produced in Hollywood, 'The Tony Fontane Story' combines music, the language of the soul, with one of the most thrilling testimonies of this century," he continued. "The public is invited to attend the showing of this film," he concluded.

## Lions Club Has Meeting

ANTON—Hulon F. Moreland, County Judge of Hockley County, and Harold Philan, Hockley County attorney, visited Anton Lions Club Monday evening.

They outlined Levelland's "Little Dribblers" program, a program patterned somewhat after "Little League" baseball program.

It is designed to acquaint boys with the game of baseball and give them something to do in the off-season.

Announcement was made for Anton Blood Drawing which is to be held at the First Baptist Church Oct. 8.

## NFO Information Meet Set Monday

WHITHARRAL—The state president of the National Farmers Organization will speak at the Whitharral school cafeteria Monday, Oct. 6 at 8 p.m.

Whitharral Young Farmers are sponsoring the meeting and invite all interested persons to come and hear the informative NFO talk given by Don Kimball.

## WORTH REMEMBERING

Don't blame beef prices for inflation; blame inflation for beef prices.

MARLA SADLER, center, of Whitharral is ready for district competition after winning first place in sports division of the "Sew It With Cotton" contest in Levelland Tuesday night. The district show is Saturday, Oct. 11, at 1 p.m. in the South Plains College auditorium.

## PCG Annual Meeting Scheduled Oct. 10

The 13th annual meeting of Plains Cotton Growers, Inc., with almost 25,000 members in 25 counties surrounding Lubbock, has been scheduled for 2 p.m. Oct. 10 in the Koko Palace in Lubbock.

Keynote subject of the meeting will be Domestic and Foreign Market Development, which PCG Executive Vice President Donald Johnson has referred to as "the only solid foundation on which the Texas High Plains can hope to build a future in the cotton business."

Principal speaker for the affair will be Peter Pereira, program director of the International Institute for Cotton, headquartered in Brussels, Belgium.

The IIC is primarily concerned with new product development and cotton promotion in countries outside the U. S., and is financed by a contribution of one dollar per bale of cotton exported from the seven major cotton exporting countries, including the U. S.

Another feature of the afternoon meeting will be a report from L. D. (Don) Anderson on his recent trip to the International Cotton Advisory Committee meeting in Uganda, Africa, and on the study he made in conjunction with the trip of cotton production in seven overseas countries. He has a number of slides to show, plus some observations on foreign production as it affects U. S. export markets.

On the same theme, reports and recommendations will be made from two recently formed committees, the PCG Domestic and Export Market Development Committees. These are chaired, respectively, by Roy Forkner, ginner and farmer of the Canyon

Community, and Jewell Jr. of Lubbock, Pat and farms in Lubbock, and Farmer counties.

Adding a touch of glamour to the day's activities will be all-cotton style show by the women's cotton groups of the High Plains. Chairman of the Style Committee is Mrs. E. White of New Home. Narration will be by Nathan Boardman, One

# International Parks Highway Joins Mexico, U.S., Canada

(EDITOR'S NOTE: This article, published in the Aug. 21 issue of The Alliance, Neb. Daily Times-Herald, was sent to us by Barney and C. Barnes of Alliance, Neb., and was written by a Nebraska University journalism intern, concerning Highway 385.)

By JOYCE WARE  
NU Journalism Intern

Over hill, over dale, but the trail isn't dusty. It's paved, all 1,670 miles of it.

It isn't exactly a trail either. In all states but Nebraska it is up to Federal highway standards.

It does go over hill and dale, however, and over mountains and through valleys, from the far North to the deep South.

It's International Parks Highway 385 and it stretches from its northern tip in Prince Albert Park, Saskatchewan, Canada, to its southern end in Big Bend National Park, Texas, then on to Muzquizo, Mexico.

On the way it goes through three other major parks.

IPH 385 is the only national north-south highway through the Midwest. Starting in the Canadian province of Saskatchewan and going south, it passes through North Dakota, South Dakota, Nebraska, Colorado and Oklahoma before coming to its present end in the southern tip in Muzquizo, Mexico.

The highway joins 46 communities, two of them large cities. That should make it especially tempting to the tourist who wants to get away from the noise and bustle of a city.

Luring travelers on are the five lovely parks on the route. All have camping facilities actually in the park or nearby.

Summer vacationers will find the northern parks a delight. Prince Albert Park in Saskatchewan is a wilderness wonderland.

If offers swimming, boating, boat trips, skating, fishing, lawn bowling, and golf for recreation. The more hardy adventurer can explore in the northern woods, the home of the Royal Canadian Mounted Police, or take a fishing expedition to Lac La Ronge.

Theodore Roosevelt Memorial National Park in North Dakota is situated in the heart of the badlands. Nature gone wild is featured on its 110 square miles.

In the south section of the park near Medora, N. D., the Rough Rider Hotel has been restored as it was in 1883.

The Black Hills is the next featured attraction along the

route. IPH 385 goes right through the center of the Hills. Wind Cave National Park is on the highway. The cavern features distinctly different limestone formations. Short side trips can take the traveler to the famous Mount Rushmore, scenic Needles Highway with the Cathedral of the Spires, Deadwood, and other picturesque and fun places.

About one hour south of the Black Hills is Nebraska National Forest near Chadron. In the midst of Nebraska's Pine Ridge and Sioux Indian country, the park has excellent camping facilities beside a winding stream, a new swimming pool and wilderness nature trails.

Leaving IPH 385 to take in Fort Robinson near Crawford is well worth the time. Summer attractions include a historical museum, a natural science museum and the Post Playhouse, where students from Chadron State College present summer theater plays.

Both Nebraska parks offer trail rides into the scenic Pine Ridge country where Sioux Indians rode and hunted until the late 1800s.

The southward journey through Nebraska will take the tourists through miles of Sand Hills and into wheat country.

Big Bend National Park in Texas is on the southern end of the highway. It is the newest national park in the United States and encompasses 44,000 acres.

It is located on the Chihuahuan Desert and features terrain and plants from desert cacti to mountain lichens.

Several years ago two groups of astronauts spent two weeks there studying the geological formations of the park in preparation for the moon flight.

In Big Bend, an ideal winter vacationland, the visitor can take trail rides of varying lengths or pack trips into the mountains. Camp fire talks by park rangers who show slides are a nighttime attraction.

Trips into Mexico, located right across the Rio Grande, can be taken on donkeys or on a flat-bottom wooden boat.

IPH 385 hasn't always been there. Not too many years ago, what is now designated 385 was a conglomerate of state highways.

The International Parks Highway Association, working with state governments and the national government, eventually was able to get the road proclaimed a national

highway, and also persuaded the Canadian government to number the segment in Canada 385.

After achieving federalization, the IPHA didn't go to sleep. Now its primary job is promoting 385, encouraging tourists to travel on it.

In towns along the highway, businesses and individuals can buy annual memberships in the Association for \$10. The money is used for advertising to lure those millions of American tourists out of their stuffy cities and towns and onto your highway and into your community and into your place of business.

"Not so incidentally, this arrangement is also intended to get them to drop some of their dollars into your cash register," says a membership promotion brochure.

Each state sets a monetary goal to be used for highway promotion purposes, assessed on the basis of population of towns the road passes through.

States also are responsible for upkeep of their segment of the highway. All except

Nebraska are up to Federal standards. Planned for Nebraska's portion of 385, however, is a 4-lane expressway in the future, at least for parts of it. A little repair work on the present roadway is scheduled between Alliance and Chadron in the present biennium.

Mrs. Forest Barnes of Alliance, Neb., travels the highway to promote it to tourists and towns along the

route and to sell memberships. She distributes pamphlets and shows her collection of scenic slides taken along the route. Before his retirement in 1965, her husband, Forest Barnes, was in charge of travel promotion.

Also working to encourage tourist travel are the state and national Association officers.

The IPHA will hold its annual meeting in Alliance, Neb., next year.

**R. V. FRANKLIN**  
Staff Sergeant R. V. Franklin, 28, of Enochs, was one of nearly 100 hand-picked soldiers from Ft. Lewis, Wash., who participated in combined

Armed Forces honor guard ceremonies, Aug. 21, welcoming President Chung Hee Park of Korea to the Presidio of San Francisco, Calif.

President Park was on a two-day state visit in San Francisco with President Richard M. Nixon.

The detachment included an honor guard platoon, state and territorial color bearers, color guard and an artillery salute battery.

S. Sgt. Franklin, who was a member of the honor guard, is regularly assigned as a military policeman with the 296th Military Police Company at Ft. Lewis, Wash.

His parents, Mr. and Mrs. Duane Clem, live in Enochs. His wife, Sharon, is with him at Ft. Lewis, Wash.

**SP. 5 RONALD D. YANDELL**  
Sp. 5 Ronald D. Yandell, son of Mr. and Mrs. Reed Yandell of Littlefield, was presented the Bronze Star Medal for exceptionally meritorious service against ground operations in connection with a hostile enemy in the Republic of Vietnam. Yandell is serving with the 101st Airborne Division at Bien Hoa Army Base.

**STAFFORD SHIPLEY**  
Army Sergeant First Class Stafford D. Shipley, son of Mr. and Mrs. Woodrow Shipley of Littlefield, re-enlisted for six years in the Regular Army Sept. 2 while serving with the U. S. Army Hospital Detachment at Ft. Campbell, Ky.

A career counselor with the detachment, Sgt. 1 C. Shipley entered the Army in October 1949 and was last stationed in Vietnam. He holds the Silver Star, two awards of the Army Commendation Medal, two awards of the Combat Infantryman Badge, the Combat Medical Badge, two awards of the Purple Heart and the Master Parachutist Badge.

The 38-year-old sergeant graduated from Littlefield High School in 1949.

His wife, Hortencia, is with him at the fort.

**WILLIAM DAVIS**  
Army Sergeant First Class William C. Davis, son of Mr. and Mrs. William A. Davis, of Littlefield, was assigned as a member of the 4th Infantry Division in Vietnam, Aug. 11.

His wife, Frieda, lives in Phoenix, Ariz.

**BILLY W. BERRY**  
Navy Lieutenant Billy W. Berry, son of Mr. and Mrs. W. H. Berry of Littlefield, and husband of the former Miss Betty Spain of Birmingham, Ala., is serving aboard the Newport News which recently participated in the NATO exercise "Peace Keeper" in the Atlantic.

The exercise is one of a series of regularly scheduled NATO training exercises involving over 40 ships and approximately 200 land and carrier based aircraft and is designed to test the readiness and effectiveness of the NATO striking fleet.

A secondary purpose of the exercise is to perfect procedures and tactics within the naval forces.

**DAVID CRENSHAW**  
Airman David G. Crenshaw, son of Mr. and Mrs. G. W. Crenshaw of Rt. 4, Muleshoe, has graduated from a U. S. Air Force technical school at Sheppard AFB, Texas. He was trained as a medical services specialist.

The airman is a graduate of Muleshoe High School and attended South Plains College at Levelland.

**JOHNNY M. TIPTON**  
Aviation Electronics Technician Third Class Johnny M. Tipton, USN, son of Mr. and Mrs. W. C. Tipton of Route 2, Littlefield, is serving with Navy Attack Squadron 147 at the U. S. Naval Air Station in Lemoore, Calif.

The squadron flies the Navy's newest light attack aircraft, the Corsair II. The squadron returned from duty in Vietnam in May.

**McARTHUR THOMAS**  
Seaman Apprentice McArthur Thomas, USN, son of George Thomas of Route 3, Olton, is serving aboard the USS Ranger off the Southern California coast.

The ship recently participated in Operation Bell Express, a combined Navy-Marine exercise, preparing the units for conditions they will meet not only in Southeast Asia, but throughout the Western Pacific area.

The participating Fleet had to evade Navy aircraft acting as enemy surveillance planes as one of the many maneuvers included in the exercise.

In one respect, Bell Express might be compared to a graduation exercise, since each unit was evaluated and graded on its performance.

Speaker for the noon luncheon will be The Honorable Waggoner Carr, who was elected "Outstanding Attorney General of the Year" and presented the Wyman award by the Attorneys General of the 50 states in 1966. He received an Honorary Doctorate of Law degree from McMurray College the same year. Waggoner Carr began organized and developed the Attorney General's Youth Conference, attended by 6000 young Texans, who in turn involved 100,000 others upon their return to their homes.

For the afternoon session, Department Chairmen who will work with "Ideas to Implement Club Programs" are Mrs. Bill Davis, Conservation; Mrs. Frank Galusha, Education; Mrs. Louis Cummings, Fine Arts; Mrs. Lynn Williams, Home Life; Mrs. Joel McMahon, International Affairs; Mrs. Bruce Henington, Public Affairs; Mrs. Orville Cox, International Clubs; and Mrs. Guy Crawford, Texas Heritage.

The program for the banquet will be on Texas' Vanishing Wilderness, The Big Thicket. Mrs. Jud Collier, Chairman, and Mrs. William C. Hancock will give "Status of Project, Where We Stand". Dr. Francis E. Abernathy of Stephen F. Austin State University will give "Tales and Songs of The Big Thicket". Dr.

Committee. In 1961 Buffalo Trails Council of Scouts of America in Littlefield honored him with the Beaver Award for outstanding leadership with boys. At the noon luncheon Oct. 9 the speaker will be Honorable Gus M. Moore, Representative, House of Representatives. He was recently for membership in the Southern Conference of State Governors and was honored by the administration of the University of Texas as a Distinguished Alumnus. REV. GILBERT RHINE

**Prophecy Meeting Slated At Church**

Rev. Gilbert Rhine will be guest speaker at Missionary Baptist Church Oct. 10, 11, and 12. Rev. Rhine is pastor of Eastside Baptist Church at Vernon.

Services are scheduled to begin at 7:30 p.m. Friday and Saturday nights with regular worship hours for Sunday, meeting at 11 a.m. and 7 p.m.

"The public is invited to hear these special sermons relating Bible prophecy and their historical significance to contemporary events. The services will be informative and directed at the hope Christians possess in the Premillennial Second Coming of Christ," said Rev. Ken Johnson, pastor of Missionary Baptist Church.

Rev. Johnson extends a cordial invitation to all to visit in these services. Music will be directed by Leroy Turvaille, music director of the church.

MR. AND MRS. L. B. Kennedy were in Panhandle Monday and Tuesday with Mr. and Mrs. Elmer Baker.

## Draft Call Down For October

The October draft call for Texas is 1,461, down from 1,698 for September, Colonel Morris S. Schwartz, state Selective Service director, said Friday.

This is the state's share of a national quota of 29,000 men, 27,600 for the Army and 1,400 for the Marine Corps. The state quota will be in the same proportion between the two services.

State induction calls in August and July were 1,548 and 1,178, respectively.

A total of 8,906 is scheduled to be forwarded for armed forces pre-induction physical and mental examination in October to prepare for future calls, Colonel Schwartz said. This compares with totals of 11,135 in September, 6,816 in August, and 8,029 in July.

The order of selection to fill draft calls through October may be from among examined and acceptable men who are

(1) delinquents 19 years old and older, (2) volunteers under age 26 in the sequence in which they have volunteered, and (3) non-volunteers 19 through 25 years old, single and married, oldest first, and those married after Aug. 26, 1965, being selected ahead of those married on or before that date.

In filling the quota for the pre-induction physical and mental examination for October, local boards, if necessary, may go as low as 18 years and nine months of age, oldest first; but no person may be inducted until he is 19 years old.

## BULA

MRS. JOHN BLACKMAN 933-2328

THE "DENIM DOLLS", a women's cotton organization for Bailey and Lamb Counties,

met Monday evening in the school lunchroom, electing new officers. Dolores Drake called the meeting to order and brought the group up on current business and changes in by-laws. The nominating report was given by Judy Kirk. Officers for the coming year are president, Wanda Legion; to serve with her are Betty Tiller, vice president; Anna Black, secretary; Ila Faye Rowland, treasurer; and Nannie Blackman, reporter.

MR. AND MRS. V. C. Weaver left Wednesday for Wood Falls, Kans., to visit friends and relatives. Sunday they will attend the golden wedding celebration for Mr. and Mrs. George Cutsch. Others from this area attending will be Mr. and Mrs. Martin Maxwell of Sudan.

MR. AND MRS. F. L. Simmons have been at the bedside of their son Darmon, in a Navy hospital in San Diego, Calif., for the past 10 days. Darmon underwent brain surgery Thursday, Sept. 25. He is still in a critical condition but has shown some improvement.

MR. AND MRS. Richard Black spent several days the past week fishing at Lake Antonito, Colo., and reported having good luck.

MR. AND MRS. Larry Bowers of Levelland spent Saturday and Sunday with her mother, Mrs. Alta Salver. They were guests Sunday at the Baptist Church.

BROTHER EDDIE Howard, Diane Crume and Freda Layton of Enoch attended an officers' meeting for the Llanos Altos Association Sunday noon at the Corral Restaurant in Muleshoe. Plans were made for the next youth rally to be held at First Baptist Church in Littlefield.

MR. AND MRS. R. E. Jones are visiting this week with his uncle, Mr. and Mrs. John Jones at Gatesville, and also with her brother Eddard Farmer at Merkel.

MR. AND MRS. George Bahlman and Mr. and Mrs. C. L. Cannon spent several days the past week fishing at Mansfield and sight seeing

around Johnson City and areas in that part of Texas.

WMU MET TUESDAY for a business meeting and Bible Study. Mrs. Williams had charge of the study. Scriptures covered were Rev. 4-22. Mrs. Richardson led the group in prayer. Attending were Mmes. C. A. Williams, P. R. Pierce, E. O. Battles, Rowena Richardson and Miss Vina Tugman.

SUNDAY COMPANY at the P. R. Pierce home were all of their children, Mr. and Mrs. Jim Carpenter and boys of Stegall; Mr. and Mrs. J. C. Jackson and children, Mrs. Clifton Baker and children and Miss Alma Lou Pierce all of Lubbock.

MR. AND MRS. C. A. Williams are at home after spending several days at the home of their daughter, Mrs. C. C. Young in Denver City. They stayed at the home and sent their son Donnie to school, while Mrs. Young was staying with her husband at a hospital in Odessa. The Williams said Young is now home, but still having much pain.

SUNDAY AFTERNOON company for the C. C. Testermans were Mr. and Mrs. B. W. Yeary, Lubbock, and Mrs. E. W. Yeary of Littlefield. A. J. WALLACE is still a patient in the Medical Arts Hospital, reportedly showing much improvement and able to have some company.

MRS. D. J. COX was dismissed from the Medical Arts Hospital Friday. She with her family drove to Welch and had supper with his mother, Mr. and Mrs. Harvey Whittenburg, and drove to Dawson for the Bula-Dawson game.

## New School Textbooks Under Consideration

School Superintendent Paul L. Jones has released a list of textbooks which have been recommended by the State Textbook Committee in its report of Sept. 18. The books are now under consideration by the State Commissioner of Education and, if approved, the complete list will be presented to the State Board of Education for adoption at its meeting Nov. 10.

The books adopted will be introduced into the school systems of Texas when schools begin next fall.

Citizens are asked to examine the list and be ready to make comments to the Littlefield School Board when they consider the list next spring.

DEMON IN DIAPERS or model of maturity? Registering at a hotel or as a motel guest, you show your personality development.

## What's Maturity?

What does "maturity" mean to you? Middle-age spread and narrow, elderly ideas? Or a fortunate state of mind that can help you do more and BE more, whether you're 15 or 50?

Here's how Dr. Chaim Genott, noted child psychologist and best-selling author, describes the end product of the long growing-up process: "A human being with compassion, commitment and courage, a person whose life is guided by a core of strength and a code of fairness."

If you don't quite see yourself in that picture, take heart. The mere fact that you can admit to immaturities shows that you are more mature than you think!

The following quiz may give you further clues. While these questions and answers are not intended to cover the whole subject, they can help you rate yourself in certain key areas of maturity.

1. Can you accept responsibility for your own failures and mistakes?  
The average 3-year-old is a genius at finding scapegoats and alibis. ("Mary made me spill my milk.") Many people never get far above this level, though their excuses do become more sophisticated. ("I couldn't finish my education because my parents didn't have the money.") The mature person knows that he not his parents, his teachers, his boss or Fate—is ultimately responsible for the way his life turns out.
2. Can you put off till tomorrow what you'd rather do today?  
If you can postpone immediate pleasures for the sake of future rewards, you have taken a giant step toward a self-disciplined maturity. The infant (or infantile person) wants what he wants when he wants it. The grown-up (or growing-up) person can turn off the TV...deny himself that shiny new car...and buckle down to passing his exams, earning a degree or a promotion, saving for a rainy day or a sunnier future for his family.
3. Are your goals worthy of you?  
Your level of aspiration—professional, social, and yes, moral—is a sign of how well-developed your personality has become. If you have a realistic idea of your assets and liabilities, and if you like and respect the person you are, then you are less likely to cheat the person you could be.
4. Do you genuinely like other people—and show it?  
If you are mature enough to have a healthy self-respect, then you are probably warm, friendly and considerate to others. And you reap the rewards wherever you go; in a recent survey of hotel personnel, 93% say they overextend themselves for patrons who treat them with respect.

Those who make a career of rudeness and sarcasm—who occasionally enjoy tearing people down—are said by psychologists to be advertising their own self-contempt. Unfortunately, the world usually shares their opinion.

5. Do you want everybody to like you?  
This is an immature attitude! You can be friendly and outgoing without running your life like a popularity contest. The mature person is unwilling to be false and wishy-washy just to win a few dubious "friends." He is not afraid to say "no" because he is then free to say "yes" to the activities and people that really matter to him.

6. Do you feel strongly about a lot of things?  
Many people mistake enthusiasm for immaturity. However, detachment and "cool" are not necessarily signs of being grown up. They may mean that you are giving up, "copping out." According to psychiatrist Theodore Isaac Rubin, author of David and Lisa, "Dedication to winning on any level, in any area requires an intensity of emotional investment."

7. Do you act constructively on your beliefs?  
If you don't like the way this country is being run, are you getting involved in politics to work for the changes you want? If you are concerned about the poor and the deprived, have you tried volunteer work to help them? (Teaching one underprivileged kid to read better could have more impact than a dozen demonstrators.)

8. Do you use your money or does it use you?  
People who hoard or spend compulsively...who must surround themselves with big-ticket status symbols...who use money as a weapon against husband or wife...have lost real control of their purse strings. Often they fail to buy things which would make them safer or happier. For instance, many immature people hate to spend for intangible things such as insurance or a hotel vacation. And some people unconsciously punish themselves by getting into financial scrapes: If you can avoid those pitfalls—and if you don't think "budget" is a dirty word—you're probably reasonably mature about money.

Of course, no one ever achieves complete maturity. (If your score was too perfect, check again). Becoming an adult is hard work. Although no previous experience is required, the hours are long, the vacations few. But the rewards are tremendous—and getting there can be half the fun!

## State Fair Under Way

Big Tex and his State Fair of Texas are on earth, take a giant step together into the space with the Moon Exposition, Oct. 4-12.

The four-story won't be swapping 75-gallon Western hat astronaut's helmet for whole fair will have a space flavor mixed with timeless taste of snow and hot dogs.

A serious scientific will add its own exhibit, a comprehensive show featuring a mockup of the command module, right down to the last nut.

## Quarterly Survey Set In October

Census Bureau Representative Mrs. E. McNeese will take a survey of consumer behavior home improvement expectations in this area in October.

The survey is part of a nationwide effort to obtain information used by Federal agencies and groups in developing programs based on consumer patterns.

A sample of residential area will be asked to expect to buy a house or major appliance during next year and if they made recent purchases of items.

Homeowners will be about home improvement repairs during the last months and any plans for the future.

In the most recent of the series, taken in families in the U.S. said that their plans to buy cars were about the same as they had been in the year earlier.

The survey also shows continued high expenditures for house durables.

Households in the survey are surveyed are not interviewed. All answers are confidential by law, information obtained will be published only as statistical totals.

## Historical Meeting Set Oct. 24-25

The sixth annual meeting of the Texas State Historical Survey Committee and private affiliate, the Historical Foundation, will be for Oct. 24 and 25 at the Inn in Waco.

Charles R. Wood, TSHSC president, said more than 300 county historians from across the state are expected to gather for the meeting.

Those attending the meeting will be members of the 254 county historical survey committees, members of the Texas Historical Foundation and other persons interested in the preservation of the heritage.

# Texas Prison Rodeo Expected To Be Wild

The one thing that makes a wild rodeo wilder is competition. This year, for the first time in several years, the Texas Prison Rodeo will see approximately 40 convict riders competing against only one former champion.

According to Albert Moore, veteran prison rodeo director, O'Neal Browning, who was last

year's top money winner, will be back to defend his title and will try to add to his six "top hand" titles which were won over the past 19 years.

The Texas Prison Rodeo, held every Sunday in October in the Prison Stadium, has been rated as one of the best family entertainment features in the Southwest.

Guest stars, who will make personal appearances for the 1969 rodeo series, include Wanda Jackson, Oct. 5; Merle Haggard, Oct. 12; Buck Owens and his Buckaroos, Oct. 19; and Hank Snow, Oct. 26.

To round out a fast-moving two-hour show, there will also be entertainment by a number

of the best inmate groups of the Texas Department of Corrections.

Net proceeds from ticket sales go to assist all inmates to obtain services offered through the prison's rehabilitation program. The rodeo begins each Sunday in October at 2 p.m.
