

Lockney Beef Tough

LOCKNEY LONGHORN Charlie Mathis takes his lumps from a trio of Wildcat players, Dennis Hartley (24), Kenny Pratt (78) and Ralph Funk (21). Mathis got other times, however, and scored three of the four Longhorn touchdowns.

Littlefield's Wildcats controlled the ball, but Lockney kept a firm hand on the ball game at Lockney Friday night as the Cats went down to their fourth consecutive loss, 28-13.

It was the first District 3-AA game for both clubs, and once again, it was the "big play" that sent the Wildcats home in disappointment.

Although Littlefield had the ball on 78 plays from scrimmage to Lockney's 45, the Longhorns made four of theirs work for long yardage.

Lockney's speedy Charlie Mathis, a 165-pound junior halfback scored on runs of 41, 2, and 46 yards, with the middle tally set up by a 61-yard pass play.

FB Pat Bennett, a hard-running 160-pound junior, got the other Longhorn TD on a 53-yard run.

The four big plays accounted for 201 of Lockney's total 368 yards.

Meanwhile, Littlefield was punching out short gains throughout the game, rolling for 20 first downs to Lockney's 13, and keeping the ball for two-thirds of the time during the first three quarters.

LB Danford, 185-pound halfback, got Littlefield's two scores on a pair of two-yard

runs. Calvin Kilby kicked the lone extra point.

Littlefield led 7-6 after the first quarter, but Lockney took a 20-7 halftime margin.

The Wildcats kept the ball for all but eight plays of the third quarter in closing the gap to 20-13.

Mathis' 46-yard run came with 2:23 left in the game and

iced down the first victory of the year for Lockney.

Then Littlefield, using soph QB Alan Mackey in the final two minutes as it did in the Slaton game, rolled down to the Lockney 17 before the clock spelled the end.

Lockney, proving again the old idea that games are won or lost in the fourth quarter, picked up 136 total yards in the final

period, compared to Littlefield's 51.

And the Longhorns did it despite a pair of fumbles lost in the last quarter, one at the Wildcat 33 and the other at the Cat 11.

The Wildcats fumbled it right back after the first turnover, then couldn't get a first down when they needed it most following the second recovery.

After Lockney's first TD, the 41-yarder by Mathis, the Cats quickly drove for a tally. Danford's fine 47-yard kickoff return put Littlefield in business at the Lockney 33.

A look-in pass to End Jerry McCary moved the ball to the 19, and after two 5-yard penalties against the Cats, Danford carried twice, once for nine yards and the second time for two yards and a score. Kilby's extra made it 7-6 with 6:11 left in the first period.

Later in the period, the Cats moved it to the Lockney 40, but fumbled. The Cats reached the Lockney 44 in the second period, but drew a 15-yard penalty.

But the biggest blow of the game, from the Cat point-of-view came after Don Hemphill's interception stopped a Longhorn drive at the Littlefield seven. The Cats, leading 7-6, moved

LITTLEFIELD, LAMB COUNTY, TEXAS, SUNDAY, OCTOBER 4, 1970

NUMBER 46

Y-DAY FOR HAY IS HERE

Bales Are Out, Cubes Are In

W. H. RODGERS

News Staff Writer

With a lot of hay to feed 1,000 head of cattle fed daily in the seven Lamb County feeding operations, there is a new wrinkle in alfalfa.

Instead of baled hay, now, instead of man-handling several bales, several bales can be held in a hoist and water hold 1/2 x 3 1/2 to 4-inch diameter. These are connected to a trailer that elevates and dumps when filled.

Tommy Patterson and Leroy Sawyer of Littlefield own one of these \$32,000 implements. There are several cubing machines in the Sudan and Nickols Gin area, including those owned by Coleman Terrell, Raymond and Mat Nix and Glen Chester.

This year most of this cubed hay is going directly to feed lots in this area, but last year some of the cubes went as far as Tulsa.

All of the alfalfa being cubed by Patterson and Sawyer is contracted to the PGC lot at Mayfield. Hay cubed by Terrell is going to the lot near Olton, also. Chester is cubing for the Sudan

side lot, and the Nixes are cubing for the Sudan lot and stockpiling for winter sales.

Patterson said the cubing operation is like any other custom work except more money has to be spent to buy the equipment and repair costs are higher.

The cubing operation is new with the first machines out only three or four years ago. This is Patterson's and Sawyer's first year to do custom cubing, and they have had almost no repair bills. But after the first year an operator needs to put back

\$2 per ton for repairs. Patterson said. Fifteen dollars per ton is charged for the cutting, cubing and hauling.

The moisture content must be 10 per cent, and three days after swathing is the earliest cubing can be done. The cuber holds 300 gallons of water, and this is added as needed to keep the moisture just right. The cubes are "cooked" at 180 degrees, and the combination of water and heat holds the cubes together.

The machine cubes five tons

an hour. The hydraulic lift trailer behind the cuber is filled every 30 minutes, and this keeps two trucks on the road to the feed lots during the operation.

Patterson has 260 acres in alfalfa. Harvey, Harrell and Carrell Patterson have an additional 150 acres northeast of Littlefield.

The legume is a soil builder, and once established produces five to 10 years with fertilizer and water all that is needed to maintain the crop. Four to five tons are made

during the growing season with the peak crop usually in July.

Older and semi-retired farmers are turning to alfalfa crops because they can still keep a hand in production without too much physical labor. Ninety per cent of alfalfa in this area is irrigated by mechanical sprinklers, with the remaining percentage watered by borders.

Agriculture officials say the trend of growing alfalfa is expected to last as long as feeding operations continue, and those prospects are good.

2 Gins Get First Bales

The first two bales of cotton in the immediate Littlefield area were ginned this week.

Garland Koontz, who farms two miles northwest of town, got the first bale among Littlefield farmers when he took 1,970 pounds to Lumsden Gin Wednesday morning.

Koontz planted the Paymaster 111 on irrigated land May 10. Hand harvested off approximately five acres, the bale weighed 485 pounds and had 850 pounds of seed.

Koontz received a \$50 premium from the gin, plus free ginning, and \$10 from the Central Compress at Sudan.

Friday, Levi Coble machine harvested six acres of dryland Ricco cotton grown just south of Littlefield and it was ginned at the Littlefield Farmers Co-Op Gin on the Spade Highway for the first bale ginned in Littlefield this season. The 2,380 pounds ginned out a 465 bale with 720 pounds of seed from the May 1 planting.

PATTON CHAIRMAN

Doyle L. Patton, Jr. of Littlefield has agreed to serve as the Easter Seal Representative for Lamb County.

As the Texas Easter Seal Society for Crippled Children and Adults' Representative, Patton is the person to contact to request assistance or services from the Easter Seal Society of Texas.

5,500 POUNDS OF CARROTS were sorted and shipped to Campbell Soup Company at Paris, Texas late Thursday afternoon by Gene Mixon Trucking. This was the sixth load of carrots to come off Deb Bawcom's field, and he says he will have about 35 or 40 more loads to go later. These carrots came off just less than an acre.

ALFALFA is fast replacing baled hay. Harvester and storage is making baling hay a thing of the past. Tommy Patterson, left, and Leroy Sawyer cubed the hay they custom harvested. Area feedlots contracted the cubes to grind, mix with grain supplements and feed out cattle.

TULIPS BROUGHT A FORTUNE

When tulips were first introduced to Holland, the mania for these flowers was so great the following list of items were given in barter for a single bulb:

4,000 pounds of wheat, 8,000 pounds of rye, four fat oxen, three fat swine, twelve fat sheep, two hogheads of wine, 1,000 gallons of beer, two tons of butter, one thousand pounds of cheese, a complete bed, a suit of clothes, and a silver beaker—all this being worth at the time around \$1,200.

Flowers today are most reasonable in their prices, even the flowers that were at one time considered out of reach, through cultivation, hothouses and other means of production all are a good buy at our shop.

Modern electric comfort heating is already being enjoyed by over 4 million American families!... almost 5,000 in our area alone. The reasons are many, but what most people like about clean electric heating is the comfort it gives. An even warmth from floor to ceiling creates a comfort unlike any other heating method. You owe it to yourself and your family to get the facts about electric heating... and now is the time to do it.

Storm windows have proven their value in keeping out cold, wintry winds, holding down inner heat loss and contributing to lower heating costs. The storm windows now offered free with qualifying home electric heating installations, are 2-track, aluminum windows with screen, and custom made to fit your own windows. Storm windows do an excellent job of combating dust storms, too.

IS YOUR HOME ELIGIBLE?
This offer is available to residential customers of Southwestern Public Service Company, living in existing single family homes and qualifying for the special residential electric heating rate. Should you already have storm windows or windows of such design or shape that they do not lend themselves to normal installations, do not despair—we have a special, most attractive plan for you, too.

By CORNBALL BLEVINS

DO YOU WONDER how we got into the role of playing Big Brother to all the little nations of the world? It's a rather expensive hobby don't you think? --That is, if you want to think of it as a hobby.

WELL, YOU SEE, the world's a huge Chess-Board, and the Reds and the free world (The U.S.A.) are the

players.--The smaller nations are the pawns, while the men-o-war are the larger nations.

These two forces are playing for slightly different prizes. The Reds are playing for world domination, while the Free nations simply want peace and freedom.--Surely, no nation, in its right mind, would want responsibility for the entire world. But seemingly this is the case with the Reds.

THE TWO SYSTEMS are making their moves in similar ways --The "Something-for-nothing" gimmick! --The Reds with promises and arms and the U.S.A. with cold cash and war-materials. (In some cases, with armed forces)

This is the price you pay when you've set your self up as the champion of freedom, with the determination to defend its cause.-- This, especially, if you're big and powerful enough to make good on your word.

Really, the Commies have the simplest system in the world.--The government owns all the property, and the subjects do all the work. The government furnishes you enough to exist on, and your only responsibility is to the government. --You don't even need to worry about your job.--It's furnished too.

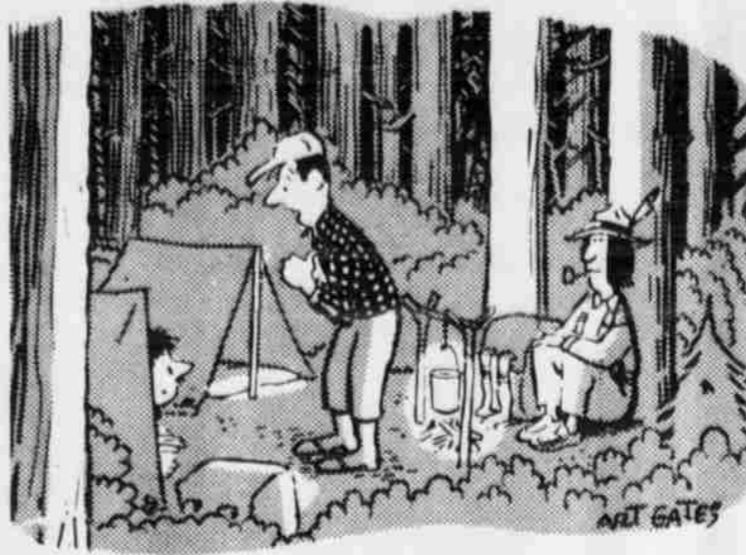

They educate your kids and appoint them to the places they're most needed. This, with no muss, nor fuss from the parents.--And, shux, you don't even need God under their system.--By reason of the "Something-for-nothing" thing, their subjects seem willing enough to bear with them. They don't even have to do their own thinking!

OUR SHINING HOPE for the fall of this system is that they, themselves, are split.--You know The Russian Reds, and the Chinese Reds. --Our hope is that perhaps they'll end up like the Gingham dog and the Calico cat just eat each other up!

Meanwhile, even with the waste, that is so evident in our foreign program, when we begin to gripe about the cost of all this foreign aid, we might remember just what the alternative might be!

I THINK WE'D rather send our dollars, than our boys.--And, I think, also, that we'd rather have what we've got than have what the commies have to offer.

In other words: If we're gonna have freedom, we'll have to pay for it!!!

"The guide wants a raise or he'll quit!"

A WOMAN'S VIEW

Peace

By PEARL BRANDON

AT THIS WRITING it is so peaceful this beautiful morning in my home, in this little part of these United States of America. Yet as I meditate, my thoughts go out to the turmoil of the world.

Millions of people are mourning the death of Nasser of Egypt. There are pictures of people clawing for food in Jordan.

Our boys are still dying in Viet Nam and our President is on a trip to foreign countries seeing a peaceful solution to great world problems; while people in Italy demonstrate against him and spit on our flag.

MANY HEARTS are quaking with fear, wondering where it will all end. What are the solutions to the monumental problems of our time?

Once long ago a man walked the dusty roads of Palestine bringing with Him the answer to all problems. "Peace, I leave with you, my peace I give unto you; not as the world giveth, give I unto you. Let not your heart be troubled, neither let it be afraid."

THIS SAME MAN died a short time after uttering these words, but nearly two thousand years later, His influence lives on in this great nation of ours, while the descendants of Abraham still fight among themselves where Jesus walked.

Surely the time will come when the prophecy of Isaiah will come true. When men will study war no more. . . when the weapons of war will be molded into instruments of peace and all men shall walk in the light of the one true God.

WHEN THE penetrating love of the Prince of Peace shall enter into the hearts of men everywhere and they shall want for their neighbor what they desire for themselves.

"The lofty looks of man shall be humbled, and the haughtiness of men shall be bowed down and the LORD alone shall be exalted in that day."

THE TIME will surely come when the love of God shall cover the earth as the waters cover the sea. I know this sounds far out, especially now, in the midst of such great strife everywhere. Yet I seem to hear the far cry of the seer, echoing forth, as he also said:

"And it shall come to pass in the last days, that the mountain of the Lord's house shall be established in the top of the mountains; and shall be exalted above the hills, and all nations shall flow into it." So be it, Lord, my God.

THE ABUNDANT LIFE

Living Power

By BOB WEAR

LIVING IS NOT EASY, but it can be very satisfactory. It can be rich and full. It can truly be the abundant life. All of these things can be truthfully said, and more, when we have living power.

All of us have great potential for the development of such power, but this is not something that just happens. It is an accomplishment requiring our best, continuing efforts.

THERE IS POWER in being true to one's self. This is realized by keeping the conscience clear.

We must not violate our conscience. If we insist upon going contrary to our conscience again and again, we are dissipating our living power.

Although the conscience is not an infallible safe guide in all matters, it must be respected.

GRATITUDE FOR BLESSINGS is a terrific source of power for living. This means, of course, that we are diligent to see and fully identify each blessing.

It also means that the gratitude we feel must be sincerely expressed. To whatever extent we ignore our blessings, we deny ourselves much of the living power we need.

PATIENCE IS A QUALITY of life which we can develop, and it, for many reasons, must be sought and cherished as life itself. It is one of the principal sources of living power.

We must learn to wait and wait for some things, for most things. This is patience. We must bear our burdens graciously, and with good cheer.

This is patience, too. Then, we must forbear under provocation and strain; and be steadfast in spite of adversity, opposition and difficulty. Patience is power for living.

"It is not necessary for all men to be great in action. The greatest

and sublimest power is often simple patience."--H. Bushnell.

THRIFT IS ESSENTIAL to living power. Many upright and honorable people are losing much of their power for living effectively through extravagance. People who seem to be doing very well in maintaining other principal sources of personal power have become weak through the misuse or unwise use of money and credit.

In order to maintain living power, we must practice good management of personal business. This must be done, even if it means getting help from someone who knows how.

OUR INTERACTION with others must be as pleasant and satisfactory as we can make it. So far as it depends upon us, there must be nothing amiss.

Regardless of what others say or do, we must make sure to fully and wisely do our very best to preserve harmony. Otherwise, we short circuit our living power.

WE MUST BE RESPONSIBLE by being trustworthy, and, to the very best of our ability, meeting all obligations.

This means we are honest, that we are dependable, that we do not betray a trust or neglect a duty. When we are responsible, we are in possession of another source of living power.

THERE ARE OTHER SOURCES of power, living power, such as courage, morality, purity, etc. All of these sources of power are basically spiritual life qualities.

They are sustained, strengthened, enriched and enhanced by a living, dynamic faith.

LIVING POWER is available to all of us.

PAUL HARVEY

Obtuse Policy

SOME OF US KNOW what President Nixon intends our policy to be in Southeast Asia and we know with certainty.

Then how is it that Vice President Agnew returned from five Asian nations having left behind so much uncertainty about our nation's policy in that area?

That's the name of the game.

DOES MACY'S tell Gimble's? Do the Auto Workers tell Mr. Ford? Do the Green Bay Packers publish their game plan?

Sen. Harrison Williams says the Vice President in his public utterances "circled certain issues," left our Southeast Asia policy ambiguous. He meant to.

AFTER THE BIG WAR, the sun began to set on the bankrupt British Empire. The British recognized the impracticability of an island nation no larger than Illinois continuing to feed, finance, fortify, protect and police the almost limitless expanses of Asia.

As Britain withdrew from this peace-keeping responsibility, as France had been forced to do previously, the United States had a go at it.

WE KNEW THAT our 6 percent of the earth's population could not expect to corral and confine all the world's troublemakers, but we tried. It was a too-certain statement by our then State Secretary Dean Acheson which invited the enemy to challenge us in Korea.

IN THIS REGRETTABLE instance, Secretary Acheson said we would not defend South Korea. Subse-

quently President Truman did defend South Korea.

That fumble was recovered but we're still paying for it.

Suppose Vice President Agnew, on a mission for the President, had announced that Cambodia is none of our concern.

THE IMMEDIATE EFFECT would be to dilute resistance, destroy the Lon Nol government, invite the Communists to move in and take over. . .

As they may, anyway. . . But at least we will not rudely have pulled the rug out from under the incumbent government there.

INSTEAD, you'll remember, Mr. Agnew said, "American forces will not be involved in Cambodia. . ."

But then he added, "... unless the security of American troops is threatened."

Similarly in Thailand Mr. Agnew said, "Asia should be defended by Asians."

BUT HE ADDED that the United States will not leave those countries until they are able to defend themselves.

And he said all United States forces will be withdrawn from Korea but for now only 20,000 of our 64,000.

IF EITHER FORMOSA of South Vietnam should be attacked, the United States "will retaliate," but he did not say how or with what.

Some of us can enjoy the luxury of saying we can and must get out and come home and tend to our critical internal problems. A President can't say it like that, even though he wants it like that.

DEAR EDITOR

Thanks Expressed

Dear Editor: We would like to take this opportunity, although somewhat late, to thank the community and the area as a whole for their full support in making our Festivities Days a success.

It was rewarding to us to have this support, and it proved the fact that we can really pull together in a community effort.

The comments that were made about the celebration were very gratifying to us. We would like to express a special thanks to the different organizations and the news media, especially to the Leader-News for the most wonderful coverage of the before and after of our Festivities Days. Your cooperation was the topping on the cake.

Thanks again, s/ Buck Ross, Buck Ross, Parade Chairman, Cliff Smith, General Chairman.

She Likes Features

Dear Mr. Turner, Compliments and flowers to you for such a fine article in your Sunday issue about the young drug addict. I always enjoy the feature articles by Nilah Rodgers. The personal touch, human interest and sometimes humor, she adds to a story, always make for good reading, even if you aren't particularly interested in the subject matter. Keep them coming.

on the ground to the 38, where RB Ralph from 18 to the Horn 20, yard penalty brought to the Horn 43, and recovered an error from QB Lynn Barnes.

Then Bennett did his 53-yard run, and completion to end the worth on the points by it 14-7, Lockney, who in the half.

Then came the 61-yard from Ford to Ducky Lockney had a 20-7, 40 seconds left in the quarter.

The Cats put on their finest offensive drive in the third quarter, 61 yards in 16 plays and coming two passing yards.

A clutch fourth-down by Funk got a first down to spare at the Lockney. Then the Cats overcame yard infraction when Trammell passed a 12 for 12 and RB Larry spun out of a trap at to gain 12 more. The ball at the Horn 12, down later, Purdy got of tough yards for a 14 at the two.

Danford carried the score stood at 20-14 left in third quarter.

But the fourth quarter Lockney beginning the ball for the first time the game, and the Wildcats to stop drives with two coversies.

Mathis' big TD with left settled the issue. Offensively, the Cats yards from Funk in 51 from Dennis Hartley trips, and 44 from nine tries.

But Mathis rolled steps in eight trips and chalked up 121 yards carries.

Defensively, the star-out was a sophomore backer from Lockney pound Paul Moore. He on 16 tackles.

The Cats lost their experienced linebacker Blevins, with a knee injury in the game, and that with the injury suffered backer Danny Estrada against Slaton, hurt defensively.

Purdy was the Cat on the defense, and Jim and Matt Giles also well.

WANT A SLOW BOAT?
Be just the thing for a relaxing after-summer of hard work? Picture sitting a stately on board ship of any ocean liner. You to be served a lush meal, in the atmosphere of plush carpet, tufted walls of velvets and of music around - and to arrive about New Year's when you are engaged in many colorful festivals, the end of their festivals New Year's.
To stop dreaming now and come back to the of your own kitchen and bring the atmosphere of an area with an oriental touch. Serve the family meal - or have a special meal with an oriental touch. A rainbow of lanterns, baskets or tissue paper for decoration - any place you choose should have delicate art - have cushions or seat of chairs around a table, or any other table will do. Each setting should include a set of chopsticks, a spoon. Be sure and get tea at the end of the meal. It also can be served as a starter before the meal. Start begin with "Beef Sukiyaki".

The Littlefield Wildcat J.V. and Ninth grade teams returned from Plainview with another defeat on their records Thursday evening. The J.V. lost to the Blue Dogs, 21-7, and the Ninth grade lost their game 26-6.

The Blue Dogs J.V. outran the Cats 178 yards to 74 yards and ended up with 12 first downs to the Cats' four. Littlefield did manage to outpace the Dogs by completing three of nine passes for 51 yards to the Dogs' two of six for 46 yards. The Plainview squad intercepted one of the Wildcat attempts.

Joe Cristan made the only Littlefield TD as he caught a 23-yard pass from Randy Trotter and carried it over for the score. Larry Hobaratsch kicked the extra point for the Wildcats.

A pair of brothers, Joe and Carlos Cristan, were the outstanding offensive players for the Cat squad. Ricky Sanchez and Eddie Surratt were picked as the outstanding defensive men.

The Littlefield Ninth team also had a tough time in Plainview. The Blue Pups rushed 123 yards against the Cats and picked up 12 first downs. The Wildcats ran for only 49 yards, picking up five firsts. The Plainview team gained 105 yards passing by completing four out of nine attempts. The Wildcats completed three of 16 for 35 passing yards.

The lone Littlefield score came when Kenny Owens returned a Plainview kickoff in the first period for the TD. Owens and Gary Brown were the standouts for the Wildcats offensively. Owens, Kelly Pratt and Luis Villareal were the defensive standouts.

Wolverines Top Sudan, 21-

By GARY BRYSON
Leader-News Sports Writer

Springlake-Earth showed Sudan, Friday night, what the difference was between District 3-A top contenders for the crown.

The Wolverines had the edge with a potent passing attack that was eight of 15 attempts completed for 156 yards, these yards making the difference in a 21-7 Springlake-Earth victory.

The game between the Hornets and the Wolverines was the conference opener for each, with the winner on the trail of a district crown.

Sudan opened up the scoring early in the initial period, after capitalizing on a Wolverine fumble at the Springlake 12-yard line. With 10:03 left in the first quarter the Hornets' fine running back, Gregory McNabb, scooted across for the TD. Kim Ingram kicked the extra point.

Other than the seven points on the scoreboard the Sudan squad couldn't go in the first quarter. Sudan was able to pick up only one first down and had the ball for just seven plays, for a total yardage gain of 37.

Springlake on the other hand dominated the first period offensively. The Wolverines carried 18 times, for gains of 59 yards.

Quarterback Hoyt Glasscock passed four complete out of nine attempts for 88 yards. The Wolverines also notched the scoreboard in the initial period when Glasscock capped an 8-yard drive with a five-yard score. With 0:42 showing in the period Glasscock kicked the extra point, knotting the game at 7-7.

The second quarter turned the tables on the Wolverines with Sudan out looking for blood, and they found it. Junior Back Mike Clevinger missed on a pass attempt and went down with a Hornet riding on his back. The Hornet came up but Clevinger didn't. He dislocated his left elbow and was taken to the hospital for treatment.

Sudan took a Springlake punt on the Hornet 34-yard line and marched 62 yards to the Wolverine four in 19 plays, picking up six first downs along the way. Once at the Springlake four they ran for a called-back TD but in the four plays following they could only gain three yards. In all Sudan rushed for 92 yards in the quarter.

Springlake had a hard time getting anything started in the second period. They gained 41 yards in eight carries and had only one of three passes good for 24 yards.

At the half the Hornets and

the Wolverines were deadlocked by a score of 7-7.

Sudan fared worse in the third period. The Wolves allowed only 11 rushing yards for the Hornets while picking up 30 themselves. The only event outstanding was a seven-yard touchdown pass from Glasscock to Carl Sulser with 5:02 left in the quarter. Glasscock again kicked the extra point.

The Hornets then were able to complete their first two passes of the night. The first was a 13-yard toss from Bo Lance to End Karis Reeves. The other was a 10-yarder from Lance to back David Weaver. Weaver, one of Sudan's top running backs, was hampered by a bad ankle and played little of the game.

In the fourth quarter, Springlake-Earth took the ball on their own 47 and on the second play Eddie Alair found his hole plugged up. He broke to the outside and after breaking three tackles, scampered the remaining 48 yards to the goal for another Wolverine TD. Glasscock kicked his third extra point of the night to make the final score 21-7 for Springlake-Earth.

Both teams played well defensively, with each coming up with an interception. For the Wolverines Glasscock completed eight of 15 passes for 156 yards. His favorite target was Carl Sulser, who caught four of five for 64 yards. Eddie Alair was the other Springlake standout. Alair carried the ball 18 times picking up 76 yards.

Outstanding on the Sudan offense were Weaver, carrying 15 times for 53 yards gained, and Steve Edwards, who picked up 86 rushing yards in 20 carries. Springlake-Earth now holds a 3-1 season record and a 1-0 mark in the district race. The Wolverines will hit the road for Bovina, Friday, in an attempt to keep their winning string alive. Coach Duane Locke said that "Bovina cannot be taken lightly, they are a dark horse candidate for the crown."

Sudan, owner of a 2-2 record, dropped its first district game and will find it tough going to make up. They will face Vega at home this Friday.

HOYT GLASSCOCK, No. 10, picks up five yards in the Springlake-Earth Wolverine victory over the Sudan Hornets. Also in the picture are Gregory McNabb, the Sudan tackler, Carl Sulser and George Nance of the Wolverines, and Gerald Chisholm and Randy Glover coming up to aid McNabb.

GREGORY McNABB runs wide for the Sudan Hornets with Guy Davis, No. 80, and Bryan Henderson, No. 84, in on the pursuit for the Wolverines. Sudan lost, 21-7.

PP&K Winners Are Announced

Winners of the First Co. sponsored Punt, Kick competition were announced Saturday morning. Kevin Walker of Littlefield won in the Age Eight group with a total score of 103. Eddie Elms was the 13-year-old winner. Elms, who scored 185 1/2 points, is from Littlefield.

The winner in the 14-year-old bracket was Rudolph Smith, from Littlefield. Shipley of Littlefield was the Age 11 division winner with 103 points. Rex Jones of Anton was the Age 12 winner with 103 total points. Dean Walker of the Age 13 group scored 273 1/2 points. Walker is from Littlefield.

Complete results of the test with the second place winners will be Thursday's Leader-News. First place winners will be published in the next issue of the paper to be held on the grounds at Texas Tech.

Olton Outruns Friona 3-AA Opener, 35-7

By EMIL MACHA
Leader-News Sports Writer

The Olton Mustangs kicked up their heels for the Friona Chieftains Friday night and out-paced them, 35-7, in District 3-AA action in Olton.

It was a game of drop-the-handkerchief for the officials and a bad case of the fumbles for both teams.

Olton started the game from the Pony 28 and drove 72 yards for the first TD. The drive was climaxed by a 16-yard pass play from Steve Stockdale to Luis Rey.

Olton led 7-0 after Stockdale booted the first of his five extra points with 10:27 left in the first quarter.

On Olton's next possession, the running of Marlos May and Rey led a 64-yard-drive that ended with a 21-yard pass from Stockdale to Mike Parsons.

The extra point was good. Olton took a margin of 14-0 with 4:42 remaining in the first quarter.

In the second period, Friona took over its 24 and started charging back. Four downs later a punt was called. A fumble by Olton on the reception was recovered by the Chiefs on the Mustang 43. Two rule infractions and an earned first down, plus a three-yard run by Mike Royal netted a six-pointer for the Chiefs.

Bobby Drake kicked the extra to narrow the gap, 14-7, with 9:27 left in the half.

Workman took the Friona kick-off from the Mustang 14 and galloped 86 yards for another Pony TD.

The extra was good. Olton led 21-7 with 9:13 left in the first half.

A Friona drive was stopped by an intercepted pass by Emiliano Marquez on the Chief 35. Olton plowed to the Friona 17, but a field goal attempt was short.

The remainder of the half was a defensive duel with outstanding defensive plays by Curt Gregory, Luis Jimenez, Alfred Garcia, Johnny Arroyos, and Jimmy Cannon for Olton.

The defense tightened during the third quarter for both teams.

After a couple of series of downs by both clubs, Olton had to punt on fourth down. The Mustangs charged downfield to recover a fumble by Friona at the Chief 33. This gave them a first down and set the stage for Workman to plow 33 yards for another Olton TD.

The boot for the extra was good. Olton led, 28-7, with 2:50 left in the third quarter.

The fourth quarter was highlighted by a 10-yard pass play from Stockdale to Alonzo Springer for the fifth Mustang TD of the night.

Olton remains undefeated for the season.

Meadow Tips Anton Offensive Battle

Anton Bulldogs fell to an onslaught by the Meadow Bronchos, 41-22, Friday in Anton.

Young of the Bronchos first blood with a long run. Terry Wilkes made the extra point. Mike made the second TD on a 21-yard running play. The two-point conversion was good.

In the first period the Bulldogs pulled up even with the Bronchos with Quinn Wilkes scoring on a 41-yard play. Williams was awarded the ball to make the two points.

Each of the teams scored in the second quarter giving the Meadow squad a 15-0 lead over the Bulldogs.

McCallister broke into the dog backfield to scoop an Anton fumble that he kicked a TD, giving the Bronchos their first third quarter lead.

He ran 14 yards for another TD and also kicked the extra to give the Meadow a 28-8 lead.

McCallister broke loose in the third period to keep the Meadow up. The extra point was good and the Bulldogs trailed 35-8 at the third quarter.

McCallister hopes the Bulldogs did not get down the drain in the third quarter when Young ran from the end zone for six more points. Wilkes kicked the extra to give Meadow a 41-8 lead. Wilkes again

Panthers Drop Fourth Straight

The Whitharral Panthers suffered their fourth loss in as many games in falling to the Sterling City Eagles Friday night. The final score was 32-0 for the Eagles.

Eddie Escobar for the Eagles scored twice and Bob Bynum added to the scoring.

Whitharral will be playing their first district game this Friday against a tough Smyer team. Last year Smyer beat the Panthers, 52-14.

The Panthers will be trying to get their offense rolling next week. So far they have only been able to score six points in the four losses.

Ernest Mills In 300 Club

ERNEST MILLS made the "300" Thursday night when he fulfilled his life-long ambition of bowling a perfect score of 300 at the Bowling Lanes in Littlefield. This feat that very few bowlers will be awarded prizes from the American Bowling Congress and other bowling organizations that amount to around \$500.

KAY CAMPBELL was crowned homecoming queen at Amherst Friday night. Shown left to right are Kathy Tomes, Kay Campbell, Susie Humphreys, and Leesa Nelson. Amherst's mascot stands in the background.

Sundown Rally Nips Amherst

Amherst, after playing strongly for three quarters, fell to a fourth period rally by the Sundown Roughnecks at Amherst Friday night. The Roughnecks, behind the running of James Hayes, broke the scoreboard in the final minutes of play to score 13 points and break the Bulldogs 20-13 third period lead. The final score was Sundown 26 and Amherst 20.

Hayes proved that he was not to be stopped against the Bulldogs, as he ran 20 plays for gains of 153 yards and four touchdowns.

In the first period Hayes scored from the one-yard line to give the Roughnecks the lead. John Soules kicked the extra point.

Hayes struck again in the third quarter on another run from one yard out. Soules missed the extra point conversion on this

TD. In the fourth period Hayes scored from the three for one TD and again from the five for his fourth score. A two-point pass was broken up on the first TD. Soules scored the extras on the second six points.

Besides Hayes as a Roughneck standout was Robert Edwards. Edwards ran 22 plays for gains of 183 yards. Sundown completed only two of eight pass attempts for 51 yards.

The Sundown backfield and ends were responsible for a total rushing yardage of 509. Amherst gained 356 total yards.

As it was a one-man scoring spree for the Roughnecks' Hayes, so it was for Bobby Clayton of the Bulldogs. Clayton made TD's on running plays of 65 yards, two yards and 25 yards. A two-point play made the extra points on one of the Bulldog TD's.

Clayton was, as usual, an outstanding offensive player. Out of the total 356 yards Clayton was responsible for 272 of them. Doug Cummings, a recent convert from runningback to quarterback, passed for 13 yards on one of six attempts. Cummings was the other Bulldog offensive standout. In 13 carries he added 74 yards to the Amherst stats.

The Sundown coach named both Clayton and Cummings as the defensive standouts as well. Amherst will open the race for the district crown next week in a game to be played Saturday in Meadow. The Bulldogs, as yet without a win, will need this game badly to keep any hope of the championship alive.

WHICH SIDE?

CHRISTIANITY, OR COMMUNISM... Which side are you on?
 There is a distinct line, "THE IRON CURTAIN," separating the two. Communism is an atheistic, materialistic, scientific, political conspiracy, aligned against God. Communism says, "DOWN WITH THE CROSS!" It declares Man is state-owned property. Christianity, the Bible and God are on one side. The hammer, sickle and Communism on the other. *If you are a Communist, you are Godless. If you love God, you are not a communist. Freedom and a sense of human worth are the Bible's gift to mankind. The hammer blows will falter! The sickle's edge will grow dull! The Bible and the church will endure. WHICH SIDE ARE YOU ON?*

Plymouth Road Runner Has a New Look

STYLE FOR ROAD RUNNER — Here's the sleek and racy 1971 Road Runner, the pacesetter intermediate size high performance car. Road Runner engine is the 383 cubic-inch four-barrel V-8, with 440 six-cylinder (shown above) and 426 hemi optional. Road Runner is one of 13 models in the Plymouth Satellite line, and all have completely new styling. There are five coupes, three four-door sedans and five station wagons. Tailgates on the wagons function as a door without rolling down the rear window.

BROUGHAM—For 1971, Dodge will offer both a four-door hardtop, shown above, and a two-door hardtop in the Brougham series. Cars feature exceptional passenger room, aerodynamic style. Wheelbase: 122 inches.

Chrysler, Dodge, Plymouth Lines Go On Display

Five lines of 1971 cars and trucks make their debut in Littlefield Tuesday at Garland Motor Company.

The Tuesday, Oct. 6, showing is the first day residents will be able to see the new line of vehicles from the Chrysler Division.

Chryslers, Plymouths, Imperials, Dodge cars and Dodge trucks for '71 will be on the showroom floor and lots at Garland's.

CLASSY CHRYSLER — The 1971 Chryslers — 13 models — feature a new level of interior comfort, styling refinements and engineering improvements. The Newport, shown above, has a new grille, full-loop bumpers front and rear, new wheel covers and taillamps which are recessed. Interiors have been made more luxurious, and Torsion-Quiet Ride, which reduces noise and vibration, has been extended to all models. The Chryslers are available in five series: Newport, Newport Custom, 300, New Yorker, and Town & Country wagons.

DEMON FOR ECONOMY—New addition to the Dodge compact line for 1971 is the 108-inch-wheelbase Demon, which combines economy and sporty look. Engines range from the 198-cubic-inch Slant Six to the 340-V-8.

SAFETY AND LUXURY — New levels of safety and luxury are reached in the 1971 Imperial, which brings an industry first to market — an optional four-wheel anti-skid brake system, the first on any American car. Improved riding qualities, greater comfort and convenience and luxurious new interiors also are featured. The new brake system allows the driver to stop quickly and still maneuver his car under extreme braking conditions or on slippery streets. Among the many features which are standard on Imperial are the big, 440-cubic-inch engine, automatic transmission, power steering, vinyl roof, and power windows.

**RULES
OF THE CONTEST**

All you have to do to be eligible for the weekly cash prizes is complete the form below and turn it in to the Leader-News office. In each merchant's block is a game. Mark out the team in all blocks you believe will lose. Then in the "Breaker" box, put the scores you believe each of the teams will make. Weekly judging will be based on the total number guessed correctly. In case of a tie, tie-breaker will be used to determine top winners. Decision of the Leader-News scoring judges will be final.

To be eligible for the 2 free tickets to the New Year's Game at the COTTON BOWL, the total number of correct guesses will be totaled through the 12-week season.

Entry forms must be in the Leader-News office, 313 West 4th Street, no later than 5 p.m. Friday. Forms mailed to the Leader-News, P. O. Box 72, must be postmarked Friday. All late entries will be voided by the judges.

LIMIT—One entry per contestant per week.

BE SURE to complete the form by PRINTING plainly your name and complete address. Contest winners will be announced in each Thursday's issue of the Leader-News.

Local Savings Reach \$4,771,000

Residents of Lamb County seem to have their financial affairs under good control. As a whole, they are living well within their incomes, spending much less than they are earning.

Some of the surplus is being used by them to reduce their consumer debt. The remainder, or a considerable part of it, is being put into savings.

The evidence is seen in the rise in their bank deposits, in their savings and loan accounts and in their purchases of U.S. savings bonds.

During the past year, it is estimated, Lamb County families stashed away some \$4,771,000 in liquid assets.

As with people in other parts of the country, they have grown cautious. High prices, unemployment, strikes and other economic conditions have led them to postpone some of their big-

ticket purchases and wait for a more favorable climate.

Meanwhile, they are accumulating a sizeable nest egg. This pool of purchasing power, when released, could spark a big buying surge.

The figures on savings are based upon national findings reported by the Commerce Department and other agencies and upon income and sales data for each community.

They show, as would be expected, that the amount a family can save depends primarily on how much it has left after paying its bills for necessities.

Those with merely subsistence incomes were not able to save anything, of course. Those at the \$5,000 after-tax level put aside 3.0 percent of it, on average, and those at \$7,000 about 5.2 percent. In the higher income brackets the rates were considerably larger.

In Lamb County, where the average disposable income per household was \$10,040 last year, according to the latest annual report, the overall rate of savings was 7.2 percent. It amounted to \$720 per household.

Elsewhere in the West South Central States, it was \$570 and, in the State of Texas, \$630.

Implied is that the rate in each community is similar, for each income group, to what it is in the rest of the country.

For the local population as a whole, the savings in the past year reached the imposing total of \$4,771,000.

Nationally, such savings are touching \$42.8 billion for the year, an increase of \$5.2 billion over the previous year.

ARMES of Littlefield, right, outgoing chairman of the Board of Directors of the Region XVII Education Service Center in Lubbock, presents an award to Roy D. Whitt of Muleshoe, who has three years on the board of directors.

Whitt Goes Off Education Board

Armes of Littlefield, outgoing chairman of the Region XVII Education Service Center in Lubbock during 1969-70, was replaced by Robert Crosbyton.

A veteran member of the board of directors, Whitt served as chairman during the past year.

Officers elected included Finzell of Lubbock, chairman, and Clint Walk-Whitt of Muleshoe, secretary.

New board members were R. E. Snell of Littlefield and Bruce Rigler of Plain-

Hamilton, Lubbock, who served as a director for two years and chairman one year.

The joint committee and board met for a new three year session on Sept. 15.

Whitt of Muleshoe was recognized for his service to the Education Service Center.

The board approved four new members to the ESC staff. They are Noel Byars as coordinator of data processing, Kaye...

Gela Kay Green, educational diagnostician; and Mackie Bobo, special education instructional materials center library consultant.

Dr. O. R. Douglas, executive director, presented a progress report to the board. Other reports included business and finance, media, planning, evaluation, and research, programs, and dissemination.

In other business, the board passed a resolution requesting the State Board of Education to seek state funds for basic operation of Education Service Centers in Texas.

BULA

MRS. JOHN BLACKMAN
933-2328

DESPITE THE inclement weather the Bula School homecoming was well attended Friday. Not many of the exes were in attendance for the speaking and afternoon program but following the game a large group gathered in the school lunchroom for coffee and donuts. About 150 plates of barbecue were served by mothers of the senior class preceding the game. Miss Diane Crume, daughter of Mr. and Mrs. Edd Crume was crowned homecoming queen at half time. The runner ups were Carolyn Turney and Pamela Layton. New president for the exes will be Jr. Austin and secretary Sandra Austin.

DONNA CRUME, student at Wayland spent the weekend with her parents, Mr. and Mrs. Edd Crume, and attended the homecoming. All of the 1969 graduates were present for the homecoming.

MR. AND MRS. W. R. Adams spent several days recently visiting with her brothers and their families, Mr. and Mrs. G. C. Jaynes and Mr. and Mrs. S. E. Jaynes of Bonham, they also spent some time with his sister, Mr. and Mrs. Roy Foreman of Hugo, Okla.

MR. AND MRS. Earl Shields and children of Lella Lakes spent the weekend visiting her mother and brother, Mrs. R. E. Jones and Wendell and they also attended the homecoming Friday night.

VISITING OVER the weekend in the Buck Medlin home were Mr. and Mrs. Glenn Salyer and daughter, Shelly of Lubbock, and Mr. and Mrs. Dennis Medlin and children of Brownfield.

MRS. JONNIE JACKSON, Mrs. Nellie Baker and small son, Jonnie, and Miss Alma Lou Pierce all of Lubbock spent Wednesday visiting their parents, Mr. and Mrs. P. R. Pierce.

MR. AND MRS. Paul Gordon and small son, Chris, visited Thursday and Friday in Perryton with a friend Mrs. Herbert Key.

WEEKEND COMPANY for the W. T. Thomas were her brother and wife, Mr. and Mrs. Felix Woodard of Kerrville.

WMU MET TUESDAY at 2:30 with Mrs. Williams in charge

A short business session was held and Mrs. Locker opened with prayer and Mrs. Richardson read the call to prayer calendar. Mrs. Williams gave the closing prayer. Attending were Mrs. Rowena Richardson, Miss Vina Tugman, Mrs. Fred Locker, Mrs. C. A. Williams, Mrs. E. O. Battles, and Mrs. P. R. Pierce.

MR. AND MRS. C. A. Williams spent the past week visiting in El Paso with their daughter, Mr. and Mrs. James Couder and son, Steven.

MR. AND MRS. J. L. Latham left Wednesday accompanied by her uncle from Bell Gardens, Calif. for a visit with her mother, Mrs. Lillie Flowers at Lake Thomas and other relatives in the area.

PAUL YOUNG, Guy Sanders and Ralph Beasley left Tuesday for a few days of fishing down on the Rio Grande River.

SCHOOL TURNED out early Monday and two school buses took school children home from the seventh grade through high school to the South Plains Fair.

COMPANY FIRST of the week for the Bill Brewers were his parents, Mr. and Mrs. E. W. Brewer of Amarillo and her mother, Mrs. W. L. Calwson of Littlefield.

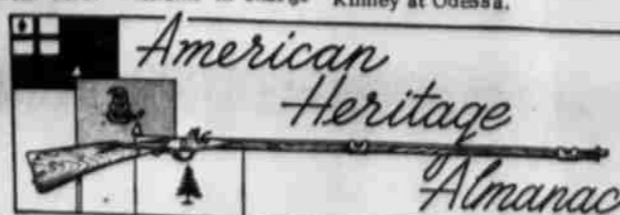

MRS. JONES had charge of the class Tuesday morning when the ladies Bible Class of the Church of Christ met. Attending were Mrs. J. D. Rowland, Mrs. John Hubbard, Mrs. John Blackman, Mrs. J. C. Withrow and Mrs. Jones.

MR. AND MRS. J. D. Rowland visited Monday with Mrs. James Fine at the Methodist Hospital, Lubbock.

MR. AND MRS. Donald Gruesendorf and Mrs. Rowena Richardson and Miss Vina Tugman visited Saturday in Plainview with Mr. and Mrs. Sammie Nichols and new baby daughter, Tanya Lynn. The little lady is a granddaughter of the Gruesendorfs and a great-granddaughter of Mrs. Richardson.

MRS. LULA HARLAN is a patient in the Amherst hospital for a series of tests and observation.

MR. AND MRS. R. B. Wright spent Sunday night with his mother, Mrs. Alta Mae McKinney at Odessa.

Seven Proposed Amendments Discussed

(EDITOR'S NOTE: Representative Bill Clayton of Springlake has included a summary of the seven Constitutional Amendments which will come before voters Nov. 3. We reproduce his letter here.)

September 1970
Dear Friend:

The time of the year now brings an emphasis on campaigns, elections, and issue confronting the people of our state. Since November is just around

the corner, I thought you might be interested to have a little information pertaining to the seven Constitutional Amendments that will be on the ballot November 3.

I think it is good for all voters to have a knowledge of the amendments before casting their votes. Many times we neglect to study the Constitutional Amendments, but they are most important as our Constitution provides a basic structure of law under which we operate in the State.

Our Constitution was adopted in 1876 and has been amended one hundred ninety-five times. If you will remember, we voted on nine amendments to the Constitution August 5 of 1969, and the following seven amendments are a part of the total of sixteen passed by the 61st Legislature.

The amendments appear below in the order in which they will be on the ballot. I have tried to present a little background and the pros and cons of each amendment so that you

will have an opportunity to evaluate the issues before casting your vote.

Amendment No. 1. Proposes to amend Article V, Section 1-a, of the Texas Constitution, relating to removal, retirement, or censure of justices, judges, and justices of the peace under prescribed circumstances. The Texas electorate in 1965 adopted the current Article V, Section 1-a. The section greatly expanded the article in regard to the retirement and removal from office of justices and judges of the appellate courts and district and criminal district court judges. However, no provision was made for censure or private reprimand of judges nor did the section include the judges of the other state and local courts. This amendment was designed to change the provision to include these features.

Argument For: 1. Every judge is charged with the equitable enforcement of law. The responsibilities of the judges of lower courts are no less sacred than those of the justices of the appellate courts; therefore, they should be answerable to the same rules dealing with retirement, removal from office, and public censure or private reprimand.

Argument Against: 1. Except in rare instances, the judges named in Subsection (6) are elected by the people and therefore answerable to the people at the polls. Therefore, the expansion of the article is unwarranted. Increasing the power and scope of the commission might also lead to "witch hunts", and such action could subsequently discourage qualified persons from seeking election to the bench.

Amendment No. 2. Proposes to amend Article XVI, Section 20, Subsection (a), to authorize the legislature to enact a mixed beverage law regulating the sale of mixed alcoholic beverages on a local option basis. During the early days of the Republic, Texas had no restrictions against the operation of an open saloon other than the requirement that the proprietor pay a tax and that he be bonded to guarantee that an orderly and reputable house would be maintained. As the frontier atmosphere faded and civilization sank its roots deeper into community life, temperance groups were militant but only mildly successful in attempts to bring about prohibition in the state. In 1887 the voters of the state defeated an amendment dealing with prohibition by a vote of 220,000 to 129,000. Temperance groups found little support during the next 20 years, but in 1911 a similar proposed amendment on prohibition was lost by only 6,000 votes. World War I again brought prohibition into prominence, and when the federal government submitted the national prohibition amendment in 1918, it was adopted by the legislature. However, prohibition lacked the public support necessary for enforcement, and when Congress modified the Volstead Act to permit the sale of beer in 1933, Texas adopted an amendment to the state constitution legalizing the sale of beer. The 21st Amendment to the federal constitution, which repealed the 18th Amendment, became effective in December, 1933. The 44th Legislature of the State of Texas then submitted an amendment to repeal state prohibition, and it was ratified in August, 1935. The 1935 Amendment authorized the sale of hard liquor on a local option basis but prohibited the open saloon. Many attempts have been made over the years to achieve liquor by the drink, but the issue did not become a major one until it was endorsed by Governor John Connally in 1967. Connally's proposal for a "minibottle" plan of liquor by the drink failed to receive a majority vote during the 1st Called Session of the 60th Legislature in June, 1968. Many lawmakers contended that the constitution would first have to be amended to repeal the provision banning open saloons. Such a resolution was offered and passed for submission to the Texas electorate during the Regular Session of the 61st Legislature.

Arguments For: 1. The proposed amendment would not force mixed drinks on any locality since it requires that any mixed-drink law be on a local option election basis.

2. Adoption of the proposed amendment and passage of subsequent enabling legislation would lead to stricter control of liquor sales to minors, an end to the subterfuge of private clubs, a decrease in alcohol consumption, a reduced crime rate, and fewer traffic accidents.

Arguments Against: 1. The proposed amendment would make alcoholic beverages more readily available.

2. Although enabling legislation for the proposed amendment could be designed to raise needed new revenue through the taxation of mixed beverages, this revenue would be negligible in comparison with resulting problems such as broken homes, juvenile delinquency, drunk-driving, criminal assaults, and other crimes.

Amendment No. 3. Would authorize the legislature to provide by law for the establishment of a uniform method of assessment of ranch, farm, and forest lands based upon the capability of the lands to support the raising of livestock or to produce farm and forest crops rather than on the value of such lands and the crops growing on them. The present provision of the Constitution requires no enabling legislation since it prescribes in detail the procedures for designating land for agricultural use and the assessment of such land for tax purposes on the basis of factors relative to such use.

Arguments For: 1. Farm real estate taxes per acre have increased by more than 22 percent, according to data compiled by the Economic Research Service of the United States Department of Agriculture, and there is a need for the tax relief for owners of such property which the proposed amendment would authorize.

2. The constitutional amendment approved by the voters in 1966 has not provided tax relief urgently needed by farmers and ranchers who use for agricultural purposes land which has greatly increased in value due to its potential use for other purposes, such as urban development. The proposed amendment would enable the legislature to provide such relief.

Arguments Against: 1. Enabling legislation for the proposed amendment has not been passed; therefore, the voter has no idea how far the legislature may go in providing property tax considerations to the owners of farm, ranch, and timber lands.

2. The proposed amendment could result in a tax ceiling for rural lands while urban Texans would be in a different category. ----

Amendment No. 4. Would amend Article III, Section 51-b, Subsection (a), to reconstitute the State Building Commission as a three-member appointed commission. In November, 1954, the Texas electorate adopted the present Section 51-b of Article III. This section created a State Building Commission, composed of the present membership, with a provision that the legislature may designate some state official other than the chairman of the Board of Control to the commission. It also created a State Building Fund into which is paid the revenue which remains from a 2 cents on the \$100 valuation state ad valorem tax after payments of Confederate pensions. This tax may not be levied after December 31, 1976, by virtue of a constitutional amendment adopted in November of 1968. The first structure erected under this section was the State Supreme Court Building. Since then the Capitol Complex has continued to expand. At the time the original amendment was adopted, a person desiring to visit most of the state agencies in Austin had to go to almost 200 locations scattered about the city. The cramped quarters provided by the Capitol also deprived members of the House of Representatives of office space. The amendment was designed to eliminate such situations by the Creation of the Capitol Complex.

Argument For: 1. The governor, attorney general, and Chairman of the Board of Control do not have the time to consider all the details of the additional duties imposed upon them as ex officio members of the State Building Commission.

Argument Against: 1. Since the State Building Commission makes recommendations concerning the expenditure of large sums of public money, it would seem inadvisable to change its present membership of elected officials responsible directly to the people to an appointive membership which is answerable to the voters only through the governor.

Amendment No. 5. Would authorize any county to issue road bonds in an amount not to exceed one-fourth of the assessed valuation of the real property in the county for the construction, maintenance, and operation of macadamized, graveled, or paved roads and turnpikes, or in aid thereof, upon a vote of a majority of the resident property taxpayers voting thereon who are qualified electors of the county.

Argument For: 1. The majority vote requirement of the proposed amendment would make it too easy for a bond election to pass. When bond elections are called with the timing selected to assure turnout of only those in favor of an issue, a majority of the voters could, in fact, be disenfranchised.

Amendment No. 6. Proposes to amend Article XVI, Section 51, to increase the value of the homestead exempt from forced sale from \$5,000 to \$10,000. The precedent for exemption of the homestead from forced sale was established by statute enacted by the Third Congress of the Republic of Texas in 1839. The Texas Constitution of 1845 continued the exemption, establishing it at 200 acres of land (not included in town or city) or any town or city lot or lots, in value not to exceed \$2,000. Constitutions of 1861 and 1866 carried forward the same provision. Then the Constitution of 1869 raised the amount of exemption for urban lots from \$2,000 to \$5,000 and incorporated the statutory provisions clarifying the maximum value.

Argument For: 1. It has been 100 years since the homestead exemption was set at \$5,000, and conditions and economic demands have changed so greatly since that time that the intent of the constitution to protect the home and earning capacity of the citizen is no longer effected through this small exemption.

Argument Against: 1. Since homestead exemptions are often abused by violating the intent of the constitution and permitting the hoarding of extensive assets beyond the reach of creditors with just debts, a larger exemption of \$10,000 as proposed by Amendment No. 6 could increase the opportunity for abuse.

Amendment No. 7. Would authorize the legislature to provide for consolidating offices and functions of government and for performance of governmental functions by contract between political subdivisions in any county. During the past 50 years the population increase and industrial growth of Texas have resulted in more and more demands for governmental services. Because of constitutional limitations that often barred existing political subdivisions from providing assistance, a legislative program of creating "special districts" was established. As the crea-

tion of special districts increased, and it became evident that many of them had overlapping jurisdictions and tax assessments, the legislature sought to provide densely populated areas with a means of consolidating many of the services and functions. In 1966 the voters adopted an amendment which would permit Harris County to facilitate consolidation of governmental agencies. In 1968 the voters approved a similar amendment for Tarrant and El Paso counties.

Argument For: 1. Adoption of the proposed amendment would permit counties to do away with costly duplication of services by consolidation, under which one governmental unit could be authorized to make assessments for all political subdivisions through an equal and fair assessment ratio, thereby providing more equitable apportionment of ad valorem taxes. Such consolidation would also result in coordinated planning to meet the demands of growing metropolitan areas.

Argument Against: 1. Adoption of the proposed amendment would be the first step toward over centralization of government at the county level. It could result in too much authority resting in the hands of a few.

I realize this has been lengthy, but I do hope it has been of value to you. The Legislature convenes in January, we will be facing many serious issues before the state government.

Several of the issues as redistricting, tax legislation, and tighter enforcement of drug laws will concern the people of this district. I am hopeful that you will let me have your views and opinions on these when they are considered next year.

I appreciate hearing from you and knowing what your opinion is. This helps me know what the majority of the people in the district feel. Representative form of government can be at its best when the citizenry take and voice its concerns on various issues.

Our government is not in the world; however, it is not necessarily made to do not need improvement. We do in many ways. With this thought in mind, I am hopeful that we can work together for the State.

Yours for betterment,
s/ Bill Clayton

Emmanuel Lutheran Begins New Year

Today marks the beginning of another Sunday School year at Emmanuel Lutheran Church at Third and Morse, and some children will be promoted to higher classes.

Gold award pins will be presented for faithful attendance to five children who were absent three times or less: Carol, Sherri, and Diane Hobrathschk and Dawn and Kim Synatschek.

Bronze pins, awarded to children who have been absent five times or less, will be given to Darrel and Dean Stems, Keith and Craig Bauer, and Charla Carpenter. Enrollment in the Sunday

School is 28 and in the teen classes 13.

Apart from Sunday School instruction is given twice weekly to children in grades seven and eight.

The aim of this two-year course is to prepare the children for the rite of confirmation, after which they join the adults in receiving the Lord's Supper.

Members of this group are Debbie Birkebach, Susan Friday, Carol Hobrathschk, Kenneth Turner, and Lori Wilkinson.

WHITHARRAL

DONNA AVERY

299-4395

THE WHITHARRAL Boy Scouts ushered at the Techballgame Saturday night. Those who ushered were Don Avery, scout master, Rafe Rodgers, assistant leader, and Boy Scouts Tim Howard, Randy Wade, Greg Wade and Bobby Avery.

THE BOY SCOUTS also had a campout at George White Ranch Friday night after the Whitharral ballgame.

THE WHITHARRAL Panthers lost their ballgame Friday night against Wellman. The Panther Band played and marched at half time.

TWO FOOTBALL players are injured. They are Mike Lopez and Johnny Graham. Mike

Lopez broke his collar bone at Loop and Johnny Graham bruised his foot badly in the Wellman game. He will be able to play Friday at Sterling City.

THE PANTHER Band had a party Friday night after the football game. The football boys and band members participated. The Panther Band marched in the South Plains Fair Parade. The band was number six in line. School dismissed Monday at 2:30 in order for the kids to go to the fair.

MRS. MARTHA TEDDER was in the Littlefield Hospital and is now home doing well.

THE JUNIOR HIGH football team lost their game Thursday night. Threeway came to Whitharral to play them and went home with an Eagle victory.

CLEAN UP DAY was held last Monday afternoon. School turned out at 1:30 p.m. and many students participated in cleaning up Whitharral. After the clean up a supper was held for the people who helped.

THE SENIORS had a Sunday dinner, Sunday, 27. The seniors are busy earning money with various projects for their senior trip.

MR. AND MRS. W. R. McDaniel visited in Lubbock and Olton over the weekend.
