MARIA LUISIA AERDKER displays her book of verses printed in German. The five-year-old fluently speaks English, German and Spanish. She is singing her kindergarten friends how to sing "Ring-A-Round the Rosy" in German. She fascinates them with tales of llamas she's seen in South America and elephants in Asia. She learned to speak flawless English in Ireland. Her hand embroidered blouse is from her father's German homeland. (Staff Photo)

Maria Luisa, At Home In Three Worlds

MORIS WILLIAMS
A journey far away Burma to the farm in West Texas is a long trek for a girl, but for Maria Luisa Aerdker, almost as ordinary as a trip to the grocery store. Much of her five years has been spent jetting between continents.

born in Colombia, South America (her father's home), she made her first trip to the state of Georgia in North America at the tender age of one month. When she was six months old she flew to Argentina, South America for six months and from there to a town in Burma on the Asian Continent.

She lived in Asia for two years and traveled to her father's home in Germany for a visit with her grandparents there. During this visit her grandparents took her to France, Italy, and Spain. She also made yearly visits to her South American grandparents during these years. Last year she was flown to the town of Mexico, and in September of this year she returned to Littlefield, Texas. Maria Luisa's way of life has been complicated because her father is a mechanical engineer who has been needed in many places. Where he goes, so does his daughter.

the language she speaks with her South American mother and the color of her skin and black hair are like her mother's. From both has come an enthusiasm and deep appreciation for each world they live in and a desire to absorb as much as possible from these worlds.

Mary Lou, as her friends at Williams Kindergarten call her, has enjoyed sharing with them the German words to "Ring Around The Rosy", her knowledge of South American llamas and the friendly elephants of Asia. She uses the flawless English learned from the English people in Burma. These young friends are sharing art as they see it, teaching her to play dominoes, sound letters as they do, play many fun games and make castles in the sand. Their North American "Trick of Treat" will be special for her this year as will the annual Kindergarten "spook house".

Holidays such as Christmas are celebrated by Maria Luisa with both German and Spanish customs. She also joins her friends in each country in their way of enjoying special days. This year Christmas will be spent with her grandparents in South America but she will also enjoy the parties and Christmas tree with her friends here.

Wherever Maria Luisa or Mary Lou spends the remainder of her years of growing to adulthood, she will be with loving parents who wrap her in the security blanket of their love. Three languages, three continents, three names, two nationalities, the love of grandparents, aunts, uncles, and cousins in these varied worlds have given her a very special heritage. The unusual experiences have given her a knowledge far beyond her years. And who knows, by the time she leaves West Texas, she may be saying "ya'll come" like a native Texan.

comprehensive plan for the city's future, heard a report on administrative activities for the month of September, and discussed the routine portions of the agenda, before going into executive session to discuss city property.

All city councilmen were present, along with the mayor, city manager, city attorney and city secretary.

The ordinance revising the fire district within the city limits and establishing the procedure for future changes states in part, "Section 4-1 of the Littlefield City Code is hereby amended to read as follows: There shall be one fire district within the city limits of the city of Littlefield. The area affected shall be as shown in red upon a map of the city, approved by the city council and authenticated by the mayor's signature and the date of such authentication. The map shall be kept in the possession of the city secretary and shall be available, for inspection to the public."

In a memorandum to the councilmen from Jim Blagg, city manager, in regards to the update to the comprehensive plan, Blagg stated:

"In recent weeks we have had several discussions on the subject of the need for zoning in Littlefield. Most of these discussions have concerned the use of a zoning ordinance to supplement our building code and help in dealing with buildings that are in high density areas. There have also been some discussions concerning the need to look at expansion of our water and sewer facilities to accommodate the growth possibilities facing us now.

"As we look at these two subjects we need to view them in a much larger context. The growth possibilities facing the city in the next year to year-and-a-half, I believe, call for us to do some long range planning in a number of areas. Most of the areas that should be subjected to intense planning are included in the comprehensive plan prepared for the City of Littlefield by Joe E. Ward in 1965. Although this master plan was designed to project the needs of the city through the 1980's, the growth pattern of the city has varied somewhat from those early projections. I believe areas such as land use, streets and thoroughfares, community facilities, water distribution system, sewage collection system, storm water drainage, and zoning should all be included in any long range planning that we do. By using the information in the comprehensive plan

Annual Fund Drive To Start Monday

The annual Salvation Army Fund Drive will begin at 10 a.m. Monday with a kickoff coffee for workers in the Reddy Room of Southwestern Public Service Co.

Instructions and work packets will be distributed then.

No Death Cause Found By Lab

The report is in from the state laboratory on the mutilated horse found near Bull Lake recently.

According to the state pathology and toxicology laboratory, the mutilated horse did not die from the result of drugs nor poison.

With the cause of death still undetermined, authorities are no closer than they were to knowing the cause of the death of Ray Smith's horse. County officers were called to the scene when the horse was discovered with a large area cut from his stomach and no traces of blood anywhere near.

One county deputy laughed and said he supposed the horse was killed by a ray gun fired by a person landing nearby on a saucer from outer space. A Star Trek mystery surrounds the odd death and mutilation.

already prepared we can update the plan based on what has actually taken place since 1965. With this updated information we can better plan for the future needs of the city.

"Any planning that is effective must be done from the ground up. I would recommend that we begin this planning process with a community survey in some form. This will give our citizens an opportunity to communicate to us what they conceive the needs of our community to be. This along with updated information on the elements outlined above should provide a sound basis for future planning.

"I have already done some research into where we might obtain assistance in updating our Comprehensive Plan. My approach at this point will be to use as much City staff personnel as possible and seek assistance from both the South Plains Association of Governments and the Texas Department of Community

Choir Parents To Be Serving Enchilada Meal

Littlefield Choir Parents are sponsoring an enchilada supper prior to the Morton game Friday night, Oct. 24, from 5 to 7 in the Lamb County Ag and Community Center on Hall Avenue.

Mrs. Tommie Tanner is overall chairman of the supper, and Sue Altman is in charge of the cooking.

Kay Kirk is chairman of the serving committee, Virgie Gardner is chairman of the clean-up committee, Karol Chantry is chairman of the ticket sales, and Betty Roden is chairman of the advertising and telephone committee.

Tickets are now on sale at Roden Drug and Littlefield Super Market, and from all choir members.
Proceeds will go toward a choir trip to Arlington in the spring.

Absentee Ballots Being Cast Now

Absentee voting on the proposed revision to the Texas Constitution continues in the county clerk's office during office hours through Oct. 31.

Two new rulings from the Secretary of state's office are in effect. One allows registered voters 65 years or older who do not plan to be absent from the county on election day to vote absentee at the counter of the clerk's office.

The other new ruling concerns applications for ballots to be mailed. No notarization is now necessary in mailing applications, ballots, nor anything by mail.

In addition, persons requesting ballots by letter can now be mailed ballots directly without having to wait for a returned application, providing when he writes his request letter for a ballot that complete name and mailing address is given in the letter.

Central Standard Time To Return

Central Standard Time will be making its return Sunday morning, Oct. 26, at 2 a.m. and citizens will be able to get an extra hour's sleep if they move their clocks back an hour before returning Saturday night.

With the mornings growing darker, the arrival of the later hour will be welcomed by many.

So, going back to the old slogan, citizens remember which way to move the hands by "Spring forward, and Fall back."

Deposits Up 8 Million From Last Fall Figures

Deposits at the eight area banking and lending establishments were up \$8,382,466 this quarter compared to the third quarter deposits in 1974. Deposits totaled \$95,291,407 at the end of the reporting period, compared to \$86,908,921 last year.

Gun Fire Exchanged In Friday Robbery Of VFW

A masked, armed gunman who "shoots pretty good and runs pretty fast" broke into the VFW Building early Friday morning.

City Police were summoned when a silent burglar alarm went off at 1:55 a.m. When officers Cris Hern and Joe Salsivar approached the building they found the front door open. Looking inside, Hern said he saw the masked and armed gunman facing him on the other side of the brick entrance divider.

Hern shouted at Salsivar not to enter the front door because the man was armed, then he returned to the car to summon help to the scene. At this point the man ran from the building, firing at the patrol car as he fled. A tire and fender on the patrol car were hit as he ran across the field to the north of the building.

Officers shot at the man four times as he ran across the field.

Friday afternoon officers said a physical description of the black man wearing a sock over his face were the only clues they had. The lid had been broken off the cigarette machine, but nothing was missing.

At the Lamb County sheriff's office, four arrests were made through Friday afternoon. Two New Mexico men were fined \$27.50 on drunk charges, a Littlefield woman was fined \$200 on a disturbance and disorderly conduct charge, and a Lubbock man was charged with driving while intoxicated.

Offenses reported to county officers included a \$250 theft from the Sudan

Feedlot where an electric welder, 13 batteries and two 5-gallon cans of oil were taken.

Earlier, Doyle Wimberly at the Earth School reported the theft of a tire and wheel.

Wednesday, county officers recovered the third truck taken from the Hart Camp Elevator Sunday. The truck had been loaded with shelled corn when taken. When found it was empty and parked on 14th Street in Olton. All three trucks have been recovered, but 100,000 pounds of shelled corn valued at \$6,500 had not been located.

CB Roundup To Identify CB Radios

Officers of the Littlefield Police Department Crime Prevention Unit will sponsor an identification campaign for owners of CB radios.

CB's may go by the City Hall Wednesday, Oct. 22, through Sunday, Nov. 2, from 7 a.m. through 3 p.m. and have the officer mark their radios with their drivers license numbers to protect them against theft.

"This service is provided free of charge and the radios need not be removed from the vehicles to be marked," said Police Chief James Cox.

Waylon Jennings Named Male Vocalist Of Year

Waylon Jennings was named "Male Vocalist of the Year" on the Monday night televised 1975 broadcast of the Country Music Association Awards.

The former Littlefield resident appeared in person to accept the coveted accolade and distinguished award trophy for his song, "I'm a Rambling Man."

Besides the nomination as male vocalist in the country music field, Jennings was also nominated in the song writing category.

Jennings' wife, Jessie Colter, was also nominated in the women's song writing

division for her song, "I'm Not Lesa." Dolly Partain won that category.

Jennings was born and reared in Littlefield, and got his start toward recording while a disc jockey in Lubbock.

Since that time, the guitarist and vocalist has made a name for himself in the country-western field.

Monday night's show was hosted by Charlie Pride and Glen Campbell.

Waylon's mother is Lorene Gilbert of Littlefield. A brother, Tommy Jennings, is now recording for Paragon Records. Tommy was his brother's bass player and personal manager for three years.

'Foods Of Yesteryears' Topic Of Club Meeting

On Wednesday, Oct. 15, The Woman's Club held a lengthy and varied meeting.

Theme was "Foods of Yesteryears," and club members brought old-fashioned dishes and recipes, had a Tasting Party, displayed old Texas cookbooks, and viewed a map of Texas Trails.

Later came the highlight of the meeting, Mrs. Lillian Hayne's rendition of "The Snow Goose," by Paul Gallico. Members say "It was not just another book review. It was narration; it was drama; it was genuine art, all bound together in an incomparable presentation of a story, both beautiful and tragic. Mrs. Hayne's narratives were impressive, the conversations, truly dramatic."

The setting of the story is in the Great Marsh on the Essex coast, one of the last of the wild places of England. The time: preceding and during World War II when the British army was trapped on the beaches at Dunkirk.

The story of the coming and going of the Canadian-bred snow goose was told by some as a legend, but to others it was real. It is the story of a relationship between a very young and beautiful Saxon girl and an English painter with a strange misshapen body, who had chosen to leave society and live alone in an old abandoned lighthouse in the marshlands which was surrounded by migrating birds.

He had only his paintings and his birds until the coming of the girl, bringing an injured snow

goose. He had considered himself as worthless because of his hunched back and his crippled arm and hand, but the friendship that developed brought him the happiness he had ever known.

In the end, the scene of the terrors of war had passed and a painter an opportunity to see his fellow-man but at the same time his own life, even though a great white bird had to over him to shield him from harm.

"In this gentle character loved mankind and the world," Gallico says, "is the story of the indomitable Englishman who refused to recognize defeat and who went out on a perilous mission to rescue his own."

Mrs. Lillian Hopping graduated from Littlefield School, Texas Tech, and advanced studies in Michigan University, University of California at Los Angeles, The University of San Francisco, California. She has taught in Texas as well as in several of-state schools.

Mrs. Hayne began reading in Michigan University and later read in clubs, and theaters. Her reading of "The Snow Goose" was in Walter Reed Hospital, Washington, D. C. in 1944 and also read in Long Beach Veteran's Hospital.

Hostesses for the club were: Mmes. Harry chairman; J. R. Coe, Smith, Roy Taylor, Brandon and W. D. Hall.

J.T. Brittain M.M. Brittain

A Banker's Viewpoint....

Recently, in one of these discussions, we pointed out how poorly socialistic schemes perform in real life. We used Britain's program of socialized medicine to illustrate the point.

We warned against moves in this country to institute socialized medicine. Now let's issue a second warning. Here it is:

If socialized medicine should become a reality in this country the liberal politicians in Congress won't be the only ones at fault.

Instead, we could be forced into federally dictated medicine by other factors already at work, not directly controlled by Congress.

These include the rules, edicts and whims of federal bureaucrats who have the power to investigate hospitals, nursing homes and so on. Their actions, demanding all sorts of "improvements" in the properties and operation of these institutions, have forced the closing of hospitals and nursing homes across the land, many of which were performing extremely well as far as patient care was concerned.

Closing of the institutions is driving medical practice in general to population centers. Thousands of smaller communities have no doctor at all. These communities used to be able to attract a doctor by building a clinic or hospital for him to work in. Now what they build can't be depended upon to meet the ever-changing federal standards.

A second, and perhaps more serious, attack on the medical profession comes through malpractice suits and the astronomical rates doctors and hospitals have to pay for insurance to protect themselves against such suits. Many of the country's most experienced surgeons are being forced into early retirement because of the cost of malpractice insurance.

As it becomes harder for millions of Americans to obtain medical care near their homes, and as hospital rates and physicians' fees climb to meet insurance and other costs, pressure will increase for the government to step in with federally assured medical care for all.

That, of course, is not the answer, as Britain's experience amply proves.

So the time is at hand, it seems to us, for the public to exert pressure against malpractice claims and against bureaucratic dictation that, between the two, are driving up medical costs and putting medical institutions out of business.

We believe in this country and its people. Like the writers of our Constitution, we believe that the strength and the real intelligence of government originates with the people. So we urge all our citizens, here and elsewhere, to do our part—keep up with public issues and send our opinions about them to our elected representatives.

Bicentennial Celebration Observed By Olton

OLTON—Bicentennial Celebration at Olton last weekend went off with a bang.

The parade, the largest one ever held here, Friday afternoon was led by the historic old bell from the City's first Church Bell. Erected in the steeple of the Union Church some 65 or more years ago, the huge steel bell rang again Friday at 3:29 p.m. as a signal for the events to come.

A giant pep rally held in the school gymnasium spurred Olton Mustangs on toward a gridiron victory of 32-6 over the Idalou Wildcats.

The homecoming parade, sponsored by the high school council, was organized under the theme "Remember When," and considered the largest ever.

Miss Kathy Ahrens, daughter of Mr. and Mrs. Henry Ahrens was crowned homecoming queen.

Over 600 were served at the annual hamburger supper, in the school cafeteria by members of the parent-teacher organization, preceded the gridiron clash.

Jimmy Parker, son of Mr. and Mrs. Jess Parker, tossed two touchdowns and ran for three more to guide the Mustangs to Victory over Idalou.

Timms 'Student Of The Month'

ANTON—Lon Timms, president of Anton Chapter National Honor Society, was chosen by the faculty to be Student of the Month for October at Anton High School.

Lon Timms, junior, is interested in competitive sports. He has lettered in varsity football three years, varsity basketball, his sophomore year, and is a member of the track team. He has played baseball since Little League days.

He joined the Bulldog annual staff this year, and is a councilman-at-large on the Student Council.

His is the son of Mr. and Mrs. Gordon Timms.

John Richey Named To LCC Chorus

John Richey, son of Mr. and Mrs. John F. Richey of Littlefield, has been selected as a member of Lubbock Christian College's Meistersinger Chorus.

Richey is a 1975 graduate of Littlefield High School and is enrolled in LCC as a freshman biology major.

Charles Cox is director of the 15 year-old organization.

LCC is a fully accredited senior college offering liberal arts and pre-professional programs. Located on the west side of Lubbock, the campus consists of 11 temporary structures and 17 permanent buildings.

Cultural Arts, Crafts Fair Set At Post

A Cultural Arts and Crafts Fair will be held Nov. 21-22, in the 4-H Building at Post.

The Garza County Home Demonstration Council and Clubs, under the direction of the Texas Agricultural Extension Service, is sponsoring the fair.

Anyone who wishes to sell articles at the fair should contact Mrs. Shirley Bland, Rt. 2, Post, before Nov. 17.

Spaces will be sold for \$7.50 and \$10. All kinds of articles can be sold, according to Mrs. Paula Cawthon, assistant county extension agent.

ACT Registration Set

Registration opens Monday, Oct. 20, for the December American College Test (ACT) at South Plains College in Levelland.

Persons interested in taking the ACT assessment should register in the office of guidance and counseling, located in the SPC Administration Building. The test, covering the subject areas of English, math, social studies and natural sciences, will be given on Dec. 13 at SPC.

ACT recommends that those planning to take the test should study thoroughly sample test questions in an ACT handbook provided upon registration to understand the kind and variety of questions encountered on the four academic tests. However, no other special preparation is necessary or recommended.

A student profile report containing scores on the four academic tests and a composite or average—plus information in interests, plans, accomplishments and special needs—will be mailed to the student, his or her high school counselor and to various colleges listed by the student on the ACT registration form. The SPR report also describes such characteristics as admissions policies, costs and special programs of each college listed, which can help in the final selection of a college.

The ACT also will be given on Feb. 14, April 10 and June 12, 1976, at SPC. Registration for the December ACT test will close on Nov. 17.

For more information on the ACT, contact the office of Don Melton, director of guidance and counseling at SPC, or Mrs. Sherley Foster, academic counselor, at 894-4921.

A Woman's View

By PEARL BRANDON

THE STORY of creation as told in the Bible fascinates me.

The first chapter of Genesis where it says, "In the beginning God created the heaven and the earth. And the earth was without form, and void; And darkness was upon the face of the deep. And the spirit of God moved upon the face of the waters."

At first there was nothing but water and darkness and God. It was without form. Evidently this huge mass of water was hurled through space. There was no light from the sun and no stars in the sky for God hadn't created them yet.

ACCORDING to the Bible, He created them the fourth day. He used some other kind of light.

God said, "Let there be light; and there was light."

Then He divided the light from darkness and called the light day and the darkness night. And the evening and the morning was the first day.

Why did He say the evening and the morning?

Now we say the morning and the evening and then cometh the night.

HOW LONG were those days, when God was creating the world and all that is in it? Perhaps millions of years as we know them if science is right.

The second day was amazing too. "God said let there be a firmament in the midst of the waters, and let it divide the waters from the waters." Firmament in the Bible means expansion. "And God made the firmament and divided the waters which were under the firmament from the waters above the firmament. God called the firmament heaven."

THEN HE SAID let the waters under heaven be gathered together unto one place and let the dry land appear, and God called this earth. He called the water seas. They dry land and the seas became our planet Earth.

What became of the other waters above the firmament? Did He create another planet with them even as He created our own earth?

There is nothing here in Genesis to tell us, but in Revelation 21 John said, "I saw a new heaven and a new earth for this the first heaven and the first earth had passed away and there was no more sea."

JESUS SAID in John 14, "Let not your heart be troubled. In my Father's house are many mansions, if it were not so I would have told you. I go to prepare a place for you and will come again and receive you unto myself."

Could it be another planet that God created when He divided the waters and made our earth?

IN THE 17th chapter of John when Jesus was praying for His disciples before His crucifixion He said, "And now, Father, reveal my glory as I stand in Your presence, the glory we shared before the world began."

Where was Jesus and His Father before the world began?

Where is the habitation of God and His mighty spiritual beings?

I HAVE A little book called, "Cram's Outer Space and World Globe Hand-book," which is about outer space and the stars, planets and satellites that men are studying.

It says our planet Earth is only a tiny speck in the universe; that the Milky Way alone contains more than a hundred trillion stars. Our solar system with it's sun and nine planets are a part of it.

ASTRONOMERS say that the Milky way is only one of millions such star systems within view of their telescopes and millions more must be beyond their view.

This is all beyond my comprehension, but if this is so, there must be plenty of places out there where Jesus could go and prepare a place for us.

The rest of Genesis is about our own earth—how he made the fish of the sea and the fowls of the air and the beasts of the earth. He also caused the earth to bring forth plants of every kind and trees that bear fruit.

He also created man in His own image and breathed into Him the breath of life and gave him dominion over everything He had created.

WE HAVE COME a long way since the beginning. There are great mysteries beyond our understanding.

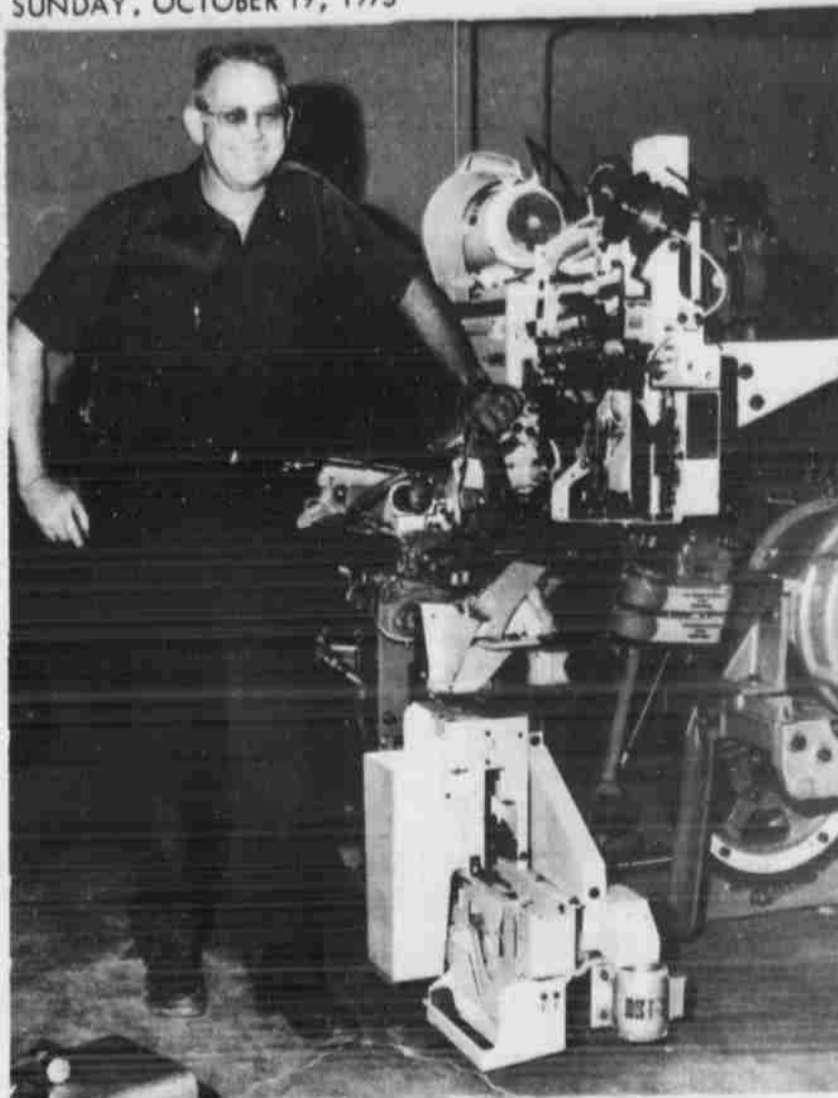

Scientists say we have barely begun to understand our earth and the stars above.

The psalmist said, "He hath remembered His covenant forever, the word which He commanded to a thousand generations."

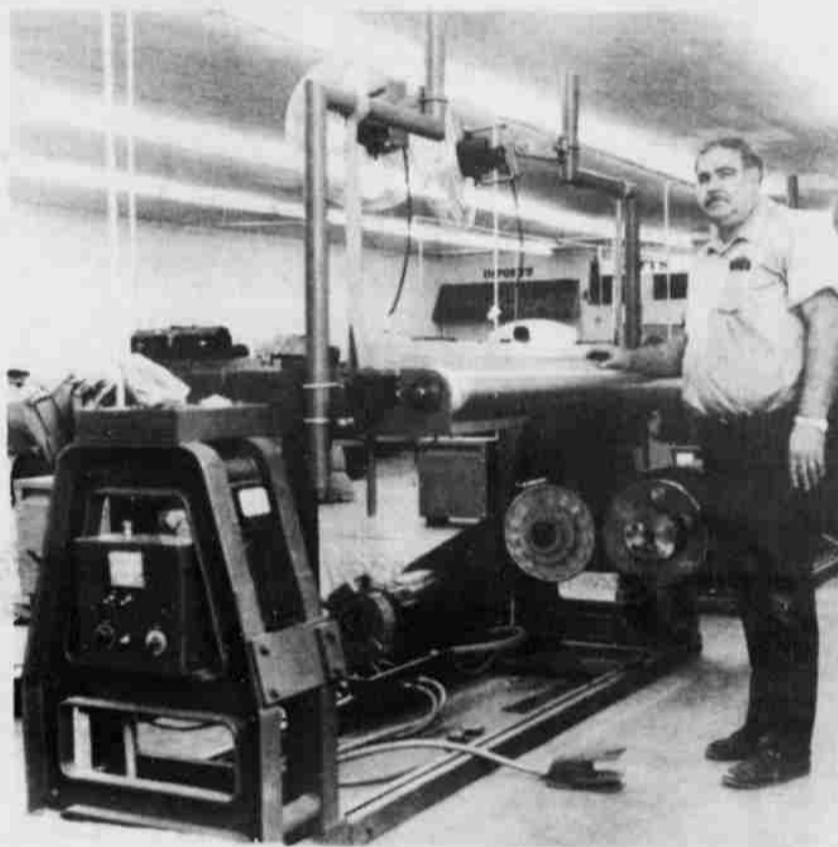

He also said, "Praise ye the Lord; for He is good; for His mercy endureth forever."

WE ARE ONLY very tiny dots on a tiny speck in this great universe, but we have a part in it and life eternal that will go on forever.

We will have plenty of time to explore the stars.

ROBERT L. SIMS, service engineer with Leesona Corporation Textile Machinery Division of Fort Mill, S. C. demonstrates the filler bobbin winder and replacer as it is installed on the new denim weaving looms at the American Cotton Growers' Textile Training Center. The white equipment here is the machinery he is installing and training workers to install at the plant. The machine rewinds bobbins, drops them in place for ready use when another is empty, takes the empty one out and replaces it, and rewinds it again—all an automated procedure. (Staff Photo)

PAUL STALLINGS of Gastonia, N.C., a sales and service technician for Barber Coleman long chain beamers, is in Littlefield installing and training for the use of this machine, which will take the long chain beams (ropes of threads) and transform them onto a 72-inch wide section beam (large spool) for use on the denim weaving loom. From here, the yarn will be sent through a slasher, which coats each thread with corn starch so it will be handled easier. (Staff Photo)

Lions District Cabinet Meeting Set Here Today

With the Membership Mafia on hand, the Lions District 272 cabinet meeting being held here in Littlefield today is taking on the aspects of a district meeting.

Registration at the Lamb County Community and Ag Building on Hall Ave. starts at 8 a.m. today with the business session beginning at 9 a.m.

There will be a worship service at 11 a.m., and lunch will be served at noon. The final business session will follow at 1:30 p.m. and the second cabinet meeting of the year is scheduled to end at 2:30.

S-E '67 State Tourney Champs To Be Honored

Members of the Springlake-Earth High School girls basketball team that won the state championship in 1967 will be honored during the 1976 tournament in February.

Ceremonies honoring members of the team, their coach, business manager and present school officials are scheduled at half time of the game to be played at 1:30 p.m. Feb. 28 at the state tournament in Austin.

Red Cross Office Offers Training

The local Red Cross office has begun a program on helping refugees in this area, and are making contact with their families in Vietnam.

Officials in that office also remind that this office has been helping military families for years in communications between the serviceman and his family here.

In addition to the service to military and disaster programs which Red Cross must perform by an Act of Congress, courses in first aid, cardio-pulmonary resuscitation, water safety, and home nursing are provided by approved volunteer instructors.

According to Louise Ray, local volunteer, if any organization wishes to have training or a program on first aid, they may call or go by the combined offices of the Red Cross, Veterans Administration and American Cancer Society in the basement of the courthouse, 385-3663 or 385-4052.

The invitation came to School Supt. William L. Mann from Bailey Marshall, state athletic director, who asked Earth school officials to compile complete information on members of the 1967 team for a story to be published in the February issue of The Leaguer, official magazine of Texas Interscholastic League competition.

Dean Foshee was coach of the 1967 champions, and members of the team were Susan Britton, Marsha Dawson, Anita O'Hair, Beverly Prather, Linda Gregory, Vicki Sanders, Pansy Been, Judy Gover, Carolyn Hucks, Linda Jordan, Ginger Dent, Judy Hitt and Vicki Gregory.

DEPOSITS

Citizens State Bank at Earth showed increases of deposits and loans. Deposits this time totaled \$6,700,605, up \$1,301,603, from last year's deposits of \$5,399,002. Loans and discounts were up \$1,506,363 from \$3,882,380 last fall to \$5,388,743 at the end of this quarter.

Olton State Bank showed healthy deposit increases and an increase in loans. Deposits totaled \$15,503,865, up \$1,926,404 from last year's \$13,577,461. Loans and discounts were up \$429,636, or from \$10,763,273 to \$11,192,909.

At Citizens State Bank in Anton, deposits totaled \$4,065,401, up \$58,836 from last fall's \$4,006,565. Loans and discounts were up from \$2,004,087 to \$2,380,636, an increase of \$376,549.

Affairs. Both of these organizations have indicated that they may be able to lend technical assistance to the project.

"There will be some cost to the project, but I hope to hold any expenditures to a minimum. Most of the cost items will be for the base map work, mapping supplies, printing and postage. At this time I do not have a good estimate of what costs will be.

"I would recommend that we begin immediately to secure all the assistance available and proceed with the update to the Comprehensive Plan," he concluded.

In presenting his report of administrative activities for September, Blagg stated: "September was a productive month in many respects. Along with activities which were necessary in closing out the fiscal year, preparations for the new year were begun. Next year holds a great many challenges for us in a number of areas and only through proper planning and preparation will we be able to meet those challenges.

"Two contracts for co-operative endeavors with the county were finalized.

OBITUARIES

JOSE CORDERO
Services for Jose Cordero, 38, of Cactus and formerly of Olton are pending with Parsons Funeral Home at Olton.

Cordero died at 1 a.m. Thursday, Oct. 16, in the Veteran's Hospital in Amarillo. Cordero moved to Cactus six years ago from Olton. He was a farm laborer and a Catholic.

Survivors include his wife, Josefa; five daughters, Terrie, Yolanda, Linda, Ester and Dorothy, all of the home; two sisters, Mrs. Amelia Perez of Olton and Mrs. Aurora Aguirre of Hollis, Okla.; and a brother, Doroteo of Olton.

The contract for the continuation of the ambulance service for the City of Littlefield and the south half of Lamb County was renewed. This arrangement has worked extremely well in providing emergency medical service for our citizens. We also were able to renegotiate with the county a contract for providing rural fire protection.

"During September I was invited by the International City Management Association to take part in their professional transfer program which is a part of their Solid Waste Management Project. The objective of the transfer program is to bring managers who have a special need in solid waste management together with managers who have met a similar need with an innovative approach.

"The ICMA had received information about the City of Littlefield's side loading mechanized refuse collection system. I was asked to meet with the City Manager of Kingman, Ariz. and discuss the various aspects of our collection system. I believe that it is a tribute to the city council and the citizens of this community to have our city singled out as having had the far-sightedness to provide an innovative refuse collection system.

"The building activity which has been created by the textile plant has placed new demands on our utility and service systems. It is my feeling that we should begin now to do some intense planning for expansion of our water and sewer system, paved street system, and other community facilities. Some comprehensive planning in all of these areas will provide a basis for future development," he concluded.

Holiday Delayed!

The school holiday for Littlefield, originally scheduled for Oct. 24, has been postponed one week to Friday, Oct. 31.

This is due to a change in meeting duties of the Texas State Teachers Association.

THE ABUNDANT LIFE Sustained Action

IT IS EASY ENOUGH to initiate indicated and necessary action pertaining to the recognized essentials of living. The real test is found in the need for "sustained action". Almost everything involved in the fullness of meaningful and effective living requires continuing interest and effort.

Many things must be done again and again, and there is nothing wrong with this arrangement. We must, however, be on guard against a growing feeling of monotony. We must not let this happen, because it will make "sustained action" impossible. We can prevent this, if we condition our minds with understanding and right attitudes. This is exactly what we must do.

ALL ESSENTIAL ACTION must be considered as important enough to attract our very best thought and energy. Some of the action will be a one-time happening, but most of it will have to be repeated day after day. Therefore, we see the necessity of "sustained action".

Then, there will be many important things that can be completed at some point; but will require continuing, knowledgeable effort until this point is reached. Obviously, we must manage ourselves so that we do not grow weary in well-doing.

SOME ACTION will be more pleasant than other action, and we may be inclined to slight the less pleasant. If we do this, we make a mistake; and will find the less pleasant becoming less and less pleasant.

If we add a bit of procrastination, we compound our difficulties. This is a way which brings about a conflict of duties. The necessary "sustained action"

becomes increasingly arduous

THERE IS AN opportunity for doing most things, and this is the best time for doing them. We are likely to do these things, if we are alert to our capacity for action, willing to maintain our growth, and we will thus be able to get the most in accomplishment by such action.

The momentum needed for effective and satisfactory living is generated and maintained by this regular and continuing course, this behavior will make more satisfactory; because doing what needs to be done, needs to be done. We are the best possible use of our energy, and our ability.

"TO IMPROVE the golden opportunity and catch the good within our reach, is the great aim of a life pattern. A life pattern haphazard, lethargic and makes such accomplishments possible.

IN OUR "SUSTAINED" there will be all of the variety to satisfy all legitimate personal desires. Such a life will not be the "grindstone" kind of living, it is a drugery.

THERE WILL BE HARD some extended periods of endeavor there will be other times of ease including sufficient recreation.

The abundant life requires "action".

HOMINY GRITS

By CORNBALL BLETT

NOTICED WHERE Mr. Briscoe has come out against the new state constitutional revision. This seems to be quite surprising to a lot of his constituents. Eyebrows are being raised in all corners.

Which means, I suppose, that he doesn't understand the thing, either!

WITHOUT A DOUBT, "Fun City, USA" is in big trouble. (New York, that is.) If the Federal Government doesn't bail them out, they're about to be strangled in their own red tape, due to their own riotous living and lack of concern for indebtedness.

Mayor Beame, seemingly despairing of any federal bailout, is beginning to take steps toward economizing. His first step being the laying-off of surplus (?) help, and the trimming of a few public services.

BUT UNLESS I miss my guess, the solution won't be that simple. In the first place, most of their labor is unionized. The strikes will probably have them in dire trouble, or long. You may remember the stench of their garbage collectors strike some time ago.

And besides, I don't think he's gotten permission from George Meany, as yet. When Mr. Meany gets riled, things begin to happen!—Chances are he'll start in to straighten the U.S. government out in a

hurry, as well as Mayor Beame

I MAKE THE prediction that time heads stop rolling, and the letting has subsided, the U.S. will have a substantial interest in City, even the most of us have seen it, nor do we have any desire so.

We're trying hard not to see that Mr. Rockefeller was planning city just shortly before its plunge. After all, he's the fellow just a gunshot away from presidency, and such thoughts nightmares.

HM-M-M! YOU DON'T suppose Kissinger could trade the thing Arabs for a couple of oil wells.

GUESS YOU'VE noticed that city is on the build. Something been wishing for for the last more. The new denim plant we have triggered the building spree.

The new trailer court, over on the apartment buildings, near the School, and now the shopping center the south side of town cause optimism to rise.

NOW IF WE could just get vacant business buildings into operation—

Turn Row COMMENTS

By EMIL MACK

WITH TIME CHANGING and the area beginning to show growth, I think now is the time to take a look at ourselves in order to be able to cope and compete with the new businesses that are moving into our area.

Uncle Servess, and advisor on selling tips, says that there is no doubt the art of getting along with others is the most useful art in the world. And if the whole world could master it, there would be an end to wars, misunderstandings, quarrels and bickering.

It's expecting too much to hope that this millennium will soon come to pass, but anyone who wants to make his own lot better, his chances in life brighter, can do so merely by selling out to acquire this art.

Some persons naturally possess the knack of getting along with others. With the art so ramified as this and touching so many phases of human life, it is difficult to give a definite set of rules. But there is one rule which covers all the other rules. If you master it, you don't have to worry about minor rules or formulae.

The rule is: "Try To Put Yourself In The Other Person's Place."

If someone says something unreasonable to you, ask yourself why he said it.

If someone does something that you wouldn't do, ask yourself whether you

wouldn't do the same thing if you were in his position.

In other words, try to think more of other person, less of yourself. From you will acquire an understanding which will give you tolerance, broad perception of which will make your relationships with others more pleasant and satisfactory.

And with the understanding you have the kind of personality which takes to win, hold and develop friendships; the kind of skill in dealing with others that will enable you to win them favorably; you will be on a high road of distinction.

A PSYCHIATRIST is a man who asks a lot of expensive questions and gives for nothing.

Beaman Elected To Presidency

The election of Carroll D. Beaman as president and principal operating officer of TUCO INC., Southwestern Southwestern Public Service Company's fuel subsidiary, was announced today by Berl Springer, executive vice president of the electric utility.

Beaman has been associated with Esso Eastern, Inc., since 1969. He has served as manager of operations research-computing systems and as division manager, controllers, Esso Eastern, Inc., is an affiliate of Exxon Far East with producing, refining, marketing and marine operations in twenty-two countries throughout Asia and Australia.

Mr. Beaman has demonstrated his ability in the areas of management finance and growth, and he is well-versed in the energy field. These factors and his broad experience are vital to the successful growth of an operation like TUCO INC., Springer said.

INSUR-MATION

Ed Jennings 385-4489
Southern Form Bureau Life Ins. Co.
Is there any way to avoid penalties and interest charges when settling an estate?
Yes. There are no penalties; therefore, no interest if the estate is settled on time. Furthermore, no shrinkage, no "for sales", no anxiety having to sell the South 40 for \$100 an acre when it's worth \$225. The key... liquidity. The foolproof product that will provide the money to pay the cost of settling an estate at the time of death is life insurance. Many substitutes have guaranteed not to shrink, ravel at the seams or fade out to provide cash to settle an estate but nothing compares with life insurance. There is no estate; therefore, no cost of estate settlement until death occurs. When it does, life insurance becomes money bought on installment to solve this problem.

Sorority Holds Model Meeting

The Alpha Lambda Zeta chapter of Beta Sigma Phi, held their Model Meeting, "A Night With Johnny Carson," Oct. 6, in the XIT Room of Security State Bank.

The cultural program, entitled "The Voices Behind Us" was presented by Cathy Hufstetler and Darlene Maxfield. Cathy began by reading the poem, "The Blind Men and The Elephant," illustrating the need of gathering the whole picture before reaching any conclusions. Darlene, with the aid of a poster consisting of silent influences, then pointed out the voices behind many traditions, television commercials and magazine ads.

Door prizes were won by Stella Randerman and Charla Rountree. Hostesses Janice Sebring and Janice Appleton served sandwiches, chips and dips, cake and Cokes to: Linda Duncan, Judie Huddleston, Kay Powers, Sharon Adams, Stella Randerman, Ruan Richardson, Deanna Friday, Linda Charlton, Penny Kelton, Brenda Denton, Darlene Maxfield, Cathy Hufstetler, Linda Jones, and Charla Rountree.

TERESA AUTRY, daughter of Mr. and Mrs. George Autry of Dora, N.M., spent the weekend with Mrs. Alma Altman. While here Mrs. Altman gave a birthday party for Teresa and invited her Sunday School Class of Enochs Baptist Church and some of her friends of this community. Attending were: Janna Greer, Michelle and Kimberly Autry, Tomoya Kanisawa, Paula Nichols, Yvette Cox, Mrs. Shaw, Mrs. Dorothy Nichols and Mrs. Rose Nichols. The women helped with the entertaining. Refreshments of cake and ice cream, Cokes,

coffee and dip and chips were served and everyone had a good time.
H. B. KING was released from the Cochran Memorial Hospital Tuesday morning. He was hospitalized after injuring his back while loading heavy machinery.
RAY SEAGLER spent several days in the Littlefield Hospital with a virus infection. He was released Wednesday afternoon.
THE ENOCHS Home Demonstration Club met at the home of Mrs. Wilma Petree Tuesday afternoon. The meeting was opened with the club prayer and the creed. Roll call was given by Mrs. Winnie Byars and was answered what each lady would like to have as a future program on a club day. Mrs. Dorothy Nichols gave a report on what the club had done to help raise money on the fire truck. The club made \$276.38 on the bake sale and rummage sale. Mrs. Elnita Key gave a report on her trip to the state home demonstration meeting that she and her sister, Mrs. Bonnie Long, attended at Abilene. Mrs. Robin Taylor (the

MRS. ALMA ALTMAN tended the golden celebration for Mr. and Mrs. Olin Coats in the Methodist Building. The celebration under an archway of red and small roses. They were Mrs. Charlie Money of Mr. and Mrs. Jimmy Lubbock and Mr. and Mrs. Alfred Coats of Wichita honored their parents in presence, along with children and grandchildren. Many friends and relatives came, and gifts were given them, along with a beautiful picture of their home in the northeast of Morton.

IN LATE September, while J. H. Roles was recovering from major surgery at Methodist Hospital, his sweet potatoes he had planted in the spring were ready for harvest. Good neighbors and friends saw the need. S. D. Pugh plowed the large garden area and 13 others, including Rev. Glenn Willson, picked them up and sorted them. Their daughter-in-law, Mrs. Virginia Nichols and neighbor, Ernest Williams, were there when they were sold rapidly. They were of excellent quality, hence a good price was paid. Amherst can be remembered throughout the years for "Good Samaritans" in a time of need. This was another such occasion.

Farm Bureau President Urges Referendum Support

Texas Farm Bureau President Carrol Chaloupka has written both Texas Senators urging them to support the preservation of "safeguards for a valid referendum" in the Beef Research and Consumer Information Act approved recently by the U.S. House of Representatives.

The measure, passed in the House as H. R. 7656, provides for a check-off for research and promotion programs for beef. The House-passed bill includes provisions for notifying "all known cattle producers" of the referendum and the time and place of balloting to permit qualified producers to register with the Agriculture Stabilization Service in person or by mail to vote in the referendum "during a period ending not less than ten days prior to the date of the referendum."

It also provides that in order for the program to be implemented, at least 50 per cent of the registered voters must vote and that it must be approved by not less than two-thirds of the producers voting in the referendum.

Chaloupka pointed out that without such safeguards, "a very small minority of cattlemen could saddle the entire cattle industry with a check-off program which a majority of producers may or may not want."

He said efforts are expected to be made in the Senate, both in

Mitch Carroll, and Bo Lance.

J. C. WITHROW was honored recently with a birthday dinner by his wife, and family. Attending were their children, Jeff, Jarrod and Karla of the home and Mr. and Mrs. Jerry Smith of Hurst, Mr. and Mrs. Joe Price and Timmy of Plains, Jackie Withrow of Muleshoe and Mr. and Mrs. Reddie Maxwell of Bula, and Steve Danford of New Deal.

Jack Coker, Veterans Administration regional director, commented today that contrary to a misconception held by many, Wills cannot change beneficiaries named on life insurance policies issued by the agency.

Coker stressed that point while reminding veterans to make certain that persons whom they intended to receive their insurance are named on their policies. Veterans who fail to do so could add to emotional stress of survivors and cause unwarranted financial hardship, especially on widows and young children, when it is discovered the intended beneficiary was not named, Coker explained.

AREA FOOTBALL SCORES

MORTON 25
MORTON 6
 Quarterback Jimmy Parker scored Olton's first three touchdowns and was involved in the fourth as the Mustangs romped to a 25-6 District 3-AA victory over the Morton Indians here Friday night.
 The victory pushes Olton's season record to 6-1 while Morton falls to 2-4-1. It was the league opener for both schools. Parker tallied a nine-yard

touchdown run in the first quarter, got the second TD on a 53-yard jaunt in the second and collected the third score on a 39-yard burst in the third stanza.

Parker threw a 12-yard scoring strike to split end Mark Stroebel in the fourth quarter for Olton's final score. Morton collected its points late in the period when quarterback Rusty Lamar hit Robbie Gattis on an eight-yard pass play.

Olton amassed 438 total yards to Morton's 103.

SUDAN 38
LAZBUDDIE 8

The Sudan Hornets made a beeline to the goal line six times to crunch the Lazbuddie Longhorns 38-8.

Lazbuddie got the first touch down on a Ricky Wall run for 16 and Wall also ran for two points. The hometown squad, however were not to see another tally for

the rest of the game.
 Sudan got three touchdowns on runs by Kyle Martin, Edgar Pamplin and Pickett pass in the first quarter. Only two of the extra point kicks were good.
 Sudan also controlled the second quarter with two more scores, but no PATs. Again in the third, Sudan got six. No one scored in the final stanza.

NEW HOME 36
ANTON 16

New Home rode the running of Allen Nettles to a 36-16 victory over Anton Friday.

Nettles scored on runs of 49, 69 and 2 yards to lead the New Home attack with Roy Villareal chipping a 7-yard run and a run for two points.

Tillman hit Zuala with a 68-yard TD pass for the other New Home score. Zane Butler connected with Greg Couch for 5 yards and Sammy Peacock for 18 yards to account for the Anton scoring.

New Home now stands 4-2-1 on the season and 2-1 in district 2-B south zone play while Anton dropped to 1-3 in district play and fell to 2-5 for the season.

WHITHARRAL 57
SOUTHLAND 14

Whitharral's Leslie Dockery rambled for five touchdowns here Friday night to insure the Panthers' devastating 57-14 homecoming victory over Southland.

Southland, left with a 0-6-1 record for the season, scored touchdowns in the first and second quarters on 35 and 40-yard runs by halfback Wayne Bukemper. Bukemper ran a 2-point conversion after one, but the PAT attempt after the other failed.

Whitharral's versatile Dockery scored on runs of 32, 82, 25 and 13 yards in his intimidation of the Eagle defense.

Teammates Bobby Avery and Jimmy Polk also contributed TD's in the District 1-B rout. Dockery ended the night with 195 yards on 18 carries in only three quarters of action.

WILSON 26

The win-hungry Amherst Bulldogs had blood in their eye Friday.

THERE'S NO DENYING this face mask penalty as photographer Connie Black caught the infraction against Littlefield's Bill Turner. Turner picked up 9 yards on the carry and the Wildcats gained 15 more as the result of the

penalty. Other 'Cats in the picture include (88) Rick Hopping, Jimmy Durham behind the dark jersey and (74) Brad Banner in the back.

Stalking the home turf of Wilson with a perfect loop record, the Bulldogs kept it that way, nipping at the flanks of the Wilson Mustangs until they overpowered the ponies 41-26 Friday.

Dominating the entire first half, Amherst got TDs on a fumble by Wilson in their own endzone with Jamie Anderson falling on the pigskin for 6 and followed by a Webster Johnson run for paydirt with 1:58 left. Wilson sneaked onto the board, however, on a dazzling 80-yard pass play from quarterback Carlton Henderson to Phillip Bednarz. All extra point tries failed for both teams.

Amherst scored 15 points in the second quarter.

Wilson reigned in the third with 14 points, holding Amherst to none. In the final period, Amherst got 14 more and Wilson only 6. The statistic showed Amherst with 361 and Wilson

with 167 rushing yards, but Wilson had 285 and Amherst 65 air yards.
 The Wilson team stood 1-1-1 in district play and Amherst 2-0 after the battle.

Instant Cotton Market News Offered In Lubbock

Cotton farmers will be able to get instant cotton market news from the U.S. Department of Agriculture beginning Oct. 28 throughout the West Texas cotton marketing season.
 This service, available 24 hours a day, seven days a week, was announced by Paul R. Dickson, who is in charge of the Lubbock cotton classing office, USDA's Agricultural Marketing Service.

"Since we logged more than 100 calls daily last season—the first time we've offered instant market news, we feel that such interest warrants our continuing the service," Dickson said. Farmers and other interested persons can dial Area Code 806-763-7870 and get a two-minute

report on West Texas market news.
 The report will include number of bales classed, the quality range with comments about bales and trash that cause a reduction, how well the classing office is able to with the ginnings, and tonseed prices.

"This cotton market collected by unbiased reports who have no financial interest in the market," Dickson said.
 Persons who wish to weekly cotton market reports by mail should request them from the Cotton Office, AMS-USDA, P. O. 879, Lubbock, TX 79408.

THE NAME of the game on defense is pursuit, and the Wildcat defenders did just that in Friday night's victory over Dimmitt as evidenced in these photos. In the top photo Bill Turner, (10) zeroes in on Dimmitt's quarterback as Jimmy Durham, (85) comes in to help. Other Wildcats in the top photo include (44) Reginald Payton, (88) Rick

Hopping and (72) Layne McKinnon. PERSON MARK 6-0-1

Wildcats Roll On!

Littlefield Wildcats outdid the hometown Dimmitt Friday night to the tune of a 31-10 victory over Dimmitt Friday night. Other players identifiable are (63) Tony Cowen, (72) Layne

purple jerseys and the Wildcats second punt was in order. Good kick coverage by Dean Walden and Layne McKinnon dropped Dimmitt on their own 27.

The Bobcats moved steadily upfield, once again eating up the clock and the first quarter ended as Dimmitt was approaching the midfield stripe.

On the first play of the second half, the Wildcats got their first big break of the game and excellent field position as Steve Cruz recovered a Thompson-Mayberry fumble.

The Wildcats offense showed a spark of life for the first time in the game as on two successive plays, Turner moved with a yard of the Wildcat's first first down and then Parmer kept up the middle for the Wildcat's initial first down with 10:25 left in the first half.

Parmer threw his first pass on a third and nine situation and despite being deflected by a Bobcat defender, Turner caught the ball on a diving catch and ended up inches short of the first.

Parmer kept for inches but inches was all that was needed and the Wildcats continued to drive toward the Bobcat goal.

Parmer gained five around his own left end then his second passing attempt was incomplete behind a tough Dimmitt rush.

Turner sliced through the defense to the thirteen and on a reverse, Cruz scampered to the seven yard line.

Parmer ran the option play around right end and just as he was being wrapped up in the arms of a purple 'Cat, he pitched to Turner who scampered into the end zone untouched. Turner's PAT kick was good and it was seven-all with 7:21 left in the first half.

Rick Bagwell returned the kickoff to his own 44 and then a late hit was called against the Wildcat's Danny Martinez and Dimmitt was set up on the Littlefield 44 yard line.

Dimmitt moved for a quick first down and then McKinnon dropped the Dimmitt quarterback for a five yard loss.

As Lawson faded back to pass, Rick Hopping put heavy pressure on him and forced him into throwing right to Lonnie Twitty who returned it to his own 44 before finally being brought down.

Parmer went to the air on the first play and his pass was in and out of the hands of Jimmy Durham who had outraced the entire Dimmitt secondary to daylight.

Parmer faded back to pass again and this time the Bobcats were cited for interference and Littlefield once again had good field position on Dimmitt's 30 yard line.

Three running plays gained six yards and then the 'Cats called time out to ready Turner's attempt for a thirty-six yard field goal.

The snap was good and Turner's kick split the goal posts to put the 'Cats ahead 10-7 with 3:38 left in the first half of the Wildcats first district game.

Dimmitt took the kickoff and was forced to punt after three running plays went for naught but again Littlefield was charged with a roughing penalty as the Dimmitt kicker hit the dirt and Dimmitt again had new blood as they moved up to their own 42.

Taking to the airways, Dimmitt moved down deep into Wildcat territory until they were

faced with a fourth and four situation and it was the Bobcat's time to put the foot-in-football as they recorded a field goal with 28 ticks of the clock remaining in the first half.

Littlefield returned the kick to the 39, and then Turner, on a draw play, darted to midfield. Parmer was dropped at attempting to pass as the horn blew ending the first half with the score knotted at 10-10.

SECOND HALF The Bobcats took the ball on the kickoff following halftime activities and were set at their own 26.

Three plays moved for a first down before a swarming 'Cat defense stopped the hometowners cold on the next two running plays but the airwaves proved successful for Dimmitt as they moved into Wildcat territory with 8:45 left in the third quarter.

Once again Littlefield stopped the Bobcats on the first two downs but the Bobcats again converted on their crucial third down play to move down to the Wildcat 38.

Excellent defense against the rush and a bruising defense play by Durham on a pass play halted Dimmitt and following their first punt of the second half, Littlefield took over on their own 20 with 5:40 left in the third period.

The 'Cats moved up to the 35 via a blast by Cruz and then following two passing attempts Parmer hit Turner for a 9 yard gain then tack on fifteen more for a facemask call against Dimmitt and Littlefield had possession in Bobcat territory.

The 'Cats offense was then put into gear as Turner blasted for 6 yards and then Parmer found Durham all alone past the Bobcat secondary as he threw a strike that carried to Dimmitt's five yard line before he was dropped. A running play and another face-mask penalty against Dimmitt moved the ball two steps from the goal line and then Turner found his favorite spot around right end as he crossed the goal with 35 seconds left in the third quarter, his kick was true and again the Littlefield Wildcats had the see-saw lead, 17-10.

A fired-up Wildcat defense stopped Dimmitt on their first play following the kickoff as McKinnon, Cruz and Hopping combined on the tackle.

Defensive line play by Tony Cowen, Larry McDonald and the linebacking forces continued to stop the Bobcats and on the third down play, a good defensive effort by Cruz put the whoa to the Bobcats drive and the 'Cat defensive crew got a well-deserved hand as they left the field.

Cruz rushed for 14 yards on the next three plays to move the 'Cats up to their own 45.

Turner then broke through for nine yards and on third and a short one, a Parmer pass to Durham was just out of reach to set up a tremendous Cruz touch-down run as he came across center from his backfield spot, was temporarily lost in a sea of purple jerseys and then burst clear for a 46 yard TD blast.

Turner's toe added one more and Littlefield took a commanding 24-10 lead with 9:24 left

in the ball game. Dimmitt had the ball for only one play before Littlefield's Lonnie Twitty intercepted a Bobcat pass on the hometown's 38 yard line to give the Wildcats another scoring opportunity.

A fourth down try on the Dimmitt 30 was inches short however and Dimmitt took over with 8:10 left in the ball game.

The Wildcat defense, took firm control here however, as three running plays moved the Bobcats back 10 yards as Dean Walden sacked the Dimmitt quarterback.

Dimmitt was forced to kick and the Wildcats again had the pigskin, on their own 32.

Runs by Turner and Cruz moved the ball into Bobcat territory and then Parmer made his longest run of the night as he scooted all alone to the Bobcat 30.

The Wildcats moved the ball to the 26 before trying a fake field goal that fell four yards short of a first down and Dimmitt took over deep in their own territory with 4:03 left in the game.

It was open season on Bobcats this series of downs however as

Hunters Prepare For Field Trips

With the approach of fall hunting seasons, Texas sportsmen should begin making preparations for their trips afield.

"This not only means marking hunting dates on a calendar and contacting landowners about hunting leases but getting field gear and 'desk chair physiques' ready for the hunting adventures ahead," says a wildlife specialist for the Texas Agricultural Extension Service.

Firearms which have been stored since the last hunting season should be cleaned and checked. In fact, stored guns should be checked every month or so for signs of rust or dust accumulation, particularly if they are kept where temperature and humidity conditions are variable. Special attention should be given to cleaning the bore and making sure the action works smoothly, emphasizes Dr. Milo Shult, who is located at the Texas A&M Agricultural Research and Extension Center at Uvalde.

He also advocates carefully sighting in rifles and handguns. "Even if the hunter feels sure that a gun has not been bumped or jarred since the last firing, it is a good policy to double check. This will not only prevent disappointment over a missed shot but will also get the shooter used to the 'feel' of his weapon again."

Center-fire rifles should be sighted in using the bullet weights and powder charges which the hunter expects to use in the field.

Highway Patrol Investigates 16 Rural Wrecks

The Texas Highway Patrol investigated 16 accidents on rural highways in Lamb County during the month of September, according to Sergeant Thurman Keffer, Highway Patrol supervisor of this area.

These crashes resulted in one person killed and 15 persons injured.

The rural traffic accident summary for this county during the first nine months of 1975 shows a total of 90 accidents resulting in four persons killed and 68 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for September, 1975, shows a total of 551 accidents resulting in 29 persons killed and 314 persons injured, as compared to September, 1974, with 471 accidents resulting in 17 persons killed and 213 persons injured. This was 80 more accidents, 12 more killed, and 101 more injured in 1975 at the same period of time.

The 29 traffic deaths for the month of September, 1975, occurred in the following counties: Six in Wise; three each in Donley and Moore; two each in Archer, Floyd, Lynn, and Gray; and one each in Jack, Lamb, Lubbock, Wichita, Young, Castro, Potter, Sherman, and Wheeler.

who knows what lurks behind these shadowy walls?...

The ghostly occupants of this haunted house know very well. In fact, they refuse to move because they enjoy their comfort so much. What's causing the comfort they've become so accustomed to? It's the electric heat pump. The heat pump provides cozy warmth in the winter and just-right cooling in the summer with just one unit. One temperature setting keeps the un-earthly residents in heavenly comfort throughout the year... and it'll do the same for you and your family.

ENERGY EFFICIENCY ALLOWANCE
We, at Southwestern, are interested in your getting the most for your energy dollar. That's why we're offering an Energy Efficiency insulation allowance to our customers in existing homes who install electric comfort heating. Ask us about it.

RULES OF THE CONTEST:

All you have to do to be eligible for the weekly cash prizes is to complete the form below and place (or mail) it in the designated box at the Leader-News office. It is the contestant's responsibility to see that the form has been placed in the entry box and the Leader-News assumes no responsibility for blanks lost, or delayed in the mails.

One game is listed in each advertisement. Pick the winner and insert the name of that team in the OFFICIAL ENTRY BLANK below. Then in the "Tie Breaker" section, put the scores you believe each of the teams will make. Weekly judging will be based on the total number guessed correctly. In case of a tie, the tie-breaker will be used to determine the top winners. Decision of the Leader-News scoring judges will be final.

To be eligible for the 2 free tickets to the New Year's Game at the COTTON BOWL, the total number of correct guesses will be totaled through the season.

LIMIT—One entry per contestant per week.

BE SURE to complete the forms by PRINTING plainly your name and complete address and turning in the entry blank only. Contest winners will be announced in each Thursday's issue of the Leader-News.

All tied games are considered wrong unless called as a tie.

MR. AND MRS. W. B. Smith Jr. returned home last week from Dallas where they spent two weeks visiting in the home of their son, Billy Roy Smith, also in the home of her brother and sister-in-law, Mr. and Mrs. Roy E. Kyle. All five enjoyed attending the Texas State Fair one day.

MR. AND MRS. Roy McFadden of Plainview attended the funeral for Will Graef Wednesday afternoon and visited with several friends. They are former Olton residents.

MR. AND MRS. Kenneth Limbocker and Heather Dawn of Canyon ate supper Sunday night with her parents, Mr. and Mrs. Ira Limbocker. They also visited in the home of his parents, Mr. and Mrs. Benny Doggett.

MR. AND MRS. Paul McFadden and grandson of Lubbock visited Sunday afternoon in the home of Mr. and Mrs. Alton Cure. The McFaddens are former Olton residents.

MR. AND MRS. Randall Small, Jeri, Toni and Kelli of Dimmitt visited Friday night in the home of his parents, Mr. and Mrs. J. L. Small and attended the homecoming football game. Jeri, Toni and Kelli spent Saturday visiting with their grandparents, and Sunday, Mr. and Mrs. Small took the three children home to Dimmitt.

MRS. NELL WOODS and her daughter, Mrs. T. C. Chuck Kennedy visited in Plainview Monday. Mrs. Woods recently underwent surgery at Central Plains General Hospital. She received a good report from her doctor.

MRS. DON DALTON, Julie and David of Amarillo visited last weekend in the home of her parents, Mr. and Mrs. Ira Limbocker.

MR. AND MRS. Bobby Allen of Lubbock attended the homecoming football game Friday night.

MR. AND MRS. Bill Schreier of Abernathy attended the funeral Wednesday at the Reorganized Church of Jesus Christ of Latter Day Saints and visited in the homes of Mrs. Ethel Schreier and Mrs. Pearl Schreier. They are former Oltonites.

MR. AND MRS. George Huggins of Oakland, Calif. visited Friday until Sunday in the home of Mr. and Mrs. Leo Ross Bryant and attended homecoming. George is a former student of OHS.

SPRINGLAKE-CIRCLE

HOLLIS CAIN, Cathy and Connie participated in the annual Ranch Headquarter's Associational meeting held recently at Ranching Heritage Center, Lubbock. Cain was one of the "Cowboys" at the J. Y. Bunk house which was built of yellow limestone in King County in 1879. Cathy and Connie were among several children depicting the life of children who attended the Bairfield school. The school house was built near Clarendon in the 1890's. The Cain daughters and the other children had lunches of biscuit sandwiches wrapped in cloth napkins and carried in tin buckets.

REV. GLEN SMITH, pastor of Springlake First Baptist Church, was guest evangelist at revival services last week at Skyline Baptist Church of Lubbock.

SUNDAY DINNER guests of Mr. and Mrs. V. J. Trusty were their sons and daughters-in-law, Mr. and Mrs. Ronnie Trusty of Lubbock and Mr. and Mrs. Terry Trusty of Olton.

PAT BRITTON, who is attending Texas Tech University, spent the weekend with his parents and sister, Mr. and Mrs. Vernon Britton and Nancy.

MRS. JIM BROWN of the Circle Community attended the bridge luncheon hosted recently by Mrs. Percy Parsons of Friona, formerly of Olton. Others attending were Mmes. Ira Foster, Frank Struve, Van Brimhall, James Kirkpatrick, George Redinger, A. G. Huguely and Dewayne Wilks, all of Olton. Mrs. Bill Walden of Hereford, Mrs. Mary Nichols and Mrs. Peggy Lay, both of Friona.

MR. AND MRS. F. W. Bearden had with them from Monday until Thursday their daughter and her sons, Mrs. Billy George Kemp, Shelb and Adam of Lubbock.

MISS HATTIE GEORGE of La Guna Hills, Calif. will come Friday to visit her sister-in-law and niece, Mrs. L. A. George and Mrs. Berniece Smith.

MR. AND MRS. D. W. Pinson visited during the weekend with their son and family, Mr. and Mrs. Jackie Pinson, Brandon and Bryan of Brownfield.

MRS. MYRTLE CLAYTON and Mrs. Elnora Dennis attended the movie "The Hiding Place" Sunday afternoon in Plainview.

RECENTLY ELECTED officers of the Springlake-Earth Wolverine Band are L'Anna Sulser, president, Camille Hinchliffe, vice president, Brad Barden, secretary, Gayle Jones, student council representative, Lexie Fennell, freshman whip, Brent Washington, Duke, and Kim Clayton, Duchess. Kirk O'Hair was elected to a new office called Ombudsman. O'Hair will be a trouble shooter. Band students will tell their troubles to Kirk and he will take them to Band Director Troy Warren. Band sponsors are Mr. and Mrs. Dwane Jones.

COST PER POUND
A dozen large eggs weigh a minimum of 24 ounces—that's a pound and a half. Compare this cost-per-pound with that of other protein foods such as meat and cheese, when figuring best value for money spent.

Power Module Fencer - For Shock - For Savings

Dyna Charge Super 909

The Latest Advance In Farm Fencing

You've heard how Dyna-Charge Super 909 has been used when the fence line is stapled directly to wood posts which are free of metallic shorts. That shows the power using the regular steel posts and plastic insulators we recommend. And now you have the new power module which eliminates all repairs to the switching mechanism. Plug in a new Power Module if you ever need to replace, and the fencer is in service again. No labor cost. No downtime. Dependable! Low Cost!
