District lead on the line

Littlefield and Friona square off for the 3-AA district lead Friday night in Friona.

The Wildcats came-from-behind to blast Muleshoe 35-13 and the Chiefs snuck past Morton 17-12 in district openers. The wins were the second of the season for Littlefield and the first for Friona.

The rivals have met two common opponents. Floydada downed the Chiefs 33-0 and the Wildcats edged Floydada 20-19. Lockney shut out Friona 20-0 and up ended the Wildcats 18-14.

The Chiefs failed to score in their first four games, but when quarterback Keith Martin returned from the injury list the Friona offense began to jell. The Chiefs return two other starting backs in addition to Martin, tailback Kelvin King and fullback Lynn London.

The Chiefs line is led by tackles Coty Cothman and Ram Randolph.

Cothman, a 205 lb. junior, will be one of the best linemen the Cats will face this year.

The Chiefs are a run-oriented team. King has speed and is a breakaway threat. Martin's return has resulted in the Chiefs going to the air more.

Littlefield will again go with its wide open offense that will balance the running and passing attack. Coach Jerry Blakely hopes for continued improvement in defensive technique.

Tailback Jeff Ratliff is slated to return to action after missing two games with an elbow injury. All Cats are expected to be at full speed for the first time in weeks except for Ben Davidson who is out for the season.

Coach Blakely said that Friona and Littlefield are evenly matched. "We can't lose five fumbles and 200 yards in penalties like we did

against Muleshoe and expect to win."

Reflecting on the big win over Muleshoe Blakely said, "Winning the first district game is always crucial. We had good improvement in our defensive technique. The Mules were never able to break a long run.

"We're disappointed in our play the first quarter. It took us a while to adjust our offense to their defense and in the meantime they had a long drive for a touchdown.

"Our lack of mental alertness on the faked punt disappointed us. It led to their second touchdown.

The Coach continued, "The biggest factor in the win was our ability to keep possession of the ball in the third quarter. For the game we ran 71 plays and they ran 50. This took a lot of pressure off the defense.

"We were pleased with our ability to score twice on spectacular passes from Rudy Ayala to Ralph Mendez. Mendez' second effort on both passes resulted in TD's.

"The Muleshoe game was the first time this season we had problems with penalties. We had

Don Hatley named Olton police chief

A former Littlefield and Olton resident was named chief of police at Olton by the Olton city council last Tuesday night.

Don Hatley is the new police chief. He is a certified officer and has 11 years experience as a law enforcement officers.

He came to Olton as a 2-year-old and attended Olton schools. He was in criminal investigation while in the U.S. Air Force six years.

After being discharged, he farmed for a year, then moved to New Mexico where he began his law officer career. For the past four years he has been a Hale County deputy working in the Cotton Center, Hale Center and Mayfield communities.

Hatley and his wife Nancy have two children, aged 4 and 9.

Hatley replaces Olton chief Ed Heske who is now a Lamb County deputy sheriff.

Football fans invited to eat with Frionans

Littlefield football fans have been invited to eat chili or stew with the Friona Junior Class Friday night between 5 and 7 p.m. in the Friona High School Cafeteria.

Tickets for adults are \$2, and children and under 12 years old may eat for \$1.

After the game, pie and coffee will be sold.

City Council meets tonight

Littlefield's City Council will meet at 7 p.m. tonight for their regular business meeting.

Besides routine items on the agenda, the council will:

Discuss a letter from the Highway Department concerning a traffic study of intersections at Highway 54 (10th Street) and LFD Drive, Phelps, and XIT Drive;

Consider the authorization of the purchase of an additional blower

for the sewer plant;

Consider authorization of the purchase of a truck cab and chassis for the street department;

Discuss ambulance contract with the County Commissioners;

Review a proposal by Texas Tech and South Plains Association of Governments to update the Comprehensive Plan; and

Go into executive session to discuss personnel matters.

C-C Membership Drive underway

The Littlefield Chamber of Commerce is conducting a membership drive this week.

A kick-off coffee was held Tuesday morning at Tri-County Savings and Loan, and the drive will

conclude until tomorrow noon with a luncheon at K-Bob's.

Ron Lawlis is chairman of the drive, with Hubert Henry and Richard Wall serving as team captains.

Swine Flu Vaccine still not available

Although the state swine flu immunization program was resumed Monday, after it was halted last week because of the deaths of elderly persons who had received the vaccine across the nation, Lamb County still has not received the vaccine, and its immunization program has not begun.

According to Dr. J. H. Oyer, M. D., who serves as county health officer, "I haven't heard of anyone in Lamb County who has the vaccine yet. Several of the hospitals have it ordered, but we haven't received it."

The temporary halt in the program was instituted because it was the desire of the department to give the Center for Disease Control in Atlanta and the health authorities in Pennsylvania time to report on the circumstances connected with the deaths of the three individuals in Pittsburgh following the giving of influenza vaccine.

It was determined that the deaths were caused by heart attacks in persons previously known to have heart trouble and were not precipitated by the flu vaccine itself.

The particular lot number of the vaccine used in Pittsburgh has been given to 118,000 other individuals without problems, except there was a report of one death in an individual following the vaccine's being administered. This death occurred while a man was bowling. He had a history of heart disease and recent heart surgery. The Food and Drug Administration also tested the vaccine which was used and found no evidence that the deaths in Pittsburgh were in any way associated with a "bad

batch" of vaccine.

It should be borne in mind that the influenza vaccine is not a new research product, but has been made in this country and used on certain patients as well as extensively in the armed services for more than 30 years. The military vaccine contained a swine strain for many years. The method used in the production of the swine flu vaccine was that used in the production of the other influenza vaccines— a time-proven method.

"The swine flu vaccine is safe, will not in itself cause heart attacks, but in a small percentage of instances may cause some soreness of the arm, some slight redness of the arm, or a low-grade fever for 24 to 36 hours after receiving the vaccine. Individuals who are sensitive to eggs should not be given the vaccine. All physicians who use the vaccine have been given instructions on dosage, the types of vaccine for the various age groups, and the precautions to be observed," said Dr. John P. Board, regional director of Public Health Region 2 of the Texas Department of Health Resources.

"In Texas, according to 1975 statistics, 270 people of all ages die every 24 hours. Of this number, 168 individuals are over age 65. As regards heart disease, 78 persons die per day including 58 who are 65 years of age or over. These deaths have been occurring in Texas and were occurring prior to the giving of the swine flu vaccine. Therefore, it is likely that such deaths may occur following the vaccine but not be related in any way to the vaccine," Dr. Board said.

Hallowe'en Costume Review entries being accepted

"We, The Women" a branch of the Littlefield Chamber of Commerce, are now taking entries for the "Hallowe'en Costume Review" to be held Thursday night, Oct. 28, in the High School Auditorium at 7:30 p.m.

Boys and girls, ages 2-8, may enter, and will be divided into two age groups, 2-5 and 6-8.

Alpha Lambda Zeta sets Halloween carnival

"Only a few days are left until the Hallowe'en carnival, and if your organization hasn't entered a booth yet, do it now!" says Ruan Richardson of Alpha Lambda Zeta Chapter of the Beta Sigma Phi.

Alpha Lambda Zeta is sponsoring the carnival Saturday, Oct. 30, from 6 to 10 p.m. in the Lamb County Ag and Community Center, and organizations who wish to enter a booth for the festivities are asked to enter by Saturday, Oct. 23.

Each age group will be judged on costume only.

A trophy will be awarded to the "best overall" in each age group.

Prizes will be awarded to children with the spookiest, ugliest, and funniest costumes.

Children wishing to enter are asked to contact Sherry Campbell 385-4451 or Sarah Tollett 385-3169 before Oct. 26.

A description of the booth, along with the \$10 entry fee per each booth, may be sent to Alpha Lambda Zeta, in care of Ruan Richardson, 606 E. 12th, Littlefield, 385-5574.

Fees must be received before booths will be officially registered.

Mrs. Richardson said, "We need you— you need us— and the kids need us both to make a Hallowe'en worth remembering."

Absentee voting requirements outlined

Absentee voting in the Nov. 2 general election continues through 5 p.m. Friday, Oct. 29. Absentee ballots may be cast in the Lamb County clerk's office or by mail.

Persons eligible to vote include registered college students whose permanent address is in Lamb County, persons 65 years old or older, or qualified voters who will be absent from the county of their residence on the day of the election. Also, a qualified voter who will be unable to attend the polls because of sickness or physical disability may request a ballot by mail.

Request for ballots to be mailed, or absentee voting in person may be done in the county clerk's office Monday through Friday from 9 a.m. until 5 p.m. The office is open during the noon hour. The office

will be closed on Monday, Oct. 25 in observance of Veterans' Day.

When requesting an absentee ballot by mail, write or phone giving the voter's name, permanent address in Lamb County, the out of county temporary address that the ballot will be mailed to, the voter registration card number, and state that this person is going to be out of the county.

The county clerk's office will conduct a school on election procedure for presiding judges, alternate presiding judges and election clerks on Tuesday, Oct. 26, at 8 p.m. in the district courtroom in the Lamb County Courthouse. All election personnel and all interested citizens are urged to attend.

To The EDITOR

Dear Jerry,

Kevin Bell received his Eagle rank on October 17, 1976. We have several people backing his getting his Eagle in donating things, such as Pat's Record Center, sound system; Hart-Thaxton, easel; Chisholm Floral, a candle lighter; Mrs. C. R. Smiley, who printed up the program; Ware's, who do-

nated material; and the Scouts and Scout leaders who made the Eagle Court of Honor a success.

If I forgot anyone, forgive me.

Thanks again,

"INAUGURATION OF LINCOLN"

Abraham Lincoln took the oath of office as the 16th President of the United States on March 4, 1861. He had planned to make a tour of East Coast cities on the way to Washington, D.C. from his home in Springfield, Illinois. His trip was cut short and Lincoln hurried secretly to Washington when detectives learned of an assassination plot. At the time of his inauguration, seven Southern states had seceded from the Union. CLIPS & TIPS

By JOELLA LOVVORN

GREEN TOMATOES can be used many ways that add more flavor to them, Mrs. Mary Sweeten, foods and nutrition specialist, points out.

"Green tomatoes aren't as top quality as the vine-ripened red flavorful ones, but they can be a delicious accompaniment to any meal. Try this method—especially good with Mexican food—slice, dip in buttermilk and flour, salt them and deep fat fry. The flour, salt and pepper and the fat add flavor to the green tomatoes," she said.

Mrs. Sweeten is with the Texas Agricultural Extension Service, The Texas A&M University System.

"They are also delicious as ingredients in relishes or chow chow, mincemeat, marmalade, spiced green tomatoes and green tomato pickles.

"But remember to harvest them before the first frost, because after they've been touched by frost, they aren't suitable for eating," she said.

GREEN TOMATO-CABBAGE RELISH

- 4 quarts [about 24 to 28 medium-sized] chopped green tomatoes
- 4 quarts sliced cabbage
- 3 cups chopped onion
- 1 cup chopped sweet red pepper
- 1/4 cup salt
- 1 tsp. ground allspice
- 2 tps. celery seed
- 2 tps. mustard seed
- 2 cups brown sugar
- 1 quart vinegar

Sprinkle layers of tomatoes, cabbage, onion, and sweet pepper with salt. Let stand overnight; drain. Add allspice, celery seed, mustard seed, sugar and vinegar. Boil 25 minutes or until there is just enough liquid left to moisten ingredients well. Pack into clean, hot, sterile jars. Fill jars to top; seal. Process in boiling water bath for 10 minutes.

Whitharral Lions set chili supper

The Whitharral Lions Club has scheduled their annual chili supper Friday night, Oct. 22, in the school cafeteria from 5:30 to 7:30, prior to the Homecoming game with Grady.

Tickets may be purchased from any Whitharral Lion, or at the door, for \$1.50.

Coffee and doughnuts will be served to all ex students and teachers following the game, in the school cafeteria.

VA PENSIONS

The Veterans Administration will pay about \$8 billion to some five million Americans entitled to compensation and pension checks this year.

INDIA RELISH

- 6 pounds [22 medium] green tomatoes
- 1/2 pound [3 medium] onions, peeled
- 1 large stalk celery
- 1/2 pound [2 medium] sweet red peppers, quartered
- 1 medium green pepper, quartered
- 1 1/2 cups granulated sugar
- 1 1/4 cups distilled white vinegar
- 1/2 tsp. ground cinnamon
- 1/2 tsp. ground cloves
- 1/2 tsp. ground allspice
- 1/2 tsp. turmeric
- 1/4 tsp. cayenne pepper
- 1 1/2 tsp. celery seed
- 3 Tbsps. salt

Wash, trim vegetables. Quarter, remove stem end from tomatoes; put all vegetables through medium grind of food grinder. Drain excess liquid. Heat sugar, remaining ingredients to boiling. Add vegetables; simmer ten minutes, stirring occasionally. Continue simmering while quickly packing one hot, sterilized jar at a time. Fill to one-eighth inch from top. Be sure vinegar solution covers vegetables. Seal each jar at once and process in boiling water bath for ten minutes. Makes five to six pints.

GREEN TOMATO MINCEMEAT

- 1 peck green tomatoes
- 5 cups brown sugar
- 4 cups raisins
- 2 cups beef suet
- 1/2 cup vinegar
- 2 Tbsps. salt
- 2 Tbsps. ground cinnamon
- 1 Tbsp. nutmeg
- 2 cups chopped apples
- 1 Tbsp. ground cloves

Slice the tomatoes thin, or put them through a food chopper, allow to drain. Cover with cold water, place over fire and boil for five minutes. Drain well, add suet, vinegar, fruit and seasonings, return to fire, and allow to simmer for thirty to forty-five minutes. Pack while hot, and process in hot water for 20 minutes.

SPICED GREED TOMATOES

- 6 pounds of small whole green tomatoes
- 4 pounds of sugar
- 1 pint of vinegar
- 1 Tbsp. of cinnamon
- 1/2 tsp. of cloves
- 1/2 tsp. of allspice
- 1/2 tsp. of mace

Small green fig or plum tomatoes are suitable for this pickle. Scald and peel. Make a syrup of the sugar, vinegar, and spices. Drop in the whole fruit and boil until the tomatoes become clear; pour all into trays, cool quickly; pack cold into jars, strain syrup over them, seal and process.

GREEN TOMATO PICKLE

- 1 gallon of green tomatoes
- 1/2 dozen large onions

THE ABUNDANT LIFE

Being grateful

"BEING GRATEFUL" is one of the most helpful arts we can develop, and the greater our skill the better life is going to be for us and everybody associated with us. So far as we know, there is never a time, in anyone's life, when everything is just exactly as we wish it to be. We have no basis for expecting such a perfect life situation.

This however, is not essential to our "being grateful". The only practical manner of living is the one in which we are diligent to let our thankfulness be the overriding feeling and expression.

Of course, there will be sad times; times of disappointment; there will be some losses; some problems and difficulties; but there will always be good reasons for "being grateful".

It is a mistake to permit the sad times, or the disappointments, or the losses, or the problems and difficulties to force the sentiments and manifestations of gratitude out of our mind and life. It is the balance in life that we must seek and maintain, and "being grateful" is essential to this balance.

"PRIDE SLAYS Thanksgiving, but a humble mind is the soil out of which thanks naturally grow. A proud man is seldom a grateful man, for he never thinks he gets as much as he deserves." —Beecher.

INGRATITUDE, whatever the cause, is one of the very worst of personal deficiencies. Whether caused by vanity, or faulty expectations, or ignorance, or whatever; the damage and loss are the same.

HAWKEYE GRAYS

By CORNBALL BLEVINS

WELL, GUESS ALL in all, it's been a lousy weekend. The Dallas Cowboys lost to those pesky Cardinals, the New York Yankees fell two straight games behind the Big-Red Machine, and I was blind-sided by a letter to the editor.

On top of this, I took a fresh cold in my sinuses, (I'd only spent about 40 to 50 bucks on that thing a couple of weeks ago) and now my doctor's left town.

EVEN THE important news is all bad. For instance, Steve Roper, (in the comics) has lost his new bride, and is about to lose his job.

- 3 cupfuls of brown sugar
- 1/2 lemon
- 3 pods of red pepper
- 1 pint of vinegar
- 1 pint of water
- 1 Tbsp. of whole cloves
- 1 Tbsp. of allspice
- 1 Tbsp. of celery seed [crushed]
- 1 Tbsp. of mustard seed
- 1 Tbsp. of ground mustard
- 1 Tbsp. of whole black pepper

Slice the tomatoes and onions thin. Sprinkle over them one-half cupful of salt and let stand overnight in a crock or enameled vessel. Tie the pepper, cloves, allspice, and celery seed in a cheese-cloth bag. Slice the lemon and chop two pepper pods very fine. Drain the tomato and onions well. Add all seasoning except one pepper pod to the vinegar, then add the tomato and onion. Cook for one-half hour, stirring gently at intervals to prevent burning. Remove spice-bag to prevent darkening product. Pack in pint jars and garnish with slender strips of the red pepper, placing them vertically on the opposite sides of each jar. Process for fifteen minutes.

None of us can afford such a life and loss.

The harmful consequences of being ungrateful are manifold and even more so. Being ungrateful is harmful to the person who should be expressing it, and to the one to whom it is expressed; and this is not to be the end of the consequences.

"THERE ARE THREE causes of ingratitude: benefit received; envy, pride, covetousness; envy, pride, covetousness; looking at other's benefits than one's own; pride, looking more at one's own than at the benefit; covetousness, looking more at what we want to have than at what we have." Hall.

There is no neutral position. We are either aware of our blessings and benefits, and express our gratitude for them; or we are ungrateful. It is one way or the other, and we make the choice to decide.

"BEING GRATEFUL" is essential to our personal strength. It is one of the most dependable sources of strength; the more we need.

It also produces much good cheer which can do so much for us and everybody we meet. In fact, the list of personal benefits received from "being grateful" is a long one.

"GRATITUDE", by the knowledgeable people, is "The Mother Of Virtues".

Steve Canyon is in about the circumstance, Mammy Yokum about to kick the bucket, Nightmare Alice can catch the come Sadie Hawkins day, (the SUCH a prize!) And, the character in Mary Worth turned up pregnant, on wed-lock! (Besides, she's a kid!)

Dick Tracy's fixin' to get fouled-up with a bunch of perverts. The cads have all conked Little Perfume on the (by a throw that'd turn Staubach green, with envy BO and Gravel Girtie are what it up, in the big city, with a of root beer. (Come on, people need to LAUGH!)

AND, HEATHCLIFF—unbearable! Incredibly befuddled in a cat, yet!

About the only comic-strip to have, is reflected in the pages. A bunch of guys running and down the country, they change a bunch of minds, they already made up, or, that interested enough to go to polls, anyway.

AND, WOULD YOU believe fellow Reese has the gall to be uncomplimentary things about Honorable Mr. Mahon? (The phemer!)

If it weren't for Bleeding Dagwood, Archie, and the Half, I'd just about have to my subscription to the daily and, I'm givin' some consideration to trading my set in on a radio. At least, I could listen to that without the in' about teeth, after I've got bed!

OF COURSE, I'D know someone would just have to wake them up? Was pleased surprised to note that the come up, this Monday. And that I'd know that it was wishful thinking to hope the Yankees might ambush the Reds, but on the whole, I do that there might have been a more pleasantness, coupled with a nice weekend.

Oh well, I did get back to mill this morning, without a "Pink-Slip" waiting for me. Even got through the day having to deal with a customer. Maybe weeks more than weekends, anyway.

Andrea Thomasson presented CPS

Andrea L. Thomasson of Lubbock, daughter of Mrs. John H. Thomasson, Jr. of Sudan, and the late Mr. Thomasson, was presented with the designation of Certified Professional Secretary at the Sept. 20 meeting of Caprock Chapter, The National Secretaries Association (International) in Lubbock.

Presenting the CPS designation to Miss Thomasson was Adelyn W. Moyer, president of the Texas-Louisiana Division of NSA. The honor carries with it the right to use the letters, CPS, after the successful candidate's name, and to wear the official pen of the Certified Professional Secretary.

There are now seven women in Lubbock who have attained the CPS rating.

NSA defines a CPS as one who has successfully completed an examination developed and administered by the Institute for

Certifying Secretaries, a department of The National Secretaries Association (International), and who has met the secretarial experience requirements.

The two-day six-part examination includes Environmental Relationships in Business; Business and Public Policy; Economics and Management; Financial Analysis and the Mathematics of Business; Communications and Decision Making; and Office Procedures.

The test is administered once a year at various examination centers across the world and the candidate is given five years in which to pass all six parts.

Miss Thomasson is a 1968 graduate of Sudan High School, attended Texas Tech University, and is presently working toward a Bachelor of Science Degree in Occupational Education. Miss Thomasson presently serves as president of Caprock Chapter,

The National Secretaries Association (International); has served on Texas-Louisiana Division, NSA, Committees; and recently served as delegate to NSA's International Convention in Houston, Texas.

She recently conducted NSA Area Forums in El Paso and Canyon, and also recently served as workshop leader for Caprock Chapter, NSA's Seminar for secretaries.

She first sat for the CPS Examination in May, 1975, completing four parts, and in May, 1976, completed the final two parts.

The purposes of the CPS program are to improve secretarial personnel by giving specific direction to an educational program and measuring the extent of professional development, to provide secretaries with the assurance which comes from having attained a professional educational standard, to promote the professional identity

of the exceptional secretary, to assist management in selecting qualified secretaries, and to plan and sponsor additional programs of continuing professional development for the Certified Professional Secretary.

Miss Thomasson has been employed by L. B. Foster Company at Lubbock 3 1/2 years; and was recently promoted to the position of Sales Coordinator and Office Administrator over the Lubbock District Office and Grand Island, Neb. branch office of L. B. Foster Company. She is presently conducting a Secretarial Review Course under the sponsorship of Caprock Chapter, NSA.

Winter conferences slated at Glorieta

This year's fall and winter conference at Glorieta Baptist Conference Center at Glorieta, N.M. are planned to include Sunday School workers, youth and lay persons interested in Bible study. All conferences are sponsored by departments of the Southern Baptist Sunday School Board, Nashville.

In response to an overwhelming number of registration requests, an unprecedented third Sunday School Leadership Conference is planned for Oct. 25-29 at Glorieta.

Training sessions are planned for Sunday School leaders, both church and associational, and for all adults 18 years of age or above. General officer and age-group conferences will be available along with special interest conferences during afternoon sessions.

L. J. Newton and Larry Shotwell, consultants in the general offices section of the board's Sunday School department, will direct the conference.

Churches can schedule a

Ski-Bible conference any time between Dec. 17 and March 31, with the exception of Dec. 24-25, and 28-31. Mornings and afternoons are free to spend at the Sante Fe Ski basin, and Bible study can be scheduled for evenings. The Ski-Bible conference is coordinated by the conference center program and promotion section and is directed by Nilon Elliott. To schedule a Ski-Bible Conference, contact Conference Center Program and Promotion, 127 Ninth Ave., North, Nashville, Tenn. 37234.

The Winter Youth Celebration concludes the schedule of 1976 conferences at Glorieta. Youth meet Dec. 28-31 for a period of worship, training, Bible study and fellowship based on the theme "Bold Discipleship." Special leadership conferences are planned for adults who attend as sponsors. The conference is directed by the youth section of the board's church

training department.

To register for the Sunday School Leadership Conference or Winter Youth Celebration, write to Glorieta Baptist Conference Center, Box 8, Glorieta, N.M. 87535. Program information for these conferences is available from the sponsoring department.

at the Sunday School Board, 127 Ninth North, Nashville, 37234.

Anton School Board discusses long agenda

ANTON— The Board of Trustees of Anton ISD met Thursday morning with six members, J. P. Jones, and Bob Davis present.

Minutes and warrants were approved.

Discussion of class size for fifth and sixth grades was discussed and trustees decided to wait one month to split the classes.

The tile in the gym was discussed and tabled action until it is possible to look at the gym.

A policy for Quarter Test Exemptions was adopted to be effective the second quarter, 1976.

"If a student is neither tardy or absent, he will be

exempt with a 75 or average for the semester. If a student has tardy up to two absences he will be exempt with 83 or better average for semester.

If a student has three absences and tardies, he will be exempt an average of 92 or better. Any fractional counts toward the exemption grade. Tardies count as one absence.

The senior trip was tented to 36 hours. A policy was adopted regarding credit under quarter system.

Bob Davis was elected a unanimous vote to financial advisor to board.

The tax roll was proved for 1976-77.

The enrollment shows 416 students rolled in Kindergarten through 12th grades. These, 218 are in the elementary grades (K-6) 198 are in the junior-high school grades (7-12). Breakdown shows white, 158 Latin, and Black students in K-12.

Tech gets spinning machine to work with wool, mohair

Texas Tech's Textile Research Center has recently received a new open-end spinning machine designed for producing yarns from wool, mohair and long staple man-made fibers. Previously, open-end spinning studies at the Center were restricted to cotton and short length man-made fibers.

The new machine has been placed at TRC by Modern Fibers, Inc., of Fitzgerald, Ga. to assist with the Center's research and to help in establishing basic data on spinning long staple fiber.

The Schubert & Salzer RL-10, manufactured in Ingolstadt, Germany, is capable of spinning yarns from staple lengths up to five inches. The primary use at the Center will be to determine the quality of open-end yarns spun from the wool and mohair produced in Texas.

Temporarily placed in the large spinning room at the Center, the unit will be moved later into the new wing which is expected to be completed early next year.

"We are very pleased that Modern Fibers has made this machine available to us, and are grateful to the Textile Machinery Division of Steel Heddle

Manufacturing Company of Greenville, S.C., for recommending that the RL-10 spinner be placed at TRC," stated Jim Parker, director of the Center. "We are looking forward to conducting studies on the animal fibers produced in Texas and to disseminating resulting data to textile companies in the United States and abroad."

Pep P-TA meets

Pep P-TA held its regular monthly meeting Monday night in the cafeteria with president, Mrs. Max Demel presiding.

Prayer was led by G. O. Smith.

Minutes were read by Mrs. Gary Skaggs, and the treasurer's report given by Mrs. Raymond Marek.

Reports were given on the fall workshop which was held in Amherst Oct. 5, by Mrs. H. E. Franklin, Mrs. Raymond Marek and Mrs. Max Demel.

Mrs. Demel read the proposed amendment which was presented to them at the workshop. On the dress and hair code, and absenteeism, members discussed the proposals, some favored it, which others did not, and all agreed that absenteeism was not a problem in the Pep School.

The South Plains Area Council meeting will be in the Pep School auditorium on Nov. 9 at 9 a.m. to 11 a.m. All are invited.

Due to a basketball game, the November meeting date was changed to Thursday, Nov. 11, in the cafeteria. We will have a Dollarama Pot Luck Supper at 7 p.m. You all come so

we can make some funds to send our president, Mrs. Max Demel, to the State P-TA Convention on Nov. 17-19 in Fort Worth.

The program was a film on Genetics and Heredity. Cake and ice cream was served during the film.

Banner was awarded to the fourth grade, and Mrs. Al Miller is to see that it is displayed in her room this month.

Forrest Houk visits Kodiak-Island of Bays

By DORIS WILLIAMS

For many years Mrs. Forrest Houk of 1101 South Westside Avenue, Littlefield Texas wanted to take a special trip. This August she realized her dream when she flew non stop from Seattle, Washington to Kodiak Island, Alaska.

Kodial Island is surrounded by small bays, each with its own special charm for both visitors and natives. "The fossil beds on Pasagchak Bay look as though they have been there forever," Forrest says. "We spent many hours looking at the differ-

ent shapes of driftwood and the patterns formed by shells imbedded in the huge rocks."

Huge trees form an amphitheater on the shores of Monashka Bay. It was here, under the stars, on August 14th, that Forrest attended a showing of "The Cry Of The Wild Ram." "This is a historical drama something like our 'Texas'," Forrest says.

The play spans a period of 15 years (from 1791 to 1806) in the life of Alexander Baranof, the leader of the Russian Colony on Kodiak Island. The Russian

word "baran" translates into "wild ram" and "cry" symbolizes Baranof's loneliness and frustration. With its cast of 60, the historical performance celebrates the era of Kodiak as part of Russian America. It portrays the classic confrontation between man and his environment, the adversities, the harsh climate and primitive life style. The dialogue depicts in the life and times of that era, the fur business, and Baranof's knowledge of geology, metallurgy, and resource development. "I wore all the clothes I could find,"

Forrest says. "The night was rainy and the cold wind blowing across the bay. Once the play started, however, I forgot the cold, watching the actors."

Kenneth Holland, who married Forrest's niece, is a commercial fisherman, living on Kodiak Island much of the year. Forrest spent one day on his boat, watching the fishermen. "I was amazed at the conveniences, the cleanliness (no fish smell), and the food served from supplies kept on the boat," Forrest says. The fishermen fished in Kizhuyak Bay.

"Coming in that day," Forrest says, "we dropped anchor on the Buskin River. Each of us was handed a rod and reel. The seasoned fishermen smiled as broadly as I when they caught a salmon. I caught two 24-inch ones."

Forrest also visited in Washington and during her visit, rode a ferry boat through the San Juan Islands to Sidney, British Columbia. The Superferry, M.V. Kaleetan, had large lounge chairs around the windows and a restaurant in the center.

"This may be my only visit to Alaska," Forrest says, "but if I ever have the opportunity, I will certainly go again. I loved every minute of it."

Anton rural carrier receives safety award

ANTON— Zade F. Hooper, rural carrier Route 1, Anton, was awarded a pin by Postmaster Sammie Norman Friday morning.

The pin, given by the National Safety Council, represents 28 years of safe driving on his mail route without an accident.

The route covers 128 miles each day, six days a week, with 158 stops and serves 196 families.

Zade Hooper has been a rural carrier in the Anton post office since July 1, 1948.

Postmaster Norman, said, "He is a very efficient and dedicated Postal employee and deserving of the award."

Hooper is very active in many community groups. He is a member of the Anton City Council.

He is the voice of the Anton Bulldogs as he announces all of the Anton High School football games and has for many years. He is a leader in the First

United Methodist Church. He and his wife, Dorothy, have three daughters, Mrs. Sammie Sepherson, Zita, and Chloe Nan.

PIONEER INFORMATION BULLETIN

Subject: SMUT

Most farmers in this area have heard of the epidemic of head smut which affected the corn crop in parts of six counties of West Texas. The disease is not expected to spread much beyond that area next year, if indeed it occurs at all, but the Pioneer Agronomy Service Department headquartered in Plainview, is conducting an informational program to acquaint all corn farmers with the disease.

Not surprisingly, there is a good bit of confusion about head smut since this is the first year it has appeared in the Southwest in high enough incidence to affect yields. Pioneer agronomists had studied the problem elsewhere, however, and print this information as a service to High Plains farmers.

Two distinctly different kinds of smut appeared in parts of Farmer, Castro, Deaf Smith, Lamb, Bailey and Hale counties: **common smut** and **head smut**. Common smut has little, if any, economic significance, but it is frequently confused with head smut, which is the real culprit. Estimates are that head smut reduced the yields of some fields by over 20%.

COMMON SMUT (*Ustilago maydis*), sometimes called boil smut, does not usually reduce yields. It is characterized by galls, bulbous growths which are at first covered with a glistening, greenish to silvery-white tissue. The galls may appear on any part of the corn plant including the exposed tips of healthy ears protruding beyond the shuck. The plant becomes host to wind or water-borne sporidia which stimulate cells in young tissue to proliferate.

HEAD SMUT (*Sphacelotheca reiliana*) is systemic, the plant being infected by soil-borne teliospores in the seedling stage. The outward signs of the disease are less conspicuous than common smut. It first appears when ears and tassels are formed. Tassels of infected plants usually appear to be covered with a reddish brown or black, spiny rust. Silkless shucks look as if they might cover a short, fat ear of corn but opening the shuck exposes a mass of black, worm-like teliospores or a tangle of bright green, leafy buds. Since head smut is soil borne and there is no practical chemical treatment to control it, we can expect infection to increase from one year to the next if conditions are right. This year's weather (dry and cool) was particularly conducive to infestations of both types of smut fungus.

WHAT ABOUT NEXT YEAR? For the most part, head smut occurs in fields that have been planted to corn for several years. It appears that farmers with a head smut-infested field have a choice for the use of that field next year. They can plant the field to another crop or can, with reasonable safety, plant corn hybrids that offer resistance to the disease. Pioneer has three excellent hybrid corn varieties that show strong resistance to head smut. One of these is well known to area farmers and is the most planted variety in much of this area... Pioneer brand 3306. Two other Pioneer varieties... 3184 and 3195... which were planted widely in this area for the first time this year, not only resist smut but have even greater yield potential than the well-known yield champion, Pioneer brand 3369-A.

A Head smut sometimes affects the tassel but always precludes the development of grain.
B Common Smut Galls usually do not affect the yield of the host plant.

"Again we were plagued by fumbles. This will be one of our primary concerns in practice."

Cited for their defensive play against Muleshoe were Jack Speck, Tony Cowan, Vernon Johnson, Ronnie Milligan, Lewis Willey, David Jones, Jeff Birkelbach, Mendez and Ayala.

The offensive line of Speck, Cowan, Soria, Milligan and Layne McKinnon drew praise for their pass blocking.

Mendez was singled out for his receptions, Smith for running, Ayala for passing and Blake Wood for lead blocking.

Kick-off against Friona will be at 7:30 p.m.

Officers busy over weekend

During the past week and over the weekend several area residents were charged with various offenses to include:

At the sheriff's office, deputies investigating a burglary at the First Drug Monday night. During the gaining entry, the cash register and its contents of \$31 were taken and an unknown amount of quarters were taken from the foose ball machine.

A cash register was found in a car near Amherst Tuesday morning.

A burglary southeast of Hart was reported by Joe Cadell. During the burglary a jewelry box and a television set valued at \$250, and a color television set valued at \$540.

O. Killough at American Growers reported the theft of a citizen band radio taken from the city police station, Texas.

The Texas Union reported a burglary Monday night. Missing was a typewriter.

Monday night someone cut a car with bolt cutters and stole a

cylinder of metrous gas from Medical Arts Hospital.

Oecia' Photography reported a cement ornament was taken from the front of the building to the back where it was dropped. The vandalism cut the phone line to Frontier Western Store.

A burglary at Littlefield High School over the weekend resulted in about \$75 damage to door facings. Entry was gained through the gymnasium.

Jose Perez reported the theft of a \$200 CB radio and antenna Monday. Friday the theft of a purse and billfold with \$7 was reported by Kay Anderson.

At the Lamb County jail, a Morton man was jailed on a DWI charge Friday and was fined \$150 plus court cost.

A Littlefield man was jailed on a forgery and passing charge Friday. Bond was set at \$2,000. Another man was charged with driving while intoxicated Friday and was released on a \$2,000 bond.

A Plainview woman and a Littlefield man were jailed Monday on charges of public intoxication. They were fined \$27.50 each.

A Littlefield man was charged with DWI Saturday. Another city resident was charged with theft by check. Another was jailed on a forgery and passing charge Monday.

At presstime a couple were facing felony charges of forgery and passing with the man charged with two counts and the woman with one charge.

At the city police station, two were charged with drinking in public and three were charged with public intoxication. One was charged with simple assault and one with child abuse.

Area teams turn in wins

By JULIAN SAENZ

After the seventh week of football for most of the area teams most of the teams turned in a winning game.

Whitharral, which is the only area team that is undefeated, turned in their seventh consecutive win of the season as they easily maneuvered over Wellman 41-20.

Sudan, who continued to win in loop play, produced a total of 47 points to pound the Nazareth Swift 47-14.

The Olton Mustangs who seem to be recovering from injuries received

earlier in the season turned in a 7-7 tie against the pre-season favorite Dimmitt.

The Mustangs will travel to Morton to attempt to pick up a win against the Indians who lost against Friona in Friday's contest in a 17-12 verdict.

Amherst which was defeated by the Anton Bulldogs will face Ropes at Ropes. Ropes was defeated by Sundown for their first defeat in loop play.

Three Way destroyed Loop in a 67-22 win in

six-man football and travel to Wellman who was defeated by the

feared Whitharral. Three Way and man have both

losses to Whitharral. The Anton Bulldogs

face the O'Donnell in Anton. Anton coming off a 22-12

the Amherst Bulldogs O'Donnell will be off a 69-0 loss to the

Cowboys which are and area ranked. Springlake-Earth

face Bovina at Bovina. Wolverines will be off a 7-0 decision

Cutshall takes lead

Kip Cutshall regained the lead in the Peerless Pigskin Prognosticators by guessing on 10 of 14. Cutshall now has a 62-36 season record.

Pat Yarbrough and Sarah Tollett are all tied up with 61-37 season records. Yarbrough guessed 9 of 14 while Tollett hit on 8 of 14.

Sherry Campbell and Emil Macha are not far behind the leaders with season records of 58-40. Campbell hit on 8 of 14 and Macha hit on 7 of 14.

And least and also last we have Jerry Tidwell who has been behind the leaders much of the season. Tidwell was right on 8 of 14 to give him a season record of 55-43.

Cutshall missed the Dimmitt-Olton, LSU-Kentucky, Cincinnati-Pittsburg, and Dallas-St. Louis games. Yarbrough missed the Dimmitt-Olton, Baylor-Texas A&M, LSU-Kentucky, Cincinnati-Pittsburg, and the Dallas-St. Louis games. Tollett missed the Anton-

Amherst, Dimmitt-Olton, Vega-S-Earth, LSU-Kentucky, Cincinnati-Pittsburg, and the Dallas-St. Louis games.

Campbell missed the Littlefield-Muleshoe, Dimmitt-Olton, Vega-S-Earth, Baylor-Texas A&M, LSU-Kentucky, Cincinnati-Pittsburg, and the Dallas-St. Louis games.

Macha missed the Dimmitt-Olton, Vega-S-Earth, Baylor-Texas A&M, SMU-Houston, LSU-Kentucky, Cincinnati-Pittsburg, and the Dallas-St. Louis games.

Tidwell missed the Amherst-Anton, Dimmitt-Olton, Baylor-Texas A&M, LSU-Kentucky, Cincinnati-Pittsburg, and the Dallas-St. Louis games.

All of the prognosticators were correct on the Sudan-Nazareth, Three Way-Loop, Whitharral-Wellman, Texas Tech-Rice, and the Seattle-Tamps Bay games.

All of the guessers were incorrect on the Dimmitt-Olton, LSU-Kentucky, Cin-

Sudan's Danny Williams scores for Cisco JC

SUDAN— Danny Williams of Sudan helped the University of Texas at Arlington score three second-half touchdowns and post a 20-19 junior varsity football victory over Cisco Junior College recently.

Williams garnered 11 yards in four carries in his first game action at UTA. The 6-foot, 1-inch 195-pound running back also did an excellent job blocking the game.

"Danny has all the tools to be an excellent major

cincinnati-Pittsburg, and the Dallas-St. Louis games.

Campbell was the lone guesser that missed the Littlefield-Muleshoe game. Macha was the only one that missed the SMU-Houston game. Tollett and Tidwell were the only Prognosticators that missed the Anton-Amherst encounter.

Tollett and Cutshall were the only ones that missed the Baylor-Texas A&M game. Campbell, Tollett, and Macha were the only ones that missed the Vega-S-Earth game.

college running back," Head Coach Bud Elliott said. "He's really beginning to get his feet on the ground and run tough."

SERVING THE FINEST SUNDAY BUFFET IN WEST TEXAS

Western Auto Store

Forrest and Clarice Price are back "Home" in Littlefield as owners of the "Renewed and Better than ever Western Auto Store". The Prices moved to Littlefield from Dallas in 1969 at which time they purchased, moved and enlarged the old Western Auto, locating it in its present location at 302 Phelps.

Te Prices sold The Western Auto 18 months ago and moved back to Dallas but found it wasn't home any longer. "We realized very soon the friendly small

town atmosphere and wonderful Littlefield area people could not be replaced," they said. Se we were fortunate enough to be able to buy the store back and come home.

"We really appreciate the gracious way all our old friends and customers are accepting us back and we promise the same friendly courteous service and honest and sincere appreciation to each and every one of you," they added.

They are most fortunate to have the same competent loyal staff as they had

before to assist your every need.

Verne Hartley heads the credit department and is known to almost everyone.

Carolyn Grand is a competent and courteous sales lady and will assist you in your catalogue orders and lay aways.

Jim Hartley is a professional in the auto parts and sales area. Ricky Wright is our newest addition. He serves as sales, assembly and expert tire application technician.

Western Auto is a family store and the entire Price

family runs the store. Their son Tag, who is 9 years old, test runs all the wheel goods including the new crazy bike called the "Swing". Daughter Carla (a 1975 graduate of Littlefield High) works at Texas Instrument in Lubbock and at Prices' Western Auto on weekends.

Again Forrest and Clarice Price say Thank You for your business and it's great to be back home again. Come see them for your present needs and new Christmas merchandise which is arriving daily.

GOD'S FIVE MINUTES

VICTORY

When you are forgotten, or neglected, or purposely set at naught, and you smile with your heart at rest.
That is Victory!

When your good is evilly spoken of, your wishes are crossed, your task offended, your advice ridiculed and you take it all in patient loving silence.
That is Victory!

When you are firm in difficulties and superior in adversity.
That is Victory!

When you fully realize that the fear of God is the beginning of wisdom.
That is Victory!

When you lament not the loss of that you cannot retrieve.
That is Victory!

When you know that each day is a new life, and that yesterday is one hundred years old.
That is Victory!

When you are content with simple raiment, plain food, and climate, any solitude, any interruption,
That is Victory!

Freshmen lose fifth game

The Littlefield Freshman team lost their fifth straight game of the season as they were downed by the Muleshoe Frosh team 20-8 last Thursday. Muleshoe scored first late in the first quarter. The extra point kick was good to give the Mules a 7-0 lead. The Cats had two golden opportunities to score but the Mule defense held both times. The first opportunity came when the Cats drove to the Mules 1-yard line. On fourth and one the Cats fumbled the ball away to the Mules. Littlefield had its second chance to score when the

defense held and blocked the Mules punt and recovered the ball on the Mules 11-yard line. The Cats drove to the 3-yard line but were unable to score for the second time. At the start of the second half the Mules came out kicking as they scored on a pass play to give them a 14-0 third quarter lead. The Cats finally scored when Mark Yarbrough broke through the defense and went 50-yards for the TD. The Cats went for the 2 point conversion and were successful as tailback, Johnny Ortiz drove it in from the 3-yard line to

make the score 14-8. With 1:30 showing on the clock the Mules scored a third TD on a 30-yard pass. The extra point was no good to make the final score 20-8. Standouts for the Cat defense were Johnny Ortiz, Hoby Phillips, and Don Haynes. Offensive standouts were Yarbrough, Keith Collins, and Villafranco. Head freshman Eddie Hooper stated the game was an improvement for the team.

Women's Cotton Promotion to hear cotton development

Lois Veber, public relations assistant at Cotton Incorporated, will be guest speaker at a meeting of the District Women's Cotton Promotion Association Monday, Oct. 25 at 11:30 a.m. at the old Underwoods 711 34th in Lubbock. As spokesperson for the fiber research and marketing company of America's

cotton producers, she will discuss new product developments in easy care for cotton, new fabric developments, fashion trends that favor cotton and corporate programs to strengthen cotton's markets.

Miss Veber administers publicity programs for cotton apparel and home fashions as well as company activities.

Before joining the company in 1975, she was senior editor at a public relations agency. Prior experience included corporate communications responsibilities for a leading international engineering firm; the architectural and exhibit design team for the U.S. Pavilion at the Osaka World's Fair; and The Ford Foundation.

She also served as a Peace Corps volunteer for two years in Chile and is a graduate of Skidmore College. "Members may bring guests for a dutch-treat lunch," said the president, Mrs. L. C. Unfred of Tahoka.

1+ DIALING IS HERE

Now that Littlefield has 1 + Dialing, it is important that you know the many advantages of dialing your own long distance calls.

Since an operator is not required to handle your station-to-station calls when you dial it yourself, we pass this savings on to you by charging a lower dial-it-yourself rate. Station-to-station, collect, credit card and calls charged to a third number—which are placed with the operator—cost more than station-to-station calls you dial yourself. Person-to-person calls are even more costly than other operator handled calls.

This savings—along with the faster service and the convenience of dialing your own call—is not all. For example, to get an unknown number in any distant city, you can dial directory assistance yourself at no charge. Just dial 1 + the area code (if different from yours) + 555-1212. This Universal Directory Assistance number can be dialed from anywhere in the United States.

So remember to use this convenient new long distance service.

How long has it been since you went to movies?

By NILAH RODGERS
What is the last movie you went to see? How long ago was that? What did you think of it?

MARY BETH WILEY: "I went to see THE LONGEST YARD two years ago. It was funny, funny, funny."

A. J. SPAIN, Olton: "I watch television a lot and don't go see many movies. The last one I saw was a G rated show about the mule that kicked a football. That was about three or four months ago. About a year before that I saw WHERE THE RED FERN GROWS. I'd liked to have jumped up and down in that one, but I couldn't because my feet were stuck to the floor with chewing gum."

MELBA NICHOLAS: "The last movie I saw was THE SHOOTIST with John Wayne. I didn't like it. John Wayne just up and died. After all those times he's been shot in movies and didn't die, he dies when he hasn't even been shot."

"Before that we went to see DIRT WATER FOX, or something like that. You can tell how impressed I was, since I can't even remember the title. That was back early in the

summer. It was funny, but I wouldn't want to see it again."

CONNIE POWELL: "Oh, I can't remember when I went to see a movie. Must have been last year when I saw ROOSTER COGBURN with John Wayne and Katherine Hepburn. I liked it. I'd like to see a few more good westerns."

JEAN STREETY: "Tuesday a week ago I went to see GOING HOME. The scenery was real pretty. It had a strange plot, and it wasn't worth \$2.50. Before that I went to see THE OTHER SIDE OF THE MOUNTAIN. It was really good. The scenery was good, the acting was good and the plot was realistic. It makes you thankful for life and the ability to walk on your own. I'd pay \$2.50 to see that one again."

RAY LYNN BRITT: "I saw MIDWAY about the middle of August. It was well done, and I enjoyed it."

LUCY MORELAND: "Last year I saw Romeo and Juliet. I gripped me because my kid wanted to spend all Saturday evening watching that, but it was pretty good, really. I couldn't believe I liked it."
