Read In Olton Church

Miss Cheryl Lynne Yandell and Daniel R. Smith were united in marriage Saturday evening, Oct. 24, in the Olton Church of the Nazarene, beneath a candle light archway, flanked by baskets of yellow and white carnations and two candelabras. Rev. Bill Burton, pastor, officiated for the reading of the double ring vows. Parents of the couple are Mr. and Mrs. A. C. Yandell of Olton and Mrs. Ora Mae Smith of Pensacola, Fla. Musical selections were presented by Mrs. Rose Brooks, pianist and Bruce Brooks gave the prayer reading. The bride, given in marriage by her father, wore a formal floor length gown of nylon organza. It featured a scoop neckline, empire waist, A-line silhouette and long Camelot sleeves. Inserts of Venice lace enhanced the neckline, bodice and cuffs of the sleeves. The back of her gown was accented with a full length train. She wore a veil of imported illusion, falling from a coil of lace, seed pearls and sequins. The bridal bouquet consisted of yellow and white carnations.

Attending the bride as maid of honor was Joyce Yandell of Olton. She was fashioned in a floor length gown of yellow crepe with long Camelot sleeves. Flower girl was Tina Martin of Muscatine, Iowa. Kenny Martin of Muscatine, Iowa served as ring bearer and candles were lighted by Debra Jordan and Bill Jordan, both of Olton. Serving the groom as best man was Ronnie Yandell of Amarillo. A reception was held in the Church Parsonage following the ceremony. Miss Sheryle Ragland of Amarillo registered the guests. Presiding at the serving table were Misses Barbara Lang, Virginia Lang, Lynda Chance, all of Amarillo; Ann

**Forum Club
Has Meetings**

Two recent meetings got the
Forum Club off to an active
start. The Fall Breakfast,
which traditionally signals the
start of the new club year, was
held in the Crescent House
Restaurant and had as its theme,
"By The Sea." The T-shaped
table was decorated with a
rustic wooden centerpiece over
which blue fishnet was draped.
Blue carnations and fern ac-
cented the head table, while
seashells and carved wooden
figures completed the decor.

Mrs. John Driskill, mistress
of Ceremonies, welcomed For-
um members and their special
guests, who included Mmes.
Bill Burks, Vergil Zoth, Nell
Foust, E. E. Carter, Kenneth
Houk, all of Littlefield; and
Velton Lynn of Amarillo.

The invocation was given by
Mrs. W. Dow Smith; and Mrs.
Kenneth Lynn, Forum presi-
dent, officially opened the new
club year.

Mrs. Hazel Ward introduced
the guest speaker, Mrs. E. G.
Brunson, who gave a program,
"Cruising the High Seas," in
which she told of her adventures
aboard ship on two voyages; one
to Europe on the liner United
States, and the other on a banana
boat to South America.

Following the program, Mrs.
Hubert Henry, vice-president
and program chairman, pre-
sented the new Forum year-
books. Course of study for the
current year will be "The
World, A Patchwork Quilt."

Forum members serving on
the Fall Breakfast committee
included Mmes. John Briskill,
Tommy Adkins, W. Dow Smith,
Lucille Smith, and Hazel Ward.

The first regular meeting of
The Forum Club year was on
Thursday night, Oct. 7, in the
home of Mrs. John Driskill.
A short business meeting was
presided over by Mrs. Ken-
neth Lynn, president.

Mrs. M. J. Cotter presented
the evening's program on "Is-
rael." She told of the ex-
periences and adventures of a
couple from Phoenix, Ariz. who
went to live for one year on a
communal farm, near the Sea
of Galilee in Israel.

The next meeting of the For-
um will be on Oct. 22 in the
home of Mrs. Edward Betts.
At that time Mrs. Hazel Ward
will give a program on Italy.

NEW PASTOR at Littlefield Missionary Baptist Church is Rev. David R. Jackson, right, who moved to Littlefield with his family last week. Seated with him are his wife, Doris, and 2 1/2-year-old daughter, Aundrea Dawn.

Rev. David Jackson Pastor Of Church

Littlefield Missionary Baptist Church will conduct two special services to introduce their new pastor, Rev. David R. Jackson, and his family.

Saturday night, Oct. 24, at 7:30, a special "adult night" will be held, and immediately following the 7 p.m. evening worship service Sunday night, a special "youth fellowship" will convene.

Rev. Jackson is a 1960 graduate of Plainview High school and entered the Bible Baptist Seminary in Arlington in September, 1962.

He has served in recent years as a supply preacher in the Texas and southern Oklahoma area.

He was called to the pastorate of the Bible Baptist Church of Burnet Aug. 17, 1969, and resigned that position to accept the pastorate at Littlefield.

He and his wife, Doris, have one daughter, Aundrea Dawn, 2 1/2.

Rev. Jackson says he is very proud of this opportunity to serve the Lord with the Littlefield Missionary Baptist Church and extends an invitation to all citizens of Littlefield and surrounding area to visit the day school and church.

"You will be greeted with a warm smile and a friendly shake," he said.

What Our Readers Think

Outside Persuasion?

October 15, 1970
Leader-News

LITTLEFIELD, Texas 79339

To the Editor:
I would like to know when Texans have become incapable of making up their own minds on how to vote, instead of having people from other states come into Texas and tell them how to vote?
I have noticed from the press, television and radio that the Republican nominee for the Senate, George Bush, has now started importing people from several other states to do his campaigning for him, instead of campaigning on his merits and for himself. These people include Vice-President Agnew, Senator Dole of Kansas, Congressman Morton from Maryland and Secretary of the Interior Hickel, and from all indications, it is rumored that Bush is trying very hard to get President Nixon down to bat

for him in Texas. The people who come to Texas, of course, have a right to come to Texas, but we certainly do not want to forget that their purpose in coming to Texas is to tell the people of Texas how to vote in the General Election on November 3, 1970.

I have noticed from the press, television and radio that Lloyd Bentsen, the Democratic nominee for U. S. Senator is not bringing in any names and people from Washington, D. C., to tell the people of Texas how to vote and to attract attention.
I feel confident that the people of Texas know how to vote and who they want to vote for, and will put a true, native son in the Senate on November 3, 1970, who is Lloyd Bentsen.

Sincerely,
s/Billy Hall

To the Editor:
Since when are Texans incapable of making up their own minds on how to vote?
I notice that the Republican nominee for the Senate, George Bush, is importing people from several other states to do his campaigning for him. These include Vice President Agnew, Sen. Dole of Kansas, Congressman Morton of Maryland, Secretary of the Interior Hickel (former Gov. of Alaska), and it is rumored that Bush is even trying to get President Nixon down to bat

This is not to discredit these individuals, but let us not forget their purpose in coming in to persuade Texas voters.

You don't see Lloyd Bentsen, the Democratic nominee for Senator, bringing in names and people from Washington, D. C., to attract attention.

I say let's put a true native son in the Senate. Let's elect Lloyd Bentsen on Nov. 3.

HOMINY GRITS

By CORNBALL BLEVINS

ONE OF the charges brought against the "Passo" generation is that they ignore the younger. --Perhaps this is right to some degree, but, it doesn't mean that the elder generation isn't both hearing and seeing what the younger is saying and practicing.
The recent "Letter to the Editor" which brought me to task for some of the things I've advocated in my column, perhaps, should have been ignored. --Yet, since much of my writing has been directed to the younger people, it may be better to try to communicate.

I WOULD NOT want anyone to get the impression that I'm "against" youth. Indeed, I wish I might be able to recall my own (who doesn't?) -- I'm fond of our youngsters and would like to be of any assistance to them in any way that I might.

I have no official figures, but I'm sure that the percentage of our young that really go "Haywire" is small, indeed.

YET, "Hearing it like it is" can, sometimes, be a little painful. --one of the hardest tasks we face may be that of facing up to ourselves!

May I say, that I have no defense for hypocrisy, either in the young, OR, old. --Yet, we must realize that it's prevalent in both, to some degree. --As said before -- it had an early beginning!

I DO NOT hold the "Establishment" to be perfect, nor guileless, YET, I DO advocate that its far superior to ANYTHING that the Commies have to offer!

It was NOT I that said: "The only good Red is a dead Red." -- But don't tempt me! -- I'm almost sure the dead ones can be trusted! I have no quarrel with the Reds as long as they stay inside their own borders. --It's when they infiltrate our country and start under-

mining our youngsters that I lose my cool!

IT WOULD ALMOST seem that the afore-mentioned writer could be sympathetic toward the Commies. --I hope not, as this is the very attitude they'd like to instill in all of us!

This young fellow says: "The youth possess the tools to correct this situation, if existing channels are kept open." --I hope they're different to the ones that are presently employed! I have an aversion to Molotov-cocktails, bricks, ball-bats, bombs, and knives in the hands of a mob that uses "Pot", Alcohol, and "Hard-Drugs" for fuel!

PERHAPS he has something else in mind. If so, I'm listening and waiting.

But, while we're waiting, let me call attention to a tool that's been overlooked by young and old, alike. --It's the old, dusty, unopened Bible! --It answers many of the questions about which we quibble.

For instance: I Cor. 11:14: "Doth not even nature, itself, teach you, that if a man have long hair, it is a shame unto him? (Cornball didn't write that.)

IN I Cor. 6:9, The "Effeminate" are named, along with a long list of various other offenders.

Romans 13:1, "Let every soul be subject unto the higher powers. For there is no power, but of God: The powers that be are ordained of God!" --V.2: "whosoever therefore, resisteth the power, resisteth the ordinance of God: and they that resist shall receive to themselves damnation!" (Are rebels exempt?)

Romans 13:8, "Owe no man nothing, but to love one another, for he that loveth hath fulfilled the law." --This is only one of the many jewels that would help solve the world's problems! -- Truly, our greatest "tool" is being overlooked!

PAUL HARVEY Best Learners

THE BEST LEARNERS are schoolteachers.
For too many of us, education stops at graduation. Subsequently our value judgements may be influenced by our children.
But the teachers' exposure to what's "now," what's currently "with-it" is perennially renewed.
THE SEVERAL FORMS of student rebellion which presently tend to confound our lawmakers and law enforcers are no mystery to schoolteachers.

They watched dark clouds forming on the academic horizon for some years before the storm broke.

THEY HEAR SIMPLISTIC solutions uttered by oracles in ivory towers and, saddened by the utter ineptness of the oracles, the teacher draws closer to her troubled students.

Indeed, some teachers, sharing their students frustration and exasperation, join in with their demonstrations against an Establishment that seems to be all mouth and no ears -- and no heart.

AND YET the teacher must not let go of sociological truths which the ages have tested and found good, or the builders we need become bombers instead.

Grade-school teachers in recent weeks glimpsed an indicative reaction.

When a couple of mod-music heroes were conspicuously consumed by their own excesses it had a surprisingly sobering effect on normally adventuresome youngsters.

LECTURES HAD FAILED to diminish the appeal of forbidden fruit.

THE ABUNDANT LIFE This Day

THIS DAY IS IMPORTANT to each one of us. There may be other days, and there may not.

Regardless of how many other days are yet before us, today is still a very important one. It is important to us because of what can be done with the time and opportunity it has brought to us.

TODAY IS THE THRESHOLD of the future in both time and eternity. The way we feel about and use this day will have much to do with the kind of future we have.

This day used wisely gives us a better chance for the future. If we waste or misuse it, we jeopardize our future.

THERE ARE SO MANY good things that this day gives us the opportunity to do: and doing them is an appropriate expression of our gratitude. There is no justification for minimizing the importance of this day, and assuming that tomorrow will be a better day.

It may be better, it may be worse, and it may never be at all. Everything else being equal, this day used well makes a better tomorrow for us.

THIS IS THE DAY for self-improvement. It may be that we cannot do everything we need to do, but we can do something. We must do what we can this day; we must not put it off.

There is enough self-improving to fill each day as it comes. Whatever we neglect today, may never be done.

OUR VALUE SYSTEM must be considered today, because it needs regular and careful inspection. The flaws can be corrected, the

Killings on campus shocked, angered, but did not dissuade.
Juvenile glue sniffers strangled to death on their own vomit and so what?

BUT WHEN TWO hard-rock music stars of the magnitude who had been joy-riding across the world in a soft, pink spotlight that flattened everything...

When they, in their 20s, shot themselves down in flames... Suddenly the dope bit looked less like a new "drug culture" and more like what it always was.

THE VERY APPARENT reaction of so many young people reaffirms that they are influenced more by what they see than by what they hear.

They are influenced most by examples, for better or worse.
And this, of course, brings us back to the one example with whom young people are in more consent contact than any other: the teacher.

I DON'T ENVY you teachers--leading others when we are ourselves so often uncertain. But I am eternally thankful that, for the most part, the responsibility resides in conscientious, capable hands.

For all your comprehension of their valid grievances, you can see over the tops of the cults that come and go.

AND IN YOU the questing young must see unchanged and unchanging the basic ethic morality, the light in the window, the place someday to come home to.

Hospitals Threatened

THERE ARE 80 Texas hospitals who have had their doors closed and another 140 who have been threatened by the majesty of the federal government for not complying with the regulations set up by the Health, Education and Welfare officials.

At a time when medical care is more desperately needed than ever before, this sounds unbelievable, but it's true.

THREE HEW requirements have hit hard at small hospitals, which are the ones that have had to close down.

These are (1) Requirement for a Registered Nurse to be on duty 24 hours a day; (2) Specific types of fire sprinkler systems must be installed; (3) Autopsies must be performed on 20 per cent of those who die in each hospital.

THESE REGULATIONS were put into effect, we suppose, by the bureaucrats trying to do a good job in protecting the health of the American public.

Whether or not it is possible, or impossible, to hire sufficient trained registered nurses seems to be of no concern to the HEW when considering the plight of the small hospital.

IT WOULD APPEAR that it is better to serve a community with a hospital that is open, staffed by doctors and some RN's, than one that is closed.

The sprinkler system requirement is fine, but certainly should not be mandatory in a building equipped with fire extinguishers and fire prevention methods as most of them do.

AUTOPSIES may be desirable, but should they be mandatory in order for a hospital to stay open?

Legislation has been introduced in Congress by Senators Tower and Yarborough of Texas, along with several Representatives to make some common sense changes in these regulations.

AT A TIME when the country needs hospitals, large and small, it makes no sense to close hospitals down by HEW edict.

THE PHILOSOPHER

Stop 'Em

(Editor's note: The Sandhills Philosopher on his Johnson grass farm has been giving some thought you might say to the problem of airplane hijacking, his letter this week reveals.)

Dear editor:
As everybody knows, the hijacking of airplanes has become a serious problem, especially following the hijacking and blowing up of those three big planes by the Mid-Eastern guerrillas and the holding of 400 hostages for two or three weeks out there in the burning desert, and as a result of hard thinking has been going on to trying to figure out a solution. But not enough.

For example, the latest plan is to put armed guards on planes, at a cost of millions of dollars a year. They'd function like the armed guard on a stage coach, the one who rides beside the driver gun in hand and is said to be "riding shotgun."

This won't work. Anybody who has ever seen a Western knows it won't work.

Invariably the outlaws pick off the guard first, I never have seen one successfully fight them off yet, he slumps over, and the driver reins in the horses with his hands up. Later, if the outlaws figure he has recognized them, they shot him too, and generally he does recognize them, if he's been watching Westerns himself. They use the same outlaws over and over.

Another method being half-used is to make sure no passenger boards a plane with a gun, hand-grenade, dynamite, or other weapon, but it's not very successful. In the first place, to really eliminate all weapons you'd have to search every passenger from head to toe and then

go through every piece of his luggage, including women's purses, something that would take so long air travel would be slower than train travel, there aren't many trains left, and as a result everybody would have to stay at home and you know how some people would go out of their minds doing that.

But there is a solution. Everybody seems to be overlooking the obvious, the simplest, the most effective, and the most cheapest way to stop hijackings, which I now offer free of charge.

The thing to do is handcuff every passenger to the arm-rests on his seat. Everybody, Except maybe kids under 6, and you'd better keep your eye on some of them.

The cuffs could be electronically controlled from the pilot's compartment. At a signal, while the plane is still on the ground, everybody places his arms in position, the cuffs close, and stay that way till the plane lands.

In case of an emergency landing, all cuffs could be released simultaneously by the flick of a switch.

It might be a slight nuisance but you can now get from one end of the country to the other in just a short time, 3 to 4 hours at the most and sooner than that when they get those bigger planes going, and it looks like nearly anybody would rather be handcuffed for a short time than kidnapped to Cuba or some lonely desert in the Mid-East for two or three weeks.

I guarantee this would stop all this hijacking. It might even bring passenger trains back.

Yours faithfully,
J. A.

A WOMAN'S VIEW

Adventure

By PEARL BRANDON

TODAY IS SUCH a nice day to be a woman. It is cold and rainy outside but inside it is cozy and warm.

All morning I busied myself making jelly and cooking something nice to have ready for the family when they come from school and work.

WHEN I STARTED writing this column, I planned to write mostly about woman things such as making apple cobbler or baked chicken with corn bread dressing, or perhaps sewing a pretty seam, or somehow most of my articles turn out to be something religious.

I get a better response from the readers on religious articles than anything else; not only from the women but from the men also. I've been made to realize more fully that everything we do involves Christian living as indeed it should.

WE NEED spiritual contact with God in every phase of our lives. I liked the old fashioned way of saying "I'll do that tomorrow, the Lord willing." This means we will not commit ourselves to anything until we have talked with the Lord about it.

It means praying constantly for guidance in making decisions in everyday problems.

IT ALSO MEANS patience to let the Lord help work things out for us. Sometimes we want to run ahead blindly.

Many times we stumble and are hurt because we can't see far enough ahead to plan and we don't take time to pray. If we pray first, He who can see into the future will help us plan.

SOMETIMES we feel rebellious because grievous things happen to us and our lives turn out differently from what we expected.

Even the grievous or distasteful thing may be what is best for us.

IF WE KNEW what was coming life wouldn't be interesting. There is something wonderful about taking whatever comes and using it to live a better life.

God has not promised a road always smooth but we can depend on Him for help over the rough places. Walking with God is never tedious or boring, it is always high adventure.

GEORGE BUSH JR., old son of Congress, will be in Littlefield Wednesday, Oct. 14, from 6 p.m. to 7 p.m. He will be campaigning for his father, who is a Republican candidate for U.S. Senator.

son as a "blast," because got to sing everything from low parts to the high where he really gets his music, but after another capella choir, sang a madrigal group, had a rousal and made a rousing in all but one of the chorale League members.

"I made a list of the Festival at Christ," he said, "and I was pretty rough."

The young singer played finish college with a music, but after another Texas State one semester completing a second year at Tech he joined the

Heffington was a member of a six-piece band for a while he was in law school, but mostly played for the lads. "We were really thing else to them," he said.

"They were so far behind times that they thought they were really good."

During his Italian was choir director for a while and also served as vice president of the protestant base chapel.

While he was home after a couple of years seas, he married his sweetheart, Patti Brant, the couple spent a year before coming back to the field.

Heffington still has further his education, "one reason I'd like to come out of this deal," he concluded.

Police Check 2 Burglaries, Theft, Vandalism

City police are investigating two cases of theft, burglaries and one case of vandalism which occurred the past week.

Friday night, OGC reported that a window on the west side of the building has been broken out and the object had crawled through window and cost \$250 front cash register.

Last weekend, Seldons reported that a building on Seldon Street had been broken into and the burglar had stolen a television set.

M.V. Exam reported that a gray Smith Corona typewriter, valued at \$150, had been taken from his room sometime last Friday.

Don Deardorf reported that two 7.75 x 14 white wall had been stolen sometime day or Saturday from a Mercury Cougar that was at Giles Motor Company Avenue.

Judy Reese reported that Oct. 10, that a side window her Falcon station wagon had been broken with a ball bottle.

Two adult males were arrested Thursday on a traffic violation. They were later fined and released.

Disabled Vets Are Enrolling In Rehabilitation Programs The number of disabled veterans in vocational rehabilitation programs increased 29 percent in the last fiscal year-- from 19,000 to 24,500 according to Jack Coker, Director of Veterans Administration Regional Office in Waco.

He also said 10,801 disabled veterans were in training in July, compared to 7,824 in July a year ago. The number of on-the-job trainees remained relatively unchanged at about 1,000 during the April through July period this year.

Coker explained that in addition to a monthly allowance, veterans in vocational rehabilitation programs also receive full tuition payment, books, supplies, and any equipment required in their training programs.

He urged disabled veterans interested in entering vocational rehabilitation programs to contact their nearest VA office. The VA office in Lubbock is located at 1612-20 Ninth Street.

Information may also be obtained by writing the VA Regional Office, 1400 North Valley Mills Drive, Waco, Texas 76710.

Japan, Customer

For U.S. Producer

Lamb County residents are well aware that U.S.--Japanese trade is extensive, Harvey D. Vann, chairman of the Lamb County Agricultural Stabilization and Conservation (ASC) Committee, commented recently.

"Almost everyone recognizes that Americans are important customers for Japanese goods, I wonder how many of us realize that the Japanese are major customers for American goods, especially for American farm commodities.

"In fact, Japan imports more U. S. Agricultural products than any other country in the world-- a record \$1.1 billion worth during the 1970 fiscal year," Vann said.

He pointed out that feed grains, soybeans, wheat and cotton are important farm crops in Lamb County and that exports of these farm products to Japan have gone up dramatically in recent years.

More than six million tons of feed grains were shipped to Japan last fiscal year -- just about one-third of U. S. feed grain exports. Soybean exports to Japan had a 251 million dollar value, and wheat exports \$136 million.

Japan is our best cotton customer, taking one-fourth of its cotton from the U.S. and Japan bought \$50 million worth of tobacco from the U.S. during the last fiscal year.

The ASC Committee Chairman reported that Secretary of Agriculture, Clifford M. Hardin recently took note of the American-Japanese trade story, calling it unprecedented.

Secretary Hardin also said: "The Japanese economy has paralleled that nation's growth in trade. In the years between 1960 and 1965, Japanese shipments in world trade more than doubled. By 1969, they had almost doubled again, reaching \$16 billion. Shipments to the United States increased in those nine years by more than four times -- \$4.9 billion.

"The Japanese household-er's disposable income has more than tripled since 1960. His demand for meat, milk and eggs -- a good 'horseback' measure of consumer prosperity -- has increased by more than four times in 15 years.

"He is diversifying his eating habits as his income goes up. For example, per person consumption of wheat flour in this traditionally rice-eating society has increased by 30 percent in a decade and a half.

"Ten years ago, Japan's agricultural imports from the U.S. were \$440 million. In the year just past, they were more than twice as great -- \$1.1 billion.

"But the agricultural products are only one part of a beneficial trading relationship that can be summed up very simply: In terms of exports, the United States is Japan's best customer. In terms of imports, Japan is the United States' best customer.

"As you might expect, three-fourths of U.S. shipments to Japan last year were raw materials, mineral fuels, and stuffs, while 90 percent of Japan's shipments to the U.S. were manufactured goods.

"This is the basis of a free world trade -- a change of goods based not on production efficiency but on the principle of Japan to look to efficient producers on the broad front for the feed grains we satisfy its people's demand for livestock products.

"As a result, important grains have triggered an expansion of Japanese production. This has Japanese consumers and poultry at better prices has opened opportunities for American farmers for profitable livestock enterprises; it has meant an expanding feed grain market for world agriculture.

"Almost the whole of U.S. farm commodities Japan a leading customer. Japan needs, wants, and affords these products. U.S. can supply them. A system of international, in which price, quality availability are the factors.

"In a world of complex export expansion means membership and service at price, quality and value. The producers and users of the major U.S. agricultural products have understood and they support some private trade organizations to develop market in cooperation with the Department of Agriculture.

"This is, of course, a joint effort -- with many Japanese organizations joining to it their special abilities."

In Closing, Agricultural Secretary Hardin gave recognition to the trade relations for the three countries which last year total two-thirds of total U.S. agricultural exports to Japan-- grains, soybeans, and

The storage life and quality of sweet potatoes is improved by special treatment, such as curing, kiln-drying. Sweet potatoes treated by these methods in the market at somewhat higher costs during late fall and winter. In the un-cured or green potatoes marketed.

Good sweet potatoes are smooth, well-shaped, free of bright appearance. Old spots may distinguish the moist yam and dry types by the outside appearance. The consumer, however, ask the producer to market to distinguish the short storage life. They cool, dry storage. They bruise easily, they are sorted out to remove showing signs of spoilage by only a few days of fresh, un-cured potatoes.

While sweet potatoes are in the market as "beef" other economical beef, beef, pork, fryers, egg, fruit and other vegetables. Best beef values are chuck roasts and steaks, steaks and roasts and beef, reports the HJ.

Pork values include picnics, shoulder roasts, steaks and end cut hams and chops.

Fryers remain the bargain in most retail departments and grade A size eggs offer the best economy and quality for the consumer's egg money.

Fresh fruit and vegetables in best supply of most economical products are apples, oranges, prunes, cantaloupes, peaches, potatoes, celery, sweet cabbage, carrots, collard greens, egg squash, dry yellow onions, radishes and green onions.

WORSHIP IN CHURCH

and get a spiritual lift for the whole week.

In life or in death a man reaps the result of 'his Aim.' We counsel 'raise your sight' or, 'lengthen your horizon', or, 'set your self a goal.' So much depends on 'the aim you take.' Your family, your community, your school and your church will benefit or suffer from 'The aim You Take.'

This is the day of decision, of action. Many have dallied too long. You may choose light, or darkness; honor or shame; pleasure, or pain; life, or death! You cannot travel the wrong road and reach the right end! Jesus said, "I am the way!" Attend church regularly... take the 'Right Aim.'

**You In The Church...

AMHERST

MRS. LESTER LA GRANGE

246-3336

MORE THAN 100 registered at the fiftieth wedding anniversary celebration of Mr. and Mrs. Charlie F. Carrico held at the Amherst Church of Christ Sunday afternoon. Their two daughters and two sons were hosts for the occasion: Herschel Carrico of Lubbock, Hubert Carrico of Littlefield, Mrs. Helen Willis of Prescott, Ariz., and Mrs. Hazel Dorman of Alta Loma. They and members of their families were here.

MR. AND MRS. Raymond Gilder of Fort Worth spent the weekend with her mother, Mrs. Oby Blanchard. Other guests for Sunday dinner were Mr. and Mrs. Tommy Adams and children of Lubbock.

MR. AND MRS. Floyd Rowell have a new granddaughter, born to Mr. and Mrs. Thomas Graham at McAllen Oct. 8, weighing 8 lbs., 1 oz. Her name is Holly Carlina. The Grahams have two sons. Mr. and Mrs. Rowell visited them in September and Thomas took them to Brownsville and Padre Island for sightseeing while there.

MR. AND MRS. N. B. Embury are in Topeka, Kan. for a visit with their daughter and family, Mr. and Mrs. Steve Denton and Timothy.

MR. AND MRS. Gary Wooten of Anton visited her parents, the Randall Crawfords, during the weekend. Mr. and Mrs. Edward White of Sundown were their guests Sunday afternoon.

U. E. THOMPSON attended funeral services for his aunt, Mrs. Mary Campbell in Sulphur Springs Saturday.

WEEKEND GUESTS in the Keith Tomes home were her mother, Mrs. Bonetia Robertson and sister and husband, Mr. and Mrs. Raymond Bloodworth of Robert Lee. They were here for Keith's and daughter, Tammy's birthday dinner Sunday before returning home.

GEORGE AND DAVID Harmon are fishing at Lake Amistad near Del Rio.

MR. AND MRS. Virgil Hind's daughter, Mrs. Earl Sands and family, live at Prague, Okla. The tornado that struck there and at Shawnee did some damage to their home but they were not injured. Mrs. Sands is the former Jo Hinds.

MR. AND MRS. Bill Workman and Mr. and Mrs. Wilson Vaught of Littlefield visited Ruidoso recently.

TAMMY TOMES had five girls from her fifth grade at school for overnight Thursday to help her celebrate her birthday. Hot dogs and all the trimmings, including birthday cake were served for their supper. Debra Hedges, Jacqueline Harmon, Gina Patterson, Doris Tucker, Teresa Thompson and Tammy enjoyed the festivities.

MR. AND MRS. C. F. Carrico and Mr. and Mrs. Clyde Bolton were hosts for a Bolton family reunion dinner at the Carrico home Sunday at noon. Approximately 80 attended. The five sisters and three brothers and members of their families were there. They were Mr. and Mrs. C. L. Parker of Ralls, Mrs. Inez Parker of San Antonio, Mr. and Mrs. R. A. Williams of Stratford, Mr. and Mrs. Eugene Williams of New Castle and Mr. and Mrs. Carrico, Mr. and Mrs. Eugene Bolton of San Diego, Calif., Mr. and Mrs. Carl Bolton of Dimmitt and Mr. and Mrs. Clyde Bolton.

MRS. T. E. ORBISON of Dallas returned home after visiting her sisters, Mrs. Eli Young and Mrs. Ben Davis of Littlefield.

MR. AND MRS. Bill Elms are fishing at Lake Stanford. THE AMHERST Volunteer Fire Department answered a call at 10:30 a.m. Monday. The small blaze in the kitchen of Amherst Manor was soon under control.

MR. AND MRS. Dwight Strain of Millsap, visited her sister, Mrs. Hugh Gainer, and the Virgil Coopers in Littlefield during the weekend.

THE AMHERST study club will meet Tuesday, Oct. 20 with Mrs. Douglas Gossett and Mrs. Lester LaGrange as hostesses. The guest night meeting will be at 7:30 p.m. in the LaGrange home. Clyde Brownlow will speak on drug abuse.

THE ANNIE ARMSTRONG circle of the Baptist WMU met with Mrs. Charles D. Jones in her home, Monday afternoon. Mrs. Charles Mixon conducted the mission study. She read the prayer calendar and Mrs. A. O. Dickson offered prayer for missionaries who had birthdays. The new year books were discussed, with Mrs. Don Carter as year book chairman. Refreshments were served to Mmes. Glenn Willson, Bill Bradley, James Holland, A. O. Dickson, Charles Mixon, Don Carter. Mrs. Mixon will have the next meeting which will be a Bible study.

AMONG THOSE attending funeral services for Mrs. Roy Byrd Monday afternoon in Dimmitt were Mrs. W. H. Humphreys, Robert and John Feagley, Mr. and Mrs. Arlis Humphreys, Mrs. Jarita Duggan, Mrs. Corine McSpadden, Mr. and Mrs. Loyd Seymore, Mrs. B. Seymore, W. L. Key, H. E. Akim, Mrs. Floyd Rowell.

C. A. DUFFY was in Mangum, Okla. Wednesday and attended funeral services for his sister-in-law, Mrs. Jimmy Mae Duffy. She died unexpectedly of an apparent heart attack. She is survived by her son, Jack Duffy and two granddaughters.

MISS CHLOE HARRIS is spending some time with her cousin, near Corpus Christi, who lost her husband recently. Her sister, Mrs. Homer Harper took her to south Texas early this week.

WEEKEND GUESTS in the Ben Greener home were Mr. and Mrs. Carl Odum of Canyon. They both are students at West Texas State University. MR. AND MRS. Raymond Duvall attended a state meeting for school principals in Fort Worth early this week. Mrs. Duvall's mother, Mrs. J. E. Williams of Earth, stayed with Eddie and Sandra while they were away.

MRS. JOE WILSON Aldridge of Los Angeles, Calif. was here with Mr. and Mrs. L. Y. Nix due to his illness. Mrs. Nix's niece, Mrs. Troy Chambers of Baton Rouge is remaining with them for a longer stay.

THE PRAYER BREAKFAST for youth was held Tuesday morning in the Fellowship Hall

A survey is being conducted in Olton this week to see whether Olton residents desire toll free telephone service both ways to Springlake.

Jerry Kehoe, with the General Telephone Company, met with the Olton city council Tuesday night on whether the council desired the two-way toll free service.

If the survey reveals that Olton desires the service, phone rates will be increased 25 cents per month for homes and 50 cents per month for businesses.

The Springlake council decided earlier they would like the service, and their increase in rates will be \$1. for residences and \$1.50 for businesses if the service is desired by both towns.

Labor Survey Results Here Soon

has been selected in a state-wide survey which will begin next week. The survey is being conducted by the Agricultural Experiment Station and the Agricultural Extension Service.

employers and about the same number of agricultural workers will be surveyed throughout the state, adds Logsdon. The employers, selected at random, will receive a questionnaire through the mail while the farm workers will be interviewed individually. The county agent anticipates that some 101 farm workers in Lamb County will be interviewed after approval from the employer. The agent emphasizes that all information collected in the survey will be held in strict confidence.

Wages Up More Than Living Cost

Does the average wage earner in Lamb County have to work harder and longer than he did five years ago to compensate for the higher cost of living?

Or, with his increased income, is he better off than he was then? It boils down to how much he can buy with his weekly wage at the present time compared with what he could buy then.

The figures show that despite the sharp inroads in the purchasing power of the dollar, the typical worker in the local area is in better financial shape than in 1965. His earnings have gone up more than enough to offset inflation.

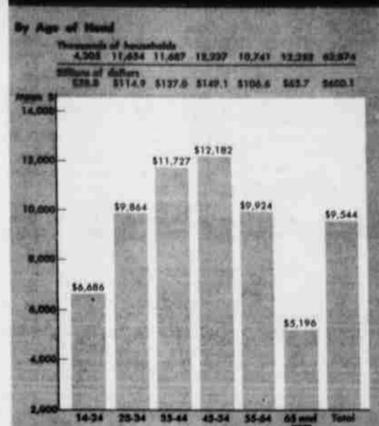

In many sections of the country, such is not the case. Some families are having a struggle to keep even because the rising cost of living has outpaced their income gains.

What the picture looks like now, compared with five years ago, is brought out in surveys made by the Bureau of Labor Statistics, the Tax Foundation and others.

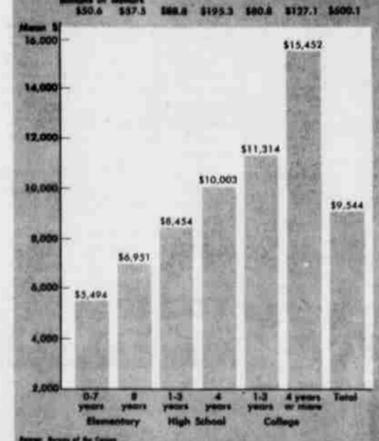

They show, as an example, that the average working man in Lamb County now earns enough, after 14 minutes of work, to buy a pound of chuck roast, best grade, or the equivalent.

To buy two dozen eggs, grade A large, he needs to put in 24 minutes on the job. Even though eggs cost more today, in dollars and cents, they are cheaper in terms of working time.

Money Income of Households, 1969

By Education of Head

Household Income

IF YOU HAVE OFTEN wondered just who in this country of ours is that "affluent society" you hear about all of the time, it's probably you.

Of \$600 billion income for all households in the United States in 1969, 85 per cent of it was earned by households headed by persons in the 25 to 64 year old bracket. This age group also constituted 74 per cent of all households.

ACCORDING TO figures just released by the National Consumer Finance Association September newsletter, "Finance Facts," compared with a \$550 billion 1968 total household income, the mean income for a group divided by the number in the group—rose from \$6,355 to \$6,696 in 1969 for those households headed by persons under 25.

For those households headed by persons 45 through 54 years old the 1968 figure was \$11,043 and in

1969, it rose to \$12,182. Income then declined in 1969 to \$5,196 for households headed by 65 year olds and older.

EDUCATION WAS A KEY factor in determining household income. The largest number of the household income groups were those who had completed high school. This group comprised 31 per cent of heads of households in 1969. Their mean income was 5 per cent above all others.

AT ONE EXTREME, the four or more year college man made up 13 per cent of the household figure and the mean income was 62 per cent above that for all households.

At the opposite income pole where the head of the household had completed less than eight years of school, the grouping stood at 15 per cent of the population number and the mean income was 42 per cent below that for all households.

A woman's wool skirt that may be purchased after 157 minutes of work today would have required considerably more time in 1965.

In the Lamb County area, according to the latest statistics, incomes per household are 82 percent higher, on average, than five years ago.

During the same period, the cost of goods and services rose by a smaller amount, 21.3 percent, according to average figures from the Labor Department.

A special study by the Tax Foundation shows how much time the typical American worker puts in, during an 8-hour day, to cover his various living expenses.

To meet his tax bills, he has to work 2 hours and 43 minutes. Food and tobacco comes next, 59 minutes.

The number of minutes for other needs are: housing, 57, transportation, 40, clothing, 25, medical, 21, and recreation, 18. The remaining 1 hour and 43 minutes is for all other purposes.

\$1,000 Per Year Spent on Gas Taxes In County

standpoint of car
Lamb County, how
understanding has the
Interstate High-
way become?
are they contri-
buting to the
present time to
construction costs through
gas taxes and other auto-
taxes?

tax on gasoline (4 cents a
gallon) and the special taxes
on tires, tubes and accessori-
es, the average Lamb County
car owner is paying about \$30
a year into the trust fund.
That is the amount incurred
for a car that travels 10,000
miles a year and gets 14 miles
to the gallon.

The overall cost for the 8,590
passenger cars in operation lo-
cally, comes to \$258,000 a year.

One of the matters before
Congress at this time is the
future of the highway program,
which is due to expire in 1972.
Originally begun in 1956 at an
estimated cost of \$41 billion,
it is now expected to reach \$75
billion or more and to require
at least six years more to
complete.

Far from agreeing to a slow-
down or limitation of the work,
state highway officials and
others are urging that an even
bigger program be embarked
upon. They are asking for more
attention to the development
of local road systems.

If Congress extends the life
of the program, as presently
constituted, for another six
years, Lamb County car opera-
tors will be contributing an ad-
ditional \$1,546,000.

Olton Paper All-Girl Crew Women's Lib?

The Olton Enterprise, a
newspaper put out by an all fe-
male staff, was thusly heralded
by a big city daily last
week as an example of wom-
en's liberation:

"The Enterprise is com-
pletely liberated; according to
its masthead the entire news-
paper is produced by women
only. Sue Cannon is the man-
ager; Lilly May Silcott takes
care of the women's news; Mo-
zelle Trotter is news editor;
Margaret Burrus, Maenette
Houston and Darla Stone are
all compositors; Juanita Tho-
mas is a linotype operator and

Joyce Hoover is the bookkeep-
er."

The columnist went on to add
that a small boy may sweep
the floor, but other than that,
it's a feminine business and a
darned fine newspaper.

Mrs. Cannon said even the
floor sweeper was on the di-
rect staff side. Rosie Garcia cleans
each week after the Olton crew
has put out the Enterprise AND
the Kress Chronicle and Hart
Beat, two small area papers
that are put together in the
Olton office, and whose staffs,
incidentally, are comprised of
lady reporters and lady adver-
tising managers.

And whether an example of
liberation or not, all this was
going on a good while before
the Women's Lib organization
was formed.

Employers Eligible For Tax Reduction

Employers covered under the Texas Unemployment Compensation Act will be eligible for a one per cent reduction in taxes when tax rates are announced in January, according to Governor Preston Smith.

The reduction is possible because the trust fund, a reserve for paying jobless benefits, reached \$347 million on October 1.

The law provides that when the trust is more than \$330 on computation date (October 1), a decrease in the tax rate is mandatory.

The Governor said that many employers had already reached the maximum tax of 1/10 of one percent, and therefore do not qualify for further reduction in taxes.

Also ineligible, he said, were employers whose employment experience has generated a tax rate greater than 3.7 percent, thereby causing them to pay the 2.7 maximum. Only one percent of employers fall into this category.

The Governor noted that while the national unemployment rate had climbed to 5.5 percent, highest in six years, Texas has only 3.7 percent unemployed.

The Governor said employers could expect to receive notice of their individual tax rate about January 20.

Olton Nips Abernathy To Keep Unbeaten Record

By EMIL MACHA
Leader-News Sports Writer

The race was on Friday night at Olton as the Mustangs and the Antelopes see-sawed on the score board in their attempts to remain undefeated in 3-AA football. Undefeated Olton finally dumped Abernathy in the final minutes in the last quarter, 27-20.

The lead changed hands four times during the game before the scrappy Antelopes gave way to the Mustang offense that was led by the "terrific" three, QB Steve Stockdale, and backs Keith Workman, and Marlos May.

May was all fired up after sitting out the game against Littlefield last week with an injury. He gained 126 yards in 25 carries.

Workman who gained over 300 yards against the Wildcats last week was limited to 156 this week in 37 attempts.

Stockdale carried eight times for 31 yards and completed nine of 16 passes for 109 yards and a touchdown.

A Mustang drive was stopped promptly after the Abernathy kick-off with a pass interception

by Abernathy's running ace, Charles Johnson.

The Antelopes started on the Mustang 32 and ended with a two-yard plunge by Johnson. The extra point was good by Dave Davenport.

Abernathy led 7-0 with 6:44 left in the first quarter.

Olton took possession on the Pony 39 and drove for five first downs and a TD, with May charging the final seven yards.

The extra was no good and Olton trailed 7-6 with 1:15 left in the first period.

The first quarter ended with Abernathy punting and Olton downing the ball on their 28.

The Mustangs drove for 72 yards that netted six first downs and a two-yard pass play from Stockdale to Luis Rey for a six-pointer.

The extra by Stockdale was good and the Mustangs took the lead, 13-7.

Abernathy's return trip ended on Olton eight with Mike Parsons intercepting a pass in the end zone and running it out to the 25.

A Mustang fumble on the 46 gave Abernathy possession again.

Parsons again got in the way and intercepted another Antelope pass, running it back to the Olton 41.

Olton ended the half with a field goal attempt that went astray.

The second half looked like a new game as both teams had to give up the ball on downs.

An Abernathy break came on a punting attempt from Stockdale on the Mustang 39. A bad pass from center went over Stockdale and his punt attempt, was blocked and covered by Mike Bridges on the Olton three.

Two plays later, Mark Harrison was over for another six-pointer to tie the game.

The conversion was good and Abernathy led again, 14-13, with 7:07 left in the third quarter.

The remainder of the quarter was just plain tight defense as Luis Jimenez, Jimmy McCurry, Johnny Arroyos, Kenny Spain, and Gary Durham led the "Big Blue" defense.

The fourth quarter opening drive ended with a five-yard run by Stockdale which gave the Mustangs a 19-14 edge. The two-point try was no good.

The Olton lead was quickly foiled by the Antelopes as Johnson took the Mustang kick-off and plowed through the "Mustangs" initial line and galloped 86 yards for an Abernathy TD.

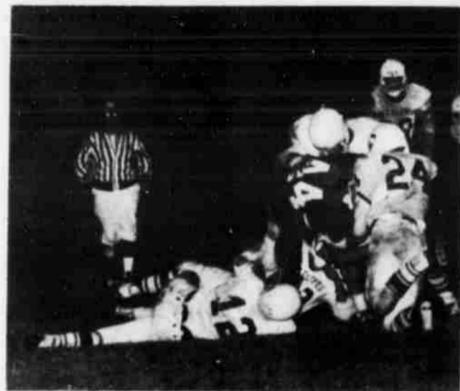

The extra point was wide, but Abernathy led again, 20-19, with 8:16 left in the game.

Olton ate up six minutes of the clock by using ball control and plowing yard after yard on an 81-yard drive that ended with a two-yard plunge by Workman.

Olton led again, 25-20, with 2:41 left. A pass from Stockdale to Rey gave the Mustangs an extra two points to make the win pat for Olton.

Olton has a season record of 6-0, Abernathy is 4-2.

Olton will clash with Floydada next Friday at Floydada. Both clubs are 3-0 in 3-AA and 6-0 for the year.

KEITH WORKMAN (44) working in a typical Workman style is shown plowing for yardage as a host of Abernathy Antelopes rides him down. Workman carried the ball 156 yards in 37 carries. Olton downed Abernathy, 27-20.

MIKE PARSONS of Olton had trouble hanging on to his Steve Stockdale pass, but did shine by intercepting two passes to stop a couple of Antelope drives in the second quarter.

Sudan Rolls Past Hart

The Sudan Hornets took advantage of a weak Hart Longhorn defense and rolled easily past the Hart squad, 59-6 Friday night at Hart. It was Sudan's second district win in as many weeks. The Hornets now stand at 2-1 in loop action, and remain in contention for the loop crown.

The Hornets scored three of their TD's in the first quarter in the 3-A victory. The scores came on a 44-yard run by Steve Edwards, an 11-yard score by Gregory McNabb and a 25-yarder by Roger Boyles.

David Weaver ran from the 12-yard line in the second period to give the Hornets a comfortable 26-0 halftime lead.

Weaver opened up the second half scoring with a 51-yard TD to give the Hornets a 32-0 edge.

Stanley Dyer of the Longhorns scampered 58 yards soon after Hart's only score.

Edwards immediately countered with an eight-yard run for the Hornets. The Sudan squad led at this point by 38-6.

In the fourth Brad West went over from the one-yard line for a Hornet TD. This was followed by a Boyles run from the 38, and McNabb's run from the ten for the last of the Sudan scores.

Sudan will next face Happy, another team that is having trouble winning a district game. Hart and Happy both own 0-3 loop records.

Gail Coyotes Drub Whitharral

The Gail Coyotes nipped the Whitharral Panthers 50-22 on their soggy field Friday night during a continuing drizzle and while temperatures hovered just above the freezing point.

It was Gail's ball game the first quarter with the Coyotes 14, Whitharral 0. Then Whitharral got on the score board in the second quarter with a 45-yard run by Johnny Graham and a pass from Graham to Freddy Forbes for the points after.

Graham came back to score again in the third period on a 13-yard sprint; Carl Hoelscher ran the extras, and Whitharral held the Borden team scoreless throughout this period.

Vega Spoils Homecoming For Wolverines, 25-21

By GARY BRYSON
Leader-News Sports Writer

It was a real upsetting night for the home crowd at Springlake-Earth Friday when the Longhorns of Vega came-a-calling. The Steers took an early initiative and drove to a first quarter lead they never gave up. Vega's 25-21 victory dimmed title hopes for the Wolverines.

The game started with a Wolverine kickoff that was fielded at the Vega 14-yard line. On the first play from scrimmage Dick Robinson took the hand-off and scrambled for a 50-yard gainer to the Wolverine 36. It took the Steers 11 more plays to put six points up on the scoreboard, when Harold Sides carried the ball over from the five. With 8:39 still showing in the period, Kenny Donathon missed the extra-point kick but Vega had a 6-0 edge.

Both teams had to compete with the weather. The field was wet and muddy, after the first few plays, from the past three days of drizzle. Besides the dampness, the ball players had to contend with temperatures that got down around 35. One thing that was going for them, though, was the absence of any wind.

After the Vega TD, the Wolverines set up shop offensively for the first time on their own 20. Hoyt Glasscock, Springlake's quarterback, handed the ball to Eddie Alair on the first play and Alair managed just three yards. On the second play the give was again to Alair, this time for no pick-up. Glasscock elected to keep on third down with seven yards to go and was stopped for a gainer of two. Springlake had to punt. Glasscock's kick went for 30 yards just before a blitzing herd of Steers broke through to him.

The Steers pulled off eleven more plays before the period ended, in total they had run 23 plays to four of the Wolverines. Vega had 112 rushing yards and 11 passing yards for 123 total offense, where Springlake had been held to a disappointing five yards total offense.

Beginning the second period, Vega resumed what looked to be another TD drive, and that's how it was. Taking up play at the Earth 19-yard line they ended the drive five plays later. This time Sides carried from one yard out. With 10:09 left in the half, Robinson ran up the middle to add the two extras.

Guy Davis took the Vega kick and ran back 15 yards to set up shop on the Springlake 24. The first play saw George Nance pushing across the scrimmage line for one yard. Then a Glasscock to Rickie Enloe pass danced off Enloe's finger tips for an incomplection. On third and nine Alair broke through for eight more but was still shy of the first. Again Glasscock was forced to punt.

The Longhorns got the ball down on their own 46 and from

the previous quarters' work, 54 yards didn't look to difficult to go for another score. But this time the Wolverines were on top of them. On the first play, Robinson was stopped for only a two-yard gain. Sides kicked up another yard on the second down. It was the third down play that seemed to awaken the dormant Wolverines. Robinson ran for six yards but a penalty on the play nullified the run and set the ball 15 yards further back. Robinson took the hand-off on the repeated down and was stopped cold. Vega was forced to punt away for the first time in the game.

Even Springlake's offense came awake when the ball turned over. Alair, on a third and three situation, broke loose on a 31-yard scamper that set the Wolves in the stands howling. The ball was spotted on the Horn's 20. Four plays later Glasscock, on the keeper, swept across for the Wolverines' first score. Glasscock kicked the extra point. This score made it a whole new ball game, with Vega only out in front by seven points, 14-7.

Vega took the Springlake kick-off and returned it 20 yards. On first and ten at their own 30 Brent May broke away for 15 yards. Then Sides took the next first down play and rambled nine yards. The drive went no further, however. Kent Coker of the Wolverines dove into a pile of Longhorns and came up holding the ball.

Another strong Steer drive had been broken. Glasscock elected to pass now. His first attempt fell short, and the Wolves drew a 15-yard penalty. On first and 25 Glasscock rolled out, but could find no receivers so he carried it himself for a gain of 35 yards. Three more passes went astray and it came to fourth and 10.

With just over a minute left in the half the Wolverines pulled a draw play. Alair scampered past the Longhorn line for 22 more yards. This set up first and goal at the Vega eight. Two plays later Alair carried from the four for the TD. With 1:02 left Glasscock attempted and missed the extra-point. The half had the scoreboard with a 14-13 lead on Vega's side.

For the first minutes of the second half neither team could move the ball. Then the second time Vega had the ball they began another drive. This one ran out most of the clock in the third period, all but one minute. After driving 69 yards with four first downs the Longhorns scored in that minute.

On first down and goal to go from the Springlake eight, Tony Cassety ran across for the score. Bronc May elected to keep the ball on the extra point try and scored for two. This

gave the Steers 22-13 advantage.

The Wolverines would now have to score twice to win the ball game. glasscock began the drive towards the Vega goal. On the second first down of Earth's drive, a broken play caused the Wolverines to lose a fumble.

A Vega drive stalled in Springlake's and the Longhorns tried a field goal from the Springlake 26. Donathon was the kicker and he made it good to give Vega a 25-13 lead, with 1:16 left to play.

With just 14 seconds left on the clock Glasscock fell back to pass. This time he hit Brian Sanderson on the far sidelines for a 62-yard scoring pass. With 00:03 left, Alair crossed for the extra two points. The score was not at 25-21, Springlake behind, Glasscock attempted an onside kick, but it went too far. A Vega man jumped on it and the clock ran out leaving the Wolverines four points behind.

The Vega running backs played an outstanding game. Brent May, Dick Robinson and Harold Sides together, amassed 287 yards in 60 carries and two of the three Vega TD's. Standouts on the Vega defense were Barry Crowe and Steve Jackson.

Eddie Alair, Hoyt glasscock and Brian Sanderson were the Wolverine offensive stars. Alair carried 13 times for 120 yards, one TD and two extra points. Glasscock carried the ball eight times, picking up 68 yards and one TD. Glasscock also completed three of 13 passes for 99 yards. Sanderson caught a 62-yard Glasscock pass for one TD. Defensively the whole team did well after the first period.

Sprinklake-Earth's district contest record now stands at 1-2 in the loop race. They were defeated by Bovina last week 21-7. Their only loop win was a 21-7 victory over Sudan. Vega now stand 2-1 in loop play. They lost last week to a concerted Sudan offense. The Wolverines will next face Farwell, holders of a 3-0 loop record.

With just over a minute left in the half the Wolverines pulled a draw play. Alair scampered past the Longhorn line for 22 more yards. This set up first and goal at the Vega eight. Two plays later Alair carried from the four for the TD. With 1:02 left Glasscock attempted and missed the extra-point. The half had the scoreboard with a 14-13 lead on Vega's side.

For the first minutes of the second half neither team could move the ball. Then the second time Vega had the ball they began another drive. This one ran out most of the clock in the third period, all but one minute. After driving 69 yards with four first downs the Longhorns scored in that minute.

On first down and goal to go from the Springlake eight, Tony Cassety ran across for the score. Bronc May elected to keep the ball on the extra point try and scored for two. This

Littlefield JV Rips Roosevelt, 20-6

The Littlefield Junior Varsity won its second game here Thursday night. The JV, now with a 2-3-1 record, won in a 20-6 contest with the Roosevelt JV.

Littlefield overran the Roosevelt squad behind the power running of Jesse Davila and Bill Hamblin. Davila picked up 99 yards in 22 carries. Hamblin gained 73 yards on 17 carries.

As well as the running attack being a potent one, the Little Cats had two passers to complete passes for gains of 47 yards. Randy Trotter had two completions out of five attempts for 27 yards. Randy Dayton hit his only attempt for 20 yards. J. E. Johnson caught the pass from Dayton for the 20-yarder. Ray Mendoza and Davila were the receivers of the passes from Trotter.

Davila scored the first Littlefield TD in the second period, on a 25-yard run. Hamblin scored the second TD in the third period, from the 12-yard line. In the fourth period, Hamblin carried from the 20 for the last Cat TD. All the extra-point attempts failed. The other two JV points came when Tim Walker and Ricky Sanchez tackled a Roosevelt ball carrier in the end zone.

Davila and Hamblin were

named as Wildcat stars. Sanchez, Johnson and Hopper and Eddie Stearns were the defensive standouts.

Two running plays in the seven, but Trammell down pass went incomplete. Mackey's fourth down was too long for Carter.

There was still a game, however, and with no lead still at 5-0, the Little Cats still had to pull it out.

But Littlefield's chances in the final minutes of the game were slim. The Cat 23 when a Frioner named Porfirio Carter he tried to field a pass, but it was intercepted by J. V. McCary, TD, and a final one by McCary. The Little Cats were trying to get a scorecard in the last minutes of play.

Littlefield led in the first quarter, rolling up 24 yards on 14-10, Littlefield. Danford led all runners with 59 yards in 17 carries. Frioner's Wes Clark 52 yards in 14 carries. Bailey tackled on 39 runs. The Chiefs' big 218-pound, J. V. McCary, sparkled on defense.

Defensive standouts were Hartley, McCary, Giles and Max Huber and McCary.

JCCARY suffered a leg and ankle hurts, but kept of their injuries unknown after the game.
