Council Studies Public Drinking Problem, Postpones Ordinance Governing The Same

ELLA LOYVORN
 During a lengthy discussion between city councilmen and city councilmen last night, councilmen voted to pass an ordinance "making it illegal to drink, consume, or possess any alcoholic beverage or any alcoholic beverage on any public park or parking lot within the city of Littlefield, making possession of any alcoholic beverage in an open or broken-seal container illegal possession, providing for arrest without warrant and for a fine not to exceed \$200 for violation, and providing effective

Paul Carmickle, mayor pro tem, presided over the session in the absence of Mayor J. E. Chisholm, and all councilmen were present, along with the city attorney and city manager.

David Ary and Tommy Hutson were present to serve as spokesmen for the youth of Littlefield, and began their discussion by saying "there are a few in our town who mess it up for everyone else." They offered to help try to keep things in order on the city parking lot just off Phelps Avenue and within a half block of city hall, and said they'd be "willing to inform" on law breakers (or vandals) who did damage to business property in the city, if the city would not pass the ordinance, allowing them to continue drinking on the lot. Another solution to the problem, as they see it, was to have a trash canister placed on the lot, and "we'll see to it that the bottles are put in it." In addition, they offered to clean up the litter that is already there.

depository of city funds; and his wife, Tena.

Wicker advised of the vandalism that has occurred the past two months to the bank, and issued a warning that such action is subject to federal court action—due to the fact that the property is insured federally through Federal Deposit Insurance Corporation.

He emphasized that he "did not wish to hurt anyone," nor did he want to "see them tried in a federal court, which would invariably lead to a penitentiary sentence."

Officer Despres mentioned several

problems the police department has in controlling various problems in the city, and emphasized that most of the time "the parents get them off. They tell us 'My son or daughter couldn't have done that' and manage to get them out of their situations—scott free!"

He advised that city officers drive by the city lot, and youth deliberately turn up a can or bottle of liquor to their mouths, then openly laugh at the police because they can't do anything. He also advised that the department has offered to meet with youth on their problems, but no one has accepted the offer.

Councilman Pat Downs said he was "personally fed up with a lot of this stuff that's been going on over there on the lot," and recommended youth of the city to find something constructive to do instead of having all their fun in drinking and spinning tires in the streets. Downs said he believed he "could have more fun sober than three-fourths polluted," and advised that youth will "one day wake up and find out that I'm right!" He added, "I know, because I was once a youngster myself! But I had respect for others and their property."

Downs reminded, "This city was voted dry by the citizens, but it's as wet as can be like this!"

"So we need to respect their wishes and KEEP it dry—not allow any of this stuff in the city limits!"

Downs made the motion to pass the ordinance as written, but the motion died for lack of a second.

Discussion continued on the matter and Councilman Chester Harvey said he "agreed with these boys. They can straighten it out if they will, and I'm in favor of giving them a chance." He said "you (youth) need to have a meeting and let the others know that the council means business!"

Officer Despres stated, "We need to get together to make it (things in general) better" indicating that some of the barriers between some of the older folks and the youth be taken down.

Councilman James Shotwell stated, "You know, I read an article the other day that sorta fits this situation." He reminded that he has youngsters growing up in his home too, and that he understands some of their problems. "But," he said, "that article said something about youngsters today don't feel that older folks have any rights! but, we need to respect others' rights! And their property!"

Councilman Chester Harvey made a motion that the council table action on the ordinance for 10 days so that the youth could prove themselves. Pat Downs voted against the motion, and said "Put it on record that I'm against it!"

Mayor pro tem Carmickle could not vote, therefore the vote was 2 to 1 for postponing action on the ordinance. The matter will be presented again at the next council meeting, Aug. 21.

In other matters of business for the night, councilmen reviewed an ap-

Paintings and drawings, and arts and crafts of all kinds will be on public display from 4 until 9 p.m., and no entrance fees will be charged nor commissions offered.

This year, there will be no official judging or popular vote, but anyone may purchase any picture or artistic work displayed when the artist puts a written price, with his or her name and address on a card attached to the work.

There will be no limit on items or pictures displayed, but each exhibitor will be responsible for easels, stands or supports for his own work.

A special section will be reserved for the younger artists with their names and ages attached.

The building will open at 1 p.m. so that artists may begin setting up exhibits, which must have identification on the back.

Serving as coordinator for the arts

clubs of Littlefield will be Mrs. Barbara Perrin, who will work with Lela Nicholas, Dorothy Ferguson, Eva McDonald and Gene Fudge, other club presidents, in organizing the exhibits.

Sponsoring the annual festival again this year are members of "We, The Women", a branch of the Littlefield Chamber of Commerce. Several door prizes will be drawn throughout the afternoon, and will be donated by Anzeline's Art and Frame Shop, The Gallery, Hart-Thaxton Hardware, Perry Brothers Variety, and the Art Association of Littlefield.

Show chairmen are Marge Anzeline, Betty Hodges and Susan Wilemon.

Several businesses will display some of the paintings in their firms a week before the show.

Women's Cotton Promotion Association Holds Meeting

BULA— The executive committee of the Bailey-Lamb County for Women's Cotton Promotion Association met Tuesday afternoon.

Mrs. Richard Black gave a report of the district meeting she had recently attended in Lubbock. Rules for the County and District "Sew It With Cotton" contest were read and discussed.

A definite date has not been set or the location for the contest and style show this year, but plans are to have it in Muleshoe. The date will have to be either the 4th or 11th of October as the District Show will be in Lubbock this year sometime the last of October.

Rules for the contest have been printed and will soon be in local piece goods stores to be picked up by contestants.

The "Sew It With Cotton" contest, as before, is not limited to Cotton Clubs or Cotton Association members, but to women who sew for the public or home economics, girls or anyone who is not a professional seamstress (currently employed as a Home Economics instructor or Home Extension agent). The garment may be worn by the one who makes the garment, or can be made for someone else.

Have you seen the new cotton bagging? Go have your ginner to show you this. Another good use of our cotton products, and it's even pretty enough for drapes or dresses.

Inconsistent

By WADE WARREN

"Whereas, the City Council finds that the consumption of alcoholic beverages in public places within the city of Littlefield has become a public nuisance and an encouragement to vandalism and littering, all of which is damaging to the public peace and welfare..." is the first part of an ordinance that was considered by the Littlefield City Council Thursday night to prohibit drinking in public.

Numerous acts of vandalism, centering around the city-owned parking lot north of the post office, prompted the consideration of such.

Whether or not the passage of such an ordinance would curtail the acts of vandalism and littering is subject to much conjecture.

We are not totally convinced that alcoholic beverages alone are the problem and stricter enforcement of existing drug laws could go a long way in solving the problem.

And if, as some say, drinking by those who are under age is the problem, then

let's shut down the profitable business of bootlegging.

The ordinance was not passed Thursday, even though Councilman Pat Downs made a motion for the passage. It died for the lack of a second.

Two Littlefield citizens appeared before the council and expressed their views on why the ordinance should not be adopted and asked that a dumpster be placed on the lot so that the empties could be placed in it.

The councilmen agreed to this. We can see where the dumpster should help the litter problem, but at the same time, it seems the action is inconsistent with the feelings of the citizens of Littlefield—if the results of the last two wet-dry elections mean anything.

In essence, the council said that it is all right to consume alcoholic beverages in a legally "dry" town, on city-owned property (located only a few hundred feet from City Hall and the First Baptist Church) if the empties are placed in a dumpster!

THIS IS ONLY a few feet of an area along the north side of the city parking lot just off Phelps Avenue in downtown Littlefield. Empty bottles of various types are bashed against the wall of the business building there, and left to litter the area. This, and other problems related with it, was topic of discussion at the city council meeting Thursday night. (Staff Photo)

operation of a taxicab service in Littlefield, then granted the permit and waived a 2 percent of gross income for street use fee and \$1,000 bond.

The low bid of \$112,581 for extension of water and sewer lines to the industrial site as presented by Taylor Construction Co. of Amarillo was accepted by the council, and the job will be awarded that company. Other bids were \$117,581.75, \$127,780, \$146,119, \$115,119.50, \$138,087.82, and \$139,174.75.

About 7,725 feet of lines will be laid east on 17th to Delano, alongside Delano, under the railroad and to the industrial site.

Only one bid was submitted for the bank depository for city funds—that presented by Security State Bank. 5 1/2 percent interest is given on 90-day time deposits, as well as 6 months, but less than 12 months time deposits.

Twelve months and over time deposits draw 6 to 6 1/2 percent interest, and one-year time deposits of \$100,000 and more draw 7 percent.

Interest rates for loans for six months or less would be 6 percent, and loans from 6 to 12 months would also be 6 percent.

Action on awarding a bid for janitorial service contract was postponed until the next meeting.

In discussing the rural fire agreement

with the county, City Manager Jim Blagg advised the council that he had approached the county commissioners with a figure of cost for fighting fires outside the city limits, but that they had made no commitments. Councilmen agreed to go with the city manager to a commissioners' meeting to discuss the matter further.

Councilmen reviewed the Revenue Sharing Actual Use Report, and learned that a total of \$152,346 has been expended as of June 30, 1975, leaving a balance of \$4,495. Included in actual expenditures were \$3,200 for a new police car (public safety); \$141,860 for refuse collection system and \$55 for maintenance (environmental protection); \$715 for operating and maintenance (health); \$2,466 for summer youth recreation; and \$50 for newspaper publication of notices (financial administration).

Councilmen passed an ordinance vacating and closing street easements across the extreme western edge of acreage tracts A through H, of the Southmoor Addition to the city of Littlefield. The ordinance will have no effect on the 60-foot right of way located immediately adjacent to those tracts, on the west, nor on public easements or rights of way located elsewhere on the tracts.

Councilmen set next Thursday night as meeting night to discuss the proposed city budget.

A Woman's View

By PEARL BRANDON

Oh, I like to watch it rain!
It makes brooklets in the path,
It makes everything nice and clean,
And gives the cows a bath.

I like to take my dog and run
A scampering through the wet,
Oh, I have a lot of fun,
And pal does too, I bet.

I roll up my trouser legs
And run and jump and slide,
I wade all the puddle holes
When I can play outside.

I love the patter on the roof
And on the window pane,
Oh, it makes me feel so good,
I like to watch it rain!

Hasn't the rain been wonderful? They remind me of long ago, when we lived on the farm and our boys were small. We used to let them put on old clothes and play in the rain to their heart's content. They would come in wet and covered with mud.

Then they would take a bath and clean up, and were happy to stay inside the rest of the day. Those were happy times for us.

I know the rains now are beginning to

hurt some people. I heard a woman in the grocery store say they were about to mildew, but think of last year when it was so dry that many people couldn't plant at all.

I heard Pat Boone Sr. say once that he never turned down a rain or a heifer calf. He was a rancher, as you know.

Last year when it was so dry some people were predicting a three-year drought.

That goes to show that we can never know what the Lord has in store for us. It also reminds us that we worry about many things that never happen.

If we could take the attitude that Oral Roberts does on his programs, "Something good is going to happen to you."

Sometimes after an unusually hard day, after I go to bed at night I try to think of the good things that happened that day and most of the time the good out-balances the bad.

The 117th Psalm is very short, but very beautiful.

"Praise the Lord, all nations everywhere. Praise Him all peoples of the earth. For He loves us very dearly, and His truth endures. Praise the Lord!" Living Bible.

THE ABUNDANT LIFE

Talk It Out

By BOB

WE HAVE NO RIGHT to expect other people to assume responsibility for our problems and difficulties, or to try to impose these upon them. At the same time, there is a legitimate way in which we can help each other. We can "talk it out".

Of course, there may be many different ways in which mutual help can be given; but, at this time, we are interested only in this one way.

MOST OF US will need some help now and then, some more than others; but no one lives above such need. Some individuals may get by without help, but could have done better with help.

We know that the people who are always talking about their problems and troubles are undesirable, from the standpoint of association and friendship. Persons who are constantly complaining about their burdens and trials soon become a nuisance, and are carefully avoided. Under such circumstances, no one receives any help; but extra difficulties are created, and this is not what they want.

TALKING CAN BE OVERDONE, but this does not mean that we should never talk to anyone about our troubles. There are times, when we cannot function successfully unless we do have a loved one or a loyal friend who will listen while we "talk it out".

In some instances, it may be necessary to talk with professional counselors. To "talk it out" is often the action that provides the "pressure release" we need.

PRUDENCE AND DISCRETION must guide us, in deciding about whatever may be talked about and in choosing the person to talk. We must be sure to choose someone who will not betray our confidence, who will not make us a laughing stock, and who will not bring us a later embarrassment and regret.

We must keep some things to ourselves, but, if we try to keep them within ourselves by refusing to share them near and dear to us share our joys and sorrows, we are being selfish and to ourselves.

"TELL ME ABOUT IT" is an invitation extended to the person. It may come from a child, or friend to friend, or from a loved one to another, or from one to another.

This may not be a total solution, but usually helpful. The "talk" relieves the distress, and may provide a solution.

KEEPING SOME THINGS TO OURSELVES may contribute to inefficiency in our work, strained relationships, and other undesirable situations.

In extreme cases, the depression becomes deep enough to lead to

"TALKING IT OUT", when done with good judgment, is a release from inner pressures; and often restores the ties of friendship and love.

HOMINY GRITS

By CORNBALL BLEW

SEEMS THERE'S always gotta be a killjoy in every group. A farmer friend brought a sunflower "Head" (?) into the mill a few days ago. One of gigantic size. In fact, it measured 14 inches across! As we were admiring and marveling at the size of the thing, some character drawled.

"Yeah, they get pretty big. A guy up Olton way brought one in a few days ago, that measured 22 inches! While he admitted he hadn't seen this sunflower, just HEARD about it. I could hardly keep from wishing a pox on his turnips!"

GUESS WE'LL KNOW whether or not we'll have an ordinance against drinking in public in our fair city by the time this sees print. If we do, it may break-up some of the open beer-bashes on main stem.

While we're sure that such an ordinance won't cure the drinking problem, it will take a lot of the fun out of it. Seems the cool thing to do, is to stand on the sidewalk and wave a can of brew at your friends who are dragging the stem. Builds the ego, I suppose.

SEE WHERE WE have more rain possibilities predicted for the weekend. I was beginning to hope that it might get dry enough to stunt some of the weeds on my back lot. They've been doing quite well, thank you!

Turn Row COMMENTS

By EMIL MACK

DOWNTOWN ECONOMY SHOULD pick up considerably with the unusual amount of hand labor that was used by the farmers this year. Quite a bit of money is being spent for labor to hoe and to harvest crops. The average cost per man-hour for hoe hands is somewhere between \$1.50 and \$1.60 per hour. This salary is paid to children as well as adults. Many employers are disappointed because of the productivity per hour, but what can you do about it. In order to get the good you have to hire some of the bad.

Speaking of labor, you onion raisers may be in for a break in regards to onion harvesting. A mechanical harvesting system for Texas short-day dry onions was successfully tested in June of this year at the Weslaco Station. Agricultural Engineers of the Agricultural Experiment Station tested a new unit component in a three unit harvesting system. It proved to be extremely satisfactory in testing. The three basic units are: (1) the topping and undercutting unit; (2) the onion

pickup unit; (2) the onion picker (3) the yield cleaning and dewatering unit. A two-bed unit, suggested for commercial utilization has a capacity of 600 bushels per hour or about 400,000 onions per 8 hour day.

NOTICED THE HEADLINES in last edition of the Leader-News that Lamb County is ranked 1st in cotton and corn production.

After reading Cornball's column other day and what he commented me having no brains, I have taken and thanks to him, Lamb County NUMBER ONE in bull and sheep production. I should give up my opinion and go back to being a monkey".

HOSPITALITY IS THE art of making someone feel at home when they are here.

Hale-Alford Wedding Solemnized Recently

Hale of Farmington, and Phil Alford of exchanged double wedding vows Saturday July 19, in the Highlands Church in Farmington. Willis Young officiated. The couple are Mr. David M. Hale of Farmington, and Mrs. Yvonne Hale of Farmington. Mr. Hale presented his bride for marriage. She wore a formal-length gown of organza with venise lace and a scoop neckline with caplet sleeves and pick-up. Her white veil was attached to a flower cloche to hold a 72-inch wide by three-yard long lace edged with a 54-inch wide and poof face veil.

She carried a cascade of carnations in the colors of her wedding, which were apricot and brown, with a cascade of streamers made up of apricot and white loops.

For "something old" she wore a solid gold wedding band belonging to her maternal grandmother, Mrs. Mintie Gibbs; "something new" was her wedding dress; "something borrowed" was a pearl drop necklace belonging to Mrs. Ernie Thomason; and "something blue" was the traditional garter.

In the center of the altar, an archway decorated with flowers in her colors, was flanked by flower baskets, also in her colors. Two candelabras were large brass hearts that held 21 candles each, with centers filled with flowers of her wedding and tied with bows and streamers of her colors.

Yvonne Hale, sister of the bride, was her honor attendant, and Mrs. Larry Ulla was bridesmaid. They wore apricot polyester floor-length gowns, trimmed in white lace with caplet sleeves. Both carried nosegays of apricot and brown flowers and streamers of apricot and brown intertwining.

Danny Alford was his brother's best man, and Steven Schroeder was groomsman. Ushering the guests to their pews were Mike Hunter and Rick Hale, brother of the bride.

Candlelighters were Jana Johnson and Scott Alford, brother of the groom.

Miss Freida Herron sang "The Greatest of These" and "Sometimes," Eddie Turner sang "No Other Love" and "The Lord's Prayer", and a duet by Miss Herron and Turner was "Wedding Prayer". They were accompanied on the organ by Don Ramsey.

The groom sang "Annie's Song" to the bride.

For her daughter's wedding, Mrs. Hale wore a rust polyester floor-length gown, trimmed with ivory lace and ivory lace caplet sleeves.

Mrs. Alford wore a beige polyester floor-length gown with sleeveless shell and jacket and skirt.

Following the ceremony, a reception was served in the fellowship hall of Highlands Baptist Church.

The three-tiered white wedding cake, decorated with apricot sweet peas and apricot bells, topped with a bridal

couple, was served from a table laid with a white polyester cotton cloth, covered with nylon net with ruffled edges, accented with wedding bells held by apricot roses.

Serving were Mrs. Curtis, Mrs. Jagers, Mrs. Ernie Thomason, Mrs. Maurice Johnson and Mrs. Everett Dame.

Sherry Alford, sister of the groom registered the guests in the bride's book.

For their wedding trip to the Colorado mountains and northern New Mexico, the bride wore an apricot polyester pants suit, trimmed in brown with a brown shell. She wore a corsage of brown carnations.

The will reside in Plainview, where both are attending Wayland Baptist College.

The bride is a 1973 honor graduate of Farmington High School, and is presently a junior at Wayland where she is listed on the dean's honor roll and a member of Sigma Alpha Iota. She is employed by the religion department at Wayland, as a secretary.

The groom is a 1973 valedictorian of Boys Ranch High School, and is presently a junior at Wayland, where he is on the dean's honor roll and serves as president of Wayland's Concert Choir and Phi Mu Alpha.

Out-of-town guests included Mrs. A. Neuschwander of Littlefield, Mr. and Mrs. L. D. Hale, Mr. and Mrs. Everett Hale, Mr. Ralph Hale, all of Colorado Springs, Colo. Mr. and Mrs. Mike Matthews, Colorado Springs, Colo., Mr. and Mrs. Ralph Fuller, Albuquerque, N.M., Mr. and Mrs. Danny Pearce, Albuquerque, N.M., Mr. and Mrs. Paul Fleming, Albuquerque, N.M., Mr. and Mrs. Rick Hale, League City, and Mr. and Mrs. Gilmer Mickey, Lubbock.

The organist, Don Ramsey, and the two soloists, Miss Freida Herron and Eddie Turner, all attend Wayland Baptist College where they are members of the same music fraternities as the bride and groom.

The rehearsal dinner was hosted by the groom's parents, Mr. and Mrs. Doyle Alford, Friday evening in the fellowship hall at Highlands Baptist Church.

Four Scouts from the South Plains Council, Boy Scouts of America, are attending the 14th World Jamboree, "Nordjamb 75," located at Lillehammer, Norway. The Jamboree will run for ten days from Aug. 3 through Aug. 12, 1975, stated Elbert Buerger, South Plains Council.

The Jamboree is being hosted by five Nordic counties: Norway, Sweden, Denmark, Finland, and Iceland. The theme for the Nordjamb '75 is "five fingers-one hand."

The Jamboree Troop, under the leadership of Scoutmaster Lou Thompson of Oklahoma City, left Dallas Airport July 26, headed for Oslo, Norway, where they toured Oslo and Helsinki, Finland. Then at the close of the Jamboree, Aug. 12, they will be hosted in private homes in Stockholm, Sweden. Aug. 18 they will return to Dallas Airport, Buerger said.

INSUR-MATION
Ed Jennings 385-4489
Farm Bureau Life Ins. Co.
You can be told that after a period of time an insurance policy can pay its own premiums. How is this possible? There are two ways: automatic policy loans and extended term insurance. The use of the first method will keep the policy in force and the death benefit would be the face of the policy minus the total amount of the loan. The loan can be repaid and restore the policy to its original status. The second method you are insured for the entire face amount for a period, usually of several years. But to restore the policy to its original condition you must not only pay the premium required but prove you are still insurable. Therefore, automatic premium loan is usually the better method.

PSYCHOLOGY
DON'T TRY TO HOLD YOUR CHILDREN BACK FROM GROWING UP. SOMEBODY WILL HAVE TO BE INDEPENDENT AND IT'S UP TO YOU TO PREPARE THEM FOR IT. DON'T CLING TO THEM OR ALLOW THEM TO CLING TO YOU, OR YOU MAY END UP WITH SOME SPOILED AND IMMATURE CHILDREN ON YOUR HANDS.
ONE WAY TO ENCOURAGE INDEPENDENCE IS TO LET THEM DO THINGS FOR THEMSELVES. FOR INSTANCE, YOU DON'T HAVE TO BRING YOUR YOUNGSTERS A FEW. EVERY TIME HE'S THIRSTY, ESPECIALLY SINCE EVEN A PRE-TEEN FINDS IT EASY TO USE TAP WATER AND INSTANT TEA TO MAKE HIMSELF A REFRESHING BEVERAGE.

Smith Family Reunion Conducted Over Weekend

In honor of the 60th Wedding Anniversary of Mr. and Mrs. R. M. (Bob) Smith, a reunion of the immediate family was held in the couple's home in Littlefield over the weekend of Aug. 3rd.

Alta Hillburn and Bob Smith were married Aug. 8th, 1915 at McCoy, Texas. They are both well-known citizens of Littlefield and are descendants of pioneer families of the Littlefield-Lamb County area.

The Smiths' nine living children were able to be with their parents for this special occasion. They are Mrs. Floyd (Eunice) Porter of San Bernardino, Calif.; Ray Smith of Littlefield; Mrs. Ralph (Tina) Lund of Minneapolis, Minn.; Granville Smith of Dumas; Hollis Smith of Bogata; Mrs. Odell (Yvonne) Ray of Arlington; Mrs. Frank (Jo) Mobley of Houston; Mrs. Mike (Kay) Watts of Sulphur Springs; and G. H. Smith of Seminole.

Alta and Bob Smith have 26 living grandchildren, 21 of whom were present for the reunion. There are 30 great-grandchildren, with 17 being able to attend. In all, there were 59 of the Smith descendants and their families in attendance.

Mrs. Bill (Alta Rae) Bonney of Escondido, Calif. is the oldest grandchild and was here for the occasion. The youngest great-grandchild, Shawn Jones of Sulphur Springs, Tex. was also present.

While there was no formal reception, many close friends of long years standing called during the weekend to extend their best wishes to the Smiths, and to visit with the various families.

The out-of-town descendants came from several areas in California, Minnesota, Wyoming and from all parts of Texas for the occasion.

A REUNION of the R.M. "Bob" Smith family was conducted over the Aug. 3 weekend in the Smith home. Nine of the couple's offspring were present, left to right, back row, Ray Smith of Littlefield, Granville Smith of Dumas, Hollis Smith of Bogata, and G. H. Smith of Seminole. Improving Economy Indicates Stronger Cotton Marketing

The textile economy is improving substantially, pointing to increased domestic cotton use and a stronger cotton market, say economists at the Cotton Incorporated research center in Raleigh, N.C.

The most recent government and trade statistics indicate a strengthened textile economy in the months ahead, according to David Cox, Cotton Incorporated vice president for economic research and development.

4-H Center Is Recipient Of \$4,000 Chemical Gift

Estes Chemicals, Inc. of Waco has made an in-kind material gift amounting to \$4,000 to the newly opened Texas 4-H Center near Brownwood.

The gift was made in behalf of the 4-H members in the Estes Chemicals, Inc. Waco trade area.

The gift was announced by H. T. Davison, executive director of the Texas 4-H Youth Development Foundation, and 4-H and youth specialist for the Texas Agricultural Extension Service.

Estes Chemicals, Inc. offered the 4-H Foundation, developer of the Center, the opportunity to choose a number of gifts from the Dow Chemical, USA "Be a Hero" Awards Catalog. The Dow awards program permits

companies distributing Dow products to make a contribution to local groups in their service area based on sales volume of Dow products.

The gift was made in behalf of the 4-H members in the Estes Chemicals, Inc. Waco trade area. Davison said the gifts chosen for the 4-H Center included television sets, ping pong tables, washing machines, a riding lawn mower and a Baldwin piano. "Each of these gifts will play a significant role in the services and programs of the Texas 4-H Center," he noted.

Heritage Merit Badge Available To Boy Scouts

The South Plains Council announced a new merit badge, American Heritage, has been established for Scouts to earn, according to Jack Baker, Council President.

The Texas 4-H Center is located 10 miles north of Brownwood on Lake Brownwood and has been in operation since April 2. "4-H members and adult leaders throughout the state are currently enjoying the opportunities it offers for summer camping, leadership training, nature study, recreation and numerous other 4-H activities," Davison pointed out.

Beginning in September and running through Dec. 31, more than 20 workshops for volunteer adult leaders have been scheduled to help 4-H leaders increase their effectiveness and knowledge in working with 4-H subject matter and with young people, added Davison.

"With each passing day, things look a little more favorable," Cox says. "Collectively, the signs indicate a better market in the months ahead."

The Cotton Incorporated economists believe the forces that contributed strongly to depressed cotton prices during the last part of 1974 and early 1975 are rapidly fading.

What killed cotton prices, Cox explains, was a chain reaction of a drop in real consumer income in 1974, a slowdown of retail sales, ballooning inventories, difficult export problems, and sharply curtailed fiber purchases.

"But now these factors are gone or are diminishing rapidly," he says. Cox cautions that cotton prices will be moderated by the large domestic and foreign carryover on August 1 this year and that the general economic recovery could be slowed if inflation is rekindled.

He adds, however, "there are more positive than negative factors, and they will favorably influence cotton use and prices in the months ahead."

Cox recommends that producers watch new crop developments, the economic recovery, and the movement of the remaining 1974 crop. As the market continues to gain strength, producers should recalculate production costs and again evaluate new crop marketing plans, he advises.

The analysis of the current cotton outlook is in the July 1975 "Cotton Summary" published by Cotton Incorporated, the fiber company of U.S. cotton producers.

"Theater's green room was the off-stage sitting room used by the actors, and gets its name from the fact that its walls were often painted green to rest the eyes exposed to bright stage lights."

"Rhyme Of The Ancient Water Heater"

Water, water everywhere
And not a drop to drink;
And none to bathe and none to wash.
There's something wrong, I think.
Our ancient water heater,
It burst at 3 a.m.
The signs of strain and stress,
I never thought to check for them.
So first thing in the morning
I'll remove this albatross.
An electric water heater
Will alleviate my loss!
