## County Goes Dry in Saturday's Election

Unofficial Returns Oust Beer by Majority of 72 Votes—Contest Threatens

In a somewhat uneventful election held Saturday on referendum instituted by dry forces to discontinue the legal sale of beer in Wheeler county an unofficial majority of 72 ousting the beverage resulted. This is according to unofficial tabulation of returns as made by F. B. Craig, county clerk, at his offices here in the court house.

Total vote reported for the county is 2,102. Of this number, 1,087 were opposed to the sale of beer and the remaining 1,015 want the county to remain in the wet column.

Official canvass of the vote by the commissioners court is not expected until tomorrow, Friday. The statutes provide that the canvass be made within five days after the election, or as soon thereafter as possible. Because of the contemplated absence of the county judge and some of the commissioners, who had planned to attend an important highway meeting in Oklahoma today, the check-up was postponed a day. It is not believed, however, that results of the canvass will show any material change.

Under the law and as a result of the election, sale of beer in the county must discontinue 30 days from the time the vote is officially canvassed, unless contest action is started, and it might even then have to be halted pending outcome of proceedings.

That a contest of the election seriously threatens is now indicated. Even before all the unofficial returns had been definitely learned, advocates of the sale of beer were laying plans and seeking grounds upon which to obtain nullification of the apparent will of the majority of qualified county voters who had expressed themselves through the legal and generally accepted final decision of the ballot box.

Through verbal statement, county officials have been informed that a contest is in process of preparation. Some of the proposed grounds for contention have been learned; however, these and such others as may be employed will be recited in due time if the contest develops.

Beer has been legally sold in Wheeler county for nearly four years. Its sale was given approval by a majority of about 100 at a special election held late in June of 1934. Last Saturday's election was ordered March 14 by the commissioners court pursuant to presentation of a petition signed by 444 voters.

As was to be expected, Shamrock gave continued sale of beer an overwhelming majority, yet the major portion of the remainder of the county was strongly enough opposed to overcome the south edge endorsement. Returns by precincts (unofficial) are as follows:

## Miss Martha Shipman Married Last Sunday

Miss Martha Jane Shipman, youngest daughter of Mr. and Mrs. Troy Shipman of Lefors, and Marvin Mathis of Oklahoma City were quietly married Sunday April 3, at Sayre, Okla. They were attended by Miss Murl Combs and David McNabb of Lefors.

Mrs. Mathis was a member of the Lefors senior class, having enrolled there in September. Previous to that she attended Wheeler grade and high schools where she was popular with the younger set. She had made a number of friends since moving to Lefors about 10 months ago.

Mr. Mathis is employed in a drug store at Oklahoma City, where he has been the past 18 months. The young couple left immediately following the ceremony for that city where they will make their home.

## District Candidate

W. R. FRAZEE

With a splendid record of about 12 years as court reporter of the 31st Judicial district, W. R. Frazee is a candidate for district attorney of the district which is composed of Wheeler, Gray, Roberts and Lipscomb counties. In addition to the experience gained as court reporter, Frazee is a licensed and practicing attorney. He asks support of the voters at the Democratic primary July 23.

## Pampa Man for Office of District Attorney

Frazee, Present Court Reporter, and a Licensed Attorney, Makes Announcement

W. R. Frazee of Pampa, for 12 years court reporter of the 31st Judicial district and a licensed attorney, has authorized formal announcement of his candidacy for district attorney of the 31st District, composed of Wheeler, Gray, Roberts and Lipscomb counties, subject to the will of the voters in the Democratic primaries.

In behalf of his candidacy, Frazee summarizes his qualifications in the following statement.

"About the first of the year announcement was made of my candidacy for district attorney, 31st Judicial district, pursuant thereto I submit the following:

"I have resided in this immediate section of the Panhandle for about 20 years, principally at Canadian and Pampa; at the latter place for the past five years; am married and have two children.

"I have served as official court reporter of the 31st district, including Wheeler county, for some 12 years in all, participating in all criminal and civil trials, as well as taking part in handling of a large volume of important court work preliminary to and following trial, both inside and out of the court room.

"I was admitted to the bar in 1926 and at all times since have been licensed to practice law in all state and federal courts, and for some seven or eight years out of this latter period, engaged in the practice of law.

"The above is a matter of official record in this county and district and is also well known to perhaps the greater number of the citizens thereof.

"That this service has been faithful and efficient is also a matter of official record and can be readily verified. The voters owe themselves the duty of carefully investigating the qualifications, experience and ability of the respective candidates for this office. For myself, this is invited and urged.

"Feeling that the promotion now sought is well deserved, your valued support is respectfully solicited."

In addition to professional qualifications, Frazee has a splendid personal record. For many years he has been actively interested in work with boys and young men, through Sunday school, Boy Scout and DeMolay channels. In fact, his is a type of citizenship that will reflect credit upon the office he seeks, should he be elected, as well as honor to himself.

## HOSPITAL NEWS

Carroll Beth is the daughter of Mr. and Mrs. Roy Chapman of Myrtle. She arrived Sunday, April 3.

Recent operations include: Mrs. George Andress, tonsilectomy, Monday; Mrs. Chalmer Keeton, minor, Sunday; Mrs. Pete Greenhouse, Briscoe, minor, Monday; Mrs. J. W. Baird, Mobeetie, minor, Monday.

Mrs. Cecil McCoy, Allison, is a patient in the hospital this week.

Clint Evans, 15, of Allison, entered the hospital Sunday to have his left leg set which was fractured when his horse fell with him that day.

## Nicholson Given Big Vote in Re-Election

Wheeler School Board Head Leads Ticket, 111 Out of 119—Howe, Pendleton Win

Almost unanimous endorsement of the administration of Dr. H. E. Nicholson as member and president of the Wheeler Independent School District board is evidenced by returns from Saturday's school election, as reported by H. J. Garrison, member of the body.

Out of a total of 119 votes cast, 111 were for Nicholson who had consented to stand for re-election only after considerable persuasion by some friends and interested supporters of the local school who were thoroughly familiar with his achievements as head of the group for the past two terms.

Melvin Howe and W. O. Pendleton are the other two trustees named of the three to be elected.

The official ballots contained the names of H. E. Nicholson, Melvin Howe, W. O. Pendleton, Roy Lamb and W. F. Wright. In addition to these, returns show three names written in, giving the following results:

Nicholson, 111; Howe, 78; Pendleton, 63; Lamb, 60; Wright, 11; and written in were J. E. Willard, 24, Lee Guthrie, 1, and R. G. Russ, 1.

D. H. Sherwood is the retiring member of the board. Howe and Pendleton replace him and fill a vacancy that had existed for some time. Holdover members are H. J. Garrison, Emmet Herd, Jim Risney and J. W. Barr.

On Tuesday night a meeting of the board was held and re-organization effected. Nicholson was again chosen president, with Garrison, vice president and Howe as secretary succeeding Barr, who has occupied that position.

H. M. Wiley, candidate for county school trustee-at-large, received the full 119 votes cast here, while T. M. Britt, for county trustee from Precinct 2, was given 39 votes, which represented the number from that precinct who voted here. Wiley, who had no opposition for re-election to his place, totalled a nice county-wide vote. Britt, unopposed, was re-elected trustee for Precinct 2 and J. W. Henderson was named to a similar post for Precinct 4.

Due to the resignation of E. E. Johnston, Mobeetie, from the county school board because of his candidacy for commissioner of Precinct 1, an appointment to fill the vacancy will be made. In an unofficial straw vote at Mobeetie to ascertain sentiment concerning who the people would prefer the county board to name, results were as follows: O. W. Elliott, 40; John McCarroll, 18 and E. E. Farmer, 9.

Action by the county board is expected soon.

## Four City Officials Re-Elected Tuesday

Election is Quiet Affair—Void of Contests and No Names are Written In

Wheeler's city election passed off quietly here Tuesday, void of contests for any of the four places—that of mayor and three councilmen. The official ballot contained the names of R. J. Holt for mayor and H. E. Young, R. B. Puckett and John Lewis, councilmen, all up for re-election.

According to W. B. Wofford, election judge, a total of 31 ballots were cast. Holt and Lewis each received the full quota, while Young and Puckett were short one each of the total number. No names for any of the places were written in.

Mrs. Inez Garrison and Mrs. Bill Perrin were election clerks to assist Wofford.

## Lloyd Anglin Coming Back to Wheeler Job

Installation of expert repair service is a recent addition by the Wheeler Wholesale Co., J. D. Johnson and Walter Anglin, proprietors, at their station on the east side of the square. In charge of the department will be Lloyd Anglin, a highly-trained mechanic and man well known to people all over Wheeler county.

Anglin has spent about a year at Miami, where he has been employed. He is here now and plans to move his family to Wheeler either this week end or as soon as weather permits.

The station, handling Panhandle gasoline, announces a special of interest to motorists for Saturday and Sunday in an advertisement on another page of this paper. Curtis Pond is wholesale distributor for the firm.

## WORST STORM IN YEARS SWEEPS PANHANDLE

As this is being written, late Thursday afternoon, one of the worst storms in years is sweeping in the Panhandle. Starting as a "dry" norther Wednesday, a stiff north wind continued unabated throughout the night and today. Snow began falling shortly before noon today and has increased steadily. Driven by the sharp blasts, it has drifted badly, greatly impeding traffic.

Indications at this time point to a record-breaker for this region, especially this late in the season.

## Wheeler Young Lady Married on Saturday

Miss Parilee Clay Becomes Bride of Fred Harris in Rites at Wichita, Kans.

Added to the list of pre-Easter weddings of wide interest is that of Miss Parilee Clay and Mr. Fred Harris, both of Wichita, Kans., that took place Saturday afternoon, April 2, in Wichita, with the Rev. Smith pastor of the Methodist church reading the beautiful yet simple ceremony at the parsonage. They were attended by the bride's sister, Mrs. Cecil Denson, of Wichita.

The bride wore a Windsor blue alpaca crepe costume with navy accessories. The groom was attired in a dark business suit.

Mrs. Harris is the youngest daughter of Mr. and Mrs. E. M. Clay of Wheeler, where she received both her grade and high school education, graduating in the class of 1937 as valedictorian. She was also valedictorian of the grammar school graduation, a member of the Spanish and Home Making clubs and pep squad; also a member of the debate team and an outstanding tennis player, representing Wheeler in the county meet for four years.

She was president of the local Epworth League and a faithful worker in the different departments of the Methodist church, of which she was a member. She enrolled last fall in the Business Preparatory college at Wichita, and plans to complete her course in June.

Mr. Harris is the son of Mr. and Mrs. J. A. Harris of Kansas City, Mo., where he received his education. He is a fine young man and is associated with the Coleman Lamp company's office at Wichita, where he has been the past four years. Harris spent his Christmas vacation in Wheeler and made several friends while here.

Mr. and Mrs. Harris are comfortably located in an apartment at 2323 East Kellogg street, Wichita, Kans.

## WORRY OVER FRUIT CROP NOW ENDED

Prospects of a fruit crop in this section of Wheeler county went glimmering under the sledge hammer blows of icy blasts Wednesday night and today. Since mid-forenoon the stiff norther which kicked up clouds of dust and sand all day yesterday has borne a snowy burden increasing in severity as the day advanced.

But returning to discussion of the fruit: its loss is deeply regretted by citizens generally, as well as those financially interested. Shortly after noon today, M. L. Clark declared during a brief call at this office, that he could see no hope for any fruit, especially apricots, plums and peaches, this year at all.

"I guess the worry's all over now," he observed ruefully as he thought of his nice orchard a short distance east of town, where he has taken some fair profits in other years.

Concern over fruit prospects here started some weeks ago, when unseasonably warm weather, combined with prevalent moisture, caused buds to develop much earlier than usual in this region. Occasional flurries of cooler weather and threats of frost brought alarm from time to time. Most recent of these occurred during the week end, when a slight freeze and heavy frost resulted in considerable damage.

However, following that visitation, reports indicated chances for a fair yield still remained. Clark estimated a 70% loss, with practically all his Early Elbertas killed, but some of the clings and the plums yet safe. Other growers, including Messrs. Barr and Cosper west of town, reported a loss of from 10% to 20%.

While loss of the anticipated fruit crop is keenly felt, since it had proven a source of considerable revenue for this county from a wide territory, there is nothing that can be done about it. It is one of the hazards to be considered in the Panhandle.

Some concern is felt today, should temperatures drop to a comparatively low level, for safety of the trees themselves, which orchardists say might be killed.

## All County Schools Plan to Standardize

Greater Number Expected to Meet State Requirements Than Ever in County

That a greater number of schools are expected to meet the state requirements for standardization than ever before in the history of Wheeler county, is predicted by County Superintendent B. T. Rucker in a state-

B. T. RUCKER

ment issued today. All schools in the county, other than the five fully accredited high schools, are applying for standardization, it was learned. The applications are now on file in the superintendent's office.

The 15 rural schools involved are: Kellerville, Heald, Bethel, Corn Valley, Pakan, Ramsdell, Benonine, Union, Plainview, Twitty, Magic City, Center, Mountain View, Davis and Lela.

A county-wide testing program will begin within the next week in all rural schools. This is a part of the standardization program, says Rucker, who also asserted that practically all rural schools are participating in the health and physical examination programs.

Wheeler county has become noted for its standardization program and progress made in its rural schools, generally. Two years ago Wheeler was eighth in Texas in the number of standardized schools.

Requirements have been raised by the State Department of Education or standardization within the past few years which makes it more difficult for schools to meet the requirements, according to Rucker.

Beginning next year, any school which expects to standardize must employ teachers with at least three years college work or permanent certificate, providing said teacher is not already employed in a standardized school.

Explaining the meaning of a standardized school, Rucker declares: "A standardized school means as much to the grade pupils as an accredited school means to the high school pupil."

County trustees and teachers organizations have been quite active in the betterment of rural schools and in assisting with programs designed for that purpose.

"Indications now are very favorable," commented Rucker, "that every school in the county will complete its normal term this year. For this much credit is due the splendid co-operation of officials and patrons," he concluded.

Rucker is deeply grateful for the fine united effort on the part of every interested person in making a success of the several programs that have combined to make a success of Wheeler county school work under his jurisdiction.

## Ivy and Lewis Buyers of City Tailor Shop

Announcement appearing elsewhere in The Times states that L. S. Ivy and Mrs. Chester Lewis have this week become new owners of the City Tailor Shop. Purchase was completed today, Bill Perrin, former owner, giving possession immediately upon consummation of the deal.

Ivy, who will be in active charge of the business, is no stranger to Wheeler people, having lived here slightly over a year. On March 15, 1937, Mr. Ivy and family moved from Memphis to Wheeler, where he accepted a position in the tailor shop and where he has since been employed.

Perrin, a candidate for district clerk, announces his reason for selling is to have more time to devote to his candidacy, which he now expects to prosecute vigorously.

Mrs. Frank Fulfer and sisters, Miss Minnie Gibbens and Mrs. Clarence Hill, of Pampa spent Wednesday in Shamrock.

## District Court to Begin Term Monday

Judge Ewing Here Friday to Set Docket for Seven Weeks April Session

W. R. Ewing of Pampa, judge of the 31st judicial district, was in Wheeler Friday, setting the docket and completing plans for the April term of district court, which convenes here Monday.

Other officers of the court besides Judge Ewing are Lewis M. Goodrich, district attorney; Homer L. Moss, county attorney; Raymond Waters, sheriff; Holt Green, clerk, and W. R. Frazee, court reporter.

List of cases issued by Clerk Green shows a considerable number of civil matters, including jury, non-jury and divorce actions. There are 25 divorce cases listed. Number and nature of criminal cases depend largely upon the action of the grand jury.

Pursuant to the usual custom, first week of court will be devoted to non-jury matters. Opening of the second week, April 18, marks the first week when jurors will be used, the schedule reading:

First Week, April 11—Non-jury.  
Second Week, April 18—Jury, civil.  
Third Week, April 25—Jury, criminal.

Fourth Week, May 2—Jury, civil.  
Fifth Week, May 9—Jury, civil.  
Sixth Week, May 16—Jury, civil subject to criminal.

Seventh Week, May 23—Non-jury. Preferential settings on the docket are:

April 18—The First National Bank, Clinton, Okla., vs. A. O. Krug.

April 25—Gordon Stiles, et al vs. U. S. Royalty association.

May 2—Wheeler Cotton Oil Co. Inc., vs. West Texas Cotton Oil Co.

Jurors for Second Week  
The jury panel for the second week includes the following names:

A. R. Meek, J. L. Pake, Gordon Whitener, Robert McClain, J. M. Lile, Jess Moore, Lynn Gott, John Reed, W. E. Mason, J. L. Gilmore, O. E. Sims, Lester Reynolds, L. V. Sivage, Lester Hathaway, Paul Jeffus, A. H. Burke, R. F. Kennedy, C. C. Clark, W. C. Hays, G. T. Richardson, Fred Begert, jr., W. A. Holmes.

O. W. Sullivan, L. L. Hiltbrunner, A. W. Williams, Dan Hefley, John Bennett, W. D. Williams, Roy Oswalt, A. B. Pike, W. W. Curlee, C. F. May, D. H. Sherwood, Ernest Godfrey, Weaver Barnett, E. T. Zybach, Ernest Zybach, Zack Miller, Romain Pugh and F. J. Bailey.

## New Local Dealer in Electrolux Products

Wheeler Auto Supply & Electric Takes Refrigerator Agency Released by Wiley

Announcement is made this week by the Wheeler Auto Supply & Electric Co., Nash Bros., proprietors, that they have taken over the sales and service here of Serval Electrolux, the gas operated refrigerator. H. M. Wiley of the Wheeler Gas company has been merchandising the Electrolux in this area. Because of changes in his sales staff and other demands upon time and labor he decided to release the dealership.

Nash brothers, Harold and Shelton, already handling wholesale and retail stocks of electrical and automobile equipment and supplies, as well as household appliances, were glad to obtain dealership for the Electrolux. Their set-up, present and prospective, warrants expectations of vigorously pushing the new mechanical refrigerator line.

They also acquired dealership for Butane and Propane (bottled gas) operating agents of Electrolux for those in rural regions not served by natural gas.

In addition to the refrigerator dealership, Nash brothers secured the franchise as distributors of a line of gas ranges and heaters formerly sold by Wiley.

## COUNTY COURT HAS JURY TRIAL EARLY THIS WEEK

Trial of Clyde Bearrow on a charge of passing a worthless check was heard before a jury, with County Judge Puett presiding, in county court early this week. A verdict of guilty was returned. Fine of \$1.00 and costs was assessed.

Because of an anticipated trip by the judge and probably other members of the commissioners court to Cordell, Okla., for a meeting of Highway 41 association, no court was scheduled for today.

The court will be convened again tomorrow, according to Judge Puett, who anticipates completion of the criminal docket this week, leaving a number of civil matters for next week's session, which will conclude the current term of county court.

CLEAN UP AND SAFETY

Spring clean-up week, which is an annual observance at thousands of American communities and should be in all of them, is in the offing. The week was started primarily as a housecleaning movement, and thousands of homes were cleaned and painted. But now it has become a general clean-up week, and it is being observed in many cases to change a squalid street to one that is pleasant and charming to the eye.

Furthermore, something other than a better looking town results from a clean-up week that is loyal and enthusiastically supported by all citizens. For a sound through clean-up process is one of the best possible ways of getting rid of fire hazards. A town which has a lot of old, dilapidated buildings which do away with litter and grass-edges, etc., becomes a far safer place in which to live and work.

Clean-up week should not stop at exteriors. As the National Board of Fire Underwriters points out, every one should go through his home inside as well as out in search of fire dangers. A congested attic or basement, filled with ancient magazines and broken furniture and clothes that will never be used again, is the perfect starting place for a blaze. Frayed or unsatisfactorily repaired light cords, improperly stored inflammable liquids, dirty or worn heating units, iron such things as these come first, that destroy hundreds of millions of dollars worth of property and thousands of lives.

Every town should make this year's clean-up week the most thorough in its history. It is so easy to do, it requires only a little help and it will pay big dividends in beauty, safety and health.

WE CAN HAVE SAFETY

We'll get highway safety when we want it.

That is the opinion of W. Earl Hall, president of the Iowa State Safety Council.

When nine out of ten persons want safety, we'll be on our way to having safety, says Hall. "It will work out this way."

The time will turn to the education of the engineer and the educator, the personalities behind the three E's of safety, and say this: "We want this problem solved. We're willing to pay the price and we're willing to cooperate in the fullest measure."

We have all the essentials of safety at hand. Road builders have made remarkable strides in giving us streets and highways designed to eliminate as many of the hazards of driving as possible. Automobile makers have worked miracles in improving lights, brakes and other mechanical safety factors. Over a long period of time state traffic codes and standards of law enforcement have tended

to steadily improve, even though much remains to be done.

Where, then, is the fault? Why did last year's automobile death toll reach an all-time high in excess of 40,000? The answer is plain. We talk about safety—but a great many of us aren't willing to do the things that create safety. It's easy to pin the other fellow—and at the same time to excuse faults in ourselves.

We condemn carelessness and then go out and drive at high speeds. We argue convincingly that courtesy in driving is vital, and then hog the right-of-way. We have nothing but condemnation for the drunken driver—and then we go to a party, drink all evening and drive home.

Yes, we can have safety, when we really want it. It's squarely up to us all.

RUDE AWARENESS SEEN

Comes now one Earl Crowley who appears to believe he is a political Moses to whom has been delegated the noble mission of leading Texas out of the wilderness.

To start with, he is trying to carry water on both shoulders, balance a bucket on his head and do a juggling stunt at the same time by gathering up the various political groups and herding them into his camp.

Several months ago Crowley stated that he would not run if Governor Alfred wished to run. That puts him in the Alfred camp. Then he heard that Mrs. Miriam Ferguson would not run and he rushed over to Jim, seeking his favor.

He is also putting graciously toward other former governors, including Sterling, Moody, Bell, Colquitt and Hobby. Crowley has branded as totally unfit both Ernest Thompson and William McCraw. He calls upon them to resign their present offices if they are to make the race for governor.

Another exaggerated idea harbored by Crowley is that his connection with the national administration at Washington will have a powerful effect upon the voters of Texas. And it may well have, but not in the way he expects nor of benefit to him as a candidate. In fact the office seeker in Texas this year who depends upon national capital associations to put him over or to help him is likely to be sadly disillusioned.

All in all, without doubt the gentleman from Fort Worth and Washington is due for a rude awakening if he gets in the race for governor of Texas.

ONLY ONE 'ISM' WANTED

The Amarillo Times charges that Amarillo high school students are being told by classroom lecturers that Hitler has a better form of government in Germany than ours and that America will have the same form in a few years.

If such is the case, then the Amarillo school board should fire these teachers of Nazism without delay.

There is entirely too many long-haired "ism" teachers in our schools and colleges. We have served on the Americanism committee at the last three national conventions of the American Legion and received from reliable sources reports of subversive teachings and activities in our institutions of learning.

There is no room for but the teaching of one kind of "ism" in the United States and that is Americanism. Don't pay out good American tax dollars to teachers of foreign "isms." Van W. Stewart in Ochiltree County Herald.

Mr. and Mrs. F. H. Boren and family who live 22 miles from Canadian on the Wheeler road, drive to Canadian twice a day Sundays to attend the Nazarene church. They also drive in for prayer meetings. Mrs. Boren teaches a Sunday school class. Mr. Boren is Sunday school superintendent. Their 17-year old daughter, Ruby, is president of the Young People's society and Ruth 14, and Fred Joy, 7, are Sunday school students.—Canadian Record.

Items of interest culled from newspapers on The Times' exchange list

As the magician sawed the young lady in two at a carnival show here a few years ago, he said: "Now ladies and gentlemen, after I saw her in two, her brain will go to science and the rest will be thrown to the dogs." An old husband guy on the front seat yelled: "Woot, woot!" Donkey County Leader.

County Judge J. A. Mead returned from Austin the past week where he met with the Texas Highway Commission together with delegations from other North Plains towns and cities in the interest of securing a north and south highway which would traverse Roberts county and cross the Canadian River in this county, giving traffic a direct route to Perryton and other points north from the south.—Miami Chief.

Rev. J. William Mason, pastor of the First Baptist church here, was elected president of District 10 of the State Baptist convention and Mrs. D. A. They were chosen, with other officers of the district, at the close of the district's annual two-day convention in Pampa last Friday.—Memphis Democrat.

The office for the new lake work will be in McLean, according to statements by officials at Amarillo. Smith Bros. Refinery Co. is furnishing office space and it is expected to be open in a few days. A road will be opened to the dam site within the next few days, and actual construction work on the dam begun as soon as possible. The dam will be 55 feet high with a water depth of 46 feet at the dam.—McLean News.

Federal engineers who have been surveying several proposed sites in Swisher county during the past three weeks, for the \$300,000 dam which will provide a recreational lake for Swisher, Hale, Floyd and Briscoe counties, have approved the site on North Tule creek, five miles northeast including the Brooks section of 640 acres. Funds are not as yet available for building the dam, but it is believed that such funds will be available shortly after July 1, the beginning of the new fiscal year.—Tulia Herald.

One merchant in Quitaque has learned not to fight the elements. Rather than continually sweep the sand out of the entrance before his place of business on a windy day, he patiently brushes it up in a neat pile, places it in a box, and when he has gathered a box full, takes it out behind the store and wets it down. There's one sure thing, it takes a long time for that dirt to get back around to the front and blow in again.—Quitaque Post.

**No Payments Allowed on '38 Tree Planting**

Correcting a misunderstanding that has resulted from his being misquoted with regard to AAA benefits for farmers participating in the Forest Service shelterbelt program, County Agent Jake Tarter makes public the following statement:

"The law states that each acre of trees planted between Jan. 1, 1934, and Jan. 1, 1938, will be counted as two units, but this does not qualify trees planted since Jan. 1, 1938.

"Also, according to the law, if labor, materials and trees are furnished by the farmer all acreage will be credited to the accomplishment of the building of units, or if more than one-half the materials, labor and trees is furnished by the farmer, that part will be credited which is furnished by the farmer. But if all is furnished by the government, there will be no credit for planting done since Jan. 1 of this year.

"In the event it is decided that cultivating and protecting is more than half, the farmer will be credited for that amount, if it is more than 50 per cent.

"Tree planting will not conflict in any way with the farm program if planted since Jan. 1, as they are soil conserving and will be counted as sudan grass did in 1937, if the sudan was grazed," Tarter said.

**Supervisor Stresses Need of Farm Garden**

How many remember this old saying: "In the spring a young man's fancy lightly turns to thoughts of love."

Miss Martin, home management supervisor for the Farm Security administration in Wheeler county, says she thinks it is a clever philosophical appraisal of a young swain's mental outlook in April, May or June, but she has a saying of her own: "In the spring a farm wife's mind should turn directly to thoughts of a well-cared or, productive garden."

"Spring time suggests gardens and all farm families should consider food needs for each member of the family and then take steps to produce as many of these foods as possible. The kind of meals served by a housewife have a great effect upon the health of their families, and a great many vegetables are necessary to prepare adequately balanced diets."

Miss Martin reports she is assisting the families in this county who are co-operating with the Farm Security administration's rehabilitation program to plant and grow gardens designed for an ample supply during the spring, summer and fall and also for canning and storing to use next winter.

FSA co-operators who made the greatest strides in their rehabilitation program this past year were, with few exceptions, those who had grown good gardens and had saved on their food bills by filling their pantries with many staple and delectable garden products.

Many home gardeners working with Miss Martin in this county have planted tomato, cabbage and pepper seeds in window boxed or cold frames so they will have plants ready to transplant to the gardens as soon as the danger of frost has passed. As 75 to 90 per cent of the family's food supply can be provided directly from the farm, including fruits and vegetables which are so necessary to health, and because the production of these foods cut family living costs, the Farm Security administration encourages its borrowers to do all within their power to grow adequate home gardens.

The farm and home plans for each family place emphasis on this phase of the year's work, and while Miss Martin says it's well and good for a young man's fancy to lightly turn to thoughts of love, she is particularly anxious that her co-operators' minds turn toward the garden plot this spring.

**E. C. RANEY, Pastor**

The following statement is taken from a book we are studying on the Aldersgate celebration and was made by Lloyd George, at that time prime minister of England: "I never realized the effect which Methodism has had on national character so clearly as when I attended the international conference. It has been a different outlook to the British and the Americans from the outlook of the continentals. We are all creatures of the eighteenth century. The white races were born again in that century."

"On the continent of Europe there was a revolution—economic, social and political. In Britain the revolution was religious. In the United States it was first religious and in the second place a political movement. On the continent the prophets of revolution were Voltaire and Rousseau. In Britain the prophets were Wesley and Whitefield.

"I do not say the British and American outlook is purer, more far-seeing. But I do say it is different. I say the difference was made by Wesley; it was a movement that gripped the soul of England, that deepened its spiritual instincts, trained them, uplifted them. The result is that when a great appeal is made either to England or to America, there is always a response."—From an address in 1922.

There needs to be another such awakening in all the spiritual factors of this nation to make the church equal to the demands made upon it. Our leaders are seeking to bring about just such an awakening this year. Can we catch their vision?

Our church school meets at 9:45 with classes for all. At 11, "The Supremacy of the Church" will be the subject.

At 7 p. m. a class from the church will study the book, "Out of Aldersgate." At 7:15 leagues meet. Evening song service at 7:45.

We may want to have a meeting of all the teachers and Board of Education one night next week, and if possible may we have an open night and full attendance.

We had a wonderful communion service last Sunday at 11. At night we visited the Church of Christ in a good service. We regret that more of our leaguers could not attend the district meet at Pampa last week end. Visitors home from school this week were Misses Elva Willard, Marthalys Wiley and Joe Meek.

Mrs. J. G. Hamer and daughter, Mary Ann of Shamrock were Friday luncheon guests of Dr. and Mrs. Glenn R. Walker.

**"Danger Patrol"**  
April 8-9

The plot of Danger Patrol is based on a background of a highly dangerous calling—the handling of nitroglycerine, the most powerful explosive made. The scene of this story is a Texas oil town, where explosives are used to "shoot" oil wells to start production, or to snuff out flames. You'll like this different story because it has plenty of thrills and yet it is not an overworked subject. This story is "well done," with Sally Eilers, John Beal and Harry Carey.

**"Man-proof"**  
April 9-10-11

Man-proof is a smart, ultra modern triangle romance. Women, especially, will be entertained by the superior acting of Myrna Loy, Rosalind Russell and Franchot Tone. The plot is developed sincerely and with dignity, which keeps its moral tone on a high plane. Most women will ask themselves the question: "What would I do?" in case some other woman was after their husband. Come see if you would do what Rosalind did.

**"Paradise for Three"**  
April 13-14

Fast-moving farce and romantic comedy in Paradise for Three is one of the best screen entertainments. Imagine Frank Morgan, (king in Rosalie) a rich manufacturer, being mistaken at a swanky hotel for a poor man, and Robert Young, poor but ambitious, being treated as though he were Morgan. Really, it is complicated—but you'll have a lot of fun finding out how it turns out. These two are assisted by Florence Rice and Edna Mae Oliver.

Treadwell, Morris Tennis Champs LaVerne Treadwell and Ruth Morris captured the tennis championship title for the third straight year when they defeated Wheeler and Shamrock. They played Wheeler two sets, winning them both without much trouble. Then they took Shamrock a round. They won the first set, Shamrock the next. On account of darkness the final set was postponed until Thursday, March 31. LaVerne and Ruth again won a set. This gave them first place in Wheeler county. The first two years they played junior doubles. This year it was senior doubles.

Briscoe Alumnus Talks Mary Margaret McCarroll, a student at C. I. A., Denton, visited her parents, Mr. and Mrs. John McCarroll, near Briscoe during her spring vacation. She is a graduate of Briscoe high.

Miss McCarroll made a talk concerning C. I. A., college to the seniors of this school Monday morning. She gave a descriptive story of the college and also told of the courses offered and entrance requirements. Miss McCarroll returned to Denton Tuesday.

Bronco Tattler Mr. Walker and Mr. Wilson don't seem to have any use for bobby pins. Pete Luttrell is rapidly recovering from an illness of two weeks. Paul Luttrell is at it again. He was seen in Pampa at 12; Claude, 1:30; Amarillo, 3; back in Claude, 6; Pampa, 10:30; Mobeetie, 11; Briscoe, 12. He must be trying to start a new bus route.

Mr. Walker has resumed talking about moonlight nights. Wayne almost got sent out of commercial law class Monday. Could it be that his suddenly becoming very studious was the reason he was allowed to remain in class? Mr. Wilson has added a new word to his vocabulary. Just ask him what "firebug" means.

"Jane Eyre" is the show for Friday night. Mr. and Mrs. W. B. Hanson of Hatch, N. Mex., visited their niece, Mrs. Bessie Robertson, over the week end. Faye Wilson, Faye Hammer and Mary Margaret McCarroll visited Geraldine Wadsworth Saturday. A. M. Walker went to Amarillo Saturday.

Mrs. W. D. Douthit of Briscoe was hostess on Wednesday evening, March 30, to the Methodist Women's Missionary society. After enjoying games and music during the social hour, refreshments were served to those present, who were: Mesdames Zybach, Swinburn, Smith, Mathews, Jackson, Dickinson, L. C. Hudson.

The King's English By PALMER SIVAGE "Well." That word gives his majesty more trouble than anyone.

Well wanted to be the king of English, so he raised an army of backwoodsmen to overthrow the king. Well was commander-in-chief and General Slang next to him. Captain Ain't was next and Captain Cain't next though he was not much help. Was and Were, the twins, sided in with Colonel Well, but they got mixed up and fought one side as much as the other. I guess they didn't want to cheat anyone.

While this army was being raised the King Society was not idle. His standard army was ready, of course, and to this General Grammar added an army which he organized. The time for combat had come. The signal was given and Well's men charged. A fierce battle followed and lasted almost 48 hours without letup. Neither side had won but there was a compromise:

"The fight shall continue from 9 o'clock in the morning to 4 in the afternoon, five days a week, for any portion of the year until one shall overcome the other."

The battle has not been won. Yes, the school goes on indefinitely. Boogy: What part of the auto kills the most people? Woogy: That's an easy one—the nut behind the wheel.

# Sh-h-h-h! Keep it Quiet

Can folks sitting in your car hear your motor when it is idling? Yes? No good!

Chances are the noise means wear. Wear means that you haven't been getting all the lubrication you have been paying for. What every motor needs, right from its first day of operation, is quality oil. The word is over-worked, but quality is still the only single word to describe Phillips 66 Motor Oil, Phillips finest.

It is noted for its clean quality... for its minimum of carbon-forming residue... for its richer, long-lasting body with high-degree oiliness. So it keeps the innards of your motor much cleaner.

Next time, drain and refill with Phillips 66 Motor Oil, the economy champion. It's concentrated!... This year's big value in car lubrication. Look for the Orange and Black 66 Shield.

### Sunday School Lesson Exposition

By C. C. M.  
April 10, 1938

#### FINDING OURSELVES IN SERVICE

Scripture Text: Mark 8:27-38.  
Devotional Reading: Romans 8:31-39.  
Memory Verse: John 12:26.

#### An Angle of Approach

In a worldly service and in a worldly way, one can find one's self only in gathering together one's own knowledge, spunking up one's own wisdom, and mustering one's own power for service. If he is too timid a soul for that, he is not likely to get anywhere in this world.

But, how unlike that is the process by which one finds himself in Christian service. Here, he must find Christ, then losing himself in a real service for Christ to humanity. If one is careful of himself for himself he really has no place in true Christian service (vs. 33-37). Christ's order is, "Take up my cross and follow me" (v. 34).

#### THE HEART OF THE LESSON

Do you, professed Christians, have a cheap religion? How much has it cost you? Have you put any time to it that might have been put to some personal worldly gain? Have you been a giver and thus helped to bear the expenses of the work the Lord put us all at? If not, you have a cheap kind of religion for it has cost you nothing.

You have found yourself, but in selfishness. You are the kind who would say to Jesus, "Lord, I would not go to the cross if I were you. It's too costly. Let those poor lost sinners go, if you cannot save them in some way that will not cost you so much. See how I do it: I never put myself out any for them. Why can't they have some regards for themselves, then it would cost us nothing. I think they should bear their own burdens and responsibilities."

Ah, yes! Now you just listen to your Saviour answer you in that: "Get thee behind me, Satan, for thou mindest not the things of God but the things of man."

Who, Not What  
The most vital point in religion is not what you believe, but on whom do you believe. The items of your faith may stand the test of orthodox before men (church men), but miss the mark entirely before the Lord.

If you have not put your trust in Christ, solely and absolutely, for your salvation; but are trusting in your own acts of piety and religious devotion for assurance that you will meet with approval before God, you are trusting in things and not in a person, the Christ. Such will miss the mark entirely. It is no wonder some have such a cheap religion—one that costs them nothing.

What Do Men Say  
Men are babblers and their words are confusion (vs. 27-29). Some say one thing, and some another. God has but one thing to say and there is no confusion in His words.

That one message God has for men is about Jesus. He is the Christ. He is God's sacrifice for the sins of the lost, the substitute in the sinner's judgment, the Lamb slain. His blood is sufficient. His resurrection is assurance that we can depend upon all His promises—and that for the unbelievers a judgment awaits (Acts 17:30, 31).

A True Confession  
"Thou art the Christ" (See a fuller statement in Matt. 16:16-20). If that confession comes from one's heart, it implies every other truth about Him and about the sinner's need of Him. Nothing else can save, but Jesus.

He has no other way to save you, except "By the way of the Cross." If you have from the heart turned unto Him, you are to enter immediately into service for Him. Do not sit idly by and say that He hath not hired you, for He has. You have a testimony and you owe that to your friends and neighbors. That testimony is expressed both in words and by deeds.

What Profit?  
Slaving day in and day out, with no time or thought for others! What is the profit of such a life? It is neither true living nor living truly. What fools men are! For all know that they can take nothing out of this world.

What a pity that rich Mr. John Doe failed and then, because he was ashamed to be poor, jumped headlong to death! Yet that is the very thing every self-centered and self-served and self-saved (supposed) person is doing. They shall finally fall and plunge headlong into perdition.

Wake up, slumbering Christian! For unselfish service is an evidence of your true confession.

Ashamed of Jesus  
Can it be that one who has been saved by faith in Christ could be ashamed of Him? I fear that it is possible to some, but what a pity! "Of him will the Son of man be ashamed."

Ashamed of Jesus! Sooner far Let evening blush to own a star; He sheds the beams of light divine O'er this benighted soul of mine.

Ashamed of Jesus, that dear Friend On whom my hopes of heaven depend!  
No: when I blush, by this my shame, That I no more revere His name.

Ashamed of Jesus! Yes, I may, When I've no guilt to wash away; No tear to wipe, no good to crave, No fears to quell, no soul to save.

## Briscoe School Head Gets Lakeview Place

W. V. Swinburn, Superintendent Past Two Years at Briscoe, Accepts Hall County Position

Acceptance of the position of superintendent of the Lakeview school, in Hall county, was made known here yesterday by W. V. (Vance) Swinburn, who has been superintendent of the Briscoe schools for the past two terms. He will, of course, complete the present term at Briscoe, going to the new post next fall.

Swinburn came to Briscoe from Dodsonville, in southeastern Collingsworth county, where he had been superintendent for six years. His work there, which recommended him favorably for the Briscoe position, together with his accomplishments in Wheeler county, mark him as one of the outstanding educators of the Panhandle. Briscoe and Wheeler county can well regret his leaving, yet the many friends here will wish him well in the new location.

Lakeview is one of the important schools of Hall county, being the only high school between Memphis and the west county line in the northern area of the county. It embraces a large territory and has a splendid plant, only recently completed.

On the night previous to his election by the Lakeview school board Swinburn was re-elected for another term by Briscoe officials. He and County Superintendent B. T. Rucker went to Lakeview Tuesday and investigated the situation, Swinburn accepting the place.

He has expressed regret at leaving Briscoe and the good friends and agreeable associations enjoyed there during the past two years, but feels it his duty to accept substantial advancement when it is offered.

## Gunter is Dealer in Allis-Chalmers Line

Elsewhere in this issue appears an advertisement of the all-crop harvester, an Allis-Chalmers implement called the "successor to the binder." A number of outstanding features are listed for this machine, which can be powered with a 2-plow tractor.

G. T. Gunter, with salesroom adjoining the post office in Mobeetie, is dealer for the Allis-Chalmers line which includes a full range of implements for tractor power, such as lists, planters, cultivators, combines, mowing machines and general farm tools.

Gunter's invitation is to investigate the possibilities of this old reliable line of farm machinery that has kept pace with modern machinery developments and improvements. In addition to new implements, he has a complete stock of repairs and parts for Allis-Chalmers equipment.

## Lions Group Meeting on Thursday, April 21

At noon luncheon Tuesday of the Wheeler Lions club it was announced that a group meeting for clubs of the eastern Panhandle area will be held here on Thursday evening, April 21. Delegations to the event, which will include a banquet and program, are expected from nearly a dozen clubs. The high school gymnasium-auditorium will likely be the meeting place.

Other business details included appointment of sub-committees to solicit money to complete financing the Interscholastic League meet held in Wheeler during the latter part of last week and early part of this.

Lions Homer Moss and A. B. Crump were designated to arrange for delegates to the Highway 41 association meeting at Cordell, Okla., today. Because of prevailing inclement weather, however, no one attended from this city, providing it was held as originally scheduled, upon which no information is available at this time.

Interested in securing a band director, President H. E. Nicholson named Raymon Holt and Dick Craig as a committee to investigate the matter and arrange for employing a man, if found practical to do so.

## County League Track Events Result in Tie

Wheeler and Shamrock Even Honors with 44 1/2 Points Each—Cup to Latter on Literary

Track and field division of the Wheeler County Interscholastic League meet, held here Wednesday, ended in a deadlock with 44 1/2 points each for Wheeler and Shamrock. Mobeetie garnered 33 points in track and field.

Invoking results of literary events as a deciding factor between the two schools with even honors, the cup will be given to Shamrock. That school had 109 points to Wheeler's 87 in the literary division.

During the athletic contests, four firsts and one tie were captured by the local thin-clads. Hall won pole vault over Holmes of Shamrock by the flip of a coin.

Herbert Green, Mustang hotshot, ran the 100-yard dash in 10.7 for first place. He then copped the 440-yard dash for another first. Red of Wheeler took the 220-yard low hurdles for the Mustangs. Compton tossed the shot 39 feet 1 inch for a first in that class. Stephens hurled the discus 97 1/2 feet for initial honors.

Clepper of Briscoe took first in high jump by clearing the bar at 5 feet; also the same honors in 220-yard high hurdles.

Shamrock took first in broad jump, with Holmes up. Roden ran the 220 for a blue ribbon for the Irish, and also captured the mile relay.

J. T. Red of Mobeetie placed first in javelin throw and Leonard won the mile for that school. Seitz, representing the Mobeetie Hornets, won first in the half mile.

## WHICH FOOT IS YOURS?

## Noted Foot Authority says every type foot Can be comfortably fitted—in the proper shoe

The man who has done more than any American individual to help America regain its feet (physically)—Dr. Wm. M. Scholl, says that there is really no foot that is too hard to fit—if the shoes are of the proper type and construction, and if modern, scientific shoe-fitting methods are employed. Here are some unusual types of feet.

There is the long thin type of foot; the foot with a painful bunion; crooked, overlapping toes; the short, stubby foot; the weak foot or flat foot; the foot that has corns or tender toes; and there is the foot with the high arch. When ordinary shoes are fitted in the ordinary manner these feet do present a shoe-fitting problem, but such should not be the case, says this world famous Foot Authority who pioneered foot health thirty-three years ago.

Dr. Scholl's Shoes are designed on the Straight Line Principle which provides even distribution of the body's weight on all three weight-bearing points of the foot (as per illustration). This eliminates the possibility of strain on muscles, nerves, and ligaments. Dr. Scholl's shoe-fitting expert from the Chicago factory will clearly demonstrate this Straight Line Principle and other features that are said to make Dr. Scholl's Shoes different.

## Demonstration on Wednesday, April 13, at Russ Dry Goods

In order to prove his point, Dr. Scholl has arranged to have his representatives direct from the Chicago factory, visit the above store in order to conduct an all day shoe-fitting demonstration and display of Dr. Scholl's Scientific Shoes.

Every type, size, and width (men's 6 to 14—women's 2 1/2 to 13; widths AAAA to EEE), shoes in proper sizes for children and growing girls will be included. In all, there will be 622 fittings. Advance Fall and Winter styles will also be shown. Fittings will be by X-ray. Stepping on the device and looking at your feet through the visor, you can see through your shoe not only the bones of your feet and their position, but the tissues as well. Other methods of scientific shoe fitting, perfected by Dr. Scholl, will also be used.

## Wheeler to Compete in 4 Events at Pampa

High School Students Gain 87 Points; Ward Division Nets 55 in Literary Results

Wheeler high school students will compete in four events at the district meet being held in Pampa this week end. They are debate, volleyball, girls' tennis singles and boys' tennis doubles.

Aubrey Warren and Grady Anglin will represent Wheeler county in the boys' debating team. They are the only Wheeler students to win first place in literary events at the Inter-Scholastic League held here last Friday.

### 6 Firsts in Athletics

In athletic events (with the exception of track) Wheeler won six first places. They were: R. J. Puckett and Amos Page, senior boys' doubles in tennis; Helen Scott, girls' tennis singles.

Tris Hooker and Herbert Tillman, junior boys' doubles in tennis; girls volleyball; junior boys' playground, and ward school girls' playground ball.

Winners in track, which had not been held the first of the week, will be announced in next week's paper. Places won by high school students in literary events were: Senior declamation, Irene Hunt, second; junior declamation, Joyce Faust, third.

### Ward School Takes Four Seconds

Those winning in ward schools here were: Choral singing, picture memory and boys' playground ball, second; Louise Tillman, junior declamation, second; and Melba Barnes, ready writers, third.

Wheeler received 87 points in high school and 55 in ward school, counting literary events and athletic contests except track. For these divisions of the meet, Shamrock had a total of 109 points, Mobeetie 52, Kelton 50 and Briscoe 30.

### "CARLSBAD HERE WE COME," ADOPTED AS SENIOR SLOGAN

Just 21 days and a few more hours.

The seniors are going to Carlsbad on April 29 and 30 and May 1.

This has been an annual trip made by the seniors since '34. The class that year decided to be different than the preceding seniors and go some where else. Some one decided that Carlsbad would be a good place and so to Carlsbad they went. The precedent has been followed by each graduating class since.

About 22 seniors and their sponsor, Miss Lois Kirby, will make this trip. They will leave on Friday, go through the canyon on Saturday and return home on Sunday.

## Juniors Present Hilarious Comedy

Class Clears \$20 in Presentation of Annual Class Play

Amid noisy laughter of the audience, juniors presented "The Blue Bag," a hilarious comedy, in the auditorium-gymnasium Tuesday evening. The class cleared \$20 toward defraying expenses of the junior-senior banquet.

### Scott, Maxwell Are Splendid

Helen Scott splendidly portrayed Mrs. Macklyn, who ran the hotel where all the action took place, and her husband as well. Norma Lou Maxwell was equally good as the maid, Chattanooga Elvira Livermore, more familiarly known as "Chatty."

In love with this maid was Gerald Robison as George Loudmouth, chauffeur, whose slang vocabulary was extensive. The henpecked husband was ably played by Raymond Smith, whose kick "get-up" seemed to fit his impersonation.

### Two Couples Furnish Romance

Earl Gilmore was quite forceful in his role as an officer of the law, who with the help of "Chatty," solved the mystery of the blue bag and the missing jewels.

The romantic element was furnished by Herbert Green and Geraldine Lewis, lovers who were eloping. Marion Smith, an actress who had come to the hotel for rest, was engaged to Earl also.

Three persons were in search of the jewels, which were known to be in a blue bag: Claudia Pillers, who had made a \$300 bet that he could recover them, and Marilyn Johnson and Duard Parker, two crooks apprehended by "the law" in the third act.

## Faculty to Present "Cross Roads Store"

Setting of Play Takes Place in Rural Store in Middle West

Another play is to be presented by the faculty on April 22. "Cross Roads Store," is the name of the second recovery play by the faculty.

The entertainment takes place in a rural general store somewhere in the middle west. Play practice has been in progress for a few days. Women teachers in the grades and all of the men teachers will participate.

Teachers to take part are: Mal Wynne, W. C. Zirkle, W. T. Roach, Principal C. B. Witt, Supt. J. L. Gilmore, W. J. Murdaugh, Mrs. Gordon Phillips, Mrs. John Hood, Mrs. C. J. Meek.

Mrs. Allen I. Smith, Miss Pauline Irons, Mrs. Loyd Davidson and Mrs. G. O. McCrohan.

## Them as is Thar'll Have a Right Smart 'O Good Fun, Begorry

Things are shoring going to be a happening when us journalists students open up our fashion "revue" Tuesday night. With all these here good-looking gals a-goin' around on

the stage purried up an' with brand spanking new dresses.

The local merchants are donatin' some garments for to be used in the fashion show. My uncle Lem regrets that they can't use anything from his livery stable, 'cause he shore needs the advertising.

Moosie will be used to calm the customers between the numbers and also while they are eating, which reminds me that grub will be served during the entertainment. Very reasonable prices, too.

Some of these prominent sidewalk-sitters have been absent from the cracker barrel up to the grocery store since the girls have started practicing for the revue. Some of the boys even offered to help decorate the stage up so as to make it look like it was Easter.

They's a also going to be some readings and fan-ganged tap dances and someone will probably sing a song. (They always does).

Well, folks, don't forget to be there, 'cause us journalists needs some funds pow'ful bad so as to make an educational trip.

## Juniors Plan Annual Banquet for Seniors

Decorations for the Junior-senior banquet scheduled for April 15 will emphasize Easter. The invitations have little bunnies on them and place cards are in yellow, green and lavender colors.

The place for the entertainment is undecided.

Those on the various committees are as follows, according to Miss Imogene Holbert, sponsor:

Invitations—Marion Smith, Marilyn Johnson and Scotty Risner; food—Aileen Hampton, Norma Lou Maxwell, Arlie Cole, Helena Jones and Helen Flynt.

Program—Earl Gilmore, Betty Gene Coll and Harrison Hall; decorations—Gerald Robison, Johnnie Faye Templeton and Geraldine Lewis.

## Easter Fashions to Be Shown Tuesday

Corral Staff to Sponsor Evening of Music, Food, Entertainment in Auditorium-Gymnasium

Bring all your friends and come to the gymnasium-auditorium at 7:45 Tuesday night for the Easter Style Revue sponsored by the Corral staff and the Quill and Scroll Press club. Don't eat before you come, because excellent food will be served at low prices.

### Latest Styles to Be Shown

Admission is only 25 cents a couple to see the new spring fashions in everything from bathing suits to the latest in evening apparel. While you dine at one of the best radio orchestras, you may see a vast array of Easter fashions modeled by local high school students. There will also be an interesting program.

Plans are being made to secure some of the best talent in Wheeler to perform. Readings will be given by Mrs. Melvin Howe and a member of the public speaking class. Several vocal numbers are being arranged, also. Arrangements are being made whereby Glynn Traux, Shamrock band director, will be engaged to render music.

### Teams to Discuss Current Events

Another interesting feature will be the current events contest which was introduced at the Fall Fashion review. Local clubs and the high school classes will be represented, and a prize will be given the winners.

Local stores which have been invited to model Easter fashions are: McIlhenny's Dry Goods, W. E. Pennington & Son, Russ Dry Goods, City Tailor Shop, Crescent Cleaners, Vogue Beauty Shop, Permanent Wave Shop, Star Beauty Shop and Nations Beauty Shop.

### Students Plan Entertainment

Students on committees to make arrangements are: Food—Marion Smith and Mary Belle Johnson; decorations—Elva Belle Crouch and Mary Belle Johnston; tables—Huffman Walker and Clowes Jones.

Dishes—Vergie Ashley; program—Ruth Faust and Ruth Barr; advertising—Betty Gene Coll and Marion Smith; serving—Lorraine Wallace and Lois Ficke; style review—Irene Hunt; current events—Aubrey Warren.

### ASHLEY ACCEPTS POSITION IN COUNTY CLERK'S OFFICE

Vergie Ashley, assistant editor of the Corral, has been employed by F. B. Craig to work in the county clerk's office for about two weeks. Vergie an ex-graduate will continue with her school work in the afternoon but has dropped her morning classes.

### SNUBBING POST

Very few people have the gumption of AUBREY WARREN. In a civic class last week he asked MISS ADAMS if he might go to the study hall. She replied that he would get an F if he did; and, before she had finished her sentence, he was on his way.

He takes notes on the TEXAS constitution, and then before even looking over them, tear 'em up. But he's still smarter than the rest of us.

Did you, by chance, notice the huge bouquet of flowers MISS HOLBERT's admiring pupils bestowed upon her last Friday? Amid her surprise and pleasure she questioned "Am I supposed to be a corpse or a bride?"

Speaking of flowers orchids to NORMA LOU MAXWELL, for her excellent performance in the JUNIOR PLAY Tuesday night.

Usually when a person gets on a window sill, says his prayers and gives one last regretful look over his shoulder, he is contemplating the fatal resort of "suicide."

But that wasn't the case when GRADY ANGLIN jumped out of the study hall window the other day. (The window was too close to the ground). Perhaps he wanted to see if he could fly!

Tuesday night the journalism class is going to sponsor another of their popular reviews. Your food shall be accompanied with music from one of the most popular orchestras in America (by radio). To complete the entertainment they will give an interesting program, including a fashion review.

Spring is really here this time. (No April fool!) . . . heard under a table in the chemistry lab. Earl's and Scotty's loud sno showing above their shoes just before their pants began . . . Have you been reading about Poopdeck Pappy trading hamburgers for porks? . . . Several hi fi lassies saw some bright lights Saturday night, even if it was from a distance . . . I imagine it's a terrible feeling to accuse everyone in the study hall of swiping your pencil and end up by finding it's behind your ear!

Perhaps you're expecting this column to compliment the students for doing so well in Interscholastic League work this year. Well—I'm not going to—I don't think they did so well. Fact is, less interest was shown in it this year than I can remember in several years.

Every year we say we're going to start earlier next year, and work harder next year; yet we never do. (If I remember correctly a columnist has the right to express his own opinion).

P. S. Apologies to the debating teams. They were both excellent.

### ALL SCHOOL CHILDREN SHOULD TAKE TEST FOR TUBERCULOSIS

If someone offered to help you free of charge, would you let him? Well, that is just what this county is going to do. Officials of Wheeler county are taking care of the financial part and are giving school children the benefit of an examination for tuberculosis.

Students are not compelled to take this skin test but all parents having children in school should take an interest in this movement for their children's sake.

Teachers and doctors of Wheeler are anxious that parents sign permission blanks to give this test as soon as possible. Instructors have no authority to enforce the test upon students unless patrons give their consent.

Do you want your child to sit next to a person affected. No, of course not. Neither does your neighbor want his child exposed to possible tubercles which your child might carry. It is up to each individual parent and student to make sure that he is free of the disease or is ready to take treatment.

### Senior Saddle Strings

Name: Ruth Faust.  
 Age: 16.  
 Height: 5 feet, 5 inches.  
 Weight: 135.  
 Favorite food: Lemon pie.  
 Favorite color: turquoise.  
 Favorite movie star: Katharine Hepburn.

Favorite subject: English.  
 Ambition: Dramatic career.  
 Ideal boy: Medium height, rather dark, good manners, an optimist and a good personality.  
 Prospective college: Texas university.

A rhythmic number dedicated to an interesting young lady is heard in "MARIE."

If you'll notice, SENIORS '38 is visible in several spots in our little village.

And to think Thomas Jefferson studied 15 hours a day and finished his college course in one-half the usual time!

Have you noticed the writing on the back steps of the home economics cottage? It is heard that MRS. YOUNG wants to find out who did it.

### ARE YOU A "SISSEY" OR DO YOU KNOW WHAT A "SISSEY" IS?

Are you a "sissey"? Perhaps if you know what a "sissey" is you could determine your answer better. According to Daniel Webster, a "sissey" is an effeminate boy or man.

Calling someone a "sissey" because he chose to enter some literary contest is a misuse of the word entirely. Anyone who has enough of what men call intelligence to enter such a contest is by no means effeminate. It takes brains, speaking ability and willingness to work long and hard to compete with students from other schools in extemporaneous speaking, declamation and debate. Is this being a "sissey"?

The person who can see no further than his own small realm of life, who thinks of nothing higher than his own capabilities and what he himself can see and do is not to be the judge. His opinion is worthless.

When, if ever, you wish to refer to someone as a "sissey," be sure to remember the CORRECT meaning of the word.

### FROM OTHER BRANDING IRONS

A Toast—Here's to happy days; any fool can have a good time at night.—The Prairie.

Friday, May 6, is Kid Day in Amarillo high school. Dignity will be laid aside as seniors revert to their childhood. Students don short skirts and hair bows, rompers and shorts. A special assembly will honor the seniors.—The Sandstorm.

The following poem was found in the McMurru Way Whoop:  
 Said the fly to the flea,  
 Let us fly.  
 Said the flea to the fly  
 Let us flee.  
 So they flew thru a flaw in the flue  
 And got the flu from flying  
 Up the flue.

### The Lasso's Noose

Do I believe my eyes? HERE HUNT playing "JACKS" during the last period, just because she had to get some "human interest" in it?

MARLYN JOHNSON has a new pair of shoes. I guess she said, "Papa, baby needs a new pair of shoes." (Also, a new hat).

Don't believe anything you heard about or saw in the CORRAL last week. That edition had a fair case of the "MUMPS" and couldn't talk plainly.

If you will listen closely, you can hear students counting the days until school will be out. MARION SMITH says that there are five more weeks. Maybe others disagree.

Sh-h don't tell anyone. They say it is a secret that spring is here.

It is rumored that ARTHUR RED was seen holding a conversation with ERIS MANNING.

Did you notice the Magic City bus Monday? There were very few on it, it seems that the bus ran off and left them.

It seems that SCOTTY RISNER and another person (a fair damsel) are crossed lately.

What was ELVA BELL CROUCH doing in Shamrock Sunday? Beware! Those big bad IRISHMEN will get you.

Notes between NORMA LOU MAXWELL are being passed toward a certain ex-student, HELEN JUNE GEORGE. Reminds me, doesn't Helen June have a brother attending college at Plainview?

EARL GILMORE makes a very good detective. Maybe he will enter the profession, but here's hoping he doesn't become engaged. He wouldn't know what he was getting into, say married men.

There were a lot of mean cracks made in the last edition about some of the teachers. Forget them, it's about time for six weeks tests.

"Don't you know, or don't you care?" may remind you of a song, but MISS IMOGENE HOLBERT feels like telling that to the junior cast members.

One fair JUNIOR tells JOHNNIE FAYE TEMPLETON not to give up the ship. That's in reference to a certain IRISHMAN.

Was FRANK MITCHAM really in Wheeler last Thursday?

## Fight Being Waged Against Tuberculosis

Tests and Serum to Be Given All Students Who are Willing to Be Vaccinated

A campaign is being waged in the schools of Wheeler county against a disease which causes twice as many deaths as car accidents—tuberculosis. Material containing statistics and information has been received from the State Tuberculosis sanatorium located near San Angelo, Texas.

### Parents Asked to Sign Blankets

Sgt. J. L. Gilmore requests that all parents fill out the card to be sent to them as to whether they desire their children to take the tests to be given soon. If the test shows positive it does not necessarily mean that the child has in fact but that it has had it in the past.

Tuberculosis is by no means a new disease. In fact it is thought to be as old as man, since several mummies found in Egyptian tombs shows signs of having had the dreaded disease. A Greek doctor, Hippocrates, discovered this disease about 400 years before Christ and named it "phthisis," which means "wasting."

### 2 Out of 5 Have Disease

Tuberculosis may occur at any age and is no respecter of persons or classes. The disease claims its greatest number of victims between the ages of 15 and 25.

In Texas there are comparatively few tubercular children between the ages of 5 and 15. Probably from 2 to 5 children in every 1,000 in the Texas public schools have active tuberculosis.

## WRITING HAS ARTICLES PRINTED IN QUARTERLY

Marthals Wiley, freshman at T. S. C. W., Denton, has had a theme printed in both issues of the Daedalus quarterly literary magazine printed at that school.

Of the 1,000 freshmen enrolled, four whose essays appeared in the first issue had one printed in the winter quarterly. Marthals was one of these four.

The names of her two papers were "The Person I Miss Most" and "How Sherlock Holmes Stories Affect Me."

## VANCE JOHNSON PRAISES MARION SMITH FOR BEAUTY

Didn't we say that Wheeler schools had an excess of pretty girls?

Our readers seem to have the same opinion, because Vance Johnson in his Line Riders column for Sunday said that Marion Smith seemed to be the reigning beauty of Magie. He added that she had taken two beauty titles lately, that of Miss Eastern Panhandle and queen of the Irish parade on St. Patrick's Day.

## WINNING ARTICLES SENT QUILLS, SCROLL CONTEXT

Vergie Ashley's editorial and Aubrey Warren's copyreading were sent to the fourth and last Quill and Scroll contest this week. All students in the journalism class were required to enter these contests.

Miss Bernice Addison, journalism sponsor, chose these as the best entries. The subject of Vergie's editorial was "What Goes On Under the Kerchief Covers."

Winners in these international contests will have their names printed in the next issue of Quill and Scroll magazine.

## Jiggs Eats Waffles at Q. S. P. C. Supper

"Jiggs, come on and let's eat," were among the exclamations last Thursday night when the Quill and Scroll Press club entertained some guests at the home economics building. Each person was named a "Jiggs" paper, character and was asked to imitate him the remainder of the evening.

Waffles, bacon and coffee were served while the program was in progress. First was a debate between Irene Hunt and Aubrey Warren of what is best to put in waffles, pecans or walnuts.

Marthals Wiley then gave a talk on the advantages and disadvantages of T. S. C. W. Parke Clay told what she thought of her husband-to-be.

Those present were Irene Hunt, Marilyn Johnson, R. J. Puckett, Aubrey Warren, Parke Clay, Marthals Wiley, Lois Eckle, Huffman Walker, Clowes Jones, Marion Smith and Bernice Addison, sponsor.

## From Far and Wide Come Ball Fans

Really, there were a few people at the baseball games last Thursday. Below were some of those seen:

From Shamrock: Virginia Moore; J. P. Issacs, Mac King, Marjorie Owens, Freda McAll, Holman Joy, Blount, Rahab Finley and Bernice Stephens.

G. T. Phillips, Troy Derryberry, James Harris and Gayne Sparin were seen from Maceo City.

Our own community offered J. C. Turner and Guy Robison.

Others attending were J. W. Lums, Kellerville; Rutherford Harris, Tule; and Wayne Morris from Briscoe.

## CORRAL MAKES CHANGES IN MAKE-UP ON PAGE TWO

This week's issue of the Corral (the one you are now reading) contains a change in the editorial page make-up. According to Make-up Editor Aubrey Warren, the new plan adds balance to that section.

The staff head now occupies a double column on the top center of the page. Snubbing Post and Caught in the Lasso's Noose, the two full length, single humor columns, are placed at right and left margins. Editorials appear directly below the staff head and Texas High School Press and International Quill and Scroll insignias.

### RAMBLINGS ON THE RANGE

Claudia Stinson visited and shopped in Shamrock Saturday afternoon.

Vergie Ashley visited her mother and grandmother over the week end in Moorewood, Okla.

Inez Hunter visited with Waverly Wallace Sunday afternoon.

Helena Jones spent Saturday night with Ola Pearl Pugh.

Rena Mae Wharton spent Sunday afternoon with Dorothy Mills.

Mrs. Nina H. Young spent the week end with her parents and friends in Boby.

Ethel Claire Rance, Johannie Faye Templeton, Irene Hunt and Genevieve and Louise Britt, spent Saturday night and Sunday in Pampa, attending a lecture meeting.

Miss Inocence Holbert visited her parents and friends in Amarillo over the week end.

## Corral Staff Receives Invitation to Convention

Staff members of the Corral are invited to attend the eleventh annual convention of the Intercollegiate League Press convention at Austin on May 4 and 7.

The program will include sessions Friday morning and afternoon and Saturday morning and a dinner dance and variety show Friday evening.

Winning papers in the contest will be entitled to enter two delegates in the five journalism contests. Wheeler sent two representatives to the 1935 convention and probably no one will attend this year, according to Miss Bernice Addison, sponsor.

## CORRAL AGAIN COMMENTED ON BY AMARILLO DAILY

The Lubbock Westerner World and the Corral were commented on by the Amarillo Daily News Monday.

These two high school newspapers were mentioned out of a number of papers which had April Fool editions.

The Amarillo paper noted that the Corral used heads at the end of the stories and that potatoes are never used in place of capitals. The Westerner World used rocket heads and was published on colored paper.

## With the Exes

Bill Owens was another graduate with the class of '31. He lettered in track during the year of '30 and played basketball during his high school days. He married Doreean Wood, who was a graduate with the class of '34. Bill is employed in the Crump-Mundy filling station. Mr. and Mrs. Owens and children are now at home in Wheeler.

Dorothy Bradstreet was also a member and graduate with the class of '31. She was a member of the Pop Squad and also a member of the Home Economics club during her years in high school.

Marthals Wiley, who is a student at T. S. C. W., was home for a spring vacation. She spoke to several of the senior girls about the advantages of going to school down there. She left Tuesday to go back to school. Marthals was a graduate with the class of '37.

Joe Field Meek is also home for a spring vacation. He is planning to enter a business college this summer in Amarillo. Joe Field will graduate this spring from McMurtry. He was a graduate with the class of '34.

Ray Pendleton was a member of the band when he went to school in Wheeler, where he graduated with the class of '31. Ray is now working as operator of a picture show in Chevis, N. Mex.

Edith Ashby brought her roommate, Ruth Hill, home with her for the spring holidays. Edith is now doing her practice teaching in English and will graduate with this year's seniors at W. T. S. C. Edith was a graduate with the class of '33.

Elva Willard, who is a student at W. T. S. C., was home visiting her parents and friends during the spring holidays. Elva graduated last spring.

Mable Sherwood, graduate of '37, was also home for the week end from West Texas State college, where she is enrolled as a freshman. She is taking a primary education course.

## Future Homemakers of Texas

The home ec girls are looking to attend the district meet to be held at Allison on April 16. The theme of the program is the enjoyment of music. There will be a musical reading given by one of the students from here.

Students in first year home ec are preparing and serving breakfast. They have been cooking eggs several ways and next will be the study of milk.

Quite a catastrophe happened during the Quill and Scroll waffle supper last Friday night in the Home Ec cottage. Due to an error by those untrained in the art of cooking, the used grease was poured in the maple syrup.

Although the scribbles were trying to show home ecers how to be economical, both the bacon drippings and the maple syrup had to be discarded.

## MARTHALS WILEY SPEAKS TO GIRLS OF SENIOR CLASS

Marthals Wiley, who is attending T. S. C. W., Denton, was given an extra holiday and the letter class to senior girls who are interested in attending this college.

Due to the league meet it was impossible to assemble all the girls on the day scheduled for the speech, but Marthals talked to all those who she thought might be interested individually.

She is a former graduate of Wheeler.

## Seniors Present Play at Magie

"Page Asa Banker," senior class play, netted the class \$9.50 when they put it on in Magie City Tuesday night.

Texas Tech's judging team was awarded three team trophies at the Fort Worth Fat Stock show.

## Wheeler to Hold 2nd Annual Boxing Tourney this Week

### Coch Stina Cain Directs Activities

Tourney is Expected to Be One of the Largest in this Section; 10 Teams Represented

Friday and Saturday should be a great show to boxing fans in this section with the Second Annual Wheeler Boxing tournament taking the highlight.

Leather slingers from all sections of the country will participate in Wheeler's second annual tourney. One week before weighing-in time 10 teams had sent in their entry blanks.

By 6 o'clock Friday it is expected that teams as far south as Turkey and as far north as Perryton will be on hand.

The earliest team to send in its entries was Pampa high school. Other early entries were: Turkey, Quitaque, Shamrock, Canadian, Ericeuse, Mobeetie, Wellington and Erick, Okla., who will be coached by former Coach Bob Clark of Wheeler.

Several other teams will be present by weighing-in time, states Coach Stina Cain.

Weights will begin at 105 pounds and will increase by the following steps: 112, 118, 125, 135, 145, 155, 165, 175 and heavyweight. There will be a three pound limit on each weight.

Last year the tourney was won by Wheeler, with Amarillo taking second place.

Trophies given will consist of a beautiful team trophy to the winning team and individual awards to the winners and runners-up in their weights.

Weighing-in time will begin at 3:30 o'clock Friday afternoon and 5:30 Friday is deadline for entry blanks. Rooms will be furnished all boys and their coaches traveling over 50 miles. Should any boy wish to enter that does not have a coach he may do so by bringing an O. K. from his superintendent or principal.

The boys will be taken care of while in Wheeler. Just write or notify Coach Stina Cain, Box 162, Wheeler, Texas.

## Two Teachers' Poems Read Over KPDN

Two aspiring poets of Wheeler, Miss Bernice Addison and Miss Inogene Holbert, teachers in Wheeler high school, listened to some of their own compositions over the air Sunday.

Several poems by each were read on Rev. Hubert Bratcher's weekly program, Cactus Blossoms. The flowers of thought contributed by Miss Addison were "Surety," "Mother Experience" and "Harvest Moon." Those from the pen of Miss Holbert were "Mexican Scene" and "Sonnet." The program begins at 3:15 every Sunday afternoon.

## Jacks Become "Rage" with Young Girls in Grammar Grades

It's all in the way you hold your mouth!

Of what am I speaking? Why that popular indoor and outdoor sport for young ladies entitled "jacks." It's all the rage at the present and done by everybody's daughter.

They'll usually let you play with them if you'll dispute their word, and wait your turn without gringing. (This particular reporter enjoyed his game very much. Don't laugh. We must have human interest!)

After you've picked up "one at a time," "two at a time," "three at a time," etc., you're liable to run into complications. These difficult tasks are called: eggs in the basket, cherries, up, double up, ups and downs, and downs and birds to the nest and various other phrases.

At this particular point a little blonde lass grew quite disgusted with your reporter because your reporter couldn't see how to do the "birds in the nests." (Maybe that's where the big apple originated!)

About that time the bell rang and she said, "Oh, I forgot to tell you something about setting the table" and "feeding the horse."

Sounds like a modern mother's "remembrance list" to me.

## Speech Class Play to Be Presented Soon

Students Begin Practice on "Much Ado About Betty"

Practice has begun on "Much Ado About Betty," a play to be presented by the public speaking class toward the first of May.

This entertainment is to be free. Mrs. J. L. Gilmore, director, has the following to say about those taking part:

"Helena Jones is becoming giddy practicing on boys, since in the play she marries her fifth husband. It appears that Clyde Ayres is getting sicker and sicker.

"Gerald Robison is learning that southern accent and becoming darker every day. Lillie Myrtle McClain henpecks her husband so much that she got 'real' bossy the other day in the study hall.

"Marion Hestlow is so meek that she scarcely opens her mouth. James Fassons has been seen talking to Lulu Barr. The impression has been received that it was an interview to see how it felt to be a movie star.

"Huffman Walker is so interested in his part as a lover that he has turned pale. Grady is practicing his part as a play writer in debate work. "It is the best to be on the look out, as in the play Ray Holley is not only bent but crooked."

## Wheeler Takes Five Firsts in Athletics

Two Blue Ribbons Won in Playground Ball, Tennis; One in Volleyball

Four firsts in athletic events in high school were won by Wheeler in tennis, playground ball and volleyball in Interscholastic League contests held last week.

Amos Page and R. J. Puckett took the cake in the senior boys' doubles in tennis and Helen Scott cleared all the barriers for first place in the senior girls' singles.

Herbert Tillman and Tris Hooker won in the junior boys' doubles. The girls' volleyball team, under the able coaching hand of Miss Winona Adams, took the county for the second consecutive time.

High school junior boys emerged on top in playground ball and the ward school boys won second. Ward school girls came out first in playground ball.

## Wheeler Wins Two Out of Three Fights

Only three fights and an exhibition were fought on the card with the Canadian pugilists here on Tuesday night of last week. Wheeler won two out of the three fights to take the dual meet. No decision was called in the fight between Coach Stina Cain and W. J. Murdaugh.

Odus Hooker and L. B. Pendleton won their matches over two of the Canadian fighters. Markham dropped a close decision to one of Cowtown fighters for the only Wheeler loss.

According to Coach Stina Cain, the fight between the coaches seemed to please the fans very much despite the fact that no decision was given.

## One Minute Interviews

Question: Are You Willing to Take the T.B. Test?

Irene Hunt: "Certainly I am willing. If there's anything wrong with me I want to know it."

Howard Nations: "Sure."

Oleta Carter: "Yes, I've taken it before."

Amos Page: "Yes, I guess so. It won't cost me anything."

Joe Markham: "Sure. I take everything that I can get free."

Hansel Parker: "I guess I am."

Margie Mullins: "Yes, I want to take it."

R. J. Puckett: "Yes."

Mrs. Jamison: "Sure I am, if I have it I want to know it. I don't want to be like the ole woman."

Dorothy Lamb: "Yes."

Thelma Hunter: "Yes."

Ruth Faust: "Oh sure. I want to know whether I have it or not."

Cecil Parker: "Oh I don't know. I might have it. Oh I guess so."

Lulu Barr: "I don't know yet."

Ray Holley: "Yes, sure."

David Young: "Yes, my daddy said I could."

Norma Lou Maxwell: "Yes, are you?"

(Talking to the reporter).

Eug. Gilmore: "Sure, if I have to slip off."

## SPORT PLANTS

By a Mustang

It's really hard for yours truly to write anything of importance this week after that foulhardy attempt last week and just before the track meet and second annual boxing tournament this week end.

The highlight in sports of this section is the second annual boxing tourney to be held in Wheeler this week. It is promised that it will be one of the best in the country for the current season.

Congrats to W. C. Zirkle for his tennis team's winning in the county eliminations.

Coch Stina Cain very successfully conducted Friday athletic contest for the Interscholastic League of which he was in charge here last week.

The earliest entry for the second annual boxing tourney to be held in the local gymnasium was the Pampa high school.

Nomination for the all-around boys athlete for this year is Amos Page and Herbert Green.

The Wheeler girls go to the district Friday to represent Wheeler county for the second successive year.

Spring grid training is slated to start Monday despite the many interruptions which have delayed its being begun.

## COLTS

Strayed

Dr. V. N. Hall, dentist, visited the grades on March 24 and examined the children's teeth.

Ben Westmoreland was a visitor in the third grade room last Monday.

Mrs. G. L. Reid visited the fourth grade Wednesday.

Banche Loser Bronco-Busters Inez McWhorter withdrew last Monday. She will attend school at Mobeetie.

Banche Gets New Cowboy Glennis Maxwell from Allison has started to school in the fifth grade here.

Doc Keeps Busy

Bobby Martin is back in school after having the scarlet fever.

Elmos Hall was absent last Tuesday and Wednesday because of the death of his aunt.

Saddle Work-Outs

Melba Barnes won third in essay writing in the county meet.

The first grade students have begun working on Easter booklets and on a movie machine. The machine will have pictures on Holland and Holland life. Bunnies have been made for the windows.

The third grade students are now studying Texas. They plan to make a booklet about it. The room has been divided into three reading groups. They have three new readers. Each group will read to the other.
