Official Dry Vote to Smaller Margin

Reduction to Majority of 58 Yet Spells Decisive Doom for Sale of Beer

Official canvass of votes cast in Wheeler county on the question of continued sale of beer within its borders was made by the commissioner's court here Monday. According to this check-up, it was found the majority favoring discontinuance of the sale of beer in Wheeler county was 58, or 14 counters less than the previous unofficial figure of 72.

Discrepancies were found in only two boxes. These were No. 21, one of Shamrock's polling places, with 10 difference, and Box No. 9, Heald, a difference of 4.

Even after this slight reduction is allowed, and about which there is no argument on their part, friends of prohibition feel that results of the election are sufficiently decisive to squelch further controversy on the subject.

Rather definite rumors persist, however, that champions of beer sales plan a contest of the election in hopes of setting it aside or compelling another round at the ballot box. Such action would be in sharp contrast to behavior of the dries nearly four years ago when returns favored sale of beer by a majority only slightly larger than that which rejected it on the second day of this month.

Yet the opponents of beer are not standing idly by. It is known on good authority that should the brew advocates elect to try their strength and schemes through contest channels they will be met with stiff opposition.

Dry leaders are not boasting nor making futile gestures, but are quietly and carefully preparing to meet the issue vigorously, employing skilled legal talent to wage a battle for what they believe to be morally and lawfully right in the rout of beer and in support of a regularly and orderly conducted election in which a majority of voters registered approval of the dry cause.

Inquiry failed to reveal, up to today, any necessary preliminary procedure by contest advocates other than the oral intention heretofore expressed more or less casually.

Large Number School Officers Are Chosen

Official Returns Reveal Trustees Named in Independent and Common Districts

Becoming available early this week, official returns of the school election held on Saturday, April 2, reveal the names of more than a score of newly-elected trustees in the various independent and common school districts of Wheeler county. A portion of those named were re-elected while the remainder were new members.

With the exception of Briscoe rural high school districts and possibly one or two others, the following list obtained at the office of County Judge Puett is complete. In each instance the number of trustees given is the number required to complete the boards. These vary from one to three. Space does not permit listing the total number of candidates whose names appeared on the ballots, or who were written in, which occurred in many cases.

As was stated in these columns last week, H. M. Wiley was elected county school trustee-at-large; T. M. Britt, county trustee for Precinct No. 2; and J. W. Henderson, county trustee for Precinct No. 4.

District Candidate

Energetic and ambitious young Pampa attorney, Clifford Braly (above), is a candidate for District Attorney of the 31st Judicial District. He was a candidate for public office the first time in 1936, polling an impressive vote for district attorney against the incumbent. He has many friends over the district who feel that he is able to give the vigorous enforcement of the law necessary to fill the prosecutor's office creditably.

Pampa Attorney to Seek District Post

Clifford Braly Announces as Candidate for District Attorney Place

Clifford Braly, Pampa attorney, today authorized announcement of his candidacy for district attorney of the 31st Judicial District, comprising Wheeler, Gray, Roberts and Lipscomb counties.

Making his first political race as a candidate for district attorney two years ago, Braly became personally acquainted with a large number of Wheeler county voters. He made an impressive showing in that race, carrying his home county by a substantial majority.

He decided to again make the race for district attorney when Lewis Goodrich, present district attorney, announced three months ago that he would be a candidate for attorney general of Texas.

Braly was recently honored through his election by members of the bar as acting district judge of the 84th Judicial District at Panhandle.

He was in Wheeler yesterday greeting old friends and making new acquaintances.

Lions Preparing for Group Meet Thursday

Under direction of Lions Harry Wofford, C. J. Meek and Frank Fuller, committee to whom the task was referred, preparations for the group meeting here of Lions clubs of the eastern Panhandle are moving forward smoothly, it was learned from a member of the committee today.

The affair will be held in the high school gymnasium next Thursday night, April 21, with Taft Holloway as toastmaster. Ladies of the Baptist church have been named to serve the meal.

C. H. Walker, Pampa postmaster and prominent Panhandle citizen, will be the principal speaker.

Incomplete as yet, the anticipated program will include numbers by delegations from Miami, Pampa, McLean and Clarendon, who will present stunts of their own choosing.

Mr. and Mrs. B. T. Rucker and daughter, Sue, returned Wednesday from Santo, where they visited his parents, Mr. and Mrs. J. D. Rucker, and son, M. M. Rucker. M. M. underwent an appendix operation Monday a week ago and was doing nicely when they left.

THANKS FOR THEM KIND WORDS, BRO. MITCHELL

In a letter to The Times from Artesia, Calif., in which he gives his new street address, M. H. Mitchell, until recently a Wheeler resident, writes:

"Dear Friend: I have been waiting until we were located so I could tell you where to send the paper. I have been without it longer than I wanted to already. Mr. Miller, please don't think I am trying to flatter you when I say you edit the best paper that was ever published in Wheeler county, for I mean it and can prove it by more than one. Just stay in there and pitch and you are bound to win. Best wishes to all."

Beloved Wheeler Lady Passes Away Saturday

Mrs. E. T. Coper Succumbs Following Extended Illness—Burial Monday

In the passing on Saturday of Mrs. E. T. Coper, Wheeler loses one of its highly respected and greatly beloved citizens. Mrs. Coper had been in failing health during the past two years and confined to her bed for several months. Yet through all her suffering and discomfort she was patient and cheerful.

Mary Hannah Caton was born Jan. 29, 1886, at Doretta, Ark., and died April 9, 1938, at Wheeler, Texas, at the age of 52 years, two months and 10 days. While only a child of seven she moved with her parents to Jones county, Texas, locating near Stamford where she spent several years. When quite young she joined the Methodist church and remained a faithful and active member until death.

She was married to Edward T. Coper on Jan. 8, 1917, and to this union were born four children, all of whom died in infancy except one son, Alvin, who died in 1928 at the age of 10 years.

Besides the faithful husband, she is survived by an adopted son, Billy Douglas Coper; one sister, Mrs. George Shortt, Tahoka; three brothers, O. L. Caton, Stamford, J. M. and W. O. Caton, Waco; one niece, Mrs. Reuben Sharp, Pampa, who made her home with the Copers for several years, and a number of other distant relatives and a host of friends.

Funeral services were conducted Monday afternoon from the Methodist church by Revs. J. Edmund Kirby, Ralls; Joe S. Strother, Miami, and E. C. Raney, local pastor.

Flower bearers were Mesdames John Lewis, H. M. Wiley, J. M. Porter, T. M. Britt, A. B. Crump, H. E. Nicholson, Buck Britt and Clarence Robison. Pallbearers were H. M. Wiley, John Lewis, A. B. Crump, C. J. Meek, W. W. Adams and R. H. Forrester.

Interment was made in the Wheeler cemetery under direction of the Wheeler Funeral Home.

In Loving Tribute

Possessors of great treasures grow used to them. Constant dwellers amidst flowers are seldom conscious of their fragrance and the wonderful trills of the mockingbird from the peak of the roof is often unheard by the dwellers beneath; even so, great souls are taken for granted but how different the world would be without them. Though seemingly unconscious of their superior gifts they create an environment that lifts all life about them.

We have lost a friend who, for more than 20 years has made Wheeler richer, "gave beauty for ashes" and put into sad hearts a song. Mrs. E. T. Coper was everyone's friend and the ideals she has implanted in the lives of the youth with whom she has worked will influence generations to come.

At some time during her stay with us she has worked in each department of her church, filling nearly every office; doing so humbly and well. It can be truly said of her, "she hath done what she could."

We do not ask to know why that beautiful life was cut so short, believing with the song writer that:

Not now but in the coming years, It may be in the better land, We'll read the meaning of our tears

And then, yes then, we'll understand, We'll know why clouds instead of sun

Were over many a cherished plan, Why songs had ceased when scarce begun.

Yes, this, someday we'll understand.

As her life inspired us to make more of ours, may her going with such confidence strengthen our faith in God's love and wisdom.

"We would not cling to His guiding hand If the way was always bright, We would not care to walk by faith, Could we always walk by sight."

We, her companions in the church, W. M. S., Sunday school, and choir, join with her many friends everywhere in our sympathy to her loved ones.

HER CO-WORKERS.

We, the members of the Wednesday Study club, having loved Mrs. Coper and rejoiced to have her as one of us and sorrowed at her going, wish to express our sympathy for her loved ones and as the influence of her beautiful life has been spread over ours covering many a weakness and healing many hurts, so we would spread this resolution to comfort them and to follow her example, on the page of our minutes.

WEDNESDAY STUDY CLUB.

Ewing Again Asking District Judgeship

Well-Known District Magistrate Announces His Candidacy for Re-Election

Judge W. R. Ewing of Pampa this week announces in The Times his candidacy for re-election to the position of district judge of the 31st Judicial District, subject to the action of the voters in the July primary. His name will be found in the political announcement column elsewhere in this issue.

Judge Ewing is well known in Wheeler county, one unit of the district he has served for many years, and enjoys a wide circle of friends and admirers here. He needs no comment concerning his ability to capably fill the responsible place to which he asks re-election. His splendid record speaks for itself and reflects credit upon the judge.

In announcing for re-election, Judge Ewing stated, "I do not do so in a spirit of pride for having served my district so long, but in a spirit of thankfulness to a citizenship that has always been generous to me."

"In a judicial office there is no platform to declare, as in legislative or executive offices. We, of the judiciary, have the single duty to interpret and administer the law as we find it; therefore, I have no extended declaration of principles to make. I have been before the courts of the 31st Judicial District, in various judicial capacities, for more than a quarter of a century, and every man, woman and child who know anything about the activities of the courts are familiar with my record and know how I stand on leading issues and problems of the day; and my character, standing as a man, a citizen and as an official, is well known, and it would be highly unbecoming of me to laud my own merits, if I have any."

"Knowing me, as I believe the people do, it is up to them to say whether I possess the character, integrity and ability that should be demanded of their district judge."

"A faithful performance of public service in the past is the best guarantee of like service in the future."

"With this brief statement, I place my candidacy before the people, with the hope that I may prove myself worthy of their continued confidence, esteem and respect."

Worst Blizzard in Years Visits Area During Latter Part of Week

Driving Winds and Blinding Snow Rage Thursday, Friday and Part of Saturday

Much more prophetic than was realized at the time was a brief statement penned late last Thursday for that issue of The Times. It said "one of the worst storms in years is sweeping across the Panhandle." Later developments proved the observation literally true—especially for the time of year, and as some say "for any time of year."

As was recited in that brief mention, a strong wind from the north drove down upon the strip of country roughly outlined at a starting point some miles west of Pampa and extending eastward into Oklahoma for more than half the state. And it traveled far south, of course, before expending its fury.

Probably the center of severity was at Pampa and surrounding region, although it was bad enough in Wheeler county and as far east as Clinton, Okla.

Weather records showed wind velocity at some points ranged upward from 50 to as high as 70 miles per hour.

Beginning about mid-forenoon of Thursday, snow began to accompany the high wind. Precipitation continued through the afternoon and greater part of the night, subsiding early Friday. The wind, however, continued without letup practically all day Friday, whirling the fallen snow into every cranny and crevice, filling highway cuts and building huge drifts in favored spots.

The street along the south side of the square here showed at one time a drift probably nine feet high, extending half way down the block from the former First National bank corner. A saving feature of the blizzard was comparatively moderate temperatures accompanying it. At no time did the temperature go below some 12 degrees above zero here. Had it been zero and colder, as is sometimes the case, it would be hard to estimate the damage resulting to trees, loss of livestock and probably human lives.

As it was, finishing touches were given fruit prospects and considerable livestock perished from effects of becoming wet and then exposure to the bitter wind. No accurate records on loss of livestock in the county

LIONS ROAR WHERE NONE OF KIN HEARETH

Zealous in their efforts to publicize the Lions clubs group meeting here next Thursday, Committeemen Wofford and Meek requested members H. M. Wiley and A. B. Crump to arm themselves with a joint of raw meat and sally forth Monday in search of others of their kind—Lions, of course. Through an oversight (declares the committee) the ambassadors were directed to Canadian. There, in response to the usual lusty roar of vigorous Lionism, came back only a faint echo from the breaks of the placid Canadian. Curiosity aroused, the Wheeler men investigated. Then it dawned upon them; they were expected to go to Clarendon, where Lions hold forth, since none of the breed prevail in the Hemphill county capital. Thereupon they joined in the chorus of that familiar chant: "Why don't somebody tell me these things?"

Magic City Lady is Victim of Pneumonia

Mrs. Cleo A. Barnes of Magic City died Saturday in a Shamrock hospital after a brief illness with pneumonia.

Mrs. Barnes was born Sept. 26, 1893, at Lamasco, Texas, and died April 9, 1938, in Shamrock, at the age of 44 years, six months and 14 days. In 1911 she was united in marriage to Jeff A. Barnes at Wheeler, Texas.

Surviving are three sons, Thomas J., Claudine Carl and LeRoy Barnes, Magic City; three daughters, Mrs. Mildred Jane Crow, Eunice, N. Mex., Mrs. Edith Stroud and Helen Elizabeth Barnes, Magic City; and five sisters, Mrs. Grace Emler, Magic City, Mrs. Mamie Huddleston, Mrs. Ruth Wilson and Miss Rosa Lee, Chula Vista, Calif., Mrs. Clara Walton, Pampa; also a number of other relatives and a host of friends.

Funeral services were conducted at the Assembly of God church in Wheeler Sunday afternoon by Mary Franks, pastor of the Assembly of God church in Shamrock.

Clay-Youngblood Funeral Home was in charge of burial in the Wheeler cemetery.

District Court Has Slow Non-jury Week

Minor Matters and Hearings Conducted—Grand Jury Returns Seven Indictments

Opening its first week of the current term on Monday, for a non-jury week, district court had little excitement or interest in transaction of minor matters and hearings of motions. Judge W. R. Ewing, presiding, has declared it his intention to dispose of several cases that have cluttered the civil docket for some time. These include instances where complaints have been filed and further action halted and are mostly of an unimportant nature.

Coincident with convening of court, the grand jury went into session Monday. The body concluded its labors for the present on Tuesday evening, when seven bills of indictment were returned. These include an indictment against Allen Blake of Shamrock, charging assault with intent to rape. Blake's trial for the offense, alleged to have been committed against Mattie Forsythe in Shamrock on the morning of Feb. 23, has been set for Monday, April 25. The defendant posted bond in the sum of \$3,000, the same amount under which he was held for grand jury investigation.

Other bills returned by the grand jury include:

Carl Hefner and Orval Wood, jr., for cattle theft. A bench warrant has been issued to bring Hefner from the penitentiary at Huntsville to Wheeler for trial. On parole from a life sentence for murder imposed in Gray county at the time of the alleged theft, Hefner was recommitted to prison. Wood posted bond in the sum of \$1,500.

Jack Young for the burglary of Price Barrett's filling station in Shamrock on the night of Jan. 9. Young is in the Wheeler county jail.

Mrs. Leila Tarkenton for passing a forged check to Robert Holt of Wheeler on May 19, 1937. The woman is being held in the Hardeman county jail at Quanah. A warrant has been prepared for her return here for trial.

Harrell Hooker of Mobeetie for arson of personal property in the burning of an automobile owned by him.

Z. H. Daffern of Shamrock for driving while intoxicated. Next week marks the first session of the present term for jury hearings. It is designated as civil trial week.

Jurors for Third Week

The jury panel for third week of court contains the following names: E. E. Wegner, Watson Burgess, J. D. Herd, E. R. Blocker, J. G. Johnson, O. Nations, Lonnie Lee, V. B. Harcastle, W. A. Crump, C. H. Candler, W. L. Bobo, W. A. Scribner, H. L. Trimble, Chas. Cochran, M. D. Traylor, J. L. Funston, J. B. Smotherman, Albert Thomas, Frank Tipps, Ben Parks, W. V. Wright, Chas. Traylor, Cecil McCoy, Hosea Weeks, Leon Hays.

Glynn Bell, S. Norrid, A. G. Greenhouse, Raymond Chance, W. A. Welton, R. C. Hawk, A. C. Hallmark, J. R. Pennington, W. R. Williams, J. O. Stribling, W. L. Orrick, O. T. Glasscock, George Pond, John Lister, D. E. Davis.

Flynt Withdraws from Commissioner's Race

On Advice of Physician, Candidate in Precinct 1 Decides to Abandon Campaign

Friends and political supporters of Chas. R. Flynt, Wheeler, candidate for county commissioner in Precinct No. 1, will no doubt learn with surprise and no little regret of his decision to withdraw from the race which he entered through announcement in The Times on Feb. 3, slightly more than two months ago.

Flynt's action is the result of health conditions as will be seen in the following statement issued by him this week and which has been authorized for publication.

"The voters of Precinct 1, Wheeler county: I wish to express my thanks to friends in giving me encouragement and support in the race for county commissioner. The condition of my health is such that Dr. Nicholson advises me to withdraw from the race.

"Respectfully yours,
"CHAS. R. FLYNT."

Through retirement of Flynt, a highly respected citizen with many qualifications for the position and who would no doubt have commanded a substantial following at the July primary, the number of active candidates for commissioner in Precinct 1 is reduced to four. They are: H. J. Finsterwald, E. E. Johnston, O. E. Sims and W. L. Bobo.

WHY I BUY FROM MY HOME TOWN MERCHANT

BECAUSE, I have the interest of my home town at heart and know that if we citizens trade with each other, the future of our town is safe.

BECAUSE, I have confidence in him and the articles he sells. He is my friend and he will not misrepresent his merchandise to me. If a mistake occurs, he will make it good. He can not afford to do otherwise.

BECAUSE, he must maintain the confidence of his fellow townsmen to succeed. He is not like the "fly-by-night type" who can betray the trust of a community and when discovered, move to new fields with new prospects to deceive. Or, the mail order house to whom the unfavorable opinion of one community is of no great importance.

BECAUSE, he knows his particular line of business and I don't. If a hardware dealer, he knows the factories and wholesalers whose products are dependable. If a druggist, he knows the pharmaceutical house whose compounds are pure and safe. If a clothing merchant, he knows the manufacturers who use only good material and guaranteed workmanship.

BECAUSE, if I buy from some itinerant peddler, or through the mails, I would be easy prey for the unscrupulous with my limited knowledge of his merchandise. My home town merchant stands behind his product.

BECAUSE, I know the product he sells is worth 100 cents on the dollar and he is making only a reasonable profit which I want him to do. He earns this profit and must have it to continue his business from which I receive both a direct and indirect benefit.

BECAUSE, it is the wise, profitable, and unquestionably the best thing to do.—Contributed to the Clarendon News.

YOUR FUTURE AT STAKE

It doesn't make dramatic headline news—but the "war" over federal tax policies that is now going on in Washington, is of great and direct importance to every person in this country—whether he be clerk or capitalist.

The undistributed profits tax is a case in point. It is reported that the treasury department wants this tax retained, at least in "principle," in spite of the fact that it has been denounced as a depression-breeder by scores of economists, and is credited by leading business men and publicists with having been a major factor in bringing on and maintaining the current business collapse. The Senate Finance committee has voted to eliminate this tax in the interest of recovery. This committee has a wealth of sound, dispassionate evidence on its side—but, unfortunately, that doesn't necessarily count in politics.

ultimate decision is the public's attitude. A wise, informed people who let it be known that they have had enough political manhandling of their jobs and savings, will see its wishes made into law. A lethargic, uninterested, ignorant people will get what it deserves—which is simply more political horseplay, more crackpot theory, and more depression. Don't make any mistake—your future is at stake today.

COTTON ACREAGE PROBLEM

Growing disappointment among cotton farmers and business interests in the Cotton Belt, seriously disturbed over the drastically reduced cotton acreage under the federal crop control program, is reflected in a bearded effort by a joint congressional committee to increase the allotment by 1,000,000 acres. That will raise the acreage only to 27,300,000, as compared with 34,000,000 last season. The actual 1938 allotment would allow the South to plant just 26,300,000 of which the Texas share would be 9,761,000 acres. That would be a reduction of some 3,240,000 acres, which in terms of an average yield of one-third bale per acre would give the state around 3,000,000 bales, as compared with 5,230,000 bales last season.

Seasonal conditions might result in a much larger or smaller crop.

As previously stated in the News, at prevailing prices for cotton the Texas gross farm income from that source might well be \$100,000,000 below last season's. There are no important cash crops which could make up this great deficiency.

Furthermore, if Texas farmers should convert their abundant feed crops, raised on acres released from cotton, into beef, pork or lamb and sell these products on the open market there might easily result overproduction of livestock products. These markets are highly sensitive to any suggestion of surplus. Similarly dairy products might be produced in too great quantities for ready commercial absorption.

There is much to be said, however, about the possibilities of using the government's crop control program as a medium to raise the farm standard of living. Texas and other farmers can use the released land to produce all the food and feed that their farms require and for which in the past cotton paid the bill.

A great program in which farmers provide their own sustenance will give them a larger return from their cotton. In that way the blow of the acreage reduction, as to providing a ready cash crop, can be minimized.—Semi-Weekly Farm News.

FIRE PREVENTION IS EASY

Fire loss in the United States is disgracefully high. But it would be far higher were it not for the unending efforts of the stock fire insurance industry, carried on through the National Board of Fire Underwriters, in the interest of fire prevention and control.

Few realize what this work means to all business, and to everyone with a home, a job, or an investment. According to the National Association of Credit Men, a saving of a quarter-billion dollars annually in fire waste, means a gain of close to a billion dollars for American business. In other words, the indirect cost of fire is much greater than the direct cost, so that when we prevent a dollar of direct loss we save several dollars of indirect cost.

Fire prevention requires little time or money. Periodic inspection of homes and places of business, checks-ups on heating and lighting systems, careful storage and disposal of inflammables and waste—it is little things like these that prevent fires. From the community standpoint, an adequate, modern building code, buttressed with good fire department and water facilities, are vital weapons in the war against fire.

A great industry is working day and night to protect you and yours against fire. It asks, needs and deserves your help.

Our Exchanges

Items of interest culled from newspapers on The Times' exchange list.

Wednesday morning the Lone Star Gas Co.'s No. 1 Fowler blew in with what is estimated as high as 40 million cubic feet of gas and 500 barrels of oil; however, it is impossible at this time to tell exactly what the output will be. The test is located about four miles north of McLean, on the J. A. Fowler land, and was drilled with a star rig. This well opens up an entirely new territory for this community.—McLean News.

The city council passed an ordinance at the Tuesday night meeting reducing the gas rate within the city from 75 cents per thousand cubic feet to 35 cents for the first 25,000 cubic feet of domestic gas used, and a lower rate for additional gas used. On March 1 the council made application to the State Railroad commission to reduce the Memphis rate, and the ordinance is a follow-up action of the application.—Memphis Democrat.

At a meeting held Monday evening in the basement of the First Methodist church, final organization of the Boy Scout troop was completed when selection of a scoutmaster and assistants were made. Clark Mathers, assistant cashier of the First State Bank of Miami, was unanimously chosen scoutmaster, with C. V. Wilkinson and Coach Claude Daniel as assistants. A committee was also named, with M. M. Craig, Jr., former local scoutmaster, as chairman to assist in the organization of the two groups.—Miami Chief.

Poke Jarroll over at Chetah knows of a candidate who claims that he will get taxes lowered if he is elected. The candidate had never thought of the idea before until he wanted an office. In fact he had never paid any taxes himself and paid no attention to the things that did not worry him. It was when he traded for a second hand flivver and had to pay a license tax that he started to squall about taxes.—Donley County Leader.

Approximately 56,000 acres of grass land in Roberts, Ochiltree, Lipscomb and Hemphill counties has been leased for one year by Raymond Bell of El Paso. He is moving cattle from his ranch in Mexico to this section of the Panhandle. Bell has large ranch holdings in Mexico. More than 1,500 cows have already been moved to the Panhandle.—Canadian Record.

"If you want to get married, just teach school at Dawn." That's what the people say in that community, and they can back up their statements, for only three unmarried teachers in the school have escaped matrimony during the past 18 years. At the present time there are 14 former "school marns" living in the Dawn community; they represent attendance in 16 colleges and universities in Texas, Colorado, Oklahoma, Kentucky and Tennessee—and their total number of teaching years 75.—Hereford Brand.

What Would You Do in a Case Like This?

A man comes to your door. You answer his knock. You don't know him, and he can't identify himself as a representative of one of the established firms you've come to know and trust.

QUESTION: Would you open the door?

ANSWER: No. Not if you're like most of the women who keep house and buy things for themselves and their families in this community.

REASON: Experience has taught them that the greatest danger in admitting strangers is the danger of being sold something without a reputation.

RESULT: Women who know that a value is as much a matter of "known reputation" as it is of dollars and cents, buy through the advertisements in The Wheeler Times. They know they get double protection when they do this.

Briscoe Club Meets

Discussing the requirements of a balanced diet, Miss Dalton Burleson, home demonstration agent, enumerated the following essentials at a regular meeting of the Briscoe Home Demonstration club on Tuesday, April 5:

Milk, one quart for each child and one pint for each adult, daily; leafy, green and yellow vegetables, one serving daily; other vegetables, one serving daily; potatoes or sweet potatoes, one serving daily per person; dried beans and peas, three times a week; citrus fruit or tomatoes, one serving daily; other fruits, one serving daily.

Eggs, child five, adult three, weekly, and a few for cooking; beef, pork, lamb, fish, poultry and cheese, five times a week; grains, cereals, one serving daily; bread, each meal; butter, every meal; sweets, one serving daily.

Miss Burleson also assisted each member in making up a balanced diet for one day. Continuing, she suggested the following fruit trees as adaptable to the Panhandle:

Apples, Missouri Pippin, Jonathan, Golden Delicious; peaches, Early Wheeler, Hobson Cling, Dr. Burton; dewberries, Austin May; blackberries, Haupt; strawberries, Mastodon Everbearing, Judsonia; small plums, Opatia, Sapa.

Medium plums, America, Pool's Pride; pears, Flemish Beauty; grapes, Beacon, Extra, Edna, Ellen Scott, Bailey.

Those present were Miss Burleson and Miss Rose Erisman, assistant home demonstration agent, and Mesdames Sam Standlee, Meadows, John Zybach, J. G. Harralson, Chas. Chandler, T. A. Treadwell, Bob Greenhouse, W. Jackson, John McCarrroll, Morrow, Lee Barry and Clarence Zybach.

Allison Home Makers Club

"Simplicity is the keynote of good taste," declared Miss Dalton Burleson, home demonstration agent, at a meeting of the Allison Home Demonstration club on March 22.

She continued: "Long ago window casings were carved and one did not use curtains, but times have changed. There are four types of curtains: drapes, glass, valance and shades. Glass curtains should be sheer and simple; side drapes should blend with furniture, use plain drapes with figured walls. Always have plenty of light."

Refreshments were served to Mesdames A. E. Dillon, L. C. Reed, C. E. McCoy, W. S. McCoy, C. M. Garner, Lee Kiker, Ralph Pugh, Cecil McCoy, George Parker, W. B. England, Nell Ball, A. M. Abernethy, H. R. Warren and R. A. Kennedy. Mrs. Warren and Mrs. Ball were hostesses.

J. A. Huckabee, 63, of Shawnee, Okla., died Thursday, April 7, after a brief illness. He was a brother-in-law of Mrs. Joe Weatherly of Wheeler. Relatives here were unable to attend the funeral services on account of snow-blocked highways.

Stage Door
We frankly admit that we were a little late in getting Stage Door. But our contention is that a good picture is good as long as the print is good. And having seen the picture, we know that Ginger Rogers and Katharine Hepburn have an ace-high vehicle, one that will please any audience. Personally the writer does not go for Hepburn, but he will have to admit that she does a wonderful performance in Stage Door, and fits the part like a glove. Coming to the

A GRAND AND GLORIOUS FEELING
The man with a bank account—even though it be small—has a right to "feel his oats." Under prevailing economic conditions during the past few years, it has required more than ordinary effort and determination to accumulate the start of a bank account. Therefore, those who have done so are to be complimented. But their achievement is proof that it can be done. And it's a worthy ambition this bank likes to encourage.

THE VICTORIOUS SERVANT Scripture Text: Acts 2:22-36. Devotional Reading: Philippians 2: 5-10. Memory Verse: I Corinthians 15: 20.

An Angle of Approach

Any consideration of the resurrection of Jesus Christ from the dead out of connection with your hope that some day you, too, by His power will arise, is a vain and empty thing. "If Christ is preached that He hath been raised from the dead, how say some among you that there is no resurrection of the dead (plural)?" (I Cor. 15:12). "Ye were bought with a price the precious blood of Christ, (I Pet. 1:18, 19) glorify God therefore in your body" (I Cor. 6:20). When a true child of God "falls asleep in Jesus" his soul departs to be with the Lord (Phil. 1:21-23), but his body returns into the dust. But when Christ made His "deal" for our entire being, He "gave us an earnest of His Spirit in our hearts." (II Cor. 1:22) thus assuring us that He would complete His redemptive work and bring our bodies up also (Rom. 8:11).

THE HEART OF THE LESSON

Introduction Upon the resurrection rests all our hope. "If Christ hath not been raised, your faith is vain; ye are yet in your sins. Then they also that are fallen asleep in Christ have perished. If we have only hoped in Christ in this life, we are of all men most pitiable" (I Cor. 15:17-19).

But nowhere in all the Scripture is "Easter" given as a holy day for Christians to keep. A weekly day is given at which time we are to commemorate the resurrection of Christ in the Lord's supper (Acts 20:7). And every day of the week we are to keep in memory what Christ has done for us, and we are to observe the memory of His "finished work" by walking worthily of His name.

Approved of God Peter's argument is to the effect that "the mighty works and wonders and signs which God did by Him" were sufficient proof that He was approved of God. Because God could use Him and through Him do His mighty works is, indeed, proof that God had accepted Him—"in Whom I am well pleased." And, indeed, He fills a unique place in God's "scheme of redemption," a place none other could fill. Therefore it was needful for God's approval of Him to be attested by "mighty works," works that none other did. These "mighty works" were not things that made Him approved to God, but they were used of God to prove to us that He was God's Servant to us.

Approved of Men But only a few men have accepted Him. To be sure, He has never been approved by the multitudes. Even "His own" people rejected both Him and the "proof." During this Christian Era it is only the remnant of both Jews and Gentiles that God ex-

peets to give heed to His proof of Christ. It is a mistake for us to believe that God launched forth the Gospel with the idea of saving the whole world (read Acts 15:14; Rom. 9:27; 11:5, etc.). God had no such purpose. It is in a future day when to Him "every knee shall bow and every tongue shall confess," a day of reckoning in judgment and not in salvation.

Christ Crucified

But if Christ did not take our sins and iniquities upon Himself and suffer our condemnation as our substitute in judgment, then neither His resurrection nor hope of our resurrection can mean anything to us. Our "Modern" theologians may have much to say about Christ as a hero-martyr, but they can have little or nothing to say about His resurrection. For to admit that He is risen is to admit all the miraculous works the Bible accredits to Him. And to do that is to admit that He was God and not a mere (super) man. Without His atoning blood no man could be saved. Now read John 3:16, and 5:24.

Where is He Now?

"By the right hand of God exalted" is the answer. What are the benefits of that to us now? The ever abiding presence of the Holy Spirit. Every baptized believer in Christ has the "promise of the Holy Spirit" (Acts 2:38, 39). Now read carefully the following and note the items of blessings to us: Rom. 8:9, 11; I Cor. 6:19, 20; Eph. 1:13; II Cor. 1:22; Use your reference Bible and concordance for many other like passages.

Blankinship Thanks People of Community

Expresses Appreciation to Every One Who Helped Care for Pupils During Storm

Superintendent M. D. Blankinship has issued a statement in which he says: "We wish to thank the people of our town and community for their co-operation in helping to care for the children who were stranded at the school building Thursday.

"It was impossible for the busses to run, since cars were getting stalled in the streets. To all those people who came with their cars and helped and to those who took—or offered to take—children into their homes, we want to express sincere appreciation.

"We also desire to thank the parents of stranded children for their patience and evident confidence. Very few calls were made after it was understood that the busses would not run."

Date for Athletic Banquet Announced

The athletic banquet is to be held at the high school building on Friday, April 15. This banquet is to honor the lettermen, both boys and girls, in various forms of athletics in school activities.

The high school chorus will sponsor the program.

To those wishing to attend, tickets will be available at 50 cents.

AND MARY DID!

Now, just what did Mary do? That's the question. To solve this, come see the senior play, dated for April 29.

NEWS BRIEFS

The annual junior-senior banquet is to be May 6.

Mildred Eubanks is back in Mobeetie high school. She moved away last year and has been attending the Seymour high school until recently.

The girls who helped in the games with Allison have been invited as guests of honor at the athletic banquet this week. Loyce Huff is here visiting for the week and Billie Merle Hester will arrive Friday evening.

Present Play at Briscoe

The play, "An Arizona Cowboy," was presented at Briscoe on Wednesday night of last week before a very attentive and appreciative audience. Gate receipts, due to weather conditions, were not as much as the cast had hoped for. Approximately \$9.00 was realized. This money goes to the Briscoe school.

In return for the play, the Briscoe school is bringing the movie "Little Men" to Mobeetie Thursday night. Proceeds of this will go to the Mobeetie school.

I'M BORED

by GASOLINE CLAIMS

- the answer is so easy

Stifle that yawn... our story is brief... just four fast-reading facts to help you decide which gasoline gives greatest value:

- 1. The highest test gasoline without higher price is Phillips 66 Poly Gas. 2. Every gallon is packed with extra power units by the patented POLYMERIZATION process. 3. No other gasoline is so accurately matched to your weather all year round. 4. Millions of drivers have proved for themselves that it piles up miles at rock bottom cost.

If these four facts persuade you to try a tankful of Phillips 66 Poly Gas, your own motor will tell you the rest of the story... in a difference you actually feel in performance... a difference in what you pay per mile. Look for the Orange and Black 66 Shield.

Mobeetie Students Broadcast Program

A group of students from the Mobeetie high school journeyed to Pampa where they broadcast a program on the subject of "Know Your School," over station KPDM at 1:30 Thursday afternoon, April 7.

W. C. Johnson, as principal speaker, also acted as announcer for the program. He talked on the tuberculosis tests to be given school children of Wheeler county.

Six members of the Choral club sang two songs: "I'd Like to See Samoa of Samoa," and "Gold Mine in the Sky."

Miss Knight, music director of Mobeetie schools, was in charge of the program.

The Owl Says:

Dear Reader-uppers: I am glad to hear you are all safe and sound after the storm. I only heard of one disaster. Wilma Sims fell down and ruined her nose.

Yours, THE OWL.

Dear Owlslie: What can I do? I have a girl here, and now my old girl, Mildred, has come back. I don't want her to know my heart has gone out to another. What can I do.

Yours, WILTON SIMS.

Dear Willie: You must weigh everything very carefully. Which one smiles at you most. If Mildred smiles at you most, then she loves you most. (By the way—I've heard she spends most of her time grinning at you). Which one is the easiest to get along with? Or you might even continue with both affairs and not let Mildred know it. I won't tell her and I don't think she reads the Mobeetie Outlook.

Love, THE OWL.

Dear Wise Thing: I have just about run out of smart things to say to Alma Gober when she leaves "our" typewriter messed up. What do you suggest I say to her next time?

Yours, W. C. JOHNSON.

My Dear Si: Here is a speech you can say to her. "Listen here, my pugilist friend, are you purling to the fact that in purgatory there are such things as the lack of consideration for other people tolerated? If you anticipate going to the celestial realm, you will have to mend your manners, which are very uncanny, roguish, inconsistent, satanic, slovenly, rash, ill considerate, and voracious.

"I hate to soliloquize but I insist on a vicissitude."

Vocabularyly yours, THE OWL.

SIX GIRLS, THIRTEEN BOYS LETTERING THIS YEAR

There are six girls and 13 boys receiving letter sweaters this year. Supt. Blankinship and Coach Meek are happy to letter this number of students. They feel that it should be worth something to those students to wear a letter sweater.

During the coming year regulations will make it even more difficult to letter. Those receiving the coveted honor will have to use good judgment, play smart ball, co-operate with the coach and teammates, show good sportsmanship, try very hard to win for Mobeetie, back the school in all its activities and last but by no means least, do outstanding work scholastically.

School work is the most important and Blankinship and Meek are doing their best to stress the educational part of the program ahead of the physical. After all, it is the smart ball player that wins, not necessarily the strongest.

It has been said that schools do nothing but play ball; also that athletes make lower grades than the average student. Neither of these statements; we are glad to say, are true of the Mobeetie schools.

Out of the 19 who are to receive sweaters, 14 made the honor roll this year. Those who did not make the honor roll passed all four subjects, which was above the requirements. Those students making the honor roll deserve individual mention. They are:

Aileen Lancaster, Delora Ferguson, Vineta McCain, Wilma Sims, Lillie Mae Shelton, Wilton Sims, Olaf Sivage, Lester Leonard, George Gordon, Horace Gordon, Willis Red, J. T. Red, Thurman Creekmore and Leon Barton.

The home ec II girls have recently finished the dresses they have been working on for the past seven weeks. In an assembly program sponsored by them, each girl in turn walked across the front of the study hall, modeling their dresses. Miss Cogdell read details of each garment as it was shown.

A song, "Styles," was offered by the class; Charline and Bernice Bailey sang Harbor Lights; Maxine Patterson gave a 10-minute talk on Good Grooming; Helen Dyson made a speech on Family Relations; Wilma and Edna Sims and VaRue and Helen Dyson sang There's a Gold Mine in the Sky and I'd Like to See Samoa of Samoa; Thressa Godwin gave a talk on What Men Hate in Girls; Dora Goodnight spoke on Inheritance, and Ina Zell discussed Powder Puffs.

The girls invited their mothers to attend the program, but due to unfavorable weather conditions, many were unable to be present.

Notice to Seventh Grade Your \$5.00 is to be used soon. Further particulars at a later date.

BLUE BONNET STUDY CLUB OF MOBEETIE HAS EASTER MEET

The Blue Bonnet Study club of Mobeetie and vicinity met last week at the home of Mrs. R. P. Watts for a morning coffee social. Mrs. J. L. Collins and Mrs. Roe Green assisted the hostess. Appointments accenting the Easter motif were featured in a very clever manner.

Mrs. H. E. Matthews gave a sacred Easter reading, "And that Sufficed." Mrs. Willard gave "The Significance of Easter."

A handkerchief shower was given Mrs. J. L. Collins, who has moved to Skellytown. Mrs. H. L. Flanagan, president, conducted a short business session.

A delightful social morning was enjoyed by Mesdames J. M. Brannon, R. William Brown, John Dunn, O. W. Elliott, H. L. Flanagan, Willard Godwin, Tires Hardin, N. M. Hunt, E. E. Johnston, G. L. Key, Ralph Martin, Jack Miller, Sam Oats, H. E. Matthews and the hostesses, Mrs. R. P. Watts, Mrs. J. L. Collins and Mrs. Roe Green.

CORN VALLEY 42 TOURNAMENT RE-DATED FOR WEDNESDAY

When that blizzard swooped down last Thursday it caused abandonment of and later readjustment of various activities and plans. Among other events which had to be carried over to a later date was the Corn Valley Parent-Teacher association's "42" tournament, planned for last Thursday night.

This event, The Times is informed, has been re-dated for next Wednesday night, April 20. At that time it will again be attempted with a bingo table offering valuable prizes donated by Wheeler business men, the "42" tournament itself, and candy and cold drinks on sale. County candidates are being invited to attend and participate; also meet the people of that fine community.

The whole entertainment is sponsored by the P-T. A. and proceeds will be used to further projects of that organization.

MISS WILLARD HONORED AT PARTY DURING VISIT HERE

Miss Elva Willard, a student at W. T. S. C. Canyon, who spent the spring vacation with her parents and friends here, was honored April 2 with a 42 party given by Miss Susie Cole at the Cole home east of Wheeler. Grady Anglin favored the guests with several numbers on his guitar. Delicious refreshments were served to Mesdames Verna Greenhouse, Adell and Alvern Hampton, Norma Lou Maxwell, Louise Rogers, the honoree and hostess, and Messrs. Eugene Skaggs, Virgil Greenhouse, Edward Atwood, Grady Anglin, Everette Cole, Dorsie Hutchison and Arlie and T. J. Cole.

Attend Birthday Anniversary

CANDIDATE SPEAKING AT MOBEETIE IS POSTPONED

Owing to conflict with school program activities there, the candidate's speaking and pie supper announced for Mobeetie tomorrow (Friday) night, which appeared in this paper last week, has been postponed to Friday, June 3.

This is according to word received from Mrs. George B. Dunn, who states the missionary society will sponsor this event on the new date selected. Attractions besides speaking will include sandwiches and good coffee on sale and a cake to be awarded the ugliest candidate.

The public is requested to keep this date in mind and is cordially invited to come prepared to enjoy a good time.

WHEELER BAPTISTS OBSERVE RITES AT SHAMROCK SUNDAY

The society will meet with Mrs. J. P. Green next Tuesday.

The Hannah Cospier circle met at the home of Mrs. Joe Hyatt Tuesday afternoon.

Mrs. Fred Farmer read the devotional and gave a program from the Year Book with discussions by Mesdames Joe Hyatt, Ethel Ahler, A. B. Crump, C. C. Robison and H. M. Wylie.

The circle meets with Mrs. D. A. Hunt next Tuesday.

More School Aid Received

Receipt of another per capita payment of \$3.00 on last Saturday is reported from the office of B. T. Rucker, county superintendent. This makes a total of \$15.00 of the grand total of \$22.00 per capita this year, and which must all be distributed by Sept. 1.

CARD OF THANKS

We take this opportunity of thanking our friends for their many deeds of kindness extended during the illness and after the death of our dear wife, mother and sister.

Words are inadequate to express how much we appreciate everything that was said or done, and especially the beautiful floral offering.

AMERICAN LEGION'S MONTHLY VISIT AT HAPPY, APRIL 20

From Lou Roberts, American Legion district commander, Berger, comes the following announcement:

"The April monthly post visit of Legion Posts of the 18th congressional district will be held at Happy on Wednesday evening, April 20, starting at 8 p. m. All Legionnaires and members of the Auxiliary are invited. We especially urge all post commanders, unit presidents and other officers of the various posts to be there.

"Our District Community Service chairman will outline his program for the year. Important recent developments in our campaign for a Panhandle Veterans' hospital will be discussed."

WEDNESDAY STUDY CLUB MEETS WITH MRS. HOWE

A most enjoyable meeting of the Wednesday Study club was held when Mrs. Melvin Howe was hostess at her home on South Main street yesterday afternoon.

Mrs. Floyd Pennington was leader of the program on Romantic and Legendary Fiction of Argentina, assisted by Mesdames H. M. Wiley, J. H. Templeton and George Porter.

During the business meeting, Mrs. John Lewis was chosen to fill the vacancy made by the death of a beloved member, Mrs. E. T. Cospier.

The Easter motif was accentuated in the lovely refreshments and favors. Attending were Mesdames D. O. Beene, Buck Britt, Bronson Green, M. L. Gunter, Joe Hyatt, Glen Porter, H. M. Wiley, J. M. Porter, E. C. Raney, Robert Bowers, J. H. Templeton, George Porter, Jimmie Mitchener and Floyd Pennington.

District Meet to Be in Pampa This Week

Events Postponed Because of Bad Weather—Wheeler to Have Four Entries

The Interscholastic League District meet will be held in Pampa this week end. One-act play was the only one held last week due to inclement weather.

Contests Start at 9

Tennis and volleyball will start at 9 o'clock Friday morning.

Beginning at 9 o'clock Saturday morning will be debate, declamation, extemporaneous speaking, typewriting, shorthand, three's and ready writers.

Preliminaries in track will also commence at 9 Saturday morning. Finals in track and field will be at 2:30 Saturday afternoon.

Athletic, Literary Winners to Go

Winners from Wheeler who will attend the meet are: Boys' tennis doubles, R. J. Puckett and Arnis Page.

Miss Winona Adams will take the volleyball girls to district for the second successive time. Aubrey Warren and Grady Anglin will represent Wheeler county in debate.

First four places in all track and field events in the county will go to the district.

All entries will have to pay an entrance fee of 50 cents, except volleyball teams, which will be required to pay \$1.50 per squad.

Huge Snow Drifts "Mite Nigh" Cover the Whole Town

"It's not a fit night out for man or beast!"

And it wasn't last Thursday night when the meek little boys went to ask mother if they could go for a spin.

Poor little Johnny had to go hungry because "mommy" could not get to the grocery store and the grocery store could not get to little Johnny.

Some of the local students became members of the court house staff, (at least until the storm was over). Some of the monstrous drifts were "mite nigh" eight feet high in spots.

Take a tip from some of the local planner-uppers and don't plan anything a week ahead of time because you can't never tell what kind of weather were going to have in this I-don't-know-what-to-call-it-land. Sometimes it is a desert. Next it is as muddy as a river bottom. Again it is like the north pole.

Faculty is Busy on "Cross Roads Store"

Teachers to Entertain with Rural Comedy April 26

Hey, folks! Drop in at Larry Lackey's (Mal Wynne's) country store the night of April 26 when the faculty again will present a play in the auditorium-gymnasium.

Barbara Shivers (Mrs. G. O. McCrohan) oh, so young and romantic, steals the proprietor's heart.

Don't you enjoy learning all about people's last night's engagement? Hear Minnie Fish (Mrs. C. J. Meek) tell all about hers. That's all she can talk about.

Perhaps you'd like some gasoline? Oscar Pampersput (W. C. Zirkle) will pump for you.

Better watch out! There's a couple of slicks around: Stina Cain and W. T. Roach as Frank Skid and Jim Slicker, respectively.

If you know anything that's good for rheumatism, Dave Limbernet (W. J. Murdaugh) would like to hear it. Self-righteous, middle aged Nancy (Miss Pauline Irons) will tell you emphatically "what's what" in the way of village gossip.

Is, by any chance, your hair gray? If you will come to "The Cross Roads Store" on the aforementioned night, there will be someone there who will show you how to make it black and curly.

WITT, GILMORE TO ATTEND LEAGUE OFFICIALS MEETING

Supt. J. L. Gilmore and Principal C. B. Witt will attend the final executive meeting of Interscholastic League meet officials at Shamrock tonight (Thursday).

Neither of the local men is on the program, as it is being furnished by Shamrock officials. The subject to be discussed probably will be the track meet held here last week. There will be one more meeting of superintendents and principals, according to Witt.

CRANE, GRANDFALLS PAPERS WIN CONTEST IN CLASS C

According to information received from the Interscholastic League Press contest, The Crane of Crane high school and The Gusher of Grandfalls in the northwest section of the Class C division.

This district, in which the Corral competed, was the largest in its class in the state, having 15 papers named. The southeast, Class C, was next with 11, the southwest, 8, and the northeast, 6.

These two winning papers are entitled to send contestants to the state journalism contest at Astin May 6 and 7. All papers are invited to send delegates to the meet.

Miss Kirby to Direct P.-T. A. Program

"Living with Others" to Be Theme of Entertainment

Miss Lois Kirby will be in charge of the Parent-Teachers program to be held in the auditorium-gymnasium next Tuesday night, April 19. "Living with Others" is to be the theme. Principal C. B. Witt states there will be one more meeting of this organization before school is out.

W. J. Murdaugh will open the program with a talk on "The Emphasis of the Social Realm." Rev. E. C. Roney will give an address on "All Life a Competition." Mrs. G. O. McCrohan will follow with a piano solo. Mrs. H. M. Wiley will give a talk on "Boy and Girl Relations." Mrs. J. H. Templeton will speak last on "The Nation's Greatest Asset."

The public speaking department, under the direction of Mrs. J. L. Gilmore, will present a play at the conclusion of these talks.

Seniors to Leave for Carlsbad Soon

"Carlsbad Here We Come," has been adopted definitely as the slogan for the senior class.

They will leave on Friday morning, April 29, and return on May 1. Friday night they will probably stay in some tourist camp in Carlsbad, go through the caverns on Saturday and stay in either Carlsbad or Roswell Saturday night.

At the present it is not known who will chaperone the trip or which two of the bus drivers will accompany the class.

Guess Wheeler students who ride busses were pretty lucky when the blizzard struck last Thursday. All of them either got home or were safely cared for in town some where. In Mobeetie, Pampa and many country schools, bus riders were forced to spend the night in the school house.

In the absence of daily papers from the week end, the Wheeler Times and maybe the Corral got more than their share of reading.

Annual Junior-Senior Feast to Be Friday

Agriculture Building to Be Scene of Banquet Which Will Carry Out Easter Decorations

A motif of Easter bunnies and pastel colors is to be carried out at the junior-senior banquet tomorrow night (Friday) at 8 o'clock in the agriculture building.

Herbert Green, to Be Toastmaster
Herbert Green, junior class president, will act as toastmaster. About 70 are expected to attend, including juniors, seniors, high school teachers and their wives and husbands, and Rev. Taft Holloway.

Alton Weeks, president of the senior class, will respond to the welcome. Herbert will give musical numbers, group singing and talks will be other features of the program.

Juniors will prepare the food and sophomore girls will serve, according to Miss Inogene Holbert, junior sponsor.

Easter Poem Invites Guests
On the menu are pineapple cocktail, meat loaf with catsup and boiled eggs, Harvard beets, sliced tomatoes topped with English peas, celery stuffed with cheese, pickles, sweet potato balls, molded jelly salad, ice cream and cake, rolls, butter and tea. The invitations were of pink cardboard with an Easter rabbit on one side. A poem typed on the other was like this:

This is a high-hat invitation.
So put on your best and face the gales,
It's the Junior-Senior banquet,
And all the bunnies will wear their tails.

McMurry's Singers to Entertain Soon

News has been received here that the Chanters of McMurry College will entertain with a musical program here in the auditorium-gymnasium next Monday, April 25.

According to Supt. J. L. Gilmore, the program will start at 2 o'clock and will last 30 minutes.

Two years ago the glee club from this college gave a similar entertainment here.

Whiteners Visit School Monday

Mr. and Mrs. Herbert Whitener were visitors at school for a short time Monday afternoon at 3:20.

Six Weeks' Tests Completed

Only a part of the six weeks' tests were held last Thursday, due to the weather. The remainder of the tests were given in the early part of the week.

SNUBBING POST

Vegetable pins seem to be one of the most popular fads among the weaker sex this spring.

If this fashion increases, home ec will become an unnecessary course. The men (the way to whose heart is through their palates) will marry the girls simply for the pins instead of cooked food.

Oh well, it's just an idea!

"Tip-Pi-Tin" took first place on "Your Hit Parade" last Saturday night. This is one of those unusual rhythms which is hard to forget once you hear it. . . . Another way of saying "There's a Gold Mine in the Sky" is stating, "There's Treasure in the Stratosphere."

We understand from the most reliable of sources that AMOS and EIVA BELL are "that way" about each other. I guess, begorry, it can happen to even you!

R. J. says that HELEN loves HUFFMAN for his money. But HUFFMAN argues that it's the real thing.

Didn't many of the daring students venture out last Friday, (Afraid of a sun stroke)? The hill-billies have a song for it: "Oh, papa said to Mabel 'Don't go out tonight—If the rain and hail don't get you, pneumonia might.' Seriously, though, Mother Nature did kinda turn the tables on us, did she not?"

IMOGENE JAMISON got a letter from a friend who is a soldier—Oh, there's something about a soldier!

One of the most popular of the younger set is GORDON TOLLIVER. One seldom sees him wearing a crown.

Suspensers seem to be "the thing" among several students, girls include. JACK PITCOCK says he wouldn't trade his blue suspensers for a horse and buggy.

HELENA JONES' most becoming color is, in my opinion, red. It gives her a very flapperish effect.

Believe it or done: some of the high school boys are learning to dance. Some of 'em even do the "big apple."

LAVELL, "OBE," "JERRY" and "HERB" seem to be brothers or something. Where you see one, you see the other three.

We seem to have had quite a time getting the six weeks exams over. But the students didn't seem to mind.

Quite an appropriate song for this time of year is "Put on Your Easter Bonnet." By the way, CLOWES JONES says that if you've been good the Easter Bunny may pay you a visit.

EASTER BRINGS THOUGHTS OF WAR INSTEAD OF PEACE

"Christ the Lord is risen today." The familiar tones of this beautiful hymn resound again this Easter-tide. The peace, security and love which the expressive words of this song mean to convey to the world are not present, however.

If He should come today, He would be welcomed not by a peaceful, happy and loving world—but by clash of sword and throb of military drum. Perhaps He would feel that His coming to bring peace to the world was in vain (if He was human).

To some it may rightly seem so, for with Hitler's all-powerful rule in Germany, equalled only by the military dictatorship of Mussolini in Italy, and Stalin in Russia, peace is far in the background.

Japan's conquest of China and the Spanish Civil war do not lend a touch of white peace to the black warclouds hovering over the world today, including the United States, does not give us that feeling of security and happiness which accompany peace.

On the contrary, as we view the situation of the world, we find lacking "Sweet peace, the gift of God's love."

"MOST CERTAINLY I CAN STUDY FOR 45 MINUTES"—REALLY?

Did you ever try studying for a full 45 minute period?

At first you'll answer "Of course. What a ridiculous question." But then, after you are through sneering at the foolish query, think again. That's right. You had almost forgotten that 15 minutes you spent talking to Jane in the hall or that 10 minutes you spent writing notes, or that 5 minutes you spent thinking what a hideous dress that Suzy was wearing. After reflecting over the period in question you will have a large percentage of tomorrow's questions unrevealed. But this is only one of the advantages of spending your time well.

It's hard to put into words the satisfaction that one receives after the bell has rung and he realizes he has spent his time profitably. He has accomplished everything within his power during the length of time.

And better still, the satisfaction of realizing that you are smarter than you were 45 minutes ago is some compensation.

WELL, I'LL TELL YOU— (In Imitation of Bob Burns)

By LOIS FICKE

I spent the day studying to pass one of these examinations. As near to it as I am able to figure, it was around three hours that I studied.

Well, I took my exams, but the next day I was called to the professor's room.

He said, "Where did you learn all of this intelligence?"

Being modest I explained that I had studied.

"I can't even read what you have written," he replied. With this statement I left the office in a wonder.

Going to my room I discovered that the book I had been studying was French instead of Spanish.

Caught in The Lasso's Noose

This blizzard caused a lot of disappointment to many students who had planned for week end dates or something. Many of our most popular co-eds were heard voicing their disapproval of the weather.

We wonder why the writer of the Snubbing Post and one of the football boys don't start going together one. (You can guess which one, or do you have to?)

Flash! A great calamity has happened to one of the more fortunate boys. He had a pin with "Lala" on it fixed upon his jacket but it is broken and James is very down-hearted.

Huffman and Helen seem to be getting along nicely together, or have you noticed? Huffman even comes to town early so he can walk to school with her. (Her sister is rather attractive don't you think?)

J. B. Crowder is going to have to go to the beauty shop very soon, for his curls have about all come out. "Bonnie" looks very romantic with curls. Or does he?

When these busses don't run it makes it "awful" hard on the students unfortunate enough to live in town. Monday there were four journalism students here to put out the paper.

IMOGENE JAMISON was seen with a senior boy from Mobeetie not so many Saturday nights ago. Imogene, have you heard from him since?

A rumor is that HELENA JONES has been going with an out-of-town boy.

Did you notice the smile on MISS KIRBY'S face Monday? Maybe the reason is that her boy friend has returned from Amarillo.

Has II. V. COMPTON changed his affections to ALICE MORGAN?

It seems that JOHNNIE TEMPLETON and ETHEL CLAIRE have taken a liking to Sharrock.

If you take your time to read that worthless Snubbing Post for this week you will notice a statement that says that Elva Belle Crouch and Amos Page are that way about each other. Now, come, come, let's don't be jealous!

What with the style revue, boxing match, junior-senior banquet, and district meet, this week has been crammed to the gills with things a-doing. Guess there'll be nothing happening next week.

Home Ec III Girls to Model Dresses

Afternoon and Evening Costumes to Be Worn at Style Parade

Eleven home economics III girls will model afternoon and evening dresses at the Easter style revue to-night (Thursday).

Five evening dresses and six afternoon costumes will constitute the group. The costumes, are very in fermal and were made with the idea that they would meet the individual girls' needs.

The evening dresses are pasted colors of aqua, yellow, pink, orchid and blue. Afternoon dresses are blue, white and orchid.

Silk crepe, chiffon, taffeta, net, marquette and dotted swiss were the kinds of materials used.

Girls who will model the dresses are: Laverne Cox, Norma Maxwell, Alvern Hampton, Lavelle Jane, Geraldine Lewis, Johanna Faye Templeton, Helen Flint, Ruth and Lala Farr, Helena Jones and Imogene Jamison.

Blizzard Brings

Trying Experiences

Today "the blizzard" is only a memory, a thing of the past. Last week, however, this April storm was a horrible reality.

Through the thoughtfulness and foresight of school board members, students were dismissed at noon Thursday, to stumdle through blinding snow to their homes or to waiting houses.

The Magic City and Porter students arrived in safety but Louest and Sweetwater busses, were less fortunate. Supt. J. L. Gilmore and Sheriff Raymond Waters went after these passengers and brought them back to Wheeler.

Several busses, ranging from 6 years to high school age, spent the night in the court house. Other boys and all the girls were "parcelled out" in homes.

Some of the students returned home Friday but it took Gilmore most of Saturday to get them all safely delivered to parents.

The latter part of the week end was spent by many older W. H. S. enrollees in removing snow and mud from attics. Others had gala times climbing mountain drifts, shoveling snow, taking pictures of freak sights made by the storm and enjoying themselves in general.

Although a few hardy folk managed to get to the school house Friday, there was no school and busses did not run Monday.

RAMBLINGS ON THE RANGE

Clyde Ayres, Alton Nations, Jake Trout, James Passons, Edwin Robinson and W. C. Zirkle stayed in Childress from Thursday until Saturday last week. They started to Lubbock but were snowbound at Childress.

Huffman Walker spent Saturday at Shamrock.

Cleo Sewell and Norma D. Robinson spent the week end with Mrs. J. L. Gilmore.

Aubrey Warren was seen at Magic City Monday night.

Dorothy Mills spent Saturday and Sunday in Shamrock.

Claudia Stinson spent the week end at Magic City.

Golon Williams went to Shamrock Saturday night.

Elva Belle Crouch visited friends at Samnorwood Monday.

Scotty Risner was at Shamrock Saturday.

Students' Favorite Hobbies Disclosed; Many Write—Others Sew or Collect

Among the most interesting of all hobbies is that of collecting. "Just one thing and then another." These collections are composed of various toys, articles and pretty pictures.

Believe it or not, these hobbies are so attractive that our teachers "go for them."

You're acquainted with people who collect poems, songs, music, pictures, and "such," but did you ever hear of collecting "famous people's words of wisdom?"

Tiny, black-haired Vergie Ashley collects these sayings. She said, in a recent interview, "I have been collecting these for about two years. I don't write them on paper, but put them in my brain."

Movie Star's Pictures Are Popular

The collecting of small, colored animal, which are found in peanut boxes, is one of the most popular hobbies. Meta Bruton, Marge Mary Mullins, Velma Hestlow and Oleta Cordell could start a peanut toy barnyard with their collections if they wanted to. However, these girls wear their ornaments on chains around their necks.

Many students have vast supplies of movie stars. (Their pictures, I mean.) All the stars of the ages are present to have their smiling faces placed in the books of fame.

One girl volunteered the information that she had eight books completed and another partly so. Famous collections of these same stars are possessed by Harriet Dean Tinney, Gleaneta Teakell and Virginia Burgess.

Wheeler high school has enrolled in some of its classes future poets, according to the number of students collecting poetry. "Be that as it may," those possessing a group of these poems are Minnie Lee Phillips, Alvern Hampton, LaVerne Cox and Miss Winona Adams, who also has a scrapbook of interesting newspaper clippings.

Students Collect Elephants

Lillie Myrl McClain and Myrion Hestlow admire large animals so much that they have a collection of elephants. Now, do not get excited; they are only toys and really not so large.

Small animals hold more interest for Miss Lois Kirby and Ola Pearl Pugh. Therefore, they have a dog, rabbit, and a hamster. Miss Kirby is devoted while Miss Kirby isn't particular about her dogs, I mean.

Two little (?) boys, W. E. Pennington and James Passons, collect money. It remains in the collection only a short time, however, they stated. When you wish to borrow

COLTS

Miss Pauline Inons', Mrs. Gordon Phillips' and Mrs. John A. Hood's classes are going on an Easter egg hunt Friday afternoon. Every student expects a heap of fun.

These classes are putting up Easter decorations, studying about Easter, and the third grade is making Easter booklets.

Miss Pauline Inons has one group of first grade students who are starting in the second grade reader.

Last Thursday there was a contest between the English 5A and 5B. The 5A class with a score of five to two. The fifth English students are studying diagramming in English.

Arthur Newkirk, who has been ill for some time, was sent a basket of fruit by his classmates. The 5B room

money, be sure to consult these two gentlemen.

To be an expert singer (I guess) is the ambition of Rosalie Bradstreet and Norma Lou Maxwell. Anyway, they collect songs.

Children should not play with matches," so Raymond Smith, Lois Bradstreet and Joe D. Bruton collect only the covers. Scottie Risner and Frances, both possess stamp books. Chandos Robertson and Huffman Walker have a collection of frog hairs, if you know what that means. They say it is extremely valuable because it contains 17 toxic specimens in all colors of the rainbow, (and some more).

Invoices, Bottles Fried

Miss Bernice Addison, a prospective writer, (I hope) collects rejection slips from magazines and newspapers. Some people do not recognize talent, it seems.

"Just pretty pictures," compose the collections of Ruby Ayres and Mary Belle Johnston. Silvia Louise Fieck collects ships, and her "big sister" Lois, has a scrapbook on the American Indian. Ruby Mae Roper states that she collects demerits. Confidentially, so does yours truly, but not by a matter of choice.

Vergie Ashley has a collection composed of 12 mail order invoices. If you see any small bottles, you may give them to Mrs. W. Wiley as an addition to her collection. Arlie Cole goes with the collecting of quilt blocks as her hobby.

"Oh, I collect class rings, and boy friends with them, if I can," says Imogene Jamison.

Other collectors and collected are Dorothy Mills, poems; Lavern Cox, songs; Raymond Smith, pennants and match books; and Aubrey Warren, newspaper clippings.

In the journalism section comes Miss Pauline Inons' collection of scrap books; Mrs. Vera Jamison, readings, and Miss Imogene Holbert, writings.

Bernice Williams has a great hobby of sewing one of her latest creations being a blouse coat. "Enjoying myself," according to Buford Emmer is his only hobby. Certainly it should receive due consideration and bring Buford much pleasure.

Elva Belle Crouch's hobby is similar, since she likes to "go places and see things." Jewel Young is a great reader. Curling up in a big arm chair with a good book is her favorite occupation.

From this account, you can see that collecting is the favorite hobby of Wheeler high school and that said teachers and students do collect rare and unusual things.

used their health text for a reader last six weeks and for two weeks each child was required to keep a daily health chart. Now they are studying their last reader for the year, Guide to Reading for Texas.

Raymond Barnes enrolled in the 5B about three weeks ago, coming from Briscoe. His brother, Earl, is a new student in the seventh grade. Mrs. Amos May and Mrs. Cleo Gaines visited the primary grades Monday.

Melba Barnes won third place in the county on essay writing.

The sixth and seventh are expected to report on five library books during the year. April 21 will be their last day for making reports. They are also required to memorize six poems.

Mrs. Phillips' first graders are making Easter lilies, baskets, bunnies and brownies.

FUTURE FARMERS OF AMERICA

Conducted by W. C. Zirkle
Vocational Agriculture Instructor

The Wheeler F. F. A. judging teams started to Lubbock last Thursday to compete at a judging contest but were snowbound and had to spend the week end in Childress.

Those who made the trip were, Clyde Ayres, Alton Nations, James Passons, Edwin Robinson, Jake Trout and W. C. Zirkle, teacher.

The F. F. A. boys have received their on-set plays which are to be put on at the district meet. Each class will present one of the plays and the best one will be chosen for the district meet.

The names of the plays are: "The Racket on Payson's Farm," "Carbon Takes a Ride," and "Farmers Call the Doctor."

FROM OTHER BRANDING IRONS

"Keep away from the electric power lines with kites," advised the Texas Electric Service company at Hermleigh. Now that kite-flying season is at hand, children often use metal wire in place of string, which if it comes in contact with power lines, is likely to prove disastrous.

Chemistry students at Crane served hot biscuits (without butter) in a laboratory experiment to study the reaction of baking powder when used in making biscuits.

In Crane high school the band had recordings made of four numbers.

Boxing Tourney to Begin Friday

Mustang Colors to Be Worn in All Weights—Shamrock Favored to Cop Meet

One of the largest boxing tournaments of the season is being held in the local gymnasium Friday night, Saturday and Saturday night, under the supervision of Coach Stina Cain, director of athletics.

Al Duncan from Turkey, W. J. Murrhugh, assistant coach here, and W. T. Roach, local promoter, will alternate as the third man in the ring.

Trophy to Be Awarded

A beautiful 18-inch trophy will be awarded the winning team and gold miniature boxing gloves will be given the winners in each weight. Bronze gloves will be awarded the runners-up in each division.

Judges will officiate at the meet from towns which are not represented in the tourney. Fairness will be shown through all the fights and if any pair is not evenly matched the match will be stopped, according to Coach Cain. All bouts will be three-one-minute rounds.

Fighting will start promptly at 8 o'clock each evening, with the preliminaries being held Friday night and Saturday morning and final Saturday night.

Students may get a season ticket for the meet for 50c and adults for \$1. Admission per session will be 15-25 cents for the preliminaries and 20-35 cents for the finals.

Wheeler to Be in All Weights

Wheeler will be represented in each weight. In the 175-pound division will be "Killer" Compton, who has shown plenty of will for liking it where the going is rough. "Dollar Eye" Stephens will be in there in the 165-pound class. Although fight fans are not familiar with him, he is reputed to be rough.

Jones, plucky middleweight, who has shown the ability and nerve to slug it out, will be giving all that he has in the 135-pound class.

Clifford Young, the boy with the terrible right, is in the 135-pound weight. Hubert Johnson will fight in the 125-pound class.

Shamrock Favored to Win

It is not known who will represent Wheeler in the smaller weights, but Coach Cain states there will be a Mustang wearing the colors in every fight.

Shamrock is given a slight edge over Wheeler and Canadian to take the meet, with Turkey a likely dark horse. Another strong contender for the trophy will be a group of pugilists from Pampa high school, the first to send in their entry blank.

Wheeler won the meet last year, and Amarillo came out second best.

COAST PENNANTS CAN FOR BASEBALL, VOLLEYBALL

Two pennants won by Wheeler at the county meet this year were received recently. They are white with letters in orange.

One of them has inscribed on it "Volleyball Girls '38" and the other, "Baseball '38." The latter pennant was won by ward school boys.

ONE MINUTE INTERVIEW

Question: Do you think a war will occur in Europe soon.

Howard Nations: If Germany doesn't stop trying to get her colonies back there will be a serious war in Europe within a year.

Huffman Walker: I don't think a war will occur in Europe for five or 10 years.

Mrs. Gilmore: I don't think there will be a war in Europe for quite a while.

Earl Gilmore: I don't think a war will be in Europe soon because France and England are letting Germany bluff them.

Mustangs, Irish Tie in Track and Field

Wheeler, Shamrock Tally 14½ Points Each; First 4 Winners in Events to Go to District

The Wheeler County Interscholastic League Track and Field meet ended in a tie last week when Shamrock and Wheeler gained 14½ points each. Mobeetie was third with 33 points.

With the literary events as the deciding factor as to who won the meet, the cup will be given to Shamrock. Green took the blue ribbon in the 100-yard dash by turning in a time of 10.7. Emier placed second. Green also won the 440-yard dash.

Compton, Stephens Win Firsts

Compton placed first in the shot and Stephens hurled the discus for a blue ribbon in that division. Red won the 220 low hurdles.

Hall from Wheeler tied with Holmes of Shamrock in the pole vault division. The flip of a coin gave the ribbon to Hall.

Holmes of Shamrock won the broad jump. The Irish also took the mile relay.

Mobeetie Takes 3 Firsts

Mobeetie took the cake in the javelin throw with Red doing the throwing, and in the half mile with Seitz running. Leonard won the mile for the Hornets.

Clepper from Briscoe took the high jump and the high hurdles. The first four winners in each division will attend the district meet in Pampa this week end.

Wheeler Tracksters May Not Defend Crown

It is not definitely known whether any of the track and field boys will defend their district crown at Pampa this week end. Page and Puckett, county winners in senior boys' doubles in tennis, will go.

There are several winners from Wheeler who are eligible to go. Herbert Green, winner of the county in the 100-yard dash and in the 440, may attend. Compton and Stephens may go to throw the discus and shot. Jolly is eligible to run in the 220 at Pampa. Hall may pole vault and Emier run the 160.

None of these winners may go because of the conflicting date with the boxing tourney this week.

Coach Cain Begins Spring Grid Training

Twenty-One Aspirants Start Football Training This Week

Sounds of cleated feet and the plunk of toe against pigskin resound once again in the dressing rooms and on the football field as Coach Stina Cain sends his 21 aspirants through stiff blocking and tackling workouts.

Because transportation can not be obtained for boys who live in the country, about one-half the number will work out at activity period in the morning.

Those who live in town or have a means of getting home will work out in the afternoon. Coach Stina Cain states that for a month they will be out every day the weather permits.

To include the training it is possible that the group who works out in the morning will scrimmage those who practice in the afternoon, or the entire group may play the exes.

Banquet Dresses to Reveal Latest in Spring Styles

What are you going to wear to the banquet?

In answer to this question uppermost in the minds of junior and senior girls this week, a Corral reporter secured the following information about several expecting to attend. Taffeta seems to be the favorite material.

Margie Bowers will come attired in white taffeta with blue flowers in it and blue accessories. Lulu Barr will wear a peach taffeta with a green corsage and green accessories.

Norma Lou Maxwell will be attired in a gold taffeta dress with silver accessories. Alvern Hampton will wear orchid taffeta with a bright corsage and gold accessories.

Inogene Jamison will be dressed in a navy blue taffeta with white figures in it and will have blue and white accessories.

Mary Belle Johnston will wear blue taffeta and silver sandals.

Lois Ficke will come attired in an aqua taffeta with a jacket of the same color and a corsage of sweet peas and accessories of white.

Helen Scott will wear blue taffeta with pink accessories.

Lorraine Wallace will come forth with silver satin and pink accessories.

Johmie Foye Templeton will wear an aqua net over aqua taffeta with pink accessories.

Helen Flynt will also wear an aqua net over satin.

Caroline McFee will be dressed in a gray net over pink taffeta with accessories of silver.

Bernice Williams will wear changeable taffeta with gold accessories.

Debate teams qualified to compete at the district were sent mimeographed articles this week on the negative side of the question, which is, "Resolved: That Texas should adopt the unicameral system of legislation."

SPORT SLANTS

By a Mustang

Time turned in by track performers in the county meet last week was good despite the fact that the weather was none too favorable.

Weather caused postponement of several of the section's sports highlights last week end. Topping the lists were the second annual boxing tourney and the district track meet.

Wheeler track men are the defending district champions and it is hoped they will retain the crown for another year.

"Big" Ford won the individual honors at the meet for Wheeler last year and also took the meet for the school.

What is expected to be one of the best fights in the boxing tourney this week will be between Jack Pitcock of Wheeler, who won his weight last year, and Frankie Bills from Shamrock. Bills is the winner of his weight in the Pampa A. A. U. meet.

Shamrock is favored to take the tournament, with Wheeler and the cowtown pugilists from Canadian putting up some mighty stiff opposition. The famous Irish have won their own tourney and the Canadian meet this season.

Boxing is gradually taking the place of track in this neck of the woods because of the unfavorable outdoor weather at this time of the year.

Joe DiMaggio is still in the hold-out ranks of the professional baseballers.

Sammy Baugh was married Monday of this week.
