McMILLIN W. S. RENO RETURNED DIES AT PAMPA

Claud McMillin of Wheeler has received word of the death of his body, Pfc Jack L. Reno, who was killed in the 60th Cavalry during the Philippine campaign in 1942 and died while in the service in Osaka, Japan, February 1942.

William Sherman "Uncle Bill" Reno, 83, of Wheeler died at 6:40 a. m. Friday morning at the Highland General Hospital in Pampa after a brief illness. A Spanish-American War veteran, Mr. Reno had been a Wheeler resident during the past 15 years, and was a retired farmer. He moved from Grassville, Arkansas to Wheeler. He was an uncle of Mrs. J. W. Anglin of this city. He is survived by his wife, Mrs. Laura B. Reno, Cotter, Arkansas; two daughters, Mrs. Verner Johnson, Cotter, and Mrs. I. A. Taber of Phillips; and two sons, J. W. Reno, Pampa, and W. E. Reno of Phillips. The body was shipped overland to Cotter, Arkansas where funeral services were conducted.

Film To Be Shown At ME Church

"The Story of Jerusalem", the series of religious films depicting the life of St. Paul will be shown at the Wheeler Methodist church Sunday evening. "Jerusalem", takes the Pharisee from his back to Jerusalem. It is the other group of believers. The Pharisee, Saul, not able to see, through his preaching, proved his testimony. This is a thirty minute production by the Catholic Church. It will be shown following the service at 8:00 p. m. Everyone is invited. You are welcome.

Pettit To Cry Sale At Bullard Place Wed.

Shelby Pettit, local auctioneer, will cry a dairy sale at the Bullard place located 8 miles north-west of Wheeler on Highway 152 then 2 miles south next Wednesday, March 29 beginning at 1:00 o'clock in the afternoon. The sale is being held by Wayne T. Mitchell. The sale will include 28 head of dairy cattle, milking equipment, farming equipment, a pick-up truck and a few pieces of household furniture. An advertisement regarding the sale appears on another page of this week's Times.

Wofford Announces Box Supper Schedule

W. B. Wofford announced this week that the next regularly scheduled candidate speaking and box supper following the one at the Wheeler American Legion Building Friday night will be at the Kellerville School the following Friday night, March 31. The Kellerville affair is being sponsored by the Boy Scouts in that community. Committees will be elected at Kelton and Pakan this week.

NOTICE!

Anyone who plans to send their children to school in Wheeler next year must get in touch with either Mrs. Luther Parks or Supt. W. O. Carrick between now and April 1 and enumerate their children in the school census. It is very important that every child who will attend school anywhere next year be enumerated between now and April 1.

MOBETTIE MEDITATIONS

By Mrs. H. L. Flanagan
Mobeettie was well represented at Shamrock on March 17th. As we sat on the steps of the First Baptist Church, in a sunny spot, protected somewhat from the sand that came swirling down the street, and the swift wind that sent hats flying into the air, watching the colorful parade that swept down main street at eleven o'clock, we observed a good sprinkling of our citizens. Since it was the day for all good Irishmen to celebrate, the "O'Flanagans" enjoyed the occasion along with the rest.

The Workers Conference at the Baptist Church Thursday was well attended, some one hundred visitors and local people being served from bountifully laden tables at the noon hour, by the ladies of the church. Speakers from various churches over the North Fork Association appeared on the program throughout the day. The principal address was given at eleven o'clock by Rev. Dan Beltz of Lefors. Special music by R. Virgil Mott, the well known singer and choir director from First Church at Pampa, was enjoyed both morning and afternoon. The next meeting of the association will be held on April 6, at Fresno church, near Wellington.

The Blue Bonnet Study Club met together in the H. E. Matthews home Thursday afternoon for a program commemorating St. Patrick's Day. Parts were given by Mrs. Tracy Wallis and Mrs. J. H. Taylor, and Mrs. Art Carmichael presented a group of Irish melodies. Among others, a vocal solo, "When Irish Eyes Are Smiling," by Mrs. Clyde Ayers of Jowett. A lovely refreshment plate carrying out the traditional colors of "Ould" Ireland was served to Mrs. Ayers and Mrs. Art Nelson of Borger, guests, and fourteen members.

Rev. J. M. Bryant was guest speaker Friday evening at an adult rally and banquet at Calvary (Continued on last page)

Recreation School Is Being Conducted Here

Miss Dorothy Brightwell, Extension Recreation Specialist from A. and M. College is in Wheeler County this week conducting a three day recreation school. The school started Thursday morning at 9:30 and will continue through Saturday night. The main purpose of this school is to train adults and older youths so that they can help plan and conduct recreation in their own communities. A recreation program can be started in each community in the county with a little effort, and desire for such work. Most people will agree that the youth of the county needs more planned recreation. Miss Brightwell is teaching us how to accomplish this in this school this week. Miss Genevieve Morton, assistant home demonstration agent pointed out. Everyone interested in the younger people is invited and urged to attend this training school so that they can help to start a recreation program that will be enjoyed by all. The meetings were and are as follows: Thursday morning at 9:30 at the Legion Building in Wheeler. Thursday night at 8:00 in the school cafeteria. Friday will follow the same schedule and Saturday's schedule will be arranged by the people who attended the other two days. "If you don't have anything to do, bring a friend or neighbor and come to the remainder of the recreation school," Miss Morton invited.

GIRL SCOUT NEWS

The weekly meeting of the Wheeler Girl Scouts was called to order Tuesday afternoon by the scout president, Nancy Lee, in the presence of their leaders, Mrs. Carroll Pendleton and Naomi Blackwell. After the reading of the minutes by the secretary, Patsy Burgess, a report was given on the success of their bake sale held the past Saturday. Patrol meetings were also held after which the group learned new songs. The meeting was adjourned in the usual manner.

Pictured above is Rev. Ottis Runyon of Colorado who is doing the preaching in the Assembly of God Revival Meeting which is now in progress at the Briscoe Church. The revival lasts until April 2 and the pastor, Rev. B. E. Haggard, extends a cordial invitation to all to attend.

ALLISON PUPILS TO GIVE PLAY

The Allison Junior-Senior Class will present their annual play, "Home Came Hattie", at the school gymnasium in Allison Friday night, April 7 according to announcement made this week by members of the class. The cast of characters includes: Racky Hart, a student of architecture, Jerry Levitt; Dimple Hart, his bride, Shirley Levitt; Miss Hattie Hockaday, his vegetarian aunt, Sammie Moore; Anna Pansy Jenks, the negro cook, afraid of spooks, Helen Marshall; Bill Bluet, a young roomer, afraid of bandits, Austin Dake; Tillie Lush, the talkative next door neighbor, Laura Mae Walls; Slim Pickens, a young roomer, afraid of his boss, Lyn Levitt; K. Casper Quilly, the manufacturer of Quilly-Crunches, Ernest Risner; Mrs. Spafford Sparks, an ambitious mother, Donna Jo Brown; Ula Sparks, Slim's heart interest, Katy Brown; Hamilton Hogg, a rich meat packer, Gerald Hall; and Toad Lefferty, an escaped convict, John J. Williams. The play is a rip-roaring comedy about a fussy old aunt who is a strict vegetarian. When she decides to go on a lecture tour, the beloved nephew and niece think that they have had enough vegetables to last a lifetime, so they decide to go on a meat eating spree while the dear old aunt is away. To top the play off, while the nephew and niece are enjoying their meat, in steps Aunt Hattie, and the lid blows off with a loud bang. For the complete enjoyment of the play come and see it at Allison on the night of April 7 and have a good time with the rest of us. Admission prices will be 40c for adults and 20c for children.

Wheeler Students To Get Their Eyes Tested

Dr. Joel Gooch of Shamrock has been invited by Supt. W. O. Carrick to screen the eyes of all pupils in the Wheeler school system on March 29 and 30. Dr. Gooch is making this survey as a public service at the request of the school and will only make recommendations as to whether the child needs glasses or other eye care. Parents of the children are absolutely under no obligation whatsoever to take their children to Dr. Gooch for any care they may need. Both Dr. Gooch and Supt. Carrick pointed out that parents are entirely free to take their children to a doctor of their own choosing for any further examination or care they may need.

Methodists Set Date For Easter Revival

Easter Revival Services will be held in the Methodist Church from April 2-9, with Rev. Darris L. Egger, pastor doing the preaching. The Song services will be under the leadership of A. D. Speck and Mrs. Lyndon Sims and Miss Ruth Merrill will direct the instrumental music. The entire community is invited to attend all of these services. Services will be held during the day and at night. A Child May Dare So Drive With Care!

Wheeler Whisperings

By J. C. Howell

Let's remove one of the eyesores from Wheeler's north-south highway. We can do this by straightening up, repairing, stuccoing and landscaping the army surplus building located just east of the water tower. The building belongs to the Wheeler County Vocational school, but is not being put to much use by that organization and it is quite all right with that organization for the people of this area to renovate the building and make a nice looking useful community center of the building. We believe that the above should be one of the first projects to be undertaken by the rejuvenated, reorganized Wheeler Chamber of Commerce and we believe that they are willing to take the lead in this project. The local Chamber of Commerce will not be able to accomplish everything that needs to be done in connection with this project; therefore, it would be very nice if the various ladies clubs and other organizations pitched in and helped with the project. Some ranchers, stock farmers, and others interested in the promotion of better livestock and farming methods have already offered their assistance if the community will undertake the project so that we will have a place in the center of the county to hold their shows and get-togethers. The west wing of the building is already being fixed up on the inside since the local girl scout troop is fixing up one end for their meeting place and we understand the home demonstration club council is fixing up the remainder of that wing as a meeting place for their organization.

Census Enumerators Are Named For County

Walter S. Shaller, district census supervisor, this week announced the census enumerator for Wheeler County as follows: Samuel Guy Ward, Mobeettie; Lou Elliott Bryant, Mobeettie; James Scott Risner, Wheeler; William Ed Pennington, Wheeler; William B. Bertram, Shamrock; Charles D. Wells, Lela; Genevieve F. Bertram, Shamrock; Robert Stiles, Wheeler; Evonne R. Hubbard, Wheeler; Florence A. Davis, Shamrock; Ernestine E. Holmes, Shamrock; Kloe Brown, Shamrock; Sabra E. Davis, Shamrock; and Vauda B. Wood, Shamrock. H. C. Brannon of Shamrock is census enumerator crew leader for Wheeler County.

Baptists Set Date For Spring Revival Meet

Rev. M. B. Smith, pastor of the Wheeler Baptist Church, announced this week that his congregation has set the dates for their spring revival as April 9 to 23 and that Rev. A. Edwin Wilson, pastor of the Buchanan Street Baptist Church in Amarillo, will do the preaching. Rev. Smith is to have charge of the music for the revival. The local meeting will be a part of the Southern Baptist's simultaneous revivals campaign.

Declamation Try-Outs Be Held Tuesday Night

Supt. W. O. Carrick announced this week that tryouts for declaimers to represent Wheeler in the district meet at Canadian in April will be held at the grade school auditorium next Tuesday evening. The one-act play which is to be presented at the district meet will also be presented for the enjoyment of the audience. Supt. Carrick states that there will be no admission charge and the public is cordially invited to attend.

ALFALFA GROUP IS ORGANIZED

A Wheeler County Alfalfa Certified Seed Growers Association was organized Tuesday night, March 21 at Wheeler, and the following officers were elected: President, John Ribble, Mobeettie; Vice-President, R. William Brown, Wheeler; and Sec.-Treas., Lyndon Sims, Wheeler.

Of those present, the following acreages of Grimm Alfalfa: John Ribble 34 acres, George Close 15 acres, Lyndon Sims 30 acres, Walter Nichols 30 acres, Grady Harris 30 acres and R. Wm. Brown 30 acres. County Agent Frey told the group that several other farmers and ranchers had indicated they would like to join the Association. Letters will be mailed to all alfalfa growers to find out how many acres of alfalfa they will want to certify. Lefty Thomas, Collingsworth County Agent, and two officers of the Collingsworth County Association were invited to the meeting to tell the group of the good they had got from their association in Collingsworth County. Mr. Thomas related some of their experiences and problems, and stated that they had got a great deal of good from their association as a result of the reputation they had built up from producing good seed in large quantities. The Wheeler Association decided to adopt as the basis for their constitution and by-laws the rules and regulations of the State Seed and Plant Board on seed certification standards. They also decided to have their seed cleaned at Canadian, rather than to buy their own seed cleaning equipment. It was also decided that purity and germination tests would be obtained on their seed through commercial laboratories at Amarillo, because of the long time it would take to get these tests through the State Seed Laboratory at Austin during the season.

George Close, Bill Brown, Walter Nichols, and John Ribble asked County Agent Frey to locate some Registered Buffalo or Ranger Alfalfa seed for them to start plantings of the new and improved variety. Any and all alfalfa growers of Wheeler County may join the organization. Notice of next meetings will be sent out by the secretary next month.

Band Parents To Hold Meeting At Cafeteria Next Mon. Afternoon

Parents of children who are now in the Wheeler School Band will meet at the Wheeler School Cafeteria next Monday afternoon, March 27 at 3:00 o'clock to hear band practice then will hold a meeting to organize a band parents organization for Wheeler. All band parents and anyone interested in the Wheeler band are invited to attend and help organize this association which will do much for a good strong Wheeler Band that will be worth a great deal to the city and school as well as the children themselves.

**NEW GROUP HOLDS
TIDELANDS HOPE**

Governor Shivers hit the nail on the head in the matter of Uncle Sam's grab at our tidelands. He was speaking to a group of alarmed citizens from all parts of Texas gathered in Galveston. He drove home the point that our 114-year-old right to rule ourselves in this state is about to be nullified by Washington. That is the issue wrapped up in the Truman administration's plan to the

Supreme Court to snatch this property from us.

This group wisely acted to form the Texas Property Defense Association. That, perhaps, is the shortest and simplest way to put it. The rich oil-bearing sands offshore are property, of course. But it is property of a singular and even sacred kind. It is not private property at all, like the home or the ranch you own or the car you drive. It doesn't belong to Jean Lafitte any more. Ever since Travis and his men went to their deaths in the Alamo and blood spurted at San Jacinto, this treasure under the waves has belonged to the men, women and children of Texas.

If the people of Texas had wanted to hand over this property to the Federal Government in 1845, or at any time since, they could have done so. That is their right under anybody's concept of self-government. But to have it taken away from them without so much as a by-your-leave is another matter. Will the Supreme Court recognize both the trust fund nature of this property and its rightful owners?

The short temper already shown by the black-robed justices does not encourage us. Only a few days ago the high court refused to give Attorney General Daniel more time to marshal our defenses. They reflect the impatience of the man in the White House, who seems hell-bent to deny us this patrimony.

About all that is left to the rank and file of Texas is to fall back on the right of assembly and to petition and to seek redress against the enormous wrong. This is what the new association is for. Join it. Do so now. Who knows but tomorrow the same high court will strike down even that right to protest.—From The Dallas Morning News

SOB SISTERS

Now it is told, and now it is proved. Women cry more than do men. The American Medical Association says so in the latest issue of Archives of Ophthalmology. Ophthalmology has to do with eyes, whence come tears, and the doctors phrase it this way: "Young women have more lacrimation than young men." Two Rochester physicians examined 114 males and 117 females and found that "the normal flow of tears" from men was just half that from women.

Women are sentimental creatures. They can't help it. But there ought to be a law against their capitalizing on sentimental lacrimation for selfish ends. Ask any husband. What can he do, in the face of tearful demands, but give in? The cards are stacked against him—economically, sociologically, ophthalmologically, lacrimationally.—From The Dallas Morning News

EIGHTEEN SHORTHORN CALVES, at the close of a year's experimental handling at the Purina Research Farm at Gray Summit, Mo., were rated by Prof. C. L. Dyer of the University of Missouri just as they would be in a show ring. The carcasses of all eighteen were graded prime at the slaughter house at the final stage of the experiment.

Social Security Forms Can Be Obtained At PO
"Application forms for social security numbers can be obtained at any post office," John R. Sanderson, manager of the Amarillo social security office, stated today. The post office provides forms for the following purposes:
1. Applications for original numbers.
2. Applications for duplicate cards where the original has been lost.
3. Applications for change of name on social security cards (when a woman marries, for instance).
4. Applications for employer's numbers by owners of new businesses.

"Many persons write our office for these forms when they could save time and trouble by calling at their local post office," Sanderson said. The completed applications should be mailed to Social Security Administration, Amarillo, where the numbers will be assigned or necessary changes in records will be made.

Eight pounds of 50 percent wettable DDT powder and four pounds of six percent gamma BHC in 100 gallons of water and used as a dip will control the Lone Star tick and will protect the cattle against reinestation for a period of two to four weeks.

PROTECTION FROM FIRE LOSS!

The number of homes and business houses destroyed by fire are on the increase. This is reasonable to expect with deterioration of buildings and inability to obtain adequate repairs and maintenance.

NE NEVER KNOWS

When or where the next fire may strike nor how extensive its damage may be. The surest way to combat this hazard is to be adequately protected by the right kind of fire insurance policy. Insuring your business or home for your insuring loss by fire is our business. We want to work with you for this protection.

DON'T DELAY MOTHER DAY

Why not get in touch with us right now — TODAY. We will gladly help you work out an insurance plan with greatest possible protection for the money you pay.

Bob Wills Hears Folks Tell of Hadacol's Many Blessings

Hundreds of folks, who are coming every day from taking HADACOL meet at the Trianon Building in Oklahoma City.

Bob Wills Hears About HADACOL'S Blessings

Bob Wills, famous western music band leader, loves to talk with his fans at the Trianon Building auditorium in Oklahoma City about the blessings of HADACOL. In the picture above Miss Carol Jean White, 3636 West Park St., Oklahoma City, tells Bob how much HADACOL has helped her. Hundreds of folks who are obtaining rich blessings from the precious B Vitamins and Minerals in HADACOL visit Wills each week for his network broadcast, which is originated from KBYE, Oklahoma City, Oklahoma's western music station, and sent over a leased wire to stations, KRMG, Tulsa; KWHN, Fort Smith; KGLC, Miami, Oklahoma; KLYN, Amarillo, and KWFT, Wichita Falls.

White suffered with a variety of B Vitamins and Minerals which HADACOL contains. And if you suffer from such a disorder, there is no known cure except the administration of the Vitamins and Minerals which your system lacks. HADACOL contains not only one, but 5 of the B Vitamins. HADACOL contains not only one, but 4 of the necessary Minerals. It comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away. It is easy to understand, therefore, why countless thousands

 Betty—Ask Ines.
 Patricia—Makes up too many things.

Frances—All round athlete.
 Mearlene—Everything but what he should be.
 Ines—Bashful.
 What Betty thinks of the group — frankly I don't see much good in any of them.

Every Texas farmer and ranchman should completely execute the farm census questionnaire when it is received. Census figures are widely used for many purposes and they need to be accurate.

Pasture plants need a rest period to regain their vigor and to allow them to produce a seed crop. Correctly planned programs of deferred grazing will give them this needed rest period.

Operators of welding equipment should always use a hand shield or helmet as a protection against injury to the face, neck and eyes.

ATTENDS MEETING

Company in Dallas, Tuesday, March 14. The Policyholders of the company voted to convert it from a mutual to a capital stock old line legal reserve company. The conversion will take place not earlier than April 30, 1950 and not later than June 30, 1950. Under a charter provision of the mutual com-

pany Policyholders have options for the purchase of stock in the new company which will carry the name of the United Bankers Life Insurance Company, Home offices in Dallas.

John Lee Smith, attorney and legal advisor and George C. Berry, tax consultant, attorney from Lubbock, were members of the conversion plan committee which was headed by Don J. Willmon, president and included John S. Rudd, Jr., Consulting Actuary, Austin and C. B. Peterson, Jr., Executive Vice-President of the Texas Bank and Trust Company of Dallas.

Officers of the company are: Mr. Willmon, Dallas, President; George Lee, Dallas, Vice-President and J. I. Armstrong, Dallas, Secretary and Treasurer. Directors in addition to the officers are: John Lee Smith and Dr. Allen T. Stewart, Lubbock; W. H. Barnes, Terrell; William B. Finney, McKinney; M. P. Jones, Dallas; John L. McCarty, Amarillo; Mrs. H. B. McNutt, Tyler; Dr. Richard R. Ramsey, Andrews; J. H. Reddoch, Jr., Fort Worth; Dave Sullivan, Carthage; Byred F. Thorp, Throckmorton and B. W. Wooley, Corsicana.

The company showed a gain of 54 percent in insurance in force in 1949 over 1948 and its records reveal an increase in assets from 290 to 300 percent annually since its organization in 1946. It is rated A1Plus excellent by Dunne's Insurance Report.

DANGER: RUST SPOTS!

Battered and dented old milk cans, such as the one to which Winnifred Rogers is pointing above, are breeders of dangerous rust spots which affect the premium quality of milk and cream. Such old milk cans should be replaced promptly to protect the dairy farmer against down-grading or rejection at the milk station. Strong, new cans similar to those shown in the background above are again in good supply and are essential to good dairy operations, inspectors say.

Unusual Recipes for Stew

By ALICE DENHOFF

THIS is the time of year for stew, wonderful, satisfying stew with a heavenly aroma that brings one and all quickly to table, especially the menfolk. When a hearty stew is on the menu, just add a light salad and a gelatine or fruit dessert and your meal is made.

Stewing, perhaps the most inexpensive method of cooking, is simply cooking in a slow, simmering manner, with a small quantity of liquid, the ideal way to treat inexpensive meat cuts. Although we usually think of it as a top of the stove operation, oven-stewing using a casserole with a cover, is every bit as good. Clear stew is made with stock or water and no thickening.

For Brown Stew, a gravy is first made with a brown roux (fat and flour blended) and stock or water. To make a professional roux as the good chefs do, dip meat in seasoned flour, and fry in hot fat, then remove the meat and add sufficient flour to absorb remaining fat in pan and form a roux. Cook this until brown, then add a stock to cover the meat. White stew is made with

white stock or milk and water; sometimes a thickening is added just before the stew is served. Stew, like hash, offers plenty of latitude and is a marvelous budget aid, especially about now when feasts and hospitality loom large.

Excellent Stew

For 6 servings of an excellent stew wash well one c. rice and combine with 2 or 3 carrots, 2 onions, salt and pepper to suit, small garlic clove, one lb. beef, ground, 1/2 tsp. chopped parsley and 1 1/2 c. water; all vegetables chopped fine. Cook slowly for 20 min., then add 2 medium-sized potatoes and continue cooking for an hour. This recipe was sent by a South American friend.

For a nourishing luncheon stew for 6, soak one c. kidney beans overnight. Drain and cook until tender in boiling, salted water. Cut one lb. beef into small pieces, and brown in 2 tbsp. hot fat. Add one can pimientos and 1/4 c. minced onion; fry until light brown. Add one c. tomato pulp, tsp. paprika, salt to taste and one c. water. Simmer until meat is tender. Add chill powder to taste. Drain cooked beans and add to meat.

local societies carrying out specific projects for handicapped children. Eight of these have been added during the past year. In other counties, aid is furnished through the Texas Society for Crippled Children.

The aid to handicapped children takes the form of gifts of therapeutic appliances and provision of medical, scientific and educational facilities. The cerebral palsy treatment centers, with which Texas leads the nation in help to young victims, all are under the sponsorship of county societies for crippled children.

KITCHEN MEMO
BY JAN CLARK

A variation on the pork-apple combination will be welcomed by economical cooks who serve this inexpensive meat frequently. For Pork Patties mix together 1 1/2 lbs. lean pork, 1 cup evaporated milk, 1/2 cup rolled oats, 1/2 tsp. powdered sage, 2 teps. salt, 1/2 tsp. pepper. Put into greased cups, bake in slow gas oven (325° F) 45 mins or until brown. Meanwhile, remove cores from 2 medium-sized apples. Cut each crosswise into three rings. Dip both sides of sliced apples into 1 teps. sugar. Brown in 1/4 cup shortening. Remove pork from cups and top each piece with apple rings. Fill center of apple slices with jelly. We suggest 5 teps. sharp jelly. Serves 6.

Egg yolks stored in your gas refrigerator keep moist when covered with oil, milk or water.

If you have a boiler in your gas oven, sprinkle salt over it to prevent smoke and odor. Allow the oven to cool, clean up immediately.

Sausage companion: Sprinkle toasted buttered enriched bread with grated orange rind and sugar. Put in broiler 4" from flame. Broil until sugar bubbles.

Three miles of laundry (16,000 ft.) are hung on lines each year by the average homemaker. An automatic gas clothes dryer saves all the lifting, pinning up and weather worry.

KIWANIS TO CONVENE IN MIAMI, FLA.

More than 10,000 persons are expected to attend the 35th annual convention of Kiwanis International May 7 to 11 at Miami, Fla., officers of the Kiwanis Club of Wheeler were informed this week.

Harry Wofford, president of the club, said that reports from the Miami Kiwanis convention headquarters indicate that preparations for the five-day meeting are fast nearing completion.

Many nationally known figures will be on hand to address delegates, representing 3,100 clubs and 300,000 members throughout the United States, Canada, Alaska, Hawaii and the Yukon Territory.

Bill Begert and family were dinner guests in the Ross Waldrip home Sunday.

Mr. and Mrs. Oral Helton and daughter from Briscoe were in Allison Monday.

Mrs. Carl Miltstead and children from New Mexico visited friends here Sunday.

Mr. and Mrs. M. Ball spent Sunday at Shamrock with her sister, Mrs. Sterlin Parrish and family.

Wofford said.

These speakers will include, among others, Secretary of Defense Louis Johnson, General Carlos P. Romulo, president of the United Nations, the Rev. Marshall R. Reed, bishop of the Methodist church in the Detroit area, and John Fisher, Toronto, widely known Canadian radio commentator and newspaper columnist.

Delegates also will participate in panel conferences on numerous Kiwanis-sponsored activities, ranging from public affairs, boys and girls work and agriculture to support of churches in their spiritual aims. An outstanding program also is being planned for the wives of Kiwanians, Wofford said.

Anticipating a huge delegate registration, Kiwanis International

established its convention headquarters at Miami in January. At the same time, the organization began planning the many features that tie into a nationwide movement of business and professional leaders.

J. Hugh Jackson, dean of graduate school of business, Stanford University, Stanford, Calif., and president of Kiwanis International, will preside at the various convention sessions.

SENIOR NEWS

The seniors finally presented their play on Tuesday of last week. We made over one-hundred and sixty dollars. After the play Mrs. Holdeman, assisted by Mrs. Parks and Mrs. Bailey, gave the seniors and their guests a reception in her home. Everyone enjoyed it very much.

The seniors are going to have a food sale the Saturday before Easter. We would appreciate it very much if you all would come down and buy something.

Monday morning we had a class meeting in which to decide upon our second choice of caps and gowns since we could not get the nylon. We also took the measurements and talked about our senior trip.

SOPHOMORE NEWS CHATTER

Jo Ann, why will you be glad

when Easter comes?
Margaret, do you always make eyes at J. D.?
Melvin, who are you taking to church every Sunday?
Martha, do you know any boys from Briscoe?
Jamie and Richard are learning to play tennis.
Bob, stop flirting with that cute freshman girl.
David, why do you keep saying "Why shore"? Sounds as though you are referring to Mobeetie. Could it be Mary C.?
Maurine, Jo Ann, and Claudell are very gay. What's up, gals?
Leonard is being seen quite often in Shamrock these days.
This week's personality is Doris Magruder. She is 18 years of age. She is 5 feet, 5 inches tall and weighs 140 pounds. She likes boys and dislikes nosey people. Among her favorites are: Mr. Paddock, algebra, fried chicken, volley ball. Her ambition is to get out of school.

Sen. LeBlanc Continues Rationing of Hadacol

The continued increasing demand for HADACOL, one of the truly great medical discoveries given to the world by Senator Dudley J. LeBlanc, has made it necessary to decrease the ration allowance on HADACOL from six bottles to two bottles.

"We placed the limit at two bottles to a customer only after trying every other alternative," said Senator LeBlanc. "The de-

ployees are working snits around the clock but one bottleneck after another comes up. We expect to lick them all but meanwhile we are asking our customers to have patience and accept no inferior substitutes.

"For instance, when I created HADACOL I read every available authoritative medical and drug book in order to use the very finest ingredients regardless of cost. For instance, I read on page 234, U. S. Dispensary, 23rd edition, that 'Theoretically Calcium Glycerophosphate should be for many purposes be superior to most other calcium salts because it represents both calcium and phosphoric acid in a soluble combination.'

"Little did I realize when I made Calcium Glycerophosphate a part of the now famous HADACOL formula that in time the demand for this great medical discovery—HADACOL—would be so great that we would use up the entire available supply in the United States of this product. But that is exactly what we have done and great plants throughout the nation are now working to increase their facilities to expand production of this essential ingredient which blends with other expensive products to help so many million suffering people in distress."

Did anyone finish their health Monday? Very few.
Most of the seventh grade is singing "Cry of the Wild Goose".
Does anybody write notes in class?

Thanks to the seniors, we have decided on a new name for our paper-wad club. The Royal Order of the Stinkweeds.

Did you know that it was a seventh grader that wrote "Ragg Mopp"?
Burley, you weren't flirting with Erma Deen in class, were you?

JUNIOR NEWS
We finally got our play books, and we tried out for the parts Monday night, March 20. The name of it is "Murder Mansion".

BAD NEWS
Bonnie still pops her gum.
The junior class still argues.
Dick couldn't get anyone to go to the dance with him.
Maurice doesn't like his nickname.
Bill hurt her little toe.

GOOD NEWS
The juniors got their play books.
Edgar's arm is well.
Edwina and J. T. are getting along better lately.
Spring is sprung.

EIGHTH GRADE NEWS
Jerry, why did you want noon to come so soon Wednesday?
Jessie, did you really come to school Friday?
Jimmy, aren't you and Wayne over Saint Patrick's Day yet?

E. T. BURK FOR CONGRESS

18th Texas District

SCENE: A store in an 18th Congressional District Town. A Farmer comes in for a little shopping.
MERCHANT: "What do you hear about the Congressional race?"
FARMER: "Quite a bit of talk. Hear a lot of people say they're for this man E. T. Burk of Amarillo. He's got a good platform and lots of common sense."
MERCHANT: "I hear the same thing. Looks like Burk's got something on the ball. We need common sense. I'm for Burk."

Why Are So Many Voters Talking About Burk?

- Because—
- Burk is a successful businessman.
- Burk knows the farm problem.
- Burk knows the labor problem.
- Burk is not after a paycheck or a political career.
- Burk is paying his own expenses.
- Burk is not shackled. He can represent everybody.
- Burk believes in economical government.
- Burk is for private enterprise; against socialism.
- Burk will fight for world peace.
- Burk is the COMMON SENSE Candidate for everybody.

(Every citizen of the 18th Congressional District is invited to write E. T. Burk, candidate for Congress, Amarillo, for a copy of his platform.)

TELEPHONE TALK and TAXES

In spite of its day-in-day-out usefulness, the Federal Government insists on taxing telephone service as much as 25%. This is higher than the 20% tax on luxuries.

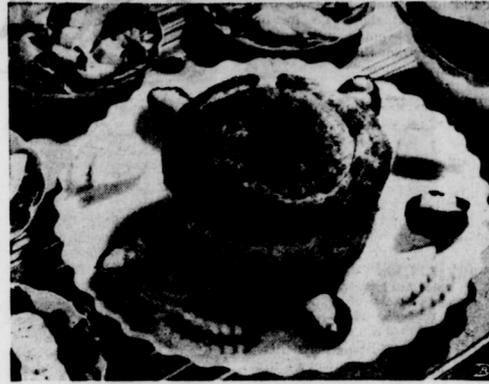

Long distance calls costing 25c or over are taxed 25%. The Federal tax increases the cost of local service by 15%. Other forms of telephone service are taxed from 8% to 25%. This excise tax is imposed directly upon you. Your telephone company, at its own expense, acts as a tax collector.

These excise taxes are in addition to corporation income taxes and other taxes which the company pays to the Federal Government either directly or indirectly.

We are sure that your Senators and Representatives in Congress would welcome your views on this continued peacetime tax of a necessity.

Coffee Cake is Luncheon Feature

Cinnamon spiral coffee cake, hot from the oven, stars at a light luncheon of fruit salads and cheese.

When you plan menus around fruit platters and crisp vegetable salads, be sure to include one hot food at the meal. Hot pan rolls, yeast breads or quick coffee cakes are an excellent choice, for they satisfy hungry folks, and complete the menu nutritionally, too. These enriched breads are a good source of the B-vitamins and iron important for good health.

Cinnamon spiral coffee cake is a new member of the family of yeast breads. The home baker will enjoy making it, for it is easy to shape. A roll of the sweet dough is coiled round and round in a tube pan. Cinnamon and nuts go on each layer to make the bread spicy and good.

Serve cinnamon spiral coffee cake on a large plate, garnishing with stuffed prunes and cheese wedges. Cheese in the picture was cut with scalloped cookie cutter, then quartered. Complete the menu with fruit salads and baked custard.

CINNAMON SPIRAL COFFEE CAKE

1 package yeast, compressed or dry
 1/2 cup lukewarm water
 1/2 cup milk
 1/2 cup sugar
 1 teaspoon salt
 2 tablespoons melted shortening
 2 1/2 cups sifted enriched flour (about)
 1 egg, beaten
 Melted butter or margarine
 Cinnamon-sugar
 1/2 cup chopped nuts
 Soften yeast in lukewarm water. Scald milk. Add sugar, salt and shortening. Cool to lukewarm. Add enough more flour to make a thick batter. Mix well. Add softened yeast and egg. Beat well. Add more flour to make a soft dough. Turn out on lightly floured board and knead until smooth and satiny. Place in greased bowl. Cover and let rise in warm place until doubled (about 1 1/2 hours). When light, punch down. Let rest 10 minutes. Divide dough in half. Roll under hand to 1 inch thickness. Coil around in greased ring mold 6 1/2 inches in diameter, brushing between each roll with melted butter or margarine and sprinkling with cinnamon sugar and chopped nuts. Bake in moderate oven (350 degrees F.) 30 minutes. Makes two cinnamon spiral coffee cakes.

Clean-Up Helps To Get Rid Of Insects

There is no easy road to the abatement of insects and rodents, says Dr. Geo. W. Cox, State Health Officer. Frequently people get enthusiastic about the destruction of the insects and believe that, if an airplane flies over the town, or if a huge fogging machine rolls through town spreading an insecticide, the insects will be killed instantly and peace from the insect nuisance will remain forever. This is an erroneous and, unfortunately, bad practice, because it creates an unwarranted sense of security.

Before any killing is anticipated, a thorough clean-up of the community should be carried on. This means cleaning up the rubbish and garbage and eliminating all insect feeding and breeding places. It might mean the draining or filling in of wet areas for destruction of the mesquite larvae. When

this is done, one will be surprised how few insects are left to become a nuisance and, perhaps, a public health problem.

Following this, it is suggested that insecticides be sprayed manually to those places inhabited by the insects. Experience has shown that a 2 percent to 5 percent solution of DDT is still the most effective insecticide to use for general sanitation. This is spread to form a thin coat on the surface, where it can remain for future destruction. A spray that will just moisten the surface is sufficient to be effective. Spray only those areas where you know the insects gather.

Turkey poulters should be purchased from hatcheries that operate under the National Turkey Improvement Plan — you'll get what you pay for.

Albert Gunter has quite a collection of Indian arrow heads and various other Indian relics and is attempting to gather others in the hopes that he can get a good enough collection together to frame them and put them on display in some public place. Albert believes that many people have a few arrow heads or other Indian relics lying around that they really don't care anything about and they really aren't worth anything to the present owners; so he would appreciate it very much if anyone has any of this sort of thing they could donate to his collection. Albert doesn't have any money to put into this project and we don't believe he is doing it for any material gain for himself... purely for its historical value and for the pleasure he gets out of this hobby.

The Wheeler Masonic Lodge has set Tuesday night, April 18 as the date of its big annual fish fry. All Masons in this vicinity are invited to attend and are guaranteed all the fish they can eat according to the Lee Guthrie, secretary of the local organization.
