FIRST LOOK TOWARD NOV. 8

In the majority of elections beyond the town or county level, the Wheeler Times endorses candidates. We certainly have no intent at this time to endorse either candidate for president, but the pros and cons that have emanated from the conventions deserve consideration. We present them to stimulate thinking, and this newspaper very strongly urges every voter to cast a ballot November 8 on the basis of good of country. The nation's welfare and the furture welfare of America's citizens is of vastly more importance than any av not talk, but it sure at, shoot, and roam political party tag.

Where the Democratic party stresses economic aid, the doesn't do all these Gop emphasis is on military aid and the need to Contain does take money and Communism. Both urge stronger defense.

The Democrats urge repeal of the Connally amendment, the Republicans ignore this vital text that stands between us and yielding our destiny to the World Court.

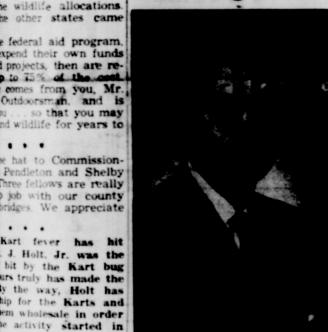

The Democrats would give alms from the Treasurury to businesses and workers injured by low-wage imports under GATT. The Republicans promise tariff protection instead.

The Democrats promise price supports at 90 percent of parity and new subsidies to the Farmers. The Republicans brand these subsidies as "cruel deceptions." Both parties would expand the Soil Bank.

The Democrats would care for the aged (all the aged) under Social Security. The Republicans promise a contributory on of this months system for those who need it. Both would aid medical students and build schools. The Democrats would give Federal formula based on the aid for teachers' salaries but the Republicans — disclaiming and the number of Federal control-would not.

The Democrats promise a \$1.25 an hour minimum wage. fishing license holders repeal of a Federal law permitting states to ban union shops, would soften the Taft-Hartley and Landrum-Griffin laws. HE CHURCH FOR ALL . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilisetion can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church Imelf, which needs his moral and material support Plan to go to church regularly and read

Attend Overseas Convention

Pictured above is the UAR poster commemorating the arrival of more than 300 Americans of Arab descent taking part in the fourth overseas convention of the National Association of Federations of Syrian and Lebanese American Clubs.

1960 tour members visit both the Syrian and Egyptian Regions of the United Arab Republic and Lebanon from July 12 until August 16. Americans of Arab origin and those of the younger generation of Arab ancestry are enabled through these tours to renew old acquaintances and family ties, learn something of the customs and attitudes of the Arab world, and foster Arab understanding of American ideas and objectives.

In addition to the Baalbek festival in Lebanon and the celebrations of the Egyptian revolution, the tour members make scheduled trips to various scenic landmarks and meet and talk with educators, political leaders, and representative members of the Arab community. This year UAR President Gamal Abdel-Nasser, Lebanese President Fuad Chehab, and King Hussein of Jordan have made plans to meet with the group to discuss Arab-American relations.
