ACTIVITIES OF THE BAND
The Wheeler Mustang Band has had a very busy schedule since the Spring concert. Much time was spent preparing for the St. Patrick's Day Parade which ended as an unpleasant adventure. However they came back and spent the next two weeks preparing for the Berger Band Festival March 24, which is a preliminary for the Region XI Interscholastic League Band Contest. They received a IV in concert and a III in sightreading, which was equal to all other class B bands.

The Mustang Band will march in a parade at Sayre, Okla., Friday, March 31. They are also rehearsing for the Region XI Interscholastic League contest in Amarillo April 11. Plans are also being made to enter a contest at Craterville on April 15.

The Colt Band also plans to march in the parade at Sayre and enter the contest at Craterville. Sue Richerson entered a contest solo at the Region XI Interscholastic contest and won a second.

County - Wide Easter Egg Hunt To Be Held Saturday; Sunrise Service Sunday

LOCAL MINISTERS TO SPEAK AT EARLY MORNING SERVICE

Again this year the residents of Wheeler will have the opportunity to attend Sunrise Services here in Wheeler. The '54 Study Club, under the direction of Mrs. Cecil Denson is sponsoring the services. And in the words of Mrs. Denson, "The Service will be non-denominational and we want to urge everyone to attend. We have scheduled and planned the services so the residents of Wheeler can attend the service, drive back home, eat breakfast and still have time to attend the regular church services held at all of the area churches."

The program will include songs by a special Easter choir under the direction of Berniece Hall; and a worship service by local ministers. Rev. Bob Ely, pastor of the Methodist Church of Wheeler, will give the Devotional; Arling Cor-ton will pronounce the Invocation and Bro. B. L. Batchelor will give the Benediction.

AREA CHILDREN ARE INVITED; OVER 80 PRIZES TO BE GIVEN

Probably the biggest Easter Egg Hunt in the history of Wheeler County will be staged by the Wheeler Riding and Roping Club in Wheeler this weekend. Children from all over the county are expected to join in the fun of the hunt. Approximately 6,000 candy and hard boiled eggs will be hid on the 10 acres of grass around the Rodeo Grounds in Wheeler.

Brian Swaim, president of the riding club and committee-man Coy Revious, Buster Callan, Lindsay McCasland and Bob Hutchison, said that more than 80 prizes will be given to the kiddies finding the "lucky eggs."

Six grand prizes will be given, (two grand prizes for each age group.) Three of the grand prize eggs will be worth \$10, each and three will be worth \$5.00 each to the lucky finder.

In addition to the grand prize eggs, practically every business in Wheeler has agreed to give a prize to the youngster finding an easter egg with their name on it. In other words if a youngster finds an egg with J-Lee Department Store's name on it, he will be presented with a certificate whereby he can claim his prize at J-Lee's.

The kiddoes will be divided into three groups. All of the children 6 years and younger will be in one group; those between the ages of 6 to 12 will be another group and those over 13 years of age will be divided into still another group. The hunt will start at 3:00. All of the kids must meet inside the rodeo grounds where Rodeo officials will divide them into their respective groups.

Everyone is invited and the more the merrier. Don't forget the time, 3:00 p.m., Saturday, April 1. All riding club members are urged to be present at 1:00 P.M. to help hide the eggs.

Anyone wishing to donate additional eggs to the Riding Club to be used in the big hunt, are asked to bring them to the Paymaster's office or to one of the committee-men early Saturday morning.

Firms that will offer prizes include: The three \$10.00 cash prizes will be given by Wheeler Chamber of Commerce; Pres. Bill Owen; Cap Rock Fertilizer & Paymaster Gin, Frank Caswell and Fat Jones; and Wheeler Riding Club, Treas., Roy Ford.

The five \$5.00 cash prizes will be given by Vanpool-Burton, Bud Vanpool and Pete Burton; Ware Chevrolet Co., N. D. Ware, Jr.; Clay Food Store, Robert and Cecil Denson; Bill's Service Station, Bill Chapman; Lee Hardware, Loyd Lee.

Callans Involved In Auto Accident
Kay and Cathy Callan and Betty Sue Henson received numerous cuts and bruises Sunday afternoon when the 1955 Ford they were riding in, returned on a country road near Wheeler.

Betty spent several days in the hospital as a result of the accident. Kay was driving the car at the time of the mishap. Bus Dorman Wheeler County Sheriff, said a mechanical failure caused the auto to turn over.

The accident occurred 2 miles east and 1 1/2 miles north of town.

True Americanism
By Arling Cordell

In our modern conception of Americanism are we tending to become over-organized? It seems to me that many of us are thinking that the answer to our problems in combating communism, Nazi and Fascist Organizations is to form more and more organizations. Some of these have been, and are now conducting a campaign of name-calling, invective and sheer hatred unparalleled in our country's history. No one is safe from them. Our three recent, and I think great presidents, Mr. Eisenhower, Mr. Truman, and the late Mr. Roosevelt are accused of being dupes of Stalin and the communists, if not actual traitors to our Country.

Do we not already have the necessary organizations to protect our individual and collective liberties without resorting to the above-mentioned tactics? Read our great Constitution, especially the first, thirteenth, fourteenth and fifteenth Amendments which guarantee freedom of worship from government interference, freedom of speech and the press, freedom of Assembly and to petition for redress of grievances, and freedom to be a citizen of the greatest Democracy on earth. It is within this wonderful document that we have our almost 200 year old organization for freedom. Within it we can change our government by exercising our right and duty to vote and to influence others as to the proper manner in which our Country should be governed.

NOTICE

The location for the Sunrise Service has been changed this year, it will be held at the football field and it will begin at 6:30 A.M. In the event the weather is bad, the service will be held in the high-school gym.

For those persons living in the Wheeler area that do not have a ride, they can call 4351 and some members of the '54 Study Club will take them to the Service.

Free coffee will also be served at the early morning service.

WITTY NEWS

J. Lloyd Rice
Wows this past weekend and our Sherry came after afternoon. Mamma a nice complement. The house did not as I thought it
Monday she spent things right again, and came home from school it seemed like lives here. The house and the door open to out, and there was a genuine all three of us to sit and offer thanks to

God for the many expressions of his wonderful love. The news about her father was hopeful and encouraging.

Woody and Viola Carlton, with the professional help of Clois Jolly, made their farm home an attractive place to live, and they are setting up a stove, table and bed down there so they can withdraw from the noise of Twitty on weekends and enjoy life in a quiet retreat. How wonderful.
Mr. Shadin, Mrs. Clois Jolly's father, was at church Sunday evening. We were all very happy to see him up and able to enjoy getting to go places and see things.
I attended the National Foundation meeting in Wheeler last Thursday night. Mrs. Pearson and Abilene gave us an inspiring and challenging talk. She told us some things about the Foundation that I had never heard before.

Briscoe News

By Dorothy Ault

Mr. and Mrs. Si Mason, Mr. and Mrs. J. H. Mason and Mr. and Mrs. Bill Everheart visited in Briscoe Sunday.
Mr. and Mrs. George Railsback were Sunday guests of Mr. and Mrs. Roy Waters and family and Mr. and Mrs. Kenneth Douthit and family.

LETTER TO THE EDITOR

March 22, 1961

Dear Sir:

The Board of Trustees of the High Plains Research Foundation, at their meeting March 15, expressed their appreciation of the support being given agriculture in the High Plains through the publications of the research results.
It has been the desire of the Board of Trustees and the supporters of this "free enterprise" agricultural research Foundation that all engaged in farming and agricultural business should share in the economic value that research findings by the Foundation make possible.

Through your use of the news releases and reports made by the Foundation, you have assisted materially in this endeavor. We appreciate being on the mailing list of many of the newspapers to whom our news releases are sent. A clipping book is maintained and is on display for our many visitors. The Foundation staff utilize your agricultural news to evaluate the agricultural situation in your area. This helps to anticipate needs for additional agricultural research. We would like to have the Foundation placed on your mailing list in order to be of better service. Thank you again.

Sincerely yours,
Frank Moore,
President

'54 Study Club Met In Home of Mrs. Burton

The '54 Study Club attended the "Style Show" given by the Wheeler Homemaking girls at the school auditorium.

FIRST CHOICE of TEXAS VOTERS

Senator William A.

BLAKLEY

★ SENATOR BLAKLEY is the winner of the Texas Poll directed by Joe Belden and subscribed to by 21 leading Texas newspapers. He also is the first choice in many other surveys and polls conducted throughout Texas.

SENATOR BLAKLEY'S ACTION PROGRAM FOR TEXAS

\$100 MILLION MORE ANNUALLY FOR SCHOOLS: A home-rule aid-to-education plan that would return to each state 5 per cent of federal income taxes for support of locally administered public schools. In Texas this would mean over \$100 million more annually for our schools—without federal interference!

INCOME TAX RELIEF FOR PRESSED PARENTS: Also, for families putting their children through school, additional income tax exemptions of \$1,200 for college or university student, \$400 for son or daughter in high school. Parents deserve a tax break!

A HELPING HAND FOR OUR SENIOR CITIZENS: A bill to raise ceiling on what Social Security recip-

ients may earn without being penalized. Senator Blakley would raise ceiling from \$1,200 to \$1,800 a year to help many retired persons.

SHARP REDUCTION IN FOREIGN OIL IMPORTS: Reduce by one half the amount of foreign oil being brought into U. S. Texas' economy, schools, state government, all suffer when foreign oil floods market, causes Texas production to shut down.

INDEPENDENCE! WE MUST KEEP IT ALWAYS: Retain Connally Amendment to World Court. United States should maintain its sovereignty without question. Senator Blakley is fighting against repeal of this vital guarantee.

LET'S KEEP SENATOR BLAKLEY IN THE U.S. SENATE

— Paid for by Blakley State Campaign Committee, Maurice Bullock, Chairman

That's all, see ya next week.

U. S. FOOD DONATIONS INCREASE

College Station, March 30 — The USDA reports that food donations in the United States and over- seas totaled 17 billion pounds for the first half of this fiscal year (July-December), this figure represents an increase of some 20 percent over the total donated from July through December of the last fiscal year.

Distribution through state and local governmental agencies to public and private schools, chari- table institutions and needy per- sons in this country accounted for 484 million pounds of the total. Through the efforts of voluntary relief groups as part of the Food- for-Peace program, needy persons abroad received 1.2 billion pounds.

Donated foods are those acquir- ed by USDA in its price-support and surplus — removal operations and made available through the Agricultural Marketing Service's

direct distribution activities. These donated commodities do not in- clude supplementary foods pur- chased by USDA specifically for schools taking part in the National School Lunch Program.

Donations to domestic recip- ients in the first half of the 1961 fiscal year represented a gain of slightly more than 6 per cent over the same six months of the pre- vious year. Distributions to schools showed an increase of about 7 percent, and donations to chari- table institutions were increased by about 10 million pounds.

Shipment overseas of the 1.2 bil- lion pounds of donated foods re- presented a gain of about 26 per- cent over the same period a year ago. Government-owned foods are made available for foreign relief only after requests for all domes- tic recipients have been met.

DAIRY COWS LIKE GOOD FOOD

College Station, March 30 — Dairy cows don't like scorched food any more than people do. At least the cows at the Tyler Experiment Sta- tion don't, reports Shannon Car- penter, area dairy husbandman.

This was discovered when sta- tion personnel started using a new purchase of cottonseed meal. They noticed a slight scorched odor, but they didn't think too much about it. When the first batch of feed mixed with this meal was fed to the herd, however, about half of the cows refused to eat and they all indicated that the feed was dif- ferent from what they had been eating. After six months there were still four cows that wouldn't eat all of their food, Carpenter continues.

Personnel at the station traced the origin of the cottonseed meal and Carpenter says he believes the scorched or burned odor was caused by excess cooking needed to make the meal from wet seed.

Carpenter points out that com- mercial dairymen should watch for feed made from a so ched or burned cottonseed meal, because the use of such feeds will cut down milk production. The production loss is due to the lower intake of total digestible nutrients.

This was illustrated by a test run on the four cows that refused to eat all of their feed after six months. When they were fed a mix containing cottonseed meal that did not have the scorched odor, they began to eat much bet- ter and their milk production in- creased from an average of 21.05 pounds per day to 24.85 pounds. This increase was shown in just seven days.

"Remember," Carpenter con- cludes, "if you expect your dairy cows to produce feed them good feed."

4-H Girls Have Program At Briscoe HD Meeting

Mrs. J. C. Moore, Jr.

Mrs. Moore Is Study Club Selection For 'Mother Of The Year'

Jewel Moore, mother of five children (four girls and one boy) and grandmother of four children (three boys and one girl), is a member of the Progressive Study Club of Wheeler, and a member of North Wheeler County Garden Club. She is a good cook and housekeeper. A kind and affectionate wife, a patient and loving mother, an excellent seamstress and a good neighbor.

We, of the Progressive Study Club, feel that Jewel Moore possesses that rare kind of courage and unusual patience that makes her an outstanding mother.

She has twin daughters, Jerry and Sherry, who are extremely handicapped, crippled in infancy by spastic paralysis, they did not walk until they were nearly 4 years old and even then, and now with great difficulty.

While money was scarce and her own health not very good, Jewel made many trips to Amarillo, Dallas and Denver, quite often with no one to help her, taking the twin babies for treatments and surgery.

The husband and father kept the other three children in school and ran the household and farm.

Time after time Jewell struggled with the 2 babies on and off trains and busses, into and out of taxis carrying a week or two supply of clothes for herself, diapers, bottles, special formulas and clothes for the babies.

She spent hours in waiting rooms and clinics to see doctors; walked blocks to and from room and meals with anxious heart and prayers that some help awaited them.

And while she watched them grow in braces and casts, through treatments, exercises, therapeutic efforts of many doctors and nurses and her own valiant endeavor to correct their crippled bodies, she has never succumbed to self-pity.

She has taught the girls to be self-reliant, courageous and busy individuals. They help one another and hobbies to occupy their time, and have learned several crafts.

Jerry and Sherry are now 22 years old. They are very delicate along with being severely crippled, Sherry also has a bad heart.

Despite these terrific handicaps, Jerry through the help and encouragement of her mother, is a sophomore in W.T. at Canyon. Due to severe pains in her hip and back she, on doctors' advice, postponed her education recently and Jewel again took the girls to Truth or Consequences, N.M., for baths and treatment in an effort to relieve the pains and permit Jerry to return to school.

Through the years of constant care for the twins, Jewel has also reared her two older daughters to become charming and efficient mothers and homemakers. Joreean Hubbard, her eldest daughter, lives in Amarillo; is the mother of a 12 year old son and works as a meter maid for the city of Amarillo. At the same time she maintains a comfortable and orderly home for her husband and son.

Laveta Williams, her second daughter is mother of two young sons and lives in Lynchburg, Va. She is equally a good homemaker.

Bobbie Moore, Jewel's only son resides in California where despite his own poor health has a home and family.

Jewel attends church and Sunday school regularly and her moral and spiritual strength are recognized by all who know her.

She is an enthusiastic gardener and flower arranger and her lively interest has stimulated her husband's participation in that the care and cultivation of their garden is their joint project.

Jewel is an excellent seamstress and makes most of the twin's clothes. She also designed and made her daughters' wedding dresses and those of part of the attendants. Much can be said of her ability as a home maker.

She is a kind and affectionate wife, loving and patient mother a good cook, and housekeeper, and accomplished seamstress, and efficient gardener. But she is not just a woman of mere capabilities. Jewel is a warm and loving friend, a generous and thoughtful neighbor.

She has the trust and esteem of a wide circle of friends.

Though her life has been filled with many events of grave responsibility and anxiety, she has a genuine sense of humor.

She is a happy, emotionally stable person, giving of herself constantly to in-laws, family, and friends.

With a firm faith in God, and love of all humanity, Jewel Moore, truly takes time for all things.

TEXAS DEMOCRATS ARE 'CLOSING RANKS' BEHIND BILL BLAKLEY

Strong indications that Texas Democrats are "closing ranks behind Bill Blakley" were reported as Senator Blakley prepared to wind up his elective-term campaign with appearances in East Texas and Houston.

James H. Blundell, Blakley's state campaign manager, declared: "A tremendous swing to Blakley is taking place throughout the state. Democrats are uniting behind Senator Blakley and when Texas Democrats do that they are unbeatable."

Blakley headed into the April 4 election on a rising note of optimism, telling his supporters in city after city: "We are winning, and with continued hard work in the final stretch we will be over the top."

The senator will close out his campaign in Houston April 3, ending a 4,500-mile tour that has reached into all sections of the state. He will spend Thursday, (March 30) in Beaumont and Port Arthur-Orange area; Friday in Nacogdoches, Tyler, Kilgore and Longview; and Saturday in Marshall, Lone Star, Texarkana and Paris. A flying trip to El Paso preceded his East Texas swing.

Meanwhile Blakley gained the support of State Representative Wesley Roberts of Seminole, one of the best known of the so-called minor candidates. Roberts withdrew from the race and announced his support of Blakley in a personal privilege speech in the Texas House.

Also in Austin, Governor Price Daniel congratulated Blakley on the race he is making and declared himself highly pleased with his performance as U.S. Senator. Blakley paid courtesy visits to both Governor Daniel and former Governor Allan Shivers, each of whom appointed Blakley to Senate terms — Shivers in 1957 and Daniel in January, 1961.

"I looked over the field to find who would do the best job in the Senate and that is Senator Blakley," Daniel said. "I congratulate

THE HOUSTON CHRONICLE EDITORIAL PAGE

Why We Are For Will Wilson For United States Senator

On his record Will Wilson is the logical winner of the State race. None of the other candidates has ever been elected to state-wide office. Will Wilson has been elected attorney general three times as well as Supreme Court justice. He never has lost a political race.

On the basis of his platform and his speeches also, Will Wilson is the man to represent Texas in the United States Senate.

An assistant attorney general, World War II serviceman who had combat experience in the Pacific, crime-busting district attorney at Dallas, one of the youngest men ever to serve on the state Supreme Court and attorney general for more than four years Wilson has made an outstanding record. High light of this career was his victory in the final tideland case show-down before the United States Supreme Court. For that achievement along with his drives against loan sharks and syndicated gambling and his law enforcement in general, he was voted the most outstanding attorney general in the nation in 1960 by his fellow members of the National Association of Attorneys General.

Wilson has expressed sound and constructive views on national issues. On foreign policy he supports President Kennedy's approach to our problems in general. So far as this hemisphere is concerned, he advocates an updating of the Monroe Doctrine, contending that in this jet age subversion and infiltration can conquer a nation as effectively as troops can. Consequently he maintains that the Monroe Doctrine should be redefined to put Russia on notice that we will consider such tactics acts of aggression.

On domestic matters Wilson, while a supporter of Kennedy and Johnson in last year's campaign, reserves the right to take what he calls the Texas position.

Here are Wilson's positions on some of the hottest domestic issues of the day, much condensed from his reply to a Chronicle questionnaire sent to candidates:

Medical aid for the aged: No plan yet offered fully accomplishes what is needed in a manner compatible with American democracy. He is opposed to further extension of the welfare state and any plan leading to socialized medicine. Medical care is only a phase of the entire problem facing those over retirement age. A broad solution would include modification of the practice of enforced retirement; some relaxation of the limitation on earnings which arbitrarily denies social security benefits to persons between 65 and 72 if they are productive; reduction of tax rate on earnings of this group; health insurance for them at less than actuarial rates.

Foreign aid: Wilson does not see how it can be ended abruptly but is for closer control to avoid waste and would end federal subsidies to foreign business operations which compete with our own producers.

Aid to education: He is opposed to general federal aid in this area and to any federal control. He believes that the solution of school finance needs is relinquishment by the federal government of specific areas of taxation to the states, proceeds of which should be earmarked for education. He favors \$1200 income tax deduction per dependent child attending college.

Aid to depressed areas: He does not believe Texas would gain from use of federal funds to entice industry to particular areas. Texas has a depressed industry — oil and gas — whose problems require that the depletion allowance will be continued, that oil imports will not be allowed further to disrupt the domestic market, and

that producers of gas sold in interstate commerce get a fair price.

Farm supports: "I will work for a program which will give our farmers a freer hand rather than hamper them with further controls and higher support prices. One area of this problem will have my special attention — that is the preservation of the independent farm family."

Right to work: "The right to work question should be left to the states."

We believe these and other expressions of Wilson's on issues add up to a sound platform. And we are convinced that he is the man best qualified by experience to serve in the Senate.

We particularly like Wilson's intention to follow "the Texas position" in Washington. That is what a senator is supposed to do, first and foremost — represent his state, its interests and its viewpoint.

Will Wilson
a winner for Texas

STRENGTH IN EXPERIENCE
District Attorney, Dallas County, two terms, 1946-50; Associate Justice, Supreme Court of Texas, 1950-56; Attorney General of Texas, 1956 and now serving.

ACCOMPLISHMENT
Won in 1960 for Texas school children clear title to their two million acres of Tidelands; Chosen the outstanding attorney general of the nation in 1960 by National Association of Attorneys General; Received nationwide acclaim for his war against loan sharks, quack doctors and syndicated gambling, anti-trust violation and organized crime.

BACKGROUND
In combat during World War II commanded field artillery battalion in the Philippines; decorated for leading volunteer patrols behind enemy lines; accepted surrender of General Yamashita's forces.

SCHOOL NEWS

Wheeler Schools
Arling Cordell, Supt.

Easter will soon be here and although we have liked some school holidays, our Spring schedule would not permit them.

Activities on our calendar include a Band trip to Sayre on March 31; an accreditation visit by three consultants from the Texas Education Agency on April 5; the Interscholastic League Spring Meet on April 7 and 8.

Our faculty is working over time on a study of Guidance plans whereby we hope to learn more about testing, how to interpret the test results, and how to assist our students in learning ways in which to use their talents to the best advantage of themselves and of society. You, as parents, have a very important part to play in this program. Learn more about your children's interests, abilities and grades, help them to plan for a good future.

Chaps were issued to members. Those present were Billy James, Diana Russell, Fred Goad, Bill Walker, Mike Goad, Dale Bulter, Mark Trootle, Phyllis Pakon, Diane Dodd, Judy Finsterwald, Jetta George, David Zybach, Monroe Shannon, Mike Shannon, and Jarrel Russel. Several parents were present.

April 30th is the deadline for employers to report their employees' wages. Hal Geldon, Social Security Administration manager for this area announced today.

The earnings of anyone who worked at any time during the period January to March on any job covered by social security, Geldon pointed out, must be reported during April, to the Internal Revenue Service.

These wage reports must be filed on Internal Revenue Form 9411 regardless of how small the earnings or whether one or more workers is involved, the social security official pointed out.

Employers of household workers, including maids, cooks, handymen, cleaning women, etc. should use Internal Revenue Form 942 to report cash wages paid to domestic employees, if those wages amounted to \$50.00 or more during the calendar quarter.

Tax forms and reporting information are available at the nearest office of Internal Revenue. For Social Security information and pamphlets, contact your local social security district office at 1066 Adams Street, Amarillo.

Visiting in the Walter Anglin home Sunday were Mr. and Mrs. Burley Mann, Mr. and Mrs. Lloyd Anglin, Mrs. Fred Jackson and daughter, Mrs. Buster Walse of Kelton and Mr. Tish Reynolds of Amarillo.

We'd like to add to the report of the Walter Anglin Clock — "It's still ticking and running good."

Mrs. Alice Rambo of Claremore, Okla., is visiting in the home of her daughter, Mr. and Mrs. Harold Nash and family.

We are sorry to report that Mrs. Walter Anglin is not improving.

Results Of '60 Cotton Variety Test Released

Results of the 1960 Cotton Variety Test at the High Plains Research Foundation, in which nineteen varieties were evaluated, were released recently to Foundation supporters by Dr. Earl H. Collister, chief Agronomist.

The yield of the varieties ranged from a low of 861 pounds of lint per acre to a high of 1,272 pounds of lint per acre. There was no significant yield difference between the top six varieties. Of these top six, Austin produced 1,272 pounds of lint per acre; Paymaster 8890, 1,256 pounds; Rex, 1,229 pounds; Dixie King, 1,198 pounds; Paymaster 54-B, 1,164 pounds; Fox - 4, 1,134 pounds.

The cotton was irrigated pre-plant and three additional irrigations totaling 14 1/2 inches. Rain, in the amount of 22.93 inches, was received from April 1 to October 1. All plots were fertilized at planting time at the rate of 300 pounds of 13-39-0 per acre. Fertilizer was side-dressed about 4 in. to the side and 4 inches below the seed. For insect control, all plots were sprayed three times with a mixture of Endrin and Chlordane. The experimental area was cultivated with a shovel cultivator and flame cultivated twice for weed control.

The nineteen varieties were rated as to lint yield, early vigor, bloom date, stand height, number of bolls per plant, earliness of maturity, and ginning percent. The report also includes, for the first time, three harvest dates, October 7, November 11, and November 25. Data listed for each of these dates gives detailed information for each variety in ginning percent, grade staple, micronaire, Pressley, U.H. M., uniformity, and length of all fibers.

Varieties tested were Austin, Paymaster 8890, Rex Miller, Dixie King, Paymaster 54-B, Fox-4, Blitmaster, Auburn 56, Lockett 4789, Storm King No. 1, Parrott, Storm King No. 35, Arizona Acala No. 44, Storm King No. 41, Gregg, Lockett 88 A, Storm King, No. 6, Paymaster 101, and Finck.

The Federal Land Bank of Houston reports:

1. Loan to Farmers and Ranchers of Texas at an all time high, applications in 1961 through March 9th totaled more than 10 million dollars.

2. Rayburn L. Smith, Manager of the Shamrock Association servicing Wheeler Collingsworth Counties reports this Association listed among the high 20 both in number of loans closed and in dollar volume in January and February.

Recent surveys reveal that the majority of farms and ranchers want most in their loans. They want a low interest rate, a friendly and understanding attitude on the part of the lender and a repayment schedule adapted to their income. A Land Bank loans readily meets all of these requirements and more. We in the Land Bank system know this, and it is our responsibility to see that more farmers and ranchers know it too.

EDITORS NOTE: The purpose of the above ballot is to help educate the young voters in our area in the way to mark a ballot. As you know, in the last election a very large percentage of Wheeler County votes were not counted because they were "mutilated" or marked improperly. We are not running this sample, marked such to indicate that you should vote for Mr. Jim Wright that decision must be your own. However, we are suggesting that you use this method to mark your ballot.
