Ex-Student Teacher Reunion Sat., June 11

Shower For Fire Victims

A Fire Shower will be given Rex and Lucille Helton Tuesday, June 3 at the Briscoe Cafeteria, beginning at 7:00 P.M. The Heltons lost their home and its contents in a house fire early Friday morning, May 20.

Mrs. Jim Helton shares a party phone line with the Heltons and heard the phone making a strange jingle. When she checked, she found the line dead and proceeded to check the cause. Spotting the red glow in the direction of the Helton home, she drove to the home of her daughter and phoned for the fire department.

When the fire department arrived, it was too late to save any of the structure. It had apparently been burning for some time before discovery.

The Heltons were returning from a trip to California and were not notified of the fire until they returned home.

The cause of the fire could not be determined.

Wheeler Public Library To Host Summer Reading Program

WANTED

All cowboys and cowgirls between the ages of 5 and 10 are invited to come to the Wheeler Public Library this summer to read their way through an exciting summer circuit of rodeo fun. The theme of the 1983 Texas Reading Club is **READING RODEO**, and thrills aplenty are planned for everyone.

All buckaroos are asked to come outfitted with western attire. Pictures will be taken for the local paper each time the summer reading program meets and during the first meeting time individual pictures will be taken for a wall display and then given to each individual when the reading program is over.

There will be stories, films, crafts, book reviews and stick horse races. We will also have a program given by Sue Stiles on the care of a horse and its gear. Other programs are being planned for future dates.

The summer reading program will meet for the first time on Monday, June 6 from 1:00 pm to 2:30 pm which will include time to check out books and get the book count recorded.

Mothers are asked to get the children to the library as the program will start on time this year in order to get all activities planned done in the allowed time.

Anyone wishing to make a donation to the library to go toward prizes will be greatly appreciated as funds are scarce this year. We can also use volunteers if anyone has time to donate. For more information, contact the library trail boss at 826-5977.

Those who have not visited the building frequently do not realize just what a fine building this is going to be. It is something that the Wheeler people will be justly proud of, for it is built from the labor of the hearts and hands of the best people of the community.

A cornerstone has been secured and announcement will be made some time soon of the date for laying of the cornerstone, at such time it is planned to have a nice program.

Rev. J.A. Laney, pastor of the church has labored harder than many people know to see that everything is done right and he deserves much credit for having built a new church in Wheeler.

This article is taken from a paper found behind the cornerstone of the old church building which is now being razed to make way for a new fellowship hall. Thought your readers might like to share it. The old paper is very fragile and in very poor condition that makes copying and reading very difficult.

PROGRESS: The fellowship hall of the United Methodist Church is only a memory now, as workmen finished the clean-up work this week. The church will construct a new fellowship hall to match the classroom building completed last year. The razed structure was completed in 1927; among the articles found when the corner stone was removed was a "current" copy of the "Wheeler NewsReview". The article concerning the construction of the church reads as follows: **WHEELER NEWS REVIEW** October 16, 1924

CHURCH NEARS COMPLETION
The roof is going on the new Methodist church this week and it is expected that the work of plastering the walls and putting the concrete floor in the basement will begin in a few days.

WARNING TORNADO ALERT

With the issuing of a Tornado Watch for the Wheeler Area, members of the Wheeler Fire Department report for duty to stand guard and report any threatening clouds approaching Wheeler for the duration of the watch.

Should a funnel be cited approaching Wheeler, the siren will be sounded for citizens to take shelter. Two (2) thirty second blasts of the fire siren are sounded for the citizens to take shelter immediately.

On occasion, the fire siren blasts to call firemen to a fire; a series of blasts 5-10 seconds in length.

Amarillo Weather Bureau calls the Sheriff's Office to notify the city of approaching weather.

For citizens who have barometers set for this altitude, a reading of 29.30 indicates it is time to take shelter.

Care Center Comments

Laura Guthrie

I have also failed at getting the reports from the Care Center. Last week I missed going because of illness. This week when I went I failed to find my reliable informant, Mr. and Mrs. Hyatt and Pat McWhorter had gone to Amarillo with a patient.

But I noted that the rain that is so good for most everything and everybody has done a lot of damage to the newly seeded lawn. After so much hard work, that is a bit discouraging. But in time repairs will be made until finally the scars will be covered.

I visited a number of residents today. All were in good spirits, a lot were improving, nobody seemed to be unhappy.

Mrs. Ivey was so pleased that her daughter, Lou and husband Bill Fisher from Midland had visited her on the weekend. Also, some time last week, Erlene Hamilton and Bertha Eller of Borger, long

time friends had visited with her.

Helen Linkey had had alot of visitors in the last few days. They are Mickey Macina, Alice Faulk, Mark Pace, Josephine Draper, Gene Scott and Tod Dyess, from Shamrock. Also Tully Hunter, the Youth Director of the Shamrock Methodist Church and Mrs. Bob Lewis of Temple, Texas, have been guests.

Volunteers are doing a great work. But YOU are needed. When you visit at the Center see Pat McWhorter and volunteer for an hours or so. Or call either Bobbye Hill or Pam Hibler and tell them what you are willing to do. Thanks.

Memorials have been given by Mrs. and Mrs. Coyse B. Holt in memory of Laubert Moore; Mr. and Mrs. Joe Rogers in memory of Dennis Kinnard; and Alta Jean Davis in memory of Bud Vanpool, Florine Liles, and Dennis Kinnard.

Donations have been given by the Eastern Star for art classes, and by the Young Homemakers for the beauty shop.

Cow Calling Contest

A full schedule of events will highlight the weekend of June 3rd and 4th as the 35th Annual National Cow Calling Contest is staged in the "Little City With a Big Heart", Miami, Texas.

Events will be kicked off Friday night, June 3rd with the 1983 presentation of the Frontier Follies. The Follies presentation this year is entitled "Swaney Songs of the South" and features variety entertainment for the whole family. The Follies will begin at 8:00 PM in the Miami High School Auditorium.

On Saturday, June 4th, activities get underway at 9:30 AM with the Pioneer Roundup in the Miami Community Center. The Roberts County Museum will be holding open house throughout the day.

Serving of pit cooked ranch style barbeque will begin promptly at 12:00 noon with beef, beans, and trimmings being served by members of the Miami Volunteer Fire Department. The Cow Calling Contest will begin at 1:00 PM. Team roping is also scheduled for Saturday at the Miami Roping Arena.

To round out a weekend of activities a Western Dance is scheduled at 9:00 PM in the Roberts County Barn, featuring the music of Frankie McWhorter and the Over The Hill Gang.

The Miami Chamber of Commerce, sponsoring organization for the National Cow Calling Contest, welcomes one and all to come, participate and enjoy a fun-filled weekend of activities in one of the most scenic, friendly, and progressive little cities in the Panhandle—Miami, the Heart of Cattle Country.

Here & There

Laura Guthrie

I've been out of commission for a couple of weeks, one time because the paper was so full of school news, and the other time I was waylaid-or laid low-by a certain little bug that can wreck your whole system for a week or so. So I will go back just to catch up with a bit of back news.

You remember I told you to watch for the red roses. They are pretty widely scattered over town, but I get full benefit from my neighbors display across the street. Sybil Nelson has quite an attractive 'arrangement' on her front porch. Down the street, less than a block the Buster Callans have some huge bushes. They are very showy, but on closer observation there are many other beautiful roses in town. The Peace rose is one that is doing mighty well now.

School is out and I am just about out of a family. Steve is in Arizona. Rose Milburn, his sister from that state visited overnight. As she returned home, Steve trailed along in his little red car. Not sure he will like being an Arizonian. He let me know that he could come back.

Melinda, my other granddaughter, and her mother Lydia Guffey, of Abilene, came just before school was out. Lydia met a sister from Oregon, and another sister and her family from Oklahoma City, in Shamrock, where they visited with their dad, Mr. Bill Lang and his wife, Zenith.

About two weeks ago Mr. and Mrs. Clarence Killingsworth made a trip to Stephenville where they attended a 50th Wedding Anniversary of a cousin. While in that vicinity

Vetola Parker
Didn't know till recently that Ray Ault built Alton and Ariel Lohburgers house.

Sheridon Parker of Dumas, made the honor list again with a 90 plus, in all her subjects Billy got 1st in ball throw, 2nd in shot put.

Bob Markham visited us Tuesday afternoon.

Tuesday, we had a bad cloud at Canadian from 6 p.m. till 8 p.m.

Mable Parker says Ray is going to build her a big living room onto her house.

Tuesday night 8:30 raining out of the southeast. 15 to 9 marble size hail has the ground almost covered.

Don't look back, something may be gaining on you.

Rained again Wednesday night, bad looking cloud, no hail tho.

Thursday afternoon, Colie and I went to Pampa to Dennis Dougherty's graduation, and as it ended, about 1/2 took their tassels of their caps and threw their caps in the air.

Then Friday after, Zetha got off work at 3 p.m. She took us to Dumas, Bobby James graduated Friday night there.

There were 159, I think, in this graduation. And about 1/2 threw their caps in the air some with their tassels still on the cap.

We came home Friday night for our get together here Saturday. Andy and Tracie Davis from Bentonville, Ark., and Cathy Helton came for dinner.

I never did see Seniors throw their caps before. I will tell what they did in Okla. City the year Roger Mathis graduated. The students made this up when the authorities handed them their graduation certificate and shook their hand. The student dropped a marble in his hand and there were 1001 graduated that year. They authorities got their pockets full, hands full, and marbles rolling everywhere. They finally brought in a box to put the marbles in.

At Pampa and Dumas the parents sponsored an all night party.

Billy Parkers baseball team has won 6 games out of 8. They won Friday night 15 to 7. Pretty good.

Marianda Parker, 10, won 1st in hurdles, 1st in 400 relay, 2nd in 1200 relay, 3rd in 200 dash, 5th in 800 relay, 4th on art in the fair all in one week.

Now she doesn't have those long legs for nothing I guess. Now congratulations to Marianda.

I started having Tina Lanice Waters in my news when she was born. I pictured her 11 or 12. And do you now she graduated in Pampa Thursday night. Was I shocked. I saw Mrs. Wheelers, Cheryl's mother, first time in I can't remember. I never saw such a turn out at backplaces and at LoneWolf week before. What I hated to see was preacher M.B. Smith had to stand up the entire program and Zetha and I would had have had to stand up but another preacher let us have his place. All seats were full and standing in. Was it hot. We had the programs to fan with to get a little wind.

Dale and Mildred Mathers

from Mayer Ariz., and Larry Mathers from Garwin, Iowa came to visit Cliff and Dorothy Walker Friday. They left Monday. Others there Sunday

were Vern and Susie Lohburger and Suzanne, Lucille Tipps Margie Serell from Wheeler. They all went to Morland, Okla., cemetery. They visited relatives in Morland.

Colie and I had our yearly family get together Saturday, 28th and we really had a crowd. There were three that

came. I had enough cooked up for a 100. Saturday night at 12, Leroy and Janice Parker, Augie, Susie, Katie and (Judy and Mickys girl Paula came) Lee came Sunday. Sunday afternoon Nelson and Gayle and Chrissy came. All the other kids had to work. Kim got home from work at 8:30.

Began raining last night at 3 o'clock here. Still drizzling down at 11:00. No mail carrier today so will have to take this to Wheeler in the morning.

Mattie Jackson visited Mrs. Stuart last week. Mrs. Welch visited Mattie.

Mattie talked to Birdie Lue. Lyda had had a buck set and was not doing so well.

Andy and Troice Dave's and Kathy Helton was our three for dinner Saturday. Andy and Troice went to Borger Sat. eve. The Dave's had their get together Sunday in Borger park. Of course Colie and I and Kim were here.

I understand Rex and Lucille Helton have a fire shower Friday night at Briscoe gym, June 3rd.

Talked to Mary Hudson Monday eve. She and the Lesters sister Alta Fwamer was watching it rain. They had 1 1/2 inches. Alta came up Thursday from San Angelo Friday. Mary and Alta went down to see Lester in the Care Center. There set Leroy and Lavern Hudson, visiting Lester from Arlington. Lester is much better and has gained 3 pounds since he went there Saturday. They were doing pretty good.

Alta served, Mary cooked and cleaned Monday.

Mary, Alta and Pat Hudson went to Borger Saturday night to Randy Gatlin's graduation.

Friday night they attended the Vacation Bible school program at Briscoe.

Michael and Kila Crossland spent the weekend with Tom and Alice Bell Helton. They are from Graham.

Tuesday night Sybil Nelson, Larry and Vicky Nelson came to Tom and Alice Bell's to go to the cellar.

Tom and Alice Bell visited Choice Scott Thursday. She is in the hospital now. She went in Saturday or Sunday with inner ear infection. They also visited Gene Gudgell in the Wheeler hospital.

David Wright and Charles Finsterwald went to Colo., to visit David's aunt Florene and cousins. They came home Monday. They said they saw 2 days of rain before they got home.

Friday Essie, Marie and Ann Wright went to Amarillo to Jeff Reynold's graduation. They spent the night with the Don Reynolds Saturday. Essie went to the eye doctor at High Plains Hospital.

Don and Lavern Patterson and Lisa came from Carlsbad. They all spent the night at the Reynold's and came home with Essie. They came by Old Mobeetie Jail and enjoyed this.

After church Sunday, Don and Mona Reynolds came down and spent Sunday night with Essie and boys. They all went home Monday.

Most everyone seems to have one inch to 1 1/2 inches of rain. Sure nice to come down slow and soak in, no run off.

Got so cold Monday, Nelson built a fire in the woodstove.

Willine Waters said Ray said they had gotten 3 inches of rain Saturday night. Now I don't think he emptied his rain gauge like we didn't.

There was a retirement celebration cookout for Mr. and Mrs. Cody Gilliland in Pampa Saturday. Ones there were Debby and Scobham McEvoy from Wasilla, Alaska. Gayle and Jeff Helton, Amar-

her doctor. Her fractured hip is gradually healing. To Ida it seems like a long time in the process.

Lyle and Vida Blair, of the state of California, are spending some time with her sister Ollie Jaco, and daughter Lavelle. I'm sure a lot of people in our community have friends and relatives in Houston, where so much storming went on last week. The only one that I have heard from is Rodney Weatherly and his family. They were safe but the church

where Rodney preaches, at Cosby, was slightly damaged. Helen Holloway of Austin, came by last Monday. She had been to Allison to attend the funeral of Steve Dollar. She found me in sort of a bad way. But by Tuesday she was stewing a chicken, making the broth rich with vegetables, and started me to eating again after a three-day fast. By Wednesday she thought I was on my way to recovery, so she left, going by Amarillo on her way home.

Pat and Harold have spent a few days with her sister Mary Wofford, and visited the Harcastles. Harold was pretty busy spraying a herbicide on pasture mesquite. But Monday being a rainy day they went home to Vernon. He will probably be back when the weather is dryer.

Gordon and Bennie Mae Whitener are spending several days here visiting with Gary and Nancy Miller and other relatives.

David and Debbie Miller of

Amarillo spent the holiday here with his parents, Gary and Nancy Miller.

John and Nelda Brewer of California are visiting with her parents, Ed and Irma Riley and other relatives. They will remain here until after the wedding of the niece, Cheryl Henderson to Tony Hunter, next Saturday night.

Mrs. Mary Cole of Amarillo, was visiting with relatives here over the weekend. She came with her son Everet and wife who spent the holiday on their ranch in the Briscoe community.

Adrian and Dorothy Risner left early Saturday to drive to Denver, where their granddaughter, Kari Childress, joined them, in order to spend a few weeks here. They returned to Wheeler Monday.

Mr. and Mrs. O.L. Forrester spent part of last week with her sister in Stinnett. On Wednesday Mrs. Forrester checked with her doctor in Amarillo.

Projections are that in 1995 there will be 28.5 million people in services and 22 million employed in manufacturing. That means over half

BUYING FRUITS AND VEG. FOR HOME CANNING

Do you wonder how many fruits or vegetables to buy for home canning? You can expect to get about 30 to 44 pints of peaches from one bushel of peaches.

You can expect 30 to 40 pints of snap beans from one bushel of green beans.

Knowing this can help you decide if it is economical for you to buy beans for home canning.

For information on yields of other fruits and vegetables call or write your County Extension Agent for a copy of B-194, "Home Canning Fruits and Vegetables."

CANNING GREEN BEANS
Do you have a surplus of green beans or can you buy them at a reasonably low cost? Try canning them so that you can have summer goodness in the middle of winter.

You haven't canned green beans before? Here is how. Prepare the beans just as you would for cooking—by

snapping or cutting them into 1 or 2 inch pieces—or you might leave them whole. Pack them tightly into clean jars to 1/2 inch of the top of the jars while still raw. Cover them with boiling water leaving 1/2 inch space at the top of the jar. If salt is desired, add 1/2 teaspoon for a pint and 1 teaspoon for a quart. Wipe off the sealing surface of the jars and close according to the manufacturer's directions.

Place the closed jars of hot beans in a pressure canner, which has 1-1/2 to 2 inches of boiling water and a rack to hold the jars off the bottom of the cooker.

Place the lid on the canner and fasten securely. If the lid has clamps, tighten opposite clamps moderately at first. Then go back over the whole

set to tighten each pair as much as possible, with your fingers only.

Leave the petcock open until the steam escapes steadily for 10 minutes so that no air is left in the cooker then close the petcock. If air is left in it causes a vacuum and draws the liquid off the beans.

Count the processing time as soon as the pressure reaches 10 pounds. Keep a uniform pressure by adjusting the heat or by moving the canner carefully.

Process the snap beans 20 minutes for pints and 25 minutes for quarts.

At the end of the processing time, remove the canner from the heat.

Allow the canner to cook until the gauge registers zero.

Open the petcock gradually, and remove the cover. Leave the beans in the canner about 5 minutes. Take them out of the canner and place them right side up on a rack far enough to cool quickly. Do not place them in a draft or on a cold surface to prevent them from breaking.

Remember—no better beans will come out of the jars then went into them, so be sure to use good quality beans. If you do this and follow the directions carefully, you will come out with beans that are olive green and have the flavor of freshly cooked green beans.

If you want more information on canning, call or write Linda Daughtry your County Extension Agent for a copy of B-194, "Home Canning Fruits and Vegetables."

CANNING PEACHES
It soon will be peach season again. Do you have a surplus or can you purchase them at a reasonable price? You can have them any time of the year by canning them.

You haven't canned before? Well here is how.

Wash and peel them just as you would prepare them to be eaten fresh, or plunge them in boiling water for 2 minutes or until the skins slip. They can be halved or sliced, but be sure to remove the pits. Pack the peaches into clean jars, leaving 1/2 inch at top of the jars. Cover with boiling syrup made with 2 cups sugar to 4 cups water. If you like a sweeter syrup, add more sugar. Wipe off the sealing surface of the jar close according to the type of lid being used.

Place the jars in a boiling water bath canner which is a large container with a rack in the bottom to hold the jars about one inch from the bottom. It should be tall enough to have space to cover the jars with one to two inches of water and about the same amount of space above the water.

The water should be hot but not boiling when you place the filled jars in the canner. Place lid on canner and bring the water to a rolling boil, but reduce the heat just to boiling. This prevents the juice from being drawn out of jars.

Boil pint jars 25 minutes and quart jars 35 minutes.

Remove the jars from the water bath and let them cool away from a draft.

The peaches can be canned without sugar if you prefer.

If you want to know more about canning, call or write Linda Daughtry, County Extension Agent for a free copy of B-194, "Home Canning Fruits and Vegetables."

Your granddaddy called it "horse-tradin' "

Today, we call it **BARTERING...**

...and it's quickly becoming a highly accepted alternative to the traditional cash way of doing business.

Through a sophisticated computerized system, SOUTHWEST EXCHANGERS, INC., brings buyers and sellers together to barter goods and services at full dollar value. Individuals, retailers, wholesalers, manufacturers and professional people can pay for their needs by trading their own services or products using SEI TRADE CREDITS instead of cash.

Now, instead of bartering one-on-one like your grandfather did, you sell your goods or services earning SEI TRADE CREDITS which you can spend for products or services offered by any other member of the SEI system. Plus SEI now has reciprocal agreements with three other barter systems, expanding your bartering universe even more.

WHY PAY CASH WHEN YOU CAN BARTER!

Vecera-Schaffer Nuptial Vows Are Exchanged Saturday, May 28

Wedding vows for Hedi Lyn Vecera of Crowell, Texas, and Samuel Carlton Schaffer of Wheeler, Texas, were read in the First United Methodist Church of Crowell at 8:00, in the evening on May 28, 1983. The bride's parents are Mr.

and Mrs. Travis Vecera, of Crowell. The groom's parents are Mr. and Mrs. Sam Schaffer of Wellington, Texas. The Reverend Steve McElroy of Slaton, a former pastor at Crowell, read the rites, with a double ring ceremony.

Brass candleabra formed an arch over the altar. Pastel lilac flowers and sala greenery decorated the base. This was surrounded by swirl of spiral candleabra. Centered in front of the altar was a brass pedestal on which was mounted

the Unity Candle.

The organ music was played by Mrs. Leroy Conner of Vernon. Scott Manley and Della Fisher sang You and I, Scott Manley sang Truly, and the groom's uncle, Mr. Paul Harding and his wife sang That's The Way.

The bride's formal gown was of white Crystalette and hand clipped Chantilly lace. The empire bodice featured a Mandarin neckline, and a lace yoke edged with a self-puff. Lace marked the waistline, trimmed the long tapered sleeves and topped the deep ruffle flounce of the A line skirt that extended into a chapel train. A demi-cap of Chantilly lace embroidered with seed pearls held the finger-tip veil of imported illusion. This dress had been worn by two of the bridesisters. The bride's bouquet was a cascade of lilac stephanotis, white sweetheart roses and baby's breath, atop a white satin wedding Bible.

The bride's father escorted her to the altar. The Matrons of Honor were the bridesisters, Mrs. Rhonda Naylor and Mrs. Anita Manley. The gowns of these attendants were of lilac polyester voile, made with spaghetti straps tied at the shoulders. The comesole-style bodice was tucked, accented with lace, applique and simulated pearl button trim. A peplum was at the waist, and the skirts were tiered. They carried white parasols with lilac bows at each point and a mini-corsage on the handles.

The bridesmaids were Dana Weldon of Canyon, Kapi Nance, cousin of the bride, of Tuttle, Okla., Jonna Naylor, Thalia, and Mrs. Diane Bond, sister of the groom, of Shamrock. They wore gowns identical to the Honor attendants. The candlelighters were Jody Graves and Brenda Taylor, both of Crowell. The ringbearer was Drew Jeffers of Anson. The flower girls were Haley Naylor, niece of the bride, of Granbury, and Tibatha Bond, niece of the groom, of Shamrock. The Best Man for the groom was Myron Jolly, a friend from Wheeler. The groomsmen were friends of the groom; Billy Stewart, Ronny Gaines and Marvin Grimes, all of Wheeler; Craig Wyrick of Big Springs and Keith Williams of Vernon. The ushers were Keith Bartley and Richard Vandever of Amarillo; Dean Schaffer, a cousin, of Spearman and Mark Gilmer of Wheeler.

The bride's mother was dressed in a floor-length, lilac ruina gown. It was styled with ragland sleeves, boat neck and a gathered skirt which fell from a natural waistline. Her corsage was of lilac miniature mums. Her accessories were white. The groom's mother wore a mauve crepe. A tie sash

complemented the waist line. This was topped by a sheer jacket that flows into long gathered sleeves. She wore matching accessories and a miniature mum corsage.

A reception was held in the Fellowship Hall of the church. The bride's table was draped with a lilac satin cloth covered with white chantilly lace with matching swags of lilac satin caught up with bows and wedding bells. The four tiered cake was decorated with a garland of lilac and white roses and topped with a miniature bride and groom. Centering the table was a candle epergne holding an arrangement of lilacs and white stephanotis, carnations and mums.

Other appointments were crystal and silver. The groom's table was covered with a lilac satin cloth, centered with an arrangement of chosen flowers. The carrot cake was in

letters of G.E. Other appointments were silver. Those who assisted with the serving were Sue Morrow, Capulin NM, Donna Feerrel, Memphis Tex. Mrs. Patsy Bachman, Rayland Jill Bell and Carolyn Halsell of Crowell. Miss Donna Vecera, sister of the bride registered the guests at a table similar to the bride's. Other members of the party were Renee Warren, Lubbock, Terry McDaniel, Vernon and Mrs. Denise Holley of Crowell.

The couple will honeymoon in Colorado for a week, then they will be at home at 610 N. Cheyenne, Wheeler, Texas.

The brides going away dress was white Victorian blouse, V neck with applique lace. A prairie skirt fashioned with a pleated waistline, accented with white satin trim, with matching trim on tiers.

Rice bags were distributed by Christy Alba and Julie

Harding, cousins of the groom.

The rehearsal dinner was hosted by the groom in the Fellowship Hall of the church. The bridesmaid's luncheon was hosted by Mrs. Dorothy Autry and Sylvia Weathered, also at the hall.

The bride is a graduate of Crowell High School and West Texas State University. The groom graduated at Wheeler High School and attended Cisco Jr. College and WTSU. He is employed with the Greenbelt Electric in Wheeler.

What About Speaking In Tongues?

"Talking in unknown tongues" is a very controversial subject. Some people avoid the subject because they don't understand it. I might suggest that is a safer thing to do than attack it. Most people who attack it know nothing about what they are talking about. Some almost become verbally vicious about it. A few folks even say that it is of the devil. If that is so, why don't they do it in night-clubs and prisons and other places that are full of the devil's people? If tongues is of satan, when did God and satan change places? I mean, it was of God in Acts 2:4 and in Acts 10:44-48 and in Acts 19:1-6. The Apostle Paul said, "I would that ye all spake with tongues" (1 Cor. 14:5). Jesus Christ said that believers would speak in new tongues after He was gone (Mark 16:17). Jesus and Paul would certainly not advocate people doing something that the man who wrote about half of the New Testament, Paul, said that he thanked God that he spoke in tongues more than the whole Corinthian church: How

could a man write 13 or 14 books of the Bible, that most Christians claim to believe and live by, if he was mere coincidence that this fellow who spoke in tongues more than anybody had more abundant revelations from God than anybody (II Cor. 12:7). Every New Testament writer believed in speaking in tongues. Most of them, other than Paul, were there in the upper room on the Day of Pentecost when all were filled with the Holy Spirit and spoke in tongues (Acts 1:13-14 and Acts 2:1-4). Next week, I will state some benefits that the Bible gives for speaking in tongues. If you are desirous of knowing more about it now, feel free to call. We love to share the good things of God with others. We would be happy to give you a book on the subject that gives 10 reasons why every believer should speak in tongues along with the Scriptures for them.
