Chamber Of Commerce To Meet In Kelton Gym

FIVE ATTEND BANQUET IN OKLA. CITY

Five members of the local Kiwanis Club attended the Reception and Banquet Tuesday night in Oklahoma City honoring J. O. Tally, president of the Kiwanis International.

Hundreds of Kiwanians from the Texas and Oklahoma district at-

Mr. Tally, an attorney in Fayetteville, North Carolina, was elected president of Kiwanis International in June of 1960, assuming office in August of that year.

Mr. Tally attended Duke University and Harvard, receiving a Bachelor's degree from the former and a Master of Laws degree from the latter. He is a member of Phi Beta Kappa National honor fraternity, and Phi Delta Phi National legal fraternity.

He is a former Mayor of Fayetteville and a former Professor of Law at Wake Forest College.

The President is active in a wide variety of civic, service, church and social organizations. He is a Past President of the Harvard Club of North Carolina, the Duke University Law School Alumni Association, and of the Fayetteville Chamber of Commerce. In addition, he has a long and distinguished record in Kiwanis over the past fourteen years.

His wife also attended the meeting.

The meeting was opened by Rev. Walters, Jr., president of the Northwest Oklahoma City Kiwanis Club. And the group was entertained by the music department of the Oklahoma City University.

Those attending the meeting from Wheeler were: Lewis Lancaster, Harry Wofford, Arling Cornell, Gordon Stiles and Don Earnley.

NEW ALDERMEN ASSUME DUTIES

Adrain Risner and Bill Chapman, new city councilmen, took office last Thursday night and were immediately assigned duties by Mayor Thomas Daughtry.

Adrain will be in charge of the Street and Alley department and Chapman will take over the motor and power division of the city. James Verden will continue in his capacity as head of the Water and Sewer Department and W. D. Mitchell will be in charge of the Park and Sanitation department.

Again, Mayor Daughtry expressed his desire to please as many persons as possible and he extended a welcome to anyone desiring to sit in on council meetings.

Chester Bailey To Attend Summer Meeting On Bahama Island

Chester Roy Bailey, a theology student at the Southwestern Baptist Theological Seminary, Fort Worth, has been chosen to go to the Bahama Islands this summer in a missions program sponsored by the seminary.

Costing approximately \$3,000 for the project, the entire amount is contributed by students and faculty in the school. The summer missionaries teach Bible classes, vaca-

Chester is the son of Mr. and Mrs. Roy Bailey of Wheeler.

THEY'LL GET THE JOB DONE: Several local men and their equipment are pictured above shortly after completing a thank-less job at the Nicholson Football field. The men moved and scattered several loads of sand over the entire football field. They also filled some low places in the Northwest and northeast corners of the field. Before the project is complete, they plan to shape the field and chisel it and then pull a tandem disc over the entire playing field. Those helping with the project include Red May, who furnished a truck and drove; Coy Revious furnished a truck driven by R. D. Ferrand; Bill Hampton furnished a truck and drove; Pete Burton and Bud Vanpool furnished a truck driven by Roy Ford; R. J. Smith and Otis Ford furnished a truck and drove; Harold Lloyd Lee furnished a truck and drove; Jess Moore furnished a truck driven by Frank Caswell; Fat Jones furnished a truck and drove; Rondell Richerson furnished a truck and drove; Shelby Pettit furnished a truck and drove; W. O. Pendleton furnished a truck driven by Buck Rogers; K. D. Ford and Melvin May ran the two county loaders and Truman Bradstreet drove the county maintainer.

BAPTISTS AT MOBEETIE TO HAVE REVIVAL

There will be a revival starting at the First Baptist Church of Mobeetie April 19 and continuing through April 23. Services will be held each night, prayer meeting, starting at 7:30 and the evening service, starting at 8:00 o'clock.

Bro. Leslie Thompson of 5312 Gordon Ave., is to hold the Revival doing the preaching each night and on Sunday morning. Bro. Thompson is 33 years old, a native of Louisiana. He attended East Texas Baptist College at Marshall and graduated with a B.S. degree from Texas Wesleyan College at Ft. Worth in 1959. He is now a student at Southwestern Baptist Seminary in Ft. Worth and will graduate in July, 1961 with a B.D. degree. He served in the army during the Korean conflict 1950-52.

He has pastored three churches in Texas: Old Salem Baptist Church at New Boston; Swansville Baptist Church at Clarksville and presently pastor of the Enloe Baptist Church, Enloe, Texas.

He preaches as many revivals a year as his church work and seminary will allow. While in college he worked in the Baptist Student Union and Youth for Christ.

Caswell To Open "Modern Courts"

Howard Caswell said Monday that he plans to open the "Modern Courts" in Wheeler within the next 10 days. The courts, located on the East side of town will include two 16 by 12 kitchenette apartments and five sleeping rooms. The front of the court will have a large plate glass window and will house a beauty shop. A large neon sign has already been purchased to advertise the courts.

66 Truck Stop To Have Grand Opening

Leon Moore, new owner of the 66 Truck Stop Service Station in Wheeler is planning a big, "Open House" all day Saturday, April 15. Tom Harrison, who just recently purchased the Whitlock Oil Company and is the new Phillips 66 jobber in this area, will be on hand to get acquainted and help Leon with the celebration.

Bozo the clown will be present with gifts for everyone. And free coffee, coles and donuts will be served all day.

Leon will also give a free family size coke with each fill-up Saturday and will give a free lube job when the family size bottle is returned.

Leon, as most of you know, is a former resident of Wheeler County. He is the son of Mr. and Mrs. Loubert Moore.

Leon has invited everyone to come out and enjoy a free cup of coffee, eat a donut, pick up some prizes for the kiddoes and take home a big family size bottle of coke.

18TH DIST. OF AMERICAN LEGION AUXILIARY TO MEET IN SHAMROCK

Twenty eight counties are expected to be represented by delegates from 31 units at the Spring Convention of the 18th District American Legion Auxiliary in Shamrock, Tex., April 29-30th.

John Coleman of Wellington, who is 18th District President, announces the Convention Program: Registration will begin at 1:00 P.M. Saturday, April 29th at the Legion Building.

The Auxiliary will have a workshop in the Country Club Building at 3:00 P.M. featuring the Girls State and County Government Youth Program. This will be conducted as a panel with questions from the floor.

The ladies will be guests at a tea at 4:00 P.M. courtesy of the Shamrock Unit. Saturday evening activities will be those planned by Shamrock Legion Post. Sunday morning at 9:00, the Auxiliary will have a joint meeting with the American Legion. The Auxiliary business meeting will be conducted in the Country Club Building beginning at 1:00 P.M.

The guest speaker at this time will be Mrs. Otis Aaron of Dallas, Tex., who is a candidate for Department President. Her subject for discussion will be "What Constitutes a Good Auxiliary Program."

Mrs. Aaron has served as Department Chairman for most every committee and is now serving on Department Finance Committee. She was liaison Chairman of Area C. Rehabilitation Conference and the Southern States Child Welfare Conference in Dallas during the past year.

All units of 18th District American Legion Auxiliary can pride themselves on being the first 26 districts in the State to reach Membership Quota. Special District Awards to Units and individuals on membership work will be presented at Spring Convention by Mrs. Pat Prosser of Pampa, who is District Vice-President.

The President of the local American Legion Auxiliary Unit 130 of Wheeler Texas is Mrs. Gay Burton.

GROUP PLANS TO HELP IN KELTON PTA FINANCE DRIVE

Big things are in store for Kelton PTA's and Wheeler Chamber of Commerce members when they meet together Monday night in the Kelton Gym. The local Chamber of Commerce members are responsible for the program and the Kelton PTA members plan to prepare the meal. All of the proceeds from the gathering will go to the Kelton PTA.

PUBLIC SERVICE BURGLARIZED SUNDAY NIGHT

Robert Shugart, local Southwestern Public Service Company employee walked into the local office Monday morning and found that a robbery had taken place sometime Sunday night.

The burglar or burglars apparently entered the back door of the building sometime late Sunday night or early Monday morning and, in the well lighted building, proceeded to calmly tear the door from the large steel-fireproof safe in the Public Service office.

Bill Hensley, Texas Ranger from Pampa and Bus Dorman, Wheeler County Sheriff, both believe the burglary was the work of a professional gang. Because, they knew exactly how to open the safe using a crow bar and sledgehammer. The crow bar was left behind.

Watson Burgess, manager of the Southwestern Public Service office, estimated the cash loss at \$125.00, plus a \$42.50 coin collection belonging to Burgess. The safe door was completely ruined and two cash boxes were taken.

Only three checks were taken in the robbery. One on Nora's Cafe in the amount of \$7.97; one from B.M. Rogers of Mobeetie in the amount of \$5.62 and another from L. O. Eakin for \$1.50.

Two sets of footprints were found in the rear of the building.

George Gandy is in charge of the program arrangements and according to George, He has a dilly. He had made arrangements with the senior high school speech class to bring the program. They have scheduled several vocal numbers as well as a couple of real cute skits.

The meeting and program is planned for young and old alike. And as an attendance incentive, the Chamber of Commerce will have a corsage for the oldest lady in attendance, the youngest married woman in attendance and the lady with the youngest child in attendance.

Local merchants are planning to give door prizes and everyone is guaranteed to have a good time. So, come on out and enjoy the free food and entertainment. The Chamber of Commerce is footing the bill.

LAST RITES HELD FOR MRS. WORLEY

Funeral services were held for Mrs. C. H. Worley at the Methodist Church in Wheeler on Wednesday, April 12, 1961 at 2:30 P.M. with the pastor Rev. Bob Ely assisted by Rev. Gene Louder and Rev. Joe Veatch of Kelton officiating.

The popular Mrs. Worley passed away at her home on the Britt Ranch at 5:50 A.M. on April 9, 1961 at the age of 64 years and one day old.

Mrs. Worley was born in Eastland County, Texas on April 8, 1897. She was a housewife and member of the Methodist Church at Kelton.

She was married to C. H. Worley on December 24, 1913 and came with him to Wheeler County in January of 1915.

Two sisters, Mrs. Viola Moorhead of Pampa, Tex.; Mrs. Myrtle Snow of Irran, Texas. 18 grand children and 6 great grandchildren.

pall bearers included: Johnnie Burrell, Raymond Moore; Albert Anderson, Butch Turpen, Buddy Errington, Marvin Walker, Honorary Bearers were all members of her Sunday School class at Kelton Methodist Church.

Interment was in the Wheeler Cemetery under the direction of the Kirk Funeral home.

Two Working For Lone Star Award

David Heffley and Gayle Singleton of the Briscoe FFA have been working the past week with their advisor in preparing their record books for the highest degree that Texas Future Farmers can give a member in our state. Their project record books must be neat and perfect for this award. One of the many requirements is to have 500 dollars invested in farming. Both students have fed out commercial beef calves this past year. David finished five head and Gayle has fed two calves. Besides project programs the students must have shown leadership in their chapter. Again both boys are local chapter officers this year. David is also the District president. The boys are looking forward to getting their Lone Star Farmer Degree in Dallas, July 21. Their record books and applications will be submitted April 18th at Pampa the district FFA meeting.

There were guests from Shamrock, Briscoe, Pampa and Reydon, Okla.

A Mother and Daughter banquet was enjoyed by members of WSCS and guests Friday night at the school auditorium in Allison. A delicious dinner was served by fathers and sons. Guest speaker was Mrs. Marvin Cooper of Pampa.

The Mothers and Daughter who received special recognition were Mrs. Eula Markham, Mrs. Texas Childress, Mrs. Edyth Donaldson and Miss Dinna Gray.

There were guests from Shamrock, Briscoe, Pampa and Reydon, Okla.

Local Girls Receive Homemaking Degree

Dorothy Hall

Word was received this week that Carolyn Sims and Dorothy Hall's State degrees in homemaking have been approved by an Area Committee and they will be eligible to go to our State F.H.A. meeting in Dallas, April 27, 28, and 29th to receive these degrees.

This is the highest award which can be earned in homemaking in high school and is the first time in the history of Wheeler High School that any girl has ever attained the standards necessary for these degrees.

In order to earn a state degree, a girl must meet the following requirements:

Requirement 1. Has held the chapter homemaker degree at least since the close of the regular school year previous to the year that

the state degree is to be conferred.

Requirement 2. Has a two-year record of active membership in a local F.H.A. chapter which is following a planned program of work and projects.

Requirement 3. Has attached a copy of the planned program of work and projects of the local chapter for the current year.

Requirement 4. Has satisfactorily completed at least two years (4 semesters) of Homemaking instruction.

Requirement 5. Has an average of 85 in Homemaking and English and an over-all average of 85 in all other subjects from grade nine through the fall semester of the current year.

Carolyn and Dorothy, along with Catherine Lancaster and Fran Bor-

den, local F.H.A. delegates won by a point system, and (Mrs. Bennie May Whitener local Homemaking teacher, will leave Wheeler Thursday, April 26th to attend the State F.H.A. meeting in Dallas. Reservations have been made for these girls at the Statler Hilton hotel and the meeting will be at the fair grounds. Mrs. Harrison Hall and Mr. and Mrs. Lyndon Sims will accompany these girls as parents and see their daughters receive these degrees.

Carolyn and Dorothy are certainly to be complimented on receiving these degrees and it is hoped that many more girls will strive for this accomplishment. These degrees are on exhibit in the hall of the Homemaking Cottage and visitors are welcome to examine them.

WEED SEED

When it comes to sheer intrigue, I say dandelions are the world's cleverest weeds. First they hide beneath their yellow blooms, figuring I'll mistake them for flowers. Then when I have spent most of the summer rooting them out, the last cunning survivors always enlist the help of my own youngsters to plant a bumper crop for next year. But there are weeds more serious than dandelions—weeds which like the tares in Christ's parable are planted by an Enemy. These are my real concern when I think about my youngsters. I want no evil to choke or twist the character of my sons and daughters. Nor do I want them to spread the spores of evil that will undermine the character of others. I believe that God meant me to seek truth and moral courage through the teaching, preaching and fellowship His Church provides. Every Sunday I share these blessings with my family.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Craterville Tenth Annual Band Festival To Be Held April 14, 15

The Tenth Annual Band Festival will be held at Craterville Amusement Park 17 miles north of Altus, Oklahoma at the entrance to Quartz Mountains State Park, Friday and Saturday, April 14th and 15th. There is no entry fee and school bands from cities and towns throughout Oklahoma and North Texas have been invited to attend.

Colonel Earl D. Irons of Arlington, Texas, one of the leading band experts of the nation will judge the various events and the beautiful trophies secured as awards will be presented to the winners by Frank Rush, owner of Craterville Park, on Saturday afternoon at the close of the spectacular contests. The winning band will be asked to perform before ten thousand visitors to the park Sunday afternoon, April 16th.

Colonel Irons, who will judge the contests directed bands for thirty-three years at Arlington State College. He is a cornettist and composer of note. Among his compositions are brass solos, marches and overtures for band. He is past president of the American Bandmasters Association, honorary president of Phi Beta Mu, which he founded, honorary life member of Kappa Kappa Psi and has a commission as a lieutenant-colonel from the state of Texas.

Contests for All
There will be six contests for high school bands, six for Junior high bands and six for grade school bands. The class in which the bands will be entered depends upon the total enrollment of the schools from which they come.

In addition to the six-month contests above mentioned there will be special awards to groups of twirlers and majorettes, awards

COL. EARL D. IRONS

for the band coming the longest distance. There will also be awards for the band director entering the most classes and an award for the outstanding band director as well as one for the band bringing along the most parents to support their organization.

There will also be a sweepstakes award to the school winning the largest number of points and one to the band winning the least.

Several score bands have already announced that they will enter the contest and additional entries are being received daily. The festival promises to be the most colorful event of its kind ever staged in this section of the state.

Monday, Mrs. S. A. Blackburn, Mrs. Johnny Burrell and Mrs. Raymond Moore went to McLean for the W.S.C.S. Pampa District meeting. The program on missions was presented by Mrs. Pittard from Anson, Tex. who had just returned from a three month visit overseas.

She showed colored slides and films of the countries she visited. Those who missed this inspiring program, missed a Blessing indeed.

A family dinner was held Friday in honor of Mrs. Dora Stimpson and son at the home of Mr. and Mrs. Jim Ogle. Those attending were Mr. and Mrs. S. A. Blackburn, Mr. and Mrs. Jim Ogle, Jr. of Wheeler.

FEED GRAIN PROGRAM EXPLAINED

College Station, April 13—Highlights of the new feed grain program as they apply to Texas are pointed out by Director John E. Hutchison, Agricultural Extension Service and an ex-officio member of the Texas Agricultural Stabilization and Conservation Committee.

Hutchison said, in general, the new program provides for payments to producers who divert corn and/or grain sorghum acreage to conserving uses. Only those corn and grain sorghum producers who participate will be eligible for support prices for 1961 on their normal production of these two crops. In addition, corn and grain sorghum producers, who participate, will be eligible for support on other feed grains, oats, barley and rye.

The announced support prices for corn are \$1.20 per bushel average for all grades; grain sorghum, \$1.93 per hundredweight for grade No. 2 or better; barley, 93 cents per bushel for grade No. 2 or better; oats, 62 cents per bushel for grade No. 3, and rye, \$1.02 per bushel.

The payments will be in the form of negotiable certificates for which producers may receive grain or a cash equivalent of grain. Co-operators who wish to receive the cash equivalent of grain at the support price may ask the Commodity Credit Corporation to act as their agent in the marketing of the grain. As agent, CCC will advance the payment to the producer in cash through the county ASC office and subsequently market the grain.

Half of the estimated total payment for a farm will be offered to the producer as soon as he signifies that he will cooperate in the program, Hutchison said.

Growers who participate in the program will reduce their corn and/or grain sorghum acreages by a minimum of 20 percent below their average acreages for the 1959-60 period.

For diverting acreages equal to 20 percent of their base or 20 acres, whichever is larger, producers will be eligible for a payment equal to 50 percent of their normal production on their diverted acres times the county support price. Actual payment computation will be based in a payment rate per acre for the county times the acreage diverted and a productivity index for each farm, which will reflect its normal production.

There is also a provision, the director said, for further reductions at a higher payment rate. This additional reduction can be any amount up to 20 percent more. As an added incentive, the higher rate will be 60 percent of normal production. The payment will also be computed in the basis of an average county rate and a productivity index for the farm.

The acreage diverted from the production of corn and/or grain sorghum must be put to conserving uses. They will be in addition to the 1959-60 acreage on the farm donated to soil-conserving uses. The conserving uses for the diverted acres under the feed grain program will vary by areas, but in general, will include permanent-type rotation cover of grass; and legumes; temporary cover of grasses legumes; or small grains; water storage; wildlife food; habitat plantings; tree; shrubs and cropland in volunteer natural cover or in protested summer fallow if county committee determines it is not practical to establish cover. The diverted acres cannot be harvested or grazed in 1961.

Hutchison suggested that interested producers contact their local ASC office or county agent for program details. Educational meetings will be held in all feed grain-producing counties, he said.

CANADIAN PCA PLANS 27th ANNUAL STOCKHOLDERS MEETING

Stockholders and guests from the six-county area of the Canadian PCA will attend the 27th annual stockholders meeting of the Canadian Production Association, Canadian PCA, in the Canadian City Auditorium Tuesday, April 18.

Registration will begin at 9 a.m. with the business session scheduled at 10 a.m. followed by the barbecue luncheon at noon.

Highlights of the meeting will include election of three members of the board of directors, a special address by Reagan Brown, Station, Rural Sociologist, the Texas A&M Extension Service and a barbecue luncheon served to all members.

A special added attraction of the meeting will be a demonstration of tax management for a livestock operation by the Gray County 4-H Management Team which will compete in the annual management contest at the annual Texas Roundup at Texas A&M College in June, Canadian PCA manager Ervin Crowell has announced.

Directors will be elected for three years. Four and Five Nominating Place Three are incumbent Hugh F. Parsell of Canadian, Ed Tuley of Miami, Incumbent H. H. Kealey, Dale Devo and Marvin C. Pampa and Place Five, Dale Nix of Canadian and H. H. Kealey.

Kealey has been a director since 1951 and is presently serving as president and has been on the board since 1943. Nix was appointed to the board in 1956. The unexpected term of Smith who resigned due to illness has been a member of the association since 1956. Other directors are Wallace N. Hamker of Graham, B. Henderson of Wheeler and Lawrence Elly of Perryton.

Other business activities scheduled for the meeting include a report from the board of directors by

President Kealey and the secretary-treasurer's report by Manager Crowell.

Elis Lanier, assistant vice president of the Federal Intermediate Credit Bank of Houston, will make a special report on current trends and problems in agricultural credit. The Credit Bank serves as a supervisory and discount agency for all 36 Texas associations.

The Pampa Shrine Club will serve a barbecue luncheon which will climax the meeting.

The Pampa membership committee of the Canadian PCA is in charge of arrangements. J. D. Skaggs of Pampa is committee chairman and will also act as master of ceremonies for the meeting.

The Canadian PCA, organized in January, 1934, is owned and operated in its entirety by its stockholder-borrowers. It serves as a source of short and intermediate term credit for an area composed of Ochiltree, Lipscomb, Roberts, Hemphill, Gray and Wheeler Counties.

The central office is located in Canadian with field offices in Pampa, Perryton, and Wheeler.

The association in 1960 had nearly 500 stockholders and a loan volume of more than \$3,000,000.

Other administrative personnel in addition to Manager Crowell are Assistant Manager John R. Ball of Canadian, Field Office Manager Lynn Futch of Pampa and James Verden of Wheeler, Assistant Treasurer Parilee Ellis of Canadian, Stenographer Elise Krebbiel of Canadian and Bookkeeper Jean DeArment of Wheeler.

The Canadian PCA is one of 36 associations which provide a sound source of agricultural credit to all 254 Texas counties. Since their organization in 1933 and 1934, the home-owned and operated associations have loaned more than \$8 billion to Texas farmers, ranchers and dairymen.

Mrs. John Ho'comb is visiting her mother in Memphis this week.

Adults Receive 4-H Alumni Citation

Mrs. Jerry Matus

Sallie Hill

John Allen

Each received the state winner burnished copper alumni recognition plaque mounted on walnut from the Chemicals Division—Agricultural, Olin Mathieson Chemical Corp. One of the objectives of this program is to further demonstrate the lasting value of 4-H activities as a training ground for good citizenship.

While Mrs. Matus was Annie Laurie Tassler she kept busy with 4-H Club work for eight years in Lavaca county. Her major projects were clothing, dress revue, home improvement, garden, canning, food preparation and home grounds beautification.

Now principal and teacher of Moravia School, she first started teaching in 1938, but was a homemaker from 1942 to 1953. She is far in front with leadership for youth, civic, public, church and school activities.

Last year she was secretary of the Lavaca county unit of the Texas State Teachers Association. She has two daughters and a son.

Miss Hill is now senior home editor of the Progressive Farmer magazine after serving 27 years as editor of the publication's home department. In 1954 Miss Hill was elected vice president of the Progressive Farmer.

During two years of 4-H work in Park county she took up tomato culture and canning as her major projects. Today she is widely recognized and respected for her knowledge of farm home problems.

For eight years Miss Hill taught in rural Texas schools and then became home demonstration agent in Kaufman and Tarrant counties. She taught Negro Extension agents of 15 Southern states for two years under supervision of the U.S. Department of Agriculture and the Rosenwald Foundation.

A former vice president of the National League of American Pen Women, she also is a former president of the Alabama Writers Conclave and National Farm and Home Editors Association. She was secretary of the Association of Southern Agricultural Workers.

A graduate of West Texas State College, she did graduate work in home economics and journalism at Columbia University.

Miss Hill contends that "4-H training influence has permeated my various undertakings in adulthood—teaching, home demonstration work and later in the magazine field."

McQueen, now physical education instructor and coach at Harlingen School, concentrated on poultry for his major project while in 4-H Club work in Hidalgo county. He also was city recreation leader of Kingsville and principal and coach of West Oso High School, Corpus Christi.

Both of his children have taken up 4-H activities.

Allen, the Gregg county representative in the Legislature, was in Lamar county 4-H Club work for four years. His major projects embraced cow and calf, pigs, cotton, corn and peanuts. Today he is vice president of radio station KFRO.

Active in a variety of youth movements, Allen was selected as the Outstanding Citizen of Longview for 1959 by the Junior Chamber of Commerce. He is a past president of the Optimist Club.

Cancer Info Kits For Libraries

Shamrock, April 10 — "I am writing a term paper on health problems. Please send me all the information you have on cancer." "I am making up a project for a science fair, and need information on cancer."

"I am a student nurse and have been asked by our instructor to compile material on services available from voluntary health agencies."

These are typical of hundreds of requests for information on the subject of cancer received each year by the Texas Division of the American Cancer Society, its branch offices, and volunteers working in the program.

Now thanks to a special project just completed by the Wheeler County Unit of the Society, the answers to these and many other questions about cancer may be found in eight libraries in Wheeler County.

Reference kits especially prepared for library use were presented to representatives of some of the libraries here yesterday by Helen Cullers, President of the Wheeler County Unit, and will be presented to the remaining libraries later this week.

Libraries in which the material will be available are: Wheeler and Shamrock Public Libraries; Allison, Briscoe, Kelton, Mobeetie, Shamrock, and Wheeler High School Libraries.

In making the presentations, President Cullers pointed out that the kits not only provide basic information about cancer, but also current information which will be kept up to date by periodic mailings from the Texas Division of the Society.

"The fact that information about cancer, properly acted upon could save the lives of thousands of Texans each year has made us very anxious to have this information in our libraries where it will be most easily available to all," Cullers said.

Included in the kits are folders of information on cancer research, cancer education, facts and figures about cancer, cancer the disease, and the American Cancer Society and its program resources.

Each library will also receive a copy of "The Truth About Cancer," by Charles S. Cameron, M. D., a book both authoritative and practical by one of the foremost leaders in the cancer field.

The Wheeler County Unit is joining in this special project with other counties throughout Texas. Almost 2,000 libraries will receive the reference kits this month, making information about cancer available on the widest scale ever.

HIGHLIGHTS AND SIDELIGHTS FROM YOUR STATE CAPITOL

Austin, Tex. — In years past, a favorite topic among legislators about this time on the season was, "When are we going to sine die?" A sine die (final adjournment) resolution gave everyone a comfortable sense of direction Now there is no need.

Under the new law, the regular session automatically ends after 140 days. For this session the 140th day will be May 29. But with the time two-thirds gone, there's no assurance vital tasks can be completed by May 29th.

Both House and Senate are now working on a tax problem, but other measures of major importance — loan regulation, school consolidation — claim their time and cause delays.

Some observers are freely predicting that the tax question this year, as in 1959, cannot be solved except in special sessions limited to that one subject.

4th Bill Passed — House members passed and sent to the Senate a bill on one of the session's most difficult problems — small regulation.

Rep. Criss Cole's bill would allow on the smallest loans. An amendment was added to allow loan companies to make a service charge of \$4.00 every three months in addition to the interest.

Two amendments were passed with the aim of trying to prevent the market's being taken over by out-of-state chains. One would prevent the licensing of a loan company owned by a non-resident person or corporation. Another would prohibit any one loan firm's having more than 50 branch offices in Texas.

Another amendment would require the finance commissioner, who would be responsible for loan company licensing and regulation, to approve any charges for insurance in connection with loans.

Loan Insurance Ruling — Meanwhile, an attorney general's ruling gave additional direction to the effort to control total charges for small loans.

Many critics of the small loan industry have contended the loan companies have made extra and unjustified profits by serving as "agents for the sale of credit insurance to borrowers."

Actually, according to the opinion, the creditor (loan company) is the buyer of the insurance policy, and, as such, is not entitled to an agent's commission on the sale.

This opinion, it was felt, will help to clear up the sticky problem of insurance required of borrowers as security for loans.

School Consolidation weighed — Senate ran into problems over a bill designed to encourage small school districts to economize.

Under present law, if several common school districts in a county consolidate, the first result is that state aid for the combined district is less than for the several separate districts. Government research specialists, however, have long advocated more consolidation in the interest of economy, efficiency and better school programs.

local school boards over the Texas show that 99 percent of the school trustees replying favor raises for teachers.

Boards are divided, however on how much the raise should be. Biggest proportion, 64 per cent, favor the full \$800 sought by the Texas State Teachers Association. About 22 per cent favor a \$600 a year increase, and 8 per cent a \$400 increase. Remainder favor some other amount.

Other results: a substantial majority of boards favor adding driver education teachers to the list of authorized special personnel.

A committee of the Texas Association of School Administrators and Texas Association of School Boards conducted the poll.

Sales Tax Sent to Floor — A 2 per cent general sales tax designed to raise \$189,000,000 a year has been sent to the full House for a decision.

House Revenue and Taxation Committee unanimously passed out the bill by Rep. John Allen of Longview. Some members who voted to pass the bill out of committee said they would not vote for it on the floor. They apparently felt that the only way to settle the sales tax issue for this session is to get it to the floor for a vote.

Taxation Committee also heard testimony on an omnibus tax bill by Rep. George Hinson of Mineola. It is supported by the governor.

Hinson's bill would raise an estimated \$156,000,000 through taxes on such items as candy, celly, watches, soft drinks, antiseptics, building materials and gas pipelines.

Soft drink manufacturers among those protesting singled out. Bill was referred to a committee for study.

Short Shorts — have until April 15 to auto safety inspection sticker put on the car.

Homer Garrison, Jr. said DPS officers were sending out tickets to cars Sunday, April 14.

A rise in the mortgage cases reported this week prompted the Department to urge parents to see their children's shots.

Seven reports were reported for the first of 1961 than for 1960. Officials recommended that parents receive their first polio shots in the next few months and succeeding months the recommended interval have been received.

Bureau of Business Economists are making predictions that Texas is beginning slowly to pull slump that began in 1958. R. Stockton said the start (July-August and September of 1961 are looked to as strong signs of recovery).

MORE PEOPLE ARE BUYING CHEVROLETS THAN ANY OTHER MAKE!

When one car outsells all the rest the way this new Chevrolet is doing — there's got to be a reason. And we can think of some pretty good ones. The clean-etched looks of the new Body by Fisher, for example. The eager brand of "git" that's under the hood. The easy way it handles. Plus the added advantage of extra-cost options like triple-turbine Turbohydride.

But to sample all these reasons together, you have to get a Chevrolet out on the road. And there's where that Jet-smooth ride takes over with its own gentle kind of

persuasion. If you weren't absolutely sure, you'd imagine you were riding in a far costlier car.

No wonder people are buying more Chevrolets than any other make! Chevrolets have more of what it takes to please people!

*Official R. L. Polk & Co. registration figures show full-sized Chevrolets outsold the second-choice make by a record-breaking margin in 1960 — and Chevrolets continue to set the pace for the industry this year!

Planing To Retire? Then Read This:

If you are retiring in the near future, you can speed the delivery of your first check by bringing all necessary evidence with you on your first visit to the social security representative, so stated Hal Geldon, district manager of the Amarillo social security office.

Almost everyone who applies for monthly benefits must prove his age. There are many types of evidence which will prove age, such as a baptismal certificate, old insurance policy or poll tax receipt, family bible, etc.

Evidence of recent earnings may also be needed to establish your monthly payment. The 1960 withholding tax statement (Form W-2) is the best evidence for an employee. The self-employed should bring a copy of last year's tax return and evidence to show that tax returns were filed with Internal Revenue Service. A cancelled check money order stub, or bank receipt is sufficient evidence to show that the return was filed.

If you are married, Geldon said, and your wife is also applying for monthly benefits, evidence of her age will also be required.

Ralph Megee and his mother Mrs. Stella Megee moved from 1105 Main this past Friday to 807 Shamrock Street.

SUPERINTENDENT

Career Day at Clarendon Junior College on Friday will find our Seniors enjoying the program and a day away from their studies. The Juniors will participate in Career Day at another time and place yet to be decided.

The eleven Seniors who took the American College Tests in February have received their scores and are now being advised concerning them. The tests are required by most of our State College and Universities for admission this fall. There is a good indication that the per cent of our graduates entering college is rising and we hope that this trend continues.

Our accreditation visit on last Wednesday was a very pleasant one. Messrs. Higgs, Labay and Montgomery were the consultants who looked school program over and who gave us a good oral report. A formal written report will be sent to us later by the State Department.

Our school was host to our District 11-B Spring Meet on Friday for the Literary Events. Allison, Briscoe, Kelton, Mobeetie, Miami, Booker, Morse and Wheeler participated. Scores of these schools are:

APHIDS ARE ON THE BUILD-UP

County Agent, Bryan Swaim, reports that aphids are on the build-up in Wheeler County and said all small grain and alfalfa farmers should watch for damage. Swaim said the large damage now is in alfalfa and barley generally but some Wheat and Oat fields are being damaged and need spraying. Green bugs cause a yellowing of plants, retards growth and in severe infestation can result in killing plants. In spot checks over the county the infestation has about doubled during the past week and should we continue to have cool damp weather the count may be expected to continue up with damage probable all over the county.

Entomologist say spraying for control is needed when 100 greenbugs per linear foot are found. Therefore, in order to make checks one needs to measure one foot down a row and count the greenbugs and at least ten spots should be checked over the field and average to determine the average infestation. Swaim said all alfalfa patches have severe infestation and all barley patches run very high. Wheat fields run 10 to 400 over the county. The highest infestation check was on Harrison Hall Ranch Monday and his count averaged 400 greenbugs per foot. Spraying operators have been contacted by Mr. Coy Revisious of Wheeler and any one interested in spraying might contact Mr. Revisious. Swaim said parathion at the rate of one and one half pints per acre should be used. Aerial application generally runs about two dollars per acre where everything is furnished. Warm, sunshine weather is needed to help keep the

Shari Lee Selected Cotton Ball Duchess

Denton — Miss Shari Lee, junior business education major at Texas Woman's University, recently was named one of the 26 TWU students to participate in the 27th annual Cotton Ball Pageant sponsored by the A&M Agronomy Society of Texas A&M.

Miss Lee, the daughter of Mrs. Lillian B. Lee, Box 248, represented the Professional Business Women's Club.

The TWU dutchesses, representing various campus clubs, attended a tea held in their honor at 2:30 p.m. Friday (April 7). The Cotton Pageant preceded the Cotton Ball that night.

A Queen of Cotton and eight members of our court were selected at the pageant to reign with King Cotton over the ball. The Queen of Cotton and the members of her court were chosen from dutchesses entered by TWU clubs, Texas colleges, A&M hometown clubs, mothers, exes, student's wives, and Bryan and College Station women's and civic clubs.

PALMER SIVAGE, County Treas

TWITTY NEWS

By J. Lloyd Rice

ama's Back. She got home last Tuesday evening, safe and sound after all my anxiety, which is now over. Didn't do a bit of good. Several more to go. We are happy to report that her father did not have to undergo surgery, and is at home doing fine.

Mrs. Jean Milam entered the Wesley Hospital at Pampa last Wednesday, and returned home today, Monday, 10, feeling better. Jean works in the store and every one missed her.

Cecil Emerson had a lot of company last weekend. Mrs. J. A. Carmack of Canyon City, Colo., a sis-in-law of Mrs. Amersom came down to visit them. With Mrs. Carmack were her daughter and son-in-law, Mr. and Mrs. Carol Perkins of Pueblo, Colo. It sure is nice to have loved ones come in from a distance to spend awhile with us.

Haskel Sammons reported that stock cattle are just as high in Fort Worth as they are here, and the right kind are a little hard to find even down at the big market.

Edgar Baker bought two cows at Lubbock.

Mrs. Daisy Havenhill returned to her daughter, Mrs. Viola Carlton, after a long visit in Mangum, Okla.

Woody Carlton plowed today in the wind, (Monday 10). He said, "I believe I had rather have been in the hospital."

Lost: One Billfold, Jackie Boyd, who works at the Oil Mill lost his bill fold today somewhere around the store or oil mill. He had \$42.00. Also his drivers license. WHEW! \$42.00 is a big loss. Maybe it will come home.

One of the very lovely sights around Twitty is the flowering peach tree just north of the Lasacker home. In their yard in fact.

Boy, is it covered from top to bottom in flaming color. What a lovely picture for some color photographs.

We had a wonderful day at the church of Christ Sunday. Two responded to the Lord's invitation: "Come unto me all ye that labor and are heavy laden and I will give you rest." Baptismal services were at the Shamrock Church of Christ immediately after the morning service.

Sunday evening, we devoted about thirty minutes to singing in the old time way. Pop Jolly and Clois did a wonderful job of directing the congregation, and the singing was really spirited, and full of meaning.

We plan a service of this kind Sunday evening at 8:30. Come along with us all ye who love to sing. It makes you feel good.

We also plan this type of song service during the meeting August 21-27, 1961. Good old time singing with everybody joining in. Subject next Sunday evening, April 16, 1961, time 7:30. "What do you want?"

Mrs. Ina Young of Amarillo and Mrs. H. L. Morgan of Dallas visited Edna Wright Monday.

Melvin May was released from the hospital at Stuttgart, Okla., on Monday.

Mr. and Mrs. Buster Callan went to Amarillo Monday night to bring home Phyllis who is sick with the flu.

Mr. and Mrs. Doyle Waters of Borger visited Mr. and Mrs. Fred Waters Sunday.

Mrs. Evalyn Free

Evalyn Fillingim is wed to Gerald Free in local church

On April 2 at 3:00 P.M. in the First Methodist Church of Wheeler, Texas, Miss Evalyn Fillingim became the bride of Mr. Gerald Free. The bride is the daughter of Mr. and Mrs. Leon Fillingim, Rt. 1, Wheeler and the groom is the son of Mr. and Mrs. O. C. Free, 905 5th Ave., Canyon, Tex. The Rev. Aaron Mann, pastor of the Calvary Baptist Church of Canyon officiated at the double ring ceremony.

Miss Christine McFarlin accompanied by the organist, Mrs. Lyndon Sims, sang "Whether Thou Soest", "Because" and "The Wedding Prayer".

The Church decoration featured candlelight and baskets of gladiolus and stock. The communion table was decorated with greenery on an open Bible. On either side of the communion table were candles holding white cathedral tapers. Satin bows served as pew markers. As the guests entered the church, they were registered by Miss Marla Free, sister of the groom.

The candles were lighted by Misses Estelle and Mozelle Fillingim, twin sisters of the bride. The bridesmaids were Mrs. Manuel Kesner of Kermit, Tex., Miss Violet Fillingim, Mrs. Elder L. Dennis of Rockford, Ill., Miss Ruth Fillingim served as maid of honor for her sister. All of the attendants were attired in identically styled dresses of rosebud red crystal net de sole featuring a full gaped skirt, sweetheart neckline, and tiny cap sleeves. The maid of honor's dress was identical to the attendants' but was in rose pink. Circular bandeaus with scalloped net veils, white wrist length gloves and white shoes completed the attendants ensembles. They carried colonial bouquets of red and pink roses and carnations.

Bobby King of Amarillo served his nephew as best man. Groomsman were Hubert Green, Bobby Phillips and Jerome Edwards, all of Canyon. The ushers were Bill Lightsey and Ronnie Hughes of Canyon.

The ring bearer was Scott Dennis, small nephew of the bride, from Rockford, Ill.

The bride, who was given in marriage by her father, was attired in a floor length gown of silk organza and chantilly lace designed with a high scalloped neckline, long sleeves with tiny pearl buttons that tapered to pearl points over the hands. The princess bodice flowed into graceful folds of a pleated and gored skirt, highlighted at center back by unpressed pleats where the waistline dipped to a point. A tiara held her elbow length veil of illusion which was edged by lace appliques. She carried a white satin covered Bible with an arrangement of white roses and gardenias.

A reception followed immediately in the Fellowship Hall of the church. The bride's table was spread with a crocheted cloth made by the bride's grandmother. The table appointments were silver and crystal. The white tiered wedding cake was decorated with pink roses. Assisting in the house party were Miss Stacia Scott and Mrs. Manuel Kesner of Kermit, Tex., Miss Soundra Meek and Miss Laurel Singleton of Briscoe, Miss Joan Helton, Miss Mona Finsterwald, Miss Carolyn Vance, Mrs. Ronald Price of Amarillo, Mrs. Bob Bryant of Odessa, Mrs. Duane Hays of Lubbock, and Miss Jan Cabell of Dallas.

For the couple's trip to points of interest in New Mexico, the bride traveled in an orchid pinched suit with white and orchid accessories. The bride wore a gardenia corsage taken from the bridal bouquet.

The bride is a graduate of West Texas State College. She is a member of the Zeta Tau Alpha National sorority and Kappa Omega Phi national Home Economics fraternity. She is presently teaching Home Economics in the Kermit School system.

The groom is a senior finance major at West Texas State College. He is a member of the Kappa Alpha Order national fraternity. He is presently employed at the First National Bank of Canyon, Texas.

WHEELER COUNTY SOIL CONSERVATION NEWS

Brush spraying time is just around the corner. It is always a race between brush spraying and cotton planting. Some communities will have to stop spraying before they are through because of crops that may be damaged.

If the weather cooperates, the shinnery may be ready earlier than usual. Cool weather will delay cotton planting and leave a longer spraying season. This could result in a much larger than usual demand for brush control.

The ACP has set aside a larger budget to assist farmers and ranchers with brush spraying this year. In addition, about 4,000 acres will be sprayed under the Great Plains Conservation Program. The District expects about 3,000 acres of brush control this year including those farmers and ranchers who will do the job without cost sharing.

The Soil Conservation Service personnel assisting the Wheeler District will be glad to advise with you concerning any problems you may have on brush control. In most instances, where spraying can be done, it will return more income for the money spent than any other practice on grassland. Proper care of the grass after spraying is often the difference between success and failure of the operation.

Gasoline Tax Has Shown Steady Increase

Dallas, Tex., April 13 — Texas motorists have seen taxes on their gasoline rise 64 percent in the past decade, Estill Heysler, President, Texas Mid-Continent Oil & Gas Association, said today.

In a statement concerning proposals to increase the federal taxes on a gallon of gasoline 10 years ago were 5½ cents. The annual gasoline tax bill in Texas was then \$134 million.

He contrasted this to today's tax rate of 9 cents a gallon and a \$340 million a year tax bill paid by Texas gasoline buyers.

"We hope Congress will keep its promise to let 1 cent per gallon of the present federal tax expire June 30 to give auto users some relief from this excessive tax burden," Heysler said.

Heysler explained this would not harm the nation's highway construction program if provisions of the current law are followed. "The drop in gasoline taxes will be made up by earmarking for highways a greater portion of other federal highway user taxes, which are not now being used for roads," Heysler said.
