TEXAS SIZE SWEET POTATO: This hardy sweet potato, grown by Aaron Williams, weighs five and one-half pounds and measures more than 12 inches as is visible here. This was only one of the potatoes harvested from one vine—the total of which weighed 12 pounds.

Mc Casland and Dorman Place High At Texas State Fair Showing

Terry McCasland exhibited the reserve champion Angus steer at the State Fair of Texas in Dallas. The 930 pound steer was sold to Liberty Sign Company of Dallas for 75 cents a pound.

Terry, the son of Mr. and Mrs. Lindsey McCasland, was also named second place showman.

Nine steers were entered from Wheeler County and all nine passed the sifting committee and were allowed to be shown. The steers were shown in both the junior market steer show which is the dry lot show as well as the nurse calf show. Half of the calves were entered in each division.

In the market steer show Monroe Shannon of Shamrock and Danny Dorman of Wheeler both exhibited blue ribbon steers and Ken Fields of Shamrock showed red ribbon steer. Jan Williams of Shamrock, received a white ribbon steer, which was shown in the dry lot division also.

In the nurse calf division Brenda McCasland and Richard Sechrist of Wheeler, had steer entries and Richard and Randall Williams also showed entries but they failed to place in the top ten.

All of the boys and girls sold their calves in the auction except Richard Sechrist who plans to show his calf at Odessa or Amarillo.

Danny Dorman, son of Mr. and Mrs. Bus Dorman, placed second in the junior market steer showmanship contest.

Mobeetie Homecoming Set For Saturday Night

Homecoming festivities for Mobeetie former students, teachers, trustees and friends have been set for Saturday.

Activities will begin at 5 p.m. with supper being served until 6:30 p.m. in the gymnasium. At 6:45 p.m. a business meeting will be conducted and program presented with 7:30 p.m. kickoff time for the eight-man football game between the Mobeetie Hornets and Wheeler B Team.

The charge for adult's plates will be \$1 and children's plates are 50 cents. The menu will consist of salads and accompaniments.

Classes to be honored at the activities are '57 through '61. A large representation of these classes as well as all other classes is expected.

Remember the date — October 27!

Watershed Project Report Given Tonight

A report of the fact finding team that has been working in this area regarding the proposed Sweetwater Creek Watershed project will be given at 7 p.m. Thursday (tonight) in Sayre, Okla. Representatives of the Texas and Oklahoma Soil Conservation programs, top engineers and expert watershed economists have devoted three days in Wheeler and Beckham Counties making personal contacts with land owners and operators and touring the bottom land along the Sweetwater.

This detailed inspection is in answer to an application for a Sweetwater Creek Watershed program here.

The team wishes to report its findings and proposed recommendations to the sponsoring organizations before submitting its report to Washington.

Some of the persons making this personal inspection included Jack Adair, Ass't State Conservationist of Stillwater, Okla.; Jim Cunningham, SCS agronomist of Temple; Leland Barnes, SCS engineer and hydrologist of Chickasha, Okla.; Leslie Atkinson, economist and engineer with the Ft. Worth Watershed Unit; Arnold Snowden, watershed planning specialist of Ft. Worth; Aubrey Dalrymple, representative of the Texas State Soil Conservation Board; Bill Brooks, work unit conservationist of Wheeler along with several members of his staff and farmers and ranchers of the area.

Tonight's meeting is open to anyone interested in this project.

JUNIOR, SENIOR PLAY AT BRISCOE

"The Girl Next Door", a three act comedy, will be presented by the Briscoe Junior-Senior Classes, Tuesday, October 30, at 7:30 p.m. in the Briscoe Auditorium.

You will love Andy, a teen-ager, played by Joe Hendrick who becomes interested in mowing the lawn when June, played by Martha Helton, moves "next door".

Mrs. Irving, his mother, played by Cheryl Wheeler, just can't understand his sudden burst of ambition.

Mr. Irving, the father, portrayed by David Lowrie, is having some financial troubles which she hopes his successful daughter Alice, played by Beth Hefley, may be able to help.

Clark, the boy whom Alice gave up for fame and fortune, is played by Ronnie Hays. He has been dating Carol, the banker's daughter played by Winnie Smith, during Alice's absence.

Tom, Mr. Irving's brother, played by Bob Swift, is a character if there ever was one. He'll have several surprises for everyone.

Mrs. Vida Brown is the director. The Lee Hardaway of Wheeler has very courteously given the cast the use of some furniture for the stage.

The play is being presented by permission of the Heuer publishing Company of Cedar Rapids, Iowa.

The Junior-Senior Classes of Briscoe invite everyone to come for an evening of fun.

Mr. and Mrs. Jim Steen

MR. AND MRS. JIM STEEN HONORED WITH RECEPTION ON ANIVERSARY

Mr. and Mrs. Jim Steen were honored on their 50th Wedding Anniversary with an open house by six of their sons.

Hosts for the occasion were Wesley Steen of this city, Jesse Steen of Canadian, Milton Steen of Tuttle, Okla., Charles Steen of Ardmore, Okla., Archie Steen of Tulsa, Okla., and Curtis Steen of Liberal Kan. One son, Alvin Steen of Corsicana, was unable to be present.

The open house was held in the American Legion Hall here Sept. 16. Mrs. Milton Steen and Mrs. Archie Steen presided at the serving table which was covered with a lace cloth over gold and was centered with a three-tiered wedding cake flanked by gold candles in crystal holders. The cake was white accented with gold and topped with a miniature bride and groom.

Appointments of crystal and silver completed the setting.

Donna Lee Steen, Mrs. Dennis Steen and Lois Allen registered the 154 guests which called during the afternoon.

Mrs. Jesse Steen and Mrs. Charles Steen presided at the gift table.

Mr. and Mrs. Steen were married September 15, 1912 in Willow, Okla., and moved to Wheeler Co., November 1, 1912. Mrs. Steen was the former Clara Wootton.

The Steens have 28 grandchildren and 4 great grandchildren. Present for the celebration were 18 grandchildren and 2 great grandchildren.

WIPE OUT SCREWORMS — Another \$1.7 million is needed to reach the goal set by Southwestern livestock producers and sportsmen to eradicate the screwworm from Texas and the Southwest. These men are carrying on an intensive campaign this month to reach this goal.

Mr. Tom Puryear, chairman of the county animal health committee, has announced. The program, which has been operational since February, involves the release of sterile screwworm flies over infested areas of the Southwest by airplanes. Mr. Puryear says there is still time to contribute to this project.

Gas Pipeline Co. Honor Banquet At Pampa; Two Wheelerites Recipients

Wheeler employees of Natural Gas Pipeline Company of America were honored at a banquet Wednesday at the Coronado Inn, Pampa.

The occasion was the company's annual Service Awards banquet at which employees with five year multiples of service—up to 30 years—are given special recognition.

Honored for completing 15 years' service with the gas transmission firm was A. B. (Gene) Mack, foreman of the local pipeline crew.

R. I. (Bob) Patterson was a five year awardee.

Employees from other Company locations in Gray and Carson Counties also received awards.

F. M. Dunn, superintendent of the Company's Gray County booster station, was master of ceremonies for the evening.

Company executives from the Chicago office headquarters attended the dinner.

COUNTY AGENTS WILL ATTEND A MEET AT A & M

Charles D. Jackson and Cula R. Nowlin will be among Texas County agents and home demonstration agents who will be missing from their offices next week, October 29-November 2. But, they'll all be back in the harness on November 4 fresh from their week-long State Conference at A&M College better equipped to discharge their responsibilities.

In this day of change, they will hear discussed and will study the latest on science and technology as it affects their work in the counties and the people they serve. And perhaps of equal importance, they will have opportunities to discuss with co-workers problems and programs of mutual interest. The State Conference, said Texas Extension Director John E. Hutchison, is a mighty important part of our continuing professional improvement program for field as well as headquarters personnel. The Conference brings together the largest single unit of the National Agricultural Extension Services, a part of the Land-Grant system.

Theme for the conference is "Pursuing Excellence." Out-of-state speakers will include Administrator E. T. York, Jr., Federal Extension Service, Washington, D. C.; President Elmer Ellis, University of Missouri; Professor of Commerce Geo. B. Strother, University of Wisconsin; President Walter Barlow, Opinion Research Corp., Princeton, N.J. and Dr. Stanley Hunter, Federal Extension Service, Washington, D.C.

Other featured speakers will include Felix R. McKnight, vice president and executive editor, Dallas Times Herald; Marvin Hurlley, executive vice president, Houston Chamber of Commerce; Director Geo. J. Beto, Texas Department of Corrections, Huntsville and Dr. Bernice Moore, assistant to director Hogg Foundation and a consultant with the Texas Educational Agency, Austin.

Texas A&M President Earl Rudder, Dean of Agriculture R. E. Patterson and Director Hutchison will also appear on the program.

Meetings of the Texas County Agents and Home Demonstration Agents Associations will be held along with their annual joint banquet. Members of the Extension honorary fraternity, Epsilon Sigma Phi, will also hold their annual banquet and meeting with the initiation of new members a highlight of the meeting.

Cotton Harvest Slow As Compared To Last Year

Cotton harvest is progressing in this area with a total of 81 bales having been ginned Wednesday afternoon at the Wheeler Gin.

Harvest is getting underway a little slower this year compared to 275 bales ginned at this time last year but is running nearly equal to 85 bales in 1960.

A spokesman for the gin stated that they were processing 1900 pounds of cotton for a 500 pound bale.

Don Sears Was Guest Speaker For Kiwanis

Don Sears, Dist. Lt. Governor of Key Clubs was guest speaker at the Kiwanis luncheon Monday.

The local Key Club was in charge of the meeting with president, David Dunn, presiding. Others appearing on the program included Kent Sims, Bud Kidwell, Larry Babb, Henry Lewis, Mickey Pride and Stanley Baker.

Melvin Munn, Adult advisor of the Pampa club, was a guest.

Mustang Band Receives High Honor At Contest

The Wheeler Mustang Band received a division II award in recent competition Tuesday at the Interscholastic League Class B Marching Contest. This was the highest Division Rating awarded in Class B Competition.

Other schools competing were Claude, Vega and Groom.

Ann McMurry is director of the Mustang Band.

Mobeetie Host Miami; Final Score Of 63-12 Gives Miami The Game

The Mobeetie Hornets were downed by the Miami Warriors 63-12 Friday at Mobeetie.

The scoring of Mobeetie was made by Ray Corcoran on a 50 yard run and a pass of 15 yards from Ray to Rayburn Corcoran.

Miami's scoring started with four and eight yard runs by Kivlehen with Flowers converting on each play.

Flowers than made a 20 yard run pay off with Kivlehen making another conversion.

Flowers' second and third touchdowns were results of runs of 45 and 40 yards. The combination of Bean's 40 yards and Arlington's kick accounted for an additional seven points.

Final scores were runs made by Holland—10 yards, Bean—40 yards and Byron—15 yards.

Subscriptions To Times Being Sold By Seniors

The Wheeler Seniors are selling subscriptions to the Wheeler Times to help raise money for their class activities. If you know anyone who does not take the paper and would like to have it, please notify a Wheeler Senior.

Farmers Advised To Keep Accurate Records

There are cases each year where a farmer's monthly social security benefits are delayed because he has not kept good farm records, Hal Geldon, District Manager, of the Amarillo Social Security Office, said today.

Complete and accurate records are necessary not only for good farm management but for getting proper and continuous protection for social security benefits as well.

Colts Will Meet Groom Tonight On Groom Field

The Colts, coached by Richard Gaines, will invade the Groom stadium tonight (Thursday) at 7 p.m.

The ponies lost their bout with the Little Irishmen last Thursday 20-6. Terry Vampool made the only TD for the Colts.

In a pre-game scrimmage the local sixth graders took a 12-6 win over Shamrock.

Munn To Speak At High School

Melvin T. Munn, well known lecturer in this area, will speak at the high school assembly Friday at 8:30 a.m. Mr. Munn, adult advisor of the Pampa Key Club, will be speaking on "International Key Club Week".

This assembly is sponsored by the local Key Club. Members of the club will present a brief story of Key Clubbing.

The public is cordially invited to attend.

Cub Scouts To Have Weiner Roast

A weiner roast for cub scouts has been planned for tonight (Thursday) at the home of Henry Risner.

Mr. Risner urges all cubs to be there at 7:30 p.m.

Corraker Services Held

Funeral Services were conducted Sunday at 3 p.m. for Charles Corraker in the Baptist Church in Sayre, Okla.

Mr. Corraker was 88 and blind at the time of his death.

He had 11 children.

He is also survived by his sister, Mrs. Susie Cowden, of this city.

More On Sabin Oral Sunday

Permission of parents or guardian is required in order for minors to receive oral vaccine. See back page for form.

Several schools in the area have expressed their desire to cooperate with this project by furnishing buses for transportation to Shamrock.

Mustangs Fall To Follett 26-6

Coach Gray Burnett's favored Mustangs lost their opening conference bout 26-6 to the Follett Panthers Friday night.

Wheeler seemed unable to find a working combination, either offensively or defensively and finished the first quarter trailing the Panthers by six points.

Follett's first TD resulted from a completed pass of 75 yards from Jennings to Cook.

The second Follett six point score was marked up after Breon ran five yards early in the second quarter.

Mendall Hunter tacked up six points for the Mustangs from two yards out for Wheeler's only score in the game.

The outstanding passing of Jennings to Cook in the third section and to Schilling in the fourth for 71 yards and 28 yards, respectively, accounted for the Panthers remaining touchdowns.

A completed pass for two extra points brought the final score 26-6 as the Mustangs lost the first district try.

Jennings was named Class B player of the week.

The Mustangs rest this week and will journey to Texline November 2 for the second conference game of the season.

WHEELER COUNTY Soil Conservation News . . .

Harvest time is upon the county so all of the farmers are very much tied up in the fields. For this reason the SCS technicians are finding that engineering work has slowed down some what. However, a few things are being done at the present.

The Gwyn Edwards pond is presently under construction by J. D. Beatty.

Bill Topper has completed construction on the Jack Garrison erosion control dam and is working on a diversion terrace to take water out of some gullies & divert it into the pond. The diversion terrace is approximately a mile long.

Wiley McCray is doing some land leveling on his farm west of Briscoe. The leveled land will be flood-irrigated.

A possible site is being considered on the Jack Young farm at Kelton.

During the last week flood damage estimate forms have been distributed to several landowners along the Sweetwater Creek and its tributaries. These forms will help to serve as a guide in the determination as to whether or not a watershed project is needed on the Sweetwater Creek.

Response in filling out these forms has been very good. SCS and Wheeler County SCD wish to thank the people who filled these out for their cooperation.

The SCS office in Wheeler has a large number of color slides pertaining to watershed projects and conservation in general that are available for showing to the public. They will be glad to show these to any club or organization upon request.

Mr. and Mrs. Hiram Whitener and family made a trip over the weekend to Ft. Worth, while there they visited Dr. and Mrs. W. E. Pennington and family.

Tops Squarshooters Of Mobeetie Hold Meeting

The Tops Squarshooters met Monday at the Lions Hut in Mobeetie, Hostesses for the day were Jessie, Terry and Juanel Eberting.

The meeting was opened with prayer and the Tops Pledge. A short business meeting was conducted by president, Margaret Trout followed by the reading of the minutes by Dorothy Mixon.

Thelma Harrison presented the program of fun games and riddles.

Betty Read presented a 5 minute talk on 10 things not to do when on a diet.

Georgia Corse wore the crown for losing the most weight of 5 pounds.

There was a total of 18 pounds lost by all 12 members present.

The two visitors present were Mrs. Ona Grey and Mrs. Charlie Mixon.

Members present were Georgia Corse, Thelma Harrison, Margaret Trout, Mary Mixon, Dorothy Mixon, Goldie Gordin, Jessie Terry, Betty Reed, Florence Burgess and Juanel Eberting, Eula Johnson, Willie Ruth Hathaway.

Refreshments of punch, coffee, and cheese sandwiches were served by the hostesses.

CONGRATULATING COL. HOMER GARRISON, JR.—On winning the coveted Paul Gray Hoffman award for distinguished professional service in highway safety are Governor Price Daniel, left, and D. C. Greer, State Highway Engineer, right, who nominated Col. Garrison for the award. The Governor commended Garrison, director of the Texas Department of Public Safety, for "this crowning achievement in a lifetime career of outstanding police administration and public service." Col. Garrison is the sixth U.S. traffic safety official to receive the award from the Automotive Safety Foundation.

AGRICULTURAL AGENT'S NOTES

By CHARLES D. JACKSON
County Agricultural Agent

As the High Plains cotton harvest gets into full swing, many growers are weighing the pros and cons of the use of chemicals to prepare their crops for machine harvesting.

Each grower will need to evaluate his situation and decide whether defoliation will pay.

Best results are obtained with mature cotton with heavy boll load and where the irrigation cut-off date has been followed, leaf moisture is normal and growth about stopped.

At least 60 percent of the cotton bolls should be open before a true defoliant is applied and 80 percent before a desiccant is used. Harvest-aid materials used under

these conditions have not reduced either yields or quality.

Top bolls expected to mature should be 25 days old at the time of application.

Cool weather has slowed up the defoliation process. This is listed as weather when night temperatures are below 70 degrees F.

Maturity is not speeded up by the use of defoliants. For all practical purposes, maturity of the cotton fiber stops when defoliants or desiccants are applied, depending upon the coverage obtained.

Bolls have been noted to open sooner in treated fields, but fiber from the treated cotton was not more mature.

Some growers have found that if frost has not occurred by about October 20 and if plant and wea-

ther conditions are normal, the use of a defoliant or desiccant about two weeks ahead of the average first frost—usually first week in November—can be considered. This leaves the cotton in a defoliated condition at the time of the first frost and permits earlier stripping after frost.

One of the regular chlorate defoliants used at the upper rates plus water and emulsifiable pesticides as an additive for increased top growth kill for these late applications has proved successful.

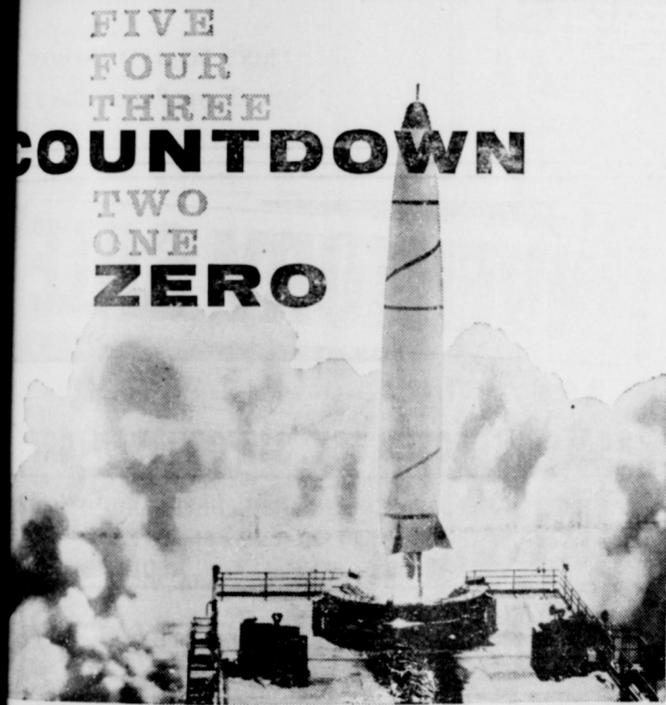

Experience has shown that proper use of harvest-aid chemicals on older, mature cotton permits earlier harvest before exposure to weather has reduced grades or caused actual field losses of lint.

Mrs. Mildred Proctor of Thomas, Okla., visited recently in the home of her son, Mr. and Mrs. Victor Proctor.

R. D. Mason made a business trip to Pampa Tuesday afternoon.

COUNTDOWN

ZERO**

The countdown has been completed. At the word "zero," electronic miracles happen. The rocket zooms skyward, and seems to penetrate the infinite.

But it hasn't. Man's greatest efforts fall far short of solving the mystery that is life itself. The answer is known only unto God. And man's greatest troubles still concern not the universe but man himself, and his fellowmen.

The greatest scientists today realize even more acutely than most of us the limitations of mankind. From deep, personal experience they know how desperately man needs God's love and His guidance. And they know, too, that no matter how "invincible" their rockets may become, in the end, true peace can be achieved only by God's own workings within the hearts and minds of men.

Pray for this kind of peace in church next Sunday.

BRISTLE PINE ADORNS CENTER

A bristle cone pine is the focal point of interest for lawn and garden enthusiasts, visiting the new headquarters at the High Plains Research Foundation. The descendant of this ancient pine has been planted at the northeast corner of the new Killgore Foundation office building at Halfway.

The keen interest evinced is attributed to the fact that this pine species is to be oldest living thing in America, 4,600 yrs. ago, according to the March 1958 issue of the National Geographic Magazine, a bristle cone pine started its growth in the Inyo National Forest in the White Mountains in East Central California. This stunted old tree growing at 10,000 ft., timberline is still alive and occasionally produces cone bearing seeds. These seeds still produce trees. The old tree has been proven to be 1,500 years older than the oldest known living sequoia. This oldest bristle cone pine has a life line a few inches wide but the rest of the tree is a standing knarled ruin. The small pine at the Foundation is very much alive.

Another very interesting feature among 35 different trees and shrubs, is a line of ponderosa pine planted west of the Killgore Memorial Building and the Jim Hill greenhouse. It forms a border line between the headquarters and the 1st Baptist Church of Halfway. This pine variety has recent fame through the TV popular program of the same name. The trees and shrubs were labeled for the recent field day by the 4-H Club of Halfway.

The 15 lawn demonstration plots south of the Killgore building and east of Jim Hill greenhouse are also attracting garden clubs and lawn enthusiasts who desire to compare the various grasses and clovers side by side. The trees shrubs and grasses are gifts of nurseries, seed houses and individuals in Plainview, Krees and Lubbock.

Gloria Gaines Swires went to Electra Wednesday to meet her husband, David. He has been stationed with the U.S. Army in Germany for the past two years.

Party Lunch Menu

New Soup and Sandwichtorte

This outstanding soup and sandwich meal was inspired by Knorr's new spring vegetable soup reminiscent of Austria's julienne soup; a delicate broth with small pieces of vegetables. To go with soup serve a sandwichtorte or a Jourbrot as it is called in Austria. Make it continental looking with a round loaf, or American with a long loaf of unsliced bread.

AUSTRIAN SANDWICHTORTE

Egg Salad Filling
Liver Paté Filling
Red Caviar Filling
Cream Cheese Filling
Day-old loaf unsliced bread, round or long
Corn oil margarine
1 tablespoon chopped parsley
Anchovy fillets
Radish roses

1. Prepare fillings; refrigerate.
2. Trim all crusts from bread. Slice bread into 4 even slices.
3. Spread 3 slices thinly with margarine, leaving 1 slice plain for top.
4. Spread bottom prepared bread slice with Egg Salad Filling; sprinkle with parsley.
5. Spread second bread slice with Liver Paté Filling; place on Egg Salad slice.
6. Spread third prepared bread slice with Red Caviar Filling; place on Liver Paté layer. Avoid pressing together too firmly. Top loaf with last bread slice; gently shape loaf with hands so sides are even. Remove any oozing filling.
7. With spatula, spread top and sides with Cream Cheese Frosting; decorate top with rolled anchovy fillets; chill until ready to serve. Garnish plate with radish roses.

Egg Salad Filling: Mix 2 finely

chopped hard cooked eggs, 2 tablespoons corn oil margarine, 1 chopped white onion, 2 tablespoon chopped chives, 2 tablespoons real mayonnaise. Season with salt and pepper.
Liver Paté Filling: Blend one 4 1/2-ounce can liver paté with 2

ALL ABOUT YOUR SCHOOL

By Arling Cordell
Wheeler Schools

High School Day is coming up at West Texas State in Canyon on Saturday, November 3. Pupils, parents, and others may buy tickets for 50 cents each for the football game between the Buffaloes and Bowling Green, Ky. Game time is 2:00 p.m.

Friday is our open-date on our football schedule and we need to be preparing for the long trip to Texline on the second of November.

The Quarterback Club has very graciously arranged for a chartered bus to transport our players and coaches. This will be much more comfortable and safer than the ordinary trip in cars would have been.

Parents, if you are taking your children or permitting them to be taken to the game by someone else, here is how we think it should be done:

Parents will have your children excused to go to the game by calling for them in person, only. Please do not call or write a note. This is for your protection so that each of us will know exactly where your children are at all times.

Our Key Club, which is very active with 14 members, brought a fine program to us at the Kiwanis Club luncheon on Monday. This group will bring the program to our high school assembly at 8:30 a.m. Friday. Principal speaker is Mr. Melvin Munn of Pampa. Everyone is invited to come and enjoy it.

Most people who have studied the 14 amendments to be voted on November 6 are against the "Trial De Nova" amendment because it would take away much of the right of school boards, city governments, etc. to make their own decisions. This is Amendment No. 14. We do not need this.

Mr. and Mrs. Tom Helton and family visited Jack and Bill and their families in Lubbock over the weekend. While there they also visited J. Michael Meek who is attending college there.

Mr. and Mrs. Milton Finsterwald, Judy and Joel had Sunday dinner in Pampa in the Jack Mitchell home.

Sunday visitors in the Grady Dodd home were Mr. and Mrs. Ralph Freeman of Canadian and Mrs. John McCarroll, Mrs. Florence Dodd and Mrs. Vada Ridgeway from Wheeler.

Mr. and Mrs. Jimmie Walker and Jamie, Mr. and Mrs. Charles Davis, Darlene, D'Anne and Danny visited Mr. and Mrs. Cliff Walker and Billy Sunday.

Winnie Smith went to Borger over the weekend with the Sherman Smiths of Shamrock. While there they visited Mr. and Mrs. I. A. McCaslin, Mrs. Emma Chesley, Mrs. Wanda Meeley, Mr. and Mrs. Roy Johnson, Winnie and her cousin, Sheran Smith, visited Mrs. Emily Thomas and boys Sunday. Also there were Mr. and Mrs. Delmer Thomas and children from Canyon and Mrs. Sarah McCormick.

Mr. and Mrs. H. J. Finsterwald and Mr. and Mrs. Claude Hillbriner went to Merkel Monday to visit their sister and husband, Mr. and Mrs. Oscar Justice.

Mr. and Mrs. George Railsback of Pampa visited the Roy Waters Saturday and Sunday. Mrs. Waters returned home with them Sunday night.

Josie and Henry Lee went to Shamrock Sunday afternoon and brought his mother home with them.

Black & Gold Diary

School pictures will be made Friday morning. I hope all boys remember to wear coats and ties because they looked so much better in last year's pictures. Of course, the girls will be looking their best. It is important that all students be in school Friday if at all possible.

I had never noticed the color of Bobby Ely's eyes until Monday when he wore that beautiful blue sweater. Then I noticed his eyes and almost flipped!

Here it is almost Halloween and I know everyone is looking forward to the late show, mischievous pranks, slumber parties, and fun that always accompany Halloween. If I remember correctly, there are always some incidents we would like to forget. Like torn shoes, huh Huey?

If we make it through Halloween then will come our ride to Texline in a chartered bus. Need to bring home a victory to show our appreciation to the Quarterback Club for their support.

All of the girls are excited over homecoming and nominations for football queen. I don't have a chance for the nomination, but I know several deserving girls who would be thrilled beyond words with the honor.

Saw some new camera bugs today, namely Bill and Ronnie. They have been appointed annual photographers.

Rehearsals have begun on "The Man Who Came To Dinner", our first dramatic production of the season. It is a hilarious comedy to be given in December 7.

Bud Kidwell is working in the library now. He replaced Linda Weems who was unable to work after she changed her class schedule. Other librarians are Beth Arganbright, Preston Glazner, and Larry Garrison.

The Home Ec III girls are planning their dream houses. I heard that Kelly is about to decide on a three story house so she can have plenty of closet space. Who

forgot to put a door in the bathroom? Mrs. Talkington's supposedly stolen billfold has been found. Marilyn Nash admitted that she had been seriously thinking of that profession, so everyone had better hold on to his money.

I've a question that bothers me: If 5000 birds were flying north and 5000 birds were flying south and they met over the Pacific Ocean why don't motorcycles have doors?

Friday promises to be a busy day with Mr. Munn of Pampa speaking in assembly, having pictures made, and then a field trip to the Celanese in Pampa.

So, goodnight, Dear Diary.

NEWS and VIEWS

By J. Loyd Rice

I had in mind telling more about my vacation with Dad for this week, but world tensions have mounted and we are brought face to face with challenges that require action.

We are now on the very brink of war in reality. No one knows what will happen tonight or tomorrow unless it is Khrushchev. This is Monday evening and I heard our president speaking over the radio earlier this afternoon.

He brought the nation up to date upon some courageous decisions that he made. I felt greatly heartened that he had at last announced to the world some definite action, plans and intentions regarding the threat in Cuba.

If he carries out his plans and purposes as announced I will still feel better.

I am ready to stand up and be counted as one who opposes the Russian build up in Cuba, and I

am personally ready to take any necessary risks in order to stop that threat.

As one little tax payer I am ready to offer my self in whatever action is necessary to eliminate the Russian threat to our own country which now definitely exists in Cuba.

I pray earnestly to Almighty God, and I call upon all who might read this to join together in a mighty prayer effort from deep within our utmost souls that some way to prevent an all out war may be found. We can pray that something will happen to enable the peoples of earth to live in a peaceful world. We can pray that each may contribute goods and ideas for the good of all man.

We can further pray that in the event of war the American people will face the new challenge with the same faith and courage patriots of the past have shown.

TWELVE MORE OPERATING DAYS LEFT FOR SIX FLAGS SEASON

On a Saturday and Sunday schedule since Labor Day, Six Flags Over Texas is nearing the conclusion of a highly successful season with only twelve more days of week-end operations left until closing on November 25.

Attendance passed the 1,217,000 mark as of Sunday, October 12, which was the 126th day of operation since the Park began its 1962 season on April 20. This compares with 543,000 attendance in the 91-day operating season in 1961.

Surveys indicate that of the 1,217,000 visitors, about 15 per cent represent out-of-state tourists.

Mr. and Mrs. Lucky Watson and The Codie Cowden family spent Saturday night with his mother, Susie Cowden.

Gene and Donna Watson attended the West Texas State football game in Canyon Saturday night.

Noticed in the paper where a couple of them Big Shot Reds drowned while swimmin' down in Brazil. I got to thinkin' about it and wondered if it might have any connection with the Big Fish Bowl the Government is buildin' up in Washington, D.C.

I been readin' about the fish bowl there either buildin' or goin' to build and worried about the effect it would have on some of the more conservative tax payers and durned if I don't think they have an out for the unready Fish pond.

Maybe we could get them Bolsheviks interested in looking at all the Red Hearings they have to put in the tank and while they are lookin' just give them a little boost and have one less Commie to deal with.

The only problem is I'm afraid we got em so fat on Lend Lease grub the past several years they might be too fat to sink and too durn unsavory as fish food.

Welch-Newsom Nuptial Vows Read at Allison

Miss Betty Welch, daughter of Mr. and Mrs. E. Welch of Sweetwater, Okla., and Leslie Newsom, son of Mr. and Mrs. Paul Newsom of Allison, were united in marriage at 2 p.m. October 21 at the Baptist Church with Rev. Cletus Lovelady, pastor, officiating.

Miss Dorothy Newsom, sister of the groom, and Johnny Welsh, brother of the bride, were the couple's only attendants.

Others present for the wedding were: Mrs. E. Begert, Mrs. Millard Donaldson, Colie Donaldson, Mrs. E. Welch and Joy from Sweetwater and Mrs. Paul Newsom and Vivian.

After the ceremony a reception was held in the home of the groom. They will be at home in Allison after a short wedding trip to Woodward and other points in Oklahoma.

FOOD FOR SURVIVAL is cut into crackers as it moves along a production line at a huge bakery in Cincinnati, Ohio. In 1962, the Department of Defense is buying about 10 million pounds of these concentrated, long-life tinned crackers for storage in community fallout shelters across the nation. This first large order can provide an austere ration for 30 million shelter occupants in a nuclear emergency.

Demonstrating new '63 Chevrolet truck features the hard way!

When we came to a river we got wet. This river bed was paved with rocks the size of melons. What a test for new light- and heavy-duty suspension systems this was!

Conventional light-duty units have coil-spring independent front suspension—easier on truck, load and driver.

Users of new conventional medium- and heavy-duty units who have to operate in close quarters are going to like the narrower front ends (up to 7 inches).

New engines, suspensions, frames and narrower front ends show their stuff on Mexico's tough Baja Run!

With months of proving-ground tests under their belts, why did new Chevrolet trucks take on the rugged Baja (bah'hah) Peninsula? This is the toughest line of trucks Chevrolet has ever built. Sending them over the most punishing terrain in North America (a road totally unlike the fine highways on the Mexican mainland) was double proof of this fact. Frames, engines, suspension systems were subjected to stresses far greater than trucks normally encounter. You can be sure that trucks that can handle this kind of beating can handle any kind of work.
