THE COUNTY SEAT NEWSPAPER

Settlers Picnic Wheeler In June

o-day Celebration Will Be Held June 29-30—Legion to Sponsor Event

Announcement was made Friday that the American Legion at Wheeler had passed a resolution their business session Thursday to sponsor an Old Settlers Picnic at Wheeler on Friday and Saturday 29 and 30.

Plans for the big two-day affair somewhat indefinite at this time, but many entertainment features are being considered. Among the attractions that have been mentioned are baseball games, donkey rides, footraces, etc., and a post-noon carnival company will be entertained.

Prizes for the old-timers in this sector of the county, for the largest group at the picnic from the greatest and similar inducements are being considered.

Further information will be made as rapidly as plans are formulated.

It will be a community affair, and whole-hearted support by all is a foregone conclusion. A lodge group has signified its desire to co-operate and assist in the picnic a notable success. It is certain that the newly-organized Board of City Development will find a place to work with the groups in the undertaking. Now is a good time to mark the calendar the dates of June 29 and 30 as red letter days for the Wheeler county and practically of the Panhandle region, setting western Oklahoma.

WHEELER MEMBERS TEND METHODIST MEET

District conference of the Methodist church in the south, in Shamrock Monday to be an interesting meeting. The pastor church was represented by Mrs. J. Edmund Kirby, Mrs. H. E. Nicholson, Mr. J. B. Roper and Mesdames Carter, D. A. Hunt, Cora Hall, Lawrence, Fred Farmer, Jess J. E. Willard, J. D. Merriman, G. L. Wren, John Fickes, Marguerite and Fay, Pitt and J. H. Gordon. Conference closed Monday with the Wheeler church giving a talkie picture for the entertainment of the group.

REPORT SYSTEM OF LEAGUE IS SATISFACTORY

Results have been obtained from the new system inaugurated this year in the matter of reports to be made to the interscholastic league office of county and district meets, according to Roy Bediehek, chief of the county of Texas bureau of public interests. Reports are already in the hands of the 190 of the 213 county meets. March and most of the 31 districts held during the early April. These records are expected to prove valuable for computations of participation in the meets and competition in the events sponsored by the league as well as in the matter of determining eligibility of contestants. The league has made a good show-year in membership, a total of 190 schools having enrolled, an approximately one hundred and twenty year. Meets were held in 201 counties last year. State Interscholastic league will be held at the University of Texas in Austin, May 3, 4 and 5.

LEEN & SONS ADD CAMEL AND VARNISH LINE

Attention to their advertisement on page of this issue of The Times will show the addition of a line of merchandise to the J. P. Leen & Sons hardware offerings. That store has handled the line of goods to the extent heretofore, now a large array of Pittsburgh Plate and Enamel and varnish—new goods—is featured.

A. Mooney of the Kelton company was in Wheeler Monday.

AIRPLANE STILL HERE

Over on the ridge east of town rests the plane used here in an entertainment stunt on April 7 by Messrs. Gordon and Barnard. These gentlemen have not been seen here recently and the apparently abandoned plane arouses just a little curiosity.

Third Week Of Court Completed

Another week of Wheeler county district court was brought to a close today with the jury excused until Monday, when cases subject to the docket will come on for hearing.

Among the civil cases disposed of this week was that of J. A. Hall vs. H. O. Breeden, suit on note, dismissed.

In another, Albert Harrison vs. the Texas Employers Insurance association, a compensation suit, an agreed judgment was rendered Monday.

In the case of the State of Texas vs. Marion Trimble, on a charge of arson, the defendant was acquitted Thursday, pursuant to an instructed verdict.

The grand jury has been recessed until May 7.

WHEELER HOSPITAL VICTIM OF SPRING CLEAN-UP DRIVE

Another Wheeler institution has been added this week to the list of "victims" of the spring clean-up improvement campaign. The Wheeler hospital, operated by Drs. Nicholson and Joss, is receiving a new coat of paint on the interior woodwork. Dr. Nicholson stated Tuesday that he had occupied the premises about seven years and this is the first redecorating job during that time.

Weather stripping is being applied to the windows and other minor work looked after.

WALSER GETS MINOR HURTS WHEN CAR HITS CATTLE

Buster Walsler narrowly escaped a serious accident late Wednesday night as he was returning from Shamrock in a Ford roadster. Coming suddenly upon a herd of cattle on the highway, a collision resulted, in which two of the animals were killed.

Walsler suffered cuts and bruises, with one rather deep gash in his lip. The injuries are not considered serious. The car's radiator was badly damaged by the impact. The accident was totally unavoidable.

Pete Porter Gets 2-year Sentence

Pete Porter of Shamrock was arrested late last week on charges of having bribed a peace officer for protection in alleged bootlegging activities. John Cox, a Shamrock constable, appeared before the grand jury and made the allegations. Cox was not prosecuted and has resigned.

Appearing in district court this week, Porter was found guilty of the charges contained in the indictment, and was given a two-year sentence by the jury hearing the case.

The customary motion for a new trial was filed by his attorneys following the decision. It is understood that efforts to obtain a new hearing will be pressed, and should that fail, an appeal is probable.

ANNIVERSARY SALE AT McILHANY'S

On another page of this paper will be found an advertisement announcing the 12th anniversary sale of the McIlhany dry goods store. Many extra values are being offered during this annual affair, according to Mrs. McIlhany.

Mr. and Mrs. M. McIlhany came to Wheeler 17 years ago and started a grocery store as their first venture. Twelve years ago this spring they opened the dry goods and ready-to-wear department. Mrs. McIlhany devotes her attention to this store while Mr. McIlhany acts in an advisory capacity and manages the grocery store.

Mrs. Jeff Kelly, who lives on the Kelly ranch west of Wheeler, was in town Thursday and spent most of the day with Mrs. O. B. Miller.

Paved Road East Is Assured Fact Now

Right-of-way Difficulties Practically All Ironed Out—Superintendent to Arrive Soon

With practically the last right-of-way obstacle cleared up this week, assurance of a paved road east from Wheeler becomes a fact. While not so serious as it might sound, nevertheless parties interested in getting property owners along the proposed paving to grant the required additional land for such a project had a lot of hard work to do.

A few parties will suffer some inconvenience through the widening of the roadway, it is true. However, it has been pointed out that the benefits accruing to the property owner, the community in general, and to those local men who want employment will more than offset any inconveniences.

While several local parties have been interested in the paving project and particularly in complying with requirements to arrange for the right-of-way, to one man, Arthur Whitener, commissioner of precinct 2, rightfully belongs the lion's share of credit for its accomplishment.

Whitener has devoted much time and effort to completing the matter. He has met with difficulties and discouragement, but kept a cheerful and confident attitude. Now, with the successful conclusion of the undertaking in sight, Whitener is entitled to the thanks and appreciation of Wheeler citizens.

It is not known at this time exactly when work will start on the project. A letter received this week by C. R. Weatherly, addressed to the chamber of commerce, indicates that activity will begin shortly. The letter follows: Wheeler Chamber of Commerce Wheeler, Texas Gentlemen:

In a week or two I am coming to your city to put in the N. R. S. 696 job on highway "F". I am bringing my family with me and am rather concerned about the possibility of getting suitable living accommodations. * * * I should finish the project in four months and will need a place for that length of time.

I will certainly appreciate any assistance you may be able to give me in locating a suitable residence. I will get in touch with you on my arrival in your city.

Thanking you in advance for your help in this matter, I am

Yours very truly,
C. F. HORTON,
Supt. for C. W. Hobson.

Replying to an inquiry this morning, Mr. Weatherly stated that he felt sure he had satisfactory accommodations in view that will meet the requirements.

MRS. HENRY MILLER GIVES PARTY FOR SON'S BIRTHDAY

Mrs. Henry Miller gave a party Tuesday afternoon, April 17, for her son, S. D., who was celebrating his 9th birthday. The boys enjoyed games of baseball and basketball and other outdoor sports.

Mrs. S. D. Conwell assisted the hostess in serving cake and punch to the following guests: Robert Been, Norman McCollum, Billy Cosper, Odous Hooker, F. B. Craig, Jr., Lewis Craig, W. A. Goad, Idis Tate, Arthur Newkirk, W. O., Eddie and Wesley Hayhurst, Harrol Callan, Jim Rob Shipman, Tommy Hyatt, Herman Floyd, Earl Deering, James Hubbard, Bobby Cooper and S. D. Miller and Billie Ruth Hayhurst and Pauline Miller.

BRIDGE CLUB MEETS

Mr. and Mrs. Ed Watson were host and hostess to the members of the Contract Bridge club and their husbands and friends Thursday evening, April 19.

Auction bridge was played at six tables, with Mrs. Don Fisher winning the prize for high score. H. E. Young won the prize for the men. Lovely refreshments of ice cream and angel food cake and lemonade were served to Messrs. and Mesdames: Bob Stiles, Buck Britt, Don Fisher, Melvin Howe, Nelson Porter, H. E. Young, G. O. McCrohan, Al Watson, and Mrs. R. D. Holt, Mrs. Cora Hall, Misses Mildred Watts and Reba Wofford and Worth Beal, Harry Wofford and Joe Hyatt.

Civic Organization Perfected This Week

Group Will Be Known as the Board of City Development—Officers Elected

Final steps were taken this week to perfect a local civic organization, when a questionnaire form was circulated among the business men and women of Wheeler. Among the propositions set forth was a tentative name for the new organization, which will be known as the Board of City Development, having been approved by the signatories.

With a suggested list of officers named on the paper, the following men were elected: R. E. Brazil, president; Glen Porter, R. H. Forrester and C. G. Miller, directors. Selection of C. R. Weatherly as secretary of the body has been unofficially made and only needs sanction of a directors' meeting, which will be held soon.

A temporary committee, appointed some weeks ago, and headed by H. M. Wiley approved this week's action. Other members of that committee were Clarence Robison, Alamo Starkey, C. R. Weatherly, C. G. Miller and R. H. Forrester.

The more important functions of the board, as enunciated in the questionnaire, are:

The primary purpose of the Board of City Development is to promote a more friendly and co-operative spirit among business and professional men and women of Wheeler and surrounding territory.

In addition to the foregoing service declaration, the petition sets forth a list of worth-while objectives which will be a part of the board's program.

Heavy Penalty July 1 On Delinquent Taxes

Tax Collector Informed On Law By Comptroller Geo. H. Sheppard

If you have delinquent state and county taxes arrange, if at all possible, to meet the bill for them before July 1, to save a large penalty that will be added under the provisions of a law passed last May.

This in substance is the advice of County Collector M. L. Gunter, whose attention was called last week specifically to the new law by State Comptroller Geo. H. Sheppard in a communication, which illustrates the cost of redeeming property from the delinquent tax rolls. For example, says the comptroller on and after July 1, 30 per cent will be added to the 1930 delinquent taxes under the law that will be in effect; 24 per cent will be added to 1931 delinquent taxes, and 18 per cent will be added to 1932 delinquent taxes.

In his letter calling attention to the matter Comptroller Sheppard says:

"You will recall that from time to time since 1930, the legislature has been suspending interest and penalties on delinquent taxes. Last May the last measure of this kind was enacted, which provided a two per cent penalty on all ad valorem taxes delinquent on Feb. 1, 1933 (later they included the split tax payments which became delinquent on July 1, 1933) if paid by Dec. 30, 1933, and 4 per cent penalty if paid by March 31, 1934; and 6 per cent if paid by June 30, 1934. After this June 30, 1934 expiration date the old law prescribing 10 per cent penalties and 6 per cent interest per year will again be in force.

"This means that on and after July 1, 1934, this year, the penalty and interest you will be required to charge will not be 6 per cent, but will include 6 per cent interest per annum from the date it was first delinquent, plus 10 per cent penalty.

"Inasmuch as the public may not understand the law, I suggest that you give this matter as much publicity as possible in order to bring to the attention of the taxpayers the great saving if they take advantage of the remaining period, which expires June 30, 1934."

Mrs. I. B. Lee is having the old Lee house on north Canadian street wrecked and has plans drawn for an eight-room modern stucco house to be erected on the site. Clarence Robison is the contractor.

SCOUTS, ATTENTION!

The Times is authorized to announce that a meeting of Boy Scouts, Troop No. 77, will be held at the Methodist church on Friday night, April 27. All members are requested to be present and on time. The meeting will begin promptly at 7:30 o'clock.

Wheeler a Good Shopping Center

That Wheeler is a good shopping place is proven over and over again. Inquiry among the business houses from time to time reveals that people from a large trade territory come here to do their trading.

For instance, Roy Puckett, manager of Puckett's Grocery, reports that last Saturday was an exceptionally good day at their store, with a nice volume of business. Nor was the week's business confined solely to Saturday. During last week as well as this week, general merchandising activity in all lines has been good.

Puckett's store has recently added several items to its men's work clothing line, and is finding an increasing demand for that class of goods.

MRS. JESS GODWIN OF MOBEETIE PASSES AWAY

Mrs. Jess Godwin, 37, passed away at a Pampa hospital on Monday, April 16, following an illness of two weeks. The deceased had been a resident of Mobeetie for 27 years and was well known throughout that community.

Mrs. Godwin is survived by her husband and three daughters, Irene, Ruth and Juanita. Other near relatives surviving are her father, H. H. Luttrell of Mobeetie, and a brother, Elmer Luttrell of Pampa.

PARENT-TEACHER GROUP TO SPONSOR "42" PARTY

Officers of the Parent-Teacher association of Wheeler have issued the following invitation:

"The P.-T. A. will sponsor a 42 tournament on Tuesday evening, May 1, at the Legion hall, starting at 8 o'clock. If you like to play 42, bring your partner. If you don't have a partner, we will furnish one. Come and get acquainted with your neighbor and meet those who teach your children or your neighbor's children. Our town needs the friendship we are trying to foster at these gatherings, and the P.-T. A. needs some funds to carry on its work. Admission, per person, 25 cents."

New Restaurant To Open Soon

Arrangements are now in progress under direction of Mrs. Sadie Pollard, owner of the room until recently occupied by the bakery, to open a restaurant at that location, just west of the Citizens State bank in the near future. The interior has been refinished. Some remodeling is under way, including a partition, counters, etc. J. M. Burgess is doing the carpenter work.

Mrs. Pollard is not a stranger in Wheeler, having lived here a number of years. She was formerly engaged in the restaurant business here.

GARRISON SERVICE STATION FEATURES GOODRICH TIRES

Have you been reading the advertisements appearing in this paper over the name of Garrison Service Station in Wheeler? If so, you are familiar with the high quality of Goodrich tires and tubes, as featured in this advertising for the past several weeks.

Harry Garrison, proprietor of the station, is enthusiastic over the Goodrich line and is always ready to point out the advantages and values contained in the various grades. A "tear-proof" inner tube, as well as other special qualities are embodied in the Goodrich line.

Miss Jessie Mae Duke of Shamrock is visiting with friends in Wheeler at this writing.

Rev. Guy Shields and Mr. Goodwin of Amarillo were in Wheeler Monday evening and attended services at the Assembly of God church, at which time Rev. Shields had charge of the services.

Legion to Sponsor New Organization

Ladies Auxiliary to American Legion and Sons of Legion to be Instituted Here

Interest and activity in West Post No. 138, Wheeler American Legion group, indicate a healthy condition prevailing in that organization. Announcement was made this week by its officers that the local post is sponsoring two new allied organizations in Wheeler, a chapter of the Ladies Auxiliary to the Legion and the Sons of the American Legion.

The Auxiliary and its functions are too well known to need an extended comment here. It might be said, in passing, that Wheeler has not had such an organization heretofore. Legionnaires feel that their wives, sisters, mothers and daughters will take greater interest in Legion affairs through association afforded by an auxiliary. And such a group will be of considerable assistance to the Legion in its undertakings.

It is reported that twelve women have signified a desire to join the auxiliary, and a large chapter is expected within a short time.

The Sons of the American Legion is a new project comparatively speaking, in veteran circles. The following information concerning the new order is gleaned from a handbook on the subject, issued by American Legion headquarters.

"In keeping with the ideals of the American Legion to promote and transmit to posterity those principles of patriotism which characterized our service in the World War and which have inspired our organization since then, it has been conceived that an effective way to accomplish this purpose would be to take our sons along with us in this movement. For some years members of the Legion have felt that our sons have a definite place in the Legion work.

"Authority for the organization was started by action of the 1930 national convention of the American Legion, which created a committee to study this subject. The 1931 convention directed the study to be continued. A survey was made and recommendations approved at the 1932 convention.

"With authority for the formation of the organization established, the committee has devised a national set-up. This was fully approved in May, 1933, by the national executive committee. The national set-up has given particular attention to participation of the Sons of the American Legion in the Legion's program of service."

Through the new organization it is planned to afford that as well as other opportunities for the sons of Legionnaires to express themselves, and show their pride in their father's achievements.

The local Legion post has reached its membership quota of 48, but is not content to rest on its laurels in that respect. Efforts will be continued to enroll every eligible ex-service man in the post's territory.

Among other activities now in progress, the Legion is redecorating its rooms in the hall, repairing and weather-stripping the windows, and making other improvements.

Thursday, May 3, is the next regular business meeting date of the Legion.

MISSIONARY SOCIETY MEETS ON TUESDAY OF THIS WEEK

Since a number of the Wheeler Methodist Missionary society members wished to attend the district conference held in Shamrock Monday, the regular meeting of the society was postponed until Tuesday afternoon. Although the day in conference shall be long remembered by those attending, the lesson study was taken up with the customary zest and interest.

The lesson was on Faith, finishing the last chapter of the book on Christian Industry in America. After all, faith must go hand in hand with charity if anything worth while is to be accomplished. The faith that will acknowledge the brotherhood of man and the fatherhood of God.

Mr. and Mrs. Robert Crisp and children and Miss Ida Sue Merriman of Alanreed were Sunday guests of Mr. and Mrs. J. D. Merriman and daughter, Miss Florence.

A COMMUNITY ASSET

The following was taken from a circular sent to retail merchants by a large wholesale house: "The value of your local newspaper to the success of your business cannot be overestimated. It's worth all the support and co-operation you can give it. For the newspaper is a mirror reflecting the life of a community in which you and your store have an important part. Your advertisement is the reflection of your store in the mirror. Everybody sees it there. If it is not there the mirror is dark where your store should be. You are there but you cannot be seen. Your store is open for business as usual, but 'out of sight, out of mind.' To keep in step with the progress of the community, to get your share of the business you must advertise regularly. Take your newspaper publisher into your confidence; he can give you valuable assistance. Establish an advertising budget. Plan a regular schedule for your advertisement. It's a policy that is followed by the most successful stores."

RECKLESS WALKERS

Are you a safe walker? If you can't make an honest answer in the affirmative your life and health is literally in peril.

Last year automobile-pedestrian collisions accounted for 37 per cent of the 756,000 accidents which occurred on the streets and highways of this country. Deaths resulting from such accidents comprised 45 per cent of the total of 29,500 fatalities. In other words, pedestrians were involved in more than a third of all traffic misadventures—and the chance of fatality was greater than in other types of accidents.

Pedestrians crossing in the middle of the block proved most hazardous—that caused 31 per cent of the fatalities. Careless walking on highways was responsible for 17 per cent. Children playing in the street came to 13 per cent. Walking out from behind parked cars into traffic accounted for 11 per cent, with the balance of 28 per cent laid to miscellaneous causes.

The careless pedestrian is a menace just as is the careless driver—but he receives less attention. Crossing against signals—playing hide and seek with parked cars—walking a-

long rural roads with back to oncoming traffic—these are some of the surest means of courting death. Think over your walking habits—and correct them.

FIRE ACCIDENTS IN HOMES

Newspapers carry gruesome stories of children and adults burned to death in homes.

It is high time for spring cleaning of fire hazards. One of the most common and easiest eliminated is accumulation of trash in attics, cellars, barns and garages.

Wherever piles of rubbish, paper and oily or paint soaked rags are tolerated, there is a constant invitation to fire through carelessly discarded matches, cigars and cigarettes, as well as spontaneous ignition. The first step in eliminating fire accidents, therefore, is a thorough clean-up of all trash.

Work with a paint brush is recommended for a spic and span house seldom burns.

According to the National Board of Fire Underwriters, carelessness with matches and smoking materials is one of the greatest causes of fire (\$30,000,000 in 1932). Continuation of high losses to life and property from this source is an absolute disgrace. Matches should be kept in non-burning containers and out of the reach of children; handy ash trays should be provided and common sense should be exercised when using smoking materials and matches.

In the spring, when heat is no longer needed, is the time to clean the heating plant, repair it if necessary and get it ready for next fall. Chimneys should be cleaned and inspected at this time.

Spring cleaning of fire hazards may require the services of others than yourself. All who thus employ workmen to help them, will be aiding the recovery program at a time when additional work for the unemployed is such a vital need. Do your part!

YES—YOU'LL PAY

In a recent editorial on excessive taxation, the Philadelphia Dispatch said: "If the rich are made to pay, the rich will find a way to pass the burden on down the line, so that in the end every penny of these burdensome taxes will be paid by the average man. He may not realize that he is paying it, because it won't reach him in the form of a direct tax. But he will pay it just the same, just as he has always paid it, and always will. He'll pay it in increased rent, in a surcharge on everything he eats or drinks or wears or uses. He'll pay it in reduced wages—He'll feel it for many a decade to come."

That old fallacy of taxing the rich to help the poor was never more dangerous to the public welfare than it is now. We, as a people, have watched cities and states and the federal government appropriate and spend billions—and we've sat by and said nothing, thinking that none of it would come out of our pockets and that some of it might go in. We've been conscious of waste, of extravagance, of graft, of duplication of effort. We have thought that wealthy individuals or great corporations were paying the necessary taxes.

Unfortunately, there aren't enough wealthy individuals or big corporations to pay the cost of government. They can't meet even a small percentage of it. Over-taxing individual wealth simply drives it into tax-free bonds and takes it out of productive enterprise where it would provide jobs, payrolls, purchasing power. And when we overtax business, we simply increase the cost of everything we use. Business has no magic means of creating money. Everything that adds to the cost of a commodity or a service, including taxes, must be passed on to the customer purchasing it.

Yes, the average man pays the bulk of the cost of all units of government. He bears the burden of waste and inefficiency. And he is the one who, by united action, can cure an intolerable condition that menaces recovery.

Times Wantads are only 5c a line.

Our Exchanges

Items of interest culled from newspapers on The Times' exchange list.

It seems that we are moving into the "Coming Up" era. Hair coiffures are whirled back and upward. The new hats are turned up and worn set far up on the head. Necklines are up, even skirt lengths are coming up. The grass and the flowers are coming up. Prices are up. And the time is up and the mortgage is due.—Tulia Herald.

Following the Golden Rule just can't be done by some people; they must see some advantage to themselves before putting out anything.—McLean News.

If a farmer has to chisel down his production to get a better price for what he produces, how is that going to help him? It is more money the farmer needs, and curtailing production to get a little better price will not mean anything in dollars and cents. Twenty bales of cotton at five cents per pound would be the same as ten bales at ten cents. The solution of the farm problem is going to be found in each individual farmer taking care of himself. The fellow who sits and waits for somebody to do things for him will likely get a long rest.—Plainview Weekly.

Pan-a-min

The new improved conditioner and
mineral supplement for poultry

Dr. Hess Poultry Pan-a-min is an improved conditioner and mineral supplement for poultry. It acts as an appetizer, diuretic. Pan-a-min supplies in abundance mineral may be lacking in the feed.

Pan-a-min is particularly beneficial to the moulting laying hen, and the growing chick. We strongly urge the regular use of Pan-a-min. It has been proved that the following regular, continuous use. The cost of using Pan-a-min is but 10c per hen per year.

A NEW PROBLEM
 What can be expected next? It seems that the parents have now begun to rebel. It is an old story for young "offspring", who have been given all they wanted, to decide to cause some excitement, but it is news when their mothers and fathers steps into the "light".
 Anyway, this is the case with Mary Astor, a celebrated film star. Her parents have brought suit against her asking for more money. They seem to think that her income is slightly too large or that too much money isn't good for her, so they asked the young star to contribute \$100. monthly to their income.

Although the Astors were once considered wealthy, the Los Angeles judge seemed to think that Mr. and Mrs. Astor needed more money to go to the show to see their daughter on the screen. Living in a \$200,000 mansion won't always buy groceries or take movie fans to the show. Maybe the Astors didn't get their money's worth at one of Mary's pictures. Who knows?—H. G.

GILMORE PRESENTS GIRLS WITH DISTRICT MEDALS

In the study hall Wednesday morning at 9:00 o'clock, medal awards were given to Parilee Clay and Martha Alice Wiley for placing third in the district meet for girls tennis doubles.
 The medals are silver with a picture of a tennis player on one side and the word "doubles" on the other.
 "We hope that next year it will take a whole evening to award the medals won at the district meet", says J. L. Gilmore.

Song Hits

Well, "Strike Me Pink" if it isn't "Polly Perkins" coming down the street with her "Ole Gray Bonnet" on. We asked why she rode on "Wagon Wheels" and she said "Music Makes Me" and on she drove to "The Little Dutch Mill" to feed the "Three Little Pigs".

Going on down the street we met "Marguerite" but she never does anything because she told her boy friend, "I'll Do Anything That You Do" and he is a "Lazy Boy". But he guarantees to give her "Coffee In The Morning" although she prefers "Orchids In The Moonlight".

But to talk about my romance, "I've Gotta Right To Be Blue" because "I'm On The Wrong Side Of The Fence" and "You Have Taken My Heart" "You Nasty Man."

SCIENCE TEACHER GIVES LAWN PARTY FOR CLASS

The general science class was entertained with a party in the home of their instructor, Mrs. G. O. McCrohan Wednesday evening. While the group was playing games on the lawn, J. D. Merriman let each one look at the moon and the stars through a telescope. This was very interesting as the class has been studying the different planets for the past few days. After many different games were played the group was served refreshments of grape juice and doughnuts.

Those present were Bonnie Adams, Orveta Puett, Beatrice Miller, Verna Greenhouse, Martha Alice Huff, Helen Huff, H. E. Young, Guy Robison, Ray McCullum, Raymond Badley, Robert Guynes, Everett Cole, J. D. Badley, Dudley Callan, Troy Lee Carver, Carl Hale, Edgar Flynt, Emmitt McFalls, Bob Tillman, Virgil Greenhouse, Messrs. J. D. Merriman, Jeff McCrohan, and the hostesses, Mr. and Mrs. G. O. McCrohan.

Including the party, this is the second field study. The class visited in the Tolliver garage one afternoon and studied the making of storage batteries. In the near future the group will go to the Jowett power plant for other studies.

Bessie Mae Ficke has the measles.

Although Annie Mae Puett is vice-president of the senior class, president of the Spanish and Home Ec. clubs, and captain of the basketball team, she still has time to be one of the friendliest girls in high school. Mae has acquired many nicknames during her four years in high school here; some of them are; "Topsy", "Sunshine", and "Butcher Knife".
 Anna Mae says she has had lots of fun and will always remember her high school flames, who are gasoline, coal, kerosene, but she admits getting a bigger thrill out of Naptha. (He seems to have evaporated since Jonney came along). Mae has no ambition as she is going to raise chickens. She also states that she is striving to be an old maid, so she won't have to darn socks. I wonder if this is the reason?

Anna Mae has also lettered in basketball four years, been pep leader and May Queen, besides holding many small offices.

"Puett" plans to attend some business college next year and says that she is going to some university when she gets rich. By the way, she is the assistant editor of the Corral. Hope we get this in print.

"By whoop 'em up I am treasurer of two different things and by blame I haven't seen a cent yet." Thus spoke the excellent treasurer of the senior class, Walter (Slup) Adams. (Excellent because there is no money to handle.) "Slup" spent all four years in school here and expects to graduate this year, but what's his opinion against that of the faculty?

Walter has played football three years, being captain the last year, played basket ball three years, and tennis. He is also a general nuisance around here. The grammar building burned before he ever got to go to high school. "Sluppy", as he is called by Canadians, belongs to the Letterman's Club, and is treasurer of the Spanish Club. Among the many things he likes is a good sport and he has succeeded in being one himself, he likes football, basketball and tennis.

"Slup" says his ambition is to live in Canadian (and he is off to a fine start, it seems). The business that he expects to enter is or probably will be matrimony. The greatest thrill in his sweet, young life is his weekly trip to Canadian or maybe the trip to Carlsbad. Walt plans to go to college at Texas Tech or Amarillo Junior College.

As a last statement he says that he hopes the school can get along without him, the senior class, and Balch. (I am afraid he's getting soft, but he goes on). I also hope the senior class of next year will make the trip to Carlsbad, and that they will fall in the bottomless pit. The interview ended there as he burst into tears, probably thinking of his girl at Canadian, or maybe of having to graduate, who knows?

This young man thought that he wanted to practice law with one of the Turner boys, for his career, and so he does. He has belonged to the Spanish club for two years, the letterman's club three years, track team for two years, played basket ball one season and football two. He likes to go in large caves, like Carlsbad Cavern. His favorite type of girl is a blond. So if you are a blond, here is a hint. He has spent all four years of high school work in Wheeler and is an excellent bouncer for the senior class. He is sargent-at-arms for the class. He states that he hopes that he isn't required to come back to W. H. S. next year and that he desires to be a big football hero sometime. Yes, he's got big feet, large ears, and rather small hands which appear to be hams. His biggest trouble is keeping his department grade down. He states that one of the saddest times in his life was when he grew too big to stand in the corner and had to remain in at recess. Now he asks that everyone come down and see him sometime and bring their cases to him, on the third floor of the high school building. He specializes in heart balm cases if turned in by blonds. To some, this young man is known as "Steve Malloray" but to most everyone he is known as Billy McCarroll. He spells his name with a "y" because this is one way he can distinguish himself.

Miss Winona Adams, Miss Kathryn Bowers and O. B. Miller of Wheeler, attended the teachers' and trustees' banquet in Shamrock last Thursday night. Dr. J. A. Hill of Canyon was the speaker of the evening.

Miller, Nicholson Achieve Distinction

Texas Miller and Harold Nicholson, ex-students of the Wheeler high school have achieved distinction at the schools that they are attending.

Texas, who is attending Weatherford high school, won first in tennis singles at the county track meet. She also won third in both singles and doubles in the district meet.

Harold is attending Texas A. and M. college, and has the honor of being on the freshman debating team. This team debated with the Houston high school team and the Houston junior college. Harold won individual high score in each debate and was presented with a leather notebook from the freshman class.

STUDENTS HAVE PERFECT RECORD IN ATTENDANCE

Four students of the Wheeler grade school have perfect attendance so far this year. It is possible that a certificate of award will be given at the close of school if this record is followed to perfection, says Lee Guthrie, principal.

Those who have been present and on time each day during the past months of school are Annie Ruth Denham, Irene Hunt, Lavell Jacob and Johnnie Lewis.

FACULTY HONORS FORMER INSTRUCTOR WITH PARTY

In honor of Mrs. M. L. Daniels, former instructor in the Wheeler school system, Misses Bernie Addison and Winona Adams entertained the faculty members and the honoree's sister Tuesday night with a "forty-two" party at the home of W. W. Adams.

After playing "42" until a late hour, refreshments of pineapple sherbert and vanilla wafers were served to the following: Mr. and Mrs. G. O. McCrohan, Mr. and Mrs. J. L. Gilmore, Mr. and Mrs. C. B. Witt, Mr. and Mrs. C. C. Crowder, Mrs. Davidson, J. C. Meek, Miss Ruth Ewing, Miss Kathryn Bowers, Elizabeth Joss, Mrs. M. L. Daniels, and the hostesses, Miss Bernie Addison and Miss Winona Adams.

HOME EC. GIRLS ATTEND CONVENTION AT AUSTIN

The girls and sponsor who went to Austin to enter the dress contest, left Wednesday morning and met a school bus at Childress to continue their journey with several other schools that are sending students. The group plans to be gone from Wednesday morning until Sunday night.

Ruth Dill will represent the home ec. 11 class, modeling a sport costume and Orveta Puett will be the representative from the home class 1, displaying a print dress. While the party is in Austin they will stay at the Stephen F. Austin Hotel. The sponsor Miss Bennie Mae Williams, states that besides entering in the contest they plan to see as many places of interest in Austin as possible in such a short time.

CAUGHT in the LASSOO'S NOOSE

It seems that Warren Mitchell is certainly a "ladies man". He has a new girl friend quite often.

Curtis, please tell us about your technique. You seem to go with them all.

We wonder why Dudley Callan moved just across the aisle from Verna.

Ask Elizabeth who the "cute" girl is in Exie's Book of Memories.

Why did Mr. Witt want to see Wilma and Ford Newkirk at 3:15 Tuesday afternoon?

Some people have no tact. Did you know that a certain girl told another that she was coming to her surprise party.

Ask Nettie V. if Curtis is coming to the Sunday school party. We would like to know.

Did you see Mamie Lee taking exercises, both physical and vocal, in the show the other night? Some spectators were that lucky.

Mrs. M. L. Daniels visited school Monday.

Nerine and H. E. Young spent Sunday in Perryton.

Estelle Scott was in Shamrock Saturday.

Doris Tolliver, Lilla Mae Crofford, James Norment and Hazel Crowder went to Shamrock Sunday.

SNICKERS

"Now Robert," said the teacher politely, "if you were seated in a car, every seat of which was occupied, and a lady entered, what would you do?" "Pretend I was asleep", was the unhesitating reply.

Mr. Tolliver: (6 a. m.) Young man, what do you mean by bringing my daughter home at this hour?

Hazel: Well, I gotta be at work by seven.

Walter and Coy starting to Canadian. Walter: Do you regularly attend a place of worship?

Coy: Yes, I'm on my way to see her now.

Mr. Gilmore: Yes, I'm a cosmopolitan. My father was Irish, my

mother Italian, I was born on a Swedish ship off Barcelona, and a man named McTavish is my dentist.

Charlie: What's McTavish got to do with it?

Mr. Gilmore: Why, that makes me of Scottish extraction.

Mr. Crowford: Who were you with last night?

Cosette: Why-er-Beulah was here last night, father.

Mr. Crowford: Well, tell Beulah that she left her spurs and 'Sam Brown' under the sofa.

Miss Bernie Addison, Mrs. G. O. McCrohan, Elizabeth Joss and Mrs. M. L. Daniels, former teacher in the Wheeler schools, shopped and attended "George White's Scandals" in Amarillo Saturday afternoon and night.

Movie Chatter

By a Rogue

Hell and High Water

Richard Arlen and Judith Allen come to the Rogue for Friday and Saturday in their latest action picture, "Hell and High Water". It is a story of the sea, and packs plenty of action and thrills for all. Arlen is a real man's man, and also a great friend of the ladies. Miss Allen furnishes splendid support, thereby assuring a full rounded program.

Also, a two reel comedy with Walter Catlett, the biggest liar in America.

Walls of Gold

Last year the American magazine ran Kathleen Norris' novel, "Walls of Gold" as a serial. This popular story was read by millions of people. And now, Fox Film Co., has made it into a picture featuring Sally Eilers and Norman Foster. There is no guess work about this one, because the writer read the story and can truthfully vouch for its merits. It is coming Monday and Tuesday.

And besides that a two-reel Technicolor musical comedy, "Roast Beef and Movies", may be seen.

Coming

Viva Villa, Wild Cargo, Hips, Hips Hooray, Riptide, Cat and the Fiddle, Tugboat Annie, Another Language, The Last Round-Up, Lone Cowboy, Carolina, David Harum, Bottoms-Up, George White's Scandals, Eskimo, Her Sweetheart, Bolero, and plenty more.

A CORRECTION—The Times is glad to correct an error which slipped by in the Busy Bee club report

last week. A common name for this disease is "strawberry spots" and is caused by a virus. It is not contagious and should be treated with astringent, such as string beans, peas, fresh shelled corn, greens, okra, squash, carrots and corn. Since there is no danger of poisoning whether canned or not. This is incorrect. A portion was intended to be canned in glass jars. There is danger of poisoning whether canned in glass or not. This error was what of the Times and was of Miss Jones nor of porter.
