Gageby. Glad that things are going well for all of them. Just staying busier than they would like to be at times.

I was hoping that everybody's year was starting out on a good note and health problems would be few and far between.

Last Monday Kellie and Shelton May were in Amarillo for a check up. They did a chest x-ray. Shelton had been coughing a lot and Kellie had gotten his primary doctor to help them with that. Kellie was allergic to the new house if nothing else. Thursday they went back to Amarillo for a CT scan. By Friday they were in BSA on the surgery roster. They took Shelton in about 10:30 and it took them over 5 hours. They removed a malignant tumor from the top part of his lung and put the port in while they had him asleep. He will have to have some radiation treatments along with at least 6 months of chemo again. Shelton is our little hero. Although we can't put him in the little category any more. He is almost as tall as Peyton and getting ready to pass up Mom while he is at it. Our prayers are with you Shelton. If anybody can beat this disease, we know you can. Hope your feeling better soon from this surgery. If all went well with the ordeal from the surgeon and the lung doctor Shelton may be reading this paper at home. Shelton doesn't let any grass grow under his feet. He's up and on to the next thing. You are amazing. Kellie's parents had been here for Christmas with the family at their new house. They all had a good visit. They came in again for Shelton's surgery. They drove all night Thursday to be with Shelton and the family on Friday. They brought one of Peyton and Shelton's cousins so she could visit with Shelton a little and with Peyton. That worked real well since the weather was so ugly and they wanted to take turns at the hospital. At least they had a nice warm, dry, motel room to go to. The hospitals have all been so full, but pediatric I.C.U. I'm so thankful that they are so good about keeping Shelton's checkups on schedule. They caught this early and they didn't have to remove the lung. Of course Shelton reserves the right to grumble about having to go. (That's only fair) Leola Stuart talked to Dennis on Saturday and it was raining like crazy down in the Wylie area. Arlington had got-

ten 5" and they had pretty close too that at Wylie Monday on the way home from take Dennis had to turn around and work a different way to the house because the creek was running over and the lake was full. The low for Sunday night had been 26, which is very unusual for that area. Was supposed to be just as cold or a little colder on Monday night. Of course most of those people down there don't know the first thing about driving on the ice. We had our share of accidents and people getting around here as it was. I can just imagine all the problems they got into down there. Dennis didn't even try to leave for work until about 10:30 just so things would clear out some from the rush hour traffic. It was a surprise to see VanZandt as we were coming out of Dr. Ford's office. Always good to see him. He stays busy. Hope Dr. Ford got you feeling better, Joe. He really needed to see him last week, but with the weather, days off, Joe almost worked most of the problem out. Dr. Ford can accomplish more and hurt you less than any chiropractor I have ever used. Clinton and Maurita Stribling took advantage of the nice weather early last week and went to Abilene to visit with Marurita's sister, Clevel Sludder. She is settled in quite nicely at her new apartment complex. Clevel moved from Houston so is really noticing the cold weather and trying to get climitized. It is so nice having Clevel a little

The View of a Southern Woman

.... Southern California that is.

We cannot say that we have global warming going on here in the Texas Panhandle. Not with single digit temperature readings. Can you believe we had an eight degree temperature on the patio the other day? Another day we had a high of 12 and a low of 11! In fact we had that for two days. This morning the thermometer reads 11 and I'll bet that is our high for today. Now yesterday I was so excited to open the drapes and see a field of snow covering our three and a half acre yard. Glenn Forrest Frost said that it was ice covering the landscape. Looked like snow to me. Since I never seen white ice before, I doubted his sanity again (which can be a daily thing) but when I got out on it, he was correct. It was tiny balls of ice so thick that it looked like snow. Last night it did snow on top of that ice so now I am wondering what is next. Could rain change all of this into a glacier or what?

Our son-in-law Robbie Green called from the lake last night over in Oklahoma and said he and son Kelton had just caught 10 real nice fish. Now it is 20 degrees, slick roads, cold, cold, cold and they are out fishing at night! Everyone else is trying to keep warm and off the roads and here ... oh well he is the younger generation and he said he had cabin fever what with staying in all day. In the background I could hear Kelton yelling and having fun with his cousins. I would have cooked those fish if he could have brought them over, but it is a few hundred miles from there to here.

Glenn and I both had doctor appointments last Friday, so we

left early for the 35 minute drive north as the weather was getting bad. Two miles from the house, the windshield started icing over and I told Glenn to turn around as the roads were slick and I was not ill enough to risk my life and his. It took another mile for him to see my point as the windshield was getting worse and the road was too. We came back home and called to cancel the appointment. Later that day, Brother Johnson called and the same thing happened to him and his wife only it took nine miles to think it over but he was going south. My son Patrick called yesterday and said the weather was really cold in Southern California. They had a low of 30 degrees the night before which is really something out there. I think I bested him when I said our high that day was 12. Got an e mail from Flint Reed yesterday and she said they had a high of 11 in Nebraska where she now lives near her son and family. She is a long time close friend and like me, she just moved from the beach in Southern California to another world.

After the cold weather problems, I think it is time to get out the gardening catalogues and plan for the spring. I know it will get here again as it does every year. I am still in the market for a much bigger patio and lots more trees, shrubs, etc. and it does make me wonder if Glenn will have time to fish what with all this gardening that will be going on. I am not much into digging anymore, but I sure can supervise. Keep warm.

With love from this southern woman, Betty Boydston.

We were lucky enough to have missed the main storm. All we received was less than an inch of sleet. And, with temperatures in the teens or lower twenties, it is not melting very fast.

The layer of ice appears to be about "5/8" in front of the office and at the courthouse.

The county road hands were over at the courthouse clearing off the ice.

All the TV stations were telling us we were going to have lots of ice and at least 4" of snow.

With the prediction of lots of ice, we headed for the country. We went to spend the weekend with the Meriwethers north of town on the ranch.

We are total electric and have no form of heat, should the electricity go off.

We returned very slowly to our house Sunday evening.

The local Girl Scout Troop is now selling cookies. Have your money ready, I am sure you will be contacted.

We played cards Monday evening. Bob and I managed to win the first and last game. Rhonda and Leroy came back big time in the second game for a win.

ALLISON NEWS

And in that day thou shalt say, O Lord, I will praise thee; though thou wast angry with me, thine anger is turned away, and thou comestredst me. Behold, God is my salvation; I will trust, and not be afraid; for the Lord JEHOVAH is my strength and my song; he also is become my salvation. Therefore with joy shall ye draw water out of the wells of salvation. And in that day shall ye say, Praise the Lord, call upon his name, declare his doings among the people, make mention that his name is exalted. Sing unto the Lord; for he hath excellent things; this is known in all the earth. Cry out and shout, thou inhabitant of Zion; for great is the Holy One of Israel in the midst of thee. Isaiah 12:1-6

Blessed is the Lord, because he hath heard the voice of my supplications. The Lord is my strength and my shield; my heart greatly rejoiceth; and with my song will I praise him. The Lord is their strength, and he is the saving strength of his anointed. Psalm 28:6, 7, & 8

The weather here in Allison, U.S.A. is very very very COLD and WINDY and ICY. Been so icy and everyone I talked to is staying in and out of the ice and bitter cold and trying to stay warm. It is staying bitter cold for several days. Makes it bad for sure.

Thursday evening, Opal and Juanita Boydston and Pearl Harrison accompanied Louise Boydston to Reydon, Oklahoma to enjoy a very delicious meal at the Senior Citizens Building. Charlene Rainey and daughter, Shrona Seamster and Virginia Puryear and Lou Dean Douhit were also there to enjoy the meal.

Juanita Boydston's nephew and Opal Boydston's grandson, Tony Boydston of El Paso, Texas journeyed all the way to Oklahoma City, Oklahoma on these icy roads, but Thank God he made it alright. He is taking some more schooling on his job which is working on helicopters. While he is there he is staying with his Dad and wife, Cutis and Lil Boydston and also visiting Vance and Carol Boydston who are stuck there with them too. They are having a good time and enjoying him being there.

Wednesday, Opal and Juanita Boydston journeyed to Amarillo, Texas where Opal and Juanita both had their eyes examined. Both thankfully received a good report. They did some shopping and visited in the home of Warren and Charline Brown where they stayed the night. Had a real nice visit.

Thursday, Opal and Juanita Boydston shopped some in Pampa, Texas on their way home. Sorry to report that my mom, Opal Boydston has caught that awful bug. It starts with scratchy throat and also affects your nose!

WOW! Old man Winter and Mother Nature sure did get our attention this last few days. Hope you are all safe and warm. I know that the world doesn't stop just for the snow but hopefully you didn't have to spend too much time out in the freezer.

For no more moisture than we got and as pretty as the sunshine was Monday, it's hard to believe it can be so cold.

Thursday we took advantage of the nice weather and went over to Oklahoma to help Bob's oldest brother, Ralph, get a load of fire wood that a niece had cut and had waiting for him at their youngest brothers, Kenneth, outside of Arnett. The weather was gorgeous. I was amazed to see so many deer out and about. With hunting season just ending, it was like they new exactly when they were safe. They are so pretty.

The guys got the pickup loaded with some good sized pieces, while I visited with Doreen and Helen.

A little hard to visit when their favorite soap operas were on. Than it was back to Cheyenne. One of the young guys there in town was going to unload it for him and get it cut the size he needed for his little wood burner. Nice to have young folks that make the time to do those sorts of things at a reasonable price. Now we won't have to worry so much about Ralph.

After a late lunch at Zoe's and a nice visit Bob and I went on to Elk City to get some things for our neighbor. We barely made it back to Wheeler before Thriftway closed. It was hard to think of Friday bringing such a cold chill and soggy weather after such a beautiful day. But the weathermen didn't miss it this time. Thank the good Lord that we didn't get any of the real heavy stuff.

So picked up a few items to tide us over, just in case.

Friday we ended up having to go to Pampa anyway. Lots of us crazy people out trying to beat the weather. It was about 11:00 and the mist was freezing on the windshields and making the parking lots a little hazardous already. While we were cruising through Wal-Mart, we met Jerry Meller and the girls. Andie is getting so tall and prettier every day. Little Miss Summer is such a happy baby. They were trying to get ready for the cold weekend too. Always good to see them. Really miss the whole family since they moved to

closer. They enjoyed their visit and getting a tour. They barely made it home before the worst of the freezing and sleeting took place. They hit the freezing mist at Shamrock. Hope this finds Amanda and Anonio Salas doing better after their wreck last week. She had an accident over by the feedyard and rolled the jeep. They were both taken on to Amarillo. Amanda's leg and hip had to have surgery. It will be quite a while before she will be able to even consider going back to work. Hope this finds you feeling better. Mom, Carol Orthman, has been sick with the horrible cough and laryngitis for two weeks now. The cough syrup just makes her sleepy. Maybe with the weather trying to clear and the Martin Luther King holiday over she can get into see her doctor and get medicine changed. Mom is generally in good health so this has really aggravated her. You know when she misses church that she is sick. Hope the weather change helps. Hope you are feeling better. So many have had this crud stuff. Dale Corcoran has been fighting sinus and cough stuff since the end of October. Hi Kenneth and Vera. Hope you've been able to avoid the crud bugs. This crazy weather is supposed to get us again this weekend. What a way to start the new year. Every weekend nasty. Stay safe and have a great week.

Wheeler Church of Christ

It has been a rough couple of weeks for me. As a big sports fan, my favorites have all gone down in defeat. I have supported the Dallas Cowboys through the Super Bowl years as well as that 1-15 1989 season. It was painful to see that playoff game slip away due to a botched field goal hold. But that was okay. I knew the Cowboys weren't Super Bowl material this year anyway. Besides that, my favorite college team would play two days later for the National Championship. And my Ohio State Buckeyes would never let me down.
 I lived in Columbus, Ohio from age 2-10. Those were the Archie Griffin years and I loved the Buckeyes. You might even think I see me walking around wearing a "The Ohio State University" shirt. I carry a buckeye in my pocket (a buckeye is like an acorn that falls off of a Buckeye tree, a tree found primarily in the state of Ohio) and proudly show it to anyone who is interested - if you run into me in town and want to see it, just ask. Then the big game started. My Buckeyes even got off to a 7-0 lead. Things went downhill from there, though, and we ended up losing in a rout 41-14.
 How can I recover from these painful defeats? What a silly thought! These are just games that I'm not even involved in! Sure, it is fun to vicariously live through the football experience as though I were on the field, but that is just a fantasy. Although some coaches might disagree, football is not life. I'll keep rooting for the Dallas Cowboys and Ohio State Buckeyes and Wheeler Mustangs, but my relationship with any team must be so minor in reference to who I am. I will not be defined by my sports allegiances. I will be defined by my allegiance to God.
 Shawn D. Johnson

Last Friday, Jan. 5, Wesley and Helen Steen went to McLean and visited George and Maxine Crawford and enjoyed supper with them. The Steens had a lot of company through the Christmas and New Year holidays of their family. George is Helen's son. Wesley and Helen lost their mates and have been married three years or so, so they have mine and your (kids) and all ours.

Sorry to hear that Audrey Seitz has not been feeling well. Sweet lady. Remember her in your prayers. But Audrey was able to be at Quilting Thursday. Also Jane Seitz, Melba Corcoran, Betty Haines and Sydney Lynch. (Augusta Brown was in Pampa Hospital about two weeks. She is now home, but not quite up to going to quilting. Maybe next time. Thanks, Augusta.

Nice to have Ed and Laurel Hershman take me to lunch Sunday at The Spot and had a good visit. Thank you! Also there were Freddie and Amy Hunt and niece Lea Helton.

So nice to have beautiful sunshine this Monday morning. We had sun for a little while Sunday night. No clouds in sight this morning.

No church at Mobeetie Baptist Sunday. Their older preacher, O. K. Bowen, sure didn't need to drive down from Amarillo and be out on the roads. He is faithful to come when he can.

Patsy Smith passed and fell Sunday, Jan. 7, and suffered 6 broken ribs. Really painful, but she is doing some better. She is still in Parkview Hospital this Monday morning, Jan. 15, with pneumonia and congestive heart failure. Hopes to be able to go home soon. Pray for Patsy.

Earl and Betty Husted and Joyce Wood came to Wheeler Care Center Tuesday morning for Sing-a-long, communion, a message from the Bible and prayers for their residents and visitors. Several residents out to enjoy the service. Thanks for coming! Nina Hervey, a resident, played the piano. She does a great job.

Sincere sympathy to family and friends of Wilma Maddox, 82, in her death. She passed away early Tuesday morning, Jan. 9, at Wheeler Care Center peacefully. Her funeral was at Sayre Friday morning, Jan. 12, at 10:00 a.m. with burial beside her beloved husband, Dick Maddox and surrounded by other relatives. Sayre Baptist Church is remodeling their

sanctuary, so had the service at Rose Chapel in Sayre with Pastor Gary Baird officiating. Wilma was a sweet lady.

cious supper Wednesday night at Wheeler Baptist Church with barbecued meat loaf, potato-cheese casserole, green beans, salad fixings and Texas Toast. All very good. Others brought yummy desserts. Thank you!

Congratulations to Susie (Luttrell) Umsted on graduation from nursing school. She now works for a family physician at Elk City. Best wishes!

Best wishes, Ada Lou Lester, in your retirement from Wheeler Post Office. Hope you can stay well and do some fun things. We will miss you at the post office.

Jackie Cummings
Many relatives and friends gathered at Wheeler Baptist Church Thursday to pay tribute to Jackie Cummings, one of the most caring and kind ladies you will ever meet. We will miss Jackie, but have to rejoice that she has a mansion in heaven and many loved ones there. Good to have Bro. Dennis Williams, former pastor back to officiate the good service. Good to see Dennis and Emma. Remember them in your prayers and pray that Wheeler Baptist will have a full time pastor soon to lead and guide us.

Pray for Verna Alston, who has been in Parkview Hospital with pneumonia.

Good to have Bob and Evangeline Wills back to Wheeler and out to Wheeler Baptist Church after Bob was gone to Las Vegas for several weeks. We missed you.

Sorry to hear that Verne Lohberger, 93, has been in Parkview Hospital. (not just Assisted Living) with pneumonia and congestive heart failure. Remember Verne in your prayers. A fine man. Glad to hear he is some better.

"Sow a word of praise today, Plant a kindness seed; Listen to a troubled friend Help someone in need. Scatter seeds of love each day, Plant each row with care; Sprinkle joy along your way, Soak each one in prayer. Ask the Lord to bless each one, And one day you'll reap A harvest full of loving friends To cherish and to keep."

Nice to have a visit from Caitlyn Walker and her mom, Joyce Walker. They were also selling Girl Scout Cookies. Lots of interesting new cookies.

Not long ago, Keri Nelson's little Kaden, 2 years, fell at a ball game, watching Danielle and Amy Nelson play basketball and broke his four front teeth. Wednesday they took Kaden to Oklahoma City to an oral surgeon. The doctor had to pull all four of his front teeth, because so damaged. So will be awhile before gets any teeth. Sorry about that. Danielle and Amy were weekend visitors to Larry and Vickey.

Glenda Hudson had to take some papers to Shamrock Friday, so they ate lunch at Harry and Christine Maretts' home Friday for a nice visit and a good meal. Caaron McNeely worked for Glenda at Canadian at their office on main street.

Aaron Laverty has been working at the H. and R. Block office in Perryton to help them out. He has worked at Pampa in the H. & R. Block office for several years.

The Red Hat Club didn't meet at Canadian at DeLynne Dunn home for supper because of the weather on Friday night, Jan. 12. Will meet later.

Sybil (Nelson) Alexander's husband, Iva, is in the Canadian hospital and has been very ill with cancer. Remember Sybil and Iva in your prayers.

Wilma and Dick Maddox were the parents of Susan Wood, a pharmacist at Hyland's. Both deceased. May God comfort your hearts.

Thomas Roy Helton (Tooter to many) turned 74 Thursday, Jan. 11. Their kids would have taken him and Martha out to eat, but he was busy getting things ready for the cattle in case that snow and ice came. So he asked for a rain check! Happy Birthday, Thomas. They also had a late lunch. God bless you.

And Happy Birthday to Billy Joe Dyson, who turned 73 recently. God bless you!

Sorry to hear of some accidents in the Mobeetie Area Friday because of slippery roads. I heard Amanda May Salas suffered a broken leg. Ft. Elliott schools at Mobeetie and Briscoe turned out early at about 11:30 Friday. Patricia Kephart was keeping Garrett, Jarrett and Jayton Childress to help out Friday. (Amanda's kids)

Sorry to hear that Antonio Salas was taking Amanda to work at Wheeler Care Center and also suffered a broken leg when the jeep flipped.

Sorry to hear that Shelton May has more problems and needs your prayers.

ter, Shirley Horton, came from Brenham with the Brazeals to stay a month or so with them. Welcome to Wheeler.

Saturday January 13, was such a cold and cloudy day and streets snow packed. I was not brave enough to venture out, except a few feet to get my paper, being very cautious. I really enjoy reading the Amarillo paper. The cable only showed a high of about 23°. Thanks, Ray Brazeal for bringing me some milk. And, thanks Ed Hershman for mailing my letters and getting my mail and bringing yummy stew and dessert for lunch. Thank you! And thanks to others who offered help. You are sweet!

No church at Wheeler Baptist Sunday because of cold and ice. Bro. John Denton from Borger was to be our preacher, but could not make it down, or should not be out. We missed not having church.

The highest temperature on the cable Saturday was 23°.
