## Thieves Rob People's Store Tuesday Night

Glass Removed from Rear Door to Gain Entrance—Second Robbery Within Two Weeks

Neatly removing the glass from a rear door of the People's store and setting it aside without breakage, thieves Tuesday night were thus enabled to reach the bar and lock to gain entrance to the room. Apparently taking their time in selecting such merchandise as suited their fancy, the unwelcome intruders made off with approximately \$400 worth of clothing of various kinds.

The heaviest single item loss was that of ladies silk nose, according to Mrs. Clarice Fisher, proprietor of the store. About 120 pairs of good quality hose are missing. Other articles taken were a number of ladies print and silk dresses, men's dress trousers and shirts, and some jackets. So far as has been determined, no shoes were taken.

Immediately upon discovery of the theft, Wednesday morning when the store was opened for the day's business, the sheriff's office was notified. Sheriff Raymond Waters and Deputy W. O. Dewese carefully inspected the scene in an effort to find clues that might set them on the right trail. With the goods loaded into a car or truck whose tracks were soon lost in the day's traffic, scant information was found to work on. However, investigation continues with the hope of finding a lead. The sheriff's office had nothing for publication today in the matter.

This is the second such robbery here within the past two weeks. On April 9, Porter's Department was entered through a rear door and merchandise valued at approximately \$200 was taken, along with a small amount of cash.

Similarity of the two raids lead to the belief that both were committed by the same party or parties. Storekeepers are apprehensive of a repetition of the crime and are taking steps to make it extremely unpleasant for those engaged in further attempts of this kind.

## Hiltbrunner Enters Contest for Sheriff

Shamrock Man to Seek Nomination on Platform of Full Law Enforcement

Claude Hiltbrunner, Wheeler county resident for 30 years, this week authorizes The Times to publish his announcement as a candidate for the office of sheriff, subject to the will of the voters in the Democratic primary, July 25.

Hiltbrunner was a candidate for sheriff in 1934 and ran a close race. His decision to again become a candidate for the office is the result of the insistence of a large number of friends, who believe that his ability and integrity would be of service to the county.

Hiltbrunner has a wide acquaintance. He has resided in Shamrock some fifteen years, and prior to that lived on a farm in the Locust Grove community. At the present time he is farming three miles east of Shamrock. He plans to make as thorough a campaign as his farming operations will allow and will personally interview every voter possible between now and the primary. Of those he might fail to contact, he asks a careful investigation of his qualifications and an unbiased consideration at the polls.

A firm believer in the enforcement of all laws, Hiltbrunner has the reputation of being fair and square in all his dealings and, if elected, would carry out his duties as sheriff in the same way. While he has never served as a public official, his experience has been wide and varied, and of a nature involving much dealings with the public. This experience, he feels, would be a big help in attending to the business of the sheriff's office.

Hiltbrunner will be sincerely appreciative of all support given him in his campaign and will show his gratefulness, if elected, by giving the closest attention to his duties and striving in every way to make the county a good sheriff. He wishes at this time to express his thanks to those who supported and voted for him in his previous race.

## METHODIST CHURCH

Regular services will be observed Sunday morning, although it is not known at this time who will deliver the sermon.

Epworth League will meet Sunday evening at the usual hour. No other services will be held, thus permitting the membership to hear Missionary Merritt at the Church of Christ.

## DISTRICT LEGION MEET AT PAMPA ON MAY 2-3

Adjutant Jim Risner of Wheeler Post No. 138, American Legion, announces that the spring convention of the 18th district will be held at Pampa Saturday and Sunday, May 2 and 3.

On Monday of this week, Risner states, the local post reached its quota of 45 members for 1936. Efforts will continue to secure many more members than this number. It is also the hope of local officers to register the entire membership at the district meeting.

## Returned Missionary Visits Brother Here

J. D. Merritt On Furlough from His Missionary Post in Africa—Has Speaking Dates

J. D. Merritt of Kabango, Africa, arrived Wednesday to spend a few days with his brother, C. C. Merritt, pastor of the Church of Christ, and family. He was accompanied by his mother, Mrs. J. S. Merritt of Davis City, Iowa.

Merritt has spent nine years in missionary work in the Dark Continent and plans to return after a month's visit at the home of his wife's mother, Mrs. J. M. Cook, at Fort Collins, Colo., where Mrs. Merritt and children have been for several days. They will also visit relatives in Denver and other points.

The visitor will make several addresses while here. On Wednesday night he spoke at the local Church of Christ. Tonight (Thursday) he will be heard at Briscoe and Friday night at Twitty. His second pulpit appearance will be made in the Wheeler church at the Sunday night services.

Not only the membership of the church may hear him but the general public, as well, is invited to be present and learn of conditions in a strange land from one who has had long and varied experience there.

## LAND BANK-COMMISSIONER LOANS TO WHEELER COUNTY

During the period from May 1, 1933, through Dec. 31, 1935, 269 Federal Land Bank and Land Bank commissioner loans, amounting to \$518,800, were closed in Wheeler county, according to an announcement made by H. P. Drought, state director of the National Emergency council for Texas. Of this number, 78 loans, amounting to \$204,300 were made by the Federal Land bank, and 191 loans, amounting to \$314,500, were made by the Land Bank commissioner.

The total amount of loans closed by the Federal Land bank and Land Bank commissioner in Texas during the above period was \$139,850,750, representing 46,380 individual loans.

## Former Wheeler Girl Becomes Pampa Bride

Miss Thelma Jackson of Pampa, daughter of W. E. Jackson of Wheeler, and Mr. Walter Famarris of Hobbs, N. Mex., were married on a recent Wednesday evening at the home of the bride's sister, Mr. and Mrs. Roy I. Snyder, in Pampa, with the Rev. Will C. House, pastor of the First M. E. church, reading the beautiful and impressive ring ceremony in the presence of relatives and intimate friends.

Mrs. Famarris wore a suit of pastel blue with pink accessories and carried a corsage of pink roses and carnations. She attended the Wheeler grade and high school, graduating in 1930 from the Freeport high school, where she took her senior year. Before going to Pampa two years ago she was employed by the county superintendent, O. B. Miller. At the time of her marriage she was employed as bookkeeper at the Worley hospital and was a member of the executive board of the B. & P. W. club.

Mr. Famarris is employed by the Humble Oil company at Hobbs, N. Mex. Until recently he was with the same company at Pampa, where he has many friends who will join their Wheeler acquaintances in wishing them a long and happy married life.

They will make their home at Hobbs, N. Mex.

## Horse Kicks Briscoe Boy; Fractures Bone

Wayne, the four-year-old son of Mr. and Mrs. Pete Greenhouse of Briscoe, received a fractured collar bone and internal injuries Friday when a horse kicked him.

He was able to leave the Wheeler hospital Tuesday. He was taken to the home of his grandparents, Mr. and Mrs. Henry Greenhouse, east of Wheeler.

## SOFTBALL FEVER STARTS TO RISE

Interested Boosters Make Survey of Prospective Players—to Use Lighted Field

Advent of warmer weather and longer evenings has started the softball fever among fans of that popular pastime. Three or four men were making up lists of prospective players, by sections of the town, yesterday and today. Areas were designated as the south side, the west side, the postoffice block, the service station group, etc. It is possible that the court house will furnish one team.

According to T. S. Puckett, this initial survey is to get players interested and bring them out. Later on the several teams will be organized, captains elected and a schedule worked out.

A lighted field in prospect for this year, will be quite an incentive to play softball. It is reported that school authorities will co-operate in turning a portion of the football floodlights onto the space immediately south of the football field, together with possible erection of some additional light standards at the south edge of the area.

Such an arrangement will provide a convenient playground where cloudy evenings or a game started a little late will not be noticed.

## District Court In Short Week's Work

Jury Called Tuesday and Excused Without Hearing a Case in Civil Docket

Impaneled Tuesday morning to hear a civil action entitled C. D. Foote vs. J. A. Hall, in a partnership settlement matter, the jury was excused that afternoon without hearing the case, which was settled through other channels.

Court was recessed Tuesday evening for the remainder of the week. Next Monday is the opening day of the first week of criminal docket for the current term.

The grand jury, re-convening Monday morning, declared itself adjourned for an indefinite period. No new indictments were returned during the brief session.

## Jury—Fourth Week

Below is given the names of jurors for the fourth week of court. This is according to the list supplied by Holt Green, court clerk. Through an oversight, this paper included a portion of the sixth week jurors in the third week's list last week.

FOURTH WEEK—E. F. Armstrong, J. L. Badley, W. Z. Baker, Millard Brown, W. L. Bobo, Leo Cupples, L. McCombs, W. J. Chilton, W. L. Coward, Roy Carlton, C. G. Cantrell.

W. E. Dart, A. M. Downs, C. J. Derryberry, M. E. Gierhart, O. T. Gordon, R. A. Greenhouse, J. T. Haynes, O. C. Hagger, R. G. Hunter, E. L. Koger, W. D. Key, H. F. Leake, Nathan Lummus, J. M. Wornack, Bennie Morgan, C. A. Myatt.

Rowland Like, M. A. Pillers, Chas. B. Perry, Homer Pitcock, Geo. Renau, W. F. Setzler, C. W. Shaffer, Paul Stauffer, Earl Satterfield, Jeff Turner, H. H. Walsler, G. C. Ware, Raymond Zeigler.

## P.-T. A. Plans Tacky Party Monday Night

The Wheeler Parent-Teacher association plans a tacky party in the gymnasium on Monday night, beginning at 8 o'clock. Admission to the affair will be free; except to get in one must be dressed tacky. Everyone is urged to attend and specially advised to get into a "tacky" rig as possible in a bit of friendly competition.

Old-fashioned games will be offered as a part of the entertainment.

## Four Miles Road Open Sunday

Chas C. Brown, engineering foreman on the highway improvement project east of town, stated yesterday that four miles of the new road immediately beyond the pavement will be completed and open to travel by Sunday. That takes the new strip to the crossroads, nine miles east of Wheeler. Recent rains have settled the loose earth, permitting blade and leveling work to complete it for travel.

## MAYBE SO.

Stepping briskly down the street Tuesday morning, J. N. Green settled his chin a little deeper in his coat collar and snorted: "Must have had a foot of snow at Briscoe for it to be so cold here!"

## UNDERREAMING IN LOCAL TEST WELL

Operation Started Last of Week to Stop Caves and Shut Out the Water

After encountering a heavy flow of water in the oil test well on G. W. Porter land, 6½ miles south of Wheeler last week, the hole partly filled and greatly hampered drilling. Shortly a series of caves developed to add further difficulties until it was decided to underream the 10 3-4 and let the casing down to remedy the trouble.

Bottomed at 3,235, some 600 feet of open hole had to be underreamed. Sunday afternoon over 200 feet of the job had been done. Because of extremely hard formation at some levels, progress has not been rapid.

Reports today from the location indicate that the underreaming should be completed within the next day or two and the casing set. It may seal off automatically; otherwise cement will be used before drilling proceeds.

The coming week, barring mishaps, some more hole should be dug in Wheeler's first oil well.

## Hunter Makes Third Trial for Governor

Tom F. Hunter of Wichita Falls, twice a strong candidate for governor and runnerup in the close campaign two years ago today, entered the race for the governorship a third time in a formal announcement of his candidacy issued at Dallas Saturday.

Hunter, an aggressive campaigner, launched his campaign with a sharp arraignment of what he characterized as Governor James V. Allred's "calous neglect of the old people of Texas" with reference to the old age pension law.

The formal statement of announcement confined itself largely to a caustic review of Governor Allred's record, Hunter explaining that a forthcoming statement would take up specifically the principles and policies he will champion in his campaign.

## W. M. Connor Passes Away Saturday Night

W. M. Connor, well-known Wheeler man, passed away Saturday night at a local hospital following a short illness. On April 10 he underwent a ruptured appendix operation from which he was unable to recover.

Connor was born May 15, 1865, in Missouri, and died April 18, 1936, in Wheeler, Texas, at the age of 71 years, 11 months and three days. On Aug. 30, 1890, he was married to Miss Laura Barnett at Livingston, Mo. To them were born 15 children, nine boys and six girls. The faithful wife and mother, together with 13 of the children, survive.

Connor was converted and united with the Church of Christ several years ago while living in Oklahoma. He lived a consistent Christian life, striving to be an example to those with whom he came in contact.

Funeral rites were conducted Sunday afternoon at the Church of Christ, with C. C. Merritt, pastor in charge. Interment was made in the Wheeler cemetery under direction of the Hunt Funeral home.

## THREE LOCAL CLUB LADIES ATTEND DISTRICT MEETING

Misses Viola Jones, Bessie Mae Ficke and Willetta Templeton left Saturday for Childress, where they attended the annual session of the Business & Professional Women's club, which convened there April 18-19 for the District I Centennial convention.

During the business meeting it was decided to change the district meeting season from spring to autumn. The next assembly for District I will, therefore, occur during October, 1937. Amarillo was chosen as the host city.

## Farmers Produce Closed

Mr. and Mrs. Gilbert Anderson, who have been operating the Farmers Produce, an Armour station, here since late in December, are moving to Shamrock to engage in similar work. The Andersons came here from Cheyenne, Okla. The local station, situated in the Porter building west of the City Drug store, has been closed.

Mrs. Roe Green spent Wednesday with her parents, Mr. and Mrs. W. G. Mayfield, and other relatives in Shamrock.

Mrs. Melvin Howe, Mrs. Glen Porter and the former's house guest, Miss Kitty Lou Hensley of Mineral Wells were Shamrock visitors Saturday afternoon.

## MOBEETIE HATCHERY TURNS OUT VAST NUMBER CHICKS

In a conversation Tuesday with G. L. Orr, manager of the Mobeetie Chick hatchery, some astonishing facts were learned. Counting those already hatched and trays now in the machine is found a total of 250 trays. Average egg content is 112 to 120 eggs per tray. Striking an average of 110 per tray yields the huge sum of 27,500 chicks. Of course not quite all the eggs hatch. But Orr says the average is 86 chicks to the tray. That still supplies 21,500 candidates to enter the ministry.

From present prospects, the hatchery will handle fully 300 trays this season, and possibly a fair margin above that number.

## Pat Beene Withdraws from Attorney's Race

Wheeler Man Gives Good Reasons for Action—Appreciates Friendly Help

Pat Beene, young Wheeler man who announced several weeks ago as a candidate for county attorney in the forthcoming primary, this week makes the following self-explanatory statement:

"To the Voters of Wheeler County: "With much regret I announce my withdrawal from the race for county attorney. This action is necessary for the reason that I failed in one of the 16 subjects which I was required to pass before being admitted to the bar, and it becomes necessary that I return to Austin and take the examination again in June. It is not probable that I could get returns from that examination in time to get my name on the ticket, so rather than take a chance of disappointing my friends I am now withdrawing from the race.

"I want to thank all the many friends who have given me encouragement and friendly assistance since my announcement.

"PAT BEENE."

Beene's action leaves two candidates in the field for county attorney, A. C. Wood of Wheeler, and Homer Moss of Shamrock. Of course there is still time for others to announce, but it is not thought likely that such will be the case.

## Townsend Club Meet Declared a Success

Pampa Speakers Heard on Friday Night's Program—Many New Members

Sponsors of a called meeting of the local Townsend club, held in the district court room Friday night, declared the event was a splendid success when about 100 citizens interested in the Townsend Old Age Revolving Pension plan assembled to hear speakers from Pampa discuss the movement and its proposed benefits to the country.

Dr. Miles Frost and Atty. Ennis Favors, both of Pampa, and Judge A. C. Wood, Wheeler, delivered addresses, with Favors as the principal speaker. Other members of the Pampa club were present and had a share in the program.

As a result of Friday night's rally, membership in the Wheeler club was increased approximately 50. This number, added to those already on the roll, and after duplications were eliminated, gives the local club a membership of slightly less than 100, it is said.

Monday night, April 27, has been designated as a regular meeting of the club. A program of speaking is planned with music by the Liberty trio, consisting of fiddlers, E. D. Guynes and C. E. Loter, and a guitar player as accompanist. This group made such a hit with the Pampa visitors Friday night that they plan to have them present at a meeting of their club and will also try to arrange for them to be heard over KPDN, the new Pampa radio station, in the near future.

On Tuesday evening several members of the Wheeler club attended a meeting of that group. Among those going were W. Veale, A. C. Wood, R. H. Forrester and J. D. Merriam, who made short talks, and E. D. Guynes and C. E. Loter, musicians.

## City Drug Store to Sponsor Big 1c Sale

On another page of this issue of The Times will be found the announcement of a Rexall 1c Sale, scheduled to start on Wednesday of next week at the City Drug Store, Wheeler. Manager Lonnie Lee says that besides the items mentioned in this opening advertisement, there will be many other attractive offerings for his customers during this 4-day spring merchandising event.

## Samnorwood School Bus Wreck Tuesday

Driver and Student Lose Lives When Bus Crashes Bridge—Many Are Hurt

The driver, Guyron Laycock, was killed almost instantly and Alma Sechrist, a senior student, suffered injuries from which she died about midnight, when a Samnorwood rural high school bus crashed into the iron railing of a bridge on Dozier creek, 14 miles southwest of Shamrock, late Tuesday afternoon.

Besides the dead, 11 other students sustained injuries of varying seriousness. Two of these are in serious condition. They are:

Billie Carroll Cunningham, 15, freshman student, daughter of Mr. and Mrs. V. L. Cunningham, Dozier, compound fracture of the left thigh, with deep lacerations; suffering from loss of blood.

Josephine Neece, 16, senior student, daughter of Mr. and Mrs. B. A. Neece, Dozier, internal injuries, bad scalp wound and lacerations on face, fractured right arm.

Others injured include: Sallie Neece, 18, senior student, daughter of Mr. and Mrs. B. A. Neece, frontal and side lacerations on head, nine-inch scalp wound, fractured collar bone and shoulder. Dorothy Sechrist, 15, junior student, daughter of Mr. and Mrs. J. W. Sechrist, Dozier, broken finger and minor lacerations. John Willingham, 19, senior student, son of Mr. and Mrs. H. K. Willingham, Aberdeen, bad scalp wound. Pauline Wilson, 14, freshman student, daughter of Mr. and Mrs. Richard Wilson, Dozier, lacerations on left leg. John Henry Voyles, 15, freshman student, son of Mr. and Mrs. S. E. Voyles, Dozier, fractured skull, jaw broken in two places, bad lacerations on the face.

G. C. Tate, freshman student, son of Mr. and Mrs. A. Tate, Abra, bad gash on head, cracked bone in upper arm. Irene Clark, 16, sophomore student, daughter of Mr. and Mrs. Lee J. Clark, Dozier, left ear almost severed, lacerations and bruises. Lottie Mae Clay, 17, senior student, daughter of Mr. and Mrs. A. R. Clay, Dozier, lacerated scalp. Vivian Clay, 15, sophomore student, minor lacerations and bruises. All of the injured and many of the unhurt were suffering from bruises and shock.

The two Clay girls mentioned were students in the Wheeler grade school up to two years ago and are all well known here.

Cause Not Known  
The big bus, loaded with 20 to 25 high school students, was on its way to distribute the students to their homes at the close of the school day. Uninjured students were unable to give a clear account of the accident, but all agreed that the approach to the iron-railed bridge, one mile east of Dozier school house, is treacherous. They said the bus was not traveling at an excessive rate of speed.

Aid was quickly summoned from a nearby farm house and the injured taken to medical conveniences as quickly as possible. Most of them were treated in Shamrock hospitals.

The sorrowful tragedy brought gloom to families in the area served by the bus as well as the entire district. School was dismissed yesterday and today.

Joint funeral services for Laycock and Miss Sechrist were held from the Dozier Methodist church this (Thursday) afternoon.

## Wendell Meek Gets Job In Washington

Civil Service Examination Taken Two Years Ago Lands Post With the AAA

Word reached Wheeler this week that Wendell Meek, son of Mr. and Mrs. C. J. Meek of this city, was certified Saturday for a position with the Agricultural Adjustment administration in Washington, and instructed to report for duty by May 1. The exact nature of his duties, assistant messenger, is not known here at this time.

The appointment, while not wholly unexpected, came as something of a surprise, since Meek took an examination under civil service rules two and a half years ago.

Mr. and Mrs. Meek plan to drive through to the capital with their son, leaving here Saturday. They will be gone about 10 days, expecting to go one route and return another, to see as much of the country as possible.

The many Wheeler friends of Wendell Meek will be glad to learn of his good fortune and will wish him the best of luck in his new position. He is now a student at McMurry college, Abilene, Texas.

### YOU HEAD THIS EDITORIAL

What would you head such an editorial as this? Or would you write such at all if you were a newspaper man?

A staff writer of an eastern magazine visited the southwest on an assignment, salary paid and an expense account allowed. His most lasting impression was that southwestern people refuse to face facts as they are. He said in substance, people of the southwest (as he was writing for New York eyes, of course,) refuse to face facts. They say in answer to questions, "Yes, business, is fairly good. There will be a turn for the better soon." Refusing to admit many of the ills that beset us, when faced with the ruin or worse.

The easterner, born to fog and murk, will never understand the man who was born to sunshine and a clear sky at night. With his limited outlook on life the easterner sees only those things which are close to him, let him be practical or not. Persons born to the southwest, who in day see the wonderful sunshine and at night the firmaments declaring the glory of God, have a song in their hearts the once or twice-removed Italian immigrant never hears, though he may have a thousand dollar expense account.

Owing debts that can never be paid, facing drought or worse, the southwesterner has communed with a being beyond the ken of his expense-account-paid brother under the skin, here in a high-powered car to learn all about the southwest in a week. Inarticulate to a large extent, the native does not say the heavens declare the glory of God and the firmaments showeth his handiwork. Instead, "Business is fairly good, things will be better soon." And the wop writes home the native refuses to face facts. Is there a song in the heart underneath the load the southwesterner carries? Has he only dreamed of things that are not? Or is the magazine writer, who slept on a good bed unconscious of the stars that shine and the sun that brings health, a good interpreter?

Only your idea of the matter is of importance to you. If your reaction is the same as ours you might think of that book which tells of the person who has ears to hear but heareth not and eyes to see but seeth not.—Floyd County Hesperian.

### PATTERN TAKES FORM

From various political sources, sharp charges are hurled that industry in the United States has not expanded to employ the unemployed—that if it does not do so, government will chastise it. As a matter of fact, industry wants to expand; it wants to employ labor—that is the only way it or the worker can make a living.

But what is happening? Politicians are reaching out to gain management or private industry—management without any financial responsibility.

Those who foot the bills have become afraid, in many cases, to go

#### Calendar of Historical Events

Those who ask the fewest favors are received as favored guests.

APRIL  
23—S.S. Great Western crosses Atlantic in record of 12 days, 1838.

24—Start of losing five-day Irish Rebellion, 1916.

25—Guglielmo Marconi, inventor of radio, born, 1874.

26—Federal law abolishes imprisonment for debt, 1831.

27—City of Tripoli surrenders to the United States navy, 1805.

28—Napoleon starts for Elba and exile, 1814.

29—Sundbach patents the hookless fastener, 1913.

ahead. They fear destructive legislation, regulation and taxation that take an ever-growing percentage of any profit they may make, but which leave them to shoulder all losses. These are facts and they cannot be "laughed off."

Legislative proposals against industry suggest the conclusion that only the politicians are honest or qualified to operate the industries of the nation, even though most of them know little or nothing about the industries that they would put under their control.

One begins to wonder how, for a century and a half, private citizens could have been honest and progressive and have made our country the happiest and most prosperous nation in the world, and then overnight become incompetent to carry on except under the thumb and dictation of some brass-buttoned public official. Would the politicians have the people believe they are more honest and efficient than private citizens?

Has the private citizen really become incompetent, or is there a well-organized plan on foot to try to convince the people that private enterprise has failed, and while our citizens are in a quandary as to what to do, saddle them with a bureaucratic and socialistic program that will bring all basic industry under government ownership or control, to the exclusion of individual opportunity and profit?

Only time will tell. But if one begins to piece together the patterns that have been, and are being cut, the picture becomes plainer every day and it is not one to encourage investment, employment or the development of industry.

The people of the United States do not want any system that cripples and destroys private enterprise and reduces the individual to a mere cog in an official machine. The question is, will they find themselves saddled with such a system before they realize what has happened?

### LIBERATING MONEY

To millions of our citizens, the cost of living is a problem—and constant wrestling with a recalcitrant budget is essential to making both ends meet.

As a consequence, anything that cuts the cost of necessities, and especially foods, to the consumer, is in the interest of everyone and all businesses. Reasonable prices for foods result in larger purchases, and in a wider variety of purchases. When the food item is cut other home budget items may be increased.

This "new" money goes to buy automobiles and labor-saving appliances, for savings, for vacations, for education for children, for reading matter and entertainment. That makes better business in the myriad industries affected, and causes them to employ more men, to increase advertising and to expand plants. A great economic circle is started, ever widening, ever touching more industries and individuals.

Considerable progress has already been made in holding down the cost of food, through the simple and effective means of eliminating and reducing "in-between" costs—those expenses which are created along the way as food products are brought from producer to consumer. Scientific distributing methods, coupled with aggressive advertising and selling have made it possible to cut the margin of profit. As a result, the public has been saved millions of dollars, and the great industrial machine which employs men and pays taxes has been stimulated through increased purchasing power.

The movement to still further reduce the spread between producer and consumer continues. And it is in the interest of all that its progress should be uninterrupted.

The popular new dance is known as the "stream-lined fox trot" which begins with a free-wheeling whirl, glides into a knee-action strut all of which ends abruptly with a hydraulic break. It's great stuff, young folks.—Donley County Leader.

### Our Exchanges

Items of interest culled from newspapers on 'The Times' exchange list.

It sure is amusing to us innocent by-standers to watch Pampa and Amarillo. There is a real friendly rivalry between the two cities . . . and our sympathy goes out to the under dog. That is the smaller city with lots of spunk. Gilmore Nunn, the Pampa Daily News publisher, and owner of the new radio station, introduced Wes Izzard, the Amarillo radio station manager as the man who changes the needles. . . . Wes came back with a veiled hint that the powerful all-Panhandle station KGNC would again broadcast the victory of the Amarillo Sandies this year when Pampa Harvesters were defeated.—Panhandle Herald.

The reason we don't say more about the weather, all our signs fail and we lose our standing as a prophet with our subscribers. No matter how much the rooster crows, or how much our corns hurt and we take courage to announce it is going to rain, not a cloud appears in the sky, so we've come to the conclusion that "whatever is to be, will be," and you'll know it when it rains anyway.—Miami Chief.

Huh, sounds like Brother Haynes has gone hardshell.

For the relief of unemployed in Hemphill county, work is to be resumed on the new Dry Creek road project, recently suspended by the WPA. Members of the commissioners' court discussed the question, Monday, at their regular meeting. It is the plan to conduct the completion of the Dry Creek road in order to give employment to those who are now unemployed. Commissioners expect to pay the men on the Dry Creek road the same salary they were receiving while working for the WPA when the suspension of that project was received here.—Canadian Record.

G. K. Reading, resident engineer for the state highway department, announced this week that work on the surfacing of Highway 5 from the Armstrong county line through Clarendon to Hedley will be started about April 20, according to a statement by W. M. Jagoe, president of the Public Construction company of Denton, contractors in charge of the work.—Clarendon News.

Much mis-information has been put out regarding old age assistance in Texas. In the first place no pauper's oath is required to receive the pension, in view of the fact that those making application may have some property and some money in the bank. It must be shown that the applicant does not have sufficient income to live on. In the second place, the age of 65 years is not the only requirement for assistance, as some people are now arguing. The Texas law fits in with the requirements of the federal law, which make the so-called pension applicable only to those without sufficient means on which to live.—Canyon News.

Monday I saw Jake Tarter, who used to be my Sunday school teacher. He was certainly suffering from severe burns. In addition to a badly burned hand, his eye-brows were singed and the hair was burned off his hands. Naturally I inquired as to the nature of the accident. Jake told me the strangest story I almost ever heard and absolutely swore it was the truth. At his home in Wheeler county, Jake has one of these new-fangled pit toilets. Last week he said he dropped his keys and struck a match to find them. Then the thing exploded. In addition to burning Jake very badly, the top was also blown from the out-house. The accident was attributed to the formation of nitrogeneous gas in the pit. When you get to considering the formation of nitro-glycerin, which is widely known for its explosive qualities, the accident seems only natural.—Jimmie Gillentine in Wellington Leader.

### Magnolia Featuring Summer-ize Service

Drivers of the many new cars on the highways this spring are learning the importance of a semi-annual check-up for summer driving protection, it is indicated by the large number of new automobiles receiving "Summer-ize" service at Magnolia stations, Fred M. Lege, jr., vice president in charge of marketing for the Magnolia Petroleum company, reports.

"Summer-ize," the 7-point protective service provided by Magnolia stations and dealers, safeguards new cars, whose long life and economical operation will depend largely on the care given them during the first six months," Lege said. "This service for cars of any age prepares them for smooth, safe operation all summer and eliminates many expensive hot weather driving troubles."

"Certain simple precautions are necessary to put any automobile or truck in condition for safe and economical summer driving," Lege said. "Thinner, quick-flowing winter lubricants are not capable of resisting the high temperatures generated under summer heat in the crankcase, differential, transmission and other vital parts of a motor vehicle. Heavier lubricants are necessary to protect the motor in hot weather, and gasoline adjusted for summer use, as Mobilgas is, should also be employed for best results."

"Summer-ize" service includes seven distinct operations worked out by Magnolia automotive engineers as those most necessary to protect a motor vehicle against the high temperatures of summer driving," Lege said. "In addition to draining the crankcase of dirty, winter grade oil and refilling with summer Mobiloil, the transmission and differential are drained of winter lubricant, cleaned and refilled with Mobil gear oil for summer driving. A thorough grease job of Mobilubrication is performed according to manufacturer's charts and recommendations. The radiator is drained of anti-freeze solution and cleaned. The battery is checked and filled with distilled water, corrosion is removed and terminals are greased. The gasoline tank is filled with Mobilgas, which has been adjusted for summer driving."

Old-timers of Floyd county are set for their general re-union to be held in Floydada on Thursday, May 28, with the intention of making it the biggest, best and most enjoyable in the many years in which they have been gathering to celebrate the founding of their county 46 years ago.—Floyd County Hesperian.

### Enterprise

Sponsored by Banking

The expansion of a business, the growth of a city, the progress of a nation . . . all are the result of enterprise. No one individual alone, today, can successfully complete an undertaking. Co-operation is required, throughout the vast economical and commercial structure of the world, and it is through co-operation with the individual that a bank finds its greatest contribution to worthwhile endeavor.

**Sweaters, Diplomas Arrive**  
At last the basketball sweaters have arrived, and do those girls who received them feel sophisticated! Also diplomas for being a member of the athletic association were awarded. Those receiving sweaters and diplomas are Daphne Young, captain; Lois Aderholt, Dorothy Lohberger, Winnie Barnes, Georgia Cain, Mabel Barnes, Lorene Treadwell, Joy Bill Riley, Geneva and Vera Myrtle McNeill.

**Boxing Match Held Friday**  
A boxing match was held in the gym Friday. Eleven bouts were fought. Winners names appear first in the following pairings. Young, Briscoe vs. Young, Samnorwood; Mobley, Canadian vs. McDaniel, Briscoe; Self, Briscoe vs. Tipps, Canadian; Ward, Dixon vs. Cook, Mobeetie; Hefley vs. Greenhouse, both Briscoe; Baird, Mobeetie vs. Cain, Briscoe; Treadwell, vs. N. Cain, both Briscoe; Pace, Wheeler vs. Green, Canadian; Mathews vs. Evans, both Briscoe; Cain, Wheeler vs. Ridgway, Mobeetie.

**4-H Club Meets**  
"Kitchen windows should be at least three or four feet from the floor," declared Miss Viola Jones, home demonstration agent, to the Briscoe 4-H club girls, April 20, at a meeting in the school house. She further stated that a housewife spends at least 70 per cent of her time in the kitchen, therefore it should be neat, clean, attractive and simple. There should be one-third as much window space as floor space.

A Centennial program was given as follows:  
Roll call—Favorite Texas hero; songs—We Love Texas and Beautiful Panhandle; Heroes of Texas Independence, Margie Vaughn; Heroes of the Alamo, Cliffereene Savage; Early Texas Explorers, Oleta Dickerson; David Crockett's Life, Miss Jones.

Eight new members from the Dixon club were added.  
Those present were Winifred and Mabel Barnes, Lorena, Laverna and Lajuana Treadwell, Syble and Tommie Cook, Lena Mae and Betty Glenn, Fay Wilson, Georgia Cain, Dorothy Lohberger, Alva Lee, Mabel Smith, Oriline Bruton, Nellie Bee Candler, Lola Meek, Wilda Dixon, Cannia Fae Newman, Delma Satterfield, Betty Eichorn, Evelyn Dyer, Yvonne Burgess, Oleta Dickerson, Gertrude Hudson, Ruth Morris, Margie Vaughn, Alma Waters, Wanda Sanford, Mrs. Vise, Miss Jones and Miss Michael.—JOY BILL RILEY, Reporter.

**Home Ec. Delegates**  
Final judging was held last Friday to choose those to attend the rally at San Angelo. From the many well made tailored dresses and suits these were selected: Mary Margaret McCarroll, first; Fay Hammer, second, and Daphne Young, third. Two other dresses to be taken are Fay Wilson's and Dorothy Lohberger's.  
In school dresses, Georgia Cain, first; Fay Hammer, second, and Daphne Young, third. Two others will go, Dorothy Lohberger's and Winifred Barnes'. Joy Bill Riley will represent the school in meal planning. Dottie Bell was chosen to go on home project.

**Personals**  
Mary M. McCarroll was in Wheeler Monday.

# Wheeler County AGRICULTURAL News and Notes

By JAKE TARTER, County Agent and JOHN WENMOHS, Asst. Co. Agt.

Just when worksheets will arrive for farmers to fill out under the new Soil Conservation program is not definitely known, but it is hoped that they will arrive within the next few days. In the meanwhile it would be a good time to plan what you are going to plant this year so you will be ready to give this information to your committeeman when you sign up. First, figure what you will need for home use.  
In figuring what you will need for home consumption allow 20 bushels of grain per person on the farm, 70 bushels of grain per head of livestock on the farm, and one acre of garden per family. Figure what you make per acre on an average; this is the number of acres you will need to keep your farm going.  
Another point in planning your crops for this year is that you may not plant grain sorghums and peas on the same land that you had grain sorghums on last year, and still draw benefit payments from the government.

If you are in doubt on some points ask your committeeman; he knows what the program will require and he has all the information that has been put out to date.

April 15 the Kelton Boys 4-H club had an amateur boxing match at the Kelton gym for the purpose of raising funds to send the boy who had the best demonstration to the annual Short Course at College Station in July. The Kelton boys challenge any other 4-H Boys club to a boxing match and divide the gate receipts 50-50 or some other arrangement that would be satisfactory.

Quite a few club boys now are getting hogs for their demonstration and questions are being asked what is a good hog or pig. As far as breed is concerned the main idea is to get a breed of hog that is adapted to our conditions. The kind of hog that the packer likes best and the kind he pays most for is a hog that has a long body, deep sides, a straight under line, a good arched back, and heavy hams; and the hog should be as free of wrinkles at his jaw and on the sides as it is possible to get. To go with the packers' desires we must get a hog that is strong on his pastern points so that he or she can carry the weight of meat or pigs.

# ERNEST LEE HARDWARE

HARDWARE—IMPLEMENTS—FURNITURE

Mrs. Clifford Hefley of Briscoe was a patient in the Wheeler hospital this week. She returned home today.

Mr. and Mrs. Thelton Adkins of Tulsa, Okla., were week end guests of her parents, Mr. and Mrs. Tobe Frye at the Frye ranch east of Wheeler.

Misses Clara Finsterwald and Juanita Stone spent the week end in Letors with Mr. and Mrs. W. F. McCracken, returning home Sunday evening.

Mr. and Mrs. Herbert Harris and son and her mother, Mrs. C. W. McCabe, of Fletcher, Okla., came Sunday and made a two day visit with the latter's brother, C. C. Merritt, and family.

Paul Wiley left Saturday night for College Station, where he is a student at A. & M. college, after spending the spring vacation with his parents, Mr. and Mrs. H. M. Wiley, and children.

Miss Bernie Addison went to Amarillo Friday evening and spent the week end with her parents, Rev. and Mrs. O. M. Addison, and attended the convention of the Panhandle Press association Saturday.

"A child's life and training depends on the outlook the parents have on life—their attitude as to what is right and wrong," stated Mrs. Reeves to the Briscoe Home Demonstration club, April 21.

The home surrounded by parental love is a wholesome environment in which the child can grow and form good habits and a true character. "Don't" in the child's life means nothing. "Do" means everything. What normal child is there that isn't doing something most of his time?

Surround the child with worthwhile things and discuss life with its pure meaning as he begins to grow from babyhood into childhood and asks questions. Change the words, "ask me" to "tell me" the things you want to do, the places you want to go. Talk over the outcome, but let the child feel he is making his own decision.

In discussing the value of directed play, Miss Tamsey Riley told the club that "A child when left to himself will follow the line of least resistance. This selection may not always be best for the child. Supervised play is especially good in school with its group activities. It is here that good sportsmanship, fellowship and loyalty are developed."

Those present were Mesdames Bob Ramsey, Clarence Zybach, T. A. Treadwell, J. G. Newman, Queenie

**SPRING**

Easter means springtime, and springtime means picnic time. Picnics and other outings should remind us all of the safety rules we have ever known. There is always that dreaded phantom of drowning that so often accompanies outings on the river. Even with the utmost precaution, sometimes these tragedies happen.

Sunday afternoon a group of people were enjoying a picnic on the river, when they were suddenly startled by screams from several girls. One of the girls had fallen into the water, and had gone under the second time before she was rescued.

How fortunate it was that someone was present who could think quickly enough to master the situation. This time it was a girl—a freshman in high school. She is not an expert at swimming, nor has she been trained in Boy Scout's laws of bravery and life saving. But she had the courage to risk her own life in order to save the life of her friend.

We are proud to have a girl of such courage and such forethought in our high school. And may this unpleasant incident remind us all to use the utmost precaution when we go on our picnics.

**Track**

The boys track team participated in the district meet at Pampa, April 17, and were successful in qualifying five men for the regional at Canyon. The mile relay team placed second, Burns won second in high jump, and Harold Harmon won fourth in mile run. The entire team made a very creditable showing against keen competition.

If the seniors decide to make their trip to Denton the track squad will accompany them and enter the Class B state meet held at N. T. S. T. C., Denton, May 1 and 2. The boys comprising the track team are: Bobby Groves, Herbert Green, Ivan Burns, Harold Harmon, Troy Derryberry, and Calvin Harmon.

**Tennis**

We are all very proud of the accomplishments of our girl tennis players, both singles and doubles. The young ladies comprising these teams are very much an asset toward establishing our school as one of the most successful and best small schools in this part of the Panhandle. They are not only stars of the first rank in playing the game, but contribute much toward goodwill and friendship with competitive schools in good sportsmanship and fair play.

This is the second successive year these tennis teams have won the county and gone to the district. Last year the singles player, Nora Pearl Shirley, won against all-district competition and participated in the regional meet at Canyon. This year reaching the finals in the district meet, the championship was taken from her by a fine player from Panhandle by scores of 3-6, 6-4, 6-3. The doubles team of Wilma Connell and Florette Miller took up where she left off and won the district doubles crown from a nice team from Booker by the score of 6-8, 6-2, 6-3.

In winning this final match some real tennis was played by these girls, and they proved their caliber by coming from behind to win. Previous to the final match they had beaten teams from White Deer and McLean without losing a set. Saturday, April 25, they will journey to the regional at Canyon where we hope they have the same success as in the district. Anyway, we know they will give their best and will be a credit to our school and Wheeler county.

To you deserving young ladies—Nora Pearl Shirley, Wilma Connell and Florette Miller, our hats are off! The entire school, faculty and student body, community and all are proud of you and wish for much more success in the future. How about a win at the regional?

**Meet the Seniors**

Florette Miller was born Nov. 11, 1919, in the state of Mississippi. She lived there until one year of age, then moved to Louisiana, where she began school in the fall term at Sicily Island. She then attended school at Monroe.

She later moved to Texas where she went to school at Pampa one year. She has spent her high school days in Magic City high school.

She is a very neat Miss—weighing 110 pounds, and is 5 feet, 3 1/2 inches tall. She is the dizzy blonde as well as president of the senior class, with grey eyes and a light complexion. Her favorite word is either, pronounced with a long "i." Her favorite subjects are history and typing; hobby—leading pep squad yells; sports—basketball and tennis; ambition is to attend Normal State Teachers college in Louisiana.

She is a member of the Magic City 4-H club. She carries her part of the fame in tennis doubles and has played on the volleyball team for three years.

**Mobeetie Happenings**

(Times Correspondent)

Mrs. W. H. Ellis visited with her children and shopped in Pampa Saturday.

Mrs. Gordon Stiles, Miss Beth Stiles and Mrs. I. B. Lee of Wheeler attended the musical recital given by Mrs. O. W. Elliott and her music pupils last Friday evening.

Leonard Green transacted business in Wheeler Tuesday afternoon.

Mrs. D. G. Sims and daughter, Miss Katherine, shopped in Wheeler Tuesday while Mr. Sims attended court. Miss Maurine Hunt spent the week end with her grandmother, Mrs. I. B. Lee, and family. Her cousin, Delores Ahler, returned with her for a few days visit.

Mrs. Jack Miller and daughter, Mrs. Leigh and Miss Lillian Leigh shopped in Shamrock and visited their sister, Saturday.

Mrs. D. O. Beene and J. I. Maloy of Wheeler and Mr. and Mrs. Pinnell of Magic City attended a regular meeting of the O. E. S. chapter Tuesday evening.

Mr. and Mrs. Pete Sittin of Pampa visited with his sister, Mrs. Jno. Dunn, and family Monday and took home their children, who had spent the week end with the Dunn family.

Miss Parilee Clay of Wheeler spent Saturday night and Sunday with Claudia Johnston in Mobeetie.

**MR. AND MRS. GABRIEL ENJOY TWENTY-FIFTH ANNIVERSARY**

Fifty-three friends and relatives gathered at the home of Mr. and Mrs. Guy Gabriel in the Union community on Sunday, April 19, to celebrate their 25th wedding anniversary.

There were 16 cakes, including two large anniversary cakes and five birthday cakes for Mrs. Warren Williams, David Gabriel, Joyce Godwin, Marlene Godwin and Beulah Gabriel, as well as an abundance of food of all kinds.

Gifts included a lovely set of silverware, two complete sets of dishes, handkerchiefs, cup towels, a rug and many other pieces of dish ware.

Mrs. Lawrence Godwin took a group of the young people kodaking in the afternoon.

The lunch was served picnic fashion.

Mr. and Mrs. Gabriel say it is a day they will never forget and Mr. Bartram expressed the wish that such a day should happen oftener. Those enjoying the occasion were:

Mrs. Minnie Godwin of Pampa, mother of Mrs. Gabriel; Mrs. Dave Godwin and children, Pampa; Mrs. Cordie Godwin and children, Mrs. Goldie Mullins and children, Lefors; Mr. and Mrs. Raymond Suttle and baby, Densworth; Mr. and Mrs. Lawrence Godwin, Kellerville; Miss Roxy Beaver, Pauls Valley, Okla.

Mr. and Mrs. Willard Godwin and children, Mr. and Mrs. Warren Williams and children, Mr. and Mrs. Orman Churchman and baby, Mr. and Mrs. P. P. Corcoran and children, Mr. and Mrs. Bud Scribner, Mr. and Mrs. A. H. Bartram and children, and Misses Lillie Mae Gaines, Odie Mae Porter and Myrtle Trusty.

**Liberty School**

(Times Correspondent)

Mrs. T. H. Hardin and daughter, Oma Lee, and Mrs. Lou Smith and little daughter spent Sunday in the H. L. Dorsey home.

Mr. and Mrs. Roscoe Morgan of Wheeler were week end guests in the A. L. Morgan home.

The school body enjoyed a picnic last Friday at Cole Creek, near Shamrock. A number of the parents and several friends also attended.

Miss Mabel Maness spent the week end with her sister, Mrs. Bill Sells, at Gould, Okla.

Mr. and Mrs. Clarence Tedder and Mr. and Mrs. Troy Hinton visited the ladies' sister, Mrs. Olen Davis, Monday.

Miss Nora Lee Morgan, A. L. Morgan and H. L. Dorsey made a business trip to Wheeler Saturday.

Lou Smith left on a business trip Friday, enroute to Oklahoma City.

Several students have been absent because of illness. We hope they are back soon.

The closing program of the school will be given Thursday night, April 23, beginning at 8:00 p. m. Everyone is invited.

**Local News Items**

Mrs. O. Lewis has been ill since Monday.

Mrs. Nelson Porter and Mrs. Roy Puckett went to Mobeetie Wednesday on business.

Mr. and Mrs. Zerald Dean of Kelton announce the arrival of a son this afternoon, April 23.

Mrs. Buck Britt has recently recovered from a severe attack of the mumps and firmly declares she had them when she was a child.

Mr. and Mrs. Ben Parks and son, Bennie Dean, of Allison were in Wheeler Wednesday on business and visited friends while here.

SHOWING 150 all-wool patterns for custom made suits at \$25.00. Buy one, pay \$1.00 per week. City Tailor Shop. 191c

Marvin Montgomery, son of Mr. and Mrs. Tom Montgomery of Twitty, is recovering satisfactorily from an appendix operation he underwent Sunday at the Wheeler hospital.

Mr. and Mrs. R. J. Holt and children went to Pampa Saturday on business. Mrs. Holt and children remained with relatives until Sunday evening, while he came home Saturday night.

Lee Guthrie went to Oklahoma City Wednesday on business. His brother, Lamar Guthrie, of Tipton, Okla., joined him at Clinton and they attended to business and returned to their homes today.

Mr. and Mrs. Doug Sims and daughter, Miss Mary Kathryn, of Mobeetie were in Wheeler Tuesday on business. Mrs. Sims and daughter were dinner guests of Mr. and Mrs. Fred Rathjen of Kelton. Mrs. Sims is a sister of Mr. Rathjen.

Mr. and Mrs. Robert Walker, Mr. and Mrs. Peyton Wofford, Miss Mary Smith, and Herbert Cadenhead of Shamrock, were Tuesday evening dinner guests of Mrs. Inez Garrison and all attended the prize fight and program at the gymnasium that night.

Mrs. J. M. Porter, Mrs. W. W. Adams and Mrs. J. A. Bryant went to Amarillo Tuesday to attend the three day meeting of the Northwest Texas Conference of the Methodist Women's Missionary society. Mrs. H. E. Nicholson planned to attend some of the sessions. They are expected home by Friday.

Mr. and Mrs. H. E. Wicker gave a dinner Sunday in honor of their daughter, Rosemary, the occasion being her fifth birthday. Guests were Joelene Underwood, Peggy Jo Rodgers, Eloyce and Yvonne Sandifer, Jolene Witt and the honoree. Ice cream and cake was served during the afternoon and many games were enjoyed.

Derwood Lewis of Oklahoma City came Monday for a few days visit with his wife and baby and his parents, Mr. and Mrs. O. Lewis, and Mrs. Vera Jamison and children.

is becoming to her. Plenty of action to please anybody, plenty of fun to please all.

**YOUR UNCLE DUDLEY**

Monday and Tuesday

Here is one of those clean, wholesome, laugh-packed business-domestic comedies that will suit a family audience. This is a down-to-earth homey, human comedy finely adapted to Horton's talents. This attraction deals solely in elements that make for understandable and believable domestic entertainment—the kind that might and probably does happen in any family or community. The mere notation of Edward Everett Horton's name in the cast is a guarantee that the show is worth your time and money.

# The Mobeetie Outlook

Volume II—Number 17

THURSDAY, APRIL 23, 1936

Mobeetie High School Paper

## Mobeetie Gets 4th In District Track

Total of 15½ Points Made by Key and Farmer—Girls Place in Declamation, Essay

Mobeetie ranked fourth in the District Track and Field meet held at Pampa, April 17. Pampa was first with 28½ points, White Deer second with 23, Hedley third with 20, and Mobeetie fourth with 15½.

All points for Mobeetie were made by Orval Key and Fred Farmer, Key making 10½ points for high point man of the meet, and Farmer making 5 points. Key leaped to a new district record in the broad jump, making 20 feet 2½ inches. In addition to the broad jump, Key tied for second place in the pole vault, and won second place in the high hurdles. Farmer won first place in the low hurdles.

Key and Farmer will be entered in the regional meet at Canyon, Saturday, April 25.

Men making the trip to Pampa were Bartram, Barton, Zell, Harrell, Patterson, Farmer, Key and Dart. They were accompanied by manager, R. L. Dunn, and Coach J. M. Knowles.

### Junior Girl Wins First

Maurita Dunn won first place in district junior declamation at Pampa, Saturday. The name of her declamation is "I'm Going Down in Texas," by Charles Evans. This is the second consecutive year that Maurita has won in junior declamation. She placed three consecutive years in story telling. We are very proud of Maurita and hope for her much success in the regional meet, which she will attend in Canyon next Saturday.

### Another Honor

Betty Elder won third place in essay writing at the district meet Saturday. This is the second year that Betty has placed in the district meet.

## Re-elect Principals and Superintendent

J. M. Knowles and Noah Cunningham were re-elected for another school term at a recent meeting of the school board.

Superintendent M. D. Blankinship was re-elected in February. The high school has had a very successful year. The students have shown an unusual interest in their work. Some very outstanding work has been done.

Knowles has been in the school system for four years. He was grade school principal for one year and has been principal of the high school for the past three years.

Cunningham has been principal of the ward school for the past three years. They have done some very commendable work in the ward school this year.

Conservative estimates on the number of guests expected to attend the Texas Centennial exposition at Dallas, which opens June 6 and closes Nov. 29, have concurred on 12,000,000.

## Junior Play Proved a Delightful Event

Presented April 10 Before Large Audience—Characters Were Splendid

The junior play, presented April 10, was a grand success.

There was a large crowd present. The play was filled with so much comedy that there were smiles on every face. Everyone appeared to enjoy the play.

You should have seen the juniors strut their stuff. The old maid, Pinkham, just couldn't keep anything to herself. R. L. acted as if he might have worked in a drug store before. Why shouldn't he? Edd Dart was a typical traveling salesman.

Proceeds of the play will go to help take the juniors and seniors to Carlsbad. The proceeds of the Mobeetie-McLean ex-senior football game will go for the same purpose. Buy a ticket to the game and help the juniors and seniors!

## First 1936 Football Game On April 25th

The first football game of 1936 will be played Saturday afternoon, April 25, at Mobeetie. The ex-seniors of McLean and Mobeetie will battle.

Purpose of this game is to help the juniors and seniors raise enough money to go to Carlsbad. This will be the first trip to Carlsbad for the Mobeetie juniors and seniors.

Everyone talk it up; come and bring the family. It will really be worth the money.

Admission is 15 and 25 cents.

## JUNIORS AND SENIORS PLAN TRIP TO CARLSBAD

Yes, the juniors and seniors are going to Carlsbad if Dame Fortune continues smiling so benignly on them. At present, the only thing lacking is a few more dollars and a large enough conveyance.

The classes, composed of about 50 students, are hoping to be able to go in one truck, take food and bedding along, and have one grand outing. If possible, they will go to Roswell the first day, go through the caverns the following day, down to Juarez the next, and back home on Sunday, taking time for a visit at the Canyon museum that afternoon.

The plans are made. The money in the offing, it is hoped; so maybe the trip will be a reality.

## SENDING 150 TO SING-SONG

Never before has interest been so high in singing at the local High as now. The school is practicing daily for the big sing-song celebrating the Texas Centennial, to be held in Shamrock this week end. Patriotic state songs and cowboy melodies are to be heard if one happens to come near enough. The Mobeetie Hill Billies are practicing daily for their special to be given at the meet, also. Approximately 150 children are expected to represent Mobeetie in Shamrock Friday night.

## THANKS, J. T.!

Thanks to J. T. Cupples, who has made the flag-pole strong and ready to meet the gales. J. T., after climbing the pole four times, has braced it sufficiently to stand the ordinary prevailing westerlies.

## "Among the Stars," Senior Play, Dated

It's coming! What? The senior play. What's the name? "Among the Stars." It is to be presented at the high school gym, May 8.

There will be the surprise of a lifetime in seeing O. C. Walker and Clevel Laman as brother and sister of just 48 and 50 years of age, respectively.

Surely no jewelry thief could disguise himself better than Orval Key! And as for the butler and maid, Charles Hix and Jessie Vernon are the best.

Of course the movie stars, not the planets, are of greater importance to some of the characters but not to the scientist, by the name of O. C. Walker. Just feature J. B. Carmichael as a movie director with such stars as Arlie Lee, Susie Sims, Fred Farmer and Jarvis Ridgway! But what fun there is when the cook, Betty Elder, decides she wants to be an actress, too!

Anyway, it's a good play, and everyone should come to see it. There will be some good between-act numbers, too, so make plans to come to the best play of the year.

## MEET FOR ASSEMBLY

The high school students and teachers met in the gym Friday, April 17, at 2:30 for assembly. They entertained by a second grade quartet and the 4-H club boys.

The quartet, composed of Melba Robison, Beulah Bess Adams, Billie Jean Anglin and Maurita Laman, sang two songs, "Taps," and "In My Happy Little Home in Texas."

The 4-H club boys, or the Mobeetie Hill Billies as they seem to prefer to be called, rendered several numbers on their guitars, violins mandolins and accordion.

After the entertainment, everybody joined in singing several Centennial songs.

## Hinson Helps Judge Dresses at Wheeler

After accepting the invitation of Mrs. Gordon Whitener, Wheeler home economics instructor, to be a judge for the clothing contest, Mrs. Winnie Hinson went on Thursday of last week to Wheeler to aid in judging the dresses. She was assisted by Miss Lavelle Coney, Briscoe home economics instructor.

Mrs. Hinson stated that the Wheeler girls have done some extremely good work. The dresses were of three types; afternoon, evening and tailored.

She also attended a tea given in the home economics cottage and a talk made by John L. McCarty.

## District Home Ec. Meeting a Success

All-Day Program Enjoyed at Local Gymnasium April 18—Mrs. W. R. Ewing Talks

Approximately 135 visiting home economics girls, with their mothers and sponsors, attended the district home economics meeting which was held in the gymnasium Saturday, April 18, from 9:30 to 3:00 o'clock.

The morning session was devoted to a program consisting of the following:

Sing-song—Led by district song leader.

Reading—"The Forerunner of Texas," Memphis.

Making the Best of My Hobby—Ina Zell, Mobeetie.

The Value to a Home Making Girl of a Visit to the Centennial—Dodsonville.

A Child in Old Mobeetie—Mrs. W. R. Ewing.

Interesting Ways of Earning Money to Pay for a College Education—Dawn Weatherly, Wheeler.

Clothing of 1836 vs. 1936—Susie Sims, Mobeetie.

One of the most interesting features of the program was the talk Mrs. Ewing gave on her childhood in Mobeetie.

"When I came to Mobeetie," she said, "the only flower to be found in the vicinity was one small white rose on a grave at the cemetery." She told of many other interesting incidents in her life as a child in Mobeetie.

The program for the morning ended at 11:30 and the guests, along with local club members as guides, went to the Old Fort Elliott site and the old jail. They were much interested in facts relating to the history of Mobeetie.

At noon a plate lunch was served by the local club. Lunch consisted of two sandwiches, salad, pie-a-la-mode and iced cocoa.

The afternoon was devoted entirely to musical entertainment. Each club gave a special number as follows:

Estelline—The Patch Work Quilt, Thava Hemphill, Latrice Sims.

Dodsonville—"I Feel Like a Feather in the Breeze" and "Mood Indigo," trio.

Memphis—"All Day on the Prairie," Amilda Thomas.

Wheeler Club—"Texas, Pride of the South."

McLean—"The Curious Story," trio.

Clarendon—"The Country Garden," Dorothy Kerbow.

Kelton—"Narcissus," piano, Louise Britt.

Mobeetie—"We Love Texas," Ina Zell, Eunice Mae Dyson, Helen Dyson, Mildred Eubanks.

Allison—"At Close of Day," Fleta Hickerson.

4-H club boys from Mobeetie.

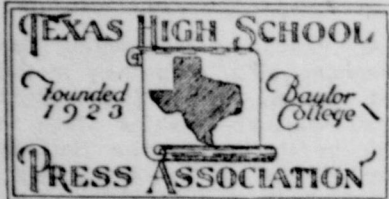

Texas has a land area of 262,398 square miles and a water area of 3,498 square miles.

### PURPOSE OF TEACHING AGRICULTURE

Agriculture is truly the basic industry of the American people. Upon its foundation, directly or indirectly, rests the future prosperity of our nation. Since agriculture is of such vital importance, it is necessary that the future farmers of America be skilled in the technique and the scientific procedure of the farming industry.

Because it is impossible to reach some of these future farmers through other mediums, the agriculture course is offered in the curriculum.

Many boys nearing the mature age and yet in high school, naturally desire and demand the more practical subjects, to some extent anyway, before they really become interested in school work.

Agriculture is a thoroughly practical subject, subject to many changes from year to year, the latter making the subject matter interesting to both student and teacher. It is a subject that should be understood in its basic principles even by those boys not intending to make agriculture their vocation.

Since agriculture is so important, and since it is a fact that many boys never reach college, it is wise and justifiable to offer a course along the line in high school, otherwise it would be skipped. If the course is made interesting enough, several students will follow the same study in college.

### WHAT SUBJECTS TEACH CITIZENSHIP?

Just as Moses, David, Solomon and Isaiah were teachers of the Hebrews, modern teachers are school ambassadors. These ambassadors inform us and help us to live happier by being peaceful, tactful, congenial and patriotic. Just what is the local school doing to promote those things which are essential elements of good citizenship?

Every subject in the curriculum has its part to play in the making of a good citizen. The English classes are doing their duty by raising the English standards. One authority has said that "good English makes a good citizen." The statement is quite true, and the English students have realized it. Besides their regular class work they have made many posters, maps and other projects that show the results of their efforts.

At first thought, one might wonder what the mathematics classes could be doing to bring about good

## Head Student Group Next Year

MARGARET CAILLET

DOROTHY EHLINGER

The election of Miss Dorothy Ehlinger of New Braunfels to the 1936-37 presidency of the student body at Texas State College for Women (CIA) climaxed a week of enthusiastic campaigning following announcement of student nomination. Miss Margaret Caillet of Dallas was chosen vice president.

citizenship, but upon second thought we come to realize that a good sense of math helps greatly in the making of a good farmer, and a good farmer is certainly a good citizen.

History inspires upward trend to patriotism. A better understanding of progress gained through the study of it, stimulates a desire for invention and appreciation for heroes of other days. The thorough study of the constitution of the United States, which was made in the American history class could do nothing less than make better citizens by its equipping them to be more efficient in helping run the government in future years.

The Texas history class has been one of the most active in progressing citizenship in the form of patriotism. It has especially stirred local patriotism by its close study of local history, and the student body as a whole has developed a reverence for its home town.

The art class has been another "live wire." It has learned to appreciate local beauty more thoroughly by making monuments, posters, plaques and such in commemoration of local history.

The government class should certainly be better citizens because they have learned their responsibility to the government by buying mock poll tax, voting and studying the constitution.

A knowledge of other people, their language and customs which are gained by the study of Spanish helps one to be courteous and understand other people better.

Home economics is one of the most important things in the making of the lady citizen. She is very much like a good farmer; if she is a good housewife she is necessarily a good citizen. Through the course she grows to be more helpful to her family and her community as a whole.

The commercial classes, which include typing and bookkeeping, make students more independent and prepares them to make a better living in the future.

Agriculture as taught in the high school is not only essential to a man's education but to good citizenship. Besides learning the facts between the covers of the agriculture book, the boys have developed good English habits.

The school as a whole has been developing one of the most outstanding characteristics of citizenship, system. It has not only been stressed in periodical routine but in paper, form and work.

With these helps, along with the association of good citizens, the students should make a mark in the world that will bring honor to themselves and to their instructors, associates and parents.—C. L.

### OCCUPATION

Occupation students are completing their career survey manuals. They will be handed in at 9 o'clock, April 22. They are also just finishing the chapter in the book "Finding One's Place in the Field of Work."

An informal class debate is scheduled for one day next week. This course has been very interesting—I say it has been, for it is almost finished.

### SENIOR CLASS BRAIN TRUST

It seems that Betty and Elizabeth ran a very close race for valedictorian. Betty won by one and one-eighths points, therefore Betty will be valedictorian and Elizabeth will be salutatorian.

The grades were averaged for two years. Elizabeth's average was 92.06 and Betty's was 93.

They are the best of friends, yet they had the bitterest race for valedictorian.

### ATTENTION PARENTS!

Three busses will run to the singing at Shamrock, Friday night, April 24. These busses are going (Smith, Jeffus and Fultz) without any remuneration whatsoever and will not deliver children who live in out-of-way places off the bus lines. The children must provide their own ways to the bus lines. Their parents should not let them go expecting the bus to deliver them to their homes if they live off the bus lines.

Help! Help! Help! The juniors and seniors go to Carlsbad.

Times Wantads are only 5c line.

### CENTENNIAL CANDLES

A is for Stephen Austin  
 The father of our state.  
 B is for Bonham, Bowie,  
 Whose bravery we relate.

C is for David Crockett  
 Who died at the Alamo.  
 D is for brave Dick Dowling  
 Whose name will ever grow.

E is for Hayden Edwards,  
 The luck he had was bad.  
 F is for James W. Fannin  
 Butchered at Goliad.

G would be for Gonzales,  
 First to resist the foe.  
 H is for Samuel Houston  
 Whose fame the nations know.

I is for Governor Ireland;  
 Fence cutters he made go.  
 J is for General Johnston  
 Who was killed at old Shiloh.

K would be for Captain King,  
 At Refugio he perished.  
 L is for M. B. Lamar  
 "Good schools," the dream he  
 cherished.

M is for "Old Ben Milan,"  
 A hero brave and true.  
 N is for Phillip Nolan  
 Who died in Texas, too.

O is for Olivares  
 A missionary brave.  
 P is for Governor Pease,  
 His best for schools he gave.

Q is for Quivira  
 For whom the search was vain.  
 R is for Oran Roberts  
 Whose rule was safe and sane.

S is for Erastud Smith,  
 A famous Texas scout.  
 T is for William Travis  
 Whose fame for ages we'll shout.

U for General Urrea,  
 Wicked and cruel was he.  
 V would be for Veasco  
 Where on terms they did agree.

W is for William Wharton  
 A Texan true indeed.  
 X a letter in Texas  
 From Mexican rule was freed.

Y is for Yarbo  
 An early settler here.  
 Z is for Zavala  
 Whose name to us is dear.

Sleep on, ye noble heroes,  
 Who gave that we might live.  
 None e'er shall be forgotten—  
 Honors to each we give.

### AGRICULTURE BOYS DEBATE

Monday, April 20, the agriculture boys had a hot debate over the hatching of chickens. The question was: Resolved: that artificial incubation is more practical than natural incubation. The chairman of the affirmative was Adrain Love, and the chairman of the negative was Horace Gordon.

The affirmative brought out a good point by saying the farmers that raise about 100 chickens go to the hatchery to buy them. They liked the debate so well they plan to have another.

### Principals, Superintendent Banquet

The principals and superintendents banquet was held at the Mobeetie high school building April 22 at 7:30. State Superintendent J. D. Wilson was the speaker of the evening. The largest attendance of the year was present at this banquet. The home economics girls served the banquet.

Line and form also effects are wanted it is quite important to know that vertical lines lengthen and horizontal lines shorten and broaden the figure. The position of the belt also has much to do with the figure. It may be placed to either broaden and shorten, or lengthen the figure. The neckline has much to do with the face. The v-shaped neckline has a tendency to lengthen the face. The square and round necklines have a tendency to widen the face. To be correctly dressed a woman must give practically as much attention to her accessories as her dress. They must be of correct design and material for the occasion or season and they must be suited, both in color and design, to the figure who is wearing them.

ODESSA CRUCE,  
Home Ec. I.

ABER AND JABER

We have a new sister in school, Smokey Dyson.

Come to the football game!

A phrase commonly heard when Bill Bartram comes in sight is, "here comes the army."

Help the juniors and seniors go to Carlsbad!

We heard that Miss Simpson sold Buck Scribner six tickets to the football game.

Come to see the game of the year! Saturday, 2:30 p. m.

We heard that Polly had a very interesting conversation over the telephone Sunday night.

Let's go to Carlsbad!

Zelma, you should keep your foundation under you, especially when you have a typewriter in your hands.

We can't go to Carlsbad if you don't sell tickets!

Take pity girls, we heard that Mr. Hawkins has already bought over 20 tickets.

You see the football game, and we will see Carlsbad!

No excitement at all folks, it is just Key in town with his medals on.

Stop, look, and read! Please come to our football game!

April 23, 1936

GRADE SCHOOL

Did you ever watch bees or ants at work? My, aren't they busy fellows! And so very enthusiastic about it, too. If you could have watched the grade school children last week I am sure you would have been reminded of busy bees or ants.

Now I guess you wonder just what caused them to be such busy workers. Who wouldn't have been? They were re-modeling the school grounds and making it a new spring dress.

Big boys and little boys were busy with picks, wheelbarrows and other implements. They moved about two tons of rocks off the school ground and also picked up old boards and such things that gave an untidy appearance. Then they hauled fresh rich soil for the girls to use to make flower beds. They also hauled dirt to fill in low places which kept the grounds from being level. They set grass out in these places and in other places where there was none. They really made the school grounds a fine looking dress.

And the girls felt like it needed some bright cheerful trimming so they carried rocks and built flower beds which boys filled with dirt. Then they brought flower seeds and planted them. Some of the flowers planted were zinnias, pinks, cosmos, morning glories and several others. The trimming should be very lovely in a few months. Every day someone wants to water the beds. Cans with nail holes in the bottom are used for sprinklers.

Watching ants is a very fascinating pastime. But they take everything underground. The people who worked so industriously on the school ground not only did a fascinating piece of work to themselves but everyone can see what they have accomplished and can enjoy it with them. You just have to believe the ants are accomplishing things, but in the case of the grade school people "seeing is believing" for their work really shows up. And everyone can see the school ground has a new dress.

As the school year draws to a close the teachers and pupils of the ward school wish to express their appreciation of the spirit of co-operation which has contributed so much to the success of the school. The Blue Bonnet club has almost taken the place of a P. T. A. and we are especially grateful to it for playground equipment and for the hot lunch which is being sponsored by members of the club. They planned at first to serve the lunch only until the end of March, but on account of generous donations of supplies by patrons and an additional appropriation from the county, it has been possible to continue it longer. We are very grateful to everyone who has assisted with this project.

The interest parents have shown in the work we are trying to do has done much to encourage the children to put forth their best efforts.

Grade School Program

The grade school program is to be given in a different manner this year, a "sort" of relay program. The first and second grades are giving theirs Friday, April 24, from 2:30 to 3:30. The program will consist of classroom material and other numbers. Every child in the first and second grade will have a part on the program.

The third and fourth grades are giving their program the following Friday at 2:30, the fifth and sixth grades on Friday, May 8. The seventh grade will present "Deacon Dubbs" for their program.

All parents and friends are cordially invited to attend these programs.

Second Grade

The second grade had an addition of six new pupils last month. They are Belva Bobo, Lindy Mason, Bronnell Skaggs, James Futch, Doratha Faye and Leon Price. James, Leon and Doratha Faye had been former classmates. We were glad to have these people with us. They brought the classroom enrollment up to 39.

The attendance for the past two months has been very good. The following pupils were neither tardy or absent last six weeks: Billy Jean Anglin, Dorothy Nell Goodnight, Orvel Brewer, Jimelene Lamon, Maurita Lamon, C. W. Burch, Wallon Corse, George B. Dunn, Lee Roy Johnson, Stanley Wilson, T. J. Vinson and Vernie Mixon.

The second graders are reading "Billy Boy on the Farm" and are working out a farm unit in connection with it.

The third grade expect to finish their trip to Japan this week. They have spent a month over in Japan studying how the Japanese people live. During their visit they have visited every type of home, the schools, cities and farms. They have found their homes and home life quite different from those of American children.

Every child in the third grade has to take this journey by making something in the project. First, all the stories about Japan that could be found were collected and read. The life of the Japanese people was dramatized in English work. Then a Japanese village was worked out on the sand table, posters, fans, lanterns, umbrellas, Japanese houses, ships, kites, dolls and many other things.

In completion our project a Japanese play is being worked out by the class to be given at our closing school program.

The following letter was written by a third grade pupil in language class.

Dear Mother—We landed in Japan about a week ago. I rode in a rickshaw to the city. The man that pulled me went very fast. We went to a hotel and we saw a row of shoes as we went in. When we went to our room we did not know where we were going to sleep. They took our bed out of the wall. I didn't like my pillow. It was a block of wood. The Japanese boys and girls dress alike. The Japanese boys have big pockets in their sleeves. They carry their toys in the sleeves and sometimes they even carry their dogs in them. They have snow-capped mountains. The houses are bamboo. I think the Japanese are the cleanest people in the world.

Your son,  
J. W. CREEKMORE.

Fifth Grade News

By KATHRYN MILLER

M. L. Robinson, who has been absent a very long time, was visiting the school Thursday. During his absence he has been at the Ross hotel in Amarillo. It seems to have done him good to stay in Amarillo so long, as he had to walk on crutches when he left and on his visit his crutches were laid aside.

We are very glad he came and hope he will come back every chance he gets. We are very sorry that he has to be absent from school but he must take good care of his foot and leg in order that he will be able to attend school regularly next year.

Just one month till the close of school and the following fifth grade students have not been absent or

tardy. Arletta Barton, Orvel Jerguson, Dale Harrell and Mary Kathryn Miller.

Here's hoping they can hold this good record for another month. Doris Key has been absent only one day this year and Doris Goodnight has spoiled her record by being tardy once. Too bad!

Fifth Grade Elects Officers

Wednesday, April 15, the fifth grade class held a class meeting to elect officers for the remainder of the school year. They elected the following officers: President, Janoise Ridgeway; secretary, Ray Sims; Flower garden girl, Juanita Beck; sergeant-at-arms, H. V. Compton; librarian, Betty Jean Mixon, and class reporter, Mary Kathryn Miller.

Work on the Playground

Mobeetie is working to the point to make Mobeetie school the cleanest, neatest and most attractive school in the county. There have been many rocks on the school ground which have been dug up and piled in a large pile on the west side of the school ground.

Dirt is being hauled by the boys to the places where the rocks have been removed.

The fifth grade girls are making a flower bed on the south side of the building. Other flower beds are being made all along the south side of the building. The girls have brought seeds of various kinds and also some chrysanthemum plants, and now they are watering the bed and waiting anxiously for their seeds to sprout.

Grade School Honor Roll

First Grade—Phyllis Blassingame, La Rue Flanagan, Bettie Hix, Ernestene Seitz, Billie Sue Grimes.

Second Grade—Betty Jean Anglin, Maurita Lamon, Jean Patterson, Melba Robison and George B. Dunn.

Third Grade—Stacy Arnold, Joyce Beck, Jewel Eubanks, Jack Lewis, Glorice Haynes, Carlton Lamon, Johnny Love, Juanita Walker and Tom Walker.

Fourth Grade—Louise Almond, Mary Belle Heare, Mary Louise Hogan, Maurine Hunt, Evelyn Patterson, Neweta Williams and Carey A. Dysart.

Fifth Grade—Junior Barton, Arletta Jeffus, Juanita Beck, Dale Harrell and Mary Kathryn Miller.

The sixth and seventh grades did not have any honor roll students for the past six weeks. To make the honor roll each student must average 90 or above in their studies including deportment.

Percentage of Attendance

- First grade—89.5%.
- Second grade—94.1%.
- Third grade—91.0%.
- Fourth grade—93.8%.
- Fifth grade—95.8%.
- Sixth grade—89.6%.
- Seventh grade—95.4%.

Total enrollment of the grades is as follows—first 37, second 39, third 34, fourth 38, fifth 47, sixth 27, seventh 13.

Dress

The clothing worn by the human race is called dress. This term applies to the entire costume of both men and women. The specific term applies to the garment of a woman or girl. A person, man or woman, is well dressed when the complete costume, including hat, gloves, shoes, and hose is suited to the wearer and to the occasion.

There are many factors which de-

# S

## GLOVES GIVEN IN LAST BOXING BO

### 10 Matches Staged in Warmer both from Wheeler Win Prizes

Beginning at 8 o'clock, night, 10 boxing matches in the Wheeler gymnasium. Golden boxing gloves were given to the winners of the ch

First on the list was a whole has between Odous Hook and Key broke the broad jump record, Ford of Wheeler the shot put, and Mills of Shamrock the javelin.

R. L. Dunn is a very good manager, especially when it comes to getting in a track meet free. You make a very good looking track boy, Dunn, even though you can not run.

### MOBEETIE CONTRACTS WITH SPRING CREEK DISTRICT

April 17 the Spring Creek trustees met with the Mobeetie trustees and signed a contract whereby Mobeetie agreed to assume the obligation of educating the school children of Spring Creek.

Under this form of contracting with another district, taxes will not be increased in the Spring Creek district, whereas if the Spring Creek district did not contract no state aid would be allowed. Spring Creek simply transfers all her scholastics and all her local revenue, except that part set aside for the sinking fund and insurance on the schoolhouse, for a period of one year.

Mt. Zion has also signified her intention of contracting with Mobeetie. Like Spring Creek, Mt. Zion will sign for one year with right to return to her little school next year if she so desires.

Dixon has consolidated with Mobeetie and Briscoe, the east half going to Briscoe and the west going to Mobeetie. The smaller schools are finding that they can get better schooling facilities with no more cost by merging with the larger schools.

### B. Y. P. U. Party

Approximately 15 B. Y. P. U. members with one friend each gathered at the home of Mr. and Mrs. Allen Leonard for a social on Thursday night, April 16.

Games were played and the remainder of the evening was devoted to the singing of popular songs.

After refreshments of lemonade and cake were served, the guests departed. Everyone reported a very enjoyable evening.

### HOME ECONOMICS II WORKING ON CHILDREN'S GARMENTS

The home economics II class is making pre-school children's clothes. Some of the girls are making little boy's suits, some are making infant clothes and others are making little dresses.

Part of the material was furnished by mothers, and the girls are making the garments for them.

### 100,000 ATTEND EASTERN PAGEANT IN

Spectators numbering 100,000 gazed upon the various features of the Wichita Mountain Easter pageant Sunday, April 12. The program began at 3:30 a. m. and lasted until after sunrise.

With each feature an appropriate song was sung. The pageant pictured "The Judgment, the Last Supper, the Crucifixion, and the Resurrection." The characters, dressed in bright reds, purples and greens, numbered nearly 2,400. Colonel Arthur Goebel of Amarillo wrote "Peace on Earth" in the sky with his plane.

At the rear of the crowd on top of the mountain was a lighted cross and at the foot of the mountain were other lights. The buildings were set on the sides of the opposite mountain.

Everywhere on the ground were persons with their blankets and quilts. Some had been present for a day beforehand. Near 2:30 there was a string of cars as far as one could see coming from the west and the same sight from the east. The Fort Sill military boys kept order and prevented accidents.

The program was broadcast from coast to coast, but the loud speaker was in total darkness and the voices seemed to come from the sky. The Star of Bethlehem placed near the top of the mountain looked as if it were in the sky. Angels with pale lights on their wings seemed to float from heaven but in reality were only on the mountain.

A feeling of awe strikes the spectators as he sees a group of worshippers kneel with wreaths at the foot of the Rock of Ages as the song "Rock of Ages" floats out of the darkness.

"Where He Leads Me I Will Follow" was sung as 100 persons went through the garden with lighted torches.

The Wichita Mountain Easter pageant is a spectacle never to be forgotten.

The following people motored to Lawton, Okla., from Mobeetie to attend the pageant: Daisy Crump, A. B. Crump, Nellie Bartram, Clarine, Walter and Blanche Brannon.

### SING-SONG IN SHAMROCK

The Mobeetie schools are to be present at the sing-song at Shamrock, Friday night. The high school will be represented with 65 students and the ward school with 60.

The high school cowboy band will sing a special.

The busses will leave the school building at approximately 6:30 p. m.

### TENNIS

The tennis players are badly in need of a new tennis court. If one could see them playing, his heart would go out to them.

At times the players have to go half way to Canadian and sometimes to Wheeler chasing a tennis ball. There is also great danger of getting run over by the track boys when a wild tennis ball flies over their field.

However, if there were nets at the backs of the court some of the girls might not get their share of exercise during the play period.

The tennis players only play tennis half the period. when they have to chase tennis balls, so some help in building a tennis court would certainly be appreciated.

An authority says men over 50 are the best auto drivers, for they have too much sense to drive with one hand on the steering wheel and another around a flapper. But that's not the old boy's fault.

class presented a recital at the grade school and auditorium at 8 o'clock, Friday night, April 17. A large crowd attended the program.

The program was as follows: Greeting—Doris Goodnight and Elda Gordon, accompanied at the piano by Aileene Lee.

Piano duet—Mrs. Elliott and Mrs. Flanagan.

Piano solo—Doris Goodnight.

Priscilla—A musical play with La Rue Flanagan at the piano and sung by Phyllis Blassingame.

Piano duet—Aileene Lee and Paul Jones.

Reading—Maurita Dunn.

Vocal solo—Mrs. Flanagan.

The remainder of the program was presented in the form of an airplane journey around the world with representative music from the various countries.

Piano solo—Maurine Hunt.

Piano solo—Chester Green.

Indian dance—First graders.

Piano solo—Zelma Elliott.

Piano duet—Delora Ferguson and Mary Kathryn Miller.

Beautiful Texas—Audience.

Piano solo—Mary Kathryn Miller.

Negro Spirituals—Mrs. Collins, Mrs. Godwin, Mrs. Flanagan and Mrs. Hunt.

Piano solo—Aileene Lee.

Four players at one piano—Delora Ferguson, La Rue Flangan, Maurine Hunt and Mary Kathryn Miller.

America for Me—Song by entire class.

### "SHORT 36"

"Short 36" is the name of the play to be presented at Union school house Wednesday, April 29. This play is to be given as entertainment for the closing of school by the "outsiders" of the Union community.

The play is about a young man who has been disinherited and turned out to be a shoe salesman.

Everyone come, as there will be plenty of laughs, and the program is free.

### ENGLISH I AT WORK

English I has been very busy these past two weeks filing and correcting papers of the first semester's work. We found that hardly half as many mistakes were made the last half as were made the first.

When we got a breathing period from paper correcting, we read one of Shakespeare's interesting dramas, "Julius Caesar." Most everyone enjoyed this lovely drama, for the parts were assigned to different members of the class to read which made it all the more interesting.

### Senior Roster

Floy Seitz was born July 29, 1916, at Quanah, Texas. Floy moved to Mobeetie when she was two years old. Floy started to school at Mobeetie, where she continued to go.

Floy has been a member of the pep squad for the past two years. Although she has shown a great interest in athletics, she has never taken part in any event. She said her hobby was kodaking. Her motto is "Don't give up." She likes all her subjects, but she likes English best of all.

When asked what she intended to do in the future she said that she didn't know for sure what she would do, but she insisted that she didn't want to go to college.

Here is her description: Blonde hair, greyish blue eyes, 5 feet 7 inches

tall, weighs 115 pounds, 19 years of age.

Jarvis Ridgeway was born May 29, 1916. He does not remember the name of the place; in fact, he refused to give any of his past history, so we'll have to tell what has happened since he moved to Mobeetie.

Jarvis came from Briscoe to Mobeetie in 1934. Everyone believes that Jarvis had a falling out with his best girl over at Briscoe and that was the reason for his starting to school at Mobeetie. Nevertheless, he was welcomed by every one, even the faculty. Jarvis has never been a quitter. He is always a willing helper and takes an active part in all school activities.

He is crazy about football and he likes to box when he can give the other fellow the black eye. He was editor of the Mobeetie Outlook last year and also this year. Jarvis was in the junior play last year, and will be in the senior play this year.

Jarvis said his favorite subject was Spanish. His hobby is driving a milk truck. "Black the other fellow's eye first" is his motto. Jarvis plans to be a newspaper reporter, or as he said, "I may some day be president."

Here is his description: Black wavy hair, brown eyes, 5 feet 8 inches tall, weighs 156, and 19 years old.

Jessie Vernon was born at Samnorwood, Texas, May 26, 1918. She started to school at Wellington, but arrived in Mobeetie when she was in the first grade. She has continued to come to Mobeetie.

Jessie has always taken an active part in the many different school activities. She took the part of a leading lady in the junior play last year. Can you feature her as a maid in the senior play this year. Jessie took part in the one act play at the Interscholastic meet last year. She was vice president of the sophomore class.

Jessie said she doesn't have a hobby, but I think it is playing tennis. Her favorite subject is English. "Backward never, forward ever," is her motto.

She has blue eyes, brown hair, weighs 120, 5 feet 1 inch in height, and is 17 years old.

It was Mr. and Mrs. Wallace Robison who were so fortunate on May 2, 1919, as to have a little girl born to them.

She started to school in 1926 and has attended Mobeetie school every year except two terms when she went to Corn Valley.

On being interviewed she stated that she had enjoyed her high school days very much, and hesitates to say that she is proud to be a graduating senior. She has always made good grades and been very dependable in the sight of both teachers and students. Among her high school activities have been class reporter this year, home economics club reporter, music club reporter and a member of the volleyball team. She also plays the piano.

Her pet subject is English and she declines to tell her hobby—but from the way she acts it must be shopping in Wheeler; anyway she has quite a lot of business there.

Since this writer isn't able to collect any scandal on her, the readers may decide for themselves that she has many friends and is very lovable.

Now for her description—she is 5 feet, 4 inches tall; weighs 117; has brown curly hair. She plans to go to college next year if possible. She is contemplating going to Canyon, where she will major in commercial work.

WHEELER, TEXAS

## Wiley, Miller to Go to Journalism Meet

**Due to Illness of Marvin Montgomery Only Two Delegates Will Visit Austin Press Convention**

Due to the illness of Marvin Montgomery, only two journalism delegates will make the trip to Austin to attend the Interscholastic League Press convention which convenes on May 1 and 2.

Martha Alice Wiley and Beatrice Miller, accompanied by Miss Bernie Addison, will probably make the trip with Supt. J. L. Gilmore, leaving on Wednesday or Thursday of next week.

### Meet On University Campus

Instructional parts of the program include three two-hour sessions. The meet will take place in the Union Building of the University of Texas campus. Session I will feature talks on the general phases of journalism. Gov. James V. Allred is to speak during this period unless business prevents it.

John H. Gregory, president of the Texas State Teachers association, has been requested to speak on potentialities for service on the part of the high school paper. The morning session will be concluded by two talks dealing with specific problems of high school journalism.

### Various Contests Featured

During the second session various contests will be entered by the journalism delegates of each school. For the next part the delegates will meet with a judge who will criticize their paper with them.

Third session will be used for practicing journalists in the high school field to give practical suggestions. Ten-minute talks will be given by the newspaper editors and sponsors. Each speaker is supposed to discuss one phase of the work which has proved especially good on his paper.

### Reception, Dinner-Dance

On the night of April 30, the Austin high school chapter of the Quill and Scroll is entertaining with an informal reception for delegates who arrive early. A dinner-dance will be given Friday night in the main ball room of the Union building. A floor show will be an added attraction.

A series of exhibits to display the proper methods of make-up for the editorial page, good methods for writing, correct and incorrect usages of headlines, good promotion, good and bad editorials, correct and incorrect ways of writing heads, etc., have been arranged.

### Football Team Waters Gridiron

The football field is being watered this week to prepare it for setting out grass. Boys on the football squad are doing the work.

## County Surveyor Declares that Boys Played Real Football When He Went to School

"When I attended school we played REAL football. You weren't allowed to touch the ball only with your feet," laughed J. D. Merriman, county surveyor, in a recent interview. "The other games we played were just ones we could think up."

Merriman, making himself more comfortable in his rocking chair, stated that he attended a small country school, surrounded by brush and trees, for eight years and then he attended Huntington high school in Indiana. He attended the M. E. college at Fort Wayne, Ind., four years. He was graduated in 1888 with a class of 18. The name of the school is now Taylor university, changed in 1889.

He studied mathematics in college. When asked by the reporter what courses, he smiled broadly and start-

ed naming arithmetic, algebra, geometry, trigonometry, surveying, navigation, mining engineering, analytics, calculus, astronomy and mathematical astronomy.

Merriman proudly stated that he can read, understand and speak a part of the following languages: English, German, French, Spanish, Latin, Greek, Hebrew and Italian.

He has just about completed editing a book on revolution of mathematics.

He wrote a book of poems entitled "Hour's Improved," which was published in 1891. It contains 210 pages of poetry. He was given the name of "Lime City Poet."

Last June he attended a reunion of his graduation class from college at Fort Wayne, Ind.

## 25 In High School Make Honor Roll

Twenty-five high school students made grades of B or above for this six weeks.

The honor is as follows: Seniors, all A's and B's—Mazie Bean, Dorothy Burgess, Ruth Faye Garrison, Opal Morris, Laney Mae Tillman and Beulah Compary.

Juniors, all A's—Parilee Clay. A's and B's—Bonnie Adams, Wilma Riley and Ray Norman.

Sophomores, all A's—Irene Hunt and Cleo Sewall. All A's and B's—Eugenia Mae Durham, Ruth Faust, Lois Ficke, Lewis Havenhill, Amos Page, Hoffman Walker and Aubrey Warren.

Freshmen, all A's—Johnnie Faye Templeton and Robert Smith. All A's and B's—Helen Flynt, Alvern Hampton, Norma Lou Maxwell and Earl Gilmore.

Seventh grade, all A's—Elizabeth Balch, Stella Cooper, Marian Lewis, Norma Webb, Gale Wilson and Joyce Faust. All A's and B's—Melba Hyatt.

Sixth grade, section A, A's and B's—Alvin Hampton, C. W. May, Adrian Risner and Margie Mullins. Section B, all A's—Marie Herd. All A's and B's—Wanda Lee Hyatt, Joe Griffin and Wayne Rogers.

Fifth grade, section A, all A's—Anita Hale, Robert Bean and Ethel Merriott. All A's and B's—Charlie Van Pool, Kathleen Palmer, Emily Lou Ahler, Odous Hooker, Bill Mitchell, Hiram Whitener and Wilma Derryberry. Section B, all A's and B's—Wilma Dene Patterson, Inetta Maxwell, Edwina Flanagan, Frances Compary and Harry Garrison.

Fourth grade, all A's—Tommie Hyatt. All A's and B's—Jack Riley, Billie Compary and Arlie Ruth Waters.

(Continued on Page Four)

## Juniors to Present Revue for Public

**Entertainment On Night of April 30 to Include Fashion Show, One-act Play**

The cream of the season's entertainment will rise to the top on the last night of this month, April 30, when the juniors present to the public a junior revue at the Wheeler auditorium-gymnasium.

The evening's entertainment will include a style show with the latest fashions for the ladies and children. Amateurs of the surrounding communities will reveal their unusual talents in a contest with prizes given for the best performance of both men and women. A smile-a-minute one-act play, "The Right Answer," will be presented by a cast of 10.

### Fashion Show Models

During the fashion show, models from Russ Ready-to-Wear, The Peoples store and McIlhany Dry Goods will be shown, including the latest styles. Local tiny tots will present individual examples as they join the style parade.

The City Drug store will give a prize for the best woman's performance in the amateur contest, the Royal Drug will give the men's prize.

### Refreshments for Sale

Sandwiches, pie, cake and ice cream, each 5 cents, will tickle the tonsils of those who want them.

Single admission will be 15 cents or a table for four at 50 cents. Tables can be reserved at either drug store. Make reservations soon. There's only a limited number.

A group of 75 complete the cast that is creating a great evening for the public.

Remember that you have an engagement with the juniors on the night of April 30.

## PUBLIC SPEAKING CLASS ORGANIZE NEW CLUB

A new club has been organized at Wheeler during the last few days. This time it is the public speaking class. They named their club after the class, Public Speaking.

Cecil Sherwood was elected president; Ruth Faye Garrison, vice president, and Bonnie Adams, secretary and treasurer. Wilma Tinney was elected temporary chairman. She appointed Delilah Montgomery, chairman, J. R. Burke and Martha Jane Shipman on the social committee; and Billy Noah, Imogene Jamison, chairman, and Julia Lou Tinney on the program committee.

Bonnie Adams, Martha Jane Shipman and Delilah Montgomery were appointed to draw up the constitution which the club will adopt.

## Spanish Pupils Give Banquet at Cottage

The annual Spanish banquet, under the supervision of the language instructor, Mrs. J. L. Gilmore, was held in the home economics cottage Wednesday evening. Miss Beulah Hubbard, the main speaker of the evening, talked on "Memorial Del Tarde."

A welcome to the club was given by Wave Wallace, president of the organization. Ruth Faust recited a poem. A talk entitled "El Future" by Luther Lee Owen was given. The club sang "Los Ojos de Tejas" which was followed by a summary of "Spain in Texas" by Aubrey Warren.

Dorothy Burgess spoke on "Que Pienso in Espanol." A club member's view of Spanish was given by Florence Wright. Mary Genthe and Mary Belle Johnson sang a duet. A poem entitled "La Cuna Vacía" was read by Parilee Clay followed by the group singing "El Rancho Grande."

Robert Mayne gave a talk named, "Dirrijir." In another group song, the club sang "Ya Se Murio el Burro." Adell Hampton, on behalf of the Spanish II class, willed various articles to the first year students.

A song "Me Gustan Todos" was followed by the feature speaker of the evening, Miss Hubbard. The evening's entertainment was concluded with the Spanish version of "Good Night Ladies" or "Buenos Noches," by the club.

### Seniors Buy Flowers for Classmate

Monday morning at 10:30 o'clock the senior class met for a class meeting in the room of their sponsor, Miss Bernie Addison, to discuss sending a potted plant to Marvin Montgomery, one of their classmates who is ill. The flower was sent to him on behalf of the senior class and was purchased at the florist shop in Shamrock.

 Montgomery.

Aim: To record accurate accounts of school happenings interestingly.

## ALL RIGHT, ALL RIGHT

There is only one Major Bowes but oftentimes a student feels like giving a study hall amateur the gong.

The antics of one person may prove quite funny to one group of students, while to others it seems childish and extremely boring. Paper wads do seem very amusing when the person in line jumps or even appears startled into activity. The victim, however, does not think the practical joke has much mirth in the situation.

Other annoyances are uncalled for and should be confined to hours while outside the school building. Of course, the person may not be able to do anything about the matter but sometimes teachers have a queer way of seeing things that are not intended for their eyes. As a result, deportment grades are unaccountably low.

## GOING, GOING, GONE

Days may come and days may go but nevertheless students have two short days to give reports in English II, III, IV classes.

No pupil, however unconscious, could have attended school for one semester and not know that these reports have to be in before an English course can be passed. It is compulsory to say memory work and do recreational reading.

A very few pupils have their material completed. The time is growing very short and it really doesn't bother the teacher as much as it does you if you don't get the work in.

Most of the students have been in such a hurry that they have doubled up and met themselves coming back. The remaining time is going, going, and is practically gone.

## Came to Right Place

"I'd like a couple of hard boiled eggs to take out," said the young fellow to the girl at the lunch counter.

"All right," replied the waitress with a smile, "you'll have to wait. Mamie and I don't get off until 10."

## Ouch!

Dizzy Blonde: "Why does an ostrich hide its head in the sand when it lays an egg?"

Boy Friend: "Well, you'd want to bury your head in the sand, too, if you laid an egg as big as that."

## SENIOR SADDLE STRINGS

Name: Rutha Mae Conner.  
 Age: 15.  
 Birthplace: Wheeler, Texas.  
 Height: 5 feet, 7 inches.  
 Weight: 145.  
 Schools attended: Kelton, Wheeler.  
 Hobby: Playing basketball.  
 Ideal boy: Tall, dark and handsome.  
 Favorite color: Blue.  
 Favorite food: Fried potatoes.  
 Favorite author: Zane Grey.  
 Favorite subject: Spanish.  
 Pet dislike: Advanced arithmetic.  
 Ambition: To be a basketball coach.  
 Prospective college: Edmond, Okla.

Name: Laney Mae Tillman.  
 Age: 18.  
 Birthplace: Forrestburg, Texas.  
 Height: 5 feet, 11 inches.  
 Weight: 135.  
 Schools attended: Wheeler.  
 Hobby: Playing basketball.  
 Ideal boy: Nice, respectable and refined.  
 Favorite color: Yellow.  
 Favorite food: Cocomanut cake.  
 Favorite author: Zane Grey.  
 Favorite subject: English.  
 Pet dislike: Conceited people.  
 Ambition: Be a school teacher and basketball coach.  
 Prospective college: Canyon.

## SAGE BLOOMS

## Making Over an Old Dress

The beautiful poverty-stricken heroine in a love story who must make over an old dress is described as putting a bit of fluff here and a snip of lace there.

Hours are spent in turning, changing, dying old dresses to renovate. New material is often added. It is doubtful whether the finished product merits the work and money expended.

The climax of the procedure is to have the completed article cleaned and pressed. The owner marvels at the change of appearance, which was accomplished by the tailor shop and was all that the garment needed anyway.

Much work is spent in making over a clothing relic. The person is sometimes repaid, sometimes not. The difference in the old dress lies mainly in the change of thought concerning it in the owner's mind.

BEATRICE MILLER,  
 English III.

## A Childhood Experience

"It's your jump now," said a boy to his playmate in a checker game.

His playmate at once got up from her seat and sprang off of the floor and back on it again. That was the only kind of jump that she knew of. That was her first checker game (and probably her last) and she was not interested at all.

The boy, not liking her kind of jump, picked up the checker board and would not let her play with him any more.

CAPITOLA WILSON,  
 Journalism.

## SPRING

Brooks babble by.

Birds are twittering in the trees;  
 Flowers of every hue fleck the mountain side;

Tall pines lift their heads heavenward.

Little white fleecy clouds chase each other across the blue sky;  
 Spring is here, all decked out in her garb of many colors.

—NERINE YOUNG.

## A STROLL

I wandered through the meadow,  
 Down by the silver stream,  
 Where the beautiful flowers were swaying in the sun;  
 And fish were playing tag in the rippling waves.

I went into the ripening corn field,  
 Where the field mouse was running here and there,  
 Licking up grains of yellow corn;  
 To put in store for the winter.

—CECIL PARKER.

## Receipts Amount to \$39 for Senior Play

Last Thursday night at 8 o'clock, the seniors presented their play, "Sh! Not So Loud." Door receipts amounted to \$39. The money will be used toward paying expenses of the trip to Carlsbad.

In the role of the bishop, Junior Jamison presented the character of the ever-ready-to-help person whom everybody likes. Estelle Scott, the bishop's wife was always worried about him because she thought he worked too much.

Lewis Cain and Nerine Young were the two lovers in the play and together they put up a very convincing argument to Rutha Mae Conner (the objecting aunt). Rutha Mae was very easily excited and only by the help of Ralph, a reformed crook (Jack Tate), and the maid (Dorothy Burgess), were the others able to keep her from "spilling the beans" to the bishop. The part of the hick constable was played by Ocie Pace.

Junior Jamison and Ocie Pace were judged the best actors in the play by Mrs. G. O. McCrohan, Robert Mayne and R. G. Russ. Others in the cast gave an interesting portrayal of the characters they represented.

## FROM OTHER BRANDING IRONS

The English students of the senior class at Borger are to have a Shakespearean banquet this week.

The senior class of Canyon crowned their queen at stunt night. This is an annual event.

Requirements for graduation from Amarillo high school were changed in a meeting of the board of trustees last Monday night. Seventeen units, one of which is a drill, will be required as before. Four units of English will still be compulsory but an option will be given for the fourth unit. The option will be of American or English literature, journalism or a combination of two one-half unit courses, advanced grammar, business English, public speaking or creative English. Physical education is also required.

At Canyon the Texas Centennial dance pageant was given Friday night at 8:15 o'clock. The pageant was the work of 154 students of the college. Two of Wheeler's former students, Helen Gilmore and Edith Ashley, were in this pageant.

The date set for the annual senior class picnic at Clarendon is April 24 and the class is planning to celebrate it this year.

## Caught in The Lasso's Noose

Seniors travel  
 Over gravel,  
 Travel just  
 In a bus.  
 It isn't sad.  
 Because it's Carlsbad.

Several of our girls sorta fell for a boy in a grey suit at the home ec. meeting at Mobeetie last Saturday. Mrs. Whitener, you had better watch these gals.

Seems that some of the boys are too rough for the coach. He is carrying his arm in a sling.

J. L. Gilmore said that the students didn't know how cows and horses lie down or get up. Do you know?

Did you notice Lewis' cap when he came from lunch Monday? It must have been Aline's. The blue wool covering sat on top of his head and looked very nice on him. He should wear it all the time.

Geraldine seems to be sorta fond of Mobeetie. Here's why: There is a certain boy by the name of R. L. Dunn in that town who has taken her fancy.

Jonnie doesn't like baseball as a hobby. Maybe it's because it prevents her boy friend from coming down on Sunday afternoon.

Ocie Pace has a horse he wants named. Here is a description of it: Color: monkey, dunn gray, strawberry, black. Gaits: start, walk, trot, stumble, fall down. Condition: so fat her ribs stick out. Ambition: to pace. Weight: 650 pounds. Height: 12 hands. Is very pretty, has a good appetite.

Please name her!

Dippy came into the study hall the other afternoon and stopped at the front. Miss Clark said: "Come on back to your seat, Dippy."

Dippy stumbled around and then said: "Well, you're in it."

Our little Parilee rated a date both Friday and Saturday nights. Can it be that Dallas is forgotten?

Coach Clark doesn't believe that boys are benefited in athletics when they fall in love. On the other hand, look at W. J.

We're still wondering if Lavell liked her blind date from Mobeetie Tuesday night. She should have been satisfied. He is one of their star basketball players.

We believe that W. J. is getting bigger and better. Only last week he won first in district by throwing the shot farther than any of the other boys could carry the thing.

Junior day  
 On its way.  
 Kids shout—  
 Palo Duro,  
 Look out.

## SPARKS FROM THE CAMPFIRE

He is great who confers the most benefits.

Every person is here for a purpose. Make it worth while.

Reputation is something you have to make and then hang on to it for dear life.

Don't give up your ship 'cause there's more coming behind you.

## Seniors Plan Annual Visit to Carlsbad

**Friday Morning Is the Time Set for Departure; Class to Take School Bus**

Members of the senior class plan to leave Friday morning at 9 o'clock for Carlsbad. One of the school busses will be taken with B. F. Morgan as driver. The class will return Sunday by way of Lubbock and Palo Duro.

Part of the provisions will be taken from home and the rest will be purchased as it is needed. Unless plans are altered, the students will stay in tourist camps and Friday night will be spent in Roswell and Saturday night in Carlsbad.

The money for this trip was earned by the presentation of the senior play and by sponsoring basketball games and various other enterprises.

Those who are planning to make the trip are: Nerine Young, Mazie Bean, Gladys Warren, Adell Hampton, Cordie Lee Farris, Mable Sherwood, Capitola Wilson, Opal Morris, Dorothy Burgess, Rutha Mae Conner, Evelyn Balch, Estelle Scott, Beulah Compary, Chlorene Morgan, Helen Sanders, Julia Lou Tinney, Wilma Tinney, Florene Wright, Farrell Wallace, Jack Tate, Junior Jamison, Ford Newkirk, Ocie Pace, Cecil Sherwood, J. R. Burke and Son Denham. Lewis Cain was unable to attend because of interference with the meet to be held at Canyon Friday and Saturday. Marvin Montgomery will not be able to make the trip because of illness.

### GIRLS GO TO HOME EC. MEET

Three home economics girls and sponsor, Mrs. Gordon Whitener, left Wednesday for San Angelo to be present at the state meet. Mrs. Whitener expects to enter several contests while there. These include the modeling of a school dress by Juanell Perryman, a tailored dress by Martha Alice Wiley and an evening gown by Dorothy Lee Burke.

Other contests are selection and planning of a child's garment, the selection of materials and finishes for a tailored dress, and selections of useful and decorative accessories for the home.

### The Poet's Corner

#### HOPE

Across the sky on a damp, grey morn,  
The sun comes peeping through.  
It sheds its beams on a friendly earth  
And melts the glittering dew.

Now my hopes are like that brilliant sun,  
They light my path along  
To things that are high and greater still,  
As high as that large round sun.

—NERINE YOUNG.

#### FOG

The fog is like a huge grey veil  
Covering every hill and dale.  
It creeps so very softly by,  
Like a white moth stealing on the sly.  
It cools our warm and sweating breath  
And waters every drooping bough.

—BILL NOAH.

Did you ever go through the old jail at Old Mobeetie? The home ec. girls say it's very interesting. Try it some time.

## "Peabody," "Goober," "Rachel L. Spivens" Are a Few Unusual Nicknames of Students

### Seniors Receive Cards, Invitations

The seniors received their cards and invitations this week. They had been in the postoffice for the past week where they were waiting to be paid out by the seniors. The cards were \$1.35 a hundred and the invitations were 10c each.

### Marvin Montgomery Has Operation

Marvin Montgomery, a senior in high school, is absent because of an appendicitis operation which he underwent Sunday afternoon at the Wheeler hospital. He became ill Friday afternoon and was unable to attend classes.

## Have You Ever Seen a Dead Donkey?

(By Lieut.-Col. Geo. Witten, in The Family Circle).

It's at least 25 years ago that I met up with a prospector in the foothills of Nevada. He was a likeable fellow, grizzled and bronzed, quiet spoken, and kindly of manner. All his possessions were on the backs of two patient donkeys. He seemed to welcome my company and, as I was merely hunting and in no great hurry to get anywhere, I accepted his invitation and joined him for several days.

"Been prospecting long?" I asked to make conversation soon after we joined up.

"I been following a donkey's tail for 20 years and more. So far I've just made a living, but some day my donkeys will lead me to wealth."

"In the meantime, you're living the greatest life on earth—out in the open with nature," I said. "Though at times, I suppose, it must be a little lonely with just donkeys for company. What will you do when they die—get some more?"

A smile spread over his bronzed face. "Son, did you ever see a dead donkey?"

The question and the tone in which it was put rather nettled me and set me thinking. Simple though the question was, I hesitated before I answered. Then I realized that I'd never seen one of these curious little beasts dead.

"I doubt if you ever will," he said without waiting for me to answer. "The donkey is a sacred beast. He's hard-working, patient and long-suffering. But no one ever sees him die, and no one knows where he goes when he's finished his allotted time."

"That's strange," I said. "Do you mean to say he doesn't just die like any other animal?" I began to wonder if the prospector's long lonely years in company with donkeys had slightly turned his brain. Perhaps I'd accepted the company of a madman.

"Maybe they do die, son, but 20 years ago a man asked me if I'd ever seen a dead donkey, and I had to admit I hadn't. I've been asking people the same question ever since, and I've never found anyone yet who's seen a dead donkey."

"I've seen a number of dead mules," I told him.

"So've I, but the mule's a hybrid and a cursed animal. You can never trust a mule—he's a beast without a soul. But a donkey'll never let you down. I've had them stick with me through heat and cold, hunger and thirst."

"But how do you account for the donkey being sacred?"

"I don't. Some say that Christ blessed the donkey when he rode it

Nicknames, nicknames and nicknames galore, all around school. Peabody, Goober, Torpedo, Rachel L. Spivens, Pig and Okey Dokey are a few of the unusual.

Gerald Robison is called Babe more than he is Gerald. One of the teachers the other day remarked, "Who is Gerald? Is he a brother to Babe?"

Goat, Abe, Goober, Abner, Peabody, Plushbottom and Peeley belong to Albert Gunter. Harrison Hall is called Pig. Estelle Scott is known as Scottie and Pee-wee. Mildred Landress is called Millie. Orveta Puett is called Puettzie, Veta, Torpedo and Pete.

Laney Mae Tillman has inherited her brother's name and is called Tillie. Duard Parker is called Okey Dokey by his mother, while Erskin Sherwood is called Cookie, and Cecil Sherwood, Preacher.

W. C. Pendleton is nicknamed Cotton. Jelly fits Leon McPherson. H. E. Young is called H or sometimes He, while Guy Robison answers to Scoots. Benjie is the nickname that belongs to J. B. Crowder. Ray Norman is better known as Dippy. Soda Squirt is another name he has recently acquired. Around home Herbert Whitener is called Tubby and O. D. Connor, Mike.

Nerine Young has been called Toots almost all of her life. Julia Lou Tinney is known as Judy, especially on the basketball court. Big Ford fits W. J. Ford. Beatrice Miller is known as Bea and since school has started has acquired the name of Dizzy or Diz for some reason. Luther Lee Owen is called Luke by his friends. Bob Tillman for some unknown reason is called Rachel L. Spivens or to make it short, just Rachel. Juanell Perryman is known as Nell, Capitola Wilson, Cap, and Marvin Montgomery well lives up to the name Slim. Miss Bernie Addison calls Junior Jamison, June.

Every now and then Alvis Jolly answers to the name of Joe Penner, although he is nothing like the actor.

Adell Hampton is given the common name of Sally. Viola Lamb is called Woolie and Sheep. Dorothy Lee Burke is named Hippockets and Dot. Loose Top fits Farrell Wallace. Miss Winona Adams is called Nonie by her friends and Addie by the the basketball girls. Mrs. G. O. McCrohan is called Kit and Pheobe. Pete is answered to by Lewis Havenhill. Lewis Cain is called Little Shug after his brother who is in college. James Passons answers to Jimmy and Heavy, and Ocie Pace is sometimes called Swede.

And so the nicknames of Wheeler high school students go 'round and 'round with a never ceasing ending.

into Jerusalem. I do know that every donkey bears the mark of the Cross on its back. On some it's faint and on others it's plain, but you'll find it on all of 'em. No one has ever given me an answer to the question, so I can't answer you."

Since the pleasant days I spent with the prospector in the foothills 25 years ago I've traveled in many countries, in some of which the donkey was almost the sole beast of burden used.

I've put the prospector's question to many people in various walks of life, and I've yet to find anyone who's ever seen a dead donkey. So now I ask the readers of The Family Circle: "Have you ever seen a dead donkey?"

If you have, please tell me about it, but think well before you say you have, for many people confuse donkeys with mules.

## Seniors to Be Given Banquet By Baptists

The Women's Missionary society of the Baptist church will honor the senior class with a banquet next Tuesday night at 8 o'clock in the church basement.

Students of Wayland college at Plainview will furnish the program, which will include a girls' quartet, selections from the piano instructor and a speaker from there.

Rev. Taft Holloway, pastor of the Baptist church, will be toastmaster. Mrs. Lee Guthrie is in charge of the banquet.

The program committee consists of Rev. Taft Holloway, Mrs. E. W. Carter and Mrs. G. O. McCrohan. The menu committee includes Mrs. John Henry Watts, Mrs. Jim Risner and Mrs. Roy Esslinger.

The senior class colors, orchid and yellow, will be carried out in the decorations.

## Home Ec. Girls With Sponsor Attend Meet

Of the 60 home ec. girls, 19 went to Mobeetie with Mrs. Gordon Whitener, home economics teacher, Saturday morning at 9:30 to attend the District Home Ec. club meet held there.

Dawn Weatherly, a home economics III girl, made a talk on interesting ways of earning money for a college education. All the girls sang the song "Texas Pride of the South" to complete Wheeler's part on the program. The entire club visited the old rock jail and Fort Elliot that evening.

The girls returned at 3:30. Dodsonville, Memphis and Kelton club girls, who accompanied them, were shown through the cottage.

Those that attended the meet were: Imogene Jamison, Wave Wallace, Bonnie Adams, Helen Sanders, Adell Hampton, Dawn Weatherly, Parilee Clay, Lavern Cox, Mary Genthe, Mary Etta Patterson, Lula Barr, Ruth Barr, Dorothy Winkler, Elsie Newkirk, Helena Jones, Ferrol Ficke, Lois Ficke, Cleo Sewell, Clarice Robertson, Cordie Lee Farris and Mrs. Gordon Whitener.

### RAMBLINGS ON THE RANGE

Beulah Compary attended a show in Shamrock Friday night.

Mazie Bean and Scottie, Adrian and Henry Ford Risner spent Sunday with the J. E. Risner family at Allison.

Wilma Riley saw a show in Shamrock Sunday afternoon.

While scrimmaging at football practice Thursday afternoon, Coach Bob Clark received a fractured right arm.

Lavell Jaco and Irene Hunt were in Pampa Saturday.

Geneva and Vera Myrtle McNeill received their basketball sweaters from Briscoe school Monday where they were on the team before coming to Wheeler school. The sweaters are sold gold color with a green and gold B on the right side.

Orveta Puett was in Shamrock Friday night.

Miss Ruth Ewing went to Canyon Saturday. She visited her sister at Briscoe Sunday.

Eugenia Mae Durham visited relatives at Mobeetie Sunday.

Mildred Coward was the week end guest of Mrs. Lloyd Wright of Shamrock.

Cleo Sewell visited relatives near Aberdeen, Sunday.

## SPORTSLANTS

By a Cowgirl

### GLOVES GIVEN IN LAST BOXING BOUT

10 Matches Staged in Which 5  
from Wheeler Win  
Prizes

Beginning at 8 o'clock, Tuesday night, 10 boxing matches were held in the Wheeler gymnasium. Nine golden boxing gloves were presented to the winners of the chief bouts.

First on the list was the fight between Odous Hooker and S. D. Miller. The referee called it a tie and the glove was given S. D. Miller because Odous Hooker failed to call a coin. The second match was between Charles Red and Erskin Sherwood, both of Wheeler. Charles won the glove in this fight. Cecil Parker was defeated by Loyd Hefley of Briscoe. Lewis Cain won over J. D. Beck of McLean in two rounds. Ocie Pace defeated George Watson of McLean. Watson whipped Pace in the last group of matches held here. Shamrock won over McLean when Ross Mills defeated Vernon King and Mobeetie lost to Shamrock when Cal Johnston was defeated by Ross Fuller.

Hubert Sims of Wheeler and Hosea Weeks of Allison were the last boxers in the ring. Sims was victor. As an added attraction Walter Adams, 260 pounds and B. F. Crossland of Briscoe, 242 pounds, boxed. Adams was the winner but a glove was not awarded in this match.

#### H. E. Cole Constructs Stage Scenery

Though Coach Bob Clark is not only a coach, but a designer, also, Stage scenery for the senior play presented last Thursday evening was designed by him. H. E. Cole spent several hours making the movable sets, which can be arranged for almost any interior desired. The school board paid for the materials.

## COLTS

Robert Richards and Dathel Lee Cook have recently enrolled in the third grade. Jacqueline Cook enrolled in the first grade Monday.

Because of the faculty party on May 1, the program by the first, second and third grades is to be given on May 11. All of the grades will have the work which has been done during the year on exhibit. All of the grades will give a three-act play, "The Spring Court."

In a few weeks the fourth, fifth and sixth grades will give a physical education program.

The B section of the first and second grades are making booklets on farm life. Finishing the study of literature in the seventh grade English, the final test was given Monday afternoon. There were five exemptions. Some of the seventh grade students are writing limericks in their English work. In the study of nature, the third grade pupils are studying about flowers.

The first grade B are making cut-outs this week. They have also made a poster on health, recently.

The students in the fifth, sixth and seventh grades who take lunch to school eat on the football field instead of in the fifth grade room.

### SUCCESS OF BURGESS AS GUARD ON TEAM IS DUE TO PRACTICE

Dorothy Burgess, who has held the position of guard on the senior basketball teams, thinks that practice and training are the factors that caused her success.

Dorothy played two years on the junior team as forward. She is of the opinion that athletics play a very important part in school work. It entices some students to attend school more regularly. It builds up the students physically and causes them to feel more like studying.

### Seniors Meet to Make Carlsbad Trip Plans

The seniors held a meeting Tuesday morning at 9 o'clock to decide what food each person should take on the trip to Carlsbad. Benny Morgan was selected to drive the bus.

The food to be taken includes bacon, cookies, salad dressing, corn beef, tuna fish, pickles, potatoes, grease, fruit, salt, pepper, sugar, preserves, cheese, crackers, pork and beans and bread.

Dorothy Burgess, Evelyn Balch and Junior Jamison composed the committee to select the food.

The following groups of students will be responsible for the cooking of one meal and washing the dishes afterwards: Number 1—Evelyn Balch, afterwards: Number 1—Estelle Scott, Evelyn Balch, Nerine Young and Cecil Sherwood. Number 2—Mazie Bean, Opal Morris, Florine Wright and Ocie Pace. Number 3—Dorothy Burgess, Rutha Mae Conner, Capitola Wilson and J. R. Burke.

Number 4—Cordie Lee Farris, Chlorene Morgan, Julia Lou Tinney and Farrell Wallace. Number 5—Adell Hampton, Wilma Tinney and Ford Newkirk. Number 6—Helen Sanders, Beulah Compary, Jack Tate and Son Denham. Number 7—Mable Sherwood, Gladys Warren, Junior Jamison and Billie Noah.

Huffman Walker was a caller in Shamrock Saturday.

## IN REVIEW

### THE BOY WHO FOLLOWED BEN FRANKLIN

Edward Bok

This is a biography of Cyrus S. Curtis, the man who began business on three cents.

Curtis started as a newspaper boy and after many years was the owner of several large magazines and newspapers. According to Curtis, to succeed one must be honest and have the desire to do what he sets out to do.

The Ladies Home Journal was one of the first large enterprises of Curtis. This magazine was primarily established for women. He next decided to build up a magazine that men would enjoy and out of this desire we find The Country Gentleman.

Such a great person is indeed hard to find and people of this type are worth a great deal to their country.

Everyone should read this book if possible to see the "grit and determination" that caused him to become famous.

### W. J. FORD WINS FIRST AT PAMPA

Takes Blue Ribbon in Shot; Lewis  
Cain Awarded Second in  
880-yard Dash

Winning first place in the district meet in the shot put division as well as breaking a previous record, W. J. Ford brought athletic honor to Wheeler high school from Pampa last Friday and Saturday. W. J.'s throw was a distance of over 45 feet while the standing record was a fraction over 41 feet.

Lewis Cain took second at the meet in the 880-yard dash with time of 2:16 minutes.

Ford won first in the county for putting the shot and took third in discus throwing. He was awarded fourth place at the track meet held in Fort Worth. W. J. received third place in heaving the discus at the district meet, also.

In the county Lewis took first in the 880-yard dash as well as the 220 run. He took third in the 220 low hurdles and was on the relay team, which won first in the county. Cain was awarded eighth at Fort Worth, competing against 169 other high schools.

Lewis and W. J. were contesting against winners from 11 counties. Both boys will enter the regional meet at Canyon and later the state events at Austin if they win next week end.

#### Irene Hunt Wins Second at District

Irene Hunt, a member of the sophomore class, won second place in high school junior declamation at district, which was held in Pampa last week end. If first place doesn't go to state, Irene will represent this district in her place.

#### 25 IN HIGH SCHOOL MAKE HONOR ROLL

(Continued from Page One)

Third grade, section A, all A's—Patsy Beal, Janelle Crowder, Fontilla Montgomery, Artie Lee Mullins and Jean Hall. A's and B's—Claudine Sparlin, W. L. Carver and Lewis Craig. Section B—All A's—Sammy May, Louise Tillman and Alford Hale. A's and B's—Geneva Sanders, Wanda Sewall, Vera Mae Derryberry, Joe Page and Dorothy Elliot. All B's—Orval Sims.

Second grade, section A, all A's—Joy Marie Carter, Mary Frances George and Delores Watson. All A's and B's—Wilam Jean Cox, Elsie Fay Havenhill, Virginia Rose Marrs, Alice Mullins, Erma Jean Reed, Junior Ahler, Garland Fooshee, R. J. Holt, Guinn Parker, Henry Risner and Elmer Tolliver. Section B, A's and B's—Eddie B. Witt, Charlie Burney, Don Farmer, Ruthie Mae Mize, Dorothy N. Browning, Jimmie L. Browning, Charline Burke, Ada Dell Goad, Floy Clark and Mildred Smith.

First grade, section A, all A's—Wanda Tolliver, Joeline Witt, LeRoy Collinsworth and Robert May. All A's and B's—Juanita Chenault, Iris Conner, Bennie Irene Morgan, Patsy Wiley, Hershel Cantrell, Eugene Cooper and Al Griffin.

Section B, all A's and B's—William Barton, Jimmie Faye Clark, Josphine Noah, Addie Tinney and Joeline Underwood.

Those prize fights were something without a doubt. If you like a professional angle, they really had it. Some of the boys show technique for so early in the game. By all rights Wheeler should turn out another Carnera or better yet a James Braddock. The prizes must have been some incentive.

Playground ball still interests the physical education students. The boys and even the girls work hard at it.

Before going farther, how about letting W. J. Ford take a bow for his outstanding prowess. He broke a record at the district meet by a wide margin. Last year the record for shot put was set at a fraction over 41 feet and this time W. J. cleared 45. That boy is really going places in a big way.

Congrats again, "Big" Ford, and here's to a better throw next year.

Then someone must have said the Mustangs were yellow or even a shade soft and they took offense. Coach Clark, with his broken arm, bears evidence of what the opponents of next year will look like coming out of a game when they tangle with the local Horses.

Of course it's all a rumor, but there may be a game between the ineligible and exes of the previous year and the squad for next season. Frankly the combatants may come out of the fray looking none the better and probably a lot worse.

Wheeler's score at the district meet was 5 points. Mobeetie and other schools ran up a fairly nice tally.

Again about boxing, Cain the 30 second knocker-outer, is a clean fighter and a man what knows how the job's done.

Tennis seems to be losing popularity, although a few devoted fans still meet to send aces across the twine and tape.

A very amusing sight, to see the smaller children watering the football field. Evidently it took a large host of them.

About the name of the field. Why should the local stadium go unnamed? An easy way to give it a moniker would be to select a committee to compile a list of five or 10 names suitable. Then put their selection up to students, faculty, and perhaps even town vote.

Isn't anyone interested in naming the field as well as the gym to start the plan moving?

#### HONOR STUDENTS FOR GRADES ANNOUNCED

Norma Webb will be valedictorian of the seventh grade and Stella Cooper will be salutatorian. Louise Genethe and Joyce Faust received honorable mention.

Norma's average for this year is 96 and Stella's is 95½. Both girls have made a straight A report card this year.

In the Interscholastic meet Norma entered in spelling, music memory and choral singing. Wheeler placed first in the three divisions. Stella represented the school in the county meet in arithmetic and music memory.

### Don't Throw Out Baby with the Bath Water

C. C. MERRITT, Pastor, Church of Christ

YES, there are some "good Christians" and there are some "bad Christians." But why denounce the good ones just because there are some not so good? Many have robbed themselves of a most wholesome and helpful fellowship because they have soured on everything professing to be Christian just because they have discovered that there are some who made such a claim but instead were very bad. So, they dumped them all overboard.

You knew of a Christian who read the Bible just to find in it some points to use in arguing with his neighbor who happened to be a member of some other denomination other than the one with which he was affiliated; so, you discredit all Bible study. You forfeited one of the most profound and enjoyable of all studies. The Bible contains the food that satisfies the hunger of the soul. When the soul's longing is not satisfied with this sustaining nourishment, it strives in vain to find satisfaction "on the husks which the swine did eat." That soul is sure to famish unless, in spite of the practice of some backsliding Christians, it is turned to the Lord and His Book.

Perhaps you heard a preacher who was supposed to preach a soul-thrilling, love-filling, sin-killing gospel, but instead his whole manner and words were disgusting to a man hungry for the "Bread of Life." So, you decide that all are just like that one. Or, it may be that your preacher, in this particular case, had an avaricious heart. You could tell from what he said and the way he said it that he was wanting money and he worked hard to get every dime out of the duffers possible. So, your error, which led you to the conclusion that all preachers were professionally so and concerned chiefly about their

pay, led you to freight all out the back gate of your whole life.

I have heard some people say, "I went over to the church one Sunday, but I'll never go back there again. They treated me like they were afraid of me. Not one spoke to me and the preacher passed right by me in a rush to speak to that rich man who goes there." And when I asked them if they were now attending a church that is not like that, the usual answer is that they are afraid that they are all like that. So they go nowhere.

#### Greasing the Wagon Just to Stop the Screech

The screech is a most grating sound. Often a man's conscience is greatly irritated with his own sin. What he should do is to confess his sin to God and come to Him for cleansing. He has learned that those who thus get rid of a burning conscience go to church and engage in the services and make a profession. So, he joins the church-goers and imitates their doing only to pacify that accusing conscience without an outright confession of sin through genuine repentance, "I need not become too religious."

Sooner or later he becomes disinterested with the emptiness of such a life and falls out by the way—apostatizes. Or, it may be that he becomes disgruntled and, thinking all are just like himself, he rejects all religion as hypocrisy and all professed Christians as hypocrites.

This much is certain, if a man's conversion is not genuine and from the very depths of his soul, he cannot adjust himself satisfactorily to the genuine and to true spiritual worship. "For they that worship God must worship him in spirit and in truth."

parents, Mr. and Mrs. C. H. Riley, and other relatives here.

Claude Montgomery of Shamrock visited in the community Monday morning.

Buster Casey of Clarksville, Ark., is visiting his brother, Guy Casey.

Mrs. Hugh Cantrell and Mrs. Elmo Riley were Shamrock visitors Monday.

Mr. and Mrs. W. R. Hiltbrunner and Mr. and Mrs. J. A. Montgomery visited their grandson, Marvin Montgomery, who was ill in the Wheeler hospital Monday.

Mr. and Mrs. Bill Compary attended church at Shamrock Saturday and Sunday.

Clarice Robertson attended the district home ec. meeting, held at Mobeetie Saturday.

Velma Hestilow attended the play and was the guest of Opal Case at Corn Valley Saturday night.

Loyd Brodnax left last week for Guthrie to attend the rodeo.

Mr. and Mrs. Huey Cook and Mr. and Mrs. A. B. Blake of Shamrock spent Sunday in the C. H. Riley home.

W. H. Sewell transacted business in Wheeler Monday.

Mrs. O. L. Slaton and Mrs. A. L. Hestilow were Shamrock shoppers Tuesday.

O. D. Richardson was a Wheeler business visitor Monday.

Willie Andress attended to business in Wheeler Friday.

Orville Montgomery of Shamrock spent the week end with home folks.

O. D. Richardson was a Pampa visitor Sunday.

Wheeler visitors Saturday included Mrs. C. D. Loter, Mr. and Mrs. W. L. Merriott, W. O. Brodnax, Newman Riley, O. L. Slaton, Mrs. C. V. Davis, Mrs. Hestilow and daughter, Velma, and Bus Walker.

### Kellerville News

Gracey School, Grade Six

#### STAFF

Editor ----- Norma Carter  
Assistant Editor ---- Bonnie Cumbie  
Sports Editor ----- Harwell Hall  
Personal Editor -- Jacqueline Lovell  
Reporters—Carl Hendren, Leonard Saye, Mace Jones, Loyd Weldon, Francine Reed, Rudell Smith, Tasso Pugh, C. S. Crossland, J. D. Dorsey, Earline McPherson, Cleo Faye Shelburne, Charles Wright.

#### Seventh Grade Chapel

The seventh grade presented an interesting chapel program, with burial of the sixth grade's bad habits as a subject. Those taking part in the program were T. J. Saye, James Ford, Glynn Ray Steadman, Mary Jane Coffland and O. L. Fortnet. Impersonations of sixth graders were also given.

#### Baptist Workers Conference

A large crowd gathered at the First Baptist church of Kellerville from over the North Fork association for a workers meeting on Tuesday. Outstanding speaker of the day was Mrs. J. E. Leigh, state secretary of the W. M. U. Rev. Hennington of Dumont brought an inspiring message. Special music was furnished by McLean and Shamrock.

There are 29 churches included in the North Fork association. About 14 or 15 of these were represented at the meeting.

#### Amateur Night Program

Amateur night will be observed Thursday, April 30, in the Gracey school auditorium at 7:30. All are urged to display their talents for an impersonator of Major Bowes, who will award cash prizes to worthy winners. No talent is specially stressed nor omitted; do your best for variety.

Mrs. B. Muldrew and Mrs. Roy Jeffery were visitors at the chapel program Monday morning.

Mrs. A. W. Regier and Mrs. E. A. Lovell were Sunday dinner guests of Mr. and Mrs. M. W. Regier.

The sixth grade had a class meeting to plan a program for chapel. They also discussed the sixth-seventh grade banquet.

A revival meeting is in progress at the First Baptist church. Rev. E. T. Smith is conducting it. We urge all who wish to come to the meeting. Verna Frary has been sick with the earache the past week.

Raymond Rogers has been sick with a cold for the past week.

Virginia Blackerby and Virgil Ray Smith accompanied Mrs. Lyman Gilliland to Pampa and Wheeler Saturday.

Mr. and Mrs. J. N. Smith and children visited Mr. and Mrs. Cecil Pulliam of Pampa Sunday.

Alvie Lee Saye had a knot removed from his temple Saturday in Pampa. The growth was caused by a grass burr.

Mr. and Mrs. B. A. McPherson have moved their house to a location just west of the school building.

Mrs. L. C. Leveritt and Reba went to Oklahoma City Thursday night.

Mr. and Mrs. W. W. Brister and daughter, Mary Sue, visited Mr. and Mrs. James Funston of Briscoe Sunday.

Ina Lee Bidwell and Glennis Savage are new music pupils at the Brister studio.

Miss Opal Gunn and Buford Deering attended the preview in Pampa Saturday night.

Mr. and Mrs. W. W. Brister were accompanied to Amarillo Saturday by Miss Christine Legg and Ettie Mae Mullins.

Mr. and Mrs. Hoyt Hardin and daughter, Frances, visited the latter's grandmother, Mrs. Pearl Hardin, in Duncan over the week end. Their trip included close observation of game.

Mr. and Mrs. E. C. Campbell and children, Jaunita and Mattie, were in Borger and Amarillo Saturday.

Mr. and Mrs. J. W. Whiteley and family were Lefors visitors Saturday. Mr. and Mrs. F. L. McCathern and Mr. and Mrs. L. M. McCathern returned home with Mr. and Mrs. Whiteley.

Mr. and Mrs. Bob Florence moved their house from the Huseby base to the Belew lease last Tuesday.

Mrs. Harry Murry and twins of Royal Camp returned from Skiatook, Okla., Saturday.

Mr. and Mrs. S. S. Cox and children moved Monday to Lefors. Mr. and Mrs. J. B. Smith will move to the Bush lease in the house which Cox's vacated.

### Pleasant Hill

(Helen Sanders)

Mr. and Mrs. Jess Moore and daughter, Margaret, had for their their Sunday dinner guests, Messrs. and Mesdames Roy Weatherly and children, Burley Mann and children and Foy Webb and children.

Mr. and Mrs. Murry Sanders and children visited the Tennon family Sunday.

Mr. and Mrs. Clarence Anglin and children were supper guests in the W. M. Sanders home Monday evening.

**WEATHER-PROOF**  
Your Motor  
with Phillips 66 POLY GAS

Spring...Summer...Autumn...Winter

This 100% Custom-Tailored Gasoline  
**PROTECTS and PRESERVES ENGINE-PERFORMANCE**

Changeable April weather can't affect your motor, if you use the new Phillips 66 Poly Gas... the sensational motor fuel which is enriched with extra energy units by the scientific POLYMERIZATION process.

This is why. Every month, our refineries match and re-match Phillips 66 Poly Gas to the specific climate in each city and town in which it is sold.

Nine years ago, Phillips originated this method, CONTROLLED VOLATILITY, to protect your motor performance from changes in the weather. Ever since, Phillips has been out in front, preeminent in the field of weather-matched motor fuel.

In April, Phillips 66 Poly Gas is a between-season motor fuel. In July, it is a cooler summer gas. In winter, it is a fast starting winter gas... Always 100% custom-tailored to deliver pacemaking performance whether it's spring, summer, fall, or winter.

Give your child KEEN EYESIGHT

DEFECTIVE vision is an insidious handicap that no child can overcome—a handicap because it produces headaches, a dislike for school, poor marks, reticence, and a cross disposition—insidious because it can continue for years before its presence is discovered. Only a complete examination with up-to-date equipment can reveal inadequacies of vision. An examination will assure him and will assure you that his eyes—whether he wears glasses or not—will give him their best in good vision.

### County Club Council Hears Miss Mashburn

District Home Demonstration Agent Explained Functions of Organization

"The County Home Demonstration council has the status of an advisory board, working with the home demonstration agent to promote home demonstration work in rural communities," stated Miss Ruby Mashburn, district home demonstration agent, to a group of council and club members in the club rooms at the court house here Saturday.

Continuing, Miss Mashburn said the council cannot join other organizations, as independent clubs may do, but rather takes action on any home demonstration work in the county. Council is governed by standing rules, adopted by members at the first meeting in the year.

There are three groups in the voting body of the council: members, which consists of president and one elected delegate from each home demonstration club in the county; officers of the council, and chairman of each special standing committee.

Miss Mashburn gave the rules and duties of the different officers of council and clubs. She also suggested the council appoint an educational committee.

In contrast to the county council, individual clubs are independent organizations and may join other groups. Rules and regulations of clubs are adopted by the individual club to suit its needs. A club must have an active demonstrator in each of the county home demonstration projects in order to secure the services of the county home demonstration agent.

Some of the principal duties of officers were given by Miss Mashburn. The president presides over the meeting, protects members' rights, grants reasonable requests, puts all motions before a house except motions concerning self, (then she asks vice chairman to preside), does not speak on any subject while presiding, appoints standing committees and may vote in three different ways, namely: to change a decision in the vote, by ballot, and by roll call. The vice president may be chairman only of program and membership committees.

During the regular council meeting Miss Viola Jones, Wheeler county home demonstration agent, explained the county educational fund and its use, also said the exhibit at Canyon one-day short course would be light-weight bedding and candle-wick bed spreads.

Mrs. Hester Dodson, chairman recreation committee, announced there will be a county recreation party in Wheeler, Friday night, April 24. Council voted to send meat to Amarillo Meat show in glass jars.

Mrs. Jim Trout, council chairman, made the following announcements: Mrs. Lee George will give a beaded purse making demonstration at council in May. The council will meet on the fourth Saturday in May instead of the usual third Saturday.

Those present were Mesdames Jim Trout, Harold Mixon, Copeland, Leslie R. Willis, Alf Taylor, Royce Quigg.

### MRS. ERNEST LEE HOSTESS AT BRIDGE PARTY SERIES

Mrs. Ernest Lee was hostess at two bridge parties in her home Tuesday. Auction bridge was played at four tables. Mrs. Wofford won the prize for high score and Mrs. Foster was awarded the cut prize.

Afternoon guests were Mesdames Clint Wofford, Lonnie Lee, Ira Foster, Fred Farmer, Glen Porter, T. M. Britt, Buck Britt, Al Watson, Floyd Pennington, Don Fisher, Jim Hyatt, Roy Puckett, Loyd Lee, H. E. Young, Ethel Ahler and Miss Reba Wofford.

Guests at the evening party were Messrs. and Mesdames R. J. Holt, Tobe Frye, Buddy Martin, G. O. McCrohan, Ed Watson and the host and hostess, Mr. and Mrs. Lee.

R. J. Holt won high score, and low traveler's prize was presented to Mrs. Frye and Mr. McCrohan.

Elaborate refreshments were served at the conclusion of each party.

### LITTLE IRIS CONNER HAS BIRTHDAY PARTY MONDAY

Mrs. John Conner gave a party Monday after school in honor of the 7th birthday of her daughter, Iris, at the family home in the northeast part of town. Miss Iris was the recipient of many pretty gifts.

After a number of outdoor games were played, the hostess served cookies and lemonade to Jolene Witt, Bennie Irene Morgan, Jolene Underwood, Pauline Miller, Patsy and Priscilla Beal, Wanda Tolliver, Floy, Marion and Bob Clark, Bobbie Rodgers and S. D. Miller.

### TEXAS POETRY IS SUBJECT OF WEDNESDAY STUDY CLUB

An interesting program on "Texas Poetry" was given by the Wednesday Study club when it met in the club room at the court house, this week, with Mrs. R. J. Holt as hostess and Mrs. E. W. Carter, leader.

Roll call was answered with names of Texas poets. Mrs. Cora Hall gave a selected poem from "Red Heels" and a sketch of Lexie Deene Robinson's life; Mrs. Ernest Lee discussed poems describing Texas scenery, and Mrs. Bronson Green read poems by Grace Noll Crowell.

Those present were Mesdames E. W. Carter, Bronson Green, Cora Hall, Jess Crowder, J. W. Barr, R. J. Holt, George Porter, Ernest Lee and Floyd Pennington.

### JUNIOR GIRL SCOUTS HELD MEET TUESDAY AFTERNOON

The Junior Girl Scouts met at their usual time and meeting place this week. Those present were: Alda Lee Coleman, Presley Guynes, Johnny Faye Templeton, Wilma Derryberry, Marcell Farmer, Sylvia Louise Ficke, Melba Wiley, Carolene Warren, Verta Warren, Emily Lou Ahler, Kathleen Palmer, Lois Conner, Joyce Faust and their sponsor, Miss Florence Merriman.

The early part of the program was spent in singing patriotic songs and songs learned at Scout meetings. The two patrols then met in their corners to work on scrap books and other projects.

The Girl Scout laws and promise were reviewed in the goodnight circle, and after singing "Taps," the meeting adjourned.

All girls over the age of 10 years are invited to attend these meetings every Tuesday afternoon in the basement of the Methodist church at 5 o'clock.

### MELBA WILEY IS HONOREE AT BIRTHDAY OBSERVANCE

Miss Melba Wiley was hostess at a party given in honor of her 13th birthday at the H. M. Wiley home Tuesday from 3:30 to 5 o'clock. Hearts and beans furnished the diversion for the afternoon.

Delicious angel food cake and home made ice cream was served to Emily Lou Ahler, Kathleen Palmer, Marcell Farmer, Alda Lee Coleman, Presley Guynes, Joyce Faust, Wilma Derryberry, Johnny Faye Templeton, Sylvia Louise Ficke, Celeste and Patsy Wiley, F. B. Craig, Billie Wiley, and the honoree.

The girls went from the party to the Junior Girl Scout meeting at the Methodist church.

### NEW TEXAS ALMANAC IS BIGGEST AND BEST EVER

This office is in receipt of a complimentary copy of the new Texas Almanac—the book of 100,000 facts. It is the largest volume in the history

of this publication—a total of 512 pages, on better grade of paper and more profusely illustrated. The 1936 book, although designated as the "Centennial Edition" and compiled in tribute to the grand celebration in Texas this year, misses only 21 years of reaching its own centennial year, having first been issued in 1857 by the Galveston News, the parent organization of The Dallas News, its present publishers.

While much new material of historical nature is included in the new issue, none of the chapters that has made the Texas Almanac the standard reference book of Texas in the past has been omitted. The names of several thousand individuals appear in its pages.
