\$140,100 FOR CANCER RESEARCH—Travis T. Wallace of Dallas, president of the American Cancer Society, Texas Division, Inc., is shown left above presenting a check for \$140,100 to Dr. R. Lee Clark, Jr., director of the University of Texas M. D. Anderson Hospital and Tumor Institute, Houston, for use in the institution's cancer research program of "Factors regulating growth—a hormonal, radiobiological and biochemical study." This brings the total of ACS research grants at the hospital to \$580,876 since inception of the program in 1946.

L. W. Hart Is Laid To Rest In Eastland

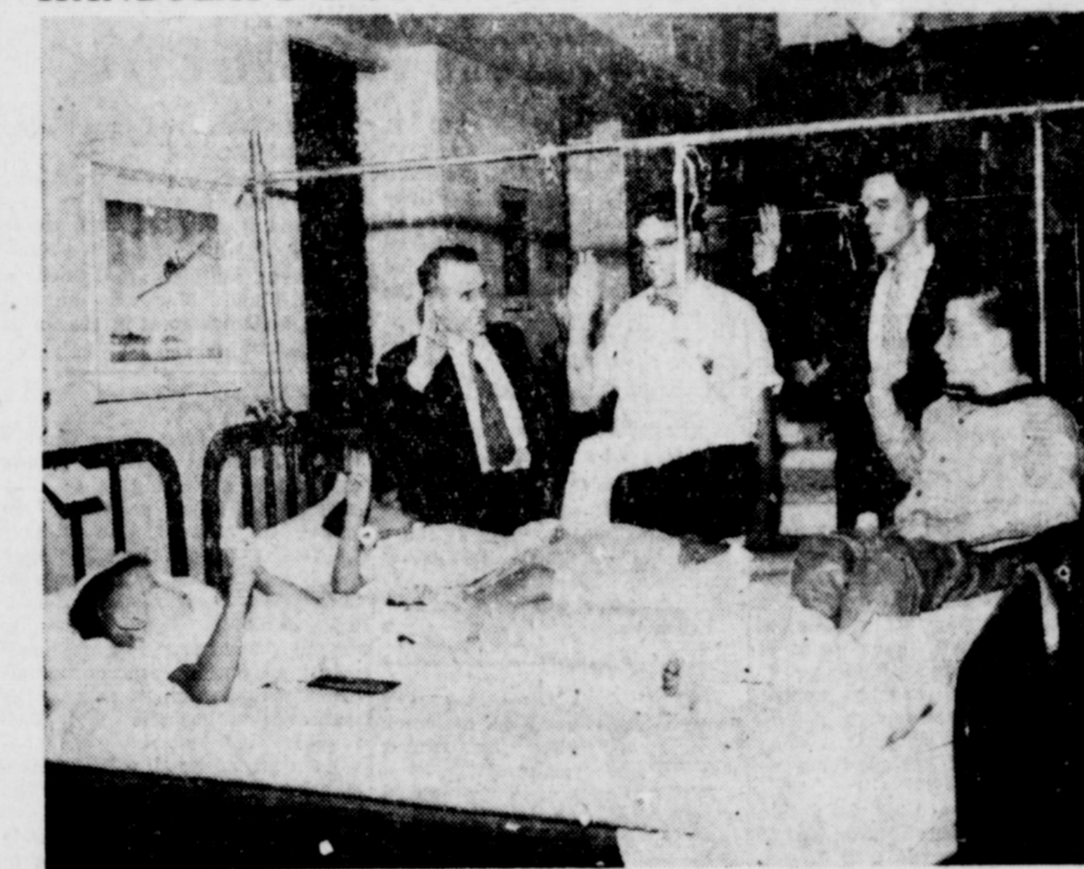

Funeral services for the late L. W. Hart, 62, long time well-known oil well driller of Eastland, were conducted at 10 a.m. Friday at the Eastland First Presbyterian Church, with the minister, the Rev. Eugene Surface, officiating. Interment followed in Eastland cemetery, with the Masons in charge of burial rites, assisted by the Rev. Mr. Surface.

Pallbearers were: Roy Morrison, Sam Kimmel, Bill Reynolds, Bill Hunterman and H. H. Davis, all of Cisco, and Hollis Jones of Eastland.

Mr. Hart was an elder in the Presbyterian Church and prominent also in the Masonic Lodge.

HANDICAPS DON'T STOP THESE BOY SCOUTS

Members of Boy Scout Troop 28 in Dallas are celebrating a big event this Fall—the 10th anniversary of the troop at the Scottish Rite Hospital for Crippled Children, where a youngster with the desire to be a Scout is likely to become a reality regardless of the handicaps that might be involved. More than 1,500 Texas boys have started or continued their Scout work despite the fact they are patients at the hospital. Taking their Scout oath before starting their weekly meeting are some of the dozen members. Left to right, are 11-year-old Ronnie Vaughn of Weinert; Garry McCrary of Sherman, and Jim Kitchen, 15, of Carrollton. Standing (left to right): Hospital President John McKee, Dallas; Scoutmaster Dave Morton of the Dallas Jaycees, and C. Russell Smith, Jr., of the Scottish Rite and Jaycees, sponsors of the troop.

Eastland Clicks in All Departments to Nip Invading Team

By NORMAN WRIGHT

After mulling around for a couple of games the Eastland High School Mavericks lowered the boom on the boys Friday night and trounced the Granbury Pirates in a thriller that ended 25 to 13.

The Pirates didn't make but four first downs all night and wouldn't have got that 13 points in the fading moments of the fourth quarter if their desperation passes hadn't clicked against a string of Maverick substitutes.

Outweighed and minus the services of a boatload of star players, the Mavs got out there and played heads-up ball from the word go, and it was apparent from the beginning that something new had been added. There was a spark and a hustle and a fight that nobody around here had noticed before.

The Pirates' famed legerdmain in the backfield failed to teger, and their highly touted backs and passes went out with a loud fizzle. Eastland's own quarterback Harvey Lewis showed the lads from Granbury a thing or two about ball handling. His now-you-see-it-now-you-don't maneuvering had the Pirates tackling the wrong man many, many times as somebody else went sailing away with the ball.

The Mavs knew their signals and their plays and their assignments Friday night and carried them out brilliantly. They took advantage of the breaks and turned them into touchdowns, and made very few mistakes themselves.

The first score came when half-back Penny Cates went over left tackle and made a beautiful 40-yard run for the end zone and 6 points. The kick was no good.

The second touchdown was set up when End Dave Willoughby intercepted a pass on the Pirate 20. Cates went for 10 yards and then Jimmy Martin scooted through for 20 and another 6 points. This kick was no good, either.

Rotary Gov. Evans In Eastland Visit

The Rotary Club of Eastland Monday will be host to Arch Evans governor of the 186th District of Rotary International, who is making his annual official visit to each of the thirty-three Rotary Clubs in North Central Texas. He will address the club and confer with the club officers.

Mr. Evans is owner of The Evans Company, Automobile Parts Distributor in Stephenville, and is a member of the Rotary Club of Stephenville. He is active in civic organizations, director of the Chamber of Commerce, and organization and extension committee at large for the Comanche Trail Council Boy Scouts of America.

He was elected District Governor of Rotary International for the 1955-56 fiscal year at Rotary's Golden Anniversary Convention in Chicago last June. He is one of 238 district governors supervising the activities of some 8,700 Rotary Clubs which have a membership of 414,000 business and professional executives in 92 countries and geographical regions throughout the world.

Beneficial Showers Being Received in Eastland County

Beneficial showers were being received around Eastland County this week-end.

The rain in this immediate territory Friday was gauged at from .6 to around an inch and Saturday morning, up to 9 o'clock, the moisture for Friday night and that far into the morning was 1.2 inch. Thus the total was from slightly more than an inch to about an inch and a half.

It is estimated that as much as a third of the peanuts, the late portion of this main crop in the county, will be helped by the showers.

However, it is possible that if damp weather holds on too long that the vines will "shed" and thus lose the peanuts, in some instances. Because of drought conditions, peanuts harvested thus far have shown a light yield except at the irrigated territory at Rising Star.

The rain will be of extreme value in preparation of the soil for planting small grain — wheat, oats and barley — and cover crops, such as vetch and rye.

Pastures also will gain to a limited extent.

Annual NROTC Exam Set For December 10

The tenth annual competitive examination for high school seniors who desire to attend college and train for careers as naval officers will be held throughout the nation on December 10, the Navy announced today. Applications for the NROTC are now available, but must be received by November 19, the announcement added, according to Chief Petty Officer J. P. Tompkins, who was here this week-end.

Successful candidates will start their naval careers in colleges and universities across the country in 1956, with substantial financial assistance from the government. After a normal college education, graduates will be commissioned in the Regular Navy or Marine Corps, for active duty with the Fleet throughout the world.

A. E. LeClaire Interment On Sat. Afternoon

Last rites were to be held at 2:30 p.m. Saturday at Hamner Funeral Home Chapel for the late Alfred Ernest LeClaire, 73, who died at his home here Thursday.

Mr. LeClaire, a native of Alabama, came to Eastland more than fifty years ago. He first engaged in farming but had been a city employe here for more than a quarter of a century, serving in the water department.

His wife died in 1945 and two sons, Leonard and Albert, also preceded him in death. He is survived by two children—a daughter, Mrs. Lina Lee Smith of Odessa, and a son, C. E. LeClaire of Fort Worth—and six grandchildren. He also leaves two brothers, Lewis, of Los Angeles, and Lee of Haskell, and two sisters, Mrs. Pauline Carlson of Lueders, Tex., and Mrs. Mary Abbott of El Paso.

While Mr. LeClaire was not a member of a church, he read his Bible daily and attended various churches. He was extremely fond of Gospel singing and he and Mrs. LeClaire, during her lifetime, attended all singings in this section. He served a number of terms as president of the Eastland County Singing Convention.

White Elephant Remodeled and To Open Sunday

The White Elephant Restaurant which has been closed for the past several days for remodeling will be open for business again Sunday, it is announced by Victor Cornelius, owner.

A complete repapering job has been done on the inside, together with a complete repaint job, changing the color scheme entirely.

A lunch counter with stools has also been added to accommodate the scores of customers who drop in for a "quick cup" and prefer a counter to a table.

THOUGHT FOR TODAY: "Circumstances! I make circumstances!" — (Napoleon).

It seems that the burglary cycle has swung around lately although, fortunately, there haven't been many of them. At that, it will pay to guard against them as best we can. We should make these depredations as difficult as possible for the offenders to perform. Then, if they do commit them, report them, as promptly and with as much information as we can assemble, to the authorities. The more time allowed to elapse, the greater the chance of the criminal to effect a clear get-away.

If you have an accident, presence of mind is good. But absence of body is a great deal better. — (Topics).

Pulling out of the line of traffic without proper signal causes a good many accidents. It's something we should be very, very careful to avoid.

Any band instrument around the place not in use? If so, maybe you'd like to lend one to Eastland High Band. The band could use several more instruments than it presently has, due to the recent burglary losses.

Have you been noticing the series of Siberling tire ads that Jim Horton has been running in the Telegram each Sunday? They consist of old pictures that Jim made around here some 25 or 30 years ago and they are most interesting.

There is a picture of a young man (then, that is) that was taken 25 years ago, and which is running in today's ad. Jim will give five gallons of gasoline to the first person who comes by his place of business Monday morning and identifies the gentleman in the picture.

Layton Tells Of New Look Of Postal MO

Postmaster E. E. Layton announced today that United States Postal Money Orders on October 1, 1955, will be sold with a "New Look" designed to speed up the issuance of the orders, cut down on the time patrons now have to wait at windows, and help reduce the number of raised money orders.

"These new money orders," the postmaster said, "will be issued initially only in first and second class offices. Later, as present supplies of old ones are exhausted, the new ones will also be at the smaller third and four class offices."

Mr. Layton said the new design is the result of many hours of research and study, and should prove to be of great benefit to the million or more persons who daily make use of money orders for a myriad of reasons.

"The new money order," it was explained, "is divided into three perforated parts. One is for the issuing post office's record, the (Continued on Page Four)

Sabanno Group To Hear Game Man's Message

An address by a representative of the Texas Game and Fish Commission and a barbecue will be features of the next meeting of the newly-organized Sabanno Valley Game Preserve Association, which is to be held at Center Point School house Tuesday night, Oct. 11. The meeting place is four miles south of Carbon.

The preserve, organized about three months ago, already has grown to a size embracing between 25,000 and 30,000 acres along the Sabanno river and by the time of the next meeting, if present growth indications are realized, practically all of the land between Carbon and Rising Star and Sipe Springs and Gorman which is included in the Sabanno watershed will have been placed in the preserve.

Jewish Events Are Observed By Pullmans

Mr. and Mrs. Henry Pullman and son, Saul, went to Dallas this weekend to attend the Yom Kippur services of the Shearith Israel Synagogue.

Yom Kippur is "Atonement Day" — the most sacred of Jewish holidays — when the Jewish people gather at various synagogues throughout the world for the 24-hour observance, which begins Sunday at sundown and is over Sunday at sundown. During this period the worshippers don't eat or drink anything at all — not even water — for the 24 hours.

For the sacred services Shearith Israel has leased a picture show on Forrest Avenue in order to accommodate the large crowd expected. As Shearith Israel is in the process of building a new, larger synagogue, it is expected that the services will be held there next year.

"Atonement Day" always follows by one week the regular Jewish New Year holiday which the Pullmans always observe, also. This year they worshipped on this occasion at the temple in Breckenridge and were dinner guests of Mr. and Mrs. Charlie Bender of Breckenridge. Besides the Pullmans, the New Year's services in Breckenridge last Sunday were attended by about 50 Jewish people of Breckenridge, Ranger, Wichita Falls, Odessa, Cisco and Graham, and many of them also were dinner guests of the Benders.

Increase Your Milk Profits Control Milk Fever

Calving time is a critical time for a good dairy cow. A mineral shortage results in milk fever. The mineral in the feed for the dry cow should be in balance. Even though the mineral is in balance and adequate, the cow cannot use it unless she has an adequate supply of Vitamin D.

With good care, every pound of flesh you put on during the dry period enables the cow to produce 25 lbs. more milk during the lactation period.

The mineral requirements for individual animals vary considerably, therefore it is advisable to provide RED CHAIN STOCK MINERAL, the Choice in Self-Feeders.

Negro Gets 3-Months In Car Crash Trial

Richard Mack Franklin, 21-year-old Midland Negro, was found guilty of second degree negligent homicide and sentenced to three months in the county jail.

Franklin was the driver of a late model Cadillac that was involved in collision with an auto driven by Mrs. Mary Ferguson on July 19, which resulted in the death of Mrs. Anna Belle Champion of Ranger, a passenger in the Ferguson car.

It was brought out at the trial that Franklin and Sylvester Dancer, another negro from Midland, had both been drinking intoxicants and that the automobile they were driving was traveling at an estimated 75 to 100 miles per

hour just prior to the accident. Also that the Cadillac was on the left side of the road at the time of impact.

Other witnesses for the state were W. C. Ferguson, Morris Campbell, Owen Hamilton, Dr. W. P. Watkins and Stanley A. Hunt, a hitch-hiker in the Negroes' car. Hunt testified that Franklin was driving at the time they left Eastland. Also that the Negroes purchased some whiskey and drank beer in Big Springs.

Hunt had been held as a material witness since the time of the accident.

Dancer testified that Franklin drove very carefully and never

over 55 to 60 miles an hour, but that he (Dancer) was also asleep at the time of the crash.

The jury had the choice of either acquitting Franklin or finding him guilty and assessing a fine of from \$1 to \$3000 or sentencing him to from 1 day to 3 years in jail.

The trial began at 9:30 a.m. Thursday and the state rested its case at 10 a.m. Friday. The charge was read to the jury at 1:30 p.m., arguments completed at 2:30 and the verdict returned at 4 p.m.

Earl Conner Jr., was the attorney for the defense.

Franklin did not take the stand at any time in his own behalf.

second for the purchaser's record, and the third is the actual body of the order showing amount, names of purchaser and payee and other data.

"Heretofore, it was necessary for the patron to fill out an application form and for the issuing clerk to fill in the amount, the name of the purchaser, and other details, which very often caused long lines to form at the money order windows as patrons waited their turns. Under the new system there is no application form, and the clerk need only collect the money and the fee, fill in the amount of the order and the dollar amount limitation (in words of \$10.00 multiples), detach the post office's record, and return the rest to the patron to fill out and send to the payee."

Postmaster Layton said it has been estimated that approximately 40 per cent of issuing time will be saved through the use of these new forms. In some offices this will mean a money order window might be closed or changed to a "combined service" window with the clerk assigned to some other important job in the office.

"This is another step in the department's determination to use every means of improving mail service for all Americans," the postmaster emphasized.

Rangers Lead Pioneer Loop Defensively

With the Pioneer Conference season one week old, the Tarleton State Plowboys, defending loop champions, have emerged as the league's leading offensive team with a total net gain of 309 yards against Allen Academy last week.

The Plowboys are also the leading rushing team with a total of 213 yards gained on the ground. The ASC Rebels lead in passing with a total of 122 yards gained in the air.

Ranger leads defensively, having allowed Paris a net gain of 154 yards.

Gary Berry, Tarleton halfback is the loop's leading runner, having gained 98 yards on nine carries.

Leading passer is Jimmy Hardin, ASC quarterback, who has completed 7 of 13 pitches for 104 yards, an average of 14.8 yards per completion. He's closely pressed by Charles Martin of San Angelo who has completed 9 of 19 for an average of 14 yards.

Wade Turner, fleet San Angelo halfback, is the leading receiver. He has caught four passes for 81 yards.

Hardin of ASC is the leading punter with four kicks averaging 39 yards and Walter Kidd, San Angelo halfback, leads in punt returns, one for 25 yards.

Leading kick-off returner is Rogers Bruce, ASC halfback, with one for 55 yards.

is president of the association and Berry Greenwood, also of Carbon, is secretary. J. D. (Skeet) Clark of Rising Star and A. D. Anderson, Cisco, are two of the directors.

Purpose of the association as stated in the by-laws, is to protect and regulate the shooting of quail and other game, to encourage the elimination of varmints, such as bobcat, wolves and foxes, and to regulate fishing, trapping of fur-bearing animals and to assist in the enforcement of state game laws.

Each landowner will determine whether or not there is quail hunting on his land, permit or forbid trapping or the use of dogs in hunting predatory animals. Each member agrees to abide by the state game laws and to report any violations of the same to the proper authorities.

Hunting of quail will be controlled in such a manner that at least half of the quail crop will be left in the area each year to produce another crop. No deer hunting will be allowed for a period of five years.

Each member must erect at least one game preserve marker on his land.

All landowners in the area who wish to join the association and place their land in the preserve will be welcomed. Prospective members may see any of the officers or directors.

SEDAN IN THREE SERIES—The four-door sedan, traditional American family car, is offered in three series by Ford for 1956—Fairlane, Customline and Mainline. Above is the Customline four-door in one of the 21 two-tone paint combinations offered on models which will be displayed by dealers Friday, September 23. A lower roof line, restyled grille and parking lamps, a new design of body side moldings are among 1956 Ford appearance changes. Thunderbird Y-8 engines in Fairlane models develop 202 horsepower for Fordomatic drive, or 200 hp for overdrive or conventional drive. In the Customline and Mainline, Y-8 engines produce 176 hp for Fordomatic, or 173 hp for overdrive or conventional drive. The 137 hp Ford I-Block six also is available in all models with all transmission types.

Plug And Trigger

(AT LAKE LEON)

Lake Leon has been a mecca for the Crappie fishermen all week long.

Seemingly hungry both day and night, the Crappie have gobbled minnows in all sections of the lake with the largest apparently haunting the wooded area east of the old Staff bridge.

Tommie Huling, probably the week's most successful fisherman, along with Talmadge Craig took 48 Crappie Monday night between 8 and 11 p.m. about 500 yards east of the Staff bridge.

The pair used a lantern from the side of the boat for light. Twenty of the total catch weighed two or more pounds while one weighed in at three pounds.

Huling, fishing Thursday night with D. W. Boone and Billy Beck snaked in an additional 40 Crappie and 12 Channel Cats. Generally the first were not quite as big as Monday's catch.

Joe Todd also took 24 Crappie Thursday from 5:30 p.m. until dark with minnows near the gravel pit in about 30 feet of water. Some of these also weighed more than two pounds.

Wednesday night, Roscoe Hopper and Tom Steward took 15 Crappie each that averaged between one and 2½ pounds. Fishing with minnows in brush in front of Raymond Lingie's boat docks, the fish were taken between 1 and 5 p.m., several hours

earlier than the successful night fishermen began taking their catch.

H. H. Vaughn, Morris Leveille and Reese Rodgers took a combination of 59 Crappie and Black Bass Wednesday with minnows in brush near the Staff bridge. The trio fished from 7 a.m. until 5:30 p.m. Two of the Bass weighed 2½ pounds each while three of the Crappie topped two pounds each.

Joe Dennis and Onus Dick took a four pound Bass from a trotline baited with Perch early Tuesday morning.

Largest consumption of Lake Leon fish at one time was probably noted at Williamson's Boat dock Thursday night when the Methodist Mens Club ate fish that weighed 100 pounds dressed.

A mixture of Crappie, Cat Fish, and Bass, Williamson had caught most of the fish by trotline and rod and reel.

Two unidentified Fort Worth men took their limits in Crappie and Bass and added a few Channel Cats from early Tuesday morning until mid-afternoon.

Largest of their catch was a 3½ pound Bass and three Crappie that weighed 2½ pounds each.

(Continued From Page One)

States, between the ages of 17 and 21 are eligible to apply for the NROTC aptitude test. Persons who attain a qualifying score will be given the Navy's rigid midshipman physical examination next February. From the pool of qualified candidates remaining in competition, approximately 1,800 young men will be selected for appointment to the NROTC, and the college of their choice.

Students enrolled in the regular NROTC program will spend their summers on training cruises with the Fleet, and will receive \$600 annual retainer pay until commissioned. In addition to the normal college curriculum, the midshipmen will study a planned course in naval science. All tuition, fees, and books will be furnished by the Navy.

This college training program is also open to enlisted men on active duty in quotas established for the services.

Applications are now available at all high schools, colleges, and U.S. Navy Recruiting Station, or direct from the Chief of Naval Personnel, Washington 25, D.C.

Ellenburger To Be Tested For Well In County

Lyman and Bell, Breckenridge operators, have moved a heavier rig on their location on the Earl Bell farm east of Rising Star and are drilling to 3,800 feet after missing the Amity pay with a lighter rig at 850 feet.

They will test through the Ellenburger. It will be the first test of that depth to be drilled in the area.

Enlistment Is Marines For 3 Years Available

Qualified applicants can now enlist in the Marine Corps for three years.

Colonel Walter R. Lytz, director, 8th Marine Corps Reserve and Recruitment District, announced this today.

Colonel Lytz said, "Many qualified young men and women want to join the Marine Corps but often do not desire to serve four years, which is the usual term of enlistment. It is now possible for those who meet the requirements to enlist in the Marine Corps for three years."

Marine Corps recruiting stations throughout the 8th District which spans the states of Texas, Oklahoma, New Mexico, Arkansas and Louisiana, will offer three-year enlistments to all applicants from 17 to 31 years of age.

A Tribute To Our Boy Scouts!

When Lord Robert Baden-Powell, the Englishman, conceived the idea of the Boy Scouts and later our own American, Dan Beard, furthered and promoted the idea here, neither, we suspect, ever dreamed what world wide fountains of Youth he was putting in action! Today the Boy Scouts are the flower of young manhood in every quarter of the globe. Their deeds are legion. Their clean, manly characters shine forth from their scrubbed faces and the trim uniforms they wear. How very proud we fathers and mothers of Boy Scouts should be! Their merit badges are a symbol of sincerity, eagerness to serve and pride in their organization. God bless them all. They'll be leaders tomorrow!

More Scrap Today - More Steel Tomorrow
— DEFINITION OF SCRAP —

"Dormant" scrap is defined as obsolete machinery and equipment—tools, jigs, dies and fixtures, including items that are broken, worn beyond repair, dismantled, abandoned, or in need of parts that are no longer obtainable. It is processed by scrap dealers and shipped by them to steel mills and foundries.

Scrap is commonly purchased by mills and foundries according to the specifications. These specifications include 8 different classes of scrap for blast furnaces, 26 classes for use in basic open-hearth furnaces, 17 classes for acid open-hearth use, 5 classes suitable for electric furnace melting, 13 classes for foundries, 3 classes for Bessemer converters, and 2 classes for miscellaneous purposes.

We are equipped to prepare and ship all scrap to the specifications of the consuming mills and foundries.

(NOTE: The price the dealer receives for his scrap is FOB the consuming point. The dealer purchases unprepared scrap, and prepares it in the grades mentioned, and ships it. Therefore, the local price paid by the dealer for scrap must necessarily be somewhat lower than the price posted by the mills and foundries. It is his only margin of profit.)

NEVERTHELESS, THE PRICE WE PAY FOR YOUR SCRAP TODAY IS HIGHER THAN AT ANY TIME SINCE THE WAR, AND THE TIME TO SELL IS NOW WHILE THESE PRICES HOLD UP.

BRING US YOUR SCRAP TODAY!

Bapt. Merrie Melodies Choir Has Musical Costume Party

Invitations to the First Baptist Church "Merrie Melodies Choir" party were the key to the entertainment and program. They read, "On Thursday next the tune's the thing, An evening full of song, So deck yourself up as a tune, And bring your friends along."

Held Thursday night at Fellowship Hall, choir members and guests present for the party were: Alice Blue Gown (Miss Wynona Davis), She wore a Yellow Ribbon (Mrs. Jim Hardwick), I've Got Spurs That Jingle (Mr. Hardwick), Star Dust (Mrs. Gayle Bowen), Three Little Fishers (Mr. Bowen), Buttons and Bows (Mrs. Hank Sims), The Eyes of Texas (the Rev. Harvey Kimbler), The Me To Your Apron Strings (Mrs. Kimbler)

Johnny Fedora Met Alice Blue Bonnett in the Window of a Department Store (Mr. and Mrs. Harold L. Hitt), Ramona (Mrs. Ola Eldridge), When You and I Were Young (Magie) (Mrs. Roland Koh), I Gladly Bear My Cross Alone (Mrs. Myrtle Anderson), Only a Rose (Mrs. Floyd W. Casebolt).

Sue Koch and Jana Eldridge, wearing old-fashioned frocks, sang "Seven Lonely Days, a nd a humorous encore.

Games directed by Mrs. Hitt included: Act a Tune, Musical Terms, Hit Parade of Yesterday, Musical Stoop! Stunts and contests.

Mrs. Hitt gave a talk on "What Music Means to Us." The Rev. Mr. Kimbler offered prayer.

Refreshments were served from a table laid with a brown linen cloth, lighted by pink tapers in crystal candelabra and centered with a bouquet of pink vinca blossoms. The screen, back of the table, was decorated with pink notes sparkled with glitter.

Individual angel food cakes frosted white were embossed in brown treble and bass clefs and

staff lines, and notes of pink roses whose flags were green leaves, all of spun sugar, forming a tune across the top of each cake.

Mrs. Eldridge served fruit punch from a crystal bowl and Mrs. Sims served the cakes. Pastel mints completed the table appointments.

Mrs. Hitt was in charge of arrangements assisted by Meses. Eldridge, Bowen, Sims, Edmund, Gallagher and Cotton Maynard.

Orchids to the EASTLAND HIGH MAVERICKS who played such a wonderful game in drubbing the Granbury Pirates . . . and orchids also to the EASTLAND HIGH BAND for a nice half-time performance at the game.

Chairman JUDGE JOHN HART and his Ground Observer Corps here in Eastland County offer these five points worth thinking about: 1. A surprise air raid against this country could cause tremendous casualties.

2. Volunteer civilian plane spotters can help provide early warning—reduce losses.

3. Several hundred thousand patriotic citizens are now serving in the Ground Observer Corps.

4. Over a million volunteers are urgently needed.

5. Will you serve two hours a week?

Let's be sure to go to the traditional "Ring Presentation" for the Eastland High School seniors at 8 p.m. Monday at the high school auditorium . . . It's an impressive ceremony and means a lot to the young folk and their friends.

Trade at Home—

... is a challenge to shoppers that has plagued business men for years. It looks like a good idea and is. "Can't get it here" is a reasonable answer if wholly true, but too many of us do not try. If we all tried hard enough "to get it here" what a town this would be! Money spent at home usually stays and helps build up our community. If it's insurance your local agents have it—all kinds—and the best that money can buy. Try us and see.

New Chevrolet Task-Force Trucks

They're the most modern trucks on the road. If you don't get all the advantages they offer, you stand to lose money on the job today . . . and again at trade-in-time!

It stands to reason, when you think about it, that the most modern trucks are the trucks that'll save you the most. They're the trucks that'll move your loads most efficiently and quickly. They're the trucks that offer the most comfort and convenience for the driver so that his efficiency goes up, too. They're the trucks that have the most modern and efficient engines—and you know what that means in terms of lower ton-mile costs!

Shortest stroke V8's . . . most advanced sixes

In most new Chevrolet truck models, you have your choice of V8* or 6. Chevrolet's new truck V8's have the shortest stroke of any V8 in any leading truck! That

means less friction and wear per mile. And all Chevrolet truck engines have a modern 12-volt electrical system for quicker starting, better ignition, and a greater electrical reserve.

The truck driver's "dream cab"

That's the closest we can come to describing the new Flite-Ride DeLuxe cab. What truck driver wouldn't go for features like these: panoramic

windshield for wider, safe vision; concealed Safety Step that stays clear of snow, mud and ice; High-Level ventilation that provides a more constant supply of outside air in all kinds of weather.

Most modern truck styling

We call it Work Styling—and you get it only in new Chevrolet Task-Force trucks! Two fresh, functional styling treatments are offered—one for light- and medium-duty models, another for heavy-duty models.

Most modern features throughout

Advanced suspensions, more rigid, ladder-type frames! Tubeless tires standard on 1/2-ton models! Come in and see all the ways you're way ahead with new Chevrolet trucks!

V8 standard in L.C.F. models, an extra-cost option in all others except Forward Control models.

Year after year, America's best selling truck!

Powered by a big new 312-cubic inch displacement Safety-Surge V-8 engine, the 1956 Mercury has superior acceleration and passing ability. New safety features including an improved door latch, an impact-absorbing steering wheel and safety belts are offered. Shown here is a Custom four-door sedan.

Mrs. Perkins To Speak In Kingsville; Addresses Iowa Fed. and Attends Cancer Meet

Mrs. Joseph M. Perkins, who arrived home Monday after spending the summer at her home in Gleasondale, Mass., will leave Sunday night for Kingsville to speak at A&I College, the Rotary Club and the Woman's Club. She will be a guest of the Woman's Club president and, of interest, is a visit planned to the famed King's Ranch. She will return home Thursday. En route home from Gleasondale, Mrs. Perkins, chairman of Education, GFWC, stopped in Des Moines, Iowa, for a speaking engagement in which she addressed 600 persons at the Fall Conference of the Iowa Federation of Women's Clubs on the subject, "Lamp of Learning." A fascinating experience in Des Moines was a tour she took through the Better Homes and Garden Magazine plant. Mrs. Perkins also stopped at Kansas City to attend the regional meeting of the American Cancer Society as one of the two delegates from Texas. The regional meeting included five states—Arkansas, Missouri, Kansas, Oklahoma and Texas. Mrs. Perkins is vice president of Texas Cancer Society and will attend the national meeting of the society in New York, Oct. 31.

T. C. Wylie Elected Shrine Club President

T. C. Wylie, owner of the Ranger Peanut Company, was recently elected president of the Cross Timbers Shrine Club in a meeting at the Victor Hotel in Cisco. Other officers elected were Mac King, of Strawn, first vice president; Homer Ferguson, Eastland, second vice president; and W. C. Smith, Gorman, secretary-treasurer. Wylie replaces Carl Garner of Eastland, who is retiring president. The group discussed plans to entertain citizens of this area with a free Shrine Variety Show Oct. 17. Staged in Eastland, the show will stage professional talent from the Dallas and Fort Worth areas. Plans were also made to assist crippled children in the county and a committee was appointed to investigate the possibilities of building a club house at Lake Leon.

Mavericks -

(Continued From Page One) for the third touchdown when he recovered a fumble on the Pirate 42. After a series of first downs a pass from the 10-yard line from Cates to Martin was good for a TD but the extra-point attempt again failed.

The fourth Mave score was again set up by David Willoughby when he made his second interception of a Pirate pass and returned it to the Pirate 35. A short lineback got 4, and then Lewis tossed one to Clyde Evtatt which was good for 31 yards and 6 points, and the extra-point kick was good on this one.

Both Pirate scores came in the closing minutes of the last quarter against a Maverick team composed almost wholly of substitutes. Halfback Tommy Davis circled his right end for 18 yards and a TD and the kick was good. The second Pirate touchdown

came when senior fullback Gerald Hayworth took a pass on the Maverick 40 and ran all the way from there. Try for conversion failed and the game ended 25 to 13 with the Mavs in possession of the ball with 3rd and 2 to go on their own 40.

Eastland racked up 11 first downs to the Pirates' 4, and at the end of the half Granbury had made only one first down.

This victory was the very shot-in-the-arm the Mavericks needed. They can now feel a great deal of confidence in themselves, knowing they've got what it takes if they'll put it out. And if the boys maintain the spark and determination they showed Friday night, a lot more opponents are going the way of the Pirates.

Next on the list is Merkel, here, next Friday night.

There is an easy way to send your child to college!

This simple plan will do the trick—if you start right now.

Are you determined to give your child the benefits of a college education—yet worried about money? Then why not do what more and more farsighted parents are doing? Start getting that money together now—the safe, sure, automatic way—through the Payroll Savings Plan!

It's simple! Just tell your company's pay office how much you want to save—anywhere from a few dollars a payday up to as much as you want. This sum is then saved for you every payday. It is invested in U. S. Series E Savings Bonds which are turned over to you, and which earn good interest for you.

It's systematic! Just think—if you sign up to save \$3.75 a week, in 5 years you'll

have \$1,025.95—in 9 years 8 months, \$2,137.30—and in 19 years 8 months you'll have \$5,153.72.

It's sure! Once you join, your saving is automatically done for you before you draw your pay. You don't have to do a thing. And your child's education will be provided for by money you don't even miss now.

Eight million working people are now on the Plan—saving for a home of their own, a college education for their children, or any of those things made possible only through systematic saving. So join the Payroll Savings Plan right now—or, if you are self-employed, join the Bond-A-Month Plan where you bank. Do it today!

Choose your own savings goal

	If you want approximately		
	\$5,000	\$10,000	\$25,000
Each week for 9 years and 8 months, save	\$8.80	\$18.75	\$45.00
Each week for 19 years and 8 months, save	\$3.75	\$7.50	\$18.75

This chart shows only a few typical examples of savings goals and how to reach them through Payroll Savings. Remember, you can save any sum you wish, from a couple of dollars a payday up to as much as you want. The important thing is, start your Plan today!

How Your Child Can Learn Thrift

There's no better way for your child to learn thrift than by buying U. S. Savings Stamps at school. Because Savings Stamps provide a goal to save toward. As each album of 10c or 25c Stamps is filled, it can be converted into a valuable U. S. Savings Bond. Millions of children are learning to save in the U. S. School Savings Program. Why not start your child now?

Your baby's future starts today—when you save with United States Savings Bonds through the Payroll Savings Plan!
