ARKANSAS TORNADO TAKES AT LEAST 37 LIVES—This debris is all that was left of a country store at Union, Ark., after a tornado swept through the heavily populated plantation area near Pine Bluff, Ark., and took at least 37 lives over the Memorial Day weekend over 400 Americans died violently as auto accidents, plane crashes and storms pushed the death toll abnormally high.

Pardoned Convict Admits Robbing Weatherford Bank

FORT WORTH—(P)—James Clifton Wheeler, 26, sandy-haired, conditionally pardoned Texas convict, walked into the arms of three Fort Worth detectives at 7:30 a. m. today, his pockets crammed with \$2,950 taken from the Citizens National Bank of Weatherford in a lone-wolf robbery shortly after noon yesterday.

Police Chief R. E. Dyars said Wheeler made a full confession. Wheeler had broken through a curtain of federal, state and local officers "beating the bush" around Weatherford all last night.

He told officers that he had hitch-hiked to Fort Worth and had ridden in a taxi to the home of his grandmother in far east side, where City Detectives T. P. Hoot, C. C. Carmichael and D. S. Harris had been waiting all night.

"Something told me they knew who I was and were waiting for me—but I just walked on up anyway," he told Police Chief Dyars and Detectives A. C. Howerton and H. E. Chappell.

The arrest climaxed a closely-integrated search by FBI, state and local officers started shortly after Wheeler calmly walked into the bank and shoved a pistol and paper sack at Mrs. Vaudine Bullington, 22, teller, and told her he wanted all of the money in her cash drawer.

Parker County sheriff's deputies stopped by the Wylter filling station on Highway 80 to give a description of the robbery car to attendants.

"James Wheeler was in here in a car like that earlier this morning," the officers were told.

The report was broadcast, and Ft. Worth detectives noted that a similar car, a black 1940 Dodge coupe with a bent front door, had been seen in BANK ROBBERY, Page 3.

Everybody Is Blamed For Mine Explosion

WASHINGTON—(P)—A Senate Public Lands Subcommittee declared today that "use of explosives in a nonpermissible manner" was the immediate cause of the March 25 Centralia (Ill.) mine disaster which claimed 11 lives.

The committee said:

"In summing up the responsibility, committee members found that almost everyone concerned was guilty of negligence to one degree or another—management, the miners, the mine workers' unions, state bureaus and federal bureaus."

Corporation Court Hears 393 Cases During Month of May

Three hundred ninety three varied cases appeared before Corporation Court Judge Clifford Braly during the month of May.

Tickets for overtime parking led the docket with 269 tickets issued to local citizens by traffic officers. Other violations for the month were vagrancy, 2; intoxication, 65; affray, 6; double parking, 4; speeding, 2; other traffic violations, 11; theft, 1; 7 were held for investigation, and 7 were booked on miscellaneous charges.

Total fines assessed were \$1,251, of which \$812 was collected.

Twenty of the 369 cases were dismissed and 18 were directed to higher courts.

SULTRY

PAMPA AND VICINITY—Partly cloudy tonight and tomorrow with widely scattered thundershowers this afternoon in the Panhandle.

WEST TEXAS—Partly cloudy tonight and Friday; a few widely scattered afternoon thundershowers in Panhandle; not much change in temperature. Moderate to occasionally fresh southeast winds on coast.

OKLAHOMA—Partly cloudy tonight and Friday; continued mild, high temperature of 50. Somewhat cooler hours tonight.

Senate Ratifies Peace Treaties

WASHINGTON—(P)—The Senate completed ratification of the first four of World War II's peace treaties today.

After ratifying the Italian treaty by a 79 to 10 vote, the Senate then gave voice approval to treaties with Romania, Bulgaria and Hungary.

The action on the Hungarian treaty came only a few hours after President Truman at a news conference had denounced an outrageous Communist Coup in that country.

Fears of Disease Outbreak Abated In Flooded Area

RUTLAND, Vt.—(P)—Fears of an outbreak of disease abated here today as tank trucks carrying drinking water rolled into this city digested out of the wreckage of a flash flood that knocked out all utilities.

Power and light were restored but gas and water supply systems were still in commission—with a possibility that it may be several days before pipelines can be repaired.

Hundreds still homeless from the flood unleashed by a bursting power dam Tuesday night were being housed in the Army and fed by mobile kitchens.

Emergency water stations were set up with farmers from the surrounding countryside helping in serving well and spring water in a pail and bucket brigade.

The first major step in rehabilitation was taken last night when electric power, ruptured for 24 hours, reached the city through auxiliary feeder lines.

The utility services were wrecked when a nine-foot wall of water, released by smashing of a power dam, poured into wide sections of the city Tuesday night. Torrential 24-hour rains preceded the break.

Authorities estimated it would be two or three weeks before normal gas service was restored, but city officials hoped to establish a water connection today for sanitary purposes.

Meanwhile drinking water was being rushed in tank trucks from Bellows Falls to this city.

Officials reported that the food and milk situation, described as critical yesterday, was relieved by arrival of emergency supplies.

Few of the 500 families that abandoned homes when the water bounded out of a 20-foot wide creek had returned to their mud strewn dwellings. At least 60 persons were being cared for at the State Army. Others had been taken in by friends.

The raging waters spewed mud from five inches to ten feet thick in hundreds of residences in the northerly section of the city and battered foundations in some areas.

Unofficial estimates of damage ran as high as \$2,000,000. Considerable of that was in crop destruction and residential property wreckage. The business section escaped undamaged.

Four persons reported missing during the height of the flood had been accounted for.

Aberdeen-Angus Sale Held at San Angelo

SAN ANGELO—(P)—Bidders and buyers from Texas, Oklahoma and New Mexico paid an average of approximately \$135 for 735 commercial females and 33 registered bulls at the third annual Texas Aberdeen-Angus commercial distribution sale yesterday. The gross on the 808 animals was \$108,945.

Registered bulls brought an average of \$303.50. Top bull was Alfred's Quality Prince 6th, bred and consigned by Jess Alford of Paris, bought by Jack Ganning of Eden for \$1,000.

Perplexing Problem Facing Congress Brings Up Question—'Can Jolson's Knee Be Copyrighted?'

By ARTHUR EDSON

WASHINGTON—(P)—Congress is all tangled up in this perplexing question:

Should people like Bing Crosby and Frank Sinatra be allowed to copyright their phonograph records?

Before a House Judiciary Subcommittee decided not to decide right off, it considered such interesting items as:

The first person to sing "The Star Spangled Banner," and Al Jolson's knee.

This whole thing came up a week ago when band leader Fred Waring, who heads the National Association of Performing Artists, declared the law should be changed so that records could be copyrighted.

"Bing Crosby and Frank Sinatra have a distinctive style," Waring said. "Everybody in his association, 'From Benny Goodman to Tosca-nini,' thinks this style should be protected by a copyright."

Yesterday's witnesses, representing songwriters and publishers, didn't agree.

Composer Deems Taylor said the work itself, not the way it's played,

is the important thing.

Rep. Chadwick (R-Pa) said he was searching for a quotation.

"It goes something like this," he said, "a song without the singer is dead."

"Yes," agreed Taylor, "but without the singer the singer is buried."

John Schulman, attorney for the Songwriter's Protection Association, agreed with Taylor that the song's the thing.

"If the performer is so important, who first sang 'The Star Spangled Banner'?" he asked.

Nobody knew.

Which brings us to Jolson's knee. Sidney, of the Music Publishers' Protective Association, asked how far the performing artist would be protected.

"Take the song 'Mamma,'" he said. "In the third chorus, as that great performer Al Jolson does it, he gets down on one knee."

"Can the knee be copyrighted?" Nobody knew the answer to that one, either.

Bear front end alignment, complete brake service. Pampa Safety Lane 511 S. Cuyler. Ph. 101—Adv.

HST Pledges Thorough Look At Hungary

WASHINGTON—(P)—President Truman today denounced the Communist coup in Hungary as an outrage and asserted that the United States does not intend to stand idly by in that situation.

He held a news conference at which the State Department is looking into the whole Hungarian affair.

A reporter said that it has been suggested the United States is sometimes in the position of shaking its fist at Hungary, and sometimes just shaking its finger. He inquired whether the United States intended to do something in the present situation and Mr. Truman replied that it does not intend to stand idly by.

In response to another inquiry he said that the Hungarian situation is terrible and reiterated that the State Department is making a full investigation.

Diplomatic authorities are speculating whether the Hungarian coup may be followed by steps to set up a Balkan federation of Soviet-dominated states in Eastern and Southern Europe.

Until last week, Hungary's non-Communist government was the sole break in an otherwise solid lineup of Moscow-controlled nations extending from the Baltic to the Adriatic Seas.

Marshal Tito of Yugoslavia has been an outspoken advocate of a formal Balkan federation, and such a development now is being viewed here as a definite possibility.

Like the Hungarian overt, it would be regarded as (1) a curt Moscow rejoinder to the American program of aid to Greece and Turkey and (2) a move to solidify the Balkans.

See HUNGARY, Page 3.

Senate Passage of Labor Bill Assured

WASHINGTON—(P)—Senators step up today for their turn at approving the compromise labor bill that rode a rock crusher vote to passage in the House.

Senator Taft (R-Ohio) said there was a chance the Senate ballot might go over until tomorrow. It depends, he said, on how many people want to speak how long.

Once the vote comes, the bill goes to the White House, where some key Democrats expect a veto.

There is no doubt about Senate passage. The only question is whether the vote will turn up a margin indicating that Congress will veto a veto. That takes a two-to-one majority in both branches.

The House score late yesterday was better than four to one—320 to 79.

Wallace Will Not Support Truman For Reelection

RALEIGH, N. C.—(P)—Henry Wallace, asked at a press conference today if he would support President Truman for reelection, hesitated and said: "That depends on—I would say, 'No.'"

The former vice president is to make an address here tonight and the press conference this morning was held at the home of Joseph Daniels, publisher of the Raleigh News and Observer and a former cabinet member.

Wallace who has been crusading vigorously against the "firm with Russia" aspects of President Truman's foreign policy, had been asked earlier if he planned to lead in the forming of a third party, and he replied:

"I'm doing everything I can to make the Democratic Party a liberal party. If the Democratic Party becomes a war party, a party of reaction and depression, then I'll no longer be a Democrat."

Explaining his answer to the question about supporting President Truman reelection, Wallace said that his support of the Democratic Party in the 1948 election depends on whether it is a "war party" at that time or not.

Asked if he would support the Republican Party, Wallace said:

"I can't imagine myself campaigning for a Republican under any circumstances."

He then modified this statement by saying that he might "make a slight reservation" about applying that to Harold E. Stassen, the former Governor of Minnesota, and Oregon's Republican Senator Wayne Morse. He said he had "great respect" for Stassen and Morse. The latter, he added, was "mighty fine" in his attitude toward labor.

Then Wallace said that the trouble with "fine Republicans" is that when they get in the national field they have to work with a group dominated by "special interests" so that they "break their hearts."

Catholic Church Will Turn Down Orphanage Gift

BROWNSVILLE—(P)—Mathes H. Coleman and his wife Ruth, Negro operators of the Santa Rosa orphanage, have decided the institution to be the Catholic Church, but the Most Rev. E. B. Ledvina, bishop of Corpus Christi, says the gift will be turned down.

The Coleman, convicted in Federal Court here last week on a mail fraud indictment growing out of their solicitation of funds for the Negro orphanage, transferred the property to Bishop Ledvina in a deed filed with the Cameron County clerk here.

"They had no right to do that," Bishop Ledvina said in Corpus Christi, when informed of the transfer.

"I am not obliged to accept the property. This was done without my knowledge and consent."

The bishop said he had refused to take over operation of the home a year ago because the transaction was "too involved."

He stated that he would instruct church representatives at Brownsville to refuse acceptance.

The Colemans also filed a deed in trust in favor of Fred B. Wagner, trustee for Ronald Smallwood, Harlingen, who was a member of defense counsel during the couple's trial. The deed involves nine tracts of land and stipulates that the land was mortgaged as collateral for two promissory notes due June 2, 1948, and June 2, 1949, made to Smallwood in amounts of \$6,000 each for legal services.

A deed of trust also was filed by the Coleman in favor of Jack K. Ayers, trustee for former Gov. James V. Allred, chief defense counsel. The deed involved 60 acres of land as collateral for a \$4,500 note, due Sept. 5, 1947, with six percent interest.

'March' Commander Sentenced to Die

SYDNEY, Australia—(P)—Lt. Gen. Masao Baba, who as commander of the 37th Japanese Army ordered a death march in Borneo in 1945, was sentenced today to the gallows.

GALLANT FIREMEN

LOS ANGELES—(P)—Gallant firemen and policemen rescued waitress Gloria Hale, in more ways than one, after she got locked in a cafeteria at closing time.

Nobody could find the right keys for the door lock, so firemen raised a ladder to a second floor window.

After solemn conference, police shooed away the crowd below, a fireman shielded the girl and she descended the ladder.

"I'd have come down that ladder slick!" she said. "But with this skirt . . ."

Bakers in Paris End Token Walkout

PARIS—(P)—Bakery workers of the Paris region voted Friday to end a token walkout which curtailed the capital's bread supply for three days.

The workers accepted a government decree granting them a seven percent increase in pay and a monthly bonus of 500 francs (about \$4).

Variety Shows Religious Beliefs in Rev. Joseph E. Goens' Family Vary

SHAWNEE, Kan.—(P)—Religious beliefs in Rev. Joseph E. Goens' family vary.

The Rev. Donald B. Goens, pastor of the St. Agnes Catholic Church, told a meeting of the Cooperative Club.

His father, the Rev. Joseph E. Goens, is a retired minister in the Church of the Brethren.

His oldest brother, James Harold, of St. Louis, is a Christian Scientist.

Another brother, John Ernest, is a member of the Central Christian Church and a sister, Mrs. Harold Foley of Berkeley, Calif., belongs to the Later Day Saints Church.

Solon Strikes New Blow at 'Merger' Bill

WASHINGTON—(P)—Senator Robertson (R-Wyo) said today the pending Army-Navy unification bill actually would merge the two services.

"It's merger legislation, pure and simple," the Wyoming lawmaker told a reporter. "Let's not fool ourselves about that."

Robertson is a member of the Senate Armed Services Committee which in his absence yesterday approved the bill by a 12 to 0 vote. He said he would have voted against the measure.

It provides for unification of the military and naval forces under a secretary of national security. The bill says specifically that there shall be no merger, a provision upon which the Navy insisted.

But Robertson contended that "nine lines of the bill are merger pieces and it doesn't take a lawyer to figure it out."

He referred to a section which creates a "national security organization" which shall consist of the Department of the Army, the Department of the Navy and the Department of the Air Force.

Robertson's argument is that, making the three departments part of an "organization" spells merger. He said he intends to fight the bill on that score, but he has a few little revisions in the Senate floor, probably next month.

Senator Bridges (R-NH), who voted for the bill in committee but reserved the right to offer amendments on the floor, told a reporter he has no major changes in mind.

"I may have a few little revisions to offer and I don't want to be

See 'MERGER' BILL, Page 3.

Canadian Groups Express Interest In Highway Plans

CANADIAN—(Special)—Two groups of Hampshire County citizens returned Tuesday from trips in the interest of more and better highways.

One group, composed of Malouf Abraham, L. A. McAdams, J. L. McElreath and Mr. and Mrs. Noble Trueblood, attended the meetings of the U. S. Highway 60 Association in Bradenton, Monday. Abraham is vice president of the Texas section of the "Sixty" Association. McAdams is secretary of the Canadian Chamber of Commerce.

The other group appeared before the State Highway Commission in Austin, Monday, petitioning that body for all-weather road from the present pavement near Canadian to Lake Marvin. Many organizations now use the Lake Marvin reservation for their summer camps. This traffic, plus the normal flow of fishing and outing parties, is declared to necessitate improvement of that road. The group also asked that Second Street pavement, which carries Highways 60 and 83, be widened within the city of Canadian.

They also urged the Highway Commission to plan for a new bridge over the Canadian River.

In the party making the trip to Austin were County Judge H. M. Woods, County Commissioners R. H. Williams, Frank Cole, Lee Kiker, and Ross Adcock; Mayor Jess Lindley, City Commissioner Jim Reid, City Attorney E. C. Fisher, Harry Rustgen, Joe Brand, Tom Hill, L. P. Ward, B. M. Bryant, Bill Flewelling and Jack Lawrence.

A party from Lipscomb County composed of County Judge A. Bisantz and County Commissioners Ray Wilson and Ollie Scott also appeared before the Highway Commission to add their plea for a new bridge over the Canadian River at Canadian to care for the highway traffic that crosses Lipscomb County on Highway 60, and to point out the need for an improved arm to meet road out of Lipscomb County to feed into Highway 60.

Mother Kills Child, Then Hangs Herself

GENOA, Va.—(P)—A mother who formerly lived in Waco, Texas, battered her six-months-old baby to death with an ax, struck another daughter with the same instrument and then hanged herself at her home here.

Dr. F. L. Byers, Rockingham County coroner, issued a verdict of murder and suicide.

He identified the mother as Mrs. Louise Miller, 30. The infant was Shirley Louise. The other daughter, Gloria Jean, was rushed to a hospital at Harrisonburg, Va., where she was reported in serious condition with head injuries.

Neighbors were attracted to the scene by the cry of the three-year-old daughter, who was found lying on the floor. The baby was dead on her bed. The mother's body was found in the stairwell of the house.

Three words had been printed in blood on the dining room wall: "Too late now."

At the time the husband, Shirley Miller, was at work with the Valley Housing Corporation at Timberville, Va. The two met in Waco while he was in service.

Phillips Pilot Dies When Plane Crashes

WASHINGTON—(P)—Navy Lt. Donald Eugene Umphres, 25, of Phillips, Tex., was killed yesterday when his P-80 plane crashed in Chesapeake Bay during a review before Marine Corps officers from Quantico, Va.

The Navy said Umphres' plane suddenly nosed into the water 500 yards off the beach at Patuxent, Md. Naval Air Station as he was doing a low altitude "fly by" at high speed.

A veteran night fighter pilot in the Pacific War Theater, the flier as the son of Mr. and Mrs. Luther C. Umphres of (Box 555) Phillips. He held three Distinguished Flying Crosses, nine Air Medals and a Presidential Unit Citation.

Man Is Fined For Running Red Light

One man was excused on charges of intoxication and another was fined \$25 for failing to come to a complete stop at a red light before turning right this morning in Corporation Court by Judge Clifford Braly.

Truman Sees 'Boom or Bust' Idea in Plan

WASHINGTON—(P)—President Truman said today that the economic philosophy advocated by Senator Taft (R-Ohio) "follows the old idea of boom or bust."

"In the long run it would destroy both prosperity and profits," the President said in a statement read to his news conference.

Mr. Truman said Taft's arguments for goods "justified or necessitates high prices is fallacious and dangerous."

For his own party, the President said, "I utterly reject this defeatist economic philosophy," believing in "maintaining a full employment, full production economy."

Mr. Truman's statement was directed as an assertion by Taft Tuesday that "apparently the President and the administration are abandoning talk on keeping prices down in favor of heavy spending abroad that will keep them up."

Taft declined any comment today.

But Senator Hawkes (R-NJ) vigorously defended the position taken by the Ohio Senator.

"Of course, that's absolutely right," Hawkes told a reporter. "The President said he singled out the Ohio Senator as spokesman for the economic philosophy he is attacking."

Reading his statement rapidly, the President said bluntly the administration does not advocate the Greek-Turkish aid program "for the purpose of bringing prices down," but to aid starving millions restore their economies and to build them "against totalitarian aggression."

While foreign aid programs place some strain upon the American economy, he said, the answer is to make prices reduce costs at home "even more urgent."

Mr. Truman said:

"Senator Taft's argument that high demand justifies or necessitates high prices is fallacious and dangerous. It is based upon the idea that prices should seek as high a level as the traffic will bear, rather than the lowest level that is consistent with fair profits."

"That kind of practice is indefensible, and in the long run it would destroy both prosperity and profits."

Mr. Truman said that Taft contended the only way to bring prices down was to reduce the demand for goods.

Mr. Truman said:

"If the government were to abandon its vitally necessary loan expenditure programs, if wages were reduced, if savings were exhausted, and if unemployment set in, the nether would be less demand and prices would drop."

"Senator Taft would call this an adjustment. I would call it a tragic

'Merger' Bill

(Continued From Page 1)
bound by the committee vote from doing so," Bridges said.
Despite their differing views on the unification bill, Bridges said Robertson agreed on a related matter. Both said they want the Armed Services Committee to hold hearings as soon as possible on universal training. The committee will decide about this next week, even though prospects for final action this year are virtually non-existent.
President Truman formally sent to Congress yesterday the universal training report drafted by his nine-member commission and urged that it be given "serious consideration."
The commission called upon Congress to act at once to set up a system of compulsory military training for the nation's youth, declaring that failure to do so would invite "extermination."
The House Armed Services group already has voted to open hearings on the proposal. They probably will be started in about two weeks.

Bank Robbery

(Continued From Page 1)
stolen here earlier from Arthur L. Weir, Jr., an insurance man.
Wheeler, a former carpenter, said he didn't know why he committed the robbery and that he had no plans what he would do with the money.
Asked by a Star-Telegram reporter whether he was sorry, he hesitated, smiled faintly and said,

"I'm sorry I got caught."
The robbery car was abandoned about 16 miles from Weatherford. Wheeler told officers, after he saw airplanes and cars of officers combing the territory for him. He then fled on foot, losing his .32 pistol and hat in a flight across the prairie after state highway patrolmen "blew their horn."
Wheeler was faced here in the detectives office by the bank teller, Mrs. Bullington, and R. E. Kearby and Will Barnett, who were

in the bank at the time of the robbery.
"Have you ever seen this lady?" Chappel asked.
Wheeler grinned, and said, "I

MAGNETO REPAIRING
All Work Guaranteed
RADCLIFF BROS. ELECTRICAL CO.

was looking at her yesterday."
He is the father of two children, a girl 3 and boy 6, by a former wife.
His pretty present wife came to the police station after the arrest to talk with her husband.
Wheeler had been in Fort Worth since Saturday. He left home Tuesday with the pistol despite his wife's protest that "they'll revoke your parole" if officers found him

Economics

(Continued From Page 1)
recession or depression. There is nothing novel and nothing worthy about getting a price collapse through reducing the demand. This is the typical road to a depression.
The President said Taft's economic philosophy "follows the old idea of boom and bust." For his own part, Mr. Truman added, "I utterly reject this defeatist economic philosophy," believing "in maintaining a full employment, full production economy."
His own interest in voluntary price reductions "is undiminished," Mr. Truman said, adding that "the drive for voluntary price reductions, while it has not gone far enough, has already yielded substantial re-

suits."
The President said peaceful wage adjustments in some major industries took place without price advances and that in recent months the trend toward extraordinary price increases "has been checked and moderate price declines have taken place."
METAL POISONING
SEATTLE, Wash.—(AP)—Curator Gus Knudson reported after an autopsy that Woodland Park's lone seal, Roly Poly, which died yesterday, apparently succumbed to metal poisoning.
The autopsy showed the seal had consumed more than 100 copper pennies, three nickels, 84 aluminum, plastic and brass tax tokens, one brass lapel insignia of the army's second infantry division, two tiny pieces of steel and a miscellaneous collection of metal washers and buttons.

Hungary

(Continued From Page 1)
Soviet bloc before final ratification of the satellite peace treaties forces withdrawal of Red Army occupation forces.
Diplomats also consider as a possible next Russian step in Eastern Europe some action to perpetuate the Communist domination of Czechoslovakia. A leftist bloc which included Communists won last year's elections there, but a more recent rightist trend has suggested that the Communists might slip back to second or third place in the next balloting.
Meanwhile, a formal United States protest and further economic sanctions remained under consideration at the State Department to express this government's concern over the Communist seizure of control in Hungary.
That country's minister to Washington, Aladar Szegedy-Maszak, used undiplomatic terms to denounce "the Soviets and their agents" in announcing yesterday that he and most of his staff will not "recognize" the new Budapest regime.

Many Never Suspect Cause of Backaches

This Old Treatment Often Brings Happy Relief
Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.
The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.
When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and en-

ergy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with burning and burning sometimes shows there is something wrong with your kidneys or bladder.
Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 60 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

In Defense of the Cluttered Handbag

By RUTH MILLETT
NEA Staff Writer

Now that some man has come out boldly in defense of the cluttered desk, perhaps a woman can get by with the defense of the feminine equivalent, the cluttered handbag.

In answer to any man who has ever tried to be funny at the expense of what goes into a woman's handbag—here's our defense:

A handbag is a combination portable desk and dressing table. Its contents can be roughly divided into two categories, beauty and business.

On the business side the essentials are something like this: A billfold and coin purse, a check-book and fountain pen, bills to be paid and sale slips for articles to be returned, a driver's license, an address book.

On the beauty side are compact, lipstick, rouge, nail file, comb, and maybe a small jar of cleansing cream and a few tissues for a quick facial. Also, if it's a rainy day, there may be even a change of nylons in case those worn get splashed or watermarked. Of course, there may also be some extra bobby pins and a bottle of nail polish for touch-up work.

BOUND TO BE CLUTTERED

Dump all that into even the roomiest handbag, and it's bound to look cluttered to anybody except another woman.

And that cluttered bag is as comforting to her as a cluttered desk is to a man. Both figure that if they look long enough they're sure to find anything they want or need.

Mrs. Quentin Williams
Leading Study Course
For Circle Two, WSCS

Mrs. Quentin Williams, who is conducting the study course on "The Christian and Race" for Circle Two of the Women's Society for Christian Service of the First Methodist Church, presented a very interesting and inspiring program on this week's topic, "What is Race," at the meeting held yesterday afternoon in the home of Mrs. Sherman White.

Mrs. R. W. Lane, circle chairman, presided over the short business meeting and also led the devotional, quoting verses from the Scripture pertaining to Mrs. Williams' topic.

It was brought out during the business session that meetings during June and July would be held at 3 o'clock instead of the usual time. The meeting next Wednesday will be held with Mrs. H. F. Barnhart, 509 N. Frost.

Following the meeting refreshments were served by the hostess to Mesdames Williams, Lane, Barnhart, A. B. McAfee, Lee Harrah, J. G. Cargile and John Hodge.

Engagement Announced by Parents

Miss Norma Jean Beagle

Mr. and Mrs. A. J. Beagle, 917 N. Gray, announce the engagement and approaching marriage of their daughter, Norma Jean, to John Wesley Agee, son of Mr. and Mrs. Y. E. Agee, 431 Leonard, Liberty, Mo.

The wedding will take place on Wednesday, June 11, at the First Presbyterian Church with Dr. Douglas Nelson reading the marriage service.

Pampa Represented
At Youth Meeting

Approximately 300 young people, including four representatives from the Pampa Methodist Churches, are attending the annual Methodist Conference for Young People at McMurry College in Abilene this week.

Local representatives are: From First Methodist, Donna Sue Sackett and Joyce Harrah; McCullough,

Jean Ward; and Harrah, Glenda Hogsett. They were accompanied to Abilene by Mrs. Z. H. Mundy who will remain there and bring them home Saturday.

The theme for the five-day meeting for young people of the Northwest Texas Conference is "We Test Our Lives by Thine." Included in the sessions are instruction courses, worship services, and practical training in religion and recreation.

Ibadan, a city of 318,000, is the largest in equatorial Africa.

Betty Jean Walls
New President of
Theta Rho Girls

New officers were elected by the Theta Rho Girls Club Tuesday evening when they held their regular weekly meeting in the Odd Fellow Hall. They included Betty Jean Walls, president; Billy Jeanne Hollis, vice president; Betty Cramb, treasurer; and Paula Faye Franklin, district deputy president and lodge deputy. Paula Faye was also elected delegate to the Theta Rho State Assembly in Mineral Wells June 14-15 with Colleen Voyles, junior past president, as alternate.

The members practiced their team work for the state assembly and discussed plans for the play which the club is sponsoring Saturday night at 8 o'clock in Odd Fellow Hall. The play, "Going Modern," will be put on by players from Clarendon. There will also be a short skit by local talent, the Wylie Players.

Between acts Jasper Sergeant, local magician, will present his bag of tricks. Included on the program will be special music by the Theta Rho Girls' Trio composed of Paula Faye Franklin, LaRita Jean Marsell and Ruth Marie Casika, and novelty tap numbers by the Killian sisters.

Twenty-three members attended the meeting.

TWO-TONED GARNISH

To make a very pretty garnish, thin cottage cheese slightly with cream and heap it into little mounds around the meat platter. Make an indentation in the center of each mound with the handle of a wooden spoon and fill with apricot preserves. This tastes good with veal, ham or cold cuts.

Glass is made from sand mixed with soda and lime.

Rebekahs Will Hold
Election of Officers
In IOOF Hall Tonight

The annual election of officers will be held by members of the local Rebekah Lodge at their regular weekly meeting this evening at 8 o'clock in Odd Fellow Hall on West Brown. All members are urged to be in attendance and on time.

Worthwhile HD Club
Helps Higgins Family

At a special called meeting of the Worthwhile Home Demonstration Club last Friday in the home of Mrs. A. French boxes of household articles were packed for a needy family in Higgins which the club has "adopted."

Mrs. French presided over the business meeting at which it was announced that the next meeting would be held with Mrs. W. H. Lewis, 723 E. Malone, tomorrow afternoon at 2 o'clock for a canning demonstration and hints on etiquette. All members were asked to bring their six months reports.

On Sunday two carloads of the members took a trailer load of the household articles to Higgins and gave them to the family.

On the way home they stopped at a wayside park for a picnic supper.

Where Prices Are Always Right

400 Million Dollars
for telephone growth in the
Southwest...

We'll spend an estimated 400 million dollars to carry out the five-year telephone construction and improvement program in the Southwest.

A year ago it seemed that we could do the job for 250 million dollars.

But today the job is bigger, largely because of the continuing heavy demand for telephones, and costs have gone up for both materials and labor.

There are about 235,000 people waiting for service in the 700 towns we serve in Missouri, Arkansas, Kansas, Oklahoma, Texas, and a part of Illinois. Applications are still coming in, at a rate of about 50,000 a month.

We have outgrown the expansion plans we made a year ago, even before new equipment we ordered could all be delivered.

That means new and bigger plans to enlarge telephone exchanges. They include: more sections of switchboard . . . more cable and copper wire, more conduit . . . more poles,

more trucks, more tools . . . more new buildings and additions.

We need more and then still more of most of the thousands of things used to give telephone service. They take time to make and they must fit in with present equipment.

We'll have the trained men ready to install the new equipment as it arrives, construction crews ready to string wire and place cable, splicers to connect tens of thousands of wires, installers to put in telephones.

It's the largest construction program the telephone company has ever undertaken, and it's marked RUSH.

We want to catch up with the demand for service and then get ahead faster with the program to provide the most adequate and modern telephone service ever known.

Answers to Previous Puzzle

Heads Local Group Leaving Tonight for State BPW Meeting

Mrs. Mildred B. Lafferty, above, president of the local business and professional women's club, will head the local delegation leaving tonight for the three-day state federation convention opening in San Antonio tomorrow morning. Sessions will be presided over by Mrs. Edna Gaston Hoffman, Houston, state president, with headquarters in the Plaza Hotel. Others planning to attend from Pampa are Mesdames Roy Chisum, Frank Lard, H. M. Cone, and Emmet Gee; and Mesdames Muriel Kitchens, Florence Merriman, Clara Lee Shevaker, and Maggie Hollis. Mrs. Cone and Miss Merriman will leave San Antonio Sunday aft-

Scouts' Day Camp Closes at Shamrock

SHAMROCK—(Special)—The Girl Scouts and Brownies closed their Day Camp at the City Park Friday night with a bonfire and group singing, with 58 girls attending. The local Girl Scout Council members expressed deep appreciation to the people of the community for their help in making the Day Camp a success. New troops will be organized in September and all girls interested in becoming Scouts or Brownies are requested to contact Mrs. Winifred Lewis. Mrs. Ida Mae McClure, area supervisor of Children, will continue to be in Shamrock twice each month to give instruction to anyone wishing to help with Girl Scout work.

Men's Service Club Ends Current Year

MIAMI—(Special)—At the regular meeting of the Men's Service Club held Tuesday evening in Fellowship Hall of the Methodist Church, Judge Lewis M. Goodrich, Shamrock, was guest speaker. There were 29 members present and three guests, John Foglesong, a recent student at Texas Christian University; Frank Crain, student at Texas A. and M., and Mr. Saxe of Pampa. There will be no other meetings of the club until September. Rev. C. A. Holcomb, Jr., gave the invocation. The subject of the speaker was "The American Home."

The Social Calendar

THURSDAY
6:00 City Ensemble will meet at the First Baptist Church.
7:30 Pampa Hoop Club will hold important business meeting followed by practice drill ending at Kofee Grounds.
8:00 Regular meeting of Rebekah Lodge in 1907 Hall. Annual election of officers.
FRIDAY
2:00 Worthwhile Home Demonstration Club will meet with Mrs. W. H. Lewis, 723 E. Malone. All members asked to bring six months reports.
2:30 Vesper Club will meet with Mrs. J. J. Flaherty, 438 S. Hobart.
8:00 Regular meeting of Local Chapter No. 65, Order of Eastern Star, at Masonic Hall in White Deer.
SATURDAY
8:00 Theta Ibo Girls Club sponsoring a play "Going Modern" by Clarendon players in 1007 Hall. Local talent also on program.
1:00 Barbecue and spring festival at Holy Souls School. Games for young and old.
2:30 Judge and Mrs. W. R. Ewing "at home", 423 N. Somerville, on their golden wedding anniversary.
3:00 Pampa Hoop Club will hold a play "Going Modern" by Clarendon players in 1007 Hall. Local talent also on program.

Mrs. Hood Candidate For State Delegate

PANHANDLE—(Special)—Mrs. Ray Anderson was in charge of the business meeting of the Panhandle Home Demonstration Club when it met in the home of Mrs. Wayne Driskill on Tuesday for a business and social meeting. Mrs. C. F. Hood was selected as a candidate for delegate to the state meeting of the Texas Home Demonstration Association to be held in Galveston in August. The selection of the delegates will be at the June meeting of the Council. Tentative plans were made for the birthday celebration of the club in July. The remainder of the afternoon was spent in embroidering quilt blocks for the hostess. Refreshments were served to two guests, Mrs. J. W. Driskill and Miss Neta Merle Ket hum, and member, Mesdames Harold Eakes, O. York, O. R. Meaker, C. F. Hood, Ray Anderson, Oliver Russell and Herbert Sullivan. The next meeting will be in the home of Mrs. O. York, with Mrs. Fred Crist as hostess.

Rotarians Discuss Memorial Foundation

Members of the Pampa Rotary yesterday held a panel discussion on the Paul Harris Memorial Foundation, now being raised by the Rotary International, during their noon meeting held in the Palm Room, City Hall. W. I. Gilbert was in charge of the discussion. Virgil Mott introduced a new song to the club entitled "Sing Song" to the tune of "My Hero" from the "Chocolate Soldier". Mott called all new Rotarians to the front and made them sing "Zip A Dee Doo Day" and later called M. K. Brown up to sing "The Bells of St. Mary's". Brown promptly enlisted the whole club to help him sing his solo. It was announced that Ray Evans, president elect of the Pampa Rotary and Grover Heard, both delegates, will leave for San Francisco today to attend the International Rotary convention there. DeLea Wears, another delegate will leave for the coast Sunday by air. Irvin Cole, president of Rotary, had charge of the meeting.

Fire Damages Carl Hall's Residence

A fire started at the residence of Carl Hall, 215 N. Banks, yesterday afternoon, when gas escaping from the gas heater Hall was moving, ignited from the pilot light from the water heater nearby. Damage was estimated to be \$200.

Pattern No. 8030, is designed for sizes 11, 12, 13, 14, 16, and 18. Size 12, blouse, 1 1/2 yards of 35 or 39-inch; skirt, 1 1/2 yards.
For this pattern, send 25 cents. In COINS, your name, address, size desired, and the PATTERN NUMBER to Sue Burnett Pampa News, 1150 Ave. Americas, New York 19, N.Y.
The Spring issue of PAPERON will delight you with its wealth of sewing suggestions for every home dress-maker. Special fashions by top-notch designers, personality charts, free printed pattern in the book, 25 cents.

Pampan Is Graduate From Naval Academy

Midshipman Jack Thomas Baker, son of Mr. and Mrs. Walter A. Baker, 906 North Gray, was among the graduates of the 1947 Class of midshipmen at the United States Naval Academy at Annapolis, Monday. Baker attended Pampa High School, Texas A & M College, and the Naval Academy Preparatory School at Bainbridge, Maryland, prior to his entrance at Annapolis. He had served as an enlisted man in the Naval Reserve and was aboard the USS Schuykill in Pacific Waters when he was recalled to attend Naval Prep School, from which he received an appointment by the Secretary of the Navy to the Academy. In the brigade organization he held the rank of Midshipman First Petty Officer in the first group and Midshipman Lieutenant (company commander) in the second and final groups.

RADIUM SOURCES

Radium, because of its value in cancer treatment, is of far greater worth than its commercial price of \$50,000 a gram. The two main sources of supply are the Belgian Condo, in Africa, and Great Bear Lake, Canada, which are separated by 10,000 miles and a temperature range of 200 degrees.

Dress Up Your Beauty under the Sun

Hearing Reset in University Case AUSTIN—(AP)—Oral arguments in Dr. Everett H. Givens' case for establishment of a Negro branch university to the University of Texas in Austin were reset for Oct. 8 in the third Court of Civil Appeals today. Since Givens was denied his mandamus in the 53rd District Court of Travis County, a second Negro education suit has returned to the Court of Civil Appeals. Heman Marion Sweet, Houston Negro, was denied entrance to the University of Texas for the second time in the 128th District Court. Hearings of the Sweet case has not been set. Givens seeks establishment of a Negro branch as provided in the constitution and located in Austin by the voters some 50 years ago, the branch to share in the university's \$70,000,000 permanent fund income.

CANT COVER RANGE The human voice is limited to a range of about three and one-half octaves, but the average individual can cover less than one-half of the range. Use refreshing, tender asparagus in a cold salad. Point up the flavor with a tart French dressing and a sprinkling of hard cooked eggs.

CHINESE COLLEGES China had 108 colleges before the outbreak of its war with the Japans, which destroyed more than half of these seats of learning.

Deputies Recover Stolen Automobile

Gray County deputy sheriffs last night recovered the 1933 Pontiac stolen several days ago from M. E. Lamb, White Deer.

The car was discovered by an oil worker and reported to the sheriff's department yesterday. When found it contained a trombone and a lady's handbag with several papers, but no money.

Chief Deputy Sheriff Jeff Guthrie reported the car was not damaged, but the battery was down and one tire seemed to need air.

Sheriff's department officials today were contacting Mr. Lamb to notify him of the recovery. The car was recovered east of the Kiowa lease on a back road approximately one mile north of the Borger Highway. There were no arrests made, but the department was told two young boys and two other boys, believed to be teen-agers were seen leaving the car Sunday after it was pushed into the side road. The boys later headed toward the Borger Highway and toward Borger.

Man Being Held On Burglary Charge

Dick Broyles, Pampa, was apprehended late last night by Chief Deputy Sheriff Jeff Guthrie and Deputy Sheriff C. M. Tucker on a burglary warrant issued by the district attorney.

Broyles was held in the Gray County jail last night pending further investigation today by District Attorney Tom Braly.

Broyles has been charged with burglary.

Texas Today

By JACK RUTLEDGE Associated Press Staff

So many students are graduating this year that a shortage developed in sheepskin.

President H. W. Stilwell of Texas-Arkansas College said diplomas issued there were printed on high grade paper. It was, he said, the first time in the history of the school that diplomas were not on genuine sheepskin.

Inflation has hit the folding money field, Corpus Christi bank tellers decided when a \$10,000 bill showed up.

A bill that size is rare. It's the largest denomination issued by the government. It can be obtained only through a Federal Reserve Bank. If, for some strange reason, a person wants a \$10,000 bill he has to go to a lot of trouble.

Banks do not normally keep them on hand. They requisition them from a branch of the Federal Reserve.

L. B. Dunn, assistant cashier of the Corpus Christi National Bank, said he couldn't remember when he had received such a bill before.

Dunn said it was received as a deposit from a large firm.

And speaking of checks, Briscoe Wilder, manager of the Haltingen Retail Credit Bureau, said checks are bouncing more easily nowadays than they did during the war. He said the average man obviously has less ready cash these postwar days.

He said both the out-and-out hot check and the "warm" check, the one marked insufficient funds, are increasing in number.

Getting hot? The Texas Engineering Experiment Station, College Station, has a free bulletin on how to get maximum effect from electric fans.

White shirts no longer are scarce, the Paris News found.

A reporter counted the white shirts worn by men sitting on counter stools getting their morning coffee. Every one was white.

From where I sit... by Joe Marsh

How to Go to Sleep

We were sitting around Bill Webster's parlor Friday evening and the talk turned to the best way of overcoming sleeplessness...like breathing real slow and deep, imagining that you weigh a ton, or simply throwing away the pillow.

The consensus favored counting sheep. But right away was the question: what kind of sheep? There were some votes for countrin' Merinos, Shropshires, Oxford and Dorsets, Ed Mapes said he had best luck counting crossbreeds.

Finally, Bert Childers spoke up with his formula: A light snack and a mellow glass of beer at bedtime. Sort of puts you into the mood for quiet thoughts and peace of mind. Lets you relax...and "ho hum," off to pleasant dreams!

From where I sit, there's nothing like a temperate glass of beer to smooth away the creases of the day, relax a body, and pave the way for a good night's sleep. Try it, and see if I'm not right.

Joe Marsh

young look for over-thirty skin with estrogenic hormone cream by helena rubinstein

Over thirty? This is the cream that Helena Rubinstein blends specifically, and superbly, for you. It contains an active, natural hormone ingredient which the skin absorbs. It's the equivalent of a substance rich in young skin, but decreasing with the years. Use it faithfully each night for a month. You'll be more than ready for your second jar when you see the rewarding, younger look you've earned!

ESTROGENIC HORMONE CREAM, 30-night supply 3.50

ESTROGENIC HORMONE OIL (so rapidly absorbed you can use it on face and throat by day and night for an "invisible" treatment) 5.00 plus tax

The Tollivers

By MATEL HOWE FARNHAM
Illustrated by SEA SERVICE, INC.

"THEY SAID I was off in boarding school when I went into a ditch of excitement over the funeral of young Herbert Tolliver, an elaborate obsequy staged by his mother and sister and now known as the Tolliver girls' debut into Chicago society. Up to that time, I had never heard of Herbert or any of the Tollivers who were to become our town's most famous family. Father wrote they were penniless newcomers who had rented the big Carstairs house next door to ours on the \$2000 insurance young Herbert had left. The two youngest girls—Flora and Annabelle—were beautiful and openly making a play for the two well-to-do and successful bachelors Sam and Nelson Forbes. When I came home for summer vacation, the Tollivers gave me a 'surprise party.' During the evening, Flora disappeared for a while with young Bob Finestra.

VI
As we walked home Father asked me if I had had a good time. "A wonderful time," I said truthfully. "It was a beautiful party. But I feel awfully indebted to the Tollivers. I'll have to do something for them."

"You might give a party in their honor. People haven't been very nice to them, and it makes me hot under the collar. They're nice people, even if a little flamboyant. If we back them up publicly, everyone will fall in line."

I was more than a little annoyed that Father had suggested the party without waiting for me to do so, but I agreed that was an excellent idea. I said that it was impossible not to like the Tolliver girls, especially Flora and Annabelle. They were so pretty and worked so hard. I added that I didn't like the way they threw themselves at the heads of Cousin Sam and Mr. Nelson, men old enough to be their fathers. I said it was undignified, that it made me a little sick.

"What else can they do, poor things?" said my father. "It's a choice between Sam and Nelson and their Uncle Lefe's grocery store. You, my dear daughter, are in a particularly fortunate position. You can afford to wait until the right man comes along or not to marry at all if you so prefer. The lovely Florabelle and Annabelle can't."

THE next morning Leah brought me a breakfast tray. She had barely gone downstairs when I heard giggles and greetings and

Weak, Watery Blood Blamed for Making Men and Women Look and Feel Older

THAN THEIR YEARS

How do you feel at the end of a day? Is that old-time aches and pains have you checked-up on your blood strength lately? Thousands now regain glowing good looks and vitality through the release of vibrant energy to every muscle, fibre, cell. Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, dizziness, no energy, a general run-down condition, lack of resistance to infection and disease. To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freedom and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

I never dreamed then, of course, of the consequences of that party or what it would do to both Flora and Annabelle.

(To Be Continued)

It is estimated that by 1950 there will be 22 million people in the U. S. over 65 years of age.

University Student Has Experts Checking Their Golf Selections

WICHITA FALLS, (AP)— Easygoing H. B. Dahlberg, who was the 1946 Southwest Conference golf champion but during the last school term barely made the University of Texas golf team as an alternate, set the experts to rechecking their selections after winning medalist honors in the Texas Golf Association tourney.

The bronzed-23-year-old San Antonio youth turned in a three under par 35-54-60 yesterday over the windswept country club course to lead the field of ninety players who sought one of the 32 places in the championship flight.

Defending champion Bobby Riegal, of Houston, who automatically qualified but elected to try for the medal, finished two strokes back with a 38-53-71. He tied with Palmer Lawrence of Arlington, a North Texas State College student, who shot a 35-36-71.

Tied at 73 were Billy Maxwell, Abilene, Guy Francis, Wichita Falls, and J. H. (Doc) Brinkley, Fort Worth, the runner-up last year.

Don Cherry, Wichita Falls, who with Riegal and Earl Stewart of Dallas, have been installed as favorites to take the crown this year, had a 36-38-74. Tied with him Jimmy Thomas, Dallas, and G. L. Mills, Guy Underwood and Gerald Lehman, all of Wichita Falls.

Stewart found the wind troublesome and finished with a 75. He had a 39 going out and a 36 coming in. Also turning in 75's were Rufus King, Jr., and Bob Watson, Wichita Falls.

The art of spinning was developed at least 3,500 years before Christ.

Pampa's Junior Oilers Chalk Up First Season Win

Behind the two hit pitching of Malcolm Fagan the Pampa Junior Oilers racked up their first win of the season as they collected five hits off of General-Atlas pitcher Jack Plummer and marched on to a 3-1 triumph. The game took place on the new diamond just north of Old Park, yesterday evening.

The Junior Oilers, who were hard hit by the absence of some of their heavier hitters, played good ball all the way as they scored in each of the first three innings, but failed to tally after the third. General Atlas' lone score came in the bottom half of the fifth when the Junior Oilers committed two of their three errors.

Junior Oiler pitcher Fagan, who is the regular third baseman, whitened five and walked four while the opposing Plummer fanned 10 and gave up six charity bases.

The Juniors will play their third practice game this evening when they meet a team comprised of players from several of the industrial clubs here in town. The game will be played at the field north of Old Park beginning at 5:30.

The youngsters are also scheduled to play another practice game Sunday evening when they meet the Amarillo Junior Team here at 2:30. They will then wind up their practice starts the following Sunday when they meet the Eedley Juniors here.

Junior Oilers—111 000 0 353
Gen-Atlas—000 010 0 124

AGES OF CONTINENTS
The continents of the earth vary in age. Asia is the oldest, Europe and Africa come next, North America is of middle age and South America is young.

Buffs Throw Off Batting Slump to Beat Oilers 11-0

By The Associated Press
The Houston Buffs had that combination of power at the plate and strong pitching which boosted them into first place as they defeated the Tulsa Oilers last night, 11-0. The Buffs snapped out of a bad batting slump by pounding out 17 hits. First baseman Johnny Hernandez and right fielder Vaughn Hazen led the attack, each getting three hits in five trips to the plate. One of Hernandez' hits was a home run.

Clarence Beers gave up five hits, allowing no two to fall in the same inning. The win was his eighth of the season and fourth shutout.

In other Texas League games Shreveport defeated Dallas, 5-3. Fort Worth downed Beaumont, 3-2, and San Antonio beat Oklahoma City, 8-3.

San Antonio, who had lost six of its last seven games, also came out of a batting slump. They got off to a good start with George Archie's home run with the bases loaded in the first inning and were never in danger. They collected 11 hits. Lefty Ralph Germano, though he gave up ten hits, went the distance for San Antonio and proved to be very effective in the pinch.

The Shreveport Sports made it a clean sweep over the Dallas Rebels. They grabbed the lead in the first inning with three singles and three bases on balls off Rufus Gentry for four runs and added another tally in the second.

Gene Costello struck out Fred Collins with the bases full for the final out to give Fort Worth its victory and a split with Beaumont in their series. Willard Ramsdell, who gave way to Costello in the ninth, gave up only four hits in pitching his seventh victory of the year. He held Beaumont scoreless for seven innings.

The line up changes tonight with Dallas playing at Beaumont, Fort Worth at Shreveport, Tulsa at San Antonio and Oklahoma City at Houston.

Recent Injuries Have Riddled Major Teams

Quarter-Finalists Will Tee Off Today

AUSTIN—(AP)— Quarter-finalists in the Texas Women's Public Links Golf Tourney tee off today with a three-time champion, the defending titlist, and the current medalist stroking the fairways.

Mrs. Guy Laroc, defending titlist from Terrell, faces Mrs. J. R. Bradford of Dallas. Yesterday Mrs. Laroc lasted out a 20-hole duel with last year's finalist, Mrs. L. B. Hosenick of Dallas, to win one up.

Mrs. Bradford defeated Mrs. Billy Stubbs of Seguin, 5 and 4.

Medalist Betsy Rawls of Austin tees off with Mrs. M. W. Morgan of Baytown. Yesterday Miss Rawls downed Mrs. William Holmes of Dallas, 6 and 5. Mrs. Holmes defeated Gertrude Birkman of Houston, 5 and 4.

Mrs. E. H. Wohlfahrt, Houston's triple-time titlist, meets Mrs. H. W. Tyson of Houston. Yesterday Mrs. Wohlfahrt defeated Mrs. H. F. Massey of Dallas, 7 and 6. Mrs. Tyson, the tourney's only lefthander, eliminated Mrs. J. H. Bruhner of San Antonio, one up.

Adamson Nine in State Semi-Finals

DALLAS—(AP)— Adamson's defending champion Leopards of Dallas clash with the Waco Tigers at 7:30 p.m. and Poly (Fort Worth) meets St. Thomas of Houston at 9:30 in the semi-finals of the Texas High School Baseball tournament.

The Leopards reached the semi-final round yesterday by taking out favored Hondo 10-2, exploding for all their runs in the sixth inning.

Waco Latted into the semi-finals by licking South Park of Beaumont 7-2.

Poly eliminated the Austin Maroons 8-4.

St. Thomas won its semi-final place by licking North Dallas 8-1.

Three Clubs Fighting For First Place Honors In Big State League

(By The Associated Press)
It's a money race between Wichita Falls, Greenville and Texarkana for the top spot in the breezy Big State League but from third place down the gap is wide.

Wichita Falls beat Austin 3-2 last night to cling to the No. 1 rung, helped along by Greenville's loss to Paris, Texarkana downed Sherman 16-12 to hold the most victories—32—but the Bears have lost 18—three more than Wichita Falls.

In the other game Gainesville's Owls had their winning streak snapped at four as they succumbed to the Waco Dons 7-4.

Sherman, in fourth place, is nine games behind third-place Texarkana but from there on down to the cellar the clubs are close together.

Rudby Briner stole home with the winning run as the Wichita Falls Spudders edged Austin, Briner went on a hitting rampage with four for four.

Paris' Red Pepper won their fifth straight game in licking Greenville with Paul Martin's homer in the sixth the deciding blow. It drove in three runs.

Texarkana and Sherman hooked up in an old-fashioned slugfest with the Lions pouncing 22 hits and Sherman 12, four of which were homers. Vallie Eaves won his eighth straight pitching victory although forced to the showers in the middle of the eighth inning.

SPARS POPULATED

One South Dakota county, 530 square miles in area, has a white population of only two and an Indian population of only 20.

The Red Sox already had pressed by the season-long loss of South-paw pitcher Mickey Harris, lost their first centerfielder, Don DiMaggio, who pulled a shoulder ligament.

The Chicago White Sox lost second baseman Cass Michaels for a time when he crashed with center fielder Thurman Tucker chasing a fly ball. The Cincinnati Reds also were minus the services of left fielder Augie Galan who pulled a leg muscle.

On the playing end, the Cubs, behind the four-hit pitching of Fordham Hank Borowy, handed the Giants their first shutout defeat of the season 6-0 and went into a first place tie with the New York ers.

The Dodgers, led by Peeewe Reese, who hit a grand slam home run, moved within four points of the deadlocked Cubs and Giants by whipping the Pirates, 9-4.

Detroit retained its two game lead in the American League by dividing a double header with the Yankees. After the Tigers had copped the opener 6-2, the Yankees unloosed their siege guns to take the nightcap 7-8.

Bobby Feller won his first game since May 5 when he pitched the Indians to a 6-2 victory over Washington.

The Boston Braves prevented the St. Louis Cardinals from leaving the National League cellar by defeating the Redskins 3-1.

Home runs by Ted Williams and Sam Mele, the latter with one on, gave the Boston Red Sox and Joe Dobson, a 5-2 victory over the Browns in St. Louis.

Ken Heintzelman pitched the Phillies to a 9-2 win over the Cincinnati Reds in Philadelphia.

The Philadelphia Athletics pounded across seven runs in the top of the 11th to whip the White Sox in Chicago 10-3.

(By The Associated Press)

Oilers Take 3rd Game From Clovis

CLOVIS—Pampa's Oilers jumped into a 3-run lead in the first of the fourth inning and the Clovis Pioneers could never catch up, losing the final of a three-game series here tonight 6 to 5.

A walk, followed by two singles, a passed ball, an intentional pass, and another single, started Pampa on the road to victory. They added single tallies on two two and three hits. Clovis counted two on a single. A base on balls and a double, added two more on a double. A single and an error, and looked like they were on the road to tying the game if not winning it, when they came up with three hits in the ninth. However, a snappy double-play put out the fire.

Ronnie Gifford, the ftest of three new fielders promised the Pioneers by "Buz" Wetzel, chief scout of the Cleveland Indians, arrived today and cheered the entire club by his performance at short.

NOT JUDGED BY WEALTH
A person's rank and prestige were judged, not by wealth, but by the number of attractively-bound books he possessed, during the 16th century in Italy.

Tri-Cornered Pennant Chase in Lone Star

(By The Associated Press)
The pennant chase was a three-cornered fight today between Jacksonville, Longview and Lufkin. Longview was only a half game back of the league leader Jacksonville Jax after taking their second straight from the Jax last night 4-1. Behind the air-light hurling of rookie Martin Rushing.

Lufkin bunched its hits in the last two innings to take an errorless game from Henderson, 5-1, to move within a game and a half of the leaders.

Marshall bowled over Tyler, 11-8, on an error and a wild pitch in the eleventh inning.

Bryan, who called on two local volunteers to replace her injured catchers, bowled before Kilgore, 9-5.

Jaycees Shave Win Over Atlas 12 to 11
 The Jaycees took a close 12-11 decision from the Atlas Tank Company club in an Industrial Softball League game last night at Skellytown.

In another game at Phillips the Farr Food club defeated the Texas Elf Carbon Company team 19-4.
 Although the Jaycees' pitcher Gather only allowed five hits, Atlas took full advantage of five Jaycees bobbles to score their eleven runs.
 The Jaycees collected eleven hits off Atlas' Bruce and enjoyed three errors for twelve markers.
 Jaycees 300 314 1 12 11 5
 Atlas 120 222 2 11 5 3

OUR BOARDING HOUSE... with... MAJOR HOOPLE

Sports Round-Up
 By HUGH FULLERTON, JR.
NEW YORK—(AP)—Interesting if true item: A story from the South is that the "Angel" of one of the big football colleges disagreed with the coach and switched his backing to little Mississippi Southern. We'll see if any high-powered athletes turn up there... Marcus Freiburger, the six-foot, nine-inch schoolboy basketball player from Gainesville, Tex., who was sought by almost everyone, finally settled on Southern Methodist U. and its new coach, Doc Hayes. Freiburger isn't just tall; he can move and he scored 46 points in one game.

MONOTONOUS, EH?
 In Bristol, N. H., 15-year-old Billie Marston pitches for the high school baseball team and his twin brother, Charlie, does the catching... in his first five games this season, Billie turned in a four-hit game, a two-hitter, two one-hitters and finally a no-hit feat. He lost the no-hitter by a 1-0 score, then pitched three shutouts within eight days.

ONE-MINUTE SPORTS PAGE
 When the sports editor of the Camp Lee, Va., paper found most of his staff was due for discharge, he consented to cover baseball only if the squad would provide a sports writer for other assignments. Second baseman Teunings took the job.

NEAR MISS
 When the Durham Bulls staged a 177-run inning against Leaksville in a recent Carolina League baseball game, first baseman Turkey Tyson of Durham came close to establishing a record... Tyson fanned on his first two trips to the plate when everybody else was hitting, but he finally got on base the third time to escape setting a futility mark.

Slogan-Painted Bus Urges Road Safety
NEW YORK—Copying an idea used to stimulate the sale of war bonds, a cleverly painted bus is the newest thing used to plug safety messages on the road, reports Bus Transportation.
 With "Always Be Careful" streaked across its side, the bus carries safety messages on all routes operated by the Belleville-St. Louis Coach Company.

PERFECT MODEL
BETHLEHEM, PA.—(AP)—George E. Curtis, registrar of Lehigh University, who keeps tabs on class-cutting by students, set a new attendance mark himself yesterday. He completed 20 years of service as secretary of faculty meetings without absence.

Leaves From a Correspondent's Life Note Book

By HAL BOYLE
MUSKOGEE, Okla.—(AP)—They pour concrete like martinis now in building dams.
 The old days of shovel mixing are gone, and to operate a modern concrete mixer it would be a good idea first to learn how to play a pipe organ. That's how complicated the control panel is.
 They are building a \$22,000,000 dam and powerhouse across the Grand (or Neosho) river 12 miles northeast or here near the site of old Fort Gibson, an historic outpost in pioneer days. The dam will take four years to build.
 Any housewife would get a kick out of inspecting the new gadget they've got to mix the 461,300 cubic yards of concrete needed to construct the dam, which will be 110 feet high and 2,850 feet long.
 It is electrically operated. It looks pretty much like a Rube Goldberg model of a cocktail shaker on a giant scale.
 It's a 70-foot high contraption costing about \$225,000.
 The materials used in making the concrete—sand, gravel and cobbles—of different sizes—were stored in eight bins down the road a bit which hold 400 tons. Beneath the bins runs a six-hundred-foot tunnel. A conveyor belt goes from the tunnel to the top of the mixer.
 By pressing a button an electric signal flashes to a man in the tunnel just what type of material is needed and it is dropped on to the moving rubber-covered conveyor belt. It travels to the top of the automatic mixer and is dumped into the proper vat.
 By manipulating buttons on the control board the operator can funnel down different type concretes into the four rotating concrete mixers below, each of which holds two cubic yards.
 "That's a four-ton highball in each mixer," said Oscar S. McCormick, Minneapolis contractor. Like any good highball it's properly cooled—125 pounds of shaved ice goes into the making of each cubic yard of concrete. The cement is fed into the mix from a tall silo standing beside the chief structure.
 The control panel also has a moving roll of paper like a player piano on which sixteen pens record the amount of each ingredient, the time, and the temperature. Each

Books Presented Panhandle Library
PANHANDLE—(Special)—Earl Vandale of Amarillo, noted Texas collector of Southwestern books, while he was in Panhandle, Monday, presented four valuable books to the Carson County Free Library.
 Books provided by Vandale were "Indian Depredations in Texas," by J. B. Wilbarger; "Western Words," by Ramon F. Adams; "Captain Lee Hall in Texas," by Dora Neill Raymond, and "This Is Texas," by Michael Scully.
 Very seldom does Vandale make a visit to the Panhandle without providing funds for several books as he regards the Carson County Library as one of the finest small libraries he has ever seen.

13 Percent Increase In Use of Fertilizer
WASHINGTON — Maurice H. Lockwood, president of the National Fertilizer Association, has made public the Association's annual report on fertilizer consumption which shows that approximately 14,800,000 tons were used in 1946, representing an increase of 1,700,000 tons or 13 percent above 1945, the previous all-time peak. Consumption last year was more than twice as large as the average annual consumption in 1935-1939, the period immediately preceding the outbreak of World War II.

COMMUNISTS LIKE IT
Have you noticed that Communists and their fellow-travelers loudly support every tax-spending proposal? They know of no way that will more surely destroy American freedom. No bankrupt country can be strong or free.—Farm Journal.

As I See It--
By SAM LEWIS VEITCH
WASHINGTON, D. C.—There appear signs in Washington that a majority of Congress might go along with a plan to have some sort of draw-down with Russia now, or along with her. Ex-President Hoover suggested to the House Appropriations Committee that we should begin to negotiate peace with Germany and Japan without the help of Russia if that's the way the Russians want it. He said that he saw a danger of "bleeding the United States white" with relief for former enemy nations, if we didn't come to peace terms and get some life into the "dead countries." He said that it appeared at times that Russia might deliberately prolonging the peace negotiations in order to weaken us.

And, an informal survey of Congressional reaction showed that a good many members agreed with Mr. Hoover. They are anxious to get some sort of idea as to how long this country may have to shoulder the responsibility of keeping former enemies alive, and they had asked Mr. Hoover to tell them what he thought about it. Hoover said that if satisfactory peace terms could be arrived at, he thought we could count on dropping out of our relief role in perhaps two or three years.

He explained that some sort of action must take place to keep the food supplies we do send overseas from falling into the black market, as great quantities of it are now and have been doing. Although he didn't make reference to it directly, he seemed to intimate that perhaps there was also a plan behind this state of affairs.

Another voice was raised for getting things settled with our Russian Allies. Senator Harry Byrd, of Virginia, said we should take the whole matter of Russian obstruction to the U. N. right now, have it out, and go ahead with or without the Soviets. In his plea, he was joined, publicly and privately, by many fellow legislators, who have grown more than a little tired of trying to deal with the Russian Bear, on his own terms. One member even went on the radio with the plea—"The only way to get along with Russia, is to learn to get along without her!"

While no immediate action is expected from this latest turn in our international relations, there does seem to be at least some agreement by all those making policy for us. It is said that a plan similar to Mr. Hoover's has been in the discussion stage privately around the State Department. Secretary Marshall has made no statement so far, and, of course, won't until it is definitely decided to go ahead on those terms. But, don't be too surprised if you see more about it soon.

A couple of weeks ago a number of Communists (World War II veterans) organized and marched on to Washington with the hope of receiving recognition. Their plan was to call on their respective senators hoping to have some legislation put through in their favor. The whole thing bogged down terribly—and rightfully so. For example, one group called on their senator and he "told them off" on uncertain terms. He really pinned their ears back for them, telling them such affronts he had never seen the like of.

From that point on, this particular senator wouldn't even hear any further argument from them. In fact, this week the whole thing seems to have boomeranged, as the House Veterans Affairs Committee, behind closed doors, moved to stop all GI subsistence payments to vets who are members of any organization advocating the overthrow of the government. They were not called Communists outright, but the effect is the same.

COST OF GOVERNMENT KEEPS PRICES HIGH
On the subject of high prices, observers here are confident that the government will be able to do just as much about them as about the other universal topic, the weather. Farm Journal's Washington Bureau reports:

"That some prices of goods could be cut a little is probably true. But when it is considered that it is taxes, or the cost of government, which is at the bottom of all price advances, it is obvious that reductions can come about only by a "recession," and then only for a few months.

"That recession, incidentally, is now due. After World War I it started in May 1920, 18 months after the Armistice. It is now 20 months since V-J Day. If something is going to happen, it's due any day now.

"Communists have penetrated every field of activity in this country.—FBI Director J. Edgar Hoover.

APPLE GROWERS WIN OVER CODLING MOTH
For 60 years apple growers have battled the codling moth; but now—thanks to DDT—the end may be in sight, says Farm Journal.

Last year growers in the state of Washington controlled the moth better with three or four sprayings of DDT than they formerly had been able to do with nine or ten sprays of lead arsenate.

Continued use of DDT, growers believe, will eliminate the codling moth to the extent that only one DDT spray a year will do the trick.

Visions of savings in labor and cost in the future are clouded by only one fact: use of DDT does not kill red mites nor woolly aphids. In fact these two pests seem to multiply when DDT is used.

INDUSTRY INCREASES FARM PRODUCTS USED
An amazing amount of research on new uses for farm products is being done by private industry's laboratories. Most of the important industrial leaders have become convinced that it is good business for them to buy from farmers as well as to sell to them. Aside from that, they are coming to realize that every agricultural product is a reservoir of chemical raw materials. Research may discover something new for them to make.—Farm Journal.

Powerful tiny motors are being installed in some of the new huge planes to help pilots move the controls more easily.

SEARS GILTS
Eight choice registered Chester White gilts were distributed at Groom last week. The following 1946 winners brought the gilts back according to the Sears Plan for payment of the gilt they received last spring: Gene Steed, Aubrey Russell, Geo. Collis, Jimmy Osborne, Jean Quirk, Ralph Detten, M. L. Rowan, and Geo. Britten.

The 1947 winners that received gilts were: John Quirk, Jerry McCoy, Vic Ashmead, Dick Gripp, Walter Martin, Franklin Bussey, Kalos Rhoades, Raymond Detten. They will feed gilts this summer, exhibit them this fall and breed them to the boar furnished by Sears Foundation and being fed by Fabian Halduk.

The Groom Lions Club was host to the 4-H boys and dads for its annual luncheon. Fabian Halduk reported \$200 profit from a litter of eight market hogs fed from a Sears gilt. Aubrey Russell was declared champion raiser for 1946. His Sears gilt raised 11 pigs, and he estimates a profit of \$135.00.

LIVESTOCK CLINIC
Dr. E. A. Grist and Mr. A. L. Smith from A. & M. College Extension Staff presided during the vaccination of Sears pigs for hog cholera. The new B. T. V. Serum, which immunizes pigs from cholera, but will not expose other hogs to the virus was explained. Many questions of interest were asked, and a method demonstrated in pig castration was given by Dr. Grist. Rudolph Tucker gave a cattle spraying demonstration at the J. M. Britten farm. He used D.D.T. for lice and horn fly control. Mr. Tucker also demonstrated the use of 2-4-D spraying for bindweed control.

S.C.S. ELECTION RESULTS
Mr. A. L. Liles, State Soil Conservation Board executive announced that 99 Carson County landowners voted in favor of forming the Carson County Soil Conservation District. Two landowners voted against the forming of the district.

FROZEN FOOD CLINIC
Mr. Roy Snyder, meat specialist of A. & M. College will hold an all day demonstration on meat preparation at the White Deer School Cafeteria Tuesday, June 10, 1947.

CLUB AFFILIATED
LUBBOCK—The Dairy Club of Texas Technological College has received a certificate of branch affiliation with the American Dairy Science Association, national organization whose membership includes outstanding men in the dairy field. The Tech Dairy Club was organized in 1931 and now has 32 active members.

Buildings at Pantex Available for Storing Current Wheat Crop
The Appraisal Division of the War Assets Administration has completed their appraisal of the buildings of the Pantex Ordnance Plant and as soon as the necessary arrangements have been made for leasing the buildings, preferably to a cooperative of some kind, the WAA will expedite the matter as soon as possible stated a letter to Ben B. Baxter, manager of the Amarillo Chamber of Commerce from C. A. Nail, of WAA, Dallas office.

The letter stated that an established rental will be two-thirds of a cent per square foot per month on an annual basis, or one percent square foot per month where rentals are on a month-to-month basis for a period less than a year.

Baxter suggests that anyone interested in securing one or more of these buildings, contact the War Assets Administration in Dallas.

Farm Tenancy Is Lowest in 50 Years
Farm tenancy is at its lowest ebb in over half a century, according to Francis A. Kuitish, of Iowa State College in an article in the June issue of Capper's Farmer.

"Less than a third of the nation's farms are rented now," Kuitish declares. "This compares with a high of 42 percent in the 1930's."

Tenancy has dropped in all regions of the United States. However, over half of the nation's total decrease has been in the South. North of the Mason-Dixon line, the sharp drop has come in the western Corn Belt. This area accounted for more than half of the North's total decrease.

Kuitish points out that farm real estate taxes have been rising the last few years and are likely to continue to do so.

Such taxes, he says, offer an outstanding case of "history repeating itself." Taxes may prove to be one of the "sticky" costs which do not come down in the postwar period.

"Taxes rose sharply from 1914 to 1920. Most prices slumped in 1921. Taxes didn't; they kept working higher until 1928.

"During the thirties taxes tumbled; then didn't change much until 1942," he writes. "Then they began to go up again."

"Rising land values now permit higher valuations for tax purposes. Local governments are finding their regular costs soaring. And, as after World War I, they may soon start high-cost building and improvement programs."

FARMERS NOT CARRYING ENOUGH FIRE INSURANCE
How much insurance are you carrying on buildings? Think it's enough?

In Michigan, farm management specialist N. L. Smith is advising farmers to check up and see whether their policies are ample. He says a Michigan survey shows most farmers have increased their insurance on buildings since 1939, but that building costs have gone up twice as much as the added insurance. This means that in case of fire and necessary replacement, the farmer would have to carry most of the loss himself.—Farm Journal.

FARM LOANS
Let us refinance your farm indebtedness with a 4% Land Bank loan. 10 to 34 1/2 years. Privilege of paying off at any time without penalty. \$74 per year payment will fully retire a \$1,000 loan in 20 years, interest and principal.

WALL STREET

NEW YORK, June 4—(AP)—Assorted stock market favorites extended their recovery today but the question of whether the President would sign the tax bill touched off enough late selling to put many pivots in the minus column.

Advances of fractions to 2 or more points were widely distributed in a fairly active midday upswing. The flurry was short-lived and prices soon began to waver. Offerings appeared in the final hour and a number of early gains or losses were transformed into losses. Irregularly lower tendencies ruled at the close. Transfers for the full stretch ran to around 750,000 shares.

HOW BUSINESS BECOMES BIG

A. W. Robertson, chairman of the board of Westinghouse Electric Corporation, has an article in the American Magazine under the refreshing title, "Big Business Is Good Business." Here are some of his observations. "Now that the war is over the open season on big business has begun again. It is natural that people should attack big business. Because it is successful, it provokes envy. Because it is powerful, it engenders fear. And yet I submit to you that no attacks on any institution were ever less justified. Big business is big for just one reason: because it deserves to be."

"In this day and age there's just one way a business can grow big, by giving the public what it wants at fair prices. When a business stops serving the public, it soon ceases to be big, and some small competitor grows large to take its place."

"Even the people who wail most loudly against big business instinctively know this. I'm acquainted with a state senator who devotes much of his time introducing bills to tax chains out of existence. His wife does all her marketing at a chain grocery."

Practically every big enterprise in America was small and struggling at one time. The great manufacturing concern started as a machine shop—run by a man with energy and ambition. The great retailers began as a hole in the wall store—owned by a man with little money but big ideas. They produced and sold what the people wanted—and they gave the kind of service that attracts and keeps customers. That is the way and the only way that business becomes big and successful under the free enterprise system.

HENRY WALLACE... by Upton Close

Why all the publicity and all the political talk about Henry Wallace? Is he really that dangerous? When Wallace was thrown out of the cabinet a few months ago, lots of political prophets considered him a dead duck. As the highly-subsidized editor of the left-wing New Republic, the one-time vice president, they said, would shrink into the small unlighted niche which was his rightful place.

But Wallace went to Europe where he was not known and was taken seriously when he attempted to wave the white flag of surrender for George C. Marshall who was then in a dead fall with Molotov in the Moscow arena. That succeeded in embarrassing the administration which had thrown him out—and it put the Iowa farmer on page one of the world press.

The little man continued to make a big noise as he swung across the United States condemning Truman's "don't-give-anything-to-Russia" policy. A Gilmore Stadium in Los Angeles 27,000 paid to hear him and on a street corner in the University of California at Berkeley, where he had been refused a permit to speak on the campus, he drew 15,000.

Last week the story broke that President Truman had taken cognizance of Wallace in a scorching, name-calling letter. Personally, I think the little fellow with the forelock has run up a big pot with no more than a pair of deuces. What you may not understand about his popular turnout, if you don't live in a big metropolitan area with much foreign ideology floating about, is that there are just so many Soviet fanatics in these areas and they turn out to the last shining dime in support of their guest speaker.

A newsman who covered the Wallace talk in Los Angeles said, "I could recognize the same milk costs and fat-free diamonds I saw at the Hollywood Bowl last fall when Senator Claude Pepper spoke there." Allowing for the difficult gymnastics of identifying 27,000 costs and diamonds, you still can see the reporter's point. I am sure. It's always the same crowd when the voice of Karl Marx speaks. And this brings up another point.

NATIONAL WHIRLIGIG

WASHINGTON
Ray Tucker
SUSPICION—Many prominent Democrats on and off Capitol Hill believe privately that Attorney General Tom Clark is doing political harm to President Truman by his persistent refusal to prosecute election "frauds committed in the latter's home county during the 1946, Slaughter-Axtell primary fight.

The A. G., whose contention that the federal government has no authority in the matter is contested by all good lawyers, gives the impression that he seeks to protect the Chief Executive and to cover up its long association with the Pendergrast machine, which perpetrated the offense.

Despite the fact that the Pendergrasts gave Mr. Truman his political start, nobody thinks for a moment that he would condone such crooked policies as was played on behalf of his favorite, Mr. Axtell, in last fall's attempted "purge."

Yet that is the suspicion which the Cabinet member's attitude tends to stimulate.

INVESTIGATION—Mr. Clark has refused to act in spite of the fact that the Kansas City Star's investigation disclosed prima facie evidence of fraudulent voting in the 1946 primary. The Star's evidence could not have been disregarded as only a newspaper crusade, because a similar inquiry by the Star after the 1936 primary resulted in the federal prosecution and jailing of 265 election officials.

Now the grand jury has confirmed the Star's findings to the extent of declaring that had it not been for the crooked electioneering, Mr. Slaughter would have been nominated over Mr. Axtell.

In order to jar the Attorney General from his seeming complacency, Senator James P. Kemm, Missouri Republican, has introduced a resolution for a Senate investigation into A. G.'s failure to bestir himself.

STRATEGY—It will undoubtedly be reported out by the Senate Judiciary Committee, and favorable Senate action is expected. The G. O. P.'s plan is to draw out the investigation, and report their findings early in the presidential year of 1948, when it will do the most political damage to the Administration.

It is probable that the investigator will try to exhumate the whole sorry story of the Pendergrast political household in an attempt to embarrass its most distinguished protege, Harry S. Truman. Prompt action by Mr. Clark now, in the opinion of Democratic politicians, could forestall that strategy.

FILL-IN—President Truman will leave himself open to partisan criticism at least, if he does not light a prosecutorial fire under Tom Clark's Cabinet chair. For Mr. Truman got many a fill-in or the threatening situation when he visited Kansas City for several weeks during his mother's recent illness. He was urged by many friends to intervene in a big way in order to disassociate himself from the disreputable Kansas City machine.

Recalling that Albert Revere, the Republican nominee, defeated the victorious Axtell in last fall's primary—largely because of the adverse reaction to Pendergrast practices, they have warned Mr. Truman that he may not carry their state of Missouri, unless he takes a strong stand against the political crooks.

ISSUE—The fact that Mr. Truman's earlier connection with Pendergrast crookedness will hand the G. O. P. a real issue, unless he acts now. After the 1936 primary, United States District Attorney Maurice M. Milligan got busy, and sent 255 people to jail for election frauds. He did not take the Clark position that cheating at the polls was none of Uncle Sam's business.

When Mr. Milligan was up for reappointment, Mr. Truman, then a senator, opposed him bitterly, but without success. Mr. Milligan was a candidate for another term after Mr. Truman became vice-president. According to the inside story, Mr. Truman blocked the reappointment that time.

Moreover, as President, Mr. Truman restored the civil rights of more than forty Pendergrast politicians who had been convicted of aiding, abetting, or committing fraud in the 1936 primary.

That explains why many high Democrats think that Mr. Clark—also Mr. Truman—ought to wash open his mouth—and in the meantime do the laundering, and it won't make a pretty sight.

CREDIT—Taxpayers hungry for large-size cuts in the payments to Uncle Sam need not be disturbed by the Senate's adverse vote on the amendment providing for inauguration of the community property system throughout the nation.

Early in the 20th century, the principal Sicilian exports to the United States were sulphur, wine and Sicilians. American sulphur production slowed down the first; American wines reduced the second; and immigration laws almost halted the third.

Sno-White Washateria Begins New Pick-Up Service Around Pampa

The Sno-White Washateria, located on the Swimming Pool road has now added a pickup service to their already long list of labor savers for wash day. Charley Madeira, owner and operator of the Washateria, stated that the truck would pick up both wet wash and dry cleaning.

The laundry is located close to the swimming pool in a beautiful new building of concrete and glass brick construction. In fact, the building is so modern and beautiful that a lot of people find it hard to believe that it is a laundry. The Washateria is one of the most novel establishments of its kind in the country. It was planned with an eye to cutting down the toil and pains of an old fashioned wash day. The building has an overall floor space of 2,000 sq. ft. and is tastefully decorated, with the predominating color being blue. Blue, according to the experts, is the most restful of colors, therefore, it was chosen by Charley Madeira as part of his plan to cut down wash day aches and pains.

The Washateria is equipped with all new machinery including fourteen washing machines, a boiler, which is automatically controlled, and a new drier. The drier is a piece of equipment which Madeira is very proud. Your entire wash can be dried in forty-five minutes, and your towels and diapers are soft and fluffy, free of lint from being tumbled in hot air. Plenty of soft hot water is available from opening to closing time. Another novel feature of the laundry is the large comfortably furnished lounge. The lounge is cross-ventilated and with the large comfortable chairs, it is an ideal place to relax, while your wash is

in the machines. Charley Madeira and his Washateria were given a write-up a while back in a widely read farmers magazine. One of the ideas brought out in the story was the fact that wash day for the farm folk could be made into a holiday. The idea behind it was that three or four families could get together, bring their wash to the Sno-White Washateria, and really enjoy the day. There is an enclosed play pen for the smaller children, where you can just turn them loose and let them play while at the laundry. The laundry's proximity to the swimming pool makes it nice for the older children too. They can spend the hour or two that your washing takes, swimming and still be close at hand. And the ladies, after they place their wash in the machines, can sit down in the lounge, enjoy a cold drink, read a magazine, or just visit, until the washing is done. As you can see, that would be a much nicer way to do your washing than the old way. You could look forward to wash day, instead of dreading it.

As far as the laundry itself goes, you will have to look long and far before you will find another as nice and complete as the Sno-White Washateria. They have all kinds of washing supplies, including soap, washing powder, blueing, starch, etc., at an economical price. The new drier, which has been mentioned before, will dry most clothes in thirty minutes, however, blankets, rugs and heavy work clothes will take about forty-five minutes. Your whole wash only takes approximately two hours to complete. No hang up, no mess to clean up, no water to empty. All this is taken care of by the staff of the laundry.

Mr. Madeira has succeeded in making his Washateria something out of the ordinary, and is rightly very proud of it. The owner has always boasted, Pampa, and has lived here for nineteen years. In fact, he graduated from the local high school. So, for no other reason than just curiosity, you should drive out on the Swimming Pool road and see the new beautiful Sno-White Washateria. It is one of Pampa's most progressive business. Telephone number is 2580, and the machine and laundry rates are very reasonable.

Now that things have eased up a bit, let's get those plumbing fixtures and do the job right. Of course, in such case, get in touch with the PAMPA SUPPLY CO., located at 218 North Cuyler St. H. D. Keys and Neill Garrett, owners, would also take care of your needs if you are remodeling the home of the business.

Skinner's Garage Opens New Parts Department

The Skinner Garage of 703 West Foster, has recently completed moving its parts department into a separate building, at 711 West Foster, and has enlarged its supply of parts.

The new parts department offers to the public, one of the most complete lines of parts in this section of the country. Just to illustrate the complete range of parts the new department carries, it handles a complete line of batteries and generators on the exchange plan, a large stock of tires and tube exchange parts for all makes of cars, new and rebuilt motors, and new and used parts.

Skinner's Garage is equipped with the most modern equipment available and is staffed by expert mechanics. Among the many features offered by the garage, are mechanical and radiator work of all kinds, expert paint jobs, and wrecks rebuilt. Radiator repair is a specialty of the garage and the staff of the garage believes that it would be hard to find a shop that is more perfectly adapted for this line of work.

Mr. L. F. Skinner, owner of the garage, has been in this type of business for fifteen years, and is a graduate of the University of Texas, Department of Industrial Education, in engine tune-up, and automotive electricity. Mr. Skinner, with his three employees, average fifteen years in the auto repair business, or a total of sixty years experience goes into each and every job that the Skinner Garage does. That in itself, is a pretty impressive record, and coupled with eight years of turning out expert work in Pampa, Mr. Skinner feels that he isn't out of line when he says if you want a good repair job, bring it to him. Another feature of the Skinner Garage, which has been of benefit to its customers, is that they make an effort to have in stock a large supply of hard to get items. Or if it isn't in stock, a supreme effort will be made to get it. This feature has been made a motto by the management, saying, "If it's hard to get, go to Skinner's."

So, when you look back over the years, at the long list of satisfied customers, and expert jobs, that are part of the Skinner story in Pampa, you can't very well go wrong by taking your car to Skinner for any type of repair that it may need. Or if you just need parts, most of the time Skinner will have them, if they're to be had. You are welcome at any time, if you need information or help of any kind, to call at the Skinner Garage, 703 West Foster, or the Skinner Parts Dept., 711 West Foster. You will receive prompt and efficient service, and added in any way by Mr. Skinner, or any member of his staff.

The 1947 labor force in the United States has been estimated at more than 58,000,000 people.

LUNSFORD BIT'S BOILER-WELDER REPAIR TRUCK

Shown above is one of the Lunford Bit and Machine Company's boiler welder repair trucks, which is completely outfitted with a welding machine, air compressor, grinders and many different kinds of tools. The staff of the Lunford Company, reading from left to right, are: Cecil Lunsford, L. G. Lunsford, D. L. "Dewey" Lunsford, G. L. "Nat" Lunsford, Gene Lunsford, E. W. Peoples, Bill Tucker and C. F. Clausen. The firm's bookkeeper, Mrs. Cecil Lunsford, does not appear in the picture.

Lunsford Bit and Machine Company Features Repair Truck, Rotary Bits

The Lunsford Bit and Machine Company of 844 South Cuyler, is one of the most unique organizations in this part of the country. In that it is operated by four Lunsford brothers, with a combined experience of over one hundred years in this type of business, Cecil Lunsford has owned the company since 1929, and his brothers are in charge of the various departments. L. G. Lunsford is in charge of the machine work, "Dewey" is in charge of boiler making and welding, and also shop foreman, while C. L. Lunsford specializes in hard facing and welding. Mrs. Cecil Lunsford works as bookkeeper of the firm, and Cecil's son, Gene, who is a student at Oklahoma University, works at the shop during summer vacations. So, you can see that this firm is mostly a family affair, which may account for the friendly, courteous service, which customers always receive at the Lunsford Bit and Machine Co.

The repair truck, which is pictured above, is one of the fleet of repair trucks, which is operated by the company, and is one of the best, if not the best truck of this type in the country. The General Motors truck has all the latest equipment that is necessary to boil-

City Electric Co. Will Check Wiring Free of Charge

One of the many features of the City Electric Co., which is located at 920 Alcock St., is that it maintains for its customers a wiring check free of charge. If you have been having any kind of trouble with the electrical wiring in your home or business, or if you just want the wiring checked for safety's sake, the City Electric makes

now at the Lunsford Bit Shop. The shop is also right on top when it comes to repairing oil field equipment. The Lunsfords are especially well qualified to handle work in this line, and will give the utmost attention and skill to all jobs. So, for quality workmanship in welding, boiler making or any other work in this line, remember that the Lunsford Bit and Machine Company is well qualified to do the job for you. Drop in at the shop, located at 844 South Cuyler, or call 1049, and you will receive prompt, efficient service.

In Hollywood

By ERSKINE JOHNSON
NEA Staff Correspondent
(Johnson on KFDN Monday
thru Friday, 2 p. m.)
HOLLYWOOD, (NEA)—It happens, Ginger Rogers said, with amazing regularity. She meets Fred Astaire at a party or in a restaurant, and they talk of making another musical together.
Mrs. Astaire says, "You're crazy if you don't."
"But nothing happens," Ginger told me. "I get a script to read once a month from every studio in town. But no one ever sends me a musical. I haven't seen a musical script for eight years. I'd love to do one, especially with Fred. Maybe we should be embarrassed because no one suggests it."
Well, I'm suggesting it. I think another Astaire-Rogers musical would make a fortune, especially in technicolor. Ginger and Fred made eight co-starring films to-

gether but none were in color. Ginger has won a reputation as a dramatic actress—an Oscar for "Kitty Foyle" in 1940—and as a comedienne for her work in "The Major and the Minor." Fred has gone on dancing with other partners. But none of them seemed to click as did the dance team of Fred and Ginger.

STUDIO REJECTS DANCES
She's making a movie now titled, "It Had to Be You," at Columbia. It's a cute story about a rich girl who runs out on three marriages just as she's supposed to say, "I do," because she senses there's something wrong.

Finally she dreams about a mysterious Indian (Cornel Wilde) who leads her to her dream man (also Cornel Wilde). It turns out that she has been in love with him ever since they were kids when dressed as an Indian, he kissed her at her 10th birthday party.

Ginger wanted to work some dances into the dream sequences. But the studio said no.

I wondered if it would be safe to mention "The Magnificent Doll" to Ginger. Ginger playing Dolly Madison, Hollywood agreed, was like casting Lana Turner as Sister Kenny.

"I don't care what Hollywood thought about it," Ginger said. "Lusting a little. I liked it. And my business manager just told me it's making money."

THE SCREEN'S PARENTS
William Powell and Irene Dunne, who star in "Life With Father" on the screen, have copies of "Life With Mother," still in the first draft stage. They're the logical candidates for the film roles. . . . Audrey Totter wants to play the role of a lady detective in a fall radio show written for her by Fred Heider. . . . Success of Groucho as a single in "Copacabana" has Chico Marx paging United Artists for a solo comedy for himself.

The King Brothers are still after Governor Robert Blue of Iowa to play a role in "Gun Crazy." . . . Hollywood love-goround: Mickey Rooney at the Chanteclair with Diana Garrett, who used to go with June Haver, who used to go with June Haver.

John Beal is mulling an offer to star in a musical version of the Scottish poet's life, "The Life of Robert Burns," on Broadway this fall. . . . No actress in Hollywood has been working as hard or as steadily as Susan Hayward. The redhead from Brooklyn is completing her fifth consecutive film without a vacation and goes right into her sixth, "Tap Roots."

BOOKS ACCOMPANY DEAD
In Yunnan province of China, superstitious natives direct that they be buried with their favorite books, to bring them luck and diversion en route to their celestial paradise.

In the early 19th century life insurance was limited by law to do little more than offer death benefits.
