

LARGE SCALE WARFARE GROWING IN EAST INDIES

Guard Commander Is Sought Here

A committee composed of a representative from the American Legion, the Veterans of Foreign Wars, the Disabled American Veterans, and the Chamber of Commerce had the task today of selecting the names of potential candidates for the commandship of a unit of the National Guard, now proposed for Pampa.

The formation of the committee was the result of a meeting of 25 Pampans at the City Hall yesterday with Col. Selden E. Simpson, Amarillo, commander of the National Guard in this area. Col. Simpson explained the peace-time operation of the Guard, as applicable to this community, and urged that all citizens study the need for such organization.

Testimony of Former Soviet Official Heard

WASHINGTON (AP)—Victor Kravchenko told Congress today that "every responsible representative of the Soviet government in the United States may be regarded as an economic or political spy."

Kravchenko, former official of the Soviet purchasing commission in New York, testified before the House Committee on Un-American Activities.

He said that a Mr. Sedov, who was deputy chairman of the purchasing commission, actually was superior to the Russian ambassador from the Communist party point of view.

Andrei Gromyko, now representing Russia in the United Nations, was ambassador at the time, Kravchenko said.

The one-time Russian army officer described Sedov as the "main personality representing the Central Committee of the Communist party in the United States."

He said no decisions could be made without Sedov's participation, adding that when secret conferences were held at the purchasing commission, Sedov interpreted to the general who was head of the agency.

Kravchenko later broke with the Russian government, renounced Communism and told why in a book, "I Chose Freedom."

Robert E. Stimping, chief investigator for the committee asked Kravchenko for information on actual assignments to spy work made by the Communist spy in this country.

In general the witness said, no person holding a position in connection with economic affairs arrived here from Russia "without a specific assignment to spy work and collection of secret documents."

Then he went on to say that every responsible Soviet representative here may be regarded as a spy.

Dressed in a neat, powder blue suit, Kravchenko testified chiefly through an interpreter, Dr. Vladimir Gsovski, chief of the foreign language section of the library of Congress.

Both men appeared before the committee under oath.

Photographs were forbidden. Rep. Mundt (R-SD) explained that Kravchenko "may be in considerable danger" because of his willingness to testify.

Story on Baby Deaths Changes

MASSILLON, O.—Mrs. Roger Gue of Navarre, mother of the six-year-old boy reported by Police Chief Stanley W. Switzer to have admitted the accidental killing of two babies in city hospital last month, said today her son again had changed his story and that she did not believe her son dropped the infants.

Mrs. Gue said the boy reverted last night in questioning by his parents to his original story, told authorities earlier this month, of entering a big boy in a white coat entering the nursery.

"If Roger continues to stick to his original story of seeing the boy in the white coat enter the nursery, we plan to call Prosecutor D. D. McLaughlin to inform him of the child's change of mind," she said.

She added she did not believe the boy's story, released by the Massillon police chief yesterday, of dropping the babies accidentally while playing nurse.

Investigating authorities earlier were disagreed on how the two infants met their deaths at city hospital despite the widely publicized story released by Chief Switzer yesterday.

Mexico City Will Drill New Wells

MEXICO CITY (AP)—Mexico City hopes to add to its present supply of drinking water through the drilling of at least a score of new wells.

Some parts of the city are without water and in other parts there is only a supply for two or three hours a day.

The Lerma river project, still two years from completion, will add even more water to the city's supply.

Fire Causes Heavy Damage to Business

DAMAGED—(AP)—Damages estimated at between \$15,000 and \$20,000 was caused by a fire that broke out yesterday in the attic of the Holden Funeral Home.

Escaped Convict Captured Here By Carson Sheriff

VERNON (AP)—Vernon Edward Hill and Donald Davis, two of the four prisoners who escaped from the Carson County Jail at Panhandle Sunday, were taken into custody Sunday by Sheriff Jim Gear.

Hill and Davis were stopped by a road block. They were traveling in a car reportedly stolen at Pampa. They were unarmed and offered no resistance.

Sheriff Clarence Williams of Carson County and Texas Ranger Dudley White are in Vernon to return the men to Panhandle.

Binkley was recognized by Sheriff Clarence Williams of Carson County at Austin, still the red of Texas government.

Since 1912 the Chicago syndicate, formed to operate the huge XIT and stock it with cattle, has sold the cattle and most of the acreage, the latter going into smaller ranches and farms. However, the old original No. 1 division headquarters still stands at Buffalo Springs, 40 miles north of Dalhart. There were, in all, seven division headquarters.

The ranch was started in Fort Worth in 1882 by a group of men and women who had once worked on the ranch. This group has steadily grown and has formed itself into the XIT Association, an organization open only to persons who have at some time worked for the XIT. In 1937, the reunion came to Dalhart and the Association voted to make this the permanent reunion home, here, during the war years, it was held.

The big show this year opens Thursday evening with the annual XIT memorial service paying tribute to all pioneers. Churches of the town are cooperating. John B. Honis, former district attorney of Dalhart and now practicing in Fort Worth, will be the memorial speaker.

A new wrinkle this year is an XIT fliers' breakfast at the main Dalhart Army Air Field, recently taken over by the city for a municipal airport.

President Raymond Holmquist of the Dalhart Proprietor Club said he has XIT members, Page 2

In a survey conducted by David G. In the survey, 315 veterans were in favor of the program, 105 were against it and 15 were "indifferent."

Three-Day Event—Corral Gates Swing Open Thursday For Dalhart's Annual XIT Reunion

DALHART (AP)—Dalhart's annual western-style celebration will open Thursday when the corral gates swing open for the 11th annual XIT reunion—biggest celebration in the West based on the history of a ranch.

The three-day event is built around the history of the famous three-million acre Panhandle ranch which the state in the 1880s traded to two Chicago financiers in return for the \$3,000,000 red granite Capitol at Austin, still the red of Texas government.

Since 1912 the Chicago syndicate, formed to operate the huge XIT and stock it with cattle, has sold the cattle and most of the acreage, the latter going into smaller ranches and farms. However, the old original No. 1 division headquarters still stands at Buffalo Springs, 40 miles north of Dalhart. There were, in all, seven division headquarters.

The ranch was started in Fort Worth in 1882 by a group of men and women who had once worked on the ranch. This group has steadily grown and has formed itself into the XIT Association, an organization open only to persons who have at some time worked for the XIT. In 1937, the reunion came to Dalhart and the Association voted to make this the permanent reunion home, here, during the war years, it was held.

The big show this year opens Thursday evening with the annual XIT memorial service paying tribute to all pioneers. Churches of the town are cooperating. John B. Honis, former district attorney of Dalhart and now practicing in Fort Worth, will be the memorial speaker.

Judgment Award Is Passed by House

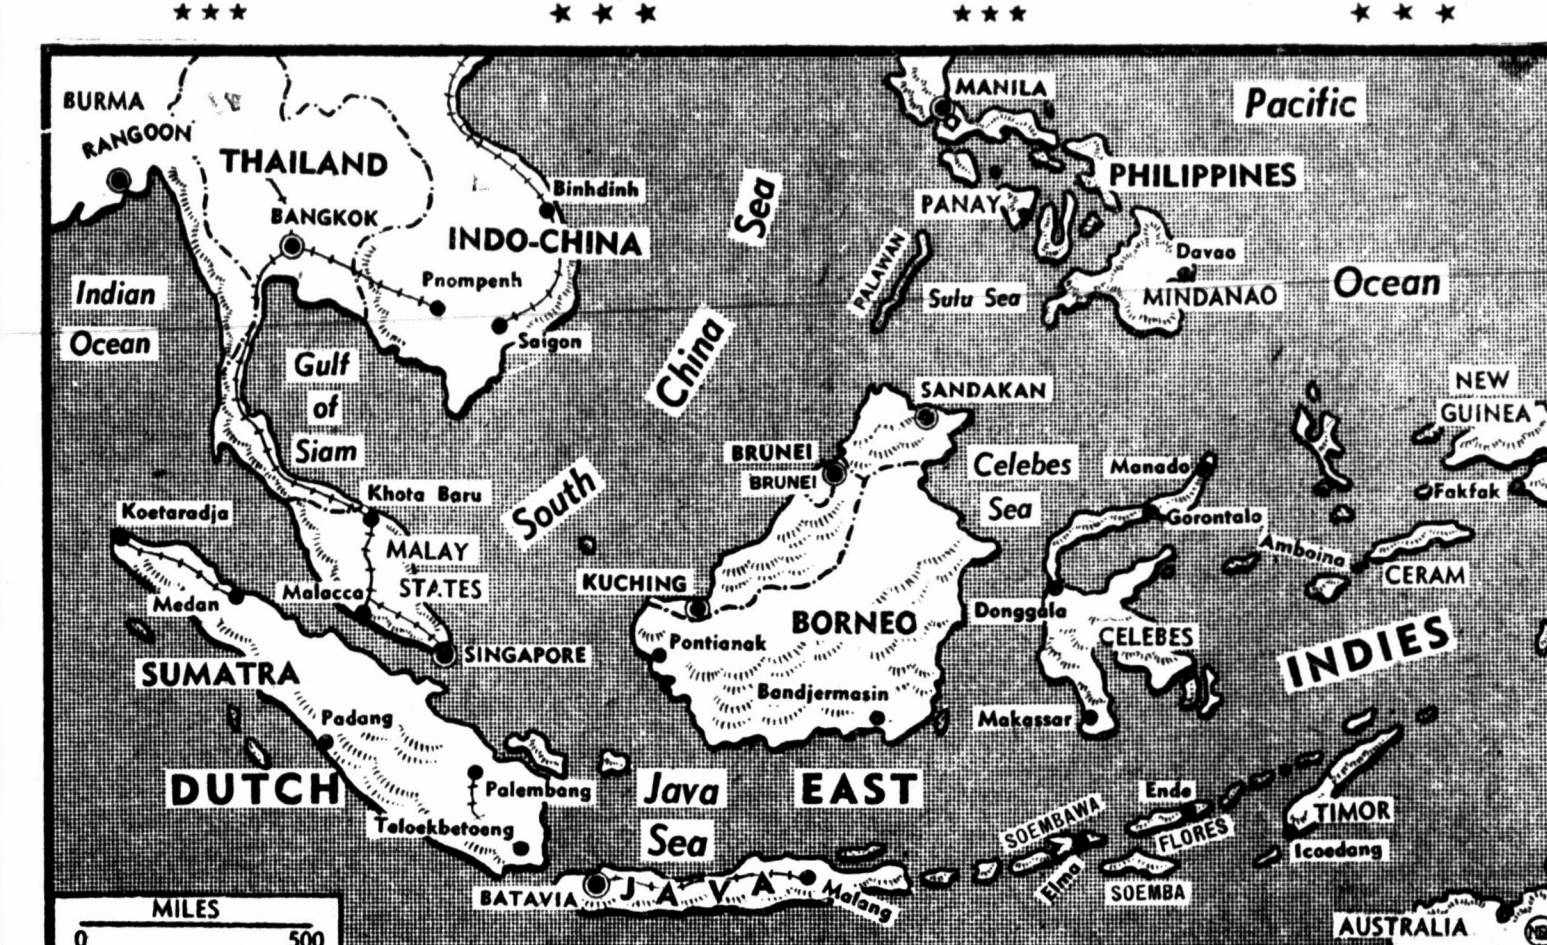

WASHINGTON (AP)—A bill passed by the House yesterday to reimburse El Paso, Texas, for \$3,283 judgment awarded by a county court now goes to the Senate.

The award was made by the court in the death of Leonides Rodolfo Mendoza, who fell from a temporary walk on the Park Street bridge over Franklin Canal.

The canal and bridges are owned by the federal government. The accident occurred June 9, 1943.

Two Intoxications

TWO MEN were arrested and fined of \$10 each on charges of intoxication, this morning in Corporation Court, this morning in Corporation Court by Judge Clifford Brady.

AMPHIBIOUS OPERATION—In the first amphibious operation since World War II, forces of The Netherlands government have landed on the east coast of Java, Dutch East Indies, to put down what the government has called "local police action." The Indonesians call it "colonial war." Landings have also been made on the north coast of Java, and both land and air attacks have been made in Sumatra. Heavy action is reported around Padang, shown on the map above.

Taft Will Make Western Test Of GOP Reaction

WASHINGTON (AP)—Senator Taft said today he will make a Western speaking trip to test reaction to the Republican-controlled Congress before he decides finally whether to seek the 1948 GOP presidential nomination.

The Ohio Senator will discuss Congress' record when he makes the principal address at a homecoming dinner for Ohio Senate and House Republicans to be given by the party's State Committee at Columbus July 31.

This is looked upon in some quarters as the start of a Taft-for-President campaign, inasmuch as a National radio hookup will be provided.

Thus far the Ohio Senator has three definite speaking dates on the Pacific coast, one of them non-political. He said he will appear with some other members of Congress on a discussion panel in Santa Cruz, Calif., Sept. 12 and 13.

On Sept. 19 he will speak in San Francisco. From there Taft will go to Gearhart, Ore., to address the Republican clubs of that state. He said he had received "numerous invitations" for talks on the return trip and may accept engagements in Idaho, Wyoming, Nebraska and other states.

His trip this week will parallel, in part, the Western vacation excursion of Gov. Thomas E. Dewey of New York, another potential GOP presidential nominee.

While Dewey has maintained that his trip was "non-political" and has kept publicly silent on major international and domestic issues, Taft said frankly that he intends to discuss affairs both at home and abroad as they relate to his work in the Senate.

"This is a trip to lay before the American people the accomplishments of the Republican Congress," Taft said.

Hardin-Simmons Vets Favor Training Plan

ABILENE (AP)—Hardin Simmons University veterans favor universal military training 7 to 5.

In a survey conducted by David G. In the survey, 315 veterans were in favor of the program, 105 were against it and 15 were "indifferent."

TRIP CHAIRMAN

F. B. Wright, pictured above, is chairman of the arrangements committee for the booster trips, August 1-2, that are to advertise the second largest amateur rodeo in the U. S., the Top of Texas Rodeo and Horse Show, to be held in Pampa, August 6-9.

Wright urged all persons desiring to make these trips to contact him or the Chamber of Commerce office by Tuesday, July 22.

The trips will start daily from the front of the LaLona Theatre. A broadcast over Radio Station KFDN will "kick-off" each day's caravan.

Balkans Warned By U. N. Group

LAKE SUCCESS (AP)—The United States warned the Balkan States today that any refusal to cooperate with the proposed Border Watch Commission might bring punitive action by the United Nations Security Council.

The warning was voiced by Herschel V. Johnson, deputy U. S. delegate, in reply to Soviet contentions that the council could do no more than make recommendations under Chapter VI of the U. N. charter under which the present case is being considered.

Johnson said refusal of any country to cooperate with the proposed Border Commission would lay it open to much graver charges and action under another chapter of the charter. He presumably referred to Chapter VII, which provides for sanctions and military action.

Johnson said he accepted a French amendment to the preamble of the American resolution which would stipulate that continuation of the disturbed situation in the Balkans would be a threat to peace.

Meanwhile, Britain proposed that the council sidestep a decision on which of the Balkan countries were responsible for the current disorders in that area.

The British proposal was contained in an amendment eliminating a paragraph of an American resolution which Russia and the Soviet satellites had attacked on the ground that it presumed the guilt of Albania, Yugoslavia and Bulgaria.

A spokesman for the American delegation said the British amendment proposed instead that any such action by any one of the four disputing countries should be classified as a threat.

French delegate Alexandre Parodi told the United Nations Security Council he had prepared a series of amendments to the American proposal for creation of a semi-permanent border watch along Greece's troubled Northern border.

He did not disclose immediately the nature of the amendments, but he said their aim was to stress conciliation between the four Balkan countries and to establish good neighborly relations.

It was understood, however, the French proposals would not change the essential provisions of the American resolution and that they would See BALKANS, Page 2

THE FEUDIN' CONTINUES

'Furriners' Ordered Out of U. S. Postoffice by Texan Weathered

W. B. "Red" Weathered, an avowed Texan, "lowed" today that not even Okies could sell baseball tickets in the Postoffice Building.

Wayne Wallace, theatre manager, and a "Johnny-come-lately" from the state just immediately eastward, told The News editor this morning that Weathered was seen with a handful of the controversial ducks, and that the Furriner who saw him had warned him that not even he could sell the tickets down at the Postoffice.

Consequently, Weathered said he had run a "bunch of Okies" out of the Postoffice this morning—they were tagging his customers to buy the benefit admissions.

This matter over the Texans and Furriners is a live subject just now. All members of the Kiwanis Club, they joined battle 10 days ago when they started selling tickets to the Albuquerque Duke-Pampa Oaks from the Kiwanis Club.

The Kiwanis Club sells the tickets and gets a cut on the gate—and the money goes to the Kiwanis church softball fund.

Southern Pacific Railroad Strike Is Short Lived

SAN FRANCISCO (AP)—A strike by the Brotherhood of Locomotive Engineers which immobilized the Western lines of the Southern Pacific Railroad ended early today six hours and 45 minutes after it began.

Thirty-nine minutes later the first of hundreds of locomotives idled by the brief strike pulled back into service. It was a switch engine in the railroad's Oakland, Calif., yards.

L. B. McDonald, Southern Pacific vice president in charge of operations, announced at 2:45 a. m. (CST), that an agreement with the union was reached in negotiations which had continued in session after the walkout began yesterday at 8 p. m. (CST).

Shortly afterward P. O. Brother, general chairman of the Brotherhood of Locomotive Engineers, announced "an agreement has been signed and the strike indefinitely postponed while the remaining issues are settled."

Peterson said 15 of 20 points at issue, mainly affecting working rules, were settled satisfactorily for the union and that demand for a guaranteed minimum wage increase from 10.02 to \$12.95 was waived.

"I think the employees got the best of the bargain," he said.

J. Corbett, general manager of the railroad, said that the issues were withdrawn by the union. Some were compromised and some were settled as requested. The rest of the issues as to the first 20 demands are subject to mediation.

A compromise settlement was reached to the satisfaction of both parties.

A company spokesman announced rolling stock over the vast Western network of 8,000 miles of rails extending from Oregon to Texas was being returned to service as fast as the engineers could be recalled.

Idling of the trains had stranded many passengers and threatened loss of millions of dollars in the harvest of perishable Western crops.

Dutch Reported Driving Inland

BATAVIA (AP)—Dutch forces stabbed deeper into Indonesian Republican territory at a half dozen points tonight as Indonesian reports told of stiffening resistance.

Fighting was reported in progress around Probolinggo, an important East Java port and an anchor of the Dutch beachhead along the northeast coastal road.

The beachhead—established by American-trained Dutch marines in amphibious landings—now stretched east from the Probolinggo area to Pandji for a distance of some 70 miles.

The Dutch reported sharp fighting at several points, and the Indonesian Army said a battle was under way at Probolinggo. The Dutch said, however, that the columns along the coastal road were virtually unopposed.

Dutch reports told of well-armed Indonesian offering hard resistance at Krian, midway between Modjokerto and Soerabaja, and at Medan on the northwest coast of the neighboring island of Sumatra.

The Dutch said all initial objectives in their amphibious operation had been achieved, and that resistance had been less than expected. A Dutch communiqué placed Dutch casualties yesterday at 150 dead and wounded.

President Soekarno of the Indonesian Republic announced that former Premier Sultan Sjahrir had left Java on a mission to explain the republic's position abroad and to see the world.

(Arriving in Singapore, Sjahrir said he would visit the United States, India and Australia on his mission.)

A Royal Netherlands Navy communiqué said landing craft of the navy and warships disembarked troops at Banjoewangi on the east coast of Java and at Pasir on the north coast.

The first amphibious operation since the end of World War II. A Dutch army communiqué said the troops gained initial objectives and made additional advances.

A severe five-hour engagement in the Padang sector of Sumatra yesterday and other clashes on that island were reported by an Indonesian army communiqué. The bulletin also said that on Sunday, two Dutch warships off Merak on the extreme western tip of Java were shelled by Indonesian marines and left the area suffering damage.

The fight, which began Sunday with the Dutch acting first, originated in disagreements over the future government of the East Indies, rich in oil, rubber, sugar, tin and other products. The Republicans call it a "colonial war," and Dutch "local police action."

Dutch troops, mainly United States-trained marines, were said to have captured four East Java coastal points after going ashore See INDONESIANS, Page 2

Patriotism Comes High to Editor

CANADIAN (Special)—The price of patriotism comes high to Editor Vincent Lockhart of the Canadian Record, at least in terms of vacations.

Lockhart served five and a half years in the army and was relieved of active duty with the rank of major. While still on terminal leave, he purchased The Canadian Record and spent his terminal leave time working. Shortly afterwards, he was commissioned a lieutenant colonel in the Texas National Guard and assumed as Assistant Chief of Staff, G-1, of the famous 36th Division.

Last year, in the throes of "getting the paper going," as he puts it, the family could take only four days off. So for this year they planned a real vacation of 17 days in California and the Pacific Northwest. Then came word that the National Guard, including Colonel Lockhart would attend a two weeks camp in August, and the editor decided four weeks absence was more than his business could stand and decided on 10 days vacation in the Colorado mountains, "where I could cool my heels."

Ready for the vacation, he received notice the day before his scheduled departure that he was required at a 36th Division staff conference in August that Sunday.

So four days of the vacation was spent in tepid Austin and San Antonio and the rest in Alpine and Carlsbad—neither place noted for its July snow.

Meanwhile, a highly-placed House Republican who asked that his name not be used said a number of representatives have been pressing for an inquiry by their chamber. He said the matter might be brought before the House Administration Committee today.

Kem told newsmen, however, that he has not yet asked Missouri representatives to see action at the other end of the Capitol.

"They have asked me to let them know when I think it is hopeless to predict whether or how soon that might come.

Senate Stalled On Investigation

WASHINGTON (AP)—With the Senate stalled on demands for a congressional investigation into Attorney General Clark's handling of Kansas City vote fraud charges, prospects mounted today that Republican leaders might turn to the House for help.

Senator Kem (R-Mo) said he still has not given up hope that the Senate will approve his resolution authorizing an inquiry.

But with time running out on the Saturday adjournment goal, Democratic Senators showed no inclination to let the matter come to an early vote.

Meanwhile, a highly-placed House Republican who asked that his name not be used said a number of representatives have been pressing for an inquiry by their chamber. He said the matter might be brought before the House Administration Committee today.

Kem told newsmen, however, that he has not yet asked Missouri representatives to see action at the other end of the Capitol.

"They have asked me to let them know when I think it is hopeless to predict whether or how soon that might come.

Leaves From a Correspondent's Life Note Book

By HAL BOYLE
NEW YORK—(AP)—Omar Nelson Bradley, the "Doughboy's General," is going back over there.
In a period of mounting tension in the Balkans, America's most experienced field commander is being sent to Europe and the Mediterranean soon for a six-week inspection of what is left in those regions of the Army he once called the greatest in history.

men or fewer, an Army containing many teen-age youngsters who never saw action, an Army that suffers from the evils that have afflicted all occupation armies from pre-Roman times—venereal disease, black marketing and the softening influence of intermingling with foreign civilians in a foreign culture.
Bradley undoubtedly will gather secret information that will be reflected in future American military planning. There would be no other real purpose in his going. But along his journey also will be many misdeeds of memory he helped make famous in the second World War—Bill 609 in Tunisia, Troina in Sicily, St. Lo in Normandy, the Ardennes in Belgium, the Siegfried Line and the Rhine in Germany.

Anti-Poll Tax Bill Kept Handy

WASHINGTON (AP)—The Senate Judiciary Committee dusted out a pigeonhole today to keep the House-passed anti-poll tax bill handy until its backers decide to expose it to a new filibuster.

That will not be this session, which is slated for Saturday. But there is every indication that the Senate will act promptly when it reconvenes next January.
Three times previously the House has passed similar bills only to have them killed by Senate talk tests.

Republicans who drove the bill to House passage yesterday over the objections of Southern representatives said present plans call for speedy Senate action in 1948 in time to put the bill into the law books for next year's Congressional balloting.

Privately, they said they hope the bill will be helpful in unseating some Democrats in the seven so-called poll tax states of Texas, Tennessee, Virginia, South Carolina, Arkansas, Mississippi and Alabama. The House-passed bill would make it illegal for any state or local government to require payment of a poll tax as a requirement for voting in a presidential or congressional election.

Guard

(Continued From Page 1)
in this community, it would be available for civic purposes so long as those functions did not interfere with its primary use as an armory.
Commander Simpson said there had been some reports in other localities that employers were averse to having their men join the Guard on the grounds that it interfered with their work.

"We must take the situation to the employers," he said, "so that they will understand the dire need for such defense organization."
At the beginning of the last year, he explained, the National Guard furnished over 300,000 men that formed the nucleus of the fighting force that was ultimately developed. A total of 682,000 men is sought to form a new Guard, to cover every state in the union. There is no force in the nation today, he stated, that could cope with a major emergency.

The Guard, though paid and equipped by the U. S. government, serves as a state militia in time of peace, and is subject to call by the state upon need.
Col. Simpson, who served in North Africa, Italy, France and Austria as an infantry commander, said it is not necessary for a man to have had infantry training to belong to the Guard.

All officers must be veterans of the last war.
Farm tenancy in the United States declined sharply during World War II and in 1945 only 32 percent of U. S. farms were operated by tenants.

Flood Control Program Includes Texas Projects

WASHINGTON (AP)—Texas projects were among those approved by a Senate Appropriations Subcommittee in recommending a \$343,000,000 budget for flood control and navigation construction.
The subcommittee increased by \$208,596,000 funds voted by the House. The subcommittee recommendations are followed with the House-approved figures in parentheses, if the House voted any money.

The Texas projects:
Flood Control:
Buffalo Bayou \$1,854,700 (\$1,854,700).
Hards Creek Res. \$1,303,800 (\$1,303,800).
San Angelo Res. and Floodway \$1,000,000 (none).

HOW TO USE THE TELEPHONE SKILLFULLY Even the simplest things—and telephoning is one of them—are easier and more satisfactory for the person who knows the best way to do them and then DOES them that way. Question: What is the best way to answer the telephone? Answer: It's usually best to identify yourself at once. Question: Can I get the operator's attention faster by "jiggling" the receiver hook up and down rapidly? Answer: No! When you move the hook too fast, it often brings in no signal at all. Question: When I'm talking on a party line, how do I know if another party wants to call? Answer: You may hear him lift the receiver. If so, the neighborly thing to do is finish your conversation as soon as convenient so he can make his call.

IOOF Hall Scene Of Harvest Party Saturday Evening

The Junior Odd Fellows were hosts at a very successful harvest party Saturday evening in the IOOF Hall.

The hall was converted into a model barn complete with bales of hay scattered about for seats. Saddles, harness and other farm equipment hanging from the ceiling and lining the walls added to the harvest theme. Lanterns hung about the hall, furnished light.

Lloyd King was master of ceremonies for a musical and dance program. Bobby Patterson, playing the steel guitar, and Joe Anthony accompanying on the standard guitar furnished music for the program. Group singing was led by Betty and Delores Gramb, Ray Dean and Kay Voland sang Western ballads. Joe Anthony sang a solo and Norma and Reba Killian did a tap dance number. Accordion selections were played by Barbara Ann Baer and Jimmy Hopson played two numbers on his trumpet.

Winners in the costume contest were Jack Lewis, Betty Gramb, Leroy Kretzmer, Iola Nicholson and Mr. and Mrs. Lloyd King. The winners were presented a watermelon and were requested to have a feast.

Later the hay was moved to one side of the hall and an evening of games, folk and modern dancing was enjoyed.

150 persons signed the guest register and out-of-town guests were Mr. and Mrs. H. B. Barker, Mary Ellen Barker, Janice Marlar, Ramona Hightower, Skellytown, and Miss Roselle Matlock of Michigan.

False Hair-Piece Helps Delinquent Nature

"Alice-in-Wonderland" hair-piece modelled above matches natural hair texture and color.

By ALICIA HART
NEA Staff Writer

Envious of girls with long, luxuriant hair?

Don't be. Shame nature for her stinginess by pinning on a hair piece which so often looks more soignée than a girl's very own. Your added glory can have length and thickness that would evoke sighs from Rapunzel.

One of the most popular hairpieces going to the heads of glamor girls today—of actresses and models, especially—is the "Alice-in-Wonderland" fall. This can be any length a girl wants her hair to be. Such a hairpiece, designed as a cover for hair that grows slowly or breaks off, fastens at the crown with a comb. When matched in color and texture to a girl's own hair, not even the gimlet-eyed can tell where nature stops and the wig-maker's art begins.

Caring for the pin-on piece is no trouble, stylists say. They maintain that the "fall" can be dry-cleaned with any non-inflammable cleaning fluid. Laid out on a towel, the piece will dry quicker than your own hair.

When permanent curl in the hairpiece vanishes, new curl can be put in with metal curlers. You roll up the strands of a "fall" just as you would your own hair.

Announcement
The Country Club dinner which was originally planned for this Thursday evening has been postponed until July 31.

Milk and its products are the best sources of calcium, essential to strong bones and sound teeth.

HOT FLASHES?

Are you going through the functional "middle-age" period peculiar to women (38-52 yrs.)? Does this make you suffer from hot flashes, feel so nervous, high-strung, tired? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! Pinkham's Compound also has what doctors call a stomachic tonic effect!

Baptist Class Meets In W. G. Saulsbury Home

The Mary-Sunday School Class of the First Baptist Church met Friday morning at 9:30 o'clock in the home of Mrs. W. G. Saulsbury for regular meeting. Mrs. L. B. Studebaker was co-hostess.

Mrs. Don Pumphrey, class president, conducted the meeting. Plans were made for taking care of sick members of the class. Each member was given the name of a woman who is not a member of a Sunday school class and she will be responsible for having the woman in Sunday school the remainder of the month.

Mrs. R. Virgil Mott gave a devotional on the faith and works of a Christian.

Coffee-and-rolls were served to Mesdames G. H. Anderson, Gerald Mote, D. W. Sasser, C. O. Sloan, R. E. Arey, S. E. Waters, Owen Johnson, Pumphrey, and Mott.

Mrs. Stephens Has Covered Dish Dinner

SHAMROCK—(Special)—The TEL Class of the First Baptist Church was entertained at the country home of Mrs. Will Stephens Thursday evening.

A covered dish dinner was served and games directed by Mrs. Mill Williams were played.

Those attending were Mesdames Edward C. Derr, L. E. Oldham, Ode Cain, Lee Norman, Guy Hill, Charles Green, J. E. Walker, Fluke George, A. N. Holmes, Myrtle Marchbanks, Bill Wilson, W. H. Buice, J. F. Short, Austin Byrd, Joe Tate, Bessie Stuart, Winnie Whitehurst, Bryan Eoff, Sam Harrell, and George Stanley; and Misses Marlene Legerwood, McLean, and Kay Morgan, Dozier.

Over Night Outing At Lake McClellan

The Business Girls Class of the First Baptist Church held their monthly social at Lake McClellan Friday night.

A picnic supper was served and the girls spent the night there, returning to Pampa Saturday morning.

Attending were Mrs. Burton Reynolds, teacher, and Misses Margaret McCracken, Joan Souter, Eva McGee, Kathrine Mosley, Irene Hogatt, Billie Stephens, Elva Jean Anderson, Ernestine Dearen, Bonnie Tucker, Wilma Fern, Jean Anderson, Jean Parker, and Ramona Matheny.

Luncheon Is Given For Mrs. C. M. King

PANHANDLE, (Special)—Mrs. Julia Thompson entertained this week with a luncheon honoring Mrs. C. M. King of Medford, Oregon.

The quartette tables were decorated with garden flowers and attractive favors marked places for the guests.

The afternoon was spent in taking pictures and reminiscing on their childhood school days.

The 1946 crop of commercial apples more than 121 million bushels, was slightly more than the 1935-1944 average.

WE, THE WOMEN

Teenagers Are Organized, but Parents Aren't

By RUTH MILLETT
NEA Staff Writer

One reason why high school kids so often have the upper hand in dealing with their parents is that the kids are organized, the parents aren't.

Mr. and Mrs. Jones know that daughter Mary, aged 16, shouldn't stay out until 1 or 2 in the morning simply because the other kids don't have to be in by 12.

They know Jim, aged 17, shouldn't be roaring around at night in the family car, loaded with kids. But Jim insists that the other boys in his class "get to have the family car several nights a week."

The kids are smart enough to be organized about their demands. The parents try to fight their battles alone.

PARENTS SHOULD UNITE

What every high school needs is a "Parents' Association," made up of the parents of all the kids in school. In a few meetings a year they could get together and decide what hour their kids should get home, how to outlaw drinking at school parties, and what to do about letting them have automobiles for their dates.

If the parents stood together, they could enforce some of the ideas they know are right, instead of succumbing to the "all the other kids get to do so-and-so" pressure of their own teenagers.

Mrs. McCollough Has Recreational Lesson

PANHANDLE, (Special)—Mrs. J. C. McCollough led a lesson "Sun-Mertime Recreation for Our Children" taking the local angle, when the Women's Society of Christian Service met at the Methodist Church this week. The worship service was led by Mrs. Kermit Lawson.

In the business session with the president, Mrs. Lawson, presiding, routine reports were given and plans were made to present the Zone meeting until September, in order that more district officers could attend.

An announcement was also made that the next church meeting would be at 9:30 a.m., on Tuesday, July 29, in the Christian Church with Mrs. Murray Elson of Amarillo, district president, as guest speaker.

Refreshments were served by Mrs. F. J. Hollcroft and Mrs. J. L. Armstrong to those already mentioned and Mesdames Don Price, Harrison Caldwell, C. F. Hood, Margaret Sterling, J. F. Westberry, Rachel Vance, Clara Cornelius, James Kneirlich and Charles Franklin.

Bible Study Is Held At Church by WMU

PANHANDLE, (Special)—The WMU of the Baptist Church met for a Bible study and business meeting, with Mrs. Eva Craig leading the Bible Study from the book of First Thessalonians.

The meeting was opened with group singing, followed with a prayer by Mrs. T. B. Ramay.

After the business meeting, with the president, Mrs. Allen Johnson, presiding, the meeting was closed with a prayer by Mrs. Craig.

Others attending were Mesdames Vaughn Biggs, C. H. Bell, Herbert Brown, D. C. Landon and W. H. Crow, San Antonio.

Tintoret, one of the greatest painters of the Venetian school, was named Jacobo Robusti. Tintoretto was a nickname, "little dyer," because of his father's occupation.

Gracie Reports

By GRACIE ALLEN

I see that Queen-Elizabeth of England got a cinder in her eye while making a train trip, so the train stopped and five doctors got on to take it out.

If that's the kind of attention a Queen gets, I'm going to start looking into my background for a trace of royal blood.

When I pick up a cinder on a train trip, George bawls me out for getting my silly eye in the way and won't let me use his handkerchief because it might get rumpled. But if I found that I had royal forebears I could use him for a footstool while I waited for the Mayo Brothers to arrive on a handcar.

All husbands of us poor commoners seem to act the same way when something happens to us girls. When my sister Pearl bawled herself up pretty badly by driving into a tree in her front yard her husband sent for a surgeon right away—a tree surgeon.

Jerry Armstrong has returned home from a Pampa hospital after undergoing an appendectomy. He is reported as doing nicely.

Skellytown News

SKELLYTOWN—(Special)—Nancie Castleberry has returned from a three month visit with her brother, Bert Castleberry, Jr., and wife in Norfolk, Va.

Jerry Armstrong has returned home from a Pampa hospital after undergoing an appendectomy. He is reported as doing nicely.

Mr. and Mrs. J. B. Kibler, Oklahoma City, visited the former's sister, Mrs. Bill Harlan, recently enroute to Colorado.

Mr. and Mrs. Jim Smallwood, Sunray, are spending the week with Mr. and Mrs. Bert Bost.

Mr. and Mrs. Floyd Guinn and children, Whiteface, are guests of Mr. and Mrs. Clifford Colman recently.

Mr. and Mrs. A. W. Keller have returned from a vacation trip to Washington State.

Mr. and Mrs. Frank Jack left Friday for Houston and Louisiana.

Mrs. Ralph Wrinkle and Bonnie have gone to visit her parents in Lebanon, Mo.

Mr. and Mrs. Fred Anderson spent last weekend visiting friends at Gayman, Okla.

Mr. and Mrs. Bert Schoff and family have returned from a fishing trip in New Mexico.

El Greco, Spanish painter who died in 1614, was named Domenico Theotokopoulos.

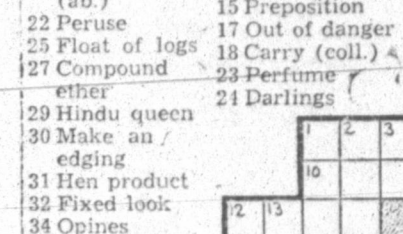

Rehabilitation of Asiatic nations that were devastated by Japan should be the first order of business, reserving for a lower priority the reconstruction of Japan.

—Paul V. McNutt, former ambassador to the Philippines.

PEOPLE OPPOSE SOCIALIZED MEDICINE

The American people are strongly opposed to socialized medicine. That important finding is made in a public opinion survey conducted by the Psychological Corporation for the North American Newspaper Alliance.

The representative citizens polled were asked this question: "Which is better for America: (a) To have the government give free doctor and medical service which would be paid for by a tax like the social security tax; (b) the present system of medical service?" Sixty-three percent approved the present system, only 30 percent wanted socialized medicine, and the remaining 7 percent were undecided.

Furthermore, the poll was broken down to show the answers of the four principal income groups—owners and managers, professional and white collar, skilled and semi-skilled workers, and unskilled labor. Every group was against socialized medicine. Unskilled labor, which, according to the proponents of socialized medicine, would benefit most if the government assumed the responsibility for universal medical care, voted 51 percent against and only 39 percent for, with 10 percent undecided.

There is a good reason why these people should have expressed themselves as they did. Socialized medicine has been tried in many countries, and it has proven itself inefficient, wasteful, and unresponsive to the needs of the people. By comparison, private medicine has done a superb job. The problem of cost is now being largely met by voluntary prepaid medical plans which are within the reach of almost all workers. An informed public wants nothing to do with either socialization or government domination of medical care.

NATIONAL WHIRLIGIG

WASHINGTON

MESS—Secretary of State Marshall's recent order relaxing excessively severe controls over German industry and economy beyond the American Zone was based on reports that Russian Communism would soon sweep to the Atlantic Ocean unless living conditions in the former enemy country were improved immediately. These advisers also said that so far the Americans, British and French had made a complete mess of managing their areas.

The new July 12 directive to General Lucius D. Clay, our commander there, orders him to permit a much higher level of general industrial production, although barring rearmament. It also instructs him to preach the "principles" and advantages of the free enterprise system to counteract current propaganda on behalf of Russian Communism and British Socialism.

One official investigator recently gave a paraphrase of his report to a group of American business men at a West Coast convention. His revelations of conditions made as profound and shocking an impression on them as they did on President Truman and Secretary Marshall.

VENGEANCE—In describing "progressive deterioration" in the American Zone, this industrialist declared that our "economic complex," as expressed in the original Morgenthau plan, and our extreme denazification policy had placed fifth-rate people in charge of factories, mines, railroads and all economic activities. He held War Secretary Patterson and General Clay chiefly responsible for this situation.

The original American policy, he said, which was laid down in a secret memo sent to General Eisenhower in April, had prevented Germany's ablest bankers, industrialists, inventors, designers, business managers and technicians from holding responsible posts. It placed management in the American Zone in the hands of "very low grade clerks, storekeepers, schoolteachers, pettyfoggish bureaucrats, etc.—folks so inept and insignificant that Hitler did not think it worth-while to enroll them in the Nazi Party."

The top men, he maintained, were never Hitler sympathizers. They had merely become "nominal Nazis" for protection of themselves, their families and their property. Although they are the men who built the Reich into a great, productive area, the core of European economy, they were outlawed under the now abandoned Patterson-Clay program.

HAMPERED—The British representatives, he continued, are introducing socialism and nationalization into their zone, under instructions from the Labor Government at London. General Clay, who believes that these methods have hampered volume production of badly needed coal, has frequently clashed on the question with Sir Brian Robertson, the Atlee-Bevin representative.

The French have looted their sector of industrial equipment and goods almost as completely as the Russians have stripped Eastern Germany. Remembering 1870-1914 and 1932, they refuse to co-operate in any movement to revive the nation upon which European prosperity and stability have always depended.

Deploping the original order that industrial activity and production be stifled, he said:

DETERIORATING—"The original thinking on this question was incomprehensible. First, we determined that a few industries had a

Common Ground

By R. C. BOILES

Rose Wilder Lane on Government Price Control

I sent Rose Wilder Lane an article in which I had attempted to show that the government could not control prices. She took me to task for one sentence I made and then proceeded to explain more definitely and clearly than I had that governments could not control prices.

I had made the statement that the government cannot permanently regulate prices and I said, of course, I referred to the American government and not to the Stalin or socialist governments. Rose Wilder Lane pointed out that this left the inference that socialist governments could control prices. That was an error on my part. They cannot.

I quote Rose Wilder Lane's explanation:

"The fact is that every government in history has tried to regulate prices and none has ever succeeded in doing it. Your reader (referring to a contributor to the Clearing House who criticized my statement that the government can no more permanently regulate prices than it can regulate the weather or change the law of gravity) is right. I should read history—the history of any country that interests him, from ancient Sumeria to 18th-century France, or indeed any country existing now. But emotion won't interfere with detached observation. I'll learn about 18th-century France or the Roman Empire. I suggest that he read Buckle's Introduction to English History. I think it's out of print but it should be in public libraries. It is well written, interesting to read, and it treats in some detail the efforts to fix prices in France, Spain and Scotland. (Buckle never did get to England; he accumulated data through a long life and then was too old to write his book and died.) All governments try to regulate business; this drives them sooner or later to trying to dictate wages and prices. Trying to fix wages causes unemployment, which leads to the government's straight robbery—producers in order to feed the non-productive unemployed. Trying to fix prices of goods destroys the economy from a second direction, by using police force directly to prevent production and distribution. OPA was an instance; surely everyone remembers the scarcity of foods that OPA caused. In brief, governmental action on the production and distribution of goods always—without an exception in history—decreases production and prevents distribution; it also causes—again without exception—black markets, which are nothing but the free market surviving although the government has made it illegal. (It is never possible to suppress the free market; 17th-century France burned alive or otherwise tortured to death in every marketplace every week the men who bought and sold illegally, but the result was that black and transport routes to famine districts, fighting pitched battles with the police and French army along the way. Russia has not been able to suppress free markets, though literally millions of persons have been starved, killed, or sentenced to slave-labor in the effort to suppress free markets. The communist regime has now itself established free-market outlets where the very rich can buy all kinds of food.)

"The ultimate result of the effort to control prices by governmental action has always been the destruction of the government. It is easy to see why this result occurs. Any government depends for its existence upon taxes; that is, upon a percentage which the government takes from wealth produced by industry existing. Obviously, there is a limit to this deduction, because the producers and traders must keep enough of their products to live on, in order to keep on producing."

"Now, fixing the price of labor (wages) causes unemployment; that is, it subtracts a number of persons from the productive number. Unless these unemployed persons are permitted to starve to death, the remaining number of productive persons must feed them. This means that an increasing amount of production goes into non-productive ends (whether the government robs the producers or whether producers support the unemployed by charity, or whether the unemployed themselves rob the producers.) At the same time, fixing prices of goods reduces their production and disrupts trade, thus causing more unemployment. Each productive person must support an increasing number of unproductive persons, and as this burden increases, more and more persons are unable to carry it and drop from the productive number into the non-productive number, thus increasing

"Obviously there is a point, which will be reached at some time, when any government's fixing of prices (for labor and goods) creates a greater diversion of produced wealth to non-productive ends than the remaining number of producers can supply; the economy then collapses. And since any government depends upon a productive economy for its support, the government also collapses. If there is an instance in history of governmental efforts to fix prices, which has produced any other result, the reader who objects to your statement that a government cannot permanently fix prices should cite it. Instance. He cannot do so, for there is no such instance."

So They Say
No longer does science contribute to the tactics of war. Rather war must attempt to adjust its tactics to the advances of science.—Dr. Sidney French, Colgate University chemist.

If we suffer another critical economic depression—and it is still within our power to prevent it—the resulting unemployment, poverty, and despair will drive more Americans into the ranks of communism than Stalin, Marx, and the Comintern ever won through argument and persuasion.—J. A. Krug, secretary of the interior.

In Hollywood

By ERSKINE JOHNSON

NEA Staff Correspondent (Johnson on KPDM Monday through Friday 2 p.m.)
HOLLYWOOD—After 21 years as the "Clark Gable of the opera," Ezio Pinza has been "discovered" by the nation's bobby-soxers.

The great basso, tall and graying, filled a cigarette holder with cotton, put in a cigarette, lit it and said he was just about as surprised as Al Jolson. The bobby-soxers discovered Jolson (thanks to Larry Parks) in "The Jolson Story," and the same bobby-soxers are "discovering" 55-year-old Ezio (thanks only to himself) in the movie "Carnegie Hall."

The Frank Sinatra of long-hair music took three puffs of the cigarette, and stamped it out. "It's the only thing I do for my voice. I can smoke as many cigarettes as I want but only a few puffs off each one. It's only bad, my doctor says. But the butt, Ezio can afford it."

Opera fans discovered him a long time ago—he has been a Metropolitan star for 21 years—but until now, Hollywood has practically ignored him.

"It is funny," he says. "My greatest ambition—to act in the movies—has never been realized until now. It is funny because Ezio is a singer, not an actor."

M-G-M tested him in 1943, said the test was "terrific" and that they would get in touch with his agents. But nothing happened. Movie O. Selznick offered him a contract.

"But the money," he says, "was much too little."

More than one Hollywood talent scout has seen Ezio as the Spanish priest in "The Barber of Seville," the sinister Egyptian high priest in "Aida," the fun-loving philosopher Colline in "La Boheme," the brutal murderer in "Rigoletto," the jealous lover in "La Gioconda."

His make-up table has been the talk of the Met for years—an assortment of 35 noses, 47 beards, 51 mustaches, 22 pairs of ears, 11 warts, 15 different sets of fingernails, 41 pairs of eyebrows, seven pairs of eyeglasses.

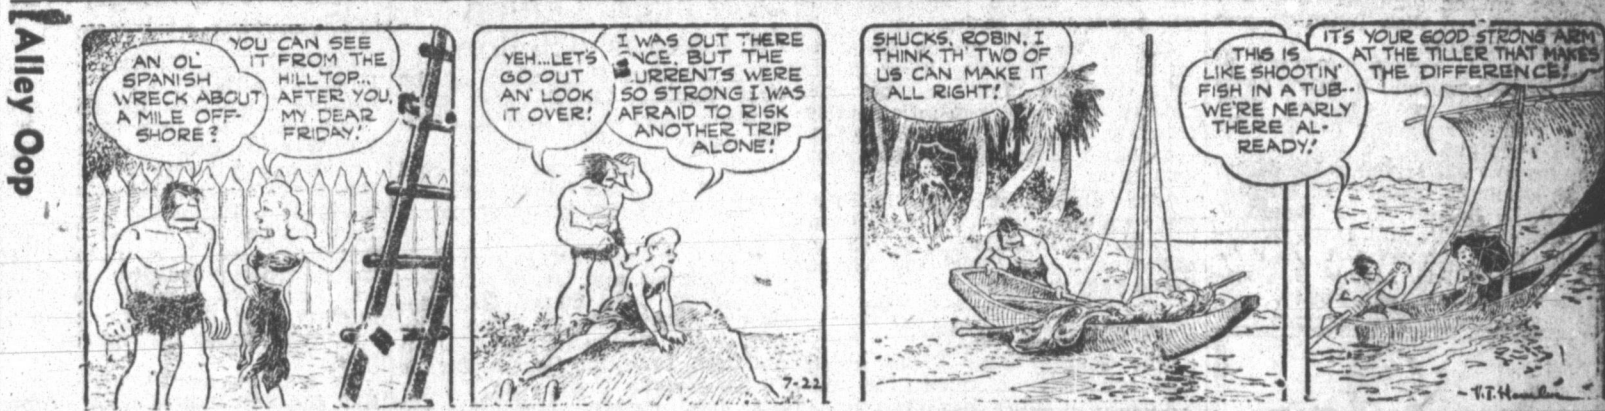

But "Carnegie Hall," his first appearance being released, is his first appearance before a film camera. He likes it, too. He likes to act.

"Someday," he said, "I would like to act in a movie without singing. Then I will be happy."

CO-STARS WITH DAUGHTER
Ezio is joining in Hollywood this summer with his second wife, a former Met ballet dancer, their two children, six-year-old Clelia and three-year-old Pietro, and his 21-year-old daughter by his first wife.

Clelia just arrived in America, after studying opera in Italy and singing several important performances there. And, of all things, Ezio will sing "Mephisto" opposite her "Marguerite" in "Faust" with the San Francisco Opera in San Francisco and Los Angeles in September. It's the first father-daughter combination of that caliber in almost a hundred years.

Pinza's next film appearance will be in "Babes in Toyland," scheduled for filming next year. He's billed in "Carnegie Hall" as "The Greatest Singing Actor of His Generation." He likes that word actor.

Midland's Indians Beat Big Spring 12-6

(By The Associated Press) Midland was a little closer to the Longhorn League lead today—just one and one-half games back of Big Spring. The Indians jumped on the League leaders, 12-6, last night to cut the margin.

Home runs by Carroll Nip and Bob Price gave the Indians a lead they never lost.

In other games, Ballinger defeated Odessa, 8-4, to make a clean sweep of a three game series, and Streetwater withstood a late Vernon rally, winning 12-8. Vernon pushed over five runs on four hits and a walk in the last of the ninth.

No Damage Results In Trash Truck Fire

CANADIAN—(Special)—Fire in the trash truck, back of Fort's Cafe, was telephone operator's directions to firemen when they called their code number this week in answer to the siren.

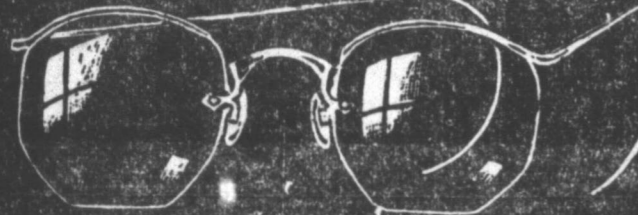

Somewhere a barrel had been emptied that contained smoldering embers which ignited the load when it got more air. Fortunately the truck was within a block of the fire station and no damage resulted.

Whisker-Growing Contest? It's For a Purpose

By BILL BEHRMAN
News Staff Writer

People are beginning to wonder who the "bewhiskered" guys are running around town. In case you, dear reader, are one of the guilty ones, these ugly creatures are entering the Jaycee-sponsored beard-growing contest, to be held in connection with the Top o' Texas Western Week, as proclaimed by Mayor Huff to be August 1-9.

The purpose of this week is to get the local citizenry in a rodeo or western frame of mind for the second largest amateur rodeo in the U. S. Yes, that rodeo is the rodeo to be held in Pampa, August 8-9. It's called the Top o' Texas Rodeo

and Horse Show, and it is sponsored by the Top o' Texas Rodeo and Quarter Horse Show Association. This association is a non-profit organization formed by local business men, ranchers, etc., to promote the rodeo, and mainly to promote our fair city.

Jack Nimmo, president of the Jaycees, has asked local citizens and members of the local civic clubs to get behind this Western Week and make it the biggest fun week ever to be held, not only in the history of Pampa but in the history of the Panhandle and the state of Texas. Motorists, who may drive into the O. K. Tire Shop, at 300 W. Kingsmill, operated by Jaycee Tom Kit-chens, may not only see the boss with a beard but, also, all of his employees are wearing one.

It is in this spirit that promoters of the Western Week and the Rodeo have asked everyone from six to 106, that reside in the Pampa area, to join.

Canadian Masons Install Officers
CANADIAN—(Special)—Officers were installed by Preston Hutton at a special meeting of the Canadian Masonic Lodge Tuesday night.

Officers for the year are: Tom Abraham, worshipful master; R. M. Whaley, senior warden; Erbin Crowell, junior warden; Charles Wright, senior deacon; Logan Owens, junior deacon; Charles D. Reagan, tiler; Bob Ward and Bill Mathers, stewards; H. M. Wood, treasurer, and Paul Bryant, secretary.

LUCKY STRIKE presents THE MAN WHO KNOWS—

THE TOBACCO BUYER!

"I'VE BOUGHT well over ten million pounds of tobacco . . . so I speak with some authority when I say that season after season, I've seen the makers of Lucky Strike buy real fine tobacco—that ripe, light tobacco that makes a swell smoke."

J. King

F. S. KING, INDEPENDENT TOBACCO BUYER of Lexington, Kentucky (19 YEARS A LUCKY STRIKE SMOKER)

JOHN FALTER

FINE TOBACCO is what counts in a cigarette

FURNEY KING IS RIGHT! . . . And like him, scores of other experts . . . who really know tobacco . . . have seen the makers of Lucky Strike buy "real fine tobacco."

After all, that's what you want in a cigarette . . . the honest, deep-down enjoyment of fine tobacco.

So remember . . .

L.S./M.F.T.

LUCKY STRIKE MEANS FINE TOBACCO

So Round, So Firm, So Fully Packed—So Free and Easy on the Draw

Fort Worth Cats Use Beaumont For 12 to 0 Batting Practice

(By The Associated Press) Everybody changes partners in the Texas League today—most gladly. In the shakeup, Shreveport moved to Fort Worth for a crucial three-game series that can pretty well shape some pennant chances.

For the finale of Southern teams' opening series in the north, Fort Worth used Beaumont for batting practice, 12-0; Dallas bowled to Shreveport, 4-2; Houston spanked Tulsa, 4-1; and Oklahoma City blanked San Antonio, 5-0.

Shreveport, trailing second place Fort Worth by four and one-half games, could do Houston a good turn by knocking off the Cats three straight. It wouldn't hurt the Sports' chances of finishing in second.

The first place Buffs—a comfortable three and one-half games ahead—move into Oklahoma City for another crack at the sixth place Beaumont.

Fort Worth played with four Beaumont hurlers in running up its big score. Dwan Sloan winning his eleventh victory of the season in the process. It was his fourth shutout of the season over Beaumont.

Stan Benjamin's two-run homer in the sixth inning spelled finish for Lee Anthony, who had a five-game winning streak snapped. Jack Casin stole his 39th base for Tulsa, increasing his lead in this department of the league's statistics.

Tom Pullis was still hunting victory No. 3 after Shreveport mauled him last night. Four costly errors by Red Davis helped the Sports. Bob Moyer gave Dallas a little cheer, hitting a home run.

Al Rosen hit his 13th homer of the year in Oklahoma City's shutout over San Antonio. Ralph McCabe held the Missions to five hits while he mates got 11 off Frank Biscan.

The lineup tonight: Beaumont at Dallas; Shreveport at Fort Worth; Houston at Oklahoma City, and San Antonio at Tulsa.

SEMI-PRO BASEBALL

WACO—(P)—Gordon Bailey's seven-hit pitching eliminated the Fort Worth Army Air Field from the state semi-pro baseball tournament. Austin's Realtors winning 2-1 in other games yesterday. Goldwater defeated Speegleville, 6-4; and Dickson Drug shutout Itasca, 9-0.

Big State Leaders Bow to Cellar Clubs

(By The Associated Press) A couple of lesser lights in the Big State League gave two of the three teams a lesson last night. When Texarkana finished adding its runs against Gainesville it was two sky 9-7, and Wichita Falls was even further behind Paris, 17-12.

Greenville held firm to the top spot, beating Austin, 10-1, while Sherman-Denison clipped Waco, 4-3.

Gainesville jumped all over three Bear pitchers before 3,000 Texarkana fans. Ben Hogan took over from Bob Wooten for some fine relief hurling, choking a Texarkana uprising in the eighth.

Johnny Wood and Vernon Washington hit homers for the Bears, while Lon Goldstein hit one for Gainesville.

Twenty-two walks were issued in the Paris-Wichita Falls tilt, with runs and hits galore. Wichita Falls collected 16 hits, Paris 11.

Jodie Phipps chalked up his 16th win as Greenville stretched its lead to one and one-half games over Texarkana.

Sherman-Denison's winning run came in the fifth inning when Sutar doubled Prierson home.

Texas Elf Carbon Co. Takes Double Header

The Sportsman Shop plastered the Pampa Jaxs 14-4 last night, in Industrial Softball League play, while the Texas Elf Carbon Company was taking a twin bill from the Humble Oil Company 9-6 and 9-5.

Grover Heiskell was the winning pitcher for the Sportsman Shop and Gray won both games for Texas Elf.

An outdoor incense burner, near Lama temple, Peking, China, is 14 feet high.

Fans Are Promised Another Hectic Race in National League

(By The Associated Press) Baseball fans are given fair warning to be prepared for another hectic-to-the-wire finish in the National League pennant race with the Brooklyn Dodgers and St. Louis Cardinals once again assuming the leading roles.

Despite the Brooks' handsome four-game bulge—six and a half over the fourth-place Redbirds—the Cardinals are not as bad off as first glance would seem to imply. The schedule is heavily in their favor.

The Dodgers staged a temporary farewell party at Ebbets Field yesterday by knocking off the Cincinnati Reds in both ends of a double header, 7-4 and 4-3.

In the only other game played in the Majors yesterday, the Phillies whipped the Pirates in Pittsburgh in a night game 8-1 to stay out of the National League cellar.

No other teams were scheduled, although the New York Yankees met the Boston Braves in the annual Hall of Fame game at Cooperstown, N. Y., with the Braves eking out a 4-3 decision in 11 innings.

Johnston Beats Hubs Third Time in 5 Days

LUBBOCK—P—Lefty Al Johnston conquered Lubbock's Hubbers for the third time in five days here last night as he pitched the Pampa Oilers to an 11-6 decision over the Hubs before some 3,000 fans.

Pampa's batting order backed up Johnston's steady pitching with a 14-hit barrage against Rookie Bill MacDonald and Reliever Royce Mills, who came in during Pampa's four-run sixth-inning outburst.

Tom O'Connell paced the Oiler stickwork, smacking out a home run, doorguy and single in six plate appearances. Bob Bailey collected a triple and two singles, while R. C. Otey, Tony Range and Johnston each had two safeties.

Johnston fanned 11 in notching his 14th win of the year, and was never in serious trouble after the fourth inning.

Before the game, Pampa Manager Grover Seils said that Jack Riley, outfielder who recently resigned as manager of the Clovis Pioneers, is expected to join the Oilers for the opening game at Abilene July 23.

The latest official WT-NM League average, Riley had hit at a .360 clip in 57 games.

Sports Shots

By HAROLD V. RATLIFF AP Sports Editor

DALLAS—(P)—There is no reason why professional baseball in Texas shouldn't be prospering this year.

All five leagues feature close races; none of them overlap others geographically.

The Texas League has made-to-order race; only eight games separate first and fourth-place teams. In the Big State League three clubs are within percentage points of each other. In the Lone Star League less than 100 points separate the first five clubs. In the West Texas-New Mexico and Longhorn Leagues there are two-team races for the top but in the Texas-New Mexico and Lone Star Leagues all end Sept. 7. The Big State League doesn't close out until Sept. 14. This means all play-offs will be finished by the Texas League, which will run into October because of the Dixie Series.

More than 2,000,000 paid admissions have been registered to date. Indications are that the final total will be around 3,500,000.

J. Walter Morris, that flim' man, shows how bottle throwing can be controlled at baseball parks.

Morris' Big State League hasn't been troubled with it since early in the season, quite different from the Texas League which is knocking up on women because no one yet has been injured although quite a few bottles have been showered down.

J. Walter just told the Big State League club owners: "You will be fined \$100 for each bottle tossed on the playing field, the count to be made and turned in to the League office by the umpires."

That stopped it.

"The club owners generally know who throws the bottles—and they know how to check it," says Morris.

When 1,000 coaches meet at El Paso Aug. 4-8 for the annual Texas Coaching School most of the talk will concern who is going to win the State Schoolboy Grid Championship this fall.

Wichita Falls just as well be prepared for it; The Coytes are going to be definitely on the spot. Wichita Falls led the way in 1946 team and they feel at the North Texas school that this is their year—that the big red machine will swing to its second state title in six years.

Other teams due to figure in state title prospects are Odessa, 1946 champion; Thomas Jefferson (San Antonio), 1946 runner-up, and Corpus Christi.

The cards say right now that Corpus Christi will be a finalist. We realize Wichita Falls' great prospects but can't quite concede that Odessa won't be Corpus' foe in the championship game.

District 15 again appears destined to be the toughest in the state. At least three potential state championship finalists may be listed in this sector. Corpus Christi, of course, is the No. 1 choice. But Thomas Jefferson looks mighty powerful and Austin is coming up with a strong team.

It must be comforting to Amarillo Coach Leonard Lee, who has, for once, rated with the title three. Amarillo probably will be favored to win its district title, as usual, but not to get past Wichita Falls in the first round of the state play-off.

Abilene is highly regarded in District Three but takes a back seat to Odessa in championship talk. On down the line you find DeLeon being heralded as a powerhouse, North Side rated strong in the Fort Worth district, Highland Park (Dallas) tough as usual, Adamson (Dallas) well up, Lubbock and Phoenix rated as going fairly easy in Central Texas since Temple won't be eligible to play for the district title this year, Lufkin again strong, and Fort Arthur very powerful.

Speaking of football, Hardin-Simmons University is quite cheery over its chances of again having an undefeated, untied season.

Hardin-Simmons last lost a game to a college team in 1941. The Cowboys were unbeaten in 1942, were out of football until 1946 when they swept through the Border Conference without a defeat and walloped Denver in the Alamo Bowl.

Hardin-Simmons lost to the Second Air Force in the Sun Bowl Jan. 1, 1943, but doesn't count that against its record. Service teams didn't play under the eligibility rules of college, you know.

With 28 intermen, nine of them 1946 starters, Hardin-Simmons has cause to be quite optimistic. The schedule isn't too tough but, says Eugene Schoenley, the school's publicity man: "We tried to schedule some Southwest Conference teams and couldn't do it." Schoenley wasn't instructing that

Central Baptist Senior Boys Tie Presbyterians at Mid-Season Mark

The Central Baptist Senior Boys moved into a tie for first place last night when they trounced the highly touted Presbyterians 16-3. This was a make-up game ending the first half of season play. Both teams have 7 wins and 2 losses since the Presbyterian defeat last night. Ronnie Maxwell went the route on the mound for the Baptists while Wesley Geiger rendered his hurling position to Harbord Cox in the bottom of the eighth.

The luckless First Baptist Junior Girls had a hard night of it last night losing a heart-breaker to the Central Baptists, 19-13. Patsy Young tossed for the winners while Betty Kiff hurled for the First Baptists.

The Central Girls got off to a good start, crossing home plate 5 times in the first frame but they ran into trouble in the fourth inning when the losers broke into the lead 7-6. This lead was quickly overcome, however, and the Central Baptists led 15-13 in the eighth inning.

It took the Presbyterian Junior Girls only four innings to outscore the First Methodists as they blasted them 34-21. The Presbyterians crossed home plate 11 times in each of the last two innings while the Methodists 8 run rally in the fifth fell short.

YOU SUD IT

When light heavyweight Ezzard Charles turned pro seven years ago after winning 24 amateur fights, his sponsors secured George W. Rhein, an accountant for a big Cincinnati soap company, as Ezzard's pro manager. It's no wonder Ezzard has such a clean slate.

ONE-MINUTE SPORTS PAGE
Alfred Mouldous, brother of Dick, the youthful Tulane tennis star, was a pretty fair racketeer himself in high school. But Alfred preferred piano playing and is an advanced student at the Eastman School of Music in Rochester, N. Y. Ned Irish is planning to experiment with Saturday afternoon pro basketball games in Madison Square Garden this winter. That way several thousand kids will be able to see the games. Ned explains, "and that's the way we built up pro football—by letting the kids in."

EVERYTHING AT STEAK

Al Ennis, Philadelphia Eagles general manager, is looking for a fourth Greek football player to round out a one-nation backfield with Pete Pihos, Jim Keckeris and Bill Mackrides. If the Eagles don't win the National League title this year, Al can open a chain of restaurants.

QUANAH HAS NEW COACH

QUANAH—(P)—Weldon Bibb, former head coach at Nocona High School, has accepted a similar position with Quanah High School. He will report here this winter. Bibb will succeed Bill Horowitz, who will devote his full time to the duties of principal.

Longview Is Leading Lone Star Loop Play

(By The Associated Press) The Lone Star League standings were straightened out today—just one team to a position. But two teams were within one percentage point.

Lufkin took over third place by itself, downing Marshall, 5-3. Marshall is just one percentage point ahead.

Longview held its lead, but took it on the chin from last place Bryan, 17-9. Pete Christy paced an 18-hit attack against Longview, driving in seven runs with two triples and two singles.

In other games, Henderson dumped Jacksonville, 12-7, and Stan Zarkowski's three-run homer sparked Kilgore to a 7-4 decision over Tyler.

Cats are color-blind. They live in a world of gray, monotonous sameness.

Oiler Win Gives Gold Hose Lead Over Hubs

(By The Associated Press) Lubbock and Amarillo changed places again, Amarillo taking over the top spot in the West Texas-New Mexico League.

Pouncing on Berger for a 14-1 victory while Pampa was beating Lubbock, 11-6, Amarillo took an eight percentage point advantage last night.

In other games, Albuquerque handed Clovis its 16th straight defeat, 6-4, in 10 innings and Lamesa edged Abilene, 6-4.

Bob Cruces led an 18-hit attack against Berger with two homers, a triple, double and two singles. Bill Lonergan, Elias and Joe Bauman also hit homers for Amarillo. Bill Jones won his 16th game as Lamesa scored six times in the eighth inning to beat Abilene, 1-0. E. Palmer sparked the rally with a grand slam homer.

DODGE "DEPENDABILITY"

The word DEPENDABILITY was born in exclusive reference to the Dodge automobile, thirty years ago. It applies to Dodge today in exactly the same exclusive way, although the Dictionary now contains it and defines it.

The Dodge meaning of the word remains well fixed and proven. It means exceptional Style, Performance and Economy,—Today, Yesterday, and Tomorrow.
