

Gen. Wedemeyer Proposes Military Aid for China Before Committee

Pampa News

VOL. 46, NO. 284 PAMPA, TEXAS, THURSDAY, MARCH 4, 1948. Price 5c AP Leased Wire

Marshall Offers Only Economic Aid

WASHINGTON—(AP)—Lt. Gen. Albert C. Wedemeyer today proposed military aid for China. "We are going to pay in blood" if proper steps are not taken to stop the spread of communism, Wedemeyer told the House Foreign Affairs Committee. "I don't think dollars alone will stop the spread of communism anywhere," the one-time chief of staff to Generalissimo Chiang Kai-shek continued. The administration has proposed \$570,000,000 aid to China without military help.

He said that economic aid abroad should be backed up with military support. But, Wedemeyer made plain he is talking about military aid and not military participation. He said military aid means sending competent officers to advise in the use of weapons where a country has been given economic aid.

"I don't believe military participation is necessary at this time," he added at the committee hearing on the China aid measure.

Wedemeyer said communism "is out to destroy everything we hold dear."

"I believe we should give military aid to all countries and all peoples whose policies and economic structures are compatible with our own and who are striving against totalitarian doctrines."

He acknowledged that he and Secretary of State Marshall have honest differences about military aid to China.

Wedemeyer said \$200,000,000 "would have helped China immeasurably" two years ago.

"But today," he added, "I think it would recommend \$500,000,000 in aid to China unless there were military aid to protect that \$500,000,000."

"This vast movement that has been so successful in Czechoslovakia and probably in Finland, is sweeping down from the north. If we in America intend to put a stop to it, we can't do it by purely economic aid."

Wedemeyer went to China last summer as President Truman's special representative. But the findings he submitted upon his return have never been made public.

The State Department ruled that to do so might be "actually harmful to both this country and China."

Rep. Judd (R-Minn.), a member of the House committee, told reporters he is convinced that Wedemeyer's views conflict with those of Secretary of State Marshall.

Marshall himself spent a year in China as Mr. Truman's personal envoy before taking over the cabinet post.

The committee already has learned that the views of Gen. Douglas MacArthur on help for China are at sharp odds with those of Marshall and the President.

The administration program now before Congress calls only for economic help for China. It proposes \$500,000,000.

Loyalty Report on Dr. Condon Is Called for by Committee

WASHINGTON—(AP)—Whether a loyalty report on Dr. Edward U. Condon is to be made public depends today on Secretary of Commerce Harriman.

There is some doubt that Harriman will give it out. Condon is the Federal Bureau of Standards chief accused by a House un-American Activities Subcommittee of associating "knowingly or unknowingly" with suspected Russian spies. The subcommittee also described him as "one of the weakest links in our atomic security."

Some of the government's most secret scientific developments are tested by the bureau.

Condon insists that if it is true he is one of the weakest atomic security links the country can relax because he is "absolutely reliable."

The un-American Activities group served a subpoena yesterday demanding that the Commerce Department loyalty board produce all its records on Condon when the committee meets tomorrow morning.

The subpoena was served on John L. Towne, secretary of the board, who immediately put the matter in the hands of the department's head lawyer, Isaac N. P. Stokes.

Even some members of the committee say there are precedents for the department to refuse to submit the records on grounds that they are confidential and (B) it would not be in the public interest.

In any event, the department was taking no action until Harriman checked in today after a vacation in Idaho.

Undersecretary William C. Foster has reported that the loyalty board found no reason to believe Condon is disloyal to his country.

And in a statement yesterday, the Federation of American Scientists said the bureau director is the victim of a "deliberate smear."

H. said Condon has earned the "respect and admiration" of fellow scientists.

Mihai Says Abdication Was Forced

LONDON—(AP)—Former King Mihai of Romania said today his abdication was forced upon him and he does not consider himself bound by it.

That Mihai said tomorrow for the United States. He had lunch today with the British royal family at Buckingham Palace, and then issued a statement saying:

"At the present moment it is no longer necessary to insist on the circumstances and causes of certain political events."

"The motives of the profound political changes imposed on the small states of Eastern Europe are already too well known."

"As far as Romania is concerned, I want to avail myself of the first possibility personally to confirm the facts as they happened."

On the morning of Dec. 30, 1947, Mr. Petru Groza and Gheorghiu-Dej members of the Romanian cabinet, presented to me the text of the act of abdication, urging me to sign it at once. Both of them came to the Royal Palace after it had been surrounded by armed detachments, informing me that they would hold me responsible for the bloodshed which will follow as a consequence of the instructions already issued by them in case I shall not sign within the time limit.

"This act was imposed on me by force, by a government installed and maintained in power by a foreign country, a government utterly unrepresentative of the will of the Romanian people."

"This government had violated international pledges binding them to respect the political freedom of the Romanian people, had falsified the elections and annihilated the democratic political leaders who enjoyed the confidence of the country."

"The removal of the monarchy constitutes a new act of violence."

MacArthur Support Gaining in North

By The Associated Press

Rebelling Dixie Democrats today received a setback in their drive to keep President Truman's name off Southern ballots. But from the North came fresh support for a change in party standard bearers after serving five months of a 6 to 18 months mail fraud sentence, declared the nation is demanding that Mr. Truman stay out of the race.

At the same time, three New England Democrats including Boston's long-time Mayor James M. Curley urged Gen. Douglas MacArthur as their party's presidential candidate.

Curley, who last Thanksgiving was granted a presidential pardon after serving five months of a 6 to 18 months mail fraud sentence, declared the nation is demanding that Mr. Truman stay out of the race.

He joined former governors Joseph B. Ely of Massachusetts and Francis P. Murphy of New Hampshire in proposing the supreme and commander of Japan as the Democratic nominee.

Ely supported the late Alfred E. Smith in his break with President Franklin D. Roosevelt and backed James A. Farley against Roosevelt at the 1940 Democratic convention.

Murphy was a Republican governor but later was Democratic national committee man from New Hampshire.

Curley was asked whether he plans to start a move at the Philadelphia convention to substitute MacArthur for Truman.

"I don't think it will be necessary," he replied to a reporter. "The country is doing it now."

MacArthur has been mentioned most frequently as a possible GOP nominee.

In that connection, a campaign committee was organized in New York yesterday "to boom MacArthur to the end that the people there will be nominated for president."

Warren Wright of Chicago, acting leader of the group, said no pledged delegates will be sought. He added, the committee will rely on a nationwide poll three weeks before the GOP convention to convince party leaders that MacArthur is the people's choice.

In Virginia, Gov. William M. Tucker approved a complete substitute for his "anti-Truman" election law bill.

The revised measure would permit the President's name to appear on the state's ballot, but would require presidential electors to vote as the Virginia party convention orders.

That would be for a someone in the Pampa Daily News.

Farmer Gets Lower Income Than Year Ago

CHICAGO—(AP)—The farmer sending produce to market today finds he is getting a lower income from several important items than he did a year ago.

How the farmer's income took a wallop in the recent slash of market values was revealed in a comparison of prices yesterday with March 3, 1947. Such important items as wheat, hogs and cotton were lower.

The hog top at Chicago a year ago was \$29.50 a hundred pounds. Yesterday the best price was \$24.25. This decline has developed despite a smaller number of hogs.

Farmers are doing a little better with cattle. As an example, good steers and yearlings which brought \$21.00 to \$24.00 at South St. Louis, Minn., a year ago are now bringing \$23.50 to \$26.50.

But sheep prices are under a year ago. Good and choice native and fed wooled western lambs were worth \$24.00 to \$24.40 at East St. Louis a year ago. Yesterday they brought around \$22.00.

These prices are typical. The same variations with 1947 apply in all livestock markets.

In the big Kansas City cash market, wheat which sold no lower than \$2.54 1-2 a bushel on March 3, 1947, was down to as low as \$2.44 1-4 yesterday.

But the feed grains—corn and oats—are much higher than last March. This is not as much a help to farmer income as it might appear. He doesn't have much feed grains a result of last year's short corn crop.

A grade of corn which brought \$1.62 a bushel a year ago at Chicago was worth \$2.36 1-2 yesterday. In Minneapolis, oats which

(THURSDAY)—Dr. Edward U. Condon, above, director of the U. S. Bureau of Standards, is charged by the House Committee on un-American Activities with having associated with Soviet espionage agents. Condon's bureau conducts experiments in many scientific fields, including atomic energy.

Disposal Plant Survey Slated By Commission

The City Commission has approved plans for a disposal plant survey, it was announced today.

The work to be done by Roberts & Merriman consulting engineers, will begin at once.

The city manager, Steve Matthews, cited the fact that the present disposal system has been in use for about 10 years in view of the fact that the city's population is now near 20,000. It is the commission's contention that the present system must be enlarged or a completely new plant must be built.

Roberts & Merriman has agreed to make the survey for \$500, and if the firm is retained to draw up the complete plans and specifications, that amount will be refunded.

Matthews said that since the City Engineering Department is handling the city's expanded pavement program, sewer construction in addition to all other engineering duties, it does not have time to make the survey. Therefore, the firm was called in to consult on the matter.

The survey will include the following, according to a letter:

Hearing on Underpass Is Set in Austin

City Manager Steve Matthews reported this morning receipt of a letter from Herbert Eldridge, administrative assistant in the Texas Highway Department, Austin, setting a date for local representatives to appear before the Highway Commission.

The City Commission has requested hearing in regard to construction of an underpass at the Hobart Street crossing.

The date for the appearance of the local group is April 1.

It was announced that such an underpass would be built for the Pampa-Perritton Highway (No. 70), but the City Commission contends that the underpass is needed now even before the highway is completed.

Therefore, Matthews said City Engineer Dick Pepin is now preparing a survey of traffic patterns and a traffic count at the crossing extending over a 24-hour period. Pictures will be taken to submit at the hearing, showing cars forced to wait at the crossing when rail traffic goes through.

Matthews said one of the most substantial arguments for the establishment of the underpass at this time is the protection which it will call for in the southwest part of the city, the

5 Nations in Discussion on Western Union

BRUSSELS, Belgium—(AP)—Five nations commenced talks today on a suggested Western European union to stem Communist expansion.

Representatives of Great Britain, France, Belgium, the Netherlands and Luxembourg met at the Foreign Affairs Ministry at 10:05 a. m. (4:05 a. m. CST). The deliberations were closed to the press.

Paul-Henri Spaak, Belgian premier and foreign minister, opened the conference formally. He welcomed the delegates to Brussels and said he hoped their discussions would result in the successful conclusion of a five-power agreement.

They were asked to study the idea of a treaty and alliance to stop the spread of Communist "control, newly installed in Czechoslovakia and France in Finland."

The delegates were reported to have agreed to proceed with the meeting despite the absence of Gladwyn Jebb, second British delegate. The others all had arrived. Jebb, a deputy to the British foreign secretary, was delayed in London by the bad weather.

After the formal opening by Spaak, the conference was presided over by Fernand Van Langenhove, permanent Belgian delegate to the United Nations.

No indication was given how long it will last. Neither was there any information immediately.

First Minstrel Performance Is 8 P. M. Tonight

The Caprettes of Texas State College for Women at Denton, Tex., arrived in Pampa last night, and swung into a special rehearsal at 2 p. m. this afternoon.

The group will perform with the regular cast of "A Night in Harlem," the Pampa Lions Club minstrel show to be presented at the Junior High School auditorium at 8 tonight and tomorrow evening.

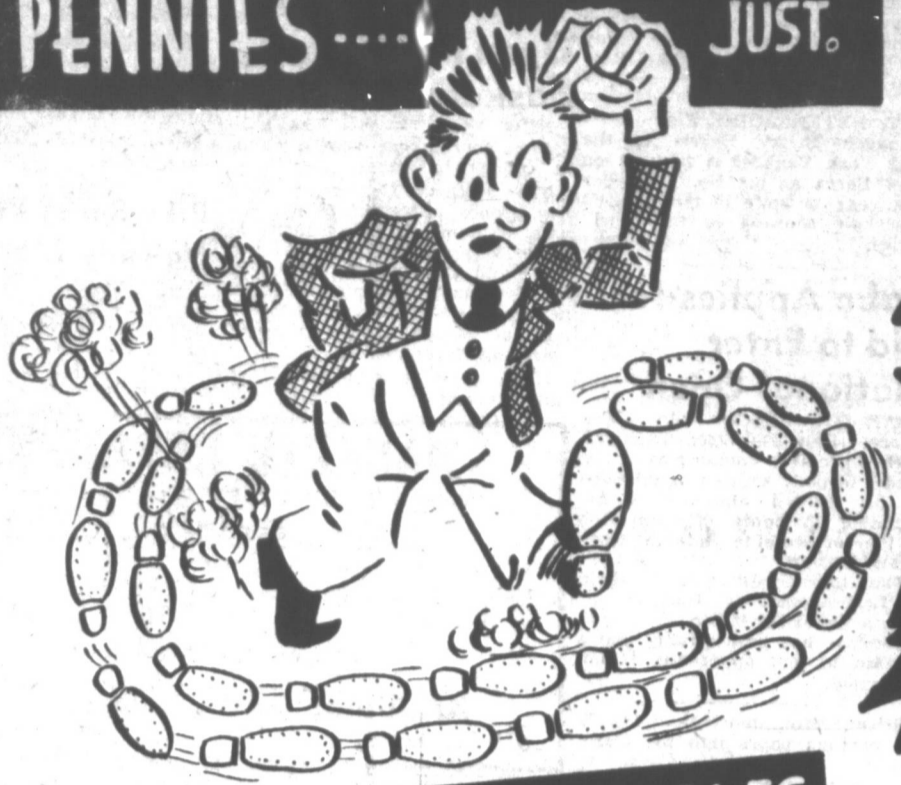

The Caprettes were guests of the Lions Club at luncheon today and will be the guests of the BSA Sorority for dinner this evening at the Schneider Hotel. The Kiwanis Club will be hosts to the group at luncheon tomorrow.

This group of entertainers are being chaperoned to Pampa by their instructor, Mrs. Anna Lee Mansen, of the Physical Education Department of the college. The Caprettes include in their number a Pampa girl, Miss Irma Lee Kennedy, sister of Clarence Kennedy, who is attending school at TSCW.

At a breakfast this morning at See MINSTREL, Page 6

Two Texas League Graduates Bolster Cards' Hurling Staff

ST. PETERSBURG, Fla.—(AP)—It is not often that a manager goes out on the limb and credits a major league stardom for one of his rookies, not to mention two.

Five Men To Meet on Wrestle Royal

Five men and two referees will emerge in the center of the ring tonight when Promoter Vic Burnett presents a wrestle royal on the Sportatorium's weekly wrestling card.

The wrestlers, Al Getz, Hy Sharman, Ace Freeman, Salvador Flores, and Johnny Corlin will mix it up in the center of the ring until two of the gladiators remain. These two will return for the evening's main event.

The second and third wrestlers eliminated will meet in the semi-final bout of the evening. Homer Anderson of Pampa and Olan Boynton of Amarillo will referee the wrestle royal. Anderson will officiate in the semi-final go; Boynton the main event. All of the above mentioned wrestlers have made appearances in the local ring except Sharman, who is a Salt Lake City Fireman, will be making his first appearance in this area.

Ray Robinson To Fight Tonight

TOLEDO, O.—(AP)—Welterweight champion Ray (Sugar) Robinson will trade punches with the veteran Olan (Bulldog) Harris of Pittsburgh in a non-title 10-rounder at the Sportatorium Arena tonight.

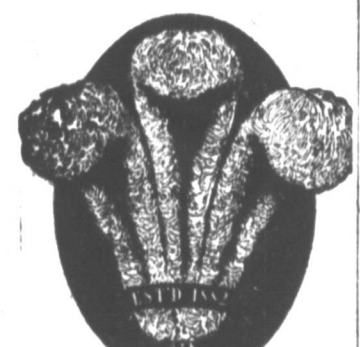

NOW TRY THE GREAT 65TH YEAR THREE FEATHERS

Judge its NOBLE FLAVOR

THREE FEATHERS The Sign of Sound Judgement

BLENDED WHISKEY, 86 proof. 65% grain neutral spirits. Three Feathers Distillers, Inc., New York, N. Y.

East Texas to Meet TWC in 1st Round of NAIB Tourney

PORT WORTH, Texas.—(AP)—East Texas State of the Lone Star Conference will engage Texas Wesleyan in the first game of the NAIB (Texas District) Basketball Tournament here tomorrow at 7:30 p. m.

East Texas was selected on the basis of its full season record, although three teams tied for the Lone Star Conference title. Abilene Christian, winner of the Texas Conference, will engage Texas Tech, Texas' top border conference team, at 9 p. m.

The NAIB committee was unable to select a team from the Lone Star Conference in seven hours of discussion. Then L. I. Smith, president of the conference, was asked to name a team and he refused on the grounds that he is a member of the East Texas State faculty. Smith asked W. W. Dossey, vice president of the conference and a faculty member of Stephen F. Austin, a neutral school, to designate a team.

Dossey named East Texas State because it had the best season record. The Lions won 19 and lost 11. North Texas State won 16 and lost 10 and Sam Houston won 12 and lost eight.

Eastern Golden Gloves Tourney Comes to End

NEW YORK.—(AP)—The search for "the new Joe Louis" still continues after the Eastern Golden Gloves Tourney of Champions produced only one knockout in 24 semi-final and final amateur bouts.

Only Johnny Saxton of New York's Salem Crescent A. C. was able to dump his man for keeps. The victim was Luis Ortiz of Puerto Rico in a 135-pound semi-final that sole the show last night at Madison Square Garden.

Saxton later clinched the title by outpointing Bob Rosengart of Buffalo.

New York's Coley Wallace, the newly-crowned heavyweight king, scrambled through to victory without any show of devastating punching power.

Lamar Wins Jr. College Tourney

COLLEGE STATION, Tex.—(AP)—Lamar of Beaumont is champion of state junior college basketball teams.

Lamar overcame an early lead last night against Tyler to run out a 55-43 victory.

The champions were paced by Billy Moody, tall Lamar center, who scored 17 points.

The win was sweet revenge for Lamar. Twice during the season Tyler, Southwestern Junior College Conference champion, defeated Lamar.

It is estimated that there were 4,000 lakes in Connecticut at the end of the Ice Age, of which 2,500 have disappeared.

Training Camp Roundup

Walker Still Missing From Philly Camp
NEW YORK.—(AP)—Harry Walker admits there aren't many dollars between him and another year with the Philadelphia Phillies. But for the present the 1947 National League batting king is staying at his Leeds, Ala., home, looking after his hardware business and building a couple of houses.

"They understand what I want," said the outfielder, "and any move is up to them."

Also missing from the Phils' Clearwater, Fla., camp is big Howie Schultz. The first baseman is playing professional basketball for Anderson, Ind., of the National League and says he doesn't intend to quit until the season ends.

NOTES FROM OTHER CAMPS
SARASOTA, Fla. (AP)—Johnny Ostrowski, up from Los Angeles, is making a bid for the third-base job with the Boston Red Sox. His chief competition probably will come from Johnny Pesky or Vern Stephens, depending on which of them is picked for shortstop.

TAMPA, Fla.—(AP)—Manager Johnny Neun of the Cincinnati Reds today picked Ewell Blackwell, his biggest winner last season, and rookie Howard Fox to pitch against Detroit Sunday.

Parlee Joins Browns
SAN BERNARDINO, Calif.—(AP)—Catcher Roy Parlee, obtained from the Boston Red Sox, was due in uniform at the St. Louis Browns camp today. He signed his contract last night leaving

seven Brownies, including Chuck Stevens and Jerry Priddy, still on the holdout list.

ST. PETERSBURG, Fla.—(AP)—The St. Louis Cardinals holdout situation appeared almost at an end today. Harry Brecheen is en route to talk terms and Stan Musial has a meeting scheduled today with club president Bob Hannegan. Rookie Pitcher Ray Yochim is the only other Red-bird not signed.

ST. PETERSBURG, Fla.—(AP)—Manager Bucky Harris of the New York Yankees is figuring on Yogi Berra as his No. 1 catcher this year in spite of the rookie's miserable showing in the World Series.

Babe Applies for Bid to Enter National Open
SAN FRANCISCO.—(AP)—Mrs. George (Babe Didrikson) Zaharias, world's greatest woman player, has made formal, written application to the United States Golf Association in hopes of competing in the forthcoming National Open Championship.

The tournament will be held at Los Angeles in June.

Mrs. Zaharias' bid to enter what heretofore has been strictly man's domain in golf apparently is unexampled.

Sewage from more than 12,000,000 persons pours into the Great Lakes

Tourney Season Open in College Basketball

NEW YORK.—(AP)—The post-season tournament season is on in college basketball.

The Southern Conference tourney opened last night at Durham with William and Mary upsetting Wake Forest, 61-56, and Duke taking South Carolina, 63-48. Tonight the Southeastern Conference tourney gets underway at Louisville and the Mason-Dixon tourney starts at Baltimore.

Next week the National Invitation opens in New York and

the NAIB in Kansas City. Michigan, Big Nine champions, yesterday became the third to be formally named to the NCAA eliminations. The Wolverines will represent district four in the eastern playoffs. Holy Cross and Kentucky were previously named.

Bike Races Pass Halfway Mark

NEW YORK.—(AP)—The International six-day bicycle race has passed the halfway mark with Italian wheelers, Alvaro Goergetti and Angelo Debaeco, hanging on tenaciously to their one-lap lead.

Unbeaten Carver Meets Lubbock Tomorrow Night

The undefeated boys' and girls' basketball teams of Carver High School will ring down the curtain on their 1947-48 cage season tomorrow night in the Junior High School Gym, when they play two teams from Dunbar High School of Lubbock.

This is the first time in the history of Carver School that both teams have gone through a season undefeated. However, the girls' team has gone through six seasons of play and has yet to lose a game.

It was the girls' team from Dunbar that has given the local girls their stiffest competition during the past six years. In 1942 they came within two points of marring this impressive record.

During the intermission between the two games Friday night, the Carver school will crown its basketball queen. The queen will be picked from the girls' basketball squad.

The Carver school is sponsoring the Friday night game. Proceeds from the game will go towards the purchase of a movie projector for the school.

Sports Round-Up

By HUGH FULLERTON, JR., TAMPA, Fla.—(AP)—The Cincinnati Reds may not have the best ball club in the majors (who said "may not" they don't.) But the chances are they have the biggest. . . Of 38 players on the roster, 27 are six feet or more tall and two of the others are less than a half-inch under. . . Tallies is 6-4, 180-pound Ewell Blackwell, but another pitcher, Walker Cress, up from New Orleans, is 6-5 and trainer Dr. Wilbur Bohm is about 6-5 and weighs 280 pounds. . . It looks like a blooming basketball squad. . . Even Jewel Ens, the Syracuse manager who saw him play last season, was surprised to see how tall Shortstop Red Stalcup looks on the practice field. He's listed at 6-3 and has a lanky, almost awkward way of moving around, but he gets in front of the ball. . .

WELL IN THE BLACK Warren Giles, the Reds head man, happened in a glance at the dog track entries the other day and noticed one greyhound owned by the Blackwell Kennels. . . "I ought to go out there and bet on him," commented Warren. "Blackwell I don't know a ny better place to put my money."

TAMPA CIGAR SMOKE The Reds plan to stage a scientific experiment on the results of baseball television next summer, televising all weekday games and four of their seven Sunday games. They plan to pair up the Sunday games that are aired and those that aren't as closely as possible and then compare attendances. Ewell Blackwell's 16-game winning streak doesn't look too hot to one rookie pitcher in camp here. Harry Perkowski won 17 straight for Ogden, Utah, in 1946. . . Bucky Walters will be 38 years old on opening day, April 19, and Hank Sauer will be 29 on St. Patrick's day. . . The Reds, incidentally, will spend St. Pat's in St. Pete.

RECOGNITION AT LAST National League prexy Ford Frick, who is touring the Florida camps, felt a trifle flattered yesterday when guardian-of-the-portal Manny De Castro let him onto the field without question. . . It was Manny who stopped Happy Chandler last season. . . When Chandler explained he was commissioner of baseball, Manny retorted: "you may be commissioner of baseball on the other side of the fence, but you can't get onto this field until somebody tells me who you are."

Lesnevich-Fox Battle Stated For Tomorrow Nite in Garden

NEW YORK (AP)—Is Blackjack Billy Fox as good a fighter as his record indicates? For a fee of around \$50,000, Prof. Gus Lesnevich is going to try and answer the question in Madison Square Garden Friday night.

Old Gus is putting his light heavyweight championship on the line against Fox in a bout scheduled for 15 rounds. It probably won't go more than ten.

Ten was all Lesnevich needed last year when he flattened the 22-year-old Negro kazo artist in their first title bout.

It was the first defeat of Fox's budding pro career. Until he ran into Gus' punches, Fox had won all of his 43 pro fights by knockouts. Even if some of his foes were second raters that was some record.

In strict violation of the unwritten rule that you don't go against a champion, the bookmakers had Fox as much as 1 to 3 favorite hours before the fight.

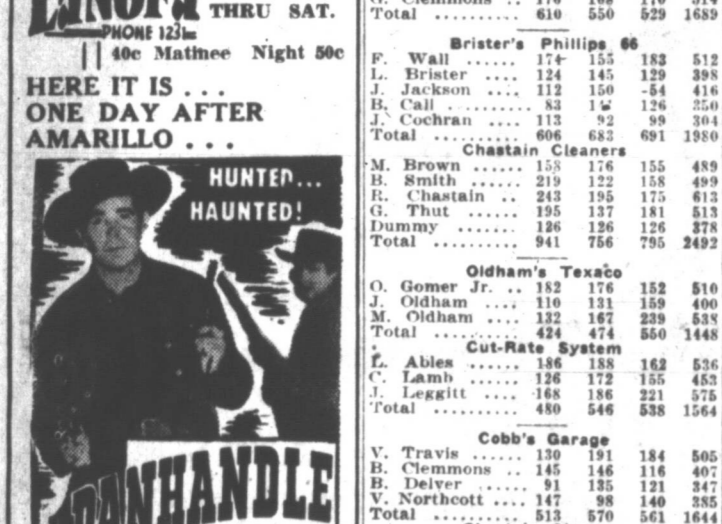

A flood of Lesnevich money drove the odds down, and by fight time Fox was only favored 1 to 5. The Cliffside Park, N. J., veteran made the price-makers look silly when he gave the Philadelphia youngster a first class drubbing.

For return fight Lesnevich is a 5 to 9 choice. Since his meeting with Fox, Feb. 28, 1947, the 22-year-old Lesnevich has fought only heavyweights. He knocked out Mello Bettina in 59 seconds, outpointed Tami Mauriello in ten, and then stopped Tami in seven, his fourth successive victory over the Bronx bantam.

While Gus was busy with the big boys, Fox was hustling to build up his kazo string. He added seven more knockout victims to his imposing list, including Artie Levine, George Kochan and Jake Lamotta.

The Twentieth Century S. C. is charging from \$2.50 to \$20 a seat for Friday's fight. The gate should gross around \$100,000, of which Lesnevich is due to collect around thirty grand.

Carey Picked To Win 1st Game of Meet

AUSTIN (AP)—The Carey Cardinals were favored to beat Big Lake's Owls in the opening game of the 25th annual Intercollegiate League Basketball Tournament here today.

Carey boasted the better won-loss record, 25 victories against a single defeat, and Big Lake's coach Jack W. Black reported his number two scoring threat on the crippled list. The player, Hulet Roach, suffered a twisted ankle in regional play. He did not work out with the rest of the team yesterday.

The two West Texas entries initiated play for the class B title. Class A play was scheduled to get underway at 3:10 p. m. with Mount Vernon meeting Texas City.

Class AA teams do not start shooting until tomorrow afternoon. Finals in the three conferences, B, A and AA, will be held Saturday afternoon and night.

Carey was gunning for its second state title. The Cardinals took the championship in 1937 when all the schools—the little 'uns and the big 'uns—played for a single crown. (The system of three separate championships was installed in 1942.)

Coach Jim Middleton was a sub on the Carey team of 1937, and his brother, Harbour Middleton, was the captain. Jim was a starter in the 1938 quintet which also reached the state tournament. This is his first year as coach of the Cardinals.

Bowie of El Paso flew into Austin yesterday, a day earlier than other class AA teams. Coach W. C. "Nemo" Herrera reported most of his players suffered ailments, but all were able to participate in afternoon and night practice sessions.

Johnson City and Prairie Valley (Nocona) were scheduled to meet in another class B contest at 11:30 a. m. with the winner due to become the favorite for the title.

Johnson City is defending champion, has three of its starters from last year's team returning, and has a record of 25 victories and three losses. The Eagles boast the only all-tournament player of 1947 who is back again. He is Charles Haley, a forward, who won a 20-point game.

Prairie Valley knocked out of the tournament by Johnson City last year in the second round, 40 to 27. The Eagles have a fine record of 33 triumphs and two losses this season.

Other class B games today had aydella versus Marfa at 10:10 a. m. and Sweeney versus Refugio at 1:45 p. m.

Mount Vernon faced Texas City in the Class A opener at 11:30 p. m.; Drennitt played Sinton at 10:10 p. m.; Mountain (Gilmer) was to begin defense of its crown against Nocona at 7:45 p. m.; and Brenham was to meet Tarrant at 8:40 p. m.

Advice Given Husbands and Wives on Filing '47 Taxes

By JAMES MARLOW
WASHINGTON (AP)—Husbands and wives here are things to remember in filing your 1947 income tax return by March 15. For himself a husband gets a \$500 exemption. That's \$500 deducted from his total income before it's taxed.

He can claim another \$500 exemption for his wife if she had no income. If she had no income, she doesn't have to file a return. But she must file, separately or jointly with her husband, if she had \$500 or more income.

If she files separately, she claims her own \$500 exemption and the husband, on his return, claims his own \$500. If they file a joint return, they claim a total exemption of \$1,000. Suppose she had less than \$500 income. She doesn't have to file a return. But, no matter how small that income was—so long as she had some—if she doesn't file—

Then her husband can't claim any exemption for her and, since she isn't filing, she can't claim her own \$500 exemption. Therefore, she should file a joint return with her husband, listing both her exemption and her income. This will reduce the husband's tax without costing her anything.

When a couple's combined income was under \$3,000, they can file jointly on form W-2, the withholding statement, or on the 1040 shortform, or on the 1040 long-form, depending on their reason for making the choice.

When they file separately on form W-2 or the 1040 short-form, each is allowed a deduction of about 10 percent for personal expenses. It's already allowed for in the tax-table used with both those forms.

Remember this: When they file jointly on form W-2 or the 1040 short-form, they are allowed only one deduction of about 10 percent but it is 10 percent of their combined income.

When they file separately on the 1040 long-form, because the income of each is \$5,000 or more, each is allowed a standard deduction of \$500 for personal expenses.

But remember: If they file jointly on the long-form, they are allowed only one standard deduction of \$500 from their combined income, not a \$500 deduction for each of them.

Now She Shops "Cash and Carry"

Without Painful Backache
Many doctors relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pain, leg pain, loss of pep and energy, getting up nights, swelling puffiness under the eyes, headaches, dizziness. Frequent or scanty passes with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills

FARMER

(Continued from page 1)
 sold for 84 to 85 cents on March 3, 1947, brought \$1.26 1-4 to \$1.29 1-4 yesterday.
 Potatoes are another good item. The lowly spud was so weak at times last year it required government price support. I'd a h o r u s s e t b u r k a n d potatoes sold at \$5.65 to \$5.90 at Chicago yesterday against \$3.45 to \$3.50 last year.
 Butter is just about where it was a year ago. A grade which sold in the New York wholesale market last year at 76 1-2 cents a pound was 76 to 76 1-2 cents yesterday. But eggs have advanced a quality selling at 47 1-2 to 48 cents a dozen last year now is bringing 52 1-2 cents.
 Southern cotton producers also are about where they were a year ago. Average price of cash cotton at southern markets yesterday was 33.64 cents a pound against 34.06 cents a year ago.
 In some cases there do not represent actual prices received by farmers. The sellers in wholesale markets may be receivers, commission men, cash houses and similar "middlemen." The price obtained by the farmer at his local market may be much lower. But it, too, would show the same relation with last year.

MINSTREL

(Continued from page 1)
 The Court House Cafe, the girls were excited at the prospect of playing to a Pampa audience. They said, "Dancing is more fun than anything." They have appeared in several shows in North and Central Texas this year. They will be featured in several specialty dance numbers, including the Boogie Woogie, and the Jitterbug Jitters.
 Charlie Thut, chairman of ticket sales, reports that all reserved seats for both nights have been sold, but that there are many choice general admission seats. Only 450 seats are reserved for each night's performance, leaving approximately 750 good seats for holders of general admission tickets, he said.

HEARING

(Continued from page 1)
 only sure route for the fire truck to take is Cuyler Street, and it is a busy route—aside from the fact that it is indirect.
 Funds for the construction of the underpass will come from the Federal Bureau of Roads and through the Texas Highway Department. Ten percent of the cost would be met by the Santa Fe Railroad Co., Matthews said. The construction would be done by the Highway Department.

5 NATIONS

(Continued from page 1)
 whether any official communiques will be issued.
 The five delegations are: British—Sir George Rendel, ambassador to Belgium, and Jebb; French—Count Jean Marie Francis de Hauteclouque, ambassador; Roland de Margerie, counselor; M. Gros, legal adviser, and M. Valery.
 Luxembourg—Robert Ais, minister in Brussels, and Pierre Elvinger, counselor.
 Dutch—Baron Van Harinxma Thoe Sloten, ambassador; M. Boon, political adviser, and M. Ryckebusch.
 Belgian—Van Langenhove, Walter Lardian, director of the foreign ministry's political section, and F. Muuls and George Jaeckebek of the foreign ministry.
 Britain called the conference in line with Foreign Secretary Ernest Bevin's proposal for "consolidation of Western Europe," made in the House of Commons Jan. 22.
 France joined her in inviting the low countries to treaty talks. French officials said they "naturally" approved Bevin's pronouncement.
 Experts from the other three governments said yesterday they had arrived at a common attitude for the conference. They did not say what it was.
 U. S. Undersecretary of State Robert A. Lovett, meanwhile, told a Washington news conference the United States wants any Western European union to be strictly European. He said the U. S. would not take part in the Brussels meeting.

SURVEY

(Continued from page 1)
 from Waylton Merriman to the mayor and commission.
 Survey and analysis of present plant facilities; preliminary measurements of sewage flow; laboratory analysis of sewage; estimates of future sewage flow; study of future needs with special emphasis on whether the present plant should be expanded or an entirely new plant should be built.
 Also preliminary surveys for a new plant site; preliminary plans, including sizes and types of structures and equipment for a new plant and for expansion of the present plant; preliminary estimates of construction costs for a new plant and for expansion of the present plant; an analysis of the advantages of expanding the present plant and of constructing a new plant; recommendations as to whether a new plant should be built or the present plant expanded.
 The work is to be completed within five weeks, the letter said.

LOYALTY

(Continued from page 1)
 Thomas (R-N.J.) said his un-American Activities Committee will make public, if the Commerce Department doesn't, a letter about Condon's loyalty which FBI Director J. Edgar Hoover wrote Harriman last year.
 Thomas contends "there has been some misleading information given out that the letter clears Condon of any disloyal activity."
 The Garden of Eden and the Tower of Babel have their traditional sites in Iraq.

Mainly About People

Mr. and Mrs. J. D. Atchley, Jr., of Midland, spent Tuesday night and Wednesday in the home of the latter's parents, Mr. and Mrs. Herman Jones, 601 N. Gray. They were enroute home from Healdton, Okla., where they attended the funeral services held Monday, of the former's father, J. D. Atchley, Sr.

MacARTHUR

(Continued from page 1)
 other than Mr. Truman, if he is his party's nominee and if Southern Democratic leaders remain up in arms over his civil rights program.
 Another spark was added to the revolt by Florida Democrats. They postponed their Jefferson-Jackson Day dinners until after the party's convention in July.
 "No appeal for funds for the National Democratic Party will be made at this time," they announced.
 The Ku Klux Klan, in another phase of the Dixie rebellion, carried its burning torch to Wrightsville, Ga., where only one Negro approached the polls in a county primary election.
 Grand Dragon Dr. Samuel Green told the hooded gathering that if the civil rights program is enacted federal bayonets will be used again to enforce equality. If that happens, he said, "blood will flow."
 Congressional action on the controversial program was momentarily halted.
 The Senate calendar is crowded with other matters. Speaker Martin (R-Mass.) told a reporter he does not see how the House either, can get around to acting on a pending anti-lynching bill for another month.
 But another GOP leader, who asked that his name not be used, said "we will pass it eventually. It's a matter of timing."
 Meanwhile two Republican candidates for the GOP presidential nomination prepared to maneuver for top position in the first primary election test in New Hampshire next Tuesday.
 Harold E. Stassen, former Minnesota governor, was on a two-day talking tour of the state. He faces a major challenge there from Gov. Thomas E. Dewey of New York.

MARSHALL

(Continued from page 1)
 poses no guns, ammunition or other military assistance for the government troops battling Communist forces.
 But MacArthur, in a statement cabled to the House group from Tokyo yesterday, asserted that "underlying all issues in China is now the military problem."
 This was but one of a number of foreign aid developments in Congress. In other:
 1. Senator Vandenberg (Mich.) flatly rejected the efforts of a group of his Republican colleagues to try to use the Marshall Plan for Europe as a vehicle for the creation of a new international super agency designed to check Russian expansion.
 2. Marshall asked Congress to vote \$20,000,000 in economic aid for the British-American Zone of Trieste for the 15 months beginning April 1.
 He will continue to serve the Romanian people with which my destiny is inextricably bound."
 The British Foreign Office said of Mihai's statement:
 "At the time he left the throne, we recalled that he had played a great part in helping to release Romania from the Fascist yoke."
 "We also recalled that he was one of the rare recipients of the Soviet Order of Victory. That is still our only comment."

ABDICATION

(Continued from page 1)
 in the policy of the enslavement of Romania. In these conditions I do not consider myself bound in any way, by this act imposed upon me.
 "With unshaken faith in our future, animated by the same devotion and will to work, I

AID GROUP

(Continued from page 1)
 youngsters' favorite, "The Green-Eyed Dragon."
 One program change was made. A scheduled duet from "La Traviata," featuring Miss Phillips and Mr. Hain, was delayed until later in the program, presumably to offer Hain a rest before his feature solo, the Lalo "Aubade."

LEGAL RECORDS

Realty Transfers
 J. W. Burrows et al to T. H. Andrews lots 11 to 15, inclusive, block 28, original town of McLean.
 M. P. Downs and wife, Mary Lou Downs, to Clint Thompson lot 15, block 1, Gordon Addition.
 L. L. Sone and J. O. McCoy to Hoyt Rice and wife, Colleen Rice, lot 4, block 3, Stone & McCoy Subdivision.
Suits Filed
 C. E. Smith vs Albert B. Lockhart, suit on debt; also a companion suit, C. E. Smith vs. First National Bank, garnishment.

Legal Records

Man Fined \$500, Given 5 Days in Jail on Charge
 Lewis E. Casada, Pampa construction rig worker, was fined \$500 and costs and sentenced to five days in jail in County Court this morning on a charge of driving while intoxicated. His driver's license was suspended for 12 months.
 Casada had been fined previously on a similar charge.
 City Police picked up Casada last night when he was seen driving on the wrong side of the street near the underpass.
 It would mean that 25,000 more American seamen would hit the beach and be unemployed.
 —Harry Lundberg, president, International Seafarers' Union, on transfer of U. S. ships to European nations.

PLASTIC TILE News from Akron, Ohio: There's a plastic tile which never needs waxing and is non-slippery when wet. Also, there's a new cement powder which can be mixed to form a solid bond with such difficult bases as marble, slate and wood. It is slip-proof and can be spread so feathery thin it doesn't disrupt a color scheme.

HINT TO DRIVERS After long service, radiator and water pump hose tends to deteriorate, and should be replaced to avoid having particles of fabric clog the radiator core.

Political Calendar The Pampa News has been authorized to present the names of the following citizens as Candidates for offices subject to the action of the Democratic voters in their primary election on Saturday, July 24, 1948.

Texas Today

By WILLIAM C. BARNARD
Associated Press Staff
Whatever else El Paso has, it can claim more than its share of static electricity.
The whole, high, dry area is charged with it and anyone going there quickly attains a personal if not a scientific interest in the subject.
Thirty minutes after we registered at an El Paso hotel, we were on the telephone, complaining to the management that the building was short-circuited and that electricity was flying out of the radiators, light switches and elevator buttons.
The management just laughed. It was an old complaint.
"It isn't the hotel," the man said, "it's you. You've been scuffing your feet on the rugs and building up static electricity inside you. The spark is jumping from you to the elevator button, not from the button to you. Just pick up your feet."
In Dallas, a couple of electrical engineers told us that El Paso and, indeed, all of West Texas is supercharged with static electricity.
Friction causes it — the friction, for instance, of dry air against an automobile.
"The friction of a sandstorm hammering a West Texas fence

Quarantine Lines In Mexico Approved

WASHINGTON —(AP)— Stronger quarantine lines in Mexico against foot and mouth disease have been approved.
At a meeting, the Mexican-U. S. Foot and Mouth Commission decided that one section of the northern line, near its eastern end, should be moved southward about March 1 if inspection shows no infection in that area.
The joint commission agreed also to make all vaccine used safe and effective. Testing facilities for that purpose will be improved. Animals vaccinated will henceforth be tagged and branded. Owners of animals will not be charged for vaccine used by the commission.
The announcement said the commission discussed need for more Mexican Army personnel to give added protection to quarantine lines, field staffs and equipment. And the Army should have more vehicles to enjoy greater mobility, it added.

frequently builds up a high charge," L. H. Cardwell, one of the engineers said. "Many a lone cowboy riding along a fence after a sandstorm has gotten a bad jolt."
Cardwell explained that automobiles in dry areas build up charges because the insulation of the rubber tires prevents the charge from running off to the pavement. So when you walk up and grasp the door handle, the shock you get is just the static electricity finding its way to the ground, through you.

"When a spark jumps at you," Cardwell said, "you are getting a lot of voltage. A half-inch spark means 15,000 to 20,000 volts."
Such voltage is uncomfortable, not deadly, and there is no such current in static electricity.
But static electricity can be terribly dangerous in another way. 57-year-old, brown-eyed Paul G. Bentley, the other electrical engineer stated.
"It can set off explosions," he stated. "Refineries guard against static electricity exploding vapors. Flour mills take precautions against dust explosions. Machinery in railway yards are grounded with great care to prevent the building up of charges. Those chains you see dangling from gasoline trucks carry potentially-dangerous charges to the pavement."
The moist-aided Gulf Coast is singularly free of static electricity Bentley stated. He added:
"During my lifetime, I've run into several people who were always full of electricity. I don't know why and neither did they. Every time you'd shake hands with them, you'd get a shock."

Master Drainage Is Urged for Farmers

SAN BENITO —(AP)— Two valley water development leaders Thursday urged Valley counties to assume the task of building a \$20,000,000 master drainage district to safeguard farm lands in the Valley.
A. L. Cramer, Elba, president of the Valley Water Conservation Association, and Cameron County Judge Oscar Dancy advocated the program at a meeting of 20 city officials and other Cameron County leaders here Wednesday night. The program would be paid out of ad valorem taxes.
The plan calls for Valley coun-

Female Tykes Aid Bootleggers

OKLAHOMA CITY —(AP)— Police to finance drainage rather than include it in the \$129,000,000 U. S. Reclamation Bureau gravity canal and drainage project in the Valley.
The law found out about it when police went to a house where Thursday were hot on the case of two young girls—nine and eleven—who were telephone bootleggers for an Oklahoma City bootlegger.
Oklahoma still has prohibition and the local run-runners use phones to take orders for home delivery.
The law found out about it when police went to a house where

Pampa News, Thursday, March 4, 1948
check complaints that the girls' grown-up sister was abusing her baby.
Juvenile Officers R. M. Goff and T. T. Hutchinson said the tykes could rattle off bootlegging prices of popular brands and had been trained to jot down customers addresses.

Two Men Honored At Birthday Party

The home of Mr. and Mrs.eroy Thompson, 421 N. Wynne, was the setting last Saturday evening for a surprise birthday party given in honor of Wayne Couch and Van Hamilton. Mrs. Couch and Mrs. Hamilton were assisting hostesses.

Decorations for the affair were carried out in yellow and green napkins, plates, cups, tall candles and a two-tiered cake supporting the traditional birthday candles.

As the honorees were ushered into the dining room they found the room dark except for the lights from candles which announced the purpose of the occasion.

The dinner was served buffet style after which the guests played progressive "42", with first prize going to J. V. Kidwell and second to Bob Couch. Late in the evening a bean game resulted in a prize being won by Mrs. Boyd White.

Others than those mentioned who were present were Mr. and Mrs. Bill Moore and son, Larry; Boyd White, Mrs. Bob Couch and son, Richard, Mrs. Kidwell and Johnny Kidwell.

Bell School Is Setting for Party

Mr. and Mrs. David L. Coles and Mr. and Mrs. Roland Dwyer invited the members of the Bell Home Demonstration Club, and their families and friends to the Bell School House Saturday, Feb. 28. The adults played "42" and the children were provided with games of King, Toss, Tin Tatt.

Follow the Leader and with puzzles, spelling contests, arithmetic contests and drawing.

Mrs. F. L. Haiduk won high score prize and Mrs. Joe Gaudin took low score.

Refreshments of cherry pie and coffee were served to about forty including the following guests: Messrs and Misses J. D. Holmes and son, Emil; Espinosa, Haiduk, Gordon, D. W. Stearn and daughter, and Dale Walker.

IOOF Groups Are Ester Club Guests

Members of the Ester Club held their semi-annual banquet in the Palm Room Thursday evening of last week with Walter Clay acting as master of ceremonies. Members of Canton Encarnacion, Ladies Auxiliary, Patriarchs Militant, Rebekah and IOOF subordinates were the adult departments represented.

The Theta Rho Girls Club and Junior Odd Fellows were the younger groups represented. Each different presiding officer was introduced, and he in turn introduced his respective officers.

Mrs. Opal Clay, president of the Ester Club, which was the organization responsible for the banquet, introduced her officers and officers of the Past Grand Club.

Several musical numbers were presented during the banquet. The latter part of the evening was spent in dancing.

ATTENTION, SWEATER GIRLS

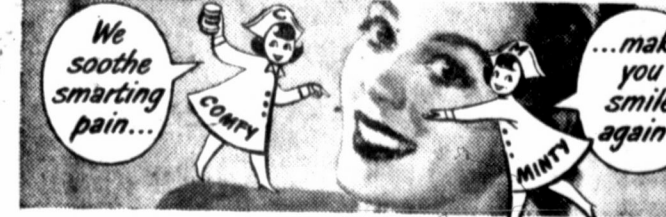

Providence, R. I. sends word of new tricks with nylon, which is blended with wool and cotton to create spun nylon. The result: a new cashmere sweater which will hold its shape after being tossed in the washer and hung on the line; nylon baby blankets which look and feel like the softest wool; warm underwear for outdoor men; mostly nylon and shrinkproof, wooly gloves with high moisture resistance and good wearing qualities.

Help relieve distress of MONTHLY FEMALE COMPLAINTS

Are you troubled by distress of female functional periodic disturbances? Does this make you suffer from pain, feel so nervous, tired—at such times? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's has a grand soothing effect on one of woman's most important organs.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Mrs. Stracener Is Shower Honoree

LEFORS—Mrs. Wade Stracener, the former Jean Rath, was complimented recently with a miscellaneous shower in the basement of the First Baptist Church.

Hostesses for the occasion were: Mesdames J. B. Lowe, Vester Dowell, Fred Browning, C. E. Cortis, and Grecia Pulliam.

Refreshments of punch and cookies were served from a lace covered table, with Miss Margaret Rath pouring the punch.

A short program was given including piano selections played by Miss Marlene Swafford, a vocal solo, "I Love You Truly" by Miss Jo Alice Tubbs, and poems read by Mrs. Dowell and Mrs. Pulliam.

After the program the honoree was presented with her gifts.

Those attending were Mesdames Vernon M. Travis, Bill Watson, Cliff Vincent, W. R. Cullison, Leslie Durham, Clevie Johnson, George Clemmons, D. T. Pfeil, R. C. Ogden, Bud Cumberledge, W. H. Stracener, P. F. Scurlock, R. T. Jinks, Rex Jones, P. M. Jinks, A. L. Myron, Leon Forbes, W. D. McCoil, Maynard Johnson, George Rath, Henry Maples, W. E. James, and Misses Nina Pearl Maples, Jeanne Staley, Margaret Rath, and Joy Browning.

Beta Sigma Phi Has Program on Dance

Beta Sigma Phi held its regular meeting Monday evening in the City Club Rooms with Clarice Chick and Billene Andrews serving as hostesses.

At the business meeting Mary Sue Nimm took charge of the program giving an informative paper on the "Origin of the Ballet." Jean Willingham, new dance instructor of Pampa, demonstrated some of the basic steps of the ballet and toe dance.

It was announced that the next meeting would be held at 8 p. m. March 15, in the home of Alta Lane, 608 N. Gray.

WE, THE WOMEN

by RUTH MILLETT

NEA Staff Writer

The middle-aged woman was complaining that, since the death of her husband, the couples who used to be their best friends were gradually leaving her out of their social life.

She is lonely and bitter because of it, but it hasn't occurred to her that if she herself had not limited her friendships to couples, she would now have some unmarried friends to stand by her.

In all her years of marriage, she never put herself out to entertain widows and unmarried women. It never occurred to her they might be lonely for mixed parties and bored with having their social life limited to lunch-cous, teas and bridge parties.

So why should she be bitter now? She herself has been a party to the loneliness and cruel idea that a lone woman is a blight on a party and that a hostess must always have an equal number of men and women at her parties.

UNREASONABLE BITTERNESS

It is foolish and unreasonable for a woman to go through her married life limiting her friendships to women with husbands, simply because she is a married woman herself, and then grow bitter when she finds that, as a lone woman, she is also ignored by women with husbands.

That's something for middle-aged women who still have their husbands to think about.

The Social Calendar

THURSDAY

7:00 Standard Pitch Club in home of Mr. and Mrs. Jess D. Reno.

7:30 Rebekah Lodge in IOOF Hall, 830 American Legion Auxiliary in City Club Rooms.

Don't miss the Spring and Summer FASHION—better than ever with special features, smart styles—free pattern printed in book, 25 cents.

Girl Scouts of Troop 15 Hear Talks by Foreign Born Women

Last week the Girl Scouts of Troop 15 met at the Little Scout House for a program on International Friendship. The girls working toward their Second Class Badges invited Mrs. O. L. Statton and Mary Brummitt from Troop 25 to be guests for the program.

The meeting was opened by singing, which is considered an international language. The flag ceremony followed the opening songs.

Mrs. Olive Bennett and Mrs. Marian Nelson, who were born in England, and Mrs. Olga Carroll, who was born in China, talked to the group about their native countries, about the Girl Guides, and about the homes and customs in the countries from which they came.

The girls, who were working on their homemaking projects served chocolate chip cookies, punch and candies. Glenda Dudley and Charlotte Hoggatt made the cookies which were served. Mrs. Ralph Paxson assisted with the refreshments.

In addition to the guests named, Mrs. Henry Butler and Mrs. Carlton Nance were present, as guests for the meeting.

Leaders of Scout Troop 15 are Mrs. Paxson, Mrs. M. S. McDaniels, and Mrs. Emmett Osborne.

Mrs. Hampton Is Hostess to Class

The Faithful Workers Class of the First Baptist Church met recently in the home of Mrs. O. W. Hampton, 1300 Christine, for business and social programs. Mrs. J. H. Tucker gave the opening prayer. Mrs. Ora Lewis gave the devotional on "Truth." The class voted to have prayer pairs, and an elderly person was selected to minister to.

Mrs. L. H. Anderson led the group in a special prayer for members of the class who are ill.

Jane Hamilton played several piano selections while refreshments were being served.

with only a few favorites making much progress. Although losses were plentiful at the close, some rails and oils benefited by afternoon demand to hold gains of fractions to more than a point. The ticker tape leaped most of the day and total transfers were around 700,000 shares.

From where I sit... by Joe Marsh

How to Put Up with Women's Styles

When Will Dudley's missus finally gave in to the new-style longer skirts. Will was mighty critical at first. Allowed as how women were a slave to fashion... ought to dress to please their husbands and not style designers.

Perhaps the way somebody dresses isn't always to our taste—just as Will's glass of beer may be another person's cider.

CHICAGO GRAIN
CHICAGO, March 3—(AP)—Wheat dropped for losses extending to more than 2 cents while corn and oats closed with minor gains and declines on the board of trade today. In an active trade, the market had covering and price advances. Opening quotations were lower. Then a good rally developed, paced by corn. However, in the last 15 minutes heavy selling knocked values down quickly, leaving the market with a weak undertone.

NEW ORLEANS FUTURES
NEW ORLEANS, March 3—(AP)—Cotton futures were irregular here today with long liquidation and hedge selling offsetting trade buying and short covering. Closing prices were steady 40 to 70 cents a bale lower.

NEW ORLEANS COTTON
NEW ORLEANS, March 3—(AP)—Spot cotton closed steady and a little lower. Sales 750. Low middling 23.00, middling 23.50, good middling 24.00. Receipts 4,800, stock 100,658.

Live Rocking Horse

James, Ill., displays his 20-year-old pony that walks. The animal's hooves started growing again after they were trimmed since two inches of their tips. The rear hooves are 14 inches, the front 12.

Wheat School Interest High

SHAMROCK — (Special) — Interest ran high at the wheat school held here recently at the Tisdal Truck and Implement Company, according to Keats Soder, director of the Texas-Oklahoma Wheat Improvement Program, who was in charge.

Of the seven who attended, six stayed for the full course of instruction and took the wheat variety identification test. All six were "graduated" and will be presented certificates of merit as "Primary Selectors" of wheat varieties. In a few hours, they all learned enough about kernel characteristics to distinguish between good, fair and poor milling and baking wheat, Soder said.

Heading the staff of instructors here for the school was Fred Dines of the agricultural department of Tex-O-Kan Flour Mills, Amarillo. Mr. Dines, a national leader in this field, spent two hours outlining the subject for those present. Another instructor was Kenneth R. Porter of the Texas Agricultural Experiment Station, Amarillo.

Market premiums for good quality wheat varieties that have been paid at major markets such as Fort Worth, Amarillo, Kansas City and Omaha, all fall, are now being passed on to local elevators, Soder announced at the school.

"The day of one price for wheat is already over at the terminals and about over at the country points. Local managers who thought it impossible to keep 'good' and 'poor' wheat separate a year ago, are now looking for a way to get the most money for their wheat," Soder told the group.

Certificates of merit were awarded to the following: E. C. Hofmann, Shamrock; W. K. Frey, Wheeler; J. W. Thomas, J. D. Smith, Curtis L. Thaxton and Earl Keller all of Wellington.

Government Costs As Much as Your Grocery Expense

TOPEKA, Kans. — The average family of four persons in the United States owes \$9,104 as its share of the combined debt of all government units, points out Lay Yarnell, editor of Capper's Farmer.

"The score shows the Federal government owes \$285,000,000,000," he writes in the March issue of the farm magazine, "and state and local governments owe \$16,888,000,000. The Federal debt breaks down to \$1,838 for each individual. State and local debt adds \$120 to each share, making a total of \$1,958. Then there is the 45 billions of personal debt owed by citizens."

Being governed is expensive, Yarnell writes. It costs the average citizen about as much to be governed as it does to eat. He points out the Federal government is asking the people to dig up \$44,580,000,000 in taxes in the next fiscal year. That would mean that the head of the average family of four is stuck with \$1,272 in taxes.

"And that doesn't take into account your share of state and local government spending, estimated at 9 or 10 billion dollars a year," he continues.

"The biggest portion of Federal spending—\$11,025,000,000—is earmarked for national defense," the editorial points out. "Next is the 7 billion outlay under the Marshall plan for foreign governments. Veterans aid calls for \$6,100,000,000, and there is a little disposition to cut that. Interest on the national debt of \$5,200,000,000 can't be lowered."

Yarnell suggests cuts could be made in the general government expense listed at \$3,538,000,000 and in the \$1,800,000,000 down for such things as rivers and harbors and public works.

Steers Do as Well Fed Once as Twice

Feeding steers once a day may be just as good as bringing feed to the bunk morning and night, according to Farm Journal.

A three-year test at the West Tennessee Experiment Station shows that it makes no difference. In each case exactly the same amount and kind of feed was fed. The only difference was the frequency of feeding.

Daily gains, as a matter of fact, were a little higher for the feed-once-a-day yearlings. The average daily ration for the 120-day feeding periods was 33.7 pounds all-in-all, 5.58 pounds corn-cob-shuck meal (ground snapped corn), and 3.17 pounds of cottonseed meal.

Wandering Brinks Tied to the Land

SACRAMENTO, Calif. — (AP) — The wandering Brinks are now tied to the land.

Traveling days appear over for the family which recently arrived back in California from Oklahoma. The Brinks had been returned to Oklahoma by Los Angeles County because of the expense of keeping up relief payments.

Wednesday James Brink Sr., and Mrs. Brink and the nine young Brinks received a lot, also lumber with which to fix bases for two tents in which to live northeast of town.

The lot is a gift from Mr. and Mrs. P. T. Morrow. They told Rev. Nelson E. Hinman, who has looked after the family since it arrived here last month, that if the Brinks would settle down they'd provide the spot to settle.

Father Brink, James Brink Jr., 19, and Richard, 14, are working for a contractor and sometimes make \$25 a day.

CLINGS TO WEEDS

A curious fish of the Sargasso sea spends its life clinging to weeds by its forefins. It builds a nest like a compact ball and binds it with gelatinous strings. The nest resembles that of a bird.

Does Break in Prices Mean We Head for a Recession?

By LOUIS FRANKE Extension Editor Texas A & M

Like everyone else, I've been wondering about the market break in prices of wheat, corn, livestock, cotton and other commodities mean that the inflation is over? Are we, maybe, on the edge of a recession or a depression?

There's been plenty written about it, pro and con. I've spotted, though, that there have been a few economists — people who should know if anyone does — among those who stuck their necks out.

"I asked one economist why this was. He said, 'We've learned that in a case like this anything we predict is likely to be either wrong or late. Most of us figure we'd rather be late.'"

"This man had a chart of stock and commodity levels, day by day, since 1918.

"I'll cover up the dates," he said, "and you look at the chart and see if you can show me the day — or even the month — when the 1920 or 1929 break began."

"Sure, you can point to the day of the big stock market break in 1929 and say, 'This is the day the depression started.' But can you go back a year, or a month, or even a week and pick the place when the economists should have known that the break was coming?"

No, I couldn't. I'd see a place where commodities dropped, and think, "This is it," and then the market would go up again and level off.

Looking back over the charts 25 years later, I could see now that — just maybe — the 1920 break started when milk prices dropped, then wool, and then wheat and corn, and so on.

The economist's point was that if I had the charts before me, I couldn't tell when the depression had actually started — how could I expect him to say what would happen in the future?

Generally, he said, commodity prices — in any real downward market trend — broke before industrial prices. I told him that was an old story, and that farmers and ranchmen pretty well know that prices of agricultural products went down first and came up last.

In case you missed seeing the announcement, George W. Haggard, a Texan, has been appointed assistant administrator of the Rural Electrification Administration with headquarters in Washington, D. C.

He is well known in electrification and co-op circles and for the past couple of years has been general manager for the Texas Power Reserve Cooperative at Austin, a federation of 100 Texas REA-financed co-ops. He is a graduate of Hardin-Simmons.

Results of one of the first marketing studies undertaken under the Research & Marketing Act of 1946 have been announced. The study undertook to make an on-the-spot check of what happened to peaches shipped from Colorado to Minneapolis and St. Paul.

Turned out people paid highest prices for firm-ripe peaches. They wanted them in standard containers and wanted no truck with odd-shaped and sized boxes.

An advertising campaign to promote the sale of the peaches for canning moved the fruit in big volume when sales slackened off.

Wheeler Cotton Production Up Over Last Year

SHAMROCK — (Special) — Although 776 more bales of cotton had been ginned in Wheeler County prior to Jan. 16, this year, than the corresponding date in 1947, the production is from 1,500 to 3,000 bales below the estimates made early in the season by most local cottonmen.

According to a report from the Bureau of Census 6,750 bales of cotton were ginned in this county prior to Jan. 16, as compared with 5,974 bales up to the same time last year.

It is believed the final figure will not raise the production more than 300 or 400 bales.

It was the belief of most cottonmen that the county would produce between 8,500 and 10,000 bales.

In nearby counties, Childress County made the biggest increase in cotton production during the last season. From the 1946 crop, Childress County ginned 6,741 bales prior to Jan. 16. This year, on Jan. 16, 20,705 bales had been ginned.

Collingsworth County's production practically doubled, as did Hall County. The current figure for Collingsworth County is 21,129 bales, as compared with 10,825, last year. In Hall County the production jumped from 21,397 to 41,766.

Donley County has ginned 7,240 bales. The figure last year was 6,651. Ginnings in Gray County were not listed in the government report.

IRON WEDDING RINGS

The giving of a iron ring to mark a betrothal was an old Roman custom, according to the Encyclopedia Britannica. The gold ring was introduced in the second century.

Nikolai Lenin was the first president of Soviet Russia.

European Corn Borer Beaten To the Punch

TOPEKA, Kan. — DDT and other high-powered insecticides are weakening the punch of the European corn borer, according to an article in the March issue of Capper's Farmer.

"The toll taken by this pest," the farm magazine points out, "can be restored to Corn Belt crops by spraying and dusting. Last year growers got 5 to 30 bushels an acre increase from 1 treatment."

"DDT is used as a spray or dust either by plane or ground machinery. Plane coverage is rapid but is limited to periods when the wind velocity is low because of

drifting." The story says some entomologists believed ground spraying or dusting gets more borers than the plane method. Tractor-mounted machines to treat several rows at a time are on the way.

"One pound of DDT — an acre at each application is the general dosage. The 5 percent concentration seems better than 3 percent. Plane spraying concentrated DDT, 2 to 3 gallons an acre, was promising development last year. Putting DDT on corn costs from \$2 an acre for ground work to \$4 an acre by plane.

"Temperature and rainfall govern time of egg laying and hatching. Entomologists say 20 egg masses to 100 plants indicate the infestation will justify poisoning. When 2 or 4 sprays are planned, as for sweet corn or seed corn, the first is usually made 5 days after eggs start hatching, and the rest at 5-day intervals. The field corn grower thinking about 1 treatment will probably get best results from putting it on 10 to 15 days after hatching begins.

The story says a clean job of plowing under stalks still will get 90 percent or better of overwintering borers. Shredding stalks and feeding them as silage also kills hidden borers. As silage also kills hidden borers.

"The pflanzman, a grouse of the tundra country, annually dons a snow white coat when winter comes. If placed in a laboratory, where the length of the day can be shortened artificially, the bird will turn white out of season.

ected at county agents, vocational agriculture teachers, Home Demonstration agents, that without agriculture and livestock Texas would have never developed, and without perpetuating agriculture and livestock and the soil, Texas will go no further. Texans need to be shown the better methods and the better way, the better results.

The Texas Association of Fairs and Expositions is asking that for 1948 every agricultural worker, whoever he or she may be, or in whatever capacity they may serve, encourage the farm people, the cattlemen, etc., to prepare their choice achievements for exhibit in their community, county or district fair.

Every community, and many individuals, can show good quality, well prepared exhibits of choice achievements, if the proper educational program is used by the agricultural worker. This is the best way we know to promote a better educational program in Texas that will have permanent benefits. We learn to do by doing, and to show what others do better, is the place of your fair.

We recap and vulcanize all size passenger car and truck tires. Also repair all size tractor tires.

Zeller's Spot Victory, English bulldog owned by Jerry Parker of Overland, Mo., admires his canine beauty in a mirror just before facing the judges at the St. Louis Breeders Association show.

It estimated that corn plants diffuse two and one-half tons of water into the air in producing a bushel of corn.

Advice Given on Care of Elderly

AUSTIN — Some folks are old at sixty; others are mentally and physically alert at eighty. The number of years one has lived may not be a true index to one's physical condition. Actually, the length of a person's life span is influenced by the condition of his arteries. Premature hardening of the arteries, often due to avoidable infections, improper diet, and possibly worry and strain is to a certain extent, preventable, said Dr. Geo. W. Cox, state health officer.

Many of the problems connected with the hygiene of old age are due to lowered mental power. Therefore, a cheerful and optimistic attitude toward the aged, especially during sickness, is essential to their well-being. Old people regard their condition as far less serious when they can be fully dressed and out of bed. When they can be up, the excretory organs function more satisfactorily, too. However, when an elderly person complains of being overfed, or otherwise not physically fit a day of rest in bed is advisable. By providing light and easily digested food and applying warmth to the body of an aged patient, he is often tided over a mild or threatened illness. Special attention should be paid to proper clothing, diet, and exercise of the elderly. With reasonable attention to certain well-defined and easily followed principles of personal hygiene, it is possible to grow old gracefully. Furthermore it is also possible, in many instances, to retain one's faculties to such an extent as to make old age a pleasure rather than a burden.

The Republicans in Congress are approaching it with a humanitarianism... tempered with realization...

Who is going to do the protecting? It's going to be the same poor old GI.

Fair Enough... by Westbrook Pegler

The policy, the spirit, of the New York Herald Tribune has changed radically since it was a stately Republican partisan paper...

Joseph E. Davies, the ambassador who wrote "Mission to Moscow" said in that invaluable work that Joseph Barnes, who was stationed in Moscow, was a journalist...

Last Nov. 2, there was a "rally" in New York for a group of Hollywood ideologists... actors, hacks and the like...

The Herald Tribune has become decidedly pink, said the Tablet. "Time after time it has collaborated with the press of stirring up religious prejudice by printing material...

Gracie Reports... By GRACIE ALLEN... Goodness, I just can't forget my visit to New Orleans...

Red Shadow Mothers 17 Irish Setters

SHARON, Mass.—(AP)—Champion Red Shadow is mothering a litter of 17 beady-eyed Irish setters...

It might have been... As stated, this expose was given to the public via a Congressional committee in the first year of Roosevelt's regime...

Common Ground

Taxes and Tyranny... In the last issue I quoted from an article in the February issue of Plain Talk...

Let it be remembered that the Germans were the most literate people in the world. The people had been educated by the state for years and years...

The alarming thing is that the United States is largely adopting the same policy as was adopted in Germany—public education and the government taking a larger and larger percentage of total production...

Double Taxation... We have become so tyrannical in our taxation and have so disregarded justice and moral laws as to have some people's income taxed twice...

Red Shadow Mothers 17 Irish Setters... SHARON, Mass.—(AP)—Champion Red Shadow is mothering a litter of 17 beady-eyed Irish setters...

FUNNY BUSINESS

LOCATED BEFORE DISCOVERY... The planet Neptune was located in the sky before it was discovered. Due to irregularities in the motion of the planet Uranus...

"Hello! Collector of Internal Revenue? Can I deduct the cost of paper I used to figure my income tax?"

Back And Forth — Back And Forth —

NATIONAL WHIRLIGIG

WASHINGTON — National Defense Secretary James V. Forrestal denies reports that he has had to crack down on the still squabbling representatives of the Army, Navy and Air Forces...

HEAD — He insists that the topnotchers attend, regardless of other duties. In this connection, he had an amusing brush with General "Ike" Eisenhower before the latter retired as chief of staff...

DIFFERENCES — Mr. Forrestal also denies that he has had any serious differences with President Truman over the Palestine problem. There have been reports that he thought the United States had embarked on a policy in that region which might provoke a large scale war and jeopardize our supply of Arabian oil...

SECRETARY SNYDER ON TAXES... (The Wall Street Journal) Secretary of the Treasury Snyder says it would be unwise to cut taxes enough to reduce Treasury revenue below present levels at this time...

OUTMODDED — Long sentiment against improving the Panama Canal or building a sea level waterway through Nicaragua has been broken by the House Appropriations Committee...

Producers Sam Cowlow is talking contract with Evelyn Knight for one of the top singing roles in "Music Hall"...

TOP O' TEXAS NEWS

Shamrock — (Special) — Patricia Reeves, Lois Little Morgan and Lee Anne Neely were guests at a formal party given recently at the U-Drop Inn...

The Panhandle Club was entertained Saturday afternoon by Mrs. Marie Bleser at the home of her sister, Mrs. M. M. Baxter. Refreshments were served during the social hour which followed the program to one guest...

The Briscoe Home Demonstration Club met Tuesday with Mrs. Clifton Walker as hostess. Refreshments were served to Mrs. Lloyd Childers, K. D. Douthett, Oden Hudson, L. J. Mason, Ed. Riley, Lucille Tippetts, Roy Waters, Clarence Zybick, Ernest Zybick, Miss Riley and the hostess.

NEW YORK — (AP) — A lady stargazer came up today with a few hot tips from the heavens on how low level maidens can corral the right man...

In Hollywood... BY ERSKINE JOHNSON... Priscilla Lane is about to announce that she's ready to do another movie. Her last was a "near and half ago"...

There's a powerful lesson for Hollywood in comparing the opinions of the people, as expressed in Photoplay Magazine's annual Gallup poll of best pictures, and the opinions of the Academy voters. These opinions have coincided only once in the last three years...

Only a time in the past three years these opinions have coincided in the case of "Going My Way." This was the Academy choice for 1944 and when the people caught up with the high they agreed.

'Miss Leap Year'

Press agents are lucky guys. Just when they'd like to publicize singer Dorothy Blaine, along comes something called "The Bachelors Association of America" to name her "Miss Leap Year" because she's "the girl they'd most like to have propose to them in 1948." Ain't coincidence wonderful?

NOTICE OF AVAILABILITY
GOVERNMENT AIRPORT PROPERTY FOR DISPOSAL
Various Airport Buildings and Equipment for Removal and Use Off-site for Public Airport Purposes
LOCATED AT
PAMPA ARMY AIRFIELD (GRA COUNTY) PAMPA, TEXAS
Terms and conditions of disposal, and all necessary information about this property, will be furnished upon request at the War Assets Administration Office named below.
Acquisition of this property is subject to the following priorities:

Marihuana Seized In San Antonio

SAN ANTONIO (AP)—Marihuana with an estimated value of more than \$100,000 in the illicit drug market, was seized and three men arrested by five city detectives under the direction of narcotics Sgt. Albert Guerrero and George Turegano of the San Antonio Police Department early this week.
Two of the men, 37 and 17-year-old Mexican aliens, were

arrested in two automobiles enroute from Mexico and Laredo to San Antonio on the Laredo Highway near here. The other, 25 years of age, and termed a "wholesaler" by Guerrero, gave Laredo as his address.
