Marshal Plan Heads for Quick House Challenge

Senate Works Into Night for Passage

WASHINGTON—(AP)—Safely through the Senate, the \$5,300,000,000 Marshall aid program raced without a pause today toward quick challenges in the House.

The pressure for speed is on—to bolster Western Europe with American billions against communism and collapse. And the House Foreign Affairs Committee is in good shape to put on speed. While the Senate has been arguing and voting, the committee has been digging deeply into the whole foreign aid problem.

Eire, Northern Ireland May Be One Someday

By DEWITT MACKENZIE

AP Foreign Affairs Analyst
Eamon de Valera undoubtedly was voting the burning hope of his people when he predicted in New York the other day that Eire and Northern Ireland ultimately would be united into one nation.

His prediction also was pleasing to the ear of the host of Irish Americans who welcomed him back to the city of his birth. The fighting Irishman, who lost the prime ministry of Eire as the result of the recent general election, after holding that position sixteen years, declared the day will arrive when an Irish leader will come to the United States and announce that Ireland "from sea to sea is now completely free."

Now it is all set for a series of showdown tests. It assembled (9 a.m. EST) for its first official look at the Marshall Plan bill which the Senate passed 69 to 17 early yesterday morning.

Tomorrow the policy making Republican Steering Committee meets to have a look itself, and to discuss strategy. Influential members see a possibility the Foreign Affairs Committee may okay a bill by Wednesday and drive it to House passage by Easter, March 28.

The administration wants to start the European program April 1, for the 16 nations which have agreed to help themselves and each other. What the Senate vote was authorized to spend \$5,300,000,000 the first year. The money has to be supplied later in a separate appropriation bill.

However, the Senate measure would let the Reconstruction Finance Corporation put up \$1,000,000,000 to get the Marshall Plan into immediate operation.

The administration wants particularly to have the program going by the time the Italian election campaign gets well underway. The Communists are determined to make a show of strength in the voting there April 18.

There is general agreement in the House that the foreign aid bill can be passed with time to spare before the deadline in Italy. Yet there are possibilities for delay.

Both in the Foreign Affairs Committee and in the House itself attempts probably will be made to cut the amount of aid and to set up a different system than the Senate proposes for managing it. These attempts may not succeed but they can bring on some hot fights.

Moreover, the committee and House leaders are pretty well committed to adding military aid for Greece and Turkey and both military and economic help for China to the recovery bill. But most Democrats and some Republicans on the committee are against putting all the programs into one bundle.

In addition to the European Recovery Program, the administration has asked for \$275,000,000 in additional military assistance for Greece and Turkey. Secretary of State Marshall has cautioned against putting this into the European aid bill, however, on the grounds it would change the entire character of the program.

Marshall also has asked for \$20,000,000 in a separate bill to help for China. But backing for military aid for the Chinese has come from such persons as Gen. Douglas MacArthur, Lt. Gen. Albert C. Wedemeyer and William C. Bullitt, ambassador to France and Russia.

HST Vetoes Idea of Naming Southerner

WASHINGTON—(AP)—President Truman was said today to have turned down suggestions that he put a Southerner in his cabinet. Between now and July Mr. Truman must pick a successor to Clinton Anderson. Anderson will quit as secretary of agriculture as soon as a Congressman ends to run for the Senate in New Mexico.

Some administration lieutenants were said to have suggested that the President might cool off the Southerners bucking his civil rights program by picking an outstanding agricultural leader from south of the Mason and Dixon Line to succeed Anderson.

But Mr. Truman was reliably reported to have vetoed this as an obvious and probably ineffective gesture that might boomerang outside the South. The guessing—and it is only that—is that the office will go to a Midwesterner.

Attorney General Clark is the only Southerner now serving as a member of the President's official family. Senator Sparkman (D-Ala.) told a reporter he thinks Dixie would be pleased if it got additional recognition in the cabinet.

The Alabama senator has opposed Mr. Truman's civil rights program, just as have his Southern colleagues. But he wants the issue to be settled within the past.

Seven Southern Governors had other ideas, however. They issued a new weekend blast here against the President's plea to Congress for enactment of anti-lynching, anti-riot, anti-Jim Crow and anti-discrimination laws.

The Governors said in a no uncertain terms they plan to see to it that their states deny their electoral votes to any nominee who backs that program.

President Truman's party spokesman, Democratic National Chairman J. Howard McGrath, gave no ground in the face of this attack.

The Governors said in a report: "Our inquiry has satisfied us that it is virtually the unanimous will of the people of the Southern states to take every possible effective action within their power, not only to prevent the enactment of the proposed legislation, but also to defeat those who have proposed it and any others advocating it."

The report was signed by Governors Fielding Wright of Mississippi, Beauford Hester of Texas, James E. Folsom of Alabama, Strom Thurmond of South Carolina, Ben Lanyon of Arkansas and M. E. Thompson of Georgia. It was concurred in by Gov. William Tuck of Virginia, where U. S. Senator Byrd (D-Va.), helped draft it.

McGrath said that, in effect, the Governors were serving notice they will not support the party nominee unless the platform is drafted to their satisfaction or the nominee repudiates an unsatisfactory platform.

"This most undemocratic proposal can only be dealt with by the convention itself," McGrath said. As party chairman, he said he will continue to work for a saner and more reasonable view. (See HST, Page 6)

Move Backs Lewis' Pension Demands

PITTSBURGH—(AP)—A soft coal work stoppage supporting John L. Lewis' demand for miner pensions got underway today. Spearhead of the move was in Western Pennsylvania, where early surveys indicated nearly one-half of 56,000 miners walked out.

The U. S. Steel Corp. reported nine of its 14 Western Pennsylvania pits were closed, with 7,000 miners idle. The corporation expected its coal output would drop today to about 20,000 tons, or one-third of capacity.

The Jones & Laughlin Steel Corp. reported all its Pennsylvania and West Virginia mines were closed, and 4,600 miners idle.

Republic was another steel corporation affected, with three Pennsylvania mines down. Output of steel company-owned pits is used in making fuel for steel mills.

Commercial mines, too, whose production is sold on the open markets, began to shut. The big Pittsburgh Coal Company reported at least nine of its mines closed. Owners of some independent mines expected the movement to spread.

Walkouts started in other leading coal states—West Virginia, Ohio, Kentucky, and Illinois. An early check showed at least 5,800 of Illinois' estimated 23,000 United Mine Workers idle. Their rival progressive mine workers, estimated at 10,000, were reported working.

Miners said the walkouts backed up demand of Lewis, president of the United Mine Workers, for \$100 monthly pensions for miners. Two hundred and ten miners reported this morning to a Frick pit at nearby Bridgeville but returned home. The firm's mine at Muse, Pa., a few miles distant, did not open. The Bridgeville pit produces about 1,800 tons daily; the Muse operation about 5,000 tons.

The Bridgeville diggers milled around the mine lamp house but made no attempt to obtain their working lights.

Then as one of the miners "fired away his water"—the traditional signal of a work stoppage in which the miner pours his day's supply of drinking water on the ground—the men walked. (See LEWIS, Page 6)

Deadline on Taxes Today

WASHINGTON—(AP)—That income tax deadline is here again. Returns for 1947 income must be filed by midnight.

The same deadline applies to the filing of estimates on 1948 income. In general these estimates must be filed by persons with income of \$5,000 or more or those who expect \$100 or more income from which no tax is withheld.

The Treasury expects 55,000,000 returns on 1947 income. Most of the \$20,000,000,000 in individual taxes already has been collected through wage withholding or quarterly payments on estimates.

The fact that Congress is working on a tax cut has no bearing on the filing of estimates for 1948. Estimates will be based on the current tax rates.

Packinghouse Workers Call Nationwide Strike Tonight

CHICAGO—(AP)—Two of three major meat packers turned down yesterday an offer to arbitrate their wage dispute with the CIO United Packinghouse Workers who have called a nationwide strike for 12:01 a. m. tomorrow.

The arbitration proposal was sent to Swift & Company, the Cudahy Packing Company and Armour & Company but Swift and Cudahy quickly rejected. They said they were standing pat on their offer of a nine-cent an hour wage boost.

The union, which had originally demanded a 20-cent an hour increase for its 100,000 members said it would call off the strike if the companies would accept arbitration of the 20 cents difference.

Armour has not replied to the proposal but the union said it would arbitrate with that company alone if it accepted. Swift said the offer will be kept open until midnight tonight, one minute before the strike is scheduled to start. The proposal, he added, provides that the companies agree to immediate payment of their nine-cent offer retroactive to Jan. 12.

In turning down arbitration, Swift said it considers the nine cents a "fair wage increase," and added it recently had come to the aid of the packing industry for several days about two years ago when the plants were seized by the federal government.

In the event of a strike tomorrow, a Swift spokesman said it is other plants throughout the nation and those of other companies would attempt to stop production with the help of men in the AFL unions.

Helast said that two-thirds of the union's members now receive less than \$1.10 an hour. Both the CIO and AFL unions tied up the packing industry for several days about two years ago when the plants were seized by the federal government.

Drive for Red Cross Begins; Help Needed

The Red Cross means hot food for disaster victims, clothes, blood plasma, medicine, and rehabilitation wherever tragedy strikes, from the nearer Portland to the farther, Kathryn Gill, Red Cross field representative, told the volunteer workers for the Red Cross fund drive at the kick-off breakfast in the Palm Room this morning.

"Disaster work is just a part of Red Cross services," Mrs. Gill said. "There are now more than 18 million veterans in the United States, most of whom are receiving rehabilitation aid of one kind or another. In the veterans hospitals, volunteer workers maintain libraries, show motion pictures, and write letters for the wounded and disabled."

One of the biggest things the Red Cross did during the war, Mrs. Gill continued, was maintain a blood plasma bank. Since the war, medical authorities have requested the organization to continue this service for disaster victims.

The general fund drive got off to a good start with an 8 o'clock kickoff breakfast in the Palm Room this morning. Fred Neslage, chairman of the advance drive just concluded, reported gifts totaling nearly \$600, which almost doubled the \$300 goal set.

The goal for the general drive is \$10,908 to be met by April 1, but Ben Gull, general chairman, hopes before then.

Although most of those expected attended the breakfast, Gull said several more workers are needed. He asks all those who can volunteer an hour or two of their time each day to call Mrs. Paul Hill, executive secretary of the Gray County Red Cross, to learn where they can best help. Mrs. Hill's phone number is 707; her office is on the second floor of the City Hall.

Heading the various sections of the drive are: J. C. McWilliams, downtown Pampa; Bert Arney, industrial area; Huey Laycock, schools; Ralph Thomas, rural; Dr. Douglas Nelson, residential; and J. R. Sparkman, Lefors.

Hospital Board Studies Revised Building Plans

A study of revised building plans was undertaken by the Gray County Hospital Board of directors at a meeting Saturday in the Court House.

Doctors M. C. Overton and Malcolm Brown, representing the local medical association, suggested several changes to the present plan.

Chairman of the Board Reno Stinson stated that the board was interested in their suggestions because they would make for a more efficiently operated hospital and at the same time would not delay the letting of bids.

Bids will be let depending on the Senate's action on the appropriation bills which cannot begin helping until March 15. "We are contacting them see if we can expedite."

The consideration of a name for the new hospital was postponed because the proposed names were not available.

After adjourning, the directors visited the proposed site of the new building, along with the architect, Harry Hatch, hospital consultant, and County Judge Sherman White.

First Criticism Bewilders Japs

TOKYO—(AP)—Japanese were both bewildered and surprised today over the first criticism of General MacArthur to appear in their newspapers.

Adverse as well as favorable comments on MacArthur's willingness to run for President have appeared in all Tokyo newspapers in dispatches from the United States and Russia. This followed the surprise commander's rejection of citizenship by his staff of all "American political attacks" against him. The press still is not permitted to criticize him as occupation commander, however.

MacArthur is showing us how democracy works, a radio shopkeeper told a reporter. "We Japanese got so we considered him a demi-god. But that is not right. This acceptance of criticism by leaders is one reason why democracy is strong."

Newark's Irish Hold Early Parade

NEWARK, N. J.—(AP)—Thirty thousand of Newark's Irish—excluding the McGoverns—marched through town yesterday for an early celebration of St. Patrick's Day.

Some 150,000 watched the paraders, but the McGoverns were nowhere in sight. Irked because they were assigned to the rear for the second year in a row, the Frank McGovern Association and its auxiliaries withdrew from the ceremony.

Instead they said they would hold their own parade here Easter Sunday.

Fire Department Makes Three Calls

The Fire Department went out on three calls yesterday afternoon and evening.

Two calls were automobiles that had caught fire, one near Francis and Warren, and the other at 123 N. Cuyler. The third call, about 8 p. m., was a fire at 307 S. Gray. Damage was slight in all three fires.

Meyers Given 20 Months to 5 Years Term

WASHINGTON—(AP)—Maj. Gen. Bennett E. Meyers today was sentenced to 20 months to five years in prison.

A federal jury convicted him last Friday on three counts of inducing a former business associate to lie under oath to a Senate committee.

Judge Alexander Holtzoff, when imposing sentence, said the 52-year-old retired general was guilty of a "very grave and serious offense." The maximum sentence he could have imposed was 80 years.

Meyers stood erect and apparently unmoved, as Judge Holtzoff told him: "Bennett E. Meyers, it is the judgment of this court that you be imprisoned in an institution to be designated by the attorney general of the United States for a term of not less than 20 months and not more than 5 years."

Just before Holtzoff passed sentence, Robert T. Bushnell, attorney for Meyers, pleaded that the court consider Meyers' "outstanding" war record.

Bushnell said: "I say the punishment this man has already gone through—by being pilloried from coast to coast like a Benedict Arnold—in punishment greater than it is in this court's power to impose."

The formal accusation against Meyers was "subordination to perjury." He was charged with persuading Eliot Lamarre to lie to Senate investigators and cover up Meyers' wartime operation of a plane parts company from which the government alleged that Meyers received more than \$150,000. Lamarre was the president of the company, but later said he was only a "dummy" for Meyers.

"For the first time Meyers seemed to have lost some of that jaunty air he kept throughout the Senate investigation and during his trial."

Farley Certain He Could Win

NEW YORK—(AP)—James A. Farley says he is certain he could have a place on the Democratic national ticket if he wanted it. But he doesn't want it, he said yesterday in a radio interview (NBC's "Author meets the Critics").

"Frankly, I'm not a candidate for any office," the former Democratic national chairman and postmaster general said.

Farley said: "There isn't any doubt in my mind that if I was interested in something now, I could really get it. If I was interested in getting a place on the national ticket, I could get it."

He was asked "what place?" and replied, "well, it wouldn't be first place."

118-City Property So JUNIOR WORKED LIKE A GALLEY SLAVE - BUT WHEN LA CO WAS SOLD, WHO GOT ALL THE DOUGH? YOU GUESSED IT.

119-City Property 70-75-80-AM, JUST ENOUGH TO GET THAT DEER RIFLE I'VE BEEN WANTING.

WHAT'S THE MATTER WITH YOU PEOPLE - - - Can't you take a little cold weather - - - You ought to have been here 42 years ago.

To the hundreds of people who have called in wanting me to run for sheriff, I've got some disappointing news - - - I can't run - - - thanks for your letters, and thanks for calling - - - I wouldn't be doing right toward Mr. Guthrie and Mr. Kyle - - - I've been checking into the County Clerk's salary, and that's not bad - - - there's one feature I like about it, and that's plenty of office space - - - also plenty of secretaries to do the bookkeeping - - - I'm going to keep an open mind on this political stuff - - - if the right office comes along, and I think it would pay enough I could change my mind pretty quick - - - I was in politics once down at Mobeetie, but that was the sorriest job ever had - - - I just got down to Leland's Bath Clinic, if he would make me a special price - - - Any way I don't want to hear no more about the weather.

Tomorrow is the 15th and I'm going to be flat broke again - - - In fact I'm going to be worse than that - - - I just got that pay saying sent in some more money - - - I've got to make an estimate and then again I may make \$600 - - - how are you going to tell - - - It's all as I'm paid - - - it's the best bargain I have had in a piece of land in 2 1/2 years - - - it won't last long - - - immediate possession.

Another Good Deal - - - 1/2 section well improved - - - good 4 room house - - - hardwood floors - - - plenty out-buildings - - - good well - - - 200 acres of wheat, good stock grass - - - rolling land - - - a good one - - - it's a 2 bed-room - - - the reason for selling is that I have a pretty good loan out on it - - - any how I don't give out any information on this one, so don't call me.

Here's a new listing that don't last long - - - it's across - - - about 4 1/2 acres, on the pavement - - - has a good five room modern home - - - gravel drive - - - landscaped - - - take \$750.00 for a quick sale, and I think it has a loan of around \$800 that could be assumed.

Since we have opened up our loan dept., and are making so many FHA loans for houses to be built I don't seem to be able to get a hold on what to sell. I would be glad to handle them for you - - - don't make much money selling lots, but it's not so much the money as it is the volume - - - I like to stay busy - - - I also need some houses to sell - - - in fact I don't have enough listings of anything at the present time.

So if you have anything for sale and want to get the absolute top dollar for it, I should like to see it first - - - My business is selling - - - and I sell anything - - - we're now in our new office on the ground floor, and we have lots of drop in customers - - - they come in here for everything.

Just one more listing that I'll quit - - - I have a beautiful home out on an hill city that can be bought with the money - - - it's 3 bed rooms, and it's really nice - - - would be glad to show you this beautiful home if you are interested in something that is really nice.

Kramer Handing Riggs Sound Licking in Current Pro Tour

FORT WORTH—(P)—Jack C. Harris, veteran promoter of tennis tours, says the current bout by Jack Kramer of Bobby Riggs settles two things to everybody's satisfaction:

1. You don't live to put on a show to attract a crowd.
 2. The fans can't claim their own idea of a "fix."
- Kramer, last year's world's champion amateur, is giving Riggs, kingpin of the professionals, a classic licking. In 47 matches to date, the tall Los Angeles product has blasted 13 victories—18 in the last 21.
- Last night Kramer beat Riggs 6-0, 6-0 in 30 minutes here—most decisive defeat ever administered in a top tennis match, such as this.

The tour which will take us to 75 American cities and into Europe aptly demonstrates that showmanship is not necessary in sports," says Harris, the Chicago sporting goods man who takes a leave of absence from his company when he promotes.

"It also shows that any change that we might try to make the matches close just to get the crowds are false. This is strictly tennis and that the people love it is shown by the fact that close to 230,000 have seen the 47 matches thus far. It is the greatest tour in tennis history, well ahead of the 1939 Don Budge-Ellsworth Vines tour, tops until this time."

Harris said that after 38 matches, Kramer's \$50,000 guarantee had been attained and that through his 30 percent of the \$1,000,000 tour, he has a \$75,000 to \$80,000 in the United States. Riggs will make from \$50,000 to \$55,000, he revealed.

Sports Round-Up

By HUGH PULLERTON, JR., TAMPA, Fla.—(P)—The Cincinnati Reds' big inducement to young ball players is a belief in finding farm operations to a minimum in order to give the athletes a quick chance at the majors. "That's a talking point in signing young players," says assistant-president Gabe Paul. "We may have to send them back to the minors but they get their shot." Just by way of illustration, Erwell Blackwell pitched in two games for the Reds in his first pro season and had only one year in the minors before he returned to stay; Graydon Hutton stepped right out of the Army into the Cincinnati lineup; Kent Peterson had no minor league experience at all.

PROGRESSIVE PUNISHMENT
The New York Yankees had a string of 23 innings of exhibition ball without allowing a run when they faced the Reds Saturday. Before the game Manager Bucky Harris, with mock solemnity, warned his pitchers: "The first man who allows a run goes to Newark; two runs he goes to Kansas City; three to Norfolk, four to Birmingham and five he's out of baseball." Starter Spec Shea qualified for Birmingham in one inning—and you'll see him in a Yank uniform all season.

Four divorces were granted Saturday in District Court by Judge Lewis M. Goodrich.

Alice Sechrist vs. O. B. Sechrist; married August, 1940; separated January, 1946; grounds, cruelty.

Lorenz Fay Harris vs. Billie Joe Harris; married August, 1944; separated, August 1947; grounds, cruelty.

D. R. Jennings vs. Mary Bell Jennings; married, October 1947; separated, January, 1948; grounds, cruelty.

Leslie B. Chism vs. Lester Samuel Chism; married, 1945; separated, May 1947; grounds, cruelty.

One divorce petition between Dwinn Hamrick Sallee and E. M. Sallee was filed in District Court today.

Bears More Into Regional Cage Tourney

By the Associated Press
Southwest Conference basketball champion Baylor failed to figure in the lone record established this year.

The Bears swept a playoff with Arizona to win a spot in the Western Regional NCAA meet in Kansas City this week and remain the only conference team left in postseason competition.

Second-place Texas set the new mark, making 26 free throws in beating Arkansas, 54-23. The old record was 23 free shots in a single game and was established by Texas against Arkansas last year.

Texas bowed out of the New York Invitational Tournament last week in the first round, losing to New York University, 45-43 in the last six seconds of play. Baylor turned back Arizona in the Border Conference championship, 65-59, 64-54, to advance to the NCAA tournament.

Earlier last week Texas defeated Texas A&M, 54-34, to ring down the curtain on conference play.

Jackie Robinson led Baylor to its double win over Arizona, scoring 38 points in the two games. He made 20 in the second game.

Substitute Dick Kor sank a left-hand shot to give the Violets their win over Texas.

Games last week failed to change season scoring. George Kok of Arkansas stayed on top with 20 points, though Slater Martin, adding to his second place margin and ended with a total of 317.
