

Irvin Cole Seeks Co. Commissioner's Post

Irvin W. Cole today authorized the Pampa News to announce his candidacy for the office of County Commissioner, Precinct 2, subject to the Democratic Primary Election.

Mr. Cole's statement follows: "Due to the request of a number of friends, I am announcing for the office of Gray County Commissioner, Precinct 2. I have been a resident of this county for 30 years, having come here in 1917. I have lived on my farm one mile south of Pampa ever since then. I have been married 29 years, and my only two sons are in business here. I have been a wheat farmer for all that time, and in addition raised cattle and operated a chicken hatchery here at Pampa for 18 years. I want to say that if I am elected to this office, my two sons will run my farm, and I will give all of the time necessary to the job if it takes every day. The only object in asking the voters for this job is to do a service to the county.

Leaves From a Correspondent's Life Note Book

By HAL BOYLE
NEW YORK (AP)—There is one thing rarer in the United States than a canary with mumps. That is a middle-aged person. Have you ever met one? I never have. Not one who would admit it anyway. The average person, man or woman, would rather conceal his stubbly cheeks in his grandmother than acknowledge he is middle-aged.

Middle age is a clammy, indefinite, uncertain time when you are no longer young and still haven't the years to justify your demanding an old age pension.

The foreign lecturer who comes to our shores and get rich by bleating that Americans are money-mad miss our real phobias. People in all civilized countries admire money. But this is the only land where everybody is either young or old, and nobody is ever middle-aged.

A man here wakes up in the morning and says to himself either (1) "Boy, I feel like a two-year-old" or (2) "Whoooo-ee, I'm an old man today." He never rises and says "Well, I sure do feel middle-aged."

This dislike for middle age shows even in our literature. There are many songs about youth, and Robert Browning serenaded the winter of life with his "grow old along with me, the best is yet to be." But no poet ever bothered to write: "In the spring a middle-aged man's fancy lightly turns to thoughts of security, the welfare of his children and the fact he no longer likes to gallop to catch a bus."

Nope, you just can't put poetry into middle age. The closest the culprit himself will come to admitting guilt is a grudging, "I ain't as young as I used to be." This is usually about the time he begins saving up his hangovers for weekends and waits for an elevator rather than climb one flight of stairs.

Another sign is his feeling of secret pleasure when he hears his high school son call him "the old man." If he overheard the boy refer to him as "the middle-aged man," he probably would flog him—or hita somebody to, as high school boys grow pretty big nowadays.

When her first grandchild arrives, a woman may cheerfully announce, "I'm just an old lady now." But she's just being coy. If you want to make an endless enemy, just reply: "Why, you're not really old, you're just middle-aged."

The people who put out dictionaries are disillusioning. One skirts the issue by saying middle age is just the period between youth and age, but another defines it flatly as:

"From about 35 to 60 or 65 years old. Feeling middle-aged? It's just the worried interlude between anticipation and retrospect."

There were 18 men at the Last Supper.

Ickes Says Former Texas Lawmaker Suggested Suit

WASHINGTON (AP)—Harold L. Ickes, former secretary of the interior, said Monday a former Texas congressman first suggested the government's tidelands suit against California.

Reading from his diary, Ickes told a Senate-House Judiciary Subcommittee that Hutton Summers of Dallas expressed his opinion in 1938 that the federal government had title to off-shore coastal lands. Summers then was chairman of the House Judiciary Committee. The subcommittee is considering a bill to give the states all submerged lands within their boundaries, including the oil-rich tidelands.

The Supreme Court decided last year California is not the owner of lands three miles seaward off its coast.

Ickes said the question of who owns the lands was raised at a luncheon with the late President Franklin D. Roosevelt on April 27, 1937.

After that luncheon, Ickes said, he instructed the General Land

Office to reject no more applications for mineral leases on the tidelands and to present any future questions on the subject directly to him.

Previously, he said, the land office had rejected at least one such application on the ground the state owned the lands.

He read a diary note dated March 4, 1938, which said "the secretary of Navy and I are about to join in a request to the attorney general to go into the courts" to determine ownership of tidelands off California.

The memorandum noted that oil had been discovered there and said: "We would like to hurry."

INCREASE FORCE

THE HAGUE, Holland (AP)—The government announced today that 23,000 men will be added to Dutch Police forces to safeguard public security. Police strength will be more than doubled.

These lands into a Navy oil reserve.

It was the same memorandum in which Ickes said Summers suggested the suit, rather than legislation. Because he believed the federal government already had title.

Entre nous is French for "between ourselves" or "confidentially."

Anniversaries MEAN MORE WHEN YOU SEND BEAUTIFUL FRESH FLOWERS

Whether it's a Wedding Anniversary... or in memory of "the first date"... there's nothing like fresh flowers to give sentiment and beauty to the occasion.

Mark down your next anniversary now and let us help you make it a grand occasion... with beautiful fresh flowers. Remember, too, for birthdays, holidays, or business.

In Any Event—Let Us Send Flowers

WHEREVER DISASTER STRIKES!

What if disaster struck at YOU... your community... your town? Would you know where to go, what to do, how to help yourself and others? Often there is little, if any warning and people are bewildered, suffering, helpless. BUT YOUR RED CROSS IS THERE... your trained volunteers, united in a common cause, provide food and shelter, supplementary medical aid to the injured, care for the needy and distressed. Here is where TEAMWORK and training count. Here is where your dollars go to work in the immediate relief of suffering. Be a part of this united front... GIVE generously... freely!

Men, Regain Youthful Vigor

Here is a Vital Message to Men of 40, 60 or Older Men Who Feel That The Years Have Let Them Down

If life apparently has lost its zest, you again may be able to enjoy life as you did in your youth. If added years have slowed down your vim, vitality and youthful pleasure, here is a simple method that may change your whole outlook on life. Don't feel old and worn out at 40, 60 or more. Why not try to regain the pleasure of living you once enjoyed; why be discouraged? Regain the nerve and zest of a much younger man. Just ask your druggist for Caltron stimulating tablets. Take as directed on label. There is nothing harmful in Caltron tablets. Take as long as you feel you need them. Added years may no longer deprive you of desired enjoyment. Why be the victim of the "older" years?

Don't Be Discouraged

Goethe finished Faust at 82; Cranle Mack is still managing the Athletics at 85; Tilton painted masterpieces between 80 and 90; Clara Barton was an active president of the Red Cross at 81; Verdi was composing, Victor Hugo was writing, Corot was painting long after 50.

So don't let the added years get you down. Why not try Caltron tablets today? Available at all druggists.

Anthony's EASTER PARADE

Walking Man' Guess Costs \$13,000 Taxes

LOS ANGELES—(AP)—These radio contest jackpots aren't all ravy, an Internal Revenue Bureau spokesman said. He estimated that Mrs. Florence Hubbard of Chicago, who won \$22,500 in merchandise in the "Walking Man" Contest, would be subject to close to \$13,000 in taxes, without considering a any possible exemptions she may have. The prizes are classified as earned income, not gifts, he said, and it makes no difference whether the jackpot is cash or merchandise. The winner must declare merchandise in the amount of its market value, he reported.

Red Army Reported Near American Zone

FRANKFURT, Germany—(AP)—U. S. Army officers have said 10,000 or more Russian troops had moved in the past month to an area near the borders of Czechoslovakia and the American zone of Germany. They said, however, these movements within the Soviet Zone of Germany seemed to be in connection with the routine spring maneuvers. The officers were commenting on a report in the German newspaper Hessische Nachrichten that the Russian troop movements coincided with the Communist rise to power in Czechoslovakia.

Mexico Looks For More Oil Unwritten Code

By REGINALD L. WOOD MEXICO CITY—(AP)—Ten years after Mexico expropriated her oil wealth she is prospecting for more to bolster national income. Hard pressed for dollars, Mexico is seeking to increase production of oil which she took over from private owners March 18, 1938. The success of President Miguel Aleman's six-year self-sufficiency program hinges on her ability to build a place quickly in world trade. Foreign owners, principally from the United States, Great Britain and Holland, built Mexico's oil industry into the fourth most important in the world. Labor difficulties from 1927 to 1937 were blamed for a steady decline in production. The administration of President Lazaro Cardenas, often called radical, stepped in and took over the foreign oil properties in March 1938. He grounded its action on old Spanish law by which subsoil deposits are national property. Production declined further. Banco Nacional de Mexico, S. A., largest and most influential private bank in the country commented: "The people of Mexico have not yet learned to apply modern methods in this branch of national wealth."

The bank said "any government unprepared to manage business corrupts the role it is charged with and jeopardizes the interest of society." President Miguel Aleman named businessman Antonio J. Bermudez last year to put the oil industry on a paying basis. First, Bermudez did away with meddling by labor chiefs. Labor answered with a "wild-cat" strike when he restored management rights. Bermudez called out troops to run the oil industry, and jailed 80 labor leaders forcing them to resign from the oil union. Workers went back to their jobs. Bermudez called in foreign oil experts for advice and announced plans to drill 75 wells a year for the next five years. Pemex under its new director increased oil production in 1947 to 56,000,000 barrels, \$3,800,000 more than previously obtained under government ownership. The 1947 output was the highest since 1927. It was attained by increasing the production in Pozo Rica on the Gulf Coast to 90,000 barrels a day. The other three main fields in Mexico continue to decline. Domestic consumption rose in 1947 to approximately 46,000,000 barrels and probably will increase this year to 53,000,000. New fields are being sought in the Isthmus of Tehuantepec, Tabasco, Yucatan, Chiapas, lower California, Chihuahua State and the Veracruz Valley. The first test wells are being drilled adjacent to the Texas fields. Jorge L. Cumming, head of the Pemex Exploration Department, estimated 1948 crude production will be 53,700,000 barrels. Consumption in 1948 is expected to be 52,000,000 barrels, increasing to 70,000,000 by 1950. Pemex views 1950 as the critical year when calculated 49,300,000 barrels of crude plus stored reserves would not meet estimated needs for 48,800,000 barrels. Production by 1955 providing no new fields are discovered, is

D. L. Day to Run For Constable Pct. 1 D. L. Day today authorized the Pampa News to announce his candidacy for the office of Constable, Precinct 1, subject to the Democratic Primary Election. Mr. Day has lived in Gray County 22 years and is qualified for the office and solicits your support. (Paid Political Advertisement)

Corpus Has Good Year for Shipping

SAN ANTONIO—(AP)—More tonnage was shipped through the port of Corpus Christi during 1947 than in any year in its history, Port Director Byrd Harris has declared. Speaking at a conference of the Texas-Louisiana Freight Bureau and the Southwest Industrial Traffic League, Harris said that 10,000,000 tons of cargo were shipped for export or coastwise during the year. The conference was the prelude to the opening of the two-day conference of the Southwest Shippers Advisory Board. The federal government, Harris said, had just approved plans for extension of the ship channel to the Corn Products Corporation plant now under construction. The extension, he said, will give Corpus Christi a total water frontage of 12 miles. A galloon was a large, unwieldy ship formerly used by the Spaniards. expected to decline to 42,800,000 barrels. Mexico has settled her oil expropriation debt with United States owners for \$23,965,991 plus interest. The final payment was made in September, 1947. British and Dutch claims were settled upon last year.

POLICE ON GUARD LONDON—(AP)—Police scrutinized all visitors at Prime Minister Atlee's official residence today after an anonymous telephone caller said "No. 10 Downing Street will be blown up tonight."

FRESH BLOOD A MUST FOR FREE ENERGY

Do you feel like you are tied to a drag every time you try to do something? If so, don't let a low blood count hold you down when you may release vibrant energy to every muscle, fibre, cell. Every day—seven billion—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease. To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients. Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, flat and give off that sour food taste. Don't wait! Energize your body with rich, red blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

To give you advice and expert consultation on cosmetic and beauty problems THE HARVESTER DRUG announces the addition of MRS. MAE PLUMMER Experienced - trained - and - qualified cosmetician . . . Picture of Duce Starts Naples Riot

ROME—A picture of Benito Mussolini flashed on the screen and started a riot in a Naples theater recently. Dispatches said many applauded as the photograph of the dead

duce appeared in Charlie Chaplin's film, "Monter Verdoux." That started the fight. A woman and two men were arrested. All living things can be grouped into two main divisions, flora and fauna.

Political Calendar

The Pampa News has been authorized to present the names of the following citizens as Candidates for office subject to the action of the Democratic voters in their primary election on Saturday, July 14, 1940.

For State Representative:
12th District—
G. W. McILHANY

C. S. CLENDENNEN
D. L. DAY

For Constable:
Precinct 2—
C. M. FUCKER
W. F. "BIB" LANGLEY
EARL LEWIS

For Justice of the Peace,
Precinct 1:
E. A. VANCE

John Pitts Files for County Judge's Office

John Pitts today authorized The Pampa News to announce his candidacy for the office of County Judge, subject to the Democratic Primary Election.

Mr. Pitts states: "During the past several weeks I have been asked by numerous people representing all sections of Gray County if I would run for county judge. And due to the insistence of my many friends I have decided to announce for the office of Gray County Judge.

"Therefore, in order that the people of the county might know about my intentions, I am taking this opportunity to make a few statements. "I believe that tax-supported political organization is not any different than a private business, and that it can be run with the same efficiency and foresight. That includes the office of County Judge.

"I am now engaged in the operation of the Court House Cafe here, in addition to other enterprises. I moved to the Panhandle in 1908, settling with my family in Hutchinson County. I started my business life as a grocery clerk in 1929, and went into the grocery business for myself at Dumas in 1937. Two years later I sold out and came to Pampa and went into the insurance business in the firm of Hughes-Pitts. This partnership was dissolved on March 1st, 1947, and then I went into the present business of running the cafe and other enterprises.

"I am a member of the First Baptist Church. I am a member of the Rotary Club.

"I have not sought this job as a means of livelihood. I am not entering the race with the thought of starting a political career. But I feel that, since this county has been so good to me in so many ways, I should do whatever I can in return for that kindness. In other words, don't take everything and give nothing in return.

"Since I have acceded to the request of my friends and acquaintances—and a lot of them have approached me in the past weeks—I would certainly appreciate your support for the office of County Judge."

GILBERT'S CONTINUE THEIR 11th ANNIVERSARY SALE

WE CAN'T HOLD OFF ANY LONGER

Eight week of continuous bad weather and an early Easter have completely upset our spring merchandising plans. No matter how much nice weather we have between now and Easter, we can't possibly sell all the New Spring Suits, Coats and Dresses we have been receiving these past few weeks, so we are taking a beating on our entire stock of spring ready-to-wear. Please note this is not a sale of old fall merchandise. All the goods offered are brand new spring fashions.

Bring The Family down. Reductions may be found in all sizes.

All Anniversary Sale Prices have been reduced further.
These values cannot be overlooked!

Robertson Heads Pack as 7 Records Broken in Border Meet

Pampa News, Sunday, March 14, 1948 PAGE 7

What makes this picture of the Yankees' Joe DiMaggio different from most is that it shows him in action at the Bronx Bombers' spring training camp at St. Petersburg, Fla. The DiMag. beginning his 10th year in the majors, not counting the war years, has rarely made an appearance opening day of spring training.

Old Reliable Citation and Bewitch Head Derby List

LOUISVILLE, Ky. (AP)—Calumet Farm's Citation and Bewitch head a list of 109 Kentucky derby eligibles announced yesterday by Churchill Downs.

The eligible list is one of the smallest in recent years but judges of horse flesh in the bluegrass country say it is one of the choicest. Last year, 135 colts, geldings and fillies were nominated.

Most of last year's leading two-year-olds were made eligible for the 74th annual running of the derby on Saturday, May 1. The derby, one of America's most colorful sports events, is open to three-year-olds and will be run at a distance of one and one-fourth miles. It carries \$100,000 in added money.

Jet Pilot, nominated by Mrs. Elizabeth Arden Graham's Maine Chance farm, won the 1947 running of the derby before a crowd estimated at more than 100,000.

Although Citation and Bewitch, the latter a filly, head a sterling field, Calumet Farm nominated four others. They are Coaltown, Beau Dandy, Free America and Whirl Blast.

Only 2 Regulars Out for Aggie Spring Training

COLLEGE STATION (AP)—The Texas Aggie football team sure has changed.

You won't recognize the one that's running in spring training if you remember the regulars of last season.

Coach Harry Stiteler, making his start as head coach of the Aggies, has only two members of last year's team in the current No. 1 lineup.

Whether other old hands will join them before the big intra-squad game on sports day, March 20, or before the initial game next fall against Villanova, remains to be seen.

At present only Jim Winkler at left tackle and Odell Stautzenberger at right guard fill the same positions.

Mayes to Play in All-Star Game

Carl Mayes, 1947 Harvester football star, has been selected to play in the Northern Texas in the Texas High School Coaches Association's all-star game to be played in Abilene August 6.

Mayes made the district 1-AA all-star team, and was listed on many all-state teams.

In 1939 the kippys moth was accidentally introduced into America by a naturalist carrying seeds.

McLean Girls Place 2nd in District Race

McLEAN (Special)—The McLean girls' basketball team placed second in the recent district basketball tournament, held in White Deer.

The Tigers whipped Dismitt 38 to 24 in the semifinal round and downed White Deer in the opening game to enter the finals of the tourney.

For taking second place honors, each of the 12 members of the squad were awarded silver basketballs.

Two local girls were named on the all-district team: They were Effie Lou Carpenter, guard, and Dorothy Gudge, forward. LaVetta Gum was named on the second team.

The tournament ended the season for the girls' squad. The team was coached by George McCarty.

GOLD CUP IS RIGHT

NEW YORK — The Jockey Club Gold Cup at Belmont Park becomes another of the country's \$100,000 stakes, Oct. 2.

Take a Bat, Any Bat

Twelve members of the Pampa High School track squad will leave next Thursday to compete in the Southwestern Recreation Track and Field Meet, scheduled to be held March 19-20 at Farrington Field in Fort Worth.

The annual track meet was organized and first held in 1927 and has previously been known as the Southwestern Exposition Track and Field Meet.

The high school preliminaries will be held Friday afternoon at 1 o'clock while the preliminaries in all other divisions will be held Saturday morning at 9:30. Finals for all divisions are to run off Saturday at 1 p. m.

There will be four separate divisions with 15 events for records in each. Gold, silver and bronze medals will be awarded to the entrants placing first, second, and third in all events, including the relays.

Three of the twelve local things to attend the meet have not yet been named but nine have definitely been named to make the trip.

Heading the Pampa list will be 100-yard dash man Carl "Red" Mayes. Mayes has twice previously entered the meet but failed to place either time. In running the preliminaries last year, "Red" pulled a muscle and was unable to participate in district competition.

Jimmy Wilson, Wesley Kieth, Harold Cox and Jimmy Cox are three other dash specialists who will make the trip while Coaches Tom Tipps and Aubra Nooncaster hope to enter four dash men in the 440 yard sprint relay.

Lanky Derrel Davis will enter the meet as a hurdler and Jack Williams will also probably enter this event. Davis was rated as one of the top hurdlers in this district last season but has spent most his practice sessions inside the high school gym, due to the unimproving weather.

In the field events, A. E. "Zek" Griffin will have the heavy task of not put tossing while Hansel Kennedy will enter the meet as a discus toaser.

Coaches Tipps and Nooncaster are hoping for fairer weather this week so as to start outside workouts. The cold weather has deprived several cinder-men from having the proper opportunity to display their talents but by the time district competition rolls around, the boys should be wound up and ready to go.

Harvester Cagers Among Those to Be Banquet Honorees

Members of the Amarillo Times all-district basketball team will be honored this afternoon at a banquet to be given at the Thomas Dinner House in Amarillo.

Three Pampa Harvesters will be among those feted at the banquet. They are Derrel Davis, Raymond Hernandez, and James King. They will be accompanied by Harvester Coach Clifton McNeely.

3 Schools Pace Lone Star Loop's Conference Team

By the Associated Press

San Houston State, East Texas State and Southwest Texas State each placed two men on the all-Lone Star Conference basketball team selected by coaches and players voting for all-opponent quintets.

Ties for places resulted in seven being named to the first team, Trinity University got the other spot.

The only unanimous selections were Murray Mitchell, Sam Houston State center, and James Littleton, Southwest Texas State forward. Others on the first team were Pete Murphy, Trinity forward; Donald Walker, Sam Houston State guard; George Carlisle, Southwest Texas State guard; Jake Carter, East Texas State center; and Truitt Ingram, East Texas State guard.

The second team: Troy Ingram, East Texas; Louis Brown, University of Houston; David Watkins, Houston State; Bill Carter, North Texas State; and George Daniels, North Texas State, guards; Winfred Williams, Stephen F. Austin, center; Wyatt Dotson, Stephen F. Austin, forward.

Dauntless Bo Returns To Tropical Park—A Long Shot Delight

CORAL GABLES, Fla. (NEA)—Jimmy Doyle's five-year-old Dauntless Bo has returned to Tropical Park for the current racing meeting—which no doubt comes as good news to long-shot players. It was just a year ago here that the useful plater came prancing home twice at fancy odds: House at \$33.70 for \$2 and a short time later at \$90.20. The Bo was picked up by Doyle as a yearling for \$500 and holds the track record of 2:19 2-5 for a mile and three-eighths at Gulfstream Park.

Judge Freed Him

CHICAGO (AP)—Ed Albona, a pitcher who will bid for a Chicago White Sox job this season after winning 11 for Hollywood of the Pacific Coast League last campaign, is one of the 80-odd Detroiters granted free agency in 1948 by the late Commissioner Kenesaw Mountain Landis.

AGAIN?

STATE COLLEGE, Pa.—Seven of last season's undefeated Penn State's eleven starters answered the call when coach Bob Higgins launched spring football drills.

Kubla Kahn was the oriental ruler at the time Marco Polo first visited the East.

Pittsburgh's Ralph Kiner, who tied with the Giants' Johnny Mize for homerun laurels with 51 last season, looks over the lumber he will use during spring training in Hollywood. That's the Bucs' new manager, Bill Meyer, with the admiring eye.

Marcel Cerdan Stops Roach With Eighth Round Knockout

NEW YORK (AP)—Marcel Cerdan's convincing rout of young Lavern Roach puts the New York State Athletic Commission on the hot-seat. Now the muddled middleweight situation screams for action.

Rooky Graziano, 160-pound king in many states, is rated undesirable on his home grounds. His license was revoked for concealing an alleged bribe offer.

With the champ unrecognized, the title has been declared "in abeyance" by Chairman Eddie Egan of the commission. The Egan is swarming with would-be contenders.

Cerdan, who stopped Roach in 2:31 of the eighth round last night in Madison Square Garden, has a strong case. Unbeaten in five North American starts, the Frenchman with the smiling eyes has a string of 33 victories. At the age of 32, like Gus Lesnevich, he seems to be improving.

Then there's Tony Zale, who lost his crown to Graziano in Chicago last summer. He's on a comeback and ready for action.

Ray Robinson stepped into the picture last night when his press representative, Pete Vaccaro, pronounced that Sugar Ray was willing to give up his welter title to mingle with the middles under the eight circumstances.

With considerable pressure being brought to bear on the commission, four alternatives are offered:

1. Stand pat with the "in abeyance" routine.
2. Declare the title vacated.
3. Declare the title vacated and give championship recognition to a bout between two top contenders.
4. Reinstete Graziano.

Egan is unable to take any immediate action for he is the only commissioner who has been present at recent meetings. He will not act until there is a quorum. Perhaps not then.

Many boxing insiders think the final outcome will be a vacated title with a big outdoor match between Robinson and Cerdan carrying championship recognition. That remains to be seen.

Although Roach easily took the first round Friday night he was overmatched. His brilliant amateur career and 24 wins in 25 pro fights were not enough to cope with a veteran puncher like Cerdan. The "rookie of the year" in 1947 still may become a top notch scrapper but he was in over his head against Marcel. They don't call Cerdan the Casablanca clouter for nothing.

At the end, the ex-Marine was all done. Reeling across the ring with wobbly legs and glazed eyes, he had fallen on his back half way out of the ring. Officials never bothered to count last time he went down but started to help him to his corner.

It was a good pay night for both boys for the house of 16,905 paid \$50,030 to see the international bout.

Local Rifle Club Being Organized

A meeting was held Friday night by a group of local men interested in organizing a National Rifle Association club in Pampa. Temporary officers were elected and application was made to national headquarters for a charter.

Those present were F. E. Hoffman, H. R. Braly, M. E. Mayhan, T. H. Flood, A. L. Sikes, Fred Niemeier, E. R. Sikes, Herman Glover, E. L. Clay, B. A. Derryberry, T. A. Wise, Tom King, Vardman Smith, and Keith Glascock.

Officers elected were F. E. Hoffman, president, Vardman Smith, vice-president, and Keith Glascock, secretary.

The next meeting is scheduled for March 26 at the home of F. E. Hoffman. All men in Pampa and vicinity, who are interested, are cordially invited.

Tag Match Slated for Weekly Card

The rough and tough Irishman from Big Spring, Pat O'Dowdy, will return to the local wrestling scene Thursday night, when he will be teamed with Carl Gray of Milwaukee, Wis., in an Australian tag match.

The above team will be matched against Gorilla Poggi of Argentina and Salvadore Flores of Mexico City.

Looking back to the tag matches in previous weeks at the Sportatorium, Promoter Vic Burnett will have the services of two referees in the ring during the match. The referees will be Homer Anderson of Pampa and A. D. Jones of Borger.

O'Dowdy will meet Flores and Gray will tangle Poggi in two 15-minute warmup bouts.

The rematch that was ordered by local wrestling commissioner Glen Sheehan between Ace Freeman and The Mask will be held as soon as both wrestlers come to terms and have an opening in their schedule. However, it is believed, that when the two meet it will be a winner-take-all fight.

FOUNDING FATHERS

MILWAUKEE—The Central Collegiate Conference was founded in 1926 by Marquette's Conrad Jennings, Michigan State's Ralph E. Young and the late Knute R. Rockne of Notre Dame.

There are five athletic events in a pentathlon.

Local Track Squad to Compete in Southwestern Track Meet

Twelve members of the Pampa High School track squad will leave next Thursday to compete in the Southwestern Recreation Track and Field Meet, scheduled to be held March 19-20 at Farrington Field in Fort Worth.

The annual track meet was organized and first held in 1927 and has previously been known as the Southwestern Exposition Track and Field Meet.

Oklahoma Oil Men Start 39 New Wells

TULSA —(AP)— Oklahoma oil men last week drilled 240,748 feet which resulted in 39 oil and three gas wells and 28 abandonments.

Air Reserve Pay Bill Is Passed

Francis R. White, secretary of the Pampa Air Reserve, has been notified by the national president of the Air Reserve that the House and Senate have passed an inactive pay bill for Reservists commissioned and enlisted.

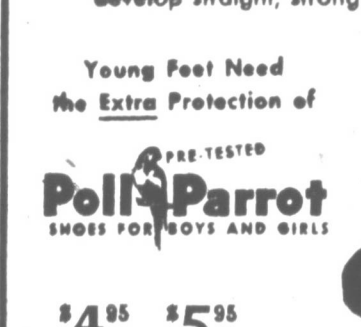

ONE INTOXICATION

One man was fined \$10 in Corporation Court yesterday morning after pleading guilty to a charge of intoxication.

AS LONG AS I LIVE

By Ione Sandberg Shriver

THE STORY: Ann Barrett—Mrs. Ruth Barrett—suddenly became terrified. Someone has seized the sole of her new brown pumps, someone who evidently wants her to slip and fall down the steep stairs at Tophill.

It was all right to be reasonable, but her husband's sister... Nevertheless it was someone in the house. It had to be. Someone in the house was planning Ann's death with such cunning that when it happened, when her death was a fait accompli, no one would recognize it for what it was.

THE telephone bell rang. In the quiet room it made a harsh compelling sound that brought her to her feet, sent the blood racing through her veins.

SHE had no recollection of replacing the receiver but she must have done so because when she looked, long minutes later, it was back on the hook where it belonged.

Rush's words brought a sickening sensation of terror that almost stopped her heart. The typewriter! She'd wanted evidence, demanded facts from her memory, anything to stop her from being an ostrich.

Practically, her mind lashed by panic, she remembered how everyone had said "What a narrow escape, Ann! If you hadn't stepped to one side..."

It took a frightful effort to move but she managed to get to the dresser. She pulled and tugged at the top drawer, it came out crookedly, sticking, as it always did, at one side.

At the door I stopped for a minute to talk to three boys in sweatshirts. I asked them how much thinking they and their friends were doing about U. N.

And yesterday I went back and looked up the story I wrote then on what they had said: "The tallest boy said: 'We're taking it a lot more seriously than older people think we are. Not all of us, sure. But a lot of us. But sometimes we think we're getting propaganda about how good the new world will be. What we want to know is the truth...'"

Then we parted. I didn't see them again. Since that day in May, 1945, I've thought about them often, wondering what they were learning about the truth of the world they're living in.

Epicure comes from a school of philosophy founded by Epicurus in the 4th century B. C.

Youth of America Want To Be Told the Truth

By JAMES MARLOW

WASHINGTON —(AP)— Three schoolboys in sweatshirts in San Francisco... serious... Spring, 1945.

I never knew their names... they were three boys and we talked a minute... they asked a question... I didn't know the answer then.

Maybe they have their answers. It was May 18... the war in Europe was over 11 days... allied statesmen from everywhere were in San Francisco.

The statesmen were setting up the United Nations... a thrilling time... people and statesmen talked of the new world coming.

The statesmen worked hard, day and night, talked, argued, joked, split hairs over every word going into the United Nations Charter.

They started off the charter with: "We the peoples of the United Nations determined to save our succeeding generations from the scourge of war... to reaffirm faith in the dignity and worth of the human person..."

The whole allied world watched what was happening in San Francisco. Words poured out of there by the millions...

On that warm, and sunny afternoon of May 18, 1945, about 10,000 high school students from in and around San Francisco sat down in a huge auditorium...

They were going to get a little taste of foreign affairs first hand... they had gathered to hear a diplomat talk of U. N. and the new world.

He seemed very happy, full of hope. Full of happiness, even... "Mr. President," he began talking to the youngsters...

He said he began that way because in this American democracy he thought he might then be speaking to a future president of the United States.

TRUMAN

(Continued from Page 1)

Associates said the President has not yet had time to cast about for a successor. Anderson said he hasn't the slightest idea who might succeed him.

Led by Senator Taft (R-Ohio), Republicans immediately read into Anderson's decision a fear on the part of Democrats that Mr. Truman won't be able to beat the GOP presidential nominee in November.

But Senator Sparkman (D-Ala.) retorted that this isn't true. Some Democratic officials strongly urged Anderson to take the step, believing that only his entry could prevent a New Mexico primary fight that might weaken the Democratic senatorial nominee in November.

Patrick J. Hurley, former secretary of war, is expected to become the Republican nominee, sinated in Buffalo, N. Y., in 1901.

With Hatch out, some Democratic officials had feared they might lose the New Mexico seat at a time when they believe the battle for control of the Senate in 1949 may hinge on a vote or two if the presidential race is close.

Hatch and Chavez have said they are confident Anderson can beat Hurley.

President McKinley was assassinated in Buffalo, N. Y., in 1901.

There's New Glamour in the Way it Goes

TAKE the glamour of its tapered gracefulness for granted, if you will. One glance tells you it's tops.

Take an inside peek at its newly fashioned interiors—and see if you're not dazzled by the luxury that greets your eyes.

But wait—just wait—till you learn what makes this banner beauty run off with the year's high honors on the highway. Dollars to drachmas—you'll fairly itch to get in and GO!

For new your right foot commands a Fireball power plant that's as eager as a panther on the prowl—yet is so quieted in purr and pulse you barely sense its telltale throb.

Now you slip through traffic or light set cross-country as relaxed as a baby with his bottle—in a body that's bountifully big, cozily cushioned,

and insulated against the usual noises of traveling.

Now you experience the first scientific system ever devised to shield a car's ride against road noise, shake and the vibration build-up that previously took advantage of an automobile's tendency to play sound box.

Now you ride the washboard roads and cobbles as though they were carpet—thanks to coil springs all around—plus extra-low pressure tires, carried on Buick's own wider, more stable Safety-Ride rims.

And last but not best, if a Roadmaster's your choice, you can enjoy the really effortless driving—in a new kind of drive that not only frees you of gear-shifting, but that doesn't even shift itself!

It's Dynaflow Drive—a drive that's devoid of all halt, lag and hesitation through all speed ranges—because here, for the first time, the power plant itself does what gears used to do.

Fact is, you'll find the new Buick sparkling with more than a score of new advances—in ten brilliant models that span three series and give you your choice of three wheelbases and four power ratings.

So why dally? Here, certainly, is the dilly of the year for smartness and roominess—for the newest in driving ease and riding relaxation—and for all those basic bounties that are forever Buick's.

Place your order with your dealer now—whether or not you have a car to trade—and hasten the day when you'll reach those motoring heights you hanker for.

When better automobiles are built BUICK will build them

Original at extra cost on Roadmaster models only.

Tune in HENRY J. TAYLOR, Mutual Network, Mondays and Fridays

HELP AMERICA PRODUCE FOR PEACE—TURN IN YOUR SCRAP IRON AND STEEL

WEATHER, it says right above "WEATHER-BEATEN" in my encyclopedia, is "the condition of atmosphere at any time in respect to heat, moisture, wind, rain, clouds and electricity." A change in the weather implies a change in any one or more of these elements as related to the degree in which they are absent or present. That definition gets plumb out of hand when you read it; and that's probably the reason the weather got out of hand around our place, and caused all the snow, and caused school to be dismissed, and caused the kids to practically tear up the place. I'm feeling good this week, despite the weather; therefore, I have the right to split infinitives if I want to, as I did above. . . . By the way, "Everybody talks about the weather, but nobody does anything about it" isn't Mark Twain's quote; it's Charley Dudley Warner's. (Ed's Note: Don't blame me if an argument ensues over this remark.) . . . But if this weather keeps acting up, we'll really begin to talk-like the wit who is credited with "Winter lingered so long in the lap of Spring, that it occasioned a great deal of talk."

Oh, well . . . can spring be far behind? . . . Apparently not, for Mrs. Jessye Stroup and charming little daughter, Joan, are already planning an extensive vacation . . . at any rate, by this time people have begun to realize that cold weather is not so hot.

DATA DEPARTMENT (lifted lock, stock and barrel)—more than \$480 millions worth of gold is in the teeth of Americans . . . enough milk is produced annually in America to fill a river 3,000 miles long, 40 feet wide and 3 feet deep. If all the milk produced in the U. S. in 1946 had been put in quart bottles side by side, the bottles would extend almost 140 times around the earth . . . it is estimated \$80 million was spent on Valentines (which goes to prove that it still costs to say "Will you be mine?").

WHEN WEDDED BLISS GOES AMISS: Happier marriages, including getting along with your mother-in-law, can result when families play games together. Games are a good tonic when wedded bliss begins to pall, declares a psychologist in Journal of Living. Every married couple should have a fund of games they enjoy playing. It is one of the sure antidotes to boredom when long evenings are spent alone in each other's company.

PEGANESE: The "old man" the other day was wondering how I can get 10 pounds (almost) of hash from what's left over from a five-pound roast. (Answer: cost-of-living.) . . . a sponger is a fellow with a proposition that won't hold water. . . . tons of dirt circulate in the air of our big cities, reports an article—(Yeah, and how the scandal-mongers love to listen to it.) . . . Serious note: Columnist Eric Brandeis last week said something I wanted to say, and he said it better—"Wrong side of the track is the side that produces the wrong kind of people." And he goes ahead to prove (to me, at least) that there's no "wrong side of the track." It's the people who count, and, Pollyannishly I say, good people are to be counted everywhere.

PAMPA PANORAMA:
 Jack had money,
 Jill had nil;
 Jill married Jack,
 So Jack had Jill.
 Jill went to Reno—
 Now she's back;
 Jack has nothing,
 But Jill has Jack.
 . . . pleasant personality—Roy Kay, at Clayton's . . . pleasesome threesome are Mrs. Joe Auetin and daughters . . . H. Price Doster is listed among weather victims . . . all buty . . . in the address of the week: 1336 N. Russell . . . Mary Sue Nimmo attractive in a spring green plaid coat . . . a favorite back in town for a spell—Senor "Bob" de la Rosa . . . Listenin' out of turn: heard bits of conversation like "Panhandle Man," "Rotary Club," "Radio Station KPDM." Could this be a takeoff on "Walking Man"? Come on, bring it out of the "hush-hush" stage . . . congratulations, Rachel Grumley, for your originality in inventing the BIGG dance bid . . . for a sight pleasing to the eyes—look at lovely Louise Kay in a sleek new Pontiac. (Send you a bill tomorrow, Mr. Coffey.) . . . I may be just an opinion, but there's definitely a similarity between Lucile Douglass and Gladys Robinson . . . 'twas gaily galore (or was it more?) when fathers and sons (James McCune and C. E. Kennedy and sons) kissed all the Capertines as they presented them with a gift from the Lions Club . . . outcomes twosome—Valerie Elyson and Bud Boyles . . . the "be" somebody said the other day, is the man at the office who is early when you're late and late when you're early . . . thanks, Mr. Meek, for the roses. Had a little trouble getting them. The editor at first said he was taking them home to his wife, giving as his reason the "excuse" that he couldn't get them to me without revealing who I am . . . I long for the Pollyanna disposition of Johnnie Westerman (and the BIGG is strictly confidential) that Vernon Hobbs and Frank Dial were victims of a doubtful joke—something to do with a radio program . . . listen, friends and customers, next Thursday night, 8:30, to KPDM and Mutual—Mrs. Jerry Tarvie (our own Mable) will have read over the network a letter she entered in a contest.
 I may be a-retirin'
 When it comes to my name;
 But I'll always be a-rarin'
 For my rose' just the same.
 'Cause I'm
PEG O' PAMPA

Spring Coats and Suits Modified to Suit Average Taste

By DOROTHY ROE
 Now that the shouting is over, it appears that Easter fashions in the U.S.A. are going to be much less alarming than earlier reports indicated.
 For those who like their tailor of clothes in the classic tradition, there are plenty of crisp, slim-skirted suits with either short or long jackets, no exaggerated waists or hip pads, and a general air of good breeding. Just below the tail is the accepted skirt length.
 For the more daring, there are still full-skirted, small-waisted outfits, but even in most of these the skirt flares have been modified and shoulder pads have been retained.
 Fabrics are handsomer than they have been in many years,

with all varieties of gabardine well out in front, and navy by all odds the favorite color. Grays, in both worsteds and flannels, are the next best bet, and then come muted pastels and sand tones.
 Hats are frankly designed to flatter the wearer, and there's nothing freakish or frightening about them, either. Favorite for wear with Easter suits is the stiff little straw sailor, which may be trimmed with flowers, gay imported taffeta ribbon or veiling. Victorian bonnets are shown for the young, and big off-the-face Bretons are definitely in the picture. Delicate pastel tones are preferred for spring hats, to flatter the face and contrast with dark, simple suits and coats.
 Shoes and handbags are lady-like and handsome. Newsiness of the season have covered toes and heels, but may be cut far down on the vamp, with perhaps a strap or two to add to the "covered-up" look. Supple leathers and soft calf and suede leathers are being shown, with fewer platform soles than last year.

Annie Jones Marries Roger Klucas; Couple to Make Home in Minnesota

McLEAN (Special)—Miss Annie Jones, daughter of Mr. and Mrs. E. T. Jones, became the bride of Roger A. Klucas, son of Mr. and Mrs. Arthur A. Klucas of Buffalo Lake, Minn., on Feb. 22. The Rev. Ray Stephens read the double-ring ceremony at 4 o'clock in the First Baptist Church in a decorative setting of an altar arrangement of baskets of white and salmon gladioli and cathedral tassels.
 Preceding the ceremony, Mrs. Travis Hoche, pianist, played "Because" and "Indian Love Call" and Miss Sue Davis sang "I Love You Truly." The traditional wedding marches were used.
 Miss Cleo Jones, maid of honor, wore an aqua net floor length dress over taffeta and carried an arm bouquet of white carnations tied with white satin ribbons. Mrs. Ruben Hoche, sister of the bride, groom, served as matron of honor. She wore a floor length gown of pink net over taffeta and carried a bouquet of white carnations tied with white satin ribbons.
 Ruben Hoche served as best man and Ted Simmons was usher. Given in marriage by her father, the bride was attired in a gown of white chiffon over satin. Her veil was held with a coronet set with crystal beads. She carried a colonial bouquet of white roses tied with white satin ribbon. And she followed the custom of wearing something old, new, borrowed and blue.
 The bride's mother wore a dark blue crepe dress with black accents and a corsage of vanda orchids. The serving table room wore a gray crepe dress with brown accessories and a corsage of vanda orchids.
 A reception was held following the ceremony in the home of the bride's parents. The serving table room wore a gray crepe dress with brown accessories and a corsage of vanda orchids.
 For travel the bride chose a cocoa brown suit, with brown accessories and an orchid corsage and a pink carnation corsage. R. L. Davison, Skellytown, served the bridegroom as best man.
 The bride wore a winter white wool jersey dress, fashioned with full cap sleeves, held in place at the shoulders by gold and seed pearl clips, with full skirt and narrow gold belt. Her accessories were of moss green. The shoulder length veil fell from a halo of white carnations. The bridal corsage was of white carnations

Mr. and Mrs. Jack W. Tabor, Jr.

Miss Giddens Wed to Jack Tabor, Jr. In Double-Ring Ceremony in Church

Virginia Lee Giddens, daughter of Mrs. Alma Giddens, 635 N. Banks, was married, Feb. 28, to Jack W. Tabor, of Borger, son of Mr. and Mrs. J. W. Tabor, Sr., of Webb City, Okla.
 The wedding took place at six o'clock in the evening at the First Methodist Church of Pampa. The Rev. H. Clyde Smith read the double-ring ceremony at an altar decorated with palms and mixed flowers, with lighting only from candelabra. Only a few relatives and close friends attended the wedding.
 After the reception the bridal couple left for a wedding trip to Oklahoma City. They are establishing their home in Stinnett, Tex.
 Mrs. Tabor was graduated from Pampa High School in 1947 and at the time of her marriage was employed by the Southwestern Bell Telephone Company in Pampa.
 Mr. Tabor entered the Air Force in June, 1944, and was discharged in September, 1946. He was stationed in the South Pacific and saw action on Okinawa. He finished high school in 1947 and is now employed by the Brown and Tomer Drilling Company.

Mrs. John Martin Brown

Miss Word Weds Mr. Brown Will Make Home in Pampa

In an impressive candlelight ceremony, Pauline F. Word, daughter of Mr. and Mrs. Andrew B. Word, Alameda, Texas, and John Martin Brown, son of Mrs. E. M. Brown, Compton, Calif., were married Thursday evening, March 4, in the Chapel of the Presbyterian Church.
 The Dr. Douglas Nelson read the single-ring ceremony. Mrs. George Orrick, sister of the bride, was her only attendant. She was attired in a grey dressmaker suit with palm-olive accessories and a pink carnation corsage. R. L. Davison, Skellytown, served the bridegroom as best man.
 The bride wore a winter white wool jersey dress, fashioned with full cap sleeves, held in place at the shoulders by gold and seed pearl clips, with full skirt and narrow gold belt. Her accessories were of moss green. The shoulder length veil fell from a halo of white carnations. The bridal corsage was of white carnations

The Woman's Page

Pampa News, Sunday, March 14, 1947 PAGE 11

Miss Peggy Joy McDonald Marries Jimmy Sanders in Baptist Church

Peggy Joy McDonald, daughter of Mr. and Mrs. O. H. McDonald, 611 East Browning, became the bride of Jimmy Sanders, son of Mr. and Mrs. F. M. Sanders, Pleasant, Texas, at the First Baptist Church, Jan. 28. The Rev. E. Douglas Carver read the vows in double-ring ceremony before a background of palm greenery and candelabra.
 Mrs. Carver, organist, played the wedding music and accompanied Mrs. Lee Newsome who sang "Because" and "I Love You Truly." Candle-lighters were Misses Betty Shelton and Barbara Carruth.
 Given in marriage by her father, the bride wore a white wool street length dress fashioned with three-quarter length sleeves, wide belt, and ballerina skirt. Her hat was off-the-face with shoulder length veil. She wore white wrist-length gloves, navy blue shoes trimmed with red, and a corsage of red roses and carried a white Bible.
 Mrs. Kenneth Tubbs was matron of honor. She wore a light blue wool dress fashioned identically to that of the bride.
 The candle lighters wore dresses of pink and orchid with flower halos in matching colors.
 The bride's mother wore a black three-piece suit, black accessories, white gloves and corsage of white carnations.
 Kenneth Tubbs was best man. The ushers were Billie Cheek, Lawrence Baines and Douglas McDonald.
 Presiding at the register were Mrs. Charles Beard and Mrs. Jay Jones. Their corsages were of white carnations and Tulsipans.
 A reception was held at the home of the bride immediately following the ceremony, where a three-tier wedding cake was served with punch and blue and white mints. The table was covered with a white linen cloth. The centerpiece was of white gladiolas, and blue-candles in crystal holders. A blue satin ribbon with "Peggy and Jimmy" in silver was placed from one corner of the table to the other, which made a very beautiful decoration.
 The wedding trip was cancelled because of bad weather. After spending two days in Pampa, the couple went back to Abilene to resume their education at Hardin-Simmons University. They are now at home at 2085 Swenson St., Abilene, Texas.
 Before her wedding Miss McDonald was the guest of honor at a bridal shower at 1108 Terrace, given by Mrs. Jay Jones, Mrs. Charles Beard, and Miss Bunnie Shelton. The honoree and her mother, Mrs. O. H. McDonald, were presented with corsages upon their arrival.
 Decorations for the occasion were carried out in a color scheme of blue and white and the napkins featured the inscription, "Peggy and Jimmy"
 After refreshments were served and the gifts were opened the guests spent the time in informal visiting.

Betrothed

Miss Lillian Ernestyne Jones

Mr. and Mrs. Ernie B. Jones of White Deer announce the engagement and approaching marriage of their daughter, Lillian, Ernestyne, to Harold Leon Hasmann. The wedding will take place on March 21 in the First Christian Church.

Joyce Beasley Wed To Cesley Johnston In Simple Rites

SHAMROCK (Special)—Miss Joyce Beasley, daughter of Mr. and Mrs. S. P. Beasley of this city became the bride of Cesley Johnston, son of Mr. and Mrs. E. T. Johnston of Leis, Saturday, February 28.
 Vows were exchanged at the home of Minister Murray W. Wilson, who officiated in the impressive double-ring ceremony.
 Miss Wanda Fern See was the bride's attendant. She wore a dress of pink crepe with brown accessories.
 Jackie Douglas, student at Texas Technological College, Lubbock, served the bridegroom as best man.
 The bride was attired in a white street length suit fashioned with a short flared coat and full ballerina skirt. She wore matching accessories.
 Mrs. Johnston is a graduate of the Shamrock High School of the Class of 1945. She attended Abilene Christian College, and for the past two years she has been employed at the Shamrock Clinic and Hospital.
 The bridegroom is a graduate of the Shamrock High School of the Class of 1947 and attended Texas Technological College at Lubbock. He is in the employ of an aluminum company at Big Spring, where the couple will make their home.

Wanda Campbell Beezley Is Married to Charles C. Fenoglio, Jr., in Church Rites

In a twilight service on Thursday, February 28, Wanda Campbell Beezley, daughter of Dr. and Mrs. W. L. Campbell became the bride of Mr. Charles C. Fenoglio, Jr., son of Mr. and Mrs. Charles C. Fenoglio, Sr. The ceremony was held in the First Presbyterian Church and Dr. Douglas Nelson officiated. The double-ring ceremony was read before the candlelit altar, which was banked with gladioli and palms. A medley of nuptial music was played throughout the service by Mrs. H. A. Yoder, organist. Miss Marjorie Caylor, soloist, sang "Because" by Teichmayer-D'Hardelot and "O Promise Me" by De Koven.
 Miss Nane Campbell attended her sister as bridesmaid. Mr. Tom Haggard, uncle of the groom, was best man, and ushers were Mr. Don Rochelle and Mr. R. R. Rochelle.
 The bride, who was given in marriage by her father, was attired in a cocoa brown gabardine suit with sable mist accessories. Her hat was an original design of mixed fresh flowers with ruff and band of white maline. Her colonial type bouquet was matching except for the detachable gardenia corsage forming the center and it was carried with a white Bible more than one hundred years old which belongs to the groom's family. White satin streamers and stephanotis completed the bouquet.
 Miss Campbell wore a dusty rose suit with sable mist accessories and an original flower hat with blue maline trim and carried a matching colonial bouquet with blue streamers.
 The bride's mother wore a gray suit with white accent and her wore a garnet rose corsage. The bridegroom's mother wore a navy suit with white accent and her corsage was of garnet roses.
 An informal reception for members of the families and close friends of the bridal couple followed at the home of the bride's parents. The serving table was laid with Venetian lace over a yellow cloth and the three tiered wedding cake centered on a reflector encircled by an arrangement of white maline and stephanotis intermingled. Miss Freddie Ann Fenoglio of Robstown presided at the Bride's Book, which was the guest register. Mrs. Marcella Dickerson presided at the punch bowl and Mrs. Haggard served the cake after the bride and bridegroom had cut the traditional first place.
 Mrs. Fenoglio attended schools in McLean and Pampa. She was a charter member of the local social club, Las Creas, and at the time of her marriage was employed in the office of her father, Mr. Fenoglio attended schools in White Deer, Pampa and Robstown and recently returned to his native town to attend the University of Texas at Austin.

Women Spend Quarter Of Lives Shopping

NEW YORK (AP)—Women spend a quarter of their lives shopping, says E. van M. Frankel, commercial designer. The equals about 17 years for American housewives, on the basis of the latest mortality tables.
 "The average woman who cannot afford a decorator follows the trends she notices in stores," Mr. Frankel says. "If a rug, drapery fabric, plaster ornament, or furniture setting used for store decoration strikes her fancy, she will copy it for her home."

20th Century Club Studies Modern Methods of Education

The Twentieth Century Forum Club members featured modern methods of education at the meeting Tuesday afternoon in the home of Mrs. E. L. Greene, Jr., 1101 Mary Ellen.
 Mrs. Gene Fathene, president, directed the business discussion which pertained mostly to plans for the Seventh District Convention of the Texas Federation of Women's Clubs.
 Mrs. John Ketter gave a paper on "Curriculum Adjustments for Gifted Children," and Mrs. Eben Warner, in the absence of Mrs. Dunigan, read a paper on "Modern Methods of Teaching."
 Refreshments were served during the social hour to those members present and Mesdames Ray Bourland, George Friauf, Biggs Horn, Frank Kelley, J. B. McCrery, M. C. Overton, Jr., Bruce Pratt, R. F. Rossman, Arthur Teed, C. V. Wilkinson.

The Social Calendar

 8-90 Order of Eastern Star continued regular work and annual membership drive in honor of deceased members. Mrs. Arthur Hanks is in charge of program.
 Frederick Bartholdi, a Frenchman, designed the Statue of Liberty.

Girls Earn Money By Vil-Toting

By MARY E. PRIM
WELLESLEY, Mass. —(AP)—Wellesley College girls are hiking

their incomes by a "vil-toting" errand service for fellow-students too busy to walk a mile to the village shopping center.

The girls who originated vil-toting also made up the name. One student offered vil from "vil-lage," as Wellesley's shopping center is called, and a couple of St. Louis girl students came through with toting, their colloquial form of the word "carrying."

"Vil-toters" today charge each student a flat 25-cent rate, whether they order a pack of cigarettes or a basketfull of items.

But come spring when the roads are clear, the fee will be clipped a nickel.

Three junior classmates started "Vil-toting" to earn extra money for their own Christmas shopping.

Since then, brunette Ann Means of Cambridge and Sarah Chivvis and Margaret Mize — both blondes

and from St. Louis, Mo. — have seen the idea catch on in four of the largest dormitories.

Each day now the toter start from the campus with baskets, bags, boxes and lengthy shopping lists. Shop keepers are so used to them, that the minute a girl with a basket shows up, they automatically reach for cleaning tissues, cigarettes, tooth paste and the like.

But toilet articles and cigarettes no longer are the "Vil-toters" top commissions. What the customers now want most are checks cashed.

Recently the girls of a single dormitory handed a toter checks totaling \$250. The worried house-mother ordered a taxi.

"Don't you dare walk back," she told the "vil-toter," "you'd probably be held up by bank robbers."

Food prepared au gratin is cooked in grated cheese until brown.

Filet Prayer

By MRS. ANNE CABOT
Crochet a treasured family heirloom panel from this well-loved Psalm: "The Lord Is My Shepherd." The finished piece measures 17 by 27 inches and can easily be made by an amateur as filet crochet is not at all difficult. The filet chart with blocks and spaces properly outlined make crocheting a pleasure. Mount the finished panel on a silk, either colored or white, background and a cardboard backing, then frame in silver, gilt or paste-painted wood. Should you wish to crochet a larger panel, simply use heavier cotton and needle than those specified for the panel illustrated. Did you

Glamor Girls Take A Big Brushoff

By BETTY CLARKE
AP Beauty Editor

American women can take a leaf from their English cousins and brush, brush, brush.

The English girl, always carefully, if not expensively groomed, owns a wardrobe of brushes that will keep her epic and span from her toenails to her tweeds.

Brushes for the complexion, for the bath, for the nails and even for toe cuticles are selected with care. She may select a curved body brush and a non-skid hand and nail brush but even with these novel features, she will make sure that the bristles are long-lasting and skillfully assembled into a good brush.

In selecting any brush, your main concern should be durability and fiber content. One good brush will last a lifetime and outlive twenty cheap brushes. In the long run it will prove less expensive.

There are available again the natural boar bristled toothbrushes and hairbrushes; the bath-

fiber tweed brush, good for tweeds, sweaters, furs; soft bristled complexion and powder brushes.

Even the best brushes if not properly cared for will show wear and tear. One of the newer brushes designed by Kent has removable bristles which can be replaced when worn out, without having to throw the brush away.

To park in lady's vanity the brush contains a perfume pad, which can be saturated with a favorite perfume.

Here are some tips from experts on how to prolong the life of good brushes:

Always hold a hairbrush by the handle without touching the bristles; wash it in tepid soapy water, not soda; don't dry it in the hot sun nor in strong artificial heat.

Nail brushes should not be placed in boiling water, should be placed bristles downward, so that the water can drain off.

Toothbrushes should never be placed in strong disinfectant; they should be hung up vertically to dry. It is better to have two toothbrushes in use, one for morning and one for evening, so that you always have a dry, stiff brush.

Pies Mean Extra Good Eating

Cool weather is a good time to satisfy family cravings for pie and other pastries. Heartier foods are popular during cold weather, and a warm kitchen full of the odor of baking pies is usually the focal point for household activity.

As cool weather specialties, Reba Staggs, home economist, suggests pies of canned fruit, or canned fruit in cream. To complement the goodness of these pies, she further suggests a crust made with lard, to insure its tenderness and flavor.

Pies for the whole weekend can be started at one time, the food specialist adds. For example, at the time a two-crust pie is baked, another pie-shell can be rolled out and baked at the same time, then filled later. From a flavor standpoint, baked shell is at its best if not stored longer than two days, under ordinary storage conditions, though pastry mix made with lard will keep indefinitely in the refrigerator.

As examples of pies to be served during this season, Miss Staggs suggests a cherry pie made with orange juice and a bit of grated orange rind; an apple pie with brown sugar and cinnamon, a raisin pie with sliced apples, and a cream pie with peaches or apricots.

WHY CRAB? NORFOLK, Va. —(AP)—It's the druggists who are prescribing for the doctors here. The pill-rollers entertained the prescription writers at a crab feast, arranged to promote a closer relationship between the two professions.

Florence Nightingale became famous as a nurse during the Crimean War.

manners are changing fashion

It's because there's a softer, nostalgic lilt to music—a quieter, leisurely kind of conversation.

It's because a waitress awaits your pleasure a sales girl smiles—a cab driver opens his door.

It's a gracious way of life that's changing the way you really look... and feel.

it's because

you—and many, many others—are seeking new dignity in life, that the soft fullness of coats and the regained femininity of suits have a look of charm and grace.

Santa Fe Would Serve St. Louis

WASHINGTON —(AP)— The Santa Fe Railroad has urged the ICC to allow it to serve St. Louis.

R. S. Outlaw, Santa Fe's general solicitor, was the first attorney to speak an oral argument before the Interstate Commerce Commission on a recommendation by its examiners against the railroad's application.

Protesting the Santa Fe-Burlington proposal are the Missouri Pacific, Frisco, Rock Island, Cotton Belt and Texas and Pacific Railroads.

Outlaw contended the examiners' adverse report ignored public benefits that would result. He argued that improved service is possible for St. Louis if the Santa Fe is allowed to enter that city. This, he said, would include improved sleeping car service, better connections with fast Chicago-California trains and a cut of possibly as much as eight hours in Los Angeles to St. Louis passenger schedules.

Outlaw said the proposed service would open the St. Louis livestock market to towns served by the Santa Fe in Texas.

KEEP OUT MOTHS
To offer proper protection from moths, a cedar chest must be made of at least 3-4-inch cedar heartwood taken from the aromatic red cedar tree. Other types of cedar, or a thin veneer of red cedar, cannot offer genuine protection.

Dressing Their Feet

It takes more than ten years for the 26 bones in a child's foot to develop. During this time, the most care must be exercised in selecting suitable footwear because the soft structure of the foot is so easily misshaped. Growing feet must be watched closely, and shoes should be replaced with a larger size whenever needed. During infancy, for instance, children outgrow shoes within four to eight weeks.
St. Louis Shoe Stylists say that although a child's foot goes through five distinct stages of development during the first 12 to 18 months, footwear for babies should have no other function than to protect. Normally, no "correction" or "support" is needed—just protection from the heat or cold and from bumps and bruises.
When the baby begins to walk, St. Louis Shoe Stylists recommend that the heels of the walking shoe should be the wedge type, with the sole itself becoming thicker under the heel. Railed-on heels of the type found on adult shoes will cause a small child to trip unnecessarily.
Children's Stylists reported that last year, St. Louis manufacturers produced more than 25,000,000 pairs of children's shoes. Before a new design is approved for mass production, manufacturers pre-test their shoes on children. During and after the several weeks of testing, company officials carefully inspect shoes for fit and signs of wear. A new design is not approved unless it passes the necessary high requirements placed on children's shoes by St. Louis manufacturers.
Joseph Garibaldi did most to bring about the unification of Italy.

Plan Lenten Menus Well in Advance

By GAYNOR MADDOX
NEA Staff Writer
For meatless days during Lent, plan in advance. Study market reports and buy as much as you can in the list of more plentiful foods. Here are some economy meatless menus, well balanced and delicious.
Breakfast: Grapefruit halves, cornmeal mush, bread, margarine, coffee, milk.
Luncheon: Potato and celery soup, peanut butter sandwich, fresh fruit, milk.
Dinner: Tomato juice, macaroni dinner or boiled haddock fillets, snap bean salad, bread, margarine, tangerine ambrosia, coffee or tea, milk.
Breakfast: Mixed citrus juices, farina with milk, bread, margarine, coffee, milk.
Luncheon: Vegetables with sour cream and cottage cheese, bran muffins, margarine, bananas, cocoa.
Dinner: Steamed carp or pan-fried snails, parsley potatoes, Harvard beef, bread, margarine, cole slaw, lemon pie, coffee or tea, milk.
Breakfast: Orange juice with pulp, oatmeal with milk, bread, margarine, coffee, milk.
Luncheon: Baked beans with tomato sauce, Boston brown bread, vegetable salad, canned apricots, milk.
Dinner: Apple juice, broiled split sea bass, mashed sweet potatoes, chopped kale, Dutch apple cake, coffee or tea, milk.
Breakfast: Canned orange and grapefruit juice, farina with left-over prunes, toast, margarine, coffee, milk.
Luncheon: Macaroni and tomato sauce, green pepper, carrot and raisin slaw, fruit cup, milk.
Dinner: Canned clam chowder, poached whiting with parsley garnish, boiled parsley potatoes, pan-fried spinach, bread, margarine, cottage cheese cake, coffee or tea, milk.
TOMORROW'S MENU
BREAKFAST: Navel oranges, ready-to-eat cereal, hot cross buns, coffee, milk.
LUNCHEON: Cheese and tomato sauce on English muffins, crisp bacon, baked apple, tea, milk.
DINNER: Fried ham steak, mustard cream gravy, baked sweet potatoes, buttered new cabbage, rye bread, butter or fortified margarine, compote of stewed fruits, coffee, milk.

THE DRILLER'S LOG

By KEN BENNETT

West Virginia seems a remote place to the Panhandle area, but big news has come out of that district over the weekend that at least rates a mention in today's column. At Parkersburg, West Virginia, a gas well registering 14,000,000 cubic feet a day came in with a great roar last week in Ritchie County, and the event may signal the opening of a new gas field, it was learned Saturday. The well came in Wednesday, according to authorities. The well was being drilled by Ralph Jackson, a veteran oil and gas operator, in anticipation of striking a small oil well. He reported that when he struck gas it came in so strongly that it blew all his equipment out of the hole. He also reported that when he finally got a cap on the well that it first registered 24,000,000 cubic feet a day but later dropped to 18,000,000 and has been at that reading ever since.

There have been a few changes in leases during the past few weeks, especially in the Skellytown area. The Coronado Company has purchased the Northern Oil Company leases. Fred Glass is superintendent for Coronado. The Cresslenn Oil Company has purchased the Stoyton Oil Company leases around Skellytown, also. The Laurel Oil Company has placed a new superintendent at Stinnett in the personage of L. C. Gamillon. All former business in that area was handled for the company by the driller.

Cold weather has again been responsible for a slow up in the oil industry. If you don't believe that the weather can be a hand-

cap to progress in the oil industry check the few number of filings and new locations that have been listed during the past weeks. You'll discover that filings have dropped from an average of fifteen throughout the territory to a low seven. Completions also have taken tremendous drop.

A few personal items. Recently we reported the illness of H. A. Hanks, production foreman for Magnolia. He is up and about again and ready to return to work after an appendectomy in a local hospital. Hub Larson, chief storekeeper for Shell's Tulsa office was in Pampa during this past week conducting the annual audit. Hub found the Amarillo airport closed to landings upon arrival there by plane and was forced to continue to Lubbock. J. W. Swygart, production foreman for Shell, accompanied by District Engineer Roy Johnson went to West Texas division meeting in the early part of the week. Bad weather tied them up there until Friday when they were able to return home. This area had a distinguished visitor week before last when M. R. Church, chief Gas-Gasoline Department executive, accompanied by L. E. Rankin, senior engineer, spent several days here conducting company business. Tony Carroll, Stanolind engineer, has been confined to his home with the flu. Changes at Stanolind. R. H. Davis, assistant district clerk, has been promoted to field clerk and transferred to Wink, Texas. Harold Saum was transferred to Pampa from the Odessa office to replace Mr. Davis. Weston Mills, junior petroleum engineer in the Pampa District office for the past eight months, has been promoted and transferred to the general office in Tulsa. Leonard White, graduate from Iowa State College, is expected in Pampa in the latter part of the month to replace Mr. Mills. The Stanolind office force and some of the field personnel gave Mr. and Mrs. Mills a farewell party March 6.

Sea gulls are often called "stormy petrels."

Oil News

PAGE 14 Pampa News, Sunday, March 14, 1948

Seven New Notices of Intent to Drill Filed With Commission

Seven notices of intent to drill were filed at the local Oil and Gas Office of the State Railroad Commission during the past week, officials reported yesterday. The same report lists two wells to be deepened. The majority of new filings were in Hutchinson County, that county having reported five new locations. The other filings listed one in Collingsworth County and one in Sherman County.

Area Reports Completions

Five new oil wells were completed in this area during the past week according to a report from the Oil and Gas office of the Railroad Commission. With the exception of one well in Gray County all completions listed this week were in Hutchinson County.

One new gas completion was reported in Gray County. Sinclair Prairie Oil Company, No. 11, x A. W. Laycomb, located 890 feet from W and 990 feet from S lines of NW-4 of Section 36, Block 3, I & GN Survey, tested 98 barrels of oil in a 24 hour test. Top of pay 2802 feet. Total depth 2850 feet.

INTENTS TO DEEPEN

Gray County, Midstates Oil Corporation, J. B. Bowers "C" No. 1, Sec. 92, Blk. B-2, H & GN Survey, 10 miles S of Pampa, Hutchinson County — Midstates Oil Corporation, Whittenburg "A" No. 11, Sec. 11, Blk. M-21, TC RR Survey, 14 miles NE of Borger.

Mo. Pac. Doctors Cancel Mexico Trip

ST. LOUIS (AP)—A projected special train trip to Mexico for Missouri Pacific physicians and their wives has been cancelled because the train equipment is needed for "revenue traffic," the railroad has disclosed. About 200 persons were scheduled to make the two-week trip starting March 19.

Skelton Reviews Texas Oil News

By MAX B. SKELTON
HOUSTON (AP)—The submerged Tidelands Washington show has slowed down a bit but participants continue to drop a bit of newspaper headline material. Former Secretary of Interior Harold L. Ickes, in testifying for federal ownership of the Tidelands, says former Congressman Hatton Sumners of Dallas first suggested in 1938 the government's Tidelands suit against California. Sumners, in Albuquerque, N. M., replied vigorously he never has "entertained or expressed any such view," but, instead, has believed in state ownership.

Area Reports Completions

Hutchinson County, Rosemark Oil Company, Umphres No. 2, Hedgecote Survey, 1490 feet from S and 330 feet from E lines S-120 acres Sec. 14, Blk. V, 1 1/4 miles NW of Stinnett. Phillips Petroleum Company, Green River No. 3, A & B Survey, 990 feet from N and E lines SE-4 Sec. 22, Blk. Y, 1-2 mile W of Borger.

Sherman County, Phillips Petroleum Company, Craig No. 1, GH & H Survey, 2334 feet from N and 2375 feet from W lines Sec. 68, Blk. 1-C, 10 miles SE of Texhoma.

labor front. O. A. Knight, president of the Oil Workers International Union, CIO, has announced its national negotiating committee has called for a strike vote among 10,000 Sinclair Refining Company employes. Knight said the action is a result of a breakdown in contract negotiations for a 30-cent hourly wage increase, the third postwar request for pay boosts by the union. The current Sinclair contract expires July 1. On the statistical side: American Petroleum Institute's daily average crude production report for the week ending March 6 was 5,352,500 barrels, a drop of 34,225 from the previous week. The Oil and Gas Journal estimated the week's daily average at 5,379,520, a decrease of approximately 47,000 with Texas accounting for 32,180 of the drop. Continental Oil Company has ordered a cost-of-living bonus for salaried employes, ranging from \$17.50 to \$40 monthly. McCarthy Oil and Gas Corporation has completed plans for drilling a 12,500 foot test in the Jackson Pastures Field in Galveston Bay, Chambers County. Garden City Kansas, has been selected by Stanolind Oil and Gas Company as site for its multi-million dollar synthetic plant for converting natural gas into liquid fuels and chemicals.

HATS OFF TO

Mr. Clyde L. Carruth, well-known farmer-rancher. Mr. Carruth has been superintendent of the Jr. Livestock Show for the past three years. He is a member of the Hereford Breeder's Assn., Chairman Agriculture Committee of the Chamber of Commerce, member of the Church of the Brethren, and a Past President of the Kiwanis Club.

Clyde is a typical Texan and likes his ten-gallon hats. He is also very, very particular about the kind of cleaning and blocking service that he gets on his good hats. We are proud to have him as another of our satisfied customers. Here is what he says about our hat renovating service: "I had given up on getting hats cleaned. It took too long to send one away and no one really could satisfy me until I tried LANGSTON BROS. They do top quality work. Their service is of real benefit to the people of this area."

FARMERS and RANCHERS bring us your hats. We specialize in removing blood stains from your western-style hats and pay particular attention to getting just exactly the right amount of sting back into the hat to give it the stiffness you desire. Satisfaction Guaranteed. Mail orders handled promptly.

in only nine states, a survey shows.
However, bills to grant newsmen legal immunity from making known the sources of published information were introduced in the New York Legislature last week. The move for such a law started after the news editor and a reporter for the Newburgh (N. Y.) News were fined \$100 each and sentenced to 10 days in jail for contempt. They refused to tell an Orange County Grand Jury where they obtained "numbers" lottery tickets reproduced by their paper in an anti-gambling campaign.

They were released in custody of their attorney after serving five days.
States granting newsmen such immunity are Alabama, Arizona, Arkansas, Indiana, Kentucky, Maryland, New Jersey, Ohio and Pennsylvania.

California passed a law in 1935, granting newsmen partial exemption. It forbids the Legislature to charge newsmen with contempt but does not prevent their criminal prosecution in courts for refusing to tell the source of their information.

Attempts to pass a law exempting newsmen have failed in several states, including Kansas, Missouri, Georgia, Florida and New Hampshire.

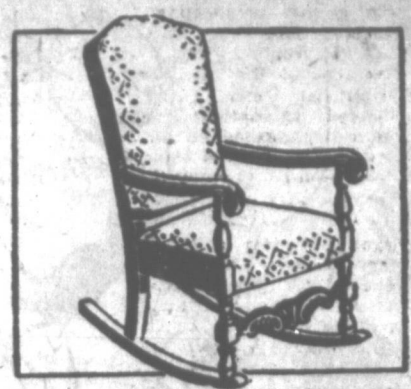

In most of the remaining states no full-fledged effort has been made to get such legal immunity on the law books or the issue has not come to the fore.

The Arkansas law exempting newsmen from disclosing information sources were sponsored by the State Bar Association as a "matter of public welfare" to encourage "pitiless publicity against wrongdoing."

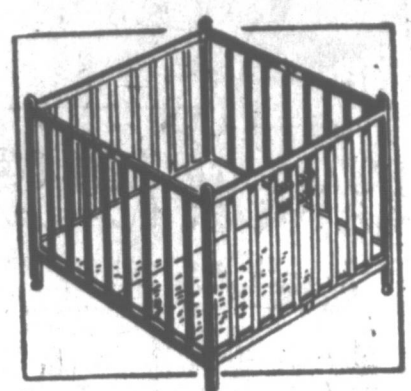

Under that law, no newspaper writer can be forced to disclose the source of published information unless it is shown the story was "written and published in bad faith, with malice and not in the interest of the public welfare." The law was adopted overwhelmingly at the 1936 general election.

School Soap Gets a Workout
DENVER —(P)— When Denver school children returned to classes, they were urged by teachers to wash their hands well and often to help protect themselves from poliomyelitis.

The youngsters reacted so enthusiastically that soap and paper towel consumption more than doubled the normal rate. Both these items are in short supply but authorities are scrambling to keep up and aren't going to do anything to check the urge for cleanliness.

Fair Enough... by Westbrook Pegler

In compliance with the obligation of a free press to inform and warn the public, I continue the presentation of documents of long notoriety in our national politics but hitherto hidden from the knowledge of the people. These are letters which, if written by him, may bear on the mentality of a politician of national prominence who has become the candidate of the Communist traitors for the office of President of the United States. The man is Henry A. Wallace.

The letters were sent to Prof. Nicholas Roerich, whose disciples believed that he was God, and to persons in his oriental circle. Roerich's admirers included Henry Wallace and official records of the Department of Agriculture beyond dispute that Wallace was completely taken in by Roerich and enabled him to carry on political activity in Japan and China under a pretext of religious and certain seed for the Department of Agriculture. Wallace later repudiated Roerich and contrived to banish him to India and to prevent his return to this country. Thus, Wallace made it impossible for Roerich to confront him publicly and make revelations which might have stopped his political career in 1940 when he was elected vice president.

The identity of the author of the following letters is not positively known. This letter is typical: "Dear M. (the initial of 'Modra', the cultish name for Roerich's wife): The consciousness of the blessed one (Roerich) is more profoundly with me, especially in the morning, from the dawn of the world. I think of the merging of the guru and certain of his followers into the likeness of the Blessed One.

"I find W. W. One (swearing) one, a code name sometimes used in referring to F. D. Roosevelt. W. P. has a very pronounced attitude towards the rulers as you might guess from the S. One. The secretary of State is Cordell Hull, W. P. He thinks the monkeys (Great Britain, W. P.) will be against the rulers two years hence. These are very busy days and openings do not appear. The Stewarts have appeared. I do not know who is the black one. Smith is as stated. The thought of the great ones is sweet. Have you heard from the horoscope? Its analysis confirm certain of your ideas.

Signed with initial 'G.' for Galahad, the cult name by which Henry Wallace was known to members of the cult regardless of whether he was a member himself.

"Dear M.: Yes the search, whether it be for the lost word of Masonry or the holy chalice or the potentialities of the age to come, is an extremely important work. All else is but Karmaic duty. Here is life. But surely, every one is a potential Galahad, a paragon incurring the most peril insofar as his energy is in the search for the terms of the outer world. The seat of the outer world is the seat of the one who has won the right to come by using the inner principles to conquer the outer world. What challenge? What adventure? What patience and grief? The issue conditioned on a continuous striving. Yes, oh Master M."

"But do not you and 'and M.' accept this challenge? Are not the number of groups in the search and are not quite a few in the same consciousness of striving to renew the insight of Christ at the Last Supper in terms of the modern day? Surely, if we are members of the same body, 'My heart is strangely moved but my mind is quivering with questions.

"So may we strive for the chalice of flame above it, encircled and with the banner on either side. Yes, the joy of the Lord won by striving and expressed in beauty." Signed with the monogram initials "H.A.W." Another letter says: "Dear M.: I am worried about the attitude of W. (believed to be Roosevelt, sometimes called the Waverling One, W. P.) and many others concerning the rulers. Under their analysis the matter would come to a forcible climax perhaps in cooperation with the monkeys (Great Britain, W. P.) about two years hence.

"So far I have listened quietly. The deity of the guru is not yet known to W. but my becoming known at any time. Premature statement here might prejudice the position of the guru and myself.

Gracie Reports

By GRACIE ALLEN Well, it begins to look suspiciously like Mr. George Bernard Shaw, the famous writer, who is to run for public office when he is about 120 years old. Mr. Shaw, who once liked to annoy people who made himself popular with the kiddies by attacking homework.

He claims to much homework is a strain on the child, but he doesn't mention anything about the strain it is on the parents.

My goodness, without the children's homework a lot of grown-ups wouldn't be as well informed as they are. For instance, I wouldn't have known Iraq was a country instead of a nervous ailment. And George says it's all due to the kiddies that he can't answer the one about it. A and B are working fixing fences, and A can fix fences twice as fast as B, how long will it take politician C to fix the same amount of fences?

Smith seriously questioned the ability of American industry to meet production demanded under the Marshall Plan. "It is an illusion to believe, as most people seem to, that the shortages of commodities which generally prevail in steel, oil, building supplies, transportation facilities, etc., are merely acute shortages and that they will soon pass away. The fact is that the shortages are deep seated and chronic and will become progressively aggravated until the domestic economy is restored to a condition of soundness. Since it does not appear that anything like this will be done in the near future the impact of the Marshall Plan upon the economy would be to further aggravate the shortage situation."

Predicting the BIL billion asked for under the Marshall Plan might reach \$100 billion "assuming the nation can stand that much before it goes completely bankrupt." Mr. Smith reminded the Committee of his 1944 testimony on UNRRA when he predicted "personally, I should not be surprised if the cost of the program would go to five billion or ten billion, or 20 billion dollars."

"Well, the figure has already exceeded twenty billion and now seventeen billion more is being asked," said the Congressman.

Common Ground

By R. C. HOILES

Marshall Plan Will Aggravate, Not Cure Communism in Europe A number of people have asked me who I would like to see become President. I told them Frederick C. Smith, Congressman from the district in Ohio where a sister publication of this newspaper is published.

Today I want to quote a summary of his testimony before the House Foreign Affairs Committee on the Marshall Plan. "It is a deception, if not an outright fraud to claim the purpose of the Marshall Plan is to arrest the growth of Communism," Congressman Frederick C. Smith (R-Ohio) recently told the House Foreign Affairs Committee testifying in opposition to the European Recovery program, commonly referred to as the Marshall Plan. "Instead of curing Communism," he said, "the Marshall Plan will aggravate it."

Smith said he was almost on the point of passing on the subject of Communism in the countries receiving the gratuity, he added. "Smith has asked the committee to America's interference with the internal affairs of Russia following World War I when the United States furnished troops and money to the White House against other, and terming that experience as a 'fiasco.' Mr. Smith said he now propose to duplicate that procedure but on a much larger scale, not only in one country but in many, allegedly to combat Communism as we did after World War I in Russia, and not one of the countries included in the Marshall Plan in any way indicated it wants to be saved from Communism.

"This political meddling with the internal affairs of other countries will bring down upon the people of this land ill will from every nation on the globe, with what ultimate effect heaven alone knows."

Mr. Smith took sharp issue with the promoters of the Marshall Plan concerning the "alleged prosperity" supposed to result from the Plan. He said, "Top officials point with pride to the expected high income of farmers, to the increased rate of pay of wage-earners, to the great savings, and to the roaring business in general. They tell us that exports, huge amounts in excess over imports, are an important factor in producing prosperity and that if such exports are not kept up, the economy will collapse and we will all lose our shirts."

"No doubt many who make this allegation believe it to be true. The motley crew of 'economists' who generally prevail in our country, and who are not government, for that is something else—whose brains are cluttered up with 'multiplier' and 'compensatory spending' concepts, seem to believe it too."

Where do the funds come from to pay for the wheat and other products purchased from the farmers under the Marshall Plan, Smith asked the Committee. "From one source and only one, taxes," he said, "taxes paid by every producer and consumer. The farmer and other producers are taxed to pay for the non-farm products purchased for foreign shipment. So on through the whole gamut, the individuals comprising every group are compelled to contribute toward the purchase of the articles produced by the individuals of every other group for export under the foreign aid program."

"In this reciprocal or merry-go-round fashion the political authority taxes the farmer worker and the white-collar worker and the factory worker and the farmer worker to pay for the goods it buys from the farmer worker and the white-collar worker and all the other workers."

"The whole business simply adds up to a minus quantity for all the workers."

Smith seriously questioned the ability of American industry to meet production demanded under the Marshall Plan. "It is an illusion to believe, as most people seem to, that the shortages of commodities which generally prevail in steel, oil, building supplies, transportation facilities, etc., are merely acute shortages and that they will soon pass away. The fact is that the shortages are deep seated and chronic and will become progressively aggravated until the domestic economy is restored to a condition of soundness. Since it does not appear that anything like this will be done in the near future the impact of the Marshall Plan upon the economy would be to further aggravate the shortage situation."

Predicting the BIL billion asked for under the Marshall Plan might reach \$100 billion "assuming the nation can stand that much before it goes completely bankrupt." Mr. Smith reminded the Committee of his 1944 testimony on UNRRA when he predicted "personally, I should not be surprised if the cost of the program would go to five billion or ten billion, or 20 billion dollars."

It Always Helps to Ease the Pain

NATIONAL WHIRLIGIG

news behind the news

By RAY TUCKER WASHINGTON — Hearings looking toward the possible impeachment of high administration officials, including Interior Secretary Harold L. Ickes, will be started within a month by a House Expenditures Committee charged with supervision of government publicity and propaganda. Others under fire will be Reclamation Commissioner Michael W. Straus and several field agents in western states.

The subcommittee, which is headed by Representative Forest A. Harness of Kokomo, Ind., is proceeding cautiously because of the gravity of the case. Mr. Harness has sent accountants, public utility experts and engineers into various reclamation areas to obtain evidence designed to support preliminary charges. He will open hearings as soon as he has sifted this extra-curricular activity.

Now, however, the Republicans intend to make an example of offending a dead letter, the intent to prevent the sort of outside artificial pressure which has so often forced Congress to enact unwise legislation; (2) to insure that the executive departments remain within the spending limits fixed by Congress.

REPUTATION — Mr. Harness was elected for this important assignment because of his record and reputation as a careful, fact-finding investigator. Few Congressional inquiries have been prepared more conscientiously and deliberately than his check-up on the Hooverite. He is a special assistant to the attorney general in the proceedings which resulted after the extradition of Samuel Insull after the Illinois utility magnate had fled to Greece in 1933.

INCIDENTALLY, the present proceedings are not entirely a partisan affair. Numerous Democrats have frequently expressed resentment over the way they have been treated by the House and have been around by executive officials and propagandists' invasion of their districts.

PRESSURE — The Harness anti-propagandists may also turn their attention to apparent attempts by high military figures to drag Congress into enactment of the Universal Military Training Bill. Although reported favorably by the Armed Services Committee some months ago, it is bottled up in the House Rules Committee by the efforts of Chairman Leo E. Allen of Illinois to let it come to a vote.

Latest offender is Lieutenant General Leonard T. Gerow, who commands the Second Army with headquarters at Fort Meade, Md. In a recent speech he declared that the United States could mobilize only two divisions, 30,000 men — for an immediate outbreak of hostilities. On Capitol Hill his statement was regarded as another attempt to pressure Congress into action.

Meeting Mr. Harness in the House corridors a few days ago, Representative Clarence J. Brown of Ohio, Taft campaign manager and an opponent of military training along with his presidential candidate, exploded: "Forest," said the Ohian, "talking of propaganda, did you see Gerow's latest blast? You might look into it. All I've got to say is that, if we have got 30,000 out of 900,000 men ready to fight we ought to get some new generals."

TOP O' TEXAS NEWS

Shamrock

SHAMROCK (Special) — A meeting of the DeShazo-George Post of the American Legion will be held Tuesday night, and all legionnaires are urged to be present at 8 o'clock.

New members of the post who have not been initiated have been urged to be present for the initiation ceremony. The post now boasts a membership of 247, which is the highest in the county's roll, and only 10 short of the all-time record of 267 set in 1946.

E. C. Hofmann was reelected president of City Golf Club at a membership meeting held at the U-Drop Inn on Monday of last week.

Flake George was named vice president, replacing Sol Blonstein, and W. A. Sims was reelected secretary-treasurer.

Serving with Hoffman and Bratcher, H. E. Fogarty, G. F. Geyer, Wm. Kyle, M. E. Risk and Ode Cain, guests: Mmes. Tom Brown, A. R. Hugg, John B. Harvey, Lee Newman, T. H. Sonnenburg, J. A. Ebeling, Buck Slaughter.

The First Christian Missionary Society met for a covered-dish luncheon at the home of Mrs. J. O. Stribling Monday.

Those attending were: Mmes. J. A. Winchester, P. Gardner, Kate Allen, Glenn White, Bedford Harrison, T. M. Dickey, J. R. Brown, Cecil Rook, Bedford Smith, G. E. Robertson, H. C. Gordon, and D. L. Gragg.

Burial rites were held a week ago at Fort Worth for J. O. Hatcher, 70, brother-in-law of H. T. Fields. He suffered a stroke in December.

Mrs. Nannie Copeland, was honored on her 65th birthday at the home of Mr. and Mrs. T. D. West recently.

The honor guests were the recipient of many attractive and useful gifts. A three-tiered birthday cake, topped with 65 lighted tapers, was served with a salad course at refreshment time.

Ben Parks, Vernon Carver and A. J. LeBlanc have been elected directors of the Shamrock Chamber of Commerce through postcard balloting participated in by the membership of that body.

Mrs. O. T. Nicholson was hostess to members of the Priscilla Club Wednesday afternoon. Needlepoint and other types of handwork provided entertainment.

In a contest, Mrs. D. F. Spruill was winner of the award. Refreshments were served to three guests, Mrs. Harold Florman of Pueblo, Colo., Mrs. D. F. Spruill, and Mrs. Jack Montgomery, and to these members: Mmes. M. E. Barkley, E. E. Forgy, Flake George, Fred Holm B. Kersh, Earl Koger, Wm. Kyle, O. T. Nicholson, M. E. Risk and George Stanley.

McLean

McLEAN (Special) — Frank Kilmbrugh, West Texas State grid coach, told a group of McLean people at a banquet Tuesday night, that football is a good game because it helps boys physically and mentally. Following his talk at the banquet, which was sponsored by the McLean basketball girls, was a show of the pictures of a WTSC-Tempe, Ariz., football game.

The hall was decorated and the food was prepared and served by the girls. Master of ceremonies was Quentin Williams of Pampa. He was introduced by Supt. Logan Gunn, Cooper secretary of the pictures of a WTSC-Tempe, Ariz., football game.

A trio—Susie Davis, Joann Miller and Carol Nan Smith—sang. The football game, Melba Miller, was presented by Co-captains Alvis Shelton and Arvin Smith. Attendees were La Vetta Gunn, Mmes. C. F. Veltus, and Mary Ruth Holloway. Escorts were Wes Langham, Johnny Hayes, Bobby Bruner, and Johnny Vineyard.

Each football player was presented by George McCarty, coach. Other speakers were Frank Glose, Jr., Amadio McFarland, John Cooper, secretary of the Quarterback Club; Mayor Harris King, Lester Campbell, editor of the McLean News, announced that Johnny Griffith had been named outstanding backfield man; Dick Anderson, and Mary Ruth Holloway. Second place in the backfield, Johnny Hayes; Alvis Shelton, on the line; third, for backfield W. A. Bruner; and on the line, Arvin Smith, Griffith and Andrews received trophies.

Lefors

LEFORS (Special) — The Methodist Church Workers' Class held a social recently in the basement of the church. Games were played. Mrs. Alfred Bennett directed the activities. Refreshments of cake and coffee were served to Miss Clara Anderson; Mesdames Marion Brown, Joe Champion; Messrs and Mesdames L. B. Penick, M. E. Cooper, Clyde Rodecap, L. R. Spence, G. B. Hogan, Alfred Bennett and one guest, Miss Billie Lake.

The Rev. and Mrs. N. S. Daniel and Mesdames Madge Page, M. E. Cooper, N. C. Cotton, L. R. Spence, G. L. Stafford, W. T. Cole attended the Ruth Anderson zone meeting in Miami Tuesday.

Mrs. Jim Halley Tuesday was hostess to the Baptist WMB Lottie Moon Circle. Refreshments were served to the following: Mesdames George Elms, E. T. Cobb, E. W. Ammons, in Mr. Barnhart, Mrs. Judd Atchley, Lee Welch, John Brewer, and a visitor, Mrs. Brooks Riley.

Mr. and Mrs. Oscar Favors of Lakeview spent last weekend with their family and her family, Mrs. Leo Brister.

Panhandle

PANHANDLE (Special) — In spite of inclement weather, six clubs were represented when the Carson County Federation of Women's Clubs met on Monday afternoon in the Groom Community House with the Groom Community Club and the Groom Country Neighbors Club as hostesses.

After the program, refreshments carrying out a green and white theme were served from a table covered with a white drawn-work cloth, whose appointments were of crystal. Mrs. J. E. Wagoner of the Community Club, presided at the punch bowl.

The Nation's Press

WHAT A NEW DEAL VICTORY IN NOVEMBER WOULD MEAN (The Times, London, Feb. 26)

If the Democrats win next November the consequences will include the following: 1. No general tax reduction. Mr. Truman said in his veto message and subsequently that the government still needs the revenues that are the life blood of the Treasury. 2. No serious effort to reduce government spending. The budget Mr. Truman submitted this year is bigger than last year's. He says \$4 billion is the absolute minimum that must be spent every year. Republican effort to trim the appropriations. 3. Trivial reduction of the national debt, because, enormous as is the tax yield, it is not greatly in excess of Mr. Truman's ideas about appropriations. 4. The draft in time of peace. 5. Repeat of the Taft-Hartley law and a return to the New Deal's policy of giving the labor czar all the power they ever had over industry and over their own members. The Taft-Hartley law was adopted after strikes in coal, steel, motors, railroads, and other industries, that caused intense suffering throughout the country. A victory of the Democrats will invite more such strikes and suggest that the country doesn't want any activity of its trade union ever to be declared an unfair labor practice. 6. A return to price-fixing and rationing. Mr. Truman has been flirting with this idea for months. It emptied the shelves and counters of the stores once before, but Mr. Truman and practically all of the laborites who are backing him favor a return to OEA. 7. Bigger grants to Europe with fewer strings attached. There are a lot of other unpleasant consequences which would flow from a return of Mr. Truman to the White House and the return of his party to power in congress and the states, but these will serve to indicate the general trend. From Vulcan, God of fire and metal work, comes the word vulcanize.

While it is true that dollars alone will not save Europe, it is equally true that Europe cannot be saved without dollars.

Funny Business

BY HERSHBERGER

"It's things like this that cut in on the income tax revenue!"

SO THEY SAY

If we can't settle misunderstandings between workers and management in our own industrial areas, we must be having hallucinations to think we can settle misunderstandings among nations, as we now are trying to do.

Earl O. Shreve, president, U. S. Chamber of Commerce.

Gem-Seekers Plan To Move the River

JOHANNESBURG—(AP)—While South African villagers near Kimberley dig holes in their gardens searching for diamonds, a syndicate is planning to move a river in the same quest for precious stones.

The syndicate, one of many recently formed, has obtained rights to deflect a 2,500-foot stretch of the Vaal River through a canal. Engineers believe the river bed may contain rich diamond deposits.

Associated Press Staff
Send in the name of your favorite mother—she may win a prize.

It's an annual contest, sponsored by the Golden Rule Foundation of New York City, a national organization. But a Texas committee determines the Texas mother of the year. The Texas winner will be pitted against those from the 47 other states to determine the American Mother of 1948.

Mrs. Dolliee-Davis Smith of Cleburne, Tex., heads the state committee. Send your nomination to her in a letter explaining why you think your choice should win. The quantity of letters doesn't count, Mrs. Smith says. It's the quality of the mother.

These are the qualifications she asks:

1. She must be a successful mother, as evidenced by the character and achievements of her children.
2. She must embody those traits most highly regarded in mothers—concern for others, courage, cheerfulness, patience, kindness, understanding, homemaking ability, moral and spiritual strength.
3. She must have an interest in social and world relationships and must have been active in her community.
4. She should make friends readily, meet people easily and be willing to take her place as a leader among outstanding mothers should she become the American Mother of 1948.

Nominations are close on March 18. Here are a few nominated so far: Mrs. A. B. Lawrence, Houston; Mrs. C. P. Rumph, Waco; Mrs. H. B. Turner, Cleburne; Mrs. Noral Seale Crews, Karnes City; Mrs. Elizabeth Fite Allison Carthage; Mrs. Lena Ansley Dean, Stockdale; Mrs. George McDaniel, Abilene; Mrs. Margaret Rose Akins, Dallas; Mrs. Irene Milan Chandler, Dallas and Mrs. C. B. Bass, Silsbee.

Just as an example, we happen to have some information on one

Court Rules on Drilling Method

AUSTIN—(AP)—The person who drills carelessly and permits dissipation of oil and gas owned by the state is liable for damages from such drilling, the Supreme Court has ruled.

The court upheld the right of Mrs. Mabel Elliff and others to recover damages from the Texon Drilling Company, resulting from the blowout of a gas well drilled by "Texon" in the Agua Dulce Field of Nueces County in 1936.

A well being drilled by Texon blew out and cratered. Then an Elliff oil well and two water wells became involved. A jury found that Texon was negligent in failing to use drilling mud of sufficient weight to prevent the blowout, and awarded Mrs. Elliff \$154,816.19 in damages.

The Court of Civil Appeals reversed this judgment. It held that under the law of capture, the gas and distillate under her property had migrated and Mrs. Elliff had lost her property rights.

The Supreme Court struck down this holding. It sent the case

Commission Notes Position Openings

DALLAS—The Civil Service Commission has announced forthcoming examinations for the positions of core drill operator, helper, core drill operator, junior, and core drill operator, senior.

"No owner should be permitted to carry on his operations in a reckless or lawless irresponsibility, but must submit it such limitations as are necessary to enable each to get his own," the court held.

operator at salaries ranging from 68 cents to \$133 per hour. Employment, it said, will be with at all postoffices, it was said.

EAT PLENTY AND TAKE OFF UGLY FAT

Many people have reported amazing results with this home recipe. It's easy—no trouble at all and costs little. Just go to your drug store and ask for 4 ounces of liquid Barocortin and ask for a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoons twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulkier fat and help you slim down, more grapefruit juice! If reducible pounds and inches of excess fat don't just seem to disappear almost like magic, from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

When I commenced to take Barocortin, I weighed 211 pounds. I now weigh 161. I feel so much better after losing that weight. I think it is a wonderful medicine and thanks to Barocortin.—Mrs. George Gregg, Chalmers Courts 4, Apt. 1, Austin, Texas.

I lost 28 pounds taking four bottles of Barocortin and I feel fine.—J. E. Gans, 811 38th Street, Corpus Christi, Texas.

Cards of Thanks IN ALL THESE THINGS WE ARE MORE THAN CONQUERORS BEHIND HIM THAT LOVED US. Ronald R. E. H. THE MIRACLE The pain has ceased! Oh heart, somewhere We met the Master on the way. It may be that we married Him not. Amid the multitude of days. But it was Jesus, for behold, The old, old pain is gone and lo! A miracle, no less than that. Upon the road to Jericho. No less, my heart, no less, to meet The joy His healing fingers hold. Then he who caught the glad sweet light Across Judea's hills of old.

C. V. GOTT We take this means of expressing our deep gratitude to one many kind friends who gave us so much comfort at the time of our sorrow in the loss of our father, Leslie Moore, who passed away March 8. We appreciated the kind deeds of the membership of First Christian Church, The Rev. Norris for his beautiful sermon, the music rendered and flowers sent at this time. Mrs. Helen Nichols, Mrs. Theola Wheeler, Mrs. Leola Moore, Mrs. Thelma Purinton and all other members of the family of Mr. Gott.

Hey! Maybe It's Loaded By JAMES MARLOW WASHINGTON (AP) The government is trying to get people to use their trophies to keep from blowing them out. Meaning: If you have a war trophy or souvenir—gun, shell, bullet, bomb, grenade, mine—be sure it's unloaded. You can have it checked for free. Many people, including children, have been killed in this country since the war by trophies thought to be harmless. For example: Boys blown to bits by a bazooka shell; children killed with "unloaded" pistols; children mangled by hand grenades.

Ethiopia Organizes Commercial Airline ADDIS ABABA, Ethiopia (AP)—Sultan Airways, Ltd. a new private commercial airline, has been organized here under the direction of the Duke of Harrar. Emperor Haile Selassie's second son. Formed under the supervision of the Negro American flyer, Col. John C. Robinson of Chicago, the new air service uses American DC-3s both of passenger and cargo versions. Veterans of the RAF in the Middle East, including Capt. Michael Omishi, who served seven years in the RAF, comprise the flying personnel of the new service. Several preparatory flights have been made to India, Arabia and French Somaliland. A regular light schedule is now being drawn up.
