Big Spring, Texas, Friday, March 16, 1923

By Jordan & Hayden

## L DEVELOPMENT GROWING BETTER

### Continued Fine Showing of S. A. Sloan et al's Smartt Well No. 1 Indicates a Big Field

The work of cleaning out the S. A. Sloan et al's Smartt well No. 1, north of Westbrook, Texas, is now under way and the outcome of this test is being watched with interest. There are one hundred feet of casings in the well and its production can not be drilled until this is removed and drill sent a little deeper into the sand.

When the six inch casing was set well flowed at the rate of two hundred and fifty barrels of oil per acre and the amount of oil being produced from 800 to 1000 barrels when it was cleaned out and completed. This is decidedly the best well so far encountered in the Mitchell County. But all men state that the big show is yet to be encountered. The showing of this test has caused a number of new drilling contracts to be made.

Two new rigs are being erected on southwest corner of section 27, T. 30, T. & P. survey TNS 4 n. In El Paso County. These are on the A. G. Long ranch just across the Howard county line. The Kesselman Development Co., backed by California money has put down these two wells.

### Operations in Mitchell County

The California Company's Richard No. 1, four miles south of Colorado, is drilling below 2740 feet.

The Colorado-Texas Company is drilling by a bit in Foster well No. 2, southwest of Iatan. Foster No. 1, is pumping oil.

The California Company is spudding a hole for their E. Morrison No. 1, west of Westbrook.

Drilling of al's Zilpha Morrison No. 1 is pumping 50 barrels daily from a depth of 2729 feet.

Dr. Daniel et al's La Sure No. 1 is pumping 80 barrels at 3100 feet. The Fishers Petroleum Co.'s Cole No. 1 is showing oil and they are standing to give this well a shot from 2730 to 2780.

Underwriters T. & P. No. 2 is drilling 50 barrels from 3090 feet.

Mitchell County Oil Corporation No. 1 at 1004 feet continues to flow water and gas.

Underwriters Co's Nat Smith No. 1 is drilling below 2735 with good show showing.

Underwriters Producing and Drilling Co's Earl Morrison No. 3 is drilling below 2670 feet.

Cross Snyder et al's T. & P. No. 1 is drilling below 1420 feet.

The Magnolia Petroleum Co's W. L. No. 1 is shut down temporarily.

The Gulf Production Co's M. A. No. 1 is drilling below 500 feet.

Dr. tests which are temporarily shut down but which are expected to be in operations are, in Mitchell County: Frank Kelsey et al. L. H. Borden No. 1, 2742 feet. Borden Co's Guarantee Oil Co's F. M. No. 1, Dawson County; Lamesa Gas Co's No. 1, 2100 feet. Ector Co's Farmers Oil & Gas Co's Newman No. 1, 1425 feet—moving standard tools. Fisher County: La O Co's Lamus No. 1, 3320 feet—waiting for fuel oil; Pycor Oil Co's No. 1, 3123 feet.

At McDowell Well No. 4

Work was resumed on McDowell No. 4 of the General Petroleum company this week and everything is going along nicely. A boiler which had been lost in this well has been recovered and the work of drilling the concrete plugs, which had been put in the well to cut off the water, now be attempted. If the water is shut off they will be in position to bring in a well as an especially fine showing had been encountered they suspended drilling to shut off the water.

It is understood that the General Petroleum company are planning to drill another well near McDowell No. 4, work started just as soon as all necessary plans can be made. H. D. Conley, one of the trustees of the General Petroleum Company, is here to superintend the development work.

At the Sanders-Cushing Test

A little has been accomplished at Sanders-Cushing well No. 1 since last report as work has been held up until all work because a shipment of fuel oil failed to arrive. This shipment reached Sterling City and the drilling operations

will be restarted today. The hole has been practically cleared of the iron fragments and steady progress should now be made.

The Sparkman No. 1 which was also shut down on account of the failure of the shipment of oil to arrive had a fine showing of oil at 1700 feet just before drilling was held up.

### Chicago-Texas Co. Resume Drilling

Work on Durham No. 1 of the Chicago-Texas Oil and Gas Association, which has been suspended for some time was resumed Wednesday. They are setting ten inch casing between 1100 and 1200 feet and expect to make steady progress in the future.

This test is two miles southwest of Sterling City.

### Old McCarley Well to be Drilled

Fuel oil has been hauled to location and everything is now in readiness to resume drilling on the old McCarley well on the Douthit-Parramore ranch. The Golden Eagle Petroleum Trust is backing this test and J. S. Merlweather will be in charge of operations.

### St. Patrick's Day at the "Y"

On Tuesday afternoon the Auxiliary of the Y. M. C. A. met in the auditorium for a brief business session. Our president spoke further of her plans for the Park and within a fortnight expects to have it well laid out. At the close of the business hour, the hostesses for the afternoon's social feature, took charge.

Mrs. L. S. McDowell, with her assistants, Mesdames Pistole, Roe and A. M. Fisher, had arranged an excellent program of games, funny stories and music. Dear to the hearts of all Irish-loving people were the beautiful songs of Erin which with the guests were favored. Mrs. Yates, Mrs. McDowell and Mrs. Dawes gave of their best and every number was thoroughly enjoyed.

Mrs. Morris played the accompaniment for the first two selections: Miss Alice Dawes for the last.

At the invitation of the committee in charge, the guests then adjourned to our attractive little Auxiliary room and grouped round the table, were served sandwiches, wafers and tea by our most hospitable hostesses. The afternoon was one of much pleasure to all present, and the absent members missed a delightful treat. Reporter.

### Escaped Prisoners Captured

Robert Grimes held on a charge of forgery, and Hugh Davis held on a charge of manufacturing intoxicating liquor, escaped from the jail here Wednesday, but were recaptured thru the efforts of Sheriff W. W. Satterwhite, the following day.

Grimes was recaptured in San Angelo and Davis was recaptured at Sterling City.

It is believed that confederates on the outside opened the door by means of stolen or skeleton keys while the sand storm was raging here Wednesday evening.

### A Dangerous Traffic Point

A turning post should be placed at the intersection of East Third and Runnels street immediately. This is a dangerous corner as auto drivers coming from either direction on Runnels have a tendency to cut corners when turning west into Third street, and the danger of accidents is ever present. The auto collision which took place at this point Monday evening should be sufficient warning for our city officials to have this turning post put in place at once and lessen the danger of serious accidents.

### Honoring Miss Rindberg

Mr. and Mrs. Joye M. Fisher entertained a few friends at Bridge Thursday evening, complimentary to Miss Jaquette Rindberg of La Fayette, Ind., and a delightful time was enjoyed by the participants.

Three tables of plays thoroughly enjoyed the interesting games, and the delicious refreshments served at the close of play. Mrs. Del Elliott had the honor of making high score.

### Elks Elect Officers

On last Friday night the Big Spring Lodge No. 1386 B. P. O. E. elected the following officers for the coming year: G. B. Cunningham, Exalted Ruler; S. D. Ford, Esteemed Leading Knight; W. W. Rix, Esteemed Loyal Knight; N. C. Bennett, Esteemed Lecturing Knight; H. T. Piner, Treasurer; J. B. Hodges, secretary; W. W. Inkman, trustee; J. F. Hair, filler.

Tow W. Crutcher of Eastland, District Deputy Grand Exalted Ruler is here today, and will be guest at a special meeting of the B. P. O. E. at Elks Hall tonight. All members are urged to be present.

## LUNCHEON CLUB IS FORMED HERE

### 50 Attend Luncheon at Cole Hotel Tuesday and Decide to Hold Similar Affairs Each Thursday

At the suggestion of W. W. Rix, President of the Chamber of Commerce, a luncheon was held at the Cole Hotel at noon Tuesday to discuss matters pertaining to the Technological College location.

About fifty were present and after enjoying a fine feed they were informed as to the work being done toward locating the Texas "Tech" for our city. Mr. Rix stated that his plan was to keep our folks advised as to everything that was being done toward this end and solicit the advice and suggestion of every citizen who wanted to help land this institution for our city. He suggested that it would be a good idea for a luncheon to be held at least once each week to discuss affairs and it was especially desirable that we have these meetings until the Tech location has been definitely settled. When put to a vote to decide whether or not weekly luncheons should be held the vote was unanimous in favor of the proposition. Thursday was selected as the day on which to hold the weekly luncheon and the noon hour as the time. A committee of two is to be named to make all arrangements; and W. W. Inman and Robt. T. Piner were named to arrange next Thursday's luncheon.

It is the understanding that every citizen is welcome and invited to attend these luncheons. In order that the committee may know what preparation to make, it will be necessary to know by Wednesday just how many intend to attend. So, a ruling was made that only those who had purchased luncheon tickets at the Chamber of Commerce by 6 p. m. Wednesday will be eligible. Remember the luncheons will be held Thursday at noon and you must make your reservation by 6 p. m. Wednesday. No one will call around to invite you. If you are interested you will remember the date, time and place.

Mr. Rix called upon J. B. Mundell, who is in charge of the "Tech" campaign to tell what was being done and in a brief talk Mr. Mundell explained the progress made so far; outlined the two sites selected southwest of our city and urged our folks to stay in the fight to the finish as our chances were just as good if not better than any city in the race.

R. L. Price outlined what would be necessary to get the scenic drive in first class shape and was authorized to draw on the C. of C. special fund for \$150 to start this improvement work.

Mr. Rix also stated that he had just been advised that East Texas parties had purchased eight sections out of Slaughter pasture, near Soash, with the intention of erecting good homes on each one hundred and sixty acre tract. This would mean thirty-two new homes erected and thirty-two new families coming here to make their homes. He added that this was one of the biggest deals of this character made here in years and was but a forerunner of the wonderful development that is to take place thruout this portion of West Texas.

In order that the meeting be not extended over an hour other matters were postponed until next Thursday's luncheon. Be there.

Everyone attending Tuesday's luncheon voted the luncheon idea a fine one and agreed we were the losers for failing to have had these weekly meetings thruout the past.

### Autos Collide Monday Evening

What came very near being a serious accident took place at the intersection of East Third and Runnels St., shortly after 6 o'clock Monday evening, when a Ford touring car and the delivery truck of Gary & Son met in collision.

The Gary truck, driven by Walter Price, coming from the south was heading into West Third street and was struck by the Ford, driven by Mr. Williams of Sweetwater, his car being headed east. Instead of verging to the head east, Mr. Williams attempted to keep to the left of the Gary truck with the result that the cars came together over near the north side of Third St. For a short while it was feared that a baby, which was in the Ford when the collision happened had been seriously injured but fortunately the little one escaped any serious injuries as did the others on the truck and in the Ford.

The cars were damaged to the extent of about fifty dollars each.

Mr. and Mrs. T. W. Ashley returned Thursday morning from a visit in Dallas.

## Building and Loan Association Needed

One of the big needs at present is a building and loan association to encourage the building of homes in Big Spring.

Never in the history of our city has there been such a demand for homes in Big Spring and it is almost impossible to find a vacant house—even shacks are being accepted by those who must find some place to live.

There is not a doubt but that homeseekers will continue to flock to this section thruout this year and if we desire to secure and retain desirable citizens we must be able to offer them suitable accommodations.

No town of any size can hope to grow if it cannot offer dwellings to those who wish to come and make their homes within its confines.

If we had a building and loan association here many of our folks who are now paying rent could soon have homes of their own while the dwellings vacated would be available for the new homeseekers.

The time to organize the building and loan association is right now and citizens familiar with these associations should get together and start such an organization. It will be a big help in adding to our city's development as well as a good investment for everyone putting funds into the organization.

### Mrs. S. E. Bouchillon Dead

Mrs. S. E. Bouchillon, aged eighty-one years, died at the home of her daughter, Mrs. C. J. Schulz, in this city at 8:40 o'clock Thursday night, March 8th. She had been ill but a short time, death being due to the infirmities of old age.

Mrs. Bouchillon was born in Green County, Alabama in 1842; moved to Texas in 1868 and located in Falls County, where she lived for more than fifty years.

During the past two years she has made her home here with Mr. and Mrs. C. J. Schulz. She was a good Christian woman and has ever followed the teachings of the Golden Rule in her long and useful life.

She leaves six children and several grandchildren to mourn for one dearly beloved. The children are Mrs. C. J. Schulz of this city; Mrs. L. B. Bonner of Sweetwater; Mrs. H. R. Guyn of Ott; C. W. Bouchillon of Temple; R. O. and H. E. Bouchillon of Fort Worth. Funeral services were conducted by Rev. W. L. Shepherd, pastor of the Presbyterian Church, and the remains were laid to rest in Mt Olive cemetery at 3:30 o'clock last Saturday afternoon.

We join many friends in his city in extending sympathy to the relatives in their time of sorrow.

### Clean-Up Campaign Continues

To those who have not had an opportunity to thoroughly clean-up around their premises is granted a day or two extension as the City wagons will not be started in hauling away cans and other rubbish until next Monday.

Be sure you have the rubbish in sacks and boxes in the alley back of your premises by the time the wagons start in on this work as no second trips will be made to any district. They will clean-up as they go and if you want your rubbish hauled away without charge get busy at once.

After the city has been cleaned up inspectors will be sent out and those who have failed to clean-up will be health measures.

Let everyone get busy and have the old town put in a sanitary condition for once. It's better to do this work now rather than neglect it and be forced to go to considerable expense to do it later on.

### Charlie Miller Promoted

Charlie Miller who has been with the J. M. Radford Wholesale Grocery Company here the past year left last Saturday morning for Abilene and from there will go to Brady to accept the post of office man and salesman for the same firm.

Charlie has more than made good since joining the Radford force and his transfer to the Brady house comes as a deserved promotion. While his many friends regret to note his departure from Big Spring they are indeed pleased to note that he is climbing the ladder of success and believe that he will continue to make good.

### Kill 579 Predatory Animals

J. E. Hill and son, Elmer, who have been engaged in hunting and trapping in Howard, Glascock and Ector counties the past four months report having killed 579 animals during the season ending March 6th. The animals killed include: 564 coyotes, 14 bobcats, and 1 lobo wolf. Mr. Hill is one of the most successful hunters and trappers in West Texas.

## SEWER SYSTEM FOR BIG SPRING

### An Election Has Been Called for April 16th to Decide Whether or Not We Get This Improvement

At the regular meeting of the City Council Wednesday night an order was passed calling for an election to be held in the city of Big Spring, April 16, 1923, to decide whether or not the city shall be authorized to issue bonds in the sum of \$60,000.00 for the purpose of constructing an adequate sewer system for Big Spring. We have waited long and faithfully for this needed improvement, and we doubt if there is another city the size of ours in the state that cannot boast of this sanitary measure.

Of course there may be a few of our citizens who will fight this proposition, but a man who regards the best interests of his fellow man and our city cannot afford to oppose it.

Good health is the most priceless possession we can hope to have, and there is nothing that would prove a bigger asset to increase the healthfulness of our city than a sewer system. With flies recognized as disease carriers we are permitting our folks to be menaced from all sides by the unsanitary conditions to be noted thruout our city due to the lack of a sewer system. We have been lucky because our town has excellent drainage, and has been very fortunate in being missed by serious pandemics but our luck may change.

If you are inclined to be against a sewer system because it may cost you a dollar or two, just remember a serious spell of illness due to unsanitary conditions may cost you many more dollars and probably the lives of your loved ones.

We cannot afford to run further risks from unsanitary conditions and every citizen who values the good health of the members of his family is urged to get in behind the movement for our needed sewer system.

### Invents Automatic Filling Station

There has been on display at the West Texas National Bank this week a model for an Automatic Gasoline and Oil Filling station, the invention of one of our citizens, Will Knox Edwards; and the many who have inspected this model are not slow to realize its wonderful possibilities.

The mechanism is operated by electricity; a coin dropping in a slot starting the electric pump and delivering the exact amount of gas or oil you pay for. The slots are made for twenty-five cent, fifty cent and dollar coins and you get exactly the amount of gas or oil paid for. Slugs or smaller coins dropped into the slot are incapable of operating the device.

Quite a few men who are familiar with the field in which an invention of this kind will be in demand, declare it is a success and should go over big.

Mr. Edwards expects to present it for a thorough test before some big financiers next week, and it is believed that he will be made some tempting offers for this wonderful machine. It should revolutionize the marketing of gasoline and oils as one man can supervise a whole battery of these stations even though they be located in all parts of a city.

Will Knox has always been recognized as a genius and his love for machinery has been with him since childhood. He has a machine shop of his own wherein he spends all his spare time, and many are the articles that he constructs.

The automatic filling station is but one of the inventions he has perfected that bids fair to meet with much success. His host of friends here wish him every success in the test to be given the coming week and he richly deserves it as he has spent two years in perfecting this wonderful machine.

### Killed Buffaloes Near Big Spring

In an article appearing in the Dallas News recently in which J. B. Banks tells of his experiences in West Texas while with a T. & P. land surveying party, he states that a member of the party in trying out his new buffalo gun, killed eighty odd buffaloes in one day at the big spring, which is just south of the present Big Spring. He killed them as they came to the spring to drink. The article, written by W. S. Adair, is an especially interesting one.

The Hawaiian Orchestra which appeared at the Lyric Theatre, Wednesday and Thursday of this week made a decided hit. The excellent music, singing and dancing won the approval of the audience and a return engagement of this orchestra will always be welcomed.

## Sees Great Future for This Section

The Editor of the Herald met at Hotel Cole this week, Judge W. F. P. Fogg of Boston and Los Angeles and, when asked his impressions as to the future of this section, Judge Fogg said:

"It seems certain that the proposed expansion of facilities, industry and business, at Big Spring, will directly benefit all mid-western Texas. The geographical location of this city, emphasized by suggested increased railroad power and water facilities, definitely determines its importance, as a natural commercial, banking and transportation center. It will become increasingly the receiving and distributing point most convenient for an enormous and resourceful area. Such expansion will inevitably occasion more frequent and profitable community contacts; a closer community interrelationship in business affairs; a greater volume and variety of trade and transactions; larger opportunities; wider range of employment; increased bank deposits; extended circulation of money and a sounder basis for credit; more potential influence in State government; improved living conditions, and steadily climbing valuations—not only for Howard County, but for all your neighbor cities and their adjacent territory.

"I believe this marvelous region can be assured progressively increasing prosperity, through organization, programmed neighborhood cooperation, and diligent construction endeavor. The attitude of your capable, enterprising citizens should be BURY THE 'KNOCKER' and BOOST THE 'BOOSTER' THINK ALIKE and ACT TOGETHER. Within five years they can raise the population of your city to upwards of twenty-five thousand and can multiply its valuation by ten. My associates and myself will not be drones in the hive."

### Clean Out Rattlesnake Dens

Walter Robinson was in town Wednesday and stated that the men of his community held snake hunts last Friday, Saturday and Tuesday, and killed one hundred and thirty-four snakes in their dens.

They covered a stretch of country three miles long and on a dozen different farms and ranches. They made special gigs and when they located a rattlesnake den they proceeded to clean it out. They would secure from one up to thirty-four snakes in a den. The largest snake was a rattler about six feet long and having nine rattles. One of the snakes killed had thirteen rattles.

All the dens faced south or southwest and were found in the cliffs. The hunters had some exciting times especially so when they found a big rattlesnake or two coming from the rear while they were all busy at the mouth of the den, and not noting the approach of the snakes until they were almost underfoot.

The snake hunts were proposed at a recent meeting of the Midway Farmers Union and twelve members joined in the hunt.

These men certainly did a fine job in ridding our county of this big number of dangerous reptiles and it would be well if other citizens would join in and clean up the snake dens in other portions of our county.

### Death Claims Philip P. Daily

Philip P. Daily, aged about eighty-two years, passed away at 9 o'clock Thursday morning, March 15th at Mercy Hospital in this city. He had been ill for some time and was brought here from Fort Worth about two weeks ago; the members of the family realizing that it was only a question of a short time until his soul would take its flight to his Maker.

Mr. Daily was a kindly Christian gentleman, ever ready to help his fellowman and was loved and esteemed by everyone who knew him. He came to the Big Spring section in the early eighties to accept a position with the T. & P. Ry., later returning to Illinois, his former home, for a short period.

He returned to Colorado, Texas, with his family, and for the past fifteen years had made his home in Fort Worth. The remains were sent to Fort Worth Thursday evening for interment and will be placed beside his wife who preceded him to that Home on High. Mrs. Daily passed away in 1917.

He is survived by two sons and two daughters, S. P. and Phil J. Daily of this city, Mrs. M. E. Fronberger and Mrs. R. T. Moore of Fort Worth, and to those who mourn for their loved one is tendered the heartfelt sympathy of their many friends in this city.

### Mrs. Lee Elmer an children left Thursday for a visit with relatives in Hooper.

# Everybody Wants Your MONEY!

KEEP IT IN THIS BANK AND THEY WON'T GET IT

As long as your money is in this bank it is yours. When it gets into another fellow's pocket it is his.

### Why I Moved Back to the Farm

(R. C. Roberts in Farm & Ranch)  
As a country boy I always wondered why so many men in the city were always looking ahead to the time when they could buy a small farm and move to the country. No one ever gave me a satisfactory answer, but I found one myself. I found out by moving to the city where I had a job which paid me \$1,500 per year. That looked like a lot of money to me. So I rented the farm of 80 acres and left the country. My wife and three children welcomed the change, or thought they would, for the farm had never brought to them the things they believed a salary of \$1,500 would, so we did not even stop to make investigations. When we got to the city, this is what we found:

Rent, per month	\$50.00
Lights, average	2.50
Water	1.00
Gas	4.50
Street cars	10.00
Miscellaneous	6.00
Telephone	4.00
Total	\$78.00

Our routine expenses without allowing anything for amusements or sickness was \$78 per month, or \$936 per year. It was necessary to spend this amount for things which cost us practically nothing on the farm. But that was not all.

I soon found that paying 15 cents a quart for milk, 4 cents a pound for potatoes, from 30 to 80 cents a dozen for eggs, a dollar for a chicken and 30 cents a basket for tomatoes in season and corresponding high prices for other vegetables and fruits besides extra clothing, made necessary in the city, consumed my \$1,500 and in addition what little rent I got from the farm and left me in debt.

My farm was leased for a year and I had to stay in the city for that length of time, but I am back on the farm.

My experience in the city was not without compensation. I know I am a whole lot better farmer and business man than I was before. Raised on a farm, I had never appreciated the advantage of having fresh eggs, fat poultry, butter and milk, vegetables and fruits; nor did I ever practice killing my own meat, or in any other way try to live on things I could produce myself. I was just a cotton farmer.

Today my farm is producing a large part of the food consumed, as well as the feeds my livestock eat; and I am producing just as much cotton as I did before. My garden is securely fenced against my chickens, of which I have around 200 purebreds. I have planted blackberries along the garden fence, also a few pear trees and plums, a small strawberry patch and people in certain localities and charity the garden fence and down part way on one side I have trained grapevines. None of these things take very much more and nothing I grow produces more profit, for I have learned that it is not what I can sell an article for that counts, but what I would have to pay for it if I had to buy it.

Among my latest improvements is a smokehouse and some homemade equipment for butchering. One year's experience in the city where I had to buy all these things at high prices, if I had them at all, convinced me that they were worth producing, and I determined to produce them as soon as I could make the arrangements after I returned to the farm. I am now a self-sustaining farmer. My cotton crop, whether good or bad, is nearer being cash to me than ever before.

### Real Silk Fashioned Hosiery

From mills to millions. Four pair for \$5.00. See advertisement in Saturday Evening Post, the first issue in each month. Phone 163 Mrs. C. A. Miller, 306 Runnels street. 25-1f

### Scientists are Solving Some Big Labor Problems

In the January issue of the "Elks Magazine" Bruce Barton writes: "Nothing impresses me more in going about among great corporations, than the fact that almost every one of them has a group of scientists continually at work on some invention or improvement which will make the world an easier place to live in. A lot of this work of research is going to come to head within the next few years.

"We shall live to see the day when such tasks as milking cows, scrubbing floors, and washing dishes, any one of which can be done by electricity for a few pennies an hour, will be lifted forever from the hands and backs of women and men. Even the families that are now lowest in the social scale are going to have comfort, leisure, and opportunity such as never was in the world before."

# Fordson

THE UNIVERSAL TRACTOR

## You Will Want Your Fordson Tractor Early

Everything points to the greatest shortage of Ford products this year that has existed.

Never before has the demand been so great. You will want a Fordson Tractor early—here is one product you cannot wait for—when the weather opens up you will need it.

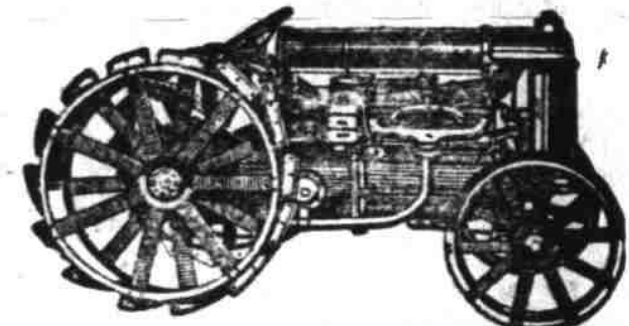

You will want it for plowing, seeding, cultivating—and all your other work. Already it has proved the greatest help to profitable farming that has ever been offered to you. And at \$395 f. o. b. Detroit, the price is so low that you lose money every day you are without a Fordson. To get delivery you must order early.

There are no reserve stocks among our dealers—our production capacity, great as it is, will not enable us to build up a reserve.

It must be a case of "first come, first served" and the only way in which you can protect yourself is to list your order with a Ford Dealer immediately.

By taking advantage of our dealer's first opportunity to make delivery, you will be assured of having your Fordson when you need it.

### Endeavor News

Of course everyone knows long ere this when Easter Sunday comes. But I have something good to tell you that will take place on that date. We are going to have a Sunrise Prayer meeting. Now to those who have ever attended a Sunrise Prayer meeting I feel that I need only to mention it and you will come. But you who have never attended one, I want to say to you that they are wonderful. You get someone to tell you all about them, and then on Easter Sunday at 6 a. m. you come to the Christian Church and see for yourself how wonderful they are. If you ever go to one you will never want to miss another one. I'll assure you that you'll not be disappointed. Remember the date April 1, Easter Sunday; place Christian Church and time 7:00 a. m. Don't forget.

Remember the convention next fall at Big Spring. Let's make it a bigger and better and a more far-reaching convention in every way that Midland District has ever had. We will meet with the members of the Presbyterian Endeavor Society Friday, March 23 to formulate some definite plans, and to appoint a convention committee. Be there. The place and time will be given later; watch for it.

No singing Friday. Regular meeting will be held Sunday at 6:30 p. m. Miss Stella Schubert is leader and has planned an interesting program. One feature of interest will be a debate. The question is, Resolved: That the world is getting better. If you think it is come out and boost your side. If you don't think it is come and help your side to win the debate, and then help us to make Big Spring better. You'll miss a treat if you don't come. Reporter.

### Flies and Mosquitoes Not Wanted

It has been definitely proven that flies and mosquitoes are responsible for a number of diseases, said Dr. Z. T. Scott, Secretary of the Texas Public Health Association. A great amount of money is spent every year in Texas to repair the damage wrought by these pests.

Flies are known to spread typhoid fever, tuberculosis, diarrhea, dysentery, etc. A single fly has been known to carry 600,000 germs on its body at one time. The best way to kill flies is to destroy their breeding places, remove all filth, screen, trap and "swat."

There are many different species of mosquito. Some are disease carriers and others are not. Malaria, dengue fever and yellow fever may be transmitted by mosquitoes. The best plan is to kill all species. Mosquitoes must have water in which to lay their eggs, without this the mosquito could not live. All standing water should be drained where possible. In other cases the water should be covered with oil or surface minnows placed in the water. Dwelling places should be screened against these pests.

The time to start these campaigns is NOW, and everyone should lend their assistance in exterminating these pests. Much more can be accomplished if the campaign starts early before the flies and mosquitoes have an opportunity to increase.

### The Knecker's Will

I believe nothing is right. I believe everything is wrong. I believe that I alone have the idea.

The town is wrong, the school is wrong, the teachers are wrong, preachers are wrong, the people are wrong, the things they are doing are wrong, and they are doing them wrong way anyhow.

I believe I could fix them if I would let me. If they don't want to get a lot of other fellows myself and we will have a lot to make others do things the way we want them done.

I do not believe the town will grow. It is too big now.

I believe in fighting every improvement and in spoiling every pleasure.

I am always to be found in the things and never yet have I had an idea or supported a movement would make people happier or the pleasure of man, woman or child.

I am opposed to fun and I am pleased at funerals.

I believe in starting reform will take all the joy out of life. It is a sad world and I am in it.—Ballinger Ledger.

**To Whom It May Concern**

# Who Is Your Tailor?

## Why Athans Should Be

First—We are the only practical tailors between Fort Worth and El Paso.

Second—You don't take any chances; you don't have to worry about your suit as to a perfect fit and guaranteed workmanship.

Third—When Home Made Clothes are made right they are real clothes for long wear and best service.

Fourth—No samples from which to pick. You see the whole suit pattern before you.

Fifth—You will come back if you once try Athans' Home Made Clothes.

The only Cleaning and Dyeing Plant of its kind between Fort Worth and El Paso that has served the people of West Texas the past four years.

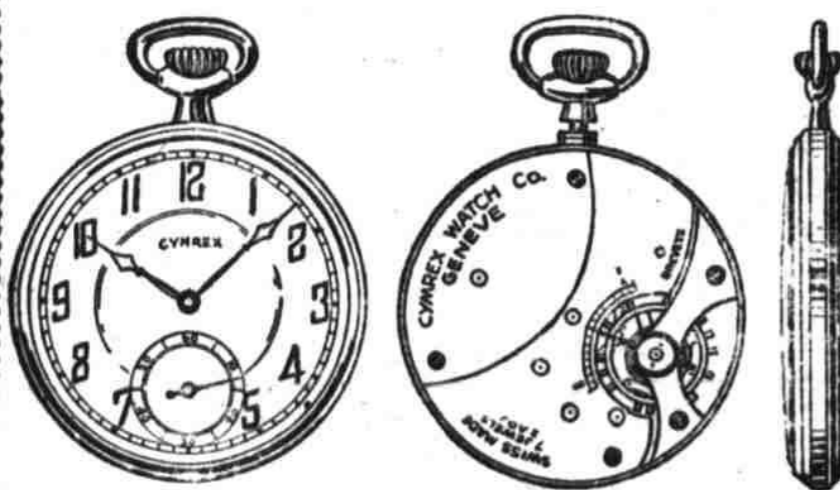

We have the largest and best equipped establishment of its kind in Big Spring. 29 years of my life spent in Tailoring, Cleaning and Alteration work.

TIME KEEPING QUALITY GUARANTEED EQUAL TO THE HIGHER PRICED WATCHES.

It is reported that the same people who have been quietly investigating the potash resources of West Texas, during the past several months, are behind the present movement to secure construction of a railroad between Sterling City and Lamasa, via Big Spring. We also hear talk that there is likely to be a cotton mill and other industries located here, if this city becomes a railroad junction and the proposed Chemical and Fertilizer Works are established near here. We are informed that a \$5,000,000 Development Company has recently been incorporated, numbering among its directors three bank presidents and several other very prominent men of affairs, and that its plans will probably soon be outlined in these columns. It is stated that a large amount of its capital has already been subscribed in New York and Boston and that its Texas headquarters will be at Big Spring.

### Social at the Manse

Good old St. Patrick was duly remembered by the Woman's Auxiliary of the Presbyterian Church last Monday at the Manse, the special occasion being the annual mite-box opening. Irish jokes and games filled each moment of the time. The contests between the Pats and Biddies continued throughout the afternoon with much rivalry, resulting in favor of the Pats. Upon search, the room seemed full of snakes which proved harmless in spite of their venomous appearance, they were soon routed however and peace restored. Not even the good old Blarney Stone was missing, but as kissing a small white stone blindfolded, is an uncertain performance, its beneficial results were perhaps short of what they should have been.

Each mite box gave a brief account of its existence during the past year, as it poured its contents into the treasury, and their stories were worthy of attention too. Their splendid offering of most \$25.00 showed they had been in good hands. Dainty refreshments consisting of sandwiches, salad and tea were served.

Mrs. Shepherd was assisted in receiving and entertaining by a committee of the ladies and to them all we felt indebted for a very happy afternoon.

### PHONE 389 FOR PURE MILK

We can now supply you with pure milk from tested cows. To further insure absolute purity we have installed a Clarifier which removes all foreign matter from the milk. Get pure milk. From now on our price is 7 cents per pint and 12 1-2 cents per quart. THE BIG SPRING DAIRY COMPANY J. T. Parrish, Proprietor. 12

### Card of Thanks

We wish to extend our heartfelt thanks to our many friends for their acts of kindness and words of comfort, also to those who expressed their sympathy with floral offerings, we desire to thank. May God's richest blessing rest upon all, are the prayers of: Mr. and Mrs. C. J. Schultz and family; Mr. and Mrs. L. B. Bonner and Family; Mr. and Mrs. H. R. Guyn and family; Mr. and Mrs. C. W. Bouchillon and family; R. O. and H. F. Bouchillon and family.

### Dressmaking and Designing

Have your gown or frock made in the most popular and exclusive shop in town, where designing and dressmaking is an art. Phone Mrs. L. E. Coleman for appointment. Phone No. 51. 20-1f

### 1922 Bridge Club

The members of the 1922 Bridge Club met with Mrs. Del Elliott Wednesday afternoon and an especially jolly meeting was in order.

In the series of interesting games, Mrs. Homer McNew made visitor's high score and Mrs. Yuell Robb made club high score. Miss Jaquette Blinnsberg of La Fayette, Ind., was an out-of-town guest.

Delicious refreshments were served at the close of play.

### Concrete Sidewalks and Curbing

Now is the season to have concrete sidewalks and curbing constructed. Will be pleased to furnish you estimates on this work. JIM WINSLOW. Phone 306.

Leon Jones of Imperial Valley, California, spent Wednesday visiting old time friends in this city. Mr. Jones formerly made his home in this city, leaving here some three years ago for the Imperial Valley country.

Mrs. M. E. Fronberger and son, and Mrs. R. T. Moore and daughter, of Fort Worth arrived Monday, called here by the illness of their father P. P. Dally. Mr. Dally passed away at 9 a. m. Thursday.

Mrs. L. A. Deason and son after a two weeks visit with her parents Mr. and Mrs. S. P. Dally left Saturday evening for their home in Marshall.

J. V. Patterson of Sweetwater, district manager of the Southwestern Bell Telephone Company, was a business visitor here Thursday.

A man hopes and a woman remembers.

## Coming to Sweetwater

### Dr. Mellenthin

SPECIALIST

in Internal Medicine for the past twelve years

DOES NOT OPERATE

Will be at

WRIGHT HOTEL

SATURDAY, APRIL 7

Office Hours: 10 a. m. to 4 p. m.

ONE DAY ONLY

No Charge for Consultation

Dr. Mellenthin is a regular graduate in medicine and surgery and is licensed by the State of Texas.

He visits professionally the more important towns and cities and offers to all who call on this trip free consultation, except the expense of treatment when desired.

According to his method of treatment he does not operate for chronic appendicitis, gall stones, ulcers of stomach, tonsils or adenoids.

He has to his credit wonderful results in diseases of the stomach, liver, bowels, blood, skin, nerves, heart, kidney, bladder, bed wetting, catarrh, weak lungs, rheumatism, sciatica, leg ulcers, and rectal ailments.

If you have been ailing for any length of time and do not get any better, do not fail to call, as improper measures rather than disease are very often the cause of your long standing trouble.

Remember above date, that consultation on this trip will be free and that his treatment is different.

Married women must be accompanied by their husbands.

Address: 336 Boston Block, Minneapolis, Minn. 26-31-pd

### Weekly Luncheons to be Held

In order to keep our folks advised as to the activities being carried forward in an effort to secure the Texas Technological College it has been decided to hold a luncheon once each week. The date will be announced in The Herald and any and everyone is welcome and cordially invited to attend. The only condition necessary is that you call at the office of the Chamber of Commerce by noon of the date previous to the date set for the luncheon and buy a ticket; price fifty cents. It is necessary that you do this so it will be known how many people to prepare for.

Remember every citizen of Howard County is considered a member of the committee working to secure the Tech and your presence is desired at these luncheons because you may have some ideas that would aid materially in the fight. Watch for the date of these luncheons and make it a point to attend.

### For Rent

Up to date office rooms—suitable for doctors, lawyers or real estate men. Newly painted. Best location in Big Spring. Williams Dry Goods Co. 25-1f

The past day or so has been marked by extra cool weather. The thermometer registered below freezing Thursday night and this morning.

Mrs. G. W. Smith left Thursday for a visit with relatives at Seminole.

Cash or trade for your eggs. P. & F. COMPANY.

Pay Cash, save money and trade with us. P. & F. CO.

## It Speaks!

On March 10, 1876, in a noisy machine shop at Boston, the telephone was born. Alexander Graham Bell, the young teacher of deaf mutes, had dedicated his life to restoring the precious gift of voice to his pupils.

During his experiments he discovered a new principle of sound transmission which brought the hope that some day men might hear each other's voices though separated by hundreds of miles.

That dream has come true. Today you may send your voice—to anyone anywhere in the United States by Long Distance telephone. It will carry you to your family and friends; it will bring them to you.

Ask the Long Distance operator about Station to Station calls, particularly the low rates prevailing after 8:30 p. m.

**SOUTHWESTERN BELL TELEPHONE CO.**

Your Voice is You—Visit Them by Telephone

### Election Notice

Whereas, the City Council of the City of Big Spring deems it advisable to issue bonds of said City for the purposes hereinafter mentioned:

THEREFORE, BE IT ORDERED BY THE CITY COUNCIL OF THE CITY OF Big Spring, Texas, that an election be held on the 10th day of April A. D. 1922 at which election the following proposition shall be submitted:

"Shall the City Council of the City of Big Spring, Texas, be authorized to issue the bonds of the City of Big Spring, Texas, in the sum of Sixty Thousand Dollars, to bear interest at the rate of five per cent per annum, and to mature serially or otherwise, not to exceed forty years from the date thereof, interest payable semi-annually, and to levy a tax sufficient to pay the interest on said bonds and create a sinking fund sufficient to redeem them at maturity, for the purpose of constructing a sewer system in the City of Big Spring, Texas, as authorized by Chapter 1, Title 18, Revised Statutes of 1911 of the State of Texas, and Article 882 of said Revised Statutes of 1911, and House Bill No. 42 of the Regular Session of the 37th Legislature of the State of Texas, and the Constitution and laws of the State of Texas."

The said election shall be held at the City Hall in the City of Big Spring, Howard County, Texas, and the following named persons are hereby appointed managers of said election, to-wit: Fox Stripling, presiding officer; C. T. Tucker and J. J. Hair, judges, and W. B. Pottou and S. P. Dally, clerks.

The said election shall be held under the provisions of Chapter 1, Title 18, of the Revised Statutes of 1911, and Article 882 of said Statutes of 1911, and House Bill No. 42 of the Regular Session of the 37th Legislature of the State of Texas, and the Constitution and laws of the State of Texas, and only qualified voters, who are property tax payers of said city shall be allowed to vote.

All voters who favor the proposition to issue the bonds shall have written or printed upon their ballots the words: "For the issuance of the bonds." And those opposed shall have written or printed upon their ballots: "Against the issuance of bonds."

The manner of holding the said election shall be governed by the laws of the State regulating general elections. A copy of this order, signed by the Mayor of the City of Big Spring, Texas, attested by the City Secretary of said City, shall serve as a proper notice of said election.

The Mayor is authorized and directed to cause said notice of election to be posted up at the City Hall and at three other public places in the City of Big Spring, Texas, for at least thirty days prior to the date of said election.

The Mayor is further authorized and directed to said have notice of election published in some newspaper of general circulation published in said city, and which notice shall be published once each week for five weeks, the date of first publication being not less than thirty full days prior to the date of said election.

Approved and signed this 14th day of March A. D. 1922. W. R. PURSER, Mayor of City of Big Spring, Texas. Attest: E. E. Fahrenkamp, City Secretary.

### Notice in Probate

THE STATE OF TEXAS To the Sheriff or any Constable of Howard County—Greeting: You are hereby commanded to cause to be published once each week for a

period of ten days before the day hereof, in a newspaper of circulation, which has been continually and regularly published for a period of not less than one year in said Howard County, a copy of the following notice:

### THE STATE OF TEXAS

To All Persons Interested in the welfare of Dan Phillips, a minor, appear at the next regular term of County Court of Howard County, to be held at the Courthouse thereof, the city of Big Spring, on the Monday in April A. D. 1922, the being the 2nd day of April A. D. 1922, and contest, if they see proper to do so, the application of C. W. Ochshear, who has filed an application with the County Court of Howard County the 13th day of March A. D. 1922, Letters of Guardianship of the person of Dan Phillips, a minor, which application will be heard on the day of April A. D. 1922 at the County Court of said County in Big Spring, Texas, at which time all persons are interested in said minor, Phillips, are required to appear and answer said application, should desire to do so.

Heretofore Fall not, but have you said Court, on the first day of the term thereof, this writ, with you turn thereon showing how you executed the same.

Witness my hand and official seal at Big Spring, Texas, this day of March A. D. 1922. (Seal) J. I. PRICHARD, County Court, Howard County, Texas.

### Bridge Luncheon at Oxshear

Mrs. Oxshear, assisted by her mother, Mrs. Webb, entertained a Bridge Luncheon, on last Friday the Oxshear ranch, twenty miles from Big Spring.

The tables were decorated with spring flowers. Covers were laid the following: Mrs. A. M. Fisher, mother, Mrs. Kaufman; Mrs. E. Ellington and daughter, Miss Doree; Mrs. H. W. Leeper; Mrs. Jno. Clark; Mrs. M. H. Jones; Mrs. S. A. Hart; Mrs. B. F. Willis, and Mrs. B. Whitney.

A thoroughly delightful time was enjoyed and Mesdames Oxshear and Webb were declared ideal hostesses.

### Honoring Miss Kinsberg

On last Monday evening Miss Gertrude McIntyre delightfully entertained a few friends in honor of Miss Kinsberg of La Fayette, Ind.

In the series of enjoyed games Guion Pool had the honor of making high score.

Delicious refreshments were served at the close of play.

## TEXAS DRUGGIST REGAINS HEALTH

"I Have Gained 24 Pounds of Firm Flesh and Feel Like New Man."

If you are one of the many weak and weary, underweight, nervous, run down folks who are half sick and half well you can profit by the remarkable experience of this prominent Texas druggist.

Mr. Ed. Waller, proprietor of Waller's Drug Store, Hubbard, Tex., says, "Like most folks who work indoors and do not get enough exercise, my muscles became flabby, had no appetite and had that 'tired out' feeling with me constantly. Six months ago I began taking Ironized Yeast. At that time I weighed 130 pounds. Today I tip the scales at 154, have a fine appetite, my muscles are as hard as a tool dresser's and I have that 'rearing to go feeling' all the time."

This is probably the finest endorsement any product could have. A druggist knows! With all the preparations in his store to choose from, Mr. Waller found Ironized Yeast the best. Your own druggist will tell you the same thing. Because Ironized Yeast is a scientific product of concentrated brewer's yeast in union with the kind of iron doctors use to enrich the blood. The vitamins of the brewer's yeast will nourish your shrunken tissues, filling in hollows and scrawny places with firm flesh. Your blood will take on new strength and soon your whole body will tingle with the glow of perfect health.

**Ironized Yeast** is positively guaranteed to give satisfactory results or your money refunded. A ten-day treatment costs only \$1.00; it means the difference between ill health and your present half sick condition. Get it today. Ironized Yeast Company, Atlanta, Ga.

### Senior Christian Endeavorers Organize

On the evening of March 8, at the home of Mr. and Mrs. W. L. Shepherd, a group of some twenty-five Christian Endeavorers met for the purpose of organizing a Senior Christian Endeavor. The following officers were elected: Herbert Whitney, president; Ruth Miller, vice president; Pauline Williamson, secretary; Robert Lee Pike treasurer. Miss Ruth Miller was appointed leader for the following Sunday, March 11th. After a number of mirth-provoking games, and followed by a course of delicious refreshments, the Endeavorers adjourned, thanking Mr. and Mrs. Shepherd for a most enjoyable evening.

On the evening of March 13th, another business meeting was called for the purpose of electing a reporter and ordering topic cards and other literature. Carroll Barnett was selected as reporter. After other business had been disposed of, the meeting adjourned.

The Senior Christian Endeavor Society meets every Sunday evening at 7:15 at the First Presbyterian Church. For Sunday, March 18, Mrs. Jennie L. Jones will be leader. Everyone over 14 years of age and not over 200 is cordially invited to join in our program.

### Bridge Club Notes

The Wednesday Bridge Club met this week with Mrs. J. N. Blue and four tables of players enjoyed a most delightful afternoon.

The attractive home, bright with flowers and soft shaded lights, seemed even more cozy because of the disagreeable weather outside.

Delicious refreshments in two courses added to the pleasure of the guests. Favors cleverly fashioned in flower shapes and containing small candies were presented. These were made by the hostess and were much admired.

Mrs. A. M. Evans made visitor's high score for the afternoon and Mrs. A. J. Gallimore, club score.

Mrs. Duvall will be the next hostess on March twenty-eighth.

### M. E. Women's Missionary Auxiliary

The Woman's Missionary Auxiliary will meet at 3 p. m. Monday with the following Social Service program:

Bible Drill—led by Mrs. Chas. Morris.  
Song.  
Prayer.  
Worshiping God at the Gates of Entry—Mrs. Clyde Thomas.  
Christian Fellowship in Business—Mrs. Neel.  
Community Goals for Girls—Mrs. Hardy.  
Church Influence in the White House—Mrs. O'Barr.  
Reports, Social Service Committees.

### Presbyterian Intermediate C. E.

Topic—Factors for making the world better. How can we help? Leader—Fannie Sue Read. Roll Call—Answer with Bible Verse. Song—'I'll Live for Him'. Scripture Reading—Matt. 5:13-16—Helen Barnett. Talk: How we can help make the world better—Estelle Hutto. Reading—Gertrude Brauer. Piano Solo—Virginia Whitney. Announcements. Discussion of old and new business. Song. Mizpah Benediction.

### Good Milk Cow For Sale

A heifer just fresh in—one-half Holstein and good milk stock—for sale. See me at Express office. J. A. DAVIDSON. 26-27

### High School Notes

(Frances Sullivan & Frances Melton)  
One of the most interesting assemblies that the High School folk have had was held Tuesday, March 13. Mr. Flancken gave a short introductory talk and then turned the program over to Mr. Lasseter, the Science teacher and a member of the American Legion.

The curtain was raised and on the stage had been placed the official picture of the American Legion "Never Alone." Mr. Lasseter then introduced Mr. Burns, one of the men who are taking the picture on a tour of the United States. Mr. Burns gave a history of the picture which was very interesting. The picture that was shown us was the original and is pronounced by art critics to be worth \$50,000. We realize that it will probably be the only time in our life that we will have an opportunity to see this wonderful piece of art. Mr. Brooks then spoke for awhile about the principles that the picture stood for. He urged us not to forget the war too soon. He explained clearly to us that although the war had closed we still had a greater duty to perform and told us always to uphold the principles for which our soldiers had fought. The assembly closed with every student having been impressed and it is true that the talks were great but the picture was enough to impress them. It spoke a message of its own and for those who give it more than a passing glance it holds a great fascination.

The El Rodeo work is progressing rapidly and we feel sure that this issue of the El Rodeo will be one of the best numbers ever put out in the Big Spring High School.

This week is examination week, and everyone is interested in making the best record possible, because this is next to the last report which goes out this year and is recorded on the books.

The Economic Class has begun working on the debate question for the Interscholastic Track meet; and the boys and girls are interested in the work, and we hope to make a great showing at Abilene the 20-21 of April.

Miss Joan Hamilton, State director of teacher training and director of Vocational teacher training of the College of Industrial Arts, is visiting the Vocational Home Economics schools in this part of the state and we are indeed glad to have her with us this week.

Senior Christian Endeavor Program

One Mrs. Elliott  
To make it plain to those in Big Spring and anyone who reads the Herald outside of Big Spring, Mrs. H. A. Elliott was not in a style show in the Lyric Theatre. Is not very graceful and does not dance.  
For the protection of my two daughters, Mrs. H. A. Elliott.

De Molay's Doing a Noble Deed  
Jno. Clarke returned Sunday from Dallas where he had been to place Jimmie Jones under the care of the Shriner's physician, Dr. Carroll. It was a source of great joy to Jimmie as well as to Mr. Clarke to learn that Jimmie's twisted limbs could be straightened although it will require six months or more.  
After several thorough examinations Dr. Carroll stated the boy's right leg could be straightened so he could bear his weight on it. The left foot could also be straightened. His spine and right shoulder can also be straightened.  
The Shriner's Hospital not being completed it was decided to place Jimmie in the City Hospital at Dallas until the Shriner's Hospital is ready for patients. The Big Spring Chapter of De Molay is to pay all expenses while Jimmie is at the City Hospital. There will be no charge for operations by Dr. Carroll.  
This is indeed a great work the Shriners and De Molay are doing and hundreds and thousands of Jimmie Jones' will be given a chance to become well and strong.

Hughes-Smith  
At the Methodist parsonage at eight o'clock Friday night, March 9th Rev. Ben Hardy performed the ceremony which united in marriage Anderson Hughes and Miss Willie Smith.  
The contracting parties are well and favorably known here and we join a host of friends in wishing them every happiness that life can bestow.

### Epworth League Notes

A contest is raging between the four different sides of the Senior Epworth League. Everyone wonders who is ahead—The "fords" are of course. The "fords" will give the following program Sunday March 18; Leaguers and visitors urged to be present.  
Hymn.  
Prayer—Mr. Manuel.  
Bible Lesson—Rev. Hardy.  
Vocal Solo—Mrs. Morris.  
"Why Should I Live a Christian Life?"—Mr. Manuel.  
Violin Solo—Lynn Hatcher; accompanied by Olivia Kirby.  
Contrast of the Lives of a Christian and a Sinner—Mamie Lovelace.  
Duet—Maud Eason and Gladys Gardner.  
A Definite Session—Bill Bonner.  
Piano Solo—Morris Mann.  
League Benediction.

We have spent our life waiting around a barber chair and take it from us we know the game—The Ideal Barber Shop, successor to Sam Eason—See us for right kind of work. J. L. McWHIRTER, Prop.

If you contemplate painting your house anytime within the coming year it will pay you to place an order for your paint now.

Patronize the Ideal Barber Shop—barbers who know how. J. L. McWHIRTER, Prop.

### A Greater Touring Car Value

The present price of the Ford Touring Car is the lowest ever made.

And yet the car itself is a greater value. It is better looking with slanting windshield, a one-man top and improved seats. And there are many refinements in chassis construction.

The demand is so great that deliveries will soon be impossible. To protect yourself, order now. Make a small down payment, the balance on easy terms.

Ford prices have never been so low  
Ford quality has never been so high

## Stokes Motor Co.

Cor. Main and 4th Sts., Big Spring

## Why hens go on a strike!

When hens do not receive both the *white* and *yolk-forming* elements in their feed, they *cannot* lay.

Missouri Experiment Station tests with 100 lbs. of an average mixed grain feed produced about 224 yolks to 154 whites. Based on data from these experiments, Purina formulas make (above bodily maintenance), as follows:

Purina Hen Chow	247.49 yolks	142.11 whites
Purina Chicken Chowder	182.05 yolks	282.55 whites
Combined Ration	429.54 yolks	424.66 whites

These Purina Chows not only make a practically equal number of whites and yolks but make *more* of both than ordinary feeds.

Note that Purina Chicken Chowder contains the necessary white-forming elements to balance up the yolk-making grain ration. That's why it makes hens lay so heavily. Purina Chicken Chowder supplies plenty of white for all the yolks in the hen's body, thus insuring a maximum egg yield. That's why we can absolutely guarantee

more eggs or money back on Purina Poultry Chows if fed as directed. You take no risk.

**A Good Creed**

Congress heard a eulogy recently from the lips of Rep. Free, Republican, of California.

"May I conclude," he said, "with just these few words and in them epitomize the life work of Rep. John L. Nolan: "When your life of toil is over, and you've done all you can do, Did you treat the other fellow As you would have him treat you? "If you did your life's a blessing, For how often we forget To meet the other fellow As we wish to be met."

Mr. and Mrs. C. E. Freye of Springfield, Ill., arrived Saturday for a two months' visit in this city. Mr. and Mrs. Freye are former residents and have many friends here. They have always liked Big Spring and they believe it is in for a steady and substantial growth as it is surrounded by fine agricultural land being rapidly developed.

We have an itch remedy in case you hear of any one that has it. . . . Cunningham & Phillips.

**The Selfer**

Bellevue News: There is a certain type of man in every community who poses as a good citizen. He breaks no laws, lives morally, pays his honest debts and is never tangled up with the law in any manner. But he lives of himself, by himself and for himself exclusively. When the call is issued for volunteers to put across a community movement and give a boost, he never answers. When calamity has befallen an asparagus bed. Across the end of flies to their rescue, he is never one of their number. When money is needed for public enterprise his name is never on the list. When he sees some neighbor stuck in the mud he detours to avoid him. In fact, if he stood on the shore and saw the ship of state sinking he would never offer to throw out a line.

You are describing an intelligent but selfish man. His intelligence is asserted by his promptness in paying his debts, and his refusal to make debts he can not pay. His integrity is attested by his living within the law and the codes of ethics established by moral conventions. But when he declines to share in the efforts of his neighbors to better social and civic conditions or to contribute sympathetically to charitable enterprises, he lowers his spiritual vitality and partakes of the stolidity of the graven image. No one expects a wooden Indian or a marble effigy or a bronze monument to have generous impulses or a glowing organism inside, but it is expected of a man that he will experience stirrings of sympathy for objects which his head sense tells him are worthy. An individual who lives uprightly and is a master hand at attending to his own business commands respect wherever he may make his dwelling place. But it isn't sufficient to command respect. One should also command friendship and no man has friends who fears to make them lest they cost him something.—State Press in Dallas News.

### The City Federation Notes

The City Federation met in regular session Tuesday March 6, with more members present than we have had for some time, in fact, the Rest Room was inadequate to accommodate the crowd. So we moved to the district court room so that all present could be seated. In the absence of Mrs. Morgan, who is ill, Mrs. Flaniken presided.

First, I want to state that I made a mistake in the reporting of some of the committees last month. The Tag-day Committee was omitted which is Mesdames Freeman, De Vries and W. W. Rix; and owing to Mrs. Morgan's illness the Library committee has not been appointed.

Miss Barnes chairman of the Civic committee reported that the only definite thing they had decided on was to cooperate with the county officials in cleaning up the highways leading into town as they reflect credit or discredit on us as well as the streets and alleys. She also expressed their willingness to assist in any plan for the cleaning up or beautifying of Big Spring that the city officials or the Chamber of Commerce decides to undertake.

Mrs. Jones called our attention to the fact that this is the month to celebrate the birthday of the library which is St. Patrick's day but as the 17th falls on Saturday this year some other day will be selected. Mrs. Jones and the Library committee will make the arrangements and announce the time and place later.

Mrs. Freeman reported that the Tag-day committee had not met yet but would make their plans for holding the annual Tag-day some time in April, as this is one of the ways we have of raising the money to carry on the work of the City Federation.

The membership drive closed Tuesday and after counting the names it was found that the "Reds," with Mrs. De Vries as captain, had won, turning in one hundred and eight names, and Mrs. Freeman, captain of the "Blues," reported sixty-five members.

We are indeed proud of the success of this campaign as it proved to be the most successful drive in the history of the Federation. While all the members on each side are due a great deal of credit, but especially the two captains, as they were so enthusiastic themselves it was a pleasure to work with them and I am sure this will be our banner year with so many new members.

Mrs. F. F. Gary was elected delegate from the City Federation to the Sixth District meeting, to be held in Midland this year; Mrs. Morgan alternate.

Our club counselor gave another splendid report. She brought to our attention the legislation that the club women are sponsoring, that had been approved, namely, The Sheppard-Towner act, the Educational Survey and the Emergency Appropriation for the public schools. Also called attention to the fact that the Sixth District has the distinction of having two women in the district on the board of regents of two of our State institutions of learning. Mrs. H. J. O'Hair of Coleman is a member of the board of regents of the University of Texas and Mrs. Charles De Groff of El Paso was appointed as a member of the board of the New West Texas College, an honor of the Sixth District are all proud of, for two of our women.

The questions on "County Commissioners" were asked, answered and discussed; the discussion was both interesting and instructive. The members are taking a lively interest in this course of study in the form of questions and answers. As I said last time we have taken up this study as a means of self-improvement so as to better fit ourselves as citizens. We feel it is our duty to know how our government is conducted and by knowing what is required of our officers, we will better understand and appreciate their efforts.

The next set of questions are: County Officers:

County Treasurer—Duties? Term? Salary? Has he any voice in county expenditures?

County Clerk—Duties? Term? Salary or fee?

District Attorney—Duties? Term? Salary or fees?

County Judge — Duties? Term? Salary or fees?

Sheriff—Duties? Term? Salary or fees?

Tax Assessor—Duties? Term? Salary or fees?

Total annual cost of running the County.

How is the money raised?

Is there a tax-collecting agency for county and city, or is there a separate agency for each?

Has our county an indebtedness? If so, what is it?

What is the legal debt limit? How is this raised?

What interest is being paid on bonds?

At what price were they sold and how long do they run?

For what purpose was this borrowed money used? Press Reporter.

We have secured the services of a first-class automobile mechanic and are prepared to give you first-class work. BANKHEAD GARAGE 22-14

**Better Land at a Fraction of the Cost**

If you want to learn something of the Big Spring Country just talk to some of the folks from the black land belt of central Texas after they have made a trip thru this section. It is a revelation to them to find our land producing one-half bale of cotton or better and being offered at such an unheard of low price.

Land back east will not produce as much cotton thru a series of years as does the land in this section is quoted at six times or more the price at which land can be secured in the Big Spring section.

Once the folks back East awake to the great opportunities that await them, and this section will be literally flooded with new home seekers is the statement made by men of central Texas who have recently made a thorough study of conditions.

**Hemstitching 7 1-2 Cents Per Yard**

Am prepared to do hemstitching for 7 1-2 cents per yard and guarantee work to be satisfactory in every way. Workroom opposite postoffice; open from 8 a. m. to 6 p. m. Phone 200. 23-14. Mrs. Chas. Eberley.

El Paso is determined that California shall not surpass her in climate, sunshine, etc., so she staged an earthquake Tuesday night. It only lasted a few seconds and aside from scaring quite a few out of a year's growth no property damage was reported in a radius of 150 miles in Texas, New Mexico and Arizona where the tremor was felt. Some adobe houses near Jaures were caved in by the earth tremor.

**Quick Action on Farm & Ranch Loans**

Unlimited capital for farm and ranch loans. Large ranch loans especially solicited as we can give quick service on them. BOX 232, Big Spring, Texas.

**Big Spring Naturally Sitting Pretty**

Big Spring is distant only a little more than one hundred and fifty miles from the geographic center of Texas. We are only about sixty miles north of a line that would pass through the geographic center from east to west, and one hundred and fifty miles west of a line drawn through that point from north to south. There is a big chunk of Texas north of Big Spring; the Plains and Panhandle extending a distance of three hundred miles northward from this point. There is also a considerable section of Texas to the west of us with its chief city, El Paso, distant three hundred miles from here.

When you begin to estimate the development that is due to take place in West Texas in the years to come you are also going to find that we will not be far from the center of population.

**Notice! Notice!**

- WHEN IN NEED OF PLUMBING, GUNSMITH WORK, FURNITURE OR STOVE REPAIRING, PHONE 632 OR 564—ALL WORK GUARANTEED AND APPRECIATED. WORKSHOP IN REAR OF NORTINGTON'S MARKET.
- G. H. EVERETT
- W. P. MORGAN

From the way folks are going cotton crazy Texas bids fair to produce about 5,000,000 bales of cotton unless the boll weevil saves the day. A ten to twelve million bale crop will mean big money for cotton growers and a bumper crop on the increased acreage is going to mean hard times for the fellow who depended altogether on his cotton crop.

It is not going to require a prophet to warn us that the Big Spring country is going to be swamped with new homeseekers this fall, if high prices are received for the bumper crops that are going to be harvested. Old West Texas is due to "step about" this year.

"What's all that loud talk in the dining room, sister?"

"Father and mother are swapping animals."

"Yep. She passed the buck to him and he passed it to me."

**NOTICE**

SEALED BIDS FOR COUNTY POSITORY OF BORDEN COUNTY

Notice is hereby given that the County Commissioner's Court of Borden County, Texas, will on 24th day of March, 1923, not later than ten o'clock A. M. receive at Gall, Texas, sealed bids of any banking corporation, association or individual banker, the desire to be selected as the depository of the funds of Borden County, sealed bids shall state the rate of interest such bidders offer to pay on funds of said County, to be computed on daily balances for a term of years, or until another depository shall have been selected by said County, and each bid shall be accompanied by a certified check of two hundred dollars, payable to the order of the County, as a guarantee of good faith on the part of such bidder. The County reserves the right to reject any and all bids received. Mail or deliver all bids to the undersigned at Gall, Texas, not later than the date and hour first mentioned.

Witness my hand and official seal this 26th day of February 1923.

J. H. HANNABAN  
County Judge in and for Borden County, Texas.

We have quite a few experts in Big Spring who are always eager to give you the best advice on any matter you should conduct his business. The failures in minding their own business. Money returned on all bills.

**Manufactured History**

Frederick Kenyon, director of the British Museum, says: "Promoting closer relations between English and English scholars is not an affair of friendships between fellow workers, but has a real bearing on the welfare and future history of our two countries. Errors in the teaching of English history in America and American history in England are the cause of much misunderstanding. History should be taught fully and without prejudice to give a better understanding between the two peoples."

Frederick lets some light shine on the most peculiar kinks of human mind. In olden times it was a matter of life or death to disagree with a king. If he said it was winter, even though the sun shone, courtiers agreed with him. If he said it was white, his people agreed, and that their eyes might be put out if they didn't "see" as he saw. We are at such blind subservience, but of us have no hesitation in trying to make others see things as they see them, if it happens to fit in with political or sociological or patriotic views.

Hence we have German history telling German children that they were an abused and invaded country in the World War. Hence we have school histories in this country telling the story of the battle of Washington and the Revolution. Hence we have school histories which assign a religious cause to our political actions. School children believe what they are taught, not because they "fear" it, but because they have no better. Sir Frederick is right when he says that the "historical" as a source of trouble between English-speaking peoples, but he might go much further and deplore untruthful "historical" as making trouble for the citizen of his own, or this country. The ostrich hides his head in the sand and fancies itself safe. The mind alters facts in "historical" to believe a great purpose has been accomplished. The careless taxpayer and indifferent parent permit any book to be used in schools.... and the children of today, who are the citizens of tomorrow, suffer!

**Notice of Election**

Election is hereby given that an election will be held at the City Hall in the town of Big Spring on the 3rd day of April A. D. 1923, being the first day in April for the purpose of electing the following officers for the town of Big Spring to serve the following two years or until their successors are selected and qualified:

**THREE ALDERMEN**

A. Stephens has been appointed clerk of said Election and the polls will be open from 8 a. m. to 7 p. m. Each person shall vote at said election as he is a qualified voter under the Constitution of the Laws of this State. Said Election is ordered by the City Council of the said City of Big Spring, in an order passed February 13 A. D. 1923, and this notice is issued pursuant to said order dated this the 9th day of March A. D. 1923.

W. R. PURSER,  
Mayor for the City of Big Spring,  
Texas.

**Library Party**

The City Federation will celebrate the sixth birthday of the Library with a Saint Patrick's party at the "Y," Saturday, March 23rd.

The Library was organized March 17th, 1917 but, inasmuch as the seventh anniversary falls on Saturday this year and the day before is Home and School day, we postponed the party until Saturday the twenty-third. Tickets can be obtained from any member of the City Federation or from the door without a ticket and present your name at the door. The proceeds of the party are used to buy new books for the Library.

Everybody come and enjoy yourself in the true Saint Patrick's way and in a way help along a good cause; something that is a benefit as well as a pleasure to a great number of people. Rain, everyone come and bring a good and rest assured of having a good time as there will be games and other forms of amusement.

Reporter.

Don't advise your friend in telephoning to keep a stiff upper lip. It is seriously interested with his man who discharges the duties of a day never has to worry over what he has done tomorrow.

**A Cure For Pneumonia**

The following item with reference to treating pneumonia has been published in the Herald heretofore and is again published by request and in the hope that it will prove instrumental in saving a life.

M. A. Redding has the following in a recent issue of the Denver Rocky Mountain News:

Will you please give me space in your paper for the following most valuable information:

That nobody needs to die of pneumonia.

To the medical fraternity and the public... I am again knocking at the doors of the hospitals, pulling at the heartstrings of the doctors and appealing to the common sense of the public. Why do they let people die of pneumonia when the following simple remedy has saved not only myself, but all who have had a chance to use it? In Worcester, Mass., Alaska, Seattle, Goldfield, Nev., Pasadena and Los Angeles—at all those places it has been tried with unfailing effect.

During my stay in Pasadena last winter, I read in the Los Angeles papers of deaths from this sneaking, dreaded disease called pneumonia, from two to three and up to five every twenty-four hours. At last, on the 7th day of February, 1908, I went to Los Angeles and got the prescription inserted in four of the Los Angeles daily papers. The public read it the 8th of February, and what a change. From a high death rate during the winter and before that day, it stopped suddenly. The daily papers recorded only one death a day of pneumonia, and most of all the victims were infants less than 1 year old.

What was the cause of this sudden change? Let me tell you. It was this simple remedy discovered by me fourteen years ago. It can be had at any drug store for 25 cents.

What prompted me to give this to the world? A friend of mine, Professor Henry P. Loomis professor of medicine at Cornell University, died with pneumonia last Christmas, (1908) and all his and his associates' knowledge could not save him, hence my warning and advice, and I hereby challenge any doctor in the United States to come forward and contradict me. I am ready to defend this remedy as an absolute cure for pneumonia, even in the last stages.

I have sent this prescription to the Stanford University, the Northwestern College of Medicine (Chicago), Cornell University of New York, and to numerous other places, even across to England, to some of the most prominent men there.

Saturate a ball of cotton as large as a one-inch marble, with spirits of alcohol, add three drops of chloroform to each ball of cotton, place it between the patient's teeth, and let him inhale the fumes in deep long breaths for fifteen minutes, or longer, if needed; then inhale again fifteen minutes, and repeat the operation, as directed, for twenty-four times the result will be that the lungs will expand to their normal condition, and in twenty-four hours the patient is out of danger, and in forty-eight hours he is cured—although weak.

Cotton should be changed twice in fifteen minutes.

Another method of inhalation for elderly people without teeth, and patients in last stages of pneumonia:

Get a small alcohol lamp, or any other heating apparatus, and a porcelain cup, make a one-inch thick cover of wood for cup—put four small nails under the cover to prevent sliding off; bore a one-half inch in middle and insert in the cover a one-half inch rubber tube long enough to reach patient's mouth, then boil alcohol diluted with water 5 per cent, or plain, half and half (no chloroform needed in this method) and let patient inhale through tube and fumes of the boiling alcohol in deep, long breaths for fifteen minutes, and follow directions above and I can assure you that you will disappoint the undertaker, and live many happy days.

But listen, do not wait until you get pneumonia, but use this simple remedy as soon as you feel that your lungs are afflicted. Give this cure to all with whom you come in contact; it is safe and reliable.

Doctors, try it, and use it for humanity's sake, and the public for your own welfare. Cut this out. It may come handy some time.

The fellow who gets something for nothing generally finds it worth about what it cost.

Your cash will go further at Pool-Reed Co. store. Figure with us on Cash bills.

Stuttering is a great aid to the person who finds it necessary to invent an excuse.

Steaks and roasts that please. Pool-Reed Company.

The modern house runner might also be termed a grave digger.

Never make a bluff unless you can back it up or beat the other fellow on the run.

It's true. Brains will always command attention without the formality of making a noise.

Anyway old March is just about half gone so we won't have to bother with March winds much longer.

A fellow's sins may not find him out, but it takes a wise one to keep his wife from getting in on the know.

The waning days of winter may bring sorrow to the heart of the coal man, but he is easily consoled by the thought of summer ice bills.

Now that we have talked ourselves out of the subject of profiteering, we seem to have forgotten that it is still profiteering.

There are lots of good people still left in this world, but most of them are too buffaloes to admit it.

Love comes unbidden and goes quicker than it came when there is no money in the family war chest.

Few people are interested in how you got your money. The question at issue is how they can get it from you.

Murder is becoming so common it will soon have to be called another name in order to attract attention.

It is possible, of course, that France is having the time of her life on the principle that life will not last long.

A movement toward the hip no longer calls for a quick shot or a blow, but the aftermath is usually more deadly.

The average woman is becoming fairly well versed in politics. Some day she may put that knowledge to practical use by paying more attention to voting.

Many of our folks are taking advantage of the opportunity to have their homes painted while material and workmanship are available at a big discount. Investigate this proposition at once.

"The school is the greatest wealth producing agency in the world, because it develops and furnishes with power that greatest instrument for creating wealth—the human mind. The wealth of the world, both material and spiritual, is in the possession of the nations that spend most on their schools."

The Outlook.

### A Long Way Off

If some of our movie stars ever got to heaven they will be mighty lonesome birds, for there will be no press agents there to sound their praises as so much a praise, and there will be no daily newspapers to rave over the enormous salaries they don't get, and it will be no trouble at all for wise old St. Peter to see through a brain that is so shallow it doesn't exist. But on second thought we don't think they will be overburdened with onus. Heaven is a long way off for them. Herald want ads bring good results.

# New Things for Spring that will be of Interest to Everyone

## WHY YOU'LL LIKE THIS STORE

You'll find our sales force always eager to serve you. When they make a statement about the merchandise, you can know it is correct; we'll back every statement to the letter.

You'll find a spirit of courtesy here, and an ability to please your wishes.

You'll find the season's newest styles in wearing apparel for every member of the family, as well as staple and fancy piece goods, and at reasonable prices, too.

And after you buy, if you find you haven't got just what you want, money cheerfully refunded.

## Shop By Phone or Mail

—When you want something in a hurry but find it inconvenient to come to the store just phone your order and it will receive prompt attention.

—Our Mail Order Service is a great help to out-of-town customers. Just write us as explicitly as you can what is wanted and we will make selections for you. You may return anything that does not meet your approval.

—All Mail Orders filled same day as received: we pay parcel post charges.

## FROCKS

WITH A FONDNESS FOR CREPE

—Many of the newest Frocks for spring are of Crepe: canton, crepe de chine, or the new flat crepes. Some feature a combination of solid color and paisley design crepe.

—They're in straight line styles, styles with pleated skirts and novel draped modes. Some are perfectly plain tailored, others feature attractive trimmings of embroidery, braid or beading in self or bright contrasting colors.

—Special values are offered at \$15.00 to \$24.75, others priced upward to \$87.50.

—At \$15.00 to \$18.50 we're featuring special values in Taffeta Frocks: they're in styles with basque bodices and full skirts; pleated and ruffled frills, or maybe a touch of bright colored braid or embroidery, add to their attractiveness.

## SUITS

in Three-Piece or Box Coat Styles

—Of course, it's the three-piece costume suit, with jacquette snugly banded at the hips in balkan fashion, that is first in favor. The bodice of the three-piece suits are of bright colored or paisley design crepe and the jacquettes are oftentimes embroidered in pretty bright colors.

—Then there are jaunty box coat suits or plain tailored styles of navy, black or new shades of tan poret or tricotine. Some are embroidered or braided in self color.

—The prices of the new spring Suits range from \$24.75 upward to \$135 with smart styles featured at \$29.50 to \$45.

## A SWEATER

—Is just the thing for early spring wear and here's a big selection of smart new styles in both silk and woollens.

—Slip-over styles, coat styles and the new jacquette styles in solid colors and novelty designs.

—At \$2.50 and \$2.95 there are wool sweaters in slip-over styles: shown in colors of white, tan, grey, rose, blue, green and orchid.

—At \$5.95 to \$6.95 are silk ones in coat or slip-over styles in a big range of pretty new colors. Others priced upward to \$10.95.

—Two smart knitted costumes, sweater and skirt, are shown at \$13.50; one is in gold color and the other in green and black novelty weave.

## SEPARATE SKIRTS

—You'll surely want one of these smart skirts to wear with your new sweater: they're of fine quality woollens in pretty plaid, checked, blocked or striped patterns. Plain tailored or pleated styles: light and dark color combinations. They range in price from \$6.50 upward to \$13.50.

## SILK BLOUSES

—Paisley design Blouses in jacquette or over-blouse styles: pretty bright color combinations that are so popular this season. They're priced \$7.00 to \$12.50.

—At \$4.00 and \$6.00, there are hand-made Blouses of fine quality white voile with trimmings of lace, embroidery or hand drawn work.

## PAISLEY NOVELTIES

—The smart Bandanna that are so popular this season are shown in pretty paisley designs at \$1.50 to \$2.50 each.

—Paisley design handkerchiefs at 60c each.

—Collar and cuff sets in paisley designs at \$1.50 set.

—For fashioning collars and cuffs or to trim Frocks, here is three-inch pleated crepe in paisley designs at \$1.50 yard.

## STAPLE GOODS

—Thirty-six inch Hope Domestic at 19c yard.

—Thirty-six inch soft finish bleached nainsook at 25c yard.

—Thirty-six inch bleached domestic at 17½c yard.

—Thirty-six inch unbleached domestic at 12½c, 15c and 22½c yard.

—Forty inch unbleached domestic at 27½c yard.

8/4 Brown Sheeting at.....50c yd.

9/4 Brown Sheeting at.....55c yd.

10/4 Brown Sheeting at.....60c yd.

9/4 Bleached Sheeting.....60c yd.

—Thirty inch soft finish English nainsook at 20c yard.

—Extra quality nainsook made specially for fine underwear at 50c yard.

—Thirty-six inch Chamois finish Longcloth at 25c yard; thirty inch Longcloth at 20c yard.

—Twenty-seven inch checked dimity at 18c, 25c, 32c, and 35c yard.

## GOTHAM GOLD STRIPE HOSE

—We're exclusive agents for this well known line of Hosiery. Gotham Gold Stripe Hose are made with double weight lisle tops and reinforced heel and toe.

LOT 30 is a high grade pure thread silk at \$2.25 pair: it's shown in colors of black, white and dark brown.

LOT 100 is also of pure thread silk: priced \$2 pair. Shown in colors of sand, white, silver, gunmetal, black, brown and bobolink, a new shade of tan

MAIL ORDERS for these hose will be given prompt attention.

PHOENIX pure thread Silk Hose with lisle tops and extra weight heel and toe at \$1.75 and \$2 pair. In colors of black, fawn, havana brown, and white.

PHOENIX fibre thread hose in black, white, gunmetal and havana brown at \$1.25 pair.

## THE SPRING SILKS ARE ONE GAY GLEAM

—The new Persian Knitted Silks are in great demand for jacquettes, frocks or skirts: they come in a variety of pretty bright colored novelty designs. Forty-inches wide and priced \$3.50 and \$5.00 yard.

—Paisley or the new marble design crepes in pretty colors and combinations at \$3.00 yard.

—Thirty-six inch Knitted Silks in solid colors of white, red, navy, and a new shade of grey at \$3 yard. An excellent material for skirts and frocks.

—Corticelli Satins, thirty-six inches wide, in all the wanted shades at \$2.75 yard; Corticelli Taffeta in grey, electric blue, brown and navy at \$2.25 and \$2.75 yard.

—You'll want at least one crepe Frock and here are canton crepes, crepe de chine, marinette crepes and the new flat crepes in navy, black, white and new spring and summer colors at prices that range from \$2.00 to \$3.50 yard.

## NEW WASH FABRICS

—Thirty-six inch Ratines in solid colors of brown, rose, lavender, grey and pink at \$1.00 yard. Basket weave Ratines in white, green, gold and orange colors at \$2.00 yard.

—Forty-inch Deauville Voiles in attractive dotted and figured patterns: pretty colors and combinations. Priced 60c yard.

—New dropped-stitch Voiles, forty-five inches wide, in rose, open and mais at \$1.49 yard.

—Fine quality imported Organdies in a big range of new spring and summer colors at 79c yard.

—Lykline in rose, blue, navy and orange with white dots in small or medium size: priced 35c yard.

—Everfast Suiting in colors of green, tan, grey, black, gold, pongee, roseleaf and ashes of roses: priced 60c yard.

—Everfast Poplin in black, white, blue and pongee colors at 98c yard; guaranteed fast color.

## THOSE TELLING FINISHING TOUCHES

involve trimmings and our Spring supplies of Trimmings, from brilliant braids and embroideries to buttons, are indeed fascinating. They are enough to suggest frocks in themselves. No matter what delightful details you have set your heart on, you can find it here in this extensive assortment.

—Then there are pretty lace or organdie collars, cuffs, vestees and sets at prices that range from 50c to \$2.50.

## WRAPS

Flare into Fashion Favor

—Whether it is a Topcoat that flares slightly from the shoulders to knee or a more pretentious Wrap, with a cape back or at least cape sleeves that flare it amounts to this—a flare somewhere in the distinguishing style detail of the new Spring Wraps. A Topcoat of soft camel's hair material is in manish tailored style with patch pockets. It's in pretty heather mixed pattern with large overplaid design. Priced \$22.75.

—Another smart Topcoat is in light tan color with brown overplaid; priced \$18.50.

—Other Wraps, Jacquettes and Topcoats in navy and new shades of tan, grey and brown are priced \$16.50 and upward to \$125.00.

## Ginghams at 15c to 59c yard

—Twenty-seven inch ginghams in solid colors, plaids, checks and blocked designs at 15c and 20c yard.

—At 25c yard, we're featuring a big selection of thirty-two inch Ginghams in a variety of attractive patterns.

—Toll du Nord Gingham, thirty-two inches wide, in solid colors, plaid and checked patterns at 35c yard.

—Fine quality imported Zephyr Ginghams in small checked and smart plaid patterns at 50c yard.

—We'll gladly send samples or make selection for our out of town customers; just write or phone us what you want.

## Percalé at 14c and 20c

—Twenty-four inch Percalés in a big variety of light and dark colored patterns: an excellent quality material at this low price, 14c yard.

—At 20c yard we have high grade thirty-six inch Percalés in light or dark colored dotted, striped, figure or solid color patterns.

—Twenty-seven inch blue or striped shirting madras at 25c yard.

—Thirty-six inch Kiddie Cloth in solid colors, striped and checked patterns: pretty colors and combinations. Priced 35c yard.

## These Patterns

—Solve Spring style details in an amazingly simple way.

—Pictorial Review Patterns put joy into home sewing. Every turn of the mode, even though it offer something of a problem to the beginner, can be handled with great success. Visit the Pattern Department and look at the fashions for Spring.

2 Timothy 2: 15 "Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth." 1 Timothy 4: 14 "Neglect not the gift that is in thee."

For Sale or Trade

One seven-room house—south front—with bath, two lots, and good well. Two lots, well and windmill—elevated tank—and seven vacant lots in water belt. All above located in southeast Big Spring.

160 acres fine farming land six miles southwest of Big Spring. Will sell worth the money and make good terms, or will trade for Dallas property. See or address. J. D. WILLIAMS, Big Spring, Texas 25-1f.

W. V. Ervin Starts Paper at Putnam

We are in receipt of volume one, number one of the Putnam Post, published at Putnam, Texas, by our old friend W. V. Ervin, formerly of this city.

Mr. Ervin is an experienced and able newspaper man and will give the citizens of Putnam a splendid paper if they will give him their support. If Putnam is the fine little town we have always heard it was, we are sure its progressive citizenship will make the Putnam Post the success it deserves to be.

Be Sure of Your Title

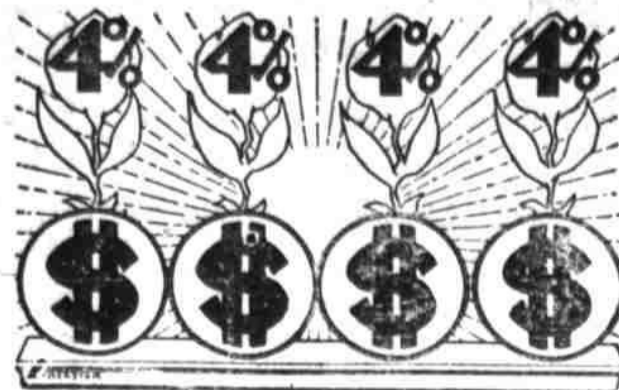

I have bought the Abstract Plant owned formerly by S. D. Bainbridge and will conduct it under the name of the West Texas Title Co. Your patronage solicited. G. B. Cunningham

Presbyterian Notes

Next Sabbath morning at 11 a. m. The pastor of the Presbyterian Church will speak on: The Church of the Living God. You who believe that the church was founded by man come out and hear him. And at 8 p. m. his subject will be: The Gospel in a Nut Shell. You are invited; and will be made welcome at these services.

Lots for Sale

Choice resident lots in College Heights for \$100 to \$150 each; also some choice lots closer in. These lots are 50 feet by 150 feet. See or write J. F. HAIR, Big Spring, Texas. 161f

Flowers That Bloom in the Spring

—bespeak the law of life—bringing joy in their annual bloom. So it is in the law of Thrift. Plant your dollars in the soil of savings and watch them grow—annually blossoming forth in 4 per cent interest.

The same dollars planted in the soil of A-1 investment (not speculation) bring forth bigger returns—an occasion for a greater sense of joy—and satisfaction.

Sow, then reap is the inevitable law. It is true in every phase of life—particularly in the standard of exchange—which in this day and age is the American dollar.

Why Not for Our Boys?

We are all interested in the welfare of the boys of this town and community. Anything that will improve their condition will meet with the approval of the people in general.

What better could we do for them than to organize several Boy Scout companies, an organization in which boys naturally take a just pride.

Select a hundred men indiscriminately and start them out on a ten mile hike.

Will there be any order and precision to their progress? Not a bit. They will move forward as a mob—some with a degree of pride in their appearance, and others with shoulders slouched and feet scraping the ground.

That is the natural result of a lack of early training.

Take the same number of men who have had military training and start them out. You will notice a vast difference.

There will be no slouchy shoulders, no feet scraping the ground, no ungainly tread, no indecision or lack of purpose.

You will see their bodies erect, shoulders squared, heads and eyes to the front—a brisk and steady tramp, tramp, tramp. And it will be purely instinctive and without premeditation.

That is the result of training.

The Boy Scout organization does not make soldiers of men, but it does make real men out of boys.

The physical training is much along the lines of that provided in the army, with enough variation to satisfy the juvenile heart. And the world admits that military training is the best that has ever been devised by mankind.

Several Boy Scout companies in this town would be wonderfully beneficial to our boys. It would give them a hobby, while at the same time affording the physical training that would develop them as nothing else could do.

The discipline would teach them obedience to orders and self restraint and control, and the training and moral influence combined would give them self reliance which is so necessary to our modern business life.

We want our boys to be men among men.

Why not boost a Scout movement to help them along?

The "Windjammer" that entertained us Sunday covered the greater portion of Texas and became quite a storm by the time it hit the states northeast of ours. The death toll amounted to thirty or more in Tennessee and Kentucky and much property damage is reported. It was just a little disagreeable here—so we are lucky after all.

There are a few ginks in Big Spring who can tell you just where the Tech College is going to be located. When you sift it right down you will find they belong to the class who never exert themselves to aid the community which insures a livelihood for them. I guess they just can't help being as they are.

Herald want ads get results.

PEP!

IT INCREASES MILEAGE — IT DECREASES EXPENSE. IT DOUBLES PLEASURE — IT BANISHES WORRY.

The pep in your car depends upon the mechanic who keeps it in repair. If he is lacking in knowledge he is a bungler. If he is a bungler your car will soon become junk.

Have your work done the better way. It is the most satisfying and the least expensive.

Resolution Substituted in House

Austin, March 9.—The House today adopted a committee substitute for the LeStourgeon resolution, calling upon President Harding to use his good offices to bring about a termination of the railway shop craft strike. The substitute makes the same request of the President, but is worded to show the resolution to fix responsibility for the strike or its continuance.

The man with horse sense doesn't monkey with "mule whisky."

It is pretty hard to eliminate envy from gossip and have anything left.

Tell Your Ailments to the Druggist!
