

GENERAL AGREEMENT ON BERLIN REACHED

WARREN ON THE MISSOURI — It was just a coincidence that the plane on which he traveled was named "Missouri River," explained Gov. Earl Warren of California upon his arrival in Chicago. The Republican vice presidential candidate gets a good-natured "ribbing" as he is greeted by Moose leaders, Walter P. Gibson, left, and James West, right, who pretend to have their doubts.

Tough Political Battling Set For Seven of Border States

X-Ray Survey Starts Here Tomorrow

Gray County citizens may take advantage of the mass chest X-ray service tomorrow at the American Legion Hall, from 10 a. m. to 5 p. m. Cliff Ausmus, chairman of the Steering Committee, said today.

The service, which is free to the public, but tax supported, is designed to discover diseases of the chest which the individual may not have been aware of. Though principally to discover the presence of tubercular conditions, any unhealthy condition detected in the chest area will be reported to the individual.

The x-ray survey is in McLean today at the Dystar Motor Co., and will be in Pampa for a four-day stay, beginning tomorrow. The hours, Gray County residents may take advantage of the service Wednesday through Saturday are: Aug. 25, 10 a. m. to 5 p. m.; Aug. 26, 9 a. m. to 6 p. m.; Aug. 27, 8 a. m. to 5 p. m.; Aug. 28, 10 a. m. to 5 p. m.

The Legion Hall will be reserved for colored residents of Gray County Friday afternoon, the Steering Committee announces.

The survey is jointly sponsored by Gray County's Medical and Tuberculosis Associations. If the Gray County survey proves successful, it will become an annual occurrence in the county.

The service is open only to those above the age of 15 years. It is not necessary for persons taking the test to undress, and the whole process takes only two minutes.

Boy Scouts who assisted in passing out the X-ray handbills yesterday and today are: Leonard Flippin, Bob Epps, Jack Weathered, Billy Rex Campbell, Scofield Warner, Joe Gilleland, Sidney Parsley, Robert Clements, Billy Ray Clements, James Morlen, Jack Vandover, Edward Prince and Don Spencer.

Publicity Committee for the survey, recently selected by Huey Laycock and Ausmus Steering Committee members were: the Rev. Clyde Smith, publicity at the churches; Mrs. Ed Weiss, women's club; Howard Vineyard and Ken Palmer, radio publicity.

Mother of Local Man Succumbs

Dr. T. J. Worell, Pampa veterinarian, returned yesterday from Ralls, Texas, where he attended funeral services Sunday for his 77-year-old mother, who died Saturday at 2 p. m., following a year's illness.

She was Mrs. G. W. Worell, whose husband died in February.

Mrs. Worell, who was born in Germany, pioneered in the West with her husband. She and her farmer-husband lived in Montana, the Dakotas, later in Missouri, New Mexico, and in 1907 came to Texas.

Surviving besides Dr. Worell are two other sons, Champ C. and Sid E. Worell, both of Lubbock; and one daughter, Mrs. Merrill Elliott, Ralls.

5 DIE IN BLAZE

GUAM (AP)—The Navy announced today that five Navy men perished in the spectacular gasoline tank farm fire here Sunday.

More than 1,000,000 gallons of gasoline were consumed in the blaze which caused more than \$175,000 damage.

We Heard...

Top of Texas Rodeo and Horse Show officials have been looking desperately for the address of Marcheta Hall. Seems she won a prize, but they can't find her to present it to her.

FOUR YANKS KILLED AS U.S. PLANES COLLIDE NEAR BERLIN

RAVOTZHAUSEN, Germany — (AP) — Two American planes on the supply run to blockaded Berlin collided outside this American Zone town today, killing four U.S. fliers.

Five American fliers have been killed previously in two accidents on the air run since the Russians blockaded Berlin late in June.

The planes were two-engine C-47s. They plunged into cornfields near this village which is 14 miles northeast of Frankfurt. The planes were returning to Wiesbaden from Berlin.

Names of the victims were withheld.

Hours after the collision, flames prevented removal of the bodies. Rescuers could see only one body in the debris.

A spokesman for the U. S. Air Force at the scene said, however, the Dakotas on the Berlin run carry two men each and there was no reason to doubt that four men had perished. He said there might even have been hitchhiking passengers aboard.

The European Air Transport Service at Tempelhof Airport in Berlin said it had no record of any passengers aboard either plane.

Several German farmers reported seeing the collision. All said they saw no parachutes. One witness told Air Force investigators: He was working in a field when he noticed a plane flying toward Wiesbaden under a mass of rain clouds. Another plane came out of the overcast and collided with the first at an altitude of from 200 to 500 feet. It appeared that the nose of one plane struck the tail of the other.

The tail of one plane is missing. This one had glided, upside down, into a newly-harvested field. The part near the cockpit burned. Curiously, the wings were almost undamaged. The other plane landed about a half-mile farther outside the town. It appeared to have plummeted down. Its nose was buried eight or ten feet into soft earth, and it was crumpled like a tin can.

Both planes were attached to the 60th Troop Carrier Group, the Air Force reported.

Ex-Communist Called by Spy Probers

WASHINGTON (AP)—Louis Budenz, former Communist, was called as a surprise witness today in the House un-American Activities Committee's spy investigation.

Budenz testified behind closed doors. Committee sources said they expected to obtain information on Chambers and Alger Hiss.

Budenz formerly was editor of the Daily Worker. He renounced communism and became a Catholic.

The committee did not say whether he would testify in open session tomorrow when Chambers and Hiss face each other.

The big question is, which one will make his story stick with the committee?

Hiss, the former State Department official who has indignantly denied any Communist tinge or affiliation, or—

Chambers, the avowed one-time Red who has insisted he has described the operations of a pre-war Communist underground in Washington and tabbed Hiss as one of the leaders.

Hiss and Chambers already have met once, but that meeting was behind the locked door of a New York City hotel room. And aside from an admission by Hiss that he had known Chambers by another name 18 years ago the two men were as far apart in their stories as the poles.

The committee members who arranged the New York meeting lined up tomorrow's open session to give both the accused and accuser a chance to come up with a convincing proof.

Chambers, who said he was a Communist from 1924 until 1937, now is a senior editor of Time Magazine.

Budenz spent 40 minutes with the committee. Rep. Nixon (R-Calif.) told reporters: (See SPY, Page 8)

Series Is Set By Merchants

"You'll profit most if you shop Pampa first. It's true, and we can prove it!"

That is the gist of a series of "Shop Pampa First" advertisements now running in The Pampa Daily News.

Two of those ads have already run—that of Cuyler's Western Store, 119 S. Cuyler, and of Pampa Baking Co., 848 W. Foster. Lewis Motor Co. has an ad running today.

Advancing thought that "Pampa's future is your future," the series continues the promotion of the city as it continues to grow in population and enterprise.

Other "Shop Pampa First" ads to appear will be by Pampa Furniture Co., Ideal Foods, Hogue-Mills Equipment Co., Monarch Hardware Co., Culbertson Chevrolet, Terrace Grill, Soft Water Service, Murfee's Inc., Bob Clements Tailoring, McCarty's Super Market, J. C. Penney Co., Brook's Electric, Citizen's Bk & Trust Co.

Others: Westinghouse Store, Kennedy Distributing Co., Texas Furniture Co., Pampa Hardware Emporium, Behrman's, Hughes-Pitts, Foxworth Galbraith Lumber Co., Zale Jewelry, Maurer Machinery Co., Richard's Drug, Pampa Frozen Food, Puraire Motor Co., Thompson Hardware, First National Bank, Southwestern Public Service Co., Pharmacy Office Supply, Harvester Drug, Orchid Beauty Salon, Court House Cafe, Poole's Food Locker, Brumley's Food Store, Frank Dial Tire Co., Gilbert's and Economy Furniture Co.

U.S. Consul Charges Stern Gang Kidnaped U.S. Clerk

JERUSALEM (AP)—The U. S. consul general here has protested to the Jewish governor of Jerusalem that the Stern Gang kidnaped and mistreated an American Consulate employe Sunday.

The consul general, John J. MacDonald, said the Sternists seized George F. Paro, a confidential clerk in the Consulate and held him for seven hours, during which they handcuffed, blindfolded, slapped and questioned him.

An Israeli Army source said the Sternists kidnaped Paro and called him a "damn British spy" because he bears a faint resemblance to a British detective who left Palestine four months ago.

After Paro, a 33-year-old resident of Granville, N. Y., was released by the Sternists he was held for another nine hours by Israeli military police. Asked why the army had held him so long a spokesman replied: "To clear up such a mystery in nine hours is not bad police work."

MacDonald said he had filed a full report of the incident with the State Department and had sent a strongly worded protest to Dr. Bernard Joseph, the Jewish military governor in Jerusalem.

The Stern Gang, an extremist underground organization during the British mandate, joined the Israeli Army inside the state of Israel, but continues to operate underground in Jerusalem.

MacDonald's story of the incident was as follows: Paro struck up an acquaintance with a man and a woman in a cafe early Sunday morning. The man offered to drive him home. The woman disappeared and a second man took her place.

After driving for a time the two men told Paro to get out. A third man, in uniform, appeared and snatched handcuffs on Paro under the guise of shaking hands.

"He slapped me across the face and called me a 'damn British spy,'" Paro said.

"There were about a dozen others standing around. They took me in the room of a building and blindfolded me."

"For an hour, he said, they cursed British, insulted him and then began questioning him."

"At about 1 a. m. they put him in a roadblock here."

"According to most forecasters the voting will be close in each of the five contests with the race for county commissioner, Precinct 2, about the tightest."

Lefors Has Polio Case

The first polio case from Lefors was reported this morning by Gray County Health officials. Cpl. Raymond Vanderlinden, 20, was rushed to the Veterans' Hospital in Amarillo at 3:30 p. m. yesterday in a Dukenek-Carmichael emergency ambulance.

Physicians at the Plainview Clinic said this morning all Mobeette and Pampa patients are showing improvement. In addition, victims have been sent from this area since Thursday's case. Max Robbins, 17-year-old son of Mr. and Mrs. G. R. Robbins, 320 N. Sumner.

Cpl. Vanderlinden is a son of Mr. and Mrs. Tom W. Vanderlinden of Lefors. A week ago today Raymond married Miss Alma Corbett of Lefors, daughter of Mr. and Mrs. Prichard.

The corporal arrived in Lefors Aug. 7 on leave from the Ft. Richardson base in Alaska. He was to have returned to the base at the end of the week.

Raymond was stricken with polio suddenly yesterday. He went to church at Lefors Sunday, and at that time showed no signs of the disease.

Physicians at the Plainview Sanitarium and Clinic Polio Ward were expecting another arrival from Wheeler County at 9 a. m. today. However, by press time the patient had not arrived.

Absentee Voting Deadline Today

With the deadline for absentee voting in the August 28 Democratic runoff only a few hours away, County Clerk Charlie Thut registered 108 ballots cast in his office.

Some ballots still have to come through the mails. Others who intend to vote absentee have only until closing time in the county clerk's office to vote. Those sending their ballots through the mails must have them mailed and postmarked not later than midnight tonight.

Ballots will open at 8 a. m. Saturday and close at 7 p. m. for the final vote battle to gain Democratic nomination for U. S. senator, county judge, county commissioner of Precincts 1 and 2, and constable Precinct 2.

Thieves Nabbed Hour After Station Holdup

AMARILLO (AP)—Two brothers were charged here Monday in the theft of \$175 in cash and \$1,000 in negotiable drafts from the Fort Worth and Denver railway station agent at Claude.

The brothers, Alton Chappell, 24, Iowa Park, and his brother, R. B. Chappell, 18, a soldier stationed at Camp Stoneham, were trapped in a roadblock here Sunday.

Police said the station agent, Ed F. Morris, was robbed at 2:30 p. m. Monday and the two men were arrested here less than an hour later.

Start Made Toward Protection Against Radiation of A-Bombs

BUFFALO, N. Y. (AP)—A surprising start toward protecting humans from some bad effects of atomic bombs or X-rays was shown today by five Chicago scientists.

One of these bad results is anemia. Radiation from atomic bombs or hospital X-rays can destroy bone marrow, the factory that makes red and white blood cells. When the marrow is damaged, production of these cells falls off and anemia results.

The surprise is a way to prevent damage to the bone marrow factories by fighting fire with fire. It is explained in an exhibit at the International Congress on Hematology by Dr. L. O. Jacobson, N. H. Block, E. K. Marks, E. Gaston and E. L. Simmons of the Argonne National Laboratory and University of Chicago.

One big dose of radiation destroys the bone marrow of normal animals, they found.

They took other animals, and first made them anemic before exposing them to the dose of X-rays or neutrons. This was done by bleeding them, or giving them a drug, phenylhydrazine, that ruptures red blood cells.

These animals, already anemic, escaped any damage to their bone marrow. They escaped it even when given doses of radiation that probably would kill a human being. And they recovered quickly from the induced anemia.

The induced anemia had stimulated the bone marrow to make more blood cells, Dr. Jacobson explained and this greater activity of the cell factories apparently protected the marrow from radiation damage. Exactly how it is protected hasn't been learned yet.

This same kind of fire-against-fire protection probably would occur in humans, Dr. Jacobson said.

Ex-Communist Called by Spy Probers

WASHINGTON (AP)—Louis Budenz, former Communist, was called as a surprise witness today in the House un-American Activities Committee's spy investigation.

Budenz testified behind closed doors. Committee sources said they expected to obtain information on Chambers and Alger Hiss.

Stalin Talks With Envoys Five Hours

MOSCOW (AP)—A qualified source said the Western envoys and Russia have reached a general area of agreement during talks climaxed early today by a five-hour Kremlin interview with Prime Minister Stalin.

The informant said technicalities lie ahead for adjustment that will require considerable negotiations.

U. S. Ambassador Walter Bedell Smith emerged from the Kremlin in a buoyant mood and declared "we're going to have more meetings."

The envoys have been trying since late July to find a basis for lifting the blockade Russia imposed on Berlin and for four-power talks on Germany and other problems in Europe.

The informant said the seven Kremlin conferences, two of which included Stalin, have a "fair chance of resulting in a solid agreement." He said prospects are far better today than they were at this time yesterday before Smith, French Ambassador Yves Chateignau and British Envoy Frank Roberts saw Stalin.

"Some progress" has been made, the source said.

The Western Powers and the Soviets now have reduced their terms to the "lowest denominator." Had no progress been made last night and early today, he added, the current series of conversations would have ended.

(Whitehall sources in London said Stalin introduced certain "new ideas" which offer hope for an East-West settlement in Berlin.)

It was stressed that despite the length of the talks, the delicacy of the subject and the frankness exhibited by both Stalin and the Western diplomats, there has been no loss of temper. The conversations have been correct and polite.

Indications here were that the four powers may issue a public statement shortly on the talks.

There is little indication of how much ground the announcement will cover, but it is reported it should be sufficiently substantial to put at rest some of the rumors circulating around the world.

It was learned on excellent authority that the three Western envoys took their case to Stalin last night after a snag developed in the meeting with Molotov.

Last night's meeting opened in the Kremlin at 9 p. m. and was believed to have been the longest talk Stalin ever has had with foreign representatives.

After the meeting Smith returned to the embassy with British representative Frank Roberts and French Ambassador Yves Chateignau. They retired almost immediately to Smith's study for a meeting.

Western circles here feel that it may be possible to make decisive progress in the next few weeks on the Berlin and German problems and arrive at what ultimately may be the foundation of a genuine settlement satisfactory to both sides.

REDS FORBID ELECTIONS IN SOVIET ZONE

BERLIN (AP)—Marshal Vassily D. Sokolovsky announced today that Germans in the Russian Zone will not be allowed to hold community elections this fall.

The Russian commander said the voting will be put off for one year.

Sokolovsky issued his order over the protests of the zone's two nonCommunist parties—the conservative Christian Democrats and the rightist Liberal Democrats.

NonCommunist leaders claim the Communists want the elections put off because they fear they would suffer a severe defeat. The Communists have claimed the people are "too busy working for recovery" to vote.

The Soviet Zone is controlled both politically and economically by the Soviet-sponsored and Communist-dominated Socialist Unity Party (SED).

The Russian sector has been combating a food crisis which has forced the Russians to import supplies. The Communists have been seeking to overcome their economic troubles with a two-year plan for which they are demanding the "utmost efforts" from the population.

American and German police reported a quiet night at the sector borders after a day marked by several incidents near troubled Potsdamer Platz, where three sector boundaries converge.

The Russians intensified their efforts to win over the population of Western Berlin with more offers of food, fuel and other rations. Thus far these gestures have had little success and only a trickle of Western Berliners have registered for the proffered rations.

The Communist press, meanwhile, is beating the drum again for a Soviet share in western Germany's coal-rich Ruhr.

The demands, timed with the Moscow negotiations, appear to be an outgrowth of the Soviet Zone's economic troubles, which the Western press reports on the increase of Soviet share in western Germany's coal-rich Ruhr.

Cabot Outing Is Delayed

Cabot Companies' barbecue for employes and their families scheduled to be held this coming Saturday at Lake McCellan has been postponed, according to an announcement today by Hugh Burdette, head of the concern here.

"Due to the increased number of polio cases in this vicinity we deem it advisable to delay the barbecue which was scheduled to be held Saturday, Aug. 28."

"We will hold the barbecue later this fall if the health conditions improve sufficiently to allow us to do so without endangering the health of the employes and their families."

It was stated that the dance, to have been held at the Southern Club following the barbecue, has also been postponed.

Housing Needed For Teachers

The Board of Education of the Pampa School District is in need of housing for new and old teachers as they begin living for the beginning of the school year Sept. 6.

It is being asked that rooms and apartments be listed with the secretary of the superintendent by calling 1460. A small house or unfurnished apartment is an immediate need, it was stated.

City to Start Curb on W. Wilks

Curb and gutter construction will be started on W. Wilks this week, Dick Pepin, city engineer, said today.

The curb and gutter construction from the ball park to Hobart has been nearly completed, he continued.

Meanwhile, two cars of cement should be on their way to Pampa. One was supposed to have been sent Friday, and the other is scheduled to be delivered next Friday.

"With the two cars of cement we have on hand, we will have enough to cover eight more city blocks," he said.

Providing the two cars arrive, blocks will be covered with cement in the following order: two blocks on E. Francis, one block on W. Finch, one block on E. Finch, one block on N. Front, one block on W. Pennsylvania, one block on E. Louisiana and two blocks on Hughes.

Also the city is starting a new six-inch cast iron fire line for additional fire protection on E. Browning and E. Francis."

Thieves Nabbed Hour After Station Holdup

AMARILLO (AP)—Two brothers were charged here Monday in the theft of \$175 in cash and \$1,000 in negotiable drafts from the Fort Worth and Denver railway station agent at Claude.

The brothers, Alton Chappell, 24, Iowa Park, and his brother, R. B. Chappell, 18, a soldier stationed at Camp Stoneham, were trapped in a roadblock here Sunday.

Police said the station agent, Ed F. Morris, was robbed at 2:30 p. m. Monday and the two men were arrested here less than an hour later.

Cabot Outing Is Delayed

Cabot Companies' barbecue for employes and their families scheduled to be held this coming Saturday at Lake McCellan has been postponed, according to an announcement today by Hugh Burdette, head of the concern here.

"Due to the increased number of polio cases in this vicinity we deem it advisable to delay the barbecue which was scheduled to be held Saturday, Aug. 28."

"We will hold the barbecue later this fall if the health conditions improve sufficiently to allow us to do so without endangering the health of the employes and their families."

It was stated that the dance, to have been held at the Southern Club following the barbecue, has also been postponed.

Housing Needed For Teachers

The Board of Education of the Pampa School District is in need of housing for new and old teachers as they begin living for the beginning of the school year Sept. 6.

It is being asked that rooms and apartments be listed with the secretary of the superintendent by calling 1460. A small house or unfurnished apartment is an immediate need, it was stated.

City to Start Curb on W. Wilks

Curb and gutter construction will be started on W. Wilks this week, Dick Pepin, city engineer, said today.

The curb and gutter construction from the ball park to Hobart has been nearly completed, he continued.

Meanwhile, two cars of cement should be on their way to Pampa. One was supposed to have been sent Friday, and the other is scheduled to be delivered next Friday.

"With the two cars of cement we have on hand, we will have enough to cover eight more city blocks," he said.

Providing the two cars arrive, blocks will be covered with cement in the following order: two blocks on E. Francis, one block on W. Finch, one block on E. Finch, one block on N. Front, one block on W. Pennsylvania, one block on E. Louisiana and two blocks on Hughes.

Also the city is starting a new six-inch cast iron fire line for additional fire protection on E. Browning and E. Francis."

Thieves Nabbed Hour After Station Holdup

AMARILLO (AP)—Two brothers were charged here Monday in the theft of \$175 in cash and \$1,000 in negotiable drafts from the Fort Worth and Denver railway station agent at Claude.

The brothers, Alton Chappell, 24, Iowa Park, and his brother, R. B. Chappell, 18, a soldier stationed at Camp Stoneham, were trapped in a roadblock here Sunday.

Police said the station agent, Ed F. Morris, was robbed at 2:30 p. m. Monday and the two men were arrested here less than an hour later.

Stalin Talks With Envoys Five Hours

MOSCOW (AP)—A qualified source said the Western envoys and Russia have reached a general area of agreement during talks climaxed early today by a five-hour Kremlin interview with Prime Minister Stalin.

The informant said technicalities lie ahead for adjustment that will require considerable negotiations.

U. S. Ambassador Walter Bedell Smith emerged from the Kremlin in a buoyant mood and declared "we're going to have more meetings."

The envoys have been trying since late July to find a basis for lifting the blockade Russia imposed on Berlin and for four-power talks on Germany and other problems in Europe.

The informant said the seven Kremlin conferences, two of which included Stalin, have a "fair chance of resulting in a solid agreement." He said prospects are far better today than they were at this time yesterday before Smith, French Ambassador Yves Chateignau and British Envoy Frank Roberts saw Stalin.

"Some progress" has been made, the source said.

The Western Powers and the Soviets now have reduced their terms to the "lowest denominator." Had no progress been made last night and early today, he added, the current series of conversations would have ended.

(Whitehall sources in London said Stalin introduced certain "new ideas" which offer hope for an East-West settlement in Berlin.)

It was stressed that despite the length of the talks, the delicacy of the subject and the frankness exhibited by both Stalin and the Western diplomats, there has been no loss of temper. The conversations have been correct and polite.

Indications here were that the four powers may issue a public statement shortly on the talks.

There is little indication of how much ground the announcement will cover, but it is reported it should be sufficiently substantial to put at rest some of the rumors circulating around the world.

It was learned on excellent authority that the three Western envoys took their case to Stalin last night after a snag developed in the meeting with Molotov.

Last night's meeting opened in the Kremlin at 9 p. m. and was believed to have been the longest talk Stalin ever has had with foreign representatives.

After the meeting Smith returned to the embassy with British representative Frank Roberts and French Ambassador Yves Chateignau. They retired almost immediately to Smith's study for a meeting.

Western circles here feel that it may be possible to make decisive progress in the next few weeks on the Berlin and German problems and arrive at what ultimately may be the foundation of a genuine settlement satisfactory to both sides.

Market Briefs

WALL STREET
NEW YORK, Aug. 23—(AP)—An early downward move in stock prices speeded up later today and the market closed with losses running from fractions to 4 points.
 Dis gave ground readily and weakness soon spread to other groups. Sales were around 150,000 shares. Brokers' quarters suggested several reasons for selling in the forenoon of most of the market's advance for months past and hence are in a more vulnerable position than stocks which have been marked up less sharply.
 Superior Oil of California, a high-priced issue, dropped 4 points or so at one time.
 Plymouth Oil was another wide loser, and smaller declines were posted for Standard Oil of California, Atlantic Refining, Sibley Oil, Richfield Oil, Mission Corp., Standard Oil (N.J.), U. S. Steel, Bethlehem Steel, General Motors, Chrysler, U. S. Rubber, Sears Roebuck, Lockheed, Distillers Corp., International Telephone American Smelting, American Can, Du Pont, Santa Fe, Southern Railway, Southern Pacific, Atlantic Coast Line, Pan American Airways, and Paramount Pictures.
 Among the steadier spots for a while were American Telephone, J. C. Penney, Philip Morris, Lowenstein, and Union Pacific.

KNOW YOUR MAIL CARRIER

THOMAS V. PARKS
 (EDITOR'S NOTE: This is the third in a series of short articles on Pampa's mail carriers. Other "biographies" will follow from time to time.)

Thomas V. Parks, one of the four local mail carriers who has planned the district meeting of the Texas State Association of Letter Carriers, which will be held in Pampa Sept. 4, claims he has the longest route in town.
 T. V., better known as Sam, the traditional mail carrier's name, says he walks 15 to 18 miles daily carrying bills, postcards, magazines and letters to residents of W. Foster, Kingsmill and Finley-Banks.
 One of his pet pees is dogs. Those "ornery pups" that take such delight in snapping at post-

men's heels, had better stay away from the post office. Parks, who has spent the past five years as a mail carrier for the Pampa Post office.
 A member of the local DAV chapter, he spent a short time in chemical warfare in the Air Corps.

With his wife, Leasie, and three children, Clarence Lee, 12, Alice Joyce, 11, and Karl Henry, 5, T. V. lives at 818 E. Browning.
 John Cabot discovered New World five years after Columbus made his first voyage to the West Indies.

TUSKS FOR DIGGING
 Elephants use their tusks more in the manner of tools than of weapons. They use them for digging up roots, and in conjunction with the trunk, in breaking down trees. The tusks of old elephants show much wear from digging.
SOLVED PROBLEM
 Ancient mariners had no way to keep food from spoiling, and surely took a huge toll due to the absence of fresh food in the diet. Then green turtles, taken aboard at the beginning of long journeys, helped solve the problem.

Miss Cousins Wed to J. W. Daugherty

McLean—(Special)—Miss Nona Cousins, daughter of Mrs. Mettie Story, became the bride of J. W. Daugherty on Friday evening, Aug. 6. The Rev. H. A. Longino, pastor of the First Methodist Church, read the service in the presence of the bride's immediate family and several other relatives and friends.

Miss Barbara Anne Beck, niece of the bride, played soft piano music while her sister, Virginia, lighted the candles.

The home was decorated for the wedding with vases of cream gladioli and fern.

The bride wore a street-length dress of white embroidered linen with white accessories. Her corsage was of pink roses.

Immediately after the ceremony a reception was held. Miss Beck poured punch and Mrs. Max Thea, niece of the bride, served the wedding cake.

STILL IN USE
Quill pens, made mostly from the wing feathers of geese, still are used for decorative purposes and for signing documents where sentiment decrees use of the old-fashioned pen.

Germany is a key country. It can unlock the door on renewed European prosperity. That's why it's so important in ERP.

—Lee Dayton, ERP official.

★ WE, THE WOMEN

BY RUTH MILLETT

Some women aren't ashamed today to admit that they find the job of housekeeping a dull, drab, boring job, in no way as stimulating and exciting as a career.

They should be ashamed. Because what they are really admitting is that they haven't the vision to see that every talent they have can be used to good advantage in the job of home-making.

If a woman gives the job of housekeeping all the zest, enthusiasm, imagination and organization she would expect to put into any other career, she won't find it dull or boring.

Perhaps she likes people and has a talent for getting along with them. Then she can concentrate on making her home the kind of place where people love to come.

If she is good at organization, she'll find it pays big dividends in home-making.

FACING THE JOB
If she prides herself on her good taste or her sense of color, she can use such knowledge and talent to wonderful advantage in decorating her home so that it reflects her own personality.

And so it goes. The job of home-making can't be dull to the woman who makes up her mind to put the stamp of her own personality on everything she does.

So don't decide you hate house-keeping, if you've never tried to do it more than passably well. Put all your talents and your bright ideas into it—as you would in any other job—and see if you don't feel that you're doing a job of which you are proud.

FANCY CLOCKS
The decorator's art was not applied to making clocks ornamental as well as useful until the 17th Century. France was the first country to manufacture fancy timepieces.

BATTERY LEAD
Major prewar use of lead was for storage batteries, which accounted for about 30 percent of the \$55,000 tons of lead used during 1939.

Miss Patterson Becomes Bride of Washington Man in Church Rites

McLEAN—(Special)—Miss Catherine Patterson, daughter of Mr. and Mrs. M. P. Patterson was married to Carl Edward Belke, son of Mrs. Herman Belke and the late Mr. Belke of Bellingham, Wash., on Thursday, Aug. 5. The ceremony took place in the First Presbyterian Church with the Rev. H. A. Longino, pastor of the First Methodist Church, reading the lines of the double-ring service at 10 o'clock in the morning.

Miss Sallie Jane Penn, organist, and Bill E. Day, vocalist, furnished the nuptial music.

Featuring a white and green color scheme, decorative appointments at the altar consisted of an arch entwined with huckleberry and woodwinds, flanked by candelabra bearing white cathedral capers and baskets of gladioli and dwarf mums. White satin bows marked the family pews and a white aisle cloth completed the appointments.

Miss Geraldine Florey, wearing a gown of peach organdy and a wrist corsage of white carnations, lighted the candles.

The bride's only attendant was her sister, Mrs. A. J. Wyatt, who was attired in a gown of yellow marquisette, over taffeta, fashioned with a fitted bodice and full skirt. Her headpiece was of matching tulle and she carried a Colonial bouquet of tallman roses encircled with lace and tied with satin streamers. Little Jonnie Wyatt, dressed in a suit of white satin, was ringbearer.

Clarence Milne, brother-in-law of the bridegroom, was best man. The ushers were John Patterson, brother of the bride, and Bill Reeves.

Give and marriage by her father, the bride was dressed in a gown of starched Chamilly lace over satin, designed with high neckline, long sleeves, fitted bodice and bouffant skirt, extending into a graceful train. Her chapel-length veil hung from a coronet of orange blossoms and she carried a bouquet of white roses centered with orchids and showered with white satin streamers.

The bride's mother wore a suit of brown faille with brown accessories accented with gold. Mrs. Milne, sister of the bridegroom, wore a suit of rose gabardine with blue accessories. Each wore a corsage of white gardenias.

After the ceremony the members of the bridal party received the wedding guests in the vestibule of the church.

Following a wedding trip to Grand Canyon and Yellowstone National Parks, Mr. and Mrs. Belke will be at home at 511 Twelfth St. in Bremerton. For traveling the bride wore a suit of brown faille with white pinstripe and her feathered hat was of sable mist.

Mrs. Belke attended Texas Technological College at Lubbock and received her degree in library science from the University of Oklahoma at Norman. During the late war she was head librarian at Gunter Field, Montgomery, Ala. and was catalog order librarian at Bremerton Public Library. From last November to July 15 she was order librarian at Texas Tech.

Mr. Belke attended college at Tacoma, Wash. He was in business at Bellingham when he was called into service at Puget Sound Naval Yard where he is stationed.

The house party at the wedding included Mrs. and Mrs. Clarence Milne of Bellingham, Mrs. Wyatt and son, Jonnie, of LaGrange, Ill., Mrs. G. A. de Lee, Mrs. W. N. Penn and Miss Sallie Jane Penn of Wichita Falls, and Miss Nola Fowler of Duncan, Okla.

Mr. and Mrs. R. G. Flory, cousins of the bride, entertained at a rehearsal dinner on Wednesday evening.

Mrs. Smith Is HD Club Hostess
The Worthwhile Home Demonstration Club was entertained at the home of Mrs. O. G. Smith last Friday. In the absence of both the president and vice president Mrs. Smith presided over the business.

The Club Collect was given in union and roll call was answered by each member giving a suggestion on growing house plants.

Mrs. Smith discussed plans for the fair and announced that members planning to exhibit canned foods should bring them to the next meeting of the club to be scored.

Mrs. N. B. Cude gave a recipe for 14-day sweet pickles and suggested ways of preventing them from shriveling.

Refreshments of sandwiches, cookies, and iced tea were served to the mentioned Mesdames Ormer Chester Williams, W. J. Linton, D. L. Lunford, Mrs. C. W. Moot, Mrs. John King and June Smith, visitors.

It was announced that the next meeting will be held Sept. 2 at 2 p. m. in the home of Mrs. Williams west of town.

D. C., entitled "The Point-Count System of Bidding in Contract Bridge."

The basic principle of the system is that an ace counts four, a king three, a queen two and a jack one. The fifth card of a suit counts a point, and the sixth card counts an additional point. No points are added for the seventh card, in case you are lucky enough to hold a seven-card suit.

As Karpin points out, the responder is generally the initial captain of the team, because he is in a position to judge the possibilities of the hand. The opening bidder announces that he has a minimum of 13 points when he makes the bid. If the responder has 13 points, making a total of 26, he knows that there is a game in the hand.

If he has less than 13 points, here are the basic responses: Holding 6 to 9 points, the responding hand is entitled to just one "progressive" bid; that is, a bid in which he either raises his partner's suit to the next higher level, or bids a suit of his own.

Holding 10 to 12 points, the responding hand is entitled to make two progressive bids. Holding 13 points, he may make as many progressive bids as he wishes in order to arrive at a game contract. He must be careful, however, not to get above the game contract level.

Merten Club Meets With Mrs. Jay

The Merten Home Demonstration Club met in the home of Mrs. E. R. Jay, 517 E. Browning, on Tuesday, Aug. 17, with Mrs. T. G. Groves conducting the business and Mrs. V. Smith directing the recreation.

Seven members answered roll call by giving suggestions on the growing of house plants.

Mrs. C. A. Jones gave a demonstration on the arrangement of flowers and the kinds of vases to use. Mrs. C. L. Cudney, exhibit chairman, explained how display booths would be arranged and told what kinds of containers should be used to display canned fruit, vegetables, jellies, etc., at the Gray County Fair Sept. 22-28.

Refreshments were served to the members and three guests, Mrs. Johnnie Campbell, Mrs. Clyde Edmundson, and Mrs. Margie Heard.

The Social Calendar

TUESDAY
7:00 Las Cruces Club at the home of Miss Rosamond Aiken 529 N. Parkner.
7:30 Theta Rho Girls Club.
7:30 Business and Professional Women's Club social meeting in Central Park, west end on Russell St. Members are asked to bring their lunches. Drinks will be furnished.

WEDNESDAY
10:00 a.m. Women's Auxiliary of St. Matthews Episcopal Church in Park House.
7:30 W.M.U. First Baptist Church Silver Tea in church basement. Special musical program. Offerings for Burney gifts to Margaret Fund students.

On today's hand, which is taken from Karpin's booklet, North and South probably would arrive at four hearts with almost any system of bidding, but under the point-count system, it is impossible to miss four hearts. South's bid of one heart shows at least 13 points. When North bids one spade, all he promises is from 6 to 9 points.

However, after South's two-heart bid, North goes to three hearts. This is his second progressive bid and guarantees 10 to 12 points. Now South, having 15 points, can safely bid four hearts. Even if North has the minimum guarantee of 10, there is a game.

In the play of the hand South loses only two clubs and a diamond.

Pampa IOOF Jr. Lodge Plans Harvest Party

At the regular business and social meeting Wednesday night, Pampa IOOF Jr. Lodge made plans for its annual round-up.

The party will be held Sept. 4, and the members and guests will wear aprons and overalls. There will be dancing and fun for all, with plenty of refreshments.

Officers and members in attendance were: George Bradford, Bob Brunmitt, Kenneth Cummins, Billy Daniels, Tommy Snell, James Niver, Leroy Brown, Charles Gist, Don Body, Roy King, and Chester Nicholson.

A penny postcard will bring us to your door. Box 1061, Phillips, Texas.

Here's why we guarantee our service!

OUR MECHANICS GO TO SCHOOL! All Lincoln-Mercury service managers and mechanics are factory-trained in factory-approved service methods. Our efficient, well-organized service department has one aim in mind: To put your car in A-1 condition and get it back to you when you want it.

WE USE ONLY THE MOST MODERN EQUIPMENT!
Motor tune-ups, lubrication jobs, and major overhauls can be done best with the latest, factory-approved service equipment, built especially for these jobs. You never get haphazard service, when you bring your car to us. We do the job right!

WE USE ONLY GENUINE PARTS!
You can be sure of getting exact-replacement parts—parts that fit—when you bring your car to us. We will be glad to give you a free post-estimate on your job, which will not be exceeded without your approval. We are so sure of our service methods and policies, that we guarantee our work. Why accept less?

OUR MECHANICS ARE INTERESTED IN YOU!
Every member of our service staff is interested in your car, whatever its make, and in satisfying you. They are all skilled mechanics who are competent to service all makes and models. And they're well-known for their friendliness and courtesy.

LINCOLN MERCURY

Our Service Guarantee
Our genuine parts are guaranteed for ninety days—the same as new cars.
All our workmanship is guaranteed.

GUARANTEED WORKMANSHIP WITH GENUINE PARTS AT

I'M BACK FOLKS

And I think I owe you an apology—I went fishing again, and I'm more disgusted this time than I was before...

—I bought a house and lot some time back out here at 618 Frederick St., and I want to sell the house off it...

—It sure pays to advertise something good—I run a little ad several days ago on Polio Insurance...
