

U.S. DEMANDS REMOVAL OF RED CONSIG

GOVERNMENT PUTS BRAKE ON CREDIT

WASHINGTON (AP)—The government today pulled a brake on free-wheeling credit.

New rules to stiffen "easy payment" loans and purchases covering most consumer goods costing from \$50 to \$5,000 were posted officially by the Federal Reserve Board. They take effect Sept. 20.

Businessmen were divided. Some thought it "fair and reasonable." One furniture executive denounced it as "rationing the poor."

These are the terms—backed up by criminal penalties and the power of the Federal Reserve Board to put a violator out of the credit business:

—One-third down on automobiles.

—Twenty percent down on stoves, dishwashers, irons, refrigerators, washing machines, air conditioners, radios, phonographs, television sets, sewing machines, vacuum cleaners, furniture and rugs.

A 15-month time limit to complete payment if the article costs \$1,000 or less.

An 18-month limit on credit over \$1,000, but with a minimum \$70 monthly payment.

Ordinary charge accounts usually payable in one, two or three months are not affected. Personal loans of the type repayable in monthly installments, are subject to the time limits. Single payment loans and housing loans are exempt.

The order is the first fruit of the new Republican anti-inflation law, signed by President Truman Monday. He said the act is only a "tiny fraction of what we need" to defeat rising prices.

The anti-inflation law expires next June 30.

One question raised quickly was this: Will the order drive the low-income consumer out of the market for things he needs?

A spokesman for the New York Consumers Council charged that it will "help the needy at the expense of the greedy." One automobile dealer said it will "unquestionably keep some people from buying."

Consumers who were polled at random here showed no resentment. One woman, typical of many, thought that "if a person can't pay for a car in 18 months he shouldn't buy it."

Local Boards Get Orders For Draft

WASHINGTON (AP)—President Truman today told selective service boards to start mailing classification questionnaires to single nonveteran draft registrants by Sept. 7.

The order was in a 30-page set of regulations laying down the detailed provisions for putting thousands of young men in through 35 into uniform under the new peacetime draft act.

Deferments will be given to men with dependents, to almost all farmers, to men in necessary jobs including farm work, conscientious objectors and some other classes of registrants. Generally, the classes are patterned after those used in the wartime draft setup.

Single nonveteran men will be the first to get their questionnaires, which the boards will use to determine whether a registrant should be called for induction or deferred.

The questionnaires will go out in the order of birth dates with the oldest first.

Thereafter, the questionnaires will be mailed to each registrant as soon as he reaches the age of 18.

Registration begins Aug. 30 for men born after Aug. 30, 1922 and continues through Sept. 17 for the younger men.

The 26-year-olds will be the first inducted. The Army expects to make its first call for about 18,000 men next week and have them in uniform sometime in November.

Boys 'Awful Sorry' For Starting Fire

RENO, Nev.—Two "awful sorry" Negro boys were held by juvenile authorities today for starting a downtown fire Sunday which killed five persons and injured 37.

Police Chief L. R. Gresson said the nine-year-old boys told him they started a paper fire in the basement of a vacant building, then tried vainly to put it out as it spread to stored junk.

"I won't play with matches no more," one told him. Both were placed under juvenile court jurisdiction but are being housed temporarily in the county jail.

Stalin Plans Yugo Coup to Oust Tito

LONDON (AP)—The London Evening News declared today Prime Minister Stalin has ordered the stage set for a coup d'etat in Yugoslavia and already has chosen a successor to Premier Marshal Tito. It gave no source for the information.

BLACK MARKET IS HAVING FIELD DAY IN DIVIDED BERLIN SECTOR

BERLIN—(AP)—Russian military police and German police they control invaded the American sector of blockaded Berlin today on a black-market raid and seized five German police belonging to U. S. sector forces.

An American military government official said the action clearly violated U. S. jurisdiction.

It was the second Russian-backed raid near the city borders during the day.

Earlier Russian MP's and Communist-controlled German police raided downtown Potsdamer Platz, where the American, Russian and British Zones meet, and arrested about 600 Germans without violence.

This contrasted to an operation last evening when Germans stoned the Communist police, who responded with gunfire which wounded four civilians.

Whether the Russians and their German raiders actually crossed the zone line during the first raid today could not be determined.

There was no brush between British and Russian forces. The lieutenant colonel commanding the British talks amiably with the troop commander after the first raid.

The tension was greatest last evening.

Police opened fire last night when the crowd stoned them as they overstepped into the British and American parts of the square.

Germans in the crowd yelled "Communist pigs" at the police. It was a question, however, whether the shouters were sincere anti-Communists or just pigged black marketeers.

Five hours after the smoke had cleared and the Soviet-sector police had retreated the black market trade was going on as usual.

The incident was the most serious since the Berlin police force was split into two rival factions, one backed by the Russians and the other by the Western Allies.

During the rioting British and American military police appeared on their sides of the square and Russian troops on their ground. They were not involved in the fighting, however.

Although Russian-backed police faced a hostile crowd yesterday, observers reasoned that the same thing could happen at any time.

It was reported that if they overstepped into the Soviet sector during a black market raid.

REDS RAID AGAIN SINGAPORE (AP)—An estimated 100 Communist rebels raided a South Western island here today. Early reports indicated it was the largest attack of the three-month Malayan revolt. A European planter, three Asiatic guards and two rebels were killed.

Dr. Chen Has System for Building China

By DEWITT MACKENZIE AP Foreign Affairs Analyst

China's disastrous economic and military crisis had me humped over my desk in a brown study yesterday when my friend Dr. Chen Li-Fu dropped in to say how-do-do and have a little chat.

The good doctor being vice-president of the Chinese Legislative Yuan (national parliament) and an economic expert (among many notable achievements), I promptly challenged him to give me a solution for his country's ills. He grinned as well he might on being asked to solve offhand one of the world's major problems—

but proceeded to outline a plan which I found so interesting that I'm going to repeat it here in substance.

Dr. Chen believes the key to the solution is economic and not military. He says that China's economic system is wholly wrong, and that until this is put right there can be no lasting military success or economic recovery.

The system was devised to serve commercial interests almost solely, whereas China is chiefly agricultural. Plenty of help for the big business man, but little or none for the farmer who is the backbone of the country. The economy provides for the short-term loans required by commercial houses, but can't handle long-term loans for the farmer.

Dr. Chen would arbitrarily change the Chinese system and base it mainly on the requirements of agriculture.

"But what about the civil war with the Chinese Communists?" I asked.

American Note Is Sent to Embassy

WASHINGTON (AP)—The United States is stripping the Soviet Consul General in New York of his official position because of his conduct in the Kosenkina affair and has demanded that Russia get him out of this country.

This sensational turn in the Soviet-American row over the refugee school teachers in New York was disclosed today with publication of an American note handed to the Soviet Embassy last night.

The note flatly rejected Soviet charges that the teachers, Mrs. Oksana Kosenkina and Mr. and Mrs. Mikhail I. Samarine, were abducted by the anti-Soviet Tolstoy Foundation with the connivance of American officials.

While recognizing the right of Soviet officials to protect its nationals, the note said they also are entitled to the protection of the "applicable laws of the United States."

Declaring this government will not turn Mrs. Kosenkina over to Russian authorities against her will, the note said:

"The government of the United States cannot permit the exercise within the United States of the police power of any foreign government."

Consul General Jacob M. Lomakin was accused of an "abuse" of his position and a "gross violation" of proper conduct of foreign officials.

As a result, the note said, the State Department is "requesting" President Truman to revoke credentials granted to Lomakin in this country and wants him to leave the United States "within a reasonable time."

The note was not signed by either Secretary of State Marshall or Undersecretary of State Robert Lovett although both took a hand in its preparation. It was signed simply "Department of State" and bore the initials "L," presumably meaning Lovett.

The United States requested copies of two letters which it said were in the hands of the Soviet Consul General in New York, Jacob M. Lomakin, out of the country.

The State Department note said it is asking President Truman to revoke Lomakin's credentials and it wants Russia to call him home "within a reasonable time."

Nixon told reporters it is vital that the committee get a crack at Peters because of the Kosenkina case. Whittaker Chambers, who says he was a Red from 1924 to 1937 and now is a Time Magazine editor, has testified that he believes Peters ran the Communist underground in the whole United States.

Chambers said that Peters introduced him to Alger Hiss, former State Department official.

Hiss has denied Chambers' charges and first testified he did not know anyone named Whittaker Chambers but later said he had known him in 1934 and 1935 as George Crosley.

Hiss has said he met his accuser when the man he knew as "Crosley" visited his office seeking material for magazine articles.

Three more witnesses were summoned to a closed-door session today for testimony on the Hiss-Chambers relationship.

All three were prominent New York City residents.

Ouster of School Head in Court

LONGVIEW (AP)—Hearing on a petition asking the immediate temporary removal from office of Mrs. Bertha D. Allen, for 10 years Gregg County superintendent of schools, is to be held Aug. 30.

Judge Otis Dungan of Taylor set the date for the hearing after R. L. Whitehead, Gregg County district attorney, filed the petition in 124th District Court.

The petition alleges "official misconduct, incompetency in office" and "gross carelessness in the discharge of the duties of office."

Mrs. Allen told the Longview News-Journal:

"I have welcomed this investigation and cooperated fully. My books and office records are open to the people of this county, state, national, or federal officials. I have nothing to hide. I am ready for trial."

The complaint followed two recommendations by the county board of education to remove Mrs. Allen and that immediately upon filing of the suit the judge suspend her temporarily pending outcome of the suit.

Phillips Rites To Be Saturday

The body of Mrs. H. Phillips, 75, who died at her home in San Leandro, Calif., last Sunday, will arrive in Pampa tomorrow morning. Funeral services will be held at 2 p. m. tomorrow at the First Baptist Church with the Rev. Douglas Carver officiating.

Mrs. Phillips moved to Pampa in 1919 from McLean, where she had lived since 1912. The Phillips family moved to a farm north of town, where they stayed about 10 years before moving to California.

Besides her husband, Mrs. Phillips is survived by four sons, Cass Phillips, Berkeley, Calif.; Hubert Phillips, Pampa, and Kermit and Harold Phillips, both of Oakland, Calif.; and by three daughters, Mrs. Ona Burk, San Francisco; Mrs. Merle Ivy, Albany, Calif.; and Miss Dollie Phillips, San Leandro.

Funeral services will be: Wade Thomason, G. C. Stark, Carl Stone, D. B. Jamison, H. B. Taylor, all of Pampa, and L. R. Taylor of Bonham.

Burial will be in Fairview Cemetery under the direction of the Duenkell-Carmichael Funeral Home.

PROBERS ASK RELEASE OF RED WITNESS

WASHINGTON (AP)—Rep. Nixon (R-Calif.) said today it has become "imperative" that the Immigration Service quickly produce missing witness J. Peters for the Congressional spy hearings.

An admitted former Communist has testified before the House Un-American Activities Committee that Peters headed the entire Red underground in the United States.

The committee contends the immigration bureau has promised to produce Peters and that it is in fact so because he is under \$5,000 bond awaiting deportation action.

Immigration Commissioner Watson Miller said he would talk things over today with Nixon and other committee members.

Miller told reporters he doesn't know where the man is but "it's inconceivable to me that Peters couldn't be found."

While the committee pushed its inquiry, the State Department took steps to get the Soviet Consul General in New York, Jacob M. Lomakin, out of the country.

The State Department note said it is asking President Truman to revoke Lomakin's credentials and it wants Russia to call him home "within a reasonable time."

At the Oklahoma City Police station Williams told officers about Forman being missing since July 14. Capt. Detectives B. R. W. a Phoned Chief of Police Lou Allen who confirmed Williams' identity and induced Forman to return to Pampa with the auto salesman.

Arriving here at 7:30 p. m., Forman was unable to remember anything about his car or that he ever played golf. He showed no recognition of his brother, Bill Forman, or his sister and brother-in-law, Mrs. Kay Forman, or his mother. Under questioning by family and police, Forman told a weird and unconnected story of his wanderings as he remembered them. He said he arrived in Oklahoma City on July 24, but didn't remember how he got there. He told of being called by the name of "Fannon" in New Orleans. When he went to a hotel to register he couldn't spell the name so he looked up on the hotel wall and saw some names which he recognized as Jack Forman. When asked by (See MISSING, Page 10)

Buyers OK Curbs—If They Cut Costs

WASHINGTON (AP)—A Texas nurse said yesterday that she isn't bothered by the new installment plan curbs—she is heading for a little Texas town where she expects things to be cheaper.

Mrs. A. J. Fischer told an Associated Press reporter:

"Controls are just something I read about in the papers. If they bring prices down, I'm sure in a little Texas town where I'm going back to my home in Victoria, Texas, and prices aren't so bad there."

She told the reporter, who polled a cross section of Washington consumers on the curbs, that she does not own a car.

Most of the consumers questioned agreed with Mrs. Fischer that the installment curbs are a good idea if they bring down prices.

Forestral will give a report on his conference with Defense Minister Brooke Claxton and other Canadian officials during his visit last weekend to Ottawa.

Various problems relating to strategic air warfare will also be considered.

Sports Round-Up

By JOE REICHLER
(for Hugh Fullerton, Jr.)
NEW YORK—(AP)—Babe Ruth was talking about baseball, something which wasn't very hard to get him to do. The time was last March, less than six months before he died.

"My best years were between 1921 and 1928," he said. "The greatest ball club I was with was the Yankees of 1927."

"The finest man I ever met in baseball was Miller Huggins. My chief regret is that the big fellows like Bob Meusel and myself were too busy having fun to pay much attention to Hugg's orders. We never listened to him crabbing at us when he was trying to keep the whole wild gang in line."

HOME RUN SECRET
"You want to know why I hit a lot of homers? Well, what I did first was to get the proper stance. I'd shift my feet so I'd be well balanced. That was the most important thing. When I saw the pitch I tried to take a swing. The very second that I felt the bat hitting into the ball I would give my arms an extra twist, and give the ball a full golf follow through and that was that."

"I don't think anybody around today will beat me home run. The Pirates might have had a homer. There are too many chances if I ever get a chance. I don't think anybody around record. That young Ralph Kiner homers. There simply are not enough right-handed pitchers around and not enough southpaws."

NO EXTRA PANTS
How about those extra pants in a pinch?
"I can tell you about that too because I hit that home run in a pinch. When I swung and missed the third one with lots of spectators looking on I felt like a guy that had some waiting in Times Square at midnight and a big wind came along and it blew off all his clothes, and there wasn't anybody around with a blanket or an extra pair of pants."

TRIPLE FOR THE GUY

PIONEER STADIUM, Clovis—Staving off a desperate eighth-inning rally by the Clovis Pioneers, the Pampa Oilers took the opener of a two-game series from the Pioneers, 9-7, here last night.

Getz Meets Weidner at Sportatorium

In his last two appearances here Pittsburgh Al Getz, who will wrestle against Boston Billy Weidner Saturday night at the Sportatorium, won both his matches.

The first Saturday in August he and the rough and rowdy Pat O'Dowdy won over Billy Hickson and Ed Knudson in an Australian tag match. Last Saturday he won from Jack Carter, former 190-pound champion of New Zealand.

Billy Weidner, his opponent in tonight's match, won over Henry Harsel last week with two full rounds in succession.

Karl Gray, the mystery man from Milwaukee, Wis., is supposed to be in the city tomorrow night. This makes the third time this year that Gray was scheduled to appear in the local arena, but he has yet to make his first appearance.

Losses in February he was supposed to come here, but he was prevented by a snowstorm from making it.

Then on Aug. 7, he was scheduled to meet Henry Harsel. For some as yet unexplained reason, Harsel took his place, and Gray never showed up yet.

Since Gray has yet to wrestle here for the first time, no one knows what kind of match he may be, but Lopez, his opponent last night, admitted throughout the Panhandle grapplers circuit for his good sportsmanship. He has appeared here several times in recent months, but as referee and wrestler, and has not, at least, been given the hearty approval of the fans for his line tactics.

Three singles, two walks, and a Pioneer error all joined to give the Oilers four big runs in the top of the second and establish a 5-2 lead. Dave Tovey, Avon Driggers, and Bob Bartholomew were the trio of Oilers getting the safeties.

A home run by Serafini with one man on in the fifth enabled the Pioneers to tie the score after they had counted one more in the top.

The Oilers ran single counters across in the sixth and seventh and then proceeded to shove two more men home in the eighth.

Driggers ran into difficulties in the eighth when he got two tallies and seemed as if they would continue their rally before Bass came in to put out the fire.

The Oilers and Pioneers meet in the finale of their two-game series tonight when Mel Kramer starts on the mound for the New Mexicans, probably opposing Roy Parker for the Oilers.

Mrs. Pfoff Is Club Hostess

Mrs. Herbert Pfoff entertained members of the Skelly Kingsmill Club in her home on Tuesday of last week.

Mrs. Leo Adair, president, conducted the business. A white elephant sale was held with Mrs. Ed Zmoky receiving the article. Secret gifts were exchanged and the remainder of the afternoon was spent in sewing.

Refreshments were served to nine guests. It was announced that the next meeting will be held in the home of Mrs. Creed Smith, Tuesday, Aug. 24, at 2 p. m.

During World War II, the United Nations controlled 99.9 percent of the world's diamond production.

New Church Worker Comes to Pampa

Raymond White has moved to Pampa to take up his duties as minister of Education and Music of the Central Baptist Church. He comes here from Gladewater, Texas, where he has served in a similar capacity in the First Baptist Church there for the last two years.

White, who is known among his close friends as "Pete," attended Wayland College in Platteville, and Baylor University at Waco. He is married and has two small daughters, Virginia Ann, six, and Romona Kay, three. The Whites will make their home at 1316 E. Francis, where property was recently purchased by Central Baptist Church.

opening lead of the jack of spades with the queen. In order to guard against a four-one break in trumps, he led a small club toward dummy. West played low and dummy's jack held the trick. Auslander then cashed the two high clubs and led a small club, throwing West in the lead.

He knew that one of the two kings was off-side, and to avoid having to guess which one it was, he hoped they were both off-side, knowing that he could develop a squeeze. When West returned the ten of spades, Auslander won with the king and cashed the ace of diamonds. Now he cashed two more rounds of clubs, discarding a diamond and all but the last heart from dummy. The six of spades was led to dummy's ace, and when both East and West followed, dummy's last spade was led, declarer discarding the jack of diamonds.

West was in a tight squeeze. He had to keep the king of diamonds, as otherwise dummy's queen would be good. This meant that he had to bare down to the king of hearts and king of diamonds. Then all Auslander had to do was to lead a heart from dummy and go up with the ace. When the black king fell, declarer cashed the ten of hearts for the 12th trick.

Great Women Are Found Among Early Christians

By WILLIAM E. GILROY, D. D.

Recently I wrote of the contrast between the traditionally and supposedly inferior position of women in the past, and the actual power and prominence that many women have attained: like Deborah, great judge in Israel; Jezebel, Cleopatra, and Catherine of Russia—all powerful for evil or very doubtful good; Elizabeth of England, powerful monarch, and Victoria, whose subjects called her "the God."

The same contrast is found in the history of the early Christian Church, where Saint Paul's attitude of what would be called anti-feminism today was in sharp contrast to the ministrations that Paul nevertheless accepted from women disciples in the churches in which he founded and visited, and also in contrast with the part that women actually played in the Christian fellowship.

One should not, of course, be too critical of Paul. He was so far beyond his age in almost everything, for lagging behind in some respects. But he was so able and logical in most things, it is strange that he did not see the logic of the facts concerning women in the church. Their greatness in saintliness and service ought to have freed them from the limitations that Paul imposed. But for the most part churchmen and church councils of later times have been no more liberal or logical than Paul, though the Congregationalists recently elected a woman to the highest office in their denomination, the Moderatorship of their General Council.

Who were the women whose names have at least a place of honor in the New Testament, even if they did not have all the freedom and power available to male disciples?

Greatest of all was Mary, the mother of Jesus; with Anna, the prophetess, at a distance with Simon as the devout saint, awaiting the coming of the Messiah; Mary and Martha, of Bethany, were content to be humble, faithful disciples; Mary Magdalene is the type of fervent worshiper; the unnamed "mother of Zebedee's children" put fire into her sons, James and John, seeking to realize through them her intense ambition.

But in the first generation of the church following the death and resurrection of the Master, were women who through saintliness or force of character, or both, are famous for what they contributed to the Christian fellowship.

Dea, in the church at Joppa, "full of good works and almsdeeds," made her sewing needle a means of grace and consecration, winning the love of those whom she clothed, and an honorable mention (Acts 9:39). Lydia, of purple, apparently successful in business, was equally energetic and effective as a Christian (Acts 16). And there were other honorable women, pioneers in service and distinction such as women have had in the age-long life of the church.

There is no waste in milk as every drop can be used. A quart of milk is equal in energy value to approximately any one of the following: 1 lb. lean beef, 9 eggs, 8 lbs. tomatoes, 6 lbs. spinach, 13 small oranges, 5 broilers, 7 bananas, 5 lbs. cabbage.

Milk is an essential food, more easily obtainable in the U. S. than in any other place in the world. In Russia it takes an hour and 15 minutes of work for a man to earn the price of a quart of milk when he can get it. In this country the average pay for 10 minutes work buys a quart of milk.

The milk which the dairy farmer sells to the milk company and the wages paid to labor by the company together take more than 80 percent of the milk dollar on a national average. The milk distributor is paying record high prices to the farmers and paying labor the highest wage in the history of the industry. And the price paid to the dairy farmer is set by government order in important markets with resulting influence on other areas.

With less than 20 cents remaining out of the sales dollar, the milk distributor must pay for delivery and plant equipment, fuel, bottles, cans, cases, caps, repairs, insurance, taxes and many other items. Any profit to be applied on the investment must come out of this portion of the dollar. This amounts to less than 1-3 of a cent a quart on the national average. Fluid milk companies earn less per dollar of sales than most other industries. All manufacturing shows 8 percent return on the sales dollar; milk distribution, less than 1-2 percent.

Most of the early spring-song of birds is by way of announcing their claim on certain nesting areas.

Mrs. Madeira Attends Dancing Teachers' Meet

Mrs. Helene Madeira is in New York City attending the seventh annual convention of the American Society of Teachers of Dancing. She is taking lessons from teachers in different forms of the dance.

One word of caution to the teachers is the advice not to let pupils watch themselves in mirrors lest they become too much interested in admiring themselves instead of looking for errors. Another was always to prevent making a sound when the heel is lowered in descent in the ballet. Word that has gone out from this convention that "just as the new look has women wearing clothes of an earlier period, the

new step in dancing has folks gliding in nostalgic bliss to the old-time waltz."

Members of the society attending the convention were guests at James Melton's "Harvest of Stars" broadcast, on Aug. 11.

Stewed Peaches with Thick Custard Sauce (s)
(Recipe for (s) Dish Follows)
Stewed Peaches with Thick Custard Sauce: Peel 4 medium-sized (1 pound) peaches; cut in half and remove pits. Put 1 cup water, 1-2 cup sugar and a few grains of salt in a wide, shallow saucepan; stir over low heat until sugar is entirely dissolved. Bring to a boil over high heat and drop the peaches into the syrup; cover and simmer from 7 to 10 minutes, until the fruit is tender but holds its shape. Watch carefully so as not to cook too fast or too long. Chill and serve with this sauce: Scald 1 cup of milk. Mix well 6 tablespoons sugar and 2 1/2 tablespoons flour; add to hot milk, blending well with whisk or mixing spoon as you do so. Cook over moderate heat, stirring constantly, until thickened. Beat 1 egg slightly, add the hot mixture gradually, beating vigorously as you do so. Return to saucepan, place over very low heat, and cook for a few minutes longer, stirring constantly. Place over cold water immediately to cool, stir in 1-2 teaspoon vanilla; chill in refrigerator.

Arrange peach halves and syrup in individual dishes and surround with sauce. Makes 4 servings.

Milk Is Best Buy, Figures Show

Milk is the outstanding food buy today as latest government figures show fresh milk delivered at the doorstep almost 40 points below the average "all foods" index figure, now at a new record peak.

Retail index figures of the U.S. Department of Labor show that since 1940 the "all foods" average has gone up 114.3 percent, while home-delivered milk is up only 68.2 percent, the smallest percentage increase of any major food group.

If consumers analyze the value of milk in the diet, the basic fact that a quart of milk supplies about 2 1/4 pounds of the best food is confirmed, says the Milk Industry Foundation.

Milk provides a larger percentage of the daily nutritive requirements than any other food, supplying 1-2 of the family's nutritive needs at 1-4 of the cost of a moderate-price food basket, as suggested by the U. S. Bureau of Human Nutrition.

A quart of milk, four glasses, supplies approximately these percentages of the daily nutritive requirements of an average man: calcium 100 percent plus; riboflavin (vitamin G) 82 percent; phosphorus 67 percent; protein 49 percent; vitamin A 30 percent; thiamin (vitamin B1) 22 percent; calories 22 percent; vitamin C 12 percent; niacin 6 percent; iron 1.30 "True or False"; 6:30 "What's the Name of that Song?"; 7: "Twenty Questions"; 9 Chicago Theater of the Air.

Texas Schools Must Plan for 150,000 More in Next Decade

AUSTIN — Texas must adequately prepare for 150,000 more children in its schools in the next decade or lower its educational standards. Charles H. Tennyson, director of public relations for the Texas State Teachers Association, sound-bited that warning here today. The huge increase in the birth rate during the last few years will add to the enrollment in Texas schools by nearly 32,000 pupils, four years from now and by 152,000 in 1957, Tennyson said. The vastly accelerated birth rate throughout the United States since 1941 has cheered business men, but it is causing great concern among educators, the TSTA official declared. "Texas is no exception. From figures on the annual birth rate provided by the United States Bureau of Vital Statistics, we know that births increased 1,549,801 throughout the United States from 2,360,399 in 1940 to 3,910,000 in 1947. "Enrollment started increasing throughout the country last year. In Texas it was up more than 7,000 pupils. The State Department of Education this week estimated an additional 8,000 students would enroll this fall. "That is just the beginning. Enrollment will snowball from then on. The situation will become acute in 1953. An accurate estimate places the hike in enrollment in Texas that year at 81,668 pupils. Nine years from now we will have 182,004 additional students in our schools, or a total of 1,660,004."

Federal and state bureau and insurance company statistics show that nearly 80 percent of the children born each year reach school age. Those experience figures make accurate estimates of future enrollment possible, Tennyson explained. "An increase of 80,000 pupils in the short time of four years and 150,000 in nine years does not seem so tremendous until it is realized that we will need 2,719 more teachers by '52 and 9,666 more classroom instructors by 1957," Tennyson declared. "It stands to reason we will

paid only the present minimum salary of \$2,000 annually, that would increase expenditures by \$10,132,000. "No one can hazard a guess as to how much additional money must be spent on classrooms and equipment." A recent survey disclosed that about 80 percent of students in Texas schools are in over-crowded classes. Educators agree that pupils cannot be given adequate instruction when there are more than 30 or 32 pupils in a class. Some Texas cities have already recognized the impending situation. A recent survey made by Fort Worth school officials disclosed that by 1953 the district will need 387 more teachers and additional classrooms, according to B. C. Shulkey, assistant superintendent.

Careless Boys Start Disastrous Reno Fire

RENO, Nev. —(AP)— Two nine-year-old Negro boys, who were playing with matches, started the disastrous downtown fire Sunday that killed five persons and sent 137 others to hospitals, Chief of Police L. R. Greeson announced. But the cause of an explosion which hurled flaming debris among crowds of spectators remains unexplained.

CHRISTIAN SCIENCE
"Mind" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, August 22.

The Golden Text is: "The Lord giveth wisdom: out of his mouth cometh knowledge and understanding" (Proverbs 2:6). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For who hath known the mind of the Lord, that he may instruct him? But we have the mind of Christ" (1 Corinthians 2:16). The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Infinite Mind is the creator, and creation is the infinite image or idea emanating from this Mind" (page 256).

Greek Offensive Against Guerrillas 'Nearly Finished'

KOZANNE, Greece —(AP)— High Greek officials expressed belief that the summer offensive against Communist-led guerrillas is "nearly over."

Col. James F. Brittingham of Baltimore, chief of the Joint United States military advisory planning group attached to Second Army Corps, supported this view. He said the offensive will end victoriously within ten days.

The Greek officials reported, however, that 8000 rebels still are holding out in the Northern Grammos area.

Greek and American military officials predict most of the guerrillas will seek refuge in Albania before the battle ends.

In Athens, a general staff spokesman said the guerrillas still held about 100 square miles of Grammos territory, and that stubborn resistance was indicated by the fact that government forces gained only about 30 square miles in the past few days. The spokesman said indications were that the rebel forces were ordered to hold a 22-mile perimeter at all costs.

Make these 4 comparisons before you buy any car

COMPARE THE VALUE
Yes, compare the features—compare the prices and you, too, will come to the conclusion that Chevrolet continues to be first in value. It alone gives Big-Car feature after Big-Car feature for Big-Car motoring results—and gives them at prices which are lower than those of any other car with Chevrolet's strong, sturdy construction and high standards of quality. That's why Chevrolet is first in demand—in all parts of America—again in 1948—just as it's first in dollar value!

COMPARE THE POPULARITY
You can identify the biggest value in any list of products by picking out the one product which enjoys greatest popularity, year after year; and, of course, in the field of motor cars, that one product is Chevrolet! More people are buying Chevrolets, and more people are driving Chevrolets than any other make of car, in state after state and from one end of the country to the other. That's true again this year just as it's been true during the total 17-year period, 1931 to date!

COMPARE THE FEATURES
You'll find that this big, dependable Chevrolet is the only car offering all the following Big-Car features at lowest cost. Features like the Unitized Knee-Action Ride for gliding smoothness... the world's champion Valve-in-Head engine for performance and economy... Body by Fisher for tasteful beauty and luxury... and Fisher Unitized Construction plus Unitized Knee-Action plus Positive-Action Hydraulic Brakes for all-round safety protection on the highway!

COMPARE THE PRICES
You'll agree with millions of other car buyers that prices—like quality—are a major consideration in these times; and just as Chevrolet's Big-Car quality is unique in its price range, so Chevrolet prices are the lowest in its field. Moreover, Chevrolet also saves you large sums on gas, oil and upkeep! If you compare the prices in terms of value received, you'll pick Chevrolet as your wisest investment—the only car that gives you the outstanding value of Big-Car Quality at Lowest Cost!

Only Chevrolet gives BIG-CAR QUALITY AT LOWEST PRICES... that's why
CHEVROLET — and Only CHEVROLET — IS FIRST!

Inflation Hits These Cities, Foods Hardest

These are the 10 foods and 20 cities hardest hit by soaring prices, according to latest available figures from the Bureau of Labor Statistics. With the 1935-1939 average as 100 or "normal," index numbers show present increase over prewar prices. Onions, now at an index number of 440.9, numbers risen 407.9 per cent from August, 1939, levels. Figures for Cedar Rapids, Jackson, Knoxville and Wichita use June, 1940, as 100, since data was not collected in those cities in 1939. The least-affected city reported is Columbus, O., with an index number of 193.1, and the least-affected commodity reported is canned peas, 113.5.

Convention Is Completed

Lions Club President H. P. Dozier completed a report on the New York City Lions International convention at the Lion Luncheon yesterday.

One of the main things decided at the convention was that each club representative should return to his respective clubs and urge the members to take an active part in all civic and public affairs.

Dozier said some of the forums held at the convention included youth development, education, United Nations, world education, health and welfare and safety.

Huelyn Laycock, Steering Committee member of the Gray County mass X-ray survey, announced that the mobile unit will be located at the American Legion Hall Aug. 28-29, Wednesday through Saturday. He urged all the Lions to participate in the drive by having their entire families X-rayed. The only county residents to be excluded from the service are children under the age of 15.

Steve Matthews, city manager, reported on the city-wide clean-up campaign scheduled for next week. The Lions will be in charge of Ward II, Pampa, and will donate extra trucks to pick up debris from the allies. Monday will be weed-cutting day for residents of Ward II and Tuesday will be trash-hauling day. City, county and donated trucks will pick up all trash put in the allies by residents of the four city wards.

Helen Blocker, daughter of Mr. and Mrs. J. B. Blocker, presented two vocal selections, "My Wonderful One" and "Stairway to the Stars." She was accompanied by Ken Bennett. Helen will be a Junior at Pampa High School when school opens.

Alan Nicholas was accepted as a new member of the Lions Club at yesterday's meeting.

Jack Webb, Ponca City, Okla., rancher, used to amaze rodeo fans with trick riding and shooting. He's retired, but he keeps his eye with this stunt. His pet rifle is clamped to a converted typewriter stand, and a target is fastened to his hat. Then, a long string, careful sighting and—boom—that's all there is to it!

Judge J. E. Kinney Dies in Sleep

Judge John Edward Kinney, former judge of Roberts County, died in his sleep sometime last night at his home in Miami. He had been suffering from a heart ailment for several years, and a heart attack was the reported cause of his death. He was 75 years old.

Judge Kinney was born Jan. 8, 1873, in Brooklyn, N. Y., and received his law training in Nashville, Tenn. He moved to Miami in 1899 and married the former Bess Carter on April 6, 1902. He opened a law practice in Miami and served as judge of Roberts County from 1911 through 1918. He was an active practicing attorney up until his death. He was a member of the Presbyterian Church and the Masonic order.

He is survived by two sons, Leon M. Kinney, Big Spring, and Sterling E. Kinney, Amarillo; by two daughters, Mrs. H. M. Nelson, Miami, at whose home the judge lived, and Mrs. T. E. Pindley, Compton, Calif.; and by one brother, Charles Kinney, Farmingdale, N. Y., and by 10 grand children. Mrs. Kinney died three years ago.

Funeral arrangements, which will be conducted by the Dunsen-Carmichael Funeral Home, are pending.

Clean Up Leaders Named for Drive

Fred Neslage and Charles Lanka have been chosen to serve as chairman of the Ward I and Ward II clean-up campaign. Steve Matthews, city manager, said this morning.

At 5 p.m. today a loud-speaker truck will drive through the whole north section of Pampa from Foster to the city limits remaining Wards I and II residents that tomorrow has been scheduled to be work day for Ward I.

The Lions and Rotarians are sponsoring clean-up in the two wards and will furnish trucks to pick up all the debris in the alleys. Trucks furnished by Tom Rose, Dan Gribbon, Irvin Cole, Grover Heard, and Gray County will pick up all trash in the Ward I alleys Monday. Monday, Ward II, Northwest Pampa, from Foster north and from Cuyler east, will hold its weed-cutting day. Tuesday trucks furnished by Hogue Mills, Frank Culbertson, H. P. Dozier, Irvin Cole and Gray County will pick up Ward II trash.

The Kiwanis Club and Junior Chamber of Commerce will sponsor the Ward III and Ward IV clean-up. It will be held Wednesday and Thursday of next week.

Anyone interested in working on the trucks should report to the City Barn at 8 a.m. Monday, Matthews said.

Scouts to Deliver Handbills Monday

All Pampa Boy Scouts and Cub Scouts have been asked to meet at the Boy Scout office in the City Hall at 9 a.m. Monday to deliver X-ray handbills. Huelyn Laycock, commissioner of the Boy Scout Santa Fe District, said today.

The boys are needed to help deliver 5,000 handbills to all Pampa houses, Laycock continued. The Scouts should wear their uniforms if possible.

Fire Destroys Cars, Produce in California

TURLOCK, Calif. (AP)—Two blocks of produce packing sheds, 19 railroad freight cars and thousands of melons were consumed last night in this San Joaquin Valley town's most spectacular fire. Damage was estimated at upwards of \$400,000.

Union hiring halls, widespread in the maritime and construction industries, are places where a union receives job applicants and furnishes them to employers.

The board didn't find hiring halls unlawful in themselves but only if they operate in such a way as to favor members of the union against non-members.

Food Sales Stay Above Last Year

By the Associated Press
Food sales during the past week continued to top last year's high level despite consumer resistance to high prices.

Large markets and chains reported that sales were 14 to 16 percent ahead of last year in dollars, indicating they still were averaging somewhat more tonnage than a year ago. At the same time independent food merchants' sales stayed ahead of last year, but physical turnover was lower.

Some meat prices continued to climb and others showed little signs of declining. Wholesale butter prices dropped for three consecutive days on the New York mercantile exchange.

Maj. Herbert H. Hawkins, of St. Albans, N. Y., properly returns the salute of Roger and Bobby Ehrler, of New York. The Ehrler twins, 6 years old, are the sons of a Marine killed on Iwo Jima. They were on hand to see 260 Brooklyn Marine reservists sail from New York for summer training at Camp Lejeune, N. C.

ing to her testimony and of a number of other persons, "voluntarily, and stayed there of her own free will."

3. According to her reports to American authorities she wrote Lomakin in New York telling him where she was but she denies stating that she was kidnapped.

The American note then asserted that Lomakin had, in effect, misled his own government so that the protests which the Soviets made officially through Foreign Minister Molotov and Ambassador Alexander S. Panyushkin "have been based upon misinformation."

Moreover, the note charged that the Consul General had "hindered the investigation of the competent police officials by refusing to allow them to interview Mrs. Kosenkina" at the time she was in the consul's control.

"This action was the more serious," the United States note asserted, "in view of the subsequent statements by Mrs. Kosenkina to the effect that she jumped from the window of the consulate general in order to avoid having to return to the Soviet Union."

"In addition to the statement made by Mrs. Kosenkina that she was compelled to make in a press interview false statements which had been dictated to her, the Consul General has himself made or issued statements to the press which, in view of all the evi-

"The United States government considers that Consul General Lomakin's conduct constitutes an abuse of the prerogatives of his position and a gross violation of the internationally accepted standards governing the conduct of foreign officials."

Soldier Found Guilty Of Killing Chaplain

YOKOHAMA (AP)—Pvt. William C. Manis of Church Hill, Tenn., was convicted of murdering Capt. John A. Ryan of Philadelphia, a Catholic chaplain, and was sentenced to life imprisonment Wednesday.

Manis was convicted on the testimony of a Japanese prostitute. She said the young soldier shot the chaplain near Sugamo Prison, where both of the Americans were stationed, when the priest reprimanded the soldier for appearing in public with his arm around a prostitute.
