VOL. 47—NO. 124 (8 Pages) PAMPA, TEXAS, TUESDAY, AUGUST 31, 1948

## Another Top Level Meeting Scheduled

### France Would Take Dictator For Stability

BERLIN—(AP)—Russian and Western military governors of Germany met for an hour today on East-West problems in blocked Berlin.

"We will meet again," said Gen. Sir Brian Robertson of Britain, "the date, however, still is not fixed."

It was the first top level meeting in Berlin in five months and resulted from diplomatic discussions in the Kremlin for the past month.

Gen. Lucius D. Clay, U. S. military governor, said "there will be a top level meeting tomorrow." This did not necessarily mean a meeting of the governors themselves.

Asked if the conference was amicable, an American official responded: "It depends on what you call amicable."

Robertson said there will be no official statement today. American officials said financial experts of the four powers will continue to confer on technical financial problems.

The State Department in Washington said the governors would discuss measures to lift the blockade and to solve the dispute over East German and Western marks circulating in the German capital.

A special French envoy from Moscow was to present directives as a result of the discussions there.

The directives center around the question of using the Soviet-controlled East German currency in Berlin as the only money for the city, circulating under four-power supervision.

This is the technical question upon which the Russians began a blockade of the city more than two months ago, isolating the Western occupying powers, except by air.

The Soviets also sought a new Big Four foreign ministers conference on Germany. But the West refused such a conference under the "duress" of a Berlin blockade.

Four weeks of negotiations in Moscow have failed to iron out a satisfactory and face-saving device by which the West might agree to a conference and the Russians to lift their blockade.

By unilateral control of this city's currency, the Russians turn Berlin into a Soviet satellite. Their proposals up to the time of breaking off the negotiations have not given them the power to remove members from the meeting.

## TITO TAKES NEW GRIP ON YUGOSLAVIA

LONDON—(AP)—Premier Marshal Tito tightened his grip on Yugoslavia today promoting to greater power his trusted governmental and party lieutenants, Edvard Kardelj and Alexander Rankovic.

Steanoje Simec, the non-Communist foreign minister, was replaced.

Vice Premier Kardelj was promoted from chairman of the Control Commission to foreign minister.

Kardelj, who heads Yugoslavia's police, now becomes a vice premier. He remains interior minister.

The shifts were announced in a decree of the ruling presidium of the Yugoslav National Assembly, which put into effect a "reconstruction of the Yugoslav government."

The decree was broadcast from Belgrade by Tanjug, the official Yugoslav news agency.

Kardelj retains his post as vice premier.

The announcement coincides with dispatches from Greece indicating that Tito further was urging the Russians by interning Communist guerrillas.

It also coincides with the new Communist Information Bureau bulletin which resumed its denunciations of Tito.

The bulletin issued in Bucharest, Romania, said Tito's Yugoslav Communists call "afford to behave impudently," because they believe Russia will not abandon them.

Simic, stepping out of the Foreign Office, takes a post as minister without portfolio, Tanjug announced. Other changes it reported.

Durbalagovic Neskovic, former premier of Serbia and a member of the powerful Politburo, becomes vice premier and gets Kardelj's old post as chairman of the Federal Control Commission.

Shtozar Vukmanovic becomes minister of mines, succeeding Ban Andrejev. Rodoljub Colakovic becomes minister for science and culture, apparently a new post replacing the Commission for Arts and Culture, which had been headed by Vladislav Bibinkar.

Boy Hurries From Draft Office in Search of Wife

A colored boy appeared at the local draft board yesterday to inquire about the date he was to register. He was told that, since he is only 19, he won't register until next week.

"The gonna get married," he confided.

When asked why, he said to stay out of the Army.

He thought for a minute, and then said: "The gonna get married right now." And he left in a hurry.

## Wallace, Pelted With Eggs, Is Facing New Troubles

CHARLOTTE, N. C.—(AP)—Henry A. Wallace, his Southern campaign trail split a head with raw eggs and ripe tomatoes, marched on today to ward more segregation troubles.

"We shall go on," Wallace said through a staff member who reported the Progressive Party's presidential nominee's determination to continue his tour of the South.

Charlotte and Asheville were the major points on the schedule today his third day in this state with stops at a number of smaller cities en route.

Charlotte's police chief, Frank N. Littlejohn, promised jail for anyone who threw anything at Wallace here during his speech from the courthouse steps.

Although determined to continue, the former secretary of agriculture from Iowa displayed anger and disappointment yesterday as he was pelted with eggs and ripe tomatoes and prevented by boos and catcalls from delivering his messages.

Stopped entirely from speaking and splashed with debris at Burlington, Wallace grasped a bystander by the arm as he turned to his car.

"Am I in America?" he asked. "Get your hands off me," the unidentified man growled and gave the candidate a slight push.

Again at Greensboro, his clothes stained with egg yolk and a shell sticking to his head, Wallace cried: "I don't mind being hit by eggs and tomatoes, but they would be more useful being fed to children."

"The faces I have seen distorted by hatred are of people for whom I have in my heart profound compassion, because most of them have not enough to eat."

There was laughter and more boos.

At High Point, eggs and tomatoes again were hurled.

And at last night's rally at Winston-Salem, Wallace was booed long and lustily as he stood in the rain and attacked the Marshall Plan, declaring: "Only with an understanding with Russia can we avoid the war. We (the Progressives) are fighting on the side of the Lord."

The crowd estimated at 2,500 Negroes—set up opposing chants of "we want Wallace" and "down with Wallace" at one time during his speech. The party's gubernatorial nominee, Miss Mary Price, could not be heard above the boos as she introduced Wallace.

Gov. Gregg Cherry deplored the violence to which Wallace has been exposed beginning with his first public talk at Durham Sunday night and castigated those responsible.

Unsolvable difficulties faced him in other states on the program.

Police Commissioner Eugene "Bull" Connor of Birmingham, Ala., where Wallace speaks tomorrow, announced he had sent the nominee a copy of Birmingham's ordinance requiring separation of Whites and Negroes "by well-defined physical barriers."

Wallace has declared he will address only non-segregated gatherings.

The Auditorium Board at Little Rock, Ark., where Wallace is scheduled Friday denied him the use of its building on the same issue.

But at Jackson, Miss., Gov. Fielding I. Wright promised an escort of state police Thursday and said "I don't think there will be any discourtesy toward him."

Wallace practiced what he preached in North Carolina, attending gatherings at Negro clubs and spending both nights at the homes of wealthy Negroes in Durham and Winston-Salem.

The five incomplete counties were Borden, Jim Hogg, Kent, McMullen, and Van Zandt.

The majority of votes counted in two of the five counties were for Stevenson. Last night he was leading 29-24 in Borden and 152-142 in McMullen County.

Johnson was ahead 723-198 in Jim Hogg, 529-181 in Kent and 3,137-2,601 in Van Zandt.

Mrs. R. A. Thompson of Coliad, state Democratic vice chairman, today urged that the state committee call in technical help in canvassing the vote.

"I think the committee should have technical assistance in view of the close vote in the Senate race," Mrs. Thompson said. "As I understand it, the Executive Committee does not even have a bookkeeper."

Chairman Bob Calvert, reached at Hillsboro, said he thought technical help was unnecessary to tabulate the official vote. He said "the State Executive Committee had a subcommittee for that purpose, and they added up the totals as reported by the counties. He said the subcommittee did not review each vote."

At Austin, Stevenson this morning asked for a little while "to catch my breath" before comment. (See STEVENSON, Page 8)

## Stevenson Holds 430-Vote Lead

By The Associated Press

Coke Stevenson took a 430-vote lead at noon today over his opponent, Lyndon Johnson, in their runoff race for the U. S. Senate, in the unofficial Texas Election Bureau tabulations.

Only 200 votes remain to be counted, the Election Bureau estimated.

Stevenson, former Texas governor, thereby gained 64 votes as representative by 366 votes.

The close vote indicated that the outcome will not be officially decided until the State Democratic Committee canvasses the vote Sept. 13 in Fort Worth.

The 10 a. m. tabulation gave Stevenson 494,532 votes compared to 494,166 for Johnson.

Bob Johnson, manager of the Election Bureau, said the increase registered by Stevenson was caused by a correction of the vote in Eastland County.

There the original report transposed the figures for Johnson and Stevenson. The corrected vote was Stevenson 2,645 and Johnson 2,317.

Five counties still were incomplete. San Jacinto county reported a complete vote today with Stevenson receiving 436 and Johnson 455.

The two women were talking in a car parked near Mrs. Williams' apartment.

## Deportation Hearing Held Today for Accused Red Spy

NEW YORK—(AP)—J. Peters, described as head of the Communist underground in America, preached that the United States "must be destroyed," a witness at his deportation hearing said today.

Former Communist Whittaker Chambers identified Peters as the No. 1 man in the underground at a House un-American Activities Subcommittee hearing here yesterday.

Subcommittee members then threatened Peters with contempt charges for his refusal to answer questions about his alleged Communist affiliations and about the activities of the Communist Party in this country.

The Peters case shifted back today to the Immigration and Naturalization Service which is preparing deportation charges against him.

George Hewitt, a Negro and alleged former member of the Communist Party National Committee, said Peters called for destruction of the United States.

Hewitt, who said he renounced communism four years ago, testified that from the first day I was in the party I was instructed that the United States was a citadel of capitalism, the main obstacle to Marxist-Leninist success, and this obstacle must be destroyed, including schools, government and churches, which reflect sheepishness.

The instruction was given, he said, by "the section organizer, the state organizer, Mr. Peters himself, and various officials of the party."

The House un-American Activities Subcommittee recommended yesterday afternoon that Peters be deported on constitutional grounds to tell the protesters what they wanted to know.

The witness is the first to be threatened with contempt for refusing to answer questions in the House committee's spy hearings. A dozen or more witnesses, refusing to say whether or not they were Communists, have cited that section of the Constitution which says a man can't be forced to testify.

(See HEARING, Page 8)

Stevenson received 436 and Johnson 455.

## Former Local Woman Shot In California

Mrs. Elenece Williams, 36, daughter of Mr. and Mrs. W. E. Ginn, Pampa, was fatally shot near her apartment in Long Beach, Calif., last Thursday morning by an assailant believed to be mentally ill.

She died as a result of her wounds in a Long Beach hospital at 10:45 a. m. Saturday, relatives here reported this morning.

Mrs. Williams, a waitress in a Long Beach cafe, was returning home with a co-worker, Mrs. Helen M. Foster, who lived nearby.

The two women were talking in a car parked near Mrs. Williams' apartment.

The majority of votes counted in two of the five counties were for Stevenson. Last night he was leading 29-24 in Borden and 152-142 in McMullen County.

Stevenson received 436 and Johnson 455.

## Doctors Say Okay to Open Local Schools

The apparently lessening threat of polio presents little danger to Pampa's school children in the opinion of city and county health authorities.

When asked by Knox Kinard, superintendent of schools, whether it would be advisable to postpone school opening for a while, health officer, Dr. R. Malboth Dr. Julian Key, county health officer, said he had no opinion on the matter.

"I would not advise postponing school," Kinard reported yesterday.

Several doctors around town have recently expressed the opinion that the series of polio attacks this year is definitely on the wane. It has not been thought necessary to close other public places this summer, and Dr. Key and Brown said there was no reason to postpone the opening of school because of polio.

Kinard reported this morning that there is still a shortage of rooms and apartments for new teachers.

There are not enough apartments on the school's list for all the teachers coming in, he said. Several have already arrived in town and many more are expected before the end of the week.

If anyone has a room or apartment available for a teacher this winter, he is asked to call the office of the superintendent in the Junior High School, Kinard said.

COMPANY SHARES PROFITS

CHICAGO—(AP)—The Quaker Oats Company announced today it had issued to its employees profit-sharing checks totaling \$96,000, estimated to be an average of more than three weeks' extra pay apiece for the fiscal year ending June 30.

'LAST TIME AROUND...'

U.S. Weather Bureau Gives Final Data, Is to Close

At midnight tonight the Pampa office of the Weather Bureau will close up its tent and quietly slip away. John P. Kurtzwell, manager of the bureau, said today.

Pampa will still have a measure of weather reporting that will help maintain a continuity of weather records, Kurtzwell said, since Station KFDN will maintain the bureau's maximum and minimum recorder thermometer and a rain gauge to measure precipitation.

The station plans to give temperature reports every hour, John Michel, manager of the station, said recently.

Kurtzwell said he is being transferred to the Fort Worth station and the other men of his staff, John J. Childers, W. E. Carpenter, J. T. Doty, and K. W. Matthews, will be transferred to other stations as a result of the recent order dissolving the Pampa station.

In totalling records for the year before moving out, Kurtzwell reported that Pampa has had a slightly less than normal precipitation for the year of 14.98 inches, compared with a normal of 15.31 in the Jan. 1-Aug. 31 period.

However, the precipitation has been 6.80 inches from July 1 to now as compared with a normal of 4.49 inches.

This apparently has been one of the roughest years as far as temperature is concerned. This year marked the coldest March on

## 117 Register First Day for Draft Service

By 6 p. m. yesterday, 117 men in the 25-year-old bracket were registered at the office of Local Board No. 52, Miss Charityne Jaynes, chief clerk, reported this morning.

Of this number, only three appeared subject to the draft—most of the others were veterans, and nearly all were married or had dependents. It is expected, she said, that a larger percentage of men in the younger brackets will be subject to the draft. Those men born in 1923 register today and tomorrow.

The Pampa office will remain open from 8 a. m. until 6 p. m. daily until further notice to accommodate men working in the oil fields. The office will be closed all day Monday, Labor Day.

Selective Service Board No. 52, under C. H. Walker, chairman, has charge of registration in Gray, Wheeler, Roberts, and Donley counties.

The Pampa office, on the third floor of the Courthouse, will register men from Pampa and Lefors. Men in McLean will register through their postmaster, instead of coming to Pampa, as was previously reported yesterday.

The following members of the Business and Professional Women's Club assisted in registering yesterday: Lillian McEneaney, chairman of public affairs; Zora Lee Barrett, Mrs. Don Lusher, Madge French, Joan Clay, Nanzen Campbell, and Chief Registrar De C. Dodson also assisted.

## Son Is Charged With Theft of Father's Cattle

WHEELER—Charges of cattle theft were lodged yesterday against Lee Clement, 20, of Clarendon by District Attorney Tom Braly in connection with the August 14 theft of cattle from his father, T. J. Clement, Clarendon.

Sheriff Jess Swink, Wheeler, signed the complaint before Justice of the Peace A. C. Wood, Wheeler.

The 17 head of dairy cattle were taken from the Miller farm northwest of Wheeler where Clement had them grazing. While being taken, the truck carrying the cattle hit a shallow lake and bogged down. A Wheeler trucker, who knew nothing about the theft, was hired to pull the truck and its load from the lake.

Eight of the 17 head of cattle have not been located, but officers said none of them had been sold at auction near Texhoma for \$300 on Aug. 16.

Clement was still in jail today in default of \$2,500.

## Rites Tomorrow For Tom E. Darby

Funeral services will be held at 4 p. m. tomorrow from the First Methodist Church for Tom E. Darby, 49, who died at 6:20 p. m. Sunday in a veterans hospital in Waco, after a long illness.

The Rev. James Todd, pastor of the First Christian Church of Panhandle, will officiate.

Burial will be in Fairview Cemetery under the direction of the Duenkel-Carmichael Funeral Home. Military rites will be held at the graveside.

## 'Bench Strength' Gives Brooks Twin Bill Victory Over Cards

By the Associated Press  
"Bench strength" that's one of the reasons Earl Browder's famous gentlemen lead the National League today.  
Shotton's front-running Brooklyn Dodgers are deep in reserves and the canny Brooks pilot is employing his substitutes to the utmost advantage in his bid to bring the pennant to Brooklyn.  
Second stringers enjoyed a field day at the expense of the St. Louis Cardinals yesterday as the Dodgers took a doubleheader, 6-5 and 6-1, to increase their lead to a game and a half over the runner-up Boston Braves.  
Trailing 5-2 going into the ninth inning of the first game before 23,508 fans, the reserves swung into action and sparked a four-run rally that enabled the Brooks to win.  
The Dodgers didn't have to call for help in the second game as Lefty Joe Hatten held the Cards to five hits in racking up his 11th victory.  
Hatten yielded a run in the second inning, but the Dodgers quickly snatched the count in the third and took the lead for good with another run in the fourth when Hatten singled home Roy Campanella from second. They clinched the game with two more runs in the sixth off starting and losing pitcher Ken Johnson.  
The setbacks dumped the Cards into fourth place, two percentage points behind the Pittsburgh Pirates who moved into third as a result of their 2-1 triumph over

## Missions Find That Rebs Are 'Easy Pickins'

By the Associated Press  
The San Antonio Missions found Rebels easy pickins last night and ran up a 20-3 decision to tighten their grip on fourth place in the Texas League.  
Five Dallas pitchers provided the Missions with good batting practice. The Padres collected a total of 22 runs hits while Brock Lant was scattering nine Rebel safeties.  
In other games, Tulsa walloped Shreveport, 15-0, in the first game of a doubleheader, but lost the second, 5-8. Houston edged Fort Worth, 9-8, and Oklahoma City downed Beaumont, 2-1.  
A six-run splurge in the third inning gave San Antonio a big lead, but the Missions poured it on and finished up with five runs in the ninth inning. Acting Dallas Manager Les Burge doubled Brock Peterson home in the eighth for the Rebels' first run.  
The victory gave San Antonio a one-and-one-half game lead over fifth-place Shreveport.  
Two run homers by Billy Hardin and Don Bollweg and a timely single by relief pitcher Earl W. Mulligan beat Fort Worth. Mulligan's hit put the Buffs ahead and Bollweg's homer clinched the game in the sixth frame.  
Oklahoma City took full advantage of three hits off Carl Ray to nip Shreveport. The Indians got two runs in the fourth on an error and Grant Dunlap's second double. Beaumont's run came in the second off a single by Jerry Crosby and a triple by Bud Peterson.  
Two walks, two errors, a single by Jim Kirby and a triple by George Brown gave Shreveport four runs in the third inning of the nightcap.  
Tulsa used four pitchers in the final frame.  
Bud Byrly held Shreveport to five hits in the first game. An eight-run outburst in the first inning sent the Oilers away to the one-sided victory.  
The same teams tangle again tonight.

Straying from their usual trend of "poking" away at opposing pitchers with singles, the Oilers pounded out three home runs, all when badly needed.

A preview of the West Texas-New Mexico League playoff was unveiled last night.  
Lubbock jumped on Amarillo, 11-2, and Pampa nosed out Albuquerque, 9-8, as the top four teams in the Class C league angled.  
In the other games, Borger beat Lamesa, 8-3, and Abilene downed Clovis, 8-5.  
Three Lubbock infielders set West Texas-New Mexico League double-play records. The Hubbers pulled five double killings and Second Baseman Jackie Sullivan and Third Baseman Virgil Richardson took part in each one. This shaded the old record of their positions by one. Shortstop Jackie Wilcox figured in four double plays, bettering the old mark for this spot by one.  
Sullivan hit a grand slam home run and Richardson a homer in a seven-run outburst by the Hubbers in the sixth.  
R. C. Otey's homer in the eighth beat Albuquerque. Jack Riley and Roy Parker also hit for the circuit for the Oilers while Len Attyd, Lester Mulcahy and Dick Dawson homered for the Dukes.

Gene Hermanski, Pee Wee Reese, Marv Rackley and Jackie Robinson, left to right, keep a firm hold on the sack they love to swipe. In eight games with the Braves, the Dodgers tried 18 thefts and made them all to make it 31 stolen bases in 32 attempts.

MEMPHIS, Tenn. —(AP)— Old man pressure and a wobbly, Bermuda-greened course appeared as major factors to the 125 players in the second round of the National Amateur golf tournament today.

Fewer than a dozen players involved in the eighty-two first round matches could look back to sub par performances on the 6,617 yard-par 70 Memphis Country Club course.  
Frank Stranahan, the muscular man from Toledo, Ohio, who is seeking to add the American Amateur crown to his British and Canadian prizes, had the easiest

Philadelphia pitcher Lou Bierie is in one reason among A's are still in pennant fight. The battle-scarred war veteran threatens to dethrone Cleveland's Bob Feller as American League strikeout king.

## Whiff Artist

Cleveland's third place Indians pulled to within a game and a half of the Red Sox as Steve Foga pitched the Tribe to a 10-1, seventh victory over the Senators in a night game at Washington.  
Joe Gordon sparked Cleveland's fight against four pitchers with a triple, double and single.  
At Philadelphia, the best place Chicago White Sox scored five runs in the ninth inning with two out to upset the fourth place Athletics, 9-6.  
Singles by Tony Lippon, Luke Appling, Tatt Wright and doubles by pinchhitter Ralph Wenzel and Dave Philley featured Chicago's call against losing pitcher Joe Coleman and Len Brossie. The A's now trail the field by three and a half games.  
The two co-moderators, 14-year-old Marlene Bauer of Long Beach and Mrs. Jackie Pung of Honolulu faced formidable opposition in opening matches.  
Little Marlene's youngest player ever to qualify for this tournament show Barbara Hanson of Stockton, twice Northern California champion.  
Miss Bauer, four-time national Olympic Club's Lake Side course in 1938, 39, 40, put figures for both runs.  
Mrs. Pung, Hawaiian title holder, matched with Alice Bauer, 20-year-old sister of yesterday's loser after Miss Pung's account of the Northern California Open tournament.

**SAVEN LOW TRUMP TO ENTER DUMMY**  
 By WILLIAM E. MCKENNEY  
 America's Card Authority  
 Written for NEA Service  
 For some time, I have been working on the development of a card show for television, and there are times when it is helpful to have four players at a table to try out certain ideas. Sometimes we work on set hands, and again we just deal the hands out. A friend of mine, Leslie Evan Roberts of New York City, was a

player on one occasion when the hand shown today was dealt out. Roberts (North) was not sure whether it was a regularly dealt hand, or one that I had handed to him, but he knew that he had to be very careful if he was going to make the contract. The South player had given an optimistic raise of two spades, but the bid proved to be correct. Roberts made four spades despite the fact that he could have slipped up on the hand easily. East cashed the king and queen of clubs, and when the jack was led, Roberts trumped with the nine of spades. If he had trumped with the deuce, he would have lost the contract. He led the king of spades and East won. East did not want to give Roberts another club ruff, nor did he want to lead into any tenace position, so he exited with the eight of spades, which Roberts won with the jack. Now you can see how valuable the deuce of spades was. Roberts used it to enter dummy. To make the contract, both the heart and diamond finesse had to work, but which one should he take first? The correct play, and the one he selected, was to lead the queen of hearts. West prop-

posed to take another heart finesse and make the contract.

**Colgrove-Jordan Vows Exchanged Thursday at White Deer Church**

**WHITE DEER**—(Special)—Miss Dorothy Colgrove, daughter of Mr. and Mrs. E. L. Colgrove, became the bride of Wayne Jordan, son of Mrs. Olive Jordan, Thursday at 8 p. m. in the First Baptist Church here. The Rev. S. Duane Bruce, pastor of the First Methodist Church, read the double-ring ceremony, and the Rev. M. G. Upton, pastor of the Baptist Church, led the nuptial prayer. Only relatives and a few close friends attended. White candles in two seven-branched candelabra, flanked by tall baskets of shell-pink gladioli and palms, formed the background for the exchange of vows. As a musical prelude, Mrs. Neal Edwards, organist, played "All Because" and during the ceremony, "Traumeral." For the professional she used "The Bridal Chorus" from Lohengrin, and the recessional, Mendelssohn's "Wedding March."

The candles were lighted by Wendell and Max Jordan, brothers of the bridegroom; and Stanley Gaston served as best man. The bride's only attendant was Mrs. Stanley Gaston, who wore a gold evening dress of net and taffeta, and yellow daisies in her hair. Entering with her father, who gave her in marriage, the bride wore a wedding gown of ivory satin. Wide imported lace formed a standing collar at the back of the neckline and fell in folds at the wrists. Bands of the lace edged with rows of beads adorned the full, floor-length skirt. Her finger-tip veil, edged with the same lace, was held in place by a wreath of orange blossoms. She carried a bouquet of pink carnations on a white Bible. The bride's mother wore a black crepe dress with matching accessories. The bridegroom's mother was attired in a blue crepe dress with black accessories. Both wore gardenia corsages. After the ceremony, the bridal party was honored with a reception at Sunbeam Hall. A bouquet of pink and white asters with white candles in crystal holders decorated the table, which was covered with a lace cloth over pink. Mrs. Elton Vance, a sister of the bride, was the officiating minister. He had to switch to a diamond and finesse his queen, cash the diamond ace, lead the third diamond and ruff it in dummy. Now he could take another heart finesse and make the contract.

Mental Health Subject Of Wayside Program

The Wayside Club met Thursday, Aug. 26, in the county home demonstration agent's office for a program on mental health. Mrs. Mary Ann Duke gave those present a questionnaire on parent attitudes toward children and ended with a discussion on the development of children into independent individuals who are able to cope with the realities of life. Mrs. Harold Osborne presided over the business meeting. Mrs. Bob Montgomery was appointed publicity chairman and Mrs. Ed Barnes exhibit chairman for the Top o' Texas Fair to be held Sept. 22-25. Others on the exhibit committee are Mrs. Skeet Roberts and Mrs. Lowell Osborne. All club members are urged to be present at a call meeting Thursday, Sept. 2, at 2:30 in the home of Mrs. Barnes to make plans for the final exhibit. It was voted to change the regular meeting time of the club to 2 p. m. on the second and fourth Fridays in each month. The next regular meeting will be with Mrs. Doyle Osborne, Friday, Sept. 10, at which time Mrs. Duke will hold a clinic on remodeling clothing. There were eight members and four guests present. Late Charles Evans Hughes Might Have Been a President

NEW YORK—(AP)—The former Chief Justice of the United States, Charles Evans Hughes, who died Friday night at Osterville, Mass., was almost elected president in 1916.

He was secretary of state in the Harding and Coolidge cabinets, and was twice governor of New York. (See Story, Page 1)

The 86-year-old former chief justice—the only American ever to be appointed twice to the U. S. Supreme Court—died at the Wilanno Club, Osterville, Mass., where he had come on Aug. 5 to convalesce from an illness that had confined him to his Washington home for several months.

The former jurist's son, Charles Evans Hughes, Jr., a New York attorney, said death was caused by congestive heart failure and uremic poisoning.

Since leaving the nation's highest judicial post July 1, 1941, because of declining health, Hughes had spent most of his time living quietly and in relative obscurity in Washington.

He withdrew entirely from society circles upon the death of his wife on Dec. 8, 1935.

The former chief justice, whose neatly-trimmed white beard was perhaps the most famous whiskers in public life since Abraham Lincoln's, was friendly and had a keen sense of humor.

After his retirement he kept up a large correspondence with old acquaintances. Born in Glen Falls, N. Y., April 11, 1862, he entered Colgate at the age of 14 and graduated from Brown University. After receiving his law degree from Columbia in 1884, he began legal practice in New York.

Elected governor of New York in 1907, he resigned during a second term to become a U. S. associate justice in 1910. He remained on the Supreme Court bench despite offers from Republicans to make him their presidential candidate in 1908 and 1912.

However, in 1916 he accepted the nomination and left the court to run against Woodrow Wilson. He was defeated in one of the closest races in history—Wilson winning by an electoral vote of 277 to 254.

Besides serving as secretary of state under two presidents in the '20s, Hughes also was on several special commissions and posts for the government.

President Hoover returned Hughes to the bench as chief justice in 1930. He also was widely credited with playing an important role in defeating President Roosevelt's court reorganization proposal.

Three Wells From Same Point Hit Three Deposits

BATON ROUGE, La.—(AP)—Oil technicians told of drilling three wells from the same point in the Louisiana Tidelands and striking three entirely distinct oil-producing sands.

The testimony was given at a hearing by Conservation Commissioner S. L. Digby to obtain a basis for setting allowances on wells in the Gulf of Mexico.

Technical representatives of Kerr-McGee Oil Company described their experiences with the three wells drilled from a single platform about eight miles off the Terrebonne Parish coast.

Geologist Jay Wharton of Lafayette said that after the Number One well at the location proved to be a producer, a second was "sidetracked," drilled at a slight depth, he said, the same sand from which Number One was producing was encountered. But at 2800 feet the well was completed in a sand "wholly unrelated" to the first and showing a different water level, he added.

Wharton said the Number Three well was sidetracked to the southeast and "was found to be a wildcat," striking still another sand at 1575 feet. There has not yet been enough drilling to determine the area of the oil producing formations found, he added.

Subpoenaed Jurors Fail to Report. Four taxmen had to be summoned Monday before Gray County Court could be held when only 10 of the 24 subpoenaed jurors reported for duty, and one of them was excused.

The first case to come before Judge Sherman White was the indebtedness suit of W. H. Bell and J. B. Barrett. The plaintiff alleged in court Barrett had refused to pay him certain returns and 1946 Atty. John Studer, is chief counsel for Bell and Atty. Henry Jordan was representing Barrett.

In Berlin see little hope of success for such a currency conference, unless there is a prior agreement on principles by the governments of the Big Four. Still, any conference which keeps the peace ball rolling is all to the good.

Maybe things will move more smoothly as the result of the Soviet-American consulate affair. Washington's firm stand is calculated to inspire some degree of respect. Maybe it will—who knows?

The United States at least retains its self-respect.

Gray County Leads With Seven Intents to Drill

Twenty notices of intent to drill were filed at the Pampa Oil and Gas Office of the state Railroad Commission during the past week, officials of the office reported yesterday.

Gray County led the list this week with seven filings; Hutchinson County was right behind with six; and Sherman reported four; Carson County two; and Hansford County tailed the list with one.

Market Briefs

WALL STREET NEW YORK, Aug. 30—(AP)—The stock market closed in lower prices today after an early advance failed to hold.

A few of the rals, which had spearheaded the morning advance, managed to retain small gains. Generally, though, losses ran to around 2 points.

Turnover was in the neighborhood of 70 million shares. Among the losers were Southern Pacific, Northern Pacific, U. S. Steel, Chrysler, Firestone, J. I. Case, Lockheed, Anaconda, American Can, General Electric, Post, American Woolen, Mission Corp., and Eastern Airlines.

Making a little better showing were Youngstown Sheet, Woolworth, Schenley, Texas Electric and Trust, Nickel Plate, and Texas Co.

MEETING

(Continued from Page 1) would have been possible to put any firm in the city out of business if the firm did not go along with Russian instructions.

Informal sources said Prime Minister Stalin and Foreign Minister V. M. Molotov showed a deep interest in the city administration who displeased them. Also, technical knowledge of the Berlin currency situation during the Moscow talks—far greater than that shown by the Western negotiators who had just taken up the problem.

If agreement is reached here, it will be sent back to Moscow for confirmation and incorporation in any wider decisions which might be announced. Informants say some Western representatives want specific written agreements on the number of trains to be permitted to travel through the Soviet Zone to Berlin daily, plus specific guarantees on entry and departure of highway traffic. As word circulated that Berlin soon might be on a single currency basis, the city's flourishing money trading slowed down abruptly. This trading has been brisk ever since the Western powers introduced their German mark in competition with the Soviet-sponsored East mark. Though the two were officially rated at parity, the West mark always was at a premium.

Some money offices closed. Money changers at the Potsdamer Platz, the street where the Russian, American and British zones converge, were reported shying away from Western currency.

Some points described in Moscow as technical difficulties involve fundamental principles upon which the negotiators at the Kremlin were not sufficiently familiar to make concessions, it is believed.

HEARING

(Continued from Page 1) testify against himself.

Peters was summoned before the committee after Chambers, an admitted former Communist and now an editor of Time Magazine, named him as "director of an underground spy apparatus" which Chambers said operated in the Federal government in 1934.

Peters' refusal to answer questions balked the subcommittee's attempts to fill gaps in testimony about Red spying.

Conviction by a jury on a contempt charge could bring a jail sentence. Rep. McDowell (R-Pa.), chairman of the subcommittee, and Rep. Nixon (R-Calif.), the other member at the hearing, agreed that Peters should be cited for contempt.

McDowell said he was warning the Communists of America, those present and those not present, that for the first time in the history of the United States government, that government is going to face the question of the Communist Party in the United States.

MAN

(Continued from Page 1) investigation of Herron's sanity.

The insanity battle dragged on for years. Then in 1923 Justice Berge died. Prison officials could not carry out the original execution order, because state law provides that the date of execution shall be set by the sentencing judge.

Meanwhile Herron became a virtual hermit. He refused to talk, often would not eat. His last known visitor was a son who came to see him shortly after World War I, and Herron wouldn't see him.

He never saw an airplane or a moving picture. Once, when in the prison hospital, he heard a radio, but it aved him and he ordered it taken away.

Prison officials said that mostly he lay on his cot, smoking his pipe and occasionally arising to denounce Justice Berge.

STEVENSON

(Continued from Page 1) ing on the 10 a. m. returns. He appeared to be in good humor.

Johnson could not be reached for comment. Calvert today released copies of letters to Stevenson and Johnson inviting them to suggest the names of one man and one woman for appointment to the subcommittee which will canvass the vote Sept. 13.

Stevenson, 60-year-old ex-governor and Kimble County rancher, can still lose. If he does it will mark the first time in his political career, which began more than a quarter of a century ago.

There was every indication that the successor to W. Lee (Pappy) O'Daniel would not be decided until the State Democratic Convention certifies the returns Sept. 14. O'Daniel did not seek reelection.

Both candidates indicate they will not accept the results of the Texas Election Bureau as final. Stevenson broke out in front when returns began coming in Saturday, election day. But Sunday night Johnson moved to the forefront. The lead was changed twice since.

Johnson, 40, was elected to the House of Representatives from the state's Tenth Congressional District in a special election in 1935 and has served continuously until this summer when he decided to run for the Senate instead of the House.

He ran for the Senate once before—in 1941—and lost. He was beat by 1511 votes by O'Daniel. But for the first three days of the count Johnson held the lead.
