### SAYS DEFICIT TO INCREASE DURING 1936

#### GOVERNMENT AGENCIES TO BE CONTINUED, SAYS ROOSEVELT

WASHINGTON, Jan. 6 (AP)—President Roosevelt's financial budget for 1937, unbalanced by at least a billion dollars, was blasted into new uncertainty today by the supreme court's death blow to the AAA.

Included in \$6,752,606,370 of expenditures projected for the year beginning July 1 was \$619,000,000 for the AAA. Counted in among estimated receipts in that period were \$547,000,000 of proceeds

Coupled with these figures was a warning that should the attack on the AAA be sustained, "we will have to face the problem of financing existing contracts for benefit payments out of some form of new taxes."

BY FRANCIS M. STEPHENSON, Associated Press Staff Writer.  
WASHINGTON, Jan. 6 (AP)—A treasury deficit exceeding one billion dollars—without counting unestimated new relief costs—was forecast to congress by President Roosevelt today for the next fiscal year.

Unprecedentedly, he withheld a complete budget estimate on how much the government would spend in the 12 months beginning July 1. For the present he listed \$6,752,606,370 but said later requests for work-relief money would be forthcoming.

He gave notice that next year's deficit—and the public debt—would mount accordingly. Mr. Roosevelt foresaw a debt at the end of the 1936-37 period of \$31,351,638,737.

This would be an all time high. Thereafter the government's "hint of readiness to meet demands from the opposition for an immediately balanced budget. Pending study of the voluminous document, political leaders in general withheld detailed comment.

"To run all the regular activities of the government," Mr. Roosevelt said bluntly in the message read from the rostrum to senate and house. "I will need a total of \$5,069,000,000."

"Regular" for "Emergency". This figure, put forward as a new standard for the government's permanent operating costs as differentiated from "emergency" outlays, exceeded comparative "regular" costs of recent years by around \$2,000,000,000.

Mr. Roosevelt moved federal public works from the civilian conservation corps and agricultural benefit payments from the category of "emergency" to "regular" federal activities.

"Success" justified the change, he said. "Even the new high level of 'regular' expenditures, it was said, would leave a \$5,000,000 surplus of revenue (before relief costs) as a result of 'increased earning power and profits throughout the nation and not from the new taxes imposed' last summer."

defense of new deal financial policies. Mr. Roosevelt added: "The credit of the government is at its highest."

"The average business men of the nation stand ready to do their share. It is to be hoped that the motives and attacks which spring from the desire for political or financial power on the part of the few will not retard the steady progress we are making."

"Our policy is succeeding. The figures prove the knowledge that steadily decreasing deficits will turn in time into steadily increasing surpluses, and that it is the deficit of today which is making possible the surplus of tomorrow, let us pursue the course that we have mapped."

The figures he said, been examined by him Saturday to "be sure that 100 newsmen in his office. His 'budget school for reporters,' popping with questions and answers, lasted more than two hours."

Secretary Morgenthau, Daniel Bell, acting budget director, and other aides were at the president's side. Reportage mingled with the business at hand.

In his partial relief budget, Mr. Roosevelt estimated a \$1,103,000,000 carryover from 1935's billions of relief money.

By deducting the estimated \$5,069,000 surplus representing the difference between income and "regular" expenditures, he arrived at the partial estimate of the 1937 deficit — \$1,098,000,000.

Relief Needs Uncertain. This compared with an estimated \$3,234,000,000 deficit at the end of the current fiscal year on June 30—a difference of \$2,136,000,000. Mr. Roosevelt's nearest hint of how

See BUDGET, Page 8.

### I Saw . . .

John Keller, president of the Young Democrats, spluttering with blistering indignation, said today as he read a press account of the AAA association. "Abe Lincoln increased the supreme court membership to destroy slavery, why can't Roosevelt do it to avoid communism?"

Wesley Lewis and George Christopher standing in front of their plane at the crowded airport yesterday afternoon, posing for snapshots being taken by admiring youngsters.

### Head Scout

Showered with congratulations from associates the country over and presented with a huge oil painting of himself on behalf of the organization, Dr. James E. West, head of the Boy Scouts of America, is pictured at his New York office, smiling his happiness over completion of 25 years as the scouts' leader.

### JUDGE ATTACKS GAMBLING HERE IN HIS CHARGE

#### Two Men Named O. A. Davis Hold Up Jury Schedule

Two men named O. A. Davis delayed organization of the Gray county grand jury for 12 hours today. Mr. Davis, twelve men were assembled and Judge W. R. Ewing charged the jury to bid at such things as big-shot gambling, drunk driving, forgery, and swindling.

When District Clerk called the name of O. A. Davis, two men rose and answered. Perplexed, Judge Ewing said it was impossible to ascertain which of the jury commission had meant, excused both of them. One O. A. Davis had been summoned by postal card, the other by personal interview by the sheriff. A third O. A. Davis who gets his mail here was overlooked.

The grand jury is composed of Carl Boston, J. N. Dean, A. L. Burge, H. P. Luby, O. N. Frazer, Bob Thomas, Fred Woodall, O. B. Grant, B. C. Priest, E. A. Vance, J. M. Dodson, and H. J. Lippold. Several men subpoenaed were excused after they explained their circumstances. The court term will last three weeks. Setting of the docket was to begin at 1:30 p. m.

In his charge, Judge Ewing pointed out that the jury's activities would be lightened because the new liquor laws largely omit felonies. He discussed the situation at length, but said that lawyers and the attorney general's department disagreed on interpretations of the statute. "We must just hope for the best," he concluded.

This court term will be light as to criminal cases. Burglaries constituted the major offenses since last term, and these are mostly unsolved insofar as felony complaints are concerned. It is possible that the murder trial of R. W. McQuerry, indicted for the slaying of E. W. Dutch Moss, will be reached. A hanging jury resulted in the first trial.

Concerning Gray county, Judge Ewing said that he knew of no county of similar population with a better record on major crime, but that it was not without crime problems. There must be a continuous warfare, he said, against the criminal minority. The law, he added, is the only safeguard of the home, business, family, and person of citizens.

### Scottsboro Case In Fourth Trial

DECATUR, Ala., Jan. 6 (AP)—Heywood Patterson, three sentenced to death in the "Scottsboro case" was arraigned for the fourth time today on an indictment charging him with attacking Mrs. Victoria Price, and entered a plea of innocence.

Patterson was the first of the nine defendants to be brought before Judge W. W. Callahan on new indictments returned last Nov. 13 at Scottsboro by a grand jury that included one negro in its personnel.

Patterson was also indicted on charges of attacking Ruby Bates, but Judge Callahan deferred arraigning him on that count.

### SPEECH ADDS INTEREST TO DEMO DINNER

Reports of Ticket Sellers Today Asked by Ketter And Siler Faulkner.

Whether this part of the Panhandle makes a creditable showing in its Jackson day dinner here Wednesday evening will depend upon ticket-selling activities today and tomorrow, it was emphasized this morning by John Ketter, Young Democratic club president, who is in general charge of arrangements.

A plea for all having tickets for sale to make reports not later than tomorrow—preferably today—was made by Mr. Ketter and by Siler Faulkner, county democratic chairman. Tickets are priced at \$2, which includes a contribution to the national party organization and Pampa Young Democratic club. In the 3,000 banquets to be held Wednesday, tickets are priced as high as \$10, or perhaps more in some instances.

The local event will begin at the Snyder hotel at 8 p. m. January 8. The featured speaker will be Judge H. E. Hoover of Canadian. He will talk briefly. The group will listen to a radio broadcast by President Franklin D. Roosevelt, who will devote a portion of his remarks to Young Democratic clubs.

Although the President's speech to congress is being interpreted as the opening gun in the party campaign, his address Wednesday will bear the official stamp in launching the campaign. Cities and hamlets are alike in holding Jackson day dinners, which take the form of party rallies.

A gratifying response to the ticket sale here was reported last week. Tickets are obtainable at most drugstores, The NEWS, and at Mr. Faulkner's office in the courthouse.

### LATE NEWS

WASHINGTON, Jan. 6 (AP)—Secretary Morgenthau reported today a "mutually satisfactory agreement" had been reached in talks concerning the Mexican sugar industry.

WASHINGTON, Jan. 6 (AP)—The supreme court adjourned today until next Monday without announcing decisions on TVA and the Bankhead cotton act. The ratings may come a week hence or later.

### Market Confused By AAA's Death

NEW YORK, Jan. 6 (AP)—The nation's great securities and commodity markets were thrown into momentary confusion today by the supreme court decision ruling out the AAA.

The first response was a flurry of buying in the New York stock exchange, the Chicago wheat pit, and the New York cotton market, but second thoughts prompted selling and price trends were soon mixed.

A good part of extreme gains of 2 cents a bushel in wheat and more than a dollar a bale in cotton were soon lost. Sugar futures sagged.

Food stocks surged up \$1 to \$3 a share in the stock exchange, and seemed for a moment to be pulling most of the rest of the list up with them.

### New Bond Issue Is Received at P. O.

The local postoffice has received a large shipment of new United States government savings bonds which are now for sale. The limit of the series will be \$10,000 to a person.

The bonds are in the following denominations: \$18.75; \$37.50; \$75; \$375; \$750. They are non-taxable and non-transferable. Maturity is in 10 years. Total sales to date are \$209,104,425.

### Victim of Fire Needs Household Goods, Clothing

A Pampaian which recently lost nearly everything in a South Pampa fire is in want.

Contributions of any kind of household goods or clothing will be welcomed. There are two children, of ages one and four.

The relief office will accept the articles from citizens.

### ORIGINAL AND AMENDED ACTS HELD INVALID

STONE, PRANDEIS AND CARDOZO DISSENT IN OPINION

BY JAMES W. DOUTHAT Associated Press Staff Writer  
WASHINGTON, Jan. 6 (AP)—The AAA met the fate of NRA today in the supreme court.

In a momentous six to three decision, the tribunal killed the extraordinary new deal farm relief plan under which over a billion dollars has been paid to men of the soil since May, 1933.

Justice Roberts gravely read the majority opinion, the act, even as amended last August, was held an "invasion of states rights" and its taxes beyond the "general welfare" clause of the constitution on which the government relied.

Justices Stone, Brandeis and Cardozo dissented. The administration planned councils at once to meet the setback. None disputed the tremendous potential effect on the warming presidential campaign.

Senator McNary, the republican leader, immediately projected his twice-vetted plan to make the tariff effective for farming communities.

Stone, Brandeis and Cardozo dissented. The administration planned councils at once to meet the setback. None disputed the tremendous potential effect on the warming presidential campaign.

Senator McNary, the republican leader, immediately projected his twice-vetted plan to make the tariff effective for farming communities.

### COUNCIL WILL SHOW PROGRESS OF LAST YEAR

Executive Board to Hear Report on Tuesday Eve

Progress such as few councils have made during the depression will be shown here tomorrow evening when the executive board of the Ad-be Walls Boy Scout council meets at the city hall at 7:30 o'clock.

The council has 80 Scout troops. 3 Cub packs, with 1,212 boys and 423 chartered, along the 423 scouts and 12 Cubes, making a total of 435 men affiliated with the movement.

In this oil field area, there is a constant change in the personnel of troops. For instance, 481 Scouts and 15 Cubs have been registered but dropped during the last year, along with 86 Scouts. This may be seen that the council has had 1,750 boys and 821 men in its activities during the last 12 months.

Of a budget of \$4,450, a total of \$3,005.46 was distributed during the year, distributed as follows: Executive's salary, \$1,400; office salary, \$555; telephone and telegraph, \$50; office supplies, \$67.10; postage, \$65.59; publicity, \$28.17; training and conference, \$79.50; transportation, \$50; district expense, \$60.10; charter fee, \$50; national quota, \$100. The balance in the bank as of November 30 was \$18.07.

A. G. Post, president of the council, is calling upon all Scouters interested and all members of the executive board to meet here tomorrow to lay plans for this year. It will be the first session since the Amarillo organization meeting recently.

This council, comprising 15 counties, has its headquarters in Pampa and is responsible for extending Scouting opportunities to more than 8,000 boys of Scout age.

See AAA, Page 8.

### For Mayor

After a fashion, Stephen I. Callan is a machine politician, for when not campaigning for the Seattle, Wash., mayoralty, he's a machinery dealer. Callan is pictured in the get-up that attracts crowds to his curbside campaign. He has promised that the police department will be the first one he'll mop up.

### Perfect Slogan Sought

Suggestions for a slogan for KPDN, the Pampa Daily NEWS radio station which will be on the air about March 1, now are in the hundreds.

A suggestion concerning the use of the slogan may be helpful. The slogan is different from station identification, which will be more lengthy. The slogan will be used at frequent intervals, the identification once each hour.

"You are listening to KPDN, Pampa, Texas."

Many slogans received are excellent for use on stationery, advertising, and other printed matter, but are either too long or too indapted as spoken slogans. Before submitting slogans, readers should repeat them aloud a number of times to note whether they would become monotonous.

Those who have already submitted slogans may send additional ones which occur to them.

### FDR Promises New Tenant Law

WASHINGTON, Jan. 6 (AP)—Aurthors of legislation to provide federal aid to tenant farmers for purchase of land left the White House today with the assertion that President Roosevelt favored its enactment at this session.

Senator Bankhead (D-Ala.) and Representative Jones (D-Tex), sponsors of the legislation, went over the bill with the president and Secretary Wallace. The reported some modifications were contemplated in the measure now in the house.

The bill was passed last session by the senate setting up a \$1,000,000,000 government corporation to provide loans to tenants desiring to acquire small tracts of land.

Bankhead said some reduction in the billion dollar amount is contemplated but predicted congressional approval of the legislation after some modifications. He quoted the president as favorable to it.

### 219 Persons Are Licensed to Wed In Gray in 1935

Marriages seem to be growing more popular and stable in Gray county, if statistics prove anything. Records of County Clerk Charlie Thut show that 219 persons obtained licenses to wed here in 1935. On the next floor of the courthouse, District Clerk Frank Hill's record shows 97 divorces granted, several refused, and a few dismissed for want of prosecution.

The great majority of local weddings are based on locally-issued licenses, in contrast to the out-of-state ceremonies popularized by the new nullified statute requiring notice of intention to wed.

### COMMITTEE MAY APPROVE BONUS MEASURE TODAY

House Factions and Veteran Groups Favor Bill

WASHINGTON, Jan. 6 (AP)—Chairman Doughton (D. N. C.) said today the house ways and means committee might approve this afternoon the bonus bill, behind which house factions and major veterans organizations have united.

He made that assertion after the committee discussed the measure for an hour and a half behind closed doors.

Simultaneously, Speaker Byrns said there would be every disposition on the part of the house leadership to get together with the committee in the interests of expediting the measure.

He said he did not know just when it might come to the floor.

The ways and means committee listened to an explanation of the bonus measure by Rep. Vinson (D. Ky.), one of its sponsors, then questioned Brigadier General Frank T. Hines, veterans' administrator, on costs.

"I don't see any reason for delay," Doughton said. "There seems to be no good reason why we can't report out the bill this afternoon."

### ITALIANS WIPE OUT CITY IN NEW BOMBING DRIVE TO HALT ADVANCE OF BLACK ARMIES

EGYPTIAN RED CROSS UNIT REPORTED DESTROYED

DOLO, Ethiopia, Jan. 6.—Italian armies, thrusting forward to determine the strength of their enemy, encountered Ethiopian raiders in a dense jungle 35 miles north of Dolo and fought a two-day battle, with 150 Ethiopians believed slain and one white Italian soldier killed.

(Copyright, 1936, by The Associated Press)

ADDIS ABABA, Jan. 6.—The Italian armies have plunged into the most intensive air bombing activity of their three-month-long campaign. Ethiopian authorities said today, in an attempt to halt advances by native forces on all fronts.

Fascist aerial squadrons, dealing out deadly bombs and machine gun fire, were reported officially to have destroyed Daggah Bur and an Egyptian Red Cross unit on the southern front, where three columns under Ras Desta, Dentu, son-in-law of Emperor Haile Selassie, have been moving slowly against the aid of Gen. Rodolfo Graziani.

On the northern front, where a force of 400,000 men under war minister Ras Mulatshela and four other commanders has been waging a campaign, official communiques said renewed Italian air raids were directed against important cities and troop concentration centers.

The latest government advices told of at least two aerial attacks on the southern front and three on the northern front, following the Dolo bombardment a week ago today, in which a Swedish Red Cross hospital was destroyed. Officials were unable to draw from the confusion the exact number of casualties.

In the Mediterranean, where international tension was relaxed for weeks incident to the advancement of peace proposals, Britain used commercial liners to carry troops to British posts near the areas of greatest uneasiness.

The destination of one Cunard-White Star liner, the Scythia, pressed into troop transport service, was said by authoritative sources to be Alexandria, Egypt, just east of Italy's north African possession of Libya and northwest of the Ethiopian war zone.

A sharp skirmish on the southern front, in which the Ethiopians suffered more than 150 casualties, was reported in an Italian war communique. Several deaths in patrol actions on the northern front also were announced.

Though moving to strengthen its military position, the British stationed on the moment any decision on proposals to extend the League of Nations sanctions against Italy to include embargoes on oil, coal, iron and steel.

LITTLE ARGUS in Calisbad Current—Argus—This old world is traveling at a dizzy speed, and daily the newspaper becomes a more essential part of the community's life as the need for correct information on last-minute events increases.

HONEST BILL in Spearman Reporter—Two days before Christmas—and Don't Name It in a rather sour mood.

That messenger of joy and token of friendship—two Christmas cards caused it.

Both cards were from Spearman merchant—and both cards were printed out of town.

Neither merchant saw fit to let the Spearman Reporter bid on this small item.

With one of the merchants the writer had just spent more than one HUNDRED dollars this month.

With the other merchant the writer has spent approximately \$400 annually for more than three years.

KATHRYN STANTON in Olovis News-Journal—Even Roosevelt's mistakes seem to be going over. We read of several sculptors admiring his latest bust.

### WORDS O. E. H.

BY OTHER WRITERS  
H. S. HILBURN in Plainview Herald—Big Boy, we're going to buy some of these baby bonds. Uncle Sam has asked us to, using the very same outfit to address an appeal to us with that he addressed the last wheat check with. It's tax paying time and all that, but we're going to buy one or two of those bonds just as quickly as we can.

A bond can be bought for \$18.75, which in ten years increases to \$25. Increases to \$25. In other words the bonds have a guaranteed cash value after ten years of 33 1/3 per cent greater than the purchase price. They may be redeemed at anytime after 90 days from date of purchase.

The strength of the government's credit rests in its ability to borrow from its citizens through the sale of securities.

We are the "small investors" the government is talking to now. Shouldn't we make grateful, even if sacrificial, response?

L. D. and MOLLIE SHAW in Higgins News—Home and loved ones are taken for granted. The fire is broken. Then most of us learn the first time the real meaning of mother and father, brothers, sisters, home.

GEORGE H. HILL in Roswell Dispatch—Taken by and far, it appears we have numerous things for which we may feel grateful, especially that we are not liable to mass uprisings, radical strikes, or like futures which disrupt the even tenor of the lives of those in more thickly populated sections.

SWEETWATER REPORTER—City and county officers raided the residence of a local man Friday afternoon to confiscate a gallon of corn whiskey, for which charges of possession for sale of intoxicating liquor were filed.

The man was lodged in the Nolan county jail to await being arraigned in court on the count.

Officers removed the supply of liquor from a table leg in the Bethel home where it had been hidden in small containers, it was reported.

LYNN COUNTY NEWS (Tahoka)—R. Bosworth made up about \$19 Monday among business men, farmers, and other residents of Tahoka and vicinity with which to pay for a pony purchased for Woodrow Chaney, a crippled boy, who is nearly able to make his way about the street selling pencils and other small articles for a living. The boy formerly owned the pony but sold it about two years ago.

HAROLD WATKINS in Cleburne Times-Review—It's about time for Christmas jewelry to start turning green.

THE PLAINSMAN in Lubbock Journal—Washington federal offices are so crowded that in some cases there are four sets of feet for one desk top.

LITTLE ARGUS in Calisbad Current—Argus—This old world is traveling at a dizzy speed, and daily the newspaper becomes a more essential part of the community's life as the need for correct information on last-minute events increases.

### I Heard . . .

Two of Pampa's good Republicans gleefully remarking that the Democrats may control the senate and house but that the Republicans control the supreme court and that is all that matters. The two were talking over the AAA, now declared unconstitutional.

Has a message for Cameron McKinnon from Fred Gordon if the latter will call at The NEWS office.

### AAA Permanent, Says FDR

Asks Solons to Continue Control of Program

WASHINGTON, Jan. 6 (AP)—President Roosevelt told congress today he considered the AAA permanent.

While its constitutionality hung in the balance before the supreme court, he recommended that \$499,054,985 be voted to carry the agency through the year opening July 1.

This would remove the AAA from an emergency status, the president had previously warned new taxes

would have to be found if processing taxes are outlawed.

Benefit payments are expected to balance processing tax collections.

Success attending the AAA under "emergency" status, the budget message said, justifies considering it "regular" henceforth.

Processing tax collections for 1934-37 were estimated at \$547,000,000, an increase from the estimate of \$529,000,000 for this fiscal year. The increase, Mr. Roosevelt said, should result from increased consumption of cotton, wheat and hog products.

Pointing out that for the five months ending Nov. 30, processing

tax receipts were only \$56,000,000, he said \$148,000,000 in taxes were imposed in the court on that date.

Repeal of the amendment to the AAA which set aside 30 per cent of gross customs receipts for the farm administration was sought.

The money, estimated at \$100,000,000 annually can now be used to promote exports and domestic consumption of farm products and to remove surpluses.

The AAA has planned to use a maximum of \$55,000,000 from the fund during this fiscal year to pay

## DO WE LOVE SQUALOR?

Without hurting ourselves we may mull over a bit the criticism and remarks made a few years ago by G. H. Chesterton, English author and lecturer, who had just completed a long tour of the United States. Criticism of American institutions from the other side of the ocean is not always worth listening to, European visitors being what they are. But, too, all of their criticism is not to be dismissed summarily and without consideration, for some wonderful races have emerged there through centuries of human experience.

"From one end to the other of this magnificent American civilization," said Mr. Chesterton, "there is no such thing as a village. When you enter a little town it is simply an eye-sore to anybody of European tradition or instincts."

"The first things met are yellow tin advertisements, tin buildings with frameworks of lead and glass, and tin shops—and then, thank God, you are out of the town."

It is quite obvious that the American small town rubbed Mr. Chesterton the wrong way. None knows better than one who has seen the villages of Europe, and particularly those of England and the other isles of Great Britain, how orderly, quaint and most times beautiful are the rural hamlets of England.

How drab, in contrast, are many of the small villages of America! There are towns where you heave a sigh of relief as you pass through the hintermost outskirts in departing.

A disinterested observer might think that we are actually hostile to beauty; that we prefer ugliness to charm.

Many of our rural homes are devoid of shrubs and trees and other simple things which beautify surroundings and the outskirts of many of our towns and cities are notorious for their squalor and ugliness.

But we'll gradually outgrow that. We have been a nation of "squatters." As one frontier has vanished, and we have ravished its resources we have left it and moved on to a newer country. Our abodes have been more or less temporary. Our last frontier has vanished and we are past the shack stage. Tied more permanently to the soil our people will make greater effort to beautify it.

We are mobile. We go places and do things and see a great deal. Beauty appeals to us. We gain an idea here and an idea there—and we'll use them.

Not long ago a good West Texan, who was a good East Texan before he came here, told the writer of a trip back home after he had moved to the Plains. It was by wagon and a long way. That man's description of the Coryell county landscape was a classic. He told of seeing the familiar landmarks which told him that he was only a few miles from home. Then he got to the old pasture gate. It was the same dilapidated, crude, picturesque and cumbersome portal that he had used hundreds of times before. Then the old rambling house came into view. The homefolk rushed out to see and greet him and his. He went into the old home. "It actually smelt like home!" he said.

The picturesque home he described was appropriate to its setting. It was a part of the country and had beauty and charm, despite its lack of architectural beauty. It was home. It was loved because it was home.

It would be fairly easy to remove most of the unpleasant features from the small town and city outskirts, if a little time and money were spent on the job.

Through the west portion of Plainview, along the draw, and particularly in the old gravel and sand pits, there is an unsightly scope of territory. Due to the rough topography of that area this could be made a spot of unusual beauty, because it is in such sharp contrast to the flat, level plains which greet the eye in every direction.

By a little care and attention for our landscape—private and public; by little expense in our buildings to make the exteriors distinctive and attractive; by caring just a little more for the beautiful, we can attain it. —Plainview Herald.

## BEHIND THE SCENES IN WASHINGTON

BY RODNEY DUTCHER

WASHINGTON.—Mr. J. P. Morgan will make another Washington appearance on Jan. 7—or immediately thereafter—when the Senate Munitions Committee resumes its hearings.

Any midget found trying to enter the hearing room will be given a prompt bum's rush.

The committee wants to know all about how the Morgan firm—with some aid from Kuhn, Loeb & Co., Guaranty Trust Company, and other bankers—financed the Allies in the World War.

It has been through the Morgan files, more or less, considerably hampered by the fact that the great banking firm refused to produce documents unless they were specified and described. The committee will never know how much it missed.

But Mr. Morgan will be asked to help Chairman Nye and his colleagues draw the picture of the wartime credit and inflation mechanism to the point where the Allies and Morgan couldn't carry it any more—and where this government stepped in.

Many new secret government documents, concerning evidents which led to American entry into the war, will be introduced publicly. Some are being suppressed at request of the State Department and the British government.

Nowhere has anything been found to indicate that the Morgan partners ever brought pressure directly to bring this country into war.

But Morgan probably will be questioned closely as to whether he believes he was acting in the best interests of this country or in those of England, with which he has always had close personal ties.

There was a plaintiff in the TVA case before the supreme court, but he wasn't there and you would never know of his existence unless you looked up the record.

His name was George Ashwander, he was a preferred stockholder in the Alabama Power Company, and he was supposed to have been irrefragably by TVA, which was the basis of the suit against the government so eloquently argued by James M. Beck.

Yet in two days of argument the name of Mr. Ashwander wasn't mentioned even once by government or opposing counsel and consequently it is impossible to report the age, marital status, home address, color of hair, or even the exact TVA views of Mr. Ashwander.

## DEMOCRATS TO BATTLE AGAINST LIBERTY LEAGUE

### Robinson and League Flail Away at Each Other

BY EDWARD J. DUFFY.

WASHINGTON, Jan. 6 (AP)—Despite support for the American Liberty League among some prominent democrats, the new deal embarked today on campaigning against that organization as a twin to the republican national committee.

In as bitter words as have marked the presidential campaign to date, Senator Robinson of Arkansas, the democratic leader, and the league exchanged castigations over President Roosevelt's opening message to congress.

Contribution lists of the republicans and the league, said Robinson, "reveal plainly not only the source of the opposition to which the president of the plutocratic club that feels called upon to save the country from democracy."

Charging that the president has "flouted" the constitution, the league called him the first in his office to go in any public utterance has tried to create class hatreds and prejudices.

Behind the statements lay possibilities of political upheaval and drama unsurpassed in generations. By coincidence, they came while smaller democrats were planning dinners in every state next Wednesday to honor President Andrew Jackson and to hear Mr. Roosevelt's radio speech to the diners.

Among the absentees will be Alfred E. Smith and John W. Davis, the 1928 and 1924 presidential nominees and now pillars of the Liberty League.

Democratic headquarters estimate over 2,000 dinners attended by 250,000 persons on Wednesday evening will raise enough cash at least to make a sizeable dent in the \$400,000 party deficit. The hope is for enough to wipe it out and leave more besides to go into the present campaign.

The tallest specimen of a petrified tree yet found in Oklahoma, 24 feet in length, will be assembled for a geological exhibit at the University of Oklahoma. It was found near Ada.

# WHITTENBURG WILL PLAY HARVESTER CAGERS HERE ON THURSDAY EVENING

## PAMPANS WILL PLAY IN MEET AT MOBEETIE

### INTENSIVE PRACTICE IS RESUMED AFTER HOLIDAYS

Vacation for the undefeated Harvester basketballers and their coach, Olin Mitchell, ended today. Coach Mitchell returned to the city Saturday night from Pasadena, Calif., where he attended the Rose bowl game.

The first intensive practice for all the team in ten days will be held this afternoon. The coach did not have orders for gym workouts while he was gone, and did not require the team to practice in his absence to the extent that it would interfere with the boys' vacation—which after all was a vacation. Since he left no orders for practice, it was considered optional whether members of the team would work out.

On his return the coach found the boys emerging from a game which they should have won by a large score, but managed to capture by one point. The game was played against the Whittenburg team Saturday night in Hutchinson county, and the final score was 28 to 27. One of the regulars of the team, Moose Hartman, forward did not play, although he made the trip. Another regular, Stokes Green, entered the game in the last quarter. The two regulars "cut" practice one night during the holidays, and did not make the trip to Allison Thursday night when the Pampans won 26 to 8. The absence of the boys in the lineup was due to a misunderstanding of vacation practice plans, it was said today, and not to any wilful disregard of orders.

The same Whittenburg quintet which almost beat the Harvesters Saturday night will be here Thursday night for a return game which will begin at 8 o'clock.

The game at Whittenburg was described as a football classic by participants and observers. It was called the roughest the Harvesters have experienced in two years. It was the 16th straight victory for the Harvesters. Hopper, Benton, Fring, notably Bob Bailey and Kelley Kitchens, acquired valuable experience as substitutes in the last week. The second string has improved its quality of basketball, and this was important because the superiority of the first string was being tested to improve, the substitutes should be able to hold any lead that the Harvesters pile up.

Coach Mitchell will devote the week to earnest drilling of his squad. Two-hour practice sessions will be held daily, and no games will be played here except the Whittenburg tilt. On Friday the team will enter the Mobettie tournament which will draw some of the best teams in the Panhandle.

## Cunningham Is Anxious to Do Mile in 4:04

NEW YORK, Jan. 6. (AP)—Glenn Cunningham, the fastest miler of all times, still hopes that some day he will do the distance in 4:04.

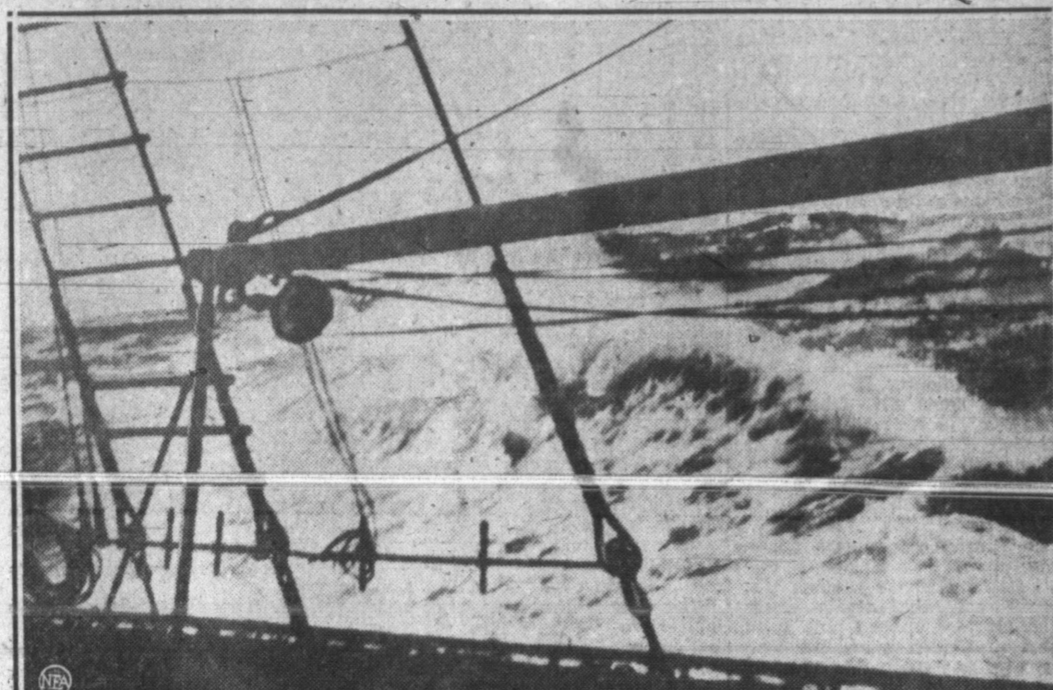

The barrel-chested Kansan, 26 and rapidly nearing the age when athletes are called "old" believes he has yet to reach his peak—this despite his 4:06.7 at Princeton in 1934 to establish the world mile record and 4:08.4 in the Madison Square Garden the same year to set the indoor mile standard.

"Cunningham will have to be just right," said Glenn, who opened his indoor campaign Saturday by winning the 800-meter run in the Knights of Columbus games in Brooklyn.

Cunningham showed good form last week when he stepped a mile in 4:16 over a heavy track at New Orleans.

More than running a 4:04 mile, Cunningham is concerned about representing the United States in the Olympic 1,500-meter run and taking a medal in the 1,500-meter physical education from the University of Iowa. He placed fifth in the 1932 Olympics the year he first gained prominence.

## Liner Bucks Mountainous Seas in Winter Storm

The bitter weather that has held most of the country in its grip for nearly two weeks reached out to sea on the seven-league boots of a winter storm to pile up mountainous seas and hamper trans-Atlantic shipping. Looking over the side of the S. S. New York, one of the huge waves that swept its decks is shown as a white fury of swirling, storm driven water. The heavy seas delayed the ship's arrival at New York for a day and a half.

## CORAL GABLES, Fla., Jan. 6 (AP)—Arthur Hendrix, rising young racket swinger from Lakeland, Fla., found himself in the "target" spot as play opened today in the Miami Billmore tennis tournament.

NEW ORLEANS, Jan. 6. (AP)—Arthur Hendrix, 23-year-old student of Southern College, Lakeland, Fla., was regarded as a coming tennis star today as a result of his four-set victory in the Sugar Bowl tournament yesterday over Wilmer Allison, America's No. 1 player. The score was 6-4, 1-6, 9-7, 6-1.

Although Allison did not play his usual game, probably because of a three-months layoff from play Hendrix overcame the veteran's net volleys and kept him pushed back near the baselines.

Allison, a powerful net player, often came up only to set the ball whizz past his forehead and even his forcing shots frequently went for errors.

Allison rallied to take the second set with ease but tired after the extra-game third set.

## WILMER ALLISON IS DEFEATED BY STUDENT IN NET TOURNEY

CORAL GABLES, Fla., Jan. 6. (AP)—Arthur Hendrix, rising young racket swinger from Lakeland, Fla., found himself in the "target" spot as play opened today in the Miami Billmore tennis tournament.

The 23-year-old Southern College student yesterday defeated Wilmer Allison, national singles champion from Texas, in the finals of the Sugar Bowl tourney at New Orleans.

He will have a chance to show whether he can maintain his fast pace against a strong field here.

Although he has not been ranked nationally, Hendrix holds four state titles—Ohio, Alabama, North Carolina and Georgia. He also won the mid-Atlantic tournament last year.

Hendrix is seeded No. 4 among American entries in the Miami Billmore tournament, No. 1 is Bryan M. (Bibby) Grant, of Atlanta.

## MUSTANGS GET HUGE WELCOME FROM DALLAS

### CROWD AT TERMINAL IS BIGGEST SINCE 1909

DALLAS, Jan. 6. (AP)—The Southern Methodist Mustangs returned to their classrooms today and tried to forget the defeat administered by the Stanford Indians in the Rose Bowl at Pasadena, Calif., on New Year's day.

Six of the football squad, given a hero's welcome when they departed yesterday, were ready for basketball. None lettered in basketball last year, but two, Tipton and Spain, did two years ago and were expected to repeat this year.

The players and Head Coach Matty Bell appeared highly appreciative of the greeting given them by thousands of classmates and citizens who filled the union terminal.

Said Bell:

"It was sure swell of the folks to support the team this way. It will help the boys. They're a great bunch."

"How did the boys come through?" he was asked.

"They're all right. Some of 'em got bucked up a little in the first few minutes of the game, but they're not badly hurt."

"What did you run into out there?"

"It just wasn't our day."

A veteran gateman at the union terminal said the crowd which welcomed the Mustangs home was larger than that which greeted the last president of the United States to visit Dallas. The president however, was Taft, and the visit made in 1909 when the city's population was much smaller.

The team had trouble getting through the crowd until a bright youth yelled:

"Gangway—here comes Bobby Wilson."

Then the crowd stepped back, and permitted the 147-pound all-American back and his teammates to pass.

## New Triumphs For American League In 1936 Predicted

### President Reviews 'Grand Slams' Of 1935

By WILL HARRIDGE (President, The American League)

CHICAGO, Jan. 6. (AP)—We American leaguers well can be proud of our players during 1935, for they not only won the all-star game for the third time but also were triumphant in the world series when the Detroit Tigers vanquished the Chicago Cubs.

The Tigers did not look like champions in the spring. In fact, it seemed as if New York, Chicago or Cleveland would finish in front, but Detroit, after a very poor start, settled down and gradually overcame the odds owned by four of their rivals, finally going to the front and remaining there.

Chicago, after a most spectacular sprint at the outset of the season, again experienced the bad luck that beset the White Sox in 1934, and, with most of their regulars being injured at one time or another, slipped down to fifth place. Cleveland was handicapped because of accidents, while New York lacked its suspected strength in pitching. Boston has its troubles in its infield and those two veterans, Grove and Ferrell, pitching sensationally, could not bring the Red Sox home in better than fourth place.

There were numerous incidents which made the American league season of 1935 one to be remembered.

Lou Gehrig stretched his string of consecutive games to 1653.

Vernon Kennedy, rookie White Sox pitcher, pitched a no-hit game against Cleveland.

Roger Cramer of Philadelphia made 6 hits in 6 times at bat, being the first American league batsman to do so twice.

Ted Lyons of Chicago became the first pitcher ever to make two two-base hits in an inning.

Buddy Myer of Washington won the batting championship from Joe Voshik of Cleveland on the very last day of the season.

To temper our joy over the victory of Detroit in the world series, there was the tremendous loss to the American league occasioned by the death of Frank J. Navin, president and half-owner of the Tigers and vice president of the league. With his passing, Walter O. Briggs, nationally known manufacturer, became sole owner of the Detroit club, while Colonel Jacob Ruppert, owner of the New York Yankees, became vice president of the league.

To forecast the season's race several months in advance is a most difficult task. Nationally, the question is: "What club or clubs can prevent Detroit from winning its third consecutive pennant?" How can I make such a prediction at this time when we do not know how the eight clubs will shape up at the start of the season?

## HAPPY NEW YEAR FOR GOLF IS FORESEEN BY PRESIDENT BUSH

BY PRESCOTT S. BUSH

(This is the first of a series written especially for the Associated Press by the nation's outstanding athletic leaders on results of 1935 and prospects for 1936.)

required to lug such heavy burdens. Golf officials note with satisfaction the continued growth of municipal golf.

Perhaps no game that is played by millions of our people is so capable as golf of developing the sense of sportsmanship. Courtesy, and consideration of the opponent.

### HOLDING THE BAG

WINSTON-SALEM, N. C. (AP)—The unsought position of holding the bag is certainly not tons in the age-old game of passing the buck, but it may mean fired chicken gators for Sheriff Guy L. Scott.

Along the old Salisbury road the sheriff's alert deputies picked up no fewer than 30 plump chickens bagged in separate sacks, presumably for the automobile of a thieving confederate who never came.

The Great Barrier reef extends along the Queensland coast of northeastern Australia 900 nautical miles.

## Sports Roundup

NEW YORK, Jan. 6. (AP)—Jack Burns, who pitched Jack Dempsey into the ring, is back on Broadway. This trip he's managing a young heavyweight prospect named Hank Bath. . . Hank has won 36 of his 37 fights by knockouts. . . Doc says he's a long ways off, but has what it takes. . . the kid gets his Garden chance Friday night against Red Burman who, strangely enough, is handled by Dempsey.

That stuff about Kerns and Dempsey not speaking is strictly the bunk. . . While not as friendly as when they were splitting Dempsey's earnings 50-50, they're still on good terms. . . Kerns ate his first New York dinner in Dempsey's Eighth avenue spot. . . The former pals will be in opposite corners Friday night.

Kerns is flat broke, but he is as jaunty as ever. Dempsey made him a fortune, but every dime has slipped away. Doc always was known as a good spender, but most of his roll went in bad real estate investments. . . However, he's sure Hank Bath will be heavyweight champion of the world some day. . . And then he figures he'll get it all back.

After the famous Dempsey-Kerns split, brought about by Kerns' opposition to Jack's marriage to Estelle Taylor, Kerns went into fistic retirement. . . He bobbed up to pilot Mickey Walker during the last days of the famous toy bulldog's career. . . Then dropped out of the picture again until he came up with Bath.

Helen Willis Moody says the luckiest tennis player of 1935 was Helen Willis Moody. . . Also, she predicts the United States will bring home the Davis cup this year. . . What, with Fred Perry and Bunny Austin still playing for England? . . . Gil Doherty's rib tickling description of the Princeton Tigers: "You have possession of the ball. . . before you know it, Princeton has a touchdown."

## SPORT SLANTS by Pap

The 18,000 fans who jammed into Madison Square Garden to see the basketball game between Purdue and New York University were rewarded with a contest so dramatic, so thrilling that they were left limp from emotional reaction after the final whistle sounded.

New York University's undefeated team staged a great second-half comeback and staved off a determined bid by Purdue in the closing minutes to secure a 42-41 victory over the Boiler-makers and chalk up the first defeat suffered by the Big Ten champions, at the hands of a non-conference opponent in two seasons.

Purdue enjoyed a 20-14 lead at the end of the first half after having played an over-anxious and tense N. Y. U. team. The Violets came back fighting after the intermission. With five minutes to play, they led Purdue 42-31, and apparently had the game sewed up.

Kessler Cuts Loose

At this stage of the game the Boiler-makers, led by Bob Kessler, cut loose with a rally that all but overtook the tiring N. Y. U. team. Thirty seconds to play and Purdue was just one point behind. A Boiler-maker forward missed an easy lay-up shot and with it went Purdue's hope of winning.

Kessler, the Boiler-maker's captain and all-America forward, was the leading scorer with five field goals and four foul conversions for a total of 14 points. He was all over the floor on the offense and defense.

A slightly built but who weighs only 165 pounds and stands six feet tall, Kessler looks more like a bean-pole than a basketball player, but he makes up for what he lacks in natural physical endowment with seemingly unlimited energy, a keen basket eye and amazing speed. His flaming competitive spirit marks him as one of the greatest in the long line of outstanding hardwood players developed by Coach Ward Lambert at the Boiler-maker institution since the World War.

Kessler has been called the jumping-jack of the hardwood, and not without reason. He fairly swarms over loose balls on scrambles under the basket, and frequently emerges from the wild melee to bounce off the floor, twist like a corkscrew in mid-air, and flip in one of his deceiving left-hand shots. He is equally adept at long range, and is at his best against tough opposition.

Coach Lambert does not believe

## Miami Open Won By Willie Klein

MIAMI SPRINGS, Fla., Jan. 6. (AP)—Blonde, 34-year-old Willie Klein resumed his routine "teaching pro" duties today at the La Gorce Golf club, Miami Beach, richer by \$500 for winning the twelfth annual Miami open.

Klein, who works at Wheatley Hills, N. Y., in the summer, scored a record-shattering 272 to finish five strokes ahead of Gene Sarazen, veteran campaigner from Brookfield Center, Conn.

Klein, trailing Sarazen by two strokes at the end of a six-under-par 64 which tied the course record and coasted home with a 68 on the last round.

Sarazen, after virtually shooting himself out of the running with a 73 yesterday morning, came blazing back with a 68 to earn a 400.

A stroke back in third place was Johnny Revolta of Milwaukee, whose 278 equaled his own 1933 tournament record.

## Turkey Defeats Lockney 48-22

TURKEY, Jan. 6. (AP)—Coach Al Durnan's Turkey opened the conference basketball season on Friday night with a 48 to 22 win over the Lockney quintet. The Turks first string played less than half of the game.

Young looped 12 points in the first 10 minutes of play and before being taken from the game at the half he had increased the total to 14. Lipscomb, playing only a half, added 13 more points. Coach Durnan used his entire squad during the game.

The starting lineup included Captain Young, J. Lipscomb, S. Meacham, D. Yarbrough and D. Coker.

The next conference game will be played on Jan. 10 with Quitaque providing the opposition. The Turks have high hopes of winning the conference this season.

Charlotte, N. C., has the first enclosed fire truck in the United States.

## MISSISSIPPI

KANSAS CITY, (AP)—Dr. Owest P. McPherson, seeing a police car behind him, said to himself: "Here's a chance to show what a careful driver I am!" He inched along stopped at every opportunity, went to exaggerated lengths to give other drivers right of way, etc.

Finally, the police car drew alongside and a voice bellowed:

"What's the big delay, brother? You're one of those wobbly, uncertain, creeping drivers that is the worst traffic menace. Get going!"

A professional silver cross brought from Abyssinia by Sir Robert Napier's expedition in 1867 was sold for \$100 in London.

## Dixie Changes Name to East Texas League

DALLAS, Jan. 6. (AP)—At its winter meeting here yesterday, the West Dixie baseball league voted to change its name to the East Texas league and elected Walter Morris as president.

Morris replaces Alvin Gardner, president of the Texas league, who resigned after serving 2 years as president of the West Dixie organization.

The 1936 East Texas league will open its season April 22 and close Aug. 23. Cad Williams of Palestine was elected vice-president.

Gladewater, Henderson, Jacksonville, Longview, Tyler and Palestine will form the 1936 league roster. Provisions were made for an eight-club circuit providing two cities are found willing to enter. Kilgore, Marshall, Corsicana and Waco will receive invitations to join the league, Morris said.

## CALLING THE ROLL OF THE "MAKIN'S" EXPERTS!

PRINCE ALBERT HOLDS TOGETHER RIGHT—SHAPES UP IN A JIFFY

JACK KERSCHER rolls a dandy mellow-tasting Prince Albert "makin's" cigarette in quick-step time—9½ seconds.

P.A. IS PACKED IN A BIG ECONOMY TIN—AND I SAY IT'S THE WAY TOBACCO OUGHT TO BE PACKED

HE'S ROLLING ONE NOW! Hugh Clingman's time is 10 seconds. How does your rolling speed compare with his?

I'LL TELL YOU WHAT ROLL-YOUR-OWN TOBACCO I RECOMMEND—PRINCE ALBERT

DICK TRUITT is another fast one with Prince Albert and the "makin's" papers—rolls 'em in 9½ seconds.

No-risk trial offer still held open by dealers of PAMPA

We recently made a remarkable straight-from-the-shoulder offer to roll-your-own smokers through the columns of this paper.

The effect was electrifying! Smokers by thousands took to it on our word . . . tried Prince Albert . . . and met up with a better "makin's" tobacco than they had smoked before.

Tobacco must please, or you've smoked it FREE! The offer is repeated today. Prince Albert delights you, or you pay nothing. And you are the judge. Could anything be fairer?

Choice, top-quality tobaccos are used in Prince Albert. Ordinary grades are rejected.

Prince Albert is "crisp cut" for easy rolling and slow, cool burning. Mild, mellow flavor is assured by our special "finishing process." Prince Albert is "right" in tin. No rolling waste. Tobacco keeps in prime condition.

And you get real money in-the-bank economy, too. There's tobacco for around 70 cigarettes crowded into every big 2-ounce tin.

Remember that it is Prince Albert which makes the fair and square NO-RISK offer. And there are 2 full ounces in every tin of Prince Albert. So start rolling P. A. today! It's a mighty neighborly smoke in a pipe too.

Roll yourself 30 swell cigarettes from Prince Albert. If you don't find them the finest, mostest roll-your-own cigarettes yet ever smoked, return the pocket tin with the rest of the tobacco in it to us at any time within a month from this date, and we will refund full purchase price, plus postage. (Signed) R. J. Reynolds Tobacco Co., Winston-Salem, N. C.

70 fine roll-your-own cigarettes in every 2-ounce tin of Prince Albert

THE EASY-TO-ROLL JOY SMOKE

### RUSK RESIDENT REMEMBERS HIS ACQUAINTANCE WITH BULL, LIND

RUSK, Jan. 6 (AP)—Acquaintance with Jenny Lind, the Swedish nightingale, Ole Bull, greatest violinist of his generation, and school days with Christine Nilsson, opera prima donna, are recollections W. T. Lindstrom may draw from a life approaching the century mark. On the sterner side are his service in the Danish army in Bismarck's war to absorb a couple of provinces from the little kingdom, and three years before the mast.

His acquaintance with Ole Bull, who spent many years in the United States and died in 1880 at the age of 70, began during a snowstorm which forced the famous Norwegian violinist to seek shelter in the Lindstrom home.

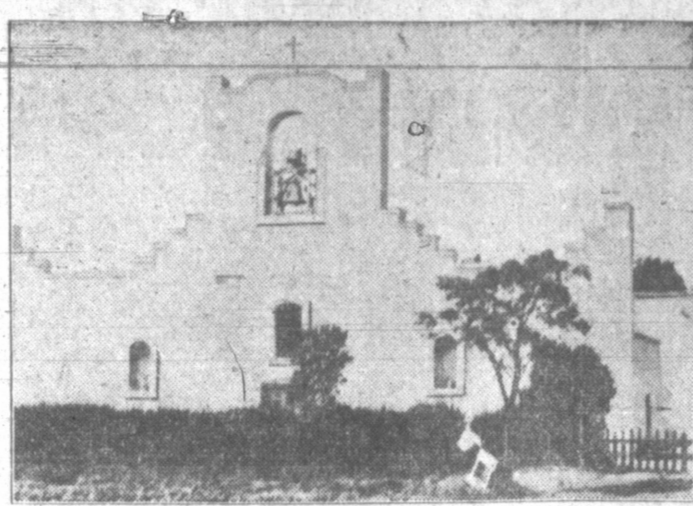

"My older brother, Gustaf," Lindstrom said, "was a musician. Noticing his violin, Ole Bull asked him to play and after listening remarked, 'if you had some special instruction you'd be a good fiddler.' Gustaf, known as the best violinist in our part of Sweden, was nettled.

"Can you play?" he asked.

"Have done it," came the reply and Gustaf handed him the violin. Ole Bull played as only the master could and during the two weeks the storm lasted Gustaf practiced under his guidance.

Lindstrom's father, a district judge, gave his son the advantages of education and soon after the young man was graduated at the University of Gothenburg he went to Denmark, joined the regiment of his uncle and fought with the Danes against Germany. In his first battle the men on his right and left were killed. He was assigned to

### First Church Built in Texas

This photograph is of the church of San Miguel de Socorro, built in 1681 and still standing on its present site near El Paso. The first church to be built in Texas, it will be reproduced, at a cost of \$25,000 to house an extensive Catholic exhibit at the Texas Centennial exposition which opens in Dallas June 6. The building and exhibit program is sponsored by a Catholic group headed by Father Joseph G. O'Donohue, of Sherman.

### NEVER MIND THE LADY

Chapter 10  
"SELF-DEFENSE"

"Steady," Terry said to Allaire. "I'm following you."

He waited only long enough to snatch up her bag, retreating warily to the warehouse alley with the weapon on that irresolute group on the dock. Once in the alley he grabbed her arm and ran for the car.

She didn't know how to use an automatic from a shovel. No, and it would be a long time before Hildez ran Coffee Company shipments again.

Amazing girl—she'd learned fast. Willett spoke only once before they reached the Balneario Drive, swearing under his breath as a carriage lolled along in the middle of the road ahead of him.

The girl ahead of him he could feel the warmth of her bare arm and the whole plant yield of her body.

"Too bad" for her it wasn't the Batacans they were leaving, and the sprawling bulk of Luis Hildez wouldn't rise to his feet against the next customer seeking staged excitement for fifty centavos.

Then as they swept into the beautiful, broad drive she uttered a low sigh.

"Amazing girl—I'm going to be so awfully sick."

But she wasn't. She exerted herself immediately and fought off the nauseating attack. She was fundamentally strong, this slim girl with the honey-colored hair.

She was the girl who at flashing, abruptly found himself looking up on death with a different viewpoint.

Death he had seen in many forms, extending from a mine explosion in Swansea to that old pyromaster of his father's who'd fallen into a bar on a six-foot grade in the Barisan foothills.

He had become hardened to it as something that fitted in naturally with the twisting pattern of this thing called Existence. But watching this girl draw a long, quivering breath in her struggle for life, he remembered how terribly weak and helpless he'd felt years ago. He'd been young, a kid—he'd cried.

"Take it easy," he advised gently. "You shot in self-defense—"

"I shot him." She spoke queerly, like somebody trying to feel out a geometrical theorem. "I just found it in my hand—and it was just there—"

She laughed shortly. "How ridiculous. I sound like a baby-faced wife telling the jury how she made herself a widow."

"You only winged the buzzard. Shucks, these South Americans scream over a stomach-ache."

She shook her head slowly.

"He didn't scream. He didn't say a word. What shall I do? Give myself up to the police—?"

"No!" His voice crackled with emphasis. "You were at the Legation Club all night, understand? Fox will fix that end of it. You don't know whether Rosina B is the name of a Spanish dancer or a tugboat."

He paused a moment.

"Fox is the only person who will know. In the meantime don't worry about a thing. I'm covering."

He was covering! She looked at him then, the clear, strong line of tanned jaw and straight nose profiled against the street lamps.

He was still the brass band, this rangy, auburn-haired young man who moved so surely and calmly in a world of flares and battle.

"I'm a coward," she said quite

nodding calmly to the doorman; saw her lofty, graceful figure fade into the Alvio's late cocktail crowd and disappear.

"Nerve," Willett muttered and lifted a farewell hand.

The lights and music of the Legation Club still twinkled serenely on the world dies and the world dances—

"If Hildez is dead, hell is going to pop, Terry. Allaire's traveling on a diplomatic passport and things are ticklish right now. Be an awful mess."

He looked very strained, George Fox of Harvard and the American Foreign Service. He lit a cigaret. His hand was shaking slightly.

"Self-defense—" he began.

"Sure," said Terry, "but Hildez is in the doubtful column just the same. Get her out of the country, George, as soon as you can. They hate Americans down here, you know that."

Chapter 11  
"She's a swell girl, Terry," said Fox. "They mustn't pick up her trail. Good, this is a mess. What are you going to do?"

Willett flicked his cigaret out in the street.

on the Parajabo tomorrow. I know plenty about that ship—her crew won't stop me, that's a cinch."

"Oh—" said the attaché uncertainly. He took a brief pull at his cigaret and then threw it away.

"Yes, I guess you'd better. Wouldn't be surprised to see things break wide open any day now. Coastwise trade will be stopped—you'd better cut your stick for your camp."

He hesitated. "Only—"

"I have a job to finish." His voice was flatly final. "Can't muffle this chance of getting away."

"No," agreed Fox, "you can't—God, this is a mess."

Willett gestured at the car.

"Better park it out of sight for a few days. Somebody might be watching for it. So long, George."

Fox said something, Willett walked away. He looked back over his shoulder and saw the attaché still standing by the car.

"Yes, Fox was covering that girl. Hell, wasn't that what the American Foreign Service was for?"

Rule One: "Protecting and—"

He suddenly remembered he needed a drink.

The American Ambassador called his staff to the Embassy study shortly before noon the next day.

"Everyone is to stand by today regardless of previous engagements," he told them. "The latest word from the president's palace is that the new tax bill will be signed in its entirety, not excluding the coffee industry."

He regarded his staff searchingly, eyes moving from face to face. "You know what that means, gentlemen. It is all the Proprietore crowd has been waiting for. I'm afraid we're in for a little trouble."

He paused and looked at George Fox. That young man's mind seemed to be wandering in the highways and byways of something distinctly alien to the president's latest tax on the smouldering coffee country.

His Excellency frowned slightly. A revolution camping down around their ears and a certain attaché clasped his hands on his chest and stared vacantly at the ceiling.

"Mr. Fox," he rumbled, "it should like to see you privately a moment."

### SCIENCE GIVES MAN THIRD EYE TO SEE IN DARK

Vacuum Tube Shaped Like Electric Bulb

ST. LOUIS, Jan. 6 (AP)—Science has given man a third eye, with which he can see in darkness.

With it also he can see the world in which there are no colors, a zone which when made visible is twice as broad as that of normal sight, a zone heretofore limited to a few insects' eyes, and to them only in a few areas.

The eye is a vacuum tube, shaped like an overgrown electric light bulb. Its socket end is a new lens, which picks up the invisible rays of infra-red, or heat, and of ultra violet.

The bulb end is an artificial retina, which sends out a beam of light through a screen which hides in darkness and those of the colorless world become visible, in shades of greenish black and white.

The discovery was announced and the tube shown to the American Association for the Advancement of Science last night by Dr. V. K. Zworykin and Dr. George A. Morton of the Radio Corporation of American laboratories.

"Technically it is an electron optical tube. The invisible rays enter its lens end as in a telescope. The lens, of glass or quartz, is coated on the inside with caesium, a metal which gives off electrons when light rays touch it.

Approximately five times as much horsepower per mile is required to drive an automobile at 70 miles an hour as at 20 miles an hour.

### DISAPPEARANCE OF OLIVER FROM THE TEXAS PRISON IS MYSTERY

HUNTSVILLE, Jan. 6 (AP)—Because no one could keep him from stealing from the prison guards, the blackest inmate of the penitentiary, Oliver Crow, had to be sent to the Blue Ridge state prison farm in Harris county.

And now, after putting up several months there, Oliver has got into trouble and had to "punch it," as the boys say.

For two months nothing has been seen or heard of Oliver. He just up and disappeared, the Blue Ridge boys say, after his last trouble.

And well he should have, for who would want to stay and be derided by the convict whoops and boos after having bit a Mexican woman on the leg and then been slapped for it?—not Oliver, oh, no!

For Oliver is a sharp-billed, coal black crow who was cagued by Dog-Secret Oliver Ross about a year ago after the wood-squad had topped a big dead tree and Oliver's mother had fled away leaving her immature Oliver feebly trying to flap his wings.

Because he brought him in, Sergeant Ross was honored, by having the bird named after him. But not for long.

As soon as he learned to fly, Oliver sailed to the nearest guard's picket post atop the wall of the prison, and commenced to reconnoiter. When he left, he bore away a shiny cartridge. Several more trips got him several more cartridges.

The pet of the less able thieves, who admired him fervently, Oliver feared no man, and soon was bringing in trophies of every sort, aspirin, bolts, nuts, cartridges, and even twine, to the prison store where he held out.

Finally, C. W. Irvine, prison store keeper, who was responsible for Oliver's good behavior, could put up no longer with complaints from the guards, who threatened to shoot him instead of Oliver, and the bird was sent to Blue Ridge.

There he got into his last trouble. Although the boys claim he "punched it" after biting the Mexican woman on the leg, others, by way of the grapevine telegraph thought Oliver might have taken the place of a Mexican turkey during the last few holidays.

And until he reappears, who knows?

### Two Men Sought In Kidnaping of Dallas Officer

DALLAS, Jan. 6 (AP)—Two hold-up men sought officers all over North Texas today on a renewed hunt for two men who kidnaped R. J. Luther, Dallas policeman, here Friday.

Luther's cap, belt, badge, coat and record book were found less than half a mile from a spot on the highway near Mount Pleasant where two men, answering the description of his abductors, held up and robbed O. V. Koen, a high school teacher, Saturday night.

Officers also expressed the opinion it was the same two men, joined by a third, who held up and robbed two Gladewater couples on the same highway Sunday night.

Descriptions of two of the men as given by Koen, Luther and Mrs. A. Hager fitted the descriptions of the kidnapers.

Koen was robbed of \$10, his overcoat and his automobile keys by the men, who shot a rear tire, forcing him to stop. The two Gladewater couples, who were returning home from Oklahoma City, said a black sedan drove along side their motor car and the three men, brandishing pistols, forced them to stop. They were robbed of \$22, a watch, their car keys and \$95 in stamps, they reported.

### LOCAL MANAGER WANTED

Field Superintendent will be in Pampa for a few days to select through personal interviews, a local manager for Pampa and vicinity. We want a man of integrity and average ability to look after business here. \$1500.00 cash investment required (in certain cases less). Investment fully protected. We are a national organization rated at a half million dollars. References required. Write, giving name, address, phone number. X-724, Pampa News.

### Editor Shot and Wounded at Dance

CUERO, Jan. 6 (AP)—Bob Cone, editor of the Westhoff News, was seriously wounded last night in a disturbance at a Mexican dance in Nixon when a man shot him three times.

Cone, formerly connected with newspapers at San Marcos and Longview, was shot twice in the left arm and once in the left side.

The Mexican Cone said shot him was jailed at Gonzales.

According to Cone, he and a Nixon printer, George Pedron, had gone into the Mexican district at Nixon to buy some tamales. They failed to find any at a little cafe and then walked to the dance, thinking Mexican food might be available there.

Cone said he became involved in an argument with a white man who took a swing at him, but missed. Cone said he knocked the white man down and, without warning, the Mexican opened fire on him.

Cone lost considerable blood but was not in a critical condition.

Cone started publication of the weekly News at Westhoff, DeWitt county, about a month and a half ago. Nixon is about 25 miles west of Westhoff in Gonzales county.

# Washington Cab-Drivers Prove Plymouth Costs Less to Run

30% OF CABS OPERATING ON CAPITAL'S PHENOMENALLY LOW RATES ARE PLYMOUTHS

WASHINGTON, D. C., cab-riders find rates extremely low. DRIVER FRED HOUSE picked Plymouth for economy. PEOPLE LIKE CABS with the safety, comfort and smart appearance of big 1936 Plymouths.

visitors to Washington marvel at the splendid taxicab service... and low rates. They see the high percentage of Plymouth cars in Washington's taxicab service. Registrations today show almost every third taxi is a Plymouth... and the number is increasing phenomenally.

Plymouth's economy is the answer... gas and oil economy... low upkeep cost... amazing ability to stand up under the grueling punishment of big-city taxicab service.

General Manager Harry Wechsler, of the City Cab Association—one of Washington's largest—says: "We find Plymouth has the operating economy necessary to give good cab service at Washington's low rates. More than half our cabs are Plymouths."

Garage Superintendent Seigel, who estimates that City Cabs run up a yearly total of fourteen million miles, reports: "Our Plymouth drivers get around 18 miles to the gallon of gas—in city traffic."

In Washington, D. C., they know a Plymouth costs less to run. You can compare "All Three"... and find out for yourself about Plymouth's famed safety, reliability and comfort... as well as economy!

See your Chrysler, Dodge or DeSoto dealer today... he'll gladly arrange it.

### 58 Persons Are Arrested at Cock Fight at Canyon

CANYON, Jan. 6.—Sheriff Bob Barnett and 6 deputies raided cock fight at the Harding ranch recently, arresting 51 men and 8 women who were watching the game birds fight. Thirteen men pleaded guilty and paid a fine.

Sheriff Barnett received a tip that the fight was to be staged and walked up on the crowd before being detected. Eight of the game roosters had been killed in the fight. About 40 game cocks were in the crates waiting to be used in the fights.

The cocks in the ring when the officers appeared were properly equipped with steel knives which are attached to the legs in place of spurs, after the spurs have been cut off. Several of the dead cocks were brought to Canyon as evidence that the fight had been promoted.

It is reported to officers that cock fights have been held in a number of towns in northwest Texas in recent months.

# NEW YEAR BRINGS LARGER CHURCH CROWDS; REVIVAL BEGINS

## ONE CHURCH IS TO ATTEND AN AREA MEETING

### MINISTER FROM WEST COAST SPEAKS TO BAPTISTS

Increased attendance started the new year in Pampa churches yesterday. Most congregations heard sermons appropriate to the start of the year, and announcements of plans for coming activity.

The Rev. Leonard B. Sible, visitor with relatives here, preached at the annual meeting of the Pampa Baptist church.

He has recently been engaged in evangelistic work on the Pacific coast. Other churches heard their own ministers.

Plans for this week include attendance at the workers' conference of the Canadian Baptist association at Perryton by representatives from Central Baptist church tomorrow, and a special fellowship meeting at First Methodist church Wednesday evening.

M. E. Men to Be Hosts. Men of the church will be hosts to the women at this fellowship dinner, to be given in the church basement at 7 o'clock. All adult members are invited.

The monthly fellowship dinner of First Presbyterian church, scheduled for this week, will be postponed until later in the month, when a special event is planned, it was announced.

Training classes at First Baptist church perfected their departmental organization to start the year last evening. Attendance of 133 in the training union was the largest in several weeks.

Leaders Are Named. Department directors are Mrs. C. E. Lancaster and Miss Jewel B. Bradford for beginners; Mr. and Mrs. D. B. Jameson, primaries; Mr. and Mrs. O. D. Martin, juniors; Mr. and Mrs. C. O. Huber, intermediates; Mr. and Mrs. D. Alford, young people; Mr. and Mrs. R. E. Gatlin, adults.

Largest crowds in several weeks attended services at Central Church of Christ, the minister reported.

Additions to membership were reported from several churches: Seven at Francis Avenue Church of Christ, one each at Central Baptist and First Baptist churches.

Sunday school attendance reports showed 402 at First Methodist church, 698 at First Baptist, 176 at Central Baptist, 133 at First Presbyterian, 134 at Francis Avenue church.

## Britain Sends Reinforcements To North Africa

LONDON, Jan. 6. (AP)—Great Britain turned abruptly to reinforcement of its African military position, pressing several liners into Mediterranean troop transport service, it became known today, and renewed discussion of the possibility of oil sanctions against Italy.

Three liners, including the popular Sylvania, it was learned, already have been converted suddenly into army transports. Two more may be requisitioned soon to carry troops to British posts near scenes of European tension and the Italo-Ethiopian conflict.

Captain David W. Bone, former commandant of the Abcher line and of the British seaman, best known to Americans has entered the transport service. He was aboard the liner Cameronia, arriving at Southampton today from a voyage with troops to Gibraltar.

The Sylvania, 17,000-ton vessel of the Cunard-White Star line, sailing from its Atlantic run, is being sent from England Wednesday with troops and guns for the Mediterranean.

Authoritative sources said its destination probably would be Alexandria, Egypt, just east of Italy's north African possession of Libya, and northwest of the Ethiopian war zone.

## Mrs. Johnson Has Party Honoring Her Husband's Birthday

Mrs. J. E. Johnson entertained at her home in Halliburton camp Friday evening honoring her husband on his birthday. Games were enjoyed, gifts presented, and refreshments served.

Guests were Messrs. and Mrs. J. Schrantz, June Mullinax, Dallas Holley, Joe Kennamer, O. L. Bell, and Lon Valentine.

## FIRE BURNS BUILDING

RUSTON, La., Jan. 6. (AP)—Louisiana Tech's administration building was destroyed by fire early today with a loss estimated by President C. W. Bond at about \$200,000. The cause of the fire was undetermined.

Mr. and Mrs. Clayton Heare are visiting here today. Mr. Heare, an attorney, attended the opening of 31st district court. Mrs. Heare, the former Jean Ragsdale, formerly was deputy district clerk. They live in Shamrock.

Johnny Gallin, student at John Tarleton college, has returned to Stephenville after spending the holidays with his parents, Mr. and Mrs. H. S. Gatlin.

## A Boswell Tries Domestic Harmony

The Boswell Sisters will have to start singing the ballad about "Those wedding bells are breaking up that old gang of mine," for here you see Martha Boswell, leaving St. Stephens church in New York with her husband, Major George L. Lloyd, British insurance man, after their New Year's day marriage.

The wedding is to be on the 24th anniversary of the marriage of the bride's parents, and Major George L. Lloyd, British insurance man, after their New Year's day marriage.

## WIDE RANGE OF YEAR'S WORK REPORTED IN PRISCILLA CLUB

### Hollywood Sights And Sounds

Summarizing work of Priscilla Home Demonstration club during 1935, a report compiled by Miss Donnie Lee Stroope, secretary, was read at the meeting last Tuesday when the year was closed with installation of new officers.

Achievements of the club and its members were listed as follows: Priscilla club has the largest donation to present to the county council for publication of home demonstration club cook books. Sale of books by Priscilla members brought \$36.

The club helped with entertainment and meals for delegates during the district reporters' school last spring.

Four places in the county home demonstration club fair was won by Priscilla club.

Several members took prizes at Amarillo during the Tri-State fair. Funds were provided for a club delegate, Mrs. J. M. Daugherty, to attend the state short course at A. & M. college in July.

Mrs. E. A. Shackleton, wardrobe demonstrator, scored second in the county dress contest.

Prizes were received in the county quilt and linen show at McLean in the fall.

Representatives took products to the meat show at Amarillo. Eleven cakes were approved as standardized on the club's achievement day.

Mrs. J. M. Daugherty, club reporter, received third place with her mobility record book.

Two parties were given at Hoover school building for husbands and families of members.

Mrs. J. R. Spearman, president, presided only one club meeting and one county council meeting during the year.

An informal tea and demonstration was open to the public in the city club rooms of Pampa.

Social events of the year included a picnic at Grading ranch, and a Christmas party given for families of club members.

Showers were given honoring several members of the club on various occasions, and the retiring president was given a shower in appreciation for her work with the club.

Three floral offerings and three cards of sympathy were sent to bereaved and ill members. A memorial poem was written by a club member in honor of Mrs. Minnie B. Jackson, late member, and presented to the Jackson family.

## Girl Is Honored On Her Birthday

Mrs. K. A. Biggs entertained in the home of Mrs. Oscar Langley recently with a party for her daughter, Joe Ann, on her sixth birthday. Colors of red and green appointed the party.

After many interesting games, refreshments were served to Tressa Sanders, Ruby Lee Routson, Jo Ellen Simmons, Maxine Gilbreth, Leanna Cook, Mary Cook, and the little honoree, who received a number of pretty gifts.

## Mrs. Laycock Is Bridge Hostess

The Poly bridge club of Phillips camp south of the city met Friday afternoon with Mrs. Heulyn Laycock. High score was made by Mrs. Henry Clay, second high by Mrs. John Shannon, and the traveling prize went to Mrs. Arthur Rankin.

After four games were played, delicious refreshments were served to Mrs. John House, Martin Gibson, J. W. Logan, T. B. Richmond Jr., Ben Romine, Shannon, and Clay. The club will meet on January 10 with Mrs. Logan.

Mason county, West Va., may have a marker soon on the farm where Mark Twain's grandfather was born.

## FT. WORTH DEB IS TO MARRY A PAMPA MAN

### Miss Vernon to Wed Mr. McFarland Jan. 23

Announcement was made in Fort Worth Saturday of the approaching marriage of Miss Gwendolyn Vernon of that city and Bernard McFarland of Pampa. The wedding is to take place on January 23 at St. Patrick's Catholic church in Fort Worth.

Miss Vernon, debutante of this season, is the daughter of Mr. and Mrs. E. R. Vernon, Mr. McFarland, resident of Pampa for several months, is the son of Mr. and Mrs. Joseph C. McFarland of Fort Worth.

He is employed with an oil company here.

The wedding is to be on the 24th anniversary of the marriage of the bride's parents, and Major George L. Lloyd, British insurance man, after their New Year's day marriage.

Announcement of the engagement was made at a luncheon at the Fort Worth club, with Mrs. Wilbur P. Hardwick as hostess.

## Hair Is Curled, Not Waved, for Chic 1936 Heads

PARIS, Jan. 6. (AP)—A revolution in hairdressing has taken place here.

In the smartest salons hair is "dressed" in rolls or flat curls, but no longer waved in a series of smooth undulations. The standard coiffure finished with a cluster of curls at the nape of the neck is banished. "Individuality" is the slogan of hairdressers, who seek to build each coiffure around the personality of the face. Heads are smaller and necks are neater.

"New coiffures are much inspired by a renaissance art which had such an influence on clothes this year," says Monsieur Mallone of Emille's. "Hair is dressed in a manner recalling Botticelli heads, nymph heads, and coiffures of Florentine women of the fourteenth century. Heads are kept small and trim with the hair rolled in soft curls around the face instead of waved in set undulations.

"Coiffures should not have a set rigid appearance but a soft effect which looks as though it 'belongs' to the head it adorns."

Some of the new coiffures are dressed in curled rolls which rise up all around the head instead of running horizontally around it. Others are rolled back from the face in soft coils and finished with a few little curls next the face. "Greek heads" like a cap of softly curled flat curls and a more sculptured coiffure with a row of small curls mounting smoothly up the side of the head also are seen. Virtually all the top of the head is smoothed shining cap without the series of marcelle-like waves which once characterized the coiffure.

Hairdressers say that the new vogue will mean that women who would be chic must learn to "do things" with their own hair. They can no longer go to the hairdresser once a week, run a comb quickly through the hair the rest of the time, and let matters go at that. Much depends on the way the new coiffures are coiffed and women must learn a little deftness with their combs themselves, coiffurers say.

Ornaments for evening wear have been adapted to the new mode. Several pieces are sometimes used and all of them are small. Tiny stars of jewels the size of the little finger nail studded here and there through the soft curl clusters, and jeweled feather effects set behind rolls are the favorites. Hairnets are also being worn.

The world's gayer comes from the fashionable "beik" morning gusher or rain.

Mrs. J. W. Logan will entertain the Poly bridge club at her home in the Phillips camp south of town.

Mrs. A. B. Goldston will be hostess to Contract Bridge club.

Royal Neighbors will meet at the I. O. O. F. hall at 7:30.

SATURDAY

County Council of Parent-Teacher associations will meet at LeFors high school, executive board at 11:30 and general meeting at 12:30.

## Typical 1936

Miss Betty Likas, employee of Chicago's most modern manufacturing area, the Clearing Industrial district, was chosen from the district's list of 10,000 workers as the typical 1936 industrial employee. She is a high school graduate, 22, weighs 125 pounds and measures 5 feet 4 inches in height, rides a street car to and from work and makes most of her own clothes.

## EVANGELIST TO DELIVER FIRST TALK TONIGHT

### SPECIAL MUSIC WILL BE PART OF THE SERVICES

Dr. George Davis of Chickasha, Okla., will preach this evening in the evangelistic service at First Christian church, where a series of meetings started yesterday with sermons by John S. Mullen, minister.

Large audiences yesterday heard and the special music by Howard House, who is here as pianist, Bible teacher, and assistant in the revival.

Mr. Davis, young minister who is recommended as an interesting speaker and sincere preacher, will be speaking for the first time in Pampa, but Mr. House is well known to members of First Christian church and others who attend.

### Dies Would Bar All Immigration

WASHINGTON, Jan. 6. (AP) - With the slogan "Keep American Jobs for Americans," Rep. Dies (D., Tex.) today filed a petition to force house action on a bill to stop all immigration and deport "two to three million undesirable aliens within a year."

Every other country has passed even more drastic laws to protect its citizens," the Texas said. "I'm going to get this thing up for a vote."

Claiming the backing of at least a hundred house members and 155 patriotic and civic organizations with 7,000,000 members, Dies asserted: "The bill has the biggest support any measure ever had."

President Ulysses S. Grant was born at Point Pleasant, Ohio, in 1822.

### Expo Manager

William A. Webb, above, of Dallas, was named general manager of the Texas Centennial Exposition, which opens in Dallas June 6, because of his long experience in handling such construction jobs. A veteran railroadier, one of Mr. Webb's greatest accomplishments was rebuilding and remodeling the great South Australia government-operated railroad, a \$70,000,000 project. He was recommended for the task, which he finished in 1931 by the U. S. Department of State.

### Morgans Reserve Forty Rooms for Munitions Probe

WASHINGTON, Jan. 6. (AP) - The Senate committee is inquiring into war-time finances of J. P. Morgan and company opens tomorrow, with Chairman Nye (R., N. D.) and other members seeking to force a legislative weapon to cut off cash and credit aid to fighting nations.

Morgan, Thomas Lamont and other partners of the famous firm will be called to the stand. They are reported to have reserved 40 hotel rooms here for themselves and staff.

Nye and Senator Clark (D., Mo.) co-author of a neutrality measure somewhat more drastic than an administration bill, both expressed the opinion that evidence to keep American clear of war. The legislation will be considered early this week in congressional committee.

Their measure, though containing some more mandatory features, was in closer harmony with the administration-backed legislation than expected.

Nye and Clark felt there would be an amicable agreement. They indicated they were encouraged in this by President Roosevelt's statement that the United States "should do naught to encourage belligerents."

### National Bank Call Issued

WASHINGTON, Jan. 6. (AP) - The comptroller of the currency issued a call today for the condition of all national banks at the close of business Tuesday Dec. 31.

The comptroller is required by law to issue a call for condition of all national banks at least three times each year. Today's was the fourth affecting the calendar year 1935.

It was expected as treasury practice has been to time one call as the end of the year so accurate comparisons with previous periods may be made.

Simultaneously, the federal reserve system called for statements of condition of state banks belonging to the system and the deposit insurance corporation for its state members. This call also was as of the close of business Dec. 31.

### Father Will Face Missing Daughter

LOS ANGELES, Jan. 6. (AP) - A 16-month search may reach an end today in juvenile hall when C. A. Neidman, New York manufacturer, confronts a 17-year-old girl who denies she is his missing daughter, Ruth.

Held at Neidman's request after her arrival a week ago from Corpus Christi, Texas, the girl wept when she asserted her real name is Claire Peters, her parents are dead, and she had run away from home.

Ruth Neidman disappeared while her family was living in Philadelphia in 1934. Recently her father employed a search man to wander New York streets with placards asking her to return.

Neidman arrived by plane early today from the East and rested at a hotel before seeing the girl.

### Hotel Fire IS FATAL TO 7 IN MASSACHUSETTS

Firemen Attempt to Rescue Guests From Inferno

WESTFIELD, Mass., Jan. 6. (AP) - The death toll of the fire that destroyed the Van Deusen inn last night, with no known missing and one person in critical condition in Noble hospital.

Firemen recovered seven bodies in the smoldering ruins of the Van Deusen hotel, transformed three weeks ago from an old residence. The three-story, brick-veneer structure, opened last month by Spencer Van Deusen for permanent guests, burned like matchwood last night.

Before trying to check the blaze, firemen endeavored to rescue the 40 third-story window sills or huddled on narrow, unburned parts of a flat roof at the rear.

The flames became too sweeping, however, and nine persons were believed left in the building.

The bodies of Henry Van Deusen, 17, son of the proprietor; George Alexander, 72, Henry's grandfather; Miss Nathalie E. Jones, hotel matron; and Mrs. Minnie C. Jones, a widow, were taken from the blazing hotel about midnight, an hour after the fire was discovered.

Seven persons were taken to the Noble hospital. Spencer Van Deusen, the proprietor, was in critical condition.

Mahoney said he doubted that the cause would ever be known, but he believed the blaze started in the southwest corner of the first floor, where the office was located.

### Alibi Offered By Chiropodist Found Correct

CHICAGO, Jan. 6. (AP) - Arthur S. Thompson, a chiropodist, who admitted to Chief Detectives John L. Sullivan, he had quarreled several weeks ago with Dr. Gilbert C. Peacock, brutally slain Friday night while answering a "mercy call," offered an alibi which the police said today had been found substantially correct.

Thompson, the only suspect held for questioning, told the authorities he quarreled with the slain doctor in the latter's office and was ejected. The chiropodist told the authorities he accused Dr. Peacock of paying attention to his estranged wife and of performing an illegal operation.

He denied he knew anything of the doctor's death and offered an alibi to prove he was in the apartment building where he lived at the time of the killing. He was held for further examination.

Thompson's wife, Mrs. Aline Johnson Thompson, employed as a maid in Minneapolis, said she left Thompson last September. She recalled that she and her sister-in-law, Mrs. Ann Johnson, met a man named "Doc Peacock" in a Chicago tavern last July, and said her husband became jealous.

Shown pictures of the slain pediatrician, she said he was not "Doc Peacock," she had met.

### Father Will Face Missing Daughter

LOS ANGELES, Jan. 6. (AP) - A 16-month search may reach an end today in juvenile hall when C. A. Neidman, New York manufacturer, confronts a 17-year-old girl who denies she is his missing daughter, Ruth.

Held at Neidman's request after her arrival a week ago from Corpus Christi, Texas, the girl wept when she asserted her real name is Claire Peters, her parents are dead, and she had run away from home.

Ruth Neidman disappeared while her family was living in Philadelphia in 1934. Recently her father employed a search man to wander New York streets with placards asking her to return.

Neidman arrived by plane early today from the East and rested at a hotel before seeing the girl.

# VOTE AGAINST FDR POLICIES IS INCREASING

## NATION AT LARGE IS VOTING ABOUT 3 TO 2

The nation at large votes slightly over 3 to 2 against the New Deal in the Literary Digest poll, according to the latest tabulation which includes returns from all forty-eight states for the first time.

The total of 1,370,774 ballots tallied on the question: "Do you now approve the acts and policies of the Roosevelt new deal to date?" shows 541,845 "yes" votes, or 39.53 per cent, to 828,929 "no" votes, or 60.47 per cent.

The present percentage of the balloting against the new deal compares with 58.51 of last week's returns, an increase of 1.96 points.

The current issue of The Literary Digest in which the latest poll statistics appear, states that thirty-six States are registering majorities against the administration's policies.

The twelve states which are voting in support of Roosevelt's policies include Alabama, Arkansas, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas, Utah and Virginia, all of which except Utah are southern or border states.

The states which are shown voting against the new deal represent 359 electoral votes, which is a little over three-fourths of the Electoral College total of 531 votes.

In a similar poll on the new deal which was conducted by The Literary Digest in the spring of 1934, to the same names as nearly as possible, 61.75 per cent of the total participants were in favor of the new deal and Vermont was the only one of the forty-eight states which gave a majority against the president's acts and policies.

In his 1932 election President Roosevelt captured all states except Connecticut, Delaware, Maine, New Hampshire, Pennsylvania and Vermont.

Among the states which were represented in last week's tabulation the vote in twenty reveals a fractional increase in the balloting for the new deal and additional returns reported from nineteen states indicate an increased vote in them against the administration's policies, while no change occurs in the other two states.

"Since last week the vote has increased by more than 200,000," The Literary Digest states in its current issue.

"Now with a full array of states, the poll is sweeping toward its zenith. The final results will show what the country thinks of the administration on the basis of the question asked 10,000,000 voters."

# Party Experts Change Views On 1936 Races

BY BYRON PRICE, Chief of Bureau, The Associated Press, Washington.

As the old year recedes into history, the professional politicians differ widely in their forecasts for 1936.

This challenges attention, because it represents a wide-spread change of view. Until recently there was little disagreement among the experienced prognosticators when they spoke privately. Even prominent Republicans saw small likelihood that Mr. Roosevelt could be defeated for re-election.

Unquestionably republican spirit rose rapidly during the fall months of 1935. Instead of going about their political chores with resignation and gloom, as they had done before, party organizers began really to try to lay a basis for winning the election. Many of them began to say it could be done handsily.

Among the democrats, the flag remained nailed to the mast, but it began to be understood that at least some of the 1936 candidates would be won by default. In other words, there was a general recognition, for the first time since Mr. Roosevelt became a popular idol in 1933, that the coming campaign would be fought desperately on both sides.

So matters stood in early December. Since then several events have unsettled the situation considerably.

One of these was the sudden revival of organized sentiment for the Townsend old-age pension plan, accompanied by a hint that Dr. Townsend and his associates will place an independent ticket in the field.

That may never materialize, yet the threat of it alone complicates all political forecasts. The Townsends claim several millions of adherents; presumably as lines have been drawn up to now, most of these voters would go to Mr. Roosevelt in 1936. Their loss to a third ticket might conceivably turn the balance.

Then it developed also that the defection of conservatives from Mr. Roosevelt might be much better organized than had been expected.

It was disclosed that southern democratic dissenters would meet late in January, under the leadership of Governor Talmadge of Georgia, to plan a campaign of opposition. It is questionable whether any of these dissenters think a renomination can be stopped, so the real purpose must be sought elsewhere.

If the southern Democratic vote could be split by running an independent fight-wing democratic ticket in the south, that would give administration politicians something to think about.

Simultaneously it was announced that Al Smith was about to break his silence. What he says when he speaks, also in late January at a liberty league meeting, will be awaited with more than perfunctory interest.

More than once in the past, all party hopes of success at the polls has been obliterated by the ramifications of just such a struggle as is developing among the republicans.

Altogether, it is about as badly scrambled a situation within both

# HOOVER HITS AT PRESIDENT IN STATEMENT

## REPLIES TO ADDRESS BY SAYING RELIEF IS BIG MESS

OGDEN, Utah, Jan. 6 (AP)—Herbert Hoover told the nation today President Roosevelt's relief administration is "a stupendous mess" and that his latest message to congress strove "to create fear in those on relief." The former president issued a caustic answer to his successor's message here last night as he was en route to New York to attend a directors' meeting.

Mr. Hoover will speak in Lincoln, Neb., Jan. 16 on "Agriculture." It is expected to be his fourth formal address criticizing Rooseveltian policies.

His statement, issued before joining Jesse H. Jones, chairman of the

for dinner, asserted the president's Friday night speech "might have been entitled 'war on earth and ill will among men.'"

"It was a good oratorical work picture of proper national objectives and ideals, and a good sample of the political method of accusing everyone of being terribly wicked and corrupt who objects to the many departures of the new deal from these objectives and ideals."

"A few samples of the many departures from the ideals stated might be cited. The president said: 'The executive... established a new relationship between government and people. They (the terms of that relationship) were an appeal from the clamor of partisan interest to the ideal of public interest.'"

"The disregard of the non-partisan civil service and the hordes of 250,000 spoils appointees seem to have something lacking in the fruition of this ideal."

"The warning that 'the only thing to fear is fear' has daily practical reminders, as we witnessed for the first time in American history the administrative official using fear to coerce the common man."

"The most ominous note of all was the president's warning that the power he has assumed would be dangerous in other hands."

# Mussolini Hits FDR in Article

ROME, Jan. 6 (AP)—Fascists today saw the hot resentment of Premier Benito Mussolini behind a blistering editorial criticism of President Roosevelt's neutrality speech, written by the noted editor, Virginio Gayda, in the Giornale D'Italia.

Il Duce's name nowhere was mentioned, but many said Gayda never would have dared to have published such statements without governmental approval.

Answering the American president's expressed preference for democracy as compared with autocracy, Gayda declared:

1. United States wealth was "attained with wars of expansion and conquest during which they exterminated all colored and native races."

2. Roosevelt democracy "nevertheless has not known how to stamp out crimes of gangsters and finally Lindbergh, America's national hero, has been obliged to seek safety for his child in voluntary exile across the ocean."

3. "Roosevelt's attempt at American intervention in European and Asian affairs establishes a precedent for intervention by Europe or other continents in American affairs."

parties as has appeared in any campaign. Some of the wisest politicians, whatever they may say publicly, are disposed at this stage to surrender to inward wonder about the outcome.

# Texas Exposition Steelwork Rises

The steel frame of the \$150,000 livestock building No. 1 for the Texas Centennial exposition at Dallas can be seen above as it rapidly takes form. With the \$200,000 livestock building No. 2, soon to be started, it will house the state's exhibit of livestock in the nation's history when the exposition opens June 6.

# NEW FEDERAL CRIME LAWS ON CONGRESS WORK-LIST

BY HERBERT PLUMMER

WASHINGTON, Jan. 6.—It may as well be put down right now that an unexpected newcomer will go on the list of congressional subjects for this session.

The wide public interest manifested on the flight of the Lindberghs to Europe has made it all but certain that efforts further to increase the federal authority over crime will be made.

Granting such a movement reaches the stage where new enactments are in close prospect, however, the road from there on is likely to be a rocky one. There is, and always has been, in congress an important section of influential opinion against a high degree of concentration in Washington of investigative and prosecuting power.

Men of the school always say they yield to no others in their desire to stamp out crime, but differ at fundamental points with those who favor turning over the more important police functions to federal agents. Opposition is based on the theory that it is unwise to lift responsibility from state and local officials.

Most of those in this group are high-ranking democrats, clinging to old doctrines of states' rights. Opposing the general principle of insularity they have successfully opposed a federal anti-lynching law.

Congress first showed vital interest in the subject of kidnapping in 1932 when it passed the "Lindbergh law," making it a felony to transport kidnaped persons across state lines. In 1934 measures going much further were passed, one of them making it presumptive that a kidnapping was interstate — and thus subject to federal authority — if the victim was missing more than three days.

Incidentally, the so-called "Lindbergh law" now is before the supreme court for a definite interpretation of the scope of the phrase "held for ransom or reward or otherwise." The question is whether holding an officer to avoid arrest falls under the heading of an obstruction. The answer will be of great importance because it easily could broaden or limit the kidnap fields in which the federal government may operate.

Issues somewhat similar have arisen before in the extortion law. That act makes it a felony to send a letter threatening harm to the recipient accompanied by demand for money or other thing of value. What is of value has sometimes been hard to determine. In one case, the courts have held that threatening a wife unless he granted a new trial in a completed criminal constituted a demand for "thing of value."

# 'HELLO AMERICA' BROADCAST OF VFW TO BE EARLY IN FEBRUARY

In anticipation of the fifth annual "Hello America" radio program to be sponsored early in February by the Veterans of Foreign Wars of the United States, Pampa Post No. 1637 is conducting a recruiting campaign among eligible overseas veterans. A traditional feature of the yearly "Hello America" broadcasts is the initiation of a nationwide class of new members, assembled in the individual meetings of approximately 2,000 local units of the V. F. W. throughout the country.

Definite plans concerning the date and hour of the program will be announced shortly, according to Commander D. A. Bartlett. There is a possibility that this year's "Hello America" broadcast will be conducted in two sections on two different occasions for the greater convenience of the local posts. Commander Bartlett has been informed by National VFW headquarters of Kansas City, Mo. The three hours difference between the eastern and west coasts of the United States makes the selection of an evening hour equally convenient for all VFW units extremely difficult.

Commander Bartlett explained. By conducting the program on the eastern half of the country, and the other to the western half, the major share of the individual units will be able to participate in the event, he explained.

Recognized as one of the most impressive radio events of the year, the "Hello America" broadcast includes, in addition to the initiation ceremony, addresses by outstanding orators, speaking on subjects of special interest to veterans, and special music by well-known bands and orchestras.

The broadcast heretofore has always originated at Washington, D. C., and local VFW units in every section of the country have taken advantage of the occasion by holding individual open meetings in the form of dinners or other social events.

One of the interesting details of the 1936 radio program is the fact that the oath of obligation to the new members will be administered for the third successive year by Commander-in-Chief James E. Van Zandt of Altoona, Pa. Commander Bartlett stated, Commander Van Zandt is serving his third successive term as ranking officer of the organization, a record unequalled in the V. F. W. since the world war.

Junior Vice Commander Charlie Matzel is in charge of recruiting and will announce his plans for having a record class on this occasion. More details will be announced at the regular meeting January 7 at 8 p. m.

# SEVEN DUE TO DIE IN CHAIR IN TWO WEEKS

## FOUR YOUTHS TO BE PUT TO DEATH IN SING SING

NEW YORK, Jan. 6 (AP)—Death awaited by the thin, bony fingers of a slim grey-haired man will strike seven times within two weeks in prisons of the Metropolitan area.

One of three to die—unless the New Jersey court of pardons intervenes—will be Bruno Richard Hauptmann.

On Jan. 9—Five days before the date set for Hauptmann's execution—four young killers of a policeman will be executed in Sing Sing's death chair. Two others die there Jan. 16.

Robert F. Elliott, the "man behind the switch," will throw the controls which will send the deadly voltage through the bodies of the seven men.

It was expected that the authorities had aided the authorities of New Jersey state prison at Trenton in the preparations for Hauptmann's execution.

Elliott is an electrician in Richmond Hill, Queens. Quiet and reserved, he shuns the publicity which has followed since it was disclosed in 1926 that he was official executioner in New York, New Jersey, Pennsylvania and Massachusetts.

To Elliott Hauptmann will be just another condemned prisoner. This tall, slim easy-going electrician has been the executioner in most of the famous murder cases in the east during the last 10 years.

Elliott threw the switch which ended the lives of Sacco and Vanzetti and of Ruth Snyder and Judd Gray.

Although Elliott is said to carry a revolver, it is tangible that to his life came until May 13, 1928, when his home was bombed. Elliott, his wife and two children were uninjured, but their home was partly wrecked.

Elliott receives \$150 for each execution.

Twin lions recently born at Grant Park in Atlanta have been named for President and Mrs. Roosevelt.

# SCHOLARSHIP TO BE GIVEN FOR BEST ESSAYS ON LAMAR

AUSTIN, Jan. 6.—Regents of the University of Texas will award, for the long session of 1936-1937, three scholarships, privately donated, for the best essays on the life and public service of Mirabeau B. Lamar. The values of the scholarships are \$200, \$150 and \$100, payable in equal monthly installments beginning November 1, 1936, and ending May 1, 1937. The competition is open to all students registered in the university for the 1935-1936 long session.

Essays shall approximate 10,000 to 15,000 words in length. They shall deal with Lamar's life as a whole or with any phase of his life and influence. For example: Lamar as a literary man; Lamar in the Texas revolution; the presidency of Lamar; Lamar's service to public education; Lamar and the financial history of the republic; Lamar's Indian policy and Indian relations; Lamar's foreign policy; and other matters relating to him. This list is suggestive, not exhaustive.

Essays shall be filed in triplicate, with the secretary to the president of the university not later than August 1, 1936. They shall be written in good literary form and shall contain bibliographical notes citing authority for important statements. Each should be prepared by an outline and closed with a list of the principal sources used in the preparation of the paper. Suggestions for a suitable form may be obtained from the chairman of the history department. It is understood that the essays shall be the work of the respective contestants. They shall be judged by a committee of three to be appointed by the president of the university and the awards will be announced as promptly as possible after August 1, due time being allowed for the committee of awards to examine the essays carefully.

# LONG-SEARCHED PLACE WHERE LIFE BEGAN, IS BELIEVED DISCOVERED

ST. LOUIS, Jan. 6 (AP)—Something apparently only partly alive which may be the long-sought place where life began in the protoplasm discovered at the Rockefeller Institute, was described to the American association for the advancement of science today.

The protein acts like a link between living and non-living matter. It promises completely to change the medical ideas of the nature of viruses, the invisible disease-making agents, which have been considered as ultra-small but living relatives of bacteria.

The discovery definitely opens the way to new chemical dealings with the viruses and their dangers to man.

This protein was extracted from tobacco mosaic virus, a well known plant disease, by Dr. W. M. Stanley of the Rockefeller Institute. Undoubtedly he said today, this thing is not living in the ordinary sense. Yet it reproduces itself, and reproduction is one of the scientific criteria accepted cardinal evidences of life.

The protein is a minute crystal. It contains 16.8 per cent nitrogen.

Most night coughing is due to simple throat irritation. For this kind of cough you need the soothing, penetrating, relieving action of a real throat medicine—Throatine. In 10 minutes and with only one swallow, it will get rid of that harsh, irritating cough, loosen phlegm and congestion. Also acts from within to check throat colds. Before you know it you'll be refreshed, ready to sleep like a top. If Throatine fails you tonight, get your money back tomorrow. Pure, safe even for children. 35c, 60c, \$1.00 bottles. **Borah's Campaign.**

On the republican side, too, things began to happen. Several really-vigorous applicants were upset by the decision of Senator Borah to enter the republican primaries.

With Borah waging a militant battle to "liberalize" the republican party, it is difficult to see how a serious convention squabble can be escaped.

If Borah succeeds in dominating the convention, it is to be expected that the conservative elements of the party will fall in line behind him with that unity of spirit and that financial aid which have been considered requisite to republican victory?

If Borah is beaten, can the party avoid the accusation of having been dominated by "old guard" influences, and can it save itself from the defection of several millions of liberals?

More than once in the past, all party hopes of success at the polls has been obliterated by the ramifications of just such a struggle as is developing among the republicans.

Altogether, it is about as badly scrambled a situation within both

French Probing Plot to Divert Arms to Italy

PARIS, Jan. 6 (AP)—The French government, it was disclosed today, is investigating a suspected plot to divert 3,000 army rifles and machine guns to Italy.

A carload of arms disappeared from the Toulouse freightyard on Jan. 4.

After a hasty check-up, it was learned the car had been routed to the port of La Nouvelle, where, authorities said, the load could easily have been transferred to a ship.

Officials suspected the unauthorized routing was perpetrated by persons seeking to get the arms to Italy.

Some also thought the carload might have been intended for a Spanish revolutionary coup.

**Petroleum Board Fund Cut Urged**

WASHINGTON, Jan. 6 (AP)—President Roosevelt suggested to congress today a \$150,000 reduction in the 1937 fiscal year appropriation for the petroleum administrative board.

His annual budget message contained an item of \$350,000 for this oil agency, compared with a \$500,000 appropriation for the present fiscal year.

Decreased activities of the petroleum administration are reflected in the estimates of that organization, which show a reduction of \$150,000 below the amount appropriated for 1936," the president said in a message accompanying his estimates.

Since invalidation of the petroleum code, the PAB has been engaged only in enforcement of the Connally "hot oil" act prohibiting interstate shipments of crude and its products produced in excess of state law and in conducting miscellaneous surveys.

Ralph West and Henry Mills returned today to Price Memorial college, Amarillo, after a holiday visit with their parents, Mr. and Mrs. J. P. West.

### Giggling, Insane Woman Is Held; Infant Missing

NEW YORK, Jan. 6. (AP)—A woman and psychiatrist attempted to bring today from the giggling phrases of an insane woman the story of the disappearance of 10-month-old Jacob Horowitz, whom they feared had been drowned.

Cursia Friedman, 45, who has spent 20 years in asylums, was held for questioning after she was apprehended pushing a child toward the icy East river.

Police sought to learn if she kidnaped the son of Mr. and Mrs. Max Horowitz from in front of his lower East Side home yesterday and dumped him, with his carriage, in the river. She laughed eerily at all questions and replied only "nine o'clock."

Four hundred searchers, recruited from the neighborhood, searched the baby's parents live, searched vacant cellars and flats for the infant. Police launches joined the hunt on the river.

Louis Schrier gave the information which resulted in Miss Friedman's detention. While he was watching his son, out for an airing, he said he saw a "beige woman" push the baby's car.

When Mrs. Horowitz came to look for her son a few minutes later, the baby was gone.

School boys, siding in the search, encountered Miss Friedman half an hour later wheeling Doris Maslin, 2, in her carriage toward the river. They seized the child.

The woman laughed, backed up against a garage and was taken into custody by police.

### VANDERLIP SUMMONED

WASHINGTON, Jan. 6. (AP)—Frank Vanderlip, former president of National City Bank, was summoned by the senate committee today to join J. P. Morgan and Thomas W. Lamont for questioning tomorrow on the part loans to the allies had in bringing the United States into the war.

Mrs. Lester Day of Jericho left Pampa-Jarratt hospital yesterday afternoon.

### MARKET BRIEFS

NEW YORK, Jan. 6. (AP)—Buying and selling waves swept through the stock market today following invalidation of the AAA by the supreme court.

Issues of food companies, that have paid the processing taxes levied 1 to 2 points while the so-called farm equities and others fell 1 to 3 or more. The activity was pronounced, transfers approximating 3,900,000 shares. The close was as follows:

### CHICAGO GRAIN

CHICAGO, Jan. 6. (AP)—Wheat went lower in price today at the close after many nervous changes following the supreme court action nullifying the Roosevelt farm relief process tax programme.

Net losses were mainly in July and September deliveries of wheat representing the new 1935 crop. May wheat which stands for wheat already in bins was relatively steady.

Wheat closed unsteady, at the same as Saturday's finish to 1 cent over, May 1.02 1/2, corn unchanged to 1/8 higher, May 02-62 1/2, oats unchanged to 1/8 off, and provision unchanged to 22 cents decline.

GRAIN TABLE			
Wheat	High	Low	Close
May	1.01 1/2	1.02 1/2	1.02 1/2
July	.93	.90 1/2	.90 1/2
Sept.	.82	.83 1/2	.83 1/2

### VFW to Stress Safety Tonight

Safety will be the theme of the Veterans of Foreign Wars organization meeting tomorrow night at 8 o'clock in the American Legion hall on West Foster avenue. Representatives of the Business and Professional Woman's club will be present to outline a safety-driving program which they are sponsoring.

Commander L. H. Battlett is anxious to have the full membership attend this meeting since plans for Pampa's part in the "Hello America" program, sometime in February, will be discussed. Other important matters will also be presented.

### ROOSEVELT

WASHINGTON, Jan. 6. (AP)—President Roosevelt was reported to have received word of AAA's supreme court death today with a smile. Secretary Dern was discussing with M. Roosevelt when news of the court decision was brought in by Stephen Early, a secretary.

"I had what the president said, Dern said he was not at liberty to state, 'H' smiled," added Dern, "and went on with our business."

1935. No other plans for use of the AAA have been advanced by the department for 1937 was \$1,000,000,000, compared to an estimate of \$1,057,221,141 for 1936.

### AAA

(Continued from page 1)

new deal budget, to mull over the possibilities.

Republican determination on farm plank alternatives long had been awaiting the supreme court attitude.

### Not 'Voluntary'

What the new deal would do was awaited eagerly.

Secretary Wallace reserved comment.

It was indicated there would not be any immediately from the administration. Councils of war were called.

President Roosevelt learned of the turn but also had nothing to say.

Roberts said the farm plan was "not in essence voluntary."

"It had a compulsory purpose," he declared.

"If the act called only for a voluntary plan it would be no better," Justice Stone, Brandeis and Cardozo dissented.

Presumably, the government will see to it that it pay approximately \$500,000,000 due on contracts still unpaid.

Federal lawyers have indicated belief these can be considered binding governmental obligations. It remains to be worked out, however.

Watched through a partially open door, Secretary Wallace did not change his expression as he glanced at the supreme message, read it and continued his discussion with a visitor.

Roberts said the AAA amendments enacted last August made no difference as congress could not ratify something it did not have the power to do originally.

"Congress might redistribute the entire industrial population if this act were upheld," he said seriously.

"The United States government could destroy local self government."

### Stone Leads Dissent

As soon as he finished Justice Stone read the dissenting opinion.

"The present stress of widely held and strongly expressed difference of opinion of the wisdom of the agricultural adjustment act makes it important, in the interest of clear thinking and sound result," he said, "to emphasize at the outset certain propositions which should have controlling influence in determining the validity of the act."

"They are:

"1. The power of courts to declare a statute unconstitutional is subject to two guiding principles of decision which ought never to be absent from judicial consciousness.

"One is that courts are concerned only with the power to enact statutes, not with their wisdom.

"The other is that while unconstitutional exercise of power by the executive and legislative branches of the government is subject to judicial restraint, the only check upon our own exercise of power is our own sense of self-restraint.

"For the removal of unjust laws from the statute books appeal lies not to the courts but to the ballot and to the processes of democratic government.

"2. The constitutional power of congress to levy an excise tax upon the processing of agricultural products is not questioned.

The announced goal of the AAA had been to give farmers "parity" prices for their products.

Parity prices were considered those which would enable the farmers to buy now the amount of manufactured goods they could have bought with the cash their crops brought in on the average between 1909 and 1914.

Parity prices also were described as the "fair exchange value."

A recent AAA compilation showed prices received by farmers for their products was averaging 85 per cent of parity. This was a gain of eight per cent over the same date in 1934.

The AAA attempted, it was said, to make benefit payments which, added to the farm values for crops, would give the farmers a parity price income for their labors.

The momentous decision altered the record of the new deal before the highest tribunal.

NRA lost out in the spring unanimously, the oil control section of the recovery act was invalidated eight to one, the rail pension plan failed by five to four; and the invalidation of the gold payment in private contracts won only by the margin of one.

In addition, the Frazier-Lemke farm mortgage moratorium—which the president signed although he had not proposed it—was ruled against unanimously. All nine justices held Mr. Roosevelt went beyond the law in summarily dismissing the late William Humphrey from the trade commission.

The news spread quickly about the senate chamber, coming during the reading of the president's budget message.

Wide grins appeared on the faces of several republican senators and general conversation became so widespread on both sides that the vice-president rapped for order.

Senator McNary, the republican leader, planned soon to introduce a farm plan providing three optional methods designed to make the tariff effective for farmers and raise the farmers' world price for surplus crops.

They are the old export debenture plan, the equalization fee vetoed twice by President Coolidge and the democratic allotment plan.

"None of these require processing taxes, acreage control or benefit payments and all are constitutional," he said.

The converted general welfare of the constitution was held to be no warrant for the extraordinary new deal farm relief plan.

After reviewing the history of the case, Roberts said the processing tax was inseparable from the rest of the act and that the Eosac Mills of Massachusetts had the right to challenge the entire statute.

Noting that the government relied on its power to tax for the general welfare, he said:

"The clause does no more than provide for taxes for general welfare."

There never had been a direct ruling on this disputed clause.

### BUDGET

(Continued from page 1)

Asked whether this position applied to the cash bonus issue, the president told newsmen it was just a general statement apropos of government solvency.

"We can look forward today to a continued reduction of deficits, to increased tax receipts and to declining expenditures for the needy unemployed," the message said, in emphasizing repeatedly that an estimated jump of \$716,665,000 in 1937 tax receipts over 1936 was "due largely to increased collections anticipated under the old (tax) schedules," rather than new taxes.

Especially evidencing expected business improvement was a forecast that 1937 income tax collections would increase half a billion over 1936's estimated \$1,434,000,000.

"There is today no doubt of the fundamental soundness of the policy of 1933. If we proceed along the path we have followed and with the results attained up to the present time we shall continue our successful progress during the coming year."

"The finances of the government are in better condition than at any time in the past seven years. The budget reflects substantial decrease in the spread between income and outgo."

Mr. Roosevelt estimated gross revenue for 1937 at \$5,564,217,650 as compared with \$4,410,723,946 for the period.

Aside from a general revenue rise based on business improvement, the 1937 total included \$547,000,000 of social security, rail pension and Guffey coal law taxes.

Gross outlays for 1937—including the \$1,103,000,000 carryover for relief but not additional demands to be estimated later—were put at \$6,752,606,370. This compared with \$7,025,501,336 for 1936.

### Funeral Held for Wheeler Man

WHEELER, Jan. 6. (AP)—Funeral services were held Friday afternoon at 2 o'clock at the Wheeler Baptist church for E. V. Malow, who died Thursday morning at 7 a.m. at the home of his daughter, Mrs. J. N. Green.

He is survived by a number of relatives and a host of friends who mourn his departure. Rev. Taft Holloway was in charge of the services. Interment was in the Wheeler cemetery by Clay-Beasley Funeral home of Wheeler.

### SON IS BORN

Mr. and Mrs. Steve Oats are the parents of a son, 7 pounds 3 ounces, born last night at Worley hospital. He has not been named. Mrs. Chris Oats is the mother.

### POSTMASTERS NAMED

WASHINGTON, Jan. 6. (AP)—The following nominations for postmasters were sent to the senate today: Vernon, Texas—John B. Hardin; Yoakum, Texas—James A. McFadden.

### Mr. and Mrs. W. F. Slaten are the parents of a daughter, born last night at Worley hospital.

### Only Six Arrests Made Since Jan. 1

Pampans must have made some good New Year's resolutions and are keeping them. The police department has been the quietest place in town since the new year started, Chief of Police Art Hunk reports.

When Judge W. M. Craven opened city court this morning he had only one customer. The police have made only six arrests since the beginning of the year. Even on New Year's eve and night, things were quiet.

Ways and means of cutting down accidents in Pampa streets are being studied by officers.

F. M. Hansen was admitted to Pampa-Jarratt hospital yesterday.

### Condition of Mrs. L. J. Barrett was improved this morning in Pampa-Jarratt hospital.

### Mrs. W. J. McPherson underwent a major operation at Pampa-Jarratt hospital this morning.

### Mr. and Mrs. Tom Rose and the Rev. C. E. Lancaster were Oklahoma City visitors yesterday.

## Double-Mellow Old Golds

# DOUBLE YOUR MONEY BACK ... if it isn't the finest cigarette you ever smoked

**TODAY, THROUGHOUT** cigarette counters offer you a new cigarette delight. **Double-Mellow Old Golds**, made of the finest tobacco ever put in a cigarette.

**But we are getting ahead of our story.**

Lorillard set out to create a new standard of quality in popular priced cigarettes. "Never mind the cost!" Lorillard's leaf men were told. "Go out and buy up the pick of the world's prize tobacco crops."

"Scour the American and Turkish markets. Get the luxury types of tobacco; those customarily used in the most expensive cigarettes."

Lorillard had to wait two long years before this tobacco could be passed along to you. Now, double-aged and mellowed... it is ready for you in **Double-Mellow Old Golds**.

**Prize Crop Quality** at no extra cost!

Add up all the claims you have ever read or heard about cigarettes.

1. They're milder.
2. They taste better.
3. They give you a pick-me-up.
4. They're easy on the throat.

The sum total is the thrill you get in **Double-Mellow Old Golds**.

Claims are easy to make... but you can't smoke claims. An Old Gold in your lips is better than all the adjectives in the dictionary.

So we invite you to try **Double-Mellow Old Golds** on this "double-your-money-back" guarantee.

**READ THE OFFER!**

**if you don't get a thrill, we'll pay the bill (and DOUBLE)**

TAKE a sporting chance on a pack of **Double-Mellow Old Golds**. Smoke ten of the cigarettes. If you don't say they're the finest you ever tasted, mail the package wrapper with the ten remaining cigarettes to us, at any time before May 1st, 1936, and we'll send you double the price you paid for the full package, plus postage.

**Lorillard Company**
