

# Postmen Are Middlemen in Valentine Romance

Sentimental's sweet and cards are cheap. And love will have its way. And I'm not at all suggesting you forget St. Valentine's Day. But really with these cards and things. And packages and such, \$x hundred million pieces is

Just quite a bit too much. Couldn't you use the phone? —The Postman

WASHINGTON (UPI) — The middlemen in next week's annual Valentine Day conquests by cupid will be the nation's postmen. They will deliver an estimated

600 million Valentines, according to research by the National Geographic Society.

As astonishing as this quantity of versed sentiment is, it shows signs of even greater growth and some day may rival the Christmas card deluge. The society reports that

greeting card makers find the Valentine more popular than ever, with sales this year greatly increased over a decade ago.

Calculations are that this year more than three Valentines will be sent for each American, indicating the senders may not be entirely monogamous. But whether they real-

ly mean it or not, they are following an ancient custom when they salute their sweethearts with true-love doggerel.

**First Valentine**  
The first Valentine was sent at least as early as 1415, according to the Geographic Society. That was when England's Charles, Duke of Orleans, wrote

his ladylove a tender note after he was imprisoned.

By the 1660's, lace paper and colored designs were marketed in Western countries which had adopted the custom.

the sentimental verse from books printed for copying.

The society says, the poets tried to offer appropriate thoughts for any situation. This example, turned up by society research, was found in an 1820 copybook and was intended for a fishmonger's sweetheart:

"You're the girl I take for light in,—more than haddock, smelts or whiting.—Flat as a flounder I shall be,—unless you kindly pit me,—and to my tender heart include,—who are alone my Valentine."  
Until 1850 England dominated the commercial Valentine (See ROMANCE, Page 3)

"The true test of civilization is, not the census, nor the size of cities, nor the crops — no, but the kind of man the country turns out."  
—Ralph Waldo Emerson

**SCOUT WEEK** — Pampa Boy Scouts and other scouts around the world will observe Boy Scout Week, starting today through Feb. 13. Scouts here will attend church today as troop units wearing their uniforms and to school Monday. Adjusting the neckerchief of Rusty Reeve, right, of troop 24 is Mike Vendrell, also of troop 24.

## Activities Scheduled Here for Scout Week

Some 1,200 youngsters in Pampa, along with about 4,600 in the Same Fe. District, will be honored today through Saturday in connection with National Boy Scout Week.

Today, Cub, Boy and Explorer Scouts will attend church services in connection with "Scout Sunday" in the United States.

Churches are scheduled to give special recognition to scouts and leaders during services this morning and tonight. Tomorrow will be observed as uniform day. All scouts are requested to wear their uniforms today through Saturday. Scout units will decorate Pampa store windows with the scouting theme and projects.

Boy Scouts also will have open house meetings, family nights and Courts of Honor involving families and friends.

Each Cub Scout pack will conduct Blue and Gold banquets during February.

Boys eight, nine and 10 years of age are invited to become Cub Scouts, and may join the Cub Pack of their church school, or Pack 21 sponsored by the Pampa Optimist Club. Likewise, boys 11 and older may join

their church or troop, or Troop 16 of the Pampa Noon Lion's Club.

## Restaurant Owner Bows to Court

ATLANTA (UPI) — Lester Maddox, one of the South's most fiery segregationists, bowed to the federal courts Saturday after months of litigation and announced he would admit Negroes to his cafeteria.

The announcement was greeted with tears by some of the balding restaurant owner's supporters.

"I have no choice," said Maddox, who was found in contempt of court Friday by federal Judge Frank A. Hooper.

# Eight Americans Killed In Red Guerrilla Attack

## Humphrey to Head New Racial Civil Rights Council

By WILLIAM J. EATON  
WASHINGTON (UPI) — President Johnson Saturday named Vice President Hubert H. Humphrey to head a new council on equal opportunity to unify and lead federal civil rights programs.

The Chief Executive signed an executive order establishing the council as the administration's top-level body to combat discrimination. It includes Humphrey as chairman and a group of Cabinet officers and agency directors. They were commissioned to recommend civil rights policies and programs.

"There is no remaining question about the determination of the American people to eliminate the injustice and the waste of human resources that results from discrimination in this country," Johnson said in a letter to Humphrey.

"The executive branch has played a leading role in this effort—a role that must be continued and strengthened where necessary."

**Help Coordinate Programs**  
Johnson said the council would help coordinate the many federal civil rights programs by bringing top government officials

into direct personal contact. The President also approved a Humphrey proposal to call periodic conferences of government and private groups to promote the goal of equal opportunity.

In assigning the vice president the key role, Johnson said he hoped Humphrey would recommend changes and improvements in the civil rights law of 1964 if he felt they were needed.

The President said Humphrey has special qualifications for the new post. He mentioned Humphrey's familiarity with

the new rights law, the "skillful and fair" way he managed the bill through the Senate and commitment to equal treatment and opportunity for all.

In addition to the vice president, 16 government officials were assigned to serve on the council.

**Serve On Council**  
They include the attorney general and secretaries of defense, agriculture, commerce, labor and health, education and welfare.

Others named were the Civil Service Commission chairman, Administrator of the Housing agency, director of the Office

of Economic Opportunity, chairman of the Civil Rights Commission, the General Services Administrator, Commissioner of Education, director of the Community Relations Service, chairman of the Presidential Committees on Equal Opportunity in Housing and Employment and the chairman of the Equal Employment Opportunity Commission.

Johnson has not yet filled the last named post which was established by the new civil rights law. A White House spokesman said members of this commission would be appointed soon.

## City Police Show Good 1964 Record in Pampa

By RAY RODGERS Jr.  
The Pampa Police Department's annual crime report to the Federal Bureau of Investigation indicates the department has done an outstanding job in crime prevention and law enforcement.

Police Chief Jim Conner points out in the report that operating with only one-half of the recommended and national average of policemen for a city the size of Pampa, the department has compiled a record that ranks as good or above cities with twice the number of policemen.

The report reveals that in 1964 there were 603 crimes committed. Of these, 133 or 22 per cent were cleared by arrest.

The national average of crimes solved is 26 per cent. However, the figure is based on an average of 1.4 policemen per 1,000 population. The Pampa Police Department operated during the entire year with an authorized strength of a little over 7 men per 1,000 population.

The 7 per cent is the authorized strength, not the actual strength under which the department operated.

Conner said that several months during 1964 the department was short one or two men.

The report showed that even with less than half the number of policemen of comparable cities, the Pampa Police Department not only solved almost as many crimes as the national average, but also kept crime in line with comparable cities.

The breakdown of crimes committed in Pampa in 1964 shows there was one murder, which was solved.

One rape case reported in Pampa during the year. It was also solved.

There were six robberies in Pampa and all six were solved.

There were 14 cases of assault and 14 were solved.

Burglaries accounted for 158 crimes during the year. Forty-four of these were solved.

There were 66 cases of theft over \$50 in 1964 and six of these were cleared.

Theft under \$50 accounted for the most major crimes committed in the year as police investigated 329. Of this number, 44 were cleared.

The report revealed there were 37 cases of automobile theft in Pampa, while 28 of these were cleared.

A total of 868 persons were arrested by the police department last year.

The breakdown of these shows that 438 were on drunk charges; 59 for disorderly conduct; 83 for liquor laws; 49 driving while intoxicated; one sex offense; five unlawful carrying of weapons; 29 for vandalism; six assault; eight auto theft; 47 larceny; 37 burglary; five aggravated assault; two robberies; one rape and one murder.

The police department's figures reveal they questioned 169 persons under 17 years of age. Twenty-seven of these were officially charged for violation of liquor laws.

Of the 868 arrested, 661 either pleaded guilty or were found guilty of the crime charged. Some 115 were either acquitted or charges against them were dismissed.

Police arrested 2,482 persons in 1964 on traffic charges.

The total public loss amounted to \$71,570.76. Of this figure, \$39,733.59 was recovered.

They took it for granted that our commitment was clear from our past behavior, Bundy said.

Bundy managed to avoid mention of Lt. Gen. Nguyen Khanh, commander of the Vietnamese armed forces and the man who tossed out civilian authority to reimpose strongman rule in a coup Jan. 27.

**Deep Commitment**  
"The United States has a deep commitment to the common effort which proceeds in

this country against the Communists," Bundy said.

While Bundy met with religious leaders in Saigon Saturday, an estimated 5,000 Buddhists marched in Hue, 400 miles to the north, to commemorate the fiery suicide of a teen-ager girl whose death helped knock out the former civilian government of Premier Huong.

The banners the marchers carried were all in commemoration of the suicide of 17-year-old Dao Thi Yen who burned herself to death in Nha Trang on Jan. 26. The Huong regime fell the following day.

**Officer Wounded**  
Another officer was wounded in the left arm when Viet Cong groundfire hit the helicopter he was flying 365 miles northeast of Saigon.

The Pleiku attack occurred as U.S. presidential assistant McAffairs as they apply to the anti-Communist war effort.

Bundy said Saturday that the United States has a "deep commitment" to the anti-Communist struggle.

As he spoke, 5,000 Buddhists demonstrated peacefully in the northern city of Hue. Saturday night in Saigon, 2,000 Buddhists held a religious rally at the National Buddhist Center. It was the first mass gathering at the center since the overthrow of Premier Tran Van Huong last month.

Bundy, here on a fact-finding mission, spoke at a news conference following talks with Vietnamese military and government leaders and representatives of South Viet Nam's rival religious factions.

**Kosygin Arrives**  
At the same time, Soviet Premier Alexei N. Kosygin arrived in Communist North Viet Nam with a delegation of high Russian air force and other officials for a four-day visit and began talks with Hanoi leader Ho Chi Minh.

Bundy refused to speculate about Kosygin's mission. He said his visit and the Kremlin leader's trip were "two quite different enterprises."

President Johnson's special envoy said that in meetings with the Buddhists, Roman Catholics and leaders of the Hoa Hao and Cao Dai sects he had received assurances they appreciate the American effort in South Viet Nam.

"They took it for granted that our commitment was clear from our past behavior, Bundy said.

Bundy managed to avoid mention of Lt. Gen. Nguyen Khanh, commander of the Vietnamese armed forces and the man who tossed out civilian authority to reimpose strongman rule in a coup Jan. 27.

## Viet Cong Raid US Compound in Pleiku

SAIGON, Viet Nam, Sunday — (UPI) — Eight Americans were killed and 61 wounded in a Viet Cong attack at Pleiku, 220 miles northeast of Saigon, an American military spokesman said.

Communist guerrillas attacked the U. S. compound in Pleiku which is the headquarters of the Vietnamese Second Army Corps. The morning attack was the first major Viet Cong offensive following a week-long cease fire during the lunar new year holiday.

The holiday cease fire, which began last Sunday, ended at midnight.

The fierce Viet Cong attack brought the U. S. death toll in South Viet Nam to 385 since Jan. 1, 1961. In addition, about 1,700 Americans have been wounded, 12 are listed as missing and 12 are held captive by the Communists.

Saturday, four Americans were wounded, three by a landmine explosion.

Two U. S. Army officers and an enlisted man were cut by fragments when a mine exploded under their jeep on a national highway 60 miles northwest of Saigon.

**Officer Wounded**  
Another officer was wounded in the left arm when Viet Cong groundfire hit the helicopter he was flying 365 miles northeast of Saigon.

The Pleiku attack occurred as U.S. presidential assistant McAffairs as they apply to the anti-Communist war effort.

Bundy said Saturday that the United States has a "deep commitment" to the anti-Communist struggle.

## Rogers Invited Home To Explain His Vote

By RON CROSS  
A 48-year-old Amarillo Air Force Base jet mechanic invited Congressman Walter Rogers Saturday to come to the Panhandle and tell his constituents why he voted "yes" on continuing to send U.S. aid to the United Arab Republic.

Thurman McCallister, a civilian working at the base, told The News Saturday night that he had reserved Amarillo's Municipal Auditorium so that Congressman Rogers "can tell us folks down here why he voted like he did."

McCallister said he had sent Rogers a registered airmail letter Friday.

A check with Rogers Saturday night revealed that the Pampa congressman had not yet received the letter.

When told what the letter stated, Rogers replied, "If he knows so darned much he should run for President."

McCallister's letter read: "Dear Mr. Rogers, 'I read with amazement of the mad fit you threw on the floor of the house Wednesday afternoon."

"The Amarillo Daily News, under a banner headline, stated that you threw down the gauntlet. The article said you, 'gave out with one of the most rip-roaring oratories the House has heard in a long time."

"Let us set the record straight, Mr. Rogers, you voted 'yes' last week to allow the ex-

ecutive branch to continue selling massive food aid to Egypt. You then charged, that Communist tactics were being used when news releases were sent to the newspapers in your district pointing to your vote, which included the added comment, 'your vote was not in the best interest of the country.'"

"I pick up that gauntlet Mr. Rogers, not as a Republican, but as a deeply concerned citizen. I have today (Saturday) reserved the Municipal Auditorium in Amarillo, in which you may explain to your home folks just why you voted yes, to sell more wheat to Egypt."

"This is a sore subject back home and I'll bet you will have a packed audience to hear and watch you."

"It will be entirely your show. The following dates are open. February 19, 20 and 25.

"Would any of these dates be convenient to your busy schedule?"

"For the record I voted for you several times. I was a Roosevelt loving, Truman respectful and Kennedy hoping Democrat, before I was disillusioned by the shape of things to come."

Respectfully,  
Thurman McCallister

Rogers said he would be glad to talk with McCallister, but could not see a special trip to (See ROGERS, Page 3)

## Rogers Releases Nominations for Service Schools

Congressman Walter Rogers of Pampa Saturday announced the names of young Panhandle area residents of the 18th Congressional District who received his nominations for appointments to the U.S. Air Force, Military and Naval Academies.

The Congressman announced nominations of one principal candidate and five alternate candidates for each of three appointments to the Air Force Academy at Colorado Springs and for two appointments each to the service academies at West Point, N.Y., and Annapolis, Md.

Congressman Rogers' principal nominees for the Air Force Academy appointments are Jack Carter Allen, Jr., of Route 1, Claude; Robert Curtis Davis, 202 Dolomite, Borge; and Richard Wayne Stephenson, 1302 Birge, Dumas.

Nominations for principal candidates to the Military Academy went to Guy Virgil Nanney, 1216 Darby Street, Pampa; and Dmy Eugene Gibson, Route 1, Lakeview.

Principal candidate nominations to the Naval Academy were to John Stovall Teutsch of Dumas and John Edward Neagle, 2005 Charles, Pampa.

The following, listed by academies and behind the names of the principal nominees, are the names of the first through fifth alternate nominees for each appointment:

**AIR FORCE**  
Allen (principal); Thomas Carlin D'Spain, McLean; Larry Ray Cole, 310 West Ninth, Panhandle; Richard Carl Britney, Jr., 500 Avenue H, NW, Childress; Danny Dale Worley, 3406 East 13th, Amarillo; and Bobbie Ray Fitzner, 402 N. Mississippi, Amarillo.

Davis (principal); James Albert Rammage, 603 Dallas St., Dalhart; Robert Michael G. Avert, 2218 S. Manhattan, Amarillo; Rex Eugene Stewart, 313 N. (See NOMINATIONS, Page 3)

# Administration Forces Maneuver to Help LBJ

WASHINGTON (UPI) — Administration forces maneuvered Saturday to reverse an anti-Nasser vote in the House which President Johnson says tied his hands on foreign policy.

## 87 Perish in Chilean Plane Crash Saturday

SANTIAGO, Chile (UPI) — A Chilean DC8B airliner with 87 persons aboard crashed Saturday into the snow-covered slopes of a volcano high in the Andes as the pilot attempted to swoop through a cloud-filled pass. All aboard were killed, including one American tourist.

It was the worst air disaster in Chilean history.

The plane's charred wreckage was strewn 1,000 yards over the volcano's slopes, haphazardly scarring the dazzling snow-covered mountain at the 11,700-foot level.

The old four-motored propeller-driven plane left Santiago's Los Cerrillos Airport at 7:30 a.m. (5:30 a.m. EST) for a hop through the Andes to Buenos Aires. Authorities said the plane apparently crashed some 20 minutes later, taking 51 Chileans, including a soccer team, 29 foreigners and seven crewmen to their death.

The American was Helen A. Berger, 67. Her only known address was Long Island, N. Y.

Flying weather was nearly perfect and the early morning summer sun sparkled over the breath-taking Andes peaks which tower to nearly 23,000 feet. It is the highest mountain range in the Western Hemisphere.

barring scheduled closure of 11 veterans hospitals and four old soldiers' homes.

Republicans viewed the whole matter with glee and figured Johnson was over a barrel, no matter which way the votes go. Even his friends admitted privately that he was in trouble.

At least part of the test will come Monday on a House roll call vote. Republicans hold the whip hand on what the question will be.

Johnson's troubles—born almost with the start of the heavily Democratic 89th Congress—began with a routine bill putting up \$1.6 billion in extra funds for the Commodity Credit Corp., which buys up crops to bolster farm prices and, when it can, sells them overseas.

Rep. Robert H. Michel, R-Ill., said President Nasser of Egypt, a beneficiary of these sales under a three-year contract expiring next June 30, had been insulting the United States and ought to be penalized. His amendment to bar further sales to Egypt carried, 204 to 177.

The Senate, under administration pressure, modified this to say the same thing but with the provision that Johnson could

### ● Rogers

(Continued From Page 1)  
Amarillo for such an affair. "A person that far away from the situation can't possibly know all the problems involved," Rogers said, adding, "I did what I thought was best and I'm quite a bit closer to the situation."

The Congressman said he had explained in his weekly newsletter, scheduled for release Wednesday, why he voted like he did. "I have pointed out in my coming newsletter the situations involved and why I cast my vote as I did," Rogers said.

McCallister and a neighbor, T. H. Erwin, filed a petition for an injunction in U. S. District Court in Amarillo, Dec. 30 against Agricultural Secretary Orville Freeman and his agents to prohibit the shipment, sale or gift of any surplus commodities to the U.A.R.

disregard the restriction if he found it in the national interest to do so.

But senators meantime had got up in arms about Johnson's decision to close a group of what he called obsolete, little used, hard-to-staff veterans, one of which happened to be in Miles City, Mont.

When Senate Democratic Leader Mike Mansfield, who is from Montana, hit the ceiling about this, most everybody else affected also set up a howl. The result was that the senators wrote into the bill a ban on closing veterans hospitals. And while they were about it they also banned a plan to close about 20 agricultural experiment stations, another announced Johnson economy move.

### Pampan Held on Two Charges

Joe L. Gerik, 23, of 317 N. Rider was being held in Gray County jail late last night in lieu of \$4,000 bond on charges of forgery and car theft.

The charges were filed by the Gray County Sheriff's Department and Pampa Police Department.

Gerik also faces federal charges of car theft in connection with the incident.

Deputy Sheriff D. L. Day said additional felony charges are expected to be filed against Gerik, in connection with several other offenses, early tomorrow morning.

# Special Services Planned in PHS For School Week

Pampa school officials said special observances are being planned in Pampa's 11 public schools in connection with Public School Week scheduled March 15.

Superintendent of Schools, Jack Edmondson, said during the week parents will be encouraged to visit schools and to recognize the tremendous importance of education.

Edmondson said that details of the local observance have not been completely ironed out as yet. However, one principal activity will be open house ceremonies at all schools, he said.

In designating the week as Public School Week in Texas, Governor John Connally said in a statewide proclamation:

"Our goal is to make Texas public schools the finest in the nation, and to achieve this our citizens are urged to take an active interest in the school systems and to cooperate with their school boards, superintendents, principals and teachers."

"Never before in our history has there been a greater need for educated leadership. As we rush to train young people in science and technology to keep pace with world events, it is also important to remember that our public schools will furnish our tomorrow's leaders with the basic human, moral and spiritual foundations necessary for more advanced training and knowledge."

### Council to Open Bids for Trucks

Bids will be opened at Tuesday's City Commission meeting for the purchase of a two-ton truck and chassis and three half-ton pickups.

Legislation to amend the city's parking meter ordinance will be read for the second time.

Other matters on the routine agenda include payment of bills and reports from the acting city manager.

### ● Romance

(Continued From Page 1)  
market, but that year a New England woman got into the act. She soon captured the American market.

The enterprising young lady was Esther Howland of Worcester, Mass. Ironically, Miss Howland died a spinster in 1904.

After 1900, Germany took over the market, not to relinquish it until American manufacturers made a comeback after World War I.

The verse and sentimental appeal of Valentines varies little from year to year, the society says, although the insulting type, such as "This Valentine is for a wonderful person—please forward," name into vogue in the early 1950's. The industry says its success was brief.

Origin of St. Valentine's Day is still debated by historians. Most believe it had little to do with St. Valentine himself, although it came to be celebrated on his day in the church calendar.

Many believe the custom originated with the ancient Roman fertility festival of Lupercalis, observed in mid-February.

A theory thought plausible by others, however, is that it grew from the medieval belief that birds chose their mates on Feb. 14, an idea expressed in Chaucer's writings. Whatever its origin, the society said, it seems destined to remain as popular as romance itself. And that shows no noticeable signs of decline.

### Annual Salvation Army Banquet Set Tuesday in Pampa

Major Rodolph Lanier, divisional secretary of the Texas Salvation Army, will be the principal speaker Tuesday at the annual installation banquet of the Pampa Salvation Army.

Lanier is also scheduled to install E. C. Sidwell and Homer Gibson of Pampa as new officers in the Salvation Army band.

Sidwell will take over as chairman of the board replacing outgoing chairman Calvin Whitley.

Gibson will be installed as vice chairman.

Lanier is second in command of the Texas Salvation Army. He was appointed to the position in August 1964 after serving several years as youth secretary for the Oklahoma and Florida divisions.

Ervey H. C. Seago, commander of the local army, will present a brief resume of the accomplishments of the Salvation Army in Pampa in 1964.

The annual banquet will be held at 7 p.m. in Jackson's Cafeteria.

### PHS Band Judged Best in 4-A Meet

The Pampa High School stage band was selected as the outstanding band in class 4-A yesterday at the West Texas University Stage Band Contest held in Canyon.

The 25 member band also was given a division I rating. A total of 22 bands from the Panhandle and West Texas area competed.

Three members of the band were selected by the judges as members of the contest's All-Star Band. They were David Robertson, Marshall Gardner and Doug Skaggs.

The stage band, under the direction of Fred Stockdale, played five numbers during the contest.

Judges were Bob Sibert and Ken Dennis, professional arrangers from Dallas, and Paul Cox, band director from Tulsa.

The Texas Bluebonnet is either Lupinus texensis or Lupinus subcarneus, two very similar species

# '500' Racer Will Speak on Safety

Students at Pampa Junior High School will hear two-time Indianapolis 500 competitor Art Malone during a safety assembly set for tomorrow afternoon.

Malone of Tampa, Fla., will present the nationally recognized Highway Safety Program at 1:20 p.m.

He is one of eight Indianapolis veterans who appear daily in high schools throughout the nation.

"We point to attitude as the biggest factor in driving," Malone says. "We skip the usual do's and don'ts of driving and maintain that by keeping a car in good operating condition, being mentally alert and practicing common courtesy we could come up with a sizeable decrease in our annual traffic tolls."

Malone's appearance is sponsored by a national spark plug company.

# Oil Unit, Grass Burned by Fire

An oil field condensation unit and five acres of pastureland were damaged yesterday afternoon when fire broke out on the Taylor Ranch, 16 miles south-east of Pampa.

The fire started at 2:40 p.m. in an unknown cause in a condensation unit. The unit was almost totally destroyed.

A resultant grass fire burned about five acres of pastureland. Pampa firemen battled the blaze for approximately two hours.

# 35 Art Students Enter Competition

The annual Northwest Texas Regional Art Exhibition in Amarillo Feb. 20 through March 6 has attracted some 35 entries from Pampa High School.

Cameron Marsh, school principal, said winners from the regional contest will receive all-expense paid trips to the national contest in New York.

Winners of the national contest will receive scholarships to art schools.

The red maple is the most abundant maple in Texas.

# Center Wrap-Up

George Smith, Director  
Pampa Youth and Community Center

By GEORGE SMITH  
The Center will offer new swim lessons starting Feb. 15 in the form of Intermediates and Swimmers. Intermediates will meet from 4-5 p.m. and the Swimmers from 5-6 p.m. Classes will meet on Monday, Wednesday, Thursday, and Friday through Mar. 3. Enrollment is now going on. Center members are enrolled free of charge while non-members are charged a \$3 instructional fee.

Center memberships are on sale at the front office at all times and is a most economical way of receiving the full benefits of the Center. There is never an extra charge for any activity unless a league function, the Red Cross swim during the summer or extra equipment is needed or a special instructor comes for classes. You receive free swimming, basketball practice, volleyball practice, shuffleboard, ping pong, pool, baton lessons, free swim lessons, free steam baths and many other games. Center memberships for individuals are \$5 for six months and \$8 per year while family memberships are \$12 and \$20 respectively.

In our water front program are Polywog and Beginner from the classes to look forward to Mar. 8-24; Advanced Beginner and Intermediates from March 28-April 14 and Swimmer and Polywog from April 19-May 5. Enrollment for the Red Cross summer swim program will be in May.

Groups from schools, churches, etc. are reminded of the Centers availability during the week nights. We have had several groups from Lefors, Wheeler, Briscoe and Panhandle to come to the Center from 7:10 p.m. to use the facilities.

These groups have usually played pool, basketball, ping pong and other games then have gone swimming. The charge for each person in the group is only 50 cents each and includes everything available

here. Groups should contact the Center to find out what nights are available.  
If you would be interested in a Scuba Diving Course with all equipment furnished for a fee, or you would be interested in taking Adult Beginners Swim Lessons at night, please contact the Center. We are trying to take a census on these classes. If enough or interested plans will be culminated to include these in our future schedule.

The Second Annual Top O' Texas Men's Invitational Basketball Tournament will be held this year on Mar. 22-26. This tournament attracts teams from all over the Panhandle area and is one of the best in competition. A local radio station is the

## SEEKS ACTION

WASHINGTON (UPI) — Sen. Stephen M. Young, D-Ohio, wants the Justice Department to take action against the right-wing "Minutemen" organization.

"The facts are that any organization which secures automatic weapons, including sub-machine guns, tripod-mounted machine guns, flamethrowers, aerial bombs, mortars and other instruments of war, should be denounced and eliminated," Young said in a Senate speech.

"Too many may laugh or shrug these rabble-rousers off as mere mischief-makers or annoyances," he added. "We cannot disregard them for their purposes are at odds with our nation's freedom."

defending champion. Entry deadline is March 17 at 12 noon and entry fee is \$15 per team. Volleyball League deadline — March 31.

## POLAR BEAR STUDY

WASHINGTON (UPI)—A senator from Alaska believes that Soviet, Danish, Norwegian, Canadian and U.S. scientists should get together to find out what is happening to the polar bear.

recommended that an international meeting of scientists from circumpolar nations be held to determine what was needed to save the arctic animal from extinction.

# The Pampa Daily News

A Watchful Newspaper  
EVER STRIVING FOR THE TOP O' TEXAS  
TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself no more, no less. It is consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

## The Hole in the Bucket

Expanding government services by means of federal deficits became a policy in this nation during the first term of Franklin Delano Roosevelt. His thinking in this area became known as the "We owe it to ourselves" philosophy. You take money out of one pocket and put it in another. How have you lost anything?

This irresponsible and economically ignorant assumption has been at the root of much federal activity in the field of spending since 1933.

In Mr. Roosevelt's third budget message on January 3, 1936, he said:

"Our policy is succeeding. The figures prove it. Secure in the knowledge that steadily increasing deficits will turn in time into steadily increasing surpluses, and that it is the deficit of today which is making possible the surplus of tomorrow, let us pursue the course we have mapped."

Actually, this is the base of Keynesian economics. The "general theory" has it that the more you spend, the more you have. All economic ills are to be conquered if only we spend enough money.

But let us see, Mr. Roosevelt was dealing with a \$34 billion deficit. That is a staggering sum. And by his reasoning that deficit should have become a monstrous surplus by now. Has it? We have a federal deficit in excess of \$310 billion and the spenders are still spending.

Surely, after the passage of nearly 30 years from that 1936 pontification "tomorrow" would have arrived. Where is it?

In private business it is possible to convert a deficit into a surplus. A firm borrows money thus creating a deficit. Then it goes to work to produce. Assuming that the market is pleased and patronizes the firm, the deficit can be paid back and in time a surplus may appear.

But the reverse occurs when governments borrow. The government borrows money, creating a deficit. Then it spends the money. The money is not invested, it is tossed into so many non-productive endeavors that a mere listing of them staggers the imagination.

When the money is spent, how will the deficit be met? New borrowing must be undertaken in order to service the debt and in order to keep up with

current continuing costs of government.

What happens to the new borrowings? The same thing that happened to the earlier sums. They are tossed into a vast and ever-increasing set of projects, few of which can justify themselves on any economic grounds.

Lawrence Sullivan, writing in Christian Economics some time ago, is quoted as follows:

"In 1932 federal aid to the states was \$222 million. In 1962, it was \$6,574,000,000 or roughly 30 times larger. Federal aid is the deceptive device of socialism which, as Will Rogers once observed, permits us to spend money we haven't got for things we can't afford."

In the first 46 years of our existence as a nation, the federal government reported a surplus 34 different times. Federal deficits occurred in only 12 out of those first 46 years.

The Civil War rolled up a monstrous debt of \$2.7 billion. But for the next 28 years it was slowly retired, something each year. There was no deficit during this period.

World War I left a federal deficit of \$25.5 billion. In 1919, however, this was faced and reductions undertaken which by 1930 had pared it down to \$16.2 billion. The federal surplus of 1930 was the last we were to have for 17 years. And since 1947 we have had an average deficit of more than \$6 billion a year, more than twice the cost of the whole Civil War, annually repeated.

Operating a government on a growing deficit does not create surpluses. It creates scarcity. And the idea that these deficits are helping the "poor" is a monstrous fraud. It creates poor people by taxing them into impotence.

Interest charges on our federal debt are now larger than the total cost of running any reasonable semblance of national government. But the fallacy seems to exist that we can change this by continuing to operate as before but under better management.

If a bucket has a hole in it, there is little point in continuing to use it to carry water until the hole is fixed. The amount of water wasted isn't the problem; the hole is.

The hole is the power of the government to tax and to borrow, both of which are unlimited powers.

World Travel

Complications of international travel, such as passports and visas, could be alleviated, if not eliminated entirely with a simple wallet-sized identification card which would be the same for citizens of all nations. Although governments have come a long way in their efforts to simplify travel documents, there is still a long way to go. An identification card could easily contain all the essential information now found in today's lengthy passports.

In a speech before The New York Chapter of The American Marketing Association, Warren S. Titus, president of P & O Orient Lines, Inc., elaborated further on his idea. He called passports and visas "archaic defensive restrictions which hinder the growth of travel."

Mr. Titus, an American citizen, cited some examples: The United States still requires visas from European travelers when they come to America, but American citizens can visit most countries in Western Europe without them. An overseas visitor from England can pass through the U.S. by air or ship without having to obtain a visa, but he has to stop over for a day or two, he must have one. In certain areas, agreements have been reached where passports are not necessary.

Mr. Titus pointed out that U.S. citizens traveling to many parts of the Caribbean don't need passports.

Ideally, the day will come when travel will be as free as commuting to work, and all countries will benefit economically.

The Indifferent Man

Are we approaching the age of the "Indifferent Man"? President Carey of the Chamber of Commerce of the United States fears we may be. The "Indifferent Man," in his view, is the sort of individual who finds it safer to "withdraw into the crowd, to surrender his identity, to yield to remote authority than to assume individual responsibility which has come down from the ancient City State of Athens to our own day as the stamp of a free people."

This, Mr. Carey also said, is an outgrowth of the complexity of modern age living. But that very complexity should in itself

## CAPITOL EYE:

### Frustration Encircles 'Barryites'

By BRUCE BLOSSAT  
Washington Correspondent

CHICAGO (NEA) — The political echoes here are the noises of frustration from arch-conservative Republicans seething with anger at the blows struck against their cause by hard-headed party professionals.

The frustrations seem bound to grow. Ouster of Dean Burch as GOP chairman is only the first big blow. Another, predictably, will be the dawning awareness that the arch-conservatives have no new hero to supplant Barry Goldwater as he recedes into private life.

Indeed, for these people the largest effect of the Chicago meeting may be the slowly developing shock of discovery that they not only have no new leader but also no place to direct their highly charged energies.

They are not facing up to this prospect. They are not really facing squarely anything that has happened to them since Nov. 3.

Hours after the Republican National Committee had adjourned its Chicago sessions, a tiny band of Goldwaterites gathered in a dimly lit cocktail lounge, was heard playing post-mortems on Burch's removal—as if somehow the situation could still be retrieved.

A pro-Goldwater westerner was heard to say:

"We'd have 50 votes right there."

While the sessions were on, the corridors rang steadily with the bitter complaints of GOP right-wingers at events which were showing them aside. Typical was California's committee-woman, Mrs. John Bowler Jr., who sounded as if she could never again bring herself to support a Republican progressive for the presidency.

Who could be a warmly welcomed candidate of these forces in 1968 is difficult for them—or anyone else—to see right now.

Sen. John Tower of Texas is under serious threat in his 1966 re-election bid. Even without that, his name seldom is heard in presidential context.

Colorado's Sen. Peter Dinkins is the one individual whose name does crop up, casually but fairly often. Yet he is really little known among the conservatives themselves and has nothing approaching national status.

Now and then a hopeful right-winger suggests they would "have something" if one of their own—say actor Ronald Reagan—could win nomination and election as California's governor in 1966. But Democratic Gov. Edmund G. (Pat) Brown, expected to seek a third term, would be a formidable adversary.

And it is quite a far stretch to say that a political novice, as Reagan would be, deserves quick consideration as leadership material.

This short rundown underlines the emptiness of the arch-conservatives' cupboard. They simply have nothing solid in sight.

They have other problems, more pressing in some ways. Fanned across the country is the army of Goldwater volunteers mustered by F. Clifton White and others. Most are young activists spoiling for new cause—right now.

Their urgent letters of appeal boil to this:

"What do we do? When do we go?"

Many groups have speedily recast themselves in forms like the Committee for Constitutional Government or Committee for a Reapportionment Amendment (to upset the Supreme Court's one-man, one-vote ruling). In some communities there may already be four or five of these.

To some thoughtful Goldwater men, eager to keep these energies harnessed in a good conservative cause, the pressures from the volunteers spell potential danger. They voice a strong fear that many, lacking forceful direction from the top, will satisfy their appetite for militancy by joining the John Birch Society.

The circumstance may be unique in politics. Goldwater has gone back to his mountain in Arizona, which each day will seem more remote from events. Burch will go soon. Standard GOP conservatives are turning away, in obedience to party regularity and a future bent toward winning ways.

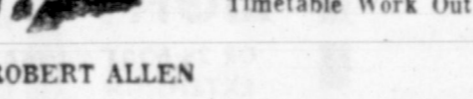

What remains of the Goldwater Movement is like a huge, rudderless transport ship, crowded to the decks with troops. It drifts perilously in heavily traveled seas. The risk

## Soup's On!

## Backstage Washington

Johnson, Kosygin to Exchange Visits This Year, If President's Plans, Timetable Work Out

ROBERT ALLEN PAUL SCOTT

WASHINGTON — There is a direct connection between those two sudden announcements in Washington and Moscow. In the former, President Johnson's statement that he "hopes to visit Russia this year" and in the latter, that Premier Kosygin is stopping off in Peking en route to North Viet Nam.

That bombshell triggered under Johnson's surprise declaration. Behind the president's public avowed desire to exchange visits with the Russian leaders are two immediate objectives:

1. To reaffirm his privately conveyed willingness to come to terms on the protracted war in South Viet Nam;

2. To evince his willingness to open the door wider to the West in the hope that Moscow will continue a tough ideological line toward Peking.

For some weeks President Johnson has been hinting to White House callers that he was trying to arrange an exchange of visits with the Kremlin rulers. The U.S. is proposing that the new Kremlin ruler come to this country in May, and the President return the visit in August or September.

Significantly, this plan has been approved "in principle" by the Russians.

That is, they have gone so far as to indicate Kosygin's willingness to fly to Washington in the spring. But on a possible date they are saying nothing; neither accepting nor rejecting the May proposal.

What is behind this indefiniteness is conjectural.

Despite this obviously deliberate vagueness, administration authorities are viewing as encouraging Pravda's article early in this week generally endorsing the President's State of the Union Message and its suggested exchange of visits by U.S. and Soviet leaders.

Pravda declared Russia has "invariably been for contacts with other states for the solution of important international problems. . . Such contacts between statesmen of the Soviet Union and the United States can provide an opportunity for an exchange of opinions to the key problems of our time."

At a strategy meeting with Democratic congressional leaders, the President claimed he was vigorously pressing them to speed up the enactment of his wide-ranging "great society" legislative program by August 1 because he contemplates doing "a lot of foreign traveling the last half of this year."

In addition to going to Europe and Latin America," he said, "I also confidently expect to make a trip to Russia. It looks very promising for Premier Kosygin to come here in the spring. We are discussing that now."

To another group of congressional leaders, the President stressed the importance of "reaching a general understanding with the Soviet in the

## National Outlook

By GEORGE HAGEDORN

### Holes in the Dike

Until the last months of 1964 there was a widespread feeling of confidence that real progress had been made in reducing the deficit in our international payments. We now know that this conclusion was largely an illusion. Large outflows of American capital in the last quarter resulted in a deficit in 1964 that was only nominally lower than in preceding years.

There is still a reluctance to face forthrightly the fundamental dilemma involved here. We have had four years of rising business in this country. Expansion of the domestic supply of money and credit has played an important, perhaps the most important, role in producing this result.

Restraint Needed

But, when a large volume of money and credit is produced within our borders, it inevitably tends to flow over the edges into foreign investment. The number of our dollars which are held abroad thereby increases. Our government leaders have pledged, and continue to repeat, the pledge without reservations, that we will always be ready to redeem foreign-held dollars in gold at the rate of 35 dollars to the ounce.

The dilemma lies in the fact that, as long as we are pledged to redeem our dollars abroad, we cannot be completely free to use domestic money and credit policy as an economic stimulant.

It should be hastily added that this restraint on monetary expansion is on the whole a salutary one. Unrestricted use of money creation is the classic road to inflation. Of course our government and monetary officials insist, and no doubt sincerely, that they are determined not to follow this road. Still, one feels a greater degree of confidence if there is some external objective fact which would prevent them from doing so when, in their minds, inflation might appear to be the lesser of two evils.

May Extend Tax

One way of evading the dilemma is the imposition of direct controls on the outflow of funds. This form of government intervention in the market is certainly undesirable, and its effectiveness is questionable.

The interest-equalization tax, enacted last year, was intended to discourage sales of foreign securities in the United States. Among its results was an increase in foreign borrowings from American banks. Now there is a strong possibility that the tax will be extended to bank loans of maturity greater than one year. But then, experts ask, how will the authorities prevent the same result from occurring as a result of loans which come due officially in just less than one year and are renewed thereafter? And how can you restrict short-term credits without creating a serious obstacle to American exports?

Apparently the pressure built up by a plentiful domestic supply of money and credit is a very strong one. If you dam up one channel, it will find another way of reaching foreign borrow-

ers. If the direct control method is used as a solution to the monetary dilemma, we might wind up with a financial dike around the whole country which would be a barrier to trade as well as to capital outflow. Even then, it would take a lot of police power to keep all the holes in the dike plugged up.

From field accounts, the Soviet flame-thrower shoots "bolts of fire" several hundred feet. Vietnamese forces are not equipped with flame-throwers.

## The Clearing House

Editorial for this column are prepared to be 400 words or less in length. However, longer articles may be printed. All letters must be signed.

In his double-talk he is overlooking an important aspect of the situation. That is, even if they were actually paying us for the commodities, would we want to accept money stained with the blood of American missionaries murdered by communist armies in the Congo using Egyptian weapons? Perhaps Rep. Rogers would. Most of us would not.

No, Rep. Rogers has not been "smeared" by anyone but himself. He had a choice of voting as a free man or becoming Lyndon's lackey. He chose the latter.

## Fast Action Only Way to Halt Reds

By RAY CROMLEY  
Washington Correspondent

WASHINGTON—Time is slipping by in the Congo.

The Communists have set up training camps in next-door Sudan and Uganda, brought in foreign advisers, upped their supply of weapons to the rebels.

This is the classic Communist pattern for a long-drawn-out effort at taking over a country.

U.S. officials are consoling themselves with knowledge that in their initial efforts the Reds have not achieved much success. They're reportedly having as much difficulty in installing discipline in the rebels as the Belgians are in training the nationalist troops of Prime Minister Moise Tshombe.

Some of these undisciplined rebel groups, in fact, are abandoning their weapons in considerable numbers.

Within the U.S. Government there is a certain amount of optimistic thinking that the Communists won't ever be able to weld these Congolese tribesmen into fighters.

Administration men also point out that some Congo rebel tribal groups are allied to unhappy minority tribes in the Sudan and Uganda. The leaders of these two nations risk the danger these arms will be turned back against themselves.

All this sounds bad for the Communist cause and gives good cheer to U.S. officials. But historically this is the haphazard way in which Red agents begin the takeover of underground movements. At the start, all is confusion. The hard core starts building in the midst of this confusion. The Red agents see which leaders pan out in the scramble, then back them—if they're manageable. The Communists see to it that the unmanageable ones are killed in the turmoil.

If history repeats itself, the Red military advisers and political organizers will build tough, disciplined cadres, if given enough time.

The Reds brought discipline to the Pathet Lao that old Lao hands still find unbelievable.

In most countries, this build-up has taken years.

The history of Communist movements in Korea, China, Laos, Viet Nam and elsewhere indicates the Reds are willing to spend a decade or more to establish the hard bases they want.

But it is also written in history that the United States and the West traditionally have given the Communists the time they need to establish themselves before reacting strongly.

When we haven't given them time, the Reds have failed.

It is still not too late for us to act in the Congo. If we are to be successful, it will be a long, slow job.

We need to build the administrative ability of the Congo government officials. But even more importantly, we need to teach the Congo government ways to draw minority non-Communist tribal groups into its political system.

What's needed is practical ward politics, at which Americans are particularly adept.

## Canrel At Bay

By Ward Canrel

WHAT KIND OF READERS ARE WE PRODUCING?

NEW YORK (NEA) — It was noted here a week or so ago that the professional writer is one of the highest technological achievements of civilization, along with indoor plumbing and sex without love.

As we said at the time, writing is very difficult because you must always be at it, whereas you can be a Writer without writing a word until somebody pays you for it.

In that regard, the Writer is a labor-saving device several magnitudes greater than the typewriter, and has made possible an enormous and productive communications industry.

And having said so, we had not intended to take the matter under assault by a second thoughts, having come across a couple of astounding articles last week in two of the better-known professional journals.

The first was a spirited consideration in the Journal of the American Medical Association (190:12) of the question raised in the British Medical Journal (2:512) as to whether it has been altogether wise to abandon the use of the chamber pot in modern homes and hotels.

The other professional journal with an equally surprising article was the past issue of "Esquire" magazine (53:2) with a damnation of the sex-interest industry entitled, "Down With Sex."

Now, this is not meant to compare the two questions. Quite to the contrary.

We have a great nostalgia for Esquire and can still call to mind many of the naughty cartoons and drawings of luscious girls which have made its pages famous.

We only mention the two articles because we spent 75 cents to read one, and a half-day to track down the other.

If civilization rested on any two pillars, we would have sworn they were indoor plumbing and sex without love.

We simply could not believe the questions were open to dispute. And certainly not by the professional journals dedicated to keeping things that way.

The quest, of course, was a waste of time. Despite the chamber pot matter, the medical journals were as antiseptic as ever. Similarly, "Down With Sex" could just as easily have been entitled, "Up With Sex" for all the difference it makes after you have finished reading it and see that the following page contains a naughty cartoon.

And as to what Writer wrote it, or whether he wrote the chamber pot article too, and will write the other sides of both questions next month—well, we must admit that it really does not matter.

The true measure of a consumer industry, it seems to us, is the consumer it produces—not the product.

The highest achievement of the communications industry is not the Writer at all, no matter how much of a technological improvement he is over the typewriter.

The real labor saving device is the Reader who will spend 75 cents, a half-day or a three-years' subscription on magazines that answer questions which are not worth asking.

It is an industrial advance easily on the level of the highest fi equipment which reproduces a sound so perfect that it can be appreciated only by another machine.

## Agriculturally Speaking

By FOSTER WHALEY  
Gray County Agent

Due to lack of space a few lines were cut from this column last week. Because of the importance of the matter being discussed I felt as though we should repeat the last of Dr. James Valentine warning against the indiscriminate use of trace elements and phosphorus. I quote: "Actually we believe there is some hazard in the indiscriminate use of trace elements". We know of one instance in Lamb County where demonstrations conducted by the agent using phosphate (where shown to be high by our soil test), resulted in decreased cotton yields, and this was thought to be due to the excess phosphorus tying up the soils zinc supply. There is a strong interaction in some instances between phosphorus, iron and zinc, and by applying any one of these elements, deficiencies of one or more of the other two elements can be brought about. This may be a rather delicate balance and is simply another argument in favor of not using phosphorus and trace elements indiscriminately.

I personally recognize Dr. Valentine and the many others we quoted in last week's news column as top Scientists in their field of work. The ones quoted are from private industry as well as our agricultural colleges—I believe we should heed their warning and advice.

I have talked to a number of local farmers that used a trace element fertilizer last year. Some of them are quite concerned that some permanent damage might have been done.

Personally, I am not a soil scientist and would not venture a guess on whether this has happened or not.

I would say again, I would heed the warning about indiscriminate use of phosphorus and trace elements.

**Farm Labor**  
David Miles, farm labor representative, advises me he has some excellent applicants for steady farm jobs. Each Thursday afternoon from 1 p.m. to 5 p.m. farmers and prospective farm laborers will have an opportunity to meet one another and discuss farm jobs in a minimum of time and travel.

If you are in need of a good farm-hand get in touch with David. He has a listing on a number of small farmers from Collingsworth and other areas

that have been frozen out by the economic impact of farms getting larger and small farms going out of the picture. Most of these farmers make excellent employees for this area.

**Plant Disease**  
Jack Villines brought a specimen of wheat to our office that belonged to Gene Rapstine, Carson County farmer. Rapstine was very concerned about the condition of the wheat. Both he and Jack thought some kind of disease was present. We sent the wheat plant in a special container to Dr. Robert Berry, extension plant pathologist, Lubbock, for analysis. We suspect mosaic root rot. We will report Dr. Berry's finding to you as soon as we have the report.

**This and That**  
We had a request from a Mrs. Peggy Stephens Rainey, Newport News, Virginia, for a Farmer's Tax Guide. I didn't know we covered Virginia with this news column. We mailed the guide. Don't forget Feb. 15 is the deadline for filing your farm income tax return.

Had a visit with A. R. Hodges, Soil Conservation Service, Lipscomb County. Hodges says there are over 200 citizen band radios in Lipscomb County. They use them in fighting grass fires as a fast communication system and for a thousand other uses. Few people have telephones and they have really saved the day for the people in that area. These small sets will cover up to a 20 mile distance and the cost is surprisingly low. Mobile units can be installed for a little as \$100. These are extremely handy gadgets. If the plow breaks down, you can call the wife and tell her you will be late for dinner.

Top O' Texas Junior Livestock Show — March 8, 9, 10th coming up.

Stephen Maddox and Bill Skaggs, Gray County 4-H youngsters will give their state winning field crops demonstration before an audience of 350 people on Feb. 25 at the Holiday Inn West Motel in Amarillo. Occasion will be the 4th annual Grain Sorghum Producers Utilization and Marketing Conference.

February 18th — field day for all Gray County farmers at the Bushland Experiment Station. Free barbecue to all those attending — compliments of Hoover Oil and Fertilizer Co.

**POND CONSTRUCTION** — Grady Williams is shown observing construction of a pond on the R. W. Adams ranch, south of Kellerville. The pond is being constructed for better distribution of livestock grazing and to control water erosion. Williams plans to build three diversion terraces to control water erosion. (SCD Photo)

## County SCD News Ranchers Set Meeting for March 15-17

By VAN MILLS  
Location for an irrigation well was staked for Lawton Hoffer on the farm he operates north of Laketon. A farm pond was staked for Dean Burger on a ranch he operates east of Groom.

John Haynes of McLean drilled 10 acres of abandoned cropland to grass. Most of this area had been a badly eroded draw before it was shaped in 1964 with a dozer. A dead litter cover was established on this area in 1964. The grass was seeded at a double rate to protect the area from further erosion.

New terracing techniques are being introduced to farmers in the Texas Panhandle. Many farmers who need to terrace their land because of erosion or water loss will be interested in some new terrace layout and construction methods offered by technicians of the Soil Conservation Service.

A system of terraces run parallel to each other is fast gaining popularity among farmers who have seen them in operation. While these parallel ter-

aces are fairly new to the Texas Panhandle they have been thoroughly tried and proven in other parts of the state.

Parallel terraces eliminate point row. This is a big advantage to High Plains farmers who use 6 and 8 - row equipment. Crop damage is greatly minimized when all turning is done on turn rows at the end of the field. Another advantage is that it facilitates supplemental irrigation between terraces.

When all rows run the entire length of the irrigation run, furrow irrigation can be accomplished by laying gated pipe along the ends of the terraces. Each row can then be expected to carry the furrow stream all the way through.

In general, when parallel terraces are installed, a waterway must be provided in all significant depressions across the slope. This provides for excess water disposal at points where water would normally collect and break across the rows.

More than 50 species of oak are natives of Texas.

## FB to Introduce Bill Asking for Hog Cholera Aid

WACO (SpI) — Enabling legislation that would permit Texas to participate in a federal-state hog cholera eradication program will be introduced soon in the 59th Legislature, according to C. H. DeVaney, resident of the Texas Farm Bureau.

Supporters of the bill include the Texas Farm Bureau, Texas Swine Breeders Association and various other organizations connected with the swine industry in Texas.

Texas is now the only state in the continental U. S. that does not participate in the nationwide program. Enabling legislation would permit the Texas Animal Health Commission to cooperate with the Animal Disease Eradication branch of the U. S. Department of Agriculture by enforcing regulations designed to rid the state of hog cholera.

Regulations would authorize use of biologicals and quarantine of infected and exposed animals. The legislation would also permit slaughter of infected animals with payment to owners. However, this provision would not be used until incidence became low.

This is the third major animal health campaign launched by Texas farmers and ranchers in recent years. Nearly half the counties in the state have cleaned up brucellosis, and the screwworm eradication program is considered a success for the Southwestern U. S.

DeVaney said the hog cholera legislation would carry out a policy adopted at the Texas Farm Bureau convention last Nov. in Houston.

# Harvesters 'Snake-Bit' In Snake Pit

## Cold Shooting, Free Throws Kill Pampans

By JEFF COHANE  
News Sports Editor

AMARILLO — The only team that beat Pampa in the first half of district 3-4A play proved it was no fluke Friday night as the Amarillo Sandies improved on the first outing for a 73-61 win.

The tiny Sandie Armory, packed to impossibility with screaming partisans, while several hundred more milled disapprovingly outside the locked doors, literally rocked on its foundations with the hysteria of the crowd, as the "Snake Pit" jinx its oil once more.

Both teams put on the full-court press for the entire 32 minutes of the game, but the Sandies hit in the clutch, while the Harvesters suffered the most woeful night of their careers at the foul line and the basket.

Pampa, which has won most of its games with 40 to 60 per cent accuracy from the floor and fantastic gunnery at the free throw line, just couldn't find the bucket when it counted, as they hit only 20 of 62 field goal attempts, less than 33 per cent, and could make only 21 of 34 free throw tries, missing eight of 16 attempts in the second half.

The Sandies hit in the clutch, shooting 25 of 61 from the floor, 14 of 24 in the second half, for 42.5 per cent, and 21 of 29 free throw attempts.

Despite the loss, the Harvesters can still take the district title by winning their last two games against Tascosa and Monterey. Pampa and Amarillo share the second-half loop lead with 5-1 records, but the Harvesters split the first half with Lubbock, and a split in both halves gives them the title. Lubbock, which was tied for second with the Sandies before Friday night, was virtually eliminated from the race when they dropped a 42-40 decision to Lubbock.

Amarillo took the lead late in the first quarter on Mickey Vaclav's three-point play and never relinquished it again, although Pampa kept coming back to one and two points until the Sandies took a 10-point lead early in the fourth quarter.

Vaclav and Jeff Harp broke up the Pampa press with long passes and steady dribbling, meanwhile hawking the ball from the Harvesters in their own fast break. Pampa was seriously hurt when Mac Williams picked up three fouls in the first quarter, losing one of their best rebounders and defensemen. McWilliams came back in the third quarter, but picked up his fourth foul and had to play it cool the rest of the way, finally fouling out in the final frame along with Roper Roper as the Sandies snubbed to victory.

Both sides fouled frequently in the press, with Roper and Davy McDaniel making their first two charities to open the scoring. Buckets by Charles Wells and Vaclav and a one-pointer by Harp made it 5-2 Sandies, but Roper led the way back on free throws as Pampa tied it up and then took a 9-5 lead. It was the Harvesters' biggest lead, although no one knew it then, as Dennis Falk put in a rebound and a free throw to cut the edge to 9-8. Roper hit the first half of a one-

and-one, but Wells tied it up. Roper hit the first half of a one-and-one, but Wells tied it up. Roper hit another one-pointer for an 11-10 lead, but Vaclav drove for a bucket, was fouled and made it 13-11 and the Sandies never trailed again, holding a 17-13 quarter lead.

Lewis and Roper cut the edge to one point, but the Sandies started piling in the charities as Mike Burkett grabbed the boards, and built the margin to five. McDaniel and Roper sliced it back to one once more, but the Sandies built it up to seven and then to nine before Curlee hit to make it 32-25 at the half.

The Sandies jumped it up to 10 points to open the third quarter, but McDaniel kept hitting to keep Pampa in range. Late in the quarter, Davy connected for five straight points to make it 46-44, but Burkett hit at the buzzer for a 48-44 margin.

Amarillo snubbed for five quick points to open the final frame and led by seven to 10 points from there on in. Harp and Vaclav built it to 14 and then to 16, and with 1:39 left, the Sandies turned the table and cleared the bench on Pampa.

The Pampa Shockers lost a heartbreaker to the Yannigans in the prelin; 57-54. Trailing by 17 points going into the last quarter, and by 13 midway in the period, Little Butch Crossland, Steve Williams and Roy Harper led a press that cut the gap to two points, only to have the Yans pull out on free throws. Williams had 13 points, Crossland got 12, 10 in the last period.

## Ponies Pop Arkansas, 84-76

FAYETTEVILLE, Ark. (UPI)—Southern Methodist scored 16 straight points while holding Arkansas scoreless for one three-minute period in the first half Saturday and went on to win an 84-76 Southwest Conference victory.

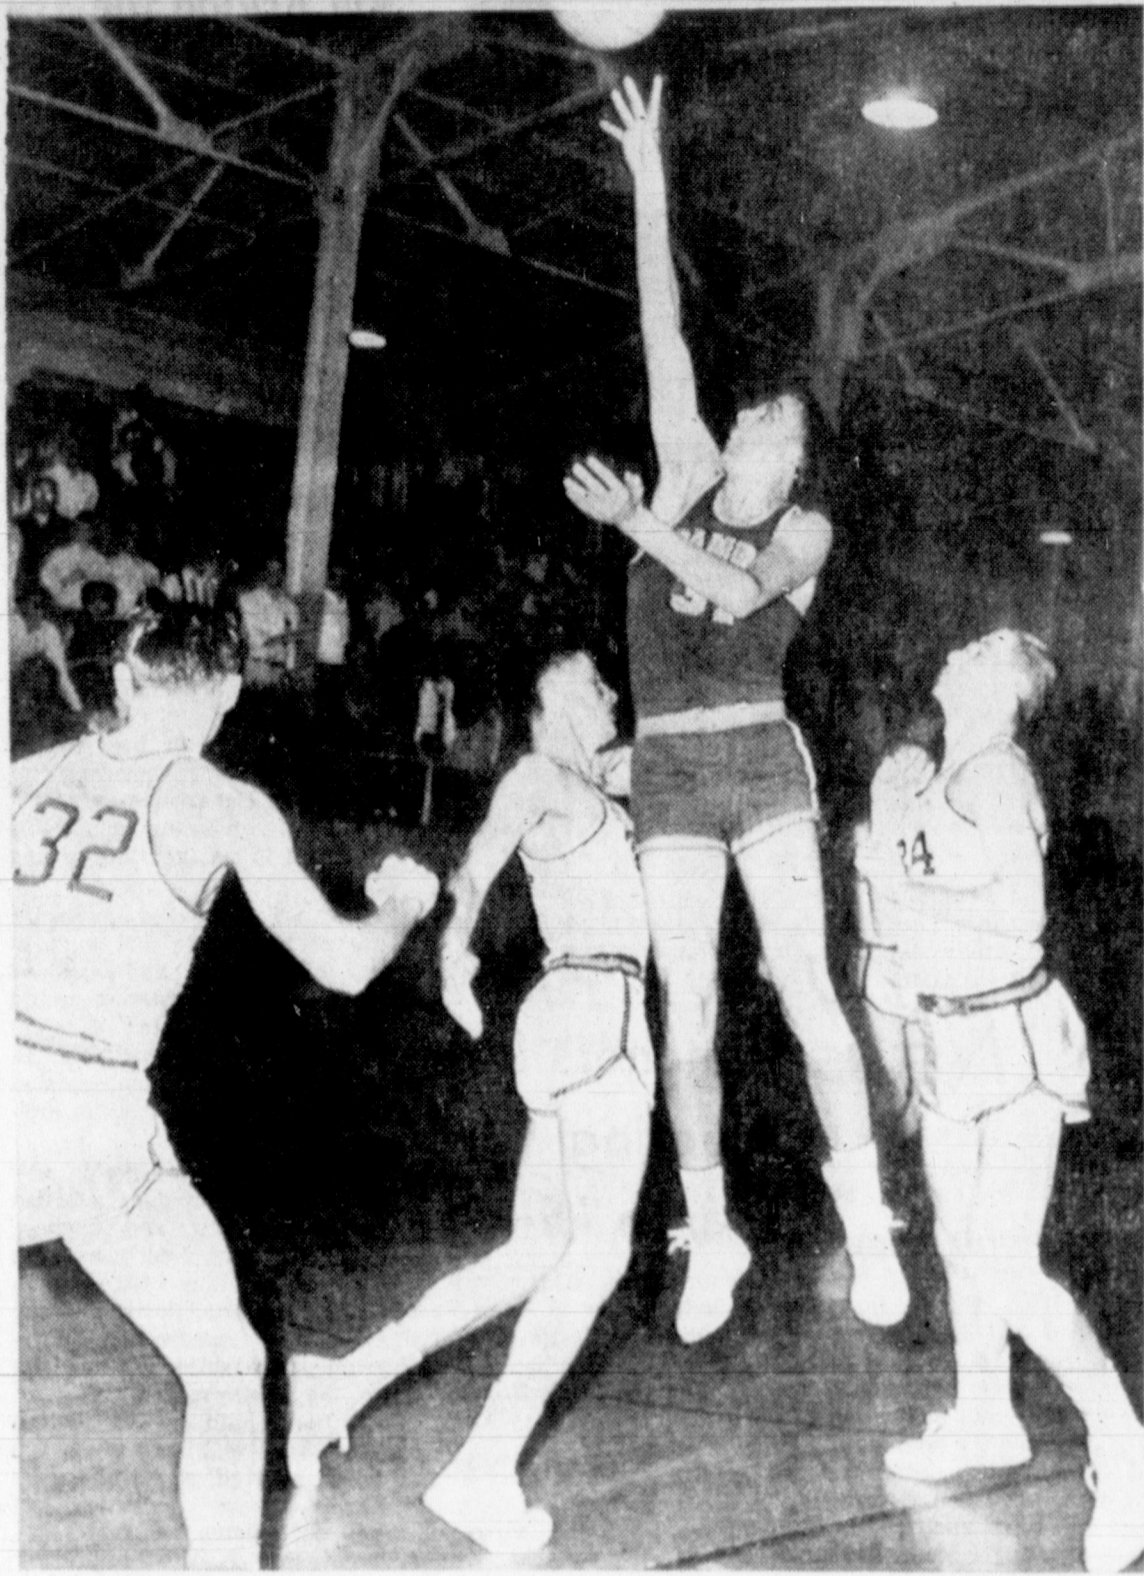

Denny Holman, a 6-2 sophomore, hit three baskets during the surge and Charles Beasley added two more for the Mustangs.

SMU took the lead for keeps at 14-13 on a jump shot by Jim Smith with 13:51 remaining in the first half and led 28-13 with 10:19 remaining. The Mustangs are in second place with a 4-2 mark.

Arkansas made one determined bid to get back into the ball game after intermission, pulling up to trail 56-55 with 12:18 left, mostly on the shooting of Ricky Sugg. But SMU's Carroll Hooser and Beasley got hot and SMU pulled ahead comfortably to stay.

SMU led at half 45-34. Arkansas, except in instances, wasn't hitting well and played raggedly at times. SMU hit 50.8 per cent from the floor and Arkansas 49.2 but the Porkers' loose play caused them to lose the ball a number of times without getting off a shot.

Smith was high for SMU with 20, Hooser had 18 and Holman 17. John Talkington paced Arkansas with 19.

STEP ASIDE — Roper Roper of Pampa rudely shoves Mickey Vaclav and Mike Burkett (34) of Amarillo out of the way as he goes up for a basket. Holding off Davy McDaniel of Pampa is Dennis Falk (32).

## Lefors Takes Twin Wins At Mobeetie

MOBEETIE — Lefors came from behind in the second half of both games to take a twin win over Mobeetie Friday night, the Pirates edging the Hornets 62-56 and the Pirettes nipping the Hornettes, 43-37.

Larry Pruett and Dickie Archer both had hot second halves to join with Ace Roberts in pulling the Pirates back from a six-point halftime deficit. Mobeetie double-teamed Pruett. Lefors' number two scorer, in the first half, assuming that Roberts was still down with the flu. Roberts single-handedly kept Lefors in the game and Pruett hit 10 points and Archer nine in the second half as Mobeetie pulled off Pruett to vainly try to stop The Ace.

Joe Fred Mixon and Jack Johnston dominated three rebounding in the first half as Eddie Vowell, Gerald Gudel and Mixon headed the scoring. Mobeetie moved to a 13-6 quarter and 28-22 halftime lead.

Billy Whitten and Mixon kept up their scoring in the third quarter, but Roberts, hitting quick jump shots, moved Lefors into the lead with five minutes left in the frame. Lefors moved to six points ahead, before the

## Clarendon Slips By McLean

MCLEAN — Undefeated Clarendon stayed on top of the district 2-A race as Archie Smith scored with four seconds left to give the Broncs a 60-18 squeaker over McLean.

Clarendon is now 8-0 and Wellington 7-1 as the district goes into the final two games for each team.

McLean came from far behind to pull ahead in the third quarter before Clarendon rallied. With David Moore leading from outside and Smith rebounding, Clarendon moved into an 18-10 quarter lead.

Smith and Rucara rebounding hit for Clarendon in the second quarter, but Gomer Gousson and Gary Hester grabbed loose ball wins as the Hornets rallied to cut the edge to 32-30 at one half.

Windom and Goldston put McLean ahead early in the third quarter and Ed Eddie hit nine to keep McLean on top, from one to five points, 43-41 going into the last quarter.

The final period went back and forth as Clarendon kept tying the score and McLean going too ahead in a run-and-go, cato. Smith grabbed the last rebound and went downcourt to the winning layup.

Smith had 21 points, Thornberry 11 and Mooring 11. Windom had 21, Goldston 15, Dickie Crockett seven.

Clarendon also won the girls game. McLean is at White Deer Tuesday.

## White Deer Gals Win Tournament

WHITE DEER — Sandra Loper made both ends of a one-and-one with 30 seconds left to give the WD Does B team a 33-37 victory over Stratford and win the girls honors in the White Deer B team Tournament here last night. Vicki Mercer had 17 points, Sandra 11 and Mary Ulrich 10.

White Deer boys were slated to play Panhandle for the boys' honors in the final game.

Stratford beat Shamrock in the boys consolation round, Shamrock topped Canadian in girls consolation.

## WD Racks Memphis

By ROGER SIMMONS  
News Sports Correspondent  
WHITE DEER — The White Deer Bucks romped to a 73-46 win over Memphis Friday night, to make their district 2-A record 4-4.

The Bucks were never headed as Red Mike Reynolds and Monte Hawpe dominated the rebounds in the first half, and Johnny Mooney in the second half.

The Bucks jumped off to a 21-7 quarter lead as Hawpe slammed home seven points and Billy Gann five. WD upped it to 39-18a at the half behind Hawpe and Reynolds with seven points each.

Mooney, Roy Armstrong and Gann hit in the third quarter to offset 10 points by Jim Odom and a 53-33 margin.

Hawpe had 24 points, Reynolds and Mooney 14 each and Gann 11. Odom had 17 for the Cyclones, Hoot Jones 13.

The WD freshmen won a lopsided prelin game.

The Bucks and Does are at McLean Tuesday.

## Wheeler Waltzes Over Kelion

WHEELER — Wheeler was never headed in a 61-33 romp over Kelion Friday night, while the Mustangettes stayed in the district 2-B race with a forfeit win over the Kelton Lionsesses. The Fillies led throughout the prelin game, 9-2 at the quarter, 20-7 at the half and were 35-13 in the third quarter when two of Kelton's seven girls became ill with a relapse of pneumonia, and Keiton forfeited at that point. Sherry Barnes had 15 points and Donna Sue Ford 12 in the abbreviated win. The Fillies are now 7-3, one game behind second-place Miami.

The Horses made their loop record 5-5 in a romp. Wheeler led throughout the ball game and ran their first and second teams alternately in the win. The Herd took a 13-9 quarter lead, 34-17 at the half and 48-26 after three quarters.

Richard Wallace led the first team in scoring with 20 points. Mike Gandy had 11 points and 10 rebounds and Villard Hunter had 13 rebounds. Mike Goad and Frankie Rogers led the fast-breaking second unit while Billy Overcast dominated the rebounds with nine board grabs. Wheeler is at loop leader Briscoe Tuesday.

## ALL OWNS CROWN

BARCELONA, Spain (UPI)—Mimum Ben Ali (115-pounds) won the European bantamweight title vacated by Finland's Risto Luukkonen by outpointing France's Pierre Vettoff (117-14-pounds) over 15 rounds before 12,000 fans. Luukkonen had been stripped of the title for failure to defend.

## ABC TO EXPAND

MILWAUKEE (UPI) — An expansion program will be undertaken by the American Bowling Congress at its headquarters to provide an ABC hall of fame and a national bowling museum. ABC executive Secretary Frank K. Baker announced Saturday.

## Briscoe Clinches District 2-B Play

By MIKE MCHONE  
News Sports Correspondent  
MIAMI — Briscoe came from behind in both games to take a 48-45 win over the Miami Warriors and a 32-28 victory over the Warriorettes Friday night.

The girls win clinches at least a tie for the district title for the Bronettes, now 10-0 to Miami's 8-2 with two games left to play, and clinches the boys title for the Broncs, also 10-0 to second-place Miami's 7-3.

Both games were stand-out defensive battles with Briscoe pulling it out in the fourth quarter of the boys game and taking back the lead in the fourth quarter of the girls game.

Big Ray Guerrero again played a standout defensive game against Briscoe's Orville Atherton, holding him to 13 points, but Atherton and Mac Sides dominated the backboards in the first half.

Atherton hit five points and Sides four to lead Briscoe to a 13-9 quarter lead as Lloyd Seitz and Gary Lister split Miami's points.

Tommy Hayes apparently broke the game open for Briscoe in the second period when he hit 10 points on jump shots and free throws to lead the visitors to a 33-19 halftime margin.

Lloyd Seitz was unstoppable in the third period as Guerrero and Scorpion Gill grabbed the

boards and fed Seitz the ball. Briscoe's press was completely unable to stop Seitz' off-balance shots as he hit 10 points and Gary Lister six more to pull the Tribe ahead, 39-35.

Miami moved the lead to five, but Atherton and Sides grabbed the boards back while Briscoe closed in on free throws. With three minutes left in the game, Atherton pulled Briscoe back ahead and the Broncs pulled to five with two minutes left and slowed the game down.

Hayes had 17 points, Atherton 13. Seitz had 19, Guerrero and Lister 10 apiece.

The girls game was a defensive battle as both sets of guards kept high-scoring Marvellous Mickie Fulks and Patches Dodson far below their usual scoring averages. Briscoe grabbed the lead at the first quarter, 12-6 and kept 19-15 and 24-18 quarter stops on the shooting of Mickey and Diane Dodd.

Miami rallied in the fourth quarter and with 5:03 left, Connie Ratliff and Jo Lynn Flowers put the Warriorettes three points ahead. Briscoe came right back and Lou Meadows gave the Bronettes back the lead with two minutes to go and the visitors went into a stall.

Mickie had 17 points, Diane eight. Patches had 14 and Connie Ratliff seven.

Miami is at Lefors Tuesday.

## 28 Games Scheduled For Pampa Baseball

A 28-game schedule, 16 of them district 3-4A tilts, has been scheduled for the Pampa Harvester baseball team this spring.

The Harvesters, under new coach Deck Woldt, will be seeking to improve their third-place rating last season. The Harvesters will start the season with two brand-new faces, Farwell and Clovis, N. Mex., will play old non-district opponents Hereford, Dumas and Shattuck, Okla., and will play district foes Borger and Plainview each a pair of pre-loop games.

1965 Harvester Baseball Schedule  
Mar. 12 Farwell (there)  
Mar. 13 Clovis (2) there  
Mar. 19 Hereford (there)  
Mar. 20 Dumas (2) there

District Schedule

## Casper Takes Lead In Hope Golf Play

By HAL WOOD  
UPI Sports Writer  
PALM SPRINGS, Calif. (UPI)—Big Bill Casper, getting better every round, fired a 5-under par 67 at Indian Wells Saturday to post a 72-hole score of 276 in the \$100,000 Bob Hope Desert golf classic and take a two-stroke lead over the field.

With 18 holes still to be played, Casper was two shots in front of first day leader Frank Beard who had a 68 Saturday and three ahead of Tommy Aaron and Dave Marr who were tied at 282.

"I'm showing improvement all the time," said Casper after his round. "I've now had rounds of 70-70-69-67. If I can just hold out for another 18 holes I'll be alright."

Casper said he hoped the "third time charm" would work. Twice before he has led or been in a tie for the lead after 72 holes of play in this marathon.

Among the other big names within striking distance were Don January who had a 71 for 280; Gay Brewer, a 71 for 281, and Mike Souchak, George Byer and Butch Baird at 282. The powerful Jack Nicklaus was at 283 along with Al Geiberger.

That means that Nicklaus would have to pick up seven shots to pull even with Casper who is the second leading money winner of all times; the third leading money winner of 1964; and the fourth leading money winner this year with \$7,577 won in the first four tournaments.

PALM SPRINGS, Calif. (UPI)—Leaders at the end of 72 holes in the 90-hole, \$100,000 Bob Hope desert golf classic:

57TH YEAR SUNDAY, FEBRUARY 7, 1965

## TEXAS OUTDOORS

By WILLIAM HAMILTON  
UPI Outdoors Writer

The editor of the state's official wildlife magazine has moved on to greener pastures—in this case a better paying job in Oklahoma.

Curtis Carpenter, editor since August 1962 of Texas Game and Fish, assumes a payroll spot with the Oklahoma Wildlife Conservation Department this month as assistant editor of their magazine, Oklahoma Wildlife.

Carpenter, 35, was officially classified as an information specialist for the state, first with the Texas Game and Fish Commission, then with the State Parks and Wildlife Department.

But his main task was to publish the slickly edited game and

fish digest each month, a job he handled well.

In Oklahoma Carpenter will drop a notch in classification temporarily, but he will get a pay boost. "After a six-month get-acquainted period I will take over as editor," he said.

Carpenter is a native of Port Isabel. He came to the Texas Game and Fish Commission in February, 1959, and worked on the magazine under then-editor L. A. Wilke.

Wilke retired 2½ years ago and Carpenter took over, continuing in the magazine a certain professional flair.

In Texas the writer-editor made a \$590 monthly state salary. Reportedly, the Oklahoma job promises much more.

## Evansville Belies 'Small' Classing

INDIANAPOLIS, Ind. (UPI)—Evansville's undefeated Aces are probably the only small-college basketball team in history to feature two prospective All-Americans, a 6-foot-7 guard who specializes in defense, and 10-500 fans who show up for games dressed in their own uniforms.

Actually, the only thing "small college" about Evansville is its enrollment, a modest 2,100, and its classification by the NCAA.

Basketball is bigger here than almost anywhere else—all that "big" implies, including a guaranteed permanent celebrity status for Evansville players even after their careers have ended.

The NCAA says Evansville must be designated a small college team because it plays only six "major" schools. The fact that the Aces have already romped to impressive wins over all of them—Notre Dame, Iowa, Northwestern, George Washington, Massachusetts, and Butler—is disregarded by the NCAA.

That's just fine with Evansville Coach Arad McCutchan. He's happy playing in the smaller division against teams like Southern Illinois, which, McCutchan notes with a smile, has an enrollment of more than 20,000.

Other coaches in the small college division would probably like to see Evansville out of it, though. The Aces have won the post-season tourney three times in the last six years and, with their No. 1 national small college ranking are favored to do it again this year.

In fact, McCutchan cautiously admits that this team may be his all-time best. He has Larry Humes, the nation's fourth-best scorer averaging 33 points per game; Jerry Sloan, a 6-foot-7 playmaker who delights in playing defense and turned

down a lucrative bonus offer from the professional Baltimore Bullets to stay at Evansville. Sam Watkins, a classy jack-of-all-trades who often outcores Humes, and 6-foot-3 Herb Williams, who uses his awesome jumping ability to rebound Notre Dame's towering front line a few weeks ago.

Sloan and Humes are considered by most experts as legitimate candidates for All-American honors, although McCutchan concedes that the team's small college status will almost certainly ruin their chances.

The players don't care. They love to play at Evansville. The fans treat them as idols. The boys appear on television several times throughout the year. McCutchan has a TV show every Sunday.

## Sporting Sidelines

By JEFF COHANE

OUR GOOD FRIEND, coach Melvin Brown of the University of Houston, has been in and around the Top O' Texas these last days, and expects to spend another week here in order to try and get some of the fine Panhandle gridders on the dotted line. Looks as if the Cougars are aiming to beat New Mexico Western out of Pampa center Jim Arthur, who now stands 6'0" and sealed in at 199 pounds at last weighing. Mel also had a visit with Tommy Sawyer, the Plainview quarterback, when the Bulldogs played basketball here. Tommy has narrowed his choice down to either Houston or a Southwest Conference school.

Brown was then slated to head for Amarillo, but on the way figured to make one last try to dissuade White Deer's Eddie Kleibrink from signing up with Texas Tech Feb. 9. If that was time, the popular coach figured to stop up at Wheeler and visit Mendall Hunter, as well as Dunk Porter and Jimmy Jamison, and also to drop over to McLean and see Dickie Crockett and Eddie Jay Windom.

Coach Brown reports that one of Plainview's big and powerful ends will sign with UH, and a number of gridders from Amarillo schools as well. The Cougars are of the opinion that players from district 3-4A and the rest of the TOT make real fine college gridders. Looking to the future, Houston hopes that the promise shown by youngsters Larry Daniels, Beale Lewis, Billy Quarles and Bull Heiskell of Pampa, Charles Smith and Monte Hawpe of White Deer, Ken Gill of Miami and Villard Hunter of Wheeler, among others, will be paying off in the future too.

Brown also keeps a wary eye out for basketball and baseball talent as well, and invited Ronnie Peret to accompany Sawyer down for a visit to Cougarville, and was interested in cager Gary Sikes and diamondeer Jerry Garrison and Ricky Maynard. With Pampa-ex Kenny Hebert visiting along with him and proving how well Harvesters do at Big H, Brown has a good point.

PROVIDING there are no basketball playoffs the same night, coach Fred Hedgecock of McLean has asked the O' Swami to again be one of the guest soakers at the annual McLean Football Banquet, which takes place Feb. 19. With the Pampa Harvesters in strong running for a playoff berth and the possibility of one of the area teams pulling out in the Class B round-robins, we can't guarantee anything, but if we can, we'll be there with All-Top O' Texas awards to give.

COLIE HUFFMAN, the Round Man of White Deer, has returned home after hospitalization in Pampa for a kidney injury. Went in to visit for five minutes and was there for almost two hours, finally driven out by the flood of visitors Crying Colie received. With most of last year's starting team returning from a district championship, including All-State Charles Smith and a slew of all-districts, WD should have another great year this fall. Colie's illness brought down a batch of WD and Skellytown folks to visit, including another fine coach and good friend, Roy Simmons, as well as pet heckler Doc Bates.

TOMMY BRYANT, the ace of the Amarillo sports staff, kinda missed a couple in a recent column about Panhandle track prospects. TB didn't say a word about Mark Westbrook of Pampa, one of the top milers in the state last year and a good bet for a title this year. Nor did he mention the Harvesters' two threats to Randy Matson's records, shotputter Doc Cornutt and discus heaver Big Matt Matney.

Also missing were any comment about the rest of the TOT teams, which seems in the case of White Deer a definite oversight, as Randy Elliott should be rated one of the top pole-vaulters in Class A, and Otto Wheeler also was a regional finalist. Wheeler returns three of the state finalist mile relay team, as well as district low hurdles champ Dunk Porter and dashman and quartermiler Little Bobby Vanpool, Canadian, with the return of speedster Kenneth Steine, along with Howard Sanders, will be a 2-A threat this year.

A prep school track schedule

released for this part of the state does not list the McLean Relays on it, although it does list the district meet there April 13. Possibly an oversight since McLean put on its first invitational meet only last year.

BACK TO Basketball: District sportswriters are having a hard time deciding which of the Pampa Harvesters deserves to be nominated for the honor as the outstanding team play usually has all of them scoring in double figures. Leading candidates of course are Ropes Roper for his rebounding and shooting and Lanny Lewis for his playmaking, ballhawking and shooting, but at least one sportswriter apiece has been impressed by Ron Curlee, Davy McDaniel and Mac McWilliams. I'll bet every team would like to have the same problem.

Class A nominations for all-state are supposed to be in shortly and this reporter and friendly enemy John Shields of Berger are having a hard time. Although we have only seen three real standouts in the area and agree on guard Sam Tipton of Gruver, we disagree on who is the greater, 6-6 center Larry Duckett or 6-4 forward Leon Choate of Panhandle. Area coaches are no help as Roy Simmons says one, Bill Dalton of Groom the other and Lawrence Overcast of Miami thinks they're both great.

Class B nominations will be easier, except for the same problem at Briscoe, is Tommy Hayes or Orville Atherton the better player? Cinch nominees are Jerry Roberts of Groom, Randy Sherrero of Channing and Ray Guerrero of Miami, all nominees last year, while up for consideration are Ace Roberts of Lefors, Richard Wallace of Wheeler and Punk Childress of Allison. Incidentally, a report from Oklahoma State is that Leaping Lonnie Richardson, Allison all-state last year, is leading the team in scoring and in rebounding. Good to hear.

THE LATEST issue of Texas Coach has pictures of Burl Bartlett and Chuck Curtis on the cover, captioned "promoted" to college ranks. H-m-m-m. Also mentions popular Merrill Green, Texas Tech recruiter who went to high school ranks. Tech's recruiting is hurting without Merrill, but Bartlett's addition has not hurt the Panhandle picture at all. The January issue had a football article by Pat Patterson of Tascosa, a tennis article by Miss Gean Craig of Dumas and a basketball article by Roy Kieval of Canyon, former PHS assistant.

FOR THE last time, we are going to make a defense about being "scooped" on Randy Matson's participation in national meets. The fact that we are an afternoon paper with an earlier deadline than morning sheets, the fact that we have a much smaller staff than metropolitan papers and cannot cover the meets personally and the difference in wire services are the only reasons for the "scoops." As for the people who have the nerve to ask if we have had "a falling-out" with Randy, they are probably the same ones who complained that we ran too much on him when he was in Pampa... when we could cover all his meets!

COUSIN GEORGE Smith, the ebullient maestro of the Pampa Youth and Community Center, has thought up another basketball game that should be a humdinger. On March 2, the Pampa Newsboys are slated to play the KIXZ disc jockeys, and a second game will feature an all-star girls team out the YCC girls league against an all-star team composed of seniors from the O' Swami's area teams. So far (See SIDELINES, Page 10)

Kreis Scores 24

## Bears Win Froggies

FORT WORTH (UPI)—Baylor's Winston Moore hit a field goal at the final buzzer Saturday and the Bears beat Texas Christian 57-85 in a Southwest Conference basketball thriller.

The final points were set up when Spencer Carlson's shot from the floor for the Bears went wide, but the rebound sailed right to Moore. He tossed the ball in the hoop from right under the basket.

TCU had knotted the count at 85-all with 28 seconds remaining on a field goal by Wayne Kreis from 15 feet out. The Bears played for the final shot.

At the intermission Baylor led 52-48 and during the second half not more than four points separated the two teams, although the Bears led most of the time. The win left Baylor at 4-2 in loop play while TCU is 1-5.

Kreis was high man with 24 points for TCU while Tommy Hatfield led Baylor with 22.

By STARKEY WHITEHORN

**Lake Meredith**  
A week ago, Lake Meredith dam was 92 per cent complete. It is probably more by this time. It was interesting to watch the dam go up very slowly. It is interesting to watch the water back upstream. Moreover, the lake is growing about as slowly as the dam did in the beginning.

Best reports indicate that the lake proper is rising about an eighth of an inch per day, or perhaps an inch per week. That is a slow rise, but many natives have seen the river flowing with such speed and depth that it would raise the lake level a foot per hour or more. It is surprising how rapid the

muddy water flows when the river is on a rise. Small wonder, however, considering the drop per mile in the river bed. The bed of the Canadian appears almost level. The slope is between six and seven feet per mile.

During most of the construction of the dam, a gap was left in the southern part so flood waters could be diverted on downstream. Past the halfway mark of the construction, the gap was filled up with earth and became a part of the dam. This phase of construction was referred to as making the closure. The closure is almost up to the crest at this time.

Work on the water outlet works started about the same time as did the other parts. A tunnel about twelve feet in diameter was made through the hillside on the south banks of the river. This tunnel was designed to act as part of the construction to be used to send the water to the municipal users. However, in the early stages of dirt moving, it could have been used, as necessary, to let flood waters escape, especially during the filling of the closure. It wasn't needed because there was such a small flow down the river, but it was left open to be used.

Simultaneously, a mammoth tower was going up over the tunnel and was part of it. The tower contains several five by five foot windows that will be used to draw water from whatever depth is desired, once the lake is full. The hole in the tunnel was expected to be sealed off completely and permanently so that the waters would rise up the tower.

THE BIG NEWS now is that this took place January 28, 1965. The first escape route for the waters is some 35 feet above the river bed, and probably this window will be closed when the waters reach this height. In fact, if we had an unheard of flood which filled the lake with more water coming downstream, the surplus could be diverted via the flood control spillways. It is almost like putting the plug in the bathtub and watching it fill up. "Pray for rain," someone remarked.

If we have no more flow down the river in 1965 than we had in 1964, we can't expect much of an impoundment, comparatively, but we will have the largest lake north of Lubbock, even with the small amount of runoff. Considering the inch per week, as mentioned, there is a 700-acre lake backed up behind the dam. This was created by just a bit of seep and spring did in 1941 the lake will fill up in a year's time.

The rate of flow in acre feet has been recorded since 1939. That year the amount of water was 372,100 acre feet. In 1940 the flow was tabulated at 83,700 acre feet. During 1941 more water came down the river than during any year to date. The amount was 1,702,000 acre feet then, followed by 1,382,000 in 1942. During the 26 years of keeping tab on the runoff, no other year has produced even a third of the flow as in 1941 and 1942. The 26-year average runoff amounts to 299,400 acre feet

# Howard County Leads WJCC

AMARILLO — Howard County's Jayhawks ended a six-game winning string in Western Junior College Conference basketball action Friday night with a 98-72 victory over San Angelo's Rams.

The loss by the Rams was their first in conference play. Howard County pushed its record to 6-2 in conference, after losing a game earlier in the week to South Plains, 88-64.

Amarillo College held third spot with a 5-3 record, thanks to a slow-down 28-22 victory over South Plains and an 80-77 overtime win over Frank Phillips. South Plains and Frank Phillips are knotted for fourth with 4-4 marks.

Bill Trosper of Clarendon continues to pace the conference in scoring with a 21.9 scoring average. Eddy Nelson of Howard County is second with a 20.9 average and Robert Eynas of Lubbock Christian upped his average to 20 points per game.

Don Campbell of Clarendon leads in rebounding with a 12.7 average per game. NMMI's Don Durgin is second with a 12 per game and Charles Morton of San Angelo is third with 11.8.

Evans leads in field goals made with 175. Nelson has 174. Plains has dopped home 165. Thomas Carter of Howard County has 115 free throws. Nelson 111, Turnbough 106 and South Plains Dwight Haley 100.

# Revolutionary Changes In Golf Championships

By STEVE SNIDER  
UPI Sports Writer  
NEW YORK (UPI) — The good players are beaming, the purists are screaming.

That, says Joe Dey of the U.S. Golf Tournament (USGA), is the immediate reaction to revolutionary changes voted in per year.

It isn't surprising that during 1952 the flow was the lowest of 25 years, when only 66,600 acre feet came down. It is surprising to know that the flow last year was only nearly one-half of the record flow of 1965. During 1964 the records reveal that a trickle of 34,100 acre feet was the amount.

Since we have just witnessed the lowest amount in recorded history, seems that we can expect more. Chances are 26 to 1 that the flow will exceed the 1964 mark.

The formats of the U.S. Open and Amateur Champions for 1965.

"The purists are theoretically correct in one respect at least," Dey says. "But they won't have to cope with creeping paralysis on the fairways. We do."

That creeping paralysis — slow play — led to a controversial move that shifted the open to a round-a-day for four days instead of two one-round days with a punishing 35-hole wind up on the third.

The amateur goes to all-stroke play (instead of traditional match play) to provide a stronger test for the better player.

For years the USGA as well as the purists insisted a 36-hole wrap-up on Saturday was the true test of skill and endurance.

"We still think so," says Dey. "But creeping paralysis has set in. There is no way you can put your finger on who exactly is responsible but there's no disputing the game has changed."

Rules changes contributed. For the last 10 years or so, players have been permitted to clean a ball on the greens and repair marks of other balls on the putting surface. That, of course, takes time.

Complaint, Too  
"Then we heard about a complaint on the new open format from a former winner who

# Bowling

By GIL BURGUND

All those little groups of women you see huddled together recently at the bowling lanes are teams trying to get their schedules together for the big City Tournament that's just around the corner. All the rooting in the South corner the other nite was Alene Coker's team taking four points. The big thrill of the nite was Mary McCord's first 500 a 513. And can you imagine little Jacqueline Jovett taking such gigantic steps as 133-153-173 for a nice stairstep oddity? Then Bernell Copenhagen came in with a mixed stairstep 107-105-109. Just goes to show you if you aren't bowling, you aren't living. We start them young, little Walter Young age 8 had a 122-and a 317 series in the Bantam league, and on the other end Billy Davis had a 586, Jackie Clark a 186-446 and Danny Riccio a 514.

It's nice to see Jimmy Adkins back on the Hogan Construction team. Dennis Dueterhaus really wanted a certain fountain pen badly, and decided the way to get it was to bowl a good game, so he did just that — a nice 232.

Did you know that Doris Been was voted most gracious Check-out Girl in Pampa? She gets my vote too. Don't start a conversation with Doc Kadingo, or he'll tell you all about his beating the big boys in pot games, and also setting a 184 average as a Sub. Red Payne is also talking to himself a 595 and a 405 (P.S. a 106 game).

Maud Mingard just had a 191 on a 110 average, too. By the way, there hasn't been a Dutch 200 on All Spare or a 100 over average game bowled in ages. Lets get busy.

Sherril Grady waited till 11 was home with the flu to roll a nice 500 series. If that's what it takes, I'll just stay home." Dorothy Juenger says it takes a lot of practice, to have a 396 series, she even had to pick the 2-7-10 to do it. No, says Bill Nidiffer, and he comes up with

a 157-111 (that's the prize) and a 229 for a 497 series. Nancy Skinner is nosing at that 600 with a 590-201-174-215. Bet she makes it pretty soon. That's concentration for you. It sure pays, doesn't it?

Talking to Forrest Rader the other nite, I mentioned hearing very little of Jessie Smartt, so Jessie proceeds to have a nice 600.

Ann Rader is just about the busiest gal in town — coordinating the City Association Bowling tournament.

With so many new bowlers, it is a problem to get the entries filled in right, but any questions arising — the secretaries, team captains, or any more experienced bowlers are willing to lend a hand so that this will really be a big success.

There's a lot of juggling to be done to see that a bowler isn't scheduled to bowl on two teams at the same time, when so many bowlers bowl on so many teams. (We'll get Aam some nerve pills to tide her over the hump.) Let's all enter.

There have been a lot of real nice scores and series posted. Billie Thut - 215, 221, 605; Ceia Black, 217, 510; Billie Harvey - 179; Mary Pryor - 245, 201, 592; Alleen Childers - 524, Eileen Greer - 516; Terry Barrett - 504; Eloise Sharp 513, Marilyn Erickson - 578; Francis Grove - 208, Ronnie Havens - 601; Bryant Nail 231; Dennis Hurtle - 224; Forrest Hills - 214, 578.

Johnny Carson - 212; Carroll Pettit - 233, 580; Larry Kregci - 214 Eddie Duenkel - 574; Barbara Abernathy - 201, 575; Ted Erickson 542; Laura Studesbaker - 563; Jack Barnhill - 206, 545; Bill Abernathy - 201, 575; Lloyd Stephens - 533; Bob Gault - 213, 220, 623; Red Watson - 214, 545; Ray Bowling - 211, 537; Manny Holden - 234, 527; Ted Erickson - 289, 200, 567; Stan Brake - 215, 204, 595; Jess Graham - 200, 214, 533; Jim Adkins - 529.

Bowler of the week — handi-cap, Billie Thut - 726. Bob Gault 692.

# New Housing Bill Due for U.S. This Year

By JOHN TOWER

This will be my first newsletter of the 89th Congress, first session. It is my intention to report to you through this letter approximately once each month while Congress is in session. Because of the flow of legislation, and mechanical factors that must be taken into consideration, the publication date may vary a few days. I will report to you my views on legislation pending before the Congress, issues that are of importance to Texas and the nation, and the progress of legislation I have introduced. I welcome the views of all Texans on issues relative to the welfare of our State and its citizens.

My committee assignments for the 89th Congress are Banking and Currency, where I have served since coming to the Senate, and the committee on Armed Services, another extremely important committee for Texans. I gave up my seat on Labor and Public Welfare in order that I might move up to the Armed Services Committee, since our

rules prohibit us from serving on more than two major committees. I will, however, continue to serve on the Joint Committee on Defense Production, which supervises our National Stockpile.

On the Banking and Currency Committee, I will serve as ranking minority member of the Housing Subcommittee, which supervises the entire Housing and Home Finance Agency. Practically all federal legislation affecting housing comes before this subcommittee prior to approval or disapproval by the entire committee. I expect this to be a very active subcommittee. Most major housing programs are due to expire, and a new housing bill will be written this year. This subcommittee will consider, and shape, recommendations for expanded urban renewal legislation, for public housing, and community facilities. I will also serve as the highest ranking member of the minority on the Small Business Subcommittee of the Banking and Currency Committee. This

subcommittee is concerned primarily with legislation that serves to protect the role of small businessmen in our system of free enterprise. Too, it supervises the Small Business Administration, which makes loans to small businessmen.

The Senate Armed Services Committee, of course, is one of the most important and powerful committees in Congress. It is of extreme importance to Texas because of our extensive military installations and the size of our annual military payroll. In Texas we have more than 253,000 defense department personnel, military and civilian. We have six major Naval and Marine installations, 20 Air Force and six Army installations. The committee is concerned with approximately one-half the national budget, as well as the defense policy of the United States. This committee will shortly undertake an extensive inquiry into our defense policy as it relates to Vietnam. Our policy in Southeast Asia has obviously not been successful. The Communists have made repeated gains, the South Vietnamese appear unable to mount and maintain large-scale offensive operations, the government remains in a state of flux, and American boys continue to die

in Asian jungles. Through all this our own people remain largely in the dark as to our policy. It is my hope that our committee will be able to cast some much-needed light on the subject.

I have introduced legislation in this session of Congress (S. 328) cutting off foreign aid to President Sukarno of Indonesia, and (S. 329) cutting off aid to Premier Nasser of the United Arab Republic. In the last session of Congress, I offered an amendment to the foreign aid bill cutting off military and economic aid to Indonesia. The amendment passed by a vote of 62 to 28, only to be deleted at the insistence of the Administration in conference committee. This session the Congress will have another opportunity to work its will on the subject.

According to the Department of Commerce, Indonesia received, between July 1, 1945 and December 31, 1963, \$720,000,000 in grants and military assistance from the United States. In addition to these gifts, loans and credits to Indonesia from the United States amounted to \$516,000,000, of which \$296,000,000 has been used, leaving \$19,000,000 outstanding.

During this same period the United Arab Republic received

\$751,000,000 in outright gifts through grants and military assistance. \$726,000,000 has been authorized for the UAR through credits of various kinds. \$309,000,000 of this is still outstanding, and can be used by the UAR.

I do not believe it is necessary here to catalogue the insults America has suffered from the hands of both Sukarno and Nasser. Our aid has given them in spite of their actions. Neither allows any semblance of democracy within their respective countries. Both voice

aggressive intent toward their neighbors. Both seek turmoil among our allies. Neither, in my opinion, deserve further aid from the American taxpayer.

I have introduced a bill, S. 458, extending the G. I. Bill to Veterans of action in South Vietnam. Those of our servicemen opposing the Communist takeover of South Vietnam would receive educational and financial benefits similar to those received by veterans of World War II and the Korean conflict. I have also introduced two additional measures concerning the Vietnam war; one, S. 459, would

grant certain tax exemptions to armed forces personnel serving there, while the other, Senate Resolution 25, calls on our government, can be beneficial and is

ble equipment to our fighting men in Vietnam. This legislation will be discussed in more detail in later reports to you.

THIS IS HOW WE OPERATE OUR PHARMACY. We know that without loyal satisfied customer friends we could not exist. We will do everything ethically possible to please you.

EXPECT ATTENTIVE COURTEOUS SERVICE. Unlike the giant corporation, everyone who visits our pharmacy is an individual whose personal friendship we would like to hold. Your satisfaction will always be our most important asset.

YOU WILL GET WHAT YOU ASK FOR. We price everything we supply at the lowest price which will permit us to make the fair profit we need to operate a good pharmacy. We have no higher profit "push" items to make up for no profit advertising specials. We try our best to always have in stock the particular product you like. If we don't, please tell us and we will get it and always have it available to you.

WE TRY TO PROTECT YOUR HEALTH. We welcome inquiries about any of the products we supply. We will faithfully give you an informed answer about their safety and quality.

WE ARE A PRESCRIPTION PHARMACY. We always study the reports in our professional journals to keep informed about new drugs and their safe use. We keep closely in touch with physicians so that we will have in stock whatever they may prescribe. We welcome prescriptions which require compounding skill.

SICKNESS KEEPS NO BUSINESS HOURS. Neither do we. If you ever need an emergency prescription after our pharmacy is closed, we will willingly re-open our pharmacy for you. There will never be an extra charge.

# League's Puppet Show Delights Students

Pampa Junior Service League members started presenting their first annual puppet show, "Cinderella," from their Teeny Tiny Theater this week to first, second and third grade students in local elementary schools.

Performances this week of the three act show were presented at the Stephen F. Austin and Travis schools. Performances are set for 1:15 p.m. Feb. 9, at Horace Mann; 1:15 p.m. Feb. 11, at Carver; 10 a.m. Feb. 16, at Woodrow Wilson; 1:15 p.m. Feb. 18, at Lamar and 1:30 p.m. Feb. 23, at Baker.

The league charges no admission to the performances and two complete crews operate the show. A Tuesday cast and a Thursday cast have been established for the performances. For a nominal fee the League is making its puppet theater available for children's parties and meetings of organizations.

Chairman of the puppet group is Mrs. J. B. Veale who, with the help of Mrs. Wiley Reynolds, made the scenery, sewed the puppets, costumes and made all arrangements for the show.

**CHECKING** — Mrs. Bill Arrington, left, and Mrs. William Sargent, top left photo, are shown checking, "Marie Stella," Cinderella's step sister to be sure the puppet is

ready for the performance. Seven puppets are used in the three act show.

**SOUND SYSTEM** — Mrs. Bob Lincecum, left, and Mrs. Will Graham, top center photo, operate the tape recorder and record player that provides the sound effects for the show. Their equipment is located behind the theater and sets the show's mood.

**INTRODUCTION** — Mrs. J. B. Veale, top right photo, is shown introducing two characters, Cinderella and the Fairy God Mother, in the League's production. She speaks to the audience before each act and describes the coming scenes.

**PUPPETEERS** — Preparing for the second act of "Cinderella" lower left photo, from left are Mrs. Gene Imel, Mrs. Richard Hankins and Mrs. Joe Reid. They are part of the Tuesday act.

**AUDIENCE** — Cathey Carpenter, daughter of Mr. and Mrs. Don Carpenter, and Johnny Dingman, son of Mrs. Joan Dingman, first graders at William B. Travis Elementary School, applaud the performance. Their faces still reflect the wonders and excitement of the show's ending.

## Sunday Passing Show

By PEGGY JO ORMSON

TRIPPING TO Amarillo this afternoon will be Mary and Homer Johnson, Joe and Anna Lee Gordon, Bonnie and Bill Chambers, Bill and Barbara Treloggen, George and Frances Hofess, and John and Justine Sweeney and daughter, Carolyn. The group will be making the trip to view paintings done by men painters in the area and displayed in Dord Fitz' Gallery. Fitz, area artist, teaches a ladies class in Pampa on Monday morning and also instructs in other area towns. He has recently started an evening class for men in Amarillo, and it is the work of this class of doctors, dentists, truck drivers, farmers, ranchers, oil men and almost any other occupation, that the Pampans are interested in seeing. Men in the group are particularly interested because Fitz is planning an evening class of this type to be started in Pampa soon. Carolyn Sweeney has just received her doctor's degree from the University of Texas, and is home visiting for a few weeks.

Heard that Cecil Gordon, daughter of the Bob Gordons, had a wonderful trip to Houston during semester break at Oklahoma State University.

"THE REVELERS" had a near capacity crowd Monday evening in Pampa Junior High School Auditorium in spite of the "bug" that is going around, and the Community Concert presentation was very well received. Jim O'Connor, whose lovely wife, Joan, wore a muted blue plaid topped by a silver grey mink stole, seemed to particularly enjoy the quartet's rendition of "Buckingham Palace." Other high-fashion notes seen at the concert must include Mrs. MacField (Connie) McDaniel who resembled a champagne lady from head to toe. Mrs. Dick (Dot) Stowers draped in a beautiful blue coat with white fur framing her face. The blue and maroon paisley hat worn by Mrs. Essie Mae Walters emphasized the blue of her eyes. Others seen enjoying the program were Dr. Calvin and Catherine Jones, Dr. M. C. and Dot Overton, Dr. Malcolm and Clementine Brown, Wanda and John Gill, Jimmy and Margaret Thompson, Linda and John Horn, Will and Natalie Hunt and Joe and Anna Lee Gordon. Also saw the attractive young couple, Hill and Ann Browning, who are eagerly awaiting the arrival of their first off-spring in April, sitting with friends and neighbors, Ervin and Mary Nan Linnstaeder. Ed Riley and Ronnie Sycle, two of Pampa's eligible bachelors were also seen enjoying "The Revelers." Mrs. John S. Kelly must be the perfect wife to let husband Jack basketball the Florida sun and return via Albany, N.Y. to visit a daughter and new grandson. Jack reports he spent a week soaking up sun and the next one shoveling snow.

TWO SISTERS WHO are often seen together and leave no doubt that they are sisters, are Mrs. J. M. (Bit) Fitzgerald and Mrs. W. R. (Jenkie) Campbell. Two more look-alike sisters in our town are Mrs. J. E. (Mabel) Tarvey and Mrs. Harold (Louise) Miller. Some other sisters are Mrs. Jim (Anna Mae) Triplehorn and Mrs. Bill (Grace) Gething, Mrs. George (Lucille) Friauf and Mrs. Wm. S. (Helen) Dixon, Mrs. Jim (Ann) Campbell and Mrs. Buz (Jewel) Torpley, Mrs. D. W. (Eloise) Bond and Mrs. Carl (Ann) Williams, Mrs. Don (Betty) Cain and Mrs. Dick (Dot) Stowers, Mrs. Glen (Mildred) Stafford and Mrs. A. L. (Hazel) Smiley, Mrs. Frank (Carrie) Stallings and Mrs. R. V. (Ethel) Johnson, Mrs. George (Pauline) Quibble and Mrs. Elmer (Lorraine) Fite, Mrs. John Lee (Anita) Bell and Mrs. Richard A. (Barbara) Wilson, Mrs. Dick (Robert) Pugh and Mrs. W. B. (Minnie Olive) Jackson, Mrs. Russell (Aliene) McConnell and Mrs. H. M. (Sue) Folmar, and Mrs. Frank (Geneva) Chapman and Mrs. Jerry (May) Boston. Know of one set of four sisters gracing our town. They are Mrs. Bill (Tillie) Stephens, Mrs. Don (Francine) Duggan, Mrs. Ralph (Iris) Day and Mrs. Don (Novella) Burns. Little bird says that the new house under construction on Chestnut will be the home of Georgia and Jimmy Hayes. Seems as though the house is perfectly arranged to include Jimmy's mother, Mrs. Ervil James.

LAST SUNDAY was one of those balmy days which make winter seem like spring in the Top O' Texas. Some took to walking such as Hubert Carson and Aubra Nooncaster and young son, Mrs. J. B. (Mamie) Maguire was seen in the yard in a pretty hot pink slack suit. Mrs. Bob (Angelo) Sanford dropped by to take Mrs. Pearl Mitchell for an outing. Others seen out riding were Lois and Walter Eller, LaVerna and Gordon Boyless Jr., and Mrs. T. F. Smalling. Mrs. Luther (Eunice) Pierson has returned from Emporia, Kan., where she visited with a granddaughter, Debra Eckdall. While there Eunice helped Debra redecorate her bedroom and select new furniture for the room. Mrs. A. D. (Olive) Hills held a Penny Art and Musical Penny coffee for the Civic Culture Club in her home recently. All Federated Clubs of the state donate to the funds which provide scholarships in these two fields of fine arts in Texas. One scholarship is held by a music major at West Texas State University, Canyon. Guests at Pampa Garden Club's Guest Day Tea program on Monday afternoon thought the program on "Landscape Architecture" was outstanding, especially the viewing of the many slides of formal gardens and parks, around the world. Am glad to learn a new terminology for yard work as landscape architecture. Will sound much more sophisticated to friends. Mrs. Grady Fox, member of Amarillo-Garden Club which she serves as projects chairman, presented the program at the tea. One of Mrs. Fox' duties is working with the Highway Department in landscaping the new highways near Amarillo.

WAS NICE to see all the traditional things carried out at the Maynette Loftus-Bill Scott wedding, even to the bride and groom dancing the first dance to the combo played for the reception at the Pampa Country Club. Then the best man, who was the groom's brother, Tabor Scott, traded partners and brothers danced with sisters-in-law. The groom danced with each mother as the evening progressed before he whisked his bride away. Someday ask Maynette and Bill where their transportation was at the minute they dashed from the clubhouse door in a shower of rice.

AS A RESULT of efforts by one of the world's largest toy-makers, mothers and their growing-up daughters are finding it easier to make transition from pre-teen to teen-age years. The toy manufacturer has created a public service program which demonstrates how mothers can employ fashion dolls to help nudge reluctant little tomboys out of blue jeans and into dresses, and has made it available free of charge to women's and girls' organizations across the country. The program, "Pigtails to Ponytails," includes an opening commentary; a 12-minute, 16mm. color-and-sound film; a girls' magazine; a good-grooming booklet for each member and a fashion doll for a door prize. More than 35,000 members of women's clubs, 4-H groups, Girl Scout troops, and YWCA classes have attended "Pigtails to Ponytails" presentations during recent months. Further information may be obtained by writing "Pigtails to Ponytails," Box 76083, Los Angeles, Calif., 90005.

## Susan Daly Rogers Becomes Bride Of James Christopher Healey Jr.

Mrs. James Christopher Healey Jr., nee Susan Daly Rogers

Miss Susan Daly Rogers, daughter of Congressman and Mrs. Walter E. Rogers of Pampa, and Chevy Chase, Md., was married yesterday to James Christopher Healey Jr., son of former Congressman James C. Healey of New York and the late Mrs. Healey.

The Reverend Monsignor Edward Roach performed the ceremony in the Shrine of the Most Blessed Sacrament in Washington, D. C., and was assisted by Reverend Edward Burns of Georgetown University. A reception was held at Congressional Country Club.

The bride, given in marriage by her father, wore a wedding gown of ivory silk peau de soie designed with a jewel-neckline and long sleeves. The fitted bolice was complimented by an A-line skirt with a chapel-length train. Her full-length mantilla style veil of imported French alencon lace fell gracefully to the edge of her train. She carried calla lilies.

The attendants wore floor-length dresses of deep, deep pink-velveteen designed with jewel necklines and long sleeves. The honor attendants wore identical style dresses of pale pink velveteen. They carried a cascade of baby pink carnations and ivy. Mrs. Rogers, mother of the bride, wore a floor-length gown of burgundy imported silk brocade designed with a sheath skirt and jacket. She chose a matching turban to complete her costume and selected gardenias for her corsage.

Miss Mary-Catherine Rogers was her sister's maid of honor. Mrs. Walter E. Rogers Jr., sister-in-law of the bride, and Miss Elizabeth Healey, sister of the bridegroom, were honor attendants. The other attendants included Mrs. Charles LeRoy, Miss Catherine Ebel, Mrs. George M. DuFour, Miss Jane Weller, Miss Carol Ann Fabrizio, Mrs. Joseph Kenary, Mrs. Michael Cullinane, all of Washington; Miss Susan Goetz of Boston, Mass.; Miss Frances Callahan of New York City, and Mrs. Thomas W. Harvey of Rochester, N. Y. Miss Bridget Healey, sister of the bridegroom, was flower girl.

### Ann Hennig Marks Eleventh Birthday

CANADIAN (Spl) — Ann Hennig, daughter of Mrs. Ben Hennig, celebrated her eleventh birthday recently with a birthday party. Mrs. Hennig served refreshments of birthday cake, punch and candy minis to the guests. Those present were Kathy Reeves, Donna Gray, Frances Chumbley, Evelyn Noland, Mona Colvin, Christy Jones, Sherri Smith and Vicky Beasley.

57TH  
YEAR

### VFW Auxiliary Conducts Meeting

Ladies Auxiliary to Veterans of Foreign Wars Post 1637 met Tuesday evening in VFW Hall with Mrs. Tony Smith, president, presiding.

Following the pledge of allegiance to the flag, Mrs. Ben Ward, secretary, read official communications and, of special interest to Auxiliary members, a letter from the VFW Texas cancer chairman explaining the grants available to Auxiliary members from this fund. Members of the Auxiliary are requested to make gifts to be sold at a bazaar to be held at the Department of Texas Convention in June at El Paso, and contribute \$1 per member to the VFW cancer fund.

Report of the contribution made to the VFW Memorial Chapel at Austin, which filled the January honor roll requirement, was made. Those present agreed to present a flag to Fairview Cemetery as an Americanism project to meet the February honor roll requirement.

Mrs. Vivian Hatcher was given the obligation of membership and three applications for membership were favorably voted on.

Mmes. O. F. Kreimeyer and Lloyd Laramore, delegates to the Mid-Winter Round-Up held Jan. 29-31 in Austin, reported on the activities of the business and banquet meeting.

Meeting was closed with the chaplains prayer. Ten members were present.

### "AFFECTION"

Human affection is not poured forth vainly, even though it meets no return. Love enriches the nature, enlarging, purifying, and elevating it.

—Mary Baker Eddy

### 'Local Job Opportunities' Program Is Presented for Altrusa Club of Pampa

The evening meeting of Altrusa Club of Pampa met in Coronado Inn, Jan. 25. Vicky Autry, January Girl of the Month, was again introduced as a guest by Viola Jordan. After routine opening business—procedure, Emily Coston, president, called for reports and announcements. Evelyn Mason, secretary, reported that the nominating committee for officers for 1965-66, was elected by the Board of Directors. They are Lorene Locke, chairman, Marian Jameson and Ruth Sewell. It was announced that Elma Vanderberg is in Ochsner Clinic and Hospital, New Orleans, La., for further spinal surgery. Her room is 318.

Floy Heath, chairman of the Vocational Services committee, introduced Charles Vance of the Texas Employment Commission, who spoke on local job opportunities for mature women. Helping mature women to equip themselves for entering or re-entering the business world is a project of Altrusa International Inc., and is carried on by local clubs in the form of clinics for mature women and outright grants of up to \$250.00 for training. Altrusa Club of Pampa has conducted three of these clinics and presented six local women with grants.

Vance said that in 1964, 1600 women had applied for work through his office. Of these 300 under 45 years old were placed and 77 over that age bracket. Vance, who is employment interviewer for job seekers, explained, "The mature women seeking employment fall into three groups. First, those who need something to occupy their time. Second, those who need to supplement their husband's in-

come. Third, the woman who needs to support herself, and perhaps her family, by entering the labor market for the first time. Industry places an age limit of 35 to 45 on secretarial jobs, therefore the best opportunity for the woman over 45 is a selling job with retail merchants or something in the domestic line, such as companion, home nurse, baby-sitting, or cleaning house."

In answer to a question about the new factory, the speaker replied that there is an aptitude test which includes good coordination, quick reflexes, and so on. That while it is recognized that the older person is more reliable in labor, she may not respond so well to these tests. He also added that in addition to employment interviewing the Commission also offers job counseling.

### Engagement Announced

Miss Billye Jean Walker, daughter of Mr. and Mrs. William Lee Walker of Amarillo, and Duane Thomas Stamps of Amarillo, will be married Feb. 27 in Forest Hill Methodist Church in Amarillo.

Mr. and Mrs. Lloyd Stamps of Pampa are parents of the prospective bridegroom.

**Presbyterian Church Chapel Is Wedding Scene for Nancy Nutting, Bill Puckett**

Mrs. Bill Norman Puckett ... nee Nancy Jane Nutting

Double-ring vows uniting Miss Nancy Jane Nutting, daughter of Mr. and Mrs. John Nutting, 1600 Williston, and Bill Norman Puckett, son of Mr. and Mrs. W. G. Puckett, 516 Lefors, were repeated at 2 p.m. Jan. 30 in First Presbyterian Church Chapel.

Rev. Donald S. Hauck officiated the ceremony before a background of basket arrangements of white stock and greenery.

Mrs. Fidella Yoder, organist, provided traditional nuptial selections.

Given in marriage by her father, the bride was attired in a street-length three-piece suit fashioned of gardenia white imported knit. The suit jacket was embroidered with white satin appliques and crystal beads. A white satin pillbox secured the bride's brief veil of illusion. Her only jewelry was a gold chain which has been worn by three generations of bride's in her family and she carried a cascade bouquet centered with a white orchid atop a white Bible.

Miss Susan Nelson attended the bride as maid of honor. She wore a two-piece suit of pastel green wool with matching accessories and carried a nosegay of pink sweetheart rose buds.

Serving the bridegroom as best man was Robert Pullen.

Following the ceremony a reception was held in the home of the bride's parents. The bride's table, covered with a white Irish linen cloth, was centered with a floral arrangement in green and white. Crystal and silver appointments completed the table setting. Presiding at the punch bowl was Miss Linda Kay Carter, cousin of the bride, and Miss Ann Qualls served the wedding cake while Mrs. John M. Nutting Jr. attended the guest register.

For traveling to Quartz Mountain Lodge at Lake Altus, Okla., on a wedding trip, the bride donned a three-piece knit suit fashioned in forest green with black patent accessories. She lifted the orchid from the bridal bouquet.

The couple are now at home at 1133 W. Vanderbilt, Stephenville, where both will continue their educations at Tarleton

**Miss Hurley Gives Conclave Program**

Gamma Conclave of Kappa Kappa Iota held a regular monthly meeting recently in the home of Mrs. Hugh Sanders. Hostesses for the evening were Mmes. Sanders, J. A. Meek, W. L. Parker and Perry Gaut.

Miss Elizabeth Hurley, head of Pampa High School Journalism Department, was a special guest and speaker for the evening. Miss Hurley presented a talk on news reporting and good newspaper reading attractions, basing her subject around the words "Club News," using each letter therein to illustrate the essential factors of good reporting.

In closing, Miss Hurley answered questions of interest to those present and also included ideas and preparations used by the Pampa High School "Little State College."

Out-of-town guests attending the event were the bride's aunt and uncle, Mr. and Mrs. W. W. Carter and Kay of Amarillo, Mrs. Bonnie Nutting of Dumas, Miss Jane Doran of Panhandle, Mrs. J. B. Howe, bridegroom's grandmother, of Panhandle, Mrs. Bob Walsh, bridegroom's aunt, of Amarillo, and Mr. and Mrs. John M. Nutting of Dallas, brother and sister-in-law of the bride.

## Nancy Carol Jones, Charles J. Davis Wedding Solemnized in Denton Church

Last evening at 7 o'clock Miss Nancy Carol Jones and Charles Thomas Davis exchanged double-ring wedding vows in First Methodist Church Cole Chapel at Denton.

The bride is the daughter of Mr. and Mrs. M. A. Jones, 1117 Clark, and the bridegroom is the son of Mr. and Mrs. Tom W. Davis of Denton.

Rev. H. Noel Bryant solemnized the ceremony before a background of brass, tree-branch floor candelabra bearing white tapers and clusters of emerald jade greenery. An arrangement of white gladioli and pom poms appointed the altar.

Miss Carolyn Ball, organist, presented traditional nuptial selections and accompaniment. Miss Carol Ann Hawkins, vocalist, sang "I Love Thee" and "The Lord's Prayer."

The bride, given in marriage by her father, was gowned in white satin. The bridal gown was designed with a scooped neckline, long, petal-point sleeves and a cock-tail length bell-shaped skirt. A crown of seed pearls secured the bride's shoulder-length veil of silk illusion and she carried a cascade bouquet of white butterfly roses.

Miss Virginia Jones attended her sister as maid of honor wearing a cock-tail length dress of pink brocade satin, matching pillbox hat with face veil and carrying a bouquet of white snowball mums.

Serving the bridegroom as best man was Paul Machart while ushers were Bobby A. Jones and Jimmy Jameson.

Mrs. Gene Davis lighted the cathedral tapers. Mrs. Jones was attired in a dress of blue crepe for her

Mrs. Charles Thomas Davis nee Nancy Carol Jones

daughter's wedding. Mrs. Davis selected a dress of blue silk covered with a floor-length cloth of white taffeta, was centered with an arrangement of pink and white spring flowers interspersed with white tapers.

Flinn Hall of Denton First Methodist Church was the scene of the reception held following the ceremony. The bride's table covered with a floor-length cloth of white taffeta, was centered with an arrangement of pink and white spring flowers interspersed with white tapers. (See DAVIS, Page 17)

## Sisters Married in Double Ceremony Mark Fiftieth Wedding Anniversary

Mr. and Mrs. J. H. Byrd and Mr. and Mrs. Van Pate ... Celebrate Double Golden Wedding Date

Mr. and Mrs. J. H. Byrd and Mr. and Mrs. Van Pate were married Feb. 7, 1915, at Redland, N. M.

Mrs. Hamp (Beulah) Byrd and Mrs. Van (Maggie) Pate were born in a Colonial type house on a large plantation near Menlo, Georgia. They moved with their parents, Mr. and Mrs. J. W. McCullough, to New Mexico in 1910, and lived in the community now known as Lingo, N. M. Each summer, they attended the Teachers Institute at Portales, N. M.

After their marriage, Mr. and Mrs. Byrd homesteaded near Lingo and Mr. and Mrs. Pate homesteaded five miles east of Milnesand, N. M.

Mr. and Mrs. Byrd have two sons: William Hampton Byrd, of Hope, Ark., and Thomas Douglas Byrd of Phillips. They have eight grandchildren and two great-grandchildren. They have been residents of Pampa for 45 years.

Mr. and Mrs. Pate are the parents of four children, Mrs. Carmen Angel, Harold Pate and Mrs. Ada Louise Gilbert. Their eldest son, Lt. Clyde H. Pate was killed in a plane crash at Randolph Field in March, 1947. They have nine grandchildren and three great-grandchildren. They have resided in Pampa 21 years.

Both couples observed their anniversary in advance of the actual wedding date because Mr. and Mrs. Byrd planned to leave for the winter.

Mr. and Mrs. Pate plan to spend the day of Feb. 7 in the

## Dear Abby... Head for the Hills, Big-Mouth Is Coming

DEAR ABBY: My husband's sister is married to a man who most people find very hard to take. He is well-read, but has a very big mouth and loves to argue. It is impossible for anyone to have a friendly conversation with him around. Three years ago they moved a few blocks from us and now, whenever we have company, "Big Mouth" barges in and takes over the conversation and turns it into an argument. That's bad enough, but now a bigger problem has come up:

We recently purchased a lake lot and were very excited about building on it until we found out that they had bought the lot right next to ours. How can we get out of this trap with the least amount of hard feelings? His wife is a nice person, but that doesn't help matters any. TOO CLOSE

DEAR TOO CLOSE: If your husband can't persuade his sister not to build on the lake lot next to yours, have him tell "Big Mouth" to go jump in the lake, and you head for higher ground.

DEAR ABBY: Does a man who has never been married have the right to ask a divorcee what "killed" her marriage? I am referring to my own situation. I am interested in courtship, but before I become too deeply involved with her I would like to know something about why her first marriage ended in divorce. Have I a right to know, or not?

BACHELOR AT 42 DEAR BACHELOR: Yes, you have a right to know. But be aware that what she tells you will be only her side of the story.

DEAR ABBY: My mother and father were married 44 years. When my father died three years ago my mother got a big double grave and put a headstone up with his and her names on it. Then she remarried. She is 65 and her new husband is way up in his seventies. Last Sunday, when my husband and I went to the cemetery to put a wreath on my father's grave, I saw a new stone had been put up nearby. I couldn't believe my eyes. I said to my husband, "Drive back — I want to see that new stone." He drove back and I saw a brand new stone with the names of my mother and her new husband on it. Now, what about my poor father lying in that grave expecting my mother to join him some day? If something should happen to my mother's new husband, she would probably remarry again, and before you know it, she'd have her name all over the cemetery with half a dozen different guys. Just where does my mother belong when her time comes?

DISGUSTED WITH MOTHER DEAR DISGUSTED: The choice is your mother's. But it would make sense for her to be laid beside the man who stood by her side for 44 years.

DEAR ABBY: Even more stupid than the question, "Was this one planned?" is "What do you want, a boy or a girl?" I had two boys when I became pregnant with my third child, and I heard that question for six months. I assure you, I got

## Mrs. Imel Hostess To Steadfast Club

Mrs. Jack Imel, 416 Lowry, was hostess to Steadfast Home Demonstration Club when the group met Thursday.

"Safety in the Home" was the topic discussed during the program hour by those present.

Mrs. N. L. Lowe, club president, presided over the business session.

Following the program and business meeting, refreshments were served during a social hour.

Members attending the meeting were Mmes. Jim Johnston, Gerald Vaughn, D. P. Williams, W. C. Puryear, Jack Imel, Bill Nobblit, N. R. Lowe, Jim Cantrell, N. B. Gooding and B. I. Waggoner.

Next meeting for the club will be held in the home of Mrs. Bil Waggoner at 737 Magnolia.

home of their daughter, Mrs. William Gilbert in Plainview. All their children are expected to be there. No reception is planned, but friends who call will be welcome.

## Mrs. Brown Gives History of B&PW

Council of Women's Clubs met Thursday morning in the Club Room of City Hall with president, Mrs. R. A. Mack, presiding. The regular business meeting was conducted with reading of minutes of previous meeting, report of the treasurer, followed by reports of various committee chairmen.

Mrs. Benny Stout and Mrs. Sam Anderson met with the group and explained the work and talent being put into the "Red Stocking Review", being presented again this year by Beta Sigma Phi Sorority, the proceeds to be used toward their scholarship fund.

Mrs. A. C. Brown gave the history of the Business and Professional Women's Club. B & P W was founded in the year 1919 when 212 people met, organized and federated the club. The local chapter was organized in 1929 and now has 65 active members. There are 170,000 active members in the USA and active chapters in 26 foreign countries. They have an interest in Legislation, world affairs,

local civic activities and human relations. The club meets twice a month and has district conferences, State and National conventions. Their motto is: "A Good Idea Is No Good Unless It is Passed On and Shared With Others".

Those attending were Mmes. Lee Harraa, and J. M. Turner.

American Legion Auxiliary; A. C. Brown, Helen Knox and Marguerite Nash, B&PW, James Quay and Vernon Graham, ABWA, Libby Shotwell. (See BROWN, page 17)

# Duncan-Echols Double-Ring Vows Are Read in Skellytown Church of Christ

Skellytown Church of Christ was the scene for the wedding uniting Miss Drucille Ann Duncan and John Richard Echols.

The bride is the daughter of Mr. and Mrs. Calvin C. Duncan of Skellytown and the bridegroom is the son of Mrs. Ada N. Echols of Canyon.

Gordon Downing, director of Church of Christ Bible Chair at West Texas State University, Canyon, performed the double-ring rites at 8:30 p.m. Jan. 29 before an altar appointed with candelabra holding white tapers and sprays of palm leaves.

Misses Carol Kleibrink, Karen McKissick, Patricia Beighle all of Skellytown, and Sammy Denney of White Deer, vocalists, sang "Because," "Whither Thou Goest" and "The Lord's Prayer."

The bride, gowned in echantilly lace and tulle over taffeta, was given in marriage by her father with the "her mother and I" avowal. The formal-length gown was designed with a rounded neckline of lace extending to a high neckline of tulle and long tapering sleeves which came to petal points over the hands. A pleated taffeta cummerbund secured the bouffant skirt of tulle overlaid with two layers of lace panels extending from the waistline to the hemline. The bride's waist-length veil of bridal illusion fell from a crown of roses with pearl centers and pearlized leaves. She carried a cascade bouquet of white carnations atop a White Bible.

Honor attendants were Mrs. Larry Brown, bride's sister, matron of honor, and Miss Peggy Horner, bridesmaid. Mrs. Brown and Miss Horner were attired in floor-length gowns of pale blue embroidered cotton sateen fashioned with high necklines, long sleeves and bell-shaped skirts. They wore matching coils with nose veils of pale blue and carried a white carnation with blue streamers.

Serving the bridegroom as bestman was Jim Dzuik of Hereford and groomsmen was Thomas Echols, brother of the bridegroom. Ushers seating the wedding guests were Eddie Kleibrink of Skellytown and Marvin Powell of Dumas.

For her daughter's wedding Mrs. Duncan chose a blue wool

Mrs. John Richard Echols  
... nee Drucille Ann Duncan

suit complemented by brown accessories. Mrs. Echols selected an ensemble of blue crepe accented by black accessories. Corsages for both mothers were of white carnations.

Church of Christ parsonage was the scene for the reception held following the ceremony. The bride's table, covered with a white lace cloth over blue, was centered with an arrangement of blue and white flowers. Miss Linda Barker poured the punch and Miss Dianne Drake of Sunray served the four-tiered wedding cake. Miss Lorraine Milton of White registered the guests.

The new Mrs. Echols is a 1962 graduate of White Deer High School. She is presently a senior at West Texas State University, Canyon, where she is a candidate for a BA degree and

# Mrs. Hayes Gives Program for Twentieth Century Allegro

Twentieth Century Allegro met Tuesday in the home of Mrs. Charles W. Walsh. After the social hour, Mrs. D. W. Hayes presented the program on Canada.

The speaker began with the remark, "For 700 years Europeans sailed their ships across the Atlantic, gazed at the forbidding coastline of Canada, made small forays ashore and returned to the courts of their kings with wild tales of discovering Cathay, of great riches and strange adventures. The 10th Century Norseman Leif Erickson was probably the first. The Italian, John Cabot, discovered Newfoundland in 1497.

"Frances' Jacques Cartier who in three voyages in 1534, 1535, and 1541, explored the Gulf of St. Lawrence and reached the site of what is now Montreal, inflamed his king with promises of leaves of fine gold as thick as a man's nail. He brought back with him one of the first Canadians to visit Europe, an Indian Chief named Donnacona, who cheerfully gave the French court what it wanted to hear in tales of 'immense quantities of gold, rubies, and other rich things,' of 'men who fly' and men who 'have only one leg.'

"The first explorer who came for treasure, but stayed to settle the land, was Samuel de Champlain, the man who laid the foundations of the nation which is Canada. In 1608 as the leader of an expedition, he founded Quebec — and Canada — on the shores of the St. Lawrence River. Although beset by hardships, Champlain prevailed. He brought in missionaries and craftsmen. In 1634 he welcomed the first group of permanent colonists. A year later, old and stricken by paralysis, he died on Christmas Day in Quebec, the city he founded."

Mrs. Hayes explained that the French prospered in "New France", but by 1668 the English were awakening. The Hudson's Bay Company was chartered and a conflict for world dominance between English and French began. In 1759 the dream of a French North America died where it had been born — in the small settlement founded by Samuel de Champlain, under the cliffs of Quebec.

Bill Mullins Are Honored at Shower

LEFORS (Spl) — Mr. and Mrs. Bill Mullins were honored with a wedding shower recently in the home of Mr. and Mrs. Jeff Bradley with Mr. and Mrs. Bill McBee serving as co-hosts.

The serving table was covered with a cut-work lace cloth, centered with the cake, which was white with wedding bells and the inscription, "Edythe and Bill." The silver coffee service occupied one end of the serving table and the crystal punch appointments the other. Napkins edged in silver, mints, and nuts completed the serving area. Mrs. Bill McBee poured the punch, Mrs. Velma Ogden served the coffee and Mrs. Jeff Bradley served the cake.

Following the presentation of gifts, guests enjoyed games of bridge. Bridge prizes of high, low and traveling prize were given to the couple for their home.

Those attending were Messrs. and Mmes. G. N. Mounger, Ed. Bryant, Keith Geisler, Rufe Jordan of Pampa, Joe Watson, Ed. Vincent; Mmes. Billy Watson, Velma Ogden; Miss Mary Watson and Jerry Watson, the hosts. Mr. and Mrs. Bradley and Mr. and Mrs. Bill McBee and the honorees.

# Sandra Cain Is Party Honoree

LEFORS (Spl) — Sandra Cain was honored on her twelfth birthday with a trip to the movies and party in the home of her parents, Mr. and Mrs. L. R. Cain.

Miss Cain was hostess to Pat Mexon, Paula Beck, Diane Hughes, Karen Jackson, Mary Close, Peggy Cox, Rose Ann Cunningham, Margie Castain, Martha Carlton and the honoree's sister, Susan for a trip to the movies.

Following the show, the group returned to the Cain home for the cake and gifts. The white birthday cake was trimmed in pink and blue and inscribed with "Happy Birthday."

# Mrs. Teas Hosts Canadian Circle

CANADIAN (Spl) — Mrs. F. D. Teas was hostess recently to Circle II of First Methodist Church.

Mrs. Marvin Longhofer gave the devotional. Mrs. A. R. King led the program, "Christ and the Life Within."

# Davis

(Continued From Page 15, Presiding at the punch bowl was Miss Sharon Boltz and Mrs. J. B. Stuart and Mrs. Paul Marchant served the wedding cake. Attending the guest register was Miss Dolly Martinez.

For traveling to Dallas on a brief wedding trip the bride changed into a black and white wool suit with red trim and black accessories. Upon their return the couple will make their home in Denton.

The new Mrs. Davis is a senior at Texas Women's University where she is a member of Aglaian Literary Social Club and Sociological Society and is on the Dean's List. Mr. Davis, a January graduate of North Texas State University, is employed in Dallas.

## Judy Kay Burks, John Stanley Cobb Are Married in Amarillo Ceremony

Mr. and Mrs. John Stanley Cobb are at home at 2203 S. Taylor, Amarillo, following their Jan. 23 wedding in Fairview Baptist Church. The bride is the former Miss Judy Kay Burks, daughter of Mr. and Mrs. Loyd Edward Burks, of Amarillo, and the bridegroom is the son of Mr. and Mrs. Charles Stanley Cobb of Pampa. The Rev. McGary Ford, pastor, read the double-ring service.

Miss Reta Boyett, organist, and Mrs. Bill Forbes, soloist, presented traditional wedding selections.

Mrs. Lyndon Proffer was maid of honor and bridesmaids were Misses Marjorie Munger and Sue Ann Hayes. Alan and Joel Holt lighted the candles. Chet Holt was ringbearer and Pamela Kay Burks was flower girl.

Howard Holt was best man and Bill Davidson and Jon Gilpatrick were groomsmen. Gene M. Burks, brother of the bride, and Don Cobb, brother of the bridegroom, ushered.

Given in marriage by her father, the bride wore a formal wedding gown of white satin fashioned with fitted bodice and bell skirt with chapel train. A satin pillbox secured a veil of tulle and she carried an arrangement of white sweethearts roses and white carnations atop a white Bible.

A reception was held in Fellowship Hall of the church. Following the reception, the couple departed for a wedding trip to Dallas.

The bride is a student at Amarillo College where she serves. (See COBB, Page 19)

Mrs. John Stanley Cobb nee Judy Kay Burks

## Area Soil Scientist Presents Program

Mr. and Mrs. Waldon Moore were hosts to Mr. and Mrs. Garden Club members when the group met in the Moore home at 2000 Mary Ellen Tuesday evening.

Mrs. Robert Coley, president, opened the meeting and Mrs. Walter Spoonmore led the club collect. Minutes of the previous meeting were read and approved and members voted to purchase 100 Austrian pine trees to be planted as windbreaks. The group also voted to send a contribution to district to go toward a gift for the out-going district governor and the projects committee was authorized to purchase evergreen trees to be planted at Highland General Hospital.

Jack C. Williams, area soil scientist, presented a program showing slides of Alaska, where Williams recently worked for Alaska Soil Conservation Service. Pictures of wild flowers, with the wild rose the most commonly seen, low and high cranberry, dogwood tree that is only four to six inches tall, many species of orchids, columbines and dahlias were viewed by those present. Also seen were pictures of vegetables such as cabbage, tomato, cucumber and others.

Williams said "Because there is so much daylight time in Alaska, all these plants can be grown well." One picture viewed showed the sun setting at 11:30 p.m.

Mrs. Williams accompanied her husband to the meeting. Members attending, other than the hosts, were Messrs. and Mrs. Ira Carlton, John Hall, Aubrey Ruff, Walter Spoonmore, L. B. Studebaker and Elmer Tinnin and Mrs. Robert Coley, Dick Higginbotham, John Kelly and Jay Mitchell.

## Highland WMS Has RS Meet

Woman's Missionary Society of Highland Baptist Church met for a Royal Service Program at the church Wednesday morning.

Call to prayer was read by Mrs. Franklin Jenkins and the prayer for the missionaries was offered by Mrs. C. R. Bridges. Mrs. Jenkins served as program leader for the February topic, "Baptists in Alaska, USA." Participating besides those previously mentioned were Mrs. Tommy Rhoten, Dee Crowder Jr. and W. M. Monzingo.

Central Park, and John McLarin, who designed the Golden Gate Park in San Francisco, Calif. McLarin discovered the grass used to help hold the soil and keep the sand dunes from washing away in planning the Golden Gate Park.

Concluding the program, Mrs. Fox showed pictures of European gardens visited on her European tour. Assisting with the display of pictures was Mrs. Fox's sister, Mrs. T. A. Haller of Amarillo.

Following the program refreshments were served to the 36 guests and 25 members attending. A Valentine motif was carried out in decorations and table appointments. The serving table was covered with a red net cloth and centered with a red heart.

Hostesses were Mrs. W. E. Hinton, W. R. Campbell, W. M. Purviance, Myron Dorman Jr., Bob Miller and Floyd Watson.

## Mrs. Fox Speaks on 'Landscaping' at Pampa Garden Club's Guest Day Tea

Pampa Garden Club entertained guests at the organization's Guest Day Tea held Monday in Lovett Memorial Library. Guests were introduced by Mrs. Milo Carlson, president who also presided over the meeting and read the club collect.

Mrs. Thelma Bray introduced Mrs. Grady Fox of Amarillo, guest speaker. Mrs. Fox is a specialist in garden designing and is projects chairman of Amarillo Garden Club. She has traveled all over the United States and last fall toured many gardens in Europe.

Mrs. Fox presented an informative talk about the flowers and fruits of biblical times starting with Solomon's gardens about 1000 B. C. continuing through the American gardens of today.

"The Babylonians were the first to use private parks and terraced gardens like we have today," the speaker began. "The Romans gardens are among the most elaborate gardens at the present time. There are many fountains still flowing and in working order today that the Romans built over 200 years ago. England began the informal gardens that are used today."

Mrs. Fox named two American garden designers that are responsible for many of today's gardens. Frederick Amstead, who designed the New York

W. B. Martins Celebrate Anniversary

Mr. and Mrs. W. B. Martin  
... Mark 62nd Anniversary

Mr. and Mrs. W. B. Martin, 838 E. Malone, celebrated their 62nd wedding anniversary with an open house in their home Jan. 31.

The couple was married on Feb. 1, 1903 in Dexter, Kan. To this union was born two sons and three daughters. Mr. and Mrs. Martin also have seven grandchildren and 19 great-grandchildren.

Out-of-town guests calling during the day to help mark the occasion were Mrs. Eva Rickard of Norman, Okla., Mrs. Hazel Marshall of Cedar Vale, Kan., Marion Martin and George Martin of Arkansas City, Kan., Raymond Martin of Dexter, Kan., Mr. and Mrs. L. C. Williamson of Phillips, Mr. and Mrs. Don Davis of Canyon, Mr. and Mrs. Leon Martin of Stinnett.

Pamphlets helping the couple celebrate the day were Mrs. E. E. Searle; Messrs. J. B. Owens, E. M. Culbertson; Messrs. and Mrs. R. W. Talley; Ed Walker; E. J. Sparks; and Lynda Pierce.

Mrs. Wilks Presents Program for Club

Gold Room of the Panhandle Bank and Trust Company of Borger was the meeting site for the Canadian River Gem and Mineral Club when members and guests met Tuesday evening.

Mrs. O. A. Greene, club secretary of Borger, read the minutes and the club president, William L. Bumpers of Pampa, presided over a short business meeting. A financial report was given by G. G. Nicholas of Borger, treasurer.

Program for the evening was given by Mrs. H. V. Wilks of Pampa, who gave an amusing and informative talk telling of the adventures and misadventures shared with her family during their Christmas holiday rock

hunting trip to Ojinaga, Mexico. Mrs. Wilks emphasized that most of the land on the Texas side as well as that on the Mexican border is private and rock-hounds must have permission from ranch owners to hunt. Slabs of rock, polished cabachons and fossil specimens were on display to show that the Wilks' family did not return home empty-handed.

Coffee and rolls were served to the club's guests. Mrs. Margaret Snider of New Haven, Conn., Mr. and Mrs. J. D. Nichols of Forgan, Okla., Mr. and Mrs. Trevor Lamond, Tom Webber, Mrs. B. F. Williams, Mr. and Mrs. Stephen Schroeder all of Borger, and club members from Pampa, Borger, Stinnett, Liberal, Kans. and Balke, Okla.

Pampa Music Teachers Association to Hear Fred Stockdale Speak Tuesday

Fred Stockdale, Pampa High School band director, will present the program for Pampa Music Teachers Association Tuesday night meeting. The dinner meeting, to be held at 7 p.m. in the Candlelight Room of Courthouse Cafe, will be the Association's Guest Night.

Stockdale received a Bachelor of Music Education degree from Eastern New Mexico University in 1956 and received a Master of Arts degree from the same university in 1960. In 1960 he held a position at Olton, where he directed the junior high and high school bands. Following this assignment, Stockdale became band director and chairman of the music department at Monterey High School in Lubbock where bands under his direction won many sweepstakes awards from 1960 until 1963. Stockdale became band direc-

tor at Pampa High School in 1963. He has taught on the summer band staff at Eastern New Mexico University, Texas Technological University and West Texas State University. The speaker is a member of the Percussion section of the Lubbock Symphony Orchestra and belongs to Kappa Kappa Psi, Texas Bandmaster's Association, Texas Music Educator's Association, American School Band Director's Association and other teacher's professional organizations. He serves as an adjudicator of marching bands, concert

Fred Stockdale  
... Dinner Speaker

On Jan. 29 following the wedding, the bride was honored with a miscellaneous shower given in the Amarillo home of Mr. and Mrs. J. M. Gillpatrick and on Jan. 30 with a shower given in the home of Mr. and Mrs. Eska Miller, 2125 N. Sumner.

bands and percussion solos and ensembles at contests throughout the states of Texas, Oklahoma and New Mexico. Stockdale and his wife, Jo Wanda, have three children, Steve, Freddy and Lizann.

# Beta Sigma Phi Valentine Sweethearts Will Be Presented

Mrs. Sam Anderson  
... Rho Eta Chapter

Mrs. Frank Heare  
... Xi Theta Iota Chapter

Mrs. Jim Holcomb  
... Upsilon Chapter

Mrs. Wayne St. Clair  
... Xi Beta Chi Chapter

Valentine sweethearts of the five local chapters of Beta Sigma Phi Sorority will be presented at their annual ball to be held at the Starlight Room of Coronado Inn Saturday evening.

Guests will enter the ballroom through a hallway in which the sweetheart candidates' pictures will be placed.

Sweethearts will enter the stage through a backdrop of red and white streamers and be presented beneath an archway of red roses. Flanking the archway will be candelabra bearing red tapers.

A spraying fountain with doves hovering about will enhance one side of the stage while large valentines and cupids will appoint the other. Following presentation the sweethearts will leave the stage on a red carpet.

Guests will be registered at a white wrought iron garden table. Music for dancing, following the presentation, will be provided by Phil Phillips Orchestra of Amarillo.

Valentine Sweetheart of Rho Eta Chapter will be Mrs. Sam Anderson. Glenda has lived in Pampa for 27 years and has been the wife of Sam for nine years. They have two children, David, 3 and Shelly, 2, and are members of First Baptist Church.

Rho Eta's Sweetheart lists sewing and water skiing as her favorite hobbies and her favorite colors are the colors of fall,

brown, gold and orange. Mrs. Anderson has been a member of Beta Sigma Phi for three years and is presently serving as chairman of the "Red Stocking Revue."

For presentation, Glenda will be wearing a floor-length sheath styled gown of black ribbon lace accented by black elbow-length gloves and black peau de soie shoes.

Marian Heare, Sweetheart of Xi Theta Iota, is the wife of James Frank Heare and has two children, James Stephen, 14, and Terri Kay, 1. She became a member of Beta Sigma Phi over six years ago and has been in Xi Theta Iota Chapter, of which she is presently secretary, for two years. Mrs. Heare has been secretary to Ed Ethridge of E. E. Ethridge Claims Service for eight years. She enjoys spending time with her own as well as other children and is counselor for the Jr. High MYF group at St. Paul Methodist Church. Her hobbies include reading anything and everything, with particular preference for reading law, and playing the piano for her own and her family's enjoyment.

Xi Theta Iota's Sweetheart will wear a floor-length ensemble of white chiffon with a bodice encrusted with white sequins and bugle beads. White elbow-length gloves and white satin accessories will complete her costume.

The lovely Valentine Girl of Phi Epsilon Beta is their treasurer, Mrs. Sam Condo. Escorted by her husband, Brenda will wear a gown of soft yellow brocade satin with a low rounded neckline, empire waist and full length skirt. Yellow shoes and white elbow-length gloves will complement her costume.

Mrs. Condo, the mother of two boys, Terry Wayne, 5, and Sammy Ray, 2, is a member of the First Baptist Church and teaches in the intermediate department. Making a home for her family and her activities in Beta Sigma Phi are her most enjoyable pastimes.

Jim Holcomb will present his wife, Dorothy, as the Sweetheart of Upsilon Chapter. For the presentation, Dorothy will wear a gown of red velveteen featuring a sleeveless bodice with a scoop neckline and slim full-length skirt. An overblouse of red lace, entirely sequined, matching shoes and elbow length white gloves will complete her attire. The gown and sequined overblouse, which she fashioned, will be accented with rhinestone jewelry.

Mrs. Holcomb resided in Montana for many years, attending school there and majoring in Medical Technology in college. A resident of Pampa for four years, she has been active with the Cub Scouts and Girl Scouts. Her three children, Steve, 11, Marcie, 9, and Lynne, 3, and hobbies of sewing and needlecraft, occupy a great deal of her time.

A Beta Sigma Phi member for six years, Dorothy is currently corresponding secretary and telephone chairman for her chapter. She is also the editor of "Bits About Betas," an inter-chapter newsletter for members

Mrs. Sam Condo  
... Phi Epsilon Beta Chapter

of Beta Sigma Phi in Pampa, department manager at Montgomery Ward.

Mrs. Wayne St. Clair will be presented as Sweetheart of Xi Beta Chi Chapter by her husband, wearing a floor-length gown of white brocade. Matching shoes and eight-button gloves will complete her attire which will be accented with pearl jewelry.

Juanita has been a member of Beta Sigma Phi for nine years and has served her chapter as president, recording secretary and member adviser.

Mrs. St. Clair is the mother of two daughters, Karen, 13, and Kathleen, 18, and is an active member of First Baptist Church. Listed among her hobbies is sewing and square dancing. She is employed as a de-

Beta Sigma Phi was founded by Walter W. Ross in 1931. It is the largest Greek letter organization with 7,000 chapters and 150,000 members throughout the world. Still rapidly growing, Beta Sigma Phi is the chosen instrument for expression of the finest young women in the world — those who find life good by doing something good.

The five Valentine Sweethearts of the chapters in Pampa will be honored during the annual ball to be conducted with Jim Manley acting as master of ceremonies.

Silver pins denoting their titles will be presented each candidate by presidents of the chapters.

CHARLES MORRISON new appointment

## Humble Appoints Morrison to New Position

DALLAS — Charles F. Morrison, public relations advisor, Mobil Oil Co., Dallas, has been appointed chairman of the public relations planning committee of the Texas Oil Information Committee, J. A. Horner, OIC state chairman, has announced. Morrison succeeds A. G. Fiedler, Jr., Pan American Petroleum Corp., Tulsa. The committee is composed of public relations representatives of several oil and gas firms operating within Texas.

As PRPC chairman, Morrison also becomes a member of OIC's nine-man operating committee, the chief executive group within OIC. The Oil Information Committee, which functions through the Texas Mid-Continent Oil & Gas Assn., is the Texas oil and gas industry's public information and service program.

Morrison joined the public relations department of Mobil Oil Co. in 1956, following graduation from the University of Texas. He now serves as Mobil's public relations advisor for the Southwest.

## Take Assumes Cabot Duties

William H. Tuke has assumed duties as Chief Chemist at Cabot Corporation in Pampa.

Tuke transferred from the New York office where he was Operations Control Manager, Distribution and Quality.

He and his wife, Lorraine, have two children.

## Chemical Company Announces Dividends

Producers Chemical Company's board of Directors has declared a ten cents dividend to stockholders of record, March 31, 1965, according to N. C. Jordan, treasurer.
