Major Expansion Planned At Pampa's Celanese Plant

Celanese Corporation of America announced plans today for a major expansion of its Pampa Chemical Plant which will increase the plant's acetic acid capacity by 100 million pounds per year, making it the world's largest single producer of this multi-purpose chemical.

Kennedy Book Now en Route To Buyers

NEW YORK (UPI) — Nationwide distribution of the first printing of the UPI-American Heritage book on the assassination of President Kennedy is under way today. The first million copies were en route to UPI subscribers from coast to coast.

The deadline for ordering copies of the second printing, now on the presses, has been extended until Jan. 15 because of popular interest in the hard cover volume.

Copies of the second printing are scheduled to come from binderies late next week, with completion of all shipments planned before the end of the month.

Civic Clubs Man Buckets Tomorrow in MOD Campaign

"Man your corners" will be the battle cry tomorrow when 10 local civic clubs will take part in the "Bucket Brigade" for the March of Dimes. Business street intersections throughout Pampa will be manned from 9 a. m. to 5 p. m. by club personnel soliciting contributions for the MOD.

acid and acid aldehyde are the large volume starting materials for acetyl chemicals of which Celanese is one of the world's largest producers.

Worth said, "The Pampa expansion was necessitated by steadily rising demands for acetic acid, an organic chemical used in the manufacture of paints, coatings, fibers, dyes, plastics, adhesives, drugs, cosmetics, detergents, fuels, lubricants, insecticides, and other products."

Herschel V. Wilks, general manager of the Pampa plant, said today the expansion project will consist principally in alterations and extension of existing facilities.

Wilks said the construction and engineering work connected with the project will bring perhaps 100 workers into the Pampa area for a period of several months.

The changes to be made, Wilks said, will not necessarily increase permanent employment at the Pampa plant.

For the most part, Wilks said, the productivity expansion work will consist of alterations and resizing of pipelines.

The Pampa Celanese plant has enjoyed continued growth ever since chemical production first started here in 1951. In addition to acetyl chemicals, Celanese is also a major producer of formaldehyde, methanol, and many of their derivatives. The company's total current production of basic chemicals from petroleum resources in the United States is approaching 2 billion pounds per year, about 80 per cent of which is sold externally for use in a wide variety of industrial and consumer products.

The Bay City plant, which started production in 1962, currently produces acetyl chemicals but has new facilities under construction for the production of hexamethylene diamine and adipic acid, the intermediate chemicals used in the manufacture of nylon 66 yarns.

Newberry Will Head United Fund for '64

George Newberry, local manager of the Southwestern Bell Telephone Co., was elected president of the Pampa-Lefors United Fund for 1964 at a meeting of the fund board Thursday afternoon in City Hall.

The board also named five new directors, elected other officers and discussed calling a special meeting to consider opposition to a federal plan for payroll deduction to meet Community Fund quotas.

Other officers elected included Loyal Davies, first vice president; Frank Smith, second vice president; Mrs. Fred Thompson, secretary; and Floyd Imel, treasurer. Imel was re-elected to the post in which he has served for a number of years.

New directors elected included Arthur Griggs, Arthur Smalley, Benny Shackelford, Mrs. Fred Thompson and Mrs. J. B. Veale.

They replace H. V. Wilks, outgoing president; Vernon Watkins, J. C. Roberts, John Gikas and Mrs. Mack Harmon, whose terms expired.

Following are the intersections to be manned by personnel of the various clubs:

- Morning Optimists — Cuyler and Brown.
- Pampa Key Club — Ballard and Browning.
- Rotary Club — Hobart and Francis.
- Kiwanis Club — Hobart and Kentucky.
- Jaycees — Cuyler and Francis.
- Evening Lions — Highway 60 and 70.
- Noon Lions — Cuyler and Foster.
- Knights of Pythias — Cuyler and Kingsmill.
- Top o' Texas Kiwanis and Esquire Club — Browning and Cuyler.

GEORGE NEWBERRY

President Newberry said funds also were allocated to participating agencies at the meeting.

The newly elected president said he planned to call a special meeting in the near future to take action on the federal proposal for payroll deduction of Community Fund contributions.

Local boards over the nation have been asked to protest the proposed deduction among federal employer.

Plans already have been made to carry on "demonstrations", next fall in eight United Fund and Community Chest campaign areas.

GIs Killed in Panama; US Embassy Attacked

CIA Says Russia Losing Economy Race With West

Agency Lifts Cloak of Secrecy In Jabbing Remarks at Soviets

WASHINGTON (UPI) — The U.S. Central Intelligence Agency has emerged from its cloak of secrecy and stuck a dagger in the Kremlin-made image of the Soviet economy.

In an unprecedented news conference the agency, which traditionally never talks, told reporters Thursday that Russia is "falling behind in the economic race" and needs \$2 billion worth of machinery and equipment from the West to build promised new industries.

Russia's annual economic growth, CIA said, was 2 1/2 per cent in both 1962 and 1963, compared with 6 per cent a year in the 1950s and with the U.S. rate last year of 3.7 per cent. Russia says its "national in-

come," a similar growth measurement, rose 6 per cent in 1962. The Soviet agricultural output, CIA said, dropped 4 per cent in 1962 and probably more than that in 1963; the rate of expansion of fixed investment, on which growth depends, has been cut in half; and Russian gold reserves have dwindled from \$3 billion in 1956 to under \$2 billion.

Soviet Premier Nikita S. Khrushchev announced on Dec. 9 a major new program to expand Russia's chemical and fertilizer industries. CIA estimated this would require imports of machinery and equipment from the free world of "several hundred million dollars a year," perhaps \$2 billion for the seven-year program.

And because of the lowered gold reserves, the U.S. agency said, Russia has been angling for more credits and longer repayment terms from the West. The United States has been trying to persuade its Allies to hold these credits to five years repayment time.

On top of it all, CIA officials said, Russia's foreign aid costs are going up because of increased drawings on commitments made in past years.

The basic cause of the economic problems, the agency said, is that Russia has been operating programs "too ambitious" for available resources. Why did CIA suddenly break its tradition of silence? CIA's new information man, Paul M. Christen, said a number of officials including President Johnson felt the information on the Soviet economy was basic to issues of foreign policy in the United States and all the free world.

Officials Urge Wheat Men To Organize

AMARILLO (UPI) — Rep. Graham Purcell, D-Tex., predicted Thursday wheat farmers may produce themselves into bankruptcy.

Agriculture Secretary Orville Freeman said moves were underway to prevent such a crash. Sen. George McGovern, D-S. D., said farmers should agree on a wheat program and demand its passage.

The three Democrats who addressed the National Association of Wheat Growers (NAWG) convention Thursday spoke about the problems that arose after farmers rejected the administration's wheat program last spring.

"This administration," Freeman said, "is committed to improving farm income, and to reducing unneeded stocks, and lowering the cost of farm programs."

Sen. McGovern is author of a volunteer certificate program for wheat farmers, which Freeman favored.

"The whole wheat economy teeters on the edge of bankruptcy unless we can get a workable wheat program out of the House within the next 30 to 40 days," Rep. Purcell said.

"Individuals cannot measure their production so that the whole crop commands a decent price on the market place," he said, "and you are capable of producing yourselves into bankruptcy, and you probably will, unless you get together behind a sound and sensible program."

The South Dakota senator said there was good support for his plan, which affects the 1964 crop, but said it would fall unless support "is sufficiently intense to sweep aside political lethargy and opposition tactics."

Freeman said action on wheat was essential to stop the threatened \$600 million drop in farm income forecast for this year. He said farmers proved they wanted a wheat program by planting crops last fall that were largely within their acreage allotments.

WEATHER
PAMA AND VICINITY: Some cloudiness this afternoon, increasing tonight. Warmer this afternoon and tonight turning cooler Saturday. Few snow flurries. Low tonight middle-30's. High Saturday middle-40's. High yesterday 41, low 18.

'DOZER MAN SWAPS OVERALLS FOR TUX

HOUSTON (UPI) — Ground-breaking ceremonies today include:

—A tuxedo-clad bulldozer operator, dipping his 'dozer blade to the music of the Houston Symphony, will break ground for a new performing arts hall.

—Sunrays will be allowed to strike a solar battery which will trigger an explosive to break ground for a new telephone company building.

City Officials Return From Snyder Trip

Four Pampa city officials returned late yesterday from Snyder convinced they had learned much from a study of that city's oxidation pond system of sewage disposal.

City Manager Harold Schmitzer, Public Works Director R. B. Cooke, City Engineer Harold Foreman and Water Superintendent E. S. Lowry toured the Snyder installations. The officials are considering a city commission proposal to adopt the oxidation pond system here as an alternate plan for building a \$500,000 sewage treatment plant.

Estimated cost of the oxidation plan probably would run in the neighborhood of \$200,000, it has been stated.

City Engineer Foreman said he thought the trip to Snyder was a profitable one from the point of knowledge gained.

Foreman said Snyder, a city of approximately 10,000, has a comparatively new treatment plant sufficient to handle the sewage load there. He said it was learned that the oxidation pond system was added to give further protection.

"Snyder doesn't have the acute problem that we have here," Foreman said. "They have a plant that is not too old and is in good condition."

It has been stated that Pampa's treatment plant is overloaded and has only about 80 per cent efficiency in its present condition.

The plant here first was built in 1930 and was added to and renovated in 1949.

Outbreak Flares Up Over Flag-Raising

BALBOA, Canal Zone (UPI) — Heavy fighting broke out again at mid-day between rioting Panamanian mobs and U. S. Army troops at the border separating the Canal Zone from Panama City.

About 300 rock-throwing Panamanians gathered on the Panama City side of the border at mid-day to attack American soldiers on the other side. The soldiers used tear gas and rifle fire to keep the rioters in check.

BALBOA, Panama Canal Zone (UPI) — Panamanian mobs attacked the U.S. Embassy in Panama City early today in a new outbreak of anti-American rioting that swept the Canal Zone during the night.

At least two U.S. soldiers and eight Panamanian students were reported killed in the wild orgy of violence that stemmed from long-smoldering Panamanian resentment over American operations in the zone.

Hospital spokesmen in Panama City said that at least 50 persons also were injured during the rioting, in which the mobs burned and looted American property. The four-story U.S. Information Service building was reported a complete loss after the mobs looted, burned and pillaged it. The Goodyear retreading plant, the offices of Braniff International Airways, the premises of the U.S.-Panama Association and at least four of the six floors of the Pan American World Airways buildings were among other American-owned properties burned by the mobs.

34 Wounded
(Three soldiers were killed and 24 wounded in the exchange of fire and subsequent sniping Panamanians, according to Lt. Col. L. T. Churchill, public affairs officer for the U.S. Southern Command in Panama City. In a radio-telephone interview with station KGPC in Los Angeles, Churchill said: "As the casualties mounted to four wounded, the order was given to return fire. Trained marksmen were selected." Churchill added that ship traffic through the canal had not been affected.

In Washington, President Johnson and other top U.S. officials huddled in a series of emergency conferences on the Panama violence—the first major international crisis to confront the new administration.

Washington officials maintained a studied silence on Panama's "announcement" that it had severed relations with the United States in the wake of rioting along the border separating the American-controlled Panama Canal Zone and Panama proper.

White House Press Secretary Pierre Salinger declined comment on whether the United States had received formal notification of any such action.

Washington officials maintained a studied silence on Panama's "announcement" that it had severed relations with the United States in the wake of rioting along the border separating the American-controlled Panama Canal Zone and Panama proper.

Connally Announces, Indicates No Need for Special Session

GOVERNOR CONNALLY

AUSTIN (UPI) — Gov. John Connally is formally a candidate for reelection and has no intentions of calling a special session of the legislature unless forced to do so.

Those were the two major points to come out of an almost casual news conference held by a healthy governor in the living room of the executive mansion Thursday. It was the first held since he was shot Nov. 22 by the assassin of President Kennedy.

Connally sidestepped questions on his political relations with U. S. Sen. Ralph Yarborough, D-Tex., but was positive about the outcome of the November race by President Johnson.

"Texas will go Democratic next fall by a pretty decisive margin," Connally predicted. Never in Doubt.

His own decision to seek a second term as governor was never in doubt, Connally said, even though his close friend is now President.

"I've been to Washington before," he said in reference to service as Secretary of the Navy. Connally resigned that post in 1962 to run for governor. The only thing that could

cause him to call a special session of the state legislature this spring, he said, would be a federal court order to set new congressional districts.

Connally again went on record in favor of redistricting on a state as well as congressional level, and he said this would be one of his strongest recommendations to the 59th Legislature convening next January.

Explains Why
"I would call a special session only if compelled by the courts," he said, and would do so only to prevent the state's 33 congressmen from running at large.

Such an at-large election was ordered as an alternative to complete redistricting on a more even population basis by a three-judge court in Houston last fall. However, a state appeal to the U.S. Supreme Court is expected to stay that ruling until after spring elections, when it would be too late for such a session.

Connally appeared rested and buoyant in contrast to his drawn and tired look at a few previous public appearances since the shooting. He still has a cast on his right arm and wore a sling that blended with his plaid sport shirt and grey trousers.

"I regain a lot of strength each day but still get tired," he explained. Connally said he had regained 10 pounds he lost during two hospital stays and hoped to be back at a full schedule by "roughly the first of February."

Granddaughter Buys First Houston Stamp

HOUSTON (UPI) — The first Sam Houston commemorative 3-cent postage stamp will be sold today to Houston's granddaughter, 93-year-old Mrs. Jennie Morrow Decker.

The ceremonies at the Rice Hotel will end a three-day observance which featured exhibits from the early days of Texas.

The stamp bears a picture of the famed Tennessee and Texas soldier and statesman holding a rifle. It was originally scheduled to be issued shortly after the assassination of President Kennedy, but was delayed.

Receiving a leather bound Houston stamp album will be Gov. John Connally, Houston Mayor Louis Welch and President Johnson.

Other than Mrs. Decker, Houston's oldest living descendant, others received a leather bound Houston stamp album will be Gov. John Connally, Houston Mayor Louis Welch, President Lyndon Johnson.

An album will be sent to Houston's Sam Houston high school, the atomic submarine U.S.S. Sam Houston, the Sam Houston memorial museum, Sam Houston State Teachers College and the Sons and Daughters of the Republic of Texas.

Also on hand for the ceremonies will be Postmaster General John A. Gronouski, Sen. Ralph Yarborough, and the man who designed the stamp, Tom Lea of El Paso.

A plane load of national guardsmen from Marville, Tenn. will fly to Houston to take back a load of stamps for mailings through the post office there.

Houston was raised in Marville and taught school there before coming to Texas.

Dealers in United States Set Record in New Car Sales

DETROIT (UPI) — More new cars were sold in the United States during 1963 than in any single year in history.

That is the word from Ward's Automotive Report—the industry's statistical service.

Ward's said the industry posted domestic new car sales of 7,334,302 units during the year, considerably more than the 6,752,944 cars sold last year but second to the all-time high of 7,406,000 recorded in 1955.

However, the statistical agency said, when import sales were figured in the picture, 1963 was the best car year on record. The industry sold a total of 7,714,000 cars including imports compared with the combined domestic-import figure of 7,460,000 in 1955.

General Motors reported it sold a total of 4,472,021 cars and commercial vehicles during 1963

to top the previous high of 4,202,552 in 1955. Car sales at GM totaled 3,939,002 last year compared with GM's previous passenger car high of 3,767,342 units recorded in 1955.

Ward's said the industry saw the strongest fourth-quarter sales in history. During the period 2,069,291 cars were sold, the highest for any quarter of 1963 and ahead of the previous high for the final three months of the year of 1,946,000 set in 1962.

The past year, Ward's said, was one when "more balance returned to the auto industry." GM dealers saw its penetration figure drop to 53.7 per cent from 54.7 per cent in 1962.

Ford Motor Co. grabbed a 26.3 per cent share of the market compared with 27.4 per cent last year. Chrysler saw the largest gain in its chunk of the sales. Chrysler grabbed 13.1 per cent of the market during '63 compared with 10.3 per cent in 1962.

766 cars in the United States in 1963, worth 0.9 per cent of the market, Ward's said. During 1962, Studebaker sold a total of 79,827 cars for 1.2 per cent penetration.

American Motors Corp. saw its penetration decrease to 5.6 per cent in 1963 from a 6.4 per cent share of the market in 1962.

Studebaker sold a total of 64,000 cars in 1963, worth 0.9 per cent of the market, Ward's said. During 1962, Studebaker sold a total of 79,827 cars for 1.2 per cent penetration.

Texas Motorists Hike Speeds, Survey Shows

ISTIN (Sp) — Texas motorists tramped a little harder on gas pedal when the state's 70-mile-per-hour speed law into effect last September. In fact, they began easing on the throttle months before the law went into effect, probably because of publicity which followed approval of the speed limit by the Legislature during the 90-day lapse before the law became effective.

Information was made available by the Texas Highway Department in a review of annual speed survey. The survey is a research study prepared by highway designers of the U.S. Bureau of Public Roads to determine traffic requirements.

The Highway Department surveyed vehicle driving practices during 1963, both before and after the new speed limit went into effect. Concealed units were set up at 25 points on key highways during an eight-hour period during July and again in October-December to check driver habits. More than 25,000 vehicles were tested each time. Average speed of all vehicles surveyed by the Texas Highway Department was 56.5 miles per hour before the law became effective and 59.3 miles per hour after. By comparison the 1962 survey of all vehicles — passenger cars, trucks, buses — indicated an average speed of 53.2 miles per hour.

Although the state's maximum speed limit was boosted 10 miles per hour, eight per cent of the motorists checked in the latest survey still didn't find that speed fast enough.

Of the vehicles surveyed 11.1 per cent of the passenger cars were exceeding the new speed law.

In 1962 the number of passenger cars which exceeded the then-speed limit of 60 miles per hour represented 16 per cent of the total. In June-July, 1963, this number had jumped to 32.8 per cent, although the old speed law still was in effect.

After the new speed law became effective the October-November survey showed 51.4 per cent of the passenger cars checked were driven over 60 miles per hour — only 40.3 per cent of the total observing the new maximum limit of 70 m.p.h.

Merchants OK Closing Dates For Holidays

Pampa merchants voted to close on six holidays during the coming year at a meeting of the Retail Merchants Activities Committee this morning in the Hospitality Room of the Citizens Bank and Trust Co.

Holidays include New Year's Day, Memorial Day on May 30, Independence Day on July 4, Labor Day on Sept. 7, Thanksgiving on Nov. 26 and Christmas Day.

Merchant Chairman Duggan Smith commended the Pampa Key Club for their work in displaying the American flag throughout the city on holidays.

Several retail promotions were discussed including a special "George Washington Birthday Sale" in February.

Uncle Billy Claims 'World's Best Doctor'

UNCLE BILLY FROST

Uncle Billy Frost is 101 years old today.

He told the News this morning that "I have the most wonderful doctor in the world. I have perfect health, perfect happiness, and I can sleep like a baby. My doctor is our Lord and Savior. Put your faith and trust in Him, and He'll take care of you."

Friends of Uncle Billy were to honor him with an open-house birthday party today at his home, 1105 Charles. Flowers and messages of cheer have been pouring in for three days. Uncle Billy says, "I don't know why people want to spend their money on an old boy like me," then added, "but I sure do like this."

He is a lifetime elder of First Christian Church, and lifetime member of the Chamber of Commerce.

Commerce, and is vitally interested in athletics. He sits up to hear and see ball games no matter what the hour. A family of cats is always in his home and Uncle Billy soundly discredits suggestions that cats might be unhealthy.

His son, Charles, 76, who lives in Caney, Kan., was not expected to be in Pampa today, but Uncle Billy said that a niece in Toledo, Ohio, had called to wish him happy birthday and "Charles just might make it down."

Pampa's oldest citizen received birthday greetings from Rep. Walter Rogers and the President of the United States last year on his centennial and says he expects, "they'll get around to it again this year."

Lost, lingerie in black Behrman's sack at Highland General Hospital. If found bring to main desk. Reward.

The Salvation Army's clothes room, 817 S. Cuyler, will be open from 9:30 a.m. to noon each day for one week, Monday, Jan. 13 through Friday, Jan. 17, to provide clothes for needy persons. Envoy H. C. Seago said the Salvation Army has a good supply of winter clothing. Anyone in need is invited and will be given clothing according to the need, Seago said.

Winter Clearance Hi - Land Young Fashions, 1617 N. Hobart.

A benefit dance will be held in the Berger Youth Center Saturday from 8 to 11:30 p.m. Music will be furnished by "The Tiaras" from Amarillo. All teen-agers are invited.

Free demonstration using old Masters for refinishing and antiquing furniture. Saturday January 11th 10:00 a.m. and 1:00 p.m. Art and Craft Center, 204 N. West (Across from 1st Baptist Church).

The Salvation Army needs volunteer workers. If you are a Christian and interested in helping young people and would like to donate two or three hours a week in youth activity, we would like to interview you and explain our youth program. See Envoy and Mrs. H. C. Seago, 615 E. Albert.

New floor waxers for rent: Brooks Electric.

James B. Dalley, Pampa realtor and appraiser, is in Dallas attending the mid-winter meeting of Texas Real Estate Association. Dalley, a director of the state association, will give a program on the formation and organization of a Multiple Listing Service.

Pampa College of Hairdressing, 716 W. Foster, MO 5-3321. All permanent waves on special. Call now for your appointment.

CRASHING BOAR
PERPIGNAN, France (UPI) — A wild boar walked onto the field during a recent rugby match here and broke up the game until a spectator rushed home, got his rifle and shot the intruder.

Outbreak
(Continued From Page 1) marched on the building and broke most of its windows with rocks. Some of the students were armed with molotov cocktails—improvised fire bombs—but none was used because of swift police action.

U.S. army troops backed by tanks were moved into position to guard the borders of the Canal Zone, restore order and prevent further outbreaks such as erupted in virtually every community in the area during the night.

Returns To Panama
Brig. Gen. Robert J. Fleming Jr., American governor of the Canal Zone, left for Washington Thursday night. But he got only as far as Florida when he was ordered back and immediately returned to the zone.

Today was declared a day of mourning for the dead Panamanian students and a mass funeral was scheduled to be held during the day. Members of Labor unions and student groups held meetings during the morning to make plans to attend the funeral en masse.

Pampa Post Office Seeking Clerk and Carrier Applicants

The Pampa Post Office is seeking applications from local residents who are interested in becoming postal clerks or city carriers. Postmaster O. K. Gaylor announces:

Persons who apply and who pass a written test given by the Civil Service Commission will be placed on a list of eligibles, and will be considered for future job openings.

Clerks and carriers are now paid a starting rate of \$2.33 per hour. Anyone interested in a career in the postal service may obtain complete information from Gaylor, or from the executive secretary, Board of U.S. Civil Service Examiners, U.S. Post Office, Fort Worth.

Like all federal employees post office personnel receive regular step increases in salary and are eligible for low-cost life insurance, comprehensive health benefit programs, paid vacations and substantial retirement incomes.

Luncheon Given Honoring Former Pampa Coach

Tom Tipps, former Pampa High School football coach, was the guest of honor at a luncheon at the Coronado Inn today given by some of the players that he coached to two district 3-AAAA titles in his seven-year tenure here.

Tipps was coach at Pampa from 1947 through 1953, leaving to become line coach at Texas A&M under Bear Bryant. In 1957, he became chief assistant coach at the University of Washington.

Tipps is in town only for the day, principally to visit with old friends and former players.

Blind Farmer Keeps Hope for Sight Return

AINVIEW (UPI) — Ralph Ferrin, a farmer in the Cotter community in south-Hale County, supports himself with a red tipped cane tenderly leans over to feel fingertips tell him if the eye is healthy and if it is tingling.

He listens to the sound of his ears and irrigation motors, can detect even minor changes in the machinery. Ferrin, 41, is blind.

His last time he ever saw was March 6 when he tried to stick a tank valve with a wrench. He tapped the valve a blast of anhydrous ammonia, a searing chemical for fertilizer, hit him in the eye.

Alone at Time
He was alone in the middle field, his eyes burning the fiery ammonia. By the time he could stumble to a road hall a passing car. It was late for medical aid.

He amazes his family and friends with his adjustment to blindness.

Doctors told him there was no hope he would ever see again.

"It was in those two weeks that I really hit bottom," McFerrin said.

"As hope of saving my sight faded, I determined to get a grip on myself, to make the best of everything."

He underwent two corneal transplants to his right eye and spent two months in a hospital. He will undergo one more transplant next summer and doctors say there is little hope for success.

Family Big Help
McFerrin's wife and two sons, Jimmy Ray, 16, and Joe David, 12, carry on work on the family's half-section farm with the help of devoted employees. They also operate two other farms, an adjoining section and an 80 acre plot. An older son, Doyle, is married and operates a farm near Dimmit, Texas.

McFerrin makes all decisions on farming and business.

Anita Bryant Expects Baby In Late May

NEW YORK (UPI) — Singer Anita Bryant announced today she expects to have a baby in May.

Miss Bryant withheld the announcement of her pregnancy until her return to New York from the Bob Hope troupe's Christmas tour of U.S. military areas in the Middle East.

The beautiful singer and her husband, Robert Green of Miami, adopted a baby boy last September and named him Robert, Jr.

Miss Bryant, who as "Miss Oklahoma" was runner up to Mary Ann Mobley in the 1959 Miss America Pageant at Atlantic City, met Green when she appeared on his disc jockey show in Miami. The interview bloomed into a romance and they were married in 1960.

She has accompanied Bob Hope on all of his Christmas visits to GI overseas bases in recent years.

State Lacks Aid For Mental Cases

AUSTIN (UPI) — A fifth grade teacher wants to know what help can be obtained in Texas for a student with psychotic homicidal tendencies.

A public school counselor wants to know what facilities are open to a nine-year-old emotionally disturbed girl.

Both receive the same answer: None.

Frank Self, executive director of the Texas Association for Mental Health, told United Press International he receives dozens of like inquiries each week from worried educators and distressed parents.

The letter about the girl was received last month from Mrs. Glenn F. Mathis at Madisonville public school.

"She has no mother, her father works when he can get work, and one of her brothers is mentally retarded," the letter explained.

Emotional Outbursts
Mrs. Mathis said teachers, the school principal and a psychologist all felt the girl should be removed from her environment but orphanages would probably not accept her because of her emotional outbursts.

Another letter to Self came from a teacher who is well enough trained to identify the fifth grade boy as a psychotic. She said the child's parents were unable to pay for psychiatric care.

"What do we do now?" she pleaded. "Wait until he kills someone?"

Hopefully, this will not happen, but once again, the answer was that Texas has no provision for treatment of seriously disturbed children.

Putting the child in a state mental hospital is not a solution, Self said, because they have no facilities for full child psychiatry or for continuing their education.

Memphis Teacher In First 10 for National Award

NEW YORK (UPI) — A Memphis, Tex., High School English teacher, Mrs. Elsie Guthrie, is among 10 finalists in the "national Teacher of the Year" awards program.

The awards are sponsored by Look Magazine and the U.S. Office of Education's council of chief state school officers. The winner will be announced next spring.

Mrs. Guthrie is a graduate of Texas Tech, and holds a master's degree from West Texas State College.

Pampans Thanked For Co-operation

Pampa businesses and organizations were thanked today for "fine co-operation" during the past holiday season.

Duggan Smith, chairman of the merchants activities committee, and Bennie Shackelford, chairman of the parade committee, gave out the thank-you notes in a letter from the Chamber of Commerce to businesses, organizations and others who took part in the Pampa holiday celebration.

The two chairmen called the Christmas Parade the biggest and most colorful to date. Jaycees and the City of Pampa received special thanks for putting up and maintaining the new Christmas street decorations.

Obituaries

A. D. Melton
Graveside rites for A. D. Melton, 95, will be conducted tomorrow at 3 p.m. in Mobeetie Cemetery. Rev. Vernon Willard, Harrah Methodist pastor, will officiate.

Mr. Melton died this morning at 10:15. He was a retired farmer and rancher and moved to the Panhandle in 1886. He worked for the JA Ranch and Diamond Pale Ranch for many years. He married Asenath Moore in 1886 and moved to the Oklahoma Territory. The family moved to Mobeetie in 1913.

Survivors include two daughters, Mrs. Lovie Fry of Pampa; and Mrs. Ruth McCollum of Fort Worth; one son, Billy of Melrose, N.M.; one brother, C. F. Melton, Pampa; and one sister, Mrs. Nettie Hale, Quanah; seven grandchildren and 11 great-grandchildren.

Outbreak

Dear Abby... ... Truly Yours, F In English

By ANNE VAN BUREN

DEAR ABBY: My English teacher said we had to write a friendly letter to some person who lives in another city as a homework assignment, so this is what I wrote:

Dear Abby: You are solving my problem without even noting it because I have to write a letter for my English assignment and I chose you to write to.

"I think your column is pretty good. I don't always agree with your answers but then nobody is perfect. I sure got to give you credit. It takes a lot of nerve to give those answers because you no what happens when you stick your nose in other people's business."

"Very truly yours,
"F" IN ENGLISH"

DEAR ABBY: Our 19-year-old daughter (whom I'll call Jane) is serious about a 26-year-old married man who is in the process of being divorced. They were married only five months. My problem is he spends every evening here with Jane because his lawyer told him he shouldn't be seen in public with another woman yet. Meanwhile, Jane and he are getting thicker and thicker and they are talk-

ing marriage. He is a gentleman and is well able to support Jane, and we like him, but I don't think it's right for them to be planning marriage until he is free to marry, do you? My husband says he is a lot better than most of the characters Jane has gone with and we should let them be. What do you think?

JANE'S MOTHER
DEAR MOTHER: No matter how you phrase it, he is a married man until he is divorced—and he may NEVER get a divorce. Your daughter should not be spending every evening with him. If he respects her, as a gentleman should respect a lady with whom he would like to spend the rest of his life, he will let HER be until he has the right to talk marriage.

DEAR ABBY: A neighbor who lives next door to us keeps all her blinds up except the one that is on the window which looks right into our house. Don't you think it looks like she is trying to shut us out? We never pull the shade on the window that looks right into THEIR house because we don't want it to look like we don't trust them. Shouldn't they do the same for us?

HURT
DEAR HURT: Not necessarily. Shades insure privacy, and you shouldn't feel "hurt" if a neighbor evidences a desire for privacy. You have the same privilege.

CONFIDENTIAL TO "HAROLD WHO TRAVELS": Don't worry. If a woman really loves a man, no other man can get within 100 feet of her.

Get it off your chest. For a personal, unpublished reply, write to ABBY, Box 3385, Beverly Hills, Calif. Enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 30 cents to Abby, Box 3385, Beverly Hills, Calif.

Glamor Invades World of Snow

By HELEN HENNESSY
NEW YORK (NEA)—Good-natured snobbery enters into most sports and skiing is no exception. The longer the neophyte can keep her companions at the ski lodge guessing about her ability as a skier, the less likely she is to be the target of their teasing.

The wise beginner dresses the same way an expert does and so it takes a bit longer for anyone to realize she's a snow bunny.

For action on the slopes many pros prefer a two-way stretch, one-piece racing suit that covers shoulders to feet, combined with a stretch jacket. This costume is lightweight, form-fitting and built for action and comfort.

Other professional togs include trim stretch pants, worn with long, easy-fitting colorful pullovers.

But for the chair lift or for times when there's little to do except impress everyone at the lodge, the fashion world is yours—neohyte or pro.

There are shaggy jackets in Scandinavian patterns, made of long white pile and insulated quilted jackets that are reversible—white on one side, brilliantly colored on the other. Both have flattering hoods.

For the gal who can afford to cut a luxurious figure at a winter resort, there are parkas in butter-soft suede and tunics of white velvet, mink and fur and mink.

Skiing has become so popular a sport that one well-known cosmetic company suggests a special make-up routine for skiers that will repel the elements and preserve a golden glow. Actually, the routine is a sensible one. It's based on the premise that when you face the wind and snow, the more gunk you have on your face, the better.

So off you go to America's growing winter pastime, secure in the knowledge that you can ski in style and turn up at the evening fireside looking beautiful and ready for fun and companionship.

Skiing has become one of America's most popular winter sports and the gals have learned how to combine high fashion with comfort on the slopes. Two-way stretch gives a long lean look to this racing suit (left) worn by Betsy Sault, former Olympic ski champion. Of 100 per cent stretch nylon, by Koffe-Rene, it is light in weight and built for speed and comfort. An

exciting dressed-up look for the chair lift is this warm, shaggy ski jacket by P & M Sportswear (center). Orion pile is trimmed with a royal blue knit at the zip front and hood. Antron nylon, insulated with Dacron, is used in this new quilt pattern, reversible jacket (right) by Barbara. Zigzag slalom stitching in contrasting colored thread on white adds distinction.

Early Tips for Gardeners Save Time Later in Year

Although gardening admittedly slows down in January, there are still a number of things which the up-and-coming gardener can, and should do to keep everything in tip-top shape recommend the horticulturists of the Union Fork and Hoe Company, makers of garden tools.

First of all, he should keep all salts and ice-melting chemicals carefully off his lawns and other plants. If his steps

and walks drain in such a way that these materials run harmlessly away from his lawn, on the other hand, they plants, they are safe to use. Drain off on the grass or into your plantings, severe injury might result.

In all such cases, of course, remove the ice with a good, sturdy sidewalk scraper. Lacking that, a pointed scuffle hoe will often do the trick. Another useful tool, not often seen in suburban areas but one which is most useful for all sorts of leveling and scraping jobs all year round is the Green Thumb rounded turf edger. Coarse fertilizers, too, can sometimes be used in place of the traditional chemicals to melt the ice. Experiment with them first, and of course, beware of overdoes.

Also, it is particularly important to keep snow off evergreens and other plants likely to be snapped off by the weight or suifer broken branches. The best cure is prevention. Whenever possible, knock the snow off while it is still soft. Once it becomes wet and soggy or turns to ice, it may be too late. However, as a last resort and if the weather is not too cold, it is often possible to wash it off with a strong stream of water from a garden hose. But, be sure you are not just adding to the ice or making your walks slippery.

If snow is deep and you have young fruit trees, beware of field mice. They can easily gnaw off the bark beneath the snow and ruin the trees. Fine wire fencing wrapped around the trunk will eliminate any danger — if they can't get under it. And, if it extends well above the snow, it will also offer protection from rabbits. Lacking the

Manners Make Friends

If you can't say something nice about a person, don't say anything.

New Officers Named During Club Meeting

A report naming nominated officers for the Mr. and Mrs. Garden Club was filed by Ira Carlton, president, during a recent meeting held in the home of Mr. and Mrs. L. B. Studebaker, 405 N. Sumner. Nominated as the new year's officers are Robert Coley, president; Mrs. Ira Carlton, first vice-president; Mrs. J. Mitchell, second vice-president; Mrs. Dick Higginbotham, secretary and J. Mitchell, treasurer.

Note paper of Texas Garden Clubs Inc. was distributed for sale by members, and a discussion and preparation period for the annual bazaar, scheduled for April, was held. Plans were also made to secure land for a bird sanctuary. Nina Spoonmoore and Waldon Moore were named co-chairmen for this project. Mrs. Higginbotham gave a program on the subject of soil building and tilling. A social hour followed the planned activities.

Sydney Congregation Begins 'Life Line'

By LOUIS CASSELS
United Press International

Can a city church reach out and serve the real human needs of those who are lonely, old, sick, poor and despairing?

It can. A Methodist congregation in Sydney, Australia, has demonstrated how it can be done through a remarkable venture called "Life Line."

It deserves the attention of every American church which is seeking ways to life Christ-ianity out of the rut of tired pi-ous words and make it come alive with the compassionate, self-giving love that radiated from its Founder.

Life Line is a telephone number which anyone in Sydney may call for help at any hour of the day or night.

The calls have been pouring in ever since the Life Line center was opened last March at the Central Methodist Mission, a big downtown church. The center is manned by lay volun-teers, working four shifts for each 24 hours. Its switchboard number is listed on the emer-gency page of the telephone di-rectory, along with fire, police and ambulance services.

Answers All Needs

Life Line gets some calls from people who are on the brink of committing suicide. To answer these calls, a "trouble team" is always standing by, ready to hurry anywhere in the

city in a car equipped with two-way radio.

But Life Line is not just an anti-suicide agency. If it were, it would not be anything special for such services have long existed in several Ameri-can cities.

Life Line responds to the whole gamut of human needs—from the need for bread to the need for faith.

With a small staff of full-time workers, supplemented by a large corps of volunteers, it stands ready to provide almost any kind of help that a human being in trouble may seek.

Food For Poor

By calling Life Line, a poor family can obtain food or cloth-ing... an unemployed man can find assistance in getting a job... a squabbling couple can get free marriage counseling... a pregnant girl can be guided into a suitable home for unwed mothers... a lonely old person can meet a friend... a puzzled parent can receive expert psy-chiatrist advice on the handling of a co-incident child... a col-lege student experiencing a cri-sis of religious doubt can have the Bible explained to him in adult terms... an alcoholic can be introduced to the AA concept of group therapy. You name the need, and if Life Line can-not meet it itself, it will locate a Christian layman somewhere who can and will.

Life Line's services are avail-able to anyone who telephones the center. More than half of the calls come from people who have no connection with any church. Life Line does not in-flict sermons on them as the price of its help. But the peo-ple who operate the center are all convinced Christians. And the silent testimony of their service to man has proved to be the most effective kind of evangelism.

Layman's Work

Perhaps the most significant thing about Life Line is that it is predominantly a layman's

enterprise. The Rev. Alan Walker, director of the Central Methodist Mission, underscored this aspect in a report on the project published by the Chris-tian Century magazine.

"Much has been written about the functions of the laity in the total ministry of the church," said the Rev. Mr. Walker. "But usually little is said of how, in practical terms, the lay minis-try can be fulfilled.

"In Life Line, we have found a way... we are seeing a little of what can happen when the laity, the church's 'sleeping giant,' awakes."

Rev. T. O. Upshaw Will Deliver Topic On Paul's 'Letter to Ephesians'

One of the richest books of the Bible is Paul's "Letter to the Ephesians." This book will be studied on Wednesday evening at Central Baptist Church. The pastor, T. O. Upshaw, will be-gin teaching this book on Wed-nesday evening, January 15. The study will continue each Wed-nesday evening for several weeks.

At the regular Sunday Services Rev. Upshaw will preach at all three services. At the 8:45 service his subject will be "Standing Upon A Rock". At 11 o'clock he will speak on "Facing Temptation". At the evening hour of worship he will continue the series of sermons on Acts. The chapter under discussion Sunday evening will be Acts 23. At the Sunday School hour, 9:45 a.m., the lesson will be on the subject, "Peter and Andrew, Personalities around Jesus." Our Sunday School provides for every member of the family in 34 graded departments. Train-

ing Union, unique in its purpose, meets at 6 p.m. Sunday. This organization gives an opportu-nity of learning for every mem-ber of the family. On Sunday evening, the study will be con-cerning our belief about God, one of the fundamental doc-trines of our faith.

Monday and Tuesday is the time for the Pastors and Lay-men's Conference at Wayland College. The theme of the confer-ence is "The Word and Wit-nessing". Our pastor, T. O. Up-shaw, will attend this confer-ence and will bring the closing message of the Tuesday morn-ing session.

The people of Pampa will find a cordial welcome as well as Bible centered teaching and Spirit-filled preaching at Cen-tral Baptist Church. We urge you to worship at some church this Sunday. If you do not have a church home in Pampa, you are cordially invited to worship with Central Baptist.

Beginning with the Sunday School Hour at 9:45 a.m., every Sunday School teacher and member alike is expected to be in their respective place. The Adult Department will be study-

'What to Do About God' Topic at Highland Baptist

ing about two great men of God—Philip and Andrew.

The church worship service will begin promptly at 11 a.m., with the congregation and choir singing the Call to Worship, which is "Holy Spirit, Breathe On Me." For the scrip-ture portion, Rev. Allison has chosen to read from Psalm 139:1-24, and he has entitled his message, "What To Do About God."

For the special music, Roy Harper will direct the choir in singing, "Majestic Sweetness" accompanied at the piano by Mrs. H. E. Winegard and at the organ by Mrs. Edith Beigle.

Choir rehearsals will convene at the usual time; this afternoon, after which Training Union will begin at 6:30 p.m. The Adults will be learning more about Baptist Doctrines with their study named, "What We Believe About God."

Worship begins at 7:30 p.m. with the singing of "Loyalty to Christ." The scripture reading is found in Mark 9:14-29 and Rev. Allison will be preaching on the subject, "Between Belief and Unbelief." For his text he has chosen Mark 9:24.

Spiritual Meaning Of Sacrament to Be Emphasized

The spiritual meaning of sacra-ment will be emphasized at communion services to be held this Sunday at all Christian Science branch churches.

Responsive Reading will open with a verse from John (6:35): "Jesus said unto them, I am the bread of life: he that cometh to me shall never hunger; and he that believeth on me shall never thirst." Explanatory readings from the Christian Science textbook will include these lines: "Obeying his pre-cious precepts... following his demonstration so far as we ap-prehend it... we drink of his cup, partake of his bread, are baptized with his purity; and at last we shall rest, sit down with Him, in a full understanding of the divine Principle which triumphs over death" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 31).

Political Tag On Johnson Talk

WASHINGTON (UPI)—Cap-sule comments from the Texas delegation on President John-son's State of the Union speech Wednesday:

Sen. John G. Tower, Republi-can, Wichita Falls:

On the whole, I would say that the message was well pre-pared and well delivered, but I think that we must character-ize this as a political speech. I think the political overtones were very heavy.

Rep. Bruce Alger, Republican of Dallas:

"This was not a State of the Union message. It was a listing of promises and hopes."

Rep. Joe Kilgore, Democrat, McAllen:

The speech was calculated to cause the Congress to want to be cooperative. It proposed a program feasible economically and passable practically.

Rep. John Young, Democrat, Corpus Christi:

It was the greatest State of the Union message I ever heard. It displayed the Presi-dent's typical fairness.

Rep. Jim Wright, Democrat, Fort Worth:

He presented the most ambi-tious program ever presented to Congress. Some of it will be accepted, some altered and some even rejected. But all of it should be considered.

THE PAMPA DAILY NEWS
FRIDAY, JANUARY 10, 1964

56TH YEAR

THE AMERICAN WAY

HOLY BIBLE

The Bible - Timeless and Eternal

Dr. Carver Will Take Text From Joshua 24:15

Dr. Douglas Carver, pastor of the First Baptist Church will preach at the 11 a.m. worship from the topic, "Choose You This Day" with the text taken from Joshua 24:15. Joe Whit-ten, minister of music, will direct the church choir in singing "Cherubim Song" arranged by Tchaikovsky. Miss E. Toise Lane, organist will play "Be-side Still Waters" by Richardson for the offertory.

Rev. Carroll B. Ray, Area 3 Missions Secretary, will be the guest speaker for the 5 p.m. worship and will continue the January Bible Study theme in his sermon, "God's Eternal Purpose" with the text taken from Ephesians 1:3-14. Featured at the beginning of the evening worship will be John Zinn with a "Sermon in Art" with Joe Whit-ten accompanying with solos. The Chapel Choir will occupy the choir loft and present special music. Miss Eloise Lane will play "Andante Religioso" by Bell for the organ offertory.

The third session of the Jan-uary Bible Study will be held Wednesday at the Mid-Week at 7:30 p.m. by Rev. Carroll B. Ray when he will teach from the book "Ephesians". The book will be completed in seven sessions and credit will be given for course. The study will be continued on Wednesday evenings.

Special Music Is Planned For Harrah

The pastor will be speaking at both the morning and evening worship services Sunday at the Harrah Methodist Church. His topic for the morning hour will be "The Altar." The evening message will be on the theme of "A World In Need". Special music will be given by the Sanctuary Choir at the 11 a.m. service. The Children's Choir will sing at the 7 p.m. hour.

The Official Board and the Commission on Christian Edu-cation will meet immediately following the evening service.

The Methodist Youth Fellow-ship meet each Sunday at 6 p.m. for a time of worship fel-lowship and recreation.

The Children's Choir assem-bles on Sunday evenings at 6 p.m. for their service.

Also, there is an Adult Bible Study at 6 p.m. for those of the different age groups.

"Altar Time" is a regular part of our Sunday evening worship service, and it has proved most helpful.

The Wednesday Prayer ser-vice is at 7 p.m. Also, the Sanctu-ary Choir meets at 7 p.m.

'Outsiders' Subject at Presbyterian

"Alien Outsiders", dealing with Evangelism and Epiphany, will be the sermon at the First Presbyterian Church on Sun-day. The Pastor, Donald S. Hauck, will preach the sermon based upon Isaiah 60 and Mat-thew 2, with the text from the Second Chapter of Paul's Letter to the Ephesians.

Ruling Elder Bill Dixon will assist the Pastor in the Worship, and the Choir, under the direc-tion of Mrs. George Budd and accompanied by Mrs. Fidelia Yoder, will sing "God So Loved the World" as the morning Anthem.

The second in a series of In-quirer's classes will be held in the Chapel during the 9:45 a.m. Church School hour. These classes, taught by the Pastor, are open to anyone interested in learning more about the Pres-byterian Church.

At 5:30 p.m., the Junior and Senior High young people will meet for supper and their Fel-lowship program following, and evening worship for the entire congregation will be at 7 p.m. in Kelley Chapel.

Text for Sermon to Come from Luke 13 At 1st Christian

At the 10:45 a.m. Sunday wor-ship hour Loren E. Williams, the minister, will speak on the subject "Meeting Life's Appoint-ments". The text will come from Luke 13. The message at the 7 p.m. worship will be con-cerned with the Decalogue found in Deut. 5 and with the Lord's covenant given through Moses as recorded in Deut. 29 and 30. "Meeting in the World in its Crisis" will be the topic of this message. Church School for all ages begins at 9:45 a.m. and the Junior High youth meet in Chi Rho Fellowship at 6 p.m.

Now You Know

By United Press International

Panama City, capital of the Republic of Panama, is the oldest settlement on the continen-tal Western Hemisphere, dating back to 1519 when it was found-ed by Pedro Arias de Avila, ac-cording to the Encyclopedia Britannica.

SWC Roundup

By United Press International
The Texas Tech Red Raiders tayed in contention for the southwest Conference lead by brushing the Baylor Bears in the top Texas collegiate basketball attraction Thursday night.

The Raiders showed their league record to 2-1, and the Bears dropped into the cellar with an 0-3 mark.

Tom Patty paced Tech with 22 points. The Raiders slowly opened up their lead during the second half until it reached the final margin of 20 points.

North Texas State dropped its third straight Missouri Valley

Conference contest of the season to Tulsa, 91-72.

The Eagles jumped to an early lead, but Tulsa drew ahead at halftime, and lengthened the lead in the final 30 minutes. Big 6-11 Lyle Kelley paced Tulsa with 19 points.

In the only other action featuring a Texas club Thursday night, Hardin Simmons whipped Eastern New Mexico 83-67.

In the only games scheduled tonight, East Texas Baptist will entertain Little Rock U., and Pan American, the fourth ranked small college team in the nation, takes on the tough Phillips Oilers at Bartlesville, Okla.

Pampa Boxer Peewee Titlist

AMARILLO (Sp.) — Glen Davis of the Pampa Optimist Boxing Club won the 80-pound Freewheel championship over teammate Larry Jones in the opening round of the Amarillo Golden Gloves District Tournament last night.

Twenty-nine bouts in the Pee Wee and High School divisions took place at Ronny's Boxing Club last night in the first round of a three-day stand. A total of 93 fighters entered from Liberal, Ronnie and Amarillo Boxing Clubs, Pampa and Skellytown Optimists.

A trophy will be awarded to the team scoring the most overall points in the tournament. The next district tournament will be held starting Thursday in Liberal.

Tall Plainsmen Invade Pampa

The tallest team in District 3-AAA comes to town tonight, seeking to regain first place in the conference with a win at Harvester Fieldhouse.

Lubbock Monterey, knocked out of a first place tie with neighbor Tom S. last Tuesday, will be out to try for their sixth loop win against a single loss, while the hot-and-cold Harvesters will be seeking to stay in the loop scramble by taking their fourth victory against three defeats.

The Plainsmen, although not boasting a big man like Ronnie Peret, the 6'9" giant of Plainview, have by far the biggest team overall in the loop, and could get a starting sound on the floor that would average close to 6'4".

The Dons won their first five tilts in a row before coming a cropper against the Amarillo Sandies by a single point. Sweeping over Borger, Palo Duro and Caprock, they then used their overall height to ease Peret and best Plainview's bubble. Their only close call came at the Amarillo Army, as the Sandie crockerbox held them to a 57-55 win.

Monterey, picked second behind Plainview in pre-district ratings, fell out of its first-place tie with Lubbock when the vastly improved Tascosa Rebels, who have won six straight since sparking Pat Harkins finished football, stalled to a 28-28 win at Texas Tech Coliseum. With Lubbock playing at the home of the Sandies, a win could put Monterey back into a first-place tie.

Returning six lettermen from last year's team, the Plainsmen start a 6-4 pair, returning starter Bob Schmid and junior Gary

LANNY LEWIS
... free throw ace

Hughes, Schmid, and on the football team, generally fights for the rebounds while Hughes is the leading scorer, sixth in district with a 13-point average. Monty Landers, 6-2, is the other front court man, while 5-9 Jerry Haggard, second-team all-district last year, and 5-11; Will Howard, are the setup men. All the starters can shoot, as illustrated by Landers' 11 points and Schmid's 10 in the low-scoring Tascosa game.

Three big juniors see lots of action and keep opponents in rebound trouble if any of the starting big boys foul out. 6-5 Will Abernathy, 6-3 Ernie Gikerson and 6-3 Davis Chapman. Omer Morgan is the backcourt relief man.

The Harvesters will be battling equally desperately to stay in the race. Winning five of their last six games, the Harvesters have started to jell shooting-wise, defensively and on the boards. Although shorter than any team they have faced, Pampa has utilized the outstanding jumping ability of Charlie Price and Roper Roper and the positioning skill of Danny Hill, as well as the ball-hawking of Kenny Hebert and Rick Stewart to overcome the handicap. Pampa's trouble, however, has been at the free-throw line, a department in which Terry Culley, coached teams usually shine. Of the Harvesters' seven losses, only one was by a large margin, and the other six were all dropped when Pampa missed numerous opportunities at the charity stripe.

Following their usual pattern, Pampa had made only five of nine free throws in the

Rebels Rack

White Deer

WHITE DEER (Sp.) — Lee Junior High's 9th grade led all the way as they took a 69-34 victory over the White Deer B team yesterday.

Doc Cornutt and James Matney completely dominated the boards, scoring on rebounds and tip-ins to move the Rebels into a 15-4 quarter lead. Steve Williams hit to move the edge to 20-14 at the half as coach John Hale started clearing the bench. Lee Hollis sparked the reserves as they took a 46-24 edge at the three-quarter mark.

Cornutt had 11 points, Matney nine and Williams eight. Rapp had 14 for the Little Bucks.

Lee plays a triple bill with Pampa Junior High next Thursday, the 8th and 9th grades clashing at P.J.H. and the seventh graders battling at Lee.

Only change in the regular starting lineup last week was the insertion of 8-6 sophomore David "Sugar" Cain for part of the first frame in an effort to combat Amarillo's big boys. The Sugarman may again see lots of action against the tall and towering Plainsmen tonight.

Harvester Baseball Nine Opens On Road

The highly-rated Pampa Harvester baseball team will open with two of its strongest district foes at their own stamping grounds next season.

The Harvesters, who finished in a tie for third last year with Amarillo and Tascosa, behind Lubbock Monterey and Borger, will play their first game against Tom S. Lubbock at Lubbock on April 10, Friday, and will stay over to meet Monterey, according to the district 3-AAAA schedule released by athletic director Weldon Trice.

State finalist Monterey, although graduating most of last year's starters, is always a powerful threat, while Lubbock, like the Harvesters, returns most of last year's starting lineup.

Pampa plays its first home game Tuesday, April 14, against traditional rival Amarillo.

DISTRICT 3-AAAA 1964 Baseball Schedule

April 10 — Lubbock - Pampa at Lubbock; Monterey - Borger at Monterey; Tascosa - Amarillo at Tascosa; Palo Duro - Caprock at Palo Duro; Plainview Open.

April 11 — Lubbock - Borger at Lubbock; Monterey - Pampa at Monterey; Amarillo - Palo Duro at Amarillo; Plainview - Caprock at Plainview; Tascosa Open.

April 14 — Monterey - Lubbock at Monterey; Pampa - Amarillo at Pampa; Palo Duro - Plainview at Palo Duro; Borger - Tascosa at Borger; Caprock Open.

April 17 — Tascosa - Lubbock at Tascosa; Caprock - Monterey at Caprock; Borger - Plainview at Borger; Pampa - Palo Duro at Pampa; Amarillo Open.

April 18 — Caprock - Lubbock at Caprock; Tascosa - Monterey at Tascosa; Amarillo - Plainview at Amarillo; Borger - Pampa at Borger; Palo Duro Open.

April 21 — Plainview - Lubbock at Plainview; Amarillo - Borger at Amarillo; Palo Duro - Tascosa at Palo Duro; Caprock - Pampa at Caprock; Monterey Open.

April 24 — Lubbock - Palo Duro at Lubbock; Monterey - Amarillo at Monterey; Plain-

Rosburg Leads San Diego Open

SAN DIEGO, Calif. (UPI)—There are horses for courses and putting experts for big greens.

So today, Bob Rosburg, one of golf's all-time greatest on the greens, is leading the \$30,000 San Diego Open golf tournament. At least that was the situation as of early this morning.

Rosburg, former PGA champion who hasn't won a title in three years, fired a four-under-par 66 Thursday to take a one-stroke lead over the field.

But 30 golfers were caught by the darkness and were unable to finish their rounds. Among those still on the links when night closed in were Jerry Barber and Frank Beard, who had 33, and Dow Finsterwald, who had a 34. There were 27 others still out who tee off this morning before regular play opens.

And the chances are that the greens will be icy again and start of play will be delayed an hour or so today — as it was Thursday.

The greens at the Rancho Bernardo course are among the largest in the world, and this may have played into Rosburg's hand. While others were struggling from as far away as 200 feet, Rosburg was knocking in putts from all over.

"I was horrible on that tee," said the former Stanford Uni-

Paul Ratliff Signs With Twins
MINNEAPOLIS ST. PAUL, (UPI) — Catcher Paul Ratliff, 34, of Pasadena, Tex., Wednesday signed a 1964 contract with the Minnesota Twins.

Ratliff appeared in 10 Minnesota games last season and batted .150. He hit .171 in 60 games with Wilson and .242 in 6 games at Charlotte.

YCC Basketball
Motor Supply of Texas opened a 30-5 quarter lead and romped to a 66-28 win over Celanese in last night's YCC Basketball League game. Three players hit in double figures for the Supplymen. Gene Williams with 20, and Dwayne Kuntz and Gib Winston with 12 each. Marlon Mills and David Damron led the losers with 10 apiece.

PLYMOUTH 64 THE GET-UP-AND-GO CAR

Hit the road in a power-filled Plymouth! You're in for a surprise, for you're in for some of the most power-packed, easiest handling driving you've ever experienced. And the looks! You could pay twice as much to get such swinging styling. And Plymouth's performance is backed by years of Chrysler engineering and a secure 5-year/50,000-mile warranty* on the parts that keep you going. In a word, the Get-up-and-go Plymouth just goes like heck!

*HERE'S HOW THE STRONG 3/50 WARRANTY PROTECTS YOU: Chrysler Corporation warrants for 5 years or 50,000 miles, whichever comes first, against defects in materials and workmanship and will replace or repair at a Chrysler Motors Corporation Authorized Dealer's place of business, the engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings of its 1964 automobiles, provided the owner has the engine oil changed every 3 months or 4,000 miles, whichever comes first, the oil filter replaced every second oil change and the carburetor air filter cleaned every 6 months and replaced every 7 years; and every 6 months furnishes to such a dealer evidence of performance of the required service, and requests the dealer to certify (1) receipt of such evidence and (2) the car's then current mileage.

Farm Leader's Words of Wisdom

It is difficult to convince people that socialism, whatever its mode of presentation, is really the old, the tried and disproved and previously discarded.

But it is so. In the long view of history, the concept of limited government, with its emphasis on freedom of the individual, is the new, the progressive and modern philosophy.

The federation president said "we are standing on the threshold of a great new advance toward filling the desperate human needs that are so prevalent in many less developed areas.

Why, then, would anyone want to dump it for the old, collective manner of governing?

More and more people have begun to ask the same question fortunately.

And more and more people in influential positions have begun to sound warnings concerning the fate in store for the U.S. unless each individual, each association and each political subdivision turn away from the "gimme" attitude and try to persuade others to do the same.

The American Farm Bureau Federation president, Charles B. Shuman, is one of the most outstanding spokesmen of the present time advocating a "clearing of the decks."

"Government intervention in labor, business and agriculture, whether at home or abroad, means political determination of production patterns."

Shuman said in his opinion the present sluggishness of the American economy is due

"I Hear the President Wants to Slim You Down a Bit"

Allen-Scott Report

Four Freedoms Award To Humphrey Likely To Bolster His Vice Presidential Aspirations

ROBERT ALLEN

PAUL SCOTT

WASHINGTON — The already busily boiling Democratic vice presidential kettle is being further steamed up by a coup by Senator Hubert Humphrey.

The voluble Minnesotan is to be the recipient of the 1964 award of the Four Freedoms Foundation "for distinguished service in the cause of Freedom."

"Government intervention in labor, business and agriculture, whether at home or abroad, means political determination of production patterns."

Shuman said that in his opinion the present sluggishness of the American economy is due

to government intervention in labor, business and agriculture, whether at home or abroad, means political determination of production patterns.

Question Box

We invite questions on economic and the proper functions of government which will not injure anyone.

QUESTION: "Is federal aid to schools and colleges more immoral than state or local tax support of them?"

ANSWER: That is a good question since many persons think they are rendering a wonderful service when they oppose federal aid to schools and colleges.

However, reducing an act which is a crime when done by many to three people does not make it a virtue, just as dividing a crime by one million leaves it still a crime.

Anything that violates a moral principle applies to three, two, one, a million, or a billion people.

What we need to do is not to exclude federal aid to schools and colleges but we need, instead, to be perturbed about any initiated force that compels people to pay for something they do not want.

The reason this is so is that it deprives that individual of his individual responsibility and also deprives him of the fruits of his labor and makes it so that he cannot use them in a way that will give him the most satisfaction.

Turning Back The Years

(From the files of the Pampa Daily News)

30 Years Ago Today Jan. 10, 1934

First entries in the sixth annual Pampa poultry show arrived from McLean.

Pampa was going forward for Pampa's President's Birthday ball Jan. 30 for the benefit of the Warm Springs Foundation.

25 Years Ago Today The second of two traffic accidents in which elderly men were struck by cars was investigated by city officers.

Lee E. Moore was knocked down at the intersection of Somerville and Kingsmill, Alfred W. Leonard, employe of the Santa Fe Railway company, was struck by a car while at work on the Cuyler street crossing.

10 Years Ago Today Pampans C. A. Huff, president and Fred Thompson, a director, will be in Plainview Monday for a meeting of the Canadian River Municipal Water Authority.

Construction of a \$175,000 grain elevator at Hoover, eight miles east of Pampa, was announced by the Barnett and Wilkinson Grain Co., 403 E. Tyng.

1934 Paper Recalls Prices And Thoughts of Yesteryear

By GLENN McCASLAND
New Ford automobiles for \$515. Ladies hats for \$1 and a juicy hamburger only 10 cents. Those were only a few of the items listed in a 1934 Panna Daily News which was found underneath house-bracing joints this week.

O. T. Odom of 515 E. Foster found the old newspaper while rummaging around the house. The paper, yellow with age, was Pages 3 and 4 of the May 2, 1934, issue.

WOMEN'S CLOTHES were advertised by The Vogue shop, one door south of Woolworth's, at prices of \$1 to \$5.95 for a white linen suit.

The hamburgers were priced at 10 cents each in an ad from Charley's at 104 N. Cuyler along with chili at 20 cents a pint.

Featured stories included oil production progress from Austin and the fact that an early spring club rush had brought heavy activity to Panna clubs.

PICTURES OF three dancers in the Junior Follies were featured on Page 4. They were Mary Maude Rutherford, Veda Lee Alden and Joyce Smith.

The paper brought back old memories of low prices and an era long gone.

Odom said he plans to keep the paper to show friends and relatives, especially youngsters, as sort of a page from history.

BEGIN VOTING

NEW DELHI (UPI) — Nagaland India's 16th and newest state, began voting today for its first legislative assembly. The Naga tribesmen achieved statehood for their territory after an eight-year campaign of "hostilities" against the national government of Prime Minister Jawaharlal Nehru.

OFFERS THANKS

WASHINGTON (UPI) — Silent screen star Mary Pickford thanked the Library of Congress Thursday for preserving many of her famous films.

Miss Pickford, "America's Sweetheart" of yesteryear, told Dr. L. Quincy Mumford, the librarian of Congress, "without you, many of my films would have turned to dust."

Wall Street In Review

NEW YORK (UPI) — "The near unanimity of bullish business forecasts for 1964 is a cause of some concern since only twice in the last fifteen years has such unanimity proved correct," says Clark, Dodge & Co.

"The answer to the question of which way it could prove to be wrong this time appears to be that business in 1964 will reach more of a boom condition than virtually any of the forecasts expected. Interestingly enough, there is nothing like the same unanimity regarding the stock market. Instead, there is a great deal of skepticism and close to a majority who are advocating either selling at present prices or on any further strength. The advance-decline index has become so popular as to be suspect," the advisory service says.

"If further profit taking in anticipation of lower 1964 tax rates does not develop in the next few days," says Spear & Staff, Inc., "our best guess would be that some switching may occur but should not be a major factor after the tax bill is enacted."

"The stock market has moved higher despite wide-scale expectations of liberal profit taking immediately after the first of the year in expectation of lower taxes. Apparently, the feeling is that if still higher levels are expected, why take profits too early," says International Statistical Bureau, Inc.

Foreign News Commentary

By PHIL NEWSOM
UPI Foreign News Analyst

Not generally recalled is the fact that the first attempted Communist revolution in the Western Hemisphere occurred in Brazil, in November, 1935.

It was led by a short, frail man with intense black eyes named Luis Carlos Prestes. It was an abortive affair but for four days the revolutionaries held the city of Natal where they installed a Soviet-style regime.

Uprisings also took place in the cities of Recife and in Rio de Janeiro.

In Rio, aided by a part of the garrison, the rebels proclaimed Prestes president of Brazil.

For the Moscow-trained Prestes, the revolt earned a 16-year prison sentence, of which he served nine, followed by more years in the Brazilian underground.

Interesting Predictions

His activities led the legislative reference service of the Library of Congress in 1958 to describe him as the "most outspoken opponent of the United States south of the Rio Grande."

"For more than a quarter of a century," the reference service said, "he has spurned venom aimed at poisoning Brazilian United States relations."

This background is to point up an event of only a few days ago which may be of significance to present-day Brazil.

In a television interview in Rio, old Communist Prestes, whose party theoretically still is outlawed in Brazil, made some interesting predictions. Among them:

Brazilian Communists will come to power under the present regime of President Joao Goulart.

It will come to power peacefully.

Former governor of Rio Grande do Sul State, Goulart's brother-in-law Leonel Brizola, has "every condition of being the chief of the revolution."

Goulart also could be that chief "provided he freed himself of his engagements with certain reactionary areas."

Former President Juscelino Kubitschek and fiercely anti-Communist Gov. Carlos Lacerda of Guanabara State, where Rio is located, are branded as "agents of reactionary forces" and "slaves of imperialism."

Emerges As Spokesman
The fact that Prestes could emerge to make his pronouncements over a government licensed television station, is perhaps significant of the chaotic state of Brazilian politics.

There is no record that the government sought to suppress him or that Brizola, violently leftist and violently anti-United States, sought to disavow him.

Of further significance is the fact that Prestes emerged at this time as the spokesman for communism. He is the party's general secretary in Brazil but for many months he has remained in the background while others held the stage. Among these has been pro-Castro advocate of violent revolution Francisco Juliao, organizer of the peasant leagues in north-east Brazil.

Prestes, during the TV interview, declared unhesitatingly that: "We Brazilian Communists are on the side of Soviet Russia" in the quarrel with Red China.

Since Castro's own loyalty to Moscow now is being questioned, it may be that Moscow has its own reasons for bringing Prestes out of mothballs.

Memphis Man Facing Charges

AMARILLO (Sp) — Use of oppressive child labor in violation of the Fair Labor Standards Act (Federal Wage-Hour Law) is alleged in a complaint filed in U.S. District Court at Amarillo against Bill D. Hart of Memphis.

The civil action was filed in the court by U.S. Secretary of Labor W. Willard Wirtz.

His complaint charges that Hart has employed minors under 16 years of age to pick cotton during hours when schools for the district in which such minors reside were in session.

The suit also alleges that the defendant has violated the record-keeping requirements of the act and shipped in interstate commerce goods produced in violation of the Law.
