3000 Red-Led Rioters Move on Africa Town

British Marines Put Down Riots in 3 Colonies

Chain Reaction Breaks Out Against Low Pay, Officers

DAR-ES-SALAAM, Tanganyika (UPI)—British Royal Marine commandos and airborne troops put down mutinies by troops in three former African British colonies today — Tanganyika, Kenya and Uganda.

In Dar-es-Salaam Royal Navy commandos landed from the aircraft carrier Centaur and fought their way into control of Tanganyika army barracks to end a mutiny by 400 troops. Three members of the Tanganyika Rifles were killed; there were no British casualties.

In Nairobi, Kenya, 700 Royal Marine commandos were flown in from London because of threatened disorders and British troops already there surrounded and subdued a sullen group of Kenya Rifles soldiers who sat on their rifles and refused to work. One Kenya soldier was killed; no British casualties were reported.

The mutiny in Uganda appeared to be minor and short-lived. Britain flew in 400 troops from Kenya Friday when Uganda expressed fear the bizarre chain reaction might spread there. There had been a brief mutiny at Jinja earlier this week and a new "disturbance" was reported Saturday. It quickly was quelled.

Disorders and unrest were reported through much of newly independent black Africa at a time when Chinese Communist Premier Chou En-lai was touring Africa to try to increase Peking's influence. Chou today was in Labe, Guinea, where he was cheered repeatedly by the populace.

The worst terror was reported in the Congo, where brigands led by a Communist trained former cabinet member were in revolt against the Leopoldville government in the worst Congo crisis since the (See OFFICERS, Page 3)

Pampa Teen-ager Turns Blacksmith

Becky Brewer's horse, Scottie, needed a horseshoe job Saturday and the 16-year-old Pampa high school junior decided to do it herself.

The result surprised everyone, including Miss Brewer, as old hands at the Hereford Breeders Association barn made small wagers that she couldn't get the job done.

Becky took horse into hand, pulled the shoes off, trimmed the hoofs, using nippers and a rasp, then began to reset the shoes.

Scottie, who seemed to know just what was going on, stood still while the girl banged away with a blacksmith's hammer until she had all but the fourth hoof shod. She needed a little help, but the folks gathered around gave her full credit for the entire job.

Becky is the daughter of Mr. and Mrs. John Brewer, 127 E. 26th. Brewer is scout executive in Pampa.

Worst Threat Since Katanga Secession

By DIETRICH MUMENDEY

LEOPOLDVILLE, The Congo (UPI)—A force of 3,000 Communist-led terrorists armed with primitive weapons was reported Saturday to be moving on the town of Idiofo where frightened residents appealed for help to prevent their own massacre.

The terrorists were in open revolt against the central government in the worst threat since the secession of Katanga Province. Their rampage of murder and arson was reported director chiefly against male white missionaries.

Reports from a day-long stream of refugees at Leopoldville Airport indicated the terrorists also were bent on liquidating the entire government administration in the troubled province. A group of 15 Catholic nuns and missionaries arriving Saturday night said the Kwilu revolt was spreading to neighboring areas.

Government troops were reported moving into the area, burning pro-terrorist villages, and killing their inhabitants as they went. One unconfirmed report said the soldiers killed 80 villagers in Mungunda, suspected of harboring the terrorists.

Refugees Jam Town

The town of Idiofo, 300 miles east of Leopoldville, and 60 miles east of the Kwilu provincial capital of Kikwit, was packed with refugees, mostly missionaries, guarded by only 40 Congolese soldiers. Several thousand persons were reported living there.

Paul Leroy, a Belgian technical assistance official who was rushed to Kwilu to try to arrange an emergency airlift, said "the Congolese prefect of Idiofo, Mr. Kombo, said when we were leaving, 'If they don't send us reinforcements soon, the rebels will cut the throats of all of us.'"

Leroy arrived here Friday night followed by a DC3 transport packed with men, women and children and 10 Roman Catholic nuns. He said 15 more white missionaries were arriving Saturday and that another 12—who have lived in the area for decades—refused to leave.

Situation Serious

A government official in telephone contact with the center of the riot region at Kikwit said the situation was "extremely serious." The official, Minister of Planning Cleophas Kamitatu, said strong measures

would have to be taken within 48 hours to avert a massacre. Kamitatu, a native of Kwilu Province and former minister of interior, said the terrorists were armed with bows and arrows and machetes but did not have modern arms. However some of the terrorists were reported to have stolen rifles.

The number of missionaries actually killed was not known for sure. Three Belgian Roman Catholic priests were known to have been hacked to pieces—one as he lay in his sickbed. Rumors circulated that a priest and a nun were killed south of the Protestant mission of Kandale, burned earlier this week.

LBJ Closes Lid on Baker Discussion

WASHINGTON (UPI)—President Johnson put the lid on further White House discussion of the Bobby Baker case Saturday and brushed aside Republican criticism of his acceptance of an expensive hi-fi set from the former Senate aide as something he has learned to endure.

"I have said what I'm going to say," he declared at another of his impromptu news conferences. He had been asked to comment on the Senate investigation of the outside business interests of Robert G. Baker, former Senate Democratic secretary.

The President's name cropped up in the Senate Rules Committee hearing when Don Reynolds, a local insurance dealer, testified that he had sent Johnson a \$580 stereo set at Baker's behest in 1959.

Mobeetie Rig Sets Records

MOBEETIE — Standing like a giant scalpel, ready to cut deeply into Mother Earth, is a 175-foot oil drilling rig some nine miles northwest of this Wheeler County community that is fast setting records.

The rig is part of drilling operations of the Parker Drilling Company of Tulsa and sits atop a 17,700-foot well which, when completed, will be the deepest well in Panhandle history.

Bert Childers, Wheeler drilling expert who is currently working at the site, is betting that the well will hit the depth expected, too.

The rig has been set up for four days and all ready the giant needle has worked its way to a depth of 2,303 feet. Men are working three eight-hour shifts daily to speed its progress with some 11 workers to a shift.

The well, which is an oil wildcat, is just a few miles from the site of the Carville No. 1 gas well which has set off one of the heaviest showing of oil interest in this area in many years.

The new rig has set these records so far:

It is being drilled by the world's largest drilling company.

It is the tallest rig on the Panhandle today.

And is part of what is called the largest single drilling operation in Panhandle history.

Since the Carville well was sunk near Wheeler, some 95 per cent of the county has come under lease by the major oil companies with more action expected if the field being examined suddenly jells.

The chief reason is the fact that for the first time Panhandle operations have touched the Houston lime area which is part of the Oklahoma gas field. Many companies have felt this field extended into the Panhandle, but could not locate it until now.

The Carville No. 1 is a 17,500-foot well and touched off the entire activity.

Now with the giant rig northwest of here, all area residents have their fingers crossed that history is about to repeat itself.

Almost 30 years ago the east Wheeler County oil field came to life and now it appears the "black gold" era may be pushing itself back into being here.

Five Days Left To Pay Poll Tax

Gray County residents wishing to be eligible to vote this year are urged to pay their poll taxes this week.

Residents have only five days in which to pay their poll taxes. Deadline is Jan. 31, Friday.

Texans are reminded that ratification of the poll tax amendment does not eliminate the need for a poll tax in order to vote in state and city elections. Only the general election will be affected by the change this year.

East German

ward Jumps

nance to West

BERLIN (UPI)—An East German border guard jumped bed wire fence and fled West Saturday, carrying uniform and weapons with him.

21-year-old East German corporal entered West Berlin Wittenau district, where order is marked by barbed fences only.

The refugee first said the West Berlin boy had him to the nearest post.

The young East German said he was on border duty on east's side of the barbed wire fence.

"A long time I have not seen with the situation in the one," he told police.

East German guard's escape at West Berlin Mayly Brandt pledged public West Berlin police would refugees "wherever and wherever possible."

television speech to East he said the city government would continue to negotiate with the Communists on the city of reopening the but there would be no news on the question of pro-refugees.

Largest Craft Orbits in Sky

VANDENBERG AFB, Calif. (UPI)—The highly successful Echo 2 balloon satellite, mankind's largest spacecraft, orbited the earth Saturday as a "space ambassador" between the United States and Russia.

U.S. scientists were jubilant about the 13-story-high star-like sphere which they launched Saturday and which was to be used by both this nation and the Soviet Union to communicate by voice and radio signals—with each other for the first time via a satellite.

The world's two leading powers also conducted joint scientific experiments with Echo 2, nicknamed "satellon."

Local Firm Gets New Building

Pampans Honor Native Son

By GLENN McCASLAND
Pampa turned out in large numbers Friday night to honor a native son and his success in business.

Over 450 people filled the giant Crall Products building on Price Rd. as city officials and Chamber of Commerce leaders marched to the speaker's table to honor A. E. (Chick) Hickman, president of Crall Products Inc.

The occasion was a "welcoming" barbecue program for the Crall firm under sponsorship of the Pampa Chamber of Commerce and its industrial development committee.

Leading the parade of speakers was Mayor H. R. Thompson, who paid tribute to Hickman for his far-sightedness and interest in helping Pampa industry.

FRANK CULBERSON, immediate past chairman of the industrial committee, spoke briefly on the committee's efforts to interest Pampans in expanding the industrial area of the city.

He told the group "we need more people like Chick Hickman" to make this expansion program possible.

Hickman was introduced by

Aubrey Steele, Chamber president who was substituting for Hugh Burdette, industrial development committee chairman who was absent due to illness.

The jovial Hickman was touched by the turnout and said as much in brief remarks. He told the gathering of his company's plans to develop Crall Products in Pampa as well as continuing to enlarge its other offices across the nation.

HICKMAN GAVE a brief explanation of what type of oil drilling products the company produces and said the Pampa office would be employing some 20 people in the near future.

The 100 by 140 foot building filled quickly as members of the Pampa Shrine Club fed the guests barbecue or fish dinners.

The celebration marked the final construction of the building. The firm will begin to use the building this week, officials said.

Plans call for manufacturing of an internal plastic coating at the Pampa plant. The building will house manufac-

turing divisions of Petroleum Specialties Co., and Paramount Equipment Co., both part of Crall Products Inc.

THE BUILDING and equipment was an expenditure of some \$200,000, Hickman reported.

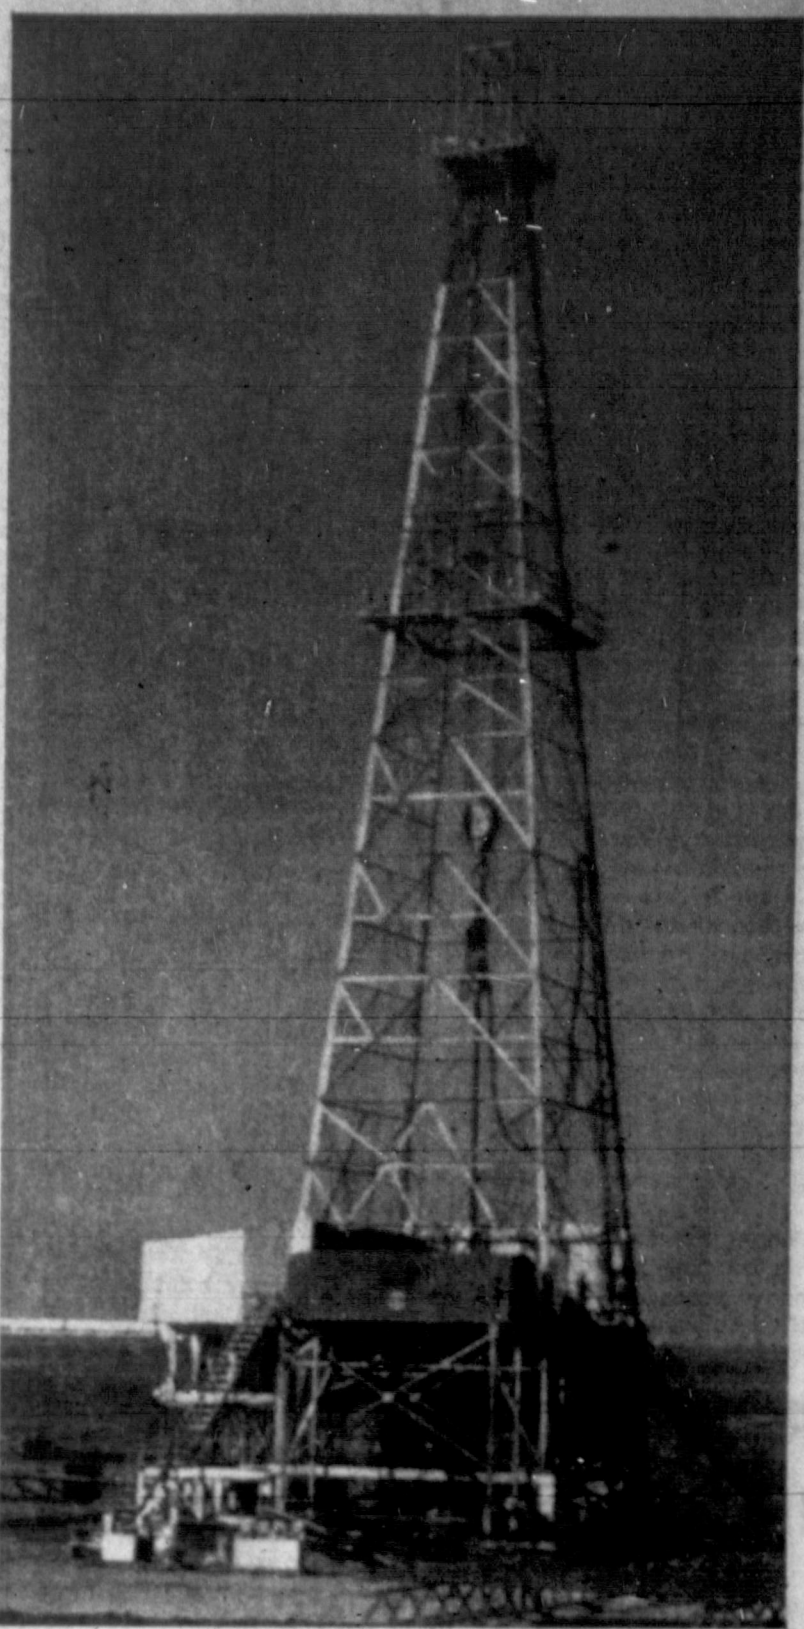

Petroleum Specialty fabricates scrapers, multi-coat and multibake plastic coating for sucker rods, scraper sucker rods, fittings and pipes. Its biggest use is for paraffin removal and corrosion resistance.

Paramount makes polished rod clamps, rod hangers and accessories, sub elevators, rod line weight and safety stuffing box clamps.

Equipment from a Crall-owned scraping manufacturing plant in Oklahoma City would be moved here to join the other concerns.

Crall Products plants are located at Odessa, Shreveport, La., Russell, Kan., Farmington, N.M., Casper, Wyo., Wooster, Ohio, and Edmonton, Alberta, Canada.

A formal open-house is being planned later by the company at a date to be announced.

—Daily News Staff Photo

TALLEST TOWER — Standing 175-feet in the air some nine miles from Mobeetie is this oil rig which towers above drilling operations at a well which is expected to go 17,700 feet before completion. The rig is the largest rig and is part of the largest single drilling operation in Panhandle history.

Work Continues on City's Water Wells

City employees and water well pump experts from Plainview were continuing efforts Saturday to repair three Pampa wells which have broken down.

E. S. Lowry, city water superintendent, said one of two well pumps was pulled Saturday by Byron Jackson Pump Co. of Plainview while a second pump was pulled Friday.

Lowry said investigation showed the well motors had broken down through normal usage and would be back in operation within a few days. The two wells are part of three which broke down earlier in the month.

One of the pumps broke in half while being removed from its bedding by the Plainview firm. The second half of the pump was pulled free by workers. The other pump was removed without trouble, Lowry said.

Exact cause for the breakdown of the three pumps could not be determined at once, Lowry said Saturday, but early examination of the machinery indicated normal breakage.

The three wells are part of 17 such wells which are used by the city to handle water in Pampa.

The loss of the three wells had not caused any problems, but city officials were afraid that prolonged disability of the wells would leave the city short on water this spring.

Lowry and other city officials received instructions last week from the City Commission to determine what had caused the breakdown and put the wells back into operation.

The three in question are located on S. Barnes, Crawford and at the old Pampa air base. Lowry had told the city commission it would cost some \$12,000 to replace the damaged motors but that so far there had been no bad effects on wa-

ter pumping in Pampa with the three wells out of action.

Lowry indicated that burned out motors were chiefly responsible for the breakdown. The city commissioners felt that the wells were an emergency case and urged speedy action by administration officials to have them back in operation.

Lowry, City Manager Harold Schmitzer and other city officials brought in the Plainview firm to remove and check the wells.

A full report on the wells was expected during the Tuesday City Commission meeting.

Ruby Lawyers Set Subpoenas

DALLAS (UPI)—Defense lawyers said Saturday they will subpoena heads of three Dallas hospitals to testify at Jack Ruby's change of venue hearing next month about why they refused to admit Ruby for a series of psychiatric and physical examinations.

Tom Howard, one of Ruby's lawyers, said the subpoenas, along with those for other witnesses, will be issued within the next week or 10 days.

"We will endeavor to show that if Ruby can't get fair hospital treatment in Dallas, he can't get a fair trial here either," Howard said.

In San Francisco, Ruby's chief attorney, Melvin Belli, said subpoenas would be issued for the hospital directors. He did not elaborate.

The tests were ordered by Dist. Judge Joe B. Brown Tuesday at a bail bond hearing for Ruby. Ruby shot and killed Lee Harvey Oswald, accused assassin of President Kennedy, two months ago.

The defense withdrew its bond request after the order for the examinations.

Ruby's lawyers claim he suffers from a form of epilepsy that has damaged his brain to the extent he becomes unstable under emotional stress.

Dallas hospitals said they did not have the space requirement for such tests and they could, therefore, not take Ruby.

WEATHER

PAMPA AND VICINITY—Continued fair Sunday and Sunday night. Warmer Sunday with little temperature change during the day. Low near 30 with high Sunday in the mid-60s.

GOP Candidate To Speak Here

George Bush, candidate for the Republican nomination for United States senator, will be honored at a coffee from 10 a.m. to noon Feb. 3, at the Hospitality Room of the Citizens Bank and Trust Co. He will speak later at a private luncheon at the Coronado Inn.

GEORGE BUSH ... GOP hopeful

Hostesses for the coffee, which will be for women, are Mrs. Ed Watts and Mrs. Gene Inel.

Bush, a 39-year-old Houston oilman, is president and a director of Zapata Off-Shore Company. He was graduated from Yale University where he earned a bachelor's degree in economics and was Phi Beta Kappa. During World War II, he served as a Navy pilot in the South Pacific, earning the Distinguished Flying Cross and three Air Medals.

Bush served in Midland as county chairman of the Eisenhower-Nixon campaigns of 1952 and 1956, and served as Harris county finance chairman in the GOP governor's race of 1962.

In February, 1963, he was elected Harris County Republican county chairman. In less than a year, he has substantially developed the Republican precinct organization. Among

specific accomplishments initiated by Chairman Bush are new headquarters, full-time executive director, research library, county GOP newspaper, and the use of electronic data-processing for county records.

Bush launched the fight for congressional districts. He describes himself as a Goldwater conservative.

The GOP senatorial hopeful is married and has five children. He is the son of a former senior Senator from Connecticut, Prescott S. Bush, a Republican.

Lutheran Church Plans Mission

A new venture will be launched at Zion Lutheran Church when this week a spiritual life mission is conducted.

REV. HAROLD HITZEMAN ... conducts mission

This program seeks to establish the strong points in the congregation as well as remedies for the weaker points. The program is carried out in a three pronged thrust, that of Evangelism, Christian Education, and Christian Stewardship.

A full day with a 7:30 p.m. service will be devoted to each topic. The program begins Tuesday evening when leaders of the congregation meet with orientation program.

Rev. Mr. Hitzeman will be guest speaker throughout the week at all meetings. He is a graduate of Valparaiso University, Calparaiso, Ind., and also of Concordia Seminary in Springfield, Ill. He has served congregations at Naperville, Ill.; Villisca, Iowa; Honey Creek, Iowa; Bellwood and Franklin Park, Ill.; Lena, Ill.; and since 1961 he has served at Augusta, Kan.

INTEREST IN CULTURE

NEW YORK (UPI) — Strip tease artist Ann Corio said today the Senate Finance Committee's adoption of an amendment, including burlesque, excise tax on live entertainment, including burlesque, showed that some lawmakers are interested in culture.

The art of taxation consists of plucking the goose to obtain the largest amount of feathers with the least possible amount of hissing," she said. "Stripping consists of winding up with the smallest amount of feathers and the largest amount of applause."

UofT Journalist Wins Hearst Scholarship

SAN FRANCISCO (UPI) — Caleb Jackson Pirtle, III, a senior at the University of Texas, won first place in the December general news writing competition of the fourth annual William Randolph Hearst journalism awards, it was announced Saturday.

Pirtle won the award, which carries a \$750 scholarship, for an interview with the parents of a young Army lieutenant reported "Missing in Action" in Viet Nam.

Second place in the December competition went to Hal David Hall, University of Tennessee, who tied for first place in the October competition.

The oldest of the 31 bridges crossing the Seine in Paris is called "Pont Neuf," or New Bridge.

Venice is built on 119 small islands separated from the mainland by canals.

Two Negroes Questioned In Burglary

Two Negro men were being questioned late Saturday by District Attorney Bill Waters about the Friday night house burglary of O. C. Vance's home at 632 S. Gray in which a large amount of liquor and cash was stolen.

The two men were arrested about 3 a.m. Saturday by police as they sat in an automobile in a residential area.

Police recovered 21 bottles of liquor when the two men were arrested. The officer said 20 half-pint bottles of whiskey and at least one pint bottle were missing in the inventory, which was reported at 7 p.m. Friday.

The officer said fast action on the part of patrolmen brought about the arrest of the two men, one of which has a long criminal record locally and in Gray County.

The officer said an unknown number of watches were also missing but investigation had not determined if felony charges should be filed against the two men Monday morning before the office of the Peace Lunsford.

Commission to Appoint Member To Traffic Unit

Appointment of a member to the city traffic commission and retirement of a city employee will head business of the Pampa City Commission Tuesday.

Mayor H. R. Thompson said the traffic commission vacancy was caused by the recent death of one of the members. The mayor said it was a routine appointment.

In other business, the City Commission will consider a request for retirement deferment by a city employee, Bill Patton, 65.

Thompson indicated the retirement of Patton was part of a standard city policy regarding any employee who reaches 65 during a tour of duty with 15 years as an employee.

The council will hear a number of reports, including one on the current water wells problem in Pampa, from the city manager's office during the meeting.

Thompson said a number of visitors would be heard during the two-hour commission session, which will start at 3:30 a.m.

No other serious business was anticipated, Thompson said, unless guests had problems which the commissioners did not know about.

The mayor urged attendance by any interested citizen to the meeting.

MIKE WISE
... seeks election

Pampa Youth Seeks Office In Key Club

A Pampa high school sophomore will begin an all-out campaign Monday to win election for a divisional office in Key Club activities.

Mike Wise, 16-year-old son of Mr. and Mrs. Allan Wise, 2401 Christine, will be offered as a candidate for lieutenant governor of District VI by the Pampa Key Club.

The election will be held at the annual spring rally at Pampa High School next month. Wise will begin his candidacy during a meeting of the Amarillo Palo Duro High Key Club on Monday.

A number of Key Club members will attend the session. Wise is a member of the Shockers basketball team and president of his homeroom. An average student, Wise served as junior mayor of Robert E. Lee Junior High the second semester last year.

Resident Held After Burglary

A Pampa resident, William Wayne Roe, was charged before Justice of the Peace Nat Lunsford with the Jan. 19 burglary of the Bob E. Parker residence.

District Attorney Bill Waters, in the felony complaint, charged Roe with taking some \$40 and a money sack from the Parker home.

Roe was arrested Thursday in a Pampa motel on a charge of drunkenness by Sheriff Rufe Jordan after the man entered the motel building without permission and fell asleep on a bed there.

Roe was charged with the burglary Friday morning after questioning by Jordan and Waters.

Bond was to be set on the charge Monday before Lunsford, Waters said.

Oklahoma Man Sentenced in DWI

James A. Morris, Chickasha, Okla., was fined \$50 and costs and sentenced to 30 days in jail Friday after entering a plea of guilty to driving while intoxicated charges.

County Attorney Don Cain presented the state's case before Judge Bill Craig. Morris is being held for Amarillo officers in connection with an auto theft and suspected burglary Thursday.

Morris was arrested by Highway Patrolman Charlie Henderson of McLean after an auto accident which demolished a late model car in which he was riding.

Morris was injured slightly in the accident, but did not require hospitalization.

Obituaries

Henry Hobart Brace
Funeral services will be conducted at 2 p.m. tomorrow in Duenkel-Carmichael Funeral Chapel for Henry Hobart Brace, 67, Rev. Jack Riley, pastor of St. Paul Methodist Church, will officiate and burial will be in Canadian.

Mr. Brace died at 11:15 a.m. yesterday in Highland General Hospital. Born in Louisville, Ky., he was for 31 years ranch foreman for the Whittenburg-Hedgecock Estates. He retired and moved to Pampa from Goodnight five years ago and was a member of Harrah Methodist Church and a veteran of World War I.

He is survived by his wife, Lena B., 642 E. Craven; one stepdaughter, Mrs. Bena Winborne, Amarillo; four stepsons, Herbert Bruce, Juneau, Alaska, George Bruce, Fresno, Calif., Billy D. Riddle, Schneectady, N.Y., and Don Riddle, Pampa; two brothers, E. C. Brace, Raton, N.M., and Addison Brace, Pampa; two sisters, Mrs. George Humes, Raton, and Mrs. R. H. Delhotal, Wichita, Kan.; a half-brother, Joe Slater, of Pampa, and 13 grandchildren.

Clifford Grantham
Funeral rites for Clifford Grantham, 62, will be conducted in Black Funeral Home Chapel in Irving, Tex., tomorrow at 10 a.m. Mr. Grantham, a resident of Pampa for 30 years died yesterday at 7:15 a.m. in Irving where he had resided for four years. He was a construction worker while living here.

Survivors include his wife, Willie of the home; and three sons, Tommy, Ken and Lloyd.

Applications on Exchange Students Now Being Taken

Applications are now being accepted by the local American Field Service Chapter for the 1964 foreign exchange students, according to Mrs. Aubrey Steele, chapter president. Anyone interested in having one of the American Field Service Students in their home is asked to contact Mrs. Steele immediately.

Two students, Evelyn Roberts of New Zealand, and Juhani Karmakoski of Finland, are presently living in Pampa and attending Pampa High School. Evelyn makes her home with the Dr. Joe R. Donaldson family, and Juhani lives with the Robert Johnson family.

At a recent Chapter meeting, elections were held and Mrs. J. B. Veale Jr., was elected president for the coming year. Mrs. Veale will assume the duties of this office July 1.

Officers

(Continued From Page 1)
Katanga secession. The terrorists were carrying out a ruthless campaign of murder and arson directed chiefly against male white missionaries.

Tanganyika was thought to be calm after its two army battalions revolted on successive days and chased the British officers and their families into neighboring Kenya.

Five hundred Royal Marine commandos, acting on the request of the Tanganyika government, landed today to the roar of naval anti-aircraft guns from the Centaur and fought their way into control of the Tanganyika army barracks here.

Gray County Cancer Society Plans Drive

Dr. Royce Laycock, president of the Gray County Cancer Society, conducted a business meeting of the group Wednesday in Coronado Inn.

Mrs. James Maher, secretary read the minutes which were approved and Paul Keim gave a report of the treasury. Tom Williams, field representative, Amarillo, reported on the acceptance of the education program of American Society at national level by the A.F.L.-C.I.O. Mrs. Roy McKernan, service chairman, reported some eighty women were constructing cancer badges.

Don Lane campaign chairman, introduced E. E. Shelhamer as the advance gifts chairman and Mrs. Maynard Johnson as house to house chairman. Lane announced that the volunteer firemen of McLean would assist in the campaign this year. Mrs. Kermit Lawson reported on the campaign conference held in Austin last week, and commented on the high quality of volunteers serving in the American Cancer Society from the local to national level.

In the breakdown of the donated dollar, Texas receives \$1.10 from national in return for research purposes. Seven hundred fifteen thousand dollars have been allocated to Texas, and there is still a deficit of two million dollars to meet the research needs. The 1964 campaign slogan, as issued by national, will be "Better Your Best".

A new manual for sixth grade students has been edited for smoking education. A ten minute film will be edited for national viewing, called "The Million Club", depicting a group of strangers invited to a dinner without knowing the host. In the time involved in waiting for the host, they find that they all have passed the five-year period after cancer surgery.

Mrs. Lawson quoted, "Enthusiasm is the key word for a successful campaign". In explaining the reason for cancer not being included in the United Fund program, she stated, "There isn't time. The

Boy Scouts, Girl Scouts, Salvation Army, Red Cross, etc., will continue to be with us; but, cancer patients need all the research that can be made available now. Tomorrow will be too late for many." Mrs. Lawson reported that the American Cancer Society has been commended on its crusade against smoking by the national government, and encouraged in its education program along these lines.

In closing, Mrs. Lawson quoted Robert Frost in stating, "Volunteers must remember: A promise given is a debt unpaid." and a campaign is as successful as the dedication of its workers.

Dr. Laycock announced the next meeting to be Feb. 26.

Members attending the meeting included Mrs. Dorothy McMurtry, Sam Begert, Joe Page, Dick Stowers, E. E. Shelhamer, Rev. Donald Hauck, Jack Skelly, Paul Keim, Mrs. Roy McKernan, John Warner, Roy Bourland, Mrs. Maynard Johnson, Mrs. Georgia Mack, Mrs. Kermit Lawson, D. V. Biggers, Mrs. James Maher and Mrs. Jack Foster.

Teen-ager Injured In Auto Accident

A 15-year-old Pampa youth was injured early Saturday when he was struck by an automobile in the 100 block of E. Francis.

Jerry Fred Johnson, 2100 N. Dwight, was taken to a hospital where he was treated for a hand injury.

Police said the automobile was driven by Barry Goodwin, El Paso. Officers said young Johnson walked out from behind a parked car and was struck by Goodwin's automobile.

The accident brought the injury list in Pampa to six for the year with no deaths and a total of 41 accidents through 6 p.m. Saturday.

Beef Imports Exceed Exporting

Beef and veal totaling 1150 million pounds were imported into the U. S. during 1963. This was 37 per cent higher than 1962 imports. The average U. S. citizen consumed 55 lbs. of beef in 1963. Of this 95 lbs. nine was imported beef. Of the nine lbs. of imported beef about six lbs. of it comes from Australia and New Zealand. The U. S. is presently taking 82 per cent of the beef and veal exported from Australia.

Australia exported 444 million lbs. of beef to the U. S. in 1962. This is 26 times as much beef as they exported to the U. S. in 1963 when they exported only 17 million lbs. to the U. S.

If they had exported the same amount to the U. S. in 1962 as they did in 1963, the U. S. would have had a 12 per cent decrease in imported beef rather than a 56 per cent increase over the 1958 level when total imports were only 619 million lbs.

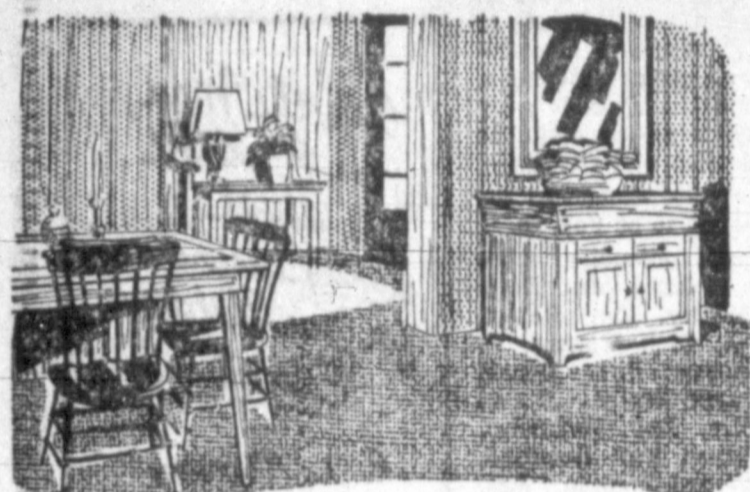

Beef imports compete mainly with domestic cow beef since both are used primarily in hamburger and various processed meats. It also competes with fed beef because 20 to 25 per cent of a fed beef carcass goes into these lower priced beef products.

In a study made by the U. S. Dept. of Agriculture they determined that a 20 per cent increase in meat imports from the 1962 level would result in a reduction of about 80 to 90 cents per 100 lbs. in cow price. This same 20 per cent increase in imports might be charged with a reduction of about 50 to 60 cents per 100 lbs. in choice steer prices.

If the U. S. D. A. figures are correct one can conclude that cow prices should have averaged \$2.30 per 100 lbs. higher in 1963 if beef imports had been on the 1958 level. Fat steers should have averaged \$1.40 higher in 1963 if beef imports had been on the 1958 level. Fat steers should have averaged \$1.40 higher based on the same assumption.

When faced with the above facts one's first reaction is let's stop imports. But there are good arguments against this that one should consider before getting in too much of a sweat. There is an international movement on to permit free world trade. The U. S. is one of the chief advocates of the free world trade movement.

YOU... and YOUR HOME
By Jack Foster, NSID

COLOR DISTRIBUTION

The trend today is toward decorating schemes that give each room distinction and character, and at the same time create an interrelationship of color and style in connecting rooms. This requires an overall plan at the start.

The simplest method is to begin with the most important room first... usually the living room. If your connecting rooms are entrance hall, living room and dining room, start by choosing a color scheme for the living room, and then carry the dominant color into the adjoining rooms in varying proportions.

It is always well to remember that it is the distribution of color throughout connecting rooms that provides both unity and variety. Avoid precise, obviously equal divisions of color. A ratio of three to five is a good rule of thumb and gives dominant importance to one color in your scheme.

A continuous floor color serves to secure unity in the entrance hall and combination living-dining room sketched above. Note the strong feeling of kinship between the furniture in both rooms — the definable relationship of line, weight and texture.

Would you like some professional advice on how to achieve unity and distinction in your color planning? We are always glad to sit down with you and talk over your furnishing and decorating plans. Do make it a point to stop in soon.

THE PAMPA DAILY NEWS
SUNDAY, JANUARY 26, 1964

56TH YEAR

Agriculturally Speaking

By FOSTER WHALEY
County Agricultural Agent

We have a supply of 1964 income tax guides available, at our office. Farmers and ranchers as well as tax accountants find these guides indispensable when it comes to filling out farm and ranch returns. There are reprints of each tax form in these guides that show proper methods for filling out these forms. If you will phone MO 4-3441 we will be happy to send you one.

Sugar Beet Growing

We still have a few copies of MP-687 — "Growing Sugar Beets on the High Plains." This is an excellent publication that should thoroughly familiarize you with sugar beet growing. The publication is based on and Experiment Station economic study of eleven sugar beet producers in Deaf Smith, Castro and Parmer Counties. These sampled growers had been producing sugar beets for the past eleven years and produced 40 per cent of the 1800 acre (total acreage) on the South Plains in 1963. If you would like a copy of this publication, it is yours for the asking. Call our office.

If you are interested in having a test plot of sugar beets contact our office.

Soil Bank Contracts Expiring

According to C. H. Bates, Farm Management Specialist at Texas A&M University, soil bank contracts expired on a total of 566,571 acres of land in Texas on Dec. 31, 1963.

Evelyn Mason, office manager, Gray County ASC Office, says 2606 acres expired in Gray County on the above date.

Local farmers are now facing a decision of just what they should do with the acres covered by these expiring contracts.

A big portion of the Gray County Soil Bank contracts are in the McLean area. It is believed that most of the expiring acres will be left in grass and its use diverted to cattle. Farmers will retain their allotments on all allotted crops for a period of time equal to the length

of their soil bank contract, should they choose to leave this land in grass.

Soil Testing

Irvin Seitz, Laketon, was by our office last week discussing his fertilizer needs for 1964. Several field demonstrations in Wheeler, Collingsworth and Childress Counties have shown a nice increase in yield through the use of fertilizer.

Irvin lives very close to the Wheeler County line but it has been a pretty well established fact that fertilizer on dryland on the hard soils such as we have in the Pampa vicinity is a questionable matter according to results of research at the Bushland Experiment Station. Irvin is on the borderline of where it pays and does not pay.

I suggested that he take a soil sample and send to our Lubbock Laboratory for a test. The cost is only \$2.00 per sample. We have free mailing cartons as well as information sheets to send in with the samples. This is a good time to get this chore done before field work sets in. Drop by our office today or call.

Incidentally, the soil testing service is also available to city folks as well. A different type information sheet is provided for lawns and gardens. The cost is still \$2.00. Mailing cartons, information sheets and instructions for taking a soil sample are available from our office. Phone MO 4-3441. This week we sent mailing cartons to C. O. Gilbert, Hobart Father and J. W. Gayden.

Windbreak Seedlings

For a number of years the Texas Forest Service has provided windbreak seedlings for people in the Texas Panhandle to be used around the farm and homestead. They cannot be used for ornamental purposes. A total of 17 different varieties are listed this year. Some of the more popular varieties are Austrian pine, Ponderosa pine, red cedar and Chinese elm. Cost of these seedlings are only \$1.50 per 100 seedlings. We have application blanks in our office.

Soil Conservation News

The Soil Conservation Board, in special called session, purchased a two yard carry - all They will lease this machine to farmers to do minor dirt work on their farms. I tried the machine out personally and will attest to the fact it is the best piece of dirt moving equipment I have ever seen for regular sized tractors used in the area. It is not designed to do the work of eight yard commercial bulldozer. It has its limitations but every farm will have a use for such a machine. It will be ideal for filling in around steel stock tanks.

The Soil Conservation Board has not set the price of the rental. I'm sure it will be reasonable.

Farm Chemical Meeting

On Tuesday night, January 28th, starting at 7:30 p.m. in the meeting room of the Agricultural Building we are having a meeting on farm chemicals and spray rigs.

Emphasis will be given to new chemicals for bindweed and blueweed control. Other items will include tips on the selection and use of a farm sprayer.

All area farmers are invited. Refreshments will be served.

Woodpecker Troubles

We are accustomed to getting

Cattle Lice Major Problem In Wintertime

Cattle lice may not create much of a problem in the warm months but it's a different story during the winter season, explains County Agent Foster Whaley. Closer confinement aids the spread of lice from infested to clean animals.

By the time the lice are easily seen, much of the damage has been done. The time to treat for lice is now while the infestations are light, says Whaley.

Malathion, lindane, corral, ronnel, toxaphene, cioldrin, methoxychlor, ruelene, sevin and delvan are materials which may be used for lice control on beef animals. They are usually applied as dips or sprays. The county agent added that a second application, usually two or three weeks after the first, may be needed to get new lice as eggs hatch. Usually two treatments will control the pests on beef cattle for the winter unless new animals are placed in the herd or feedlots. The County Agent recommends the treating of new stock before putting them with clean animals.

Lice generally cause weight loss in beef cows and reduced feed efficiency in feedlots, points out Whaley.

Cattlemen can't be too careful in carrying out the manufacturer's directions, cautions the county agent. Treating beef animals too near slaughter time can bring trouble with the Food and Drug Administration.

calls for help on a wide variety of problems. Therefore it was nothing unusual when Mrs. Ray Boswell, 737 Bradley Dr. called and asked what to do about the woodpeckers eating the trim on their house. She said she wasn't very happy to see their house eaten up but the Rat-Tat-Tat was very annoying.

Sometime ago a resident in McLean had a similar problem. We wrote a specialist in wildlife management at our Extension Service headquarters at Texas A&M.

He told us of a new chemical called "Roost-No-More." Mrs. Boswell has ordered some of the chemical.

Other Bird Problems

Sometime ago Rex McAnnelly, manager of Moody Farms, called about a bird problem they were having at the 8000 head commercial feedlot they operate East of town.

Thousands of starling descend on their feedlot daily. In addition to consuming feed the droppings are a problem as well. We contacted the Fish and Wildlife Service at Lubbock. We had two specialists visit us this week. Two carbide guns are being procured to be used as scare devices for these pesky rascals. They can be set to go off at intervals and make loud noises.

Starlings are a nation wide problem. You will remember one of our major airplane disasters was caused by starlings being sucked into the jet engines.

Coyote Problems

John Spearman called to find out the name of the county trapper. John had a calf killed by a pack of coyotes.

The trapper is Tom Waters and lives in McLean. Tom is very responsive to calls for help in such matters.

The Civil Service Act providing for competitive examinations for government positions was passed in 1883.

Pampa Salutes Junior Chamber

Jaycee Week Is Observed

Jaycee Week, the annual anniversary observance of the Junior Chamber of Commerce will be observed January 26 thru Feb. 1st in Pampa.

The week celebrates the founding of the Junior Chamber of Commerce movement in 1915 in St. Louis, the brainchild of Henry Giessemer Jr., who called together members of a St. Louis dancing club to form the Young Men's Progressive Civic Association. The name was later changed to the Junior Citizens, starting the abbreviation "J.C."

In 1918 the St. Louis Chamber of Commerce invited the Junior Citizens to become affiliated as the Junior Chamber of Commerce. The affiliation was so popular that the St. Louis plan soon spread to many cities in the nation. The Jaycees, however, are no longer an arm of the Chamber of Commerce. Though the similarity in name remains, only the aim of civic betterment is similar.

The movement spread so fast that within a year the U.S. Junior Chamber of Commerce formed with 24 cities represented.

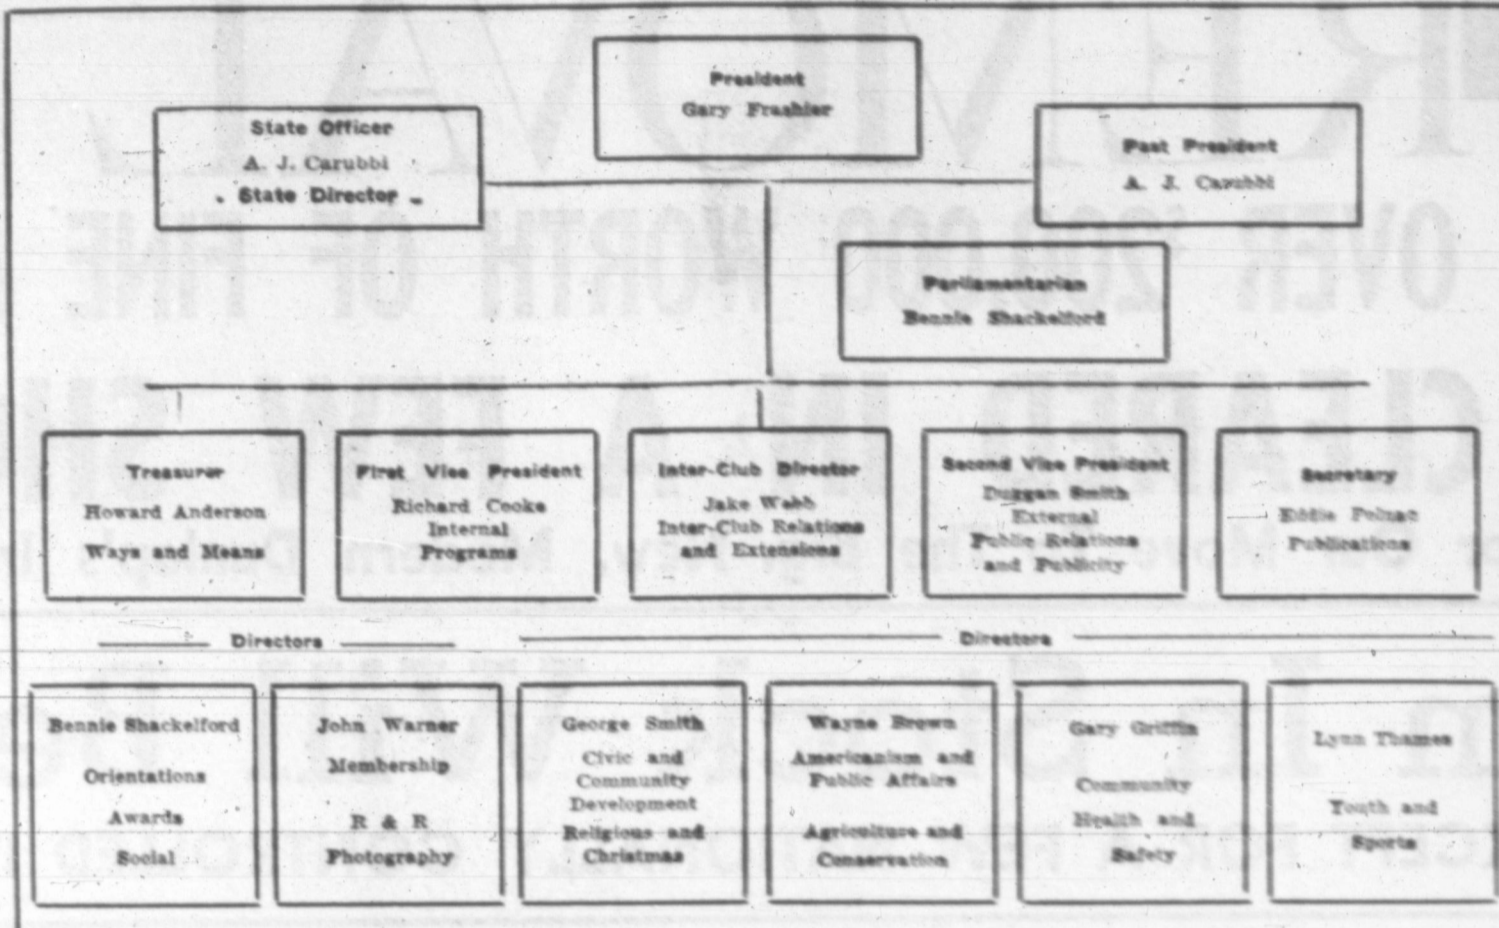

The organization has reached such proportions that today there are more than 3,700 chapters the national Jaycees with a quarter million members. The movement has also reached nations and territories with 350,000 members in more than 4,500 chapters.

Junior Chamber International, the world's third largest international club, maintains headquarters in Miami Beach, Fla.

The U.S. Jaycee headquarters is in Tulsa, Oklahoma.

Texas Jaycees now boasts clubs with a total of 12,257 young men participating in the Junior Chamber movement.

All young men 21-35 years of age and of sound moral character are invited to join the Jaycees and gain in leadership training through community service.

The Jaycee Creed

WE BELIEVE:

- THAT FAITH IN GOD GIVES MEANING AND PURPOSE TO HUMAN LIFE;
- THAT THE BROTHERHOOD OF MAN TRANSCENDS THE SOVEREIGNTY OF NATIONS;
- THAT ECONOMIC JUSTICE CAN BEST BE WON BY FREE MEN THROUGH FREE ENTERPRISE;
- THAT GOVERNMENT SHOULD BE OF LAWS RATHER THAN OF MEN
- THAT EARTH'S GREAT TREASURE LIES IN HUMAN PERSONALITY;
- AND THAT SERVICE TO HUMANITY IS THE BEST WORK OF LIFE.

HooRay! The decorations are up. Three Jaycees L. to R. George Kilcrease, Duggan Smith, and Dr. Jim Alexander help put the finishing touches on the new Christmas Decorations.

JAYCEES HOLD SEAT BELT SALE — Installing the first set of seat belts in the Jaycee seat belt safety campaign are John Warner, in car, Gary Griffin, kneeling, and Dan Carter, all members of the organization. The sale does not formally begin until Saturday at 8 a.m. It will last until 6 p.m. and on Sunday the sale and installation will be in progress from 1 to 7 p.m. Belts will be installed at the Furr's parking lot on North Hobart and Carter's Humble Service Station at 623 W. Foster. Price for installation will be \$5.95 per belt or \$11.50 per pair. (Daily News Photo)

Jaycee Float in the annual Christmas Parade. This year the Jaycees sponsored along with the Merchants Activities Committee the parade and had Santa come to town to give out candy to the children. The Jaycees plan to make this an annual project.

History Of Pampa Club

Sometime between October, 1929, and the summer of 1930, a group of young business men in Pampa undertook the organizing of a Junior Chamber of Commerce.

Over the past thirty-one or two years of existence, the Pampa Jaycees organization has served the Top of Texas with community development-type projects.

Energetic young leaders have been the by-products of these projects and have provided the community with able civic leadership that has made Pampa what it is today.

The Pampa club was the first Jaycee organization in the Panhandle and was responsible for the organizing of the Amarillo club and other area clubs.

At present, the Jaycees club stands 80 strong with a long list of committees and projects. Some of the projects completed since April, 1962, are:

- Get Out The Vote, Teen Rodeo, Junior Tennis, Clean-Up, Paint-Up, July 4th Celebration, Stand, Grain for B Ranch, Hospitality Booth on Way during Holidays, Youth Swimming Meet, Hustling vester (Basketball), Polo I lation Drive, Extension of Clubs, Pancake Supper, M of Dimes campaign.
- Muscular Distrophy Drive for Golf, Junior Champ, Seat Belt Drive, Rodeo grams, Junior Bowling, Age Halloween Party, Toy Harvester (Football), He Hand to Needy Family, Nineties Revue, Christmas orations, Needy Family Christmas Basket.

JAYCEE LABOR DAY REST STOP — Several members of Pampa Junior Chamber of Commerce are shown serving a hot coffee to a traveler during an evening at their Labor rest stop located in front of the Court House Annex located east Frederic. The Jaycees worked at the rest stop into early hours of that day.

In the Spring every young persons fancy turns to thoughts of JUNIOR CAMP. This is the Jaycees annual track and field meet for the young people of Pampa and yearly attracts hundreds of entries. The above photos show two of the events held this year. Track and Field event is just getting underway as George Smith sounds the gun. Also Gary Griffin is shown presenting trophies to the winners for the Junior Golf.

The Pampa Jaycee-Ettes

The Pampa Jaycee-Ettes were chartered in March, 1962. Since that time the group has added the feminine touch to almost every Jaycee project, plus helping with many civic projects on their own. The purpose of the organization is to assist the Jaycees in community service; to offer friendship and sociability among Jaycee wives and to enlighten others as to the need of voluntary service. Some of the community projects the Jaycee-Ettes have lent a helping hand with are:

- Senior Citizens, served refreshments
- Assisting Jaycees with the Area I Summer Convention held in Pampa in July, 1963
- Nursing Home Campaign
- Jaycee July 4th Concession
- United Fund
- Children's Christmas Shopping Tour
- Jaycee Pancake Supper

At the Jaycee 1963 State Convention the PAMPA JAYCEE-ETTE CLUB was selected as the MOST OUTSTANDING CLUB in its division. The present officers are: Mrs. Richard Cooke, Pres.; Mrs. Jim Osborne, Vice-Pres.; Mrs. Jim Hayes, Sec.; Mrs. Gary Frashier, Treas.; Mrs. A. J. Carubbi, Jr., Historian; and Mrs. Gene Hollar, Parliamentarian. Directors: Mrs. Jake Webb, Mrs. John Warner and Mrs. R. F. MacDonald. The Jaycee-Ettes meet the 4th Thursday of each month in the City Club Room. An invitation is always open to all Jaycee wives. It is the belief of each member that the benefits received from being a JAYCEE-ETTE far exceed the requirements.

The Jaycee-Ettes assist the Jaycees with their annual Pancake Supper.

Betty Cooke, President of the Pampa Jaycee-ettes makes her acceptance speech at the annual installation banquet held in the Coronado Inn.

Martinez Clips Iron Man John

By PHIL DUNCAN
 Leandro Martinez of Plainview took a revenge victory over Johnny Ironmonger of Pampa as he won a unanimous decision in the feature bout Friday night of the second round of the district Golden Gloves battles.

Outboxing the Iron Man, and displaying a wicked right which he used for telling crossover blows and uppercuts, Martinez kept Ironmonger on the ropes most of the evening to take the judges' nod.

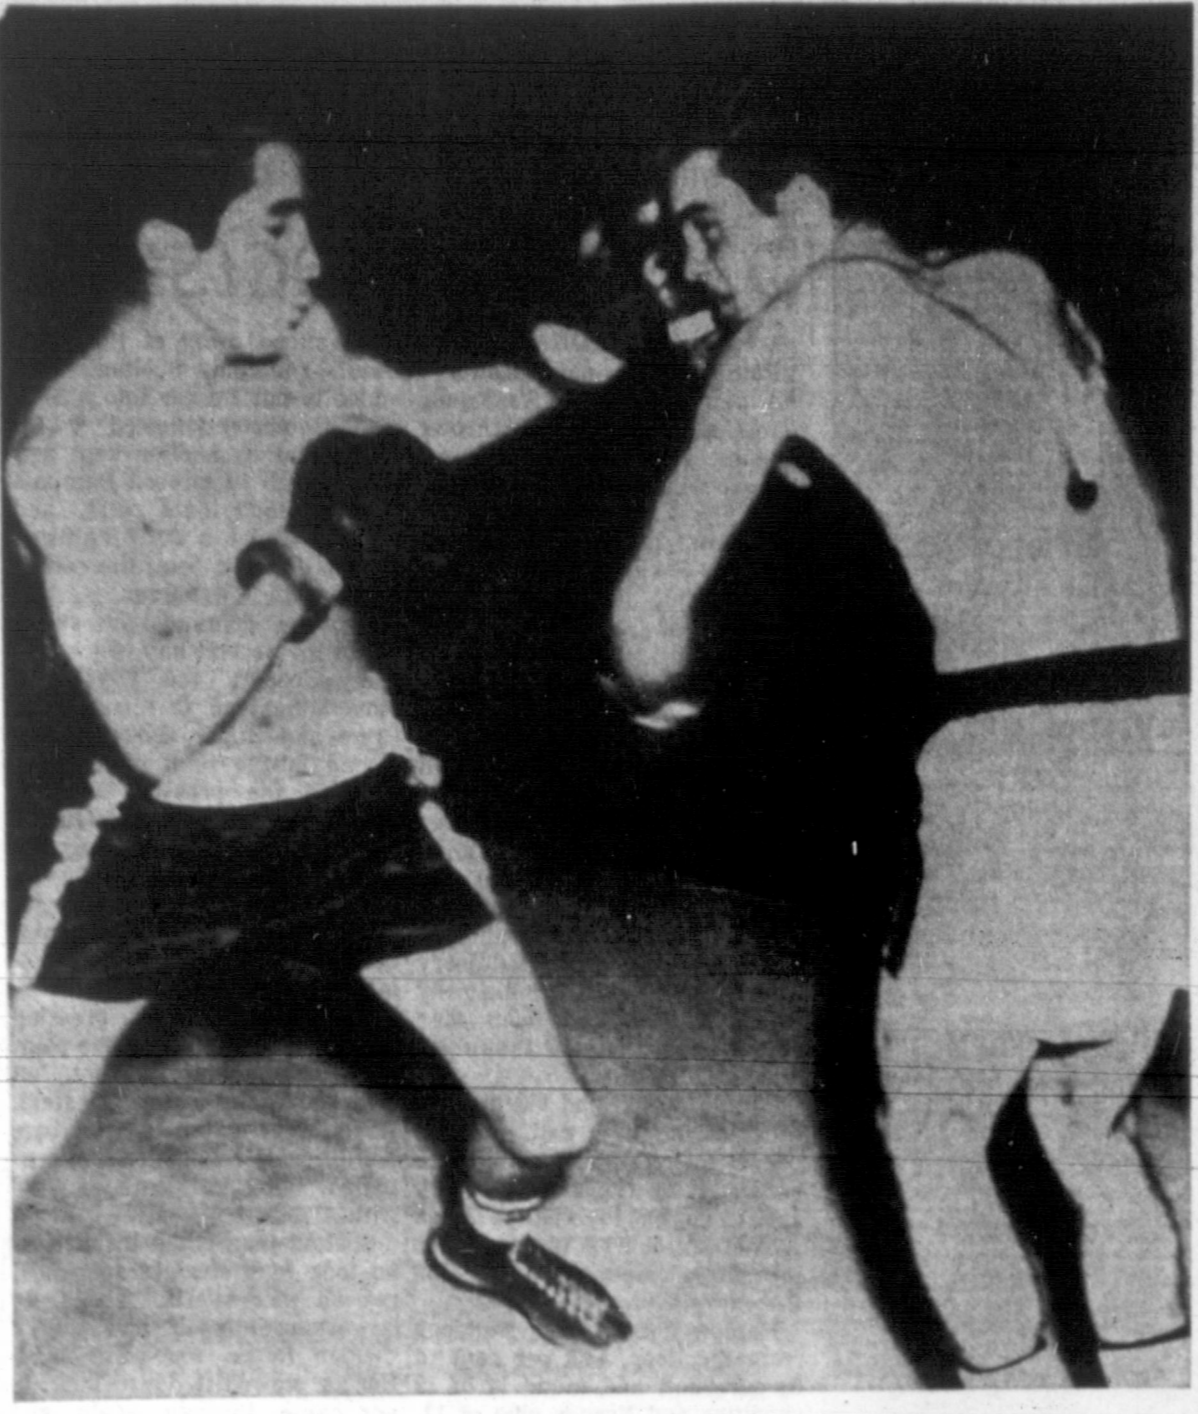

It was the only open fight of the evening, with eight high school bouts and 16 peewee bouts on the card. In the feature high school bout, Ronnie Shannon of Amarillo won the championship with a third-round TKO of Jack Hopkins of Liberal, literally wearing him out with uppercuts until the referee stopped the fight and led the wobbly Hopkins to his corner.

Mike Slattery of Amarillo won the 155-pound title on a TKO when Archie Green of Pampa didn't answer the bell for the second round. Larry Jones of Pampa won a 50-pound championship over teammate Glenn Davis; Charles King won the heavyweight title over Danny Chapin of Skellytown; Teddy West won the 85-pound crown over teammate Raymond Moore; Dean La Rue of Pampa decided Steve Martinez of Amarillo for the 100-pound

championship; and H. D. LaRue won the 112-pound title over Terry Sanders of Pampa, with Danny Boyd of Skellytown the 105-pound tilist over teammate Richard D'smuke.

Other results:

Jesse Vick, Pampa, 53 over Tommy Latham, Amarillo.
 Charles Davis, Pampa, 60 over Kenneth Cave, Liberal.
 Freddie Romines, Pampa, 60 over Johnny Vick, Pampa.
 Larry Austin, Amarillo, 135 over Andy Sanchez, Pampa.
 Bruce Thomas, Amarillo, 65 over Bubba Davis, Pampa.
 Joe Mannoneros, Pampa, 65 over Johnny Cameron, Amarillo.
 Chris Valverde, Amarillo, 70 over Ernie Fanning, Skellytown.
 Mike Clements, Amarillo, 70 over Weldon Bennett, Pampa.
 Jerry Ledford, Skellytown, 75 over Billy Taylor Perryton.
 Billy Ledford, Skellytown, 75 over Andy Grim, Pampa.
 Gary Howell, Pampa, 80 TKO over Carl Tillman, Pampa.
 James Ledford, Skellytown, 90 over Jerry West, Pampa.
 Dennis Sanchez, Pampa, 90 over Mike Housman, Pampa.
 Jim Wilson, Liberal, 90 over Lonnie Lane, Skellytown.
 Raymond Caudell, Plainview, 118 over George Pacheco, Liberal.
 Jerry Cordova, Liberal, 135 over Mike Otioberros, Hutchinson.

RETURNS A PUNCH — Johnny Ironmonger, Pampa's 126 lb. boxing champ, is shown landing a hard left to the mid-section after deflecting a right thrown by Leandro Martinez of Plainview. Martinez won the fight in a unanimous decision over Ironmonger Friday evening.

Archie Moore Picks Cassius Clay to Win... In Rhyme Yet!

By OSCAR FRALEY
 UPI Sports Writer
 MIAMI (UPI)—Archie Moore, the old mongoose who once wrote in hem-stitching on other people's faces, today tried his pen as a poetic prophet without once shaking Walt Whitman or even Cassius Clay.

Clay is, of course, the bombastic young fellow out of Louisville who will entangle with Charles (Sonny) Liston at Miami Beach on Feb. 25 for the world heavyweight title. At the moment he is regarded as a better poetic risk than a contender.

However, without getting into poetic comparisons as beehives a man who stowed away the only mongoose in four fistic rounds, Clay admitted that he thought Archie's verse was "cool."

Clay In Four
 This may be akin to Picasso prairising Dalí, but the reason shortly becomes understandable. The truth be known, neither Clay nor Moore is regarded as an expert in heroic verse, but Moore's slugging sonnet picks Clay to win in four rounds.

Archie starts out by visualizing Clay, in something faintly resembling iambic pentameter, as a "Kentucky Babe" with a "loud mouth" who when he climbs into the ring is desperately fighting back a desire to make like Paavo Nurmi.

Playing on Clay's previous broadcasts, he rhymes out on Cassius though he is "too pretty to die but with butterflies in his belly is willing to try."

"I'm gonna let you read it from there."

Liston Too Late
 "The Lip took a deep bow and drew a nice hand; He previously boasted 'I'm the best in the land.' Better'n the best, he was wont to say, 'I am the greatest, the cash-us of Clay.'

"Clay sees the clock but the time he can't tell; It's too late now, for there goes the bell. From the corner came the Bear, steamin' like a freight. Swung where Clay was, a split second too late.

"He didn't know what he did desperately sticking to plan. But Big Mouth moved so fast. Liston never did land; Clay thought 'well that Bear is slow this is real funny. I'll put on a show and give 'em a run for their money.'

What's in a Name? Or—We Want Lena

By RUDY CERKOVIC
 United Press International
 PITTSBURGH (UPI) — The parists are having their day in sports and their influence has extended to the appellations of players. And more's the pity. The proper given names of athletes appear in print these days and it's enough to make diehards yearn for the time when a nickname described a man's prowess.

Time was when sobriquets conjured up images of scowling, rambunctious athletes. Rookies in professional football quivered at the likes of "Bulldog" Turner, "Tuffy" Leemans and "Bruiser" Kinard.

It would have been a loss to sports journalism had the famed New York Giant manager not been referred to only as John Joseph McGraw. But it was "Muggsy" who baited umpires, invited carping opponents under the stands or heaped scorn upon a player who committed a boner.

Tagged As Iron Man
 Joe McGinnity, who asked to pitch virtually every day—and did — was "The Iron Man." Sheer shortstop skill won Dave Bancroft the tag "Beauty." But the "Beast" was Jimmy Foxx, a do-all player who committed mayhem at the plate.

There were imposing names to be sure. But it wasn't long before these nomenclatures underwent surgery. Abraham Lincoln Bartley of old Chicago Cubs was dubbed, "Sweet Bread."

Charles Busted Baldwin of Detroit soon became accustomed to "Lady." Wellington Hunt Baldwin is a name that invites derision and he readily accepted "Wimpy." George Longfellow Winter settled for "Sassafras." Spurgeon Ferdinand Chandler is fine for a British diplomat but it was "Spud" to his Yankee teammates.

Musty records failed to explain antonyms in the O'Rourke's. James Henry O'Rourke of the old Giants was the "Orator" but Timothy Patrick O'Rourke of St. Louis was "The Voiceless."

Known as Deacon
 Mannerly deportment and interest in church activities identified William McKechnie as "The Deacon." A similar appellation applied to Everett Scott.

Nearly 80 Smiths played major league baseball not excluding one who began life as Giuseppe Perilo.

Yet curiously, no one ever thought of a nickname for Christian Wilhelm von de Abe, a native German who managed St. Louis in 1884.

Harold apparently didn't catch the fancy of fans. That's why Traynor was known as "Pie"; Reusser as "Pistol Pete"; and Shimacher as "Prince Hall."

Does anybody know why Russell Aubrey Blackburne of the White Sox was known as "Lena"?

Aggie Gridder's Career Ended By Head Injury

COLLEGE STATION (UPI)—Sophomore tackle Bill Ward, who appeared to have a bright Texas A&M football future ahead of him, had his grid career cut short permanently Saturday by coach Henry Foldberg in deference to a series of head injuries.

Foldberg noted that the injuries, the latest coming to the opening kickoff against Texas Thanksgiving Day, had led him to send Ward to a Houston neurosurgeon for examination.

The doctor said that a bruise on Ward's brain had turned to scar tissue. The doctor said that Ward, a 6-3, 210-pounder from Austin, Tex., quite possibly could go ahead and play and nothing would happen. But, he indicated there was a definite element of danger.

"Consequently," Foldberg said, "we just don't think it's worth it to endanger a boy's health like that, so he's not going to play any more football. He'll stay in scholarship, however."

Ward said he plans to continue competing in track as a shot put and discus man while working toward a civil engineering degree.

Leading Derby Horse Injured

NEW ORLEANS (UPI)—Blacksmith William W. Bane of Pasadena, Calif., examined Hurry to Market, 1963's champion two-year-old, Saturday, and said he could do nothing for the injured colt.

The horse, an early favorite for the Kentucky Derby, suffered a serious quarter crack—a split hoof—during a workout last week.

Trainer Dave Erb said Bane's decision meant Hurry to Market would be out of the derby and the other triple-crown races and probably would not return until the fall.

PAN-AM ENROLLMENT SET
 EDINBURG (UPI) — More than 2,000 students have applied to register at Pan American College for the spring semester. Classes begin Feb. 3.

Death Claims Aussie On Fastest Ski Slope

INNSBRUCK, Austria (UPI) — Death came to an Australian skier on the fastest downhill slope in the world Saturday and two other Olympic contestants were injured in a continuing series of mishaps unprecedented in the history of the winter games.

Ross Milne, a 19-year-old tobacco farmer, was killed when he lost control at over 60 miles an hour and "catapulted like a bullet" into a tree on the Patscherkofel, one of the mountains towering over this ancient town.

Milne, who had been skiing for only three years, was dead when a helicopter brought him to a hospital a few minutes after the crash. An official announcement said he suffered "very severe head injuries, broke his thigh and also sustained heavy internal injuries."

Two Liechtenstein skiers crashed close to the spot where Milne was killed within minutes of the fatality. Edmund Schaedler, 22, fractured his left arm, injured his left shoulder and suffered severe concussion. Wolfgang Ender, 17, broke his leg moments later.

Also in hospital, in a condition described as "very dangerous," was German toboggan competitor Josef Fleischmann, 21, who crashed at high speed in Tuesday night's practice.

Sports Briefs

COLLEGE STATION (UPI) — Texas A&M's spring football practice will begin Feb. 25 with the final spring game March 21, Coach Henry Foldberg announced Saturday. Foldberg said the Aggies would work five days a week, Tuesdays through Saturdays, barring bad weather.

BEAUMONT (UPI) — Lamar Tech announced Saturday that tackles Harvey Stussell, of Sealy via Blinn Junior College, and Thomas Drew Pitts of Houston Milby, had signed pre-enrollment applications. The 225-pound Stussell will enroll at mid-term and compete in spring drills. Pitts will enroll next fall.

ARLINGTON (UPI) — Four transfer students have told Arlington State Coach Chena Gilstrap they will enroll at the school for the spring semester. They were Steve Adair, a half back from Carrollton, from TCU; Jesse Carpenter, tackle from Lancaster, from Texas Tech; Kenneth Ozze, tackle from Fort Worth Castleberry, from Arkansas, and Ronnie Young, end from Fort Worth Poly, from Hutchinson, Kan., Junior College.

ARLINGTON (UPI) — Arlington State College has signed to meet Arizona State College of Flagstaff Sept. 26 to fill the football schedule vacancy created when Hardin Simmons dropped the sport recently. The game will be at Flagstaff.

FORT WORTH (UPI)—S. M. (Bing) Bingham, who served as tournament chairman of the Colonial National Invitation Golf Tournament for a dozen years during which the event's purse jumped from \$20,000 to \$80,000, will be honored at a dinner by Colonial's board of governors next Wednesday night.

ABILENE (UPI) — Pat Hubbard, who lettered four years in football, track and basketball at Denver City High School, has signed a pre-enrollment application at Abilene Christian College, where his brother, Mike, is competing as an end.

Allison Racks Mobeetie In Loop Games

MOBEETIE (Sp) — Powerful Allison pulled away to a pair of district cage wins here Friday night, the Antelopes taking a 64-35 decision and the girls a 57-44 win.

Big Ray Corcoran got little help as the rest of the team was stone-cold, while red-hot Allison was hitting from all over the floor. The incomparable Lonnie Richardson played only about one quarter of the game, but still accounted for 11 points. Ronnie Childress and Ray Adersholt took over in his stead, slamming them in from the corners for 15-10, 31-18 and 51-25 quarter tops.

Corcoran took scoring honors with 27 points, Childress had 21 and Adersholt 15.

Mobeetie rallied from a 13-point deficit in the girls game, but badly accuracy at the free throw line put the Allison girls back ahead again.

Allison took the edge in a nip-and-tuck first quarter, 12-8, then pulled away at the next two rest periods, 31-20 and 42-29. Judy Rowell and Mary Helen Gudgel rallied the Hornets to within four points, at Liz Kelly and Linda Miller, red-hot at the charity line, put the game out of reach. Mary Helen had 22 points and July 16, Linda had 23 and Liz 20.

The Hornets are 0-6 in district, the Hornets 1-5, playing at Briscoe Tuesday.

MILLIGAN AT BAYLOR
 FORT WORTH (UPI) — Dr. W. O. Milligan, president of the Texas Christian University Research Foundation, will make the dedication talk Feb. 1 at the opening of the new Baylor University Science Building. Milligan, also TCU's vice chancellor for research, will talk on "The Coming Scientific Age."

Pistol Pete Weds Amarilloan Here

By GLENN McCASLAND
 West Texas State University's star running back for the past three seasons walked into the Gray County Courthouse Friday and married an Amarillo girl in an effort to "elude reporters."

Peter Carlos (Pistol Pete) Pedro wed Miss Gloria Jean Quintero of Amarillo in civil services before Justice of the Peace Nat Lunsford.

Pedro appeared with his bride-to-be about 1:30 p.m. Friday and asked Lunsford to marry the couple. He proceeded to obtain a marriage license in County Clerk Charlie Thut's office and return to the courtroom.

Lunsford went ahead with the ceremony unaware of just who the man was until reporters arrived on the scene as result of telephone tips.

Ollie Ross, a fullback for West Texas State and longtime friend of Pedro's, served as best man at the wedding. He brought his girl friend along to serve as maid of honor at the affair.

Ross and Pedro are both pro-football draftees. Pedro has been signed to play with the Boston Patriots in the American Football League while Ross is a draft choice of the San Francisco 49'ers in the National Football League.

Lunsford said following the services, Pedro told him he came to Pampa to be married in order to miss the Amarillo newspaper reporters who might gather if the ceremony was conducted there.

He left without paying the justice of the peace for conducting the services, which didn't bother Lunsford at all.

"Shucks, as long as they're happy, it doesn't bother me the judge said.

Pedro, a 165-pounder with 13 speed, scored 33 touchdowns during his varsity career West Texas. The speedster from Lynn, Mass., led the nation, scoring and was second rushing as a sophomore in 1961. He was sixth in rushing as junior and was limited by mid-season injury.

Pedro was hurt in the third game of 1963 and saw no further action in his final campaign and after his injury the Bu salvaged only one victory and tie in their final six games.

Pedro receives his degree June and his final football appearance will be April 10 when the West Texas State-Arlington oppose the 1964 squad in a annual concluding feature of West Texas State spring practice.

Lunsford said Ross indicated a possible forthcoming marriage and urged the couple make a return visit to Pampa for the wedding.

"Be glad to assist them," the judge said as the football star and sweethearts left the office.

OUTTA THE WAY! — Big Joe Robinson comes barreling past Roper of Pampa to net the ball for Borger. The visiting Dogs took a 59-56 win.

Flying Queens Visit National Champions

PLAINVIEW (Spl) — A full slate of games was on tap last night in the National Girls' Basketball League and in some cases the results were surprising.

Nashville Business College, National AAU champions, defeated Doris Rogers to their aid and the 1963 star was a help in defeating Iowa Wesleyan College two games in Mt. Pleasant, Iowa. Miss Rogers scored 27 points in the first game and NBC walked over Iowa, Nera White had 24 and Crawford added 20. Diane Frieden paced Wesleyan with 17 points, closely followed by Lori Williams who had 16 and Peg Peterson who tallied 13. NBC led at halftime, 45-28.

The National champs found a different team on the floor the second night and had to extend themselves to finally emerge with a 58-52 overtime win. With 25 seconds left, Wesleyan seemed to have NBC beaten, but a whirlwind finish tied the score at 50-50 at the end of regulation time. Nera White scored on a drive with 11 seconds left and then Nashville stole an Iowa Wesleyan pass and Doris Rogers pumped in a jump shot to knot the score. Nera White hit a jumper to start the overtime, but Pam Napp matched it for Iowa. Three charity tosses by Doris Rogers made it 55-52 and when Wesleyan failed to score, NBC stalled out the clock after hitting one more for good measure.

In other games, Ransom's Boosters split with NBC Jan. 10-11, losing the first game, 65-44, but taking the league tilt, 52-48.

Real Refrigeration of Milwaukee, Wis., won one and lost one. They beat McKierwan of Chicago, 42-41 behind the 11 point scoring of Shirley Martin. Pat Marek led the point-parade for McKierwan with 14 counters. In a league game they lost 59-45 to Look Magazine as Judy Lloyd bombed in 17 points for the magazine girls. Shirley Martin and Joan Rush shared scoring honors for Real with 15 apiece.

Look also had a non-league game on Jan. 20 and took their first defeat of the season at the hands of Russell Sporting Goods of Omaha, 68-54. Carlyne McGill was high for Look with 16 points, but Joy Driever's 20 points took game honors.

Bad weather prevented a home game for Commercial Extension in Omaha and they finish their home schedule on Feb. 8.

Ouachita Baptist College's Tigerettes rolled over the Stuttgart independents by 68-21 at Stuttgart, Ark. on Jan. 18. Eva Harrell's 16 points paced the winners to their third win of the season against one defeat. They play a two-game series Jan. 24-25 against Ransom's Boosters in Topeka.

The Hutcherson Flying Queens took final exams this week and returned to action last night against the Houston Jets in a non-league match in Plainview. The contest was the home opener for the Queens. Their next series will be Jan. 27-28 in Nashville against the

Bowling

By JIM ADKINS
High game of the week goes, not to a man but to Peggy Kastin. She had a 268 game as well as a 616 series. Congratulations, Peg on your game and series.

Marie Landers had the second high game of the week for the ladies with her 233. Pauline Gill and Eudell Burnett had games of 232. Mary Ray had a 222 game and a 563 series and Ruth Snapp, bowling on the same team, had a 213 game and a 565 series. Lela Swain had a 219 game.

With Ruth Snapp and Mary Ray's series the Branscum Well Service Team set a new high team series and a high team game for the season in the Garden Lanes Ladies league, erasing last week's high of 2835 set by Parker Welding. The Branscum team had a series of 2860. They also set the high game with a game of 1044.

Jacque Jouett was hitting this week as she had games of 127, 139, and 168 on a 118 average. Connie Weems, 123 average, had a series of 418 with games of 158, 129 and 131. Ernie Pulse had games of 180, 150 and 176 for a 506 series on a 143 average. Betty Lewis who was bowling on a 107 average had a series of 423, 102 pins over the series she should have had according to her average. She had games of 152, 125 and 146. Laverne Webb had games of 188, 170, and 172 on an average of 174 and 181 on a 148 average of 141 for a 503 series. Kathy Richardson, 109 average had 4 games of 122, 127 and 120. Gail Kerkseick had problems as she had games of 112, 99 and 94 on a 123 average.

Consistency? Nita Herring had games of 92, 92, and 92 for a triuplicate. Her mother, Virginia, had games of 129, 128, and 127 for a stairstep series. Bessie Haiduk had games of 114, 118, and 118 on a 114 average. Linda Jordan had games of 115, 112 and 116. Billie Thut had 4 games of 176, 197 and 105. Another stair-step series was rolled by Billie Holly, 124, 134, and 144.

More consistency. Bill Weems had games of 140, 141 and 139 on a 158 average. Gil Burgund had games of 197, 200, and 193 for a 590 series on a 175 average.

Problems delude this week. Dennis Huntley had a 110 game on a 176 average. John Pierce had games of 166, 133 and 179 on a 173 average. Ray Covalt had a 117 game, Dwight Mackie 173 average had a 169, 164 and 154. Rudy Taylor had a 220 game and a 128 game, Jim Weatherly had a 457 series on a 185 average and Joe Wells had a 496 series on a 186 average.

R. O. Johnson and Travis Beck had the high games of the week with games of 246. R. O. had a 609 series and Travis had a 611. Dick Abbott had a 245 game. Joe Wells had high series with games of 236, 202, and 205 for a 643 series. Sid Parsley had second high series with his 636 on games of 194, 222, and 220. John Moore had games of 189, 222, and 204 on a 615 series. Russell Holloway had a 236 game. Bob Moore, 229, Ted Erickson, 225, Jessie Smart 225. Forrest Radar had a 224 game and a 611 series. Lonnie Powell had a 220 game and Red Watson had a 217 and a 607 series. Johnnie Reynolds had a 216 and a 595 series and Dave Phillips had a 212 and a series of 566.

Briscoe Tips Wheeler In Overtime, 64-63

By JERRY TUCKER
News Sports Correspondent
WHEELER — Tommy Hays scored the first two baskets in overtime to give the Briscoe Broncos a 64-63 sudden-death victory over the Wheeler Mustangs Friday night. The Wheeler Fillies set up a crucial district game with Miami by rallying to a 64-46 victory over the Bronettes in the opener.

Wheeler blew an eight-point lead to a comeback Briscoe rally as the Broncos stayed atop the district race with a 5-1 mark, sending Wheeler down to their third loss in five loop outings.

The first quarter switched back and forth as Mendall Hunter hit for the Horses and tall Orville Atherton for the Broncos.

Groom Eats Up Dodson In District

GROOM (Spl) — The Groom Tigers gobbled up Dodson Friday night, to the tune of 65-29, while the Tigresses also had a piece of horse steak with a 46-29 win over the Fillies.

Groom led throughout the game and was never in trouble. With Jerry Roberts manning the boards and pumping in 12 points, aided in the scoring by "driving" Dan Craig, the Tigers shot out to a 23-13 quarter lead.

Groom slowed down and played the Mustangs' game the second quarter, as J. D. Parker led a Groom defense that allowed the visitors only three points, and the Tigers held a 31-16 halftime bulge.

Craig slammed in 10 points and Roberts eight to open the second half and coach Sobbin' Jack York decided that was enough and put in the reserves. Keith Black continued the scoring pace however, while Larry Lamberson dominated the backboards, and it was 57-20 going into the final frame.

Roberts finished with 23 points, Craig with 15 and Black with 12. Riley Foster, a one-man team for Dodson, had 15. Groom is now 3-2 in district and plays at Hedley Tuesday.

The Groom girls also led all the way as they made their loop record 2-3, taking 10-5, 21-12 and 35-18 quarter margins. Evelyn Burgin and Mary Kay Johnson each hit 11 points and Shirley West added seven. Lynda Sexton had 19 for the Fillies.

CONFEDS IN WIN

BORGER (Spl) — Johnny Epperson scored the winning baskets as the horn sounded to give the Robert E. Lee 7th grade Confeds a 27-25 win over Austin Friday, their eighth straight victory.

Mike Cooper led the scoring with 10 points, Epperson had six and Jay Johnson, five. Jim Hollis was outstanding on the rebounds.

The Confeds play Borger Sam Houston next Friday.

White Deer Loses To Ranchers, Does Victorious at Perryton

By RICHARD ULRICH
News Sports Correspondent
BOYS RANCH — The Boys Ranch Roughriders hit 10 of 14 free throws in an overtime period Friday night to take a district win over White Deer, 68-60.

White Deer started off slowly, and Charles Littlejohn led the way with seven points, hitting from outside to put the Roughriders into a 13-8 quarter lead. Gary Turner, Monty Hawpe and Billy Gann led the way as WD started to move in the second frame, but Pete Flack hit for BR, and the hosts held a 27-22 halftime lead.

The Bucks put on the press in the second half, with Dan Simmons the chief thief and Simmons and Billy Gann led the Bucks back. Simmons, hitting nine of 12 free throws in the game, putting the Bucks three points ahead at the charity line. Littlejohn and Alan Reeves led Boys Ranch right back, Littlejohn keeping the Riders in a 38-37 three-quarter lead.

With Littlejohn leading the way, Boys Ranch hit four of their first five bucket attempts in the final frame, and moved into an eight-point lead. Simmons, hitting free throws, led WD back once more, and Gann tied the game at 56-56 to send it into an extra period.

BR hit the opening bucket and added two free throws, and then slowed it down. The pressing Bucks fouled and the Riders obligingly moved up the margin at the charity line. Gann, hitting nine of 12 from the field, finished with 18 points. Simmons, hitting all but one tally in the second half, closed with 17 points and Turner had 12. Littlejohn had 25, Reeves 20 and Flack 12. WD is now 2-2 in district.

The Little Bucks won the B team prelim easily, 56-34. Four Bucks hit double figures, Troyce Phillips, Larry Bates and Bobby Rapp with 12 each and Ronald Sisco with 11.

Warriors Scalp Kelton in Romp

By MILO O'LOUGHLIN
News Sports Correspondent
MIAMI — The Miami Warriors and Warriorettes warmed for key district meetings at Wheeler next Tuesday with bouts against Kelton Friday night. The Warriors scalping the 5-73-38 and the Lionesses being mangy in a 52-30 demer.

Neither game was close as an seemed bewildered to being in a regulation - size game. The Lions held the prior to a two-point victory over Kelton. The Warriors' own half-court cracker-but seemed lost in the four Warrior-Gym as Miami equalled its season scoring, with reserves doing the work for the Tribe.

Bean poked through 10 points in the first frame then took a nap on the bench as Miami rolled to an 18-6 lead. Jody Holland and Guerrero bounded the boards and Jody stuffed in points with both hands to push Miami to a 42-16 halftime lead.

Each Lawrence Overcast led the bench in the second half and David Bowers led attack as the reserves outscored the Kelton varsity, 58-38 in the three-quarter mark.

Warrors ended with 13 points, 11 and Bean 10. Keith nathy had 11 for Kelton.

The girls game was exactly same as the Lionesses had fur sined by the "Dodson" treatment. Connie Dode the Warriorettes to 17-4 2-12 leads, then Debbie pson and Connie Ratliff and the reserves the rest of ay. Debbie scoring eight and Connie six, with Conson going home with 14 ers. Joyce Walser had 14 lton.

Warriors are now 4-2 and Warriorettes 6-0 in district

SHE'S NOT KIDDING—The designers have decreed that spring hats will be wide-brimmed and will all but cover the face. Among the wide-brims is this "picture hat," here interpreted by milliner Chanda with sheer white hair-braid covered with white hyacinths.

Book by McLean Woman Will Be Published Soon

SAN ANTONIO (Spl) — Mrs. Vera Featherston Back, resident of McLean, has recently signed a contract with the Naylor Company of San Antonio for the publication of her new book, "The Feathers."
Mrs. Back has written an absorbing account of a pioneer family's life in Texas gleaned from her own experiences and her many years of close association with writing and teaching.

Top of Texas residents will be particularly interested in Mrs. Back's forthcoming book, as she has been an English teacher in the McLean schools for many years.

4-H-er Takes Second Spot

Bill Skaggs, Gray County 4-H member, recently exhibited the second place medium weight Hampshire barrow at the Amarillo Stock show.
The Reserve Champion Jr. heifer was shown by Jakey Hess also of Gray County 4-H.
In the Livestock Judging Contest, the Gray County 4-H team placed eleventh. Members of the team were: Andy Cole, Gary Nickel, Scott Osborne and Bill Skaggs. Bill Skaggs was sixth high individual.

Quotes In the News
MADISON, Wis. — University of Wisconsin freshman Jack Olson, describing a girl he has been dating recently, 16-year-old Lucy Baines Johnson:
"She has a lot of poise and was very graceful. She is also a good dancer and loves to dance. She could keep up a conversation as well as anyone; you're proud to have her as a date. No matter who her father is."

COLLISION KILLS TWO

AUGUSTA, Ga. (UPI) — A Trailways bus and a car collided head-on in a rain-slick highway near here Saturday, killing two persons and injuring 12 others.

PROBE FIRES

GEORGETOWN, British Guiana (UPI) — Police Saturday were investigating fires which destroyed \$400,000 worth of

sugar cane on eight estates this week. They said they suspected the fires were set deliberately.

County Handles 965 Welfare Cases in '63

A total of 965 welfare cases were handled in 1963 by Gray County welfare officials.
The figure was released Friday by Bill Leonard, county juvenile and welfare officer.
A total of 178 persons were assisted in purchasing groceries, 334 aided in purchase of medicine, 162 people were referred to doctors, 83 placed in hospitals and 51 persons aided in miscellaneous methods.
A total of 27 were aided by grants and 25 by transportation. Leonard said this was not in-

cluding juvenile cases taken care of during the past year. He said these figures would be announced later.
The welfare department felt the work during 1963 had gone "very well and successful."
Leonard said Pampa residents were responding well to an appeal for additional clothing and bedding for underprivileged children in this area.
The officer urged residents to continue their interest in local welfare problems and said any problems or questions in minds of Pampans would be answered by calling the welfare office at the courthouse.

DPS Reports High Year in Accidents

AUSTIN (UPI) — The Texas Department of Public Safety (DPS) reported Saturday that 1963 was a record year for highway fatalities.
The DPS said a preliminary count showed 2,703 persons were killed. The previous high was 2,611, 12 per cent less than the 1963 figure.
DPS Director Homer Garrison Jr. said no single factor could be blamed for the increase.
"The best explanation for the upward spiral in traffic fatalities, both in Texas and the nation, would be a combination of general carelessness and disregard for the law," he said.

ORDER LIFTED
PNOM PENH, Cambodia (UPI) — The official news agency said Saturday an order excluding foreign news men from this country has been lifted at least temporarily because of the expected meeting here next month of Philippine President Diosdado Macapagal and Malaysian Premier Abdul Rahman.
The agency said that, effective today, all newsmen regardless of nationality will be allowed to visit Cambodia. Visiting newsmen may remain in the country until a week after Rahman and Macapagal leave.

Red Cross Executive Secretaries Conduct Bi-Annual Conference Here

Executive secretaries, volunteer staff members and regional personnel of the American Red Cross completed a three-day conference conducted at the Coronado Inn Friday.

The bi-annual conference was designed to update Red Cross information, services and policies. Trained special representatives reviewed ideas to the delegates through means of panel discussions, workshops and seminars.

Members of the committee in charge of arrangements included A. W. Voight, Red Cross Field Director, Lubbock; Don Byers, chapter chairman, Potter County; Arillo; Charlene Sullivan, executive secretary, Borger; Shotwell, executive secretary, Pampa; Rev. Jack Ker, public information officer; Wes Lang, vice-chairman, Pampa; E. B. Pemberton, chapter chairman, Pampa.

A kickoff coffee was hosted by the Pampa Gray Ladies Wednesday morning followed by registration at the Coronado and an afternoon session dedicated to water safety.

The First Aid, conducted by Cliff Morrow and Lister Bedell of Amarillo.

During the morning session, A. W. Voight was chosen as the presiding officer of the conference. He introduced Ray

Conley, assistant regional manager of Midwestern Area, St. Louis, who gave a discussion on current situations in the Red Cross. He stated that the board of governors which is governing Red Cross has been considering a new trend for future Red Cross. This included fund raising, mergers, and following the idea of doing the most effective work with a minimum of expense. Conley urged each chapter to submit a name from their community to represent the chapter on the board of governors. He stated that the candidate might not be chosen but to continue to submit names of dedicated persons who serve Red Cross in a position of planning. Conley spoke of the federal government position of payroll deductions for their employees in a fund drive. Non-discrimination in Red Cross of any minority group was the contention of this plan. Communities entering into this payroll deduction program for federal employees must sign the agreement with the government, or the community could be excluded from the allotted portion of money collected.

This plan should be in effect by July 1963. Inactive Red Cross Chapters or those who have little or no program in their communities would soon disappear and become a part of the Key Chapter near the community. This would be done for several reasons including cost of communication, postage and field representative expenses. This plan is in the study stage and many not be put into effect for several years.

Cliff Morrow and Lister Bedell, Amarillo, first aid and water safety instructors outlined Red Cross programs in the fields. Morrow discussed first aid in the community, illustrating with charts the number of accidental deaths and property damage in our country. He brought out important information of school placement on a health program so that each senior graduating would be required to obtain first aid training. He suggested that the best place for learning and encouraging safety was the school. He highly recommended each place of employment providing a specialized first aid course for one member who would then be eligible to train other employees at little or no cost.

Bedell, water safety instructor-trainer, spoke on water safety programs and suggested that these should be conducted in motel pools as well as backyard pools. He offered ideas to promote these programs including permission for Boy Scouts to maintain and clean community pools in return for the use in water safety programs at the pool. He displayed a poster showing patches that may be

earned in this program and the cards presented members of these classes. He also urged that communities include a class for handicapped persons in their water safety programs. Mrs. Carolyn Estes, one of the most recently qualified first aid instructors in Pampa and Mrs. Don George and son Scott, attended the programs. Mrs. George is Gray County water safety chairman and has worked in Red Cross programs on water safety at both Pampa pools. Scott also has a 50-mile swim card.

Borger, Hereford, Higgins, and Pampa Gray Ladies hosted coffee breaks throughout the conference.

Pampa High School musical and vocal groups, the Music Makers and Madrigal Singers of Phillips High School provided entertainment during social meetings of the three-day conference.

Friday morning A. W. Voight, presiding officer of this eighth executive secretaries conference, conducted a short business session in the Starlight room. The resolutions committee report was presented by Mrs. Lettie Cobb, Greenville.

The invitation for the next conference was extended by Frank Casteen, Killbuck. The group voted to accept the invitation for the conference which will be conducted in

November, 1966. This date will enable delegates to attend the state convention to convene in Houston in November, 1965.

Mrs. Mae Mills, assistant director of educational relations, St. Louis, directed a panel composed of Joe Fago, chairman of educational relations in the local chapter; Mrs. Eugene Oldis, local art instructor; Miss Mary Nesbitt, Pampa High School student, and Howard Graham, teacher-sponsor. Pampa High School Red Cross Council officers attended the closing session. They include Larry Hollis, president; Ann Christy, vice-president; Helen Hampton, secretary.

Joe Robinson, St. Louis addressed the group on personnel problems and policies. He urged each secretary to have a written agreement for their chapter drawn up listing personnel practices and to have a written agreement with personnel. He urged chapters to enlist an insurance representative in the chapter.

Mrs. Jack Packer, Pampa, brought the closing meditation. A candle in memory of Mrs. Maude Cox, Pueryston, was lighted. The late Mrs. Cox had given 25 years of voluntary and loyal service to the Red Cross.

Voight closed the convention with an appeal to each delegate to attend the convention in November of next year.

PRE-CONFERENCE COFFEE — Mrs. Libby Shotwell and Ray J. Conley, assistant regional manager, Midwestern Area, St. Louis directed conference plans Wednesday morning before beginning activities on the first day's agenda.

MADRIGAL SINGERS — Sponsored by the Hutchinson County Chapter and presented by Paul Biggs of Amarillo, the Madrigal Singers of Phillips High School, accompanied by the Music Makers, entertained following the banquet for delegates and guests Wednesday evening.

BANQUET SPEAKER — Bob Nash, Lubbock County Chapter chairman, urged Red Cross members to strive for better and better relations with other chapters and with the public, as featured speaker during a banquet held Wednesday night in the Starlight Room, Coronado Inn.

DOOR PRIZE WINNER — A. J. Carubbi Jr., Pampa, presents Mrs. Maude Harrison executive secretary of Victoria County Chapter, a door prize during intermission of the entertainment hour provided by Pampa High Students under direction of Hugh Sanders Thursday night.

GRAY LADIES CAPPED — New Pampa Gray Ladies were capped during a kickoff coffee held in the Hospitality Room of Citizens Bank Wednesday morning. Mrs. Leah Deaton, volunteer field consultant of Wichita Falls, and Miss Yarnall Meador, nursing supervisor of Highland General Hospital, along with Mrs. H. S. Alexander, conducted the service. Pictured are left to right: Mrs. Augusta Yealy, Mrs. Ray Eyerly, Miss Meador, Mrs. Deaton, Mrs. Elizabeth M. Taylor, Mrs. V. J. Drew and Mrs. Alexander.

Mr. and Mrs. Robert Carter

Reception Marks Seventh Wedding Anniversary of Mr. and Mrs. Carter

Mr. and Mrs. Robert Carter, 537 Oklahoma, were honored with a reception on their seventh wedding anniversary recently. Mrs. Annie Johnson, sister of Mrs. Carter, was hostess for the party which was held in the home of Mrs. Bessie Teal, 535 Oklahoma.

The serving table was attractively laid with a white linen cloth and centered by a floral arrangement of white and yellow carnations. Roman punch was served from a crystal set. The anniversary

sheet-cake was decorated in white and inscribed in yellow. Mrs. L. E. Wortham registered friends of the couple who attended the reception.

WINTER WASHDAY WAYS

Women who prefer "open air" drying say that a sunny cold day is a good day for hanging out the wash.

"Remember their tips for wintertime line drying: Wash with clotheslines with steel wool, followed by a sudsy cloth; tuck a hot water bottle into the clothespin bag to keep your hands warm; suds and rinse clothespins, then soak them in a salt solution so they won't freeze to the clothes; and take the laundry in as soon as it is dry enough to iron.

CREATIVE HAIR STYLING LA BONITA BEAUTY SALON
201 N. West MO 5-3411

Striped knits are one of the freshest looks to appear on the spring fashion scene. Cape coat highlights the double knit, three-piece striped outfit (left). Coat and skirt are pin-striped. Blouse is solid in navy, gray or tobacco with white.

Multistriped walking suit (center) has a two-piece, double knit blouse and skirt. Three-piece double-knit costume (right) features pin-striped sleeveless jacket and skirt. All designs imported from Belgium by Couture Imports, Ltd.

Spring Stripes Rank High

By HELEN HENNESSY
NEW YORK (NEA) — The spring fashion scene has lined up lots of competition for barber poles, zebras and old-time prison uniforms. Stripes

are everywhere. It all started a few seasons back with St. Laurent's Damon Runyon-style striped suit. Galanos continued to use stripes in many collections,

and now New York's Seventh Avenue goes all-out with stripes for spring. You'll find them on all fabrics from wool to crepe and on everything from suits to evening gowns.

There are cardigan suits of gray worsted, chalk-striped in white, navy pencil-striped suits, trimmed with white pique, red and navy-striped blazers and abstract - striped crepe evening dresses.

Among some of the most attractive striped costumes of the season are the knits. One three-piece double knit outfit has a cape coat and skirt in pin stripes teamed with a solid color blouse. Another smart three-piece co-ordinates a striped sleeveless jacket and skirt with a long-sleeved solid color blouse.

Most of the stripes themselves are white, but you'll find them combined with soft spring pastels of pink, pale green and aqua as well as with the deeper tones of tobacco, dark blue and black.

They're trim, neat and new for spring and there are styles to suit everyone.

The Mature Parent

Ask Her for Her Preference, It Changes

By MRS. MURIEL LAWRENCE

Dear Mrs. Lawrence: Why don't you come right out and say that we American parents get disrespect from children because we give them too much? My 16-year-old daughter has told me never to try to choose her clothes for her again. I got this kick in the teeth because I bought her a navy blue jumper dress. She refused even to try it on. It was a markdown from \$8.95 and came with a blue-trimmed red silk blouse which I know would have been becoming to her . . .

thrown by Jane's refusal to try on the blue jumper. We are prepared for her dislike of a dress that she once would have liked very much.

We don't go on and on about her ingratitude. We just put the garment back in its box and say: "Would you like this in some other color combination?" If so, what color combination — and I'll see if I can get it. If not, return it to the store and see what dress you can find that you like for the same money."

TEEN PEARLS

Simplicity is a good rule of thumb when buying pearls for teens. A single - strand debutante necklace of graduated pearls is the best selection. It's a style that's always in fashion and can be worn later with other necklaces.

Read The News Classified Ads

ANSWER: Maybe she doesn't like red blouses or jumper dresses. Maybe she resents the obligation to say "Thank you" for things she doesn't like.

I know that I do.

Gifts, are tests of the kind of attention we have given to other people — our children, husbands, relatives, friends and clients — to their intense distastes and enthusiasms. If we have not listened, noted and remembered what they have told us about themselves, their likes and dislikes, we really cannot expect much gratitude for things we gave them that had not been chosen to fit their tastes.

Parents of adolescent children often find them ungrateful for gifts, not because the children receive too much but because the parents have failed to note and remember changes of taste in the children.

Before we buy Jane the blue jumper with the red blouse, we neglect to think, "Who is Jane today? Does she still like red as a becoming color — or has her trust of it been chanted by her self-consciousness over her acne?"

If we have accepted the possibility of changes in the tastes in our changing teen-aged children, we are not

Pampa B&PW To Host Guest Day Tea

Pampa Business and Professional Women will conduct a guest day tea in Citizens Bank Hospitality Room this afternoon from 3-5 p.m.

Hostesses will be Mrs. Eli Etheridge, Mrs. Earl Eaton and Mrs. Helen Knox.

Entertainment will be presented by twelve members of the Wellington club, directed by Mrs. E. H. Harnell. Mrs. H. F. McDonald, Jr., will give a brief history of the Pampa B and PW. Guests are invited to attend.

Coming Marriage Of Couple Revealed

Project Reports Given In Jaycee-Ette Meeting

The January meeting of the Jaycee-Ettes was held in City Club Room Thursday evening. Guests were introduced by Mrs. Jake Webb and Norman Henry, chairman of the Pampa March of Dimes, showed the film, "At the Edge" to the group and stressed the importance of contributing to the March of Dimes.

The business meeting was conducted by Mrs. Richard Cooke. Correspondence and

minutes of the last meeting were read by Mrs. Jim Hayes, secretary.

Mrs. Gate Robertson thanked members who had helped with the Jaycee Pancake Supper.

Mrs. Jim Alexander stated that the Jaycee-Ette Children's Christmas Party was very successful and thanked members for assisting her with this project.

Mrs. Paul Musgrave reported on the success of the children's shopping tour and read a "thank you" letter from the Jaycees.

Mrs. Lynn Thames reported the Jaycee-Ette March of Dimes benefit coffee and collection campaign was successful.

Mrs. Cooke reminded members of the Jaycee Bosses Night Banquet which will be conducted Tuesday evening in the First Methodist Church basement. Jaycee-Ettes will be in charge of decorations.

Mrs. Jake Webb mentioned that plans for the box supper had been made and the date set for Feb. 13 in the Parish Hall.

She reported that the group would conduct a garage sale at the home of Mrs. A. J. Carubbi, 1200 Charles on Feb. 1.

Mrs. Eddie Polnac announced that the Guest Day Tea will be conducted March 15

Pepper-Butrum Wedding Promises Exchanged in First Baptist Church

McLEAN (Spl) — The First Baptist Church in Shamrock was the scene of the wedding of Miss Kathryn Sharon Pepper of Shamrock and Melvin Dean Butrum of McLean.

Mr. and Mrs. J. L. Pepper of Shamrock are the bride's parents and Mrs. Delma Butrum of McLean is the mother of the groom.

The double ring ceremony was performed by Rev. Doran Blassingame, pastor of the First Baptist Church of Twitty, before an altar decorated with bouquets of red and green poinsettias and lighted candles in candelabra entwined with greenery.

The traditional marches and "One Love" and "One Kiss" were played by Mrs. Geraldine Howard. Miss Diana Wells sang "Because" and "I Love You Truly."

The bride given in marriage by her father, wore a princess style formal gown of white peau de soie with a bandeau neckline re-embroidered in seed pearls and a lace applique overlay with sequin trim. The long sleeves ended in points over her hands. Her fingertip veil of illusion

was held by a crown of seed pearls.

She carried a bouquet of a white orchid atop her rainbow Bible.

The bride wore a single strand of pearls, a gift from the bridegroom, and a gold bar pin belonging to her great grandmother. She carried out the tradition of wearing something old, something new, something borrowed and something blue.

Attendants to the bride were Micky Henry of Twitty, aunt of the bride, maid of honor, and bridesmaids, Jannie Buchanan of Estelline, and Delores Beasley of Amarillo, cousin of the bride.

Ushers and candlelighters were Don Henry, uncle of the bride, and Tommy Pepper, brother of the bride.

Bill Crockett of McLean served as best man.

Groomsmen were Bob Weaver of McLean and Jim Butrum, brother of the bridegroom, also of McLean.

Following the ceremony a reception was given by the bride's parents on the lower floor of the church.

The guests were registered (See PEPPER, Page 16)

Refreshments were served from a table decorated in a valentine motif by hostesses, Mrs. Jim Alexander, Bob Blakeney and Mrs. A. J. Carubbi, Jr.

Members attending were Mmes. Alexander, Anderson, Blakeney, Carubbi, Cooke, Hayes, Hopkins, Lee Jackson, R. F. MacDonald, Morris, Musgrave, Osborne, Polnac, Robertson, Bonnie Shackelford, Smith, Thames, Warner and Webb. Guests of the organization were Mmes. George Kilcrease, Nathan Lancaster, Bert Queen and James Weathered.

The next meeting will be conducted in the City Club Room Feb. 27 when election of officers is scheduled.

The Clothes Poll

By HELEN HENNESSY

From what I've seen when I do my weekend shopping, the standard supermarket ensemble is pants, sloppy flats, a tired jacket and a kerchief big enough to go over hair rollers. And it puzzles me. Why this peculiar assortment of garments?

Last week a woman sporting her version of the "uniform" had a firm grip on a shopping cart with one hand

and on a toddler with the other. A cigarette was clamped in one side of her mouth.

This vision of dainty femininity was loudly berating a man who hadn't held the door open for her.

Men, as a rule, aren't rude to women — especially to attractive women. But we can't hope to be treated gallantly if we dress to look like so many unmade beds and act as though we could easily hold our own in a wrestling match.

Shopping is a tiring chore. No one expects us to don satin and lace to go forth for Sunday's chicken. But there's a world of difference between casual, comfortable attire and sloppy dress. Unfortunately some of us have overlooked this obvious fact.

A woman who wants respect and admiration from the men she encounters must first develop some respect for herself.

Certainly no one needs a cigarette so badly that she must puff away even when both hands are occupied.

There's no valid excuse for leaving the house with a head full of hardware, tied up in a scarf. A simple skirt and sweater are more comfortable than tight pants and a lot more attractive. And broken-down flats should be replaced by good-looking walking shoes before they ruin your feet.

Any woman can get decently dressed in 15 minutes. So lack of time can't be the reason for this awful get-up that has become the shopper's uniform.

It may be a man's world, but we don't have to dress like Rosie the Riveter to hold our place in it.

Chick Chat:

Q — "I have large hips, a small waist and narrow shoulders. I know I should reduce my hips, but in the meantime what new silhouette can I buy that will make my figure look more balanced?" —J.L.

Dear J.L. — Stay away from the new bias cuts. They will make your hips look bigger. Wear overblouses so as not to point up the difference between your small waist and large hips. The blouses should have wide rolled collars or middy collars to widen your shoulder line. Your skirts can be either straight, but loose, or they can have straight hanging pleats. That should do the trick until you get on that diet.

Please send your fashion problems to Helen Hennessy in care of this paper. While she cannot answer each letter personally, letters of general interest will be answered in this column.

Jumper Dress Is Practical

The girl who goes to business—the teacher, the shopper, the family chauffeur—

all can make good use of jumper dresses, especially if made in lightweight wool, jersey, or double knit.

A chicly fresh blouse or pullover for every day—the jumper can be worn many times and look different because of the blouse or sweater.

Design 1404, believe it or not, comes in sizes 12½ to 26½. That, encompasses bust sizes from 33 to 47.

This costume is so simple we are not telling you much about making it, but we are concentrating on sewing on buttons. The following is my way:

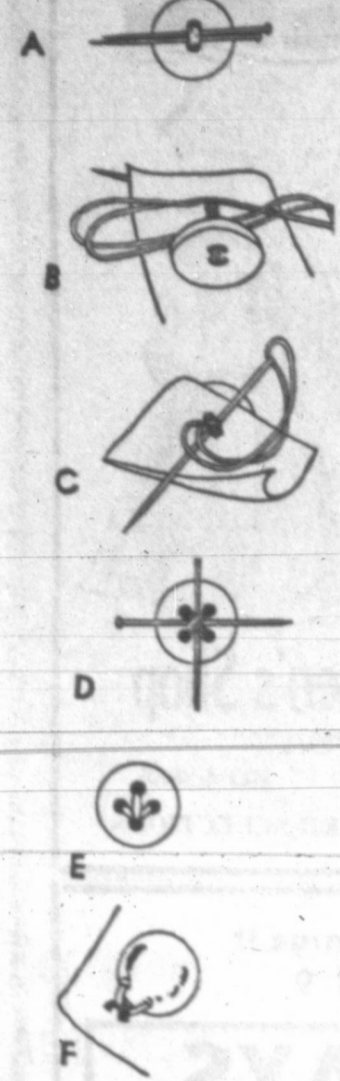

For a two-hole button, mark the position for each button by lapping the garment as it is to be worn. Bring a pin from underneath to the button side, directly through the center of each buttonhole.

Use a strong thread, begin with back-stitch at the point marked by the pin, bring thread up through one hole of the button and down through the other hole and through the fabric; but before drawing the thread down, put one or two pins across the button, as in A, so as to provide buttonhole space between fabric and button.

Sew back and forth until the button is securely in position. Remove the pin, draw the button away from the material as far as possible, and wind the thread tightly several times around the threads between the button and the material, as in B. This treatment forms a thread shank for the button, holding the button away from the material and allowing room for the buttonhole. Finish off thread with tiny back-stitches, as in C.

Sew a four-hole button on in the same way as a two-hole one, but place pins over the button, as in D, and sew diagonally across or parallel so that stitches are a decoration for the button.

For four-hole buttons on coats, the threads should not cross, but should be parallel

1404

so as to give a neater finish. E shows a decorative way to sew on buttons. Colored thread is often used in this way for bone and pearl buttons on children's garments. F. For shank buttons, locate the positions as explained. Sew to place, so that the stitches run parallel to the edge of the garment. Strain will then fall on shank rather than on thread. No. 1404 with Photo-Guide is in sizes 12½ through 26½.

Bust 33 to 47. Size 14½, 35 bust, ¾ sleeve blouse, 2½ yards of 35-inch; jumper, 2½ yards of 54-inch. To order send 50 cents to: MARY BROOKS PICKEN Reader Service Pampa Daily News P.O. Box 489, Dept. Pepper
(Continued From Page 15) by Miss Karen Castleberry. The serving table, which was covered with a satin damask cloth, held a centerpiece of a wedding ring circle decorated with white poinsettias. The three-tiered bridal cake was decorated with tiny white roses and topped with a miniature bride and groom. Crystal appointments completed the table setting. For a short wedding trip the bride wore a powder blue three-piece suit of Italian knit with white accessories and the white orchid from her bridal bouquet. The couple will be at home in Shamrock until the groom returns to Germany, where his wife will join him later. The bride is a graduate of Shamrock High School and attended Draughn's Business College in Amarillo. The groom is a graduate of McLean High School and attended Abilene Christian College in Abilene and is now serving in the armed forces in Germany.

Scouting Scoops

By LINDA MOORE SENIOR TROOP 5
The Girl Scout Slogan says "Do a good turn daily." How many of us obey our slogan? Well, I for one try to do a good deed every day. Some days I only do one deed, other days I do several. For some reason I don't feel quite right when I don't do one. Most of the times my deeds are just washing or drying dishes, setting the table, and cooking dinner, but when I do these

things I'm helping my mother and that is what counts. There are a lot of ways to do good deeds. Help your parents every day and show them you are thinking of them. Even though you help your parents, don't forget to do little extras, like helping your school teacher to straighten her desk, or taking care of neighbor's pets while they are away. Most of all when you do these good deeds don't forget to smile.

Pen Women Install New Officers At Amarillo Meeting

Tom Greenhoe, sports public relations director and instructor at West Texas State University, was the principal speaker during a recently conducted meeting of the Panhandle Pen Women at Amarillo Country Club. Greenhoe gave numerous suggestions to the group concerning feature writing for newspaper publication. He is a former freelance newspaper writer and a graduate of Michigan State University.

Officers for 1964 were installed during the afternoon business session. They are: president, Mrs. Lenna Rittenhouse, Borger; work shop chairman, Mrs. Evelyn Nace, Pampa; contest chairman, Barbara Hayes, Pampa; recording secretary, Bernice Gregory, Pampa; treasurer, Elnora Davenport, Borger; and reporter, Jeannette Fish Lefors.

Poetry contest winners were named and announcement made for the April contest which will be short fiction. The Merten Home Demonstration Club met recently in the home of Mrs. T. G. Groves, 700 Powell. The meeting opened with Mrs. V. Smith, president, leading the Club prayer. Members answered the roll call by telling "How I can be a better club member".

Club Completes Show Planning

During the business session, the president appointed committees for the coming year. Also, arrangements were completed concerning the coming "Hereford Breeders Show," to be held Feb. 29-March 4. Plans were made for club members to work during the sale, and each member donates two pies. Refreshments of apple pie and whipped cream, coffee, tea and cokes was served to the following members: Mmes. Jack Howard, V. Smith, T. G. Groves, J. Lloyd Laramore, A. M. Nash, E. P. Templin, Irene Humberson.

Mobeetie TOPS Report Activities

TOPS Square Shooters of Mobeetie met Jan. 6, for installation of officers. They are: leader, Mrs. Florence Burgess; vice-leaders, Mrs. Georgia Corse; secretary-treasurer, Mrs. Melba Burch; weight recorder, Mrs. Georgia Corse; reporter, Mrs. Lottie Eva Denson; assistant reporter, Mrs. Dorothy Mixon; program chairman, Mrs. Margaret Trout, Mrs. Euline Waiser and Mrs. Eula Johnson; exercise committee chairman, Mrs. Irene Rodges with Mrs. Thelma Harrison and Mrs. Corse; parliamentarian, Mrs. Mae Helton; photographer, Mrs. Bettye Read. A new member, Mrs. Isabel Bradstreet, was welcomed.

Fifteen members and one guest were present for the meeting. The meeting time has been changed to 2 p.m. until June 1 when the time will again be changed to 3 p.m.

In a meeting conducted Jan. 13, three new members were welcomed into the group. They are: Mmes. Margie Meadows, Wilene Waters and Wanda Childress. Eighteen members and one guest attended the meeting. One new member was welcomed during a meeting conducted Jan. 20. Mrs. Velna DeSpain. The club voted to support the March of Dimes and stage a Mothers March.

'The Creative Woman,' Program Topic for 20th Century Cotillion

Mrs. David Fatheree presented the program, "The Creative Woman", during a recent meeting of the Twentieth Century Cotillion Club. She emphasized woman's need for self-expression and suggested ways in which talents can be developed and ambitions realized.

are now taking part in the Plan. The next Cotillion meeting is scheduled for Feb. 4 in the home of Mrs. Ralph McKinney, 2348 Duncan.

A report on plans for the spring antique show and sale was made by Mrs. E. D. Price, Jr., chairman of the arrangement committee. The show will take place in the Coronado Inn, April 3, 4, and 5. Proceeds from ticket sales will be forwarded to the Opportunity Plan, Inc., West Texas State University.

Mrs. Thelma Bray was hostess for the meeting which was attended by Mmes. Charles Norton, Howard Greenlee, Frank Vitran, Jack White, Buddy Cockrell, Ralph McKinney, Kenneth Royse, W. B. Adair, David Fatheree, Fran Morrison, D. Price, Jr., Jim Campbell, James Gallemore and John Alexander.

The Opportunity Plan is a unique student loan program combining part-time jobs and financial assistance for worthy students. The program is self-supporting and receives no federal assistance. Students from Pampa and area towns

Miss Beverly Harlan

Skellytown Order of Rainbows Installs New Grand Worthy Advisor

Skellytown Assembly, L.T. Order of the Rainbow Girls conducted an installation service Saturday in the Music Hall.

As installing officer, Hank Rayam presented Miss Beverly Harlan, Worthy Advisor for the ensuing term. Installing officers were Sandra Moore, Sandra Biggers, Myrna Shubring, Ann Arrian and Linda Burgin. Other officers installed were worthy associate advisor, Anna Sue Brown, charity, Carol Sanger, Hope, Lynne and Faith, Barbara Duke, recorder, Myrna Shubring, Sandra Moore, treasurer; Marcia Atkins, chaplain; Linda Allen, drill leader; Glenda Farmer, love; Ada Ledford, Religion; Janis St. Clair, nature; Diane Thomas, immortality; Cynthia Hawks, fidelity; Linda Nelson, patriotism; Rita McAllister, service; Ruby Cone, confidential observer; Mary Moffitt, outer observer; Linda Burgin, musician and Sheila Berry, choir director.

Following the installation ceremony, Miss Harlan introduced her parents, Mr. and Mrs. W. F. Harlan, and presented her mother with a corsage of white carnations and her father with a boutonniere. Mrs. Harlan presented Beverly with a "Rain-

bow ring". Joan Jarvis sang Beverly's song, "Look for the Silver Lining", accompanied at the piano by Linda Burgin.

Beverly's colors were blue and silver; her flowers, blue and white carnations and her theme as well as song, was "Look for the Silver Lining".

She presented Miss Wanda Moore, past worthy advisor, with a past advisor's pin.

Miss Moore thanked her officers for their assistance and cooperation during her term. Lynn Hand was presented with a gavel by Mrs. Emmet Saxon, mother advisor. Miss Janey Noland of Hereford, grand nature; and Miss Joyce Collins, Pampa; grand fidelity, were introduced and presented gifts from the new worthy advisor.

Plans for a trip to Grand Assembly were announced.

The serving table was covered with white cloth centered with a stereofoam rainbow flanked by blue tapers in crystal holders. The large white sheet-cake was decorated with a rainbow and blue rose buds. "Beverly, Worthy Advisor" was inscribed on the cake.

Joan Jarvis and Mrs. Hardy Boyd served the cake and Marcia Atkins presided at the punch bowl.

Seventy-five guests were present for the installation.

Couple Makes Wedding Plans

Mr. and Mrs. Bill Cantrell, Shamrock announce the engagement and approaching marriage of their daughter, Iolite Kaye, to Larry Don Evans, son of Mr. and Mrs. Torace Evans of Allison. The wedding will take place January 31 in the home of parents.

LOVELY!
Never underestimate the power of a pair of clean white gloves. Many a woman has found that they help to open doors — both social and business. They also lift the spirits of the wearer by making an old costume feel and look new.

Delana O'Brien Circle Conducts Mission Program

Delana O'Brien Circle of Hobart Baptist Church met at the church for mission study recently.

Mrs. R. B. Hedrick, chairman, presided and Mrs. Bob Marlar was elected program chairman.

Mrs. Charles Glascock taught the mission study from the book, "Apogee".

Seven members were present. Mrs. I. H. Woodward gave the closing prayer.

Zelda Sirmans and Martin Wilson Say Wedding Promises in Miami

MIAMI (SpI) — Miss Zelda Elaine Sirmans and Martin Wayne Wilson exchanged wedding vows during a double ring rite read by Rev. G. B. Bailey in the First Baptist Church, January 2.

Parents of the couple are Mr. and Mrs. E. L. Sirmans and Mr. and Mrs. James Orr of Canadian.

Miss Susan Maddox presented traditional music from the organ. The church was decorated with two seven-tier candelabra, flanked by baskets of pink and white gladioli.

BRIDE

Given in marriage by her father with "her mother and I avowal," the bride chose a dress of white rosette lace over taffeta fashioned with a fitted bodice featuring a rounded neckline and wrist length sleeves. The cuffs and neckline were edged in satin for added interest, and the street-length skirt hung in full gathers. A white pillow hat trimmed with sequins secured her short veil, and she carried a white lace handkerchief carried by her mother at her wedding.

The bridal bouquet was designed with orchids and ribbon and centered on a white Bible.

ATTENDANTS

Ettavie Sirmans attended her sister as maid of honor. She wore a pink wool dress with white accessories and carried a nosegay of stephanotis. Eddie Wilson served as his brother's best man. Ushers were Jimmy Gill and Monty Michell. Jackie Sirmans, brother of the bride and Jackie Bennett, brother of the groom, lighted the candles.

Mrs. Sirmans wore a blue knit dress, complemented by beige accessories and a white carnation corsage, for her daughter's wedding. Mrs. Orr chose for her son's wedding a beige suit with brown accessories. A white carnation corsage completed her attire.

RECEPTION

Mrs. Paul Thompson registered guests attending a reception in honor of the couple following the ceremony. Mrs. Terry Gill, cousin of the bride was in charge of the arrangements for the event which was held in Fellowship Hall. The table was laid with a white lace cloth over pink and centered with a large wedding bell trimmed with

Attending the couple during the wedding were Mrs. Bright, Mrs. Green, Mrs. Myra Patterson, Mrs. L. D. Floyd, Ruby McDowell and Sammy Green.

Following a short wedding trip, the couple is at home at 805 S. Barnes. The bride attended Canadian schools. Mr. Green is serving as an electrician with the U.S. Navy, stationed at Norfolk, Va., aboard the U.S.S. Little Rock.

DEAR ABBY: If girls don't want trouble with boys, why do they ask for it? I think it's disgraceful the way young girls sit so close to boys who are driving automobiles that you can't get a toothpick between them. There ought to be a law against having a girl's arms flung around the neck of a boy who is trying to drive. Where do they think they are? Paris? It isn't safe on the streets any more with all those one-armed drivers. I am not an old fogy, either. I am 31 years old. Someone should tell those brazen girls how to behave.

DEAR ABBY: As a citizen who is in the public eye I feel it is your duty and responsibility to back up the government in its efforts to make mail delivery easier. I have been watching your column daily in hopes of seeing something added to your message, "If You Want A Personal Reply to Your Letter, Please Write To Dear Abby, P. O. Box 3363, Beverly Hills, California." Where is your ZIP CODE number, Abby? And what do you intend to do about it?

DEAR CIVIC-MINDED: I intend to say, "My zip code number is 90212." And thank you!

Get it off your chest. For a personal, unpublished reply, write to Abby, Box 3363, Beverly Hills, Calif. Enclose a stamped, self-addressed envelope.

Bright and Green Vows Exchanged

Wedding vows were exchanged January 13 in Gray County Court House by Patricia Bright and Donald LeRoy Green. Rev. Nat Lunsford officiated during the single ring ceremony.

Parents of the couple are Mr. and Mrs. C. A. Bright, 805 S. Barnes and Mrs. Sam Green, 433 Graham.

The bride chose a street length dress of pink chiffon for her wedding. The bodice featured a round neckline and short sleeves. White accessories complemented her attire.

Attending the couple during the wedding were Mrs. Bright, Mrs. Green, Mrs. Myra Patterson, Mrs. L. D. Floyd, Ruby McDowell and Sammy Green.

Wood rolling pins, pastry boards, spoons, and other cooking accessories may be safely immersed in soap or detergent suds for washing—but should not be left to soak. After rinsing and wiping let such utensils air-dry before putting them away.

Attending the couple during the wedding were Mrs. Bright, Mrs. Green, Mrs. Myra Patterson, Mrs. L. D. Floyd, Ruby McDowell and Sammy Green.

Mr. and Mrs. M. Wilson

pink streamers and flanked with pink carnations. The three-tiered cake and pink punch were served by Miss Brenda Looper and Miss Phillis Kitchner, cousin of the bridegroom. For a short wedding trip the bride wore a blue knit suit accented with fur and matching accessories. Her corsage was the archid lifted from her bridal bouquet. Mrs. Wilson is a graduate of Miami High School and is attending West Texas State University. The bridegroom attended Canadian Schools before graduating of Miami High School. He is presently enrolled as a student at West Texas State University.

Spring Plans Told By Rose Society

The Pampa Rose Society met in the home of Mr. and Mrs. Milo Carlson with Mr. and Mrs. H. H. Boyton as co-hosts, recently.

The meeting was conducted by the president, Cecil Colburn. Mrs. D. A. Caldwell gave the opening prayer and minutes were read before new year books were distributed.

The president reported that Jackson Perkins Co. is sending 40 new rose bushes to be added to the society's project, a rose garden in Aspen Park. Contributions for a new rose was presented to D. A. Caldwell, past president, in appreciation of his service to the club.

Mrs. Caldwell presented the program, "Roses, Their Choice, and Planting Arrangements". From the members she received a list of roses that have done exceptionally well in this area. Recommendations for 1964 rose selections were made. William Bennick presented a program, "Rhythm for January" in poetry form illustrated with colored slides. Refreshments were served to 17 members.

Present for the meeting were Dr. and Mrs. Weldon Adair; Messrs. and Mrs. William Bennick, H. H. Boynton, D. A. Caldwell, Milo Carlson, Cecil Colburn and Glenn Radcliff; Dr. and Mrs. W. L. Campbell and Martin Stubbe.

Highland Circles Meet For Mission Studies

The circles of Highland Baptist W.M.U. met Wednesday for general meetings.

Thelma Bagby Circle met at the home of Mrs. Harry W. Muns, 340 S. Gillespie. Opening prayer was given by Mrs. Carl Barnes and the minutes were read by Mrs. James Bryan. The prayer calendar was read by Mrs. Franklin Jenkins with the prayer for missionaries being given by Mrs. A. M. Giesler. Mrs. Muns was leader for the circle program, "Citizen of Two Worlds," with Mrs. Brayan, Jenkins, Morris, Belote and C. Wayne Brister participating. Two new members, Mrs. C. M. Swindell and Mrs. Everett Cole, were welcomed. Nine members were present. Closing prayer was offered by the group in unison. Doris Smith Circle met at the church with Mrs. George F. Moore giving the opening prayer and Mrs. Maysel Butler reading the prayer calendar and presenting the devotional. The program, "Citizen of Two Worlds," was led by Mrs. Dee Crowder, Jr., with Mrs. Moore, Butler and William T. Fain taking part.

Closing prayer was given by Mrs. Crowder. Four members were present.

Aletha Fuller Circle met with Mrs. H. E. Winegart, 704 N. Nelson. The prayer calendar was given by Mrs. Winegart and prayer was offered by Mrs. Eunice Hunt. The circle program, "Citizen of Two Worlds," was led by Mrs. Winegart with Mrs. Hunt, Fern Britten and Orban S. Epperson participating. Four members were present. Edith Crane Circle met at the church with Mrs. Tommy J. Stewart leading the mission study. Members present were Mrs. Mmes. Stewart, Joe Allison, Gilbert Morris, Henry Maple, John A. Dawes, Jack Boyd, Tom Boyd, T. C. Drinnan, J. D. Ellis and Clyde Laycock.

Closing prayer was given by Mrs. Crowder. Four members were present.

Project Plans Made By Medical Auxiliary

Following a dinner at which husbands were guests, members of the Top O' Texas Medical Auxiliary conducted a business meeting and program recently in the Coronado Inn. Mrs. Harvey Hayes, Berger, presided. The Auxiliary of AMA is supporting the AMA in attacking mental illness. Since the National Mental Health Committee has selected this year three categories in the comprehensive program (1) suicide prevention (2) education and promotion of mental health (3) volunteer work; the program dealt with suicide prevention, stressed with a film, "The Cry for Help".

Members attending from Berger were: Mmes. W. C. Barksdale, Fred Elston, Harvey Hays, Lynn E. Hollis, M. E. Ingrham, W. W. Massad, Paul Powell, and Hon. Shinn. Pampa members attending were Mmes. R. M. Brown, J. R. Donaldson, Joe Gates, Robert Harmon, C. R. Irdlicka, Calvin Jones, Frank W. Kelley, Raymond Laycock, M. McDaniel, M. C. Overton, Felix Vendrell and E. S. Williams. Perryton member attending, Mrs. C. D. Monroe.

The next meeting is scheduled for Feb. 18 and will be conducted in Berger.

Hayes-Stoddard Betrothal Told

Mr. and Mrs. G. L. Hayes announce the engagement and approaching marriage of their daughter, Annette, to Ronnie L. Stoddard of Lake Charles, La. Vows will be exchanged Feb. 1 at 4 p.m. at Amarillo Air Force Base. Miss Hayes is a graduate of Miami High School.

Library Friends Elect Officers

GROOM (SpI) — Library Friends conducted a quarterly meeting in the home of Mrs. Truett G. Fields recently. New officers were elected for a two year term. Officers are: president, Mrs. Bill Hammers; vice-president, Mrs. Bob Carney; secretary-treasurer, Mrs. Viola Harrell; reporter, Mrs. Henry Merrick. Those attending were Mrs. Viola Harrell, Bill Hammers, E. R. Hess, C. L. Ludwig, Henry Merrick, Floyd Knight, J. R. Carney and the hostess.

Southwesterners Slate Covered Dish Dinner

Members of the Southwesterners met recently in the home of Mrs. Scott Langford, 1832 N. Wells, for business and a planning session. The covered dish luncheon

in honor of husbands of members was set for Feb. 15 and will take place in the South Western Public Service Hospitality Room at 6 p.m.

Take It From Kathy

By KATHY PETERSON Dear Kathy: I have a big problem. I liked Tom for a long time. Then we broke up for no reason. Well then I got another boy friend, Billy. I like him very much but I got a note from Tom saying he wanted to be friends again. He's so sharp. I don't know what to do. I would like to have him back but if I dropped Billy, I don't know if I really could get Tom back. They're both fine.—D. K.

Dear D. K.: You sound like the sailor who has one foot on the dock and one in the boat and can't make up his mind where he wants to be. Why must you drop Billy to be friends with Tom? If you don't play one boy against the other, see both. Your opportunity to date around will hold you in good stead when you finally decide to marry. Avoid the mistake of many young women — divorced or heading for divorces — who married the only young man they had dated throughout high school and now in their early 20s, with two or three children, they are restless and discontented. They want to sample some of the varied companionship they missed when they were your age. Their unhappiness often wrecks the marriage since they feel they are missing something.

Mt. Airy Church Scene of Wedding

CANADIAN (SpI) — Miss Therese Anna Browne and Malouf Abraham Jr., of Dallas, were married at Holy Angels Catholic Church in Mount Airy, N.C., at twelve noon Dec. 28. The Reverend Stephen Sullivan officiated.

The bride is the daughter of Mrs. Robert Connelan Browne of Mount Airy and the late Mr. Browne. The bridegroom is the son of Mr. and Mrs. Malouf Abraham of Canadian.

The bride was graduated from Mercy Hospital School of Nursing, Charlotte, N.C., and is on the staff at St. Paul's Hospital, Dallas.

The bridegroom was graduated with a B.S. degree from Trinity University, San Antonio, and is a senior at Southwestern Medical School, Dallas and will receive his degree in June.

The bride was given in marriage by her brother, John A. Browne and Mrs. Edd Utley of Greensboro was matron of honor.

The bridegroom's father served as best man and Bill Ed Abraham and David L. Browne were ushers.

The bride wore a light ivory brocade satin dress with a scooped neckline, long sleeves, fitted bodice with a full skirt of unpressed pleats ending in a chapel train.

She wore a full length, mantilla-style veil.

After the ceremony a breakfast was given at the Starlight by Dr. and Mrs. John J. Preisinger of San Francisco, sister and brother-in-law of the bride.

The evening before the wedding Mr. and Mrs. Malouf Abraham hosted a rehearsal dinner at the Starlight for the bridal party and members of the immediate families.

Desk, Derrick Club To Hear Landman

The Pampa Desk and Derrick Club will have its regular monthly meeting Monday in Coronado Inn at 7 p.m. John W. Chisholm, land department manager, Cabot Corporation, will be guest speaker. His topic will be "The Petroleum Landman."
 Chisholm was born in Electra. He attended Draughtons Business College, Wichita Falls, and North Texas School of Law at Fort Worth. He started work in the petroleum industry while attending high school as a roustabout in the Electra field and began his career in petroleum land work in 1936 as a title and lease records clerk in the Fort Worth Office of Texaco Inc., and in 1937 was transferred to Wichita Falls in the capacity of oil scout and lease man. In 1939 he was appointed district landman for Texaco at Abilene. He served 3 1/2 years with the Army in the European Theater during World War II and was discharged with the rank of first lieutenant. Returning to Texaco in 1946 he served as special staff landman in the Abilene, Midland and Pampa district offices.
 In 1948 he was appointed landman for Cabot Corporation, and subsequently organized its Land Department.
 He is a member of the American Association of Petroleum Landmen, Panhandle Association of Petroleum Landmen, Texas Mid-Continent Oil & Gas Association, and is treasurer of and a director of the Panhandle Producers & Royalty Owners Association.

Foreign News Commentary

By PHIL NEWSOM
UPI Foreign News Analyst
 As a Communist regime entrenches itself in Zanzibar and Communist-abetted unrest stirs Tanganyika, other violent events just next door work in favor of further Communist penetration of northeast Africa. Small-scale but bloody clashes are occurring regularly in an arid region of wandering nomads, dust and herds of sheep, goats and camels, almost worthless except that it is land now held by Kenya and Ethiopia but claimed by the Republic of Somalia for a "greater Somalia."
 It is the kind of brushfire situation ideal for Communist infiltration. Somalia acquired independence in 1960 through a combination of former British and Italian holdings. Its location on northeast Africa's "horn" gives it a position of strategic importance on the approaches to the Suez Canal.
 Its warlike Moslem tribesmen are Hamitic, separated from the black Africans to the south both by origin and religion. For countless years, Somali herdsmen have moved their livestock according to the season, heedless of obscure boundaries.
Two Million Population
 Somalia's own population is about two million, with another 350,000 Somalis living in adjoining areas of Ethiopia and Kenya which the Somalis claim. This includes almost the eastern half of Kenya's remote northern frontier district, and Ogaden, a point-shaped tip of Ethiopia jutting into Somalia.
 Somalia has invited openly Somali tribesmen in Kenya to "rejoin" greater Somalia. She has accused Ethiopia of forcing an "unbearable" burden upon her by driving thousands of Somali refugees across the Ethiopian border, and has been accused in turn of inciting tribesmen to revolt.
 British troops are backing Kenya's frontier forces and British planes are carrying in food and ferrying out the wounded.
 Into this unhealthy situation, the Communist nations have moved strongly.
 When the United States and other Western nations refused Somali requests for military assistance regarded as far greater than normal needs, the Soviet Union offered to equip an army of 20,000 men.
 In November, the Somali parliament ratified a new trade agreement with Communist China.
Satellites Extend Aid
 The Soviets also have given Somalia credits of \$63 million and the promise of technicians to aid her development.
 Other aid has come from Czechoslovakia, Romania, East Germany and Red China.
 The United States, joined by West Germany and Italy, had offered to supply an army of 5,000 or 6,000 men, along with

Democrats Hear Tulia Journalist

A crowd of about 100 members and guests of the Democratic Club of Gray County met at the Coronado Inn Thursday evening to hear H. M. Baggary, editor of the Tulia Herald and recipient of many honors in the field of journalism, speak on the subject of "Textbook Censorship."
 Baggary pointed out how various extremist groups have taken out of context certain passages from well respected textbooks and accused the authors of being subversive. He warned the group of self-appointed censors who would like to delete from textbooks facts which have historical value simply because these facts are not compatible with their own political thinking.
 Baggary was introduced by Jim Osborne, president of the Democratic Club. Other officers are Margaret Guidry, secretary, and Paula Hungford, treasurer.
 The next meeting is scheduled for Feb. 10 at 7:30 p.m.

Cities Service Honors Employees on Safety

Members of Cities Service Oil Company's Gas Processing Plant near Pampa were honored with a safety dinner Monday evening at Pampa. The group has completed 100,000 hours without a lost-time accident.
 Present from Bartlesville to help the Cities Service men commemorate their enviable record were Lambert Botts, W. G. Osborne, Mac Roberts, and J. E. Chaffin. Lloyd Sanders of Odessa was also present.
 Included in the group honored for their safety record are L. F. Batson, A. G. Beuselink, Robert E. Bishop, W. R. Bonnell James L. Brown, I. U. Bryant, E. S. Cantrell, Millard L. Cox, Albert R. Degner, George H. Elmore, Ray W. Forkner, C. G. Gillespie, Arthur W. Griggs, W. R. Harden, Crawford Hughes and Mose S. Hughes.
 Also L. C. Isom, Gene M. Locke, M. D. Milligna, Alden E. Myler, Marvin Sullyman, Harry Troglin, R. H. Walker, Loyal H. Davies, L. D. Ochs, A. N. King, Verlin D. Rice, and Andy S. Largin.

Auto Sales Lead in Retail Trade for '63

AUSTIN (UPI)—A \$1.3 billion spending spree in December gave Texas a 3 per cent increase in retail trade for 1963, the University of Texas Bureau of Business Research reported Saturday.
 Automobile sales led retail trade throughout the year, providing most of the 7 per cent increase in sales of durable goods from 1962 to 1963.
 Most all other categories of retail stores ended 1963 with sales only slightly better or the same as 1962.
 Sales of nondurables were only 1 per cent above 1962, and would have shown a decrease except for the buying binge in December.
 The bureau said much of the December business was apparently trade that was delayed from November because of the assassination of President Kennedy.
 Furniture sales slow
 Furniture and appliance stores, which had a 27 per cent increase from November to December, ended the year only 1 per cent ahead of the previous year.
 Lumber, building materials and hardware stores also had only a 1 per cent increase. Farm implement sales dropped 1 per cent below the 1962 level.
 Even active trading in December was not enough to give apparel stores an increase. Men's and boys' stores had a 2 per cent boost but all other

Foreign News Commentary

types of apparel stores showed losses.
 Eating and drinking places and drugstores had increases of 1 per cent or less.
Discount Stores Gain
 The bureau said chain discount houses are apparently making serious inroads into the business of food stores. Food stores had only a 1 per cent increase in volume, which the bureau noted was not enough to match the population growth.
 Department stores showed no change from 1962 and general merchandise stores had a 1 per cent increase.
 Service stations, liquor stores and office, school and store supply dealers all had 1 per cent increases.
 Austin and Fort Worth had the healthiest business increases from 1962 to 1963. Both showed

Mobil Gives Dinner For Lefors Employees

Members of Mobil Oil Company's Lefors producing area were honored at a safety banquet in Pampa Friday. This group has completed 225,000 hours without a disabling injury under the supervision of C. F. Willmon, production foreman.
 Included in the group were:

Level Steady on Falcon Reservoir

LAREDO, Tex. (UPI)—Both water level and storage at Falcon Dam, downstream from Laredo on the Rio Grande, are holding almost steady at the highest levels since last March.
 At the dam site last Thursday, the reservoir was 103.95 feet, up from 103.33 feet Dec. 15. The reservoir covered 50,350 acres and there were 1,256,700 acre-feet of water in it.
 The inflow Thursday was a little greater than outflow. The River at Laredo flowed 1,220 cubic feet a second, all for the United States.
 Mexico is not using water from the reservoir at present.
 The Tower of London is not a tower, but a group of fortress buildings, none higher than six stories.

The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP O' TEXAS
TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities. We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself, no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

A Lifetime of Accomplishment

A great many of us adopt the alibi that we do a great deal more than we do, except we don't have the time. We are reminded that Thomas Jefferson, who had the disadvantage of never owning an automobile, never talking on the telephone, never watching television, never having a newspaper to read which brought him events of world significance within a few hours of their happening, never flying in an airplane, never riding in a train, still found time in his life to do quite a few things.

There were only 24 hours per day and only 365 days per year back in the close of the 18th Century. Yet before Jefferson died, in 1826, he had:

- 1. Finished college in less than three years.
2. Studied law and was admitted to the bar at 24.
3. Introduced crop rotation and terracing to the U.S.
4. Designed and built his own home.
5. Designed one of the nation's leading universities.
6. Designed the capitol building of Virginia.
7. Invented a plow.
8. Invented a manifold signing machine.
9. Invented a copy press.
10. Invented double-swinging doors.
11. Invented a seven-day calendar clock.
12. Originated the decimal system for U.S. money.
13. Became proficient on the violin.
14. Became a serious student of natural history, Indian languages, Latin, Greek, Italian, French, German, Anglo-Saxon, mathematics, history, geography, civics, economics and philosophy.
15. Served as a member of his state legislature.

17. Served as governor of his state.
18. Served as minister to France.
19. Served as secretary of state.
20. Served as vice president.
21. Served as President for two terms.
22. Launched the government school system.
23. Became president of a university.
24. Established the U.S. Military Academy at West Point.
25. Designed the uniforms of the cadets. (They still use the same design.)
26. Wrote the rules of parliamentary procedure for the U.S. Senate. (These rules are still in vogue.)
27. Became an excellent host and did a great deal of entertaining.
28. Fought for and obtained a republican form of government while opposing and preventing the institution of a political aristocracy.
29. Wrote 16,000 letters to friends and contemporaries all over the world.
30. Designed his own tombstone.
31. Wrote his own epitaph: "Here was buried Thomas Jefferson, author of the Declaration of American Independence; the Statute of Virginia for Religious Freedom; and Father of the University of Virginia."

We might review these thirty points the next time we feel that we are too pressed for time.

Of course all of this might have been a little different if Jefferson had had to fill out as many governmental forms as we do. Or if he had had to take the time to earn all the tax money the rest of us do. Clearly, the simple, relatively untaxed life can be productive.

Civil Rights Bill Power Startling

John C. Satterfield, past president of the American Bar Association, points out that the "pro" side of the Civil Rights bill now pending in Congress has been pretty well aired; those who support the measure are insistent that federal force be used to make all races and all religions equal to each other. Which, no doubt accounts for the emotional pull the bill holds for all of us; fairness, equal treatment for all.

But the obverse side of this hot coin has not been so clearly disclosed. What price "equality"? Concede we want fairness, do we really want equality? And what is fair?

For instance, the power this bill gives the Attorney General starts a person. Under Title II, to make the point, the Attorney General would have the power to inject himself as the attorney for individuals and to sue on their behalf and without their consent. For instance, he could inject himself into a dispute concerning the assignment of pupils in a school.

Surprisingly enough, when this sort of power was in the talking stage, before it was written in today's bill, the Attorney General expressed doubt as to its wisdom. He said such power would inject Federal executive authority into areas which are not its legitimate concern. As indeed it will.

But since then, since the Attorney General questioned this kind of power, the thought has been put on paper and is now pending in Congress and the Attorney General is supporting it.

Nor is that the extent of the bill's radical provisions. To illustrate further, under four titles of the bill, the Attorney General is allowed to serve as the personal attorney for anyone who feels he has been discriminated against — whatever discrimination is, the bill doesn't define that. All that such people would need to do would be to apply to his office and, upon his own authority, he could supply them any number of attorneys, do for them the needed staff work, then prosecute the

case and hold the taxpayers responsible for the cost. In short, the Attorney General would pay for everything whether or not the case stood up in court.

No such privileged position would be available for defendants. Defendants, as always, would have to pay their own way, defend themselves as best they could. Only under Title II could the successful defendant recover attorneys' fees.

Moreover, once the Attorney General decided to act as the personal attorney for an individual, if he felt the case would come before a judge not to his liking, he could shop around by calling for a three-judge panel. But the defendant would have no such right. The defendant would take what the Attorney General called for and do with that. Attorneys call this "forum shopping", and it is repugnant to the canons of American jurisprudence. But there it is, in today's Civil Rights Bill.

Another facet which gives concern to thoughtful people is the authority it gives the Attorney General to jail people without jury trial. Say there were a businessman who would not or could not (without destroying his business) abide by the finding of Federal inspectors. In such a situation the Attorney General, under the authority given him in this bill, could haul him before a Federal judge and have him enjoined. If the businessman persisted in refusing to destroy his business by not obeying the Federal orders, he could be imprisoned, pre-emptorily, for a period not to exceed 45 days. And when he was released, the same routine could be repeated, again and again — with the businessman never being able to take his case before a jury. Under the bill, public officials as well as businessmen can be imprisoned in this way, without trial by jury.

Whatever a person's emotional pull may be as to fairness and equality, it would seem a point of wisdom, before lending one's support to this measure, to determine what is fairness, and what is to be the cost of "equality".

By Frank J. Markey

Pull Up A Chair

One of the most remarkable women in the news today is Mrs. Luther D. Johnson, who heads the world's largest women's patriotic organization — the American Legion Auxiliary. She's constantly on the go, visiting every area of the 50 states. Tiny Mrs. Johnson has big ideas. She's a human dynamo. More power to her. She's given the Auxiliary a new look and points out to the ladies in all local communities the important part they play in guarding our nation's security.

Today's smile: A truck driver stopped to lend assistance to a feminine motorist with a flat tire. "What kind of jack do you have?" he asked. She replied: "Would \$5 be enough?"

Born too soon: Leonardo da Vinci could have written his own ticket with General Motors if he had lived in this century. When he died in 1519 he left behind sketches and plans for an airplane, a printing press and several other machines, unheard of then but commonplace now. Scapes of Justice: Last summer a fisherman caught a 48-pound and a 22-pound striped bass. He entered both in a Cape Cod fishing contest with the understanding that both fishes would be returned to him for mounting. He lost the contest and also his prized specimens. But justice was served when he sued the contest operator for his loss and was awarded \$1,000, a high price for 70 pounds of fish.

Thoughts while shaving: You frequently read about books that are banned from the mails because they are obscene. Uncle Sam hoards 10 copies of each banned volume in a special section of the Library of Congress. Access to the so-called Delta section is limited to congressmen and their aides. Never knew 'til now: New York's cloak and suiters have five seasons a year — spring, summer, fall, winter and the Florida season. The latter comes between winter and spring and gives the boys a testing period for summer wear. . . . An Oklahoma correspondent tells us Tulsa is the only American city boasting three streets whose name begin with "X." She lists Xenophon, Xanthus, and Xyler streets. Xenophon was undoubtedly named for the ancient Greek historian; Xanthus was the name of an ancient city in Asia Minor that figured in Persian, Greek and Roman history; but we don't know how Xyler got its name. Reported in the Washington (D. C.) Sunday Star. My own university is in the middle of a big fun-raising campaign, he said. A laudable project for anyone's alma mater. . . . You're getting along if you can remember when Zex Confrey played piano with Paul Whitman's orchestra. His "Kitten on the Keys" is a modern classic, but the idea of a cat on a piano keyboard is nothing new. A similar idea inspired the 17th century Italian composer Scarlatti to write "The Cat's Fugue," one of his most famous compositions. . . . Alaska was known as Seward's Folly when it was purchased from Russia in 1867 by our then Secretary of State William H. Seward for the bargain price \$7,200,000. Can you imagine the trouble there would be today if Russia still owned the northwest corner of this continent?

Country Editor speaking: "Car sickness is that feeling you get every month when the payment is due."

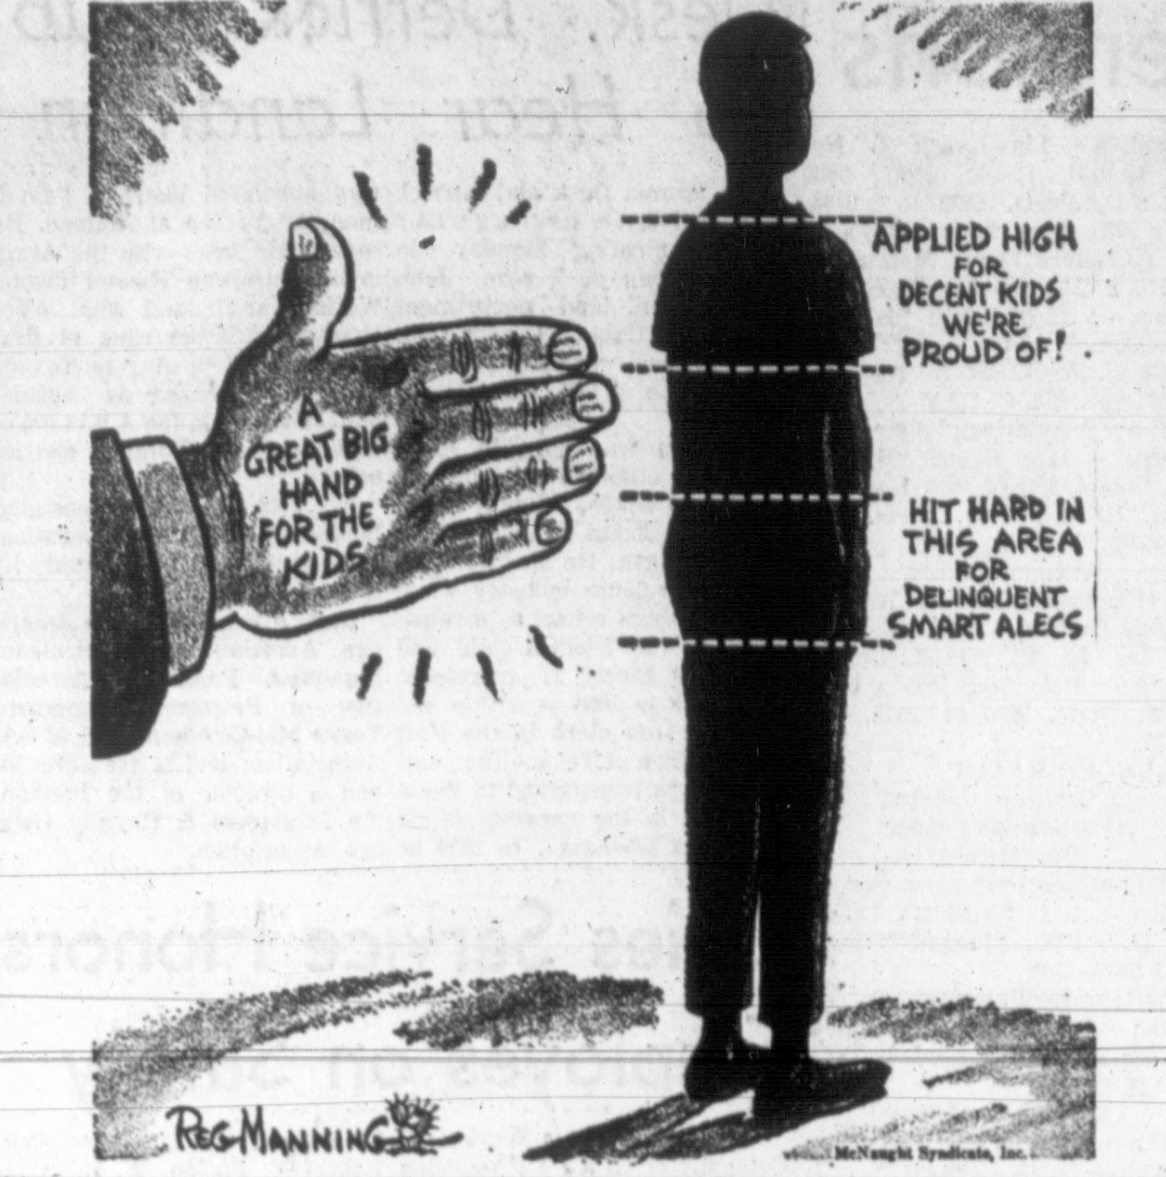

Thomas A. Edison took out more than 1,000 patents on electrical equipment.

When paper bags began to compete with cotton bags as containers for feed, the National Cotton Council sent emissaries to farm wives to show how they could convert cotton feed bags into attractive dresses. The idea proved an effective stimulant to the sale of cotton.

Some Guantanamo officials doubt the Cubans' story, but were unable to uncover evidence that they were Castro agents. The workers have been shipped to Puerto Rico, where they are living with other Cuban refugees. Approximately 1,000 Cubans

work on the base, daily traveling to and from their nearby homes. Castro can block this any time he wants to, but is finding it profitable to allow it to continue. He takes more than half of the Cubans' pay, netting him several million dollars a year.

Anatomy of Back-Patting for Teenagers

Allen-Scott Report

Castro Stepping Up Efforts To Provoke Violence At Guantanamo As Basis for UN Pressure to Oust U.S.

WASHINGTON — There are increasing disquieting indications that dictator Fidel Castro, aided and abetted by Premier Khrushchev, is readying a Panama furor - type drive to oust the U. S. from the big Guantanamo naval base it has occupied under lease in Cuba since 1903.

From the mounting evidence, the Communists' apparent strategy is to deliberately provoke violence and incidents at Guantanamo as a prelude to bringing the base issue before the United Nations. It is deemed highly significant that these disturbing portents have markedly intensified since the Panama crisis and Castro's mystery - shrouded trip to Moscow.

The threatening developments include: — Soviet bloc representatives at the UN are urging Latin American diplomats to take the lead in moves to compel the U. S. to give up control of the Panama Canal and to relinquish Guantanamo — with emphatic assurances of vigorous Red support.

— Castro's UN representatives have become very active in seeking backing for a plan to denounce the U. S. for "aggression," etc., for holding on to Guantanamo.

— The Castro government has again rejected the annual \$2,000 gold rental payment for the naval base. However, it collects regularly the monthly \$14,000 bill for water for the base — supplied by a Castro-nationalized concern. The water payment is in dollars.

— A machinegun disappeared from a locker; later was found hidden on the base near a heavy wire fence in an area constantly patrolled by Cuban troops.

— Rear Admiral John Bulkeley, base commander, now gets a daily report on what he describes as "rock throwing incidents." Lately, these have noticeably increased, with Cubans throwing rocks at Marines on guard at the base for the obvious purpose of provoking incidents. The Marines are under orders not to retaliate, but on occasion they do.

Clearing House

Articles for this column are preferred to be 300 words or less in length. However, longer articles may be printed. All letters must be signed.

MEANDERING Editor: Pampa and the Top of Texas have only one serious flaw. There just isn't any place to meander. A flat terrain doesn't provide a good place for meandering. This is a serious flaw in our geographical location and one that even the people percolators in Washington can't cure.

Early in life I became an expert at meandering; in fact, I would have liked to have made meandering my occupation, but unfortunately I can't support a family as a professional meanderer. Never-the-less, I feel that everyone should develop the art of meandering: it's soothing and comforting, acting as a tonic for both body and soul.

Unarmed, he left the base and sauntered for a mile across the Cuban countryside singing the Star-Spangled Banner and Marine Corps Hymn, then nonchalantly returned unchallenged and untouched.

CASTRO FLASHES—An average of two Soviet bloc freighters a week go through Guantanamo Bay enroute to Guantanamo City a supply base for the large forces maintained by Castro around the base. These troops include Russians, whom the Marines call "white Cubans."

SOCIAL WHIRL—Now that Mrs. Perle Mesta, multi-millionaire "hostess with the most-est," is again in the good graces of the White House, she is making the most of it and entertaining furiously. Few days go by that she doesn't give a party of some kind, and on occasion several.

James Waldrop 404 Doucette

Johnson May Not Enter Primaries

By BRUCE BLOSSAT

WASHINGTON (NEA)— Though a hard final decision has not been made, President Johnson's advisers expect now that he will not enter any of the nation's presidential primaries. His entry in such places as New Hampshire, New Jersey, Pennsylvania, Ohio and Wisconsin has been under active review at the White House for some weeks. The prevailing notion is that the President's best political course is to stick to the grindstone and add what further cuts he can to his currently effective all-business-and-nonsense image.

Yet the primary route has strong appeal. It would afford the President a chance to run up "test scores" of votes in the industrial Northeast and Midwest he must crack for victory in November.

Under Oregon law, state officials place on the state's primary ballot any "generally advocated" candidate. Johnson fit that bill in 1960.

He made no campaign however, and tallied a mere 11,101 votes against the winning 146,332 of the late John F. Kennedy.

This year Johnson naturally would have no party opposition. Healthy vote totals, set against Republican figures, would be the goal. One veteran Democratic professional suggests the President also could use the political exercise. "He needs to get acquainted with the eastern political mind."

But these persuasions evidently are losing out. Even assuming the President would hold any spring campaigning to a minimum, this is seen as a risky tampering with the portrait of himself he has fashioned so carefully since Nov. 22, 1963.

There has to be some concern also — though it is not openly expressed in White House circles — that here and there Johnson therefore suffer a needless early blow. In 1952 former President Truman allowed his name to go on the New Hampshire primary ballot, only to have the late Sen. Estes Kefauver edge him out by a few thousand votes.

On the other hand, former President Eisenhower, who needed neither the delegates nor the vote showing, piled up some huge votes in 10 primaries in 1956. He did not campaign. A good many of the Democratic leaders who assembled recently in Washington question, however, whether Johnson would profit in any way from such outings.

Samplings of state leaders from coast to coast find them privately overjoyed at the President's current position in their territory. Most do not expect him to hold to the present giddy pinnacle. But they think he can slide off a lot and still do well.

A New York man offered to bet that Johnson would carry his state next fall against any Republican by upwards of 700,000 votes, nearly twice Kennedy's 1960 margin. A California leader thinks the President will take his state, even if his stock drops substantially in the intervening months. From usually Republican Iowa and Kansas, there is similar cheerful word for Johnson.

Turning Back You The Years

(From the files of the Pampa Daily News)

30 Years Ago Today Jan. 26, 1934 Enrollment in the CWA school which classes will start Monday, had reached 50 yesterday and will continue from 4 to 6 p.m. today in the high school entrance hall. 25 Years Ago Today A new aviation venture proved successful here yesterday afternoon when sowing grass seed from an airplane was accomplished by Paddy Par pilot for the Cabot Co. 10 Years Ago Today Pampa Sheriff Rufe Jordan has an adversary in the person of John McFall, local contractor, for the March of Dimes benefit hot cake eating contest at Johnson's Cafe Wednesday morning.

The Almanac

Today is Sunday, Jan. 26, 26th day of 1964 with 340 follow. The moon is approaching full phase. The evening stars are Venus and Jupiter. Those born this date include Gen. Douglas MacArthur 1880. On this day in history: In 1815, the library of Thomas Jefferson was purchased the beginning of the Library of Congress. In 1837, Michigan joined Union as the 26th state. In 1861, Louisiana seceded from the Union. In 1945, a syndicate headed by Larry McPhail and I. Topping bought the New York Yankees baseball team for a million.

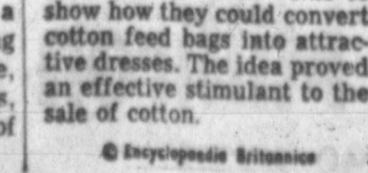

BOMB SCARE PARIS (UPI) — An airplane went out at Orly Airport Tuesday morning when a valise loaded onto a Marsfield bound plane began emitting strange buzzing sounds and scorched odor. Police were summoned quickly and they stopped the passenger who owned the suitcase. When they checked the red-faced passenger discovered a suspected "bomb" was a tery operated toothbrush which had jarred and turned itself, chewing up its plastic case.

HOW TO ADDRESS OUR LAW MAKERS

Center Wrap-Up

George Smith, Director
Pampa Youth and Community Center

For those new in town and who do not know what Center Wrap-Up is—here is a short outline. Center Wrap-Up features the program and activities of the Pampa Youth and Community Center. Information about events to come and going on currently is usually our main topic. The Center is for all ages and is located at 1005 W. Harvester. New members are welcome. The memberships are for \$8 for a year. Family memberships are \$12 and \$20. A budgeted membership is called a sustaining membership and may be paid out \$6.25 each quarter.

Activities include basketball, volleyball, trampolining, shuffleboard, badminton, tumbling, weights, swimming (year round), pool tables, swimming lessons, handicapped children's craft classes, tetherball and various quiet games such as dominoes, checkers, chess, etc. Available also is a juke box, concessions room, reading room, television room and ping pong tables.

The Center has finished the first week of polywogs and beginners for children and the women's beginners swim class. Enrolled in the polywogs are Peggy Wilson, Carol Sparkman, Debbie Barker, Debbie Rogers, Danny Brister, and Jessie Musgrave. In beginners are Cindy Rogers, James Carter, Michael Lancaster, Frank Stowers, Linda Willis, Mickey Musgrave, Ricky Musgrave, Nicki Musgrave, Forrest Taylor, Amelia Vendrell, Ricky Spert, Jimmy Harper, Jacquie Dennis and Wiley McIntire.

New Play by Miller Part Autobiography

By JACK GAVER
UPI Drama Editor

NEW YORK (UPI)—An unsuccessful marriage involving a fit-faded blonde record and television singing star and the echoes of the McCarthy autobiography touches playwright Arthur Miller's "The Fall," which had its premiere Thursday night.

"The Fall" is the first of the new Washington Square Theatre's first-nighters at the new three-hour drama was a general way, a personal narrative for the playwright; though he had put himself behind the couch and was his own analyst.

Miller's portrait of Quentín, a successful lawyer of 40, equates to a shapely, pretty unknown, Barbara Loden, complete with blonde wig in the second act. "has what everyone will relate to as the Marilyn Monroe" referring to Miller's first star second wife who died of an overdose of sleeping pills a year and a half after their divorce.

Chance Meeting
This character, Maggie, is depicted as a girl from a broken home, with not too much affection, who is a phone girl in Quentín's office. He doesn't know she exists until a chance meeting in the park when he is getting with marital problems in his first wife. Within a few minutes she is suddenly a great thing and follows up on a date. He marries her.

"In his own career suffers during this marriage that soon becomes hectic because of the insecurity of the star, who feels she never is loved enough and takes to liquor and pills to keep her going. In a dramatic scene leading to one of the film blackouts, he almost drowns her, but she is revived a few months of life later when she walks out for good."

The play is about Quentín's search for truth and justification for his own continued existence, and one element of his search involves the defense of a former law professor, a much-loved man, under investigation by the House Committee on Un-American Activities of a suspected former Communist.

This is the last month a student may start budgeting a membership at the Center. On the Student Payment Plan a person may pay \$1 per month for five months plus \$2.25 and obtain a half-year membership. A full year membership may be budgeted \$1 per month for eight months plus \$5.00.

The center sponsors a swim team called the Dolphins and students need only be center members to join the team. The Dolphins compete in several meets during the year and the team is co-sponsored by the parents.

To join the Dolphins you need only see George Smith or Harold Thrasher and express your desire to join. Members must be able to attend at least three workouts each week. The Dolphins work out weekdays from 6-7 p.m. and Saturdays from 9-11 a.m.

"THE THING WITHOUT A FACE" IN PANACOLOR

New Books on Shelves At Public Library

FICTION
The Dangerous Islands — by Ann Bridge; the heroine, Julia Probyn, and a cast of Secret Servicemen, spies, counterespies, and even some innocent bystanders are involved in adventure through the Hebrides, Ireland, and the Scilly Isles trying to answer some questions about camouflaged satellite tracking stations.

The Terret — by Margery Sharp; those readers who have followed the adventures of Miss Bianca, Bernard, and Mouse Society in "The Rescuers" will welcome this book. This time Miss Bianca is placed in the position of having to rescue her enemy.

The Rocks Remain — by Gavin Maxwell; here for all the readers of "Ring of Bright Water" is what happened next. The years between 1960-63 had many trials and tribulations, sorrows and excitement for Maxwell, his otters, and his Scottish home.

Naked Came I — by David Weiss; a novel of Rodin, the titanic force and energy of the whole man — challenging the polite sensibilities of the age.

NON-FICTION
Dorothy and Red — by Vincent Sheean; the love and life together of Sinclair Lewis, author of "Main Street," and Dorothy Thompson, correspondent for the Curtis Publishing Co. in Europe, as told by a man who was their long and loving friend.

And Suddenly It's Evening — by Mabel Barbee Lee; the reminiscences of Mrs. Lee as Dean of Women at Colorado College, Radcliffe, and Bennington, where she was the first dean of admissions, show a picture of

Amusement Page

the emerging American college woman of the 'twenties and 'thirties.

Looking Outward — by Adlai Stevenson; includes Mr. Stevenson's many memorable speeches and statements on U. N. affairs. He discusses the relations of the U. S. with the U. N. and speaks of democracy and patriotism, F. D. R., the Emancipation Proclamation, and his tribute to Eleanor Roosevelt.

All But My Life — by Stirling Moss; the story of one of the world's greatest racing car drivers. Moss, now in retirement at 33, has raced 466 times and won 194 of them. This is the tale of death and daring told to an authority in motor car racing.

Through Darkest Adolescence — by Richard Armour; his own two teen-age children are the subjects of these humorous observations about teen-agers at school, parties, home, in cars and in trouble.

Vietnam Diary — by Richard Tregaskis; describes our biggest military effort since Korea in which the U. S. has developed new techniques (principally with helicopters) for containing guerrilla forces; this is an eyewitness account of 14,000 Americans fighting in a new kind of war.

One of the oldest settled sections of the U.S.A. is the Shenandoah Valley.
