GRADUATION LINE — More than 250 Pampa High School seniors lined up behind the fieldhouse this morning for a final practice session of commencement exercises. The students are scheduled to return to the fieldhouse tonight for commencement which will be held at 8 p.m.

Viet Nam Leaders Ban 9 Newspapers

SAIGON, South Viet Nam (UPI) — The military government of Maj. Gen. Nguyen Khanh cracked down on its critics during the weekend by banning nine newspapers and holding several political oppo-

Congressman Makes Fast Trip to City

Congressman Walter Rogers of Pampa was in his office today on a whirlwind trip through town before leaving for Washington tomorrow.

Rogers said this morning he had hoped to be able to stay in Pampa for about 10 days but important legislation before Congress will force him to return.

He said that a bill will come before the House tomorrow concerning the construction of a new \$35 million hospital at the Amarillo Air Force Base and another \$15 million worth of improvements at the base.

Rogers left Washington Friday and spoke to the Alabama State Broadcasters at Biloxi, Miss. Friday night. He then traveled to Dallas where he spoke to the Dallas Association of Broadcasters.

The Congressman said he hopes to return to the Panhandle in another two or three weeks.

NAACP Steps Up Campaign With Donation

By United Press International
The National Association for the Advancement of Colored People announced Sunday that more dollars and lawyers will be thrown into the "long hot summer" on the civil rights scene.

The announcement was made in New York where NAACP aide Jack Greenberg disclosed that an unidentified donor has given \$500,000 to the NAACP legal defense fund. It was called "the largest single contribution to any organization in civil rights history."

Greenberg said the money was given in anticipation that "tens of thousands, who will presumably be arrested in future non-violent demonstrations, will need legal representation."

In Chicago, former Black Muslim leader Malcolm X urged Negroes to form a committee of civil rights leaders to take protests against segregation to the United Nations.

WEATHER

PAMPA AND VICINITY — Fair to partly cloudy, warm tonight and Tuesday. Light scattered thundershowers tonight and Tuesday. Highs tomorrow in upper 90s. Low tonight, mid-60s.

School Days Come to End For Seniors

The 1963-64 school year will come to a close tonight at 8 p.m. for Pampa High School seniors who will participate in commencement exercises at the school fieldhouse. It will also climax 12 years of schooling for most of the students.

Diplomas will be awarded by Superintendent of Schools J. J. Edmondson. Speeches will be made by Ann Christie salutatorian, Martha Pattillo valedictorian and Larry Gregory, class president. Edmondson will also make the presentation of special awards and honors.

Vesper services, the religious part of graduation, was held yesterday at 5 p.m.

Students did not attend classes today and will return to school tomorrow to pick up their report cards.

St. Vincent's Catholic School will hold a graduation mass and banquet on May 31.

Summer school in Pampa will begin next Monday.

Senate Debate On Rights Go To 12th Week

WASHINGTON (UPI) — The Senate's talkathon on civil rights moved into its 12th week today with Republicans scheduled to take another look at a package of amendments endorsed by leaders of both parties.

GOP leader Everett M. Dirksen, Ill., called the Republicans into a closed session for a fourth discussion of the package. Three similar meetings were held last week.

Senate leaders were hoping to introduce the package of amendments sometime during the week and set the stage for a cloture vote in June.

While leaders worked off the floor in trying to fashion a bill which could draw enough votes to cut off the debate, they also continued a slow-down on action in the chamber.

The Senate was scheduled to meet at noon for the remainder of the week with no indications of night sessions until, at least, after the Memorial Day weekend. The Senate planned to recess after Thursday's session until Monday.

Sen. Joseph S. Clark, D-Pa., said Sunday he did not like any part of the leadership's amendments, but would support them because "we've got to have a bill."

Clark said in a television interview that he left a Democratic caucus last week because at one point it became clear that any senator who stayed and participated in the wrapping up of the package of amendments, so to speak, would be morally bound, to support them.

"I was not prepared to do that and so I left the meeting in order to retain my moral liberty to act as I saw fit on these amendments, and I do think some of them are quite unfortunate," he said.

If it comes from a hardware store we have it. Lewis Hardware, Adv.

Finance Plan on Sewage Plant to Top City Agenda

Need Cited for Replacement of Nine Miles of Crumbling Lines

Top discussion at Tuesday's meeting of the Pampa city commission is expected to center around plans for financing construction of a new sewage treatment plant and the replacing of more than nine miles of crumbling sewer lines.

R. A. Underwood & Dallas and William Gilstrap of Amarillo representatives of R. A. Underwood & Co., investment brokers and Pampa's fiscal agent, arrived late this forenoon and went into conference with city officials to study methods for financing the plant and line replacement.

They were to confer during the day with City Manager Harold Schmitzer, City Attorney Bob Gordon, City Secretary Edwin Vicars, City Engineer Harold Foreman and Tax Collector Aubrey Jones.

Further discussions and recommendations of city officials and the fiscal agent will be heard when the commission convenes at 8:30 a.m. tomorrow in the City Hall.

It was stated that voters eventually will be asked to approve a bond issue covering both the sanitation plant construction and the replacement of the deteriorating concrete sewer lines.

City Engineer Foreman said the concrete lines are crumbling so fast that it keeps two crews busy daily taking care of stoppage.

"We are averaging from 8 to 10 stoppages a day," Foreman said. "There were more than 300 stoppages last month."

The city engineer said the need for replacement of the concrete lines with tile lines is immediate.

City officials have not yet arrived at a figure for the total bond issue required for both construction of the sewage plant and replacement of the lines.

Previous estimates mentioned at city commission meetings have been in the neighborhood of more than a half million dollars for the sanitation plant and approximately \$140,000 for replacing the sewage lines.

House Panel Expected to OK Aid Bill

WASHINGTON (UPI) — Members of the House Foreign Affairs Committee were expected to give their approval to President Johnson's "bare bones" foreign aid program today, paving the way for a floor vote in early June.

The committee made no major changes in the \$3.5 billion total aid request and won a commendation from Johnson for its speedy approval of an additional \$125 million in military aid to South Viet Nam.

Johnson requested the extra amount after some doubt was expressed whether the \$1 billion total for military aid in the program sent to Congress last January would be enough. The program also includes \$2.4 billion in economic assistance.

Other congressional news: Civil Rights: Republicans planned to take another look at amendments endorsed by leaders of both parties as debate on the civil rights bill went into the 12th week. Senate leaders hoped to be able to introduce the amendments later this week and bring a cloture vote in June.

Viet Nam: The House Armed Services Committee was to continue hearing a briefing on the (See AID BILL, Page 3)

Allen and Scott Score Another Sensational Beat

Robert S. Allen and Paul Scott did it again! The "bugs" in our Embassy in Moscow and the long term security breach these microphones caused was front page news everywhere last Wednesday — but you read it first in The Allen-Scott column in The Pampa News on Monday.

Not only did this column in The News score a sensational newsbeat — by breaking the story two days ahead, it started the news services battering at the State Department until the Allen-Scott exclusive was confirmed.

For another sensational exclusive by this great news team turn to today's column on Page 8.

268 Killed in Melee At Peru Stadium

By ALBERTO J. SCHAZIN

LIMA, Peru (UPI) — The government decreed semi-martial law today to halt rioting after a stampede in the soccer stadium in which at least 268 persons were killed and more than 700 injured.

A state of national mourning was ordered. The riot in the national stadium started when an Uruguayan referee discounted a goal scored by Peru in a game with Argentina and the latter won, 1-0.

Hot headed fans in the crowd of 45,000 swarmed on the field to attack the referee and police started throwing tear gas grenades. The crowd stampeded for the exits only to find some of them still closed. Hundreds were trampled to death in the mass hysteria.

A baby was born in the stadium at the height of the rioting. It was not known whether the child and mother survived.

Priests walked among the trampled as the panic eased, administering the last rites. Most of the deaths were due to asphyxiation.

The huge national stadium where the rioting occurred was jammed today by thousands of curious. The shattered steel wall separating the playing field from the bleachers gave mute testimony of the violence of the stampede.

Hundreds of glass windows were shattered. Some sections of the stands had been burned.

Piles of Shoes
There were two piles on central stairways of shoes of the victims trampled to death. A great blotch of blood on one wall showed how people had been crushed against it by the thousands stampeding for the exits.

Newsmen at the scene said the small police force present some 40 men with two dogs made excessive use of tear gas, perhaps because they were afraid of being overwhelmed.

Police identified the principal troublemaker at the game as a well-known underworld figure, Matias Rojas. They said he had led the mob onto the field to attack the referee after the protested decision.

The government emergency decree was issued after angry mobs surged through the streets Sunday night, stoning and setting fire to buildings.

Civil rights were suspended for 30 days and arbitrary arrests, searches and seizures were authorized without recourse to the courts.

The decree also empowered the government to place all of the nation's police under military control — virtually imposing martial law — but it was not certain immediately whether it would do so.

Among the buildings set on fire was the Goodyear Rubber Factory, but there was no general looting. (See MELEE, Page 3)

Last Neutral Post Falls to Pathet Lao

VIENTIANE, Laos (UPI) — A neutral position on the strategic Plain of Jars, Laos, today was chased out of two command posts during the past 10 days as the Communists swept over the Plain of Jars, forcing royal troops to the hills.

The Defense Ministry said North Vietnamese troops were participating in the operation.

The continuing Communist offensive dampened hopes that the Pathet Lao would accept Neutralist Premier Souvanna Phouma's conditions for an international conference to settle Laos' civil strife.

Souvanna said Sunday he was agreeable to such a conference providing a cease-fire was imposed and the Communists withdrew from the territory they have captured in the past 10 days.

A few hours after Souvanna made his statement, the Defense Ministry announced that Muong Kheung had fallen to the Communist force superior in numbers and equipment. The government troops were forced to retreat toward Muong Suoi in a fierce 12-hour battle.

Muong Kheung was headquarters of the armored regiment under command of Gen. Kong Le. It was the last Neutralist post.

Check meetings have been scheduled for Wednesday morning at 10 a.m. and Friday at 5 p.m. in the Chamber offices.

Jerald Sims, finance chairman of the drive, said "A successful Chamber of Commerce is a well-financed one. In order to get best results from our newly created Industrial Foundation, we need to have ample operating funds in the general budget of the Chamber."

The 18 team captains are: Tom Snow, Bill Duncan, Floyd Watson, John Wortman, George Scott, Dick Stowers, E. E. Shelhamer, Roy Sparkman (co-captains), Ralph McKinney, J. C. Roberts, David Tucker, Loyal Davies, George Newberry, Paul Smith, Harold Barrett, Doug Crossman, Dr. Joe Donaldson, Don Cain and Norman Henry.

Memorial services for Lt. Joe Cooke, son of Mr. and Mrs. R. B. (Jiggs) Cooke of 429 Pitts, will be conducted at 3 p.m. Wednesday in the Duenkel-Carmichael Funeral Chapel.

Chaplain C. N. Starnes, naval reserve chaplain from Amarillo, will officiate at the services.

Lt. Cooke, 25, died as a result of an accident at sea May 22 during a Navy training flight over the Pacific. Lt. Cooke was a U.S. Navy fighter pilot stationed aboard the aircraft carrier Bon Homme Richard.

Lt. Cooke was graduated from Pampa High School in 1957 and Texas Tech at Lubbock in 1961.

The family requests that any memorials be sent to Westview Boys Home in Hollis, Okla.

KICKOFF — The Pampa Chamber of Commerce kicked off its annual membership drive this morning. Shown are Mrs. Marguerite McLeod, Chamber secretary, Jerald Sims, finance chairman of the drive, and Mrs. June Sweetland, Chamber secretary. A noon luncheon in the Coronado Inn officially opened the annual campaign.

The Doctor Says

By WAYNE G. BRANDSTADT
A mother complains that her 2 1/2-year-old daughter often goes three or four days without a bowel movement in spite of the fact that she drinks lots of prune juice.

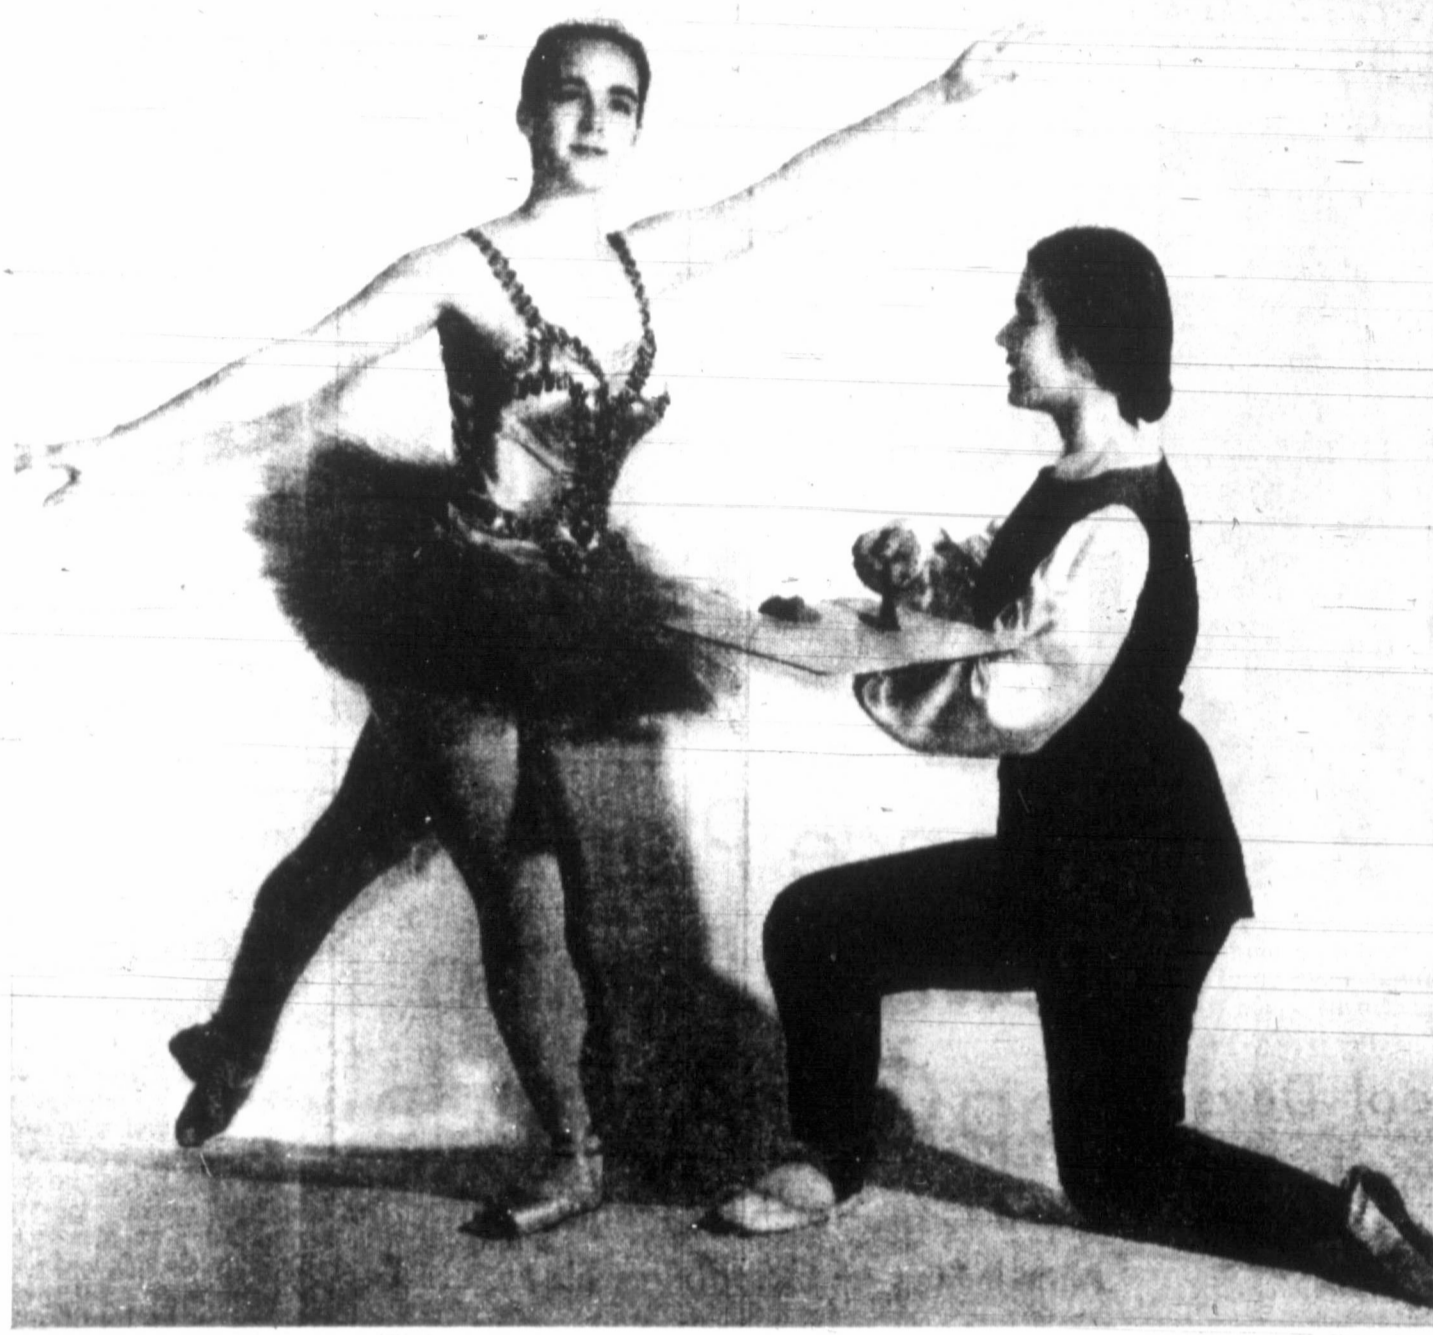

This child should eat some cooked or raw vegetable and fruit every day. Fruit juice alone is not enough to insure a normal movement. The amount should be regulated so that the stools are firm. And remember, in some children it is normal to have a bowel movement only two or three times a week. If the stools are very hard, the child may be given a glycerine suppository or a small enema. Four ounces of plain warm water to get the movement started. This should not be done routinely and laxatives should be avoided.

Q — We took our 10-month-old son to a skin specialist because of a spot on his neck. The doctor said it was urticaria pigmentosa. How serious is this? Should we have the spot removed?

A — In urticaria pigmentosa hives develop and persist for several weeks. When they disappear a brown discoloration of the skin remains. Sometimes the brown spot appears without any hives. The spots may fade away spontaneously when adolescence is reached. Sometimes they can be made to disappear by giving pyribenzamine. Since the spots are harmless, I would advise letting them alone.

Q — Our son had above average intelligence. Then he got what our doctor calls encephalopathy with cerebral dysrhythmia. Now he stays in bed all the time and has to be tube fed. The doctor says the cause is not known and there is no cure. He was treated for several chest infections with antibiotics and other drugs. Could they have damaged his brain?

Encephalopathy is a general term for the brain damage seen in lead poisoning, some severe kidney infections and generalized brain infections. You did not mention convulsions, but they are

THE ARTIST — Carol Peeples, graduating senior of the Beaux Arts Dance Studio, will be featured in the revue, "Showtime on Broadway and the Artist" tomorrow night. Her sister, Peggy, left, will portray the model as Carol

'points' scenes that come to life and dance. Six ballet numbers will be featured in this portion of the revue. Choreography will be by Jeanne Willingham, Morales, Petipa and Coralli.

Shower of Roses Will Be Show Theme

"Shower of Roses" will be the theme of the 15th annual Rose Show to be held by the Amarillo Rose Society, May

30, at the Bank of the Southwest, 2101 Civic Circle, Amarillo.

usually associated with cerebral dysrhythmia which is a disturbance of the brain waves seen on the electroencephalogram.

I doubt that the tragic change in your son was caused by any of the drugs that he took. Your doctor is probably right.

Lt. Col. Sam Sharp, president of the Society, and Mrs. Jess Maddox, Rose Show chairman, will be in charge of the day's activities. Judging will be at 11 a.m. and the Show will be open to the public from 2 to 9 p.m.

Seven trophies, one silver and one bronze certificate, in addition to one blue, one red and one yellow ribbon will be awarded.

EDUCATIONAL

WASHINGTON (UPI) — The National Education Association (NEA) reports public school teachers this year will average \$5,963 in their pay envelopes — a raise of \$231

above average wages of a year ago.

The U.S. Children's Bureau estimates that by 1980 the child population in the United States will be 75.7 million.

Special Ballet Will Be Presented By Graduating Senior of Beaux Arts

Carol Peeples, graduating Senior of the Beaux Arts Dance Studio, will be featured in recital tomorrow at 7:30 at Pampa Junior High School.

Carol, 17, is the daughter of Mr. and Mrs. Herb E. Peeples, 1432 Williston and a 1964 graduate of Pampa High School.

At the age of five she studied tap for a year and began her training with Jeanne Willingham in 1956. Since that time she has studied Ballet toe, acrobatics and ballroom dancing.

She received a scholarship to the Midwestern Music and Art Camp at the University of Kansas last summer where she studied art and ballet. She has received many awards in art including runner-up in the Palo Duro Amphitheatre contest, third place in the Hallmark Card Contest with a painting depicting "Liberty" and is the district winner in the International Red Cross Art Contest. National winners in this competition will comprise an international art exhibit to be sent around the world. Carol was chosen as the outstanding senior art student at a special awards assembly.

In addition to dancing and art, Carol has many other activities. She has played clarinet in the school bands for seven years and won several awards in Interscholastic League Contests. She was a member of the Girl Scouts and worked as a Volunteer. She is president of the Future Nurses Club and attended the Texas Convention in Abilene in April and received a trophy as "Miss Candy Stripper of 1963-64 in an installation and capping service."

She is a member of the Las Cruces Club and was selected "Best Pledge" in 1961. She is a member of the Spanish Club

and was selected as a member of the National Honor Society.

Her hobbies are collecting records and pennants and she enjoys skating, painting and swimming.

She plans to attend West Texas University where she will study art and later go into the nursing field. She has received a scholarship to WTSU and is listed in "Who's Who."

In the second phase of the recital, Carol, as the artist and Peggy Peeples as the model will bring to life dancers in art.

Tickets, \$1 for adults and 50 cents for students, will help establish a scholarship for a dance student. The public is cordially invited to attend.

STILL BUILDING—For the first part of 1964, the amount of new construction in the United States is basically on the up-grade. This applies on private residential, as well as the industrial, commercial, farm and public fronts.

Explosive TV Event Scheduled Tonight

HOLLYWOOD (UPI)—Television's most explosive show will be beamed tonight when the embattled 16th annual Emmy awards presentations are made. Nominees took a back seat to the seething fight among the three major networks. Both ABC and CBS cried "foul" earlier this month and withdrew their support of the National Academy of Television Arts and Sciences, complaining bitterly about the hodge-podge of categories and unfair competition.

Woman Treated After Car Wreck

A 50-year old Pampa woman was treated for a whip-lashed neck early yesterday when the auto she was driving was in collision with another auto at the intersection of Cuyler and Brown. Mrs. Hazel Jewell Young of 210 N. Wynne St. was taken to a local doctors clinic and treated for the injury. She was in collision with an auto driven by 19-year old David Leo Dunn of Wheeler. Dunn escaped injury. The accident occurred about 6:45 yesterday morning.

SIGNS TRADE PACT

TOKYO (UPI)—A one-year contract was signed Saturday between Japanese businessmen and Communist North Korean representatives in Pyongyang to open a regular cargo shipping line between Japan and North Korea, the Korean Central News Agency (KCNA) reported.

situation in South Viet Nam from Defense Secretary Robert S. McNamara, who recently returned from an inspection tour in the Communist-threatened nation. Successor: Four key senators said Saturday there were indications the Senate judiciary subcommittee would unanimously approve a proposal on the much-debated problem of how to provide a successor when a president becomes disabled. The proposal would call for a constitutional amendment providing that the vice president, with the backing of a majority of the cabinet, could declare the president disabled and assume his duties, but not his title. If the president disputed the action, it would be decided by a two-thirds vote of both houses of Congress.

Ontario's Sudbury Basin is a leading world producer of platinum metals.

Move Starts to Halt Judges' Pay Increase

AUSTIN (UPI)—A move was spreading today among both liberals and conservatives in the state legislature to fight a reported statewide drive among lawyers to get a fat pay raise for Texas judges. The reported pay raise move, which does not involve the State Bar Association directly, would seek a \$12,000 pay raise for all district and appeals court judges in the state during the 59th Legislature which meets next January. One report in Fort Worth last week said some liberals on the legislature were opposed to the plan because they feared it would tend to elect judges for life.

Vow to Oppose
Reps. John Allen of Longview and Bill Hollowell of Grand Saline, both conservatives who fought a judges' pay raise during the last session, vote to oppose that kind of money grab. Allen pointed out that judges "already are paid more than the average person."

Ike Describes 'Ideal' Candidate for GOPs

WASHINGTON (UPI)—Former President Dwight D. Eisenhower today issued a description of an ideal Republican presidential nominee which seemed to fit all of the present possibilities except Arizona's Sen. Barry Goldwater.

Roscoe Drummond, political columnist for the New York Herald Tribune which printed the statement, said it meant that if Eisenhower has his way "the Republican party will not choose Sen. Barry Goldwater as its 1964 presidential nominee."

Three Sentenced In County Court

Two pleas of guilty, one of not guilty and one of nolo contendere were heard this morning in Gray County Court. Floyd Kenneth Morris of 408 W. Francis entered a plea of guilty to a charge of driving while intoxicated. Morris was sentenced to three days in jail and fined \$100 and court costs.

Sam Prentice, of 534, Harlem entered a plea of guilty to a charge of unlawful carrying of firearms and was fined \$100 and court costs. Kenneth Rogers Twigg of 600 N. Zimmers entered a plea of not guilty to a charge of driving while intoxicated and was placed under a \$500 bond.

Howard Lee Jobe of Ozark, Ark., was sentenced to three days in jail after he entered a plea of nolo contendere to a charge of child desertion.

Republican national Chairman William E. Miller refused comments on Eisenhower's statement. Political figures and lawmakers who were willing to talk for the record generally tailored whether they are for or against Goldwater. Eisenhower said he hoped the Republicans would choose a candidate who supported the work of the Eisenhower administration and the "principles and traditions of our party," including the furtherance of civil rights. Drummond noted that Eisenhower would support any Republican that the party nominates to face President Johnson. But he said the former President's statement clearly calls on the GOP convention to nominate a candidate pledged to continue the aims of the Eisenhower administration which "Sen. Goldwater almost invariably opposes."

"There is no doubt that his statement will be interpreted that way by nearly every Republican leader and most Republican voters," the columnist declared.

Aid Bill

(Continued From Page 1)
erally anti-American tone to the rioting. Damage to the Goodyear building was not extensive.

The mobs also destroyed a restaurant, burned a city bus and at least three automobiles and set fire to a brick factory and the jockey club. One automobile was overturned with its occupants inside.

Two Mobs Form
One mob marched on city hall and another headed for the Peruvian "white house" to protest to President Fernando Belaunde Terry against "police brutality." Police dispersed both mobs without major violence.

The heavy casualties occurred at the soccer stadium, where at least four persons and perhaps as many as 10 were killed by police bullets and hundreds were trampled to death or suffocated by a panicky mob fleeing a tear-gas attack.

The trouble started during an Olympic elimination soccer game, when Uruguayan Referee R. Angel Pazos disallowed a Peruvian goal that would have tied the score in a game with an Argentine team at 1-1.

Despite a steel barrier separating the crowd from the playing field—a common precaution in Latin America—two fans got onto the field and attacked the referee.

Crowd Goes Wild
Pazos suspended the game, and the crowd went wild. Fans swarmed onto the field, and tried to break down the door of a locker room where Pazos and the Argentine players had sought shelter.

Outnumbered police—the stadium detail included only 40 men and 2 dogs—used tear gas and shots fired in the air to break up the attack. The crowd, fleeing the gas, rushed into tunnel-like exits only to find the doors at the end barred.

An estimated 2,000 persons were involved in the rush for the exits. Those who arrived late found the leaders trying to fight their way back into the stadium.

Scores of persons, many of them women and children, were trampled underfoot and others were crushed against walls or gates by the weight of the panicky crowd.

The dead and injured were taken to half a dozen hospitals.

Eight Cases Set In Wheeler Court

A total of eight cases were scheduled for hearing as the current term of the 31st District Court convened today in Wheeler.

Testimony in the all civil cases was scheduled to begin this morning. Rene Savage, district clerk, said there is a possibility of one criminal case being slated.

Cases on the court docket are: B. H. Ferris vs. Traders and General Insurance Company; Isaac Carter vs. Traders and General Insurance Company; M. F. Crow vs. Arthur Price; Wesley Bryan Johnson vs. Peshel Francis; Sue Allen vs. Pete Burton, Bud Vanpool and Harvey Davis; Guy Hardin and Charles Hardin vs. B. F. Risinger; Harrison Hall vs. Texas Allied Florists Credit and Joyce Smith vs. Cecil Lester Reynolds.

Bill Waters of Pampa is district attorney of the 31st District and Louis M. Goodrich is judge.

STOLEN SUB FOUND

TROY, N.Y. (UPI)—A submarine was stolen from the U. S. Navy here Sunday but state police, advised to be on the lookout, found it floating on a local pond.

The sub, constructed of wood and about 15 feet long, was taken from in front of the West Sand Lake home of Chief Petty Officer Roy Bettel, a Navy recruiter who uses the sub as part of a recruiting display.

A check Sunday night produced an unofficial casualty count of 268 dead and about 300 injured.

Court Order Sets Up His Redistricting Job

AUSTIN (UPI)—Bob Johnson's tools are pencil and paper, a list of figures on population trends, and dozens of maps.

His incentive is a federal court order. His task is to lay down all the groundwork for redistricting the state's 23 congressional seats and to work with a special committee preparing a bill for the 59th session of the Texas Legislature.

Johnson, director of the Texas Legislative Council, has a private office, but he spends most of his time in what he calls the "war room."

That's the spacious room adjacent to the council's main entrance. The "war room" is cold and starkly lit. Inside are tables and chairs. Maps are everywhere—scattered on the tables, hanging on the walls, curled up in corners and flattened on the floor.

"If there can be a logical reason for a variation, the court will admit it," said Johnson. "But it's going to have to be based on fact."

Johnson said the court ruling seemed to indicate a variation of 15 per cent would be allowed within the districts, if that variation could be justified. He cited the problem of cutting satellite cities in half in metropolitan areas.

The average calendar day allowable was 2,906,360 barrels. The Railroad Commission said 206,954 wells were producing current congressional districts from 8,137 fields.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dynex)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation 219. At all drug counters.

REMEMBER! **LANE 70 Lot C**

You'd never forget where you left a car that looks this good.
You simply can't lose a looker like the Catalina, especially in a crowd. It's too distinctively Pontiac. So's its ride (Wide-Track smooth) and the way it moves (Trophy V-8 quick). Only thing you can forget is your notion about how much all this Pontiac should cost. And you will, surely, when you price a Catalina. **Wide-Track Pontiac**
See your authorized Pontiac dealer for a wide choice of Wide-Tracks and good used cars, too.

Tip Given to Buyers Of New, Used Cars

Here's a tip for the man or woman who would like to get the best for less (and who wouldn't?):

If you're buying a car, whether new or used, you may save with low-cost financing through a cooperating bank and economical State Farm Mutual auto insurance — all through the State Farm Car Finance Plan. Just call Glen Courtney, State Farm agent, MO 4-8611 and fill him in on the new or used car of your choice before you buy — model, make, and selling price. He will outline your savings; then help you with all the arrangements. You may save up to \$200 — enough for some of those "luxuries" you've always wanted, like air-conditioning, power steering, etc.

Better yet, drop in to see Courtney at his office, 1534 N. Hobart, and he'll give you the wonderful Dist-O-Map, which you don't find elsewhere between cities of a seven-state area.

Remember, you can save money with State Farm — Texans have been doing so for 30 years through dividends paid since 1934.

Courtney, representing the world's largest car insurer, has been saving Pampans mon-

LBJ Will Speak At U. of Texas

Commencement

AUSTIN (UPI) — Elaborate preparations are being made at the University of Texas for the visit next Saturday of President Lyndon B. Johnson.

The Johnsons are to receive honorary degrees and the President is scheduled to deliver the commencement address to the largest graduating class in the University's history — About 2,000.

Bleachers to seat 16,000 persons are being erected on the University's South Mall. In past years the University has set up facilities for only about 6,000.

Bleachers to seat 16,000 persons are being erected on the University's South Mall. In past years the University has set up facilities for only about 6,000.

Shrubbery near the main building has been destroyed to make room for bleachers, lights and platforms. University officials said the shrubs were due to be replaced soon anyway.

All University personnel have been notified that the buildings surrounding the mall will be sealed off at noon Saturday as a security precaution.

Admission to the 7:45 p.m. ceremonies is by ticket only and all tickets are gone. The University said any tickets that are returned or unclaimed will be made available from 6 to 7 p.m. Saturday.

LEADS MILK PARADE

WASHINGTON (UPI) — Luci Baines Johnson will lead a parade down the white-painted main street of Harvard, Ill., milk center of the world, June 6.

The 16-year-old daughter of President Johnson will be guest of honor at the town's annual milk day celebration and will crown the 1964 milk day queen.

WASHINGTON (UPI) — Rep. Henry Gonzalez, D-Tex., has submitted a bill to Congress that would give any veteran who was a prisoner of war for 36 months in World War II or in the Korean conflict an automatic 50 per cent disability rating.

Decision Should Be Made Before Need

At this time of the year, when we pay tribute to our dead it is fitting that each family give serious thought to their own memorial estate arrangements. This important family decision should be made before the real need arises, so that the family can get exactly what they want.

The family should look into this together, compare and act in an unhurried manner. The important questions should be asked and decided on together. Thereby leaving no doubts in the minds of their loved ones when the unfortunate day comes that the decision must be made.

Hoyt Hays of Memorial Gardens said families should take advantage of the low prices and easy terms available today. As the shortage of land continues in our growing population, the prices of memorial lots must go up.

And because of this very fact pre-arranged memorial service is like money in the bank.

Memory Gardens offer convenient payment plans and the family is protected from the moment a small down payment is made.

Many folks have expressed the piece of mind the experience once the decision is made for pre-arranged memorial services. Women, especially realize this fact.

The deed to memorial space is as indispensable to your family's security program as your insurance policy, your savings and your will.

Plan now to call Memory Gardens of Pampa at MO 4-8921.

Discontent Overshadows Tonight's Emmy Awards

By JOSEPH FINNIGAN

(CBS) and the American Broadcasting Corp. (ABC) have said they will boycott this year's ceremonies.

The academy's problems — which have been smoldering for years — broke out into the open when the president of CBS news division, Fred W. Friendly, charged that the awards were "unprofessional, unrealistic and unfair."

He told CBS news personnel in a memo that the department would "not participate in the awards ceremony in any manner or form."

CBS President James T. Aubrey Jr., backed up his news executive saying that the web "will not participate in the Emmy awards because of our misgivings about the nominating and voting procedures."

ABC's president, Thomas W. Moore, pulled his network out of the event. He said he thinks the "awards are not determined on the merits of the programs."

Calls Boycott Shocking

Emmy award winning writer Rod Serling, newly elected president of the academy, called the networks' boycott "shocking."

Whatever else comes out of the battle, two things are certain, there will be fewer guests for the gala dinners and the bar won't be as crowded as in past years.

Only NBC stuck by the beleaguered academy. And it had very little choice. The Emmy show is to be aired over NBC.

The show's producer, Bob Finkel, said the CBS and ABC actions do not affect most of the stars involved in the show. Most of them work for independent producers and not the network on which their shows appear.

Legion Auxiliary Reports Good Sale of Poppies

The American Legion Auxiliary reports a good Poppy Sale Saturday on the streets of Pampa. Some \$420 was raised and members wish to thank all of the persons who contributed so liberally.

The money will go to the work of the veterans' group during the year. The poppies were made and purchased from the veterans in the VA Hospital in Waco. They were made by some veterans who had one hand and who were only able to work only a short time. They are paid for the poppies they made and each veteran looks forward to this time of the year, as this helps them with a little more income.

The auxiliary president, Mrs. J. M. Turner, said the group pays the VA one-third of the profit and this also goes to veterans work. The rest of the money goes to help needy local veterans and their families during the year.

Friends of the Auxiliary who sold poppies were: Mrs. R. A. Mack, Bobby Bright, Jackie Lee Jones, John and Robert Karr, Pat Mitchell, Linda Gunn, Polly Wagner, Gene Kay, Steve Wells, Sally Keller, Diana Norton, Sandra Norton, Mike Carr, and Sammy Shaw.

The Auxiliary will place flags on the graves of veterans on Memorial Day and a group of the members are working on tray favors for the hospitals on Memorial Day.

WORLD'S LARGEST CAR INSURER!

Largest in Texas Too!

State Farm now insures more "Texas" cars than any other company (over 300,000 of them!). It's easy to reason why. Texas policyholders have historically saved with State Farm (more than \$40,000,000 over the past 25 years on expiring 6 month policies). And, eligible policyholders are currently enjoying a 25% dividend. Special discount savings like the 2 Car (or more) and Working Farmer discounts, plus Home-town Service coast-to-coast make State Farm's "good deal" on car insurance even better. Why not check with your State Farm agent for details!

PRETTY PICTURE — The entrance to Memorial Gardens makes a pretty picture. Here families can pre-arrange their memorial estate. Plotting and planning are designed to accentuate the serene beauty, ease of perpetual care and access to the lots.

Storied Deputy Dies in Dallas

DALLAS (UPI) — Robert F. (Bob) Alcorn, 66, one of a group of sheriff's deputies who killed desperadoes Bonnie Parker and Clyde Barrow, died Saturday following a heart attack, 30 years to the day after the gunbattle near Gibsland, La.

Both criminals died together in a hail of bullets from officers who ambushed them May 23, 1934.

Alcorn, a bailiff in one of Dallas' criminal courts the past few years, was among the first to demolish the legend that Bonnie Parker smoked cigars.

He always said the myth developed from pictures taken of Bonnie one time when she put a cigar in her mouth in jest.

Federal Job Training Seen for Delinquents

HOUSTON (UPI) — A million-dollar training program and anti-delinquency battle may become reality for Harris County if the federal government approves \$750,000 in federal funds next week.

The Texas Employment Commission and Texas Education Agency are trying to get the money for the proposal to train teen-agers for various skills with proper supervision. Added to the \$260,000 approved recently for the Houston Action for Youth (HAY) fight on delinquency, the money would give Harris County one million dollars.

The Harris County Department of Education plans to offer counselors to work with some 300 trainees in various jobs from cooking to machine work to repairs and services. The job training program

KITE DISRUPTS AIRPORT

STOCKHOLM (UPI) — A youth flew his kite so high Sunday that it hampered air traffic at Stockholm's Bromma Airport.

Police stopped the kite-flying after the airport control tower complained that the kite was fluttering in the approach stretch at an altitude of about 2,400 feet.

G.O.P. Chairman Sees Republican Gains in Cities

SPRINGFIELD, Ill. (UPI)—Rep. William Miller, GOP national chairman, said Saturday that big city gains have given Republicans a "very good chance" of winning the presidential election.

He said these gains have been scored in Chicago, Philadelphia and Detroit, among other places.

"Our basic position is much stronger now (than in 1960) because we have a much stronger party," Miller said. He said the key to the improvement in GOP strength is more efficient organization in traditionally Democratic large cities and industrial areas.

Sen. Everett Dirksen of Illinois, Senate minority leader, agreed that the Republican party is stronger than it was in 1960.

Miller and Dirksen held a joint news conference in connection with the Illinois state Republican convention.

Miller said Richard M. Nixon lost the 1960 presidential election because he lost by a large margin in six or seven large cities, including Chicago.

Dear Abby... Great Numbers of Bulbs Are Not Chicken Feed!

By ABIGAIL VAN BUREN

DEAR ABBY: I love flowers. For many years my tulips have taken prizes. Last year some new neighbors moved to the north of us. They keep chickens. But their chickens are not cooped up or fenced in to keep them on their own property so every morning those chickens head right for my bulbs. So far I have had about \$200 worth of fine imported bulbs scratched up. I don't want to fence in my property because it will ruin the looks of it; neither do I want to start a feud with my neighbors. Have you any suggestions?

LOVES FLOWERS

DEAR LOVES: I assume you have already complained to your neighbors. If you have, and were ignored, ask your lawyer to write them a letter pointing out their legal responsibilities. If that doesn't work, you may have to sue. Two hundred dollars worth of bulbs is not chicken feed.

DEAR ABBY: When a child must go to the hospital for a tonsillectomy operation and the

mother is unable to go, isn't it all right for the father to be there instead? A friend of mine, right out of the blue, asked me how I could have stayed away from my child at a time like that. She said nothing in the world could have kept HER away if it had been her child. She hurt me terribly when she said that, Abby. I have small children at home and no one to leave them with, and things beyond my control made it impossible for me to go to the hospital that day. Did I do wrong?

HURT

DEAR HURT: No. Your friend was just blabbing and unkind of the hurt she was causing — at least if she is a GOOD friend.

DEAR ABBY: My daughter's girl friend has asked my daughter and four other girls to be her bridesmaids. She made it clear that each girl was expected to pay for her own gown. The bride and her mother picked out the bridesmaids for an opinion about price. Both my daughter and I were shocked when we found out how much the gowns cost. This bride has very expensive tastes, which she herself cannot afford. I think if the bride wants her bridesmaids to wear such expensive gowns, she should pay for them. My daughter says she would rather turn down the honor of being a bridesmaid than complain about the price. To give you an idea of how overboard the bride went, each dress is \$69.95, plus tax! And my daughter has never spent more than HALF that amount on even her best dress. I would like some advice.

WORKING MOTHER

DEAR MOTHER: Since the price of the gown is more than twice what your daughter would ordinarily spend on a gown, I think she would show good judgment to decline the "honor."

CONFIDENTIAL TO "E": If you let a man know that you believe him to be faithful, it will help to keep him that way. Call a man a cheat and you give him ideas.

Troubled? Write to Abby, Box 69700, Los Angeles, Calif., 90069. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 69700, Los Angeles, Calif., 90069.

Jim Farley Says Johnson to Win With 'Landslide'

ALBANY, N.Y. (UPI)—James A. Farley, the man who engineered President Franklin D. Roosevelt's first two campaigns, Saturday envisaged a probable "landslide" victory for President Lyndon B. Johnson in the fall.

The former postmaster general and veteran Democratic politician said that Johnson may have an "even better chance" to carry more states than Roosevelt did in 1932.

"He's surely going to carry Hawaii and Alaska," Farley said in an exclusive interview with Bob Keating in the Sunday edition of the Albany Times-Union.

Roosevelt carried all but six states in 1932 and in 1936 won all but Maine and Vermont, a prediction made by Farley a week before the elections.

Johnson has "created a fine image in himself all over the country and developed in the electorate a confidence in him that has been relatively inactive in politics in recent years, but who says he keeps a close watch on political matters.

"He'll carry every one of the Southern states. The only place he'll have to campaign will be in the farm belt," Farley said. "He could very well be the recipient of a landslide victory."

Farley, who celebrates his 78th birthday on Memorial Day, entered big time politics in 1930 when he started the drive to win the presidency for Roosevelt.

The veteran Democrat said he did not wish to make observations about the Republican party until after the important June 2 California presidential primary.

Youth Service Plan To Be Active Again

The Youth Employment Service, Sponsored by the Pampa Key Club and the Top O' Texas Kiwanis Club will be active again this summer in helping to keep young men and women employed through out the summer vacation period.

The Kiwanis group has planned the promotional part to consist of newspaper radio and poster advertising to reach as many potential employers as possible. In summing up the past activities of the Key Club and Top O Texas Kiwanis in the YES Program, Ab Conway, chairman of the Kiwanis Youth Service group and Jim Sheilhamer, president of the Key Club, were well pleased with the employment record of the group. The Key Club has kept a phone service available and listings of any youth that wanted full or part time employment through the summer.

The Texas Employment Service has consented to handle the phone calls and lists of young job seekers this summer, according to Bill Ragsdale at Employment Office. By special permission from state office, Ragsdale will have a full time

employee answering the YES phone during week days and on Saturday mornings. His employes have voluntarily rearranged their working schedules to stay open Saturdays without additional pay.

Any youth who wants to work through the summer will sign a card in the Texas Employment Office stating his abilities and the kind of work desired. The potential employer will call the Employment Office and ask for the YES Program Service. The employer will be given names or numbers of as many young men as needed. Employers and youths will decide the rate per hour or job between themselves.

Warren Hasse of KPDN conducted a staff breakfast interview this morning at 9:30 a.m., to kick off the radio publicity. Posters will be distributed in strategic areas throughout the city.

Conway expressed the hope that merchants, oil field suppliers and contractors as well as farmers and home owners would really back the young men's program this summer. Their usefulness as stock boys,

Oil Men List Completions

AUSTIN (UPI)—Wildcaters had four oil and 11 gas completions last week, bringing their annual totals to 154 oil and 339 gas discoveries, the Texas Railroad Commission reported Saturday.

During the same period last year wildcaters had 151 oil and 279 gas finds.

Regular drillers reported 133 oil and 58 gas completions last week. The activity gave them 3,496 oil and 1,130 gas wells for the year compared to 3,375 oil and 1,036 gas wells in the same period last year.

Oil discoveries were two each in the Corpus Christi and San Angelo districts. Gas finds were five in the Corpus Christi district, three in the Kilgore district, two in the San Antonio district and one in the Pampa district.

package and inventory boys, clean up, paint and repair personnel should be emphasized. Quite often a part time job leads to future permanent employment.

The list of jobs last year ranged from lawn mowing and baby sitting to many different kinds of farm work.

BUILD PARTY FUNDS
WASHINGTON (UPI)—Party faithful are expected to bring more than \$700,000 into the Democratic party treasury Tuesday at a \$100 a ticket "Salute to President Lyndon B. Johnson" in the Washington National Guard Armory. The President is scheduled to speak briefly after a two-hour show featuring entertainment folk songs to opera and ballet. The proceeds are to help finance the 1964 Democratic campaign.

57TH YEAR MONDAY, MAY 25, 1964

Joe Torre Leads Braves In Early-Season Drive

By United Press International
Joe Torre has produced some red faces in the Milwaukee front office, and now they're hoping he can get them into the black with a World Series dividend.

Torre held out for a raise during the spring and missed three weeks of practice. When the Braves refused to consider his salary appeal, the 23-year-old Brooklyn-born catcher figured he wouldn't "cut off my nose to spite my face" and set out to prove he had a worthwhile claim.

Trying to impress the Braves is nothing new to Torre, who seven years ago was cutting high school classes to try out for the team.

Milwaukee's progress toward the top can be traced partly to Torre's demands upon himself to show up the brass. He is batting .370 and the Braves are only 1 1/2 games out of first place.

Torre collected seven hits in the Braves' 7-4, 10-0 sweep of the St. Louis Cardinals Sunday. He batted out four safeties in the opener to help Warren Spahn win his fourth game of the season and collected three more in the nightcap, including two homers.

Batting Average Jumps
In his last five games, Torre has hit a fantastic .591 with 13 hits for 22 at-bats to raise his average from .331 to take over third place among the league's batting leaders.

Denny Lemaster held the Cards to three hits in the nightcap for his fifth win of the season and dropped St. Louis into a third place tie with Milwaukee. Denis Menke a nd Henry Aaron also helped Denny's cause with homers.

Pittsburgh prevented San Francisco from taking over

first place with a 3-0 and 5-3 doubleheader sweep of the Giants; Philadelphia held a half-game lead despite a 3-0 loss to Los Angeles; Cincinnati took a pair from Chicago, 6-5 and 12-4, and Houston shut out New York, 5-0, in a night game.

Bob Veale of the Pirates shut out San Francisco on a two-hitter in their opener, allowing his first hit to Harvey Kuenn in the sixth inning, as he picked up his fourth win. Tom Butters helped himself to his first win in the nightcap by driving in three runs. Jack Sanford and Bob Shaw were the losing Giant pitchers.

Sandy Koufax, making his first relief appearance since 1962, put down a Philadelphia uprising in the seventh inning after starter Joe Moeller put runners on second and third with none out. Koufax issued only one hit in three innings to save Moeller's second win. Wes Parker was the Los Angeles hitting star with two doubles and a triple. Tommy Davis belted his third homer as Jim Bunning lost his second game in seven decisions.

Cincinnati, helped by two Chicago errors, scored four unearned runs in the opener and mounted a 15-hit nightcap attack for a double-header sweep. Tom Harper and Vada Pinson each collected five hits during the twin action and Jim O'Toole and Sammy Ellis won their third games of the season for the Reds.

Bob Bruce limited the Mets to four hits as he secured his sixth win of the season. Tracy Stallard, the victim of two unearned runs in the first inning, lost his sixth game. Mike White drove in two Houston runs and upped his RBI's to eight in the last three outings.

Hickey Cops Perryton Tournament

PERRYTON — Defending champion Max Hickey of Pampa came back from a bad opening day round to capture the Perryton Invitational Golf Tournament at Perryton Country Club.

Hickey shot a par 71 Sunday on the wind-swept course to go with his opening round of 77 for a 148 winning total.

Borger's Jim Haren, who led after the first round with a 72, slipped to 77 for a 149 total and second place.

Richard Ellis of Pampa took third with 77-73-150. Other championship flight scores are as follows: Tom Metcalf Jr., Hooker, Okla., 73-79-152; Chester Jackson, Perryton, 74-78-152; Otis Golluhug, Amarillo, 78-75-153; Jack Coffey, Borger, 77-76-153; Ed Chisholm, Pampa, 77-76-153; Ted Volles, Perryton, 78-77-154; Chief Fagan, Borger, 78-77-155; Ken Hicks, Amarillo, 77-78-155; Kenneth Bailey, Amarillo, 74-82-156; Paul Wilcox, Pampa, 75-81-156; John Mayfield, Perryton, 79-79-158; Bill Gray, Perryton, 78-80-158; Grover Heiskell, Pampa, 79-80-159; Forrest Rowden, Guyton, 79-80-159; Harvey Hayes, Borger, 78-84-162; Tommy Pletcher, Perryton, 78-86-164.

Souchak Snares Memphis Open

MEMPHIS, Tenn. (UPI) — Ask Mike Souchak what it feels like to grab the \$7,500 winner's purse with a four-foot putt on the damp, 18th hole with the final scheduled shot of the \$50,000 Memphis Open golf tournament.

"It's a little exciting," said the burly pro from Grossinger, N.Y., who did it Sunday, "and it's a good feeling to know you can still miss the hole and end up in a play-off."

Souchak didn't miss. He birdied the hole after landing in a sand trap and carded a 69 for a 72-hole total of 270 — lowest this year on the PGA circuit.

His last-shot win put him one stroke ahead of putting ace Bill Casper, who finished with an even par 70, and Tommy Jacobs who came from two strokes behind the pace to card a sizzling four-under par 66.

Souchak and Casper started the final round in a four-way tie with Doug Sanders and Gene Littler, both of whom fell foul of the heavy rain which interrupted play for 90 minutes and shot one-over-par 71's for a tourney total of 272 1/2.

The rain didn't phase Souchak. "I seem to play a little better on a damp course... things really broke well for me," the former Duke football star said.

Souchak's win, the 16th of his pro career and the second this season, boosted his money winnings to \$22,482 and put him in sixth place in the list.

Tied in fourth place with Littler and Sanders were Bob Rosburg, Art Wall, Mason Rudolph and Gay Brewer, who shot 72-hole totals of 272.

Beefy PGA champion Jack Nicklaus, who was off his stroke in the first two rounds, fired a final four-under-par 66 to finish at 274 along with defending champion Tony Lema. San Leandro, Calif., who battled an injured back.

Masters champion Arnold Palmer, Laurel Valley, Pa., shot a 69 for a total of 276.

Jim Clark Wins Dutch Grand Prix
ZANDVOORT, The Netherlands (UPI) — Jim Clark's record-breaking victory in The Netherlands Grand Prix enabled him to pull into a first-place tie with Graham Hill for the 1964 world road racing championship.

Clark traveled 208 1/2 miles in his slim-line Lotus in 2 hours, 7 minutes and 35.4 seconds Sunday to break his own record of 2:08:03.7 set in last year's event.

The Scottish farmer led from start to finish and lapped the entire field with the exception of England's John Surtees, who finished second in a new V-8

MAX HICKEY

Stinnett Raps Colts, 14-8

STINNETT (Sp) — Blazin' Bobby Price was the victim of his own wildness yesterday as the Stinnett Roadrunners teed off on him for an 11-run third inning and a 14-8 victory over the Pampa Colts in the first game of the season for the two teams.

The shorthanded Colts used virtually everybody in the ball park, including manager Tom Glover and coach Dave Turcotte, but the two graveyards and their youthful mates were unable to overcome the big Stinnett handicap, despite a five-run inning of their own in the fourth.

Pampa opened with a run in the first on a pair of walks and singles by Jerry Layne and Merle Terrell. Price walked four batters in the bottom of the first to force in the tying run.

The roof fell in on Price in the third inning as Jim Anderson opened with a home run, followed by four straight walks, three singles, another walk and then another home run by Jim Shelton.

Stinnett starter Mike Wade retired after three frames and the Colts got to David Parkhurst in the fourth for five tallies on singles by Gary Hill and Bennett and a double by Wallace Matthews, who then assumed the pitching chores.

The Roadrunners picked-up their final two tallies in the fifth on three hits after two were out, including a homer by Donnie Anderson. Donnie then took the mound in the sixth and the Colts got two runs in turn on doubles by Terrell and Matthews.

Stinnett comes to Pampa for another non-district game Wednesday night at 8:15.

RHE
Pampa — 10-0 502-0-6-9-1
Stinnett — 10-11 020-x-14-9-1
Price, Matthew (4), Glover (6) and Hargrove, Turcotte (3); Wade, Parkhurst (4), D. Anderson (6) and Anderson, Win-Wade, Loss — Price.
Home runs — J. Anderson, D. Anderson, Shelton. Two-base hits — Young, Terrell, Matthew, Bennett, Patterson.

Bearcats Set For Regional

SAN ANTONIO (UPI) — The baseball team from Sam Houston State College, winners by 6-1 over Pan American in an elimination game, was ready today to meet the Oklahoma winner in regional playoffs.

Another triumph in regional play will send Sam Houston to St. Joseph, Mo. Later this summer for the Bearcats to defend their National Association of Intercollegiate Athletics (NAIA) title.

Pitcher Freddie Beene almost had a shutout of Pan American in Sunday's game, as he gave up only two hits to the Broncs. But Beene threw wild to third base in an attempt to nail an advancing runner in the second inning. The runner, Gerald Stanton, went on home for Pan American's lone tally.

The Bearcats collected 11 hits off a pair of Pan American pitchers, scoring three runs in the first and three in the fourth frame.

Pampa Golfers In Sectionals

AMARILLO — Five places in the sectional qualifying were up for grabs among 28 golfers today at Amarillo Country Club for the National Open Golf Tournament.

The five low players today will shoot rounds either June 8 or 9 at the sectional qualifying in Fort Worth.

There were 17 professionals and 11 amateurs due to play today at the Amarillo course. All amateurs have a two-stroke handicap, or under.

The first group teed off at 9 a.m. and the final group was scheduled to start at 10:31 a.m. Players and starting times are as follows:

9 a.m. — Richard Yates (amateur), Corpus Christi; Michael Dugger, Amarillo Country Club.
9:07 a.m. — Dick Coon (amateur), Amarillo; Bill Garrett, Tascosa Country Club.

9:14 a.m. — C. L. Duniven Jr. (amateur), Amarillo; Bobby Westfall, Floydada Country Club.

9:21 a.m. — John Farquhar (amateur), Amarillo; Bill Eschenbrenner, Jal, N.M., Country Club.

9:28 a.m. — Richard Jennings (amateur), Lubbock; Troy Baggett, Amarillo Country Club.

9:35 a.m. — Ben Lane Jr. (amateur), Amarillo; Johnny Austin, Tascosa Country Club.

9:42 a.m. — James Smith, Jr. (amateur), Amarillo; Eddie Jones, Lorenzo Country Club.

9:49 a.m. — Miles Childers (amateur), Amarillo; Vern Farquhar, Ross Rogers Municipal Course.

9:56 a.m. — Grover Heiskell (amateur), Pampa; Fed Atkins, Riverside Country Club, Carlsbad, N.M.

10:03 a.m. — Max Hickey (amateur), Pampa; Billy Mann, Carlsbad Municipal Course, Carlsbad, N.M.

10:10 a.m. — Frank Carter (amateur), Pampa; Bob Hickson, North Plains Country Club, Dumas.

10:17 a.m. — Roland Adams, unattached, Lubbock; Robert Hill, Lorenzo Country Club.

10:24 a.m. — Vernon Phillips, Artesia, N.M., Country Club; Hart Warren, Pampa Country Club.

10:31 a.m. — Gus Moreland, Pampa Country Club; Joe Houck, Huber Golf Course, Borger.

Seven Rear Engine Cars At Speedway

INDIANAPOLIS, Ind. (UPI) — The conventional front-engine cars still outnumber the faster rear-engine models, but whether the roadsters are bound for the junk-pile won't be answered until Saturday's 48th annual 500-mile auto race at the Speedway.

The fastest field ever was completed late Sunday, with the 33 starters in the holiday grind for a \$500,000 jackpot averaging a record 152.540 miles per hour, 3.5 miles faster than last year's average.

It will be 21 to 12 in favor of the front-engine machines—18 of them conventional four-cylinder roadsters plus three powerful, super charged Novis—against the dozen rear-engine creations.

Only four rear-engine machines qualified last year, but three were among the first 10 at the finish. This time, seven rear-engine Fords made it, including the three fastest in the field, driven by pole-sitter Jimmy Clark, Bobby Marshman and two-time race winner Roger Ward.

Four days of time trials ended with a car driven by chunky Paul Russo, Indianapolis, a 50-year-old grandfather and veteran of 15 Memorial Day races, the only "bumming" victim.

Rookie Bob Wente, St. Louis, the national midget champion who will be 31 Thursday, qualified at a speed of 149.869 m.p.h. to eliminate Russo's car which made the lineup temporarily at a clip of 148.644.

Wente became the seventh "500" newcomer to make it. The others are Walt Hansen, Dave McDonald, Ronnie Duman, Johnny White, Bob Harkney and Bob Mathouser.

Australia's Jack Brabham joined Scotland's Clark as the only foreigners among the starters. He was the first qualifier Saturday at a speed of 152.504.

BREAKS SWIM MARK
DORTMUND, Germany (UPI) — West Germany's Hans Joachim Klein broke the world 200-meter freestyle record Sunday when he clocked one minute, 38.2 seconds at the West German indoor swimming championships.

Stuart Snaps from Slump, Smashes Grand Slammer

By United Press International
Dick Stuart rediscovered the English language today.

It's been a long silence for the Boston slugger, who would not even open his mouth to sneeze in the last month. The one-time scourge of the vicways, never slow to tell the world of his triumphs, was silenced by his own inability to hit a baseball.

The man who smashed 66 home runs at Lincoln (Neb.) in 1956 and another 42 with the Red Sox last year, had a paltry two to his credit after more than a month of the current season. This along with an anemic batting average kept the big man with the big ideas speechless.

Stuart finally snapped his slump and gave himself something to talk about Sunday when he blasted a pair of game-winning homers, including a grand slam, to power the Red Sox to a 6-2 and 3-1 doubleheader sweep over the Kansas City Athletics.

Stuart hit the grand slam — his second of the season — in the eighth inning of the opener and then connected for a two-run drive in the fourth inning of the nightcap to once again provide the winning margin.

The homers were the third and fourth of the season for Stuart and his first since April 28. The first baseman also had another hit in the second game to boost his batting average to .230.

Orioles Move Up
The Baltimore Orioles moved into a virtual tie for first place with Chicago in the American League by sweeping the Minnesota Twins, 2-0 and 7-6. The White Sox dropped the second game to Washington, 3-0, after

Betsy Breaks Up Mickey's String

DALLAS (UPI) — Betsy Rawls snapped a 13-month victory drought and Mickey Wright's string of triumphs at the same time in the Dallas Women's Civitan Open golf tournament — with Miss Wright's helping hand.

When Miss Rawls put together the first par - or - better four rounds of her 13-year career as a pro to win the tournament with a 2-under-par 69-71-71-71-282, it was like biting the hand that feeds you.

Her final round 37-34-71 over the Glen Lakes Country Club course beat Miss Wright by two strokes for the \$2,100 top prize money and spoiled her arch-rival's bid for a fourth consecutive title. Miss Wright shot a closing 33-37-70 for 284, worth \$1,550.

Miss Wright stayed far out in front among the four money winners with \$8,950 to her credit, while Miss Rawls jumped two notches to second with \$5,837.50.

On the final round, Miss Rawls blew a three-stroke lead over Miss Wright with a pair of front-nine bogeys, but bounced back with eight and 12-foot birdie putters on the back side to regain most of her margin.

Ruth Jesse, who had a final round 72 and finished third at 285, won \$1,250.

Sherry Wheeler, one of the newer members of the proette brigade, picked up \$1,050 for her final round 74 that put her at 286, while Clifford Ann Creed and Louise Suggs split \$1,575 between them with a tie for fifth at 288.

New American Marathon Champ

YONKERS, N.Y. (UPI) — The marathon run, for 56 years a weak link in the United States Olympic armor, has a new (Buddy) Edelen.

Edelen, an enigma in many respects, took a roundabout route to fame in his own country, finally gaining deserved acclaim by capturing the Yonkers Marathon Sunday.

Edelen is 26 years old and has been running for a long time. Although a well-known athlete in most of Europe, Edelen was almost totally unknown in the United States until his standout victory here that earned him a berth on the Olympic team.

Edelen, who comes from Sioux Falls, S.D., was clocked in 2 hours, 24 minutes and 25.6 seconds Sunday.

taking the opener, 6-4. In other games, the Los Angeles Angels beat New York, 3-0, in the first game with the Yankees rallying to take the nightcap, 8-5, and the Detroit Tigers defeated the Cleveland Indians, 7-5. The second game of a scheduled doubleheader at Cleveland was postponed by rain.

Jack Lamabe and Ed Connolly were the beneficiaries of Stuart's blasts. Lamabe picking up his fifth victory of the season and Connolly gaining credit for his first major league triumph. Butch Heffner worked in relief in both games for Boston despite 94-degree heat.

Come From Behind
The Orioles scored three runs in the ninth inning of the second game to complete their sweep of Minnesota. After Jerry Adair opened the frame with his first homer of the year, John Orsino walked and Jackie Brandt bunted safely, going all the way to third on an error. A sacrifice fly by Luis Aparicio brought in Brandt with the winning run and earned the decision for reliever Stu Miller.

Robin Roberts yielded only five hits in the opener to gain

the 26th victory of his career. Las Narum limited Chicago to six hits in the second game after the White Sox had taken the opener with a three-run rally in the eighth inning, highlighted by a bases-loaded pinch double by Floyd Robinson. Don Kober for the Senators in the first game.

Mickey Mantle sparked a Yankee comeback in the second game, getting three hits. He hit his eighth homer in the second inning and then ignited a four-run rally in the sixth with a perfect drag bunt. Steve Hamilton held the Angels hitless in four relief innings to get the decision. In the opener, Los Angeles scored all its runs with two out in the first inning and then coasted home behind a three-hitter thrown by Dean Chance.

Dave Wickersham won his sixth game for Detroit although he needed late relief from Larry Sherry. Wickersham struck out seven to boost his total to 57. Al Kaline and Don Wert homered for the Tigers while Fred Whitfield and losing pitcher Pedro Ramos hit homers for Cleveland.

Glenn Roberts Hurt In 600 Smashup

CHARLOTTE, N.C. (UPI) — Jim Paschal drove his 1964 Plymouth to an easy victory Sunday in the \$112,000 World 600 but the sweet taste of success was soured by a spectacular three-car smashup that left colorful Glenn (Fireball) Roberts at the brink of death.

"Oh, my God. I'm on fire," Roberts cried out to Ford teamate Ned Jarrett who also was involved in the wreck. "Help me Ned."

Jarrett, who managed to

crawl out of his car with only minor injuries, pulled Roberts through a window of his burning car. Roberts' clothes were ablaze, but quick acting field attendants doused the flames.

Roberts, a 34-year-old racing veteran from Daytona Beach, Fla., who had escaped serious injury in 17 previous years of racing, was in "very, very critical condition" with extensive burns over more than half of his body.

A Charlotte Memorial Hospital spokesman said his chances for survival would "depend on how his kidneys hold up" and added that Roberts' condition was such that it was impossible to make any prognosis at this time.

Richard Petty of Randleman, who with Paschal formed the one-two Plymouth punch, made the day complete for Chrysler by following his teammate across the finish line, four laps off the pace. It was the best Plymouth show since Petty won the Daytona 500.

The world's largest stock car race, witnessed by a record crowd of 68,000 at the Charlotte Motor Speedway, was worth 20,000 chickens to Paschal. He explained he had planned to purchase 30,000 chickens for a commercial venture but after pocketing first prize money of \$24,555, "I thought I'd make it 50,000."

RANDY TOPS O'BRIEN
MODESTO, Calif. — Texas A&M freshman Randy Matson captured the shot event Saturday night in the 23rd California Relays with a 62-2 1/4 effort.

Parry O'Brien placed second to the Pampa youth with a 61-3 1/4 toss.

Weekend Sports

By United Press International
NEW YORK — Oil Royalty rallied from last place to win the top flight handicap at Aqueduct. Tona was second and Smart Deb finished third.

INDIANAPOLIS — Jack Brabham of Australia, a former world road racing champion, qualified for the Indianapolis 500-mile race.

PARIS — Ron Barnes of Brazil upset sixth-seeded Fred Stolle of Australia, 7-9, 6-4, 2-6, 6-4, 8-6. In the fourth round of the French international tennis championship.

ZANDVOORT, The Netherlands — Jim Clark won the Netherlands Grand Prix for the second straight year.

INDIANAPOLIS — A total of 21 roadsters and 12 rear-engine machines qualified for the Indianapolis 500.

The Pampa Daily News

**A Watchful Newspaper
EVER STRIVING FOR THE TOP O' TEXAS
TO BE AN EVEN BETTER PLACE TO LIVE**

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities. We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself, no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

People—or Pawns?

The mere fact that the Senate of the United States is currently debating the justification of trial by jury for certain (but not all) offenders charged with the new crime - to-be "discrimination" shows how far we have travelled down the devious road to a police state.

In treating such offenses as "contempt of court," the Civil Rights Act is itself in violation of the fundamental concepts and traditions of jurisprudence. The Senators are concerned here with no common or garden type of contempt - such as an affront to the dignity or authority of a court - but with trickery. The proponents of this bill are asking that the Congress suspend the age-old protection of the Magna Carta with respect to this particular legislation. This, it is presumed, would permit efficiency and dispatch—the bulwark of the socialist state—in meting out punishment to the large numbers of offenders that are obviously anticipated.

And while the Senators debate the granting of such accommodations to the swarm of Federal "inspectors" and lawyers who would implement civil rights snooping and enforcement, they should well consider where such a concession to absolutism will lead. If trial by jury is

rejected in one area, why put up with its delays and inconvenience to prosecutors in others? If we are, by this Act, to invent new crimes and label them contempt of court in the interests of summary punishment, why not blanket the old crimes into this streamlined routine? This is the course of creeping socialism and we may be sure that power-hungry bureaucrats will press their advantage — on and on.

But the hypocrisy of the debate on whether "property rights or human rights" come first goes even further. Contempt of court, under the bill can only assuage injury to human rights up to the cut-off point of a \$300 fine and 45 days in jail. For big offenders, where the injury is deemed too serious for this cavalier treatment, there are other harassment devices—such as cancellation of Government contracts and withdrawal of loans or other assistance under the various Federal programs.

Legislation that presumes to distinguish between property rights and human rights—such as the Constitution—is a logical curtailer of dictatorship. Under the age-old justification of maintaining law and order.

No Way to Die

It is beginning to dawn on the American people that they have once again been sucked into a Korean-type war that we are not supposed to win. This time, of course, it is in South Viet Nam, and there are other differences. US military men are supposed to be advising and training South Viet Nam forces in their unequal struggle against the Communist Viet Cong guerrillas, not fighting them.

As a result of the growing up, better planes, more ammunition and more troops are to be sent to South Viet Nam. President Johnson has asked \$125 million more in military and economic aid. But, at this writing, there has been no word of a change in policy that would permit US forces to carry the war to the enemy and into his supply bases and staging areas, that would indicate our determination to win or assure those who are facing death in the faraway jungles that such a sacrifice will not be in vain.

"It will be a long war," Secretary McNamara reported on his latest return from Saigon. If it is not a war to be won, it should not last a minute longer than it will take to get our fighting men out.

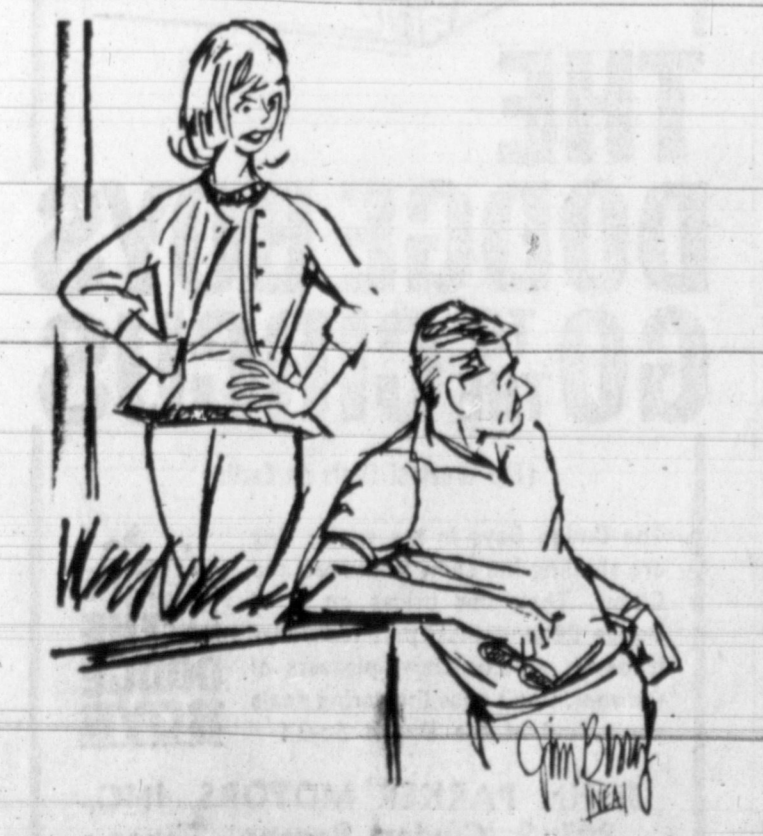

Hired Help Give Us Hard Time

Old Washington hands are tut-tutting over the timely dispatching of Senator J. William Fulbright by the President on a diplomatic errand to the Greek and Turkish capitals to stick Uncle Sam's thumb in the hot Cyprus porridge. Such a mission, they are saying, is only proper for a State Department employee.

Secretary of State come November (and Democratic victory), what's the difference? And besides, the President is determined to have the Civil Rights Act and the Senator's "nay" vote, to which he is committed, would be embarrassing to both.

But, must the Arkansas Traveler remain an exile until then?

Thurman Sensing says, "Responsible citizens in communities north and south, east and west, cannot allow this country to be taken over by a handful of law-breakers and left wing extremists who, to prove a point, would give American citizens a blood-bath. Congress should let the agitators know that it will not be intimidated into passing legislation that would not only regiment responsible citizens—but would give irresponsible, lawless elements the privilege to disrupt the nation. Preservation of the Republic requires an alert citizenry that will not tolerate social terrorists who hide behind the label of 'civil rights.'"

"Of course, you realize that by buying this moderately priced American-made sports car—you've pegged us!"

Fact and Opinion

According to a leading insurance company report, "One of the most vexing questions in highway safety today is what percentage of the total number of persons killed and injured in highway accidents each year became casualties as a result of alcohol. From a study of the reports prepared by the various state motor vehicle departments it can be determined that approximately 85 per cent of the casualties occur in accidents which involve driver violations. Undoubtedly, many of the violations are motivated by liquor but how many is a question that is difficult to answer."

John E. Swearingin, president of Standard Oil Company (Indiana), said "It is hardly surprising that corporations, have tended to grow in a country which has elevated growth itself to the status of a national goal; and growth we have surely had, ranging from the unprecedented in population - to the breath-taking in technology. In the process, corporations — as one of our key social institutions and themselves a prime source of growth in wealth, techniques, and ideas — have also increased in both number and size."

Senator Beall of Maryland... says problems affecting those who are needy can be solved without besmirching the true picture. President Johnson estimates 35 million Americans are poverty-stricken, then asks for \$963 million for the first year of the "poverty war"... this breaks down to an average of \$27.51 for each person so classified.

Paying one of the nation's biggest industrial tax bills, American railroads turn over to federal, state and local treasuries all revenues received for nearly 40 days of the year — a total of \$900 million.

Washington — U.S. authorities are suppressing shocking evidence of atrocities committed against U.S. military personnel and intelligence operators captured by Communist Viet Cong guerrillas in South Viet Nam.

Secret casualty reports of the Defense Department and the Central Intelligence Agency show that U.S. servicemen and covert agents were found dead after having been tortured and shot from behind.

Reliable military sources, with access to individual personnel files of both agencies, say a number of the atrocities are as shocking as those committed by the Chinese and North Korean Communists during the Korean war.

They report that in one incident the bodies of two Americans were discovered with their hands tied behind their backs. The servicemen had been shot in the back of the head and their bodies hidden under jungle underbrush by their Red captors.

According to these inside Pentagon sources, no detailed report or overall accounting of these atrocities has ever been compiled for presentation to President Johnson or the highest U.S. policy-making body.

These military experts stress that the Defense Department's failure to make a report is due to Secretary McNamara and his chief civilian aides' flat refusal to recognize these brutal slayings as atrocities, although the evidence is overwhelming that the servicemen were killed after being taken prisoner.

They point out that McNamara and his aides have cold-bloodedly held in private talks that the atrocities be listed as "regular casualties," — contending that the killings were committed in the heat of battle.

THE SILENT MEN — CIA Director John McCone is supporting the policy of not making the atrocities a public moral issue, as it has been a long-standing policy of the Central Intelligence Agency never to reveal details of how or when their agents die, despite the Communist brutality in South Viet Nam.

In several incidents South Vietnamese working for the CIA have been found floating in rivers and swamps with their hands, arms, legs and heads cut off. The Viet Cong butchers use these torture methods of slaying CIA agents to dissuade other Vietnamese from becoming informers or operators for the U.S.

The latest CIA estimate on Laos reveals that Communist Pathet Lao fighting under North Vietnamese officers used poison to kill more than 100 anti-Communist tribesmen, supplied and armed by the CIA, after they were overrun in recent fighting in that Southeast Asian nation. Ambassador Henry Cabot Lodge's mysterious silence on the atrocities is the big puzzle among U.S. military officers

Allen-Scott Report

Evidence of Atrocities Against U.S. Personnel In Viet Nam Suppressed by McNamara and Aides

ROBERT ALLEN

PAUL SCOTT

WASHINGTON — U.S. authorities are suppressing shocking evidence of atrocities committed against U.S. military personnel and intelligence operators captured by Communist Viet Cong guerrillas in South Viet Nam.

Secret casualty reports of the Defense Department and the Central Intelligence Agency show that U.S. servicemen and covert agents were found dead after having been tortured and shot from behind.

Reliable military sources, with access to individual personnel files of both agencies, say a number of the atrocities are as shocking as those committed by the Chinese and North Korean Communists during the Korean war.

They report that in one incident the bodies of two Americans were discovered with their hands tied behind their backs. The servicemen had been shot in the back of the head and their bodies hidden under jungle underbrush by their Red captors.

According to these inside Pentagon sources, no detailed report or overall accounting of these atrocities has ever been compiled for presentation to President Johnson or the highest U.S. policy-making body.

These military experts stress that the Defense Department's failure to make a report is due to Secretary McNamara and his chief civilian aides' flat refusal to recognize these brutal slayings as atrocities, although the evidence is overwhelming that the servicemen were killed after being taken prisoner.

They point out that McNamara and his aides have cold-bloodedly held in private talks that the atrocities be listed as "regular casualties," — contending that the killings were committed in the heat of battle.

THE SILENT MEN — CIA Director John McCone is supporting the policy of not making the atrocities a public moral issue, as it has been a long-standing policy of the Central Intelligence Agency never to reveal details of how or when their agents die, despite the Communist brutality in South Viet Nam.

In several incidents South Vietnamese working for the CIA have been found floating in rivers and swamps with their hands, arms, legs and heads cut off. The Viet Cong butchers use these torture methods of slaying CIA agents to dissuade other Vietnamese from becoming informers or operators for the U.S.

The latest CIA estimate on Laos reveals that Communist Pathet Lao fighting under North Vietnamese officers used poison to kill more than 100 anti-Communist tribesmen, supplied and armed by the CIA, after they were overrun in recent fighting in that Southeast Asian nation. Ambassador Henry Cabot Lodge's mysterious silence on the atrocities is the big puzzle among U.S. military officers

who briefed the former Ambassador to the United Nations.

In November 1953, Lodge won worldwide acclaim by condemning the North Koreans and Chinese Communists for their atrocities in Korea.

In a major policy speech approved by then-President Eisenhower over the opposition of the State Department, Lodge stressed the need for publicly airing these atrocities, stating:

"We consider today the question of atrocities committed against U.S. prisoners in Korea. The United Nations charter, which commits us all to prevent aggression and to uphold the dignity and worth of the human person, and to seek respect for international law, makes it fitting that we do so.

"We are faced with a whole series of acts, involving citizens of the U.S. and Korea — acts which affront these basic principles, which inspire horror and revulsion in any civilized mind, and which we must not suppress."

LODGE TO RETURN — During his briefings in Saigon, Lodge expressed deep personal shock over the new atrocities, but he has made no recommendations to Washington as to what should be done about the horrible Communist acts.

Military friends of Lodge who worked closely with the Ambassador at the UN believe the former GOP vice-presidential candidate is holding his fire until he returns to Washington next month for a round of official and private consultations.

The U.S. Ambassador to South Viet Nam has written Representative Melvin Laird, R-Wis., chairman of the Platform Committee for the Republican national convention, that he plans to be in the U.S. in late June and early July when he will be available to appear before his committee.

The Platform Committee will offer Lodge a nationwide TV forum to give his views on what should be done in South Viet Nam, including any statement he might want to make about the atrocities.

It was Lodge's UN speech that touched off a full-scale investigation of the Korean war atrocities by the Senate Government Operations Committee headed by then-Senator Charles Potter, R-Mich.

CAPITOL FLASHES — Representative William T. Murphy, D-Ill., plans to seek a full-scale congressional investigation of the Communist atrocities in South Viet Nam. A member of the Foreign Affairs Committee, Murphy has obtained on-the-spot accounts of atrocities by the Viet Cong forces against South Vietnamese troops.

It's Up To You

By HOWARD KERSHNER

Uncle Sam has now loaned out \$29.5 billion. He has borrowed every cent of this money and he pays about 4 1/2 per cent for it, yet, he loans much of it for 2, 3, 3 1/2, and 3 3/4 per cent.

Although 98 per cent of our nation's farmers now have electric power, the Rural Electrification Administration continues to loan 2 per cent money to finance electric cooperatives which pay no federal income tax and are furnishing electricity to industrial, commercial, and non-farm residential consumers. R.E.A. loans have been made to finance such projects as snow making equipment for a ski resort, a housing development and electric equipment for a lumber mill and a race track.

Such purposes, of course, have no relation whatsoever to the purpose of R.E.A. There is also what is called the Farmer's Home Administration which, like R.E.A., operates under the Department of Agriculture. This bureau loans money for the erection of apartments and houses in cities having populations of not over 2,500 and for financing rural residences which, of course, have nothing to do with farming.

To borrow money from the Farmer's Home Administration, one must give evidence that he could not obtain credit on reasonable terms from private institutions. If a bank would loan on that basis, it would be court-judged bankruptcy. The Federal Government escapes that fate only because it can levy the costs upon the taxpayers.

Thirty-eight states have now ratified the 24th Amendment to the United States Constitution, making it possible for any citizen to vote in any primary or other election for President or Vice-President or for Senator or Representative in Congress even though he may not have paid poll tax, or any other tax.

This is a direct violation of the heretofore recognized rights of the states to govern all matters pertaining to elections. The original Constitution gave the states full authority over the way and manner in which elections were to be held. This right of the states is now made null and void by the 24th Amendment transferring this power to the Federal government.

The payment of poll taxes or other taxes is no longer a requirement to vote. One may refuse to pay his own taxes while voting to levy taxes upon his fellow citizens. We rightly object to allowing member nations to vote in U.N. when they have not paid their assessments. Insisted in refusing to answer, Zablocki told him to consult his conscience. Under Zablocki's questioning, McNamara did admit that desertions by South Vietnamese troops to the Viet Cong were running much higher than when Diem was in power.

The American Way

MEDICARE BUG-A-BOO LOOMS AGAIN
By Raymond C. Baker
American Way
Features Correspondent

As part of his strategy to give most voters something for nothing in this presidential election year, President Johnson has reached into the forgotten recesses of the legislative hopper to pull out and put his "must" stamp on medicare—a measure Congress believed to be as dead as a dodo for this session at least.

The groans from politically-savvy Congressmen make it obvious that more than a little consternation has been created in Capitol Hill by the unexpected announcement that the Administration is going all-out to get the highly controversial King-Anderson medicare bill passed this summer.

Of course, Executive branch politicians see in medicare a double-edged sword which can reap votes no matter the outcome. If by the remotest possibility Congress acts favorably, the Democrat presidential candidate can woo votes by bragging that he single-handedly forced passage of this so-called health program for the aged. If it fails, he can tell the country it was killed by a coalition of die-hard Republicans, maverick Democrats and a powerful medical lobby — that if he is elected President the elderly can be assured it will become law in the next Congress.

Congress Opposed
In spite of Speaker McCormack's sublime prediction that "there is a reasonable possibility that a bill can be passed this year," many Congressmen have a different idea. They know from private polls that their constituents, including senior citizens, oppose the measure 2 1/2 to 1. And they are not about to vote for a measure that has such lopsided opposition.

Medicare has run out of political mileage because the people know it would make social security taxes prohibitive, costing from \$2 to \$4 billion for the first year alone. Moreover, they know that many private health plans are available to provide adequate medical care at reasonable costs to the elderly. They know too that these private insurance companies will have the money available when needed, without danger of a multitude of government leeches draining off a large share of the money for operational costs. Apparently the President has not reckoned with this kind of public opposition.

Presidential Pressures
The President, however, is a past master at bringing effective pressures on Congress to get what he wants. All members of the committee are up for re-election in November. A threat by the Administration to withhold support for the 14 Democrats could be effective in a showdown.

A major showing of public opposition to medicare can offset Administration pressures. Congress knows all too well that it is their constituents who elect them, not the President. A mas-

sive effort by the medical profession, along with every vote opposed to more socialism being foisted on America's free enterprise way of life, can defeat the President's give-away election program.

Now is the time to voice your sentiments — while the committee is holding renewed executive sessions on medicare, a health program which would cost more than any other piece of social legislation in history.

Question Box

(We invite questions on economic and the proper functions of government which will not injure anyone.)

Question: "Do all harmful mistakes against another person or group come from violating the Stealing Commandment?"

Answer: We think the Stealing Commandment pretty well covers the trouble we are in as far as human relations are concerned. If man did not believe in stealing he would not murder because when he murders he is stealing another man's life. He would not bear false witness because in so doing he is injuring the reputation of another person. If he didn't believe in stealing he would not violate a marriage contract that he or others had made; in other words, he would not commit adultery.

Of course, people pretty well understand that as individuals they should not steal. Perhaps they feel that as individuals they do not have much chance of getting away with stealing. But when they have the majority on their side, they seem to wink at stealing and think because it is made legal, it is good.

Tax-supported schools are based on the theory that the majority has a right to do things that no individual has a right to do. In other words, they are based on stealing. Of course, it is legal stealing but legal stealing doesn't make it moral or beneficial. It only makes it infinitely more dangerous.

Probably that is the reason that we have never been able to get any superintendent of schools, or any preacher holding a pulpit in any of the counties where Freedom Newspapers are published, to agree to answer a few questions on the morality of government schools for \$500 where each question is to be answered in one minute. Those who see the harm of government schools will gladly agree to answer each question in one minute and will do it without any pay except for the reward of finding more of truth. Nor have we been able to get anyone for \$500 to get any of them to do it. They seem to be so well satisfied with their understanding of what is right that they do not need to have it examined. Anyone who is afraid to have what he advocates in human relations examined is badly mistaken or dishonest. Since we cannot read a man's mind we give him the benefit of the doubt as Jesus did, "Forgive them for they know not what they do."

A thought for the day: Roman poet Ovid said: "A faithful study of the liberal arts humanizes character and permits it not to be cruel."

See some of them this weekend—more on a leisurely, low-cost vacation trip along the Chevron Trail on ScenicLand's uncrowded highways. Get the most out of living in the most picturesque part of the U.S.A.

Our all-new 48-page ScenicLand Trip Guide and Picture Book makes family trip-planning a pleasure—and a liberal education. See exciting color pictures—learn interesting facts—about thrilling western wonders that you never realized were just a short motor trip away. This 1964 edition has 12 times the color pictures of previous issues!

It's the only book of its kind—and only Chevron men have it. So drive in today at any service station under the Chevron sign for your FREE copy—and for the kind of motoring supplies and service that will insure full enjoyment of your ScenicLand trips. Remember—you don't have to stray outside ScenicLand, U.S.A. to have the summertime of your life!
