**WHEAT HARVEST STARTS** — More than 400 bushels of wheat from Dutch Osborne's field east of Pampa reached the elevator Friday afternoon and was the first load reported in Gray County. The 40 acre field produced about 10 bushels per acre and had a .14 moisture content. Other combines moved into area fields Saturday to produce scenes similar to this one and get the local harvest underway.

# Bush Wins GOP Race; Dems Nominate Pool

## Oil, Gas Industry to Benefit Saturday Runoff Voting Is Called Disappointing

What has been called one of the greatest needs in the oil and gas industry has been invented by a Pampa resident and will be manufactured here. C. L. Thompson, 345 Starkweather, said Saturday he had received notification from the U. S. Patent Office that his invention now is registered and protected.

The invention is a gate valve which can be installed in any steel product line without shutting off the flow of liquid running through the line.

The first working valve should be completed in about four weeks, Thompson said. It will be installed at a public demonstration in a gas line of the Cities Service Gas Company, east of Pampa. Leaders of the oil and gas industry from all over the world are expected to arrive in Pampa for the demonstration, according to Thompson.

Thompson said he had been working on the invention for about 15 years and completed it last December.

In explaining the function of the valve, Thompson said, "at present, the minimum cost to install a gate valve is about \$1,000 per hour and it takes a minimum of about six hours for even the smallest gas line." "In

C. L. THOMPSON  
... Pampa Inventor

the valve can be installed. "My invention," he said, "eliminates the need for shutting off the line and the valve can be installed with the line in full operation."

Thompson said the GrayCo Machine Company of Pampa will manufacture the valves. At present they will be assembled in the GrayCo building, 2252 Alcock. As soon as the need arises, Thompson said, a new building will be constructed adjacent to GrayCo for the main plant.

Parts to make the valves will be bought and shipped to Pampa from all parts of the United States. They will then be assembled at GrayCo and construction of the valves will begin immediately.

"It's hard to tell just how many persons will be employed at first," Thompson said, "since we do not know just how many orders for the valves we'll receive."

Thompson is employed by the Milliron Engineering Company and has resided in Pampa for eight years.

He has spent 36 years in the construction business and is a superintendent for Milliron.

He said he plans to call his product the Thompson Mark A-1 Valve.

**By KYLE THOMPSON**

DALLAS (UPI) — George Bush Saturday night completed what he started in the May 2 Republican senatorial primary by defeating Jack Cox in the first GOP primary runoff election in Texas history.

And incumbent Joe Pool was well on his way to winning the Democratic nomination for a second term as congressman-at-large, piling up a big lead over former State Sen. Robert Baker of Houston.

In returns to the Texas Election Bureau at 11 p.m., Bush had 44,108 votes to 22,202 for Cox. The returns were from 221 of the state's 254 counties, including 192 complete.

At the same time, Pool had rolled up 295,036 votes to 228,340 for Baker in returns from 196 counties, including 144 complete.

In Democratic congressional runoffs, State Rep. Eligio (Kika) de la Garza, a member of the Gov. John Connally team in the last legislature, swept past State Rep. Lindsey Rodriguez, 32,023 to 15,990 in the race for the seat being vacated by retiring Rep. Joe Kilgore.

El Paso businessman Richard White led State Rep. Malcolm McGregor 9,297 to 8,222 for the nomination to face Republican Rep. Ed Foreman of Odessa in November.

The turnout over the state was generally disappointing. A few hotly contested local races caught voter interest in spots

## City Plans Action on New Sanitation Plant

A public discussion of Pampa's proposed sanitation plant and sewerage system improvement and consideration of proceedings for calling a bond election will feature Tuesday's meeting of the Pampa city commission.

Mayor H. R. Thompson announced Saturday that the meeting will be held at 8:30 a.m. in the Palm Room of City Hall.

## Showdown on Filibuster Is Delayed Again

WASHINGTON (UPI) — The Senate Saturday put off until next Wednesday its crucial showdown vote on halting the Southern filibuster against the House-passed civil rights bill.

By permitting quick votes on amendments beforehand, the move could attract the remaining support needed to approve a gag rule that would end the longest talkathon in Senate history.

The delay was proposed by influential Sen. Bourke B. Hickel, R-Iowa. He said he was acting in behalf of 20 GOP senators who wanted to consider amendments before debate is shut off.

Senate Democratic Leader Mike Mansfield, Mont., said Senate leaders agreed to the new timetable in hopes of attracting more votes for cloture, the gag rule.

While parliamentary maneuvering intensified on the 71st day of talk, President Johnson predicted in a New York speech that "we will pass the strongest civil rights bill in American history."

He urged Americans to look beyond the bill and begin the "struggle to eliminate the heavy weight of discrimination in the hearts and homes of people." No matter what laws are enacted, he said, men can gain their rights only when "justice resides in the spirit of man."

The new Senate timetable calls for debate Monday and voting Tuesday on three controversial amendments. Some senators have been reluctant to vote for cloture because of the tight debate restrictions it would impose on consideration of amendments.

The Tuesday session is being moved from the regular meeting room in order to accommodate a larger crowd, the mayor stated.

The mayor said it is planned to discuss a proposed tax bond issue plan for financing the project and other related matters.

"We are inviting the public to the meeting Tuesday," Mayor Thompson said, "so all necessary information concerning the proposal can be made available."

The mayor declared that the sanitation improvement plan now has priority over all other city projects.

"We simply are at the end of the rope trying to get by with our present inadequate sewage facilities," Mayor Thompson said. "Something has to be done. We are operating with a plant built for a city of 12,000 population. As far as Pampa's sewage plant and system is concerned we have been living on borrowed time for the past ten years and now we find ourselves in the position of having to face up to the facts."

The present city commission and previous administrations have been studying various plans of resolving the sewage problems for several years.

Forrest & Cotton, Dallas consulting engineers, during the administration of Mayor E. C. Sidwell, completed a survey of the city's water and sanitary sewage systems which city officials said points up the inadequacy of the present setup and the need for a new sanitation plant.

These will be among the things to be discussed Tuesday, Thompson stated, along with the probability of setting a date for a bond election and the amount of the issue needed to make the improvements.

Estimated costs of the improvements mentioned at recent meetings of the city commission have ranged from \$750,000 to \$1,000,000.

Other business on the Tuesday agenda includes consideration of employing an auditor to audit city books, awarding contract for supplying city's requirements for gasoline, kerosene, Diesel fuel and lubricants, and approval of current bills payments.

## House GOP Out to Kill Excise Tax

WASHINGTON (UPI) — House Republicans mixed sex with the excise tax issue Saturday and said the combination proves that the Democratic administration is not living up to its word.

The GOP brought in the woman's angle as it stepped up its drive to eliminate \$517 million in excise taxes. There were signs the effort has the White House worried.

The excises on the GOP list are 10 per cent taxes on cosmetics, jewelry, handbags, luggage and furs. An attempt will be made next week to knock them out of President Johnson's budget.

The Republicans have argued in the past that these levies were "nuisance" taxes — leftovers from the World War II tax structure — which have outlived their usefulness.

Now they have added another argument. They claim the levies discriminate against the ladies.

"The tax is directed particularly against the women who are the major purchasers and users of the items," said 10 Republican congressmen in a committee report.

"The wedding ring she wears on her fingers is taxed," they added.

If it comes from a hardware store we have it. Lewis Hdwe. Adv.

## New Librarian Hired at Lovett

Mrs. Mary Lee Cooper of San Angelo was hired Saturday to become head librarian at Lovett Memorial Library effective July 1.

Mrs. Cooper, assistant director of Tom Green Library in San Angelo, will replace Mrs. Lillian Snow who will retire on that date.

The announcement of the appointment was made Saturday afternoon by Mrs. Frank Kelley, president of the library board, after board members had met and interviewed Mrs. Cooper at a meeting Saturday forenoon.

The meeting also was attended by City Manager Harold Schmitzer and R. B. Cooke, public works director, representing the city.

## Rancher's Wife Best Of Miami Cow Callers

MIAMI, Tex. (UPI) — Mrs. Thelma Paris, a local rancher's wife who decries the use of pickup trucks to bring in the cows, won the \$15 first prize Saturday in the women's division of the 16th annual cow calling contest.

"I've been hollering at cows since I was a little girl," she said.

Mrs. Paris, who edged out Mrs. Lloyd Wilkens of Panhandle, Tex., said cow calling is a dying art because folks nowadays go around honking their pickup horns at the cattle and "you don't develop your voice that way."

William Clark, of Miami took the men's division, but judges agreed the women not only were better but louder.

Mrs. Addie Mae Lard, 67, was an example. She won the great-grandmothers' title.

"Mrs. Lard is a pioneer out in this country," said Mrs. Paris. "She really has a loud voice."

More than 2,300 people flooded Miami (pop. 806) 30 miles east of Pampa, for the annual event and the big bring-yourown basket lunch in the county barn.

The judges, all ranchers in the Panhandle, took positions in gullies 200 and 300 yards away from the callers and listened to the bellows that echoed far over the plains.

It turned out a lot of folks still used lung power to call the cows.

The contest is the only one of its kind in the United States.

## Ex-Convict Gets 5-Year Sentence

A 50-year old ex-convict from Colorado was sentenced to five years in the state penitentiary Friday by District Judge Lewis M. Goodrich after entering a plea of guilty to a charge of theft by false pretext.

M. L. (Leo) Fly was charged with giving a \$3,000 hot check to Culberson Chevrolet Co. in payment for a new car. Fly then drove the auto to California where he sold it.

He was arrested several weeks later in California and returned to Pampa.

# Texas GOP Rallies to Give Convention Votes to Barry

AUSTIN (UPI) — Texas Republicans Saturday turned their zeal toward the June 16 formality of delivering the state GOP's 56 national convention votes to U. S. Sen. Barry Goldwater.

Goldwater, the darling of the Texas GOP, will go to Dallas June 15 under exceedingly favorable conditions—his California primary win last Tuesday made him the most likely Republican presidential candidate.

Goldwater is to be guest of honor at a \$100-a-plate gala affair the night before the State Republican Convention. He is virtually assured the state's 56 convention votes, giving him at least 500 of the 655 convention votes needed for nomination on the first ballot.

Finally, Texas Democrats cooperated with the GOP by renominating U. S. Sen. Ralph Yarborough, the man the Re-

publicans would most like to beat in November.

Texas Republican strategy is based on the hope that Goldwater will be the party's presidential candidate.

With Goldwater at the top of the ticket, the Republicans, with help from conservative Democrats, hope to out-Yarborough from the Senate and pick up a congressional seat or two.

The Republicans anticipate that a Goldwater-led ticket would at least be a help in holding the two congressional seats now occupied by Republicans Bruce Alger of Dallas and Ed Foreman of Odessa.

On the other hand, Democratic congressional candidates will have the benefit of a national ticket headed by Texan Lyndon Johnson, a fact that has dimmed some of the GOP hopes of gaining congressional strength this year.

Although the national Republican party reportedly has conceded Texas to native son Johnson in the presidential race, state GOP leaders refuse to do so publicly.

They insist that a hard core of anti-Johnson sentiment in Texas plus the state's well-known conservatism would give Goldwater at least a fighting chance.

## Bush, Pool Also Win in Unusually Light Vote Here

Out of approximately 10,000 registered voters in Gray County some 846 turned out to cast their ballots in Saturday's runoff election.

Gray County Democrats favored incumbent Joe Pool over Robert W. Baker for the nod as Democratic nominee for U.S. Congressman-at-Large. Pool polled 175 in Gray County while Baker polled 117.

The Republicans chose political newcomer George Bush — an almost 4-1 margin over veteran politician Jack Cox. Bush polled 425 votes while Cox polled only 129.

Out of the total of 846 ballots Republicans cast 554 while the Democrats cast 292.

Both Bush and Pool carried all precincts in each runoff race.

## 'No Sale' Thief PUNCHES REGISTER For \$62.94 Cash

A quick-handed thief cost the J. C. Penney Store, 201 N. Cuyler, \$62.94 Saturday afternoon.

Don Wheeler, assistant manager of the store, reported to the Pampa Police Department that someone punched the "no sale" key on the cash register in the shoe department, grabbed \$62.94 in cash and walked out of the store without being noticed.

The incident occurred about 1:30 p.m. Saturday.

In another incident Saturday afternoon, Mrs. Charles L. Smith of White Deer reported that someone stole her billfold containing \$50 in cash while she was shopping at Gibson's Discount Center.

Mrs. Smith said the billfold was in a shopping cart and was taken while she had her back turned.

## Weak Turnout

Otherwise, the showing was described variously as "fair" to "the lightest election I've ever worked."

One precinct judge in Houston said he had no voters for hours after the polls opened at 7 a.m. Another had a "pathetic" turnout and others in the state's biggest county generally said the response was less than half that of the May 2 first primary.

Voting in Amarillo also was "very light," as was the turnout in Dallas county. A spot check of half a dozen key precincts in Dallas showed voting "very inactive." One precinct judge said it was nothing like the May 2 primary.

A precinct judge in one of Austin's biggest boxes said the Democratic primary turnout there was only about 12 per cent of the first primary vote. The county courthouse precinct had only 35 votes up to 6 p.m.

## Cox Concedes Defeat by Bush

HOUSTON (UPI) — A defeated Jack Cox, Democrat-turned-Republican who jumped into the GOP senatorial race at the last minute, said Saturday night it appeared he has lost his bid in a runoff with George Bush of Houston.

Bush held a nearly 2-1 lead over Cox when Cox issued the statement.

"There certainly seems to be a trend that would indicate that the final outcome will not be favorable to me," Cox said. He thanked supporters and pledged to continue to stand "by my principles" and "against federal encroachment."

# Prolific Petitioner Is Back in Action

By DICK WEST  
United Press International  
WASHINGTON (UPI) — Reading about someone, or seeing him on television, can make us feel that we know a person we actually have never met. Such is the case with Henry Stoner.

I feel that I have come to know him through the petitions that he sends to Congress. Every citizen, of course, has the right to petition Congress, but few bother to exercise it. Stoner is a truly exceptional citizen.

About a year or so ago, I began to notice that almost every issue of the Congressional Record listed anywhere from one to a dozen or more Stoner petitions.

This struck me as so unusual that I counted up his annual output — it ran well into the hundreds — and wrote a column about it.

**Personal Interest**  
Since then I have developed a keen personal interest in Stoner's petitioning. The first thing I do every morning is pick up a copy of the Record to see what "old Henry" has on his mind.

Until last fall, Stoner dispatched his petitions from either Canyon Station or Old Faithful Station, Wyo. This led me to speculate that perhaps he was a geysir tender in Yellowstone National Park and that he wrote a petition each time Old Faithful erupted.

But in November, the petitions began to come from Worland, Wyo. I therefore theorized that Stoner had left the park and gone into business for himself.

At any rate, one of his petitions urged Congress to liquidate the Small Business Administration.

Later that month, however, a petition arrived from Shoshoni, Wyo., asking Congress to figure salary schedules in terms of actual take-home pay. This led me to conclude that Stoner was back on the government payroll.

**Stack of Petitions**  
Then, in December, something totally unexpected happened. Stoner sent in a stack of petitions from Avon Park, Fla.

My first thought was that he had gone to Florida for a winter vacation. But when three more months went by and the petitions continued to come from Avon Park, I surmised that Stoner had retired from whatever he was doing in Wyoming and had moved to Florida.

The change seemed to do him good, too, for he was never in better form, petition-wise. In April, however, the petitions abruptly stopped.

Had something untoward befallen him? As the weeks passed petitionless my concern increased. By the end of May, I feared the worst.

"I may never know what caused it, but this week — oh, joy! Oh, gladness! — the drought ended. The prolific petitioner is back in action and all's right with the world."

## Father Blamed For Getting Boy 'Hooked'

NASHVILLE, Tenn. (UPI)—A 14-year-old boy who told police he thought he was "hooked on the stuff," said he and his 15-year-old brother were introduced to drugs by their father.

Carl Yeargin, who was arrested yesterday with his father, James B. Yeargin, and his older brother Ronald, said his father, an ex-convict, had given his sons injections of drugs.

George Curry, special investigator for the district attorney's office, quoted the younger Yeargin as saying, "I believe I am hooked on the stuff. I have been this way for three or four months. My brother can do without it about a day and a half. If I don't get it, I start hurting all over and in my back and arms and legs."

Curry quoted the youth as saying his father gave him his first injection of the drug about nine months ago.

Police said the three had been purchasing medicines containing narcotics at drug stores throughout the city, and the father extracted the narcotics for the injections.

Police said Yeargin, who admitted taking drugs, for some time, was charged with manufacturing narcotics and contributing to the delinquency of minors. He was ordered held in lieu of \$2,500 bond. The sons were being held in juvenile court detention quarters.

## These Stones, too, Were Victims of War

By ROSETTE HARGROVE  
Newspaper Enterprise Assn.  
CAEN, France (NEA) — As the final mournful notes of taps fade from the shores of Utah, Sword, Juno, Gold and Omaha beaches, the memory of the men who died on D-Day is once more rekindled.

Yet few persons now remember that in the weeks and months following that great assault 20 years ago more than men died. French cities and their inhabitants were sacrificed to the cause of victory over fascism on a giant scale.

Such a place was this ancient university city of Caen, where William The Conqueror once was buried, and where medieval architects tested the structural mysteries of the Gothic arch at the church of St. Etienne.

For six weeks during the summer of 1944, the Allies besieged Caen. The guns after D-Day finished the job which the bombers started in advance of the invasion. The city was reduced to a great pile of mortar. It seemed unlikely that it could ever rise again.

But it did. Today, broad streets have replaced the narrow alleys of history book and tourist guide fame.

Supermarkets now flank the streets where once stood small shops which catered to the selective, buy-a-little-bit-each-day French shopper.

Windows have been replaced in the cathedrals and churches, and patient, skilled French stonecutters have performed their craft with the skill of plastic surgeons.

The neighborhood bars—"zincs" as the French call them — are more open to the sunlight and less quaint than they used to be before that devastating summer, but the men still stop after work to enjoy the Calvados apple brandy for which the region is famous. It tastes, they say, just as good as ever.

In the parks, where trees have years to go before reaching maturity, children play in the parks while old men doze on benches. A back-handed benefit to the very young and the very old was the destruction of the homes which once stood in these public greens.

Many villages and cities of Normandy bear the marks of war to a greater or lesser degree. One of the hardest hit was the town of St. Lo, not far from Caen.

Twenty years ago this prosperous community was wiped off the map by three successive and massive U.S. bombardments. This action was necessary to prevent German reinforcements from reaching the port of Cherbourg at the tip of the Cotentin peninsula to hamper the Allied forces.

More than 90 per cent of its buildings were destroyed. Of its 10,000 inhabitants, about 1,000 were killed. Once the deluge of fire and steel had passed over, only one shattered tower of the Cathedral of Notre Dame stood out gauntly from the surrounding ruins.

The sight reduced American soldiers to complete silence as

## Catholic Council Attacks Wallace

CLEVELAND, Ohio (UPI) — The Catholic Interracial Council of Cleveland has issued a statement attacking Gov. George C. Wallace of Alabama for his views on civil and human rights.

The statement charged that "Governor Wallace comes to Cleveland under auspices of an association called the Organization to Fight Communism. Unless he has suddenly repudiated his past beliefs, he comes to oppose the civil and human rights of some of our American people by urging that they be segregated from other Americans."

The statement continued: "Opposition to civil and human rights is not opposition to Communism; it is opposition to Americanism, to Democracy, to Christianity and to the principles repeatedly set forth by the Popes."

"We suggest to Catholics and other fair-minded citizens that they show their rejection of the mistaken views of Governor Wallace by avoiding his meeting and by praying and working for prompt achievement of interracial justice and harmony in this community."

Wallace was to arrive here to attend the Governor's Conference.

A local group has scheduled Wallace to give a talk at the conclusion of the conference.

they made their way through the ruins on their way to the battle of Normandy. Never before in history had a town been so completely erased.

Today Saint Lo, too, is reconstructed and bright with neon lights and supermarkets. It has all the appearance of a prosperous American town. A few old houses outside the center still stand in all their Norman charm.

These towns, too, were casualties of World War II. And like the men who died on the beaches and in the apple orchards, they are remembered today with photographs on tables and longing in the hearts of millions.

## Detectives Jailed In 'Bugging' Case

WASHINGTON (UPI)—Three private detectives convicted of "bugging" a local hotel room in an industrial espionage scheme two years ago were

sentenced Friday to a year in jail and fined \$500 each.

John J. Frank, John Leon and Oliver Angelone were convicted April 21 of violating three Federal Communications Commission regulations: operating a radio without a license; broadcasting without a license; and transmitting on a frequency reserved for air traffic control.

The Mayflower Hotel room with the secret listening device was occupied by a lawyer appearing before the Federal Power Commission (FPC) in a case involving the award of the franchise to supply the lucrative Southern California market for El Paso Natural Gas Co.

## Wheeler Food Store Will Be Remodeled

WHEELER (SpI) — Remodeling of the Puckett Food Store will get underway in a few weeks.

The Eli Sabee building next to the present store has been purchased and plans are being made to combine the two buildings to a modern supermarket. The buildings will get a new front, lowered ceilings and all

## Ringo Recovering From Tonsillitis

LONDON (UPI) — Ringo Starr, drummer of the British pop singing group the Beatles, is "very much better" after treatment for tonsillitis and laryngitis, University College Hospital reported Saturday.

Ocie Ford is manager of the Puckett Store in Wheeler.

**Obituaries**

**Fred Oran Gallman**  
 Fred Oran Gallman, 57-year-old Friona, Texas, farmer, died at 10:45 p.m. Friday in Highland General Hospital. He had been in Pampa 17 days.  
 The body was sent to Muleshoe, Texas, Saturday. Funeral arrangements were pending.  
 Mr. Gallman is survived by a daughter, Mrs. Robert Edwards of Pampa, and two brothers, Herbert and Flaudie Gallman, also of Pampa.  
 He also is survived by his wife, Lorraine of Friona; his mother, Mrs. O. M. Gallman, and two brothers, W. A. and W. L., all of Italy, Texas; two sisters, Mrs. Cleo Couch of Dallas and Maurine Gallman of Italy, and one grandchild.

**Texas Highway Deaths Increase**

AUSTIN (UPI) — Highway deaths in Texas so far this year are 16 per cent higher than in the same period last year, even though 1963 was a record year for traffic fatalities, the Department of Public Safety reported Saturday.  
 The DPS reported 1,083 killed in 887 accidents through noon Friday, compared with 937 killed in 772 wrecks in the corresponding period last year.

**Texas Schools to Get Fund Increase**

AUSTIN (UPI) — The State School Board Saturday proposed a \$124 million increase in expenditures for Texas public education by the 1966-67 school year.  
 Proposed expenditures of \$1,188,839,373 for 1966-67 do not include funds for higher education, increased teacher salaries or new educational programs.  
 The figure does not include revenue from all sources—local, state and federal—however.

**Opti-Mrs. Club Names Chairmen**

The Pampa Opti-Mrs. Club appointed Mrs. Newt Secrest and Mrs. Lindy Houck as chairmen for the upcoming district board meeting of the Pampa Optimist Club.

The meeting was conducted by newly installed president Mrs. Virgil Frasier.  
 New members introduced were Mmes. Jay Leath, Jack Robinson, Joe Achord and Jack McCabe.

Members attending were Mmes. Howard Adamson, Ray Rodgers Jr., Cecil McCarrell, Larry Parsley, Bill Leonard, Vernon Cawthon, Ray Ainsworth, Paul Hill, Lloyd Summers, W. A. Gipson, Newt Secrest, Homer Hollars, Bob Johnson, Lindy Houck, Dale Imel, Dale Smith and George Massie. Hostesses for the evening were Mmes. Art Ziebarth, W. C. Wallace and Donna Sims.

**Tennesseans to Attend Festival**

About 150-200 former Tennessee residents from Pampa and surrounding vicinity are expected to attend the Quartet Gospel Singing Festival to be held Friday night in Amarillo.

Quartets to be featured at the festival are the Tackett Family from Pampa and Skellytown, The J. C. Dunn Children from Amarillo, The Sacred Heart Quartet from Chestnut Hill, Tennessee, The Reece and Hartwell Quartet from Bat Harbor, Tennessee and the J. T. Crum Quartet from Newport, Tennessee.

The following Sunday, June 14, the Tennessee reunion is scheduled to be held in Thompson Park.  
 Tickets can be obtained by writing R. O. Draper, 1001 Carter, Amarillo.

**Gray County Grand Jury Meets Monday**

The June term Gray County Grand Jury will be impaneled at 10 a.m. Monday by District Judge Lewis M. Goodrich.  
 After being sworn in the jurors will go into session to hear indictments presented by District Attorney Bill Waters.  
 The Grand Jury will consist of 12 persons to be selected from a list of 16.

## Contract Let on Groom Post Office

Postmaster Gen. John A. Gronouski announced that a contract has been awarded to Mr. and Mrs. Alton Bell Ford of Amarillo to build the new post office building in Groom and lease it to the Post Office Department for a basic term of 10 years with options to renew the lease for 20 years.

The announcement of the award to the successful bidder advances the new building closer to the construction stage. When fully operational, the postmaster general said, the additional space and more modern equipment will, in the long run, more than offset the extra cost involved in producing more efficient handling of the mail, in accord with President Johnson's directive to provide the best possible postal service at the least possible cost.

"This project is in accordance with our policy of building new post offices only where they are urgently needed," Gronouski said. "We are constantly re-assessing our construction program to determine whether present buildings can be altered or remodeled to take care of our expanding mail volume. We now have about 45,000 postal locations throughout the country handling an anticipated volume of 72.2 billion pieces of mail for the 1964-65 fiscal year. By 1970 it is expected to rise to 90 billion."

The new masonry building will be air-conditioned, contain approximately 1,800 square feet of floor space, and adequate parking and maneuvering area will be provided for postal employees and patrons. The department's capital investment will be limited substantially to postal equipment, and the building will remain under private ownership.

Gronouski said, "We are seeking new ideas and new postal techniques, such as ZIP Code, to help process the mail more efficiently and economically, and our employees are doing a great job. But if we are to meet the demands of our growing population we must make use of the best mechanized equipment where it is justified."

## Foreign Commentary

By PHIL NEWSOM  
UPI Foreign News Analyst  
At a point near the Czechoslovak-Austrian border, so the story in Prague goes, a comrade saw his friend Jaroslav marching along, carrying a flag of the United States and singing the Star Spangled Banner. According to this highly imaginative yarn, the amazed comrade asked Jaroslav what he was doing.  
"I am carrying the American flag and singing the Star Spangled Banner," replied Jaroslav.  
"But during the war you were marching in this same place carrying a Russian flag and singing the Communist Internationale."  
"Yes," said Jaroslav calmly, "and the Russians got here, too, didn't they?"  
This bit of underground Czech humor has its counterparts among others of the East European Communist satellites but is particularly noteworthy in Czechoslovakia where increasingly vocal unrest has placed the hard-line Communist leadership at the point of a two-edged sword.

The other edge of the sword is a declining economy which last year saw a fall of more than one per cent in industrial production and an equal fall in national income.

It came as a shock to Czechs used to considering themselves the most economically advanced of the East European nations.

The consequence of this rude surprise has been a number of corrective steps, some of them remarkably non-Communist in character.

One has been a return to limited private enterprise permitting Czechs to operate their own fruit, refreshment and souvenir stands, to enter delivery and messenger services and to operate such other service facilities as laundry and car wash.

**Shakeup In Industry**  
In the industrial field, new attention is to be paid to the relationship between supply and demand, wage and price policies are to be shaken up apparently with a greater eye on workers' incentives, factory managers are to be given greater authority instead of acting merely as messenger boys for state planners.

But the greatest change of all has come in Czechoslovakia's eagerness to win Western hard currencies through tourism. Highways and railways are being improved. Ancient castles are being restored. Tourist visas are easy to get.

All this entails a risk. Czech youth, anxious for American music and Western styles, occasionally also expresses itself in violence against the government. One such recently poked his head into an automobile containing visiting Americans.  
"You don't know how lucky you are," he said.

No motor vehicles are allowed inside the walls of the city of Dubrovnik, Yugoslavia, according to the Encyclopaedia Britannica.

CONVERSATION-BUZZER—Beehive hairdo is making a buzz of conversation in New York. Bavarian lassies serving at the Vienna Woods cafe, New York World's Fair, brought the charming old-country style to the sophisticated metropolis.

### Center Wrap-Up

George Smith, Director  
Pampa Youth and Community Center

The Center has an abundant number of activities planned for the summer. They are bridge lessons starting June 23 at 10 a.m. taught by Mrs. Jim Nation; twirling lessons starting June 15 at 1:30 p.m. taught by Barbara Zimmerman; trampolining lessons starting June 9 for girls and women at 8 p.m. and for boys on June 11 at 8 p.m. taught by Pete Erwin and a baseball clinic which due to lack of numbers in the younger ages will be thrown open to all boys ages 6-12. This is for any boy whether he is on a little league team or not.

George Smith, former Oklahoma coach, will conduct the clinic. Meeting time is 10-11:30 on Monday, Wednesday and Friday through July 17. Fundamentals of baseball will be taught. All participants should be a center member with membership still open. Rates are \$5 for six months and \$8 per year for individuals 10 or above while family rates are \$12 and \$20 respectively. Persons under 10 must be entered on a family membership.

Some swimming lessons are still available for the summer. On June 15-June 26 at 9 a.m. intermediates and at 10 a.m. Advanced Beginner and Intermediate while on July 13-24 at 9 a.m. Advanced Beginner, Intermediates and at 10 a.m. Advanced Beginner and Swimmer.

The center will sponsor after the only beginners classes these classes above are finished will be July 27-August 7 and August 10-21. These will meet from 11-12 a.m. Enrollment dates for these classes will be July 23 and August 6 on a first come first serve basis. Center members may take these lessons free of charge while non-members must pay a \$2 instructional fee.

In a short while something new for all persons will be sponsored by the Center. Rod casting for accuracy and just plain fun will be offered. This will consist of using your fishing rod with a weight on the end of the line, then casting into various areas setup such as tires or buckets at different distances. There will be no charge for this fun and a contest will be featured later on in the summer.

The volleyball season came to an end until September with the men's division championship playoff. The White Deer Jaycees took first place from the Hi-Land Drive Inn Laddies Friday night in three games. Scores were 15-3, 12-15 and 15-6. Trophies were awarded the winner and runners-up. Earlier in the week Hi-Land Lassies took first place in the women's division with Surplus city placing second. An oddity in the woman's division was that Hi-Land never lost a game all season.

## Ranchers Take Over In Texas Cow Town

MADISONVILLE, Tex. (UPI)—The citizens of any sensible Texas town of 80 years ago, if they had been in the same spot as the people of Madisonville today, would have barred the doors, primed the scattergun, and sent a fast rider for the Rangers.

The ranchers rode in Thursday—500 strong—and took over the town.

### Wheeler Student Gets BS Degree

WHEELER (Sp) — Nancy Whitener, daughter of Mr. and Mrs. Gordon Whitener, was among the 850 degree candidates receiving degrees at North Texas University, Denton, Friday night. She received a bachelor of science degree in education.

Mr. and Mrs. Gordon Whitener and Mrs. Ruby Williams attended the graduation exercises. Nancy has been employed to teach the 4th grade at the Shepard Air Force Base elementary school near Burkburnett. She will be working under A. E. Brown, from Wheeler County, school superintendent.

Read The News Classified Ads

The citizens welcomed these ranchers with open arms, however. The occasion is the Madisonville Sidewalk Cattlemen's annual barbecue and reunion.

Camp On School Grounds  
The 500 cattlemen rode into town Thursday on horseback and in covered wagons to get the meeting started.

They set out that morning from a campsite a short distance away. Many of them spent last night camped on the grade school grounds.

More than 1,000 visitors were expected to be on hand today. High on the list of their discussion topics is the "enemy" that has replaced the barbed wire and nester troubles their grandfathers had — imported beef.

The meeting will honor Fred Wulff, rancher, lawyer, and president of the Texas and Southwestern Cattle Raisers Association. He will be given an award as the Southwesterner who has done the most to curb imports of foreign beef.

Clearly Stamped  
On May 14, the Madisonville city council joined the fight by making it illegal to sell foreign beef within the city limits without it being clearly stamped "imported beef."

A dance was held Thursday night and rodeos are planned for tonight and Saturday night.

CHARLES S. MITCHELL

GEORGE H. HILL

LYSLE L. SHEPARD

# Cities Service Names New Vice Presidents

NEW YORK (Spl) — Election of George H. Hill Jr., Charles S. Mitchell, and Lyle L. Shepard as executive vice presidents of Cities Service Company was announced this week by J. Ed. Warren, president and chief executive officer.

"Election of the three senior officials by the board of directors," Warren stated, "completes another significant step in the strengthening of the company management to carry forward our program of diversification and expansion."

The three executive vice presidents, together with Warren, will comprise a senior policy committee responsible for formulating and administering overall policy.

Hill, who continues as general counsel, will also be charged with matters relating to international operations.

Mitchell will be primarily responsible for co-ordination of operations and research activities among subsidiaries.

Shepard will direct general administrative and financial affairs.

Hill has been associated with Cities Service since 1945, prior to which he served in Washington successively as assistant general counsel of Reconstruction Finance Corporation and executive vice president—and general counsel of Defense Supplies Corporation.

He was elected a director of Cities Service in 1953, vice president in 1956, senior vice president in 1959, and general counsel in 1963. Born in Tupelo, Miss., he received his LL.B. degree from the University of Mississippi.

Mitchell joined Cities Service in 1930 upon graduating from North Carolina State College with a degree in civil engineering. Born in Spring Hope, N.C., Mitchell has been associated with nearly every phase of petroleum and natural gas operations in his 34 years with the company.

He was named manager of crude oil supply and transportation in 1950, elected a director in 1955, vice president in 1956, and senior vice president in 1959. Mitchell is a director and member of the executive

# Quotes In The News

By United Press International  
GARDEN CITY, N.Y. — Former Vice President Richard M. Nixon contending that pollsters, commentators and political experts believe the Republican party has only a remote chance of defeating President Johnson in the November election.

"All that I can say is this, that the polls have been wrong in New Hampshire, Oregon and California."

WASHINGTON—Sen. Hubert Humphrey, D-Minn., floor manager of the civil rights bill, sounding confident but not flatly predicting that there were enough votes to gag lengthy Senate debate on the bill.

"I am as optimistic as I can be and on the other hand as prudent as I can be."

ST. AUGUSTINE, Fla. — Integration leader Martin Luther King saying he came back to racially troubled St. Augustine to lead an integration drive despite threats of death.

"Before I'll be a slave, I'll be buried in my grave."

NEW YORK — United Auto Workers (UAW) President Walter Reuther saying he does not believe Sen. Barry Goldwater has a chance of being elected president of the United States.

"He has been in political orbit for some time, and I have no doubt he may be able to land on the moon. But he'll never land in the White House."

The spinet probably was named for Giovanni Spinetti, of Venice, who made important changes in its design in the 1500s.

# Contract Awarded In Gasoline Deal

TULSA (Spl) — The Defense Fuel Supply Center, Washington, has awarded Cities Service Oil Company a 115-145-grade avgas contract for 79,800,000 gallons from the Lake Charles, La., refinery it was announced here. The contract runs from July 1 to Dec. 31.

# Pipeline Firm Authorized to Raise Capacity

CHICAGO (Spl) — Natural Gas Pipeline Company of America has been authorized by the Federal Power Commission in Washington to increase the peak-day withdrawal capacity of its Illinois underground storage facilities by 76 million cubic feet.

The \$4.2 million project — which includes drilling 11 injection — withdrawal wells and installation of 9200 compressor horsepower — will boost the maximum daily withdrawal capacity of the Herscher (Kankakee County) and Cooks Mills (Coles and Douglas Counties) storage areas to 968 million cubic feet.

George P. Garver, NGPL's president, said the additional capacity will be used to meet the increasing demands of the Company's existing natural gas customers.

New facilities at Herscher will include six injection — withdrawal wells, a 7500 horsepower turbine compressor, and approximately 2.3 miles of field pipeline.

The Cooks Mills facilities will include five injection — withdrawal wells, two 850 horsepower gas compressors, and approximately 1.8 miles of field pipeline.

NGPL has operated the Herscher field since 1953 and Cooks Mills since 1958. The firm develops natural gas to markets in Illinois, Indiana, Iowa, Kansas, Missouri, Nebraska, Texas and Wisconsin.

# Kerr-McGee Lists Personnel Changes

OKLAHOMA CITY (Spl) — Reassignment of personnel in the oil and gas exploration department of Kerr-McGee Oil Industries Inc. was announced by the company this week.

Joseph P. D. Hull Jr., formerly district geologist in Calgary, Alberta, Canada, was transferred to Oklahoma City to assist with a special exploration research project.

A. D. M. Mason has been promoted to manager of the Canadian division in Alberta to replace Hull and James K. Gray was named geologist in the same office.

John C. Meyer, district geologist in the northern Rocky Mountain division, has been assigned to Oklahoma City to direct all of Kerr-McGee's geological activities in the Rocky Mountain division, Robert W. King, will move to the west Texas Panhandle division in Amarillo, while John R. Barwin and Norval D. Schoenhals, geologists in the Rocky Mountain division, will be transferred to the Southern division at New Orleans.

James P. Ryan, division landman in Denver, will head land activities in the Amarillo office, which will serve as headquarters for a region that will include the states of Wyoming, Utah, Colorado, Arizona, New Mexico and the western areas of Texas and Kansas.

Land matters in the states of North Dakota, South Dakota, Montana and Nebraska will be administered from the company's main office in Oklahoma City.

# Benefit Party Set for Price Here Thursday

Bob Price, Republican candidate for Congressman from the 18th Congressional District, will be present at a benefit card party being held for him Thursday 8 p.m. in the Hospitality Room of the Citizen's Bank and Trust Company.

Tickets are on sale now and are \$1 per person. There will be tables of bridge, canasta and dominoes. The public is invited to come meet the candidate and his wife Marty.

# Estes Lawyer Denies Intent

HOUSTON (UPI) — Bankrupt financier Billie Sol Estes has no criminal intent when he mortgaged non-existent fertilizer tanks, his attorney said today before the 5th U.C. Circuit Court of Appeals.

The court was acting upon an appeal of the federal sentence imposed last April 15 in El Paso against Estes.

A certified public accountant testified at the Estes trial in El Paso last year that Estes might have succeeded in his financial juggling act, defense attorney Hume Cofer, of Austin, told the court today.

Cofer said Estes, who is under a 15-year federal sentence and an 8-year state sentence for swindling, did not defraud farmers induced to sign mortgages.

Cofer said there was evidence Estes had repaid \$5 or \$6 million of the \$24 million he had obtained through mortgaging the phantom tanks.

Marshal Golding of Washington, a Justice Department attorney, argued that Estes' criminal intent was established by his acts.

Cofer said the finance companies, which loaned Estes the money, entered the deals with Estes because of the high interest he agreed to pay and there is evidence the companies knew there were no securities for the loans.

Estes did not show up for his day in court, but did not have to. He lives in Abilene, Tex., currently free on \$140,000 bonds.

The appeals court consists of three judges who will act on the appeal of the federal sentence imposed in El Paso last April.

# 700 Expected At Landmen's Convention

DALLAS (Spl) — AAPL's Tenth Annual Meeting, slated for Dallas June 17-21, is expected to attract more than 700 petroleum landmen and their families.

The two-day business session will hear addresses from an outstanding roster of speakers including Minor Jamison of Washington, who will have as his subject "Petroleum — Its Political and Economic Challenges." Robert A. Seaton, assistant director of minerals, Alberta Province, Edmonton, Canada, will discuss "Petroleum's Past and Future in Canada."

The men will hear a talk and golf clinic by golf luminary Byron Nelson.

Slated for the wives will be a scenic tour of Dallas and luncheon and musical review on Thursday with a brunch and style show by Neiman-Marcus on Friday.

The group will be entertained by the members of the East Texas Association of Petroleum Landmen, Tyler, at a reception Thursday afternoon. Heading the local group and hosting the visiting landmen from throughout the United States and Canada are James W. Beavers, Hunt Oil Company, Wesley Weed, Sun Oil Company and W. R. Wiggins, Dallas independent. Beavers is the incoming first vice-president of AAPL.

# Nikita Calls Off Press Sessions

STOCKHOLM, Sweden (UPI) — Soviet Premier Nikita Khrushchev has called off all press receptions scheduled for his Scandinavian goodwill tour later this month, it was learned Saturday.

A Swedish foreign office spokesman confirmed the Russian leader had canceled his Stockholm press conference and indicated the same was true for Copenhagen and Oslo.

The spokesman said the Swedish government had received a message to that effect from Soviet authorities. He would not elaborate.

## Quadrangle Upsets In Belmont Stakes

NEW YORK (UPI) — Quadrangle, an also-ran in the Kentucky Derby and the Preakness Stakes, spoiled Northern Dancer's bid for a sweep of the Triple Crown Saturday when he pulled away in the stretch to win the 96th and richest running of the \$134,600 Belmont Stakes by two lengths.

Roman Brother was second in the mile and one-half classic with Northern Dancer, winner of the Kentucky Derby and the Preakness, third. Hill Rise was fourth before a crowd of 61,215, the largest ever to see the race.

Willie Shoemaker, on Hill Rise, claimed a foul against Bill Hartack on Northern Dancer. But the stewards did not allow it after viewing motion pictures of the race.

The huge crowd set a record by betting \$903,948 on the Belmont Stakes. Most of the money was wagered on Northern Dancer, the Canadian bred colt owned by Edward P. Taylor of

Toronto who had a chance to join Sir Barton, Gallant Fox, Omaha, War Admiral, Whirlaway, Count Fleet, Assault and Citation as Triple Crown winners.

But Northern Dancer failed to rally in the stretch as Quadrangle blazed through the straightway to finish the grueling test in 2:28 2-5.

The husky colt, owned by Paul Mellon's Rokeby Stable, was third choice in the betting and paid \$15.10, \$6.80 and \$2.70 across the board while hauling down a winner's purse of \$110,850.

Roman Brother returned \$8.10 and \$2.90 while Northern Dancer, beaten by six lengths in his bid for turf glory, paid \$2.10.

Northern Dancer came into the stretch second behind Quadrangle.

But the game little colt just did not have it Saturday as he did when he won the Kentucky Derby by a neck over Hill Rise and when he pulled away in the stretch at Pimlico to win the Preakness Stakes by two and one-quarter lengths.

His failure thus added another year to the long wait the racing world has had for a ninth Triple Crown winner. Citation was the last in 1948.

Northern Dancer was the fourth horse in history who came into the Belmont with victories in the Kentucky Derby and the Preakness behind him only to fail in the Belmont. The others were Pensive, Tim Tam and Carry Back.

### PRIME PASSER

PITTSBURGH (UPI) — During Quarterback Bobby Layne's 1947-'62 career in the National Football League he set all-time passing records of 196 touchdowns and 26,768 yards gained on 1815 completions in 3,700 attempts.

### What A Mess

COLLEGE STATION (NEA) — Quartermiler Ted Nelson of Texas A&M keeps himself fit with this midnight snack: Peanut butter and honey topped with wheat germ.

PAMPA REBELS, 1964 — Posing after their opening district win yesterday are (front row, left to right): Larry Daniels, Ricky Goodwin, Roy Harper, Ricky Maynard. Middle: Carl Harnsberger, Jerry Simpson, James Matney.

Steve Molberg, Top: Coach Jeff Cohane, Ronnie Oler, Ronnie Curlee, Buddy Hammons, Jerry Garrison, coach Harold Gregory. Not pictured: Rick Stewart, Jim Arthur, Jimmy Moore, Kyle Vann.

## Rebels Rack Up Canyon By 12-2

By JEFF COHANE

Pampa News Sports Editor The Pampa Rebels combined good pitching, heavy hitting and wild base-running to smash to a 12-2 victory over Canyon in their American Legion District 18 opener yesterday at Optimist Park.

The Harvesters grabbed a five-run first inning lead and went on from there as they slammed out eight hits, including a home run by Ricky Maynard and a bases-loaded double by sophomore Larry Daniels. Another soph, Bud Hammons, picked up the initial win as he went four innings, spacing six hits while walking only one and striking out two. Dipsy-doodle Carl Harnsberger had the Eagles completely baffled in the last three innings as he allowed only one hit while striking out five batters.

Smooth fielding by the newcomers on the squad highlighted play as sophs Daniels, Roy Harper and Jerry Simpson and freshman James Matney combined with veterans Steve Molberg, Ricky Maynard, Ricky Goodwin and Ronnie Oler for a completely errorless performance. Highlights were a diving pickoff by Harper and a running catch in right field by Simpson.

Action started in a hurry as Oler led off with a triple into right center, Harper walked and stole second and Maynard sent Oler in with a sacrifice fly. Molberg walked, Jerry Garrison was safe on a fielder's choice and Daniels then unloaded the bases with a blast to the centerfield fence. Daniels came around himself on a passed ball.

Hammons ran into trouble for the only time in the second inning when Neil Thrasher singled up the middle and Marion Hicks homered over the centerfield fence. The Eagles threatened again in the fourth on three singles, but a Maynard to Harper pickoff killed the lead man and Ricky Goodwin closed it out as he threw another runner out at third.

Oler's second hit, an error, two stolen bases on Molberg's double into left field brought in two more Rebel runs in the second. Maynard upped the score with a blast over the centerfield fence in the fourth and the Pampans closed out the scoring with three tallies in the fifth.

Four Canyon errors set up the final tallies after Goodwin and Daniels had belted back-to-back singles.

## Maye Wins Game For Milwaukee

MILWAUKEE (UPI) — Lee Maye singled home a pair of runs with two outs in the ninth inning to give the Milwaukee Braves a 6-5 victory over the Chicago Cubs Saturday.

The Cubs' newly acquired Lew Burdette, working in relief, appeared headed for his fiercest win in a Chicago uniform until Mike De La Hoz singled in the ninth after two were out. Lindy McDaniel came in immediately to take Burdette's place and served up a single to pinch batter Reico Carty. A wild pitch then sent Carty to second and Bill Woodward, running for De La Hoz, to third. Maye quickly ended the game by scoring the two runners with a single drilled into left center field.

## 'Shook-Up' Dodger Lineup Wins, Orioles Move Into First Place

### Slumping Bums Rally Over Mets

NEW YORK (UPI) — Manager Walt Alton shook up his slumping Los Angeles Dodgers Saturday and the two men he installed in the lineup, Wally Moon and Wes Parker, helped produce a 9-2 victory over the New York Mets.

Alton benched defending batting champion Tommy Davis and Frank Howard for not hitting. He installed Moon and Parker in their places in the outfield and each responded with two hits.

Moon's two-run single in the third inning capped a three-run rally that put the Dodgers in front to stay while Parker singled twice and scored each time.

### Bird Hurlers Cut Down Twins

MINNEAPOLIS, Minn. (UPI) — Steve Barber and Stu Miller combined to cut down the Minnesota Twins 2-1 on five hits Saturday for the Baltimore Orioles' 16th victory in 17 one-run decisions.

Barber was pitching his finest game of the season until the eighth when with one out he gave up a single and a walk and had a 3-0 count on Tony Oliva. Miller came in, walked Oliva, and then forced Bob Allison to hit into a double play.

Barber evened his record at 2-2. Dick Stigman took the loss although he struck out nine Orioles over eight innings.

### Giants Take Lead In National League

PHILADELPHIA (UPI) — Catcher Tom Haller's two-run homer in the ninth inning gave San Francisco a 4-2 victory over the Philadelphia Phillies Saturday and the lead in the National League race.

Haller's blow came off reliever Ed Roebuck, who allowed his first runs in 19 1-3 innings. The winning rally that broke up a 2-2 tie was started with one out on a single by Jesus Alou. Haller then slammed his fourth homer inside the wire fence guarding the light tower in rightfield.

Southpaw Billy O'Dell, who had relieved starter Jack Sanford and halted a Phillies rally in the eighth, gained the win and the league lead for the Giants by four percentage points over Philadelphia.

Sanford and Phils starter Dennis Bennett were locked in a pitching duel through most of the game.

### Bucs-Colts Washo

PITTSBURGH (UPI) — The scheduled Saturday afternoon game between the Pittsburgh Pirates and the Houston Colts was postponed because of wet grounds.

three-game losing streak with the victory, scored two runs in the second inning on a double, singles by Whitfield and Chance and a sacrifice fly.

## Van Loon Again Makes All-State

HOUSTON (UPI) — Sprinter George Aldredge, hurdler - high jumper Johnny Morriss and weightman Howard Van Loon were double honorees on the 1964 high school all-state track and field squad announced Saturday by the Texas Sports Writers Association.

Aldredge, of Highland Park, was named for his 9.4 and 20.9 seconds clockings in the 100 and 220 yard dashes, the latter mark believed to be a national record around a curve.

Morriss, of Houston Jones, was cited for his 120-yard high hurdles time of 13.7 seconds and his 6 foot 6 1-2 inch high jump, an event in which he has won the state Class AAAA title three years in a row.

Van Loon, from Rotan, had the top distance in the shot put of 64 feet 5 1-4 inches, and the state's second best discus throw of 175-3 1-2.

All three were repeaters from last year's all-state squad, Aldredge in the 100, Morriss in the high jump and Van Loon in the shot put.

Also repeating from last year's squad were miler Walter Reyna of San Diego, hurdler Ken Walters of Irving, high jumper Barry Noble of Jourdanton, broad jumper Charles Clifton of Rio Vista, pole vaulter Gary Hobson of Kermit and hurdler Leonard Peters of Seymour.

Aldredge, Noble, sprinter Dale Bernauer of Port Arthur and quarter-miler Conley Brown of Houston San Jacinto were the juniors on this year's squad, while Abilene's Larry Smith, who set a new state pole vault mark of 15 feet, is only a sophomore.

HOUSTON (UPI) — Hank Majeski, who had a lifetime major league batting average of .279, will scout talent for the Houston Colts in the New York area.

## Homers Lead Tribe Over Senators, 7-4

CLEVELAND (UPI) — Fred Whitfield and Bob Chance, who collected three hits apiece, crashed consecutive home runs in the sixth inning Saturday to lead the Cleveland Indians to a 7-4 victory over the Washington Senators.

Jack Kralick, who pitched seven shutout innings before Chuck Cottier hit a solo homer in the eighth, picked up his sixth victory in seven decisions but needed ninth-inning relief help from Deon McMahon after the Senators rallied for three runs.

The Indians, who snapped a

# PTC to Run In June Meet

The Pampa Track Club opens its summer season June 20, at a West Texas AAU meet in Andrews, announced president Jeff Cohane.

Dick Walker, secretary of the West Texas AAU, has approved the meet for the USTFF and AAU affiliated PTC, and it will be hosted by Max Goldsmith, well-known Andrews track coach.

The meet will be limited to high school eligibles and under in the boys division, reported Goldsmith. The first meet for the PTC open and college division as well as girls teams will be at Lubbock June 27. It will also be an AAU-approved meet.

The Pampa Club will also compete in an AAU meet for both boys and girls at Odessa July 11, is tentatively scheduled for a USTFF meet in Seminole July 11 and then to the AAU state championships at Abilene July 25.

The meet at Abilene will have four divisions, Midgets (11 years old and under), Juniors (12-13), Intermediates (14-15) and Seniors (16 and up with high school eligibility remaining.)

The senior division will be headlined by Booker's state champion relay teams, Pampa's state finalist miler, Mark Westbrook and White Deer's regional finalist polevaulter and broad-jumper Randy Elliott.

Tentative entries for the meet will have Waylon Bullard of Pampa in the high and low hurdles and Elliott joining him in the lows, also broadjumping and pole vaulting.

The sprint and mile relay teams will be made up of Bill Hughes, Jim Moier, Larry Trosper and Shayne Slovacsek of Booker. A sprint medley relay team running two 220s, a 440 and an 880 will be set up from Hughes, Meier, Jimmy Jamieson of Pampa and Westbrook.

Westly will also run the open 880, there being no mile run in the meet. Slovacsek will run the 100-yard dash. San Williams of Pampa will be the high jumper. The broad jump entries will be Little Butch Crossland of Pampa, Elliott, Hughes or Trosper. The junior division will feature

Little Bobby Vanpool of Wheeler's state finalist mile relay team, Dickie Sims of Lefors' district champion relay team, Otto Wheeler, WD's regional hurdler, and a number of junior high standouts.

In the 70-yard high hurdles, entrants will be Wheeler, James Matney of Lee, Ronnie Sargent of Skellytown or Howard Sanders of Canadian. In the 120-yard low hurdles, it will be Wheeler, Matney and Sanders.

The sprint medley relay team (two 100s, a 220 and a 440) will be made up of Kenneth Steinle of Canadian, Tony Pittman of Lefors, Sims and Vanpool. The 440-yard relay team will be the "4-S Boys," Sargent, Sims, Sanders and Steinle. Sargent, Steinle and Vanpool will enter the open 100. An eight-man mile relay team, all doing 220s, will probably be made up from Matney, Sanders, Steinle, Steve Oler of Lee, Vanpool, Sims, Sargent and Barry Price of Lee.

Sargent and Price will be in the pole vault, Matney and Doc Cornutt in the shot put and discus, Matney, Oler and Sargent in the high jump.

The junior division entrants will be Dennis Keith, Mark Thomas, Don Cauthern, Lonzo Gomez and Phillip Long. Events will be the 100-yard dash, the broad jump, high jump, shot put and 80-yard low hurdles.

The midget division will be made up of Lefors and Skellytown youngsters, and will have Ricky Davis, Jim Moyer and Mike Torres in the 50, Torres and Davis in the 75-yard dash, David White and Davis in the broad jump, Davis in the high jump and also will have an eight-man 440 relay team.

All Skellytown entrants are to call Phil McLean at VI. 8-2520 or VI. 8-2461 for practice times and arrangements. Lefors boys are to contact Sylvester Torres at TC. 4-2362 and Jesse Ring at TE. 4-2223. Booker athletes are to contact coach Ray Robinson. All intermediates are to call coach John Hale at MO. 5-4554 and all seniors are to call coach Norman Phillips at MO. 5-5219.

HUGH FINNERTY

## Tulsa Oilers GM Optimist Speaker

A versatile sportsman will be the guest speaker tomorrow at the Pampa Optimist Club's baseball kick-off ceremonies, Hugh Finnerty, general manager of the Tulsa Oilers.

Finnerty, who will head up the festivities which will be climaxed by a baseball clinic held by major league great Pepper Martin, has literally been connected with just about every branch of baseball, playing, managing, broadcasting, scouting, telecasting and in the executive end.

A native of St. Louis, Mo., Finnerty played semi-pro baseball and soccer before World War II. In service he was director of an Armed Forces radio station.

He became commissioner of semi-pro baseball for the state of Oklahoma in 1947, the youngest commissioner in the history of the National Baseball Congress. For 19 years, Finnerty was a broadcaster and telecaster, principally of Tulsa's

baseball games. He was also a scout for the Cincinnati Reds. Currently vice-president and general manager of the Oilers, he was named minor league executive of the year in 1963 by the Sporting News.

In addition to Finnerty, local dignitaries, including Mayor H. R. Thompson, will speak at the ceremonies. The big day will open with a barbeque at 5 p.m., followed by the program at 6:30. After the speeches, Martin will conduct a clinic for the youngsters. Also to be introduced are the eight candidates for the two Queen posts at the regional Babe Ruth League Tournament next month.

Queen voting will go on until July. The candidates pictures are on display at Optimist Park, with votes at 1 cent each.

The evening will climax with a Babe Ruth League game at Optimist Park at 7:45, with two Little League games opening their season simultaneously in the Northern and Western Parks.

## The Ol' Swami Predicts

By JEFF COHANE

THIS IS the last column the Ol' Swami will pen on these pages. Regrettably, I must say goodbye as I will leave for Harlingen and the Valley Morning Star, one of our sister newspapers, this week.

Although it is a promotion I cannot pass up, and a chance to be near my family which I wish very much, I hate to leave. In nearly two years in Pampa, have found the people in the Top O' Texas area to be the friendliest I have ever met.

THAT INCLUDES just about all of you, not just the coaches and athletes, but the parents, the fans, and the just plain ol' garden variety sports enthusiasts. Although there has sometimes been more heckling than praise, the reception I have gotten when I walked into a basketball gym, onto a football field, or a track field, onto a golf course or a boxing arena, has let me know that, agree or disagree, you read me . . . and I guess that's the most important thing.

BUT MORE THAN the readers, I will remember the many, many friends I have made here . . . I admit that my big mouth has made a few enemies along the way too, but as the man says "you can't win 'em all." In any case, I will take away many, many memories with me from Pampa . . . memories of great people and great athletes.

I can truthfully say that in my many years as an athlete (of sorts), a coach and a sports-writer, I have seen some of the finest high school athletes ever right here in the Top O' Texas. In Randy Matson, I have seen the finest weight man ever known in Texas, and the Swami predicts that he will be an Olympic champion for many years to come.

In Kenny Hebert I have seen one of the finest all-around athletes that ever came out on a field, and I predict that he will make his mark as a football and baseball player. In Wayne Kreis and Jimmy Flowers I saw two of the finest backcourt men in high school basketball and I predict that Wayne will be All-SWC some day and that Jimmy will achieve stardom next year.

Many, many other athletes here impressed me, more than I can name, and I hate to leave anybody out . . . but these memories will stay with me always. The memory of that graceful arching toss of Randy Matson that broke the 60-foot barrier for the first time at the Amarillo Relays of 1963 . . . the memory of the Pampa-Lubbock football game of 1963 and the duel between Hebert and Greg Lott, the greatest head-and-head football exhibition I ever saw . . . the memory of Kreis and Keith Swanson hawking, robbing, stealing the ball to drive Pampa from behind past Plainview and on to an undefeated district basketball season in 1962 . . . the memory of that fantastic White Deer track team of 1963, spearheaded by the graceful running of little Curtis Campbell, and the tremendous hurdle duels that same year between Carroll Russell of WD and Ewell Prather and Robert Lewis of Canadian . . . the tremendous one-man defensive effort of Ricky Goodwin against Palo Duro in 1963 . . . the guaranteed runs of Hebert against Amarillo . . . the pass Matson caught with a broken hand . . . the running of Ralph Palmer . . . the way Mark Westbrook winked confi-

dently as he finished the first two laps of the mile at the Perryton Relays . . . the first nine pictures I took at that meet which portrayed six Pampa wins, two seconds and a third . . . the off-balance, twisting jump shot of Jimmy Flowers . . . the one-man gang efforts of Derritt Welch of McLean in a basketball game against Lefors . . . the stonewall defense of Mendall Hunter in the Wheeler-matador bi-district football game . . . the extra-inning effort of Jerry Glover against Dumas and the bases-loaded home run Shotgun Gregory hit off Big Joe Robinson in the last game of the 1963 season . . . the fantastic barrage of base hits against Tascosa in 1964.

I COULD go on for several pages just listing memories of outstanding performances and people . . . most of all, of course, I remember the performances in the sports I was personally involved in . . . the Pampa American Legion Rebels and the Pampa Track Club.

I cannot begin to list the many friends I want to say goodbye to . . . but of them all, two stand out . . . Harold Gregory and Norman Phillips. It was a pleasure to work with them . . . it wasn't even work, it was fun. Of course, neither of them ever said a good word to me in our years of association together.

As a matter of fact, there are three things I would like to be remembered for. I hope, of course, that I am remembered as a good sports-writer, but I feel that Carl O'Quinn, my replacement, might be an even better one. However, if you will remember me as the founder of the Pampa Track Club, a coach of one of the finest American Legion baseball teams ever assembled . . . and maybe, the boys I helped get into college will remember me for that, I guess that's what I'm proudest of. Kenny and Charlie and Larry, Mendall and Phil and Don and the others, I hope very much that I can brag on you someday.

I WISH I could have stayed for the finish of this Legion season. I would have liked to have seen the Rickies and Steve and the rest belting that ball and Jerry and Jim and Carl and Ronnie firing bullets on their way to the district title and maybe to state. I would have liked to have seen the youngsters like Larry and Buddy and Roy and James take the place of the many great ones that were there before them . . . of Keith and Mike and Jerry and Kenny, of Larry and Claude and Eugene and Bobby. Meanwhile I will always remember the fielding of Claude and Ricky and Gene, the rifle arm of Larry, the clutch pitching

## Bowling

I'd hate to be a columnist and have to dig up something different every day. It's funny how people like to read their names in the paper and it's funny too that people who have attended any type of sports event want to read an account of the doings the very first thing the next morning.

Outstanding feats deserve mention and everyone is interested. Jack Lallement bowling a 254 game and a 621 series to set a 207 average on the opening nite of a league is outstanding but equally deserving is another type of feat, Glenda Strey bowling a 95, 954 and 93, down the ladder staircase. Two juniors too in their glory this week end, competing for the state championships at Dallas. Carol Belmont and Don Rader representing the Panhandle district. Good bowling and good luck kids.

How many saw "Make That

of Jim and Bobby, the comeback of Jerry, the hitting of Kenny and the fine team play of that wonderful squad of 1963.

I wish I could have stayed for the summer track season. There were wonderful memories last year with the thin squad of Randy and Lightning Coleman and Jimmy Flowers and little Debbie Bennett . . . there would have been far greater ones this year with the likes of Howard Van Loon, Ralph Palmer, Curtis Cambell, Jimmy Thurmond, etc. in the open division . . . with Little Butch Crossland and Mark Westbrook and Randy Elliott in the high school division . . . with Bobby Vanpool and Kenneth Steinle and Steve Oler and Ronnie Sargent and James Matney and Doc Cornutt in the juniors, and with all the fine young boys and girls from Pampa and Skellytown and Lefors and Canadian in the other divisions. I'll miss you.

I GUESS I'll miss a lot of things when I go. It's been fun, believe me. Remember one thing, if you ever get down to the Rio Grande Valley, the door latch is always open. Come see me.

Wonder what came over Sharon Evans on her second game in a series 101, 173, 100, must have been a boy friend and at the same time Ella May Bryant a 101 and a 160. Tiny Harmon's 191, 183-515 series is normal but you should have seen Bill Gross picking up the 6-7-9-10 split. That was a dinger.

"Spare" the other nite? One contestant didn't pick a single one and the winner did manage to make one. These things are always amusing but when we see Don Carter with a couple of 150-some games, it makes all the bowling fans feel pretty great themselves.

I'm sure that Mary Ray starting with a 205 game and following that with a 210, then running into a bunch of bad luck will get a lot of consolation seeing her name in the paper and here it is, nice bowling Mary. How about the little guy who works so hard cranking his ball into the pocket? Harlan Yates always looks as though he is cranking up an aeroplane.

Really there are so many things happening during leagues that I think more people should be watching. Birnell Copenhaver had a slow motion strike that looked for all the world as if the nine and six pin leaned over on the ten pin and stood there long enough to get enough energy to fall and push the ten pin over.

Seriously there were some good scores posted, also all the leagues haven't got their publicity agents working as yet. By strange coincidence sometimes, one league has all the high games one week and then doesn't do a thing the next. The singles classic—for instance:

On one mixed league Jim Adkins 239, Pat Patrick 228, Dennis Huntley at 226, Wylene Patrick 193. Where have I heard that name before? Dennis Huntley 615 and Wanda Ensey 517, Gil a 605 and John Snuggs 582 and in another spot John Snuggs with a lofty 125, but of course, that was all the fault of his new ball.

Wonder what came over Sharon Evans on her second game in a series 101, 173, 100, must have been a boy friend and at the same time Ella May Bryant a 101 and a 160. Tiny Harmon's 191, 183-515 series is normal but you should have seen Bill Gross picking up the 6-7-9-10 split. That was a dinger.

### BABE RUTH LEAGUE

Fannon nipped Hardware, 3-2 and Kist topped Cree, 9-3 in a pair of tight Babe Ruth League games Friday night.

Jim Lang came out on the top end of a pitchers' duel in the opening game, hurling a two-hitter, walking three and striking out two. Punchy Molberg took a tough loss, allowing four hits and three walks while K-ing three. Darrel Smith led the winners with two hits.

Kist came from behind in a slugfest, led by Williams two hits, offsetting three by Gary Parish for the losers. Davis was the winning pitcher, Pursley the loser. Summers highlighted the win with an inside-the-park home run down the third base line.

### Boston Pounds Out 8-6 Win Over A's

KANSAS CITY, Mo. (UPI) — The Boston Red Sox pounded out 13 hits to record a 8-6 victory over the Kansas City Athletics Saturday.

Jack Lamabe picked up his sixth win but needed help from Bob Hefner and Dick Radatz.

Tony Conigliaro belted his eighth homer with a man on in the first and Dick Stuart hit his 11th, also in the first, to lead the Sox attack. Lee Thomas, newly acquired outfielder, gained his fourth homer of the season and two singles for the Sox.

John O'Donoghue, the first of five A's pitchers, suffered the loss.

# Different Yields In Harvest Reported

Harvest is well underway in North Central Texas with wide differences in yields and maturity dates, even within the same counties. This is due to scattered local rains, dates of planting and variety of seed planted. Recent rains received in the Panhandle and South Plains were generally too late to be of much benefit to dry land acreage.

The following reflects the latest reports on area conditions received by the Texas Employment commission.

**McKinney:** Harvest just getting underway and yields reported from fair to good. Harvest will be in full swing by June 6.

**Denton and Sherman:** Wheat and other small grain in good condition. Harvest should begin this week.

**Dallas:** Harvest 40 per cent complete. Wheat is averaging 28 bushels and oats 45 bushels per acre.

**Olney, Breckenridge, Mineral Wells and Eastland:** Wheat and other small grain in good condition. Harvest should get underway early this week.

**Ablene, Stamford, Baird and Albany:** Harvest well underway

with average to better than average yields reported. Recent showers were of some benefit to remaining green fields.

**Sweetwater and Roby:** Harvest progressing as weather permits. Yields about average.

**Colorado City:** Wheat in poor condition. Combining of small acreage should begin this week.

**Snyder:** Good yields are expected when harvest gets underway this week.

**Ballinger and Brady:** Harvest getting underway. Yields expected to average about 16 bushels per acre.

**Eden:** Harvest operations getting underway, wheat and barley yields poor and oats yield expected to be average.

**Coleman:** Harvest getting underway and prospects are for good yields.

**Wichita Falls, Henrietta and Archer City:** Harvest 75 per cent complete. Wheat is averaging 25 bushels per acre.

**Haskell, Knox City and Seymour:** Harvest 85 per cent complete and yields are averaging from 20 to 25 bushels per acre.

**Quanah, Vernon and Crowell:** Harvest 50 per cent complete. Yields are averaging from 18 to 22 bushels per acre.

**Childress, Paducah, Clarendon, Memphis, Wellington, Matador and Guthrie:** Harvest 25 per cent complete. Wheat is averaging from 10 to 15 bushels per acre.

**Crosbyton, Dickens and Jayton:** Very little dry land acreage will be combined due to severe drought. Irrigated acreage should be ready for harvest about June 8.

**Littlefield, Muleshoe, Dimmitt, Farwell and Hereford:** Recent rains too late to benefit dry land acreage. Irrigated wheat is normal for this time of year and harvest should begin about June 15.

**Plainview, Tulia, Lockney, Floydada and Silverton:** Harvest just getting underway on a very poor dry land crop, rains were too late to be of benefit. Irrigated acreage maturing fast and harvest should be underway about June 10. Yields are expected to be good.

**Amarillo, Vega, Canyon, Panhandle and Claude:** Rains received too late to benefit dry land acreage. Irrigated wheat continues to make satisfactory progress and an average yield is expected when harvest gets underway about June 15.

**Pampa, Miami, Canadian, Lipscomb and Shamrock:** Recent rains received too late to be of much benefit to dry land acreage, and yields are expected to be from average to below average when harvest begins about June 4. Irrigated acreage continues to look good with average yields expected.

**Dalhart, Channing, Stratford, Dumas, Spearman, Borger and Perryton:** Recent rains received too late to be of much benefit to dry land acreage and yields are expected to be very poor from the acreage that has not been abandoned. Yields from irrigated acreage expected to be from fair to good when harvest gets underway about June 15.

There are no shortages of men or equipment, and no shortages are expected. Custom operators should not bring equipment into Texas unless prior commitments have been received.

# Agriculturally Speaking

By FOSTER WHALEY  
Gray County Agent

Congratulations are in order for the 4-H Club boys, their sponsors and leaders that did such a bang-up job at the State 4-H Roundup at Texas A&M.

Competition is the keenest one will encounter at the State 4-H Roundup. There are twelve extension districts each having from 20 to 25 counties. District elimination contests are held in each of these districts about two months prior to state 4-H Roundup. The top two teams from each district compete in the State 4-H Roundup held at Texas A&M, College Station the first week in June of each year.

Bill Skaggs, son of Mr. and Mrs. J. D. Skaggs and Stephen Maddox, son of Mr. and Mrs. Raymond Maddox were the top team of some 20 teams at the State Roundup, held on June 3rd. It takes long hours of practice, plus excellent subject matter, backed up by research to convince a team of three judges you are top in 254 counties. It also takes good coaching, such as given by Jerry Harland, assistant county agent.

The same is true of the beef cattle team, composed of Lee Pulse, son of Mr. and Mrs. Ernest Pulse, Pampa and Jim Craig, son of Mrs. Lena Craig, Kingsmill. This team was second in the state competition where 18 other teams were competing. Bob McCann, local volunteer leader, Pampa, for the past three years has met with a group of 4-H youngsters weekly, giving them training on safety and marksmanship in handling a rifle. This is done without pay because of his interest in youth.

The Gray County Rifle Team is composed of Keith McCann, son of Mr. and Mrs. Bob McCann, Bob Ward, son of Mrs. E. V. Ward, and Danny Hogsett, son of Mr. and Mrs. Darrell Hogsett. Mike Burnett, son of Mr. and Mrs. W. E. Burnett was the alternate on the team. This was his first year to shoot at A&M. He will be on the first string next year.

The rifle team was a very close third place winner, scoring 1072. The second place winner, scored 1073 and the top team, 1082.

I've never known an active 4-H club member to ever become involved in any clash with the law. A good many people think of 4-H work as feeding a calf or pig. This has become a minor part of the 4-H activities in the county. There are some 20 different projects that 4-H boys and girls can carry in 4-H work. We have more members that live in town than live in the rural areas.

**Irrigation Movement**  
In the report published by the Panhandle Water District, as of April 1, it was noted that 10 permits to drill irrigation wells in Gray County had been approved by the board of directors.

John Harnly, President of the Board, said that over one and one-half million dollars was spent by Carson and Gray County farmers in 1963 in the development of irrigation wells. Industry and business should take special note of these figures. Pioneer Natural Gas sold more natural gas to farmers of the High and South Plains in 1963 than they sold to domestic users.

Think of the thousands of dollars expended for fertilizer, fuel, equipment and supplies. Production is usually increased by 400 per cent giving the farmer more money to spend for production items.

**House Plans**  
We did not anticipate the heavy response for the house plans as pictured in last Sunday's edition of the Pampa News. We have ordered several sets of plans for the vacation "A" frame houses. I wonder how many of these will be built at Lake Meredith.

**MIND THEIR BUSINESS**  
WASHINGTON (UPI) — Rep. Samuel L. Devine, R-Ohio, believes that foreigners should mind their own business when it comes to U.S. politics. Devine told the House Thursday that he did not like the negative reaction from abroad to Sen. Barry Goldwater's Republican presidential primary victory in California.

"It ill fits these countries to interfere with the internal affairs of the United States," he said in a speech, adding that many of the nations where press comment was unfavorable to Goldwater have been "clear up to the armpits in U.S. foreign aid" and had no business criticizing "such an outstanding American."

**FARMING GOES MODERN**—Paul Appleton, an employee of the Soil Conservation Service, is shown talking to Arneal Scott over a small two way portable radio. Scott is taking readings from the flag as given him by Appleton. According to Appleton, "these things are highly useful in locating high points for irrigation wells, making topography maps and staking out tank dams." The Gray County Soil Conservation District provided the small radio.

# Cotton Parley Opens On Control Warning

WACO (UPI)—The American Cotton Congress officially opened its 50th annual meeting Friday with a warning from national chairman Burris C. Jackson that industry problems can be solved only by industry action, not by legislation.

Jackson, from Hillsboro, said in the keynote address that the industry was responsible for its own problems and that only the industry can save itself.

"If we had been competing for the dynamic, growing worldwide fiber products market instead of riding a political roller coaster," he said, "there would be no surplus."

"(Instead) farmers would be expanding their acreage. All other branches of the industry would be enjoying volume — and profits—that go hand-in-hand with healthy and increasing demand."

**Goal Possible**  
The industry can still reach that goal, he said, "but... not by passing a law. It will be achieved by people like you and me exercising our own initiative within our own private spheres and working together as an industry."

It is ironic, paradoxical, he said, that the cotton industry made some of its greatest production gains over the past 25 years but finds itself unable to take full advantage of them because of its dependence on political solutions.

Yield, he said, increased from 238 pounds of lint per acre in 1939 to more than 500 pounds per acre in 1963. Production man - hours were cut from 200 to less than 45 per bale.

**Scientific Developments**  
He pointed to the development of chemical fertilizers, chemical weed controls, organic insecticides, defoliation and mechanical harvesting.

To further make the industry's position unreasonable, he said, cotton is today the prestige fiber of the fashion world and in more and more demand. Jackson said recent unity by the industry to fight its problems perhaps may turn out to be the most significant development.

# LBJ's Daughter To Go Fishing

HONOLULU (UPI) — Lynda Bird Johnson, elder daughter of the President, plans to try big game fishing off the famed Kona coast of the island of Hawaii during her visit here later this month. Lynda has accepted an invitation to be keynote speaker at a "Little White House Conference of Children and Youth" at the University of Hawaii June 13.

# Marketing Costs are Up Over Nation

You can't go whizzing around the country side with a shopping cart to buy the food you need for your family. With few exceptions, you must depend on that food being funneled from farms throughout the country to retail outlets in your area.

That funneling process, which includes every stop that farm products go through after they are produced until you buy them in your neighborhood store, is known as our marketing system.

The Texas Department of Agriculture works constantly to develop and promote efficient marketing methods which will not only help reduce retail costs, but also increase the habitually narrow profit margin of the farmer.

At present, twice as much money is spent on marketing food and other farm products after they leave the farm than is spent in producing that food — and twice as many people are employed as "marketers" than as farmers.

Take the carrots you buy today in polyethylene bags. Not too many years ago, you bought carrots in bunches with the tops on and when you got home you usually wrenched off the tops and threw them away. But the consumer paid for transporting those tops from wherever the carrots were grown to your store.

# Hail Damage Reported Heavy to Area Wheat

By FOSTER WHALEY  
Gray County Agricultural Agent  
Hail damage to wheat during last week's siege of moisture was probably greater than any benefits derived from the moisture the wheat received.

Wheat is in its final maturity period where rain is of little benefit.

Ranchers were jubilant over the approximately 2.0 inches plus received in the past two weeks over the range area.

It gave ranchers new hope at a time when both drought and falling prices were tightening the noose around his neck. Usually a drought is the triggering mechanism for a decline in cattle prices. This is especially true when cattle numbers are at an all time high as they are presently.

Severe hail damage played havoc with some wheat in the Pampa vicinity in last Wednesday's down pour.

Those reporting damage included Robert Sailor, Artie Sailor, Irvin Cole, Gene Snell and Eddie Couts.

According to Robert Sailor, damage was up to 40 percent by the pea sized hail. Little dam-

age was done to the stalk but severe shattering of the grain for the heads occurred.

A fast check of conditions over the county showed that Raymond Maddox has had 15 inches during this siege of moisture. He plans to start harvesting wheat this week. Maddox farms 14 miles south of Pampa in the Grandview Community.

Roland Dauer received about 2.0 inches on farms in Carson and Gray Counties. Dauer will also start a combine the early part of this week. D. W. Osborne received from 1.5 to 2.0 inches, east of Pampa. He cut a sample of wheat last Friday. His expected yield is 10 bushels per acre on dryland.

John Harnly had spotted hail damage and plans to start cutting this week. On dryland he expects to make from 5 to 6 bushels up.

J. D. Skaggs received 1.8 inches rain and expects a 10 bushel yield on dryland with irrigated wheat in the 30-40 bushels category.

Irrigated wheat is the best ever produced in the county. Yields are expected to exceed 50 bushels per acre in some cases.

**STATE WINNERS** — Gray County 4-H Club winners visited Arlington on an expense-paid trip to Six Flags Over Texas as a prize for winning district competition and several prizes in state competition at Texas A&M Wednesday. Shown in the first picture is the rifle team which placed third. Left to right are Bob Ward, Danny Hogsett and Keith McCann. In the second picture is the second place winning team at the 4-H roundup, Lee Pulse, right, and Jim Craig are shown with their winning beef cattle demonstration. First place winner in the state field crops team from Gray County composed of Bill Skaggs and Stephen Maddox.

# 4-H Members Have Big Stake In Nation's Agriculture

United States agriculture is the greatest industry on earth, and it is destined to become greater and more specialized in the near future. Fewer farmers will produce more than ever before. So what happens to the boys and girls growing up on the farm today?

Some answers can be found among the more than 800,000 youths enrolled in the National 4-H Agricultural awards program, say club leaders. The high participation in agricultural projects indicates a growing interest in the production of food and fiber. It shows that young farmers want to learn all they can before deciding what their life's work will be.

Superior project achievement brings recognition from International Harvester Company, sponsor of the agricultural program for 10 years. Awards are: a trip to the National 4-H Club Congress in Chicago for the state winner, medals of honor for four county champions, \$500 scholarships for six national winners.

While club members learn to grow better crops, raise beef and dairy cattle, modernize farming methods and study farm management, they also learn job responsibilities and

# T-Patchers Making Plans for Maneuvers

AUSTIN (Sp) — It's still another month away, but 8,500 civilian-soldiers of the 36th Infantry Division are beginning now to point toward July 12-26 and make early plans for their annual summer maneuvers.

This year T-Patchers again train at sprawling North Fort Hood in Central Texas. When the men pull onto the rugged countryside, they will find plenty of hot, humid weather that probably won't break while each undergoes his own particular training objectives.

The Pampa unit of the national guard is a member of the 36th Infantry Division and will participate in the maneuvers.

For the first time in division history, Maj. Gen. Selden Simpson, T-Patch commander, holds a social affair for division sergeants, majors and first sergeants. The two-star commander, an Amarillo lawyer, will be

the only commissioned officer invited to participate in the Division review, July 18. Elements of the outfit parade in spit-polished boots and crisp starched khaki uniforms before a host of onlookers from the width and breadth of the state.

Training for division personnel will be highlighted by a one-day command post exercise. Arrowhead II, it has been termed, will be staged for each of the outfit's battalions and higher elements July 21-22.

Gen. Simpson explained here this week that an area defense behind a covering force will be organized and after withdrawal of the force, the division will be subjected to a determined aggressor attack to which it must react.

The two-star commander said other training objectives include completion of the advanced individual training for those units converted from one branch of service to another because of reorganization to the ROAD concept a year ago.

Platoon and battery sized units continue to train at their current level. Infantry elements will insure that all rifle squads and platoons maneuver the live fire rifle squad and platoon attack course.

Maintenance continues to be emphasized, General Simpson concluded.

Gov. John Connally has been

## Pampa Youth at Austin Meeting

AUSTIN (Sp) — The American Legion Boys State commenced this week as 718 high school boys from throughout the state began registration. Atty. Gen. Waggoner Carr, chairman of the youth program, has announced.

Among those registering from Pampa was Gerald Mack Heard who was sponsored by the local American Legion Post.

Upon arrival at the University of Texas Campus, each citizen was assigned to one of two political parties — the Longhorn or Pioneer. Each citizen then functions as a member of his party; he attends its conventions, caucuses and votes in its primary.

In Boys State, the American Legion provides the type of program where the young citizen has the opportunity to learn for himself that his government is just what he makes it. The boy "learns to do by doing."

Highlight of Boys State will be a trip to the Capitol on Wednesday morning here each elected Boys State Official will be given an opportunity to serve in his respective office for a day, followed by the Governor's Ball Wednesday evening.

Outstanding speakers scheduled to appear are Department Commander John E. McKelvey, Electra; Dr. Harry Ransom, Chancellor, The University of Texas; Zollie Steakley, Associate Justice, Supreme Court of Texas; American Legion Auxiliary President, Mrs. Harold J. Cooper, Beaumont; National Vice Commander of The American Legion, Harry Wright, Mexico City; Robert W. Calvert, Chief Justice, Supreme Court of Texas; and Dave Shanks, Austin American Statesman.

Boys State enrollment this year brings the total to 10,406 junior high school boys who have attended since 1940, when Boys State was first inaugurated in Texas.

## AFL-CIO Members To Study Poverty

WASHINGTON (UPI) — The AFL-CIO will put more than 20,000 of its members in school this summer to study the problems of poverty-ridden areas.

The one-week courses, sponsored throughout the summer by local unions, will be conducted at universities and training centers across the nation.

Each school will study local problems in an effort to develop the most effective plan to erase poverty in its own area. Students will be chosen locally by each union which also will pay tuition and set up the school schedule.

## Texas Oil Men Finish 5 Wells

AUSTIN (UPI) — Texas wildcatters completed five oil and 34 gas wells this week, the Texas Railroad Commission reported Saturday.

The activity gave wildcatters 169 oil and 375 gas finds so far this year compared with 158 oil and 268 gas discoveries in the same period last year.

Regular drillers completed 131 oil and 89 gas wells during the week, giving them 3,786 oil and 1,257 gas wells this year compared with 3,879 oil and 1,136 gas completions to this date last year.

Oil finds were two in the Wichita Falls district and one each in the San Angelo, Midland and Pampa districts.

Gas discoveries were 12 each in the Houston and Corpus Christi districts, four in the Midland district, three in the San Antonio district, two in the San Angelo district and one in the Kilgore district.

**SECRET SATELLITE**  
POINT ARGUELLO, Calif. (UPI) — The Air Force launched another so-called "secret satellite" toward polar orbit Thursday with a Thor Agena launch combination.

As in the past the Air Force refused to describe the purpose of the launch or reveal whether the payload obtained orbit.

## Optimist Farm League Season Opens Tuesday

More than 250 youths will participate in the Optimist's Farm League which opens league play Tuesday. Ten teams make up the league which is part of the Optimist baseball program for nearly 700 local ball players.

The boys in the Farm League are furnished caps and T-Shirts and there will be one league game each night with five games on Saturday.

Only two sponsors have been found for the 10 team league and eight more sponsors are desperately needed for the coming season.

★ ★ ★

**MIGHTY BUBBLE** — Kevin Walls, upper left, 10 year old son of Mr. and Mrs. Vernon L. Walls, chomps his bubble gum and blows mighty bubbles while waiting on the coach to send him into the game. The youths all remain in an enclosed area off the field while waiting to enter the game.

★ ★ ★

**HURLER** — Alan Holt, upper right, 10 year old son of Mr. and Mrs. Howard Holt shows major league style as he hurls for a little league farm club. Each team is composed of about 25 youths and ten teams make up the farm league system of the Optimist club program.

★ ★ ★

**FENCE RIDERS** — Younger brothers and sisters follow the games with big eyes and a youngster's awe "most of the time". Lower left, Carl Price, 6, and Janice Price, 4, ride the fence and share a box of popcorn while watching their eight year old brother, Robert, compete on the baseball field. The three youths are the children of Mr. and Mrs. Robert D. Price.

★ ★ ★

**FENCE SWING** — Mike Whiteley, 11 year old son of Mr. and Mrs. T. M. Whiteley, bottom center, puts all his muscle behind a swing in an effort to hit the "long-ball". The 250 youths playing in the farm league strive to match the play of the Little League and be moved to the more experienced team the same as minor league players strive to reach the majors. Every boy gives the game dedicated service but they all appear to have lots of fun in the organized sport.

★ ★ ★

**THIRSTY?**—The water fountain gets plenty of play during the farm league games as players stream in for drinks between innings. Lower right, Eddie Williams, nine year old son of Mr. and Mrs. Roy Williams gets a face full of water while attempting to get a drink.

## Miss Lynn Waldman Becomes Bride of Bill R. Brown

Miss Wanda Sue Turner

Mr. and Mrs. M. L. Turner, 621 W. Kingsmill, announce the engagement and approaching marriage of their daughter, Wanda Sue, to Carl Jack Williams, son of Mr. and Mrs. John A. Williams of Abilene. The couple will be married Aug 29 in First Baptist Church in Pampa.

Last signer of the Declaration of Independence to die was a chemical roadway laid down by Charles Carroll, at the age of their leaders when they form raiding columns to hunt prey.

Miss Lynn Waldman, daughter of Mr. and Mrs. H. R. Waldman of Dallas, became the bride last night of Bill R. Brown, formerly of Pampa and now residing in Denton, at a ceremony performed in the Christ Lutheran Church in Dallas.

The bridegroom is the son of Mr. and Mrs. H. C. Hollingworth, 1228 Garland.

The bride was given in marriage by her father in the double-ring candlelight service at 7:30 p.m.

The bride's gown was of silk organza over taffeta with a decolette neckline with petal point sleeves and trimmed with applique alencon lace and seed pearls. The skirt was of unpressed pleats with a chapel train. The bride's veil was silk illusion.

She carried a bouquet of pink rosebuds and white carnations.

Sherry Furr, matron of honor, and Suzanne Wakdman, bridesmaid, both wore dresses of pale pink linen.

Robert Cannon was best man and Bob W. Brown, groomsmen. Ushers were Don O'Dell, Sidney Post and Paul Furr.

The church was decorated with white altar flowers and the center aisle was lighted with candles.

Wedding music was provided by Mrs. William Ducharme who sang "Song of Ruth" and "Because."

Pink and white floral arrangements greeted guests at the church reception immediately following the ceremony. The Misses Anne Linguist and Susan Schick served and Miss Lynne Clark registered the guests.

The bride is a graduate of North Texas State University in Denton and the bridegroom will graduate from NTSU in August.

After a short wedding trip the couple will be at home at 1819 Maple St., Denton.

Mrs. Bill R. Brown

## Library Story Hour Set at Skellytown

SKELLYTOWN (Spl)—Registration for the summer reading program sponsored by the Skellytown Carson County-Free Library began Monday, with the first story hour to be June 9 at 9:30 a.m. at the library, according to Mrs. Clifford Coleman, librarian.

Story hours will be each Tuesday starting June 9 through July 3.

Summer activities will conclude July 3 with a picnic at 5:30 p.m. in the White Deer park.

The theme for the summer reading program is "American Indians" and each week some one will tell a story followed by a film on American Indians and a short cartoon.

The programs are scheduled for one and a half hours and are for age groups from 4 years old and up.

## Luther Pettys to be Honored at Home

McLEAN (Spl) — Mr. and Mrs. Luther Petty will be honored from 2 to 4 p.m. this afternoon at a postponed golden wedding anniversary reception in their home east of here.

Children and grandchildren of the couple will host the public reception. They are Francis Luther and twin sons, Herman Leo and Harold Cleo of Mexico, Mo., and Mrs. Idabelle Billingsley of Amarillo and Mrs. Nora Loveland of Dallas.

The Pettys were married in McLean on May 10, 1914.

Rita Jean Read

Rev. and Mrs. D. C. Read of Mobeetie announce the engagement and approaching marriage of their daughter Rita Jean, to Robert Gordon Kelley, son of Mr. and Mrs. Clyde Kelley of Mobeetie. The couple will be married in the sanctuary of the Mobeetie First Methodist Church at 3:30 p.m. on July 4. Officiating at the ceremony will be the bride's father and her grandfather, Rev. J. W. Read Sr., pastor of the Bula Methodist Church.

## Miss Janie Walker Honored At Two Parties Held in Canadian

CANADIAN (Spl) — Two lovely pre-nuptial showers were held recently in honor of Miss Janie Walker.

On May 28 Mrs. Herman Massey was hostess at a shower with Mrs. Dwayne Baggett, Mrs. R. T. Smith and Mrs. Glen Fite as co-hostesses.

The serving table was draped with a white lace cloth over blue. A bride and groom surrounded with baby roses and baby's breath formed the center piece. Crystal candle holders with blue tapers completed the table decorations. Delicious refreshments of white cake with blue decorations, punch, mints and nuts were served. Mary Rivers assisted with the serving.

Mrs. Jerry Green, aunt of the honoree, registered the guests.

Those attending and sending gifts were: Mrs. Clarence Hoobler, Mrs. Pat Roberts, Mrs. Jerry Green and Chris, Mrs. Raymond Newell, Mrs. Hoyt Welch, Mrs. Frank Hutton, Mrs. R. E. George, Mrs. Preston Hutton, Mrs. William Karr, Mrs. J. A. Ullom, Mrs. Kenneth Moe, Mrs. W. A. Kessie, Jr., Mrs. Elmo Wheeler, Mrs. Clarence Pyeatt, Mrs. George Henderson, Mrs. Bruce Graham and Jerri Ann, Mrs. Chas. E. Brown, Mrs. W. R. Hext, Mrs. Ora Ramsey, Mrs. Virgil Brock, Mrs. Jack Williams, Mrs. Paul Ramsey, Mrs. Clark Reagan, Mrs. Bud Webb, Mrs. Otis G. Riley, Mrs. Horace Rivers, Mrs. Otis Cline, Mrs. Tom Goodwin, Mrs. Robert Bachmann, Mrs. Lena Hawkins, Mrs. Mike Hawkins, Mrs. Homer Sanders, Mrs. D. U. Hardin, Mrs. Claude Cook, Mrs. Ora Morris and Mrs. C. D. Massey.

On May 29 Miss Walker was honored with a shower in the home of Miss Roberta Anderson. Co-hostesses were Mrs. Joyce Thomas, Miss Jerrilee Lee Hodges, and Miss Mary Thomas.

The honoree was presented with a corsage made of a dish cloth, spatula, scratcher, and measuring spoons. White daisy corsages were presented to the honoree's mother, Mrs. Buster Walker, and the mother of her future husband, Mrs. Dan Robertson.

The table was laid with a white linen cloth. The centerpiece was a bride standing beneath two large blue wedding bells. The punch bowl and serving dishes were of milk glass.

## Father and Son Honored at Party

SKELLYTOWN (Spl) — Mr. and Mrs. Ross Coleman of Skellytown entertained Tuesday evening with a cook out in their yard in honor of her father, Ceady Steward, and her brother, Kenneth, on their birthday anniversary.

The serving table was spread with a white cloth with a large decorated sheet cake. Guests attending were Mr. and Mrs. Ceady Steward and Kenneth and Carolyn of White Deer, Misses Gayle and Karen Gist and Carolyn Fenney all of Pampa; Mrs. Clifford Coleman and son 'Charley of Skellytown.

# Mrs. Ira Carlton Named Garden Clubber of Year

Mrs. Ira Carlton was presented the Garden Clubber of the Year Award during a recent installation luncheon of the Pampa Garden Club.

A history of the year's activities was read by Mrs. C. C. Matheny, historian and Mrs. Melvin Stephens presided during the installation service which activated new officials including Mrs. Milo Carlton, president; Mrs. Floyd Watson, first vice; Mrs. Ed Parsons, second vice; Mrs. Bob Miller, treasurer; Mrs. Owen Gee, recording secretary; Mrs. Bud Hagan, corresponding secretary; Mrs. Society; Mrs. Robert Coley, James McCune, historian; and Mrs. Tom Price, parliamentarian.

Mrs. D. N. Caldwell, Rose Society; Mrs. Robert Coley, Mr. and Mrs. Garden Club; Mrs. Kenneth Osborn, Top O' Texas Club and Mrs. V. N. Osborn, African Violet Society, were guests.

Mrs. W. R. Campbell, Mrs. Joe Weaver and Mrs. Joe Shelton.

Mrs. H. H. Boynton, 1035 S. Hobart will host the next meeting June 15.

PRESENTATION — Mrs. Ira Carlton, left, was presented the Garden Clubber of the Year Award by Mrs. Milo Carlton, incoming club president, at a recent luncheon of the Pampa Garden Club. Officers for the coming year were also installed during the meeting.

# Alpha Delta Pi Notes Founding Anniversary

Alumnae of Alpha Delta Pi celebrated the 113th Anniversary of its founding with a salad supper in the home of Mrs. Bruce Pratt recently.

Two candles, symbolic of the stars of the badge, were lighted in memory of the original 15 founders and of the chartering of the Pampa group.

Mrs. Hugh D. Barton reviewed with the others the meaning of the various symbols of the sorority.

Alpha Delta Pi is unique in being the oldest secret organization for college women in the world and was founded at Wesleyan Female College, Macon, Ga., which school has the distinction of being the first college in the world to graduate women. Wesleyan was chartered as Georgia Female College in 1836 and opened its doors in 1839. Twelve years later on May 15, 1851, Alpha Delta Pi was founded as the Adelphean Society and has been in continuous existence since that date.

During the course of the meeting officers for the coming year were installed. New president and Panhellenic representative is Mrs. Barton; Mrs. Joe DiCosimo, vice president and reporter; Mrs. Harold Schmitzer, secretary-treasurer; and Mrs. Bruce Pratt, membership chairman.

The group presented the retiring president, Mrs. Pratt, with a thank you gift.

# Miss Teague Wed to Frank E. Johnson

Miss Cheryl Anne Teague, daughter of Mr. and Mrs. T. M. Teague, 458 Pitts, became the bride of Frank Edward Johnson, son of Mr. and Mrs. Shelby D. Johnson of Wheeler, Friday night, May 29, in a double ring ceremony in the Church of God.

The bride was a member of the Pampa High School 1964 graduating class and is employed at the Electric Supply Co.

The bridegroom was a 1962 graduate of Pampa High and is employed by the C. R. Hoover Oil Co.

The couple is at home at 415 N. Frost St.

The wedding vows were read to the couple by the Rev. W. L. Hopper, pastor.

The bride was given in marriage by her father. Maids of honor were Judie Riley, Katrina Spencer, and Janice Johnson, sister of the bridegroom.

Gerald D. Johnson, brother of the groom, was best man. Glenn Free served as groomsmen and the ushers were Gary Laramore and Earl Kyle.

It has been estimated that about 43 million tons of dust settles on the U. S. annually, according to the Encyclopaedia Britannica.

# Manners Make Friends

The hostess who directs her guests in having fun transfers her nervousness to them.

The bride wore a wedding gown with a finger tip veil of illusion tulle, edged deep with Chantilly lace. Her headpiece was a tiara of pearls. She carried a bouquet of white gardenias and carnations atop a white Bible with satin streamers tied in love knots.

Wedding music was played at the organ by Mrs. Billee Laramore. Miss Karen Laramore sang "Always," "Whither Thou Goest" and "The Wedding Prayer."

Miss Sonya Teague, sister of the bride, was flower girl and the ring bearer was Kevin Johnson, nephew of the groom.

A reception was held in the church parsonage. Miss Betty Irvin presided at the coffee service and cake was served by Mrs. Linda Topper. Registrations were taken by Mrs. J. W. Ripley.

Mrs. Frank E. Johnson

Miss Linda Koye Burnett

Mr. and Mrs. W. E. Burnett, 1108 Garland, announce the engagement and approaching marriage of their daughter, Linda Koye to Curtis H. Johnston, son of Mr. and Mrs. S. E. Smith, 1100 Sandlewood. The wedding will be held June 26 in the Central Baptist Church.

# Top O' Texas 4H Club District Roundup Winners Named at Meet

The Top O' Texas 4-H Club met recently at the annex with the president, Adny Cole in charge of the business session. Lodema Cole read the minutes and called the roll. She moved that the club furnish \$30 toward expenses on the trip to the State 4-H Roundup which is being attended by Mrs. Juanita Channel and Cathy Wilkie.

The coach of the rifle team, Bob McCann, announced that the junior and senior teams placed first at the District Roundup. Individual winners in the senior division were Keith McCann, Danny Hogsett, Bob Ward and Mike Burnett. In the junior division

winner were Jim Reeves and Alan Tidwell. Other junior team members are Leonard Taylor and Jim Reeves. McCann presented the National Rifle Association Ranger Awards to Alan Tidwell, Bob Ward, Jim Craig, Cynthia Hogsett, Leonard Taylor, Danny Hogsett, Jim Reeves, Doug Abbot and Cara Tidwell.

The Army Small Bore Award for civilians was presented to Jim Reeves, David Webster, Leonard Taylor, Jim Craig and Cara Tidwell. Bars for this award were presented to Cynthia Hogsett, Bob Ward, Danny Hogsett, Jim Reeves and Alan Tidwell. Each year the NRA awards a medal to the highest scoring individual in each club. Keith McCann was recipient of the award last year and received a bar for it this year. Danny Hogsett was named a ward winner for this season.

Mrs. Derrel Hogsett announced that Cathy Wilkie has (See TOP O' TEXAS, Page 16)

# Jaycee-Ettes Fill Out Questionnaire On 'Better Pampa'

Various committee reports and filling out a questionnaire for the Better Pampa Committee occupied much of the time at a recent meeting of the Pampa Jaycee-Ettes in the Hospitality Room of Southwestern Public Service Co.

Mrs. Howard Anderson was

named chairman of a committee to assist in the Better Pampa campaign.

Reports were made by Mrs. Jerry Hopkins on the recent citywide cleanup campaign, Mrs. George Kilcrease on the Junior Champ track meet and Mrs. June Alexander on

the club's bake sale.

A secretarial committee was appointed to aid in sending out local correspondence and telephoning. Mrs. Gary Frasher was named chairman.

The club also discussed the Jaycee-Ettes' participation in the seat belt campaign to be conducted by the Pampa Jaycees June 13 and 14.

Members attending the meeting were Mrs. Howard Anderson, Mrs. Gary Frasher, Mrs. Gary Griffin, Mrs. Jimmy Hayes, Mrs. Jerry Hopkins, Mrs. George Kilcrease, Mrs. Nathan Lancaster, Mrs. Gage Robertson, Mrs. Duggan Smith, Mrs. Lynn Thames and Mrs. John Warner.

Mrs. Doyce Watson was welcomed as a new member. Mrs. Johnny Parker and Mrs. Ross Pool were guests.

RECEIVES AWARD — Kristi Brown, daughter of Mr. and Mrs. Howard Brown of Phillips, is shown receiving an award at Delta Zeta State Day recently in Stillwater, Okla. The award was being presented by Mrs. Herbert Danne, president of the Tulsa Delta Zeta Alumnae Chapter. Miss Brown was honored as being the "Outstanding Collegiate Delta Zeta in Province XVI. She is a junior at Oklahoma State University, majoring in fashion merchandising in the College of Home Economics.

**Miss Frazier  
Wed to Pampan**

Announcement was made Saturday of the marriage of Miss Carol Lee Frazier of Weatherford, Okla., to James A. Wilson of Pampan on May 24 in the First Methodist Church at Weatherford.

The couple took their vows before the Rev. J. Marshall Jordan, associate pastor of the Weatherford Methodist Church in a single ring ceremony.

The bride, daughter of Mr. and Mrs. Henry S. Frazier of Weatherford, wore a street-length dress of white lace over white acetate with oval neckline and long sleeves. Her veil was shoulder-length and she wore a seed pearl crown.

The attendants were Mrs. Claude Rose, matron of honor, and Claude Rose, best man.

The bridegroom, son of Mr. and Mrs. Henry C. Link, 1704 Hamilton, presently is attending summer classes at State College in Weatherford where the couple will reside.

**William Glen Good Jr. Weds  
Miss Mary Howard in Canyon**

CANYON (Spl) — Miss Mary Ann Howard of Glazier became the bride of William Glen Good Jr. of Fall Creek, Oregon, in a ceremony at the Southside Baptist Church in Canyon Thursday evening.

The bride is the daughter of Everett R. Howard and the late Mrs. Mary Howard of Glazier. The bridegroom is the son of Mr. and Mrs. Glen Good of Fall Creek.

Rev. J. H. McWilliams of Canyon read the vows. The nuptial space was decorated with tall baskets of garden flowers, candelabra, and an altar spray of gladiolas.

Miss Gaylene Woodward of Canyon played the traditional wedding marches and accompanied Jack Williams of Canyon who sang, "Whither Thou Goest."

The bride, who was given in marriage by her brother, Edward Howard of Glazier, chose for her wedding a street length dress of nylon lace over white satin. It was fashioned with a fitted bodice and a scalloped sweetheart neckline. The full skirt featured a scalloped hemline. Her veil of tulle was edged in applied lace and fell from a tiara of seed pearls. She carried a pearl Bible (which was old and borrowed) topped with a corsage of red roses edged with white carnations. For the something "blue" she wore a blue garter containing a 1964 dime.

Miss Violet Howard served her sister as maid of honor. Matrons of honor were Mrs. Barbara Tucek and Mrs. Glenda Couch, both of Amarillo. Miss Sue Horton of Glazier and Miss Darlene Williams of Canyon, were candle lighters. Alva Good of Seattle, Wash., brother of the bridegroom, was best man. Ushers were Bob L. Howard

of Glazier, brother of the bride, and Raymond Holden of Amarillo.

The women of the wedding party wore blue dresses with white accessories, caplets and short veils. Mrs. Good chose for her son's wedding a blue print silk dress, and had a corsage of white carnations. Mrs. Edward Howard, sister-in-law of the bride, wore a two-piece blue dress and a corsage of white carnations.

A reception was held in Fellowship Hall following the ceremony. The serving table was draped with a white lace cloth over blue. Decorations included blue roses scattered over the table. The four-tiered wedding cake was topped with a miniature bride and groom standing beneath a tiny arch of flowers and small wedding bell. The cake was iced in white and decorated in blue.

Refreshments of blue pineapple punch with floating pineapple sherbet nuts and mints were served. Mrs. Laura Holden presided over the punch bowl. Miss Margaret Holland of Dallas, an aunt of the bride, served the cake. She was assisted by Violet Howard.

**Second Term Officers Installed  
By Skellytown Rainbow Girls**

SKELLYTOWN (Spl) — Skellytown Assembly No. 323 Order of the Rainbow girls, held its installation of officers for the second term of the year in the Masonic Hall Friday evening May 29.

As installing officer, Hank Grayum installed Miss Lana Sue Brown, as Worthy Advisor for the ensuing term. Miss Brown presented her installing officers with carnation corsages of the rainbow colors. Other officers installed were worthy associate advisor, Carol Sanger; Lynne Hand, charity; Barbara Duke, hope; Marcia Atkins, faith; Vicki Dunlap, love; Linda Nelson, religion; Vicki Tolison, nature; Rita McAllister, immortality; Ruby Cone, fidelity; Linda Allen, patriotism; Ada Ledford, service; Cynthia Hawks, confidential observer; Linda Burgin, outer observer; Beverly Harlan, musician; Joan Jarvis, choir director; Glenda Farmer, chaplain and Sheila Beth Berry, drill leader.

Mrs. Tommy Atkins was installed as mother advisor. Outgoing mother advisor was Mrs. Emmett Saxon.

Installing officers in addition to Grayum, were Wanda Moore, Linda Burgin, Myrna Shubring, and Mrs. Al Shubring.

The serving table was spread with a white lace cloth over blue, the center piece was an arrangement of roses in a crystal holder with a ceramic doll dressed as a rainbow girl holding a ritual in her hands.

Mrs. Hardy Boyd served the cake and Mrs. Clara Hardin poured the punch.

Refreshments were served to those mentioned and to Mr. and Mrs. Carl Cade, Mrs. Jim McCann, Mrs. A. E. Imel, Mrs. Clifford Coleman, Mrs. Bill Campbell and two daughters, Hardy Boyd, Mr. and Mrs. Bill Price and

daughter, Billie; Susan Bates, Mr. and Mrs. Henry Sanger, Mr. and Mrs. Tommy Atkins and sons, Tommy Jr. and Randy; Bill Mitchell, Danny Hutchinson, Linda Snapp, Rev. Bill Penland, Mrs. Hank Grayum, Mrs. Bill Harlan and Mrs. Emmett Saxon.

**Miss Nanette Flynt Married  
To William Lendon Long Jr.**

Miss Nanette Ruth Flynt of Pampa and William Lendon Long Jr. of Athens, Texas, were united in a beautiful spring wedding ceremony solemnized at 6 p.m. Memorial Day in Central Baptist Church here.

The bride is the daughter of Mr. and Mrs. James E. Flynt, 1239 Williston. The bridegroom is the son of Mr. and Mrs. J. F. Summerall of Athens.

Rev. T. O. Upshaw, pastor of Central Baptist Church, officiated at the double-ring service.

The bride was given away by her father with the traditional "Her Mother and I." She wore a wedding dress of rayon organza, a bodice-round neckline and long sleeves ending in bridal points over the wrists and a floor-length skirt with cathedral train and trimmed with alencon lace. Her veil was illusion with lace motif.

The bride carried a white Bible with white phalenopsis orchids and frenched carnations.

Mrs. Joe Dunn was matron of honor, Miss Mary Lynn Cagle, bridesmaid, and Miss Sheila Summerall, sister of the bridegroom, junior bridesmaid.

Miss Rebecca Ann Oden

Mr. and Mrs. Farris C. Oden, Amarillo, announce the engagement and approaching marriage of their daughter, Rebecca Ann to Jimmy Floyd Weatherall, son of Mr. and Mrs. O. Floyd Weatherall, Amarillo. The wedding is planned for September 5 in Polk Street Methodist Church.

Mrs. William Long Jr.

Rod Gable of Springfield, Ill., served as best man and ushers were James Edgar Flynt II, brother of the bride and George Tuck of Dumas. Other attendants included Don Morales of New York and Fred Summerall, brother of the bridegroom, Athens.

For the wedding service the church was decorated with emerald palms, seven-branch candelabra and arrangements of white gladioli.

The traditional wedding music, "I Love Thee" and "The Wedding Prayer" were played and sung by Mrs. Fidelia Yoder and Miss Norma Jean Balch, cousin of the bride.

The reception after the ceremony was held in the Church Fellowship Hall with music played by Miss Donna Rae Flynt, Mrs. Kenneth Franklin served cake and Mrs. Don Wilson presided at the register.

The bride, a graduate of Pampa High School, will be graduated from Hardin-Simmons University at Abilene in August. She plans to teach elementary music in Abilene.

The bridegroom, a graduate of Athens High School, presently is an A2-C at Dyess Air Force Base in Abilene where he has one more year of service.

The bride also is a member of Sigma Alpha Iota, national women's music fraternity, Music Educators National Conference and A Cappella Choir.

Out-of-town guests at the

### Dear Abby....

#### Lover Needs Right Hook To Put Him Back in Line

By ABIGAIL VAN BUREN

DEAR ABBY: There is this real good-looking guy I'll call "J." I have seen him around for about a year, but I never thought I had a chance with him. Well, all of a sudden "J." called me up and asked me for a date. He is 21 and I am 18, but I'm very mature for my age. On our first date we got along swell. "J." is the kind of guy you can get acquainted with real fast. He told me he loved me, and said that maybe he would ask me to go steady, but first I had to "prove my love" (if you know what I mean). How can I hold him without proving my love? I would give my right arm to get this guy.

FALLING IN LOVE  
DEAR FALLING: Lose him. He's not worth your right arm. What he needs is a right hook!

DEAR ABBY: What do you think of a husband who goes fishing every Mother's Day and leaves his wife alone with the children? This has been going on for as long as I can remember. I finally got fed up this year and asked him what was the big idea leaving me every Mother's Day, and he said, "I just can't face this town on Mother's Day because my mother is dead and I have to do something to give me a lift."

I guess it never occurred to him that I am also a mother, and maybe I could use a lift. NOT LIFTED IN ROANOKE

DEAR NOT: If you wait for the obvious to occur to some men, you will wait a long time. It's high time it occurred to YOU to tell your sen-

timental sweetheart that someone besides himself could use a lift.

DEAR ABBY: I asked my girl what she wanted for her birthday and she said, "Give me a big colored picture of yourself in a real nice frame." Like a dope I had some pictures taken which cost me 22 bucks. Then I got a frame which set me back another 12 bucks. We broke up last week and this girl sent my picture back but she kept the frame. I think she should have given me the whole works. What do you think?

DEAR SEYMOUR: You got the "works" all right. But you did give her the picture and the frame as a gift, so it all belongs to her. (Maybe she's framing somebody else now.)

DEAR ABBY: I just read the letter signed "TWENTY-TWO AND MISERABLE." She was the young bride whose husband informed her shortly after their marriage that he had spent \$500 on an investigation of her past, and he took great pleasure in throwing up to her a "mistake" she had made.

Tell her to ask her husband what a \$500 investigation of HIS past would have turned up. It's strange how, when a girl makes a mistake, it's a crime, but when a man makes the same mistake 30 or 40 times, it's just an incident. When I became engaged, my husband asked me if I was "pure." I told him I was just as "pure" as he was, and he married me anyway.

EXEMPLAR DEGREE CONFERRED — These members of Xi Beta Chi chapter of Beta Sigma Phi Sorority recently were advanced to the Exemplar Degree. They are back row, left to right, Mrs. George Massie, Mrs. Cletus Mitchell, Mrs. Ernest Fletcher, Mrs. Bill Jenkins, Mrs. Ray Jordan, Mrs. Kay Schoening. Seated, left to right, Mrs. James Trusty, Mrs. Dick Wilson, and two new members who received the pledge ritual, Mrs. Mac Christner and Mrs. Vernon Cawthon. Mrs. Doug McBride, who also received the Exemplar Degree, is not pictured.

Madeline Marie Carrubi

The engagement of Miss Madeline Marie Carrubi of Pampa and Ronald Eugene Graves of Forth Worth has been announced by her parents, Mr. and Mrs. A. J. Carrubi Sr. The prospective bridegroom is the son of Mr. and Mrs. J. Y. Graves of Forth Worth. The couple will be married at 1 p.m., Sept. 5, in St. Patrick's Catholic Cathedral in Fort Worth. Miss Carrubi will be graduated from Texas Christian University in August. She is a member of Alpha Delta Pi. Her fiancé is a graduate of TCU and will enter Texas University law school in September.

A lighthouse is called a pharos. Amelia Earhart was the first from the ancient, light tower woman to make a solo transatlantic that stood on the island of Phalantic flight, from Newfoundland in the harbor of Alexandria, land to Ireland on May 20-21, 1932.

#### Garden Club Hears Speech

"Propagation of Chrysanthemums" was the topic of discussion by Mrs. A. J. Mitchell at a meeting of the Mr. and Mrs. Garden Club last Tuesday evening in the home of Mr. and Mrs. Walter Spoonmore, 1200 Hamilton St. The club made plans to join with the Council of Garden Clubs in the flower show to be held on dates to be announced later. Mrs. Robert Coley, president, presided.

In her discourse on mums, Mrs. Mitchell stated that they must be pinched until July 15

A new idea in sleepwear: inner-outers, groups of coordinated separates that can be mixed or matched as you please. One star of the inner-outer is a rickrack trimmed, red and white polka dot lounge set that comes in four ruffled parts — a bikini with camisole top and brief-skirted bottom, a loose shift gown, an apron and a high-waisted coat. For added quick-change artistry, the coat and apron can team up with a long-torsoed white cotton eyelet shift.

for the best production. Members toured the yard and greenhouse at the host residence.

Mrs. Mitchell was named delegate to the Council of Garden Clubs and Mrs. Waldon Moore was named alternate.

A salad supper was served on the patio to 20 members with Mr. and Mrs. Eli Ethridge as guests.

#### Baptist Women's Class Convenes

The May meeting of the Lydia Class of Central Baptist Church was held recently in the home of Mrs. S. B. Batteas with Mrs. Earl Griffin presiding.

The devotional, from John 3-16, was presented by Mrs. Lois Johnson who discussed the growth of a Christian. Mrs. Johnson also gave the treasurer's report.

Attend The Church Of Your Choice

J. S. McMullen  
FIRST ASSEMBLY OF GOD CHURCH

## CHRISTIANITY AND THIS WORLD

Christianity is the good man's text; his life, the illustration. Christianity to some, is just another religion. To others it is discipline. Some seem to think that it is just an escape from judgement. The Bible teaches that it is life, the more abundant life. John 10:10, Jesus said, the thief cometh not but for to steal, and to kill, and to destroy, but I am come that they might have life, and that they might have it more abundantly.

Many programs which are heard and seen on Radio and T.V., present alcohol as a sustainer, as a solution to humanity's problems.

The world and sin are companions. The world promises substance, and cheats with shadows. The world promises velvet and then gives a shroud. The world promises liberty and then gives slavery. The world promises sleep and then gives nightmares. About seventy million people cannot sleep at night without a sedative. In 1 John 2:15-17, John said, Love not the world, neither the things which are in the world, if any man love the world the love of the Father is not in him. For all that is in the world is the lust of the flesh, the lust of the eyes and the pride of life, is not of the Father but is of the world. The world passeth away, and the lust thereof; but he that doeth the will of God abideth forever.

Christianity, means "Christ like". Acts 11:26 The disciples were call Christians first in Antioch, a city in the middle East. Christianity cannot be negotiated, any more than Christ can be negotiated.

We know about Christ through knowledge gained from hearing and studying the Bible. We become a Christian through faith in the Bible, and faith in Christ who is portrayed on its pages. Christianity cannot be compromised without losing its effectiveness. Christianity is a source of power, by which we are able to overcome lust, and sin, and it will take the sting of death, or the fear of death from the life of the Christian, and will replace it with the Christian hope.

**LUST, SIN, DEATH AND FEAR, ARE THE GREATEST ENEMIES OF HUMANITY:**

Lust of the flesh and lust of the eyes, produce the sin problem. Sin brings about diseases, vice, hatred and discouragement, as well as many other evils. Also sin brings about death, and through these enemies the world is filled with fear.

Many times in the New Testament, Jesus said, "fear not" Jesus knew fear had torment. It is no wonder that the nervous system of the human family is breaking down. People are trying every thing but the right thing to gain strength for the day. The Psalmist said, in the 91 Psalms, He that dwelleth in the secret place of the most high, shall abide under the shadow of the almighty. I will say of the Lord, He is my refuge and my fortress: my God; in Him will I trust: Isaiah said, in Isaiah 40:31. They that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run and not be weary; they shall walk and not faint.

# The Pampa Daily News

**A Watchful Newspaper**  
EVER STRIVING FOR THE TOP O' TEXAS  
TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities. We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself, no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

## Behind the Headlines

Pictures of the Alaska earthquake damage in the Anchorage area recorded disaster and desolation. Many were the dramatic stories that filtered out of the stricken land. What happens to such a community after the shock and the headlines subside. A graphic description of the getting back to work process has been given by an official of the local J. C. Penney Company store. When the quake struck, personnel and customers managed to escape although the year-old building suffered extensive damage and partial collapse. On looking at the ruin of their store, the Penney people thought they were out of business forever. But the ensuing days were not a story of defeat. They were a story of spirit and pride. It was also a story of a company who believes in people and the determination of those people to be worthy of that trust.

One of the first steps the Company took was to waive due dates on credit payments. Many Alaskans were faced with no means of livelihood for some time. Instead of being out of business forever, emergency facilities were established within a few days. Within a short time local buildings had been leased on a temporary basis. Merchandise was shipped to Anchorage from New York and other cities. When geological surveys are completed, the Company intends to follow original plans of building a larger more complete Anchorage store. The Anchorage disaster carries a dual moral. First, people possess depth of loyalty and character seldom suspected until put to the test. Secondly, a remarkable demonstration was seen of the ability of an element of the modern mass distribution system to carry on "business as usual" under devastating handicaps.

## More Than Politics Needed

The current political emphasis on launching a "war on poverty" brings to mind previous "campaigns" against this foe that the federal government has fought and lost. The Tennessee Valley Authority is a case in point. This noble experiment in big brother central planning has cost the taxpayers more than \$1.2 billion. Its service area includes a part of the Appalachian region now singled out as the center of unemployment and poverty in the United States. Its power rates are low — they should be since TVA does not pay anywhere near the taxes or money costs which investor-owned utilities must pay. If it did, it would have to raise its rates by some 56 per cent bringing them up to about the same as those of taxpayer-owned utility companies.

Tax-subsidized, low cost electricity was supposed to go a long way toward solving the region's problems by attracting industry and employment of all kinds. TVA was begun in 1933, so it is apparent that in this instance and in its area, the "war on poverty" has been carried on by the federal government for some time. Apparently more is needed to win this war than the spending of taxpayers' money, government competition with private enterprise, and federal planning of a region's economic future. That something "more" is the driving productive force of competitive enterprise that generates the growth and technical advancement exemplified so well by the investor-owned utility companies in this country.

## Regulatory Chaos

For some 10 years, the Federal Power Commission under the authorization of a Supreme Court decision which most authorities consider contrary to the clear intent of Congress, has attempted to regulate independent producers of natural gas. The result has been the creation of a danger that there will be a shortage of gas at higher prices to the consumer. The details of this problem are complex. But the results are simple. For six years, the FPC tried to regulate the producers on a traditional cost-of-service utility basis. It gave up this effort in 1960, saying "producers of natural gas cannot by any stretch of the imagination be properly classified as traditional public utilities. . . . It then shifted to an "area pricing" method of regulation, designed to establish just and reasonable prices for gas produced in various fields. This too has been a total failure. And so the trend toward reduced gas production and higher prices continues. Worst of all, the end result could very well be an arbitrary type of government control not only over gas, but over the competing fuels such as oil and coal. Is there a solution? The answer is an unequivocal Yes. It lies in corrective action by Congress, which will free producers and consumers from unworkable and destructive FPC regulation. Then competition will see to it that there is an abundance of gas, at the lowest practical and reasonable price.

## Summer Safety

Summer begins June 21 and brings with it special hazards. The pleasures of water sports will be enjoyed by many millions of people, and they will carry with them special dangers. Swimming is still the chief problem and basic rules of safety should be observed always — never swim alone, after eating or when overly tired; don't overestimate your ability and swim at protected pools or beaches, preferably under the supervision of someone trained in lifesaving techniques; never dive into unknown waters and if a boat overturns, stay with it and don't try to swim a long distance to shore. But now water safety is more complex. Proper management of the home swimming pool is a matter of concern to many thousands of families. Skin diving, water skiing and surfboarding are specialized sports requiring particular care and knowledge. This summer a greater variety of water sports are available than ever before — let's make them safer too.

## The Warren Commission

Though the chairman of the committee investigating the death of the late President John F. Kennedy told the American people that they may never learn some of the evidence uncovered by the committee because of its sensitive nature, that committee has hired a consultant who has repeated associations with communistic front organizations. It was learned that Prof. Norman Redlich, a \$100-a-day consultant to the commission, is a leader of three organizations cited by the House Un-American Activities

Committee as being communist fronts. The executive director of the investigating commission said that it was the practice of the commission to hire first and investigate later. Mrs. Smith (of new nurse) — What is William crying about? New Nurse — Well ma'am I wanted to go over to Tommy Brown's. Mrs. Smith — Why didn't you let him go? New Nurse — They were having charades, he said, ma'am, and I wasn't sure as he'd had 'em yet!

## What We See When We Look!

### Allen-Scott Report

President Firming His Control of Democratic Party By Installing 'State Campaign Coordinators', 7 So Far

ROBERT ALLEN PAUL SCOTT

WASHINGTON — President Johnson is moving quietly but firmly to make certain that control of the Democratic party organization is securely in his hands — before the national convention in late August. Such control would forestall any attempt to stampede the convention for a vice presidential nominee who was not Johnson's choice — such as Attorney General Robert Kennedy. The late President's younger brother is definitely not on Johnson's preferred list. Significantly, in putting the LBJ brand on the party organization, the President is resorting to a device employed with much effectiveness for exactly this purpose by his predecessor — installing hand-picked "state campaign coordinators" of unquestioned loyalty and reliability. So far, seven such carefully-selected political lieutenants have been named, six of them west of the Mississippi, as follows: Arizona — State Chairman Robert Allen. California — Governor "Pat" Brown. It is highly significant he was designated for this key role before this week's torrid Senate primary battle in which Brown and Assembly Speaker Jess Unruh backed rival candidates in a bitter power battle. But several weeks before the balloting, Johnson decided on Brown as his "state coordinator" over Unruh, long closely allied with the Kennedys. In effect, well before the outcome of the Senate fight, the President picked Brown as against the Kennedy-aligned Unruh. Maryland — Herbert O'Connor, Jr., son of the late Senator O'Connor, and another unmistakable instance of designating a trusted Johnson supporter as against a Kennedy partisan. Former U.S. Attorney Joseph Tydings, who won the recent scorching Democratic senatorial nomination, in which he had strong Kennedy support, has announced ambitious plans to revamp the state party organization. Clearly, the President has other ideas so far as the national ticket goes. Nevada — State Senator B. Mahlon Brown, who strongly supported Johnson in 1960, and helped carry the state for the Democrats. Nevada and New Mexico were the only Western states carried by the Kennedy-Johnson ticket. New Mexico — Former Governor John Burroughs, another vigorous 1960 Johnson backer and closely allied with Senator Clinton Anderson, the President's floor manager at the Los Angeles convention. Wyoming — Edward Boland, Casper oilman, who has close ties with the President.

the Democratic organization before the national convention. Clifton Carter, Texas businessman and the President's top political lieutenant who is directing this strategy, is encountering sharp resistance in key Eastern and Midwestern states — notably New York, Pennsylvania and Illinois. In Illinois, vigorous opposition has developed against former Senate Democratic Leader Scott Lucas, long close to Johnson. Kennedy partisans are balking at his selection as "state coordinator." They are insisting on either Chicago Mayor Richard Daley or veteran National Committeeman Jacob Arvey. Also opposing Lucas are labor and liberal elements, with whom he clashed while in the Senate. How this inside wrangle will be resolved remains to be seen. In New York, State Chairman William McKeon is arguing a "state coordinator" is unnecessary. This is no new stand for him. He was against one under President Kennedy, who installed his brother-in-law, Stephen Smith, in this role. Smith is now going about the country conferring with Kennedy friends on the political future of Attorney General Kennedy. In Pennsylvania, which like New York gave the Kennedy-Johnson ticket big majorities in 1960, key Democratic leaders are squarely split over the "state coordinator" issue. Senator Joseph Clark, militant liberal, favors that, while Frank Smith, successor to the late Representative William Green as Philadelphia leader, is opposed. Under Green, Philadelphia County gave Kennedy a majority of some 330,000, which swung the state to his column. Clark and Smith are in a furious tangle over rival candidacies for the Democratic senatorial nomination, which is still undecided although the primary was on April 28. The contest is in the courts and the final outcome is a toss-up.

POLITICALS — New York Democratic Chairman William McKeon is sending out word to local and county leaders that a state-wide gathering will be held in Manhattan around June 15 to obtain a "consensus" on the party's senatorial and state candidates. Privately, McKeon is passing out the word that he is opposed to naming Attorney General Robert Kennedy for the Senate race. Favored by McKeon are Howard Samuel, successful business leader and much-decorated veteran of the late famed General Patton's historical Third Army, and Queens County District Attorney Frank O'Connor. McKeon also is advocating an early nominating convention rather than after the national convention in August, as proposed by Kennedy partisans. . . . Washington and other correspondents are being encouraged to seek interviews and private talks with President John-

son. Members of the White House staff and other presidential intimates are passing out the word that Johnson "welcomes" private talks with newsmen and editors. The late President Kennedy was also available for such meetings. . . . Party insiders estimate that two-thirds of the delegates at this year's convention attended the 1960 convention, and that more than 50 per cent supported President Kennedy as against Johnson.

### Question Box

(We invite questions on economic and the proper functions of government which will not injure anyone.)

QUESTION: "Would it improve the well-being of mankind on this earth if the U. S. government did not prevent private citizens from buying and selling to Russia, China or Cuba, at their own risk?"

ANSWER: No private individual or corporation would buy or sell to any of these communist countries if they did not think that it improved their well-being. If they made a profit on it, they would be richer and have more capital to use in this country. If they lost because they didn't get payment or the communist country double-crossed them, they would learn that it is better to deal with responsible people rather than irresponsible communists who don't believe in private property. But they should have the right to learn by experience. Trade is the best method of getting people to get along with each other. As Bastiat said, "Where goods do not cross border lines (because of protective tariffs or interference), soldiers will." You will have wars. But where goods and people can cross border lines without interference from either government, both parties prosper. More than 100 years ago, England finally decided that even if the other countries wouldn't let down their tariffs that they would. Just because the other countries were short-sighted and foolish they saw there was no reason that they should continue to try to make things harder for the consumers in their own country by being able to keep prices up for their own citizens. The result was that England as long as it followed that policy made more progress than it had ever made in history. It continued to do it until Englishmen began to have the government interfere with freedom of exchange, locally and between nations.

Of course, when people in our own community believe that the governments — local, city, county, state, federal — have a right to use force to confiscate the property of people who think they are not getting anything of value in return, it is only natural for them to believe in interfering with people exchanging from abroad. Socialism, communism and wars start in each community in the minds of men. Questions are limited to general human relations questions that will improve the well-being of all mankind on this earth.

son. Members of the White House staff and other presidential intimates are passing out the word that Johnson "welcomes" private talks with newsmen and editors. The late President Kennedy was also available for such meetings. . . . Party insiders estimate that two-thirds of the delegates at this year's convention attended the 1960 convention, and that more than 50 per cent supported President Kennedy as against Johnson.

## Report on the Assassination

U. S. News and World Report in its June 1 edition, offers a preview of the Warren report which is the result of the extensive investigation of the assassination of President Kennedy.

If this usually reliable magazine has captioned the report, there are a great many people who aren't going to like what it says. But they are going to be confronted with evidence that is fairly overwhelming and conclusive.

The report will state that Lee Harvey Oswald, acting alone and without any conspiratorial connection with either "right" or "left" groups, is the man who pulled the trigger that brought about the death of President John Kennedy. We believe this information is important and so we wish to provide space to repeat what will surely be widely published. There is no evidence that a plot of any kind existed which terminated in the assassination. It is always possible that some kind of plot did exist. The fact appears to be that Oswald was not connected in any way with such an effort. Jack Ruby, who killed Oswald, similarly was acting alone. Now, let's take the various rumors and dispose of them as best we can.

1. Rumor: A picture was taken which reveals President Kennedy falling forward. In the back ground of this picture is a face resembling that of Lee Harvey Oswald. The existence of this picture gave rise to the supposition that Oswald was not on the sixth floor of the Texas School Depository Building at the time the shot was fired, and hence, that he could not have fired the shot. Answer from the report: The

WASHINGTON (NEA) — Now that Nehru has died, some U.S. analysts think: India will shift a little to the right economically. There will be a gradual increase in encouragement for private business and industry. U.S. businessmen may find conditions slightly better and restrictions somewhat less burdensome. The government will still be left of center. There won't be any more help from India than in the past for the U.S. stand in Laos or in South Viet Nam or in the United Nations. Though strongly anti-Communist China at home, India isn't likely even to take a public stand against Red aggression in Laos or South Viet Nam. She will be critical of U.S. actions in the two countries. If asked to take more of a leadership role in protecting Southeast Asia from the Chinese Reds, India will tell the United States she has more than she can handle at home protecting her own borders. The India ruling group will not trust any alliances. Soviet Russia will still be courted as an ally to counter the power of Red China. Nikita Khrushchev will likely visit India late this year. There may be a slight improvement in India's relations with the United States, but not enough to weaken her relations with the Russians. The quarrel with Pakistan over possession of the State of Kashmir may worsen. The new Indian defense build-up will continue, with the Indians leaning heavily on the United States and expectantly on the Soviet Union for aid. India plans to have five new mountain divisions in service by the end of 1964. (The United States will dole out military aid to India cautiously so as not to upset the India-Pakistan military balance of power.) Indian communists may find the going a little rougher. The post-Nehru leaders have favored strong anti-Communist measures in the past. Extreme-leftist V. K. Krishna Menon, former defense minister and ambassador to the United Nations who was once such a thorn in the side of the United States, will be kept from any position of power. The men who will wield influence are basically political and economic technicians. They won't rule with the flair of Nehru or wear the mantle of public worship he inherited from Gandhi. As some U.S. analysts see it, the new Indian government will be a government of "moderates."

### Capitol Eye

Moderates Hold India In 'Middle'

From Chicago Tribune. It's been only a few months since we learned that Russia, the great wheat provider of eastern Europe, has had to buy wheat from the capitalist countries in order to avert a serious shortage at home. And now we're given another jolt: Cuba, normally the world's largest supplier of sugar, has had to buy 20,000 tons of sugar on the London and Paris markets. It seems that this year's sugar crop may be even smaller than last year's, which was not much more than half the normal crop. So Castro fears he won't be able to fill his commitments to Bulgaria and Red China with sugar from abroad. The sugar will cost him about 1 1/2 million dollars. We shall overlook, for the moment, the effect it may have on our economic boycott when Britain and France sell sugar to Castro so that he can trade it to Red China in exchange for rice, which China, that great rice producer, is short of anyway. What bothers us is how the Communists in Cuba are going to explain their unprecedented tragedy. China has already picked up all the bad weather excuses — floods and storms. Every incompetent farm manager must live in Russia, to judge from what Mr. Khrushchev has said. What does that leave for poor Fidel?

From Wall Street Journal. Quite a few people were surprised last year when conservative New Hampshire decided to go into the gambling business. But its game has been proving popular, and the state was expecting to clear about \$3 million from its current sweepstakes. Then came the bad news from Washington. In the eyes of the vigilant Internal Revenue Service, gambling is gambling, whether it's run by austere New Englanders or by the more flamboyant citizens of Las Vegas. There is, of course, a federal tax on such activities. The federal government's revenue men have informed New Hampshire that they intend to take 10 per cent of the gross proceeds of the present sweepstakes. What's more, the state will have to pay a \$50 "occupational" tax stamp for each of its sweepstakes ticket-sellers. The tax men figure the ticket agents, like operators of floating dice games, are engaged in the occupation of gambling. Naturally unhappy about all this, New Hampshire plans to challenge the IRS ruling. Moreover, tax authorities say there's a chance that the state may escape if it can prove that the sweepstakes is an "essential" state activity. And that raises interesting philosophical questions. In the opinion of New Hampshire officials, the \$3 million is obviously essential to help pay the state's bills. But if the state had been more discriminating in weeding out nonessential spending, would it have been so essential to get into the gambling game? Come to think of it, if the federal government had shown more discrimination along similar lines, would its tax agents always have to be grabbing so big a cut of the take?

man in the picture is not Oswald although a photographic resemblance appears. The FBI knows the man whose face appears in the picture and has interviewed him extensively. 2. Rumor: A communist conspiracy was behind the assassination. Answer: Oswald was a Marxist and a communist. But there is nothing in the mass of facts accumulated to link him to any conspiratorial effort. Investigators checked all clues in Dallas, Miami, New Orleans, New York and Mexico City. Russia provided two files on Oswald. There was no link-up. 3. Rumor: A "right-wing" conspiracy financed by Texas millionaires resulted in the assassination. Answer: Poppycock. No facts in evidence at all. A vicious charge. 4. Rumor: There was a cover-up with Dallas police participating. Answer: Not so. Dallas police were not gagged. They impounded certain evidence to hold it for official investigators. The evidence impounded helped to establish that Oswald acted alone. 5. Rumor: Four shots were fired instead of three. Answer: The first shot hit the President's right shoulder. The second hit Texas Governor John Connally. A third hit the President's head. There was no fourth shot. 6. Rumor: There were two assassins involved. Answer: Only one assassin took part. He was at the window of the sixth floor of the Texas School Depository Building. A wound in President Kennedy's throat was made by a fragment of the bullet which entered his head. Another fragment from the same bullet struck the back of the limousine's windshield. Newsmen who were not permitted to examine the hole in the windshield wrote speculative accounts as to the possibility of a fourth bullet. 7. Rumor: Jack Ruby killed Oswald to silence him. Answer: The charge is without foundation. No substantial evidence has been uncovered linking the two men before Ruby killed Oswald. 8. Rumor: Somebody in Dallas wanted Oswald silenced. Answer: Oswald's slaying of policeman J. D. Tippit and Oswald's subsequent slaying by Ruby were not connected events. There is no evidence of any effort being made by anyone to encourage Ruby in his murderous action. 9. Rumor: Chief Justice Warren made some discoveries concerning the murder which cannot be revealed while some of the persons involved are still alive. Answer: Chief Justice Warren says that the parts of the report which are to be withheld deal with present security measures being handled by the FBI and the Secret Service. The report will contain recommendations on how to tighten the security network around the President. Mr. Warren claims that if everything here were revealed now, this might jeopardize U.S. security. The Warren report will be one of the lengthiest documents ever released by the U.S. government. The facts appear to stand where we said they would stand months ago. Lee Oswald, of unstable mind and emotional outlook, performed the assassination. He was not paid for doing so and had no connection with any "plot" or "conspiracy" on either side of the political fence.

back ground of this picture is a face resembling that of Lee Harvey Oswald. The existence of this picture gave rise to the supposition that Oswald was not on the sixth floor of the Texas School Depository Building at the time the shot was fired, and hence, that he could not have fired the shot. Answer from the report: The

WASHINGTON (NEA) — Now that Nehru has died, some U.S. analysts think: India will shift a little to the right economically. There will be a gradual increase in encouragement for private business and industry. U.S. businessmen may find conditions slightly better and restrictions somewhat less burdensome. The government will still be left of center. There won't be any more help from India than in the past for the U.S. stand in Laos or in South Viet Nam or in the United Nations. Though strongly anti-Communist China at home, India isn't likely even to take a public stand against Red aggression in Laos or South Viet Nam. She will be critical of U.S. actions in the two countries. If asked to take more of a leadership role in protecting Southeast Asia from the Chinese Reds, India will tell the United States she has more than she can handle at home protecting her own borders. The India ruling group will not trust any alliances. Soviet Russia will still be courted as an ally to counter the power of Red China. Nikita Khrushchev will likely visit India late this year. There may be a slight improvement in India's relations with the United States, but not enough to weaken her relations with the Russians. The quarrel with Pakistan over possession of the State of Kashmir may worsen. The new Indian defense build-up will continue, with the Indians leaning heavily on the United States and expectantly on the Soviet Union for aid. India plans to have five new mountain divisions in service by the end of 1964. (The United States will dole out military aid to India cautiously so as not to upset the India-Pakistan military balance of power.) Indian communists may find the going a little rougher. The post-Nehru leaders have favored strong anti-Communist measures in the past. Extreme-leftist V. K. Krishna Menon, former defense minister and ambassador to the United Nations who was once such a thorn in the side of the United States, will be kept from any position of power. The men who will wield influence are basically political and economic technicians. They won't rule with the flair of Nehru or wear the mantle of public worship he inherited from Gandhi. VAN TO VISIT — The truck shown above will visit Pampa in August and again in November in conjunction with the Christian Rural Overseas Program.

### Van to Visit City In Clothing Drive

A recent added service of the Christian Rural Overseas Program (CROP) is a van to be used in conjunction with two clothing drives throughout the state. CROP, indorsed in Pampa by the Pampa Ministerial Alliance and the United Church Women, urges anyone having wearable clothing to leave it at the warehouse of Bruce and Son Van and Storage to be picked up later by the truck. The function is sponsored by the Church World Service program now operating out of new headquarters in Houston which were dedicated April 16. The Van's first trip to Pampa will be during the last week of July and the second will be the first week in November. Anyone wishing further information may contact the local co-ordinators, Mrs. Ralph Converse or her alternate, Mrs. Orval Batson.

### Yarborough Tells Of Telephone Tap

DALLAS (UPI) — U. S. Sen. Ralph Yarborough told the Dallas Times Herald Washington bureau Friday that a Senate sub-committee discovered a tap on his office telephone and Yarborough had something to do with his Democratic primary campaign. He asked the Federal Bureau of Investigation to look into it. Yarborough said he complained to the Senate judiciary subcommittee of administrative practice and procedure during the primary campaign. He said that the subcommittee informed him the tap was "through the phone." And "was the strongest tap they have ever seen used on a senator's phone."

### Wall Street In Review

NEW YORK (UPI) — Clark Dodge & Co. feels that government opposition to certain rail mergers does not pose an "insurmountable barrier for the merger movement." "Once the current hesitation for the market as a whole is over," it says, "we expect the rails to resume the leadership on the upside." Reynolds & Co. says it does not believe that "an important change in the trend (of the stock market) is at hand" and cites the low trading volume, the strength in rails, and odd lot selling on balance as positive factors. Reynolds asserts that in its opinion any subsequent selling will be contained above the 770-780 on the industrial average.

MORE STUDENTS — School enrollment in October 1963 at 50.4 million was up 1.7 million from 1962 and up about 7 million from 1958, according to a Census Bureau survey. Of the students enrolled in school in October 1963, 2.3 million were in kindergarten, 31.2 million in elementary school, 12.4 million in high school and 4.3 million in college or professional school.

### Farm Chief Says Freeman Caused Income Drop

WASHINGTON (Spl) — Agricultural Secretary Orville Freeman and his advisers are responsible for the recent drop in farm income, Charles B. Shuman, American Farm Bureau Federation president, charged recently in a speech to the National Industrial Conference Board in New York City. Shuman asserted that "one mistake after another by the present administration of the USDA is costing farmers billions of dollars in lost markets and lower prices."

Chain Reaction Set Off — "Such tinkering with the price system is particularly detrimental because of the interrelationship of all segments of agriculture. One mistake in bureaucratic plans sets off a chain reaction that spreads and multiplies throughout the farm economy," he pointed out. Chain reaction examples cited included: (1) In the government feed grain program aimed at cutting production, Secretary Freeman desired a high participation by producers. To achieve his goal, non-cooperators were penalized by government dumping that resulted in depressed market prices.

Contributed to Price Break — The result was excess feeding and buildup of cattle numbers that contributed to a serious break in the livestock prices. At the same time the guaranteed feed grain price to cooperators (while probably lower than it would have averaged in a free market) stimulated the use of fertilizer and heavier seedings, and actual production increased. Corn production reached an all-time high in 1963. In the three years, the program cost taxpayers \$2.5 billion. It is scheduled to continue through 1965.

Subsidy to Mills — This made it possible for Japanese mills to buy U. S. cotton, spin it into textiles, and ship them back to sell at lower prices than U. S. mills. To solve this dilemma, the Johnson Administration recently rammed through Congress a bill to provide a 6% cents per pound subsidy payment to U. S. mills to make them competitive with foreign processors.

Afraid of "Lesson" — Wheat farmers voted for greater freedom with less subsidy and price support. They were willing to take the risks of producing for the consumer market. Apparently, the Administration was fearful that wheat farmers would demonstrate that heavy subsidies and high supports were not essential. With 100,000 federal jobs at stake, every trick of skilled politicians was used to force a hastily-conceived wheat-cotton bill through Congress.

TO ATTEND SERVICE — WASHINGTON (UPI) — President and Mrs. Johnson plan to attend a memorial service for Indian Prime Minister Jawaharlal Nehru today at the Washington Cathedral. Ellsworth Bunker, U.S. ambassador to the Organization of American States and former ambassador to India, was to read the eulogy at the services with Indian Ambassador B. K. Nehru reading a lesson from the Apocrypha.

Johnson Calls On 'the People' — NEW YORK (UPI) — President Johnson Saturday called upon the American people to look into their hearts and make the civil rights law a "living reality." "We have proposed, and we will pass, the strongest civil rights bill in American history," said Johnson in a speech at the International Ladies Garment Workers Union (ILGWU) High School of Fashion Industries.

Blind Woman Gives Views On Reds in Southeast Asia — GENEVIEVE CAULFIELD, "They've told us they intend to conquer the world. Both Khrushchev and Mao have said it. 'Lose Southeast Asia, then it's the infiltration of the Philippines. Hawaii next, California. 'To every body who dies in Southeast Asia, a thousand could die in a later war. The Vietnamese alone have had 40,000 casualties.' Given High Honor — Politics and the hot spot of Asia interest this woman, although it is for her one woman "peace corps" operation that President Johnson recently presented her with the Presidential Medal of Honor.

NEW HOME FOR THE AGED — The recently completed Garretson Senior Citizens Center in Panhandle will be dedicated to the pioneers of the Panhandle today. The home was built at a cost of \$150,000. The money was raised through public subscription. The home will serve senior residents of Carson, Hutchinson, Potter and Gray Counties.

### Dedication Ceremony Set Today At Home for Aged in Panhandle

Dedication and formal opening of a new \$150,000 home for the aged in Panhandle will be held today. Persons from all over the Panhandle area are expected to be on hand at the Carson County Court House for the ceremonies. Following conclusion of the program those in attendance will journey to the home for a complete tour. Guest speaker is R. G. LeTourneau, well known layman. The home, to be known as the Garretson Senior Citizens Center, was named in honor of Mr. and Mrs. J. N. Garretson of Panhandle who donated the 10 acres of land on which the home is constructed. It is designed to accommodate persons in Carson, Gray, Hutchinson, and Potter counties. After three years of research and planning, construction was started on the center in September of 1963. The home was completed April 15, 1964 at a cost of \$145,779. The furnishings were obtained through additional contributions in excess of \$7,000.

Blind Woman Gives Views On Reds in Southeast Asia — GENEVIEVE CAULFIELD, "They've told us they intend to conquer the world. Both Khrushchev and Mao have said it. 'Lose Southeast Asia, then it's the infiltration of the Philippines. Hawaii next, California. 'To every body who dies in Southeast Asia, a thousand could die in a later war. The Vietnamese alone have had 40,000 casualties.' Given High Honor — Politics and the hot spot of Asia interest this woman, although it is for her one woman "peace corps" operation that President Johnson recently presented her with the Presidential Medal of Honor.

Wardens' Obligations Outlined in Speech — COLLEGE STATION (Spl) — Will Odom, chairman of the Parks and Wildlife Commission, told a graduating class of game wardens this week they "have opportunities for public service and personal attainment rarely available in Texas." "Although your formal training is completed today," he said, "we do not expect you to assume your new duties with closed minds. You will be working in a dynamic field where change is the challenge—where progress, through the application of newly acquired knowledge, is the goal."

Offensive Opens Anew in Laos — VIENTIANE, Laos (UPI) — Combined battalions of Communist Pathet Lao and North Vietnamese troops renewed their offensive in the Plaine des Jarres area and drove neutralist forces from the hilltop village of Phou Kout in a 15-hour battle Friday, military reports said Saturday. Phou Kout, on the important east-west Highway 7 leading from North Vietnam, is one of the defense posts before the town of Muong Soui 11 miles farther west and about 110 miles directly north of Vientiane. Military sources said more than 100 pro-Communist troops were killed or wounded.

Johnson Calls On 'the People' — NEW YORK (UPI) — President Johnson Saturday called upon the American people to look into their hearts and make the civil rights law a "living reality." "We have proposed, and we will pass, the strongest civil rights bill in American history," said Johnson in a speech at the International Ladies Garment Workers Union (ILGWU) High School of Fashion Industries.

Blind Woman Gives Views On Reds in Southeast Asia — GENEVIEVE CAULFIELD, "They've told us they intend to conquer the world. Both Khrushchev and Mao have said it. 'Lose Southeast Asia, then it's the infiltration of the Philippines. Hawaii next, California. 'To every body who dies in Southeast Asia, a thousand could die in a later war. The Vietnamese alone have had 40,000 casualties.' Given High Honor — Politics and the hot spot of Asia interest this woman, although it is for her one woman "peace corps" operation that President Johnson recently presented her with the Presidential Medal of Honor.

- MAY 27 Prime Minister Nehru of India dies at 74; Gulzarilal Nanda sworn in as acting prime minister.
- MAY 27 Soviet Premier Khrushchev begins 16-day visit to Egypt; attends ceremonies marking completion of Aswan Dam's first stage.

### Card of Thanks

JOE GAYLON COOKE  
Words are so inadequate to express our Thanks for all the wonderful full thoughts, words and deeds that people of Pampa have shown us in our loss of our beloved son and brother, Joe.  
Our loss has been made more bearable by our dear friends, the wonderful people we work with, and the honor shown our son by our city Commission and the Navy Department of the United States.  
Thanks to each and everyone of you.  
Mr. & Mrs. R. B. "Jiggs" Cooke  
L. & Mrs. Harold Cooke  
Mr. & Mrs. Eugene Reed

### LLOYD D. COWART

He would not want the ones he loves To Grieve for him today. We must not say that he is dead. For he is just away. Away upon a journey bright. To a land that's bright and fair. And though we all miss him here We know he's happy there. And memorials of him will bring New comfort every day. As we recall, he is not dead. For he is just away!  
We wish to thank our neighbors, friends and to anyone who in any way acted in love and sympathy during the recent bereavement of our beloved husband, father and brother, Mr. Lloyd D. Cowart.  
Mr. & Mrs. Max Cowart & Family  
Mr. & Mrs. Thomas Owens  
Mrs. Cora Parks  
Mrs. Cliff Thacker  
Mrs. Noble Medlock  
Mrs. Claude Cowart  
Mrs. Thurman Flavers  
Mr. & Mrs. Ben Cowart  
Tom Cowart
